3 Killed by Falling Wall at Georgia Game

Storms Strike
In Middle
West and South

AUGUSTA, Ga. (AP)—A man and two boys were killed by a falling concrete wall in a windstorm during a game at Augusta's South Atlantic League baseball stadium last night.

Buried under a mass of debris, Woe Bennett, about 25, was dead when rescuers reached him. David Thomas, about 12, and Sam Madison, about 13, were dug out alive but died in a hospital.

The storm, with winds up to 60 miles an hour, struck during the fifth inning of a game between Augusta and Montgomery.

A 100-foot section of the wall collapsed, Bennett and the boys were outside the park. They apparently were standing against the wall to seek shelter from the wind.

The game was stopped immediately and players joined spectators in rescue efforts.

Storms Strike in Midwest, South

By THE ASSOCIATED PRESS

Damaging storms which struck wide areas in the Midwest and South ended during the night but thunderstorms and rain hit most of the eastern third of the nation.

A father and son were killed by lightning near Lansing, Mich., during a severe rainstorm.

Tornado winds whipped many areas while the Weather Bureau reported funnel clouds aloft in the southern Great Lakes region and the lower Mississippi Valley. Heaviest rainfall yesterday was in the Great Lakes area, with nearly 1 1/2 inches in Milwaukee and Chicago. Many streets in Chicago were flooded.

However, Louisville reported nearly 2 inches of rain as the stormy weather moved eastward.

Showers and thunderstorms also continued during the night in the plains across the northern Rockies and into the western plateau region.

Temperatures dropped sharply after the storm struck Midwest areas, as much as 20 degrees in one hour in Chicago, and from a high of 84 yesterday to 48 early today.

2% Sales Tax Advocated to Aid Wisconsin Budget

MADISON, Wis. (AP)—A two percent state sales tax was recommended to the Legislature Tuesday as the best way to balance Wisconsin's record 1955-57 executive budget and relieve the tax burden on property.

The suggestion was made to the Legislature's Joint Finance Committee on the Special Taxpayers Committee on the State Budget, a private organization of individuals and representatives of local and statewide taxpayers groups.

The Joint Finance Committee, which prepared the revised 253-million-dollar budget, is expected to introduce a revenue bill in a few weeks to make up an anticipated deficit of 35 million dollars.

John Thierry, co-chairman of the special taxpayers committee, told the lawmakers Tuesday they should not wait until 1957 to adopt a plan similar to the one his group was proposing.

He said a sales and use tax of two percent, on the basis of last year's retail sales, would bring in about 75 million dollars a year.

He said this would balance the state budget, relieve individual income taxes, and leave about 30 million dollars to be sent back to local governments for property tax relief.

The finance committee was told that this plan could mean a reduction of as much as 10 percent in property owners' tax bills next January if the plan were adopted this July.

WEATHER

FEDERAL FORECAST

Winona and Vicinity—Considerable cloudiness with little change in temperature, local showers late tonight and Thursday. Low tonight 50, high Thursday 68.

LOCAL WEATHER

Official observations for the 24 hours ending at 12 m. today: Maximum, 66; minimum, 48; noon, 59; precipitation, none; sun sets tonight at 7:36; sun rises tomorrow at 4:31.

AIRPORT WEATHER

(North Central Observations)
Max. temp. 65 at 4:30 p.m. Tuesday, low 50 degrees at 6:30 a.m. today. Noon readings—temp. 58, broken layer of clouds at 4,000 feet, visibility more than 15 miles, wind from the east at 15 miles per hour, barometer at 29.98 steady, humidity 60 per cent.

Six Autos, some of them hidden by others, were stalled in this flooded viaduct in Chicago Tuesday as a tow truck, whose driver tried to extricate one of the cars, met the same fate. The heavy rainstorm that brought the flood caused widespread damage in the Chicago area and stalled evening traffic. (UP Telephoto)

Nixon Calls for Less 'Sniping' At President

ROCHESTER, N.Y. (AP)—Vice President Nixon last night called for less "sniping" and more support of President Eisenhower in the forthcoming Big Four conference.

He named no names but noted that the coming top-level conference among the United States, Britain, Russia and France had touched off some predictions of "appeasement" and a sell-out of U.S. interests.

"Rather than expressing apprehension about the conference, we should recognize that our leaders are going into it in a position of strength rather than weakness and with their eyes wide open," Nixon said.

"Rather than being sniped at from the rear, they should be supported to the hilt by the American people."

Nixon addressed a parents' orientation conference of the Military Chaplains Assn. of the United States. The association presented him with its 1955 gold award for his efforts to make the youth of America more aware of their responsibilities to the military services.

Sen. Knowland of California and Sen. Bridges of New Hampshire, both Republicans, have raised misgivings about U.S. participation in the four-power conference. Sen. McCarthy (R-Wis.) has denounced the prospect as an "appeasement" of the Reds.

Nixon said that in President Eisenhower and Secretary of State Dulles the United States was "fortunate in having two men who can be completely trusted to work for a settlement for peace with honor and to resist a settlement which would mean appeasement and dishonor. They are hard-headed, peace-minded, dedicated leaders who know the Communists and who will not be fooled by them."

Ike OKs July 18-21 For Big Four Meet

PARIS (AP)—French Foreign Minister Antoine Pinay today said that President Eisenhower had accepted the dates of July 18-21 for the proposed meeting of Big Four chiefs of state.

The place for the meeting will be decided by the Foreign Ministers of the United States, Russia, Britain and France.

1,150,000 Vaccinated In Canada, Denmark

By THE ASSOCIATED PRESS

Canada and Denmark today reported they have vaccinated about 1,150,000 children against polio with Salk-type vaccine. Officials said not a single case of the disease attributable to the serum has turned up.

Canada has inoculated about 750,000 children so far. One post-inoculation case of polio has been reported, but "it was found to have been infected with the virus before getting its first injection," a Federal Health Department spokesman in Ottawa said.

In Denmark 400,000 children have been inoculated. Authorities in Copenhagen said no polio has been reported in the country since the program began five weeks ago.

Canada and Denmark are the only countries outside the United States carrying on programs of mass inoculations.

In some, polio is not a major medical problem. These include Italy, France, Belgium and the Netherlands, although France's Pasteur Institute is developing a vaccine similar to Dr. Jonas Salk's and plans to test it on a sizable scale in about two months.

Shortage of the vaccine has delayed some programs. Norway for this reason has postponed indefinitely an ambitious campaign to inoculate all elementary school pupils. Switzerland does not expect supplies from the United States until August and will test it extensively before using it.

Sen. Sparkman (D-Ala.) said Republicans will "read the election results with sorrow" if the downward trend continues, as he predicted it will.

Sen. Aiken (R-Vt.) said in a separate interview he thinks the bottom has about been reached. He said he looks for a farm price climb in the last half of 1955 and throughout the presidential election year of 1956.

The Agriculture Department reported Tuesday that farmers got about \$8,200,000,000 from crop marketing in the first four months of this year. It said while the volume was about the same, prices were about 5 percent lower than in the same period in 1954.

Republican National Chairman Leonard W. Hall maintained in a speech at Rapid City, S.D., Tuesday night that the Eisenhower administration is "making progress towards stabilizing farm prices."

He praised Secretary of Agriculture Benson as "a far sighted and dedicated public servant of the highest moral principles" who, he said, has "the complete confidence of the President."

Dulles told the House Foreign Affairs Committee there is hope that the Communists will "adopt more tolerable policies" but added: "We can hope that a new day is coming; but too often men have been lured to their doom by mistaking a false dawn for the real dawn."

"We must not make that mistake," he said.

Senators Differ On Effect of Drop In Farm Income

WASHINGTON (AP)—Democratic and Republican spokesmen gave conflicting predictions today on the 1955 political effect of a 5 percent drop in farm crop income.

Sen. Sparkman (D-Ala.) said Republicans will "read the election results with sorrow" if the downward trend continues, as he predicted it will.

Sen. Aiken (R-Vt.) said in a separate interview he thinks the bottom has about been reached. He said he looks for a farm price climb in the last half of 1955 and throughout the presidential election year of 1956.

The governor said that Minnesota electric cooperatives are now paid up ahead of schedule by nearly five million dollars.

"Expansion of both business and agriculture to an extent far greater than is indicated by the investment in the electric cooperatives themselves, has resulted," Freeman said. "This new source of power, our farms has resulted in vastly increased agricultural production."

Senate Upholds Ike Veto, New Wage Plan Seen

Proposed Increase
In Postal Pay
Will Average 8%

BULLETIN

WASHINGTON (AP)—The Senate Post Office and Civil Service Committee today approved a new postal pay bill carrying average raises of about 8 percent for the 500,000 postal workers. Members said they believed it would be acceptable to President Eisenhower.

WASHINGTON (AP)—Senate action in upholding President Eisenhower's veto of a postal pay raise averaging more than 8 1/2 percent was followed today by moves to vote a slightly smaller boost.

Ignoring the advice of Sen. Neely (D-WVa.) they were following Eisenhower "into a political graveyard," senators yesterday upheld the President's veto of a bill which would have given 500,000 postal

Northwest Vote

Sen. Thye of Minnesota voted to sustain the President's veto of the postal pay increase bill. Sen. Humphrey of Minnesota voted to override and although Sen. McCarthy and Wiley of Wisconsin did not vote it was announced that they were in favor of overriding.

workers a pay increase averaging 8.6 percent and fringe benefits bringing the total to 8.8 percent. The President called this too high.

The 54-39 Senate vote—8 votes short of the two-thirds margin needed to override a veto—gave the President a major political victory in the first congressional challenge of his veto power. Voting to override were 46 Democrats and 8 Republicans; voting to sustain were 37 Republicans and 2 Democrats.

Leading an unsuccessful fight to override the veto, Sen. Olin D. Johnston (D-Sc.) called Eisenhower "the poor, misguided and confused man of the White House."

He urged the Senate to resist "complete domination" by the Republican administration.

After the Senate sustained the veto and thereby killed the bill, identical bills were introduced in both Senate and House for a pay raise which Sen. Carlson (R-Kan.) said he knew would be acceptable to the President. Companion bills were offered by Carlson, Rep. Rees (R-Kan.) and Rep. Murray (D-Tenn.) calling for an average increase of around 7.9 percent and a minimum raise of 6 percent. Sen. Johnston, chairman of the Post Office Committee, offered another which he said would average 8 percent.

Sen. Johnston, chairman of the Senate Atomic Energy subcommittee on military applications, presided at a closed session with Secretary of the Air Force Harold Talbott and Gen. Nathan F. Twining, Air Force chief of staff.

Emerging, Jackson said he believes this country leads Russia now in air power; but "we have consistently underestimated the ability of the Soviet Union to produce all types of armament including the atomic bomb, the hydrogen bomb and the intercontinental bomber," and that "unless we make a great effort for all-out production of jets of all kinds, both quantitatively and qualitatively our country can be in grave peril."

Can Fall Behind
Jackson told newsmen the United States could fall behind in the air power race unless it starts "crash (rush) programs in some items." To surpass Russia, he said "will take much greater production schedules than now provided for."

At the Pentagon there also was talk about the ability, but not necessarily the present intention to step up aircraft production if necessary.

Wilson said in a formal statement on U.S.-U.S.S.R. air power that "our programs are flexible enough so that we can step up our production on specific items at any time it is determined necessary to meet any threat to our security."

Christine Engel, 2, suffered the loss of part of an ear when she was nipped by Spike, a German shepherd scheduled to be enlisted in the Army shortly for sentry duty.

Hostess Dull But Not Party

SANBORN, Minn. (AP)—Mrs. Emma Dull threw a merry widow party Tuesday for Sanborn's 33 widows and most of them turned out.

"Too many parties are for couples," said Mrs. Dull, a widow herself, "and the widows get left out, so I decided to have a party just for the widows."

The widows made merry playing bingo. But the most fun came when three men showed up to chauffeur the women home. The trio, Don Flaig, Don and Robert Cashatt were invited in to dinner. Everyone agreed the hostess may have been Dull but the party wasn't.

Carney Dropped; Radford, Twining Get New Terms

WASHINGTON (AP)—President Eisenhower today nominated Rear Adm. Arleigh A. Burke to be chief of naval operations succeeding Adm. Robert B. Carney. Carney was the center of a recent controversy over the likelihood of a Communist attack in the Formosa area. The President also nominated:

1. Adm. Arthur W. Radford for a new two-year term as chairman of the Joint Chiefs of Staff.
2. Gen. Nathan F. Twining for a new two-year term as Air Force Chief of Staff.

Earlier this month Eisenhower nominated Gen. Maxwell D. Taylor to succeed Gen. Matthew Ridgway as Army Chief of Staff.

Ridgway, who has been critical of administrations plans to cut army manpower, is to be replaced by Taylor July 1.

Burke's nomination to succeed Carney will be effective Aug. 16, when Carney's two-year term expires.

The controversy over Carney centered on the question whether he did or did not tell a group of newsmen a Red attack in the Formosa Strait was likely by mid-April.

Carney discussed the subject at an off-the-record dinner and some of the participants later reported the mid-April date as a time when the administration expected the Reds to hit. Carney subsequently was identified as the speaker.

Later the admiral denied he had spoken of expectations. He said he only discussed capabilities and said the Communists could make an attack by that time if they chose.

Some of the newsmen who took part in the dinner briefing differed among themselves as to just what Carney had said or meant. Some agreed with Carney's version, others with the previously published accounts of the dinner.

Pentagon Claims Edge Over Russ

By ELTON C. FAY

WASHINGTON (AP)—Top civilian chiefs at the Pentagon say the United States still holds air superiority over Russia, but Sen. Jackson (D-Wash.) contends the Soviets are making "alarming progress."

The newest chapter of what has evolved into a "great debate" over the status of Russian and American air strength unfolded yesterday when:

Secretary of Defense Wilson told a news conference, "It is our aim to maintain a military capability superior to that of any potential enemy; we can and are doing this."

Asst. Secretary of the Air Force Roger Lewis, at the same session with newsmen, said, "We have superiority in terms of planes that can do the job; we have qualitative as well as quantitative superiority" in such aircraft. Lewis said the Russians have displayed "more bombers than we thought possible a year ago" but said they were "not large numbers—40 or 50."

Sen. Jackson, chairman of a Senate-Atomic Energy subcommittee on military applications, presided at a closed session with Secretary of the Air Force Harold Talbott and Gen. Nathan F. Twining, Air Force chief of staff.

Emerging, Jackson said he believes this country leads Russia now in air power; but "we have consistently underestimated the ability of the Soviet Union to produce all types of armament including the atomic bomb, the hydrogen bomb and the intercontinental bomber," and that "unless we make a great effort for all-out production of jets of all kinds, both quantitatively and qualitatively our country can be in grave peril."

Secretary Hobby Proposes Fund For Free Vaccine

WASHINGTON (AP)—Secretary of Welfare Hobby said today a proposed 28-million-dollar federal fund would provide free polio vaccine for about 13,350,000 children.

She estimated this number represents 22 percent of the nation's children.

In a statement sent to the House Commerce Committee, Mrs. Hobby also reaffirmed her confidence that the nationwide inoculation program "will result in effective protection against infantile paralysis for the children of the nation."

Mrs. Hobby said federal plans are designed to guarantee that no child up to 19 years old would be denied vaccine because of inability to pay for it.

Mrs. Hobby is out of town. Asst. Secretary Roswell Perkins appeared before the committee for her and read her statement.

President Eisenhower last week asked for an appropriation of 28 million dollars which he said would be used to supply vaccine to those unable to pay for it.

St. Paul Child,
Squeal of Brakes,
Weeping Mother

ST. PAUL (AP)—A 20-month-old boy broke away from his mother and ran into a St. Paul street Tuesday night.

There were a scream and sudden squeal of brakes. Mrs. Leona Steffen, 29, got out of her car to find the body of Michael George lying between the rear wheels.

She and Mrs. John George of Iglehart Ave. rushed the boy to the hospital. But he was pronounced dead, the state's 181st traffic victim compared with 234 a year ago.

Mrs. George collapsed and was hospitalized. Mrs. Steffen said she was not aware anyone was in front of her car until she felt a slight thud and then heard the scream from the boy's mother.

Artificial Satellite Debated

By STEWART ALSOP

WASHINGTON — With a determined but not very expensive effort, it should be possible to launch an artificial satellite into space about this time next year. This, at least, is the contention of leading technicians in the missile field, who have submitted to the Pentagon plans for launching a man-made heavenly body in about 12 months.

Until recently, it was thought that it would take at least two years to put a satellite into space. But recent technological breakthroughs in the missile art have made it possible — at least in the opinion of some qualified technicians — to halve this estimate.

If the Pentagon approves the project, the object to be shot into space so soon will not be much to look at. The plans call for an object only about nine inches in diameter, of the simplest and lightest possible construction. To save weight and bulk — which is of course all important — the little thing will contain no instruments at all, other than a radar-response device to permit it to be tracked by radar on its journey around the globe.

Not True Earth Satellite

The purists in such matters insist that the object will not be a true earth satellite, but rather an "orbital vehicle." The purists are right, in the sense that such an object will not remain forever in space, like the moon. Instead, it will spiral very gradually back toward earth, after some weeks or months of circling the globe, and when it reaches the denser atmosphere close to earth, it will disintegrate.

Obviously, the tiny thing will have no immediate military application whatever. For this reason, a debate has been going on in the Defense Department, about whether or not it is worth going ahead with the satellite project. Aside from the prejudices against "trills" held by the supposedly hard-headed businessmen who now run the Pentagon, there are serious arguments against going ahead all-out with the satellite project.

Although some of the specialists in the art believe that a simple satellite or orbital vehicle can be launched into space for as little as \$20 million, others strongly disagree. The more skeptical technicians point out that there are many unknown factors remaining, and they have estimated the cost as high as half a billion dollars or even more, and the time in several years.

Would Divert Funds

The most serious argument against the satellite project is that it might divert funds, facilities, and talents from other missiles — above all from the Intercontinental Ballistic Missile, the grand prize of the missile race. The technicians who favor the satellite project argue on the contrary that the satellite can be achieved without any sacrifice of time in the missile race; that the satellite is in fact, a kind of free dividend of the efforts to create an I.B.M.

But the most cogent pro-satellite argument can best be understood in terms of a couple of headlines: **Soviet Claims Successful Launching of Earth Satellite, and**

Wholesale Food Prices Down

NEW YORK (AP) — A new low since April 1953 was registered by the Dun & Bradstreet index of wholesale food prices this week.

The index stood at \$6.54 compared with \$6.37 a week ago and \$7.46 a year ago. The previous low was \$6.32 on April 7, 1953.

The index represents the total cost at wholesale of one pound each of 31 foods in general use. Foods declining at wholesale during the week included wheat, barley, lard, cheese, coffee, cocoa, eggs and steers. Higher were flour, rye, oats, sugar, cottonseed oil and hogs.

Fund Lack Claimed Civil Defense Block

ST. PAUL (AP) — Lack of funds is the chief obstacle to efficient civil defense in Minnesota, community leaders were told Tuesday at a meeting in the office of Gov. Freeman.

Col. Hubert A. Schon, state civil defense director, said community plans now in effect range from 20 to 60 per cent in effectiveness and can be bettered only slightly until added money is forthcoming.

U. S. Radar Confirms Existence of Soviet Satellite

Two facts suggest that these headlines are not as fanciful as they may be supposed.

First, the possibility that the Soviets will launch a satellite is taken so seriously that a satellite-detection project has been established at White Sands, New Mexico, and at Mount Wilson, California. A tremendous flap was caused not long ago in the Pentagon when the project identified not one, but two satellites. It turned out that both were natural satellites, never before detected.

Second, the Russians in April announced with a flourish the creation of a "permanent interdepartmental commission for interplanetary communication." Russia's greatest scientist, Peter Kapitsa, was appointed to the commission. Its first task was announced as "the organization of an automatic laboratory of scientific research in cosmic space" — which would, over a long period, revolve around the earth as a satellite, beyond the limits of the atmosphere.

This bland announcement also caused much dismay, at least among the more sensible men in the Pentagon. For this kind of before-the-fact boasting by the Soviets must be taken very seriously indeed, as the Pentagon has learned to its sorrow, conspicuously in the case of the atomic and hydrogen bombs. Those who oppose the satellite project argue that it would not matter very much if the Russians did get the first satellite into space — it would presumably be as militarily valueless as the proposed American device.

But, as one pro-satellite official put it: "We wouldn't really know it was harmless — all we'd really know is that it was up there." The first satellite will certainly be the forerunner of satellites with enormous military value in reconnaissance, missile guidance, and other fields. Moreover, it does not require much imagination to foresee the impression that a successful Soviet satellite-launching would make on the world. To knowledgeable men in every foreign office and military establishment, it would mean just one thing — that the Soviet military technicians had gained a commanding lead over their American opposite numbers. In the race for the ultimate weapon.

West Lincoln School Meeting on Tuesday

WHITEHALL, Wis. (Special) — A hearing on a request to dissolve West Lincoln School District and attach it to Whitehall and Independence will be held at 8:15 p.m. Tuesday at the courthouse.

Henrik Herness, chairman of the Town of Lincoln, was elected chairman of the meeting of the town boards of Preston, Lincoln and Arcadia and the councils of the cities of Whitehall and Independence that met at the courthouse Monday evening to set this date. Floren Hegge, Whitehall attorney, was appointed secretary.

District 5 is composed of the city of Whitehall and parts of the towns of Lincoln, Preston and Arcadia. District 6 is composed of the city of Independence and the Town of Arcadia.

Galesville Plans Founder's Day

GALESVILLE, Wis. (Special) — For the 26th consecutive year, Galesville will pause June 5 to honor its founder, Judge George Gale.

Plans are being completed for a Founder's Day ceremony on the campus of the school he established. It will include a military salute in recognition of Gale's Civil War service.

One hundred and one years have passed since Judge Gale, a Vermont, came here and established a settlement which bears his name. He literally started the town as a cradle for an infant university which he founded, calling the school Galesville University, and calling together a small group of young folk to enter the first school of advanced learning in this part of Wisconsin. Later, he carved the area of Trempealeau County from two adjacent counties, and made Galesville its first county seat.

The Founder's Day program, which will start at 2 p.m., will have Rolf Gier, young Galesville attorney, as speaker. Music will be

by the Gale-Ettrick band under the direction of Robert Stroetz. Joan Willis of the 1955 graduating class of the high school has been chosen to place a wreath on the grave of the judge, and the ceremony will close with military honors fired by a squad from the Rowles-McBride post American Legion.

Serving on the program committee are A. F. Gier, the Rev. J. Glennon McCarty and Bert A. Gipple. The old university has passed.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to "Glaxo," it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

Lake City School Asking Block For Expansion

LAKE CITY, Minn. — Residents of Lake City Consolidated District 40 will vote June 28 on a proposed purchase of a block of homes across the street from the present high school auditorium for future school construction.

Announcement of the election came at the last Parent-Teacher Association meeting of the term at the school Tuesday night. Dr. William P. Gjerde, president of the school board, told the meeting that money is on hand to make the purchase of seven homes and land if permission is given.

Sketches of proposed school additions were presented by architect Austin Lange, Minneapolis, representative of Lang & Raugland. They include a new grade school, vocational-home economics section and gymnasium. The street separating the present building on the southeast from the new property would be closed should the proposed plan win approval.

E. W. Barber, Lake City architect who is assisting Lang & Raugland, introduced Lange.

5 Persons Honored

Five persons were honored by the PTA during the program which preceded the announcement by Dr. Gjerde. All of the family, administrative officials and maintenance staff who have served here several years were singled out for their service and one from each group and the school board who had served the longest were given gifts. These were:

Miss Myrtle Rosen, first grade teacher, who represented the grade school; Miss Gladys Paulson, mathematics teacher, the high school; Supt. D. D. Karow, the administration; John Holden, maintenance staff, and George Jacob, who retires from the board of education this year after 24 years of service. Karow has served here 20 years.

A skit, "Where's George?" was presented by the PTA in connection with the Jacob gift presentation. Mrs. Raymond Wahlstrom, president of the PTA, called him from the large audience and gave him the gift in behalf of the school district.

Junior high school square dancers and a sixth grade singing group provided entertainment.

Property Appraised

Karow said today that four individual appraisals have been made of the property in question and studies by the University of Minnesota, State Department of Education and the local school board all concur on the site as being the most ideal for local school expansion. Use of existing facilities, such as the heating plant and auditorium, make the land purchase feasible, Karow said, and savings to the district over the years will more than pay for the acquisition, he said.

The new additions, as proposed in the Lange sketches which were on display following the meeting yesterday, include an all-purpose room for grade school lunches and play; new physical education quarters with gym, coaches' offices, lockers and showers; home economic laboratory; industrial arts section; more commercial depart-

Winona Good Will Tour To Visit Arcadia Tonight

Proxmire Named As Speaker for Memorial Day

Arcadia parade story on Page 17

ARCADIA, Wis. — William Proxmire, Democrat who represents Dane County, Wis., in the State Assembly and who opposed Gov. Walter Kohler for governor last fall, has been named by the Arcadia Broiler-Dairy Festival committee to speak here Memorial Day morning in place of Sen. Joseph R. McCarthy.

He will address a festival crowd at the city ball park at 10:30 a.m. in American Legion memorial services.

Sen. McCarthy announced Monday from Washington that his scheduled speech here had to be canceled because of other commitments.

The assemblyman from Dane County's second district, Proxmire is a native of Lake Forest, Ill., and attended grade schools there before completing his education in the east: Hill Preparatory School, Philadelphia; Yale University, where he received a bachelor's degree, and Harvard University Graduate School of Business Administration. Later he taught in the Harvard School of Government.

He is a World War II veteran with the military intelligence, was a bank clerk, newspaper and radio reporter before becoming plant manager of a farm implement company.

Rifle Shot Damage Reported in West End

Vandalism involving rifle shots fired at the Searles Sand & Gravel Co., Prairie Island road, has been reported to Winona police.

Chief of Police A. J. Bingold said that bullets apparently from a 22 caliber rifle have caused damage to a dredge in that area. He said that anyone found discharging firearms inside the city limits will be arrested and prosecuted.

Approximately 37,600 miles of the authorized 40,000-mile interstate highway system have been designated to date. This system and its mileage are included within the federal-aid primary system.

ment space; vocational agriculture shop, and grade school classrooms. Space now used by the grades in the Lincoln High School building would be released to high school classes and the present auditorium would be used by the entire student body. A large lobby would connect the present structure and the proposed new gym and grade school.

Complete plans will be released when current consolidation moves are settled sometime this summer, Karow concluded.

Limerick Contest Added to County Dairy Promotion

A limerick contest has been added to June "Dairy Month" festivities here, the Winona County Farm Bureau office announced today.

Future Farmers of America, Future Homemakers of America and 4-H Club members are eligible to enter. Prizes of \$5, \$3 and \$2 will be awarded for the three best limericks. Deadline for entries at the Farm Bureau office, 2nd and Center streets, is June 10. KWNQ Farm Director Don Bonham will be the judge.

Limericks must be four lines long and feature a dairy theme. There is no limit as to the number of entries county FFA, FHA and 4-H Club members may submit.

Winners will be announced June 13, the opening day of the week-long event.

Activities include a special 3-day promotion by the Chamber of Commerce's Merchants Bureau, a banquet at the Oaks June 13, Dairy Night at Gabrych Park June 14 when the Winona Chiefs play football and the Dairy Ball at the Armory June 17.

Goodview Approves \$16,000 Issue

Goodview voters, by a margin of more than 2-to-1, Tuesday approved a proposal to issue bonds up to \$16,000 to finance construction of a combination municipal building fire station-garage.

Balloting was termed as "fair" as a total of 159 voters went to the polls, 111 favoring the proposal and 48 voting against it.

The village council will meet in the next several days to act upon a sketch presented by the building committee. Plans call for a 1-story, 30- by 60-foot concrete block building. It will be located on the same property as the Goodview Municipal Liquor Store, 4060 6th St. Present city offices are in the basement of the liquor store.

Historical Group Meets Thursday at St. Charles School

ST. CHARLES, Minn. — The Winona County Historical Society will hold a public meeting Thursday at 8 p.m. at the St. Charles High School to discuss the present, past and future uses of the Ganey School, purchased recently by the society for re-erection on the county fair grounds.

Special guests at the meeting will include former students and teachers at the school, county fair board members and their wives.

Master of ceremonies will be Alton Bergh, St. Charles, who'll introduce Dr. L. I. Younger, society president. Dr. Younger will explain plans for moving the school to St. Charles this summer.

Also on the program will be Miss Mildred Sebo, who will talk on the importance of saving records, pictures and equipment used in early schools; Earl Drenckhahn, Minneapolis, will speak on possible uses of the school in the future; reminiscences of school days will be by Leo McCarthy, St. Charles, a former student, and Mrs. Leon Frisch, Minneapolis, and Mrs. Henry Persons, St. Charles, both former teachers, and music by Lou Hottegard and Donald Jorgensen, both of St. Charles.

A social hour, under the direction of Mrs. Frank Sheehan, Winona, will follow the program.

General arrangements for the affair are being made by Miss Gertrude Blanchard, Lewiston, associate program chairman for the society, and her committee.

Anyone desiring transportation to the meeting has been asked to contact Harris Choate or Miss Leona McGill, both of Winona.

In 1954 there were 2,285,000 gas fired water heaters sold in the United States.

Austin Liquor Dealer Found Guilty by Jury

\$100,000 Action Gets Under Way In Federal Court

An Austin liquor store operator this afternoon was found guilty by a federal court jury of two federal liquor law violations.

After deliberating two hours the jury found Eugene Hanf, owner of the Bell Liquor Store at Austin, guilty of charges of filing false records with the Internal Revenue Service and purchasing liquor for resale at wholesale without a basic permit.

Immediately after the verdict was announced at 12:30 p.m. Hanf's attorneys, Floyd W. Nichols, Albert Lea, and C. Stanley McMahon, Winona, presented a motion for a verdict of acquittal or a new trial.

Two Weeks to File

Judge Gunnar H. Nordbye, Minneapolis, who presided at the two-day trial of the case, granted McMahon and Nichols two weeks in which to file briefs in support of the motion and Alex Dim, assistant U.S. attorney from St. Paul who represented the federal government in the case, a week in which to answer.

The court referred the case to the federal probation officer and sentencing of the defendant will be deferred pending report of the presentence investigation.

Hanf, meanwhile, will remain free under a previously-posted \$1,000 bond.

Two-Hour Session

The jury began its deliberations at 10:35 a.m. today after it had received its charge from Judge Nordbye.

It returned the verdict holding Hanf guilty on both counts of the grand jury indictment at 12:30 p.m.

The court began its instructions to the jury at 9:30 a.m. and immediately after this jury had retired the jury room another group of 12 jurors was selected for the trial of a \$100,000 personal injury case brought by Floyd Robshaw, Stockton, Ill., against the Chicago Great Western Railway.

No Defense Witnesses

The government rested its case against Hanf at about 12:15 p.m. Tuesday and in the afternoon the Austin man's attorneys announced that the defendant would call no witnesses and would introduce no new evidence in the case.

Dim and Nichols then addressed their final arguments to the jury. Judge Nordbye announced that he would defer his charging of the jury until this morning and court was adjourned at about 4 p.m.

This was the only criminal case to be tried before the jury during the Winona term of federal court and the second jury trial of the term which opened last week.

The Robshaw case now being tried involves a claim for damages by a Great Western employee who said he suffered permanent and disabling injuries while he was working as a member of a bridge gang on the railway's mainline tracks between Farley and Dyersville, Ia., last July 1.

Carrying Timbers

In his complaint Robshaw, represented by the firm of Hvass, Weisman, Peterson, King and Schwappach, Minneapolis, alleges that he was carrying timbers when he was injured.

He claims that he suffered head, neck, body and internal injuries in the mishap and charges that negligence on the part of the railway firm was responsible for the accident.

The railway company is represented by the St. Paul firm of Grannis and Grannis.

Robert King is appearing for Robshaw and Vance Grannis, St. Paul, and McMahon of Winona for the railway company.

The selection of the jury was completed at 11:30 p.m., after which King addressed his opening statement to the jury.

Police Urge Early Purchase of Plates For Bicycles Here

Bicycle owners who have not purchased new bicycle licenses to date were urged to buy the plates at police headquarters as soon as possible.

Police Records Clerk George McGuire said today that the registration of bicycles at schools throughout the city is now completed and approximately 2,300 licenses have been issued.

The normal registration for the city is about 4,500.

McGuire pointed out that the deadline for purchase of plates without penalty is June 30 and urged early purchases to avoid a last-minute rush of registrants.

Auto Crash Suit Now in Third Day In Caledonia Court

CALEDONIA, Minn. (Special)—The auto crash suit brought by Lloyd Ellingson, Spring Grove, against Thomas Muetze, a Wisconsinite, went into its third day this morning.

Observers believe it will go to the jury sometime this afternoon. Ellingson is suing Muetze for personal injuries allegedly suffered in a crash on the La Crescent turnpike last spring. Judge Karl Finckelburg is presiding.

Among The First City of Winona children to get Salk polio inoculations this morning was Richard Loucks, 6, son of Mr. and Mrs. Donald Loucks, 1204 W. 5th St., a first grader at Jefferson School. Most of the 76 youngsters who received shots at the school were hustled through the line before they had a chance to become frightened. There were a few tears, but for the

most part only apprehensive looks greeted the Winona physician administering immunizations. Leading Richard to the doctor is Mrs. Phillip Hicks, 119 W. King St., chairman of the Winona Red Cross Gray Ladies, who are assisting. Looking on is Miss Patricia Leary, supervisor of public health nursing in the city. (Daily News photo)

Haslerud Fund Over \$1,000 In Third Day

Contributions to "The Robert Haslerud Fund" passed the \$1,000 mark at noon today—third day of a special Daily News appeal—with more help arriving each hour for the stricken Whalen, Minn., barber and his four small children.

A total of 387 individual donors have thus far given \$1,032, including \$498 since 10:30 a.m. Tuesday, in an effort to help a destitute man who lost his 26-year-old wife, the mother of four, in an explosion near Whalen May 14.

Haslerud says he has no money to pay the doctor, hospital or funeral expenses in connection with his wife's tragic death. She suffered second and third degree burns over more than half of her body in the accident and died three days later in a Rochester hospital.

Help and Words of Cheer

Mr. and Mrs. Dale Raddatz, St. Charles, wrote today, "Please accept this small contribution along with our very best wishes. Do not give up hope. One year ago in January our home burned to the ground and all we had in the world was each other and our three children. Thanks to the kindness of people (many we didn't know) we are again able to smile. We are confident things will be better."

Mr. and Mrs. Richard Meyerhoff, who also were victims of a tragedy last winter and who were helped by Daily News readers, sent in help for Haslerud today.

Cortland J. Silver, St. Paul, owner of a chain of jewelry stores including one in Winona, sent \$25 today and a letter which said, "The Winona Daily News is to be commended for its heart-felt appeal in behalf of the Robert Haslerud family. I deem it an honor to be able to help out in a small way and I'm sure the entire Winona area welcomes the opportunity to help our fellow man in his time of great sorrow and need."

"Heartfelt Sympathy"

A Nodine, Minn., couple sent \$5 and "our heartfelt sympathy for the entire family."

"With the help of God and the will of the people, may this family find happiness," answered a Dover, Minn., couple.

The Morken Garage at Rushford said they'd written out a \$25 credit slip for Haslerud, which he may use for repairs on his battered car. Contributions may be made to "The Robert Haslerud Fund," in care of The Winona Daily News. A special account has been opened in a Winona bank and when all contributions have been received, the money will be turned over to the Haslerud family.

Today's friends: Previously listed: Theresa Jane Bort, \$334; Fountain City, \$1; Stephen Ortman, \$1; Mrs. H. C. Lohse, \$2; Mr. & Mrs. F. K. Stenzel, \$1; Friend from La Crosse, \$5; Mr. and Mrs. Will Kruger, \$1; Caledonia, \$2; Mrs. Rosa Engel, Cochrane, \$2; Anonymous, Weaver, \$5; Mr. & Mrs. Keith Van Sande, Preston, \$2.

Many Withdrawals From Salk Vaccine Program in City

Salk polio inoculations got off to a fast—though unsuccessful—start in Winona County this morning, with the immunization of 76 first and second graders at Jefferson School and an additional 60 at St. Mary's School.

That 136 total, however, represents only about 63 per cent of the children eligible at those two schools.

Adverse publicity and the uncertainty of Salk vaccine effectiveness caused a rash of parent withdrawals at both clinics this morning.

At Jefferson School, said Miss Patricia Leary, supervisor of public health nursing in the city, 133 children were eligible. About 120 consented when slips were first sent home, but 44 backed out before and at the time of shots this morning.

About 95 per cent of 80 eligibles at St. Mary's School okayed the vaccine originally, Miss Leary added, but by today about 15 withdrew and only 60 shots were given.

In the meantime, clinics opened at ROLLINGSTONE at 9 a.m. and MINNESOTA CITY at 11 a.m. today.

Miss Loretta Kiley, county nurse, who's in charge of the rural immunization program, was unable to be reached for figures on results in the county.

Two mothers of first graders who were withdrawn from the inoculations at Jefferson School were questioned by The Daily News this morning.

"We have two other children who are younger than our girl in school," said one. "We felt that the vaccine wouldn't be available to the other two in time for the summer polo season and didn't want to give it to one and not the other two," she continued.

"Then of course," she added, "we read the story in The Daily

News about the action taken in Milwaukee and it frightened us."

(Milwaukee health authorities have announced that they're going ahead with their own testing program on the worth of the vaccine no matter what other cities do. They have said that no resident of Milwaukee is going to get the vaccine until tests have been completed to health officials' satisfaction.)

"Yes, we'll put our girl into the program next year if more is known about it then," said the first mother questioned.

Feels It's Unperfected

A second mother, who had originally said her boy could receive the vaccine and later withdrew, said, "We have two younger ones at home. I'd be afraid for all of them unless they could all get it at once."

She added that "I don't think it (the vaccine) is perfected enough yet to allow our children to have shots."

Vaccinations Stopped In City of Red Wing

RED WING, Minn. — After 11 children were given the Salk vaccine here Tuesday morning, Dr. George M. Kimmel, city health officer, halted the program pending announcement of results of a Washington conference. Outside the city, in Goodhue County, vaccinations continued.

Veteran Pair Of Comedians Keep Laughing

By BOB THOMAS
HOLLYWOOD (U)—The battling comedy teams of today can take a lesson from Smith and Dale, who have been creating laughs together for 57 years.

Comedians like Abbott and Costello and Martin and Lewis have suffered splits and dissensions which have placed strains on their careers. Smith and Dale can show them how two men can live and work together in a highly competitive business and still get along.

No vaudeville fall needs to be told who Smith and Dale are. But to the younger generation, it can be explained that they were the more famous members of the Avon Comedy Four.

Some years ago, Variety polled veteran stars on which were the best acts of the vaude era. The majority placed the Avon Comedy Four at the top. Their most famous routine is the zany Dr. Kronk's sketch.

Smith and Dale are getting belly laughs with Dr. Kronk's sketch at a night club called the Bandbox.

The veteran pair was relaxing in the sun at their Hollywood hotel and reminiscing about their career.

"I'll tell you why we've never split up," said Joe Smith, who is 71, powerfully built, and hawk-nosed with a dapper mustache. "We've had our fights in the dressing room and listeners say, 'Oh, oh, this is the end of the team.'"

"But we never carry our disagreements out of theater. Whenever we argue, it's for the good of the act. There's no jealousy over who gets laughs."

"That's right," added Charley Dale, almost 74, a wry-looking fellow with heavy-lidded eyes and a fighter's nose. "That's what breaks most teams up. One of them wants to be an individualist. You can't think about laughs for yourself alone. You've got to think about the good of the act."

State Theater Film Shows Role Of Air Command

The cloud of secrecy surrounding the world's most awesome striking force is dramatically lifted by Paramount's outstanding film, "Strategic Air Command," which begins Thursday at the State Theater.

The secrecy which guarded operations of the American Air Force over Europe in World War II and developments since that time has been lifted to give the nation its first full-scale look at the planes and men of our atomic air arm.

So important is this story, that Paramount cast it with six of its top stars—performers who by their ability were certain to give the moviegoer a true-to-life portrayal. Heading the list are James Stewart and June Allyson, recently seen in "The Glen Miller Story."

Others in the cast are Frank Lovejoy, Barry Sullivan, Alex Nicol and Bruce Bennett.

"Strategic Air Command" is not a war story. It is, in fact, the greatest peace story of the past decade. For the branch of the Air Force from which the picture takes its name is entrusted with the preservation of the peace—by maintaining a destructive potential so fearsome that no nation will dare to attack us.

Told on the intimate personal level of bomber pilot James Stewart's relationship with his lovely wife, June Allyson, the taut drama traces Jimmy's piloting career from his recall to active duty through every phase of retraining in an Air Force branch the world had no conception of ten years ago.

Previous secret installations will for the first time reveal their secrets. The planes themselves, the mammoth B29s and B47s, on the ground and in flight under the most trying conditions, will be shown. The pressures, frustrations, demands and rewards of life in the Strategic Air Command are dramatized in an intriguing manner.

'Marrying Blonde' Plans 14th Wedding

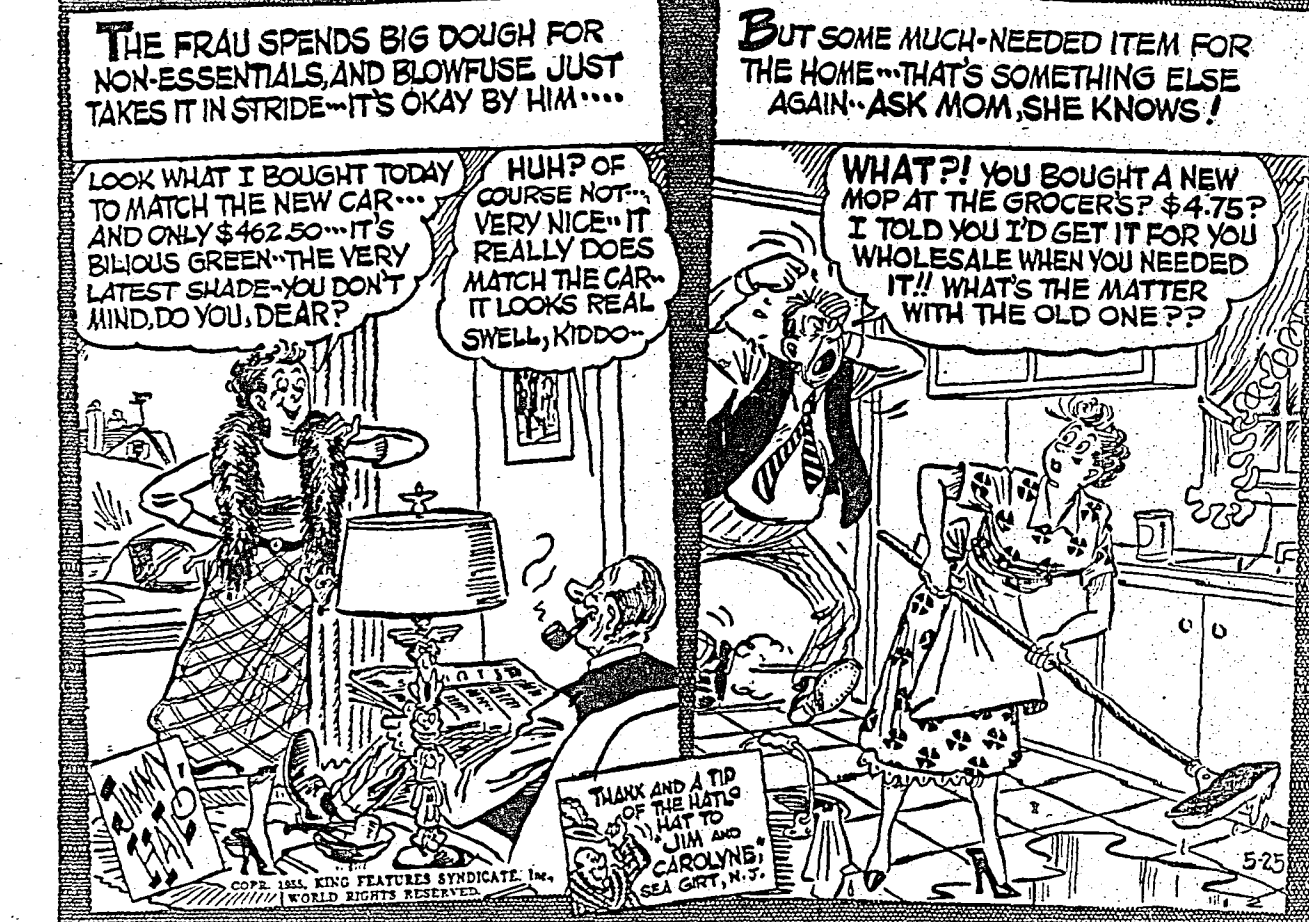

LOS ANGELES (U)—Mrs. Beverly Nina O'Malley, 44, a diminutive blonde who has been marrying since she was 18, is planning her 14th wedding.

Tuesday she obtained the signature of a judge on her final decree of divorce from husband No. 13, Raymond Joseph O'Malley. She said she plans to obtain a marriage license today to wed No. 14, Gabriel L. Avery, also 44.

Shelley Winters was quite dejected at Sardi's. A customer remarked, "I saw her do that bathtub scene in 'The Women' on TV—wearing just the soap bubbles—and she had more on then."

Dorothy Shay wore turquoise lounging pajamas when I dropped in on her between shows at the Plaza. "Chinese?" I asked. "Sure are!" she said. "Imported direct from San Francisco. Country Turns To Incorporation To Remain Rural

SANTA ANA, Calif. (U)—The countryside now is resorting to incorporation in order to remain rural.

That's how great has been the population spread of southern California's cities.

Three spokesmen for a community of dairymen described the turned-about situation.

Their dairy farms occupy an area of about 2½ square miles, in northwestern Orange County, some 23 miles from Los Angeles. Adjacent to them is the small city of Buena Park, and their fear is municipal encroachment.

The spokesmen for the dairymen are Jack Devries and Charles Vanderfeer, co-chairmen of a ranchers' committee, and M. S. Bernard, their attorney. What is happening, they said yesterday, is this:

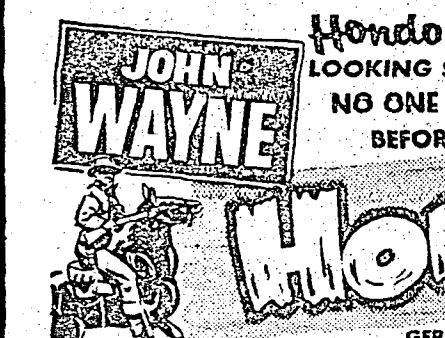

The entire area is more or less suburban to Los Angeles. As Buena Park and the metropolitan area grow, new subdivisions keep creeping into dairy territory.

Writer Calls Prisons 'Crime Factories'

At Central Lutheran

Eagle Scout Badge
Given to Thaldorf

Robert Thaldorf Jr., son of Mr. and Mrs. Robert Thaldorf, 469 E. Broadway, was awarded Boy Scouting's highest honors—the Eagle badge—during court of honor ceremonies for Troop 2, Central Lutheran Church, Monday evening.

Following a 6:30 p.m. potluck dinner, attended by more than 100 scouts and members of their families, 23 other boys received badges ranging from tenderfoot to life.

Thaldorf has been a member of the Central Lutheran troop since a cub and has acted in the capacities of patrol leader, camp leader and junior assistant scoutmaster. He was the recipient of the Pro Deo Et Patria award from the church one year ago.

Presentation of Thaldorf's Eagle badge was by his father, who has been the troop's senior scoutmaster for the past five years. A rose and a miniature pin of the Eagle award were given to Mrs. Thaldorf.

Joseph Miner, assistant scoutmaster, read a letter of congratulations from Austin A. Schuck, chief executive of scouting in the U. S.

Father Honored

In recognition of his services to the troop, Robert Thaldorf Sr. was given a statuette of a scout leader with an appropriate inscription by the church troop committee.

The Eagle ceremony was presided over by W. B. McPherson, superintendent of schools at St. Charles and vice chairman of the Gamehaven Area Council, who spoke on the requisites of the award and its significance in the application of its spirit and principles to life.

Preceding the presentation were talks by representatives of the four institutions which back scouting. They included: The church—Dr. L. E. Brynstad, pastor of Central Lutheran; the school—Lloyd Gilbert, president of the Lutheran Brotherhood, sponsors of the troop; business and scouting—Lester O. Peterson, president of the Sugar Loaf district and the Winona Chamber of Commerce, and the home—Mrs. Robert Thaldorf.

Presiding over all ceremonies was C. L. Totman, chairman of the Troop 2 committee. Leroy Larson acted as clerk of the court of honor and Carl Millon, Rochester, assistant scout executive for the Gamehaven council, spoke to the group on "Fire."

Tenderfoot awards were given by

Robert Thaldorf Jr.

Scoutmaster Thaldorf to Alfred Wolfram, Allen Przybylski, Kenneth Przybylski, James Tweedy, Thomas Tweedy, Edmond Bronson, Gary Nyseth, Erick Lokensgard, Donald Fulwiler, Wayne Burkhalter, Eric Stenehjem, Paul Jerimiasen and John Burt.

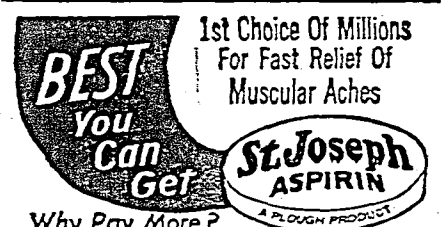

Second class badges were given by Lauris Peterson to Bruce Miner, Wayne Larson, Lynn Foster, Jerry Foster and Jerry Benson.

Merit Badges were presented to several scouts by Thaldorf Sr.

Receiving Star Scout badges from Peterson were Jerry Yeacke, Larry Miner and Robert Przybylski.

The Life Scout badge—second only to the Eagle award—was presented to Melvin Aves by Peter Loughrey, committeeman and camping chairman.

Judge Tells 'Face':
Get Out of Town

MILWAUKEE (AP)—The face that frightened two policemen is headed out of town.

District Judge Robert Hansen today gave Allen Grether, 30, his choice of leaving Milwaukee or serving six months in jail on a vagrancy charge and Grether took the former.

The story of the face as told to the judge by Patrolman Delbert Koch:

He and his partner were cruising in their squad car along Lake Michigan Saturday night when they spotted a luminous face floating in midair. "It scared the wits out of us."

Then the face began floating up-

ward. "Suddenly the face went past a light and I saw it was connected to a body walking up the steps."

Grether said he didn't know his face powder was luminous. He said he bought it in Chicago and it was very expensive.

"A lot of men are using this powder today because it makes them better groomed," Grether told the judge. "It certainly has improved my appearance."

"I'd say you looked like a man who fell head first into a flour barrel," the judge commented.

Carl Fritts, vice president of the Automotive Safety Foundation, estimates that one life would be saved every year for every 10 miles of construction on the proposed interstate highway system.

Here's why PONTIAC WINS BUYERS
FROM EVERY OTHER MAKE

It's a king-size luxury car—Biggest at its price!

Pontiac is a big, roomy car. Here it is: A car with 122" or 124" wheelbase—longest in its price field, even longer than some models in the top price range—and with true big-car stability to match. Luxury is in key. For quality of fabrics, conveniences and appointments, Pontiac compares with the costliest cars.

It's America's topmost value—Greatest buy of any year!

Pontiac is selling at the fastest rate of all time for this simple reason: America agrees—when you can get the size, power, beauty and luxury you want at Pontiac's easy price, that's the place to put your money. Come in and get all the facts.

It's a 200-horsepower performer—Most powerful at its price!

As the only car with the Strato-Streak V-8, Pontiac has a big performance advantage. This newest and most efficient V-8 enables Pontiac to provide more power than any car has ever delivered at Pontiac's price—a full 200 horsepower with the four-barrel carburetor, an extra cost option; 180 H.P. is standard.

It's a future-fashioned beauty—Most distinctive at any price!

Style-conscious motorists turn to Pontiac for true mode-of-tomorrow design, beautifully different from any other car on the road. Exclusive Vogue Two-Tone styling, Twin-Streak hood and low, rakish lines give you a car that you know will remain a prideful possession for many years to come.

You can buy a big, 200-horsepower Strato-Streak V-8 Pontiac for less than many models of the lowest-priced cars and for much less than stripped economy models of higher-priced makes—none of which equal Pontiac in combined power, size and future-fashioned beauty.

CAN YOU SEE, STEER, STOP SAFELY? CHECK YOUR CAR—CHECK ACCIDENTS.

Arcadia Festival to Kick Off Summer Program of Big Events

Traditionally Memorial Day heralds the advent of summertime. It's the corner around which are straw hats, county fairs, carnivals and all that goes with the warm months.

Arcadia, Wis., has arranged an inaugural for summer called the Broyler-Dairy Festival which picks up momentum at a coronation ball tonight at the high school gymnasium and promises a fast pace Saturday through Monday. The community has gone beyond the normal bounds of most local promotions to bring in top-flight talent and entertainment. Plans for the event have been organized for months even to the printing of special invitations for a May 29 parade review.

One of the attractions, a speech by Sen. Joseph McCarthy, has been canceled by the lawmaker at the last minute because of a conflicting engagement, yet there are more than enough features left to make this festival a bargain in entertainment.

For example, about 70 beautiful girls from seven Western Wisconsin counties will vie for regional Alice in Dairyland honors Saturday. The rising, nationally prominent Peppermint Trio will sing at the ball tonight and during the weekend; Winona's own national champion Twirlersettes are to make an appearance on the coronation program and all three days delicious butter-basted broiled chicken and ice cold milk will be served along the main street from two 50-foot outdoor pits. In addition, a baseball game, long street parade, professional horse pulling contest, Valley Riders gymkhana, barn dance show and street dance, and a visit of the Wisconsin History-mobile are part of the show.

An area events calendar published in The Daily News Saturday points up the wealth of entertainment in store for Southeastern Minnesota and Western Wisconsin through next October.

Vacationers will not have to look farther than the immediate vicinity for wholesome, lively activity and certainly the stay-at-homes will not lack for something to do in the way of summertime fun.

Starting with the Arcadia event this weekend, communities of this region will offer some of the best promotions to be found anywhere in the two states. Governors of both states will speak in the area within the next few weeks and there are the usual array of centennial celebrations, state conventions and county fairs.

Gov. Orville Freeman of Minnesota speaks at the Wabasha County Dairy Day at Plainview June 8 and Gov. Walter Kohler of Wisconsin has announced plans to attend the Mondovi Centennial June 22-26.

In all, more than 40 events of more than local interest are now listed on the calendar with others to be added as they are announced. Among the top attractions are a state firemen's convention at Lake City, June 13-16; centennials at Mondovi, Blair, Spring Valley and Mazeppa; Winona Steamboat Days, July 8-10; the state American Legion convention at Rochester, Aug. 4-7 and the county fairs.

Dairy foods promotions have become traditional in June, national dairy month. Five shows have already been listed in this vein during June and more are to follow. In Winona County, festivities will continue for a week and are to include a county-wide cake baking contest, Southern Minny baseball game and coronation dance with a nationally prominent band providing music. County candidates for Princess Kay of the Milky Way will be named at festivals in Wabasha, Houston and Winona counties.

Midways with concessions and carnival rides will be a part of the summer scene in nearly every community of this area at one time or another. Big name speakers and entertainers are booked for many of the events.

All of this fine entertainment coupled with the best in scenery and outdoor living facilities should make this area a vacation wonderland in 1955.

British Have Own Fight With Reds

By GEORGE E. SOKOLSKY

LONDON — The Britishers I have talked to already, party leaders, business men, officials, take it that Americans are obsessed on the subject of Communism. They feel that we make too much of the subject. They say that they have had their troubles with their own Communists longer than we have. The Communist party is open in Great Britain and some 17 candidates are running for Parliament. It is expected that none will be elected. Only two labor unions are Communist dominated; the Electrical Workers Union is the largest and most important. It is taken for granted that there is a Communist infiltration of their unions and the present scourge of wildcat strikes is attributed to Communist agitation in the unions. There is fear of a dockers' strike, due to this cause, which could be very damaging to the British economy. Nevertheless the general attitude is that it is not worth the effort to do much about the British Communists. When I speak of Dr. Klaus Fuchs, of Burgess and MacLean, I get the answer that there will be a wormy apple here and there and that Scotland Yard is an efficient organization in which everybody has confidence.

THE TRADE UNION people say that they can handle any situation involving a "closed" Communist, by which I take it they mean one who has gone underground and plans to achieve a measure of success by infiltration. They also have great faith in what they call "British character." Nevertheless, they do have strikes, for no better agitational reason, at a period of full employment and good wages for here. The principal infiltration of Communists is in the trade unions and in some universities. It is not very seriously taken. The trade unions feel that when a Communist shows his hand they will be able to throw him out. If he does not show his hand, what good is he to the Communists? The intellectuals who tend toward Marxism are looked upon as intellectuals who wander into the Garden of Eden without much of a compass.

I have not discovered whether there is much infiltration in radio or the newspapers. Radio or television is not anything like what we have in the United States because, being government owned, it is very closely controlled. An independent commercial television company is about to come into existence. Generally speaking these media of communications take on the official attitude of the government, although ample time is given to the opposition. The division of time seems to be very fair. The attitude toward Russia and Red China is very different from ours. The British do not like the Russians and much less the Red Chinese. Nevertheless, they say that these countries exist. They are upon the earth. They have large populations. It is impossible not to deal with them.

CHIANG KAI-SHEK is unpopular here, not because they have anything against Chiang personally but because he complicates the entire Asiatic problem from a British point of view. They feel that the Kuomintang has had its day. At any rate, they are more concerned over India, Malay, Burma, Pakistan, Ceylon, Indonesia and they want to remove obstacles to the strengthening of opposition to Red China (I must make the point here that I am not quoting anybody because I wanted to learn what others thought and believed and I have been given opportunities to see many men who will not speak frankly if there is the remotest chance of attribution, direct or indirect. Therefore no indication is given in any of these articles of sources).

To return to Red China and Soviet Russia, the British recognize officially and unofficially that both are here to stay and that nothing can be done about it short of war. They do not want war. Therefore, they say that a way must be found to live together as much as there is a distaste for it. There is no difference of view on this subject between the Conservatives, the Socialists and the Liberals. And none of them understand the American abhorrence for Soviet Russia and Red China. When told that we did not recognize Soviet Russia from 1917 to 1933, therefore, why must we recognize Red China, there is a shrug of the shoulder. The British do not do it that way.

Drug Firms Reap Profit On Vaccine They Ignored

By DREW PEARSON

WASHINGTON — To understand the whole involved, mixed-up story of the Salk vaccine you have to go back about a year when Dr. Salk first gave his "field" tests to about a quarter of a million children.

Before that he had given the vaccine to his own children and shortly after the field tests he became so confident of its success that he approached various drug companies asking them to begin

wholesale cost in the United States of \$4.20 to \$4.50.

"The announcement of Salk's success on April 12 found Canada with a program," Sen. Neuberger states. "The government of the great United States had none."

"The Canadian government bought up the entire production of the Connaught Medical Research Laboratories, and as a result, sufficient supplies have been available in Canada."

Neuberger might have added that one month prior to April 12, Dr. Martha Eliot, director of the Children's Bureau under Mrs. Hobbs, warned that some action should be taken to prepare for the national distribution of Salk vaccine.

So did Dr. Leonard Scheele, the surgeon general, Mrs. Hobbs, however, ignored the advice.

Ringling Brothers' Okapi The Ringling Brothers, who featured a big extravaganza spectacle on the life of Ike Eisenhower in 1953, aren't feeling too happy about the Ike Administration today. Reason is okapi.

Not many people know okapi. And the reason they don't know okapi is that there's only one in captivity. That one is supposed to be touring with Ringling Brothers, Barnum & Bailey. He's listed in the circus program and given a big ballyhoo. But he isn't under canvas. Instead he's up in New Jersey in the Agriculture Department quarantine station, kept there by brother Ezra Taft Benson.

An okapi, only discovered about 20 years ago, is an African quadruped that has stripes like a zebra around its neck and hind quarters, but otherwise has some of the mixed characteristics of a giraffe and a wild bull.

This particular okapi is being quarantined because Benson's boys claim it comes from a hoof-and-mouth-diseased part of Africa. However, it's been in quarantine 60 days in Africa, 60 days in Hamburg, Germany, and 60 days in New Jersey. So the Ringling brothers think that's enough to shed any of its bacteria—if there ever were any.

Sen. Milton Young of North Dakota has written the Agriculture Department protesting about okapi, but the Benson boys are adamant.

However, aside from okapi's absence, the circus this year seems bigger and better than ever.

Rather Holes In Socks Than In Your Head

By HAL BOYLE

NEW YORK — Little broad-jumps to big conclusions—or snap judgments a guy couldn't prove in court.

If a man can't be taught by experience, he can't be taught. Some people will swallow anything. Digestion is the more difficult art.

If animals had pockets like people, they'd have as many worries, too.

A fellow who is always borrowing someone else's pocket comb rarely makes lasting friendships. It is better to have two holes showing in your socks than one in your head.

Four out of five times it is more expensive to buy a dinner for a small woman than a large one.

When a girl cozily murmurs "I don't really eat, I just peek at food," you can bet on it that the bird she peeks like isn't a wren but an ostrich.

There are more secret eaters in America than there are secret drinkers.

Heavenly Literature Some of the most religious people I know also regularly read astrology magazines. In heaven's name, why?

Maturity begins the moment you discover something you want that money won't buy.

People often feel sorry for a poor devil; they rarely express sympathy for a rich saint.

A critic is a guy who can criticize food even on an empty stomach.

A waiter's observation: "In the most interesting understandings reached at a restaurant table the knees do all the real talking."

Any red-haired girl who ends up a spinster simply doesn't like men. You're only old once.

Social climbers always remind me of a racehacker bum who won't pick up cigarette butts anywhere except at the \$50 window.

Bigotry is the most revolting form of poverty; it is the only sign of snobbishness a mental pauper can afford.

Women rarely realize they are sometimes most attractive when they're messed up—but never attractive if they're always messy.

Nothing is more maddening than to have a stranger ask you how to get to a destination—and then see him deliberately walk off in the opposite direction.

A woman is reconciled to middle age if she will admit she remembers when Mary Pickford wore curls.

Bachelor Slighted A bachelor never married because he has missed. His married friends don't know what he has missed either. But they do like to guess.

For some reason a man who works a crossword puzzle every day seems to me the kind of guy who also would still buy a pair of high button shoes if the right salesman came along.

Girls who take off their shoes at cocktail parties usually haven't read any good books lately.

A fellow who is always talking about what he'd do if he had his life to live over again probably doesn't know what real living is anyway.

No parent is more suspicious of his daughter's suitors than a father who happens to own a liquor store.

A clear case for psychiatry is the guy who, no matter how good a story you tell him, always replies, "Listen to this one—it'll top you."

Most people are too narrow-minded to appreciate a sense of humor in an undertaker.

Nothing I know of is more forlorn than a small boy without a hero.

Russians Now Building Long-Range Bombers

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (A)—A year ago Secretary of Defense Wilson said he thought the Russians were building a "defensive" air force. If that was right the United States, which had been building long-range bombers that could attack Russia, seemed safe.

But now comes word from Wilson that the Russians have made enormous strides in building long-range bombers which could be used to attack targets far from Russia. Did this mean the Russians were ahead of this country? At once a dispute began; one word led to another. This is it:

May 12—Sen. Symington (D-Mo), who was secretary of the Air Force under President Truman, said the country's military program "is menaced by a deliberate policy on the part of the government" of withholding information.

May 13—The Pentagon issued an announcement, with White House approval and based on an analysis of Air Force intelligence reports made after the Russians flew a group of planes over Moscow recently.

The statement said the Russians were cutting into this country's lead in the production of heavy, long-range and medium jet bombers.

May 17—Symington said Wilson had underestimated Soviet air strength. He said the United States, "along with the rest of the free world," may have lost control of the air.

May 18—President Eisenhower told a news conference "it is just not true" that this country "has lost in a twinkling all of this great technical development and technical knowledge as well as the numbers in our total aircraft."

May 20—An Air Force officer, Lt. Gen. Thomas S. Power, toned down a prepared speech saying the Soviets have "resources in manpower and materiel we could not possibly match" and that the Russians have the world's largest air force.

May 20—Twining acknowledged the Russians are building a mighty bomber force which "could attack us."

May 24—Yesterday Wilson read a formal statement to newsmen. It said this country is maintaining a "military capability superior" to that of Russia. The Wilson statement was a far cry from the optimistic view of a year ago that the Russians were building a "defensive" air force.

Advice on Health

Sneezing Is Symptom of An Allergy

By H. N. BUNDESEN, M.D.

Do you sneeze all year long? Is your nose frequently stuffed up? Does it seem that you've got hay fever the year round?

If this is your trouble, you've probably got perennial rhinitis, an allergy very similar to hay fever. However, the symptoms are milder, and you suffer during all 12 months instead of just in the summer and fall.

If you've got perennial rhinitis, you may be sensitive to a variety of things: House dust; dander from cats, dogs and other animals; certain foods; pollens from plants.

Again, the source of the trouble may be found in your job. Frequently, vapors and dusts in various manufacturing plants are responsible for this allergy.

While sneezing may be the only sign of the disease, the nose is usually stuffed up and has a thin watery discharge.

In many cases it is difficult, if not impossible, to determine what you are sensitive to; but skin tests will usually show the source of your trouble.

Simply avoiding the substance to which you are allergic will bring quick relief in most instances, or, ordinarily, if your trouble is caused by certain foods or animals, it will be easy to remedy; but it's another matter if your allergy is something you can't very well escape, like pollens or dusts.

Then, your best bet is desensitization shots.

Cortisone, the hormone which has been used in treating arthritis, will also help sufferers of perennial rhinitis, and there are a number of other drugs. Nose drops, containing ephedrine and similar preparations, usually are effective.

QUESTION AND ANSWER J. K.: I have cramps in my legs nightly. Is there anything that might be of help?

Answer: Night cramps usually can be controlled very well by the use of quinine. However, this drug should be taken only under the direction of a physician.

Siamese Twin Given Only Slight Chance

NEW ORLEANS (A)—Doctors at Charity Hospital hold only faint hope for the survival of a Siamese twin girl, separated from her sister in a three-hour operation.

One of the girls born to Mrs. Leaneau Luckworth, 20, in Grafton, Miss., Monday died on the operating table yesterday. Dr. W. T. Newson, director of the hospital's premature infants center, said the surviving twin was doing "fairly well considering."

He said the girls were joined at the abdomen and pelvis.

The father is a 26-year-old Gulfport presser.

Texas Governor's Wife Has Mumps

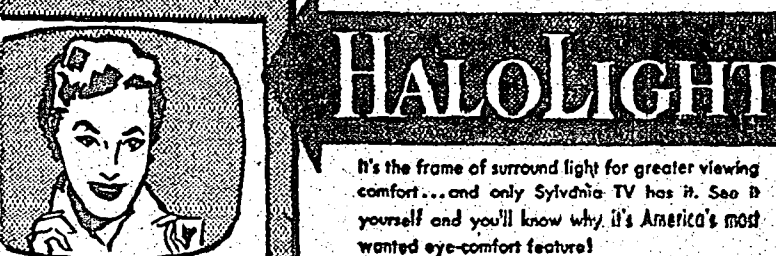

AUSTIN, Tex. (A)—Mrs. Allan Shivers, wife of Texas' governor, is confined to the governor's mansion with the mumps.

The Shivers family began its bout with the disease three weeks ago when Marialice Sue (Cissy) Shivers, 8, contracted it.

Neither the governor nor the three Shivers sons have had the mumps, a mansion spokesman said, but the governor was confined yesterday with what doctors said was a "light case of influenza."

Shivers was expected back in his office today.

Judges Walk Out On Sheppard's Sister-in-Law

CLEVELAND, O. — Mrs. Betty Sheppard, the silver-haired young sister-in-law of Dr. Samuel H. Sheppard, had her say in Appeals Court yesterday. But the judges walked out on her.

The strikingly attractive woman abandoned the placid composure she maintained throughout her brother-in-law's long murder trial. She spoke, not in his defense, but on behalf of her husband Dr. Stephen A. Sheppard.

She started from her chair as the three-judge Appellate Court ended two days of argument on Sam Sheppard's appeal from his conviction for second-degree murder in the bludgeoning of his wife.

"Mar I say something?" she called out.

Presiding Judge Julius M. Korchak shook his head, turned his back and he and his colleagues strode out of the courtroom.

Mrs. Sheppard walked to the trial table and addressed assistant prosecutor Saul S. Danaceau. Danaceau earlier had told the court Dr. Steve had tried to divert attention during the investigation of Marilyn Sheppard's murder by telling police about many suspects, all of whom proved to be "hoaxes."

Dr. Steve's wife told Danaceau her husband never accused anybody of the killing. She said he merely gave his ideas to police, who solicited them.

"I want you to make that clear," she demanded. "I want that put into the record."

Danaceau, too, turned his back on her. She gave up and left the courtroom.

Officials Probe Break in Dam

DAHLONEGA, Ga. — Officials planned to resume their investigation today in efforts to learn what caused a dam to break and pour a devastating flood on a mountain valley.

The break came without warning yesterday. Witnesses said a wall of water estimated at 25 feet high roared through the little valley astride U.S. Highway 19 at the foot of the Blue Ridge Mountains near Neel's Gap in north Georgia.

No casualties were reported but two houses and two automobiles were demolished and eight buildings were damaged. At one farm, 4,900 baby chicks drowned.

Several residents had narrow escapes. They raced for a hilltop and reached it safely just as the torrent surged past.

Sheriff J. R. Gibson, of Lumpkin County, who headed the investigation, said the earthen private dam "simply broke." He said water pressure could have caused the 50-foot-wide break.

The dam, built 15 months ago for irrigation and recreational purposes, was owned by J. J. Ravan, who operates a store and tourist court. Four units of the tourist court were damaged.

Odd Fellows Honored at Whitehall were, left to right, seated, Fred Guse, H. J. Aleckson, R. J. Walters of Mauston, grand master; Richard Fromm and Reuben Rasmussen, and standing, Paul Van Horn, W. E. Harlow, John Beaty, P. M. Paulson, H. D. Briggs and B. M. Engen. (Ruth Rogers photo)

10 Odd Fellows Cited at Whitehall

WHITEHALL, Wis. (Special)—Ten men who have been members of the Independent Order of Odd Fellows here 25 years or more received emblems in a ceremony at City Hall here Monday evening.

Following the program in their honor, the group, including wives of Odd Fellows, Rebekahs and husbands, adjourned to the lodge rooms where lunch was served.

Those honored were Fred Guse and Richard Fromm, 25 years; H. J. Aleckson, 27; Reuben Rasmussen, 26 years; Paul Van Horn, 43; W. E. Harlow, 40; John Beaty, 36; P. M. Paulson, 35; H. D. Briggs, 30, and B. M. Engen, 28.

Two members who were eligible for emblems, Scott B. Nichols of Lansing, Mich., and Otto Heller of Winona, were not present. H. N. Larson will be eligible for his 25-year emblem next December.

The emblems were conferred by R. J. Walters, Mauston, grand master for the state. He also gave an address.

Paul Van Horn was in general charge of the program, which was arranged by Ray Shanklin. Audrey Mueller contributed a vocal solo. Ronald Spangberg gave an interpretation of "Casey at the Bat," in costume; Everett Olson and Ervin Herness, Everett Olson and Merlyn Kleib, as a barbershop quartet sang "Coney Island Babe" and "All Kinds of Women"; Mary Carolyn and Betsy Mattson as a trio sang "Goodnight Sweetheart"; Colonel Larson entertained with a circus act, and Marie Sylla and Sheri Bloom of Elk Creek gave a Spanish dance and song, accompanied by their 4-H club leader, Mrs. Helen Bautech.

Among the guests were 14 from Neillsville, eight each from Alma Center and Augusta, two from Humboldt, Paul Baer from Utica, Minn., formerly of Whitehall, and 31 from Whitehall.

Strauss Calls Atom Weapons Ban Trap

KANSAS CITY, Mo. — Lewis L. Strauss says a "bare agreement" to outlaw atomic weapons would be a trap at the present time.

The chairman of the Atomic Energy Commission told a dinner gathering last night: "The hostile climate of world affairs and the menaces from those who would destroy freedom in order to expand their own godless ruthless philosophy, have compelled us to develop and stockpile atomic weapons—in simple self-defense."

Houston Co. Teachers Elect La Crescent Man

LA CRESCENT, Minn. (Special)—New officers of the Houston County Teachers Association, installed here Monday evening, included Alvin Grob, La Crescent, president; Clair Rood, Brownsville, vice president, and M. Potratz, Caledonia, secretary-treasurer.

Leonard Anderson, employed by a La Crosse radio station, spoke and the Nameless Four barbershop quartet entertained the 70 persons attending.

Vaccine Cleared By U.S. Safe, Dr. Scheele Says

WASHINGTON (AP)—U.S. Surgeon General Leonard A. Scheele today cleared the safety of Salk anti-polio vaccine already used in mass inoculation of schoolchildren—with the exception of two suspected lots made by Cutter Laboratories.

Scheele said last night he has "every confidence" in all supplies cleared after a Public Health Service doublecheck of manufacture.

He said further announcement concerning vaccine still awaiting clearance "can be expected soon."

This may indicate when the inoculation program can get back into full swing.

In an earlier statement, Scheele mentioned 56 cases of paralytic polio as having occurred among children injected with Cutter vaccine. He said there was "strong presumptive evidence" that there was a cause and effect relationship between the cases of paralytic polio and the two lots of Cutter vaccine out of the nine released.

However, he said tests of the Cutter vaccine "continue in progress." And in Berkeley, Calif., the Cutter Laboratories put out a statement saying, "It is our understanding that this is an interim statement and not a final report."

The final determination of it is yet to be made by the U.S. Public Health Service.

All Cutter vaccine has been kept out of use for nearly a month, pending the outcome of these tests.

And in an apparent general reference to the possibility of additional postinoculation cases, Scheele said:

"To the extent that a single injection of vaccine is not fully effective, a few vaccinated children may be expected to develop paralytic poliomyelitis as some did in the 1954 field trial period."

About six million youngsters already have received first shots in a three-shot series, Basil O'Connor, president of the National Foundation for Infantile Paralysis, said yesterday.

The foundation expects to be able to get enough vaccine to complete second shots for first and second-graders by June 30, "if the National Institutes of Health releases it." The foundation is paying for the mass inoculation program.

Short Wave Radio Helps Driver Refuel

TRUTH OR CONSEQUENCES. N.M. (AP)—Hugh Munn ran out of gas 40 miles north of here yesterday and got help by way of Sacramento, Calif.

Munn sent an SOS on a short-wave radio he has in his car. An amateur radio operator in Sacramento picked it up but wouldn't believe there was any such place as Truth or Consequences.

Munn finally convinced him. The ham operator called long distance to Truth or Consequences and found a gasoline station, through the phone company, that gave road service.

An attendant delivered 10 gallons of gas to Munn.

Philadelphian Full Of Feminine Anguish

PHILADELPHIA (AP)—That feminine moan of anguish emanating from this City of Brotherly Love is coming from the General Federation of Women's Clubs.

Many women came to the General Federation's annual convention with new hats trimmed with flowers, feathers or do-dads.

But they are having to leave those bonnets in hat boxes.

Mrs. Theodore S. Chapman, General Federation president, ruled that delegates must come to the convention sessions bareheaded so that rear-row sitters can see.

Navy Officer's 'Crew' Ups Anchor

LOS ANGELES (AP)—Retired Navy officer Charles B. Day may have run a "tight ship" at his home but the crew finally mutinied.

The "crew," Day's wife Loretta, won a Superior Court divorce yesterday. She testified before Judge Louis H. Burke that Day, a former lieutenant commander, insisted the home be run like a ship. She said: Day called his den "officers' quarters" and she could not enter when red, white and blue pennants were flying.

He insisted on "a clean sweep down fore and aft."

In the settlement Mrs. Day was awarded the couple's furniture, a car and \$1,800 as her share in community property. Day, who had also asked for a divorce, was awarded the family home.

Narcotics Charges Against Singer Dropped

LOS ANGELES (AP)—Narcotics charges against Frances Faye, 42, night club singer and recording star, were dropped yesterday in Superior Court. Judge Clement D. Nye found Jerome Raff, 33, with whom Miss Faye was arrested last Jan. 18, guilty of possession of marijuana. Judge Nye set June 23 for Raff's probation hearing and sentence.

U.S. Agrees To Loan U.N. Own Charter

By WILLIAM N. OATIS
UNITED NATIONS, N. Y. (AP)—With some legal trepidation, the United States has agreed to let the United Nations borrow the U.N. Charter.

The charter, basic document of the U.N., was signed at San Francisco June 26, 1945. The U.N. will mark the 10th anniversary there next month, and wanted to exhibit the original document.

A problem then arose: How to get it. The United States has it in Washington under an arrangement the charter itself spells out. Article 111 provides for deposit "in the archives of the government of the United States of America."

The U.N. had no home of its own when that was written; it was natural that the charter be turned over for safekeeping to the government that was host at the organizing conference.

Recently the U.N. asked the United States to lend the charter for exhibition at San Francisco.

Arrangements to do that are being made. The charter will be on display in the Veterans' Memorial Hall, where it was signed, next door to the opera house, where it was drafted.

No Clue Found To Missing Child

KALAMAZOO, Mich. (AP)—Long hours of searching by nearly a thousand persons left police still without a clue today to the whereabouts of 8-year-old Jeannie Singleton.

Darkness last night interrupted the hunt for the pert, brown-eyed second-grader, but police said they would continue to comb city streets and neighboring woodlands and swamps.

Little Jeannie, her right leg crippled by rheumatic fever, vanished Monday afternoon on her way home from school. Police fear she may have been abducted by a sex deviate.

Ex-Winonan Named Class Salutatorian

Ronald Conrad Ringlien, son of Mr. and Mrs. Earl C. Ringlien, former Winonans now living in Corpus Christi, Tex., has been named salutatorian of his high school graduating class.

Ringlien is a member of the National Honor Society, vice president of the student council and a member of the varsity basketball team. He plans to study metallurgy at Notre Dame University. Ringlien is a grandson of Mr. and Mrs. Constant Soback, Winona, R. 1.

Defeat Foreseen For British Reds

LONDON (AP)—Seventeen Communists are running in tomorrow's election. All appear headed for defeat.

Since 1900 there have been only four Communist members of Parliament. The last two failed to survive the 1950 election. That year they ran 100 candidates and polled 102,780 votes of the 28,789,477 total. The next year, when the Conservatives regained power, the Reds trimmed their list to 11 and received 21,640 votes of the 28,596,695 total.

ATTEND MASS
CALEDONIA, Minn. (Special)—Mr. and Mrs. Eugene Schiltz and children, Mr. and Mrs. Peter G. Schiltz and daughter, Mrs. Richard Wadenburg, Mr. and Mrs. Rainier Klug and Mr. and Mrs. Linus Ernster, Caledonia, and Mr. and Mrs. Joseph Wieser and Mr. and Mrs. Bernard Wieser attended the first Mass of the Rev. John Lemke at Menomonie, Wis., May 17. He is a brother of Mrs. Eugene Schiltz and Mrs. Bernard Wieser. Mrs. Wieser, soloist, sang "Panis Angelicus" during the Mass.

South Africa produced 30 1/2 million tons of coal in 1953, valued at more than the diamonds mined there the same year.

Denver Police Avert Campus Panty Raid

DENVER (AP)—Eight police cars averted what officers said appeared to be a panty raid in reverse on the Regis College campus last night.

The Rev. Francis Malecek, dean of men at the all-male Denver school, said a horde of girls swarmed on the campus, singing, yelling and screaming around the dormitories and classrooms.

The girls were believed to be from Loretto Heights College, an all-girl school here, one officer said.

The Rev. Mr. Malecek said he and other faculty members asked the girls to leave the campus. When they refused, he called police.

The girls fled when the first police cruisers arrived.

Phone Brings News Of Husband's Death

WEYMOUTH, Mass. (AP)—Joseph Guigi, 42, an electrical engineer, telephoned his wife in Bangor, Maine, yesterday and advised her: "Listen very carefully."

Mrs. Anna Guigi, 38, said that those words were followed by a shot, and then silence.

She telephoned Weymouth police, who went to the Guigi home and found the husband dead of a bullet wound in the head.

Mrs. Guigi and her four children were visiting friends near Bangor.

Ford Readying 'Package Offer'

DETROIT (AP)—Negotiations between Ford Motor Co. and the CIO United Auto Workers were adjourned today while Ford reportedly made ready a "package offer" to the union.

Ford is expected to make its comprehensive counterproposal tomorrow to the union's demand for a guaranteed annual wage for the company's 140,000 production workers.

UAW negotiators, headed by President Walter Reuther, agreed at noon yesterday to a 1 1/2-day recess, presumably to give Ford representatives time to put their new offer into writing.

Both the company and the union declined to discuss the latest developments.

With the expiration date of the auto workers' five-year contract with Ford only a week away, the tempo of negotiations gradually is gaining momentum.

The U. S. birth rate which reached a low of 18.4 per thousand in 1933, climbed to 26.6 per thousand in 1947, a record for recent years.

Christmas Seal Unit Meeting on June 1

The annual dinner meeting of the Winona County Tuberculosis and Health Association (Christmas seal organization) will be held June 1 at 6:15 p.m. at the Williams Hotel.

An information panel, consisting of Miss Patricia Leary, supervisor of public health nursing for the city of Winona, and staff members from the state TB association will discuss "The Dangerous Age of TB."

Included in the affair will be a short business meeting of the county association.

Missing Connecticut Vaccine Located

NEW HAVEN, Conn. (AP)—The mystery of 140 vials of Salk polio vaccine missing from the local health department has been cleared up. It was found 130 had gone to Meriden and the other 10 were accounted for here. Meriden, one of 23 communities receiving vaccine through New Haven, was given 345 vials instead of its allotted 215.

DENVER (AP)—His wife sued Patrick Henry for her liberty yesterday. Mrs. Mary Henry filed suit for divorce in District Court, charging "extreme and repeated acts of cruelty." Henry operates an inn at Aspen, Colo.

Hong Kong has become an important motion picture producer, with 200 films in 1953 filling the demand for features with Chinese sound tracks.

Official Remembers His Loyal Supporters

ELIZABETHTOWN, Ky. (AP)—Even in death H. B. Fife remembered the people who kept him in office 40 years.

His estate, valued at more than \$250,000, will go to Hardin County, where he served as judge, magistrate, sheriff and deputy sheriff.

The will stipulates that income from the estate should go for road building, construction of an airport, a county jail or courthouse.

The principal must be held in trust by the county.

Fife, who died May 15 at 82, never married. He had only one known survivor, a niece living in New York City.

Let TCP re-power your engine over Memorial Day weekend

By neutralizing lead and carbon deposits, Shell Premium Gasoline with TCP* re-powers your engine in 400 miles or less.

Your engine can be delivering power you thought it had lost forever—by the time you get home from your trip.

Before you've used two tankfuls of Shell Premium Gasoline with TCP—you will have re-powered your engine.

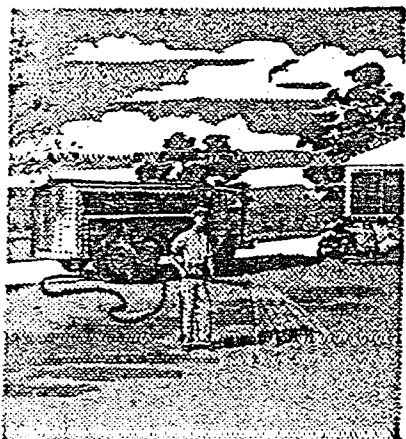

That's how quickly "the greatest

gasoline development in 31 years" goes to work. And to get these benefits you don't so much as touch a tool!

As you drive, Shell Premium with TCP automatically neutralizes the increased engine deposits formed by today's "around town" short-trip driving, which cause pre-firing—a major source of power loss.

Continued use of Shell Premium with TCP is essential to halt pre-firing and for you to obtain the full benefits of high octane gasoline. It's the most powerful gasoline your car can use.

2 Witnesses Admit Lying To Senators

WASHINGTON (AP)—Sen. Mundt (R-S.D.) said today a "mystifying fabric of falsehoods" is clouding the record of a Senate search for graft in buying of uniforms for the armed forces.

Nothing that two witnesses before the Senate investigations subcommittee on which he serves have admitted lying under oath, he said, conflicts in the testimony of others shows some of them also "are trying to deceive us."

"This is awful," he said. "It's a terrible spectacle." He said any government worker caught trying to deceive the subcommittee "ought to be fired."

One witness was fired late yesterday. The Army announced the immediate dismissal of David Pollock as a contract analyst for the Quartermaster Corps in Philadelphia—a job paying between \$5,840 and \$6,840 a year.

The announced reason was that Pollock's testimony yesterday "differed from testimony he gave in a previous closed session" of the subcommittee. Pollock had conceded that, but he disputed testimony from another witness that he had taken money from a private firm dealing with the Army.

Ettrick Boards Buy Resuscitator for Fire Department Use

ETTRICK, Wis. (Special)—Ettrick village and town boards, meeting Monday evening, voted to purchase a resuscitator for the Ettrick volunteer fire department.

Pigeon Falls fire department, present at the meeting and demonstration, also plan to buy a resuscitator. Demonstrating the machine was Charles T. Wesson of Chicago. Ettrick Boy Scouts also saw the demonstration.

Knights Templar Elect Officers

New officers were elected and installed at the Masonic Temple Tuesday evening by Cœur de Lion Commandery 3, Knights Templar.

Maurice A. Miller was chosen commander for the year. Other new officers are: William Green, generalissimo; Harold Gates, Captain general; S. F. Reid, senior warden; Kessler Miller, junior warden; S. A. Boyd, recorder; C. B. Erwin, treasurer; George W. Engstrom, prelate; Ernest Butterfield, standard bearer; Edward Blah, sword bearer; Carl Opsahl, warden; and Hubert Beth, sentinel.

The new officers were installed by former commander Jalmer Martinson. He was assisted by past commander Arthur McDonald as installing marshal.

Next meeting of the commandery will be at the Masonic Temple June 28.

Bemidji Lets \$869,000 Sewer Project Contracts

BEMIDJI, Minn. (AP)—Two Minnesota firms will start work soon on an \$869,000 sewer project here under contracts awarded Tuesday night by the council.

The project includes laying of new lines to cover the Nymore district, and the rebuilding and modernization of the sewage disposal plant. The job is expected to be completed by next spring.

Included is a 2,100-foot line to carry effluent from the sewage plant into the Mississippi River below the city instead of into Lake Bemidji as at present.

U.S. Awaits Moscow Note on Big 4 Talks

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The State Department is awaiting an official note from Moscow before deciding what is Russia's real approach to arranging a top-level Big Four conference.

Meanwhile, it is becoming clear that great difficulties lie in the way to solving major problems with the Soviets. Even what kind of Big Four meeting appears to be in dispute.

The Western Powers two weeks ago invited Russia to join in the session, which would bring together President Eisenhower and the premiers of Russia, Britain and France. A definite Soviet reply was expected by this time.

But over the weekend the Communist newspaper Pravda sharply attacked the idea that the meeting should last only about three days, as the West has proposed. The Russians said that was not long enough to deal with problems of substance.

The nature of the problems themselves is becoming plainer and hope of quick progress is waning somewhat.

The Soviets, for example, have attacked Dulles and Eisenhower for broaching the idea of discussing the Soviet satellite states in Eastern Europe.

On the other hand, the Soviets recently advocated a kind of unarmored neutrality for Germany. Dulles rejected at his news conference yesterday any policy of neutrality for that country, whose Western portion is now allied with the Western Powers.

Wisconsin School Milk Applications Delayed

ALMA, Wis. (Special)—Buffalo County Superintendent of Schools J. S. Sahrweide has announced that there will be a delay in mailing applications for participation in the 1955-56 school lunch and school milk programs.

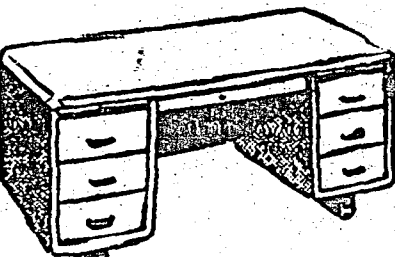

"Insufficient information at the present time concerning operating details in the coming years," was listed by Sahrweide as the reason for the holdup.

"There is a very strong possibility," he continued, "that there will be a very significant change in the operation of the school milk program. For this reason the State Department of Public Instruction is not in position to print forms at this time."

Sahrweide indicated that the forms will be printed and mailed out as soon as complete information about next year's program becomes available.

Senate Ready For Voting on Highway Bill

WASHINGTON (AP)—The Senate begins voting today on the hotly disputed highway bill with Democrats confident they can defeat Eisenhower's plan.

Sponsors of the Democratic bill predicted it would win final passage by late today or tonight.

Republican leaders were ready to offer the President's road-building proposal in place of the

Democratic bill sponsored by Sen. Gore (D-Tenn.). But they conceded privately this move had little chance of success. Rather, they were pinning hopes on a plan to send the Gore bill back to the Public Works Committee and thus shelve it for the time being.

The administration is counting on getting much more support in the House.

As the test neared, Sen. Byrd (D-Va.) fired a heavy salvo aimed particularly at financing features of the Eisenhower road plan.

In a prepared speech, he criticized proposals to set up what he termed a "dummy operation" to issue 30-year bonds and to earmark gasoline tax revenues to pay off those bonds.

Byrd said also the President's plan would:

Abolish the present formula for distributing highway grants to

states and turn over to the proposed federal corporation "absolute control over 40,000 miles of our most important roads."

Dry up for 22 years after completion of the interstate highway network—and until the bonds are paid off—all revenues from the federal gas tax.

Give toll road states "windfall" considerably.

refunds that could run as high as six to eight billions.

He said he favors repeal of the 2-cent-a-gallon federal gasoline tax so the states could take over that tax field. He said he also is for retaining federal aid highway grants at present levels. The Gore bill would increase such grants considerably.

Adlai Commends Women's Clubs for Interest in People

PHILADELPHIA (AP)—The General Federation of Women's Clubs gets down to business today and considers resolutions including one, calling for creation of a new U.S. department of consumer interest, that got a pat on the back from Adlai Stevenson.

Stevenson, in addressing the General Federation's convention last night, commended the clubwomen for their interest in "people" and noted that among their proposed resolutions was "the significant and novel idea" for the new department.

This department, which would be headed by a Cabinet secretary, would educate consumers and protect their interests.

In his speech Stevenson said the international scene was calmer and called for "a crashing effort" to control the hydrogen bomb as a way to permanent peace.

"Surely if we could afford a crash program to build the hydrogen bomb we can afford a crashing effort to control it," he said.

He said the opportunity may be at hand to boldly tackle arms control again.

Ike Attends Exhibition of Women's Gowns

WASHINGTON (AP)—A somewhat embarrassed President Eisenhower spent part of last evening looking at women's dresses—an exhibit of gowns worn by the nation's First Ladies.

The President tagged along with Mrs. Eisenhower as she formally opened the new display at the Smithsonian Institution.

Cornered by a fashion reporter, Eisenhower said that of all the gowns he liked the best "that one of Mrs. McKinley's with the high neck." He said he's old enough to be "old-fashioned."

The Eisenhowers also saw the dress Mrs. Eisenhower wore at the 1953 Inaugural Ball and the gown in which she was married.

Legion Post, Unit At Independence Name 'State' Youths

INDEPENDENCE, Wis. (Special)—Susan Schoenberger, daughter of Mr. and Mrs. Louis Schoenberger, and Jerome Pieterick, son of Mr. and Mrs. Charles Pieterick, have been named Girls and Boys stater by the Independence American Legion Auxiliary and the post.

Girls State alternate is Bonnie Holman, daughter of Mr. and Mrs. Ralph Holman.

Susan—who'll attend Girls State June 21-28—has participated in band, pep club, annual staff, library work, photography club, cheerleading, FHA, chorus, tumbling club, newspaper staff, forensics, dramatics and was a homecoming attendant and Sno Ball queen during her sophomore year.

Pieterick was president of the freshman class, belongs to the letterman's club, has worked on photography and conservation and is student manager of the baseball team. He'll attend Boys State June 11-18 on the campus of Ripon College.

Witness Says Murder Had No Preliminaries

RICHMOND, Ky. (AP)—"What's your name?"

"Barnett Masters, 24, pondered the impromptu question and replied: "I don't have a name. I'm a stranger here."

Then he reconsidered and added: "My name is Masters. What's yours?"

"My name is Dink Powell," came the reply.

Clyde McQueen, testifying yesterday at Powell's murder trial, said there was no argument; no other preliminaries when Masters was shot dead March 12 in a rural restaurant.

He said Powell "drew a pistol from his bosom" and shot Masters on the spot.

The trial continued today.

Business Mirror 3 Worries On Minds of Steel Men

By SAM DAWSON

NEW YORK (AP)—Top men of the nation's booming steel industry are in New York today with three immediate worries on their minds: wages, prices, expansion.

They have gathered for the annual meeting of the American Iron & Steel Institute. Formal discussions will be on the technical problems and accomplishments of the industry.

But in the corridors the earnest talk will be of what to do about wages, prices and expansion. What the steel industry does could help set a national pattern.

Wage talks with the CIO United Steelworkers open in a couple of weeks in Pittsburgh. Rumor has it that the union will ask for a wage increase of more than 16 cents an hour. Steel executives will have a chance here to compare ideas on how much management should offer. Some believe the settlement will be around 12 cents.

Steel wage talks start after the auto industry's bargaining deadline has passed.

A strike in the auto industry would cut off the steel mills' best customer. Or, a liberal wage increase there as a compromise on the auto union's other demands would be a strong talking point for the steelworkers in bargaining.

DOERER'S

Winona Firm Fined In Whitehall Court

WHITEHALL, Wis. (Special)—Cada's Ice Cream Co., Winona, appeared in justice court before P. M. Paulson here Monday and entered a plea of guilty to three counts: Offering by sale by its agent or representative at Independence one-half gallon of vanilla ice cream containing artificial coloring; offering ice cream for sale with a milk fat content less than 13 per cent of weight, and offering for sale a half-gallon of ice cream weighing less than 2.25 pounds by weight.

The company was sentenced to pay a fine of \$10 on each count or a total of \$30 plus costs of \$5, or 10 days in jail. Fine and costs were paid. Arrest was made following complaint of N. A. Otterdahl, Independence, April 11.

Mrs. Lois Docken, Galesville, was found guilty of failing to make the appropriate signal while turning her car and paid a \$10 fine and \$6.95 costs, which were received by Justice Paulson Tuesday by mail. Mrs. Docken was arrested May 18 in the Town of Gale by James Myren, Osseo, Trempealeau County traffic officer.

Small Tornado Does Damage in Georgia

MARIETTA, Ga. (AP)—A small tornado did considerable damage to buildings, automobiles and electric lines in a suburban area last night but no casualties were reported.

Small Tornado Does Damage in Georgia

Residents told of seeing a black funnel-shaped cloud approaching just before the terrific wind struck the residential and community shopping section about a mile northeast of Marietta.

A garage and a barn were demolished. Part of the garage later was found half a mile away. The wreckage had been blown directly over the community shopping center.

Arthur Dahl, Wife Honored By 100 Guests

PIGEON FALLS, Wis. (Special) —About 100 guests called at the United Lutheran Church parlors, Pigeon Falls, Sunday afternoon to congratulate Mr. and Mrs. Arthur N. Dahl in honor of their silver wedding anniversary. The Rev. C. K. Malmgren, Colfax, and Mr. and Mrs. Byron Klebig, Winona, were among the out-of-town guests, others coming from Strum, Blair, Whitehall, Osseo and nearby areas.

Mrs. Dahl received her guests in a navy afternoon frock with white and red trim. She wore a corsage of red roses. Her two attendants, Mrs. Clifford Melby, Blair, and Mrs. Sanford Folkeidahl, Whitehall, also wearing navy blue, were presented with corsages of pink carnations.

The bride's mother, Mrs. Charles Borreson, attended in a navy blue suit and Mr. Dahl's mother, Mrs. Albert Dahl, Pigeon Falls, was attired in a dark green afternoon frock. Both had corsages of pink roses.

Mrs. Dahl's sister, Mrs. Harry Melby, Blair, and Mr. Dahl's sister, Mrs. Timothy Bergum, Whitehall, poured, the other sisters of Mr. Dahl, Mrs. Ernest Goplin, Whitehall, and Mrs. Matthew Larson, Osseo, cut and served the anniversary cake. The Dahls' daughter, Sharon, was in charge of the guest book.

At the celebration given by relatives and neighbors, hostesses in the kitchen were the Mmes. Armand Burt, Helmer Neperud, Edward Goplin and Henry Jacobson, Pigeon, the Mmes. Harry and Clifford Melby and Ernest Borreson, Blair, and the Mmes. Ernest Goplin and Timothy Bergum, Whitehall.

Mrs. Dahl is the former Mamie Borreson, daughter of Mr. and Mrs. Charles Borreson, Blair. She was born in Larkin Valley. Mr. Borreson could not be present at the anniversary Sunday on account of ill health.

Mr. Dahl, native of the town of Pigeon, is the son of Mr. and Mrs. Albert Dahl, Pigeon Falls, both of whom were present Sunday.

The couple was married April 2, 1930, in Winona by the Rev. H. G. Wein. Their attendants were Miss Agnes Dahl, now Mrs. Sanford Folkeidahl, Whitehall; Miss Myrtle Borreson, now Mrs. Clifford Melby, Blair; Norman Skumlien, Leeds, N. D., and Neil Borreson, Blair. Mr. Skumlien was the only one of the attendants who could not be present.

Mrs. Dahl has three brothers, Clifford Borreson, Hixton and Neil and Ernest, Blair, and two sisters, the Mmes. Harry and Clifford Melby, Blair, who married brothers. Mr. Dahl has one brother, Raymond Dahl, Browns Valley, Minn., and four sisters, Mrs. Larson, Osseo and the Mmes. Bergum, Folkeidahl and Goplin, Whitehall.

The Dahls have two sons, Conrad, recently discharged after four years in the U. S. Navy and

Richard, who is still in the Navy, and is attending school at San Diego, Calif. They have one daughter, Sharon, at home. For the past ten years Mr. and Mrs. Dahl have resided at Pigeon Falls, where he is engaged in the electrical and heating business under the name of Art's Electric Shop. At present, he is building a new shop in Pigeon Falls.

Previous to that Mr. Dahl was employed as patrolman for the town of Pigeon for four years, as driver of a transport hauling cars out of Chicago for six years, as driver of a school bus for Abner Thompson, Whitehall, for three years. They have resided in the Pigeon area since their marriage.

New Library Rooms Viewed At Open House

CANTON, Minn. (Special) —Open house was held Saturday afternoon by the Pigeon Study Club in the new library location. Formerly located in one room in the rear of the post office building, the library is now upstairs over the municipal store where there is a magazine room, children's room and the main library room.

The rooms have been painted by the club members, blinds have been purchased and shelves built. The place will also be used for meetings of the council, Commercial Club and firemen. The library was started about five years ago, and now has a collection of varied reading material, supplemented with books from the state library. Miss Lila Young is librarian.

Oscar Fremstad Celebrate 45th Anniversary

PIGEON FALLS, Wis. (Special) —A gathering of relatives celebrated the 45th wedding anniversary of Mr. and Mrs. Oscar Fremstad at their farm home near Pigeon Falls Sunday. It was arranged by their only daughter, Mrs. Lloyd Fischer of the North Branch of Hale, who provided the anniversary cake and the flowers. Her daughter Dawn kept the guest book.

Mr. and Mrs. Fremstad were married May 21, 1910, at the United Lutheran parsonage, Pigeon Falls, by the late Rev. A. J. Oerke. Their attendants were Mr. Fremstad's sister, Miss Inga Fremstad, now Mrs. Elmer Dahl, Whitehall, and Mrs. Fremstad's brother, Alfred Nelson, Pigeon Falls.

Following their wedding they settled on the farm in Fuller Coulee which is now operated by their son Gerhard. Five years ago they moved to the 40-acre farm where they now reside.

They have three children, Mrs. Fischer, Gerhard, and Sylvester, Monrovia, Calif., and five grandchildren.

Both Mr. and Mrs. Fremstad are natives of Fuller Coulee. Mrs. Fremstad, 64, is the former Clara Nelson, daughter of Mrs. Janie Nelson, Pigeon Falls, and the late Stephen Nelson. She was born Nov. 28, 1890. Mr. Fremstad, 70, was born March 19, 1885, son of

the late Christ and Bastine Fremstad.

Mrs. Fremstad is one in a family of 12, all living. She has two sisters, Mrs. John Engen, Fuller Coulee, and Mrs. Sam Olson, Pigeon Falls, and nine brothers, Alfred Nelson, Pigeon Falls; Alvin, Taylor, Selmer, Northfield; Oluf and Hilmen, Daggett Coulee; Edwin, Fuller Coulee; Bennie and Theodore, Eau Claire, and George Nelson, Bellevue, Wash. All were present Sunday except George, Bennie and Theodore.

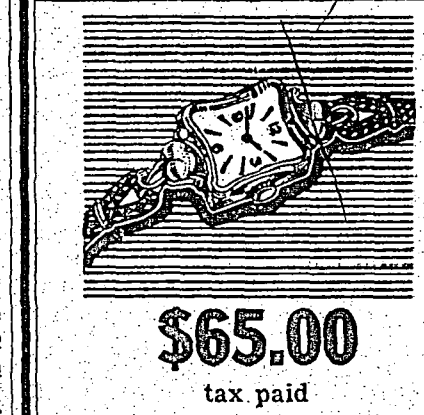

Mr. Fremstad has three brothers, Thomas and Helmer, Whitehall, and George, Fuller Coulee, and two sisters, the Mmes. Elmer Dahl and Ferdinand Estenson, Whitehall. Three sisters are dead, Mrs. Peter Skoyen, Pigeon Falls; Mrs. Alex Gobis, La Crosse, and Mrs. Agnes Hagen, Fuller Coulee.

A rose crepe afternoon dress was worn by Mrs. Fremstad as she received her guests Sunday afternoon. She and her attendant, Mrs. Elmer Dahl, who wore a gray polka dot frock, were presented with corsages of pink, blue and white carnations. Mrs. Fremstad's mother, Mrs. Nelson, 88, was attired in

black, and wore a corsage of yellow chrysanthemums.

Rev. K. M. Urberg, Wife Observe 25th Anniversary

BLAIR, Wis. (Special)—About 225 guests called at the First Lutheran Church parlors Sunday afternoon to extend congratulations to the Rev. and Mrs. K. M. Urberg on their silver wedding anniversary.

Mrs. John P. Johnson was in charge of the guest book. Mrs. H. J. Schansberg served the anniversary cake and Mrs. T. B. Johnson served the ice cream. Mrs. Keith Hardie and Mrs. W. E. Schroeder poured.

Mrs. Urberg received her guests in a horizon blue lace gown with white accessories. Her corsage of lilies of the valley, centered with an orchid, and the carnation boutonniere worn by Pastor Urberg were gifts from the Urberg children.

The Rev. Urberg was born and raised in Blair. After finishing the grades in the Blair schools, he entered Gale College, Galesville, where he was graduated in 1921. Upon graduation from Luther College, Decorah, Iowa, he studied for three years at Luther Seminary, St. Paul.

He was ordained June 17, 1923, by his father, the late Rev. S. S. Urberg, in First Lutheran Church, Blair, and served as assistant pastor for two years in First Lutheran parish. He has served as full pastor for 27 years.

Mrs. Urberg, the former Thea Hagen, was born in Erskine, Minn., and moved at the age of 1½ years with her parents, Mr. and Mrs. Adolph Hagen, to St. Paul, where she grew to womanhood. She was educated in the St. Paul schools where she studied piano and voice.

The couple was married May 3, 1930, at Christ Lutheran Church, St. Paul, by the bridegroom's father, assisted by the Rev. S. T. Reque, pastor of Christ Lutheran Church.

None of their eight attendants were present for the open house. The program for the afternoon included a reading by Mrs. Leonard Rogness and vocal selections by Miss Solveig Urberg, Soren Urberg and Howard Toflat. The serving table was laid in white and silver, and bridal wreath and lilies of the valley were used on the tables.

None of the pastor's brothers and sisters were present Sunday. A family dinner was held May 15, when Dr. and Mrs. S. E. Urberg, Duluth, Minn., Mr. and Mrs. Chester Anderson, Belgrade, Minn., and the Rev. and Mrs. O. G. Malmin, Minneapolis, were present. Dr. Urberg, a surgeon at St. Luke's Hospital, is a brother and the two women are his sisters.

On May 3 the couple's wedding day, the Rev. and Mrs. S. A. Urberg, Belgrade, Minn., served as host and hostess at a dinner party at one of the local restaurants. Mrs. Agot Juulsen, Dellwood, White Bear Lake, Minn., Mrs. Ur-

berg's nearest relative, also attended the dinner.

For more than 60 years the Urberg name has been a familiar one in Blair, especially in First Lutheran parish. The parents of the present pastor came here in 1893. At once the First Lutheran parish became mission-minded and work was begun at Prag, Wis. The work was started in Pine Creek in 1895, and continues to this day. The Rev. Urberg began mission work in Ettrick, the work continuing there until 1931, when the Ettrick congregation found parish alignment in the French Creek parish.

The Rev. K. M. Urberg's maternal grandfather, two of his uncles, his father, a brother and a brother-in-law have been or are pastors and his son is a student of theology.

The couple has two children, Soren, student at Luther Seminary, St. Paul, and Solveig, student at Luther College, Decorah, Iowa. Pastor Urberg who suffered a heart attack the early part of February, is making satisfactory recovery.

Bremen Ladies Aid Marks Anniversary

PLAINVIEW, Minn. (Special)—The 30th anniversary of the Bremen Ladies Aid was observed Wednesday at Trinity Lutheran Church. Three charter members, the Meses. R. O. Kujath, Augusta Fricke and William Kreutz, were honored.

The aid was organized on Ascension Day in 1919. The charter members and Mrs. Ida Waltman, also a long-time member, were presented with corsages and cards. After the business meeting, the symbols pictured in the church windows and their relation to the Christian religion were explained by the pastor.

Fran Delzer Wed In Ceremony at Eyota Church

EYOTA, Minn. (Special)—Miss Fran Marie Delzer, daughter of Mrs. Marie Delzer, Henderson, Minn., and David A. Moehnke, son of Mr. and Mrs. Arthur Moehnke, Eyota, were married Saturday afternoon at St. Paul's Evangelical Reformed Church, Eyota, by the Rev. Philip Schowalter.

Mrs. Floyd Stocker, organist, accompanied the soloist, Charles Von Wold. The altar was banked with baskets of bridal wreath. The bride wore a waltz-length dress of white silk shantung fashioned on princess lines with long sleeves and scoop neckline. A small cap held her veil, and she carried a bouquet of lilies of the valley centered with an orchid.

Miss Valoria Decko, Minneapolis, was maid of honor and Miss Janice Moehnke, Eyota, bridesmaid. They wore matching gowns of nylon net over taffeta in green and pink respectively, and carried pink daisies.

Marlowe Moehnke, Eyota, was best man for his brother and Donald Oliver, Rochester, was groomsmen, Dean Ihrke, Minneapolis, and Erwin Runecke, Eyota, ushers.

Following a reception in the church parlors, Mr. and Mrs. Moehnke left on a trip to the Black Hills and Yellowstone National Park. After June 1 they will be at home in Rochester.

The bride was graduated from Henderson High School and the bridegroom from Eyota High School.

The census bureau says that a housewife of our acquaintance maintains that this is always the case around spring cleaning time.

Marian Kinneberg Becomes Bride Of John Olson

SPRING GROVE, Minn. (Special)—Miss Marian Kinneberg, Minneapolis, daughter of Mr. and Mrs. Nelson N. Kinneberg, Spring Grove, and John H. Olson, son of Mr. and Mrs. Carl Olson, Minneapolis, were married at 2:30 p. m. May 22 in a ceremony performed by the Rev. Richard Hansen at Wilmington Lutheran Church.

Miss Russell Ober, accompanied by Mrs. Overt Dahle, sang "Wedding Benediction," "I Take Thee" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a ballerina-length white embroidered organdy dress, and carried white roses with blue accents. Her veil of silk illusion fell from a blue crown edged in embroidered organdy.

Miss Joyce Olson, sister of the bridegroom, was maid of honor. Bridesmaids were the Misses Lois and Lyla Kinneberg, sisters of the bride, and the flower girl was Lana Lee Barnes. They wore ballerina-length blue dotted swiss dresses with crystal trim, and carried white carnations.

Attending the bridegroom was John Berg as best man, Glenn Kinneberg, brother of the bride, and Herbert Taus were ushers. Mrs. Olson and Mrs. Kinneberg wore navy dresses with white and blue accessories and corsages of sweetheart roses.

A reception was held in the church parlors. The bride is employed as office manager at the Children's Home Society of Minnesota, St. Paul, and the bridegroom as a design engineer for the Minneapolis Honeywell Regulator Co., Minneapolis. The couple will live in Minneapolis following a short motor trip.

Extra Weight Makes 'Old Age' Arrive Sooner

By IDA JEAN KAIN
"To be fat is to be old" is a French proverb. Why? Because fat is an extra burden to carry.

It's difficult to think of excess pounds as making the body old before its time. After all, pounds come on so gradually . . . rounding the figure out softly, indeed smoothing out lines. How could fat be aging?

Excess weight is a burden which puts a strain on the vital organs. As weight piles on, bones and framework do not become stronger the better to support the weight. Nor do the vital organs become more efficient in order to cope with the increased burden. Looking at it that way, it's easy to see that any considerable amount of excess weight handicaps the whole body . . . and working under this handicap, naturally overweighters get old before their time.

Suppose, for example, you are built to carry 140 pounds, but you've added an extra 25. Excess fat imposes extra work on the heart and taxes the circulatory system. Those extra pounds have to be supplied with blood. Twenty-five extra pounds necessitate the development of miles of blood vessels through which the hardworking heart has to pump blood. That's where high blood pressure comes into the picture. When the heart is servicing considerable excess fat, it has to pump at top capacity, even when a person is just sitting still.

To stay young, it's important to stay slim in middle age while the body is still young. This helps to extend the prime of life.

In animal experiments, low calorie diets which are adequate in all essential nutrients have been the most effective means of holding back the diseases of old age and in extending the characteristics of youth.

What does this mean in terms of our nutrition? It means that we should not overeat — but more than that, we should get most of our calories in the foods which furnish protective nutrients in abundance, since these protective nutrients themselves help extend our best years. In other words, daily menus should be built around the protective foods: Green and yellow vegetables, fruits, milk, cheese, eggs, whole grain bread and cereals, and meats, fish or fowl.

That is the formula around which a scientific reducing menu is built. That's why protective slimming diets not only help you to get slimmer, but keep you young longer.

Send long, stamped, self-addressed envelope for Scientific Wonder Diet. Address request to Ida Jean Kain, care of The Winona Daily News. Post card requests cannot be answered.

Winona Chapter, OES, Holds School Of Instruction

Mrs. Ruth Tauer, Rochester, Minn., past grand warder of the grand chapter of Minnesota, was district instructor at the school of instruction Monday evening at the meeting of Winona Chapter 141, OES, at the Masonic Temple.

Mrs. D. V. Boardman, worthy grand matron of the grand chapter of Minnesota, was welcomed, as was Mrs. Theodore Robertson, Rushford, grand Adah of the grand chapter of Minnesota.

Others introduced and welcomed were Mrs. Clifford Carson, worthy matron, Rochester, Minn.; Mrs. D. T. Rolfe, worthy matron, Rushford, Minn.; and Mrs. Luverne Lundon, worthy matron, St. Charles, Minn. Past matrons, Mrs. Donald Hoegh and Mrs. Reese Johnson, Rushford, were welcomed along with the past matrons and patrons of Winona Chapter.

Five guests were present from St. Charles, and five from Rochester. Mrs. Dale E. Randall, formerly of Wauwatosa, Wis., was introduced. She recently moved to Winona.

Mrs. Boardman announced there would be a new chapter constituted at Echo, Minn., June 21 at 8 p.m. at the high school auditorium. All chapters throughout the state are invited to attend.

Members and friends of the chapter are invited to attend a reception to be held June 5 from 3 to 5 p.m. at East Grand Forks, Minn., honoring Mrs. Harry (Jean) Larson, associate grand conductress of the grand chapter of Minnesota.

Mrs. Kenneth Chick, associate matron, announced plans for the annual picnic to be held June 25 at the pavilion on Prairie Island. The dinner will be prepared, and a charge made to cover the cost, as has been the practice in the past.

All members and friends are invited to attend, and are asked to bring their own dishes, bread and butter. Games are planned for the children, starting at 3 p.m., and the supper will be served at 5:30 p.m. Reservations are to be made with Mrs. R. F. Stover or Mrs. C. A. Hedlund.

Members and friends are invited to the baked ham dinner being served May 29 at the Masonic Temple at Trempealeau, Wis., starting at 11 a.m.

All the ritualistic work of the order was explained with Mrs. Tauer as the instructor. Mrs. Earle Welty, worthy matron, presided at the meeting and all officers were present. The assistant organist, Miss Ethel Fallows, played and directed the choir which sang for the initiatory work.

The good cheer report was given by the chairman, Mrs. Lyle Morcomb, the ways and means report by the chairman, Mrs. Ralph Bowers, and special lighting was in charge of H. L. McMillen.

It was announced that General Grand Chapter sessions will be held Sept. 11 to 15 in Washington, D. C. Members planning to attend, are to secure their reservations soon.

Mrs. Tauer was presented with a gift from the chapter by Mrs. Chick. Hostesses for the evening were Mr. and Mrs. Carl Frank, chairman, and the following committee: Mr. and Mrs. A. A. Burnstein, Mrs. Herbert Benz, Mrs. Ray Beck, Mrs. C. K. Millam, Mrs. Jessie Wygaard, Miss Gertrude Posz and Miss Fern Kinzie.

At the next meeting of the chapter, June 13, there will be initiation of candidates.

ASIDES —By the Society Editor

LUNCHEON AT WESTFIELD

No serious mishap reported—in fact not even the usual comedy ones have been experienced this year in readying Westfield Golf Club for a busy season. On the paint may have trespassed on the fireplace brick but unless you take a Sherlock Holmes hat and magnifying glass and have a Watson near by with whom to discuss the matter, I'm sure you won't notice this detail. The kitchen was cleaned and utensils were readied for the delectable meals prepared by the cateress. Incidentally, luncheons on women's golf day there, I've learned as a guest, are no dieter's leaf of lettuce but a hearty helping of meal, potatoes, rolls and other items to satisfy the appetite worked up by the women golfers on the course during the morning.

The "other items" included olives, carrot sticks, celery, a light puff of sweet potatoes with marshmallows and nuts, a tossed salad, and the whitest pineapple upside down cake with whipped cream, that I've ever met. Spring flowers centered the tables and the center bouquet of mahogany and dark red tulips interspersed with yellow went as an attendance prize to one of the guests, Mrs. A. W. Schmeigel.

If there is ever any contest for the "friendliest place in town," Westfield if not at the top will be at least tie for top place. Everyone knows everyone—if they don't, the newcomer is immediately taken under the wing of half-a-dozen other members and becomes one of the crowd. Women and men turn their hands to any club need from washing up the kitchen to painting the woodwork as the men did this spring in the main clubhouse. This year, no one stepped in a paint can or deluged themselves with the paint. No one fell off the ladders.

One person though did find out she had volunteered for an over-sized bite of the work.

Legion Auxiliary Elects Officers At Canton

CANTON, Minn. (Special)—Paul Blegen Unit 400, American Legion Auxiliary, at its meeting Thursday afternoon at the home of Mrs. L. Vannatter with Mrs. Gordon Sather as co-hostess, elected the following officers: President, Mrs. Carl Richardson; first vice president, Mrs. Kenneth Turner; second vice president, Mrs. H. Kvam; secretary-treasurer, Miss Florence Mitson; sergeant-at-arms, Mrs. G. Barth; chaplain, Mrs. Otto Jacobson; and junior president, Mrs. Gordon Johansen.

The junior auxiliary chose as officers, president, Harriet Rice; vice president, Kathy Turner; secretary-treasurer, Tish Holleran; chaplain, Lynne Farmer and sergeant-at-arms, Dorothy Rice. The district junior convention will be held here in May, 1956.

The unit voted \$5 to the cancer fund. The president and secretary were named delegates to the district convention at Spring Valley June 10, 11, and 12 and the cookie date is June 27. Mrs. Gordon Johansen, poppy sale chairman, assigned districts for the sale May 28.

Memorial services were conducted for 11 members who have died. Mrs. George Rasmussen, membership chairman, has received her "Five for 55" pin.

Past Matrons Hold May Dinner Meeting

Blue African violets centered the tables and pastel mints were favors at the May dinner meeting of the Past Matrons Club of Winona Chapter 141, OES, held Tuesday evening at the Masonic Temple. Following dinner, a brief business session was conducted by Mrs. J. W. Wheeler, president. Arrangements for the dinner were in charge of Mrs. M. L. Mariner, chairman; Mrs. Lee Ayres, Mrs. C. F. Drewes, Mrs. Paul Froke, Mrs. O. Emil Werner and Mrs. H. J. Busdicker.

Legion Auxiliary Past Presidents Group Meets

Candlelight and a profusion of garden flowers made a background for the spring meeting of the American Legion Auxiliary's Past Presidents' organization Tuesday evening at the home of the president, Mrs. Leo F. Murphy, 473 Huff St.

Tall vases, one containing red and the other pink peonies, stood on corner tables in the living room opposite a small round bowl holding yellow iris and tiny yellow roses. A large knobby glass bowl holding long-stemmed iris and flowering pink branches rested on a low table in the parlor.

In the dining room, bowls on either end of the table held a variety of spring flowers: White, yellow and purple iris, pink peonies, flowering shrub, Persian lilacs and ferns. White candles were used here. A shallow bowl on the buffet held a fanlike arrangement of long-stemmed purple iris. In the library a smaller table was set with yellow candles and a spreading arrangement of the small yellow roses which also appeared on a side table.

The organization which is a purely social group, held a brief business meeting. Most of the evening was spent in reminiscences of early experiences while in service with the auxiliary. Mrs. John Dugan, secretary-treasurer, was instructed to send a donation of \$6 to the Haslerud fund at The Winona Daily News. Mrs. Dugan also reported hearing from Mrs. B. P. Rosenberry, Muskegon, Mich., who served as president in 1923-24.

A summer picnic was planned with the date to be arranged by Mrs. J. M. Henry, Mrs. Marie Fjelstad was appointed as a committee of one to look into the posting of pictures of auxiliary past presidents in the gallery in the Memorial Club lounge.

Most of the members present have been assisting Mrs. Howard Clark, 1955 poppy chairman for the auxiliary, and will be working with her this coming weekend when poppies will be sold throughout the city for the benefit of the welfare and rehabilitation funds of the organization. Mrs. Murphy will continue as president until June 1956.

Pickwick PTA Elects Officers

PICKWICK, Minn. (Special)—At the recent May meeting all officers of the Pickwick PTA were re-elected for the coming year. They are president, Mrs. Donald Frick; vice president, Mrs. Karl Wershofen; secretary, Mrs. Melvin Bigelow, and treasurer, Mrs. Emil Buege.

Mrs. Ray Carpenter was appointed program chairman for the coming year. The group voted \$5 for the scholarship fund. Gifts were presented to Mrs. Josie Knutson, resigning teacher; Mrs. Bruce McNally, former PTA president, and Mrs. Frick.

Guest speakers for the evening were Anna Bandiera, Italian student, and Rudolf Gerlach, German student at Winona Senior High School. Both gave histories of their countries, compared life in their native countries with the U. S., and answered questions.

Mrs. Philip Blaser, Mrs. Roman Kamrowski and Mrs. Knutson served on the refreshment committee.

Childhood Education Group Elects Mildred Kjome

Central Elementary teachers were hostesses at the ACE picnic at Prairie Island, Tuesday evening.

A brief business meeting was conducted by the president, Miss Lucile Dolan. The meetings next year will be held every other month, the second Wednesday of September, November, January, March and May.

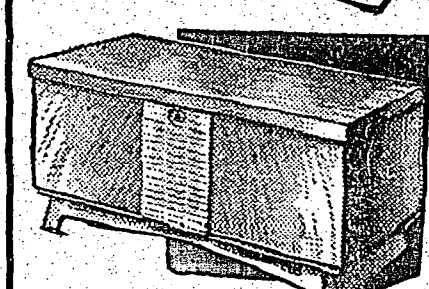

Miss Mildred Kjome, the new president, appointed the following committee chairmen for next year: Publications, Miss Ruth Kottschade; publicity, Mrs. Gladys Christie; program coordinator, Mrs. Frances Hadler, and social chairman, Miss Dolan.

A social hour followed the meeting. The United States had almost 3 1/2 times as many non-farm dwellings in 1950 as in 1900.

COUSINS PARTY

A group of cousins from Winona and nearby communities were entertained at dinner at the home of Mrs. C. S. Knatterud, 166 W. Mark St., Saturday noon. Later they were guests at a coffee hour at the home of Mrs. J. E. Stenehjem, 427 Washington St., who was assisted by her daughter, Mrs. Marie Fjelstad. Guests at the dinner and coffee party included the Mmes. Leo Deters and Ben Potratz, Eitzen, Minn.; Ingeman Doely, Emil Trehus, O. G. Ellingson, Adolph Solum, Fred Anderson and Arthur Glasrud, Spring Grove; Ole Renslo and S. C. Stenehjem, Caledonia; Odin Blexrud, La Crosse; Carl Raak and Oswald Kjome, La Crosse, and J. A. Lynne and Dora Byboth, Winona.

Hiawatha Valley Group to Meet At La Crescent

LA CRESCENT, Minn. — Delegations from Winona, La Crosse, Wabasha, Lake City, Red Wing, Hastings, Dakota and La Crescent will hear an address by John F. Hendrickson, director of promotion, Minnesota State Department of Business Research, at a meeting of the Hiawatha Valley Association at the Commodore here Thursday at 6:30 p.m.

The dinner and meeting will follow an afternoon committee study of sites on Highways 35, 14 and 61 for erection of another traffic diversion sign, urging tourists to travel on Highway 61 through the Hiawatha Valley to the Twin Cities and northern lake country.

Diversion signs now are maintained on U.S. Highway 12 near Camp Douglas, Wis., and on U.S. Highways 10 and 52 west of Anoka in an effort to get both north and southbound tourists to use the Hiawatha Valley-Scenic Upper Mississippi River Drive.

The association's advertising promotion campaign already has been launched in Chicago and Indiana newspapers and 10,000 additional Hiawatha Valley brochures have been printed and now are being distributed.

The Chamber of Commerce office at Winona reported that more inquiries have been received this year than in any previous year to this date.

Nancy Cribbs Wins 1955 Science Award

Nancy Cribbs, daughter of Mr. and Mrs. W. O. Cribbs, 1541 W. 5th St., is the 1955 winner of the Bausch & Lomb Honorary Science Award medal for achieving the highest scholastic record in science subjects during her high school course, William Zilliox, head of the science department of Winona Senior High School, announced today.

The choice of the winner is based on superior scholastic achievements in senior high school science subjects, biology, chemistry, and physics with incidental consideration of records in other subjects, qualities of leadership, and extracurricular activities, explained Mr. Zilliox.

The Honorary Science Award medal was instituted in 1932. It is presented in thousands of secondary schools throughout the country. This award has been officially approved by the National Association of Secondary School Principals and educators throughout the country. It is recognized as significant evidence of scientific aptitude and has proved the means of encouraging young people to the consideration of scientific careers.

Alma Firm Low On Nelson Bridge

MADISON — Work on a series of new bridges over the Mississippi River between Wabasha and Nelson is slated to begin this summer, according to the Wisconsin Highway Commission which opened bids on the project Tuesday.

Tri-State Construction Co., Alma, offered the low bid of \$136,365 which is subject to the review of the State Highway Commission and Gov. Walter Kohler.

The river slough bridge project is on Wisconsin State Highway 25 connecting the two states.

Fourteen highway improvement jobs in 11 counties attracted low bids amounting to \$2,709,392. The bids were opened by the commission.

Projects, including grading, structural work, concrete and blacktop surfacing on 35 miles of roads, will be started this summer.

Winona Man Loses PTA Office Race

Harry M. Reynolds of Winona was defeated 1,102-188 for national president of the Congress of Parents and Teachers.

He was running against the choice of the nominating committee Mrs. Rollin Brown of Los Angeles, Calif.

Reynolds was offered in nomination by the Minnesota delegation Monday in a surprise move at the Chicago convention. Voting was Tuesday.

Reynolds, the first male president of the state organization, was the first man ever to be nominated for the top national office in the organization's 56-year history. The national president serves for three years.

Bishop Keeler Recovering From 'Heart Strain'

ROME (AP)—The Rt. Rev. Stephen Keeler, bishop of the Minnesota Episcopal diocese, is "doing well" in his recovery from a heart ailment, his physician reported today.

Bishop Keeler, 68, was admitted to Rome's Salvatore Mundi International Hospital May 9 suffering "heart strain" due to overexertion. He was termed seriously ill at the time.

Dr. Giorgio Mattoli said today the bishop "had some bad moments but apparently is much better now. On the whole he is doing well."

He said he could not predict how long the bishop would be in the hospital.

Bishop Keeler came to Rome May 6 after attending a conference with Episcopal chaplains serving with U.S. forces in Germany.

Cars and Truck Damaged in Crash

Two cars and a panel truck were damaged in an accident on Main street near West 2nd street at 10:30 a.m. Tuesday.

Involved were a panel truck owned by Sander Sanden, 421 W. King St., and cars owned by E. J. Giel, 520 Sioux St., and Harvey Lang, 619 Grand St.

The truck was double parked on Main street when Giel backed up and struck it. The Giel car then went forward, struck a parking meter and as it backed off the sidewalk struck the Lang automobile.

Giel reported \$50 damage to his car and damage to the Lang car was estimated at \$20.

Cars driven by Orville Denzer, Altura, and Donald Barber, Lewiston, were damaged in a collision at West Sarnia and Wilson streets at 1:10 a.m. today.

Barber estimated his damage at \$75 and Denzer reported \$65 damage.

Mrs. Marilyn Feine, Rushford, reported \$400 damage to her car in a collision on East Sarnia street near Carimona street at 2:15 p.m. Tuesday.

The driver of the other vehicle—a milk truck—was Joseph Sing-

Dr. Rohrer Elected By Park-Rec Board; Boats on Lake Aired

Dr. C. A. Rohrer, 459 W. Broadway, a Winona dentist and resident of the city since 1929, was elected president of the Park-Recreation Board during the board's annual meeting Tuesday afternoon.

He succeeds C. W. Siebrecht, who resigned last month after 26 years on the old Park Board and Park-Recreation Board.

Named vice president was A. J. Gesell, 459 E. Howard St., another longtime member of the board who was reappointed to the board for a 5-year term earlier this year. Also nominated to succeed Siebrecht was Vice President Lambert Kowalewski. The vote favoring Dr. Rohrer was 2-1 with both nominees abstaining. Kowalewski declined nomination for re-election as vice president and Gesell was elected without opposition. Re-elected unanimously was Sec. M. J. Bambenek.

A native of Cochrane, Wis., Dr. Rohrer is president of the Automobile Club of Winona and a member of the Kiwanis Club. He married the father of three children and a member of the Congregational Church.

Committees Named

Dr. Rohrer made these committee assignments: Finance—Gesell, Kowalewski and Edward M. Allen; grounds—Robert J. Selover, Gesell and Kowalewski; purchasing—Kowalewski and Allen; and program—Selover and Allen. Allen, named to succeed J. M. George, who resigned last month, attended his first meeting as a member of the board.

Turning to regular business, the board conferred briefly with Edw. Eckert of the Winona architectural firm of Schubert, Sorenson & Associates, before instructing him to prepare detailed plans and specifications for renovation of the beachhouse at Lake Winona for year-round use.

The original drawing, submitted to the board earlier this year, had been viewed by a Minneapolis park board director and several minor changes suggested. Eckert said he would include the revisions in the final plans. The work is expected to cost the board about \$18,000 and may be completed this year in time for use this winter.

Fireplace Alternate

It was pointed out that the building is not required extensively during the summer hot beach season. The building has been designed so that dressing rooms could be added to either end should the city's Latsch Island bathing beach be transferred to the lake in the future. This work is not included in the present plans.

The board decided to have an alternate in the bids for a fireplace. Eckert said that it had been included in the recreation room in his original plans but when asked about the additional expense involved in the installation said it would be near \$1,000. Several board members were of the opinion that use of the fireplace would probably not be too great and also questioned the amount of space that would be lost. The board decided to ask for alternate bids—with or without—a fireplace. When the advertisement for opening of bids may be expected was not discussed.

Bambenek said that the beach at the lake was becoming more of a problem due to the carelessness of persons in discarding bottles. He said that some have broken bottles and thrown them into the water and that daily cleaning of the beach has become necessary.

Boats on Lake

Near the conclusion of the 2-hour meeting, Selover said that he had been contacted by Dr. L. E. Brynstad concerning the careless use of motor boats at the lake. (In a letter to the editor carried in Tuesday's Daily News, the Winona clergyman explained that last Saturday he had observed a party of four, one of whom "carried and drank lustily from a picnic bottle." He said the group opened a high powered outboard in a careless manner, eventually being thrown clear of the boat which subsequently sped unopposed to shore, crashing upon the beach.)

Mention of the incident prompted a discussion during which the board recalled regulations it has established prohibiting use of boats of the speedboat class on the lake.

Recognizing that although many Winonans and area residents utilize power boats for fishing and pleasure at the lake, the board noted that limitation of motor boats would seem advisable because of the size of the lake, its popularity as a fishing location and because

Dr. C. A. Rohrer

it is a possible future swimming site.

In addition, motorboats can be used on the Mississippi River. The city attorney will be asked to advise the board.

Westfield Golf Club

A 3-man delegation from Westfield Golf Club, which met with the board in March and later went before the City Council, returned to the P-R board to ask for assistance. Charles Choate, president of the club, told the board the club requires some sort of assistance in order to avoid going into debt during this year's operations. He and Lambert Sutherland explained that the club has hired a maintenance man who will be able to do much of the work taken care of by P-R crews.

Due to the fact that the board would not be able to give the club direct cash basis, two possible courses of action were suggested. Either the board could add the maintenance man to their payroll or a system of payment for "Park-Rec" program use of the course by youngsters could be arranged. The department's crews assisted at the course a year ago, with labor costs running between \$400 and \$500 and the board put \$1,000 in this year's budget for that purpose. The Council cut the entire budget by \$10,000. The board voted to add the maintenance man to their payroll on a month-to-month basis.

They explained that their continuance of the assistance would depend upon their expenditures. He will be paid at the rate of \$1.10 per hour beginning June 1.

Historical Society

Two requests by the Winona County Historical Society also were considered. The board gave permission to the Minnesota Archaeological Society to explore an Indian mound in Levee Park. The inquiry stated that three trained archaeologists and several students would do the work this summer, procuring some local help in the actual digging.

Items found in the mound will be stored with the Winona County Historical Society. The society will restore the mound to its original shape after the exploration is completed.

The board gave permission to

Normal at Alma Graduating 18 On Friday Night

the Corps of Engineers to deposit dredged material from the Mississippi River on part of Agagahm Reserve, a 1,180 acre semi-wild plot of land governed by the board across the Mississippi River from the city.

Tabled was a request forwarded by Bambenek from employees, requesting two additional holidays. P-R employees now are given 6 1/2 holidays per year. It was noted that before consolidation of the Park Board and Recreation Board, employees had no paid holidays.

After some discussion, the board decided to give the American Legion permission to present a 2-hour evening program at Gabrych Park June 9, with proceeds to be used for the Legion's junior baseball program. Rental fee will be \$75 and the Legion will be responsible for damages to the park. Bambenek said that the road show includes no heavy machinery of animals and will be presented on a stage assembled near home plate of the baseball diamond.

The board recalled that some damage was done to the park last summer by a rodeo. Rent will include use of the lights and services of a P-R employee who will be in charge of the lights and other facilities. Cost compares to that for a Winona Chiefs home baseball game, but the Chiefs pay only \$50.

In other business, the board approved a request by Louis Sheekano to operate a concession on P-R property at Levee Park. He has operated concessions at Lake Park and near skating rinks in the past, paying the board 20 percent of the gross income. The Levee Park stand will be on Johnson street and the board indicated that he would be able to operate there during Steamboat Days. Other concessions are located on Center street.

Included in the graduating class are Judith Anderson and Cleo Scharr, both of Nelson; Dorothy Beck, Cochrane; Dale Ebersold, Richard Jessen and Juanita Williams, all of Trempealeau; Elda Komisar, Pepin, Wis.; Dean Newharter, Mondovi; Robert Meyer, Wabasha; Maynard Bison, Maiden Rock; Betty Patzner and Janice Veraguth, both of Fountain City; Lois Sather, Gilmanston; Janice Westberg, Stockholm, and Magda Hertzfeldt, Inez Keil, Kay Knutson and Grace Mellewa, all of Alma.

Insurance Pays State Families \$9 Million

NEW YORK (AP)—Minnesota families got \$9,193,000 in life insurance death benefits in the first quarter compared to \$8,280,000 in the same period a year ago, the Institute of Life Insurance reported today.

For the nation as a whole, payments generally were five per cent above 1954, due largely to the increased ownership of policies, the report said.

crappies, bass and walleye pike have been placed in Lake Winona by the state.

The city's nine playgrounds will open June 13 for a 10-week period. Eight men's softball teams have been organized for the tavern league and six into the city league. About 200 men are participating.

Trempealeau River Survey Gets OK From Subcommittee

WHITEHALL, Wis. (Special)—Cong. Lester Johnson of Wisconsin's 9th District revealed today that the first hurdle has been cleared in a long fight to secure a federal survey for a flood control project on the Trempealeau River.

The flood control subcommittee of the House Public Works Committee put its stamp of approval on the need for making the survey. The full committee must approve the subcommittee recommendation, but it is very seldom that the full committee fails to approve the subcommittee recommendations, Johnson said.

"This is only the first step in a long fight," said Johnson. "The U. S. Army Engineer Corps must include the survey project in its proposed budget. After this the budget bureau approves funds for the proposed survey, and if the budget bureau okays the request, the appropriations committee must appropriate funds to make the survey."

"All this," Johnson continued, "takes time, assuming that we are successful each step of the way. It is too late for the Engineer Corps to include the survey project in its budget for the fiscal year ending June 30, 1956. The next step is to convince the corps to include the survey in its 1957 fiscal budget."

Johnson disclosed that he has been working closely with Peter Bieri, Trempealeau County agent, on gathering supporting evidence for the survey and to aid Johnson in convincing the committee of the need for the survey.

He said that meanwhile, work on the organization of watersheds in this area should continue because securing the survey is a big job and a long one.

Woman Found in Contempt During BRF Court Trial

BLACK RIVER FALLS, Wis. (Special)—A 15-day contempt of court jail sentence given Mrs. Hazel Walton was stayed by Circuit Court Judge Bruce Beilfuss Tuesday.

Sentence was imposed after Mrs. Walton strenuously objected when the court granted her husband, Harold Walton, 38, Black River Falls, an absolute divorce on grounds of cruel and inhuman treatment and dismissed her counterclaim for lack of proof.

The couple was married Oct. 15, 1944, at Evansville, Ind., and has five children. Testimony revealed that two of the children have resided for a number of years with their paternal grandparents, Mr. and Mrs. Carl Walton, Black River Falls, and that two others are in a foster home in Jackson County.

Mrs. Carl Walton was granted custody of the children she has raised and the other two placed in the custody of the County Welfare Department, as Walton has no facilities for caring for the children.

Custody of the couple's 21-month-old child was given Mrs. Walton, with assistance from the welfare department. She also was given visitation rights. The family home will be under joint ownership and Walton will pay support and alimony payments for Mrs. Walton and the infant at \$20 per week. He also was ordered to pay the county \$50 monthly for care of the two children who are in the foster home and Mrs. Walton was given the household goods.

Pleads Not Guilty

Raymond Marsh, an escapee from the state prison farm at Oregon, charged with operating a vehicle without the owner's consent April 28, pleaded not guilty. He was returned to the custody of the sheriff.

In another criminal action, Lee Curtiss pleaded not guilty to a charge of taking property valued at

Minnesotan Gets Farmers Union Post

DENVER (AP)—W. B. Brainard, Detroit Lakes, Minn., Tuesday was named assistant manager of the National Farmers Union Service and Insurance Corp. under Charles F. Brannan, former agricultural commissioner.

Brainard owns a farm near the Minnesota community.

\$125 from Ted Silvernail, Black River Falls automobile dealer, and to charges of breaking and entering. Frank Schneider, attorney for the defendant, asked that Curtiss be sent to Central State Hospital, Waupun, for observation. The court ordered him committed to the hospital for 60 days. The attorney said Curtiss holds two medical discharges from the armed forces.

Norman Kelly, La Crosse, was granted custody of two minor children awarded his wife, Mrs. Violet Kelly, in a divorce stipulation of March 1950. She is believed to be living at Albert Lea, Minn. Kelly contended that his former wife was negligent in the care of the two children and introduced letters from the public welfare department. The stipulation also provides that Kelly's support payments will be discontinued but Mrs. Kelly shall have visitation rights.

Divorce Granted

Jerry Shuconek, Jr., Hatfield, was granted a divorce from Mrs. Doris Shuconek on grounds of cruel and inhuman treatment. The couple was married Aug. 19, 1950, at Arlington, Va. and has no children. Shuconek received the family car and no provisions for support money or alimony were made.

John H. Alexander, Milwaukee, was found in contempt of court for failing to make payments stipulated in a divorce granted his wife, and also failure to comply with further action ordering payments in January. Alexander was sentenced to 90 days in the Jackson County jail, with execution stayed 30 days to permit Alexander to comply with the judgment and pay court costs.

Guy Ransom, Merrillan, was granted a clear title to property in his action against Eric and Emma Illian.

The Organ Fund of Grace Lutheran Church of Ridgeway was enriched by \$75 Tuesday when Eric Aldinger of Witoka, center, presented a check for that amount to Ewald Gaedy, left, church treasurer. The money was given Aldinger by General Mills after he found a balloon on his farm containing a certificate for that amount. The balloon was released several days earlier in Minneapolis by the milling firm in connection with an anniversary promotion. Looking on at the right is Norman A. Johnson, Rochester, district sales representative of the Minneapolis firm. (Daily News photo)

Students Elected To The National Honor Society at Cotter High School were introduced at a special assembly Friday morning. Also announced during the honor society awards program were the names of the students who led their

respective classes scholastically during the past year. There were 27 Cotter students presented pins and cards symbolic of membership in the national group. (Daily News photo)

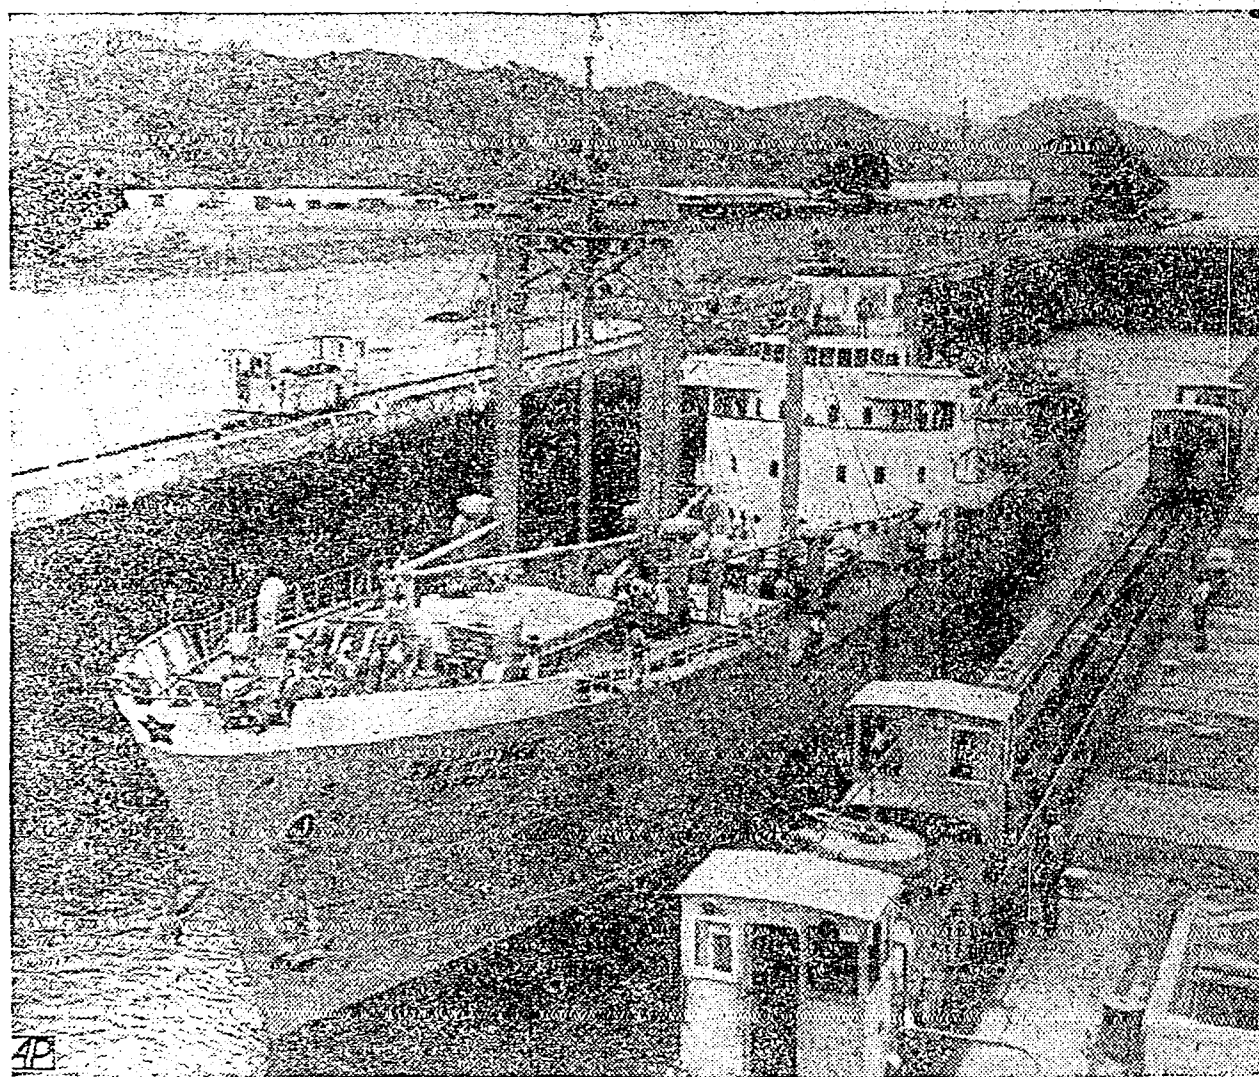

Seated On The Stage of the Winona Senior High School auditorium are the 45 students elected to the National Honor Society on the basis of service, scholarship, leadership and character. During Friday's honor society pro-

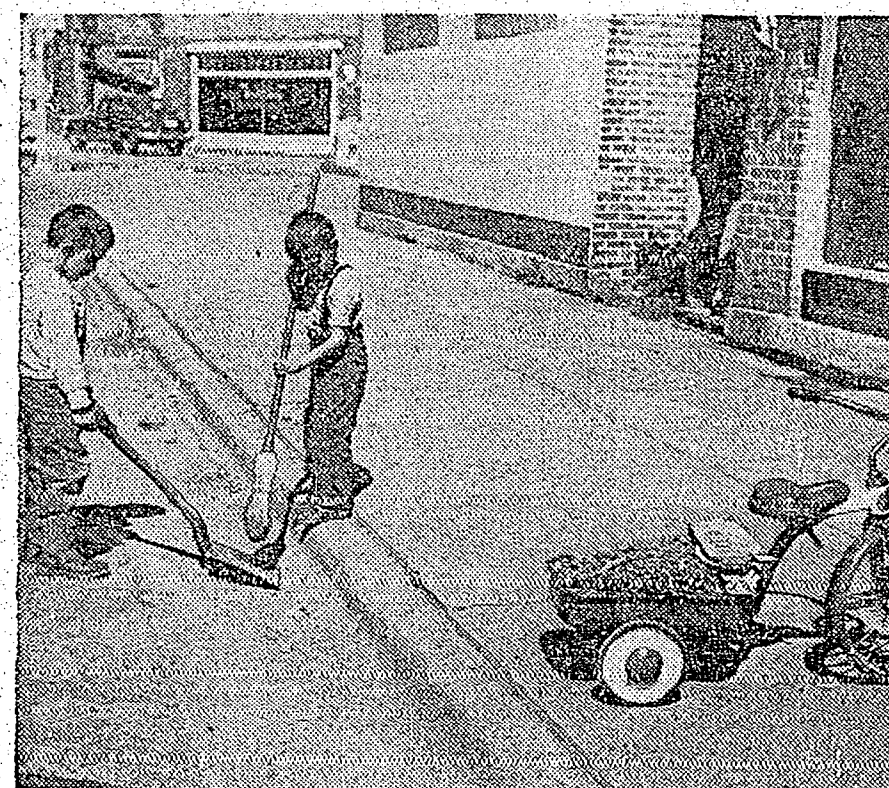

gram students previously elected to the group during their junior year reviewed the history of the society and outlined qualifications for membership. (Daily News photo)

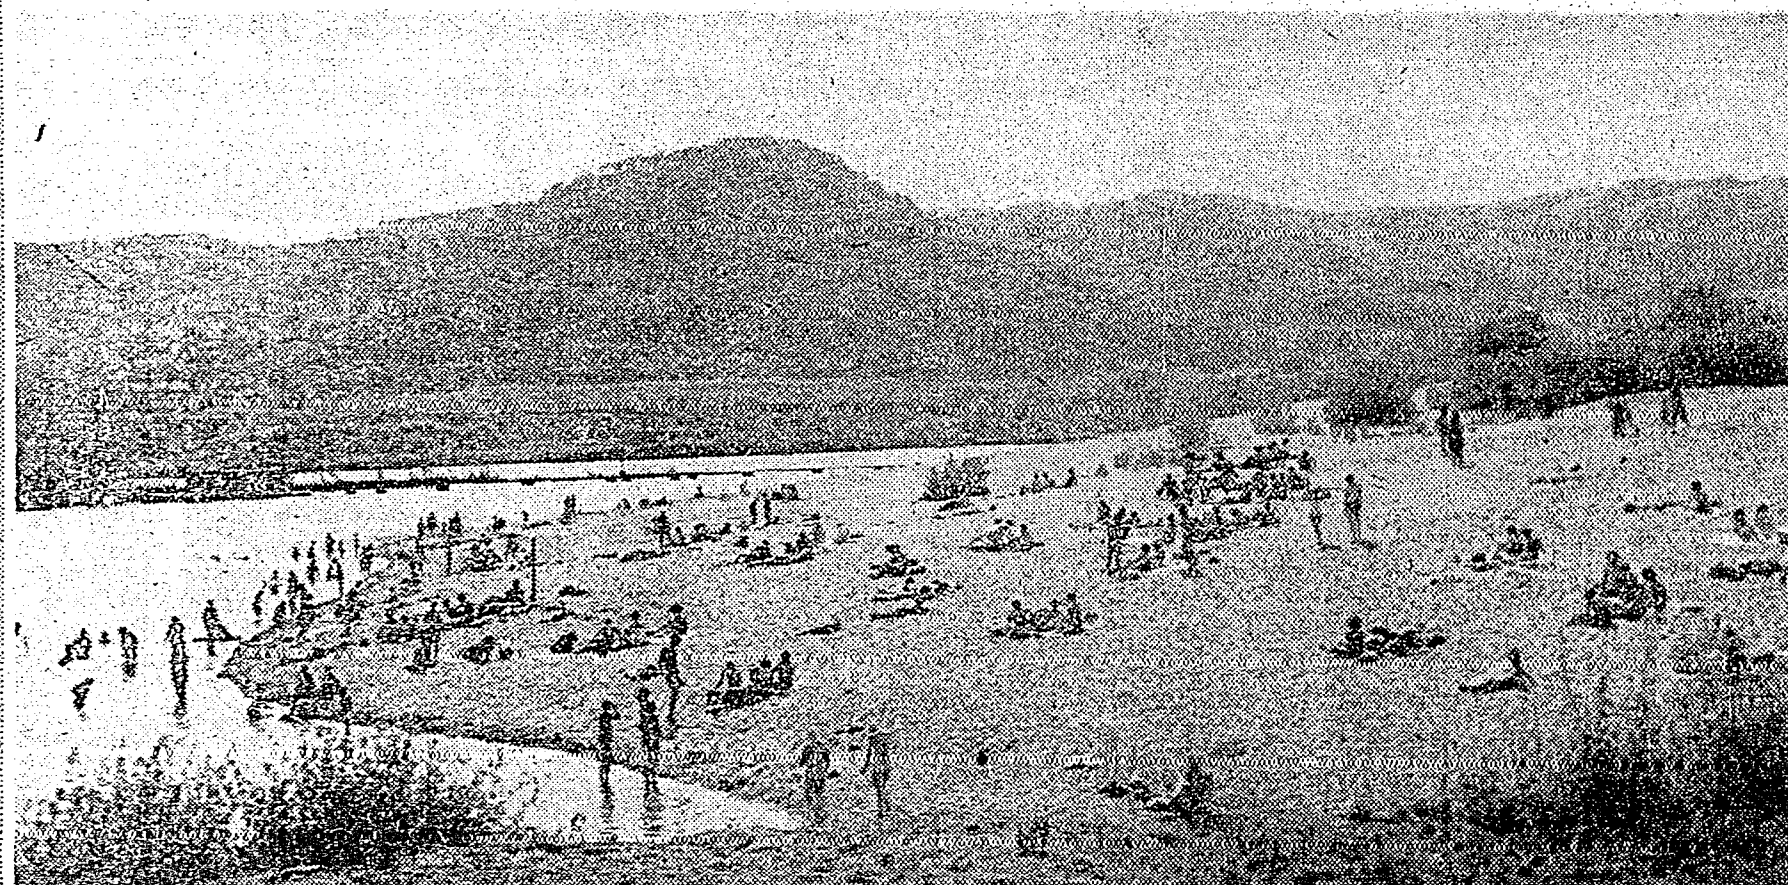

Pupils Who Have Studied under Mrs. Julia Evenson, left, Trempealeau County rural school teacher, stretch through several generations. As school closed at Beach the other day, Mrs. Evenson was photographed with a current scholar, Sherry Back, daughter of Mr. and Mrs. Floyd Back, and Sherry's grandmother, Mrs. Clarence Back, right, who also was once an Evenson pupil. Mrs. Evenson will teach at Beach next year and has served schools at Elk Creek, Valley View, Hegg and Maule Coulee in the past. (Mrs. Brye photo)

U.S. Army Sentries stand on forecandle, waist and flying bridge of Russian freighter Taganrog as she moves through Panama Canal bound for her homeland with a load of Cuban sugar. It was the first Soviet ship to pass through the waterway since 1949. Canal administration officials confirmed that special precautions were taken for the Taganrog's transit although they did not specify what they were. The vessel had been anchored off Cristobal, Canal Zone, since May 10 while her captain waited for the Soviets to wire him the \$5,000 canal toll. (AP Wirephoto)

Home Town Patriotism was displayed by two young Arcadians this week in preparation for the Broiler-Dairy Festival May 28-30. They put their toy equipment, a house broom and a shovel to work cleaning sidewalks and gutters along main street. Swimmers And Sun bathers are flocking to the sand pit west of Goodview along Highway 61 in increasing numbers as this picture taken Saturday afternoon indicates. The pit, located on property owned by the Winona Sand & Gravel Co., has had increasing popularity during recent years, despite the "no trespassing" sign near the highway. Efforts to provide city-owned swimming facilities other than those of the Latsch Beach on the Mississippi River have been fruitless, despite the fact that voters in 1947 authorized the City Council to issue \$200,000 in bonds for a swimming pool. Molotov Speech May Keep Tito From Red Fold

By WILLIAM L. RYAN
AP Foreign News Analyst
(Second of a Series)

President Tito, looking like an American banker in his trim, dark suit, was bristling with annoyance when I saw him last.

His anger seemed added evidence that, if the matter was one for Tito alone to decide, there would be no full family reconciliation with the Cominform. The big question remained, however, whether it would be a matter for Tito alone to decide.

The target of Tito's anger was Soviet Foreign Minister Molotov. At the time Georgi Malenkov was deposed as Soviet premier, Molotov made a speech. Touching on Yugoslavia, Molotov hinted—just hinted—that Yugoslav Communists were sorry for their past deviations.

Speaking to his Parliament, Tito, grown gray, partly and florid, lit into Molotov for such innuendo. Molotov, he indicated, was trying to push the notion that Yugoslavia's moves toward normal relations with Moscow betrayed a willingness to "correct" past errors of dogma. This sort of thing, said Tito, was "nonsense," throwing doubt on the sincerity of other statements by Eastern leaders.

There was an implication in this that during the Malenkov regime, Tito won his battle with Moscow, that his price for full normalization was an open Moscow admission that Stalin had been wrong from the start in his feud with Belgrade. Molotov's speech thus seemed to indicate that, with Malenkov gone, Moscow was reneging on the deal.

Matter of Note
Thus it is a matter of note that Moscow's delegation to Belgrade, ostensibly asking that bygones be bygones, does not include Molotov. He is a reminder of the Stalin era, when Yugoslavia was outlawed.

Evidence at hand indicates Tito will not "redeem" completely to the East. He was educated by Moscow. He would know the risks involved.

But Western observers detect some danger. They suspect a division in the Yugoslav Communist party and that a large number of Yugoslav Communists would be happy to collaborate closely with Moscow again.

What about the ties with the West, the arms and the economic aid which came from the West?

Tito has expressed gratitude to the United States for food sent when Yugoslavia faced hunger, and for other aid. But he added: "We do not consider aid as some sort of bribe; we consider it as a thing involving humane feelings on the one hand, and on the other, something which our people have deserved for all their sacrifices."

Belgrade's Communists will tell you Yugoslavia is Communist and will remain that way. As for arms aid, the reaction one gets is that the Yugoslavs did not ask collaboration with the West. If the West wants it, the West must accept the regime and what goes with it.

'Peace' Background
It is against such a background that the Soviet Union carries its peace offensive to Belgrade with an unprecedented and humbling visit by three of the most important Moscow rulers—Premier Nikolai Bulganin, Nikita Khrushchev and A. I. Mikoyan.

Tito announced the Soviet leaders could not expect him to jeopardize his good relations with Western countries. The Soviet said of course they wanted no such thing. They wanted only to help Yugoslavia improve her relations with all countries, including those of the East.

His Car in Ditch, He Gets Ticket Too

OMAHA (AP)—Edward E. Kopfle, 23, ran his car into a ditch on a country road and started walking for help. He had hooped it a mile when deputy sheriffs seeking the owner of the wrecked car, spotted by them on their rounds, caught up.

They handed Kopfle a ticket including a charge of leaving the scene of a property damage accident. But Capt. R. H. Walter said that was going too far and scratched the count. He let stand a charge of having no driver's license.

VOICE of the OUTDOORS

Spinning Catch

Excitement reigned during the rain on the rocks below the Winona Dam Monday evening. The two fishermen shown above, using spinning outfits and six-pound test lines, landed the two catfish they are exhibiting. It was a battle royal for 45 minutes.

Largest of the two landed by Richard Schwab, 121 E. Sarnia St., after an heroic struggle that lasted a full 45 minutes and attracted a rain soaked audience, tipped the scales at exactly 36 pounds. The other Mississippi River mud catfish, caught by Dick's fishing partner, Robert Bray, West End Cabin courts, just a few minutes earlier, weighed 13 pounds.

Using red and white daredevils on a fine, six-pound test nylon monofilament line, the two fishermen were casting upstream from the Wisconsin shore near the 300-foot marker. Dick was using an Arise Master reel, Bray a Heddon reel.

"We thought we got a big one," Dick said, "when Bob landed the 13 pounder after half an hour's reeling, pumping and struggling. It hit about 8:15 p.m., just as it was starting to rain. I had missed a big fish early, but neither of us thought that a mudcat would hit on a spoon."

"First I thought I had one of the common snags in that area which is a graveyard for lures," Dick added, "but then it started moving and the reel began to sing as the big fellow took off about 25 yards of line. It did this several times. At one time I had out a good 75 yards of line. It was pump and reel. My hand got tired. I would get it close enough to see the shadow in the dark, then the fish would make another run. Of course, with a spinning outfit, the line automatically runs off the reel regardless of my turning the handle."

It was nearly 10 o'clock before Dick landed the big fellow, which officially weighed in at 36 pounds to be the big fish of the year taken so far from the river in this area, and one of the biggest taken locally by a spin-fisherman.

Fishing before the rain was generally fair along the river. Some nice sandpike and a few bass were taken below the dams. Walleye fishing was slow. It has been better off the winograd.

Rain the past two days has not seriously changed fishing conditions in the river. An inch fell Monday night in the Alma-Whitman area, and the Zumbro went up half a foot, but the Mississippi River was still clear enough for good fishing. In fact, fishermen were expressing the opinion Tuesday that it will help river fishing.

There was some runoff into trout streams, and some of the larger

ones may be cloudy for a day or two, but here again the rain will help and may, if it continues, help the stage of these streams.

Whitewater, during the past week, has received a new stocking of browns from the Crystal Springs project, running between four and five to the pound. This is a 12-inch or longer trout. They were catching them before the rain in the south branch.

If it does hurt fishing for a few days, the rain was welcomed outdoors. It was getting pretty dry and things were beginning to suffer. The river flow is the lowest it has been in recent years.

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGUM, D. Sc.

Answer to Question No. 1

1. Yes. Divorces, broken homes, and unhappy marriages cost millions and increase delinquency and crime. This means more truant officers, policemen, welfare workers, psychiatrists, reformatories, prisons—to say nothing of loss of property and life. Education for love and marriage would be infinitely cheaper. Our new booklet, "What Teen-Agers Should Know About Life and Love," is already helping thousands of young people. Nonprofit, 15c (coin only) and self-addressed, stamped envelope. Send to Dr. A. E. Wiggum, in care of The Winona Daily News.

Answer to Question No. 2

2. Conservatism. Man has an eternal desire for change, but the radical almost always offers idealized or unattainable "improvements." The conservative proposes only moderate but attainable improvements. The radical is always aggressive—proposing new economic, political, or social "free-

doms." He convinces his followers they are marching toward Utopia. Yet, as E. D. Martin shows in his "Farewell to Revolution," nearly all improvements have come from intelligent, progressive conservatives.

Answer to Question No. 3

3. Yes, unconsciously—because of the urge of all people to be important. Tom Sawyer's sore toe made him a gang hero—charging a fee for a look. Hypochondriacs and neurotics develop all sorts of ailments, even real blindness, to gain sympathy. People always tell about "my operation" with pride. Many neurotics would commit suicide to gain importance and martyrdom, if they could do it without killing themselves.

THE GRAB BAG

1. In the Bible, what king of Israel visited the Witch of Endor?
2. Who was called "Commander of the Faithful"?
3. Can you give the next line after, "Oh, my love's like a red, red rose"?
4. What artist painted the picture, The Boy With the Rabbit?
5. In what building in New York City did Jenny Lind (the "Swedish Nightingale"), sing?

HOW'D YOU MAKE OUT?

1. King Saul.
2. The Sultan of Turkey.
3. "That's newly sprung in June," by Robert Burns.
4. Sir Henry Raeburn, Scottish artist — (1756-1823).
5. A museum of wax works on 23rd street.

FAIRLY SPOKEN

By MARGARET LATROBE

Educators attending a "shape-up" conference the other day found the dean in charge of complaints was fresh out of same. About spelling, in particular.

"Kids can't spell," said he. "Not anymore!" And his explanation? They aren't taught to spell. By implication, the teachers were it. No, they can't spell too well, nowadays. But it is the "anyone" I wish to challenge. The good dean might better have said, "Kids never could spell." Some could, some couldn't. But people in general couldn't spell any better then than now.

You don't believe this? Then run off an amateur night at your next gathering of the clan in the form of a spelling bee. Put the old timers—who are fond of the notion they were really taught to spell—against the youngsters. Then see what happens. (If there is a bookie, the house, place a small sum for me on tender youth.)

A number of very bright people cling to the erroneous idea that back in the good old days (their own), school curriculum and all things educational were of a higher caliber. Friends, it just wasn't so. "Fundamentals," they cry, "are being neglected today." Which is pure piffle. Today's kids are getting fundamentals, and so much else too, that it makes you dizzy.

If a test were given this year's high school seniors and compared with the same one given graduates of 1920, 1930, or any other distant point, I believe today's kids would wallop their elders. Or "clobber" them, if you are a stickler for fine descriptive prose.

Let us remember that back in the halcyon days of yore, Grandpa learned to spell and do sums with the threat of a whack on the knuckles if he couldn't. Who knew or cared about visual impairments, emotional disorders, hearing de-

Customer of Bank

COLUMBUS, Ohio (AP) — Police, answering a burglar alarm yesterday with guns drawn, nabbed a man with a sack of money as he was leaving the Upper Arlington branch of the Ohio National Bank. Then someone told them the alarm was tripped by accident. The man, Leo Campbell, was taking the money to the state liquor store nearby, where he works.
