## State Hospital Aid Wounded At Fergus Falls

Bullet Passes  
In One Cheek,  
Out the Other

FERGUS FALLS, Minn. (P) — A Fergus Falls State Hospital psychiatric aid, on special guard duty because of telephone threats to the institution, was shot in the face early today when he flushed a prowler in one of the hospital buildings.

Marland Stewart, 39, was struck by a small caliber bullet that entered one cheek and emerged from the other. His condition was not serious.

Stewart emptied his seven-shot pistol at the assailant as he fled. Stewart told authorities he thought some of the bullets might have struck the man.

1 of 3 on Duty

Stewart was one of three hospital staff members who were on special guard duty at night because of telephone calls received by the hospital Friday and Saturday nights.

The caller, a man, threatened to kill Dr. William L. Patterson, hospital superintendent and other members of the staff, and blow up the hospital.

R. F. Hoffmann, assistant superintendent, who organized and took part in the guard duty, said Stewart, making his rounds about 12:50 a.m., entered a machine shed, one of several buildings in the hospital group, and was reaching for the light switch when a pistol was fired at him from close range.

Fires Twice

Hoffmann said the assailant fired twice at Stewart, then pushed him aside and raced away into the darkness. Stewart began firing his pistol immediately.

Hoffmann said the first threatening telephone call Friday night apparently was long distance. He said the telephone company was able to determine only that the call came from a southerly direction, possibly Alexandria or St. Cloud, or from the Brainerd area.

The call Saturday night was made from one of the buildings in the hospital group, Hoffmann said.

Sunday night a prowler was seen by a guard, but the man escaped into a wooded area.

Hoffmann said he assumed Stewart's assailant was a former patient at the hospital. During one of the telephone threats he asked about a doctor who hadn't been at the institution since 1938.

Stewart was unable to give a description of the man, other than that he was middle age or older and of stocky build.

Woods Searched

A posse of sheriff's deputies and volunteers combed wooded areas near the hospital and a thorough search was made of buildings. Heavy rain about 3 a.m. covered the man's trail and eliminated use of bloodhounds that had been ordered. No blood stains were found.

Hoffmann said the posse went through the areas shoulder-to-shoulder without trace of the assailant. The area was surrounded this morning.

Besides several hospital buildings the institution has a number of farm buildings. Many of the farm buildings are equipped with telephones that connect with the hospital switchboard.

Hoffmann said Stewart's assailant apparently had entered the machine shed to use the telephone.

On the first call the man threatened to blow up the building and kill Supt. Patterson. When he called the second time, Saturday night, he told the operator, "You get out of there. I don't want to hurt you. I'm going to blow up the hospital." The call came on one of the institution phones.

No Calls Today

All the calls were between midnight and 3 a.m. No call was made early today, leading Hoffmann to believe the man had entered the machine shed and was about to call when Stewart entered.

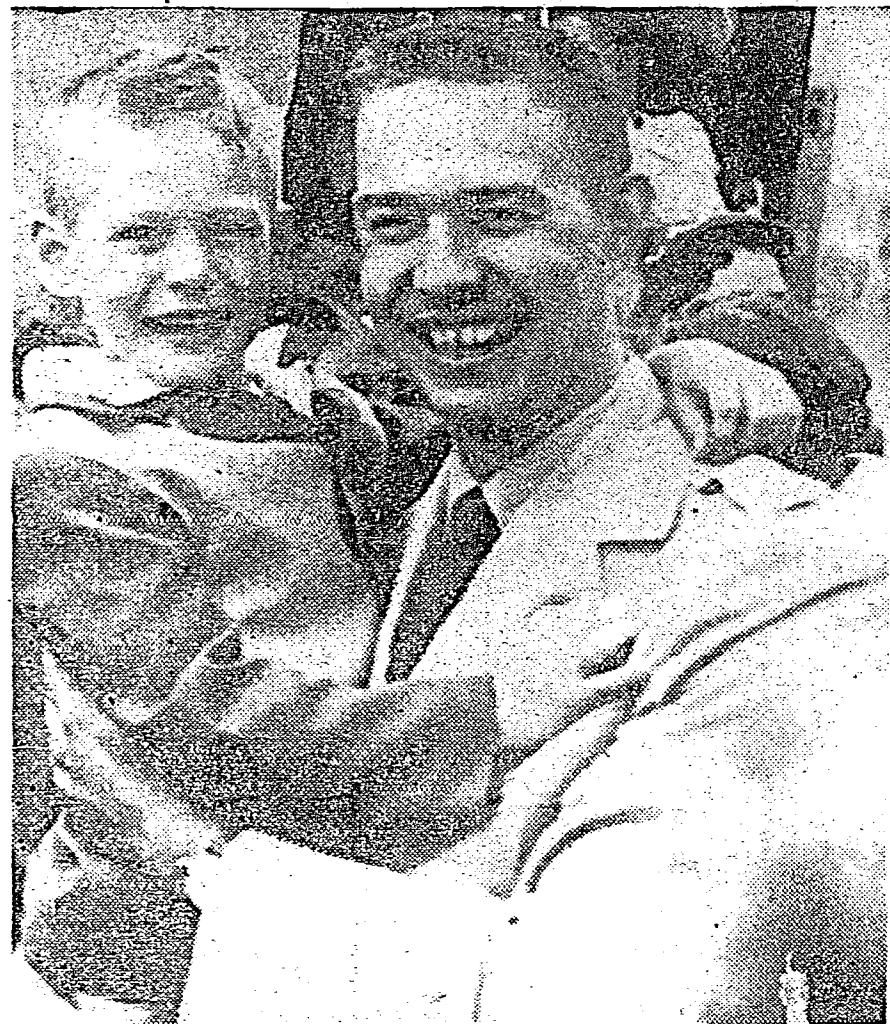

The assailant left nothing behind and was not carrying any package, Stewart said. The man apparently used a revolver to fire at Stewart. Hoffmann said no empty cartridge shells were found.

Stewart was taken into the hospital for treatment. His wound is not serious, Hoffmann said, and he is expected to be released in a few days.

Fergus Falls State Hospital, one of several state institutions for the mentally ill, houses about 2,000 patients. Officers and employees number more than 400. The institution is located on the northwest outskirts of Fergus Falls. Its grounds cover 1,087 acres. A large farm is operated in connection with the hospital.

## Badger Man Killed In Parachute Jump

TAMPA, Fla. (P) — One man was fatally injured but nine other crewmen parachuted safely from an Air Force KC97 refueling plane which developed engine trouble and crashed during a training flight Tuesday.

"You're Going To Stay with me always," Capt. Harold Fischer Jr., recently released double jet ace, told his 6-year-old son, Harold III, as he swept him into his arms in a reunion at the Fort Dodge, Iowa, Airport Tuesday. It was the first time father and son had seen each other in three years. Capt. Fischer was released just a week ago after two years in a Red Chinese prison camp. (AP Wirephoto)

## GM Plans New Offer on Wages

By NORMAN WALKER

DETROIT (P) — General Motors Corp. today was believed reading a fresh offer for the CIO United Auto Workers aimed at reaching a contract settlement before a new Sunday midnight strike deadline.

Nobody at GM would say so but UAW officials said they fully anticipated a new offer.

The union leaders said they never would have granted a five-day contract extension from midnight last night to midnight Sunday unless they felt GM was ready to do business along the lines of the recent Ford Motor Co. agreement including a guaranteed wage plan. GM requested the extension.

With the GM bargaining talks scheduled to resume at midday, both GM and Ford were plagued with a series of scattered wildcat strikes in plants across the nation.

Most serious was the walkout of tool and die workers, maintenance crews and skilled craftsmen in Ford's giant Rouge plant at nearby Dearborn, said to be the single largest production facility in the world.

The tool and die workers, defying local union leaders who sought to persuade them to accept the Ford settlement terms, complained the Ford contract provided too little for them in wage increases. They pooh-poohed wage hikes of 8 to 18 cents an hour, plus additional annual "improvement" raises of 6 cents an hour. They said they wanted a 30-cent raise.

About a thousand of the rebelling tool workers voted unanimously to strike and threw pickets around the Rouge plant, keeping out production workers. Nearly 50,000, or more than a third of Ford's over-all 140,000 employees, work at the Rouge plant.

Other Ford plants at Monroe, Mich., St. Louis, Kansas City and Buffalo also were hit by walkouts, some due to local grievances. GM was experiencing walkouts in St. Louis, Cleveland, Linden, N. J., and Tarrytown and Rochester, N. Y., but the UAW said local union leaders were striving to get them back on the job. The strikers were apparently impatient for a new contract.

Any GM settlement also was expected to include wage increases, pension plan boosts, and holiday and vacation improvements similar to those agreed upon by Ford.

## Ford Believed Ready to Offer Stock to Public

By SAM DAWSON

NEW YORK (P) — Ford's labor pact should have cleared the way for an early offering of Ford stock to the public.

Terms have been withheld while Ford management was bargaining with labor. Even when Ford offered to let its workers buy Ford stock at half price, it was careful not to say what that price would be.

The union turned down that offer and held out for a supplemental unemployment benefit plan.

The Ford stock offering was held up by the labor bargaining because before a public issuing of stock can be made Ford must furnish the Securities and Exchange Commission with its financial figures. Ford has never made these public and certainly couldn't have been expected to while it was bargaining with its employees over how much it could afford to pay them.

With a three-year labor peace bought by its promise to set up a \$5-million-dollar fund out of which to give laid-off workers part of their customary pay, Ford is now in a position to go ahead with sale of its stock to the public.

Actually, the stock to be sold is that held by the Ford Foundation. The nonvoting shares are carried on the foundation's books at \$135 each. But Wall Street figures that Ford's assets are just under two billion dollars, and that, therefore, the foundation's share have an asset value in excess of \$500 each.

# Ike Certain Adenauer Will Resist Russ Bait

## Premier Asked To Visit Soviet For Peace Talks

Acceptance Will  
Await Meeting With  
Ike Next Week

By GEORGE BOULTWOOD

BONN, Germany (P) — West Germany's political leaders hurriedly consulted today on Russia's surprise proposal that Chancellor Konrad Adenauer visit Moscow to discuss "normalization of relations" between the Kremlin and the Bonn government.

The Soviet note, delivered yesterday to the West German Embassy in Paris, was the major item under discussion at Adenauer's regular meeting with his Cabinet this morning.

A session of Parliament's lower house, the Bundestag, was suspended for an hour to give the politicians time to study the Moscow invitation. Leaders of the various political parties immediately huddled with their party colleagues.

The 79-year-old Chancellor, staunch exponent of his country's rearmament as an ally of the West, declined last night to comment on the Soviet invitation. He was known to be personally reluctant to make such a trip because of his past policy of uncompromising anti-Communism.

But political circles here acknowledged it would be difficult for Adenauer to refuse in the face of mounting pressure for acceptance from political allies and foes alike.

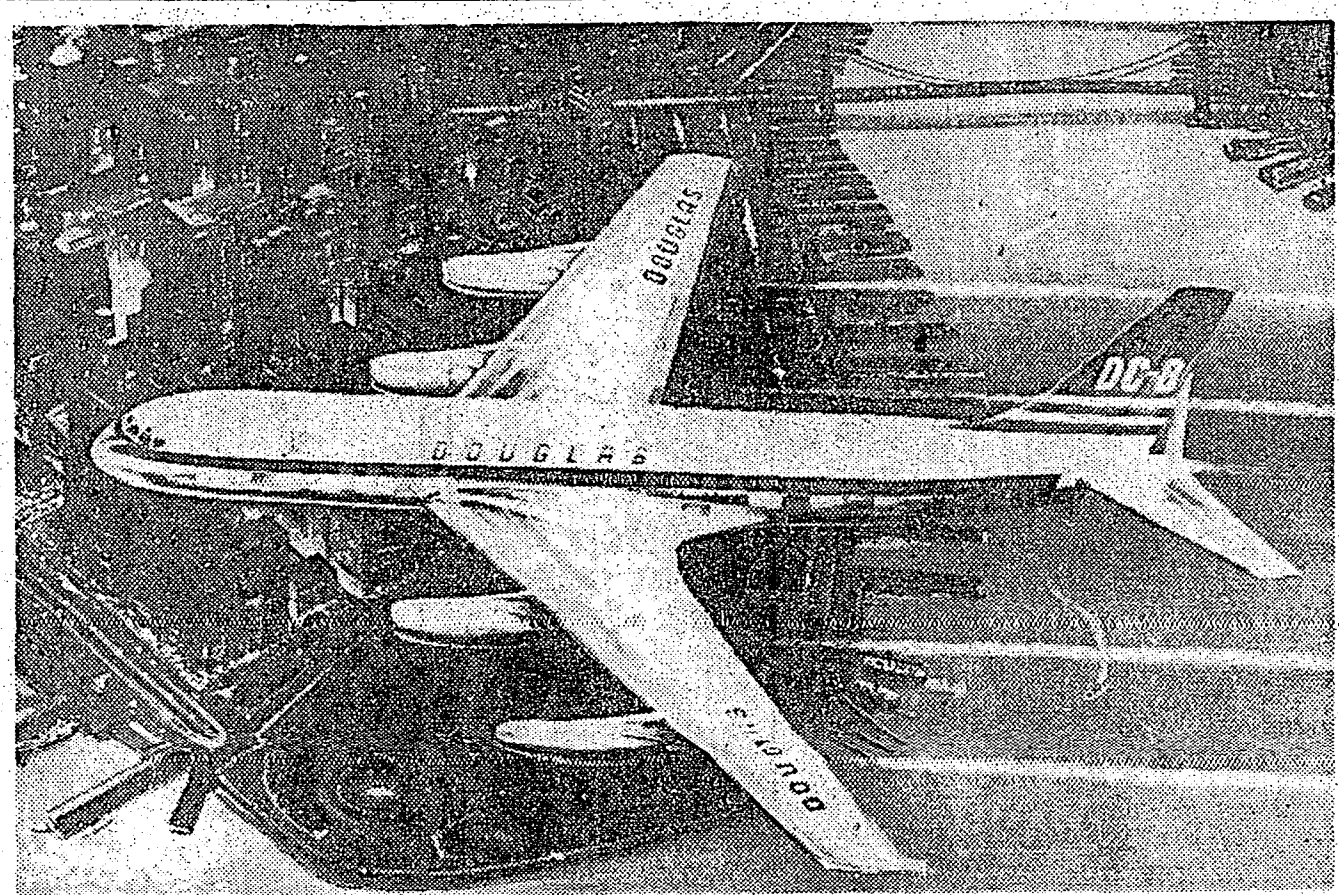

Acceptance Urged

After their meetings during the parliamentary recess, both the opposition Socialists and the government-allied Refugee party urged the government to accept the Russian invitation. Neither said, however, whether they thought Adenauer himself should go to Moscow. The Socialists said their deputies unanimously adopted a resolution stating that direct talks would be in the German interest. They called for German reunification to have first place on the Moscow agenda.

The Refugees, No. 3 member of the four-party government coalition, said they expected the government to accept the invitation after agreement with West Germany's NATO treaty partners. They termed the Moscow bid a success for the unity of the free world.

Adenauer again declined to say anything after the two-hour Cabinet meeting. One minister, who declined to be named, said the Cabinet agreed the Russian move needed "most careful study."

Minister Franz Joseph Strauss, a Christian Democrat, told reporters the Cabinet took no decision. Strauss said no reply to Moscow could be expected before Adenauer's visit to the United States next week, but he described the tendency toward establishment of diplomatic relations between Bonn and Moscow as "positive."

America's first passenger jet transport, shown here in artist's drawing, will be built by Douglas Aircraft Co. The swept-wing DC-8 will have a top speed in excess of 550 mph, carry 80 to 123 passengers and be capable of flying non-stop from Los Angeles to New York in 4½ hours and New York to Paris in 6½. The ultra-high-speed transport will be ready for initial flight tests Dec. 1957, with airlines deliveries beginning in 1959. (UP Telephoto)

## Wisconsin Rapids Youth Stage Parade For Swimming Pool

WISCONSIN RAPIDS, Wis.

(P) — A group of young people carrying signs reading "We Want a Swimming Pool" and "We Can't Swim on Dry Land" staged a demonstration at the city hall Tuesday night when the Common Council held its meeting.

The council has obtained a site for a pool but has taken no further action toward construction.

The council took no official notice of the demonstration.

## Senate Steps Up Public Housing Plans

WASHINGTON (P) — A Democratic move toward construction of public housing at a rate almost four times as great as that President Eisenhower recommended topped its first big hurdle yesterday.

As part of an omnibus bill to continue federal housing programs for another year, the Senate voted to authorize 135,000 low-rent public housing units in each of the next four years. Eisenhower had asked authority for 35,000 units for each of the next two years. That is the number authorized this year.

Democrats had raised the figures in the Senate Banking Committee, and a move by Sen. Capehart (R-Ind.) to trim the program down to the size the President had asked lost 44-38, generally on party lines.

The bill also would permit the Public Housing Administration to carry over into the next fiscal year, starting July 1, some 20,000 units authorized for this year but not yet built.

The federal government does not build public housing projects. It guarantees to meet the difference between the low rents charged tenants and the cost of paying off mortgages and upkeep. Actual construction money is raised by bonds issued by local housing authorities.

The 540,000-unit program still has an obstacle-studded path ahead. The GOP fight for the smaller administration figure will undoubtedly be resumed in the House. And the actual funds will be voted in a separate appropriations bill. In the past, the appropriations committees have frequently recommended funds for far fewer units than are authorized.

## Police Without Clues to Gunman

FORT ATKINSON, Wis. (P) — Police here said today they were without any definite leads in their search for the gunman who shot down and seriously wounded a hotel clerk.

Don King, desk clerk at the Blackhawk Hotel, was wounded early Tuesday when the gunman entered the hotel and demanded money. King threw himself at the gunman and was shot.

King remained in serious condition at a hospital Tuesday night.

## Exercise May Beat Human Aches, Pains

By ALTON L. BLAKESLEE

ATLANTIC CITY, N. J. (P) — Maybe your aches, pains and tensions are due to hypokinetic disease.

That means lack of motion or exercise. And there's evidence, a medical team said today, that lack of exercise makes you a more likely candidate for heart attacks, for diabetes, backaches, tensions or "nerves," fatness, stiff neck and a few other ailments.

The case for exercise and physical fitness for health and longevity was presented to the American Medical Assn. by Dr. Hans Kraus, Miss Bonnie Pruden Hirschland and Dr. Kurt Hirschhorn of the Institute for Physical Medicine and Rehabilitation, New York University.

They cited studies, some of them their own, showing:

Heart attacks are twice as common among London bus drivers, who sit down all day, as among bus conductors, who move about. Fifty six per cent of several thousand U. S. children couldn't pass six simple muscle tests, as against 8 per cent of European youngsters.

Among 5,000 adults with backaches, 80 per cent had no organic or physical difficulty, but couldn't pass six simple exercise tests for strength and flexibility of key muscles for posture. Given some corrective exercises, their backaches disappeared.

The medical team said the physically inactive person shows signs of aging earlier than the exercisers. The nonexerciser is less well equipped to meet stresses and sudden emergencies.

Underexercising "may well contribute to organic disease by storing emotional tension and producing all the diseases associated with stress," the report declared.

## Jury Called in Beating Death at Albert Lea

ALBERT LEA, Minn. (P) — A grand jury will be asked to convene here next week to consider the case of Cletio Amador, 32, Owatonna cannery worker, held in connection with the beating death of Raynaldo Limon, 32, Hollandale farm worker.

Dr. S. G. Egge, Freeborn County coroner, ruled today that Limon died as a "result of multiple blows to the head." A pathologist who conducted an autopsy said Limon died of a brain hemorrhage but that he found no skull fracture.

## WEATHER

FEDERAL FORECAST

Winona and Vicinity — Partly cloudy and cooler tonight. Fair and continued cool Thursday. Low tonight 50; high Thursday 70.

LOCAL WEATHER

Official observations for the 24 hours ending at 12 m. today: Maximum, 71; minimum, 54; noon, 68; precipitation, 0.1; sun sets tonight at 7:48; sun rises tomorrow at 4:24.

AIRPORT WEATHER

(No. Central Observations)  
Max. temp. 73 at noon today, low 61 degrees at 6:30 a.m. Other noon readings — broken layer of clouds at 3,000 feet, visibility more than 15 miles, wind from the west at 17 miles per hour, barometer at 29.82 steady, humidity 52 per cent.

## Sure Germany Will Stand By Western World

Expected Russians  
Attempt to Break  
Up New Alliance

By MARVIN L. ARROWSMITH

WASHINGTON (P) — President Eisenhower said today he has the utmost confidence that West Germany's Chancellor Adenauer will stand by the Western world in any dealings with Soviet Russia.

Eisenhower volunteered the remark at his news conference in taking note of Moscow's bid for establishment of diplomatic and trade relations with the newly sovereign republic of Western Germany. The Kremlin Tuesday invited Adenauer to visit Moscow to discuss those matters.

Eisenhower said it is only natural that Russia would extend such an invitation, in view of what the President termed recent developments in Western Europe.

The invitation, Eisenhower went on, seems to him to be a logical gesture on the part of Russia. He added the decision whether Adenauer accepts is one which must be made exclusively by West Germany.

At another point, Eisenhower referred to Adenauer as one of the world's greatest statesmen and said he trusts him.

Eisenhower also discussed these other topics:

**MANPOWER RESERVE** — The President spoke out emphatically against a pending antisegregation amendments to administration legislation to create a new military manpower reserve program. Such an amendment was tacked onto the bill in the House and the action caused the measure to be sidetracked a few weeks ago.

Eisenhower said he is hopeful the Senate will be able to take the initiative on the bill if the stalemate in the House cannot be broken.

Republican legislative leaders discussed the reserve bill with Eisenhower at their regular conference with him before the news conference. The administration rates the measure as necessary backing for its program to cut down the size of active forces.

In response to a question, Eisenhower said that in his opinion it is entirely erroneous to try to tack extraneous amendments to legislation such as the reserve program.

As for the reserve program itself, the President said emphatically that we just must have it.

**BIG FOUR** — Eisenhower said he certainly would not insist on limiting any "at the summit" Big Four meeting to three or four days, as he suggested a few weeks ago. But he said he will want some definite limitation on the duration of any such conference with the premiers of Britain, France and Russia, in advance of the meeting.

## Trainmen Will Ask Wage Hike Of \$2.50 Daily

CHICAGO (P) — The Brotherhood of Railroad Trainmen said today it will ask the nation's railroads for a \$2.50 daily wage increase for its 215,000 members.

The announcement was made by W. P. Kennedy, president of the brotherhood, following a meeting of the union's wage committee in Chicago.

Kennedy said notices will go out June 16 to the 300 railroads with which the Brotherhood holds contracts.

The demand will be "across-the-board" for all classifications under the union's jurisdiction, Kennedy said. These range from passenger brakemen currently earning \$13.45 per day to footboard yardmasters at \$19.07.

"The nation is experiencing great over-all prosperity," said Kennedy, "and it's only fair that railroadmen share in it."

## Railroader to Try Out Wingless Plane

EMPORIA, Va. (P) — Charles Pritchard, a railroader by profession, is set to try out Friday a wingless aircraft he developed because he remembers "once when I had to walk five miles from an airport to town."

A mile-long runway at Emporia airport will be the scene of the test, by Pritchard, who says he's worked "to develop something like this for 10 years for air travel and highway travel."

The initial test flight will be tried under the supervision of P. R. Steinman of Richmond, aviation safety agent for the Civil Aeronautics Administration. Government officials also are scheduled to be on hand.

Pritchard, an assistant gang foreman for the Virginian Railroad who also is a licensed pilot with about 600 hours of flying time, explained his aluminum craft has been designed as a combination aircraft-car.

It looks something like a plane minus the wings. The "rocket air ship" — as Pritchard calls it — is 21 feet long, 98 inches wide and weighs about 800 pounds. He figures the craft can be taxied on roadways.

The body of the plane is made entirely of aluminum. Each side has baffles (or fins) of varying length. From a technical standpoint, Pritchard points out the fins "hold air in the proper channel over the hull of the ship to give the hull its lift."

Pritchard says the craft has some characteristics of airships (lighter than air), airplanes and helicopters. Ailerons for changing directions in flight are on the sides of the plane.

Conventional equipment on the wingless craft includes a tricycle landing gear, metal propeller, 90-horsepower engine and flight instruments.

Pritchard worked in general production for Goodyear Aircraft in World War II.

If the tests prove successful, Pritchard says he wants to start commercial production — preferably in this area of southern Virginia. He says the cost so far has been about \$1,500 — not including the hundreds of hours he's put into its development.

Pritchard has been an employee of the railroad since 1924 except for his wartime work in the aircraft industry.

## All Children May Not Get Polio Shots by Fall

WASHINGTON (AP)—Surgeon General Leonard A. Scheele confirmed last night that it probably will not be possible to inoculate all children aged 1 through 19 against polio this summer, as originally hoped.

"Making and testing vaccine is a difficult and delicate process," Scheele said in a nationwide radio-television report on the Salk vaccine situation. "You cannot make viruses meet deadlines. You cannot force scientific work to meet dates on a calendar. And it must be kept in mind that the entire process of manufacturing a batch of vaccine takes about 90 days.

This is a reason why we can give you no precise estimates of how much vaccine will be available at any given time."

Stressing that the government policy is "safety, not speed, except as the latter is compatible with safety," Scheele told of the studies which led to adoption May 27 of revised manufacturing and testing standards.

He said these standards require some changes in the operating procedures of the six licensed vaccine producers, and continued:

"The manufacturers have assured me that they can and will produce vaccine under these requirements. But I want to make it clear that they will not be able to produce enough vaccine to immunize all children this summer."

A Public Health Service spokesman said that in speaking of "children," Scheele referred to the 1-19 age group. He said there had been nothing to require a change in President Eisenhower's May 31 statement that there will be enough vaccine to give the prescribed two shots to all first and second-graders in the free inoculation program before the peak of the polio season in August.

Expressing anew his confidence in the safety and effectiveness of the Salk vaccine, Scheele said that "experience indicates, however, that there will be scattered local epidemics, and some may be severe."

## Moscow Police Needed Over Ticket Scalpers

MOSCOW (AP)—Moscow newspapers are needing the police to do away with the ticket scalper. How this can be done, when there are not enough tickets to go around, is not explained.

Evening Moscow tells how the family Kolosov was held up at Dynamo Stadium in Moscow by a scalper who demanded many times the admission price for a football match. Kolosov's shouts brought a policeman, who collared the ticket speculator with the remark "an old acquaintance."

Then the Kolosovs wanted to go to the Bolshoi Theater, in downtown Moscow near the Kremlin. There they got the same business. A speculator asked a hundred rubles (\$25 at the official rate) for two tickets.

Here again, says Evening Moscow, the speculator was a man "well known to the militia (police)."

The Kolosovs turned away from the Bolshoi and tried a movie theater. Again they were confronted with long queues and the whispering speculator who tried to scalp tickets at profit.

Disgusted, the Kolosovs went home.

WYKOFF CHILD ILL  
WYKOFF, Minn. (Special)—The infant son of Mr. and Mrs. Dale Garnatz underwent surgery at St. Mary's Hospital, Rochester, Monday morning. He has been a patient there six weeks, since birth. He had a defect in his back.

## Lanesboro Infant Breaks Thigh in Fall

LANESBORO, Minn. (Special)—Dean Paul, 11-months-old son of Mr. and Mrs. Paul Berland, Lanesboro, is a patient at Grandview Hospital, having suffered a broken thigh bone from a fall last Saturday afternoon.

Dean Paul, who was playing in a walker part of a stroller at his home, accidentally fell down a full flight of inside stairs to the lower floor apartment occupied by his

grandparents, Mr. and Mrs. C. O. Blagsvedt. The child was taken to the hospital immediately.

MARK STREET TRAFFIC  
Ald. Howard A. Baumann proposed at the City Council meeting Monday evening that eastbound traffic on East Mark street be stopped at Lafayette street, not Franklin street, as reported yesterday.

The world's highest life expectancy at birth is found among Norwegian females who can expect to live an average of 73 years.

## Witness Blames Exposed Battery For Truck Fire

Consulting Engineer Testifies in Case Involving Explosives

A spark drawn by a nozzle of a gasoline pump hose touching an exposed truck storage battery pole was cited in federal court here this morning as a possible cause of a fire which extensively damaged a service station and a truck loaded with explosives at Owatonna last Dec. 4.

His theory as to the cause of the fire was presented by Berton J. Robertson, Minneapolis, a consulting engineer and professor emeritus of the University of Minnesota's School of Mechanical Engineering.

Robertson was on the witness stand this morning as the trial of a property damage action brought by the Watson Brothers Transportation Co., Omaha, Neb., against Sidney Wilker and Otto Wodrich, Owatonna, entered its fifth day in U. S. District Court here.

Watson is suing for recovery of losses it alleges were sustained when fire destroyed one of its trucks while it was being serviced at the Wilker Pure Oil Station at Owatonna early in the morning of Dec. 4. Wodrich, a night attendant at the station, was on duty at the time of the fire.

The two defendants and the Pure Oil Co. also have entered counterclaims for damages resulting from the fire.

The trucking firm is represented by John Mordant, Minneapolis, the defendants by H. M. Lambertson Jr., Winona; Joseph Mooney, Waseca, and William O'Brien, St. Paul. Judge Edward J. Devitt is presiding.

**Explains Views**

Robertson, who was on the witness stand when adjournment was called Tuesday afternoon, said that he believed that the fire started when Wodrich pushed the hose across the frame of the truck between the cab and trailer and the nozzle came in contact with an exposed battery pole.

The contact, Robertson said, could draw a spark that would ignite a small amount of gasoline that ordinarily remains in the nozzle of the hose from a previous filling.

The engineer said that he believed that there might have been a leak in the fuel line of the truck between the fuel pump and carburetor and vapors from this leak were ignited by the flash.

Gasoline issuing from this leak could have produced additional fuel for the fire, Robertson testified in direct examination by O'Brien, which subsequently might have been fed by grease and waste accumulations saturated with leaking gas under the truck.

While he testified Robertson referred at times to a model introduced by the defendants Tuesday showing the location of the fuel tanks, battery, carburetor and fuel pump on the truck which figured in the fire.

O'Brien recalled testimony heard earlier in the trial from another engineer—called as a witness by the trucking firm—who said that he believed that the fire was caused by the nozzle of the hose drawing a spark from the electrostatic charge that had been built up in the truck on its run to Owatonna. The spark, the other engineer held, ignited gasoline that poured from the nozzle of the hose.

Robertson testified this morning that he discounted this theory in view of the testimony of the truck driver who told of topping his truck about a mile away from the service station and using a wrench to test the wheel lugs of the truck.

Robertson said that he believed that if an electrostatic charge had been built up on the trip from the

Gov. Orville Freeman, right, and Dr. Nels Minne, college president, lead the academic procession at Winona State Teachers College. Immediately behind them are Dr. M. R. Raymond, right, college vice president, and S. J. Kryzsko, resident director on the State Teachers College Board. (Daily News photo)

## Need for Teachers, Classrooms Stressed By Governor at TC

The need for more teachers and additions to education's physical plant, in buildings and equipment, was the keynote of the commencement address given by Gov. Orville L. Freeman to the 95th graduating class of Winona State Teachers College this morning at Somen Hall Auditorium.

Gov. Freeman emphasized to the 76 graduates, relatives, friends and guests that the problem was defined 10 years ago but the Korean conflict and changing times caused postponement in facing the problem which is now upon us.

The governor pointed out that next year the schools of Minnesota will have 50,000 additional students and that 7,000 new classrooms will be needed. "Our school districts must provide for this expansion, but 57 of our districts are unable to do this because of lack of money," he said.

"To meet our needs, we must do two things," he continued. "We must attract more able young people into the teaching profession and make that profession attractive enough for them to stay. And, we must provide the necessary provisions to our physical plant, both in buildings and equipment, to enable us to give adequate preparation to teaching to these new recruits."

Freeman said that the problem of education is not the only one facing the people of Minnesota at this time. It also applies to provisions for the old age in our state and also for buildings and institutions for them. "But," the governor continued, "there is no group in society that works better together in relation to the needs of the people of Minnesota than the teaching profession."

"The problem is clear," he continued, "but the solution is not easy. Our teacher training institutions, our teachers colleges, the university and private colleges will be called upon to supply 1,000 new teachers per year than they are now providing. Yet, almost all of these institutions are now operating at capacity."

"Minnesota needs 3,000 new teachers each year to meet the requirements of its educational system." They are now providing 2,000 per year, but those 2,000 are needed to fill the vacancies of teachers who leave the profession.

The governor declared that it is up to the people of the state to provide for the expansion, that they must think clearly and get the job done now instead of again postponing the problem.

The morning program began at 10:30 with the procession of faculty and graduating students led by Gov. Freeman and President Nels Minne from Memorial Hall to Somen Hall on the campus. Miss Agnes Bard, of the college music department, was the organist for the procession and F. A. Jederman, marshal.

The invocation was given by the Rev. Clare Karsten of McKinley Methodist Church and was followed by the "Pilgrims Song" by the college chorus under the direction of Walter Grimm.

President Minne introduced Gov. Freeman and his address followed. The presentation of classes was made by the vice president of the college, Dr. M. R. Raymond, and the presentation of diplomas and conferring of degrees was by Resident Director S. J. Kryzsko, with Gov. Freeman congratulating each graduate.

The graduates pledge was taken by the graduates and the announcement of scholarship awards was made by M. L. Mariner, chairman of the personnel committee at the college. A choral benediction was given, and the recessional followed.

**Banquet at Oaks**  
Graduating classes held their banquet at the Oaks Tuesday evening with Adolph Bremer, city editor, Winona Daily News, as speaker. He suggested that one of education's problems is keeping its curriculum in pace with a fast-moving world. The alternative, he said, is to pace the world to education's curriculum.

David Mahlk, Winona, senior class president, presided. President Minne cited the importance and role of the college's alumni society and introduced the speaker. Providing musical entertainment were Fred Hever, Miss Janice Michaelis, Curt Peterson and Ralph Benke.

## Good News Today: No Rain Forecast

The broken record is fixed: There's no rain forecast.

At noon today rather ominous clouds were floating across the sky over Winona, and the weatherman says it'll be partly cloudy Thursday, too, but he says it won't rain. Rain had been forecast for today.

During the 16-day period beginning May 23 and ending Tuesday, it rained 10 days.

Cool weather may be expected. The mercury will dip to 50 tonight and climb to 70 Thursday.

## Whitehall Gives \$250,000 Issue Large Plurality

WHITEHALL, Wis. (Special)—An overwhelming vote of approval was given the proposed \$250,000 school bond issue here Tuesday as 227 citizens of Joint School District 5 said yes and only 30 voted no.

"It is expected that Schubert, Sorensen & Associates, architects, will have complete plans and specifications ready by the end of July," C. E. Nordhagen, principal, said today.

"Bids can then be asked in August and construction will start in the fall."

In the meantime, the old assembly hall is being converted into two classrooms and a library, work which would have been done regardless of how the vote went, Nordhagen said. A corridor in the school also is being widened.

Polls were set up for yesterday's vote in the city hall from 7 a.m. to 8 p.m. Voting citizens from Whitehall and the towns of Lincoln, Preston and Arcadia cast ballots.

Actually, the assessed valuation of the district will not be known until sometime in July when the annual assessment is complete. The percentage of this which can be used as collateral to borrow will not be definitely known until a referendum before the Legislature is given a vote.

As expressed by the majority of Wisconsin voters in the April 5 election, school districts of the state should be allowed to borrow on the equalized valuation rather than the assessed valuation, giving them a broader base on which to work. This would require a constitutional change, a move which was approved April 5.

**Breakin Discovered At Madison School**

A breakin at the Madison School where about 30 cents in stamps was taken was under investigation by police today.

Entry to the building was gained by removing a basement screen and the stamps were taken from the secretary's desk in the first floor office.

The stamps were discovered missing last weekend but the removal of the screen was not noticed until this morning. It is believed that the breakin probably was made last Friday night.

**Deer Killed on Road; Damage to Car \$200**

STOCKTON, Minn.—A deer was killed when it stepped into the path of a car on Highway 14, two miles west of here, early today.

R. C. Merrill, 326 E. Mark St., Winona, told Sheriff George Fort that he was driving east on Highway 14 at 1:30 a.m. when the deer leaped onto the highway and was struck by the front end of the car.

Merrill, who was not injured in the mishap, reported \$200 damage to the car.

**CITY COUNCIL VOTE**  
The "no" votes that Council President William P. Theurer and 4th Ward Ald. Joseph Karsina and Daniel Bambenek cast Monday night were against the ordinance lowering the on-sale beer license fee to \$200 and did not involve the on-sale liquor license ordinance amendment to \$1,200, as was indicated in a report Tuesday. They voted for the latter.

## County Board OKs Contracts; \$5,000 Asked

Historical Society Wants Help to Run Contemplated Museum

The Winona County Board of Commissioners Tuesday afternoon awarded contracts totaling \$13,874 for stoker coal, calcium chloride and dump trucks.

Successful low bidder among seven firms offering to supply two-ton dump trucks was the Owl Motor Co., Winona, whose low base bid of \$6,159.24 was accepted by commissioners.

The firm will deliver two Ford V-8's, with five cubic-yard hoist boxes for use by the county highway department. Owl's base bid was on a six-cylinder, 118-horsepower vehicle; but the board purchased the 146-horsepower V-8 for an additional \$200, bringing the total cost to the county to \$6,359.24.

A contract for 120 tons of calcium chloride was split evenly among four Twin Cities firms bidding. All had offered to supply it for \$32 a ton.

Included in the letting were: Lyon Chemical, Inc., and Material Supply Corp., both of St. Paul, and Columbia Southern Chemical Co., and Merchants Chemical Co., both of Minneapolis.

The Western Coal and Supply Co., Winona, was awarded a contract for 425 tons of stoker coal (Saline County, Ill., product) at \$10.06 per ton.

**Appeal by Society**  
Appearing before commissioners Tuesday in an appeal for a \$5,000 grant to the Winona County Historical Society were P. F. Loughrey, Miss Leona McGill and Dr. Lewis I. Younger, all of Winona, and John Donehower, Dakota. All are officers of the organization.

Dr. Younger, in making the appeal, said that the society expects a large gift of money for a museum but the donors "ask me how we're going to run it properly."

"What we need," said Dr. Younger, "is a paid manager for the set up. We're not going to cut down on our voluntary labor—we need that—but a full-time manager will give us continuity. . . . we can do a lot for citizenship among our children with a strong historical society."

Dr. Younger, in asking commissioners to give the society \$5,000, pointed out that Olmsted County currently appropriates \$6,000 annually for its historical society.

**Given \$2,500 Already**  
The Winona County group was given \$2,500 in October and Commissioner Peter Merchlewitz indicated Tuesday that he felt another gift now would encourage continual requests for finances by the society.

Asked by the board about the legality of such gifts, Assistant County Attorney Richard Darby told the board that the maximum allowance for an outright gift is \$3,000.

Darby pointed out, however, that commissioners could if they wish include a special tax levy for the society when the county's annual budget is set in July. The limit for such a levy is one-half of one mill, said Darby.

The board declined to take action on the request at this time, voting to table the question until the July meeting. "We sound out public sentiment in the matter," it was said.

**Convention**  
A request from Judge Leo F. Murphy that the county allow expenses for County Probation Officer James Heinlen to attend the state probation officers' convention in St. Paul Nov. 19-22 was granted.

All bills for the month of May were approved and ordered paid by the board.

**Warren Township**  
Also appearing before commissioners Tuesday was George Burns, chairman of the Warren Township board of supervisors.

Burns asked if it would be possible for the county to use its heavy-duty equipment to ditch out one-quarter of a mile of road at Farmers Community Park. He called the park a "county project" and said that if the county would do the ditching, Warren Township would put in the necessary rock.

The board tabled the matter, pending a report from County Highway Engineer Gordon Fay, who was asked to investigate before Thursday.

**Merchants Reject Saturday Closings**

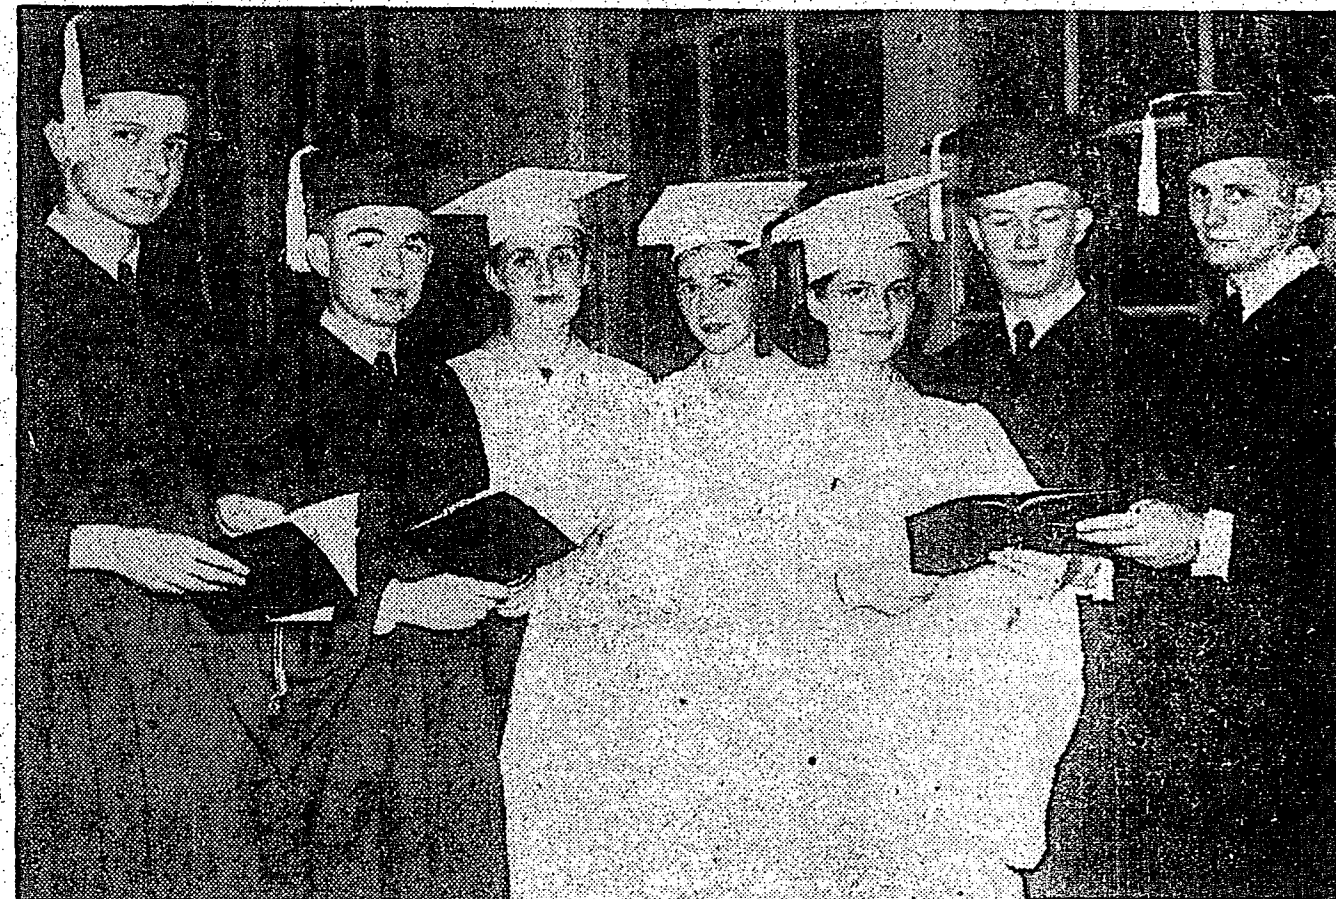

Members of the Chamber of Commerce Merchants Bureau Tuesday decided against a proposal to close retail stores at 1 p.m. on Saturday afternoons of July 16, 23 and 30 and Aug. 6.

The 18 members attending indicated the decision was based upon competitive reasons.

Merchants also set the annual "Half-a-Day, Half-a-Dollar" sale and bureau picnic for July 20. Stores will be open from 9 a.m. to noon, closing then to permit employees to attend the picnic.

The bureau also reviewed plans for Winona County Dairy Week next week and urged all businessmen to participate in promotions and attend Dairy Week events. Promotional plans for Winona Century Days' June 23-25 were discussed.

**IN SOUTH DAKOTA**  
ARCADIA, Wis. (Special)—Mr. and Mrs. George Schlessler and daughter, Lorraine, visited recently with relatives at LeMars, Iowa, and Dell Rapids, S. D.

These Are Seven 1955 graduates of Winona Senior High School. Only one of them is an American. Can you identify him or her? Here are the graduates and their home countries: Rudolf Gerlach, Germany; Jean-Jacques Rey, Belgium; Françoise A. Guichard, France; Judith Ann Jeffreys, New Zealand; Anna Bandiera, Italy; Pekka P. Kause, Finland, and Edward A. Ellis, U.S., the class president. The others are foreign exchange students who have been here the past school year. Left to right the students are as listed in the order above. (Daily News photo)

## At High School Graduation

## Colleges Face Enrollment Problems, Too, Dean Says

Problems facing American schools in an era of rapid population expansion were spelled out here Monday night by Dr. Walter W. Cook, dean of the College of Education of the University of Minnesota, in an address delivered at 85th annual commencement exercises at the Winona Senior High School.

Dean Cook pointed out that the nation's birth rate has virtually doubled during the period since most of the 223 members of this year's high school graduating class were born.

The elementary and secondary schools are not the only ones experiencing difficulties in adjusting existing facilities to meet the demands of constantly increasing enrollments.

**Enrollments Zooming**  
"Last year most of the students entering our universities and colleges were born in 1935, the year of the lowest birth rate the nation has ever known," Dean Cook explained. "So when we reach the college level we would expect this low birth rate to be reflected in a decrease in college enrollments."

"Yet, rather than a decrease, we found a 10 per cent increase in the number of high school graduates going on to colleges and universities," he continued. "And, as a matter of fact, the number entering colleges has doubled with every generation since 1920. In 1900 4 per cent of our high school graduates went on to college, in 1920 it was 8 per cent, 1940, 16 per cent and today, 28 per cent."

When the recent bulges in elementary and secondary school enrollments finally hit the colleges in the near future, he said, the problems encountered at the college and university level will be the most acute encountered yet.

**Presentation Made**  
The presentation of the class memorial—a \$400 contribution to the American Field Service to help finance the studies of a Winona student in a summer program abroad or to bring a foreign student to Winona—was made by Edward Ellis, president of the senior class.

Other class officers, John DeLozier, vice president; Mary Kay Haake, treasurer, and Janet Tuttle, secretary, made announcements of class honors.

Members of the graduating class were presented by Senior High School Principal R. J. Williams to Carrol Syverson, president of the Board of Education, for diplomas.

The commencement speaker was introduced by Superintendent Harvey D. Jensen and the invocation and benediction were pronounced by Dr. L. W. Brynstad, pastor of Central Lutheran Church.

The processional was played by the Senior High School orchestra under the direction of Milton Davernport and the Senior High School choir under the direction of Robert L. Prosser was heard in three numbers.

In most so-called underdeveloped countries about 40 per cent of the population is under 15 years old.

## Municipal Band Begins Concerts At Lake Tonight

The Winona Municipal Band will begin its summer program of Wednesday night band concerts at the Bandshell in Lake Park at 8:15 o'clock tonight.

Harold Edstrom is director. The program for tonight:

"America"  
"America the Glorious" . . . Kioffman  
"Morning Mist" . . . Coffield  
"Springtime Festival" . . . Olivadot  
"Chopin Melody—Etude"  
Opus 10, No. 3 . . . Arr. by Isaac  
"Tarentella Capri" . . . Canave  
"Gypsy Love Song"

"Peachtree Promenade" . . . Gillis  
"Chica Bum" . . . Farrell  
"Bubbling Brass" . . . Eisch  
"Mambo Jambo" . . . Prado  
"Star Spangled Banner"

ent to Winona for high school study—was made by Edward Ellis, president of the senior class.

Other class officers, John DeLozier, vice president; Mary Kay Haake, treasurer, and Janet Tuttle, secretary, made announcements of class honors.

Members of the graduating class were presented by Senior High School Principal R. J. Williams to Carrol Syverson, president of the Board of Education, for diplomas.

The commencement speaker was introduced by Superintendent Harvey D. Jensen and the invocation and benediction were pronounced by Dr. L. W. Brynstad, pastor of Central Lutheran Church.

The processional was played by the Senior High School orchestra under the direction of Milton Davernport and the Senior High School choir under the direction of Robert L. Prosser was heard in three numbers.

In most so-called underdeveloped countries about 40 per cent of the population is under 15 years old.

## French Beauty Says U.S. Men Very Courty

By BOB THOMAS

HOLLYWOOD (AP) — American men can take a bow. A French beauty says they're even more polite than her countrymen.

This is a strong statement, Frenchmen being noted for their continental manners. But actress Nicole Maurey, visiting America for the third time, makes this observation:

"I think American men are much more courtly at all times. They remember the little things, like opening a door for a woman and helping with her wrap. Those are the things that every woman loves; she wants to be pampered and made comfortable."

"To the Frenchman, such matters are not too important—unless he wants to make love to the girl. Then no one can beat him for politeness."

"But to the American, courtesy is an everyday concern. It is part of the difference of attitude. Here the woman is important. In France she is not so."

Despite her feelings about the woman's position here, Nicole is not ready to settle in this country. She feels it is bad for an actress' career.

"I think a European makes a mistake to stay in Hollywood and wait for jobs," she observed. "If the studios know you are here and not working, they think there must be a reason. But if you keep active in Europe, they will send for you."

That system has certainly operated in her case. She had acted in a score of French films when William Perleberg, George Seaton and Bing Crosby came to Paris. They were seeking a girl to play Bing's French wife in "Little Boy Lost." Nicole won out over numerous hopefuls.

**TO ILLINOIS**  
ARCADIA, Wis. (Special) — Miss Emma Doerfer, Arcadia, and the Rev. and Mrs. C. Langholz and family, Peoria, Ill., left June 1 for Dobbs Ferry, N. Y., where Rev. Langholz was speaker June 5 at the dedication of the church he founded there. They also will visit Dr. and Mrs. Roy A. Foster and family, Fairlawn, N. J. On their way home, they will visit the Rev. and Mrs. Arthur Langholz and family, Columbus, Ohio.

### Fisher's Torch Tunes Big Hit in New York

By EARL WILSON

NEW YORK—Now in the hot months when several night clubs will be closing, a funny thing happened—a new night club opened. "Twins La Vie," operated by Monte Proser, one time boss of the Copacabana, before that a "pack rat" in Yellowstone, before that a young hobo.

"You must be independently wealthy," somebody said to him recently.

"I'm better'n that," Monte replied. "I'm independently broke."

Eddie Fisher—whom Monte gave a job 9 years ago—was the star, and the news of the sincere applause he got must by now have reached Debbie Reynolds.

If you're listening, Deb girl, this boy can handle a song. Another pretty good singer, Frank Sinatra, applauded from approximately one foot away. His date, Deb By.

When Eddie sang "Am I Blue?" and "I'm Walking Behind You" and other such heart-twisters, you wondered if he's joined the Torch Club. Every male singer seems to have to have his heart stepped on lately. (There's a good title for a song right there: "Quit Stepping On My Heart.")

"I never saw so many pretty women in one spot," remarked Paul Suni of the Helsinki Pen-Am office, who's kind of an authority, having been married four times.

"American women," he implied, "are prettier than Finnish women at night, but in the morning, when they get up, Finnish women are prettier."

He was talking about the difference makeup makes—the Finnish beauties not using any, except a little lipstick.

By American beauties I reckon he referred to Audrey Meadows, Jill Corey, Fran Keegan, Baby Shor, Mrs. Doug Watts, Mrs. Paul Winchell, and Evelyn Keyes, who said she was going to Paris next day. Her escort, Mike Todd, said she wasn't going to Paris then.

"I'm just in New York to change planes," said Todd. "I'm on my way to Belgrade. Big things are happening there next week."

(He may fire Tito.) Rome Vincent headed the show in the long, attractive room. The scene was an island and Lou Willis Jr. arrived on it in the midst of a goona-goona dance with a golf bag.

"Isn't this the Westchester Country Club?" he inquired.

"Are you crazy? This is an island in the middle of the ocean," he was informed.

"What a drive!" he shouted, waving the golf club.

THE MIDNIGHT EARL ... Perle Mesta will do a show from

## Governor of Tennessee Sees Democratic Win

CHICAGO (AP)—Gov. Frank G. Clement of Tennessee predicts a sweeping Democratic victory in 1956 and says "I'm one Democratic governor who is going to support the party's nominees—wherever they are."

He told an estimated 2,340 diners at a \$100-a-plate Democratic fund-raising banquet last night that President Eisenhower "prefers government by delegation of authority" and has shown "aloofness to the people."

The 35-year-old Tennessee governor told Chicago and Cook County Democratic organization workers and boosters that all local and regional elections since 1952 point to "a landslide victory on a national level for the Democratic party in 1956; and over anybody."

Another speaker in the spotlight as a possible 1956 candidate was Adlai E. Stevenson, the 1952 Democratic presidential nominee, who has not said whether he will run again.

Clement, referring to the former Illinois governor, said, "After Eisenhower Stevenson." He departed from his prepared text to add: "Gov. Stevenson and I have never discussed what he's going to do. I've never asked him what he's going to do. And, he has never told me what he is going to do."

Clement said he believed Stevenson would win the presidency, if he runs.

Stevenson, asked by newsmen before the dinner if he cared to say anything about whether he would seek the presidency next year, replied: "Only this: That when I have anything further to say, I shall issue a written statement."

The Yankees' Ed Robinson will marry schoolteacher Betty Furlow ... New cafe drinks: Red Eye (beer and tomato juice) and Bloodshot (two jiggers of whiskey to one of red wine) ... Starlet Charlotte Austin's hospital visitor—in dark glasses and phoney mustache—was Marlon Brando ... Duo at the Chi Chi: Magda Gabor and Tony Gallucci, together again ... Harold Arlen will fly to London to arrange for his "Blues Opera"—and to see Dietrich.

Earl's Pearls ... Tyree Glenn describes the Lindy's set: "The borscht 'n' tea parties."

WISH I'D SAID THAT: "Twenty years ago a lot of people dreamed about earning the salary they can't get along on today."—Wildroter.

Mike Connolly tells of the guy who never gives girls a second thought. Doesn't have to—that first thought covers everything. That's earl, brother.

## Police Break Up Prison Riot In St. Louis

ST. LOUIS (AP)—Police using tear gas broke up a short-lived prisoners' riot at the St. Louis city workhouse late last night after inmates set fire to mattresses, ripped out plumbing and smashed windows.

More than 100 policemen confined the outbreak to one cell block. Firemen quickly extinguished the blaze started with burning mattresses.

Two of three high police officials racing to the scene from the municipal opera were injured in an automobile accident. No one was hurt in the riot.

Warden Harold E. Baynes, appointed to the post last April, said the riot followed distribution of circulars to prisoners announcing that visits would be restricted to "immediate relatives."

"I think the 17, 18, 19 and 20-year-old boys didn't like it because I was cutting off visits from girl friends," he explained.

Injured in the accident en route to the workhouse were Chief of Detectives James Chapman and Police Inspector George Parker. Both were hospitalized. Col. J. A. Long, president of the Board of Police Commissioners, escaped injury and continued to the workhouse.

Shouting, yelling and general tumult erupted in a cell block known as the "Old House." A barrage of flaming mattresses, broken benches and debris at first prevented police from entering the block. But once tear gas was employed, the riot was quickly broken. The whole thing lasted about an hour and 15 minutes.

A total of 250 prisoners were in the block, all but 50 in their cells during the disturbance. The 50 got out of the cells when a guard was trying to return a work detail to their cells.

ST. LOUIS (AP)—Police using tear gas broke up a short-lived prisoners' riot at the St. Louis city workhouse late last night after inmates set fire to mattresses, ripped out plumbing and smashed windows.

More than 100 policemen confined the outbreak to one cell block. Firemen quickly extinguished the blaze started with burning mattresses.

Two of three high police officials racing to the scene from the municipal opera were injured in an automobile accident. No one was hurt in the riot.

Warden Harold E. Baynes, appointed to the post last April, said the riot followed distribution of circulars to prisoners announcing that visits would be restricted to "immediate relatives."

"I think the 17, 18, 19 and 20-year-old boys didn't like it because I was cutting off visits from girl friends," he explained.

Injured in the accident en route to the workhouse were Chief of Detectives James Chapman and Police Inspector George Parker. Both were hospitalized. Col. J. A. Long, president of the Board of Police Commissioners, escaped injury and continued to the workhouse.

# Kohler OK's New Wisconsin State School

MADISON, Wis. — Governor Kohler and Republican legislative leaders have approved a bill calling for a new six million dollar state school for boys at Silver Lake, near Eagle in Waukesha County.

Kohler said Tuesday night the school in the Kettle Moraine State Forest, replacing the present institution at Waukesha, would be financed by taking three million dollars from the general fund and the same amount from the building reserve fund.

The latter fund is made up by putting aside annually two per cent of the value of existing state structures.

Other details of the proposal as announced by Kohler include: Present buildings at the Waukesha school would be demolished and the property sold.

Construction at Silver Lake would start immediately if the Legislature approves the bill which will be introduced this week.

The new buildings will be located on land now owned by the Conservation Commission which will transfer it to the Public Welfare Department.

The Silver Lake school will have two types of institutions: one to house hardened lawbreakers, the other for first offenders.

John Trumburg, director of the Public Welfare Department, and Dr. W. D. Stovall of Madison, chairman of the Welfare Board, agreed to the new school and said there would be no personnel problem at the new location, some 15 miles southeast of Waukesha.

Agreement of legislative leaders to support the bill ends a long fight over what to do with the present inadequate facilities at Waukesha and where to build a new institution.

Several proposals had been advanced, including building the school adjacent to the Green Bay reformatory.

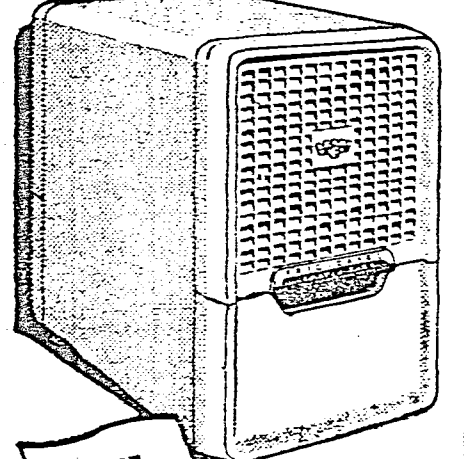

But all were opposed vigorously. Attending the conference with Kohler were Republican Sens. Rogan of Ladysmith, GOP floor leader; Panzer of Oakfield, president pro tem; O'Brien of Green Bay; Porter of Bloomington, a member of the Joint Finance Committee; Dempsey of Hartland, Redford of Waukesha and Assemblyman Ludvigsen of Hartland. Marotz of Shawano, caucus floor leader; Lessel-youn of Fond du Lac, and Arthur Wegner, Kohler's financial secretary.

About 7 1/2 per cent of the earth's crust is aluminum.

### It's June and Festival For Better Living

It's June. And June is Dairy Month all over.

Communities throughout the Winona area of Southeastern Minnesota and Western Wisconsin are giving the festival for better living a tremendous boost through a great push for dairy product sales that involves not only dairy farmers and dairy industry people, but thousands of others interested in the welfare and the future of this important industry.

Word comes from the American Dairy Association, an organization financed from the milk checks of dairy farmers in all sections of the country, that "Without a doubt June Dairy Month, 1955, is the greatest total merchandising effort put on by any segment of the food industry."

Last year, American consumers bought dairy products to increase the consumption of milk by six billion pounds. The industry now faces the task of selling an additional six billion pounds of milk, and if it does, the surplus problem will be licked. Government officials feel that current surpluses will be liquidated not later than 1956.

For years dairy producers were reluctant to tell the world about the deliciousness and health-providing qualities of dairy products. Consequently, sales of dairy substitutes zoomed and butter and other dairy products filled storage warehouses.

ADA has a farmer-financed advertising campaign in high gear to remedy the low per capita consumption of milk and its related products and June Dairy Month is the focal point of this gigantic promotion. All of this effort traces right back to you, Mr. and Mrs. Citizen. Just as you gain healthwise by eating dairy foods, so you gain in the economy from a healthier industry.

Area dairy month promotions have centered around preparation of foods made with dairy products and aiding in the selection of a state dairy queen to be a dairy ambassador during her 12-month reign. This idea was originated with Wisconsin's Alice in Dairyland and has been duplicated by Minnesota's Princess Kay of the Milky Way.

Regional Alice finalists were named at Arcadia Memorial Day weekend and Wisconsin farm women are competing in local custard pie bake-offs to select an eventual state champion.

Last summer, Minnesota named its first dairy princess, Eleanor Maley, Grand Meadow. She has been employed for a year by the state ADA and has traveled more than 40,000 miles as a good-will emissary for Gopher state dairy products, including the highly publicized trip to Paris and a milk date with Pierre Mendes-France, then head of the French government.

It is estimated that 90 per cent of the newspapers in this country publicized her in 1954-55!

With this beginning the princess contests in 1955 will be intense with every county in Southeastern Minnesota planning a dairy promotion at which the county princess will be named. Fifteen district contests throughout the state have been announced. Last year as a foods promotion, Minnesota women baked custard pies. This year it is the butter cake.

Wabasha County is the first in this area to stage a June dairy event. It is in progress today at Plainview and features an address by Gov. Orville Freeman, a large parade and a queen contest with candidates from every community in the county. Wabasha alone had 25 contestants who met for local honors before a big crowd last night.

Winona County will follow. Its dairy promotion will last a week and will be kicked-off tonight at the Oaks with the second annual dairy banquet. State ADA director, Myron Clark, former state commissioner of agriculture and Stewartville farmer, will speak. Princess contestants will appear after meeting with judges in the afternoon at the YMCA.

Monday night at the Winona Armory, the county dairy princess will be crowned by a former Winona County girl and now an aide to Miss Maley, Sara Brown. Whoopie John and his orchestra will play for dancing.

A dairy promotion Winona Chiefs ball game will be held at Gabrych Park Tuesday night and local butter cake champions will meet in the county bake-off at the high school Thursday afternoon, June 16. The Winona Chamber of Commerce is assisting with this countywide event.

Houston County has a dairy day, complete with bake-off and princess contest, planned for June 15 at the Caledonia city auditorium. Last year, Mrs. Al Huesmann, from Houston County, went to the state custard pie finals from this region.

Fillmore County will stage its dairy day June 18 at Preston as part of the Preston Lions Club celebration. There too, a dairy princess will be named. Local contests have already been held in many Fillmore County towns and others are planned before June 18.

June Dairy Month officials promise a start-

She is a loving wife who helps . . . Her husband go through college . . . Whose sacrifices urge him on . . . To gain that special knowledge . . . The wife who does think in terms . . . Of luxury today . . . But who is patient for their time . . . To live a better way . . . She is the woman who provides . . . That golden inspiration . . . To keep her spouse intent upon . . . Success in his vocation . . . And grateful is the husband as . . . He makes his way in life . . . To her who is his helpmate and . . . His understanding wife . . . Upon that graduation day . . . He says to her sincerely . . . "I thank you for your faith in me . . . And, oh, I love you dearly."

### These Days

## \$15,000,000 Error In Ford Grants

By GEORGE E. SOKOLSKY

NEW YORK—When the Ford Foundation gave Paul Hoffman, its president, \$15,000,000 to form the Fund for the Republic, Hoffman ceased to be the head of the Ford Foundation. Similarly when Robert Hutchins left the Ford Foundation, he found a position with the Fund for the Republic. Since then the two organizations have gone their separate course, and, I understand, no love is lost between them.

In the public mind, however, the Fund for the Republic remains in some manner related to the Ford Foundation and no steps have been taken by the parent to speak of its offspring in public as some speak of it in private. If then it is suggested that Ford Foundation money is being used for political purposes and therefore subject to re-examination as to tax exemption, it is only because the Ford Foundation has avoided explaining to the public that a \$15,000,000 error was made.

MEANWHILE THE FUND for the Republic has been antagonistic to all congressional investigations and investigators, has teams all over the country ostensibly investigating the Communists but actually seeking to discover what active anti-Communists have been doing. A very complex questionnaire has been sent to firms using radio and television programs to advertise their wares, asking in the minutest detail what their policies are concerning the employment of Communists or alleged Communists on radio and television.

In a letter addressed to such firms, the following questions are asked:

"(1) Does your organization hold that certain political criteria should be met by artists whom you engage, i.e. would you disapprove of hiring an artist.

(A) Named as a Communist by a government agency?

(B) One who was an 'unfriendly witness' before a governmental investigating body?

(C) One who stood on the Fifth Amendment before such a body?

(D) One who has been listed in such private organs as 'Counterattack,' 'Red Channels,' 'Firing Line'?

(E) An artist who in the public mind, or at least before a goodly section of the public, is deemed 'controversial'?

(F) Any other category?

"(2) If such criteria are to be met, does your organization leave the application of them to the advertising agency and the network or do you take an active interest?

"(3) Is it your experience that the employment of 'controversial' personalities hurts the sale of products?

"(4) Are you satisfied with the way the question has been handled to date?"

THE FUND FOR THE REPUBLIC has also become engaged in the free distribution of books, pamphlets, newspaper articles, etc. One phase of political propaganda is the unwelcome, unsolicited, unpaid for distribution of material on one side of a question with the object of influencing public opinion. The Fund has sent such material to clergymen, college presidents and federal judges, among others.

I have before me a list of such material as received by one person who has asked for none of it and resents being made its recipient. As I have not read all of it, I cannot adequately comment on it, but one article widely distributed by the Fund for the Republic is "The Kept Witnesses," by Richard H. Rovere, with a subtitle that states: "At least eighty-three people have been set up by the government in the trade of 'Professional Witnesses.' One calls it 'a racket' . . . three are confessed liars . . . and all of them are exempt from security clearance."

This article gives me the impression that the government of the United States, particularly the Department of Justice and the FBI, is engaged in a conspiracy to frame Americans by the use of false and paid witnesses. It is the most serious charge that can be made against a public official. It is deserving of a congressional investigation, because if Rovere is correct, the security system is faulty and criminal in intent. Such an investigation could include the author of the article and the Fund for the Republic.

## IN YEARS GONE BY

### Ten Years Ago . . . 1945

Considerable damage was done on the upper floor of the Latsch & Son Co. building when a water tank developed a leak.

Small grains made slow progress this week due to unseasonable weather.

### Twenty-Five Years Ago . . . 1930

Winona is to have its dredge, an amount of \$4,351.06 having been raised by popular subscription.

A unit of the Minnesota State Automobile Association has been formed by C. E. Boblett.

### Fifty Years Ago . . . 1905

The laying of brick on the new St. Stanislaus School building has begun.

H. I. Howe and family left for Portland, Ore.

### Seventy-Five Years Ago . . . 1880

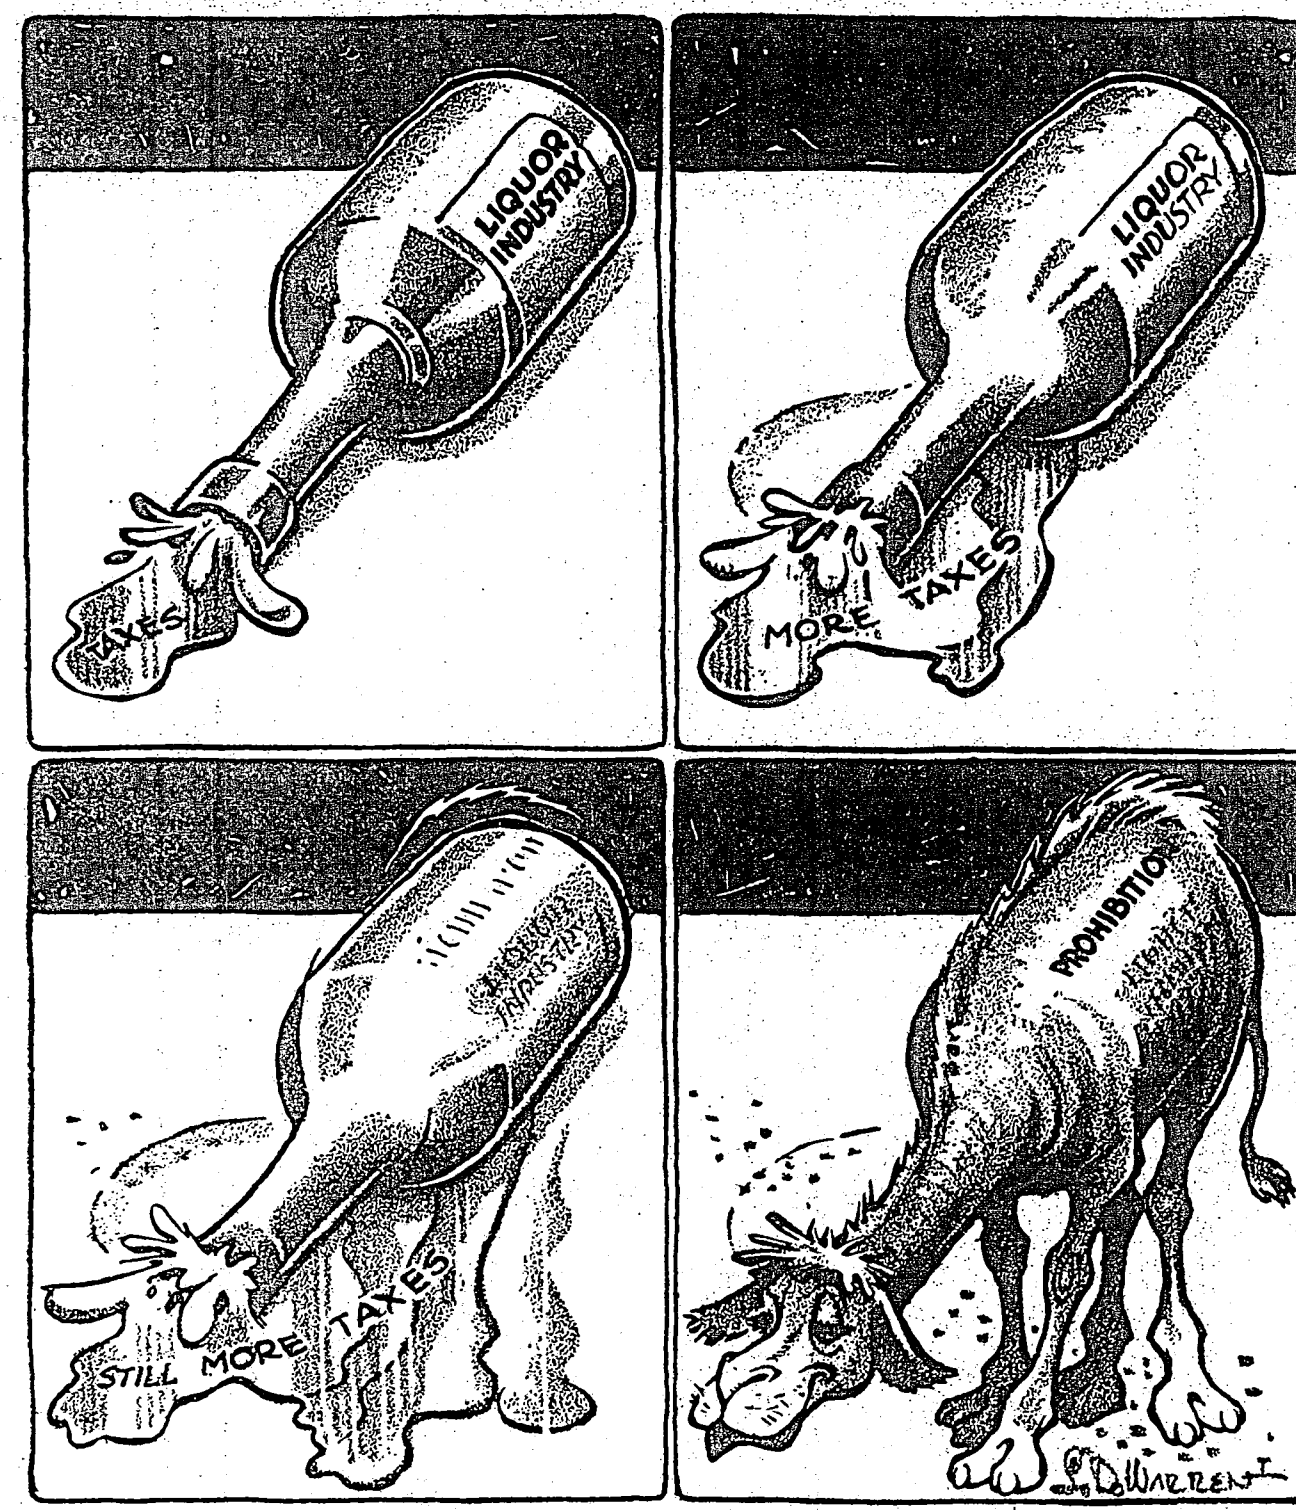

The water in the river has risen 12 inches in the last 24 hours.

Three men who were seated on the sidewalk railing between the post office and Merchants Bank had a tumble when the railing gave way.

ling story on the results of this effort. With good consumer response to the sales efforts, the dairy industry should be much closer to the end of its surplus problem. No section of the county would profit more noticeably from such a success than the immediate Winona area.

No matter how dark things get there is always one consolation. Life can never be as bad for us as it is for the heroines of the soap operas.

### Washington Merry-Go-Round

## Russ Progress in Luring Tito Back Held Doubtful

By DREW PEARSON

WASHINGTON—The chancelleries of Europe plus the diplomatic corps in Washington have now had a chance to get a slow double-take on the historic Belgrade conversations at which the Kremlin made amazing obeisance before Marshal Tito.

Chief conclusion they draw is that the problems facing the Kremlin behind the Iron Curtain are much more serious than the world had thought, and that the Soviet is playing from a position of weakness, not strength.

For a long time reports of unrest have come out of Russia—of farm inefficiency, political dissension and almost silent revolution. These now appear to be confirmed. The situation inside Russia may be similar to that when Hitler invaded in the early days of the war at which time 3,000,000 Red soldiers surrendered because they welcomed the Germans as saviors.

Unrest in the satellite countries is even worse, which obviously is why the Kremlin bosses swallowed their pride and went hat-in-hand to Belgrade. They had to try to win the satellite rebel back into the fold.

Other conclusions of the Belgrade conference were that Soviet Premier Bulganin is little more than a well-dressed flunky and front man; that Communist Sec. Khrushchev more than ever runs the show; that Khrushchev is an ignorant and swashbuckler who really believes his own propaganda; that Andre Gromyko, the dour young former ambassador to Washington, is on his way to become foreign minister of Russia.

### Soviet Gains Doubtful

Whether the Moscow team made any progress in Belgrade is highly doubtful. Khrushchev, it seemed, really expected Tito to keel over, wag his tail and come barking back to the fold like a lapdog. He was rudely shocked by the rebuff. The people of Yugoslavia seemed equally unimpressed. They greeted the Moscow rulers in stony silence. Years of being under Stalin's thumb had brought no desire to return. On the whole, U. S. State Department observers are encouraged.

The Joint Chiefs of Staff, on the other hand, got panic-stricken when first reports came from Belgrade, and our military men wanted to cancel all military aid to Tito overnight. The State Department, however, said no. There may be an allied conference with Tito to see exactly what the score is, but at first blush the State Department figures Tito is sticking with the free world.

Note 1—Political conditions behind the Iron Curtain are not to be confused with military preparedness. There is no question but that the Russians are ahead of us in long-range jet bombers and may be ahead of us in guided missiles. Their over-all air strength may be just about equal to ours.

Note 2—When U. S. Ambassador Jimmy Riddleberger asked Khrushchev whether he would attend the Big Four conference "at the summit" he replied with a wink: "Of course not. After all, I'm not a chief of state."

Under Dulles' Nose If John Foster Dulles really wants a bipartisan foreign policy he should take a look right under his own nose at his own State Department.

There he will find that the public relations expert attached to Sen. McCarthy's friend, Scott McLeod, is Hal Short of Portland, Ore. And if he looks further into the campaign records of the last election he will find that Hal Short was paid \$16,300 and is owed another \$17,000 for political publicity in Oregon in the 1954 Senate race.

This total of \$33,300 was obligated by the Citizens-For-Eisenhower Committee in an effort to defeat Sen. Dick Neuberger, Democrat, whose vote in the Senate and that of his friends necessarily is important to Sec. Dulles.

Also important is the fact that Dulles' assistant, Hal Short, appears to be definitely in violation of the Hatch Act.

Publicity man Short began working for Sec. Dulles in July 1954 just as the Oregon election was beginning. Yet he spent part of that time campaigning in Oregon. Presumably he got around the Hatch Act by drawing \$50 a day from Sec. Dulles on a per diem basis, so he would work one day at politics, another day in the State Department.

This does not exactly make for a bipartisan foreign policy, but it might keep Short out of trouble with the Hatch Act—were it not for one thing.

On Dec. 3, 1954, after the Oregon election was over and Neuberger had won, Short participated in a conference with Sens. Dirksen of Illinois, Jenner of Indiana, Barrett of Wyoming and Potter of Michigan to try to unseat Neuberger. The strategy was to get a recount of Oregon votes.

December 2, the day of this conference, was one of the days Short was listed as working for the State Department.

Of course, if Short were prosecuted under the Hatch Act, some of the senators who were present might have convenient memories and forget he was there. But Short went further—he gave a statement to Mervin Shoemaker of the Portland Oregonian in which he said: "We are confident that there were mistakes in the counting. How much they would affect the totals we could not tell without recounting the ballots."

He went on to add that Sen. Jenner of Indiana had promised that his elections committee would accept a petition for a recount.

All this political activity, in clear violation of the Hatch Act, occurred when Short was listed on the State Department rolls as working for Sec. Dulles who claims he's anxious for a bipartisan foreign policy.

It will be interesting to see what, if anything, the Justice Department and/or Sec. Dulles do.

### Advice on Health

## Trio of New Drugs Helps Cure Ills

By H. N. BUNDESEN, M.D.

In our monthly review of medicine, we find three new drugs: One gives relief from ulcer pain, another clears up nasal congestion and a third will help the mentally ill.

Patholon Tridihexethide gives prompt relief from spasm pain in persons afflicted with peptic ulcers, according to Dr. Julian M. Ruffin, professor of medicine at Duke University.

### Blocks Nerve Impulses

The drug works by blocking nerve impulses along sections of the nervous system that control the smooth muscle lining of the stomach and intestine. By relieving the spasms, the drug inhibits the secretion of gastric juices, thus eliminating a primary source of ulcer irritation.

Tyzine, a new nasal spray, is reported to be an effective treatment for congestion accompanying the common cold, allergic rhinitis, vasomotor rhinitis, acute sinusitis and similar complaints.

### Four Hours' Relief

Dr. Harold C. Menger of Brooklyn, New York, reports that he found the solution superior to many other sprays and nose drops now in use. The majority of patients taking the solution in a test, he writes in a recent issue of the New York State Journal of Medicine, got up to four hours' relief. Treatments at bedtime lasted through the night, Dr. Menger says.

Reserpine, a pure alkaloid from the juices of the snakehead, is reported effective in the treatment of mental patients. Dr. Dean C. Tash-

## THE NATION TODAY

## Workers Soon May Speak for Company

By JAMES MARLOW

WASHINGTON (AP)—Are big labor unions heading for the day when, by their very success in winning benefits for their members, they no longer can get the support of those members in a showdown with a company or industry?

This much can be taken as a truism: The bigger the stake a worker has in the company which employs him, the bigger his reason for not wanting it to suffer loss or ruin, as it might from a strike.

By a strike is meant such things as a pension, with the size of it based on years of service and earnings; company stock which a worker may own; the medical and hospital bills which a company pays; and so on.

The CIO United Auto Workers has just negotiated an impressive contract with the Ford Motor Co. For a time the company offered to let its employees buy Ford stock. This offer did not become part of the contract. The company may make the offer again.

In time UAW may obtain a contract—covering stock ownership and better pensions, guaranteed wages and pay scales—which may profoundly affect workers' attitude toward the company and make them more conservative.

Suppose then the UAW made demands for some new benefits which, while nice to have, were far less than those already obtained. Would the workers strike to win them, taking a chance on losing everything, just to back the union?

Unions may face that problem some day. An old question arises: Can any union be effective if it can't back up its demands?

Perhaps in time the role of unions may have to take a form not now discerned. For example: What happens when a company lets union members buy its stock? Is their allegiance then divided between company and union? Or do they, through the union, demand a voice in running the company to protect their investment?

In the future workers almost certainly will tend to be tied far more strongly to companies which guarantee them 52 weeks' pay a year, work or no work, and have good pension plans. Such workers will have abundant reason to stay with one company and in one town or city.

With an assured future, they can make their own long-range plans, such as in home buying and educating their children. It seems reasonable to believe that the more deeply workers' lives get tied into the success of a business, the more conservative they will become.

CRG

### Badger Boys State Will Open Saturday

RIPON (AP)—Badger Boys State for 1955 opens Saturday with 724 "citizens" on hand at Ripon College for the annual exercises in democratic processes.

The mythical 49th state will operate until June 18.

er, psychiatrist at the State Hospital at Manteno, Illinois, says it helps calm and quiet patients.

He tested 221 patients, 82 of them women who had been at the hospital from one to ten years.

Within a day or two, he reports, the women were calmer. Within ten weeks, the first patient was ready to be discharged from the hospital.

Reserpine, however, is said to have undesirable side effects and must be used with care by doctors in treating patients.

Her parents were also to come to the United States, but decided to remain in Germany, where her sister was later born.

Mrs. Buschmann has traveled in South America, Africa and most of Europe with her husband, a merchant, but never managed to get to the United States until now.

Her son, Joachim, emigrated to this country from Germany last May and now lives in Minneapolis.

United after years of waiting were Mrs. Otis Greeley, 63, who lives on a farm near here, and Mrs. Helen Buschmann, 57, Hamburg, Germany.

Mrs. Greeley was brought to this country by her grandparents when she was 18 months old. She never returned to Germany.

## Ex-Husband Charged With Killing Four

ORLANDO, Fla. (P)—A jealous former husband was charged yesterday with the murder of four children who died in a burning house.

Detective Lt. James R. Beach said 33-year-old Amos Wilmer Thomas signed a statement saying he set the fire to get even with his former wife Annie Lee Thomas, two of whose children were killed in the blaze Friday night.

Thomas pleaded innocent at his arraignment, however, and asked for a preliminary hearing. No date was set.

Justice of the Peace Eugene G. Duckworth said three warrants charging murder in the perpetration of arson were filed. The warrants accuse Thomas of the deaths of Dewitt Roundtree, 10, and Linda Joyce Roundtree, 1, children of Mrs. Thomas; Eddie Lee Roundtree, 10, and Freddie Lee Roundtree, 4, sons of Mr. and Mrs. Ernest Roundtree, grandparents of Dewitt and Linda Joyce.

Beach said Thomas, a Negro, told authorities he slipped into his former wife's bedroom, poured gasoline on the floor, ignited it and ran out. He later joined the crowd watching the blaze.

Screams of the children awakened Roundtree, 48, who was sleeping on the second floor of the frame house, and he rescued one grandchild, Juanita Roundtree, but flames prevented him from reaching the others. His wife and Mrs. Thomas also escaped.

## Minneapolis Girl Scouts Tour Industries Here

About 28 girls from Girl Scout Troop 98 of Minneapolis visited the city Tuesday. Their leader is Mrs. Willard J. Mullen, the former Florence Leiwica of Winona.

The group, accompanied by five adults, visited the J. R. Watkins Co., Behrens Manufacturing Co. and Garvin Heights. Travel was by Burlington Road.

The troop is located at St. Helena's School.

## PLEASANT BUSY BEES

RIDGEWAY, Minn. (Special)—Karen Ford gave a demonstration and Lynn Geisler made a report on his conservation project at a meeting of the Pleasant Busy Bees 4-H Club Friday night at the town hall. Exhibitors and talent numbers for the Witoka Calf Show July 3 at The Arches were selected. Oral and silent demonstrators for county 4-H achievement days were also named. Club and individual records must be in the county extension office by July 15. Next meeting will be July 7 at 8 p.m. at the town hall.

## Want 'Protection' For Young Visitors

MACON, Miss. (P)—Angered officials of Noxubee County want to send the Mississippi National Guard or state patrol to Washington to protect touring high school students from "Negro savages."

They made that request yesterday in a telegram to Gov. Hugh White and Senators James O. Eastland and John C. Stennis.

They referred to last Saturday's slaying of three youths from Lulu, Miss., by two Negroes on a downtown Washington sidewalk. Police in Washington said they could find no evidence the Mississippi youths provoked the attack.

Two of the youths were hospitalized but were not injured critically.

## Marriage Applications Hit High in Jackson Co.

BLACK RIVER FALLS, Wis. (Special)—An all-time high of 13 marriage license applications are on file at the office of Jackson County Clerk George Johnson.

When Royal Roberts became Jackson County clerk in 1953, he reduced the price of marriage licenses in the county to \$1. Johnson said he plans to continue the policy.

## Zemo Great For Itchy Skin Rash

## Few Attend Hearing on Reapportioning

MADISON (AP)—Reapportionment of the Wisconsin Legislature was the subject of another public hearing Tuesday and once more failed to attract a large audience.

Four witnesses appeared before the Assembly Judiciary Committee. Three of them supported the proposal, the fourth proposed an amendment. There was no opposition and the committee members did not ask any questions.

Chances are slim — now that the Legislature has set a summer adjournment date — that the proposal will get serious consideration with many major measures still to be resolved.

The three persons supporting the proposal are members of the seven-member Assembly group that authored the plan. They propose to amend the state Constitution so that each county would be a separate Assembly district. There presently are 18 districts in the state. If carried through the membership in the assembly would be increased from 100 to 118 mem-

## Platteville Votes To Discontinue Water Fluoridation

PLATTEVILLE, Wis. (AP)—Local residents, participating in a referendum Tuesday, voted to discontinue fluoridation of the city's water supply.

The vote against continued treatment of the water with the chemical that is claimed to arrest tooth decay was 799-730. The water here has been fluoridated since October of 1951.

## County Legion Meeting Slated for Club 186

WHITEHALL, Wis. (Special)—A Trempealeau County American Legion meeting, featured by election of officers, will be held at Club 186, midway between Whitehall and Independence on Highway 121. Monday evening, announces Henry Thoreson, Whitehall, county vice commander. The county commander, Cliff Blaha, Ettrick, has gone to Greenland to work.

Delegates to the national convention at Miami also will be elected. Present will be Don Stevenson, Arcadia, newly elected 10th District commander.

While aimed at giving more representation to rural areas populating centers would not be reduced in legislative voice.

## St. Mary's Host To 97 Brothers

St. Mary's College is host now to Christian Brothers from 15 high schools and colleges in this province.

The 97 brothers are using the college facilities and time as a period of relaxation after completion of teaching the 1954-55 school year and before assuming their summer assignments, which primarily consist of teaching summer sessions and studying at numerous universities.

Activities include hiking, baseball, softball, picnics and tennis.

Schools represented at the outing, ending next Wednesday are:

Price College, Amarillo, Tex.; Central Catholic High School, Vincennes, Ind.; De La Salle High School, Minneapolis; St. George High School, Chicago; De La Salle High School, Kansas City, Mo.; St. Peter High School, Jefferson City, Mo.; Cretin High School, St. Paul; Christian Brothers College, Memphis, Tenn.; St. Mel High School, Chicago; Christian Brothers High School, St. Joseph, Mo.; Holy Name High School, Escanaba, Mich.; Christian Brothers High School, St. Louis, Mo.; De La Salle Institute, Chicago; Juniorate, Glencoe, Mo., and St. Patrick High School, Chicago.

## PRESTON FARMERS UNION

BLAIR, Wis. (Special)—The Preston Farmers Union will meet Thursday at 8 p.m. in the town hall. Movies will be shown and lunch will be served.

## DePaul University Graduates Winonan

E. Ronald Dreas, son of Mr. and Mrs. Lloyd Dreas, 262 W. 4th St., was graduated Monday from the DePaul University College of Law, Chicago, with a bachelor of laws degree.

He took his pre-law studies at DePaul College of Commerce. Ronald is a 1950 graduate of Cotter High School.

## BLAIR GIRL GRADUATED

BLAIR, Wis. (Special)—Lois Ann Kolbe, daughter of Mr. and Mrs. Amos Kolbe, has been awarded a two-year diploma at the 39th annual commencement at Wisconsin State College, Eau Claire.

## Jackson County Stones Are Checked for Gold

BLACK RIVER FALLS, Wis. (Special)—If there is gold "in them thar hills," George Johnson, clerk of Jackson County is going to find out!

Albert Kouevnick, Millston area, brought several stones to Johnson Monday asking that he contact Madison in an effort to determine the gold content in them.

In early days of the county, certain settlers believed there was gold in this section of the state.

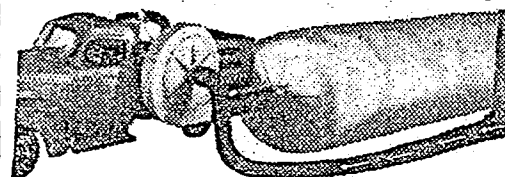

About 8 per cent of U.S. people are over 60 years old compared to 4 per cent in 1900.

# Flavor Right Calorie Light

"YOU'VE NEVER  
TASTED A BEER  
SO GOOD...  
SMOOTH, MELLOW, BITTER-FREE"

"AND YOUR MONEY  
BACK IF YOU  
DON'T AGREE."

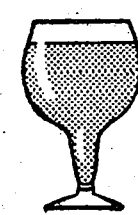

"Peerless is smooth and mellow—bitter-free with lip-smacking flavor. And you enjoy it without that 'filled up feeling'. That's what we mean by Flavor Right, Calorie Light.

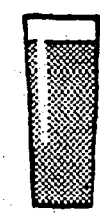

"Yes, Peerless Beer is my best in 23 years of brewing—our best in a 98-year tradition. That's why we ask you to try it without risk. We've put a guarantee coupon in every carton and case... and stand ready to refund your purchase price if you don't agree: 'never tasted a beer so good'."

## Canals Wreck Foundations of Antique Palaces

VENICE, Italy (AP)—The canals which make Venice famous also ruin the foundations of its antique palaces.

Take the famous 17th century Ca' Angaran, on the Grand Canal. Ca' Angaran means the House of the Angarans. This family gave the republic of Venice money to fill coffers emptied by war in 1655 and was elevated to nobility as a reward.

For years the Angarans have feared their palace would fall down. Centuries of lapping water had eaten into the under pinnings. But the 17th century facade was irreplaceable, and the owners feared foundation repairs would harm the front.

The solution: The facade was taken apart, stone by stone. In all, 1,700 separate pieces were piled in a small square nearby.

Sturdy new foundations were built. Now workmen are reassembling the palace. Soon Venetians passing by in their gondolas will never know it was rebuilt.

It's an expensive process. Few Venetian aristocrats can afford the cost. Dozens of palaces badly need restoration if they are not to collapse eventually.

## Douglas Plans Jet Transport

SANTA MONICA, Calif. (AP)—The Douglas Aircraft Co. plans a jet transport designed to cross the United States in 4½ hours and span the Atlantic in 6½ hours.

The jet-powered DC8 will be in the air by December 1957. Donald W. Douglas, president of the company, said yesterday. He said deliveries to airlines should begin in 1959.

Douglas termed it America's first jet transport designed for passenger service. He said it would carry 80 to 125 passengers at top speeds in excess of 550 miles per hour.

The DC8 will be nearly 200 miles an hour faster than the propeller-driven DC7 Seven Seas model.

Douglas is the second American company to enter the jet transport field. Boeing Airplane Co., of Seattle, flew its jet transport, the 707, last July. It was designed as a multipurpose tanker-transport, intended for commercial as well as military use.

### Industrial Credit's Record Proven

B. D. CONLEY

### One-Package Loan Eases Family Budget

"When the family budget is over-extended in trying to meet payments on installment purchases, the common sense thing to do is look for a solution. Simple logic and sound reasoning coupled with the many financial aids available these days can eliminate the strain on family budgets." So said B. D. Conley, manager of the Industrial Credit Company office in Winona, when interviewed on the subject of debt and added expenses.

Mr. Conley said that all financial problems could not be solved at a snap of the fingers. He explained that at Industrial Credit a proven method of eliminating strain on the family budget is available and has proven satisfactory to thousands of customers throughout Minnesota.

"Briefly, our Industrial Credit Plan amounts to this: Take all your debts . . . add them up . . . then get a 'one-package loan' and pay them all off at once. At first glance, the natural thing to say is, 'I still owe the same amount of money.' But here is what happens:

"By refinancing debt with a 'one-package' loan under the I.C. Plan, you can lengthen the time for repayment of the loan up to two years. Ninety times out of a hundred, this will substantially reduce your monthly outlay — which is exactly what the doctor ordered — takes the pressure off — gives you a breather — helps you back onto a sound financial footing." Mr. Conley added that the one-package loan leads to peace of mind — protects the all-important credit standing that has been established. The confusion and turmoil of scattered bills coming in is ended. There is only one payment to make each month at one place.

Mr. Conley concluded by observing that the 'one-package' loan is just one of the various services offered by Industrial Credit Company. The firm welcomes your inquiry by phone or your visit to their office at 413 Exchange Building in Winona.

## Badger Assembly Trying to Catch Up on Back Bills

MADISON, Wis. (AP)—The Wisconsin Assembly worked through the afternoon and part of Tuesday night trying to catch up on a backlog of bills that had piled up on its calendar since last week.

The lower house killed, 77-12, a bill by Sen. Panzer (R-Oakfield) to enable state officials, including legislators, to contribute to the state retirement fund and thereby draw pensions after several years of service.

The Assembly also killed, by voice vote:

A Senate bill by Franke (R-Milwaukee) to allow income tax deductions for dependents living in other states.

An Assembly bill by Toepel (R-La Crosse) that would require every city, village and town, unless prohibited by referendum, to issue beer licenses to any store selling food or drugs.

A bill by Assemblyman Beller (R-Wautoma) to authorize a law officer to order a person to submit to an intoxication test when the officer suspects him of driving while under the influence of liquor.

Concurrence was voted in a Senate bill that permits the Conservation Commission to establish forest pest program areas. The bill, by the Legislative Council, would allow the commission to go on infested, private land of more than 160 acres and establish a control program. The owner would be required to pay part of the cost.

More than 1,000 ships leave New York harbor in an average month.

## Martin Upset By 'Parting' With Lewis

HOLLYWOOD (AP)—Dean Martin says that all the publicity about his "misunderstanding" with his partner Jerry Lewis "makes me look like a heel."

Martin is heading to Hawaii for a vacation with his wife. Lewis is in New York to attend the premiere of the team's latest movie. It's purely a temporary parting of the ways, Martin said yesterday. He said he and Lewis will remain together as a team.

Martin said a misunderstanding developed when he refused to go to the movie premiere, to be held in a Catskill Mountain resort where Lewis was once a busboy, because he felt that most of the limelight would be on Lewis.

He didn't know Lewis was going alone until after his departure, Martin said. "I'm not mad," he said. "But naturally I'm upset. All this publicity makes me look like a heel."

## She Could Go Into 4-Leaf Business

Mrs. Earl Harris, 178 E. 4th St., is in clover.

Last month while digging dandelions at the Harris turkey ranch on Homer Ridge she found a clover plant with leaf formations ranging from two to six. She dug it up and has it in a pot at home.

There are several four- and five-leaf formations, one six and a two-leaf cluster.

## Traffic, Conduct Cases Heard by Whitehall Justice

WHITEHALL, Wis. (Special)—Jack Schwortzger and John Soukop, both of Chicago, and Jack Kaemmer, La Crosse, pleaded guilty before Justice P. M. Paulson Monday to disorderly conduct charges.

They were sentenced to fines of \$20 each plus costs of \$12.75 or 10 days in jail. Commitment was issued in each case, but Soukop paid his fine and costs Tuesday. They were arrested Monday in the Town of Trempealeau by Sheriff Ernest Axness.

Irvin Klunby and James Breska, Whitehall, pleaded guilty to charges of driving without licenses and were sentenced to pay \$5 fines and \$4.95 costs or spend five days in jail. They were arrested Thursday in the Town of Preston by Traffic Officer Maurice Scow.

Tom Wiersgalla, Independence, pleaded guilty to a drunken driving charge. He was arrested Saturday at Independence by Officer Scow. Wiersgalla was sentenced to pay a \$100 fine and \$6.95 costs or 60 days in jail. Commitment was issued.

Allen Loft, Galesville, pleaded not guilty to a drunken driving charge, on which he was arrested Friday at Galesville by Sheriff Axness. Preliminary hearing was set for Monday at 2:30 p.m. and bond was fixed at \$200. He was released on his own recognizance.

David Helstad, Ettrick, and John L. Skaar, Taylor, pleaded guilty to charges of driving in excess of the speed limit of 55 miles an hour at night and were sentenced to pay fines of \$25 plus

## Kidnap Attempt Charged Against Oregon Machinist

PORTLAND, Ore. (AP)—Jesse Moore, 63, who was to be married next Sunday and needed money, has been charged with attempted kidnapping.

Detective Capt. William Browne said Moore, a machinist, had admitted trying to kidnap a 6-year-old grandson of a millionaire Portland industrialist.

Moore was taken into custody shortly after an intruder broke into the home of Mrs. Lillian Weinstein early Monday and tried to grab one of her twin sons to hold for \$20,000 ransom.

The intruder was driven off by Mrs. Weinstein and her mother, and he fled by diving head-first through a window. But he left behind the ransom note and a gun.

Moore identified the gun as his and said, at first, it had been stolen from him the night before. But after extensive questioning yesterday he broke down and admitted the attempt, Browne said.

Moore became acquainted with the Weinstein family through Mrs. Grace Clancy, whom he was to marry next Sunday. Mrs. Clancy lives next door to the Weinsteins. It was Mrs. Clancy who recognized the pistol that the intruder left in the Weinstein home. She recalled she had seen it in Moore's house. She called Moore to tell him of it and he then reported to the police that the gun had been stolen.

Later he identified the gun as his own, Browne said.

Bail for Moore was set at \$20,000.

Mrs. Weinstein, a divorcee, is the daughter of S. J. Zidell, head of a machinery and supply company here.

costs of \$6.95 or 25 days in jail. They were arrested last Wednesday in the Town of Preston by Officer Scow.

Sheridan A. Milavitz, Whitehall, arrested last Wednesday in the Town of Lincoln by Traffic Officer James Myren for exceeding the night speed limit of 55 miles an hour, forfeited a \$10.95 deposit covering a fine of \$10 and costs of \$6.95, by failing to appear in court.

Ole Risberg, Osseo, pleaded guilty to a disorderly conduct charge and was sentenced to pay a fine of \$10 plus costs of \$6.95 or 10 days in jail. Commitment was issued. He was arrested Monday in the Town of Pigeon by Sheriff Axness on the complaint of Selma Larson.

## S. D. Roofing Contractor Held For Bank Holdup

SIoux FALLS, S.D. (AP)—A Sioux Falls roofing contractor was being held in jail today charged with the \$1,260 robbery of the Harrisburg, S.D. branch of the Sioux Valley Bank Jan. 26.

The Federal Bureau of Investigation and U.S. Marshal Barney Boos said that Hans George Stol-

tenberg, 38, has admitted the hold-up.

Stoltenberg, the father of five children between 3 and 13 years old, was arrested Tuesday on a federal complaint.

# EVERY 15 SECONDS... A PROUD NEW PLYMOUTH OWNER!

FOUR TIMES EVERY MINUTE, on the average, another proud new owner drives home in his big, beautiful new Plymouth! Every day, thousands of car buyers "look at all 8" and discover that Plymouth gives most value per dollar! We'd like you to see this exciting new beauty today—and see how wonderful it would look parked in front of your house!

### AND HERE'S WHY:

More comfort in the biggest, roomiest car of the low-price 3!

The advanced styling of Plymouth's all-new Forward Look!

Top economy from Plymouth's 6-cylinder PowerFlow 117 engine!

The greatest visibility with the new swept-back windshield!

The only truly big car ride in the lowest-price field!

More safety and extra-value features at no extra cost!

Why pay up to \$500 more for a car smaller than Plymouth?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags, you'll find that, model for model, Plymouth sells for much, much less, and gives you more car for your money!

Plymouth named "America's Most Beautiful Car" by famous professional artists, the Society of Illustrators

PLYMOUTH—BEST BUY NEW;  
BETTER TRADE-IN, TOO

## Serving in The Armed Forces

G.M.C. Victor H. Johnson, above, son of Mr. and Mrs. Ray S. Johnson, ST. CHARLES, has been assigned to duty at the Winona Navy recruiting office.

A veteran of 20 years' active Navy duty, Johnson recently participated in the Tachens Islands evacuation. His father was employed by the Chicago Great Western Railway Co. here for about two years prior to 1950.

The recruiter is a native of Dodge Center. During World War II, he was a Navy diver and served aboard a rocket firing ship during the Korean hostilities. It is his first recruiting assignment. Johnson, who now holds the rank of chief gunner's mate, has purchased a home at 1889 W. 4th St. His wife and three children are residing with his parents in St. Charles at present.

E.N.C. Albert J. Ihde, who has been assigned as Navy recruiter here since November, announced that with the addition of G.M.C. Johnson to the staff, the office will remain open six days a week. In the past, the office in Room 306 of the Winona Post Office, has been open only on Mondays, Tuesdays and Thursdays. Chief Ihde said that recruiting visits to Winona area communities will continue, and that the Winona office will be open from 8 a.m. to 5 p.m. Monday through Friday and 8 a.m. to noon on Saturdays.

The schedule for area communities includes Alma, Wis., from 9:30 to 11:30 a.m.; Lewiston from 1 to 2 p.m. and St. Charles from 2:30 to 4:30 p.m. on WEDNESDAYS, while a Navy recruiter will be in Arcadia from 9:30 to 11:30 a.m.; Whitehall from 11 a.m. to 1 p.m.; Blair 1:30 to 2:45 p.m. and Galesville from 2 to 4 p.m. every FRIDAY. All stops are at the city post office.

June 13 is the deadline for Air Force enlistments for a flight to basic training at the Lackland Air Force Base, San Antonio, Tex., according to S. Sgt. Al J. Schwalier, Winona and area Air Force recruiter. After enlisting here, men will be sent to Minneapolis for further processing June 14, leaving by commercial airliner for Lackland the following day. S. Sgt. Schwalier may be contacted at Room 206, Winona Post Office building.

KELLOGG, Minn. — A.I.C. Clifford A. Tibor, son of Mr. and Mrs. Clarence Tibor, was named airman of the month for May at the Royal Air Force Station, Bentwaters, England, where he is assigned to the 87th Fighter Interceptor Squadron. Airman Tibor received a \$25 cash award and a pass for a trip to Marseilles, France. His wife, the former Miss Nance Deming, resides at Plainview.

STOCKTON, Minn. — A. A. James Wadewitz, son of Mr. and Mrs. Elmer Wadewitz, has completed boot training at the Great Lakes (Ill.) Naval Training Center and after a brief leave will be assigned to duty aboard the USS Intrepid. An aviation apprentice, his

address will be: USS Intrepid (CVA-11), care of the fleet post office, New York, N.Y.

ELGIN, Minn. — S. Sgt. Dale Palmer is spending a furlough with his parents, Mr. and Mrs. Kermit Palmer. Sgt. Palmer is stationed at the Great Falls (Mont.) Air Force Base.

MAIDEN ROCK, Wis. (Special) — Pvt. Frank J. Madis, son of Mr. and Mrs. George Madis, recently completed basic training at Ft. Leonard Wood, Mo.

PICKWICK, Minn. (Special) — Cpl. George L. Corey has returned to Miami, Fla., after spending a week with his brother and sister-in-law, Mr. and Mrs. Wayne Corey. His address is: MABS-31, MAG 31, 3rd MAW, MCAS, Miami, Fla.

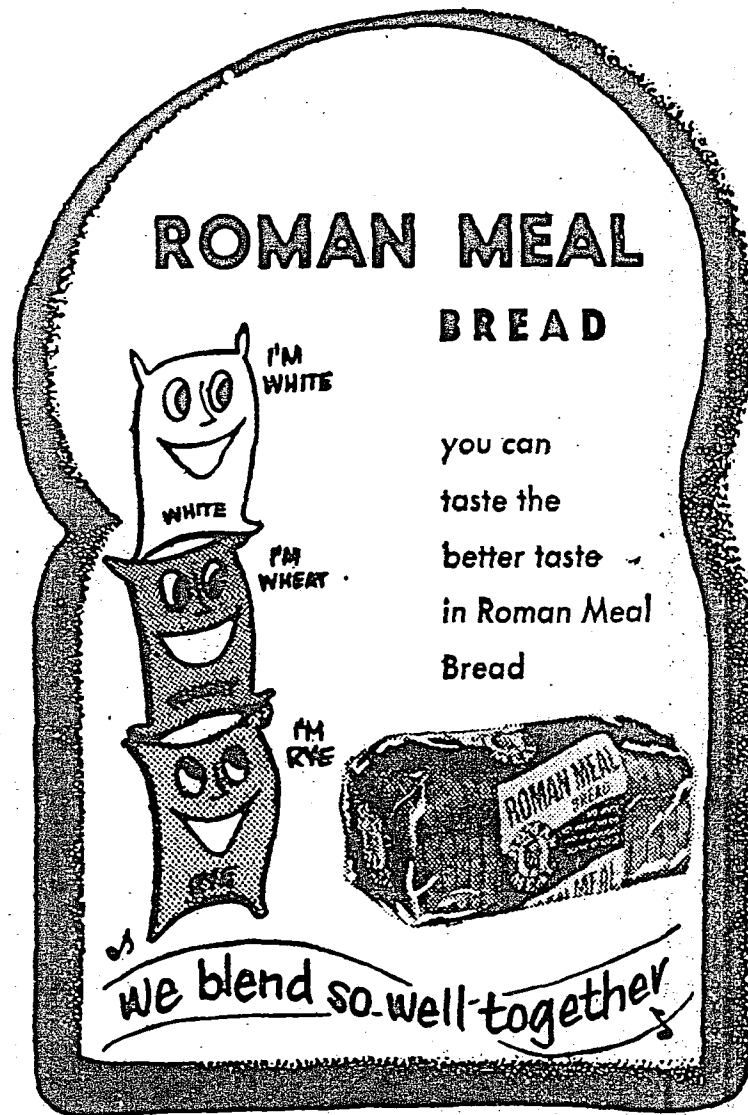

OSSEO, Wis. (Special) — Pvt. Robert J. Rongstad, 20, son of John C. Rongstad, recently completed studies at the Army's military police school, Camp Gordon, Ga. A 1953 graduate of the Lincoln High School, he entered the Army in January.

PEPIN, Wis. (Special) — Pvt. Donald Orne has reported to Ft. Leonard Wood, Mo., for active

Army duty. The son of Mr. and Mrs. Hermann Orne, he has been a member of the Army Reserve 544th Ordnance Company at Wabasha, Minn. since last fall. Another former member of the unit, Cpl. Roger Leflay is attending a

12-week telegraphy course at Ft. Knox, Ky. He recently completed basic training at Ft. Leonard Wood. His parents, Mr. and Mrs. Marvin Leflay, live in the Lost Creek community. Jerome Benson, son of Mr. and

Mrs. Herman Benson, will enroll at Wisconsin State College, River Falls, Monday. He recently received an Army discharge at Ft. Leonard Wood, Mo. Benson served 18 months in Korea.

## Thurley Board To Ask Help On Trespassing

The City Council will be asked to assist the Housing & Redevelopment Authority with a problem that has become more acute in recent months.

Land owners adjacent to the Arthur C. Thurley Homes have complained both to the commissioners and aldermen of the trespassing across their property on the south side of West 5th street. Only access street to the 160-unit homes (with more than 65 residents) is at the west end. Residents on the east must walk two blocks west then north to 5th street and then two blocks east again to get to a point about two blocks from their homes en route to downtown Winona.

During the authority's meeting Tuesday afternoon, the commissioners asked the advice of Chester Trece, Chicago, of the Public Housing Authority's (PHA) management section.

After hearing a letter from the Council asking construction of a fence along the north boundary of the Arthur C. Thurley Homes, Trece advised the authority to write a letter to the Chicago office informing them of the request, but he doubts if much sympathy would be given such a suggestion.

**Doesn't Like Fence**  
He added that he did not believe that the homes should be separated from the rest of the city by a fence. Trece suggested that the December 1949 cooperation agreement between the authority and the city might include some provision for access to the site. Trece, reading from section 5, found that "... the city without cost or charge to the local authority or tenants of such project ... shall ... cooperate with the local authority by such other lawful action or ways as the city and the local authority may find necessary in connection with the development and administration of such project."

Later the commissioners read another part of the agreement, which appeared to suggest the type of solution they prefer: Construction of an access street at the east end of the site by the city "in consideration whereof the local authority shall pay to the city such amount as would be assessed against the project site for such work if it were privately owned."

**Complaint on Sodding**  
A sub-contractor, A. E. Byholt, of the Red Wagon Service, Rochester, appeared and said he feels he should be paid "about \$1,900" more for additional black dirt required by changes he was told to make. He said he was informed that the sidewalks were to serve as waterways for drainage purposes and that he had been told by the foreman for WMC (general contractor for the project) and by the authority's maintenance man, that for this reason the sodding should be higher than the sidewalk. This, Byholt continued, necessitated raising the entire grade between the sidewalks and the buildings and hauling of large quantities of additional black dirt. He did not say how much dirt was involved.

After Byholt left, the commissioners were of the opinion that the problem belongs to WMC. In addition, Executive Director A. A. Gallien said that he found nothing in the daily reports of the federal inspector or maintenance man indicating that such a change had been ordered.

**Bill Referred**  
Referred to the PHA's Chicago office was a bill for overtime by the authority's accountant, Evan J. Henry. He is hired on a monthly pay basis of \$50, with an overtime

## 1,300 on Strike at International Falls

INTERNATIONAL FALLS, Minn. — Some 1,300 CIO production workers went on strike against the Minnesota and Ontario Paper Co. in a contract dispute here today, closing down production at the big wall board plant.

Lloyd Walls, union president, said members of Local 33, International Woodworkers of America voted the strike Tuesday night after rejecting the firm's latest settlement offer, 500-171. Walls said the walkout would affect some 600 members of AFL craft unions who have assured the CIO workers their picket lines would be respected. Arrangements are being made to permit about 45 safety and maintenance workers to enter the plant on passes, he reported.

## MT. VERNON BEACONS

MINNEAPOLIS, Minn. — The Mt. Vernon Beacons 4-H Club will tour La Crosse businesses Thursday and hold a picnic late in the day at Monkey Island. Regular meeting will be Friday at Minnetonka. Jesse B. Jestus, Winona County superintendent of schools, will speak; Rachel Speltz and Leroy Frisch will give demonstrations. Lunch will be served by the Gilbert Frisch and Cyril Kronebusch families.

rate of \$5 per hour over 10 hours a month.

In other business, the authority has decided to sell a small steel wagon-trailer purchased early last year. It has never been used. Gallien will ask for bids on the rubber-tired wagon.

The problem of water in basements of some of the buildings also was discussed and Gallien said that most of the problem will be eliminated when approval is received for the expenditure of funds for the installation of eave troughs and downspouts. Several basements on the south row of buildings are expected to continue to be troublesome, however, because seepage is the major source of basement water.

## Contracts Awarded At Harmony School

HARMONY, Minn. — Three contracts were awarded by the school board of Independent School District 40 here Monday night for a school bus, electric wiring and painting.

Ray Warren Motors, Harmony, won the 42-passenger school bus bid with a proposal of \$4,581. His bid was lower than that entered by the only other competitor, Bigalk Chevrolet, Harmony. Delivery must be by Aug. 15. The district traded one of its buses in on the new vehicle and will still have five at the start of the new term.

Gerald Elton, Harmony painter, won an \$1,835 contract to decorate the second floor rooms and hall of the new building, the first floor hall and a boiler room. Another bidder, Brinck & Solberg, Rochester, offered a higher bid than Elton.

Harmony Electric Shop was the lone bidder for installation of electric lighting fixtures on the first floor of the grade school building. It was given a contract for \$1,875. Electric and decorating work will start at once, according to Donald Morem, clerk of the board.

## Mondovi Firm Wins Contract at Blair

BLAIR, Wis. — Ross Winters Construction Co., Mondovi, Wis., won a \$14,000 contract Monday night for installation of about four blocks of curb, gutter and sidewalk here this summer.

It was the only bid submitted to the City Council for 4,050 lineal feet of concrete curb and gutter and about 12,000 square feet of concrete sidewalks and three catch basins along three blocks of Peter-

son avenue in the residential section of town and a block of Broadway in the business district. Work will start after the centennial celebration July 1-4, Vernal Engebretson, city clerk, said.

## SUNDAY SCHOOL

PLAINVIEW, Minn. (Special)—A circuit Sunday School meeting will be held at 8 p.m. Friday in the Plainview Lutheran Church basement. All Sunday school teachers and members of the board of education are to attend.

Solo, Dawn, Minimum, Huzzah and Clever are places in Missouri.

## New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

## Family Portraits of Rochester Dairy Folks!

This is the Gene Schultz Family

Mr. and Mrs. Schultz were photographed in their home with their children, David, 7, William, 4, Stephen, 6.

Today, we'd like to have you meet the Gene Schultz family of 1076 E. 8th St. Gene is another driver-salesman for Rochester Dairy and would welcome an opportunity to deliver milk and other dairy products to your store or home ... so why not call 9256 and leave word for Gene to stop by. Gene and his family attend St. Stanislaus Church, and because he is an ex-serviceman he is also a member of the American Legion. Gene, like other Rochester Dairy employees, would like to remind you that June is Dairy Month so let's all drink more milk and eat more dairy products — and naturally, Gene wants you to be sure and remember that Rochester Dairy Milk is the milk of superior flavor.

## Wabasha County Contracts Let; Board at Funeral

WABASHA, Minn. — Wabasha County commissioners and other county officials attended the funeral of District 1 Commissioner Vern Johnson in Plainview Tuesday during a recess in the June board meeting here.

Earlier in the day the board awarded contracts for alteration of the Buena Vista Sanatorium and construction of a new county highway garage here. Late in the afternoon it took action on several school petitions.

Johnson, who had served district 1 for 16 years, died suddenly Sunday at a Rochester hospital. A replacement will be named by a board of appointment, Wilbur Koelme, county auditor, said today.

Its members will be mayors of Plainview and Elgin and town board chairmen from Elgin, Plainview and Highland townships. Koelme probably will convene the board next week.

A resolution to Johnson's memory was composed and passed by the board yesterday. He was buried in Greenwood Cemetery, Plainview.

### Wabasha Firm Low

Lawrence M. Sells, Wabasha, won the general contract for the garage with an offer of \$22,301. Kreofsky & Kreofsky, Plainview, was the only other bidder with a proposal of \$22,435. Wabasha Electric Co. was the only bidder for electric work and won a contract for \$914. The plumbing and heating contract was sought by five bidders with Toye Plumbing & Heating, Wabasha and Winona, receiving the contract for \$2,895. Others were: Andy's Hardware, Wabasha, \$3,230; Bartz Specialty Shop, Plainview, \$3,870, for plumbing and electric work; Verner Wise, Lake City, \$2,265 for heating only; and Truman Edwards, Wabasha, \$3,570 for plumbing and heating.

Kreofsky won the general contract for alterations at Buena Vista, formerly used for tuberculosis patients from Wabasha and Winona counties. His offer was \$10,364. Mussell's \$11,369. Wabasha Electric won the wiring contract with the lone bid of \$1,338. Plumbing contract bidders were: Red Wing Iron Works, \$11,980, which was successful; Meyer Machine Inc., Red Wing, \$15,500; Sanitary Co., Rochester, \$13,923; Kramer Plumbing & Heating Co., Winona, \$12,379; H. Dornack & Sons, Rochester, \$14,200, and the Winona Plumbing Co., \$16,000.

A sprinkler system will be installed by Grinnell Co., Minneapolis, for \$8,977. The only other bidder was the Hudson-Viking Co., St. Paul, \$9,635.

Chief alterations include changes in plumbing, heating and the sprinkler system to comply with the state fire marshal's orders and those of the State Health Department. Between 40-50 nursing cases will be handled there when work is completed.

Both projects are slated to start as soon as contracts are signed. The garage will be built in West Wabasha, off Highway 61 just beyond the railroad overhead.

Beer Licenses Granted

About 20-32 beer licenses were granted, and a petition by Lenus Miller, District 73, asking to be set off to District 15 was denied. A similar request by John Pick was continued until Aug. 2.

Six school petitions will be heard July 12, the day after the regular monthly session. They are: District 53 to be dissolved and annexed to Hammond District 2; Everett Freiheit, District 13 to Lake

## 15 Area Students Get Degrees at Eau Claire College

EAU CLAIRE, Wis.—A group of 15 area Western Wisconsin students were among graduates of Wisconsin State College here Sunday.

Receiving four-year bachelor of science degrees in the kindergarten and primary grade level were Kathryn Rohrschke, Mondovi; Alice Anderson, Whitehall; Janet Tanz, Mondovi; and Terrel Van Dyke, Durand. A bachelor of science degree in the intermediate-upper grade level went to Richard Fuller, Osseo. Allan Jacobson, Hixton, received a degree in secondary education.

Students completing requirements for two-year degrees in June are Shirley Halverson, Strum; Lois Kolbe, Blair; Barbara Lowe, Osseo; and Audrey Ness, Mondovi. LaVonne Ottum, Mondovi, will receive a bachelor of science degree at the primary level after completing work in July. Raymond Helgerson, Osseo, and Joan Thoreson, Mondovi, will receive two-year degrees in July. Joyce Lindsay, Eleva, will receive her bachelor of science degree at the primary level after completing work in August.

## Merger Talks Occupy State Lutheran Groups

By THE ASSOCIATED PRESS

Discussions of a possible merger were a chief order of business as two Minnesota Lutheran groups held their annual meetings today.

At Bemidji, President A. E. Hanson of Moorhead told the Northern District Evangelical Lutheran Church, that the church has failed to keep pace with other segments in streamlining its operations.

His talk came as delegates representing 350 congregations gathered in Minneapolis for the convention of the Lutheran Free Church. That group, the ELC, American Lutheran and United Evangelical Churches are concerned in the proposal for consolidation.

City Consolidated District 40; George Danckwart, from District 21 to Lake City; Gunther Ranken-burg, from Millville District 89 to Bremen District 96; Lenus Miller, from 73 to Lake City, and James Hall, from District 85 to Plainview.

## Winonan to Study With SPAN Group

James Lackore, son of Mr. and Mrs. A. G. Lackore, Glenhaven, sailed Monday from Quebec, Canada, aboard the tourist ship Groot-beer of the Holland-American Lines for Southampton, England.

Lackore is a member of a group of 55 selected Minnesota college students affiliated with the Minnesota SPAN Association, student project for amity among nations. The group, sponsored by the University of Minnesota, is scheduled to tour and study in Europe during the next 3½ months.

Lackore, a junior at Hamline University this fall and a political science major, is a member of the group which will tour Italy, after traveling through France, West Germany and Spain, the group will establish study headquarters in Rome and each student will visit the parts of the country from which he may best secure the information he needs for material for a research paper to be presented at SPAN headquarters at the University of Minnesota upon his return.

The group has been meeting every Sunday afternoon and Wednesday evening, with the exception of Christmas vacation, since early last September. These meetings consisted of a two-hour class in Italian conversational language and a one-hour hour discussion on customs, food, living conditions, separate dialects and typography of different sections of Italy. The class has been under the tutelage of Dr. Angel Vasquez, member of the romance language department at the university. Dr. Vasquez, along with Mrs. Vasquez, will accompany the group as adviser.

Lackore's particular assignment is to study the functioning of political parties in Italian government with special emphasis upon political action of neo-fascism in the country since 1945. He expects to sail from Rotterdam on Sept. 19, to arrive at Hamline University about Oct. 1.

### AT SAVINGS MEETING

Vice President A. O. Stubstad and directors J. T. Schain and Harold Libera of the Fidelity Savings & Loan Association attended a district meeting of savings and loan associations at Rochester Tuesday night.

The American Bible Society distributed more than nine million Bibles and parts of Bibles in the United States in 1954.

## Wisconsin Tavern Closing Bill 'Dead'

MADISON, Wis. (AP)—The Assembly refused Tuesday to look kindly upon a bill allowing taverns to remain open one hour longer than the present 1 a.m. closing time.

Members voted 67-23 against giving the measure preliminary approval and the action probably made the proposal a dead issue for the 1955 session.

### FROM WASHINGTON

STOCKTON, Minn. (Special) — Mrs. Lydia Hartzell who teaches in Chelan, Wash., is spending her summer vacation at the Richard Mademann home.

### METHODIST BOARD

STOCKTON, Minn. (Special) — The official board of the Methodist Church will meet Monday at 8 p.m.

## House Committee Ready to Take Up New Pay Bill

WASHINGTON (AP) — A House committee takes up today the question of pay raises for rank-and-file government workers with some signs of new friction with the White House.

A compromise bill to hike the pay of 500,000 postal workers an average of 8 per cent retroactive to March 1 was sent to President Eisenhower yesterday, ending a long tussle in which he vetoed a somewhat larger boost. The House Post Office and Civil

Service Committee goes behind closed doors today to try to agree on the amount of the raise to be given the million-dollar classified civil service employees.

The President originally asked for 5 per cent. But since his clash with Congress over postal pay hikes, he has been represented by

some interested congressmen as willing to go as high as 7 per cent. Even before Senate and House completed action on the postal bill, some demands were sounded for no less an increase than that accorded the postmen—a flat 8 per cent.

Other members of Congress, however, contend justice calls for a smaller boost for the civil service workers, since the basic postal increase is 6 per cent. The other portion of the average 8 per cent hike is accounted for by a major reclassification of pay schedules similar to requirements long in effect for civil service workers.

however, contend justice calls for a smaller boost for the civil service workers, since the basic postal increase is 6 per cent. The other portion of the average 8 per cent hike is accounted for by a major reclassification of pay schedules similar to requirements long in effect for civil service workers.

Why do U. S. Army, Navy, Marine Corps, and Air Force

Helicopters use TCP...

What does this mean to your car?

Simply this:

In a helicopter, engine deposits cause a more critical problem of power loss than in any other kind of gasoline engine service. Shell's unique gasoline additive, TCP, is used in the majority of military helicopters today because it has the unique ability of overcoming these deposits.

The same deposits are also a major cause

of power loss in all automobile engines. This is particularly true of the higher compression engines which require high octane gasoline.

Because TCP overcomes these engine deposits, which increase with daily short-trip driving, only Shell Premium Gasoline with TCP gives you the full benefits of high octane gasoline. It's the most powerful gasoline your car can use.

Only Shell Premium Gasoline has both TCP and High Octane!

\*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for. The above statements may also apply to other companies which produce high octane gasoline if they are licensed by Shell to use TCP.

## Iris Heublein Wed in Ceremony At St. Martin's

A floor-length gown of imported Swiss embroidered organdy fashioned with fitted bodice, scoop neckline, short sleeves and bouffant skirt of tiers of the material, was worn by Miss Iris Heublein, daughter of Mr. and Mrs. George Heublein, Lewiston, Minn., when she became the bride of Roy Haake, son of Mrs. Frank Haake, Winona Rt. 2, at St. Martin's Lutheran Church May 21.

The Rev. W. G. Hoffmann performed the ceremony at 2:30 p.m. Palms and pink and white carnations decorated the church. Emanuel Arndt, organist, played traditional wedding marches and Mrs. Richard Johnson, Rochester, sang "The Lord's Prayer" and "O Perfect Love."

Miss Jean Greenville, Rochester, was maid of honor and Mrs. Avery Heublein, Lewiston, matron of honor. Marlin Fritz, Stockton, served as best man and Avery Heublein, Lewiston, as groomsmen. Ushers were Ronald Habeck, Winona, and Eldon Fritz, Stockton.

The bride's veil of silk illusion was caught to a heart-shaped half-hat of lace outlined with pleated nylon tulle. She wore organdy mitts to match her gown, and carried a colonial bouquet of stephanotis and white rosebuds centered with an orchid. Her white gold watch was the gift of the bridegroom.

The bride attendants' gowns of net over taffeta were in orchid for the maid of honor and yellow for the matron of honor. Their flowers were colonial bouquets of carnations in contrasting yellow and orchid and stephanotis. They wore matching carnation head-dresses.

The flower girl was Rebecca Erdmann, daughter of Mr. and Mrs. Gerhard Erdmann, Stockton, and the ringbearer, Joseph Heublein, son of Mr. and Mrs. Earl Heublein, Rushford, Minn.

Iris and snowballs decorated the rooms for the reception attended by 175. Mrs. James Bergler cut the wedding cake. Miss Della Heublein and Miss Betty Jean Heublein were in charge of the guest book. Miss Clara Heublein poured the coffee. Miss Ramona Ladewig served punch and Mrs. Earl Heublein was in charge of the gifts.

The bride's mother wore a deep rose lace dress and the bridegroom's mother, a navy frock. Their flowers were gardenias and stephanotis.

After a wedding trip to the North Shore, Wimpner and Wisconsin, the couple is now at home at 601 Main St. When they left on their wedding trip, the bride wore a tailored coat dress in pink and white with white accessories and orchid corsage.

She attended Lewiston High School and the Kahler School of Nursing, and has been a surgical nurse at Methodist Hospital, Rochester. The bridegroom attended Winona Senior High School, and is in partnership in a farm with his brother.

The bridal dinner was given at the home of the bride-elect's parents May 24. Parties for the bride-to-be included showers given by Mrs. Avery Heublein and Mrs. James Bergler, a party given by the Misses Russell Whiting, Gerald Dittich and Wayne Nygaard.

Mr. and Mrs. Roy Haake are pictured above in their car following their marriage at St. Martin's Lutheran Church. Mrs. Haake is the former Iris Heublein, daughter of Mr. and Mrs. George Heublein, Lewiston, Minn., and Mr. Haake is the son of Mrs. Frank Haake, Winona Rt. 2. (Harold's photo)

Mr. and Mrs. Orville Boe, Whitehall, Wis., announce the engagement of their daughter, Mary Louise, above, to Curtis Larson, son of Mr. and Mrs. Palmer Larson, Osseo. No date has been chosen for the wedding. Miss Boe, 1934 graduate of Whitehall High School, is employed in a department store at Janesville, Wis. Mr. Larson is working in the Chevrolet plant there.

surgical nurses at the hospital, and a picnic given by Miss Muriel Wirth at her home in Rochester.

## ASIDES- By the Society Editor

Winonans and former Winonans are continuing to do interesting things and attract national attention. Peggen Fitzgerald, former College of Saint Teresa student, and her husband Ed who initiated one of the first husband and wife breakfast shows over radio, are still tops on New York shows. Recently they were quoted in a commentator's news letter on their recommendation of the new Garden State Parkway down to the Jersey Shore from New York City, as the fastest way to go. Peggen also appears in a full page colored endorsement advertisement in the last issue of Harper's Bazaar.

Mrs. William Walmsley, the former Patricia Kröner, daughter of Mr. and Mrs. Otto W. Kröner, will put on her third dance recital in St. Paul June 17. Theme of the recital in which her students will appear, is "Fairy Tales" with all the favorite characters of each story, coming out of a huge book, and returning there after presenting their story.

Her dancing career started on the stage of Winona Senior High School. Mrs. Walmsley explains, and at that time she decided to become a dancing teacher. She completed work in that field and now operates her own dance school which specializes in children's dancing, in St. Paul where her husband is employed in the Minnesota Mining & Manufacturing Co. research department on new products. Her classes are in tap, ballet, novelty and character dances and she has special exercise classes for women. She and her pupils have put on numerous programs for clubs and civic groups. Incidentally, her father and her brother, James, also of Winona, are making the stage scenery for the recital.

A novel study-travel summer is in store for Miss Margaret Jane (Peg) Steele, daughter of Mr. and Mrs. R. C. Steele who is a teacher in the Richmond School, Portland, Ore. She is taking the "Waikiki Surf Tour" for teachers and will leave Portland by stratorcruiser June 20 for Honolulu. Members in the group, graduate and post-graduate persons, will study during the summer session at the University of Hawaii, will participate in the island way of life and will take tours of the island.

Peg also will take a special one-day tour to the island of Kauai where a boat trip will be taken up the Waialua River to the famed Fern Grotto, Plantations, Waimea Canyon, Kalaheo Lookout, the beaches and villages will be visited. Tours on Oahu will include an island circle trip; a trip from Diamond Head to the extinct volcano, Koko Head; a Honolulu city tour and a drive to Mt. Tantalus. The tour members will be greeted at an Aloha dinner party at the Royal Hawaiian Hotel or Queen's Surf, a major civic event in Honolulu.

Other parties will include a luau for the tour members just before they leave the islands, and during the session, a formal dinner dance. A cruise on the catamaran, Hawaiian canoe; outrigger war canoe rides on the surf at Waikiki, a glass bottom boat excursion and a visit to the Waikiki Aquarium are scheduled.

Miss Steele will reside in a studio apartment at the Islander Hotel at Waikiki during her stay, at the University, within a block of the Royal Hawaiian Hotel. The tour members will have for their use a beach site in front of the Outrigger Canoe Club and the Royal Hawaiian. Peg will return Aug. 20 on the Lurline. Two local teachers also are spending a summer overseas, but across the Atlantic

instead of the Pacific. Miss Kathryn Dunlay and Miss Magda Talle of the Phelps School faculty at Winona State Teachers College, are leaving immediately following the close of the spring session for the British Isles, Europe and the Scandinavian countries where they will spend the summer.

Stay-at-homes may find entertainment at Excelsior, Minn., where Don Stolz, producer-director of the Old Log Theater, considered one of the three best summer theaters in the nation according to its rating

the past three years, has issued an invitation to such organizations as the Lions, Jaycees and Rotary, along with church groups and women's clubs to attend in groups the attractions at the theater this coming summer. Reservations for specified nights may be made in advance at special rates and the theater grounds provide picnic space for supper before the evening performance.

It is the goal of the Old Log Theater and, its director states, to serve Minnesota in the theatrical field, offering its productions to all theater lovers. Students write the theater for advice and information and agents from Chicago visit it but the theater personnel hope to reach all those interested in the theater. The theater, located on

Lake Minnetonka near the Excelsior Amusement park, opens its season with "The Caine Mutiny Court Martial" this evening. It is the 16th year for this, the only professional acting company in the upper Midwest.—May Murray

**TO RECEIVE DEGREE**

Mr. and Mrs. Richard J. Kanz are now at home at 71 Stone St., after a week's wedding trip. Mrs. Kanz is the former Nadine M. Smith, daughter of Mr. and Mrs. Frank T. Smith, 118 Stone St., and Mr. Kanz is the son of Bernard E. Kanz, Lewiston, Minn. (Harold's photo)

## Richard Kanz, Bride at Home After Trip

Miss Nadine M. Smith, daughter of Mr. and Mrs. Frank T. Smith, 118 Stone St., and Richard J. Kanz, son of Bernard E. Kanz, Lewiston, Minn., who were married by the Rev. Harry Jewison in a double-ring ceremony at St. Mary's Church at 1 p.m. May 14, are now at home at 71 Stone St., following a week's wedding trip in Minnesota, Wisconsin and Iowa.

Pink gladioli were at either side of the altar and small bouquets on the side altars for the wedding. Mrs. John J. Hoffman was organist and Miss Barbara Cysewski, soloist.

The bride who was attended by Miss Olivia Kanz, Lewiston, and Miss Shirley Boll, Winona, as maids of honor and the Misses Donna Kanz and Bernadine Kanz, Lewiston, as bridesmaids, wore a floor-length gown with eyelet embroidered bodice, designed with scalloped neckline, net yoke, high collar of the embroidery and long sleeves, and with full pleated skirt of nylon tulle over taffeta. Back and front panels of the skirt were of the embroidery. A crown held her veil and she wore pearl earrings. Her bouquet was

of blue gardenias and stephanotis in star shape.

The maids of honor in white nylon dotted Swiss over ice blue taffeta, carried colonial bouquets of pink carnations and the bridesmaids in like gowns worn over sky blue taffeta, carried yellow carnations and stephanotis. The dresses were made with short sleeves, scalloped necklines and floor-length pleated skirts.

Their pearl earrings and necklaces were gifts of the bride and their headresses were of white net gathered over blue taffeta and trimmed with seed pearls. Their gloves matched their gowns.

Richard Smith, Winona, was best man and Robert Kanz, Lewiston, groomsmen. Ushers were Melvin Bingold, Winona, and Thomas Kanz, Rochester.

A reception was held at the Winona Athletic Club at 4 p.m. Mrs. John Pehler and Mrs. Delos Prondzinski poured. Mrs. Robert Kanz cut the cake and Mrs. Melvin Bingold and Miss Adeline Stutzka were in charge of the gifts. Tulips and lilies of the valley decorated the tables. Miss Margaret Stutzka and Raymond Caron furnished music.

The bride attended Winona Senior High School, and has been bookkeeper at the Merchants National Bank and the bridegroom who attended Lewiston High School, is employed at the Peter Bub Brewery.

A luncheon was served at the

## Minneapolis North High Band to Give Concert Here

A parade and concert by the North High School Band of Minneapolis is announced for Friday in Winona. The band which will arrive in Winona at 2:30 p.m. Friday, is directed by Ernest A. Villas, Minneapolis, director of instrumental music at the school.

After a visit to Garvin Heights and Levee Park, the 70-piece band will appear in a short parade at 7:30 p.m. through the business district.

Its public concert in Lake Park is scheduled for 9 p.m. After an overnight stay in Winona, the band will leave Saturday morning to represent the North Minneapolis Lions Club at the state Lions convention in Rochester.

During the past 15 years, North High Band has acquired a national and international reputation. In 1939, the band officially represented the State of Minnesota during the visit of the British monarchs in Winnipeg that year. The following year, 1940, found the band representing the state at the New York World's Fair on June 10, exactly 15 years prior to its concert in Winona Friday.

Following its traditions "firsts," the North High Band will carry for the first time, the new official flag of the City of Minneapolis in its Winona and Rochester parades.

The band in 1946 was a featured unit in the Chicago Music Festival at Soldiers Field, Chicago, and in 1947 and '48, the band had the rare privilege of playing under the baton of Dimitri Mitropoulos, at that time conductor of the Minneapolis Symphony, and now conductor of the New York Philharmonic Symphony.

This spring, the band received top honors in both district and state music contests with an "A" rating being awarded it in both events.

Mr. Villas is an alumnus of North High School. Graduating from the University of Minnesota in 1949, he became acting director of bands at the university in 1950-51. Following his work there, he became producer-director of the radio-television show, "Music With the Hornet Girls," a national network show.

He is a past director of the Ft. Snelling Army Band and the Minneapolis Shrine Band, and at present also is director of the Honeywell Chorus and Band. Dale Reimann is drum major.

home of the bride-elect following the wedding rehearsal at the church May 13. Prenuptial parties were given by Mrs. Delos Prondzinski and Miss Elaine Ehmann at the home of the former, by Mrs. Oliver Younger and the Misses Olivia, Donna and Bernadine Kanz at the former's home and by Mrs. John Bingold at her home.

## Class Day Program Held at Jefferson For Ninth Graders

Ninth grade class day exercises Tuesday morning at the Jefferson Junior High School featured a dramatization of the class prophecy, written and directed by ninth grade students.

The program began with the processional played by Carol Johnson and songs by the ninth grade chorus. The chorus sang "Brothers Raise Your Voices," "Hippopotamus," "Davy Crockett" and "America the Beautiful."

Robert Mahlke, Donal Hint, John Forster, Conni Eckhoff, Diane Simons, Karen Homan and Roger Santelman took part in a skit entitled "Ponce De Leon and the Fountain of Youth." The class prophecy was narrated by Shirley Laak and dramatized by Dale Eckert, Sandra Smith, Phyllis Kowalczyk, Camilla Kryzsko, Robert Anderson, Margery Rand and John Forster. The farewell to teachers was given by Mary White, Kay Ries and Sandra Smith. Mary White served as mistress of ceremonies.

for this wide-open beauty

It's the new kind of hardtop—  
The 4-Door Riviera!

THERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—and no center posts in the side window areas.

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with four doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm...

Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is all Buick—with the buoyant ride of Buick's all-coil springing—the wallowing might of Buick's record-high V8 power—the whip-quick

getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflo.

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

## Winona Deaths

**Ronald L. Ristuben**, 53, 372 E. Sarnia St., a former grocery salesman, died Tuesday at his home following a heart attack. He had been in failing health five years. Funeral services will be held Friday at 2 p.m. at the Central Lutheran Church, Dr. L. E. Brynstad officiating. Burial will be in Woodlawn Cemetery. Friends may call at the Breilow Funeral Home Thursday from 7 to 9 p.m. or at the church from 1 to 2 p.m. Friday.

Born Feb. 9, 1902, at Black River Falls, Wis., he had been a Winona resident 35 years.

Surviving are: His wife; a daughter, Mary Carol, at home; his mother, Mrs. Caroline Ristuben, 828 E. 5th St.; a brother, Francis, St. Paul, and three sisters, Mrs. William (Verna) Pratzke, 328 E. 6th St.; Mrs. Edward (Madeline) Strigel, 460 Franklin St.; and Mrs. N. (Dorothy) Kieselhorst, Utica.

**William Berger** Funeral services for William Berger, 74, 221 E. 4th St., were held this morning at the Cathedral of the Sacred Heart, the Rev. Edgar Schaefer officiating. Burial was in St. Mary's Cemetery. Pallbearers were Oscar Gerth, Alfred Gerth, Eugene Meyer, Kenneth Meyer, Ronald Vondrashek and Donald Kuhlmann.

Attending from out of town were: Mr. and Mrs. Louis Berger, Mrs. Clarence Haines, and Robert Haines, all of Cochrane, Wis.; Mr. and Mrs. Emil Berger, Mrs. and Mrs. Kenneth Berger, Miss Karen Berger and Richard Berger, all of Wauwaupee.

**C. J. McVey** C. J. McVey, 62, 453 Huff St., who operated a restaurant and an ice cream shop here for 25 years, died at his home Tuesday evening. He had been in failing health for several years.

Funeral services will be held Friday at 10 a.m. at the Cathedral of the Sacred Heart with the Rt. Rev. Joseph F. Hale officiating. Burial will be in St. Mary's Cemetery. The Rosary will be said by Msgr. Hale at 8 p.m. Thursday at the Burke Funeral Home. Friends may call at the funeral home Thursday afternoon and evening.

Born Oct. 18, 1892, at Rockton, Wis., McVey was employed as a clerk and telegrapher with the Chicago, Milwaukee, St. Paul & Pacific Railroad at Cashton, Wis. for 15 years. He attended business college at Wausau, Wis.

McVey came to Winona about 25 years ago, opening a restaurant across the street from the present location of McVey's Ice Cream Shop, 451 Huff St. McVey moved to the present shop in 1936 and began the ice cream business. He had been a member of the Knights of Columbus.

Surviving are: His wife, Mrs. Mary L. McVey; two sons, Gerald McVey, 660 Winona St., and Clement McVey, 453 Huff St.; a brother, Leo R. McVey, La Crosse, and three sisters, Mrs. Charles Cascut, Hillsboro, Wis.; Mrs. Elmer Berst, 491 E. 5th St., Winona; and Mrs. Frank Kastecki, La Crosse.

**Mrs. Gertrude H. White** Funeral services for Miss Gertrude Higgs White, 71, a former Winona resident who died Saturday at Chicago, were held this afternoon at the Breilow Funeral Home, the Rev. George Goodred officiating. Burial was in Woodlawn Cemetery.

**Frank A. Literski** Funeral services were held this morning at St. Casimir's Church for Frank A. Literski, 74, 515 W. Howard St., who died Sunday. Solemn requiem high Mass was celebrated by his son, the Rev. Roy Literski, assisted by a nephew, the Rev. Leland Smith, Rochester, who was deacon and the Rev. Francis Galles, as sub-deacon. The Absolution was said by the Most Rev. Edward Fitzgerald, bishop of the Diocese of Winona. Chaplains to the bishop were the Rt. Rev. George Speltz and the Rev. T. G. Kinsella. O. P. Master of ceremonies was the Rev. Frank Klein.

Attending priests were: The Rev. J. P. Hurynowicz, the Rt. Rev. N. F. Grulkowski, the Rt. Rev. Julius Haun, the Rt. Rev. Joseph F. Hale, the Rt. Rev. R. E. Jennings, and the Rev. J. A. McShane, Edward Mountain, Douglas Gits, W. J. Kuisle, J. F. Vincent, J. L. LaPlante, J. W. McGinnis, H. P. Jewison, W. T. Magee and Harold Dittman.

Pallbearers were Cyril Brom, Reginald Smith, Arnold Maliszewski, Joseph Literski, Wayne Smith and Cecil Maliszewski. Burial was in the Sacred Heart Cemetery, Pine Creek, Wis.

## Municipal Court

James Stueve, 110 Winona St., paid a \$10 fine after pleading guilty to a charge of permitting an unlicensed person to operate a motor vehicle. He was arrested by police at 7:45 p.m. Tuesday.

Parking deposits of \$1 were forfeited by James Elliott, Gladys Blanchfield, Robert Schuler, Western Motor Sales (on two counts) and Richard Huele, for meter violations.

One cubic mile of sea water contains more than 12 billion pounds of magnesium.

## Two-State Deaths

**Mrs. Kobler Knowles** BLAIR, Wis. (Special) — Funeral services for Mrs. Kobler Knowles, 53, Milwaukee, were held this afternoon at Zion Lutheran Church here, the Rev. E. E. Olson officiating. Burial was in the church cemetery.

**Mrs. Pauline Tamke** ARCADIA, Wis. (Special) — Mrs. Pauline Tamke, 86, died this morning at St. Joseph's Hospital where she had been a patient three weeks.

Funeral services will be held Saturday at 9:30 a.m. at the Wiemer-Kilian Funeral Chapel and at 10 a.m. at St. John's Lutheran Church, the Rev. A. L. Menzies, Winona, officiating. Burial will be in Glenwood Cemetery. Friends may call at the funeral home from Thursday night until the time of services.

Born March 12, 1869 in Poland, she was the former Miss Pauline Schuman. She was married to August Tamke in 1896 and the couple resided in Poland until 1912 when Tamke came to the United States. A year later Mrs. Tamke and the couple's nine children came to this country. They farmed in several areas before settling in the Glenwood area. They retired and moved to Arcadia in 1927. Tamke died Nov. 12, 1936, and Mrs. Tamke had resided with children the past several years.

Surviving are: Four sons, Albert and Reinhold, both of Arcadia; Otto, Milwaukee, and Ludwig, Fountain City; three daughters, Mrs. Albert (Alvina) Hermann, Alma; Mrs. Peter (Atklee) Blank, Cochrane, and Mrs. Louis (Ida) Zeller, Fountain City; 14 grandchildren and 11 great-grandchildren. Two children are dead.

**Mrs. Susan A. Susa** INDEPENDENCE, Wis. (Special) — Funeral services for Mrs. Susan A. Susa, 88, who died Tuesday morning at Fridley, Minn., will be held Saturday at 9 a.m. at St. Peter & Paul's Catholic Church; the Rt. Rev. Lucian J. Kufel and the Rev. Herbert Caromski officiating. Burial will be in the church cemetery.

The Rosary will be said at the Joseph Susa home tonight and Thursday at 8 p.m. and at the Wiemer Funeral Home Friday at 8 p.m. and by the Knights of Columbus at 9 p.m.

Mrs. Susa had been seriously ill since September 1953. She resided with a daughter and son-in-law, Mr. and Mrs. John Nordin, former Columbia Heights residents. Born at Poppeleau, Germany, Sept. 18, 1866, she came to the United States with her parents, Mr. and Mrs. William Marsolek, at the age of six. Her husband, Matt Susa, died in February 1930.

Surviving are: Four sons, George, Mt. Angel, Ore.; Frank, Goiva, N. D.; and Leon and Joseph, Independence; six daughters, Mrs. Albert (Helen) Skonieczny, Independence; Mrs. Harry (Mary) Beyers, Winona; Mrs. Michael (Genevieve)

Marsolek, Independence; a sister, Mrs. Hattie Welter, La Crosse; 27 grandchildren and two great grandchildren.

**Jacob Sem** LANESBORO, Minn. (Special) — Jacob Sem, 81, a retired Amherst Township farmer, died Tuesday at a Rochester hospital. He had been in failing health for a number of years.

Funeral services will be held Thursday at 2 p.m. at the Elstad Lutheran Church, the Rev. J. R. Gronlid officiating. Burial will be in the church cemetery.

Born in Soling, Norway, Nov. 10, 1873, he came to Fillmore County in 1892. He married Miss Hannah Danielson in 1900.

Surviving are: His wife and a sister, Mrs. Ansin Vikan, Lanesboro. A brother, Iver, is dead.

## Painters Union Agrees On Two-Year Contract

Union painters here have accepted a 2-year contract with provision for hourly raises of 10 cents per hour each year. Painters had been getting \$2.17½ per hour. The wage agreement was reached about two weeks ago, but wording of several minor clauses delayed signing of the contract.

## FEDERAL COURT

(Continued from Page 3.)

asked whether Robertson had testified in previous trials and the witness said that he had been called in one trial earlier this year and once or twice last year.

The engineer acknowledged in questioning by Mordant that a combustible material can be ignited by an electrostatic charge and that such a charge could be created by a vehicle traveling on highways.

The attorney then asked whether a charge capable of causing a spark that would ignite gasoline could be built up on a one mile run and Robertson said that it was possible.

### Tuesday Afternoon

Wilker, the first witness called by the defendants when they opened their case Tuesday morning, resumed the witness stand following a noon recess and testified most of the afternoon.

The station owner testified that he had prepared the model of the truck's fuel supply and carburetion system using measurements taken by him from the damaged truck near Owatonna and from manufacturer's specifications.

Given a gasoline hose and nozzle similar to the type used at the station at the time of the fire, Wilker was asked by O'Brien whether he had made any tests in which he had pushed the nozzle across the frame of the truck to bring it in contact with the open battery box.

Wilker said that he had, and that each time he had made the test he had drawn a large spark from the exposed battery pole. The service station owner then demonstrated in the courtroom the effect of touching the hose nozzle to the battery pole.

### Battery Cover

O'Brien then produced a battery

cover which previous witnesses had testified appeared to be the one which was on the truck at the time of the fire.

Wilker pointed out that a small portion of one edge of the cover had been cut away and that it was possible to insert the nozzle into this cutaway portion so that it came in contact with the battery pole.

The cover was then placed on the battery, the hose nozzle pushed across the frame and when it made contact with the pole through the hole in the side a spark was drawn.

This cover was subsequently replaced with a battery cover with no cutout section and Wilker demonstrated that it was impossible to draw a spark from the battery pole.

### Gasoline in Nozzle?

Wilker said that he had found that up to two or three tablespoons of gasoline remained in the nozzle after filling a tank.

In reply to succeeding questions by O'Brien Wilker said that he had made other tests on the truck model, bringing the hose nozzle in contact with the exposed battery pole at times when from one and one-half to two tablespoons of gasoline were in the nozzle.

Each time, Wilker said, the spark produced flames at the end of the nozzle and on the battery box.

O'Brien asked what would happen if there was a leak in the fuel line between the fuel pump and the carburetor of a vehicle and the

witness replied that gas would be sprayed about the area around the fuel line.

Wilker testified that he had set his loss of fixtures and equipment damaged or destroyed in the fire at \$10,011.75, loss of merchandise and stock, \$8,680.56, and loss of business during the period after the fire, \$4,291.91.

He also pointed out that during the period of reconstruction at the station he had worked with the contractor on certain construction details. He considered the value of his time at about \$1,200.

### Cross-Examination

In cross-examination Mordant asked whether it was not true that by March 1 the remodeling of the entire station had been completed and Wilker replied that the reconstruction at that date had been completed only to the point where he could operate inside the building.

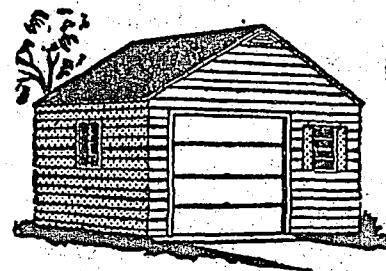

Mordant then referred to a de-

position taken from Wilker March 12 in which he was asked whether the building then was in such condition that greasing, washing and servicing of vehicles could be done as before the fire and the station owner answered that these operations had been carried on since about March 3.

Mordant asked whether when the hose was being shoved across the frame of the truck a pressure on the trigger would cause gasoline to be released and Wilker replied that it would.

## New Device Turns Traffic Signals For Fire Engines

LOS ANGELES (AP)—A new electronic device for turning traffic signals red, automatically, as fire engines approach was demonstrated here.

Fire trucks had repeatedly roared through the intersection of Western and Florence Avenues to show that sirens weren't necessary—because electronic gear automatically halted traffic by changing the signals to red.

Then, before cameramen had a chance to leave, there came the sound of a siren. A real fire had been reported. Trucks and pumps sped toward the intersection, the traffic lights turned red, and all traffic halted. The fire equipment rolled through as cameras clicked.

Asst. Chief H. N. Johnson of Station 66 and officials of North American Aviation, which developed the electronic device, broke into grins. The first authentic tests of Nates (North American Traffic Emergency Control System) had been a success.

## IF Sour Stomach Makes You Feel Like This:

Remember—TUMS neutralize excess acid almost before it starts!

If acid stomach and gassy heartburn make you long-faced, try this top-speed way to relieve sourness and after-eating distress. Just eat 2 Tums after meals—or whenever over-indulgence makes you feel upset. Tums neutralize burning acid fast. Can't over-alkalize—can't cause acid rebound. Always carry Tums in pocket or purse. Get a handy roll today.

So economical—only 10¢ a roll. 3¢ per pill. 25¢ per roll.

## VOICE of the OUTDOORS

Albino Gopher

A rarity of nature, a half-grown albino pocket gopher is in the cage being held by two boys in the above picture. Blake, seven, in white shirt, son of Mr. and Mrs. La Vane Stinson, Ridgeway, set-up for trapping this spring by his father, caught the rare specimen the other morning. Terry Robert, four, his brother, is his assistant.

Still alive, it suffered only a slightly injured foot. It has pink feet, tail and eyes and pure white fur. The animal was taken to Brother Charles, head of the biology department at St. Mary's College, for examination.

"It is a very rare specimen," Brother Charles said later. "It is the first albino pocket gopher I ever saw or heard of in my experience. It is about a half grown animal."

Pocket gophers, of course, are seldom seen, as they spend almost their entire life underground. Brother Charles doesn't think that life underground effects the occurrence of albino-

ism among these animals. It would probably occur just as often as it does among surface mammals, which, of course, is rare.

### Another Champion

Speaking of pocket gophers. Gary Entsminger, Preston Rt. 1, writes us that his pocket gopher catch last year and so far this year exceeds that of Fred Schumacher, Ridgeway, whose picture we published recently.

"This spring," Gary, 17 years old, writes, "I caught 715 gophers from April 16 to May 26. Last year in 25½ days of actual trapping I caught 836 gophers. Of this total 800 were caught in spring and 500 in the fall. I caught 52 on May 11 this year, as top day, and 214 in one week May 16-23, 1954. I have taken 800 gophers off 280 acres of the Hilman Erickson farm in the last three years."

Gary operates 60 traps and takes most of his pocket gophers in nearby townships. In 1954 clerks paid him for 240 in Preston township, 397 in Harmony Town, and 98 in Carimona Town. He averages 35 cents per gopher—20 cents from town, and 15 cents from farmer. He don't trap during the summer.

### Duck Report

It has been a good report for ducks in three prairie provinces of Canada, according to the June report of Ducks Unlimited from Winnipeg reaching our desk today. The area has enjoyed a very wet, spring, good for ducks, and farming is being delayed—lowlands unworkable. Here are a few comments from the summary:

"Surface water conditions are generally high—too high in some parts of Saskatchewan and Manitoba but there has been little or no flooding. The water was high when the birds returned and they nested on high ground. The rains, which have filled potholes in all three provinces—184 per cent of normal—have delayed agricultural activities and as the birds are nesting one to two weeks earlier than last year, indications are that a large percentage of the stubble field nesters will have their brood off before farming operations destroy the nests. All in all, the three provinces promise to turn out a duck crop comparable to the outstanding 1952 season."

### Congress Recommendations

The Wisconsin Conservation Congress, composed of representatives of sportsmen of all the counties in the state, meeting in Madison, has made the following recommendations to the Conservation Commission, which normally does what the congress dictates:

- Uniform statewide opening of the season for game fish, except muskies on April 28, 1956. This would cover large and smallmouth bass, walleyes and northern and trout. The panfish season is now open the entire year. Muskies would open May 19.

- A nine-day open season for any buck with three-inch spike antlers or better.

- A month-long pheasant season. The change in the bass season to April 28 came on the recommendation of Dr. Edward Schenberger, chief of the state's fish division, who told the congress that experiments have

## Senators Call Ex-Government Worker in Quiz

WASHINGTON (AP)—Chicago hat maker Harry Lev, who swears he never bribed government procurement officers, was called back today for more questioning by a Senate subcommittee after signing a \$5,089.38 "restitution" check as evidence of good faith.

Subcommittee aides said Lev would be asked more about alleged bribes and about his relations with Mrs. Mella Hort, a striking former government worker who supervised some of his contract dealings with the armed services. The 52-year-old Lev, terming these relations "social," yesterday begged the investigators not to press him further on that point. Specifically, the aides said Lev would be questioned about prior hearsay testimony by Leon M. Levy, a New York business rival of Lev, that Mrs. Hort tried to blackmail Lev for \$15,000 to stay silent about some allegedly unusual and profitable aspects of Lev's government contracts. Mrs. Hort has denied the blackmail allegations under oath.

Lev signed the check —to show "I'm no chiseler"—after he was confronted with testimony that he got a 1951 government contract to make 169,046 garrison caps at 21 cents apiece—3 cents more than his final bid.

Lev said that disclosure "really strikes me like a ton on the head." He said he thought government contract officers may have made "an honest mistake" which he did not notice and that the government was entitled to a refund.

Whereupon Chairman McClellan (D-Ark) of the Investigations subcommittee produced a check made out to the government for \$5,089.38 and suggested Lev make good on the spot. Lev signed with a flourish. McClellan said he would forward the check to the proper authorities.

The subcommittee is searching for evidence of possible graft in connection with government contracts awarded to Lev and others for uniform caps and other clothing items for the armed forces.

### Senator Sees Premier

TOKYO (AP)—U.S. Sen. Earl C. Clements (D-Ky) called on Prime Minister Ichiro Hatoyama today.

shown that fishing for black bass at any time of the year failed to deplete the stock. This action probably means also that the bass season in the river zone will continue to open May 1 as it has in recent years, despite the action for a later opening taken at the Ellsworth and Red Wing meetings.

### Boyle's Column

## Indians Too Can Launch Debutante

By HAL BOYLE

MESCALERO, N. M. (AP)—Leaves from a touring notebook:

Many a Park Avenue father heaves a sigh at the cost of throwing a debutante ball for his daughter.

But he'd break down in tears if he had to foot the bills for introducing her to society on an Apache Indian reservation.

A debutante ball lasts only a single evening, under the white man's wan idea of what makes a good party. The Apaches have a more muscular and red-blooded approach.

When an Indian father announces he has a daughter who is ready to set up teepee-keeping, it isn't just a shindig for a few close friends of the family. The whole tribe shows up. And the feasting and celebrating goes on for four days and nights. When the Apaches have themselves a ball, they like to bounce some real echoes off the mountain.

The "Coming of Age Ceremony" of an Apache maiden, usually held when she is 12 to 14 years old, in the old days was a time when the nomadic tribes fulfilled their religious as well as social obligations. The rites drew the wandering groups together, gave them an occasion to swap tall tales of the hunt, exchange gossip and renew their ancient beliefs by the mutual performance of rituals.

In the simple past when buffalo were plentiful the warriors in the Indian maiden's family usually found it reasonably easy to provide meat for a four-day feast.

But with the price of beef what it is today the situation has changed. Few Apache fathers now could pick up the tab for daughter's debut. So the tribe itself throws the party.

Only one girl, Iva Lee Enjady, 14, will go through the social ringer at this year's annual festival, July 1-4.

As of old, she will have her own ceremonial teepee. Her hair will be washed with yucca root suds. She will wear a buckskin dress and two tail feathers from a female eagle, signaling her entrance into womanhood. If she itches she must use a wooden scratcher, as she mustn't during the entire four days scratch any part of her body with her fingernails.

She also must not look up at the sky or be disobedient in any way, for fear of bringing rain clouds. To assure her of a good appetite through life she will be fed wild fruit marked with a cross of yellow pollen. She will also be anointed with the pollen. The maiden, whose buckskin

dress is adorned with tiny tin bells, will perform ceremonial dances inside her teepee before an audience consisting of her family, close friends, and the more religious-minded members of the tribe.

Each night young braves will perform the traditional "Dance of the Mountain Gods."

During the entire period little Iva Lee must wear a grave, dignified expression. She must particularly beware of excessive laughter. The Apaches have a theory that too much laughing causes premature wrinkling, a theory that now also seems prevalent among many lady palefaces who never saw a reservation.

In other days at the conclusion of the ceremony the happy father presented attendants and medicine men with four valuable gifts—usually a male horse, a saddle, a fine piece of buckskin, and some tobacco.

The gifts will probably be different now. Many Apaches, once among the hardest-riding of Indian tribes, no longer would know quite what to do with a horse. They prefer to ride herd on their cattle with a jeep or a pick-up truck.

# Chiefs Halt Albert Lea Rally, Win by 11-9

## There'll Be a Little Bull At Gabrych Park June 14

There'll be a little bull at Gabrych Park the night of June 14, folks.

Here are the facts: A dairy animal, probably a fine little bull calf, will be given away at the second annual Dairy Night ball game June 14 between the Winona Chiefs and the Faribault Lakers.

That was agreed at a meeting of the Winona County Dairy Month committee, held at the Farm Bureau office here recently.

The Winona Baseball Association is cooperating with the county dairy month committee in formulating plans for the evening.

As was done a year ago, when a dairy cow was given away after the first Dairy Night ball game, there will also be many dairy products given away as attendance prizes. There will be a pre-game ceremony when the players will be treated to a glass of milk. They will also receive gifts of cheese, butter and other dairy products. Dairy products will also be given to players for outstanding achievements during the game.

Tickets for "Dairy Night" will go on sale tonight at the Oaks during the second annual dairy banquet. General ticket

sales are also under way at the Farm Bureau office, from committee members and at creameries throughout Winona County.

Last year the Winona Chiefs' largest crowd of the season—2,475 fans—turned out for the Dairy Night game which was held June 17 against Owatonna.

You might wonder where the bull calf will be quartered during the Dairy Night ball game. In the bull-pen, naturally!

A LITTLE BULL

## Giel Fans Eight In Five Innings

NEW YORK — Paul Giel hurled 5½ innings in relief during the New York Giants-Milwaukee Braves game Tuesday night at the Polo Grounds and struck out eight members of the Braves.

The Winona bonus rookie walked only one man, gave up six hits and was charged with two earned runs.

His total for the National League this season is 16½ innings pitched, 13 strikeouts, 5 bases on balls, 12 hits and 5 earned runs. Giel has a 2.70 earned run average.

Giel relieved Giants starter Johnny Antonelli with two out and none on in the second inning. Giel got a two strike, one ball count on Bobby Thomson who then hit a 270-foot homer for a 7-0 Braves lead.

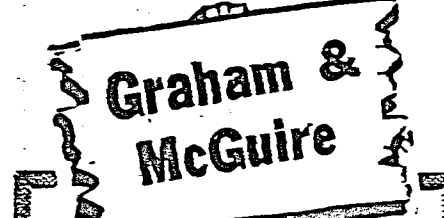

The Braves got their other run off Giel in the fourth when Bill Bruton, John Logan and Henry Aaron singled. Giel struck out Eddie Mathews and Bobby Thomson in the fifth.

He pitched shutout ball in the fifth, sixth and seventh innings before being lifted for a pinch-hitter in the last of the seventh. The Braves won the game, 13-4.

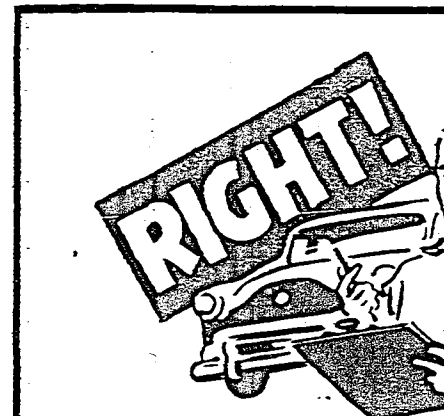

## Elks Club Bantams Win Loop Opener

The Elks Club opened the Bantam League season by blanking the Fire Department 10-0 behind the fourth, eight-strikeout pitching of Eugene Schultz, who walked only one batter.

Mike Hagen of the Elks hit safely three times, one of his hits a double. Bob Edel also doubled for the Elks, while John Siefert singled twice for the Fire Department.

## Twins Slated Here Tonight; Three Released

Kammer, Kindall To Be in Chiefs' Starting Lineup

By RALPH REEVE Daily News Sports Editor

The Winona Chiefs broke out in a rash of extra-base hits Tuesday night at Gabrych Park and ended a four-game losing streak by beating the powerful Albert Lea Packers 11-9 before one of the slimmest crowds in years at the old orchard, only 969 paid.

Winona built up an 11-1 lead after five innings but had to battle hard to protect it when Albert Lea rallied in the late innings.

The victory gives the Chiefs a 3-5 record on the season and sets the stage for tonight's makeup game with the Waseca-Owatonna Twins at 8 p.m.

Three new players will be wearing Chiefs' uniforms tonight and to make room for them, Manager Emil Scheid released shortstop Emil Nascak, third baseman Stan Shargey and relief pitcher Bob Umfleet.

At shortstop tonight will be face-tying Jerry Kindall from the University of Minnesota, while Emil Kammer, a .375 hitter at the University of Missouri, will occupy the hot corner.

Jack Davis, Missouri outfielder, has also been signed and will be with the team, although not in the starting lineup.

Better Crowd Expected A much larger crowd than Tuesday night's low total is expected tonight. The 969 paid through is the first under 1,000 for a Chiefs' league game at home in over three seasons, possibly longer.

Against Albert Lea the Chiefs got 10 hits, three of them homers and three doubles.

Bert Tracy belted his second and third roundtrippers of the season and Sid Langston, shaking a batting slump, had three hits in five trips to the plate, including a two-run homer in the fifth inning.

Whitey Felker started for Winona and left in the seventh inning. Albert Lea got six runs off him, four of them earned, and collected three more runs off Umfleet in the ninth inning before lefty Joe Shrage came in and put out the fire.

The Chiefs pulled off four double plays in the game, one each in the second, third and fourth innings and one in the ninth for the last two outs of the game.

Tracy gave Winona a 1-0 lead with a homer in the first off Albert Lea's left-handed starter, Ed March. Two errors, two walks and a single by Sid Langston put Winona ahead 4-0 in the second.

It was 6-0 in the third on Tracy's leadoff homer, a walk, passed ball and single by Langston.

Albert Lea got one in the fourth when Felker walked the first two men and was touched for a single by Del Marquardt.

The Chiefs came back for five runs in the fifth and an 11-1 lead. With one out, Bill Leach doubled, Langston homered, Shargey doubled, Nascak singled and Felker doubled, sending March to the showers.

Don Miller kept it going with a single off reliever Rolie Marquardt and Jack Triplett's sacrifice fly scored Felker. Tracy forced Miller at second for the third out.

A two-run homer by John Sivinski and a bases-empty clout by Bob Erps made it 11-4 in the sixth. Felker was taken out in the seventh after pitching to four men, walking the first, giving up a single, getting one on an infield out, but losing another on an error at second by Don Miller.

Umfleet got Al Neil on a sacrifice fly and Sivinski on a fly to Miller to end the inning.

After an uneventful eighth inning, the Packers stormed back in the ninth.

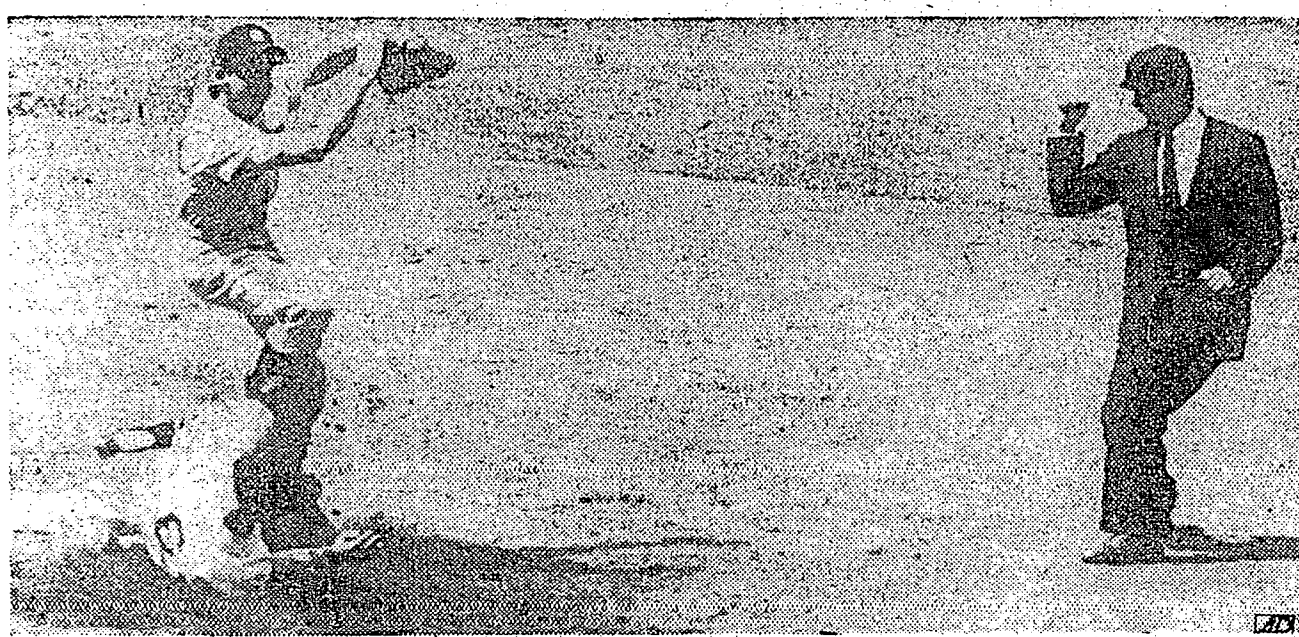

Erp Carlson homered, Umfleet walked Sicko and Bill Ankovick lived on an infield single. John Sivinski then brought two more runs home with a booming triple to centerfield.

Umfleet was relieved by Shrage who lost the first batter on a disputed base on balls, but got Erps to hit back to the box for a double play.

## Cards Eye Improvement As Musial Finds Range

By ED WILKS The Associated Press

Those St. Louis Cardinals may be only in fifth place, but with Stan Musial starting to hit again, things may be getting better any day now. Stan's had his usual slow start so far, but he's perked up when the Cards needed him most. He's up to .317 as of today, moving up in a 13-game revival in which he's hit .375.

It was Musial who in early May kept the Cards from sinking into seventh place by getting 3 for 5 against Philadelphia in a 6-5 St. Louis victory. On May 27, the day he started his current upswing, he had 2 for 3 as the Cards beat Cincinnati 7-4 and jumped to fifth.

Then on May 29, once again in sixth, the Cards pulled back into fifth by beating the Redlegs 7-2. Musial had just one hit—but it was a three-run homer.

Last night, the Redbirds again were on the verge of slipping into

seventh place. And voila! Musial smacked 3 for 5, drove in three runs and scored himself in a 5-4 triumph over the Phils.

That eased the Cardinals into a fifth-place tie with Cincinnati after the Redlegs had been blanked by the first-place Brooklyn Dodgers 4-0.

Brooklyn stayed eight games up as the runner-up Chicago Cubs came from behind with four runs in the sixth to beat Pittsburgh 4-3 while the resurrected Milwaukee Braves knocked New York's Giants out of third 13-4.

In the American, the New York Yankees remained 4½ games out front while losing to Detroit 4-3 in 12 innings. The Chicago White Sox—rained out in their game with Baltimore—slipped into second place .005 percentage points ahead of Cleveland as the Indians lost to Boston 9-5.

The only other AL action went to Washington, with the Senators

sweeping a two-night twinbill at Kansas City 3-2 and 7-3.

At Philadelphia, Musial's two-run double in the first chased starter Curt Simmons, and his triple in the eighth drove home the winning run off loser Murry Dickson. Harvey Haddix won his third with relief help from Frank Smith after giving up earlier two-run homers to Del Ennis and Jim Greengrass.

Brooklyn missed hitting a home run for the first time in 13 games, but the Redlegs managed just five hits off Johnny Podres, who won his sixth.

Milwaukee clobbered the slumping Giants with six runs in the second that sent Johnny Antonelli to his seventh defeat. The Braves got five more in the ninth as Chet Nichols won No. 5 with help from Warren Spahn.

The Giants, now half a game back of the Braves, lost shortstop Al Dark for an indefinite period when X-rays revealed a pair of bone chips suffered when he was hit on the left hand by a pitched ball Sunday.

Five singles and an error pulled the Cubs from behind in the sixth at Pittsburgh to shorten the night for Max Surkont. Darius Hillman, Hal Jeffcoat and Howie Pollet combined in relief to save Warren Hacker's sixth victory.

Fred Hatfield's homer off reliever Tom Sturdivant gave Ned Garver his first triumph over the Yankees in six years. Eddie Robinson smacked a two-run homer and Joe Collins a bases-empty clout for the Yanks.

Rookie Herb Score didn't survive the first inning against the Red Sox as Ted Williams hit a two-run double. But after Cleveland tied it at 3-all in their half of the frame to chase Mel Parnell, Boston got four runs in the fourth off loser Art Houtteman to win it for George Sussie.

Three runs in the ninth—with Bill Wilson's three-base error letting the lead run score—broke up Alex Kellner's shutout and won for the Senators in the opener at Kansas City. Mickey McDermott gave 13 hits and walked six in the nightcap, but hung on for his fifth victory.

Carlos Paula, Washington outfielder, reached across and hit a sacrifice fly in the second game as rookie Art Ceccarelli attempted to give him an intentional walk.

Harmony Forfeits To Spring Grove Lanesboro, Minn. (Special)—A Lanesboro-Houston makeup game between Harmony and Spring Grove scheduled at Spring Grove Tuesday night was forfeited to the Grovers when Harmony showed up with only eight players.

Busby Traded To White Sox WASHINGTON —The Washington Senators traded outfielder Jim Busby to the Chicago White Sox for outfielder Johnny Groth, catcher Clint Courtney and pitcher Bob Chakales.

SAN FRANCISCO —Byron Nelson, making a comeback, barely qualified for the U. S. Open golf tournament with a 147.

## Braves in Third On 13-4 Victory

NEW YORK (AP)—The Milwaukee Braves found the range against the New York Giants Tuesday night and shot into third place in the National League by pounding the defending champions, 13-4.

The Braves drove their old mate Johnny Antonelli to the showers in the second inning as they came up with six runs. Milwaukee added five more in the ninth to drop the Giants into fourth place.

Milwaukee used the long ball in the second to sink the New Yorkers as Ed Mathews, continuing hot at the plate, smacked a two-run double, Henry Aaron came up with a two-run homer and Bobby Thomson also socked a home run. The Braves pounded 17 hits and peppered four Giant hurlers.

Chet Nichols collected the victory for Milwaukee and allowed the Giants four runs. He was relieved in the seventh by Warren Spahn.

Chet left after he had issued a walk and allowed back-to-back doubles to Willie Lockman and Willie Mays.

The Braves' centerfielder Billy Bruton, who had two hits in six trips, was credited with a rare unassisted put out at second base. He collided with second baseman Danny O'Connell as they chased a high fly ball by rookie Gail Harris in the eighth. Bruton dropped the ball but recovered in time to beat Hank Thompson, who was on first, in a race to second base.

The victory was the fifth in six starts for Milwaukee and its eighth in 13 games in the current road trip. It raised them above the 500 mark for the season on a record of 26 victories and 25 losses.

They are now 13 games behind the first place Dodgers and five in back of the second place Cubs.

Ed Mathews scored the first Milwaukee run in the first inning after he walked. He reached home on singles by Aaron and Thomson.

In the second Danny O'Connell started things with a single with two away. He scored on Bruton's double. Logan walked and he and Bruton got home on Mathews' double. Then Aaron poked his homer into the upper deck in left field and five runs were home. Paul Giel replaced Antonelli on the mound and Thomson sliced a fly into right field but in the Polo Grounds it was a home run.

Milwaukee was scoreless in the fourth but in the fifth picked up a

run on singles by Bruton, Logan and Aaron.

Giel was tough on the Braves after that and struck out eight before he was lifted for a pinch hitter in the eighth.

The Giants' favorite relief ace, Hoyt Wilhelm, was the Braves' victim in the ninth. Aaron beat out an infield hit and Thomson was safe on a bunt. They advanced on a wild pitch and George Crowe sent them across the plate with a drive to the outfield. O'Connell singled and he and Crowe advanced on another wild pitch.

Windy McCall took over for Wilhelm and retired Spahn. Crowe crossed home when Davey Williams fumbled Bruton's roller. Fleet Bill stole second as McCall attempted to pick O'Connell off third. Logan singled and O'Connell and Bruton were home.

The Giants got two runs in the second inning and two more in the seventh. In all they collected 10 hits and kept Nichols in trouble in every inning except the second and the fifth.

The two teams were slated for an afternoon meeting today with Lew Burdette on the mound for Milwaukee against Ruben Gomez.

## Two Braves Games Are Rescheduled

CINCINNATI (AP)—Two rained out Milwaukee Braves home games have been rescheduled with the blessing of National League President Warren Giles.

The second game of a double-header called off May 26 will be played July 8 as part of a twin-bill night, starting at 6 p.m. The rained out affair with the St. Louis Cardinals of April 24 will be played as part of an afternoon twin bill August 11.

## Royals Strengthen First-Place Hold In Southern Minny

### SOUTHERN MINNY

Rochester	W. L. Pct.
Albert Lea	6 1 .857
Faribault	5 3 .625
Wadena-Owatonna	4 4 .500
Fairmont	3 5 .429
WINONA	3 5 .429
Austin	2 6 .333

### RESULTS TUESDAY NIGHT

Rochester	at Faribault 0
Wadena-Owatonna	at Austin 1
WINONA	at Albert Lea 1
Fairmont	at Mankato 5

### MAKUP GAMES TONIGHT

Rochester	at Fairmont
Wadena-Owatonna	at Winona
WINONA	at Albert Lea
Mankato	at Fairmont
Rochester	at Faribault
Austin	at Owatonna

### GAMES SATURDAY NIGHT

WINONA	at Rochester
Austin	at Mankato
Wadena-Owatonna	at Fairmont
Albert Lea	at Faribault

Rochester increased its hold on first place in the Southern Minny by landing Faribault an 8-0 defeat while second-place Albert Lea was losing 11-9 to Winona and Fairmont was beating Mankato 6-3 Tuesday night.

The Rochester victory was its sixth straight and gives the Royals a 6-1 record, a full game ahead of Albert Lea and two games ahead of Mankato and Faribault, tied for third with 5-4 records.

John Anderson pitched a four-hit shutout for Rochester, while his mates backed him up with 12-hit support, seven of the hits coming for extra bases.

Three Rochester home runs went over the fences at Mayo Field, two by Tom Neill who is batting .481, and another by Linthal Anderson. A crowd of 302 turned out for the game at Rochester.

Austin lost its seventh straight game, 14-1, to Wadena-Owatonna before 800 fans at Marcusen Park.

Austin, Gene Olive hit a two-run homer for the Twins in the fourth inning and catcher Steve Karras grand-slammed in the eighth.

Charley Frey and Ed Wopnek homered for Mankato, but the Merchants lost a 6-5 decision to the visiting Fairmont Marins. Fairmont trailed 3-1 until the eighth inning when it scored five times.

Fairmont	100 0 0 50 6 11 0
Mankato	600 200 0 2 5 6 0
Wadena-Owatonna	001 420 0 4 3 1 0
Austin	001 000 0 0 1 1 0
Albert Lea	000 000 0 0 1 1 0

Alton and Karris: Ekker, Corrales (5). Allen (6) and Norris.

## Watkins Wins 2-1 For 5th Straight

### CITY LEAGUE

Watkins	W. L. Pct.
City Corner	3 2 .600
Turner's	2 3 .400
Duke's	1 3 .250
Graham-McGuire	1 3 .250

### RESULTS TUESDAY NIGHT

Watkins	2
City Corner	1

Watkins remained undefeated in the City Softball League with a 2-1 victory over Haddad's Tuesday night, the only game reported.

Don Grosenick got three singles in three times up for Haddad's, while Watkins' Schreiber batted two-for-two. Top defensive play of the night was a sensational catch in deep left field by Lilla that robbed Haddad's Paschka of a home run.

## Fight Results

BY THE ASSOCIATED PRESS  
OCEANO PARK, Calif., June 7, 1955. In a seven-round bout, Jimmy Gomez, 134, defeated Kenny Lane, 135, Muskegon, Mich., by a unanimous decision.

NEW ORLEANS, June 7, 1955. Al Villafra, 145, New Orleans, outpointed Phil Kim, 143, Honolulu, 10, by a unanimous decision.

(First Pub. Wednesday, June 8, 1955)

NOTICE IS HEREBY GIVEN, that the City Council of the City of Winona, Minn., will meet on July 5, 1955, at 7:30 p.m. in the City Council Chamber in the City Building located on the corner of Fourth and Lafayette Streets in the City of Winona, Minn., for the purpose of finally determining the question of the taking of certain private property for public use. All persons interested may appear before the council and make such objections as they may desire to make to the carrying out of the contemplated project.

The private property proposed to be taken is Lot Eight (8), Block "B," E. C. Hamilton's Addition No. 3 to the City of Winona, and is situated on the east side of the city, bounded by the City Engineer and filed with the City Recorder of said city June 6, 1955.

The improvement or purpose for which said land is to be appropriated is for the laying out and opening of a street.

The said plat of the land proposed to be taken is on file with the City Recorder and open to public inspection. Dated at Winona, Minnesota, June 6, 1955.

ROY G. WILDRUBE, City Recorder.  
Approved this 6th day of June, 1955.

(Pub. Date Wednesday, June 8, 1955)

## Market Shows Modest Advance

NEW YORK (AP)—An advance in the stock market today achieved only modest size in the late afternoon.

Demand centered to a large extent in the steels, aluminum, aircrafts, and a sizable list of individual issues. Railroads and utilities were a drag on the market.

The rise carried prices up around 3 points with some sharp gains beyond that limit. Losses went to around a point.

Business was quite good and crossed the three million mark. Tuesday the total was 3,230,000 shares, highest since March 30.

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGUM, D. Sc.

**Answer to Question No. 1**  
1. Perhaps he's been to a party, had an extra cocktail, and he can't sleep or get her out of his mind. Her smile, perfume, gestures keep whirling in his head. He should instantly follow the plan of the politician quoted in our old school rhetoric: "I smell a rat, I see it floating in the air; I'll nip it in the bud." If he doesn't put her out of his mind immediately, he's in for trouble. The same goes for a woman and "the other man." She'll later find he's a rat, and how.

**Ensure your married happiness!**  
"Your Success in Marriage!" Happiness chart helps you predict marital happiness and adjustment. Send 15c (coin only) and self-addressed, stamped envelope (name city and state) to Dr. A. E. Wiggum, in care of The Winona Daily News.

**Answer to Question No. 2**  
2. No. Psychologist Garrett summed up 94 researches on predicting success and found one subject about as good as another—and none much good. A. H. Thorndike compared students with their later college success. High marks in Latin, French, algebra and physics tended to indicate later college success, but this was mostly because bright students select these subjects more than slower students. It's terribly hard to predict what a student will do in college.

**Answer to Question No. 3**  
3. Yes. Psychologists Thorpe and Whistler say in "Science Digest," first sound chords F, A, and D on your piano; then, E, A, and C sharp. If a child can tell the difference, he probably has a pretty good "musical ear." In his book, "How To Have Fun with Music," Fred Barton says that you'll be surprised, if you try to enjoy symphonic or operatic music on radio or records, how soon you will enjoy it, and how inspirational it is.

THE GRAB BAG

THE ANSWER, QUICK.

1. What is a tuba?
  2. For what do the initials F.R.G.S. stand?
  3. The "Older Edda" and the "Younger Edda" are a collection and handbook of poems respectively of what country?
  4. What federal office did Francis B. Sayre, son-in-law of President Woodrow Wilson, hold?
- HOW'D YOU MAKE OUT?**
1. A large, brass de-toned saxhorn?
  2. Fellow of the Royal Geographical society.
  3. Iceland.
  4. Assistant secretary of state.

FAIRLY SPOKEN

By MARGARET LATROBE

She said yes—and now she isn't for the biggest event of her young life, hangs in the closet. Its crinoline petticoat and delicate fabric billow out beneath the shoes which protect it from the tiniest fleck of dust. She loves that dress! But the wedding?

The invitations have been mailed, the church reserved, the flowers ordered. And now she is getting a little hesitant about her part in the ceremony! If it weren't for the dress, she would probably throw the whole thing over. We find her upstairs peeping at the heavenly confection, patting its folds, murmuring to it as though it were alive. Her most beautiful dress. Yes, she thinks she is sure. She thinks she can make it down the aisle. But what if she gets to the church, and balks?

It's small wonder that mothers sometimes shed a surreptitious tear during the wedding ceremony. From sheer exhaustion, as well as tender sentiment. The planning that does into these things! A large wedding or a small one? In church or at home? Bridesmaids or just one attendant? And the reception, the refreshments, the trousseau, the gifts—simply hectic, but wonderful, too. Father is paymaster, nervously rehearsing his role as the giver-away as he frantically scans the bills. He has reasons for tears, too—not alone from sentiment.

But we aren't worried about all this. Our problem is—will she, or won't she walk down that aisle? And the lesser worry of keeping our doll from acquiring a black eye or a bee sting before the wedding date.

Can you imagine a four-year-old flower girl with one eye swollen shut, getting halfway to the altar and sobbing—"Mommy, where are you? I don't like this wedding!"

More Rain Over Nation

By THE ASSOCIATED PRESS

More rain splashed over wide areas of the country from the Rockies eastward to the Atlantic Coast today.

General rainfall was reported from the Great Lakes region and middle Mississippi Valley eastward to the middle Atlantic Coast. Scattered showers fell from sections of the Great Plains and the Southeastern states.

Skies were cloudy over most of the Northeast, with some areas reporting rain, and along the southern California coast.

Fair weather prevailed in other parts of the country.

There was a heat wave in the Southwest desert region with temperatures climbing to 110 at several cities in southern California and Arizona yesterday.

Mix a one-pound can of cream-style corn with a slightly beaten egg, a couple of tablespoons each of milk and melted butter or margarine. Add a dash of salt and freshly-ground pepper. Now stir in a cup of pancake mix and bake like regular pancakes on a griddle. Serve with crisp bacon and maple syrup. And don't forget the big cups of coffee!
