### Austin Veterinarian Critical After Collision Near Utica

HINES CAR . . . This car, in which Dr. Lawrence B. Hines, Austin veterinarian, was a passenger, is inspected by Sheriff George Fort. The Hines vehicle and a car carrying two Lan-

boro men collided at an intersection six miles south of Utica late Monday afternoon. Dr. Hines was critically injured. The two others were injured less seriously. (Daily News photo)

### French Plan State Of Siege for Algiers

By ANDREW BOROWIEC

ALGIERS (AP)—French authorities prepared today to clamp a state of siege on Algiers unless the mounting wave of terrorist violence is halted.

Civilian and military officials in a manifesto Monday night called on Europeans and Moslems to "say no to murder and terrorism."

Unless bloodshed and terror are

stopped, the manifesto said, measures will be taken that "would limit the exercise of public freedom and constrict your lives."

Government sources said authorities are ready to proclaim a state of siege—even if it means further disruption of Algiers' economic life to combat terrorism by both Europeans and Moslems.

Among the measures under consideration are a paralyzing curfew, the closing of bars and cafes, and heavy restrictions on the movement of cars.

The warning, broadcast over Algiers radio throughout the day and published in the city's two daily newspapers, was issued after another evening of death and violence. Between 6:30 and 8:30 p.m., seven persons were killed and nine wounded in grenade and submachinegun attacks in Algiers.

Terrorism flared elsewhere in Algeria. Unofficial figures showed at least 17 persons were killed and about 40 wounded in 11 cities and towns.

French army and police officers were informed that secret contacts between the French government and the Algerian rebel regime were progressing, and that a cease-fire announcement was possible soon.

Official sources said important headway has been made toward a compromise in the last few days although differences remain on the question of nationality for the European minority in an independent Algeria, and the length and nature of a transition period before Algerian independence.

### Sweeping Army Reorganization Program Set

WASHINGTON (AP)—President Kennedy today approved a reorganization of the Army, ordnance, quartermaster and other technical services and submitted the plan to Congress.

The reorganization, which also includes a streamlining of general staff operations, was proposed by Secretary of the Army Elvis J. Stahr Jr. and approved initially by Secretary of Defense Robert S. McNamara.

The White House said the reorganization would take effect within 30 days if neither the House nor Senate Armed Services committees objects. If either unit disapproves it, the plan would then go before Congress as a whole. Congress would then have 40 days in which to reject the proposal.

The plan would go into effect automatically if Congress does not act against it within that period.

### ICC Formula Flayed in '400' Madison Hearing

MADISON, Wis. (AP)—An Interstate Commerce Commission hearing was told Monday that a 45-year-old ICC formula can be used by railroads to show "phantom" deficits on passenger lines they want to drop.

Stanley Berge, a professor of transportation at Northwestern University, testified at a hearing on a petition by the Chicago & North Western Railway Co. to abandon its "400" passenger route between Chicago and Minneapolis and another route serving Mankato and Rochester, Minn., and Madison.

Berge said it is unfortunate that the public does not fully understand the full crew law and its destructive effect on train service.

If it were not for this, he said, railroads could introduce modern trains such as are used in Europe. He referred to self-propelled, dual-control trains whose more efficient operation could drastically reduce operating costs.

"Passenger train service has no future in Wisconsin so long as such laws are on the statute books," Berge declared.

"I hope members of the railroad unions will reconsider these ancient rules that work against their interests, as well as against the public."

The ICC hearing opened last week in St. Paul, Minn., and moved to Rochester, Minn., and Eau Claire, Wis., before shifting to Madison.

Berge said that no railroad should be required to operate a passenger train at a financial loss. But he said some costs permitted to be charged to passenger trains should be blamed on freight or other operations as they would exist whether or not the line carried passengers.

The Chicago & North Western contends the trains it proposes to discontinue are losing \$2.2 million a year despite efforts to boost passenger volume by reduced fares.

Representatives of the University of Wisconsin, Beloit College and several communities opposed the plan Monday.

ICC Examiner John Bradford said the commission would act on the petition by April 1.

### U.S., Common Market Nations To Cut Tariffs

BRUSSELS, Belgium (AP)—An agreement was reached today for broad tariff reductions between the European Common Market and the United States, it was officially announced.

Howard Peterson, President Kennedy's special assistant for trade matters, and W. Walton Butterworth, U.S. ambassador to the Common Market, emerged from the office of Jean Rey, member of the Common Market Executive Commission, after a 20-minute meeting and announced the agreement.

The agreement will have to be submitted to GATT, Common Market's Council of Ministers and the U.S. Congress.

### Big Disappointment

### Failure to Sign Test Ban Treaty

WASHINGTON (AP)—Pres-

ident Kennedy says failure to reach agreement with the Soviet Union on a nuclear test ban was the biggest disappointment of his first year in the White House.

"This," he said, "could have been a very important step in easing tensions."

The most heartening development, he believes, was a "great surge for unity" among the Western Allies and in Latin America.

In his first news conference of the year—five days before the first anniversary of his inauguration—Kennedy touched on nearly a subject a minute Monday, roaming from the farm problem at home to Laos and Berlin abroad.

Steele — He hopes for a quick agreement between industry and the union to avert a strike and the heavy stockpiling of steel that might impede the nation's economic recovery. Contracts expire in June.

Laos — The risk of war is the alternative to the risk of Communist control of coalition governments in Southeast Asia, he said. "We are taking a chance in all of Southeast Asia. We are taking a chance in other areas also." In his judgment "it is in the best interest of our country to work for a neutral and independent Laos."

Farm — Kennedy set a goal of reasonable balance between farm output and demand to insure that the farm income will not be broken by surpluses, as it was in a substantial extent in the '20s." In his State of the Union message, he promised to present Congress a new farm program geared to the times.

Civil rights — Kennedy said he would issue an order against racial discrimination in federally

aided housing when he believes it will serve the public interest and advance the cause of civil rights. He claimed more progress in the field during the last 12 months than the previous eight years and said his record may be judged properly at the end of this year "and at the end of our term."

Foreign trade—"When the educational job is done," Kennedy declared, the country will support his request for broad authority to negotiate tariff cuts. He said figures are being prepared in an effort to persuade Congress members that his program would be "most helpful to the United States."

Berlin — Despite reports that U.S. Ambassador Llewellyn Thompson has made little progress in talks with Soviet Foreign Minister Andrei A. Gromyko, Kennedy said the discussions would continue in an effort to find a solution for the Berlin crisis. A more precise judgment will be made after the talks have gone on "for a reasonable period."

### First Troops From Ft. Lewis At Frankfurt

By JOHN FIEHN

FRANKFURT, Germany (AP)—The first elements of an Army force of 6,000 men arrived here from the United States today to test American ability to airlift troops abroad in a hurry.

A C135 transport carrying 72 officers and men of the 4th Infantry Division touched down at sprawling Rhine-Main base after a non-stop polar flight from McChord base in Washington.

The operation has been nicknamed "Long Thrust II."

Lt. Col. James Grimsley, 40, of Florence, S.C., divisions operations officer, headed the first 18 officers and 54 men who arrived by way of Greenland on a flight of 10 hours, 7 minutes.

"Welcome to Europe," said Gen. Charles D. Palmer, deputy commander in chief of U. S. forces in Europe as he stepped forward to greet Grimsley. "How was the flight?"

"Just fine," said Grimsley. Another C135 is due later today. From Wednesday until the arrival of the 6,000 men is completed next Saturday midnight planes will be landing here around the clock.

It is a major test of U.S. capability to rush troops to Europe in an emergency — such as could arise from the Berlin crisis. The first arrivals were welcomed by a group of officers headed by Gen. Charles D. Palmer, deputy commander in chief of the U.S. European Command, and a French colonel representing Gen. Pierre Jaquet, commander of NATO forces in central Europe.

"Long Thrust II" involves three reinforced battle groups of the 4th Infantry commanded by Maj. Gen. William F. Train, who is due in Frankfurt Wednesday. The troops will take part in a four-day NATO field exercise in eastern Bavaria.

### Portugal Facing Attacks in U.N.

By TOM HOGE

UNITED NATIONS, N. Y. (AP)—Portugal faced bitter attacks from the Communist and African blocs today as foes of her policy in Angola pressed for condemnation and possible punitive measures by the United Nations.

Poland, cosponsor with Bulgaria of a resolution calling on the Security Council to consider harsh penalties against the Lisbon government, was slated to take the floor as the 104-nation General Assembly's Angola debate went into its second day.

The former French Congo also was expected to blast Portugal's administration of Angola and to demand freedom for the West African territory.

Informed sources expressed belief the African group would seek penalties against Portugal but would limit its proposal to a call for condemnation and a demand for Angola's independence.

Any resolution will need Western support to ensure the two-thirds majority required for adoption. The United States reportedly has made clear it does not favor any call for economic sanctions against "its NATO ally."

Diplomats said U.S. delegates had told them the United States wants to see a moderate resolution which would prod Portugal to grant self-determination for Angola.

Admission to the church was by invitation. Jack Lemmon, Frank Sinatra, Billy Wilder, Dean Martin, Joe Mikalos and Mervyn LeRoy served as pallbearers.

### Fireman Goes Through Wall Of Flames to Rescue Child

EAU CLAIRE, Wis. (AP)—A fire captain made a daring plunge through a wall of flame to rescue a 6-month-old boy Monday when a blaze swept the home of a family of 15 in sub-zero weather.

Little Dale Beebe, soot-covered but still asleep, was lifted from his crib as flames neared and carried to safety by Capt. Marshall Mikesell.

The infant suffered minor burns on the hands and feet and smoke

inhalation, but was reported in good condition at Luther Hospital.

The boy's parents, Mr. and Mrs. Justin Beebe were at home with three other children when the blaze was discovered on the second floor. Eight other children were at school.

Beebe rescued Tammy, 2, while the oldest child, Glynn, 20, carried 4-year-old Raymond to safety. The father twice attempted to reach Dale, but was driven back

### Eight Children Flee in Fire

LITCHFIELD, Minn. (AP)—The eight children of Mr. and Mrs. Elmer Lies escaped without injury Monday night when the family's farm home was destroyed by fire.

The family was left without clothing and household goods, except what the youngsters were wearing when the blaze broke out about 7 p.m.

The family includes five boys, ages 1, 2, 9, 11 and 16, and three girls, ages 4, 8 and 14. The older children assisted the little ones in escaping into temperatures around 8 below.

MANTOUX TESTING

City Near State TB Accreditation

Winona County — one of 15 counties in Minnesota not yet accredited in tuberculosis control — may join the 72 accredited counties after a Mantoux testing program, which begins next Monday in city schools, according to Miss Mary Crane, city public health nursing supervisor.

Requirements for accreditation are that the county have a tuberculosis death rate of 10 or less per 100,000 population and an infection rate of less than 12 percent among 12th grade students in the county. Ninety percent of all seniors in the county must be tuberculin-tested with Mantoux tests.

EIGHT CASES of active tuberculosis have been found within the

city since January 1960. Often those infected have had a chance to expose many others before their cases are discovered and treated.

The Mantoux test is the way to find out if one has been infected with the tuberculosis germ. A simple test is given on the forearm. If the spot turns red and becomes swollen on the third day, it is an indication that the person has been infected and that a chest X-ray should be taken to be certain the person has not developed the disease.

The chest X-ray is not a substitute for the Mantoux test. It is a method of determining if a person's lungs are becoming diseased with the tuberculosis germ. The Mantoux test will show if the person has been infected long before the chest X-ray will. Many have positive Mantoux tests but do not seem ever to break down with the disease. These people should have yearly X-rays.

TESTING WILL be done by local physicians. All Winona schools will be tested beginning about 9 a.m. The city health department has strongly urged every child who does not already have a positive Mantoux test to take the test this year.

Experts Doubt Hog Prices Voting Factor

By OVID A. MARTIN  
WASHINGTON (AP) — An Agriculture Department farm price forecast here indicated that the price of hogs will not be an issue of consequence in congressional elections in the Midwest farm belt next fall.

These prices often have been issues on which parties out of power have made gains in congressional seats in off-year elections. When hog and other livestock prices decline, there usually is a tendency on the part of political leaders and some farmers to blame the party in power.

A department report on the livestock and meat situation said it is likely that hog prices next fall will be little different from last fall. If that turns out to be correct, hog farmers will have little to complain about.

Hog prices last fall averaged well above the long time average in relation to the cost of corn, the major feed and cost element in producing and fattening hogs. During the fall, the ratio between corn and hog prices averaged 16.5 to 17 to 1. This is, 100 pounds of live hog were equivalent in value to 16.5 to 17 bushels of corn. The higher this ratio, the more favorable are hog prices from the standpoint of the farmer.

By comparison, this ratio averaged only 13.7 to 1 during the 1950-59 period. Two factors are largely responsible for the relatively favorable outlook for hogs. One is a continuing strong consumer demand for red meats; the other is a cautious expansion in hog production.

The report said prospects are for feed cattle prices to be stable to slightly lower during the early months of this year, with marketings expected to continue above a year earlier.

Lamb prices slightly higher than a year earlier were forecast for the next several months. That's because lamb numbers are down from a year earlier.

Congress passed its first patent act in 1790.

Decision Delayed On Proposed Park In Stockholm Area

STOCKHOLM, Wis. — No progress will be made on a proposed state park here until spring, according to Keith Sommerfeld, Pepin County Agent.

He said Bob Estesoph, head of the park division of the Wisconsin Conservation Department, had not committed himself in an interview Friday in connection with the project. But he said he'd be back in the spring after the snow thaws.

Aerial photographs of the area, which Sommerfeld anticipates will cover over 3,000 acres, will be taken sometime soon, the state official said. Sommerfeld learned that all but \$90,000 of a fund set up by Gov. Nelson for this sort of resource development project already is earmarked. Sommerfeld said \$90,000 should be sufficient.

PTA Meeting Set For Duluth Oct. 15

MINNEAPOLIS (AP) — The 1962 Minnesota convention of the Congress of Parents and Teachers will be held in Duluth Oct. 15-17.

The PTA board of managers, meeting here Saturday, scheduled the session and chose the convention city. The state meeting is expected to draw some 1,000 delegates.

Wisconsin Man Found Dead in North Woods

ALMELUND, Minn. (AP) — The frozen body of a man found in woods near this Chicago County village was identified Monday as that of James F. Long, 23, Wauwatosa, Wis.

Coroner Millard Grandstrand said death apparently was due to exposure. An autopsy will be held. Two young rabbit hunters discovered the snow covered body Sunday under a fallen tree.

Sheriff Vern Martinson said it appeared Long, dressed in heavy clothing, had crawled under the tree for shelter. Martinson said Long apparently smoked as he lay under the tree about a quarter mile from the nearest road. Matchbooks and an empty cigarette package were found nearby.

Martinson said Long's car was found abandoned on Highway 36, about 25 miles north of Almelund, Jan. 2. Long apparently entered the wooded area shortly after that, Martinson said, because there were no tracks in heavy snow that fell about that time.

Identification was made, Grandstrand said, from papers found on the body. There was no indication of foul play, the coroner said. Long's watch was on his body and his pockets contained \$71. Martinson said Long's car was in good running order and its tank contained fuel.

The Seminole Indians have built a large arts and crafts center and an office building for tribal officials on a reservation near Fort Lauderdale, Fla.

## Property Owner Protests Sewer Line Assessment

A West End motel and trailer court operator who last year built a new motel in neighboring Goodview village told the Winona City Council Monday night that he's glad he built in Goodview.

As for Winona, said H. C. Kleyla, "it's a helluva town."

This was in protest to an assessment of \$1,179.69 for running a sanitary sewer along the Pelzer Street side of his property.

Kleyla said that he already is served by a sewer line on the 5th Street side and that there's no need for the additional line.

The line was constructed this summer to service the low-income housing project for the elderly which is being erected by the Winona Housing & Redevelopment Project.

Standard procedure is to assess the cost of lateral sewers against all abutting property. Corner lot owners frequently encounter double assessments.

(City Engineer James Baird reported, however, that corner lot owners ordinarily get adjustment on the second assessment. In Kleyla's case, he has 306 feet of frontage on Pelzer but is being assessed for only 226. Cost is \$5.21 a foot.)

President Harold Briesath and 4th Ward Ald. James Stoltman told Kleyla that he is protesting the installation too late, that last night's hearing was only to confirm the assessment. They said he should have protested when the installation was ordered last spring.

In addition to confirming the assessment roll for this project, the Council approved rolls for Westmoreland and Botsford additions and for Whitten Street.

In other business the Council set a hearing for Feb. 5 on application of A. M. Kramer for modification of the zoning ordinance.

This involves the north half of the block between Huff and Harriet streets, south of 3rd Street. The Planning Commission has recommended changing the half-block from Residential—2 to Manufacturing—1.

Martin Beatty, attorney, representing Kramer, told aldermen last night that the area was zoned light industrial prior to the rezoning several years ago.

At its request, Winona Marine Co. was given until Jan. 29 to make payment on money owed the city and filing of reports. Jerry Schneider, operations manager, wrote that the delay was requested "due to present collection conditions and the reorganization of our company."

Deadline had been last night.

**THE PLANS for the Shell Oil Co. station at Sarnia Street and Mankato Avenue** were presented and construction was approved subject to passage of an ordinance.

Plans call for two driveways each on Mankato Avenue and on Sarnia Street and for three islands.

Northern States Power Co. filed a revised gas rate schedule for interruptible service. Only change is addition of a prompt payment provision. There's no change in rates as long as a customer pays promptly.

Filed was the annual agreement by the Winona County Board of Commissioners to pay up to \$4,000 for operation of the veterans service center on a matching basis with the city, and all of the costs after that up to a total of \$8,000 by the county. Annual budget of the center now is about \$9,000.

Payrolls approved were distributed as follows: Streets, 4,133.86 and treatment plant, \$17.12 and \$584.58.

**Licenses approved:**  
CIGARET—Rocco's Pizza, 66 W. 3rd St.; Phosky Shell Service, 652 Washington St.; George Serva, 74 E. 2nd St.; Frank J. Palubicki, 529 E. Wabasha St.; Russ' Skelly Service, Sugar Loaf; Neumann Grocery, 123 E. 2nd St.; Milano's Grocery, 557 E. 2nd St.; Boston Bakery, 167 E. 3rd St.; Ehlers Market, 1834 Gilmore Ave.; Williams Hotel & Annex, 127-29 W. 3rd St.; Hot Fish Shop, Sugar Loaf; Ray P. Hogan, 56 W. 3rd St.; West End Texaco Station, Villa Street and Gilmore Avenue; Theola Vail, Exchange Building, Lake Center Switch Co. and post office, the latter three without fee since she is handicapped.

**CARNIVAL**—Chamber of Commerce Steamboat Days, Main Street, Front Street to post office alley, July 6-8, by Byers Brothers Shows, subject to filing of petition showing consent of merchants in the area.

**DANCE**—Edmund Redmond, Lake Park Lodge, Jan. 13; Albert Peterman, Red Men's Wigwam, Jan. 27 and Winona Activity Group, Inc., St. Stanislaus Auditorium, Jan. 14; Red Men's Wigwam, Jan. 10, and Armory, Jan. 19.

Notice was filed that the Izack Walton League will play bingo Sunday afternoons Jan. 1 to June 1 and Sept. 1 to the end of the year.

The Council voted to pickup six \$1,000 certificates of indebtedness at the three local banks because there is sufficient money in the local improvement fund.

Permission was given World War I Veterans to hang a banner across 3rd Street, at Johnson Street, from June 1-11 for its state convention.

**Coat Catches on Tree, Boy Strangles**

BELOIT, Wis. (AP)—Joseph Bass, 7, strangled Saturday when his coat snagged on the branch of an apple tree at his home in nearby Shopiere. He was dead on arrival at a Beloit Hospital.

Rock County Coroner Richard McCann, said the death was accidental. Joseph was the son of Mr. and Mrs. Robert Bass.

## Ex-Hungarian Official To Speak to Chamber

"Free Enterprise or Disaster" will be discussed by Dr. Nicholas Nyaradi, director, School of International Studies, Bradley University, Peoria, Ill., at the annual dinner of the Winona Chamber of Commerce at the Oaks at 6:30 p.m. Monday.

The speaker is former finance minister of Hungary where he was born and educated. He is now an American citizen. He received two doctoral degrees in political science and jurisprudence respectively from the Royal Hungarian University, Budapest.

He was a lawyer 13 years and also legal adviser and executive director for one of Hungary's largest banks.

Having participated in the anti-Nazi underground in Hungary during World War II, he was asked by the anti-communist Small Landholder's party to join Hungary's postwar coalition government. He was undersecretary of the treasury and then minister of finance of the Republic of Hungary until 1948 when increasing Soviet pressure forced Dr. Nyaradi and his wife to flee the country.

Since coming to the United States Dr. Nyaradi has written articles for leading newspapers and magazines and a book, "My Ringside Seat in Moscow." He spent seven months in Moscow negotiating a Russian reparations claim against Hungary.

H. R. Hurd will be toastmaster at the dinner.

The retiring chamber president, D. B. Robinson, will speak and will install the new president, Harold B. Edstrom, and other new officers and directors. Tickets can be obtained at the chamber.

**Council Balks At State Plan For City Books**

The state public examiner has recommended revision in some city of Winona office procedures but the City Council indicated Monday night that it will not adopt them.

The examiners, for example, recommend that the city recorder's office switch from manual operation to machines for fund accounting.

City Recorder Roy G. Wildgrube said that the city accounting operation isn't large enough to warrant the expenditures for machines.

**THE EXAMINERS also note** that the city has 17 checking accounts in the three banks, adding, "The accounts are to be kept on the city records by funds, and, therefore, the separate bank accounts for each fund could well be eliminated."

The 17 accounts, said Wildgrube, were instituted by the late Oke Hultkrantz when he was treasurer and subsequent treasurers have found that it's simple to arrive at balances with numerous accounts.

City of Winona checks, the examiners continue, "are not in conformance with the form of checks recommended by the public examiner."

**WILDGRUBE SAID** that the city has a check supply for four-five years and it would be wasteful to change now to the state's recommended form which includes a sheet for stating the reason for the payment of the check.

The examiners, in their report for the year ending last March 31, also note that on Aug. 28 the city had \$750,844.09 on deposit with the Winona National & Savings Bank. Deposits in several accounts exceeded the Federal Deposit Insurance by \$668,843.24.

Collateral pledged to secure these excess deposits was \$695,000. (Law) provides that a treasurer shall at no time maintain a deposit in any depository in excess of 90 percent of the market value of the pledged collateral, except for moneys on deposit that are insured by the Federal Deposit Insurance Corporation under the National Banking Act.

**"IT IS SUGGESTED** that the city require said bank to furnish sufficient collateral securities to cover the amount of the deposits."

Wildgrube said that a check had been made of the banks and it's true that sometimes deposits at one bank are in excess of legal limits but funds "are usually shifted within 24 hours."

Examiners also reported that the city continued paying interest on \$5,000 of airport and park improvement bonds of 1947 through Sept. 1, 1961, although the bonds had been redeemed Mar. 22, 1959. An interest payment of \$35 was made semiannually beginning Sept. 1, 1959. The bank involved—Northern Trust Co., Chicago—has returned the overpaid \$175.

**RECORDER Wildgrube said** that the overpayment was discovered by the city prior to the examination by the state public examiner.

Cost of this year's report by the state public examiner was \$1,203.50. There are, in addition, separate bills for the Board of Education and the Board of Municipal Works.

**MERRY MIXER SQUARES**

ETTRICK, Wis. (Special)—Merry Mixers square dancing club will hold a party at Ettrick Community Hall Saturday. Dancing will be from 6:30 to 11:30 p.m. No lunch will be served. Callers will be Harold Amerman and Theron Knutson, Pigeon Falls, Wis. Mrs. Julius Stenberg, Upper French Creek, is president of the club.

## 1-Hour Parking Extended Block On West 3rd

Dr. Nicholas Nyaradi

One-hour parking is being extended west one block on 3rd Street. That's from Washington to Winona streets.

The City Council took the action Monday night at the request of four businesses on the street. They said that the block now is occupied by all-day parkers.

The extension is subject to passage of an ordinance Jan. 29.

The Council had other parking and traffic matters on its collective mind:

• Subject to an ordinance, parking will be prohibited one car length back from the crosswalks at the Johnson and Washington street intersections with Wabasha street to improve vision in this crowded parking area around Winona State College. This adopted proposal, made by 2nd Ward Ald. Lloyd Deilke, is a substitute for a proposal for stop signs which had been recommended that there was a high incidence of collisions at these intersections. Examination of police records found this view to be in error. Cost of the installation of the 16 signs will be about \$120.

• James Stoltman, 4th Ward, chairman of traffic and safety, proposed that automatic signals at Franklin and Huff street intersections with Broadway go on a flashing basis during early morning hours, when there is light traffic, as downtown signals do.

There was little support for the proposal but a check will be made by Daniel Bambenek, 4th Ward, to determine whether it is possible to do this in the control boxes at these two intersections.

Mayor R. K. Ellings said that the light changes only 13 seconds after a car hits the plate in Huff and Franklin streets and this appears to be of no undue delay for cross traffic. Henry Parks, 2nd Ward, said that the flasher arrangement might cause more accidents, and Ald. Deilke declared, "People out that time of evening aren't in a hurry anyhow."

• **CLARENCE TRIBELL**, 3rd Ward, said that traffic movement would be improved if motorists didn't make left-hand turns off Broadway at signalized crossings during busy periods. He said he goes on a block. The trouble, said Mayor Ellings, is that many people don't know how to make a left turn. He said the driver should pull into the intersection so that other traffic can move around him.

• A proposal to prohibit all parking on narrow Huff Street, running only two blocks, from 5th to Wabasha streets, was referred to the traffic and safety, and street committees. The Council is most concerned about the Broadway-Wabasha block where there are two churches. Ald. Deilke said that there's little through traffic in the blocks and it's more important to provide on-street parking.

Ald. Howard Baumann, 3rd Ward, said he believes that at one time parking was prohibited on one side of the block or on parts of one side.

• Subject to ordinance, parking will be prohibited in the bus turnaround, recently constructed near the light station on upper Gilmore Avenue.

• Aldermen accepted an invitation from the Portland Cement Association, to hear its arguments for concrete paving rather than bituminous. The invitation was presented on behalf of the association by Ralph Scharrer, local contractor. Aldermen rejected a proposal to make it a dinner meeting. Instead the meeting will be at City Hall at 8 p.m. Wednesday.

• A light will be installed in the alley at the expanded parking lot on 2nd Street.

• In accordance with previous agreement the Council passed an ordinance setting up a bus zone on the east side of Walnut Street, south of 3rd Street, and a taxicab zone to the south of that; setting one-hour zones at the Pleasant Valley Dairy at Market and 4th streets (45 on Market and 25 on 4th).

Addison Reese, great-grandson of John T. Ford, the Ford Theater's Civil War owner, has given the Lincoln Museum the Victorian box in the theater and a George Washington engraving used for decoration.

**LEWIS REIMAN, who works for** O'Meara, drove Qualey and Randall to Lanesboro. The two injured men had been returning home after work.

Dr. Hines, a former veterinarian for the state of Minnesota Department of Agriculture, has been employed by the U.S. Department of Agriculture since February. His job, which often took him into the country, was to test and retest herds of dairy cattle for brucellosis, or bangs.

He has lived at Austin since 1941. Married in 1923, he has a daughter, Mrs. Edwin O. Eckert, 213 E. Wabasha St., Winona.

**COLLISION NEAR UTICA** . . . These two cars were totally wrecked as the result of a collision Monday afternoon near Utica in which three were injured, one critically. Sheriff George Fort stands near the front of the Marcelles Qualey car, which spun around after the impact. The other car, facing right, was driven by Dr. Lawrence Hines, Austin. Dr. Hines was found unconscious between the two vehicles. He is in critical condition at Winona General Hospital. (Daily News photo)

A car owned by George Liebsch Sr., Lamolite, was parked on the Piggy-Wiggy Store parking lot Friday afternoon at the time another driver backed into it, Liebsch said today. It was previously reported Liebsch was driving.

Mrs. Rose Waletzke, Box 1, Winona, reported no damage to her car, which was backing out of a parking stall on the lot at 74 E. 5th St. Friday at 4:15 p.m. The left rear door of the Liebsch car received \$75 damage.

Sheriff Fort said Dr. Hines apparently was thrown out of the car and the car rolled over, although he could find no evidence that the car had actually rolled. From marks in the snow it appeared the car had been pushed erect to its resting place.

The sheriff was continuing his investigation this morning.

Both Dr. Hines' 1961 model and Qualey's 1951 car were total losses.

## Guard Has 12 Openings for 6-Month Recruits

Winona's National Guard Company A has been authorized to enlist 12 men during February in the Guard's six-month active duty training program.

Capt. A. L. Osborne Jr., commanding officer of Company A, explained that enlistees will go on active duty for six months, beginning next month, then return to Winona to serve out the remainder of their service obligation with the local Guard unit.

This involves attendance at weekly drill sessions at the armory and two-week summer field training.

Capt. Osborne said that there is no age limit in the six-month program. He urged that anyone interested in possible enlistment visit the armory immediately to obtain full information since the Winona quota will be limited to 12.

## WINTER CARNIVAL

### Candidates 11, 12 and 14

We don't like to mention it but today's three entries in the Winter Carnival queen contest brings the final total to 13.

Robert A. Wiczorek, queen contest chairman for the Winona Activity Group, carnival sponsor, isn't superstitious about numbers but thinks some of the contestants may be. Each girl will wear a number when she meets the contest judges Saturday afternoon at the Hotel Winona.

"The judges know the girls only by number, not by name," Wiczorek said.

**THE PRACTICE** has been to number the girls from 1 through 10 or 12 or whatever the total number is. Wiczorek feared a contestant wearing No. 13 might blame possible bad luck on the number rather than on a misplaced dimple or curls that aren't curly enough.

Her sponsor is Duvall's Mississippian, Buffalo City, Wis.

**Miss Patricia Altbell**, 18, 1213 W. Howard St., is the daughter of Mr. and Mrs. S. P. Altbell. She is a waitress at West Gate Drug and hopes to attend art school. She is 5 foot 4, weighs 110, wears a size 7 dress, has blonde hair, brown eyes and enjoys bowling and swimming. She is a graduate of Cotter High School. Her sponsor is Williams Hotel.

**Miss Caroline Rudolf**, 19, resides at Morey Hall, Winona State College, and is a sophomore majoring in elementary education. She is the daughter of Mr. and Mrs. Paul Rudolf, St. Paul, and is a graduate of Murray High School, St. Paul. She is 5 foot 6, weighs 125, wears a size 11 dress and has blonde hair and brown eyes. She enjoys skating, playing the piano, swimming and reading. Her sponsor is West End merchants.

**Miss Barbara Kramer**, 21, is a senior at Winona State College where she is majoring in business and plans to teach. She is the daughter of Mr. and Mrs. Leander Kramer, Adrian, Minn., and is a graduate of St. Adrian High School. She is 5 foot 4, weighs 113, wears a size 10 dress, has black hair, brown eyes and enjoys ice skating, swimming and reading. Her sponsor is West End merchants.

To meet the well known high standards of the Winter Carnival queen contest.

"There won't be a No. 13 for the last girl to see the judges," Wiczorek said. "There'll be a 14 instead."

We're not superstitious either. But instead of listing these last three girls in single column, Indiana file order which might prompt readers to associate No. 13 with the last girl in the column—we will list the three in horizontal order as follows:

# It Happened Last Night Weld Breaks Her Ankle on Tuesday

By EARL WILSON

NEW YORK — Tuesday Weld's favorite day should not be Tuesday because on that day she broke a small bone in her right ankle when she accidentally crashed into a tripod while filming a "Naked City" TV sequence with Horace McMahon, Rip Torn and Paul Burke at the Biltmore Studios. Next day, the business mgr. Hal Schaffel, literally carried her around the set, while she continued working . . . and now she's on crutches, and in pain. Strangely, the title of the ABC sequence she did is: "An Accident Looking For A Place to Happen."

Now it can be told that when Frank Sinatra was dating Merle Lane and others—after his first romance period with Juliet Prowse — Juliet said, "Oh, he'll come back" — and he did. Just have confidence, girls, that's all it takes . . . NBC has a chap picked out to take over for Jack Paar if Johnny Carson can't — but is still holding out a thin hope for Carson. The latter's agents are asking ABC to "be reasonable" and "not obnoxious" . . . Some more magazines are very trembly . . . Talented actress Shirley Knight'll co-star with Jason Robards in Fred Coe's next B'way show . . . The vice squad visited David Merrick and "suggested" that in view of complaints about his sexy ads for "Sunday in New York," he might withdraw them. "Thank you, gentlemen," he said — and refused.

Kenneth Mc Claim, Hutchinson, Minn., left, won the derby stake trophy. Murray and Boal are center.

Although the number of fishermen on the ice over the weekend, was probably slightly larger than a

week ago, fishing was spotty. Complaints about poor fishing, for various reasons, were plentiful on the ice, at bait dealers, and wherever fishermen gathered.

Information about hot spots was at a premium. Two fishermen came into Jackson's Tavern Sunday afternoon with a box of big sunfish and crappies. They had a hard time picking out the biggest. The top crappie went one pound and eight ounces and the biggest sunfish was 13 ounces.

Pickering Run was a hot spot Saturday. Crappies and sunfish both ran large there. Straight Slough was no good Saturday but the fishermen fishing below the ice surface were catching crappies Sunday forenoon. Some sandpiper and a couple of good-sized bass were caught. This is the site of the Winter Carnival contest Sunday.

There were quite a few fishermen on the ice below the Trempealeau Dam. They parked on the Minnesota side and walked in along the dike. We did not find out what kind of luck they were having. There were scattered fishermen on the river in the Homer and Lamolite areas. There was one fisherman in a boat in mid-afternoon Sunday below the Dreshbach Dam. There was just a small area of open water. From the highway it looked as if he was fishing about the 300-foot mark.

## School Boards Face Fight on Use of Buses

ST. PAUL (AP)—Brisk debate is expected Wednesday when the Minnesota School Boards Association considers a resolution, among others, expressing opposition to use of state funds in transportation of non-public school pupils.

Forewarning of a possible fight came Monday night when a preliminary hearing was held on the resolution by a group of more than 100 delegates.

Dr. Edward L. Henry, St. John's University professor and a member of the St. Cloud School Board, called the resolution misleading, premature and ambiguous. He said he spoke as a private citizen rather than as a board member.

"It asks you to put yourselves on record against a bill you have not even seen, indeed that might never be written for all we know," Henry told the group.

"This is not a church-state issue. Catholics regard it as a civil rights problem—of whether to give welfare aid to their children as we give them fire and police protection."

Dan McKoon, Duluth School Board member, backed Henry. He said that a driver, using his own conscience, would pick up any child at the roadside without asking what school he attended.

"Is our collective conscience going to be any different from our individual?" queried McKoon. "Are we going to give this kid a ride and not that one?"

Robert T. Carr, Roseville, said that court decisions cited by Henry had not been decisive in the matter, adding that he felt using public funds for non-public purposes tends to "divide our efforts."

Others speaking for the resolution included Frank B. Klaassen, Mountain Lake, and G. C. Hamersly, Glenville.

"If we want private schools, we should support them over and above public schools but for no reason should we ask the public schools to support them," Klaassen said.

General advice on how to detect and prevent collusive bidding will be the subject of a state memorandum, soon to be distributed to all local government agencies.

William Mullin, assistant attorney general, said the note would be an effort to halt "fixed" bidding which he estimated already has cost governmental units millions of dollars.

## Children's Treasure Hunt

The second item for Winona and trade area youngsters to obtain for the Winona Winter Carnival treasure hunt is a picture (described below) that has appeared in the Daily News many times.

It is the second of 5 items to be announced in this newspaper. The sixth and final item will be announced Saturday morning at Lake Park. To be eligible to win, youngsters must have each of the first 5 items with them Saturday morning and must be registered with the Park-Recreation department. Only youngsters from Winona and the trade area who are 12 years old or younger are eligible for the contest.

The winner will receive a \$25 U. S. savings bond.

The first item announced Monday was a clean empty milk car-

ton, bearing the name of a Winona dairy, or you can make your own. Children who wish to do so may decorate their containers. Prizes will be awarded for the best decorated winning container which will be displayed in the lobby of the First National Bank. Keep the container throughout the contest and place the other items of the scavenger hunt inside it.

The second scavenger hunt item is a newspaper picture of the girl who ruled as Miss Snowflake of last year's Winter Carnival. Cut out her picture and place it in the container.

All items of the scavenger hunt, with the exception of the final item (the one to be announced at Lake Park Saturday morning) are to be put into the container. The youngster who finds the final item must have all the other clues with him to be eligible to win.

## Nelson Urges Better Land Management

WASHINGTON (AP)—Gov. Gaylord Nelson of Wisconsin said Monday that unless there is an extensive program of land management "only the rabbits, the rodents and the sparrows" out of all the wildlife will be able to thrive in a few decades.

Nelson, speaking at a national land conference called by the Department of Agriculture, criticized uncontrolled expansion of suburbs and other non-farm uses of land. He said there is a need for a broad land management program.

"I have a pretty good notion of what the future holds for us if we continue to spread out all over this nation, unguided by any plan or vision or idealism," the Democratic chief executive said. "A few decades from now," Nelson said, "we'll all live in an asphalt paradise where, of all our wildlife, only the rabbits, the rodents and the sparrows can thrive."

Nelson also said he contacted the Urban Redevelopment Agency on the future of the abandoned Bong Air Force Base in southeast Wisconsin but learned no decision had been made on the state's application for a loan to underwrite the costs of preparing plans for eventual uses of the land.

## Dental Health, Nutrition Study At Strum-Eleva

WHITEHALL, Wis. (Special)—Through Mrs. Mabel Skroch, Trempealeau County nurse, plans are being made in the Strum-Eleva elementary schools to study various aspects of dental health and nutrition in relation to the home, schools and the community.

A working committee for this project has been selected in both communities. Representatives are: George Heinemann, superintendent, Allan Haasler, principal, and Mrs. Evelyn Wickman, Eleva, and Mrs. Delores Mitchell, principal, Mrs. Barbara Nelson, Mrs. Elmer Knoepke and Dr. L. R. Svoma, Strum.

Assistance in developing this project will be provided by Miss Helen Elletby, dental hygienist, Miss Marjorie Emidy, nutritionist, and Paul Schuster, school health consultant, all from the state Board of Health.

At the initial meeting held in Strum Jan. 9, plans were made for a dental and a nutrition survey in the two communities in the near future. Developments in the project will be publicized as they occur.

## Truck Overturns, Burns, Driver Slightly Hurt

PRESTON, Minn. (Special)—The driver of a truck that overturned on a bridge half a mile east of the Preston business district at 8:45 a.m. Monday and burned escaped with a cut on the hand, according to the investigating Highway Patrol.

Edward Roy Sprute, 26, was traveling south on Highways 52 and 60, toward Wisconsin with a load of alfalfa and oat feed, when his truck apparently went out of control from crossing the Milwaukee Railroad tracks. The jar loosened the tag axle in the rear and because of the heavy load, it began to sway from side to side. On a bridge a few feet from the tracks the truck tipped and caught fire immediately.

The Highway Patrol said the Peterson Feed Co. truck from Minneapolis was a total loss.

## Durand Group to Hear Discussion Of Fluoridation

DURAND, Wis. (Special)—Two speakers will be present at a meeting of the Durand Community Council Monday at 8 p.m. at the high school to discuss fluoridation of the local water supply. They are Dr. Michael Arra, director of the division of dental education with the state board of health, Madison, and Eugene Hensel, sanitary engineer with District 4, La Crosse.

Fluoridation is the adjustment of the natural fluoride content of water to the level which most effectively prevents tooth decay — approximately one part of fluoride to one million parts of water. This is accomplished by adding small, precise amounts of a fluoride compound to the water supply until the desired level is reached.

Water from the well that is being used most in Durand has a natural content of two-tenths of one part per million. The water in the standby well has a natural fluoride content of less than one-tenth of the one part per million.

Communities in this health district which are fluoridating are Alma, Soldiers Grove, Black River Falls, Waukegan, Sparta, Richland Center, Blair, Galesville, Trempealeau and Whitehall. In the adjacent health district No. 7, are Eau Claire, Bloomer, New Richmond, Rice Lake, Amery, Spooner, Shell Lake, Hayward and Oshkosh. The Mendota Village Board has approved fluoridation and the equipment has been purchased.

Durand Community Council voted at its November meeting to have the subject of fluoridation discussed at the January meeting.

## Winona Bankers To Participate in State Conference

Two Winona bankers will participate in the program of the second mid-winter conference sponsored by the Minnesota Bankers Association and its bank management committee Thursday at the Hotel Leamington, Minneapolis.

S. J. Kryzsko, president, Winona National & Savings Bank, and trustee of the National Foundation for Commercial Banks, will report on the foundation's work and its plans for the future at the afternoon session.

C. M. Grabow, president, Merchants National Bank, is a member of the bank management committee, which is sponsoring the conference, and on the arrangements committee.

## Goodview Council Names Committees

Committees were appointed by the Goodview Village Council Monday night at Village Hall.

Dr. F. J. Vollmer was reappointed health officer. Renamed to the park and recreation committee were William Wissman, chairman, and Ted Smith. Trustee M. F. Sweeney was reappointed chairman of the street committee and Trustee Robert E. Bundy was reappointed chairman of the garbage committee.

The village's new mayor, Rex Johnson, was appointed chairman of the public buildings committee. Renamed to the committee was Dr. E. G. Callahan, village clerk. It was reported that footings for the village's water tank tower are being poured. Much of the water main for the new waterworks has been installed.

Villagers were reminded at the meeting that dogs must be confined to owners' property by fences or leashes. If dogs run at large they will be picked up and the owners fined.

## ATTEND CONFERENCE

WHITEHALL, Wis. (Special)—Several educators from here attended the 11th annual guidance conference at Stout State College, Menomonie, Thursday. They were Mrs. Lily Reich, Trempealeau County superintendent of schools; Miss Evelyn Kennedy and Maurice Ewing, supervising teachers; John Brown, Whitehall school superintendent; Mrs. Christina Watkins, elementary supervisor; and Sidney Otterson, elementary principal.

## \$35,000 Suit Nears Jury in District Court

Final testimony was to be heard this afternoon in the District Court trial of a \$35,000 personal injury suit brought by Robert Connaughty, Lanesboro, against Roy Haake, Lewiston, drivers of cars involved in an accident on Highway 14 here last February.

Trial of the case began Monday afternoon and eight witnesses had been heard when Judge Leo F. Murphy called a recess this noon. Court was to be reconvened at 1 p.m.

CONNAUGHTY, represented by Duane M. Peterson, Winona, says he suffered whiplash injuries when his neck was snapped back after his car had been struck from behind by the Haake car at the junction of the old Goodview Road.

Liability in the accident has been acknowledged by the defendant so the jury's only function will be to assess the amount of damages. Haake is represented by Clayton E. Narveson, St. Paul.

Connaughty and Dr. Roger Hartwich, Winona, who treated the former for his injuries, returned to the witness stand this morning after testifying Monday afternoon.

OTHER WITNESSES called by Peterson this morning were Inspector of Police Edward L. Hittner, who participated in the investigation of the accident and testified as to Connaughty's physical appearance when he arrived at the scene; Sharon Kelly, Lanesboro, a friend of Connaughty, who drove him to his home in Lanesboro after he had been released from Winona General Hospital; Mr. and Mrs. John Connaughty, the defendant's parents with whom he lives; a friend, Raymond Mundt, and Haake, who was called for cross-examination.

Peterson rested his case after reports from Dr. Patrick Kelly, Rochester, who treated Connaughty at the Mayo Clinic, had been received in evidence.

Narveson opened his case by introducing reports from Dr. Donovan McCain, St. Paul, who had examined Connaughty.

The noon recess was called after Dr. McCain's reports had been received.

CONNAUGHTY was the first witness to be called by Peterson after the jury had been drawn at mid-afternoon Monday.

Connaughty was excused from the stand temporarily when Peterson called Dr. Hartwich who was still testifying when a recess was called at 5 p.m.

A construction worker who lives with his parents on their farm near Lanesboro, Connaughty testified that he was driving to Winona on the day the accident occurred.

He had reached the west city limits when, west of the junction of Highway 14 and the old Goodview Road, a truck ahead of him stopped to allow another car to pass prior to making a left turn to enter the Goodview Road.

Connaughty reportedly stopped his car behind the truck and moments later was struck from behind by the Haake car.

Peterson, in his opening statement to the jury, said that Connaughty's head was snapped back by the force of the impact and he was taken by ambulance to Winona General Hospital.

DR. HARTWICH told of seeing Connaughty at the hospital where examinations were made. Connaughty remained in the hospital overnight and X-rays were taken.

Prior to his release from the hospital the next day, a neck brace was prescribed and Connaughty wore this when he returned to his home.

Jurors hearing the Connaughty case are: Alvin Voss, 424 W. Mark St.; Mrs. Cyril Schmit, Rollingstone; Daniel D. Steadman, Dakota; Merton Unnasch, Houston; John P. Papenfuss, Dakota; Mrs. Luella Huff, 754 E. 4th St.; Mrs. Donald Springer, 4317 7th St. Goodview; Joseph Wolfrath, 917 E. 5th St.; Garvin Sebo, Dakota; Edward Matzke, Rollingstone; Mrs. Mark Modjeski, 872 E. Wabasha St.; and Samuel Kohal, 520 Markale Ave.

Jurors not serving on this case were excused by Judge Murphy until 10 a.m. Wednesday.

## Camel Driver Ahmad Given Truck and Parts

KARACHI, Pakistan (AP)—A pickup truck with two cases of spare parts and a complete toolbox was formally handed to Pakistan camel driver Bashir Ahmad Monday by U.S. Ambassador William Rauttree and the local Ford representative.

This type of truck usually costs about \$5,000 in Pakistan. But the government of Pakistan, as a goodwill gesture to Vice President Lyndon B. Johnson's friend, waived the usual customs duty and sales tax and saved Bashir \$12,000.

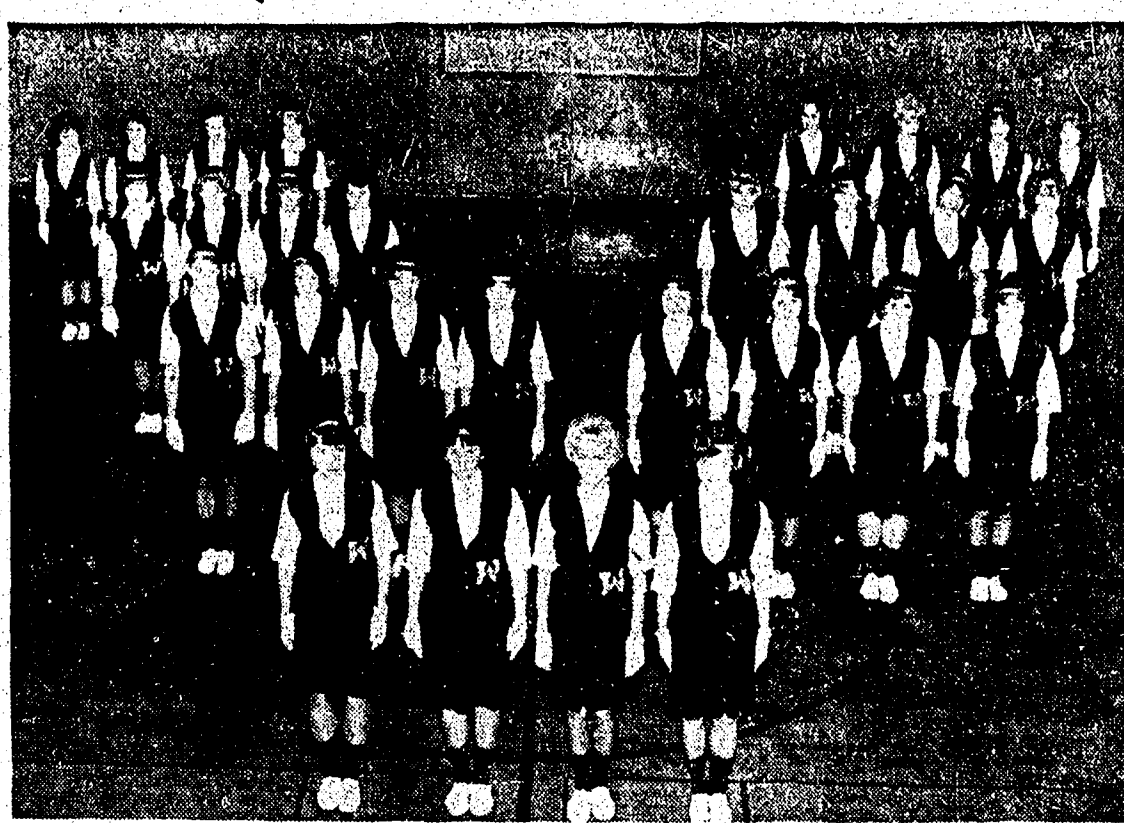

The truck was a gift of the Ford Motor Co.

## Four-Year Drought Cripples Australia

DARWIN, Australia (AP)—A four-year drought appears to have been broken over a large area of Central Australia, where cattle have been dying for lack of food and water.

Up to six inches of rain has been recorded over 100,000 square miles north of Alice Springs.

A week ago a great cloud of dust covered 80,000 square miles of this area. Today a thin carpet of green is spreading as grass begins to sprout.

## Wage Line Held, Raise Refused New City Employee

The City Council's hold-the-line policy on wages raised its head again Monday night and this time a new employee in the city engineering department was refused a wage increase.

Fourth Ward Ald. Daniel Bambenek said that a new secretary had been named last year in the engineering office at \$225 a month with the understanding that if performance was satisfactory there would be an increase in six months.

He said it has been and he and City Engineer James Baird were recommending a \$25 increase. The previous secretary was getting \$277.50.

Ald. Bambenek said that the previous city engineer, who hired the girl, would be willing to write a letter stating that the agreement for a raise had been made.

LAST FALL the Council voted a hold-the-line policy on wage boosts except where, as it said, there was contractual agreement for increases. The Council was split then and it was last night, too. Ald. Lloyd Deilke, who was chairman of the salary committee last fall, said that to give the wage boost to the engineering department secretary would violate the salary policy and, in addition, it would become a subject for the two current wage adjustment panels.

Supporting Ald. Bambenek in his motion to give the \$25 wage increase were his fellow aldermen, James Stoltman, and President Harold Briesath, 1st Ward. Mrs. Mary Masysga, alderman-at-large, said she preferred to abstain from voting.

IN OTHER business the Council heard a complaint for the second time from Robert P. Kauphusman, 1273 W. Broadway, that a fluorescent light installed outdoors at adjacent St. Mary's Catholic Church is a nuisance. Three-quarters of the light is on his property. He granted that the light had been painted recently to reduce lighting of his back porch but he said the paint would peel.

He said the church already has two flood lights at the parsonage and he can't see any purpose for the new light "except to light us up."

Mrs. Muriel Ollom, 1st Ward, chairman of the lighting committee, said that Northern States Power Co. had agreed to repaint a portion of the light whenever required.

ALD. LLOYD Deilke, 2nd Ward, said that this is the second complaint involving the outdoor lights which go on automatically at dusk. He said that the city can do no more to control them than what has been done. Ald. Henry Parks, 2nd Ward, wondered whether a licensing ordinance could be passed. The city attorney is to check the possibility. Ald. James Stoltman, said that NSP had told him that there are complaints on only 2 percent of these lights.

Mayor R. K. Ellings urged attendance at Winona Day at the St. Paul Winter Carnival Jan. 27.

He also commented that the model housing ordinance now being studied by city officials would be "quite fitting" to Winona. Ald. Deilke said that if adopted it could be used to "clean up sub-marginal situations."

It made a run to the Everett Hanson home west of the city at 10 a.m. and at 8 p.m. was called to the Ole Syfest farm in Vossle Coulee six miles northeast of here. The farm is operated by Mr. and Mrs. Arnold Solberg. No damage resulted at either place.

## Faribault Man Pleads Guilty On Check Count

A pre-sentence investigation was ordered Monday afternoon for Colonel L. Van Thomma, 35, Faribault, who pleaded guilty in District Court here to a charge of second degree forgery.

Van Thomma, who appeared before Judge Leo F. Murphy, was arrested last December on a complaint charging him with cashing a forged \$45 check at the Teamsters Club.

He was represented at Monday's hearing by his court-appointed attorney, John D. McGill, while County Attorney S. A. Sawyer appeared for the state.

## Arena Committee Elects Chairman

Frank Allen Jr. was elected temporary chairman of an arena or auditorium study committee Monday evening at the YMCA.

The study committee, established by a group of about 90 civic organizations, was organized under the sponsorship of the Exchange Club and the Winona Activity Group. It's expected that representatives of the Mayo Civic Auditorium, Rochester, and the Mary E. Sawyer Auditorium, La Crosse, may attend a future meeting of the local study committee.

E. O. Eckert and James F. Heinlen were temporary co-chairmen of the study committee before Allen was elected.

Ten study committee members attended Monday's meeting. The group is expected to give its recommendation for an arena or auditorium by May 1 in a report to the parent committee.

## KEEP PORCH LIGHTS ON

WHITEHALL, Wis. (Special)—Whitehall residents are asked to keep porch lights on Jan. 29, when the Mother's March of the New March of Dimes will be held. Mrs. Norman Anderson, Whitehall, is chairman.

## Cold Night In Store for Winona Area

Cold weather tightened its hold on the Winona area today and the forecast indicates the low tonight will be colder than the —8 registered here this morning.

Fair and colder tonight with a low of —15 is the prediction. Wednesday will be fair and very cold with a high of 5. Lowest so far this year was —13 on Jan. 12 and coldest for the winter was —15 on Dec. 13.

Very cold and no precipitation is the outlook for Thursday.

After rising to 17 Monday afternoon, the thermometer dropped steadily during the late afternoon and evening and reached the low of —8 at 7 a.m. today. A slight rise occurred during the forenoon and the figure at noon was 5.

The wind, which was 15-25 miles per hour from the west this morning, shifted to the northwest during the day and was to gradually diminish tonight.

A YEAR AGO today the Winona high was 30 and the low 21 with no snow on the ground. The all-time high for Jan. 16 was 51 in 1913 and low for the day —39 in 1888. The mean for the past 24 hours was 4. Normal for this day is 16.

All major highways in Minnesota and Wisconsin were reported in good winter driving condition today. Some slippery spots were reported on main highways in the passing lanes and on interchanges.

Bemidji was the coldest community reporting temperatures in the state today with a reading of —21. It was —18 at International Falls and —16 at St. Cloud.

Rochester had a —11 figure after a Monday high of 11 and La Crosse reported readings of 3 and 17 for the same times.

IT WAS —24 at Winnipeg, Canada. With the exception of International Falls, where it was snowing, the rest of the state reported clear skies.

Coldest weather of the season is expected in the Northwest tonight, with temperatures expected to drop to 35 below in parts of northern Minnesota and northeastern North Dakota.

The weatherman said there was no indication of immediate relief

and the frigid temperatures are likely to be with us through Thursday.

The high pressure system brought clear skies with only occasional clouds and snow flurries in the region.

Wisconsin's new cold wave showed the mercury to sub-zero levels again early today.

ONLY LONE ROCK, with one above, was listed on the plus side of zero. Superior hit the low of 17 below. Park Falls had 15 below and Eau Claire 13 below. Other minimums: Wausau and Beloit —7, Milwaukee —5, Green Bay —1 and Madison zero.

Monday's highest readings occurred early in the day and then temperatures began falling. Milwaukee had the peak of 30, but Superior managed a high of only nine.

At mid-morning today, skies were clear throughout Wisconsin.

The outlook called for continued cold-weather through Wednesday.

Bozeman and Drummond, Mont., set the national low of 27 below zero early today, compared with the high of 84 at Vero Beach, Fla., Monday.

## The Precinct Caucus - Why and the Wherefore

(Editor's Note: This is the first of a series of three editorials on the background, the importance and the purpose of political party precinct caucuses.)

HAVE YOU ever said: "There ought to be a law..."

"Why doesn't the party..."

"I'm concerned about the way the 'politicians' are running things..."

If you have ever said any of those things then your chance to do something about it is coming up shortly in the precinct caucuses of the political parties of Minnesota.

Caucuses have changed considerably since the day of John Adams. In 1763, he offered this description of such a meeting: "This day learned that the Caucus Club meets at certain times in the garret of Tom Daves... he has a large house... and the whole club meets in one room. There they smoke tobacco till you cannot see from one end of the garret to the other. There they drink flip, I suppose, and they choose a moderator who puts questions to the vote regularly, and selectmen, assessors, firewards, and representatives are regularly chosen before they are chosen in the town..."

UNFORTUNATELY, SOME people still have this image of a caucus in their mind... the image of a smoke-filled room where decisions affecting the many are made by the few. If this is true in America today, it is the fault of no one but the people who sit back and complain about it but do nothing to change the situation.

Any party member is free to attend the caucus of the party of his choice and his right to do so is protected by Minnesota law, which spells out who may and who may not attend such meetings.

The word "caucus," according to most common agreement, is derived from the Algonquian Indian word, "kaw-kaw-was," meaning "to talk." This concept is carried forward in modern usage as precinct caucuses are designed for party members to talk over issues, candidates, party policy, to elect precinct officers and to elect delegates to the county convention.

ONE OF THE most common symbols of the precinct caucus is a picture of a Town Crier, ringing a bell, announcing the Town Meeting. In many ways, the caucus is a form of the Town Meeting, where citizens sit down together to discuss mutual problems and look for solutions. In precinct caucuses, it is the members of one party who get together for this purpose.

These meetings enable a citizen to become a full participant in the activities of government. It is at the precinct caucus where the beginnings are made on the road to good government... the place where citizens have an opportunity to be heard and to take part in decisions which will determine much of their lives.

Just what is a caucus? This we will take up in the next editorial Wednesday, when we take a brief look at Minnesota Law and the precinct caucus.

REPUBLICAN PRECINCT caucuses in this county will be held Feb. 5. The DFL caucuses will be held Feb. 27. Watch for the time and place and take advantage of your opportunity as a free American citizen.

## Shift in Eating Habits Indicated

DID YOU eat 85 pounds of beef last year? If so, you are average in this country. And the quantity of hamburger, steak, beef roast, stew and so on which you consumed in 1960 was 30 pounds more than in 1940.

You're eating more poultry, too. Since 1940, the average consumer has more than doubled his intake of chicken—from 14 to 30-plus pounds a year.

Turkey accounted for only 2.9 pounds per person in the United States 20 years ago. Last year, turkey was being gobbled up at the rate of 7.7 pounds per capita.

These are among the figures cited in a current edition of Business Week magazine.

Frozen and canned fruit, likewise, are growing in popularity. Use of frozen fruit soared from 4.3 pounds per person in 1950 to an average of more than nine pounds this year. Almost two-thirds is in citrus juices.

THE STATISTICS depict a shift in the eating habits and preferences of the average family.

God is our refuge and strength, a very present help in trouble. Psalm 46:1.

## Washington Calling

## Who'll Lead Republicans?

By MARQUIS CHILDS

WASHINGTON—The plight of the moderate, or Eisenhower Republicans could not have been more strikingly revealed than in the vote by which their leader was rejected by the party caucus in the Senate for the chairmanship of the policy committee.

That leader, Sen. Everett Saltonstall of Massachusetts, and several of his supporters believed they could carry the day if only he had a narrow margin. Saltonstall was defeated by Sen. Bourke B. Hickenlooper of Iowa by a vote of 21 to 14.

This illustrated a division not only on ideological grounds—the moderates versus the Barry Goldwater conservatives—but by geography as well. No Republican senator from the eastern states with their big-city populations has any office with the exception of Saltonstall himself, who retains the rather empty post of chairman of the conference of all Republican Senators.

Sen. Everett McKinley Dirksen of Illinois continues, of course, as minority leader. But Dirksen has often, in the past, opposed the eastern, internationalist wing of the party. The most dramatic instance was in the national convention of 1952 when from the rostrum he pointed an accusing finger at Thomas E. Dewey and charged him with having led the party to defeat twice and proposing to do it once again with the candidacy of Gen. Eisenhower.

WHAT THE moderates from the big-city states are asking themselves is how under the present leadership they have any prospect of winning over these states for 1964. In this reflection is a melancholy echo of the narrow defeat last November of James P. Mitchell, who had been President Eisenhower's Secretary of Labor, for Governor of New Jersey. As the perfect exemplar of the moderates Mitchell had the all-out backing of Senator Clifford Case of Jersey. Case had won re-election in 1960 by a majority of 332,000, and Mitchell's election as Governor had been considered an important step toward expanding the Republican domain on the Eastern seaboard, with Nelson Rockefeller in New York State as a cornerstone.

But the problems of the moderates is not merely in the brand of leadership here in Washington. Their growing concern is over the influence of the extremists who are against any and all change. This is Richard Nixon's dilemma in California, where he must demonstrate that he has no part of the lunatic right while hoping against hope that he does not alienate rich and powerful members of his party who take at least a tolerant view of the extremists.

EFFORTS WERE made at the conference of self-styled conservatives here last week to introduce some common sense. The conference was told that to call General Eisenhower, Allen Dulles and the late John Foster Dulles members of the Communist conspiracy or sympathetic to the cause of communism is to invite ridicule. Nor is anyone who favors foreign aid, fluoridation of drinking water and the income tax and would hesitate over impeachment, not to say hanging, of Chief Justice Earl Warren, thereby a self-proclaimed Communist.

One difficulty for the moderates is that the center of the political road is crowded. President Kennedy shows that he does not intend to be jostled in a leftward direction. A keen academic observer from abroad who recently spent several months in Washington and who considers himself a conservative or at most a mild liberal had this to say on his departure: "What really astonishes me is the caution and conservatism of your politics. Your government and your outlook are considerably to the right of Fanfani and his Christian Democrats in Italy and even to the right of Adenauer and the Christian Democratic Union in Germany."

THE EXTREMISM of the lunatic right may be explained by the fact that so few targets still stand on the left. They continue to whip Americans for Democratic Action, which is a splinter of a splinter. In its founding it was useful in giving the support of the non-Communist left to the Marshall Plan and other phases of the Truman program to halt the advance of communism. That was in an era when Communists and fellow travelers had some leverage on opinion.

ADA seems to most observers to have outlived its usefulness long since. In recent years it has been barren of new ideas. But those who remain loyal to its ideals ask with some indignation what flag of independent opposition would be visible to the left of center if it were not for ADA. And how, they go on to ask, do you maintain a political dialogue if it is not from differing points of view?

Something like this last question has been put by the moderate Republicans on the Eastern seaboard since the defeat of Mitchell in November. But they transpose it into a larger framework. How, they ask, if the extremist right takes over our party, can a two-party system be sustained since we do not believe that the far right can by any stretch of the imagination win the big-city states essential to a national election? That is a portentous question for 1964.

## IF THE 20-HOUR WEEK COMES —

## THE WASHINGTON MERRY-GO-ROUND

## Byrd Wants Big Tax Benefit for Du Ponts

By DREW PEARSON

WASHINGTON — Virginia's cherubic, charming Sen. Harry Byrd, sometimes called the "Scrooge of the Senate," has started out the new session characteristically. He is vigorously opposing federal aid for the needy but enthusiastically championing federal relief for millionaires.

Byrd wasted no time last week in proclaiming his opposition to President Kennedy's welfare program. As Senate finance chairman, he also served notice that he won't hold hearings on medical care for the aged until the House has acted first—a delaying tactic that probably will hold up the bill until adjournment day.

Yet the same Sen. Byrd is now rushing a special tax benefits through the Senate for the millionaire Du Pont family. How much this would deprive the treasury in tax revenue is a matter of dispute, but the estimates run as high as \$100,000,000.

But this doesn't seem to trouble the senator from Virginia, who issues press releases on how much money government bureaus use on press releases, and cries to the rafters every time a penny is appropriated for the public.

The "Du Pont bill," as the Du Pont tax relief measure is called, would provide special loopholes for the Du Pont company to escape paying full taxes on the General Motors stock which the courts have ordered it to sell.

THE BIGGEST tax break, under Byrd legislation, would be to the Du Pont family which owns 29 percent of Du Pont stock through a holding company called Christianina.

Legal experts, who have analyzed the bill's complex language, claim it would provide special tax benefits if Christianina turns its General Motors stock over to the individual members of the Du Pont family.

This would encourage the courts, which haven't yet ruled how the General Motors stock should be divided, to let the individual stockholders keep it.

Thus, the Du Pont family might end up in full possession of their General Motors stock, as individuals—not as a holding company. This would completely thwart the Justice Department which brought the antitrust case in the first place in order to break the Du Pont family's hold on General Motors.

IN OTHER words, the bill would reverse the antitrust case and the Supreme Court, and offer tax concessions to the Du Ponts in the bargain.

Byrd tried to ram the bill through Congress during the closing log-jam last fall; the usual tactic of pushing a bill which can't bear too much public scrutiny.

Byrd even began hearings on the Du Pont bill before the House had acted. Yet he has now refused to hold advance hearings on medical care, citing the fact that the House is supposed to act first on financial measures.

For the Du Ponts, however, Byrd not only waived this procedure but actually scheduled a hearing in the evening for the first time in the memory of Finance Committee members.

He was finally blocked by Sens. Paul Douglas of Illinois and Albert Gore of Tennessee who threatened to keep the Senate in session beyond the adjournment date to debate the bill.

IN A SIGNED statement, they complained: "Although it has been impossible to move in both the House and the Senate on the tax reform proposals of the President, we find that a bill for the relief of those who are among the highest in-

come groups in the country is treated with loving care and tender mercy by the committee of Congress."

Now Byrd is trying to complete the chore he began last fall for the Du Ponts.

The two biggest contributors to Republican campaign funds during recent years have been members of the Du Pont family and General Motors executives. In 1956, the last year that the Senate did a workmanlike job of keeping accurate accounts—thanks to Senator Gore—the Du Pont family was listed as giving the huge total of \$138,745 to the Republicans, nothing to the Democrats. In that same year, General Motors executives were listed as giving \$163,250 to the Republicans, nothing to the Democrats. Total from the two groups, \$301,995.

Sen. Byrd, nominally a Democrat, has either voted or worked against his own Democratic national ticket in the last three elections and for the Republicans.

IN ADDITION to the amount listed in national elections, the Du Pont family sprinkled money lavishly in various states, from South Dakota to Delaware, to elect local senate and congressional candidates. None of these contributions was tax-exempt. But the effect of the Byrd legislation would give the Du Ponts and General Motors benefits far greater than the generous gifts to Republican campaigns.

President Kennedy is preparing to dump the pro-Western royal Laoian leader, Prince Boun Oum, and switch his support to neutralist Prince Souvanna Phouma. The President has decided that Souvanna, whom the CIA helped topple from power a year ago, is not a Communist stooge and has a better chance of preserving Laos independence than the unpopular Prince Oum.

Meanwhile, Prince Boun Oum and his royal Laoian forces may revive the civil war in a desperate effort to salvage some authority in Laos. The real power behind Prince Oum is his tough defense minister, General Phoumi, who realizes he will be relegated to the ash heap if there is a coalition government.

This is why we haven't been able to get an agreement.

## Benjamin Is Safe

BENJAMIN, Tex. (AP) — This West Texas town recently got a new sheriff, a new deputy and a new Texas Ranger — and now it may be the most protected spot in Texas.

Benjamin, which only has 300 residents, is county seat of Knox County.

Recently the county sheriff, Homer T. Melton, resigned to become a Texas Ranger. Deputy H. C. Stone was appointed sheriff and hired a new deputy, Kenneth LaMascus. Then the state, wanting a Ranger in that area, assigned Melton to his home town.

And, although you can't go to the movies in Benjamin, find a drug store or get a tooth pulled, man, you sure can get arrested.

Anthropologist Edward Weyer calls the Arunta tribesmen of central Australia "as perfect an example of a Stone Age people as we have."

## TODAY IN WORLD AFFAIRS

## Message Glosses Over Bad Spots

By DAVID LAWRENCE

WASHINGTON — Time was when a "State of the Union" message by the President to Congress was expected to give a frank analysis of what was actually happening inside the United States, as well as legislative proposals dealing with vital problems. But in recent years, it has become an opportunity for extra publicity through radio and television — a message based largely on political strategy. Naturally, it is prepared carefully in an attempt to curry favor with large groups of voters by promising them benefits, special privileges and, particularly, a large share of federal funds.

President Kennedy didn't tell the American people of the chaotic internal situation that the nation faces as it struggles to emerge from the recession when the same basic causes are threatening another economic setback within the next 18 months. He didn't devote a single paragraph to the all-important question of monopoly as practiced by trade-union groups. He spoke only in general terms about desirable self-restraints and the importance of "productivity" and stability. These, however, are meaningless words today in the absence of concrete legislative recommendations to curb monopoly on every side.

The President emphasized, instead, more and more hand-outs of money, such as possible reductions of some income taxes in the lower brackets. He promised large sums for medical care, which of course, will be paid for out of an increase in social security taxes levied on almost everybody.

The President's message was concerned, too, with getting more votes from the farm group and more votes from the minority groups affected by the "civil rights" issue. By promising more funds for education, it sought to line up the teachers' groups with their potential vote-getting apparatus throughout the country.

As a political document, the message was clearly phrased and sufficiently general not to give the opposition too many details of what the program really embraces. The real details will come later, in a series of probably ten messages.

So far as business is concerned, it was given a small sop in the form of a tiny credit on tax payments — if money is invested in new equipment. But the formula is skimpy and doesn't promise the depreciation allowances across-the-board which are so necessary to help the heavy-goods industries as a whole. This is where unemployment is most numerous. The idea of presidential "stand-by authority" to adjust personal income taxes downward might seem at first glance to be a handout that would benefit a large number of voters, particularly in the lower-tax brackets. But they will not know how soon those taxes will be raised to meet increasing government deficits.

WHAT THE President said in the field of foreign policy is not new. He outlines again American purposes and argues that the United States will neither retreat nor complicate matters by a rigid course. This is a difficult field of policy for the President to describe. For he must come out in favor of further negotiation lest he be criticized as too inflexible. But at the same time, the Russians may derive a hint that the United States is willing to make some concessions. On the whole, however, the international section of the President's address seems to be in accord with the general feeling of both parties in Congress, though his enthusiasm for the United Nations is not as widely shared.

The message neither advances nor retards the cause of peace, but leaves the situation very much up in the air, as it has been for several years in the "cold war."

Whenever there's an international crisis, the American people feel more secure if more and more money is spent for defense. The President's recommendations in this respect will, in the main, be approved by Congress.

THE PRESIDENT'S obviously political proposal to furnish medical care to aged persons, irrespective of whether he or she has the money to pay for such care, will encounter bitter opposition in Congress. There is still a feeling that self-reliance should be encouraged as far as possible, and that, while

## County Commissioners Should Be Commended

To the Editor:

Our County Commissioners have not let us down.

I think they should be commended for having decided to hold the line on spending for 1962.

Maybe there are a number of things we need in Winona County but I think there are some people like Mr. Walter T. Kelly that should take a good long look at the personal property tax statement in the Jan. 2 issue of the Daily News and maybe he would understand where some of this money comes from to pay for these things.

Or maybe I should say the penalty for farmers and businessmen to pay to operate in Minnesota also in many cases on borrowed capital. I am sure that when we elect men like Raul Baer who is Commissioner from our district and is chairman of the board this year our county expenses will be held to a minimum and all our county business will be taken care of.

Clarence Mundt  
St. Charles, Minn.

the government should find a means of taking care of the indigent and the needy, it should not furnish medical aid to those who are able to afford it themselves or who have provided it through voluntary insurance and other medical aid plans.

Perhaps the most controversial of all the President's proposals is his advocacy of a five-year plan that will delegate to the executive branch of the government the right to reduce tariffs arbitrarily in exchange for concessions from other countries, especially those in the common market of Europe. This is a complex problem with no easy solution. But the big fight in Congress will come over the idea of delegating to the President the power to kill off industries and bring unemployment also to business injured by lowered tariffs.

The critics, to be sure, will not get "equal time" to present their arguments right away, but in due course the majority of the voters will find that there is no panacea in mere words or in spectacular or dramatic messages to Congress.

## Tense Nerves Block Bowels

New tonic-tablet laxative acts on colonic muscles... de-constipates overnight.

The muscular wall of your colon contains nerves known to medicine as Auerbach's Plexus. In regular people, these nerves tell the colon muscles to propel and expel waste from the body. But tense nerves or emotional upset can block your normal bowel habits. Your colon muscle impulses are no longer strong enough to eliminate waste—which dries and shrinks, further aggravating the condition.

Relief, doctors say, lies in the non-irritating de-constipating principle of a new tonic-tablet called COLONAL. Of all laxatives, only COLONAL

gives you its special 3-way overnight relief for tension-caused constipation.

(1) COLONAL stimulates your colonic nerve network, to further activate and regulate its muscular "movement." (2) COLONAL's unique re-balancing action helps re-tone tense colon muscles. (3) COLONAL moistens for easy passage without pain or strain.

COLONAL relieves even chronic constipation overnight; is so gentle it was hospital-proved safe even for expectant mothers. Get COLONAL today. INTRODUCTORY SIZE 43¢.

Mr. and Mrs. Edward Tarras

## Edward Tarras, Wife to Mark 50th Anniversary

Mr. and Mrs. Edward Tarras, 420 E. 3rd St., will celebrate their 50th wedding anniversary with a reception at the American Legion Memorial Club from 3 to 6 p.m. Saturday.

They were married Jan. 22, 1912, in St. Stanislaus Catholic Church, the late Rev. John Herck performing the ceremony. Attendees were Mrs. Burt Verilnaar, formerly Anna Stoltman, Toledo, Ohio, and Felix Ramecz, Mrs. Tarras' brother.

The couple has three daughters, Mrs. Hugh (Ruth) Bell, La Crosse; Mrs. Roy (Connie) Vining, Minneapolis; and Mrs. Harold (Gertrude) Hanson, La Crosse, and five grandchildren.

Mr. Tarras was employed for 18 years as chief engineer for the Fredrick Maltin Corp. and is now the maintenance engineer at the Catholic Recreation Center.

## La Crescent Legion Auxiliary Initiates

Initiated were the Meses. Chester Lachecki, John Hove, Roman Panek, Ed Olson, and Joe Hruska.

Feb. 3 is the date chosen for the annual spaghetti dinner with serving from 5 to 8:30 p.m. Tickets will be available at Harris Grocery, Bob's IGA, and the Legion Club or Mrs. Arthur Jansen and only ticket holders will be accommodated. A donation will be sent to the American Legion Hospital Association Fund. The Mother's March of Dimes sponsored by the unit will be Jan. 28. Coffee and cake will be served to blockworkers in the clubrooms following the march. Mrs. Wayne Lottes, community chairman, is in charge of the drive.

Mrs. Donald Leochler was appointed to contact a musical director for a minstrel-type show to be produced by the unit in the spring.

Lunch was served by the Meses. Donald, Walton, John, Hove, and Leochler.

## Galesville Senior Named Homemaker Of Tomorrow

Shirley Severson

GALESVILLE, Wis. (Special) — Shirley Ann Severson, senior in the Gale-Etrick high school, has been named school winner of the "Homemaker of Tomorrow" award. Shirley achieved the highest score in the examination on home-making knowledge and attitudes taken by senior girls of the home economics department. Shirley is now eligible to compete for honors as state winner.

State winner will receive a \$1,500 scholarship and the state runner-up will get a \$500 scholarship. In addition, the state winner will join with other state winners in an expense-paid educational tour of New York City, Washington, D.C., and colonial Williamsburg, Va., accompanied by her adviser. At the latter, the 1962 All-American Homemaker of Tomorrow will be selected.

Mrs. Joan Hobbick is home economics adviser in the Gale-Etrick High School. Shirley's parents are Mr. and Mrs. Martin Severson, Etrick.

**EIDE ANNIVERSARY** — RUSHFORD, Minn. (Special) — Mr. and Mrs. Melford Eide celebrated their Silver Wedding Anniversary at their home in Rushford Dec. 31 with an open house attended by 150. The former Miss Cherrie Bernice Bremmer, daughter of Mr. and Mrs. Clarence Bremmer, Peterson, Minn., and Melford Eide, son of the late Mr. and Mrs. Gilbert Eide, were married Dec. 30, 1936, at the North Prairie Lutheran Church, rural Lanesboro, by the late Rev. ## Presbyterian Women Install At Galesville

GALESVILLE, Wis. (Special) — Officers were installed by the United Presbyterian Women in ceremonies at the Galesville church Thursday evening. Mrs. Ralph Young, retiring president, in charge.

Mrs. Vernon Bell is the new president, succeeding Mrs. Young, with Mrs. William Thomas, vice-president; Mrs. S. P. Bach and Mrs. Robert Hilton, recording and corresponding secretaries, and Mrs. Gene Mason, treasurer.

**MRS. ROBERT SACIA** heads the fellowship department, with Mrs. G. M. Wiley as membership chairman and Mrs. Allan Uhl as chairman of evangelism. Mrs. Carroll Sacia is the new program chairman. Those in her department are Mrs. Darwin Congdon, spiritual life and stewardship; Miss Sibyl Bell, missionary education; Mrs. Leon Sacia, social education and action, and Mrs. L. S. Montgomery, literature.

Mrs. Herbert Lyon is the new world service chairman. Her department includes Mrs. Edward Richmond, national missions; Mrs. Jean Cooper, ecumenical missions; Mrs. Walter Rutschow, Christian education, and Mrs. James Smith, sewing and supplies for overseas and national missions.

Membership in the UPW has been divided into nine circles, named this year for those countries where Presbyterian missions are at work. Circle chairmen include Mrs. Douglas Sacia, Korea; Mrs. Frank Dahlgren, Europe; Mrs. Robert Jenks, Pakistan; Mrs. Troy Stellrecht, Africa; Mrs. Norman Anderson, Thailand; Mrs. Spencer Thomas, India; Mrs. Juan Vasquez, Hong Kong; Mrs. Neal Ballentine, Brazil, and Mrs. John Salsman, Japan.

The president, treasurer and Mrs. Douglas Sacia comprise the finance committee. For the meeting of Feb. 8, at 2 p.m., Mrs. William Spencer will present a book review. Mrs. Wendell Hilton will conduct a devotional service and music will be arranged by Mrs. Wilbert Betz. Women of the Korea circle will serve. As before, monthly meetings will alternate between afternoon and evening. Serving for the January meeting were all retiring officers.

## Eagles Auxiliary Plans Valentine Party at Meeting

Plans were made for a Valentine party when the Eagles Auxiliary met at the Eagles hall Monday evening. Mrs. John Kozlowski presided.

Each member is to bring a Valentine for the party to follow the Feb. 5 meeting. On the committee are Mrs. Theodore Kline, chairman, and Mrs. Harold O'Dea, co-chairman.

The charter was draped by officers for Mrs. Frank Subjeck and the drill team performed. New chairman for the Home on the Range replacing Mrs. Subjeck is Mrs. Ruth Hazelton.

Attendance prize went to Mrs. Carl Wessin. On the lunch committee were Mrs. Gustave Prodzinski and Mrs. Arthur Bard.

## School Is Free In Norway, Says Dr. P. M. Juul

"Education in Norway is free from kindergarten through university to a doctorate," Dr. P. M. Juul, exchange professor from Oslo, Norway, told members of the PTA Monday night at the school lunchroom.

"Text books are free, though some may be rented if desired, and breakfasts are free, as are dental and medical care for students. Scholarships and government loans are free of interest," Dr. Juul's subject was "Comparisons in Norwegian and American Institutions of Learning."

In a question period following the talk he said the schools are supported by an income tax of 30 to 50 percent.

Norwegian schools were begun in 1799 as religious schools. The emphasis is more toward ethical and moral training, with less attention to religious training. However, Norwegian schools still do have one hour a day religious training up to entrance in university.

**ONE PURPOSE** of the school is "to convey the culture of former generations to the present generation," he continued. In the Norwegian school, grades 1 through 9 emphasize is on vocational orientation but not vocational training. That comes later.

Schools should contribute to the social adjustment of the child, said Dr. Juul. All children should have the same quality of opportunity. Teachers all receive the same basic salary, whether they teach in cities of Norway or in the "sticks," as Dr. Juul phrased it. There is one basic National salary, but each may have his own increments. Compulsory age for starting school is seven. The maximum enrollment for any class is 30. In rural schools, this figure drops to 12 pupils per class, and should there be 31 the class would be divided into two groups.

**"ALL HANDICAPPED children,"** Dr. Juul went on, "are placed in separate classes and separate schools." No report cards are given before grade 4. Grades 4 to 7 have their work graded by the teacher only. Grade 7 on up have their work checked by state boards.

Parent-Teacher associations are virtually unknown in Norway. In some places there is "Friends Club" or a "Parents Club" that is interested in home-school relationships. Dr. Juul expressed a desire to carry the American idea of the PTA back to his homeland.

He spoke briefly on teacher training, mentioning that the Norwegian teacher must be able to take over any class. One teacher will stay with a group of students from grades 1 through 7. Other teachers will teach other subjects to the group during this time, but the one teacher remains with the group continuously, thus enabling her to know the pupil well, and advise as to the pupil's life-work potential.

The business meeting was presided over by the president, William Christiansen, and followed by a program of vocal music by the Sweet Adelines. Lunch was served by room mothers of the junior high pupils.

## Membership Tea Honors 4 New Soroptimists

New members, Mrs. D. C. Alexander, Mrs. Fremont Rohrer and Mrs. Sudie Blumberg, were welcomed into the Soroptimist Club of Winona at a membership tea held Sunday afternoon at the home of Mrs. D. B. McLaughlin. Mrs. Mary Crane, another new member, was out of the city and unable to attend.

Mrs. Herbert Streich, chairman of the membership committee, was in charge of arrangements for the tea. A centerpiece of blue iris and golden chrysanthemums, symbolic colors of the Soroptimist club, were used on the tea table. Miss Ruth Pallas and Mrs. Katherine Lambert poured. Corsages of the blue iris and golden chrysanthemums were given to each new member.

**MISS HARRIET Kelley**, lieutenant governor of the north central region, gave a brief history of the ideals and purposes of the club and of the work and programs in which the local club and the Soroptimist Federation of the Americas is interested. Miss Evelyn Taraldson, president, led the membership in a joint recitation of the Soroptimist pledge and welcomed the newcomers into the organization. A social hour followed this short ceremony.

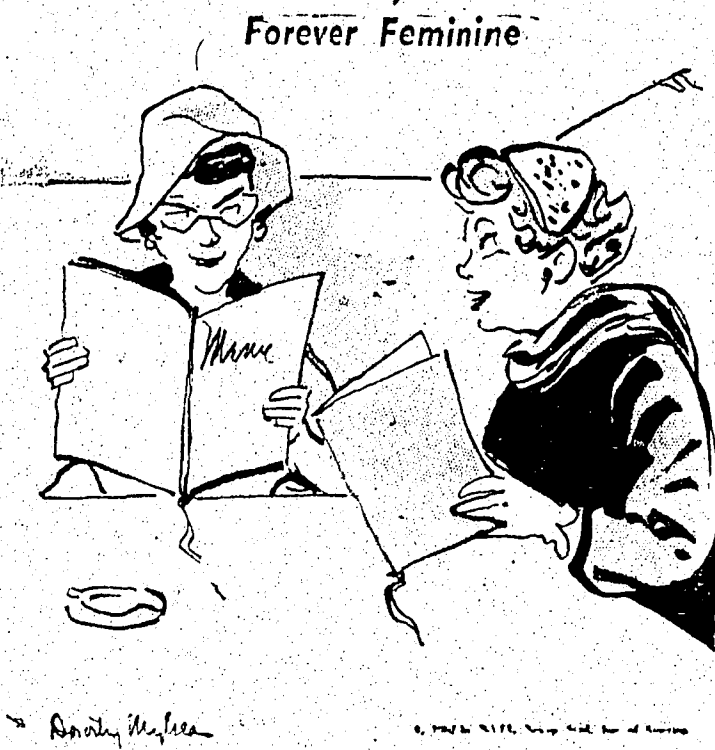

Miss Dorothy Leicht will be hostess for the January dinner meeting Wednesday at her home on Lake drive at 6:30 p.m. Thomas Richards will be the guest speaker and will show slides of his recent world trip. The program is planned around an international theme.

Milo Higley, William Davidson, George Davidson, Roy Back, Athol Jackson and Thomas Franson. Cottage Bible studies will take place at the homes of Ray Lebakken, Norwin Hagstad and Theodore Fimreite Thursday at 8 p.m.

Instead of staying off sweets, I decided to stay off scales.

## Arctic Setting Gives King Lear Modern Idiom

An Arctic setting for "King Lear," Shakespeare's tragedy presented Monday evening by the Canadian Players, gave the audience in the College of Saint Teresa auditorium a modern idiom to grasp the play's universal theme.

The audience found the comedy necessary for the contrast of the dying King who finds wisdom through suffering when the players were not constrained by a formal English court setting. By freeing their movement the players were allowed to suggest characters alive today in our society.

Goneril (Tohi Weinberg) and Regan (Maureen FitzGerald) could sneer and greedily grab the King's wealth and power and at the same time portray their 20th century counterparts.

All of the characters but the King easily fit into a local scene. The King could portray the fall of the successful man, but as played by William Hutt, his rage is too intense, his fall too great for the common man. He remains a King and is able to attain an uncommon wisdom in his suffering.

The double ramp as a stage setting was effectively used to heighten the dramatic effect. The King and those plotting against him mount the ramp for their speeches and finally the King dies at the top of the ramp.

## Jobs Daughters Begin 1962 Plans

Bethel 8, the International Order of Job Daughters met Monday evening at the Masonic Temple with Miss Roxanne Sweazy honored queen, presiding.

## School Stresses Safety, Principal Tells PTA

Traffic safety is taught as a part of social studies in the primary grades and playground safety is part of the physical education classes in the elementary grades, Sherman Mitchell, Jefferson School principal, told the PTA Monday night at the school.

Mr. Mitchell said safety also is taught in other classes such as health, science and art. He spoke on a panel discussing "The Safety of Our Children." Carroll Hoff showed a film, "Safety on the Way to School," and a filmstrip, "Safety To and From School."

**HOWARD KELLER**, another member of the panel, reported hazardous conditions for children going to Jefferson School. He listed: along West 5th Street from Junction Street west and along Junction Street west of the lack of sidewalks and Broadway at Junction and Orrin Streets. (These crossings are too far from school to be served by patrol boys.)

Mrs. Clayton Haessig gave the committee's proposals to the city PTA. They are to ask the local radio stations to broadcast safe driving reminders to motorists at times when children are going to and from school and to enlist the police department's support of a citywide bicycle safety program.

Mrs. Paul Sanders, chairman of the safety committee, gave the State PTA suggestions for parents to observe their children's hazards.

**IN THE DISCUSSION** that followed the group decided to make a survey of the number of children involved in the existing pedestrian and cyclist hazards in the school area.

Mrs. Robert Lembeck, president, presided. The attendance prize went to Mrs. W. E. Green's first grade and the door prize to Mrs. Lambert Ratajczyk.

**MRS. IRWIN BITTNER** announced that the annual state meeting of the United Church Women will be Feb. 6 in St. Paul. The morning session will be at Knox Presbyterian Church and the luncheon and afternoon sessions at Hamline Methodist Church. Reservations should be made by Jan. 31.

March 9 is World Day of Prayer and this year will be held at Faith Lutheran Church will Mrs. Roberts, chairman.

The film strip "United Church Women at Work" was shown and is available to all societies to be shown at their local meetings.

Miss Helen Robb presided at the tea table for the fellowship hour. On the serving committee were Mrs. Doner, chairman, with the Mmes. August Benck, August Thiele, Leon Innman, Maynard Whetstone and Cletus Moore. The next meeting will be Feb. 19.

## Retired Eleva Lutheran Church Organist Honored

**ELEVA, Wis. (Special)**—About 100 friends and neighbors gathered at the Eleva Lutheran Church Sunday afternoon to honor Mrs. George Reid, who has retired as church organist after many years of church service.

Norman Hagedast acted as master of ceremonies for the informal program which began with Nancy Pederson, the new church organist, playing a group of Mrs. Reid's favorite organ selections.

**MRS. PHILLIP THOMPTE**, Coral City, Wis., sang, "Just for Today." She was accompanied by her husband, Mr. and Mrs. Thompson also sang a duet. Mrs. Amanda Nelson, Eleva, gave a reading followed by a vocal solo sung by Mrs. Calvin Larson accompanied by her daughter, Linda.

Greetings from several pastors who had served the Eleva Lutheran congregation during the years Mrs. Reid served as organist were read. They were: The Rev. J. P. Hultstrum, Aurora, Ill.; the Rev. Sven Thompson, Chicago; the Rev. Duane Olson, Maywood, Ill.; the Rev. Albert Greider, West Allis, Wis.; the Rev. James Sorenson, Toga, N. D.; and Mrs. Ida Wichmann, Eau Claire, whose husband, the Rev. A. Wichmann, served the Eleva parish for many years.

Aage Wichmann, accompanied by his daughter, Karen, also sang one of Mrs. Reid's favorite hymns at the close of the program. After the program, refreshments were served by the wives of the church council.

While here she had her first "white Christmas" in three years. She has written that after leaving Minneapolis by jet plane, in zero weather she enjoyed a plunge in Kihuna Bay one day later.

## Central PTA Has 'Come As You Are' Setting

The traditional "Come As You Are" January meeting of Central Elementary PTA was held Monday night in the school gymnasium in multi-table arrangement of card tables, centered by carafes of hot coffee, creating a cozy and informal atmosphere.

The business meeting opened with the reading of a "Recipe for the New Year" to set the keynote for the units program and projects.

Reference was made to the city PTA joint meeting of all member units to be held in Somsen Auditorium Feb. 19 at 8 p.m. Speaker will be Harold Plummer, science consultant of the state department of education. His topic will be "The Impact of the Exploration of Space." The Winona PTA mothersingers will sing and there will be a reception immediately following the program.

**MRS. C. ROBERT STEPHENSON**, president of Central Elementary PTA announced the resumption of the practice schedule for the Mothersingers group, to be held Wednesday at 10 a.m. at the First Congregational Church. All interested mothers of all school children are invited to membership in this group.

The group accepted the complete set of revised by-laws prepared by a study committee composed of Mr. E. D. Sievers, chairman, and Verdi F. Elties.

The Christmas Bake Sale Dec. 16 at the school was reported a success. Mrs. Robert Walther was general chairman, assisted by the room mothers: The Mmes. Lloyd Fredinandsen, Earl Holst, Alfred Berndt, Donald Brunner, Richard Renk, Gene Rygmyr, Edwin Eckert and Paul Griesel.

**FOLLOWING THE** business meeting the new National Congress Parent and Teachers film on the PTA, its purpose and achievements, "Where Children Come First," was shown. The color film described how the activities of the National Congress of Parents and Teachers keep pace with needs of growing children in today's complex society.

Following the program coffee and homemade pie was served by fourth grade mothers and Mrs. Joseph Emanuel, kitchen chairman.

The next meeting of the unit will be held March 19 at 7:30 p.m. in the school gymnasium.

## 600 Inspect New Hospital Addition

**LAKE CITY, Minn.**—A total of 600 adults, plus children, viewed the new Lake City hospital addition at lake house Saturday and Sunday, according to Miss Genevieve Courteau, administrator.

Miss Courteau said although the plumbing has been completed and the telephones are in, there is some electrical work to complete and some fixtures for the surgical department have not arrived. She could not say when the hospital would be occupied.

Visitors entered the new building in the new entrance, which is the middle part of the three-section addition to Lake City's existing hospital. Here are the offices, X-ray department, laboratory, etc. On the second floor of this two-story second part are ten patient rooms with two beds in each.

At the rear of this addition is the air-conditioned unit of the new structure, which has no windows. Two operating rooms will be on the first floor, and the upper floor will be the maternity department.

Both surgery and maternity departments will be moved from the existing hospital, which will be remodeled for patient rooms. The two-story solarium at the front of the addition provides a waiting room for visitors on the first floor and a patient sitting room on the second.

## Area County Boards To Be Invited to Mental Health Meeting

The Winona County Board of Commissioners this morning authorized Dr. Max DeBolt, chairman, Winona County Mental Health Association, to invite the Wabasha, Houston and Fillmore county boards to a four-county meeting on a proposed area mental health center.

Dr. DeBolt said he would ask Dr. Herbert Dorken, state director of community mental health services, to address the four-county meeting.

The association chairman suggested the proposed mental health center be sponsored by several counties rather than only by Winona County to lessen the cost to each county.

Dr. DeBolt visited the board after the group formally opened a special meeting to consider bids for highway projects this morning. Bids for a county highway department building in Goodview were opened this afternoon.

**CONTRACTS WERE** awarded for two highway projects. Patterson & McDougall, St. Charles, received a \$17,926.72 contract for the low bid on grading and crushed rock base on County State Aid Highway 6. Work will be done from a point a half-mile east of Clyde to CSAH 33 southerly of Ulita. The other bidder was William Ramlo & Sons, Canton, \$18,526.12.

A contract also was awarded to Patterson & McDougall on the firm's bid of \$21,916.14 for grading, crushed rock base and bituminous surfacing on County Road 126 in St. Charles City. This was the only bid for the project. Both bids from Patterson & McDougall were below estimates for the two projects.

**WHEN DR. DEBOLT** discussed the proposed mental health center, Commissioner Adolph Spitzer, St. Charles, 3rd District, asked whether it would be difficult to establish an area center since each county might want the center established in the respective county. Dr. DeBolt replied that the lessened cost to each county under multiple county sponsorship would help assure cooperation from the counties about the site of the center.

Commissioner Leonard J. Merchlewitz, Winona, 1st District, who is also chairman of the County Welfare Board, said Winona County spends about \$11,000 annually for treatment of county mental patients at facilities outside the county. (This cost is shared by the county, state and federal governments.) Merchlewitz said it would cost Winona County more than its share of the operating cost of an area center. Dr. DeBolt said the center would save money in that local treatment would make some out-of-county visits for treatment unnecessary.

**"I UNDERSTAND** that different patients would pay from \$2 to \$10 for treatment at the center," Commissioner Paul Baer said. "Is that democratic?"

"It is a sliding scale that is used at the centers," Dr. DeBolt said of the system which is based on patients' ability to pay.

"I don't think that's according to the Constitution," Baer said. "All men are created equal. It sounds like soaking the rich." He is chairman of the board. Merchlewitz questioned whether one psychiatrist would be sufficient to treat the large number of persons in the four area counties. Dr. DeBolt said that a center staff also includes a clinical psychologist.

**THE COUNTY** board filed a letter from Henry J. Mikrut, 1015 E. Sanborn St., who urged establishment of a Winona County mental health clinic.

Mikrut said 63 percent of the state's population is under the mental health center program in 56 counties.

"We are not saving any money by not having a clinic here, because the local welfare department and agencies are now buying these psychiatric services elsewhere — at the Winona taxpayers expense. Besides our tax money is going to the other 55 participating counties since the state contributes 50 percent of the money to operate the mental health clinics."

## Preston Court Grants Divorce

**PRESTON, Minn. (Special)**—At the special term of District Court here Monday, Harold Rathburn was granted a divorce from Margie Rathburn on grounds of cruel and inhuman treatment. Plaintiff was given custody of their two minor children. There was no property settlement. Both are 35 and from Spring Valley.

The next special term of District Court will be Feb. 19.

Donald Farnholtz, 27, Witoka, was arraigned before Judge George Murray Monday on a second degree grand larceny charge, instead of before Judge A. C. Richardson as stated in this paper Monday. He asked for a preliminary hearing for allegedly taking a wagon loaded with corn from Harmony Jan. 2. The wagon was found near Whalan. The hearing has been set for Jan. 23 at 10 a.m.

DEAR ABBY:

## Make Birthday Double Festival

By ABIGAIL VAN BUREN

DEAR ABBY: Perhaps a disinterested party can help us to come up with the right answer in a family disagreement. Our son was born on Dec. 25. Since his birthday falls on Christmas I would like to celebrate it on Jan. 25 so his birthday can be a special occasion for him and not just all mixed in with Christmas. Most of my relatives say they will give him a birthday gift on his birthday and not a month later. What do you think about this? Would it be unfair to make him wait a month or celebrate on the real date and let his birthday get lost in the Christmas rush?

WHAT TO DO

DEAR WHAT: Celebrate his birthday on the anniversary of his birth. Many people must share their "birthdays" with another memorable occasion. I know. I was born on the 4th of July.

DEAR ABBY: Our daughter is divorced, has two children and is trying to marry a 23-year-old bachelor. Instead of having him come to her home to get better acquainted with her children, she drives to another town to spend the weekends with him in a fancy motel. Our daughter maintains that if he "falls" hard enough for her he will accept her children later. We didn't raise our daughter to behave this way, Abby, but she is 25 and is her own boss, so there is nothing we can do. We hate to see her make a mess of her life, but she won't listen to us. Can you help?

HER PARENTS

DEAR PARENTS: Your daughter needs to be told by someone whose opinion she values that no man will marry a divorcee with two children if she will spend weekends with him without benefit of matrimony. Why should he?

DEAR ABBY: My next door neighbor, whom I have known for two years, told me when she first moved in that she wanted to be alone, and did not care to get friendly with her neighbors. I never visited her, of course, but one day she knocked on my back door and complained that I had never called on her. I was surprised, but said nothing and invited her in for a cup of tea anyway. Later on, about a week later, I knocked on her door to show her my willingness to be friendly, and she told me sharply that she wanted to be alone and didn't care for visitors. Then this morning she came to my door asking why I never come to see her. Do you think she is a mental case? She lives alone. What should I do about it? I am beginning to fear for her.

LITTLE WHITE HOUSE

DEAR LITTLE: Find out if she has any relatives or close friends to whom you can report her condition. She appears to be irrational.

# Scots Snap WSC Swim Streak at 12

ST. PAUL, Minn. — Winona State College's swim team had a 12-meet win streak snapped at the hands of Macalester College 63-32 here Monday.

The Warriors had won all 10 of their dual meets during the 1960-61 season, had beaten River Falls in their only previous start this season. They had wound up the 1959-60 campaign with a 51-46 win over Hamline.

Coach Jim Voorhees was satisfied with the performances of the Statesmen. He said, "We looked sharp. The meet was very close in several races, the difference in the winning and third place times were only .2

of a second. If we could have come up with wins in these we'd have reversed the final score."

Ironically, in losing this meet the Warriors racked up better times than they had in placing seventh in the NAIA meet last season. In fact, in several of the races the time recorded by State swimmers in a losing cause was better than the first place time in the national event last year.

The State swimmers battered two varsity records in the meet. The medley relay team set one new mark in placing second and Ron Stolley set a new

breaststroke record in a second place finish. Winona State had two first-place finishers in Larry Clingman, who won the diving competition, and Dick Schleicher, who placed first in the 200-yd. backstroke.

The Statesmen will attempt to get back on the victory trail when they play host to St. Thomas at Memorial Hall at 2 p.m. Saturday.

The big meet of the season will take place at the Memorial Hall pool Jan. 28 when North Central Illinois brings its NAIA champions here. North Central has almost its

entire team back from last year's championship squad. 400-yd. Medley Relay: 1. Macalester (Challman, Clark, Malen, Gammell) 2. Winona State 4:32.4. 200-yd. Freestyle: 1. Lindemoin (M) 2. Harry (W) 3. ## Redmen Cold, Suffer Fifth Loss 68-55

COLLEGEVILLE, Minn. (Special) — St. Mary's basketball Redmen ran into an all-round bad night here Monday and dropped a 68-55 decision to St. John's.

The loss was the Redmen's fifth in seven conference starts and their third in succession. The win was St. John's first in MIAC action.

"WE PLAYED a sloppy defensive game and they forced us to play their kind of basketball," said Coach Ken Willgen.

In the first half alone the Johnnies racked up 17 field goals, 10 of them came on layups. Ben Krawiecki cashed six shots four of them on the same type of driving shot.

Both squads traded buckets throughout the first four and one half minutes but with St. Mary's ahead 10-8 the roof fell in.

St. John's took advantage of a Redmen cold spell to drop in nine straight points on two driving shots by Krawiecki, a tip-in by Mel Khorst, a layup by Craig Meyers and a free throw by John McDowell.

WITH THE score 17-8 the Redmen could seem to do nothing right and the Johnnies took advantage of every break that presented itself to gradually widen the margin to 36-26 at halftime.

The closest St. Mary's could come in the final five minutes of the first half was 28-23. At the outset of the second 20 minutes, the Redmen cut the gap to 39-32 with 10-30 left, but another cold spell cut the rally short.

For the next four minutes St. Mary's couldn't count a point and St. John's was Johnny-on-the-spot for nine points and a 48-32 lead.

Things got no better for the Redmen as they trailed 53-36 with nine minutes left to play.

A TIP-IN by Mike Stallings and a layup by Tom Ruddy cut the margin to 53-40 but this was as close as St. Mary's could come the rest of the way.

For the next four minutes the Redmen again couldn't score and McDowell dropped in seven of nine Johnny points to make it 60-40 and as far as St. Mary's was concerned the game was over.

The shooting statistics pretty much tell the story. St. John's shot 48 percent on 27 for 56 while the Redmen chalked up 29 percent on 22 of 75.

The Johnnies also had a big edge in the rebounding department 53-37.

Marty Lillig and Tom Hall finished with 12 and 11 points respectively for St. Mary's. Krawiecki had 17, Meyers 16 and McDowell 15 for the Johnnies.

And now it's a 10-day layoff for the Redmen until they play Christian Brothers College at Memphis, Tenn., Jan. 26.

## Pipers Defeat Auggies 70-59

By THE ASSOCIATED PRESS  
It appears Hamline lies decided to use the free throw line as its chief weapon in dueling Duluth Branch for the Minnesota Intercollegiate Conference basketball crown.

The Pipers parlayed the pinpoint accuracy of Billy Nelson, Tommy Hutton and Fred Schmeising at the gift line Monday night to defeat Augsburg 70-59 and take

over sole possession of the second place in the standings. Augsburg dropped into a third place tie with Gustavus Adolphus, which beat Concordia 74-65.

Nelson, topping Hamline scorers with 19 points, made 5 of 6 gift efforts in the second to bolster the Pipers' 24-20 intermission lead. Hutton made 4 of 5 in the same period and Schmeising hit 6 of 7 for the game. Dan Anderson led Augsburg with 20 points.

Lowly St. John's, loser of its first six games, came to life with a 48-55 victory over St. Mary's in the only other hoop contest, while first place Duluth took a spanking from the Phillips 66 Oilers of the Amateur Athletic Union, 79-55.

Gustavus' Bill Nordstrom almost single handed put out a late rally by Concordia with a three-point play in the final two minutes. He led the Gusties attack with 29 points, while Dean Anderson, who helped in the fire-fighting job, added 18. Top men for the Cobblers, who dropped to a 4-4 record, were Dick Pett with 17 and Arlo Brunsberg 14.

The Oilers, boasting a team of giants, gave Duluth hardly a look-in as they moved to a 37-24 half-time advantage. Their name players included Don Kojis, All America from Marquette last season. He posted 14 points behind Jerry Shipp, 20, and Charley Bowerman, 18. For Duluth, Bill Mattson hit 15 and Gene Hamilton 12.

The preliminary card: Bryan O'Shea, Minneapolis vs. Jerry Powers, Kansas City, lightweights, five rounds.

Adolph Pruitt, St. Louis vs. Laszlo Bagl, Minneapolis, lightweights five rounds.

Rudy Rodriguez, Minneapolis vs. Peeewe Jones, Kansas City, welterweights, four rounds.

CLEVELAND (AP) — Blanton Collier, who was fired by the University of Kentucky as head football coach, will return to the coaching staff of the Cleveland Browns, where he says he spent his "happiest coaching days."

Coach Paul Brown of the National Football League team, sounded equally delighted when he announced Monday that Collier will serve as offensive coach.

An original member of the Browns' coaching staff in 1946, Collier was defensive coach until 1953, when he left for the job at Kentucky. Two weeks ago, the university fired him and bought up his three-year contract, reportedly at a cost of more than \$50,000.

"I'm pleased and grateful Paul wanted me back," Collier, 55, remarked from his home in Lexington, Ky.

"I'm tickled to death to have him back on the staff and know he'll be a tremendous help to us," said Brown. "I have a lot of confidence in his ideas."

## Bucks No. 1 In A.P. Poll; 'Tucky 2nd

By JACK CLARY  
Associated Press Sports Writer

Midterm examinations rather than opposing basketball teams, are the chief concerns of Ohio State's Buckeyes today as they once more carry the tag as the nation's top college team after the latest Associated Press poll.

The Buckeyes (12-0), the only major unbeaten team, play Minnesota on Saturday night and spend the rest of the week with those ever-fearsome books.

However, three teams in the top ten are in action tonight. Cincinnati (11-2), ranked third, takes on tough Dayton, fifth-ranked Duquesne (11-1) plays Toledo and Bowling Green (No. 8) meets Kent State.

Kentucky (12-1), which jumped into the No. 2 spot in the opinion of the country-wide board of experts, won't play again until Jan. 29.

Because of the midterm exams, the top ten teams have little activity this week. Southern Cal and Duke are idle until Feb. 2 and Jan. 27, respectively.

The only matching of the top teams occurs on Thursday when Cincinnati and Duquesne play in Pittsburgh.

The top ten teams based on a 10-9.8 etc. vote count, with first place votes in parentheses:

1. Ohio State (41)	410
2. Kentucky	359
3. Cincinnati	322
4. Kansas State	269
5. Duquesne	165
6. Southern California	162
7. Duke	111
8. Bowling Green	109
9. Bradley	97
10. Mississippi State	43

Others receiving votes: Villanova, West Virginia, Arizona State, Oregon State, Wichita, North Carolina, Purdue, Wisconsin, Arkansas, Santa Clara, Illinois.

## Rayl Threatens Dischinger's Lead

CHICAGO (AP) — Jimmy Rayl of Indiana is threatening Terry Dischinger's lead in the Big Ten all-game scoring race.

The Hoosier hotshot crept within three-tenths of a point of the Purdue All-American. Dischinger has 349 points in 13 games for a 26.8 average and Rayl has 318 points in 12 games for a 26.5 average.

Eric Magdanz of Minnesota has 271 points in 13 games for a 20.8 average, good for sixth place.

NEW YORK (AP) — What are the chances of the newly formed National Collegiate Track Coaches Association wresting power from the AAU?

Mighty slim, one authoritative source who asked that his name not be used, told The Associated Press today.

## 300 FANS TURN OUT

## Kittleson, Stork, Huwald Victors

By AUGIE KARCHER  
Daily News Sports Writer

Nearly 300 fans turned out Monday night to welcome the return of amateur boxing to the city.

They were on hand for a glove show staged in a former supermarket building in Goodview, but the best atmosphere, but no one seemed to mind.

To celebrate the first appearance of fighters here under sponsorship of the Country Kitchen, six Winona punchers broke even and promoter Chuck Paterbaugh figures he did, too, financially.

**IN THE HEADLINER**, a heavyweight match between Tom Runnels of Minneapolis and Ron Paterbaugh of Winona, Runnels took a split decision, repeating an earlier win over the local heavy.

But one of the best bouts of the night was a middleweight affair in which Mike Kittleson, Winona, decisively Ole Hanson, Minneapolis.

Duane Huwald, featherweight, and Al Stork, middleweight, gave Winona its other two victories.

Seven of the eight bouts went the distance. Only in the opening round and Runnels' big right hand had Ron in trouble. Paterbaugh had the edge in the second round with his more aggressive work but was bleeding from the nose and a cut over his eye in the third.

Runnels mixed his punches well, finding Paterbaugh's midsection an easy target. Paterbaugh's excess weight didn't help him either. Ron landed well in the third round, which won him the decision of one judge. They wrestled to the canvas once in the second.

# Redmen Six Cops Sixth In Row 6-2

Dick McCormick and Bob Trytek powered the St. Mary's College hockey team to a 6-2 victory over Northland College of Ashland, Wis., Monday night before more than 600 fans at Terrace Heights.

The triumph was the sixth straight for the Redmen and establishes them as a serious contender for MIAC honors.

St. Mary's gets its first conference test Wednesday night against Macalester at St. Paul. The game was originally scheduled here.

**WHILE HE SCORED** only one goal, Andre Beaulieu, St. Mary's freshman sensation, was as outstanding as ever.

But it was McCormick and Trytek who came up with their best performances of the season to steal the show, along with Ed Tierney. Tierney and Trytek each scored two goals and it was the Trytek-McCormick combination that broke the game open in the second period.

Northland scored the first goal of the game at 16:53 and Tierney matched it eight minutes later. Jim Anderson put St. Mary's ahead 2-1 with 2:20 to play, scoring unassisted.

**MCCORMICK SET** up both plays that got the Redmen two second period goals. Trytek scored the first at 17:05 and the next at 9:45 for a 4-1 lead.

Northland crashed through goalie Dick Caldwell in the first minute of the third period, Dennis Harvey beating him at 19:13 on Bob Rodman's assist.

Beaulieu, who was bothered by rough ice in spots, put his trademark on the victory with a solo effort at 17:20 and Tierney wrapped it up at 2:39 with Dick McCormick recording his third assist.

Caldwell needed only six stops for the game.

**"WE'LL NEED** a top performance with the league schedule coming up," said Coach Max Molok. "We're real fortunate to have six non-conference games behind us." He lauded McCormick, Trytek and Anderson for their play.

The Redmen will be bolstered by the return of defenseman Don McCormick against Macalester which holds an overtime win over St. Olaf.

# Staters, LaCrosse To Meet Tonight

By GARY EVANS  
Daily News Sports Writer

A rematch of the two teams that battled for the championship of the La Crosse State Holiday Tournament is on tap at 8 o'clock tonight at Winona State's Memorial Hall.

The Winona State Warriors meet the La Crosse State Indians in a rematch of the tournament game that

saw the Warriors win the crown on a 55-42 decision.

**THIS TIME the final outcome** could be a different story as State's leading scorer Ken Stelplugh fractured his nose in last Saturday's game and will not play tonight. Stelplugh was the margin of difference in the holiday game as he counted 13 points.

It is possible that the high scor-

**COCHRANE, F.C. Wis.** — The scoring wizardry of Larry Abts almost turned the trick but Durand managed to rally in the last quarter to defeat Cochrane-Fountain City 64-53 here Monday in Mississippi Valley action.

After setting a new conference scoring record against Arcadia Friday night when he scored 35 points, Abts bettered his record by firing in 36 points against Durand to singlehandedly keep the Pirates in contention until one

minute remained in the contest. C-F had led 18-9 at the quarter before falling behind 32-27 at half-time.

Shortly after the second half had begun the Pirates were back on top but by the end of the quarter Durand led 48-46. C-F led with three minutes to go in the contest and trailed by only one with 1:10 remaining but Durand took advantage of Pirates' fumbles to run up the score.

Lambert Grochowski paced a balanced Panther scoring attack with 19 points, John Lambo had 15, Bill Smith 14 and Ken Lee 12. C-F won the preliminary game 27-23.

# 16 Bowlers Post Honor Pin Totals

Eight Winona men bowlers crashed 600 totals Monday night, one of the best performances of the season, led by Willard Critchfield's 662.

And not to be outdone, eight women rapped 500s, led by Betty Schoonover's 558.

Critchfield's blast came in the City League at Hal-Rod Lanes where he hit 245-652 for East End. In the same circuit, Clarence Rivers bagged 621, Ed Mrozek 616 and Roger Blitzen 601. Only errorless count was a 567 by George Kratz.

Linahan's Cafe swept team honors with 1,040 and 2,956.

**AT THE Winona Athletic Club** in the Monday League, Lons Ham, ernick nipped 617 for East End. Coal and John Groski added 603. Ray Pozanc 603 and John Cierzan 610. Groski had a 246 single.

Schultz Beer was top team with 1,070-3,002. That series is 10th best in the city and the game ties as ninth best.

All the women's spurge was in the Pin Toppler's League at Westgate where Mrs. Schoonover hit 558 for Winona Paint & Glass. Helen

# Laver Captures Australian Title

**SYDNEY, Australia (AP)** — Rod Laver of Australia reigns today as the king of world amateur tennis following his fourth successive victory over his countryman and close friend, Roy Emerson.

The red-haired left-hander defeated Emerson in a sizzler Monday for the Australian national championship. This important title goes with his Wimbledon crown, his victories in the New South Wales and Victoria and Queensland tournaments, and his string performance he put on in leading Australia to triumph in the Davis Cup challenge round against Italy.

In taking the Australian national title away from Emerson, holder of the U.S. championship, the 23-year-old Laver outgulfed his rival in a one hour and 45-minute match played under a blazing sun at White City Stadium. The scores were 8-6, 6-6, 6-4, 6-4.

Wisconsin won the best two out of three from Michigan State in YMCA Men's Volleyball League Monday to climb into sole possession of first place.

Minnesota took two from Purdue to move into a second place tie and Ohio State beat Iowa to force a third place deadlock.

Next Monday's schedule has Minnesota playing Wisconsin, Iowa going against Michigan State and Ohio State testing Purdue.

# Five Winona Retrievers Place In Trials Here

Five local retrievers and their handlers won honors Sunday in the monthly field trial on Prairie Island.

Sponsored by the Tri-State Hunting Dog Association, the trials showed an unusually light entry due to recent severe weather conditions.

Winona winners included Tri-Stade Bell, black Labrador owned by Dave Krause and handled Sunday to a first place win in the qualifying stake by H. C. Lohse. Ralph Boal's golden retriever, Stillrovin Ceaser, was handled to second place honors in the Derby Stake by Ed Kohner. The puppy stake showed a second place ribbon going to Chocolat, a chocolate Labrador owned and handled by Leon Inman, who also was awarded a certificate of merit for his black Labrador, Scar, in the same event.

Bomber, a chocolate Labrador owned and handled by Willard Matzke, won fourth place honors in the puppy stake.

Other winners included: **OPEN ALL AGE STAKE**—1. Topper, golden retriever, owned by Herb Halvorson, Rochester, and handled by Merrill Stevens; 2. Tony, black Labrador, owned and handled by Byron Smith, Monticello, Wis.; 3. Mike, yellow Labrador, owned and handled by Erskin Steele, La Crosse.

**QUALIFYING STAKE**—1. Tri-Stade Bell, black Labrador owned by Dave Krause, handled by H. C. Lohse; 2. Boto, black Labrador owned and handled by R. Abraham, Lake City; 3. Tex, black Labrador owned and handled by Merrill Stevens, Rochester; 4. Paladin, golden retriever owned and handled by Ray Przywiski, La Crosse.

**DERBY STAKE**—1. Jeff, golden retriever, owned and handled by Ray Hicks, Rochester; 2. Stillrovin Ceaser, golden retriever owned by Ralph Boal, handled by Ed Kohner; 3. Tingo, black Labrador owned and handled by Mike Peterson, Rochester.

**PUPPY STAKE**—1. Rusty, golden retriever, owned and handled by C. F. St. Charles; 2. Chocolat, chocolate Labrador owned and handled by Leon Inman; 3. Shaven, black Labrador owned and handled by Bob Blakely, Rochester; 4. Bomber, chocolate Labrador owned and handled by Willard Matzke.

**CERTIFICATE OF MERIT—Scar**, black Labrador owned and handled by Leon Inman.

**The East, coached for the sixth** straight year by Boston's Red Auerbach, have 7-1. Will Chamberlain of Philadelphia (49.3), basketball's top all-time scorer, plus Bob Cousy (45.1).

Chamberlain, in the voting, edged Boston's Bill Russell, a great defensive player and 19-point scorer. Russell and Chamberlain are the game's two best rebounders.

In addition to Chamberlain and Cousy, East starters are Schayes (47.3), Tom Heinsohn, Boston, (42.8) and Richie Guerin, New York, (42.8).

Cincinnati's Oscar Robertson (40.7), rookie Wali Bellamy of Chicago, (39.7) and Jerry West of the Lakers (28.9), are the other West starters.

West coach is Fred Schaus.

# Hawkins Scores 54 as Rens Lose

**By THE ASSOCIATED PRESS**

The Kansas City Stars, winners of the American Basketball League's first half playoffs, have picked up where they left off in opening their second part of the season with a victory.

"The Stars whipped the New York Tapers 122-96 in the first game of a doubleheader at Pittsburgh Monday night, and the Cleveland Pipers edged the Pittsburgh Rens 110-108 in the afterpiece despite a record 54 points by the losers' Connie Hawkins.

In a game at San Francisco, the Saints trimmed the Hawaii Chiefs 110-95.

Kansas City led all the way against New York, and at one point the Stars appeared up a 40-point ledge.

# Area Basketball

# Rookies Face Tradition in Crosby Open

**PEBBLE BEACH, Calif. (AP)**—Young golfers have captured the first two big prizes on the 1962 professional tournament trail, yet tradition points to a seasoned veteran winning this week in Bing Crosby's \$50,000 production here.

Phil Rodgers triumphed at the Los Angeles Open to start this year's cash parade and Tommy Jacobs came through at San Diego. A youngster could also win here, but it hasn't happened in the last dozen years.

Byron Nelson won in 1951 followed in order by Jimmy Demaret, Lloyd Mangrum, Dutch Harrison, Cary Middlecott twice, Jay Hebert, Billy Casper, Art Wall, Ken Venturi and Bob Rosburg, current defending titlist.

Three tough and tricky courses on this Monterey Peninsula test the mettle of all in the 72-hole event starting Thursday, and weather conditions can switch abruptly from warm sunshine to chilly wind and rain.

Officially known as the National Pro-Amateur, Crosby's tournament format teams a professional with an amateur, often a celebrity from the world of entertainment, business or sports.

Last year, pro Wes Ellis teamed with San Francisco attorney Frank Tatum Jr., and won the pro-am which paid the pro a \$3,000 top award.

Winona winners included Tri-Stade Bell, black Labrador owned by Dave Krause and handled Sunday to a first place win in the qualifying stake by H. C. Lohse.

Ralph Boal's golden retriever, Stillrovin Ceaser, was handled to second place honors in the Derby Stake by Ed Kohner. # Los Angeles Out; Six in Pin Loop

**By THE ASSOCIATED PRESS**

The National Bowling League, cut to six teams, opens its revised schedule tonight with Dallas at Fresno, New York at Detroit and Minneapolis-St. Paul at Fort Worth.

Los Angeles dropped out of the league Monday when club president Leonard Howell said patronage at the box office wasn't sufficient to pay expenses.

It was the fourth club to drop out of the league in the past three weeks but commissioner Dick Charles said he anticipated no further withdrawals. He declared the six remaining teams were

# President Has Plenty Problems

**By ARTHUR EDSON**

**WASHINGTON** — In this changing, uncertain world, at least one political fact stays sturdy and constant. A president always has his problems. Like bad dreams that won't go away, week after week they tend to remain basically the same.

Since Kennedy is winding up a year in office, it was time to drop around and see how he is fielding the hot ones.

At his first news conference, on Jan. 25, 1961, the questions ranged all over the world. Llewellyn Thompson, U. S. ambassador to the Soviet Union, had conferred with the Soviets — how about this, Mr. President?

**Cuba** — What's to be done with Castro? Laos — What will happen to that tormented country? Appropriately, the first question Monday dealt with Ambassador Thompson who is still conferring with the Russians. Before the 32-minute conference had finished, Castro and Laos had come up too. The answers were no more positive, and much less exciting, than they were a year ago. Events, like people, tend to tumble into a rut.

Kennedy has always been articulate and careful about his home-work.

There has been little change in the way he answers questions. Occasionally he lets his thoughts and his voice trail away without finishing the sentence. Then perhaps he picks up the thought again and resolutely finishes even though another questioner has begun to speak in the meantime.

In the old days reporters used to gather around the desk of Franklin D. Roosevelt and then of Harry S. Truman. It was informal, downright chummy.

But because so many reporters wanted to attend these sessions, they were moved to the small, stuffy, hot, treaty room of the old Executive Office Building. Here Dwight D. Eisenhower, looking cool while those around him sweated, presided for eight years.

With Kennedy, the change was made to the new, swank modernistic State Department auditorium.

Old timers who remembered the chumminess of gathering around the presidential desk were bitter. In a sense, they were right. All intimacy is gone.

# Khrushchev Raps Russian Farmers For Losing Hogs

**By REINHOLD G. ENSZ**

**MOSCOW (AP)**—Soviet Premier Khrushchev in a speech published today sharply criticized the farmers of Byelorussia for letting 15 per cent of their hogs die last year.

"This is the result of a lack of fodder and bad treatment of livestock," the premier said.

Khrushchev told the farmers he had not come "to read Pushkin's poems to you. You read poems without me. I came here to expose shortcomings."

Khrushchev delivered his speech at Minsk last Friday. The Soviet news agency Tass then described it as a big speech to 1,300 agricultural workers from all over Byelorussia, but did not report anything he said. His speech was published today in Pravda, the Communist party paper.

The premier disclosed that besides the loss of 516,000 hogs, 355,000 pigs died from poor treatment and lack of feed. He also told the farmers they sold the government 499,000 head of underweight cattle, apparently because of a lack of fodder.

# Jap Boat Fired on By South Koreans

**TOKYO (AP)**—A Japanese patrol boat was fired upon early Monday by South Korean patrol boats on the high seas near Japan and South Korea, the Japanese Maritime Safety Agency reported.

The agency said there were no casualties among the Japanese crew and no damage to the ship.

# \$10 Billion Hike In National Debt Limit Requested

**By JACK BELL**

**WASHINGTON (AP)**—Sen. Harry F. Byrd, D-Va., said today President Kennedy is requesting a \$10-billion increase in the national debt limit.

Byrd announced a sweeping inquiry into the nation's financial condition.

The Virginia senator said in an interview he will ask the Senate Finance Committee, which heads, to go into all aspects of federal spending and taxation before it acts on a proposed boost of the limit from \$280 billion to a record-breaking \$308 billion.

**Secretary of the Treasury Douglas Dillon** said in a memorandum to Byrd and Rep. Wilbur Mills, D-Ark., chairman of the House Ways and Means Committee, that such an increase is necessary if the Treasury is to meet its future bills.

Dillon asked for a boost of \$2 billion before March 1 and \$8 billion for the fiscal year beginning next July 1. He said this would cover an estimated peak debt of \$304.5 billion next Dec. 16 and give the Treasury about the \$3
