Communist Leaders in New Huddle

LONDON (AP)—Moscow radio reported a big conference of grass-roots Communist party leaders is under way in the Soviet capital to hear reports from the 22nd party congress held last year.

The broadcast said the gathering, which opened Wednesday, is being attended by officials of party central committees of the various Soviet republics, district party chiefs and district propaganda chiefs.

No advance inkling of the big huddle had leaked out, and there was immediate speculation in London that it might have been prompted by a continuing struggle between Premier Khrushchev and a hard core of Stalinists who feel that he is following too soft a line with the West.

The conference opening coincided with a new attack on former Foreign Minister V. M. Molotov, who had returned to Moscow Nov. 12 to fight a move to expel him from the Communist party after Khrushchev denounced him once again at the 22nd party congress.

\$3 Monthly Medical Plan Set for Aged

CHICAGO (AP)—A new low-cost medical and surgical insurance plan for the aged has been announced by Blue Shield, a nationwide insurance program, and the American Medical Association.

The plan, announced Wednesday, would provide benefits for all persons over 65 for as low as \$3 a month. It must be approved and worked out by the 69 Blue Shield affiliates and local and county medical groups.

The AMA said it is recommending that all state medical societies cooperate fully with their local Blue Shield affiliates to put the plan into operation as soon as possible.

First reaction from a few officials of medical groups was generally in favor of the program. Most officials withheld comment pending a study of the details.

The proposal, with one agreed upon less than two weeks ago by the American Hospital Association and the Blue Cross Association, completes organized medicine's answer to President Kennedy's plan to place health care for the aged under Social Security.

The AHA and Blue Cross agreed on a private hospitalization plan for retired persons over 65 to cost \$10 to \$12 per person a month under which the federal government would be asked to pay the premiums for all those unable to do so.

X15 Flown at 3,715 M.P.H.

EDWARDS AIR FORCE BASE, Calif. (AP)—With his throttle open only three-fourths of the way pilot Neil Armstrong flew the X15 rocket plane 3,715 miles an hour Wednesday—more than five times the speed of sound.

The flight was a test of a new control system for the sub-winged speedster. Armstrong took the plane to an altitude of 133,000 feet, 25 miles.

The X15 has reached 4,092 miles an hour and 217,000 feet in record seeking flights.

Anti-Semitism in Argentina

BEVERLY HILLS, Calif. (AP)—An official of the American Jewish Committee has charged that a widespread campaign of anti-Semitic vandalism and armed violence against democratic groups is being carried out in Argentina.

Furthermore, said Jacob Blaustein, the terrorist organizations carrying out this violence appear to have immunity from police. Blaustein, a Baltimore industrialist and honorary president of the American Jewish Committee, spoke Wednesday before the national executive board of the AJC.

New Storm Spreads Over Plains States

By THE ASSOCIATED PRESS
A snowstorm spread across areas in the central Plains and a mid-January cold wave enveloped most of the eastern half of the nation today.

The new storm dumped snow across sections of eastern Colorado, most of Kansas, southeast Nebraska and northern and western Missouri. Heavy snow warnings, with amounts up to four inches or more, were issued for areas from southwest Kansas through central and northeast Kansas into northwest Missouri.

Light snow fell in parts of the Rockies and Great Lakes region and northwest Oregon.

Although temperatures moderated slightly in parts of the north central region, subzero weather persisted in the northern and north central Plains, the upper and northern Mississippi Valley

Cold Shrinks Bridge 3 Feet

SUPERIOR, Wis. (AP)—It was cold enough today to shrink a bridge.

Engineers reported that the sister cities of Superior and Duluth were three feet closer by automobile because the 16-below temperatures shrank the new Interstate bridge by that much.

The bridge connects the two communities.

Readings were in the 30s in most of the Southeast, with the 40s in north central Texas, Louisiana and along the Gulf Coast. The 50s prevailed in south Texas and central Florida, and it was mild in southern Florida with temperatures in the 60s, with Miami reporting 64.

In Minnesota, which reported a reading of 40 below zero Wednesday in Bemidji, there wasn't

much warming. Minneapolis reported a low of 24 below.

The cold air that has kept the Midwest shivering most of this week dropped temperatures below zero in New England and near zero in sections of New York state.

Temperatures moderated slightly in sections of the South but freezing weather persisted in some areas in Georgia, Alabama, the Carolinas, Tennessee and Arkansas. Light rain splattered the Texas Gulf Coast and in Louisiana and western Mississippi.

Other steps may include economic sanctions, among them denial to the Dominican Republic of U.S. sugar purchases in the first six months of this year amounting to \$45 million.

Officials reported Wednesday night that the United States already has postponed steps toward restoration of normal trade with the Dominican Republic and has stalled policy decisions on a new U.S. aid program which had been designed to bolster progress toward democratic rule.

Suspended action in these fields of aid and trade could readily be hardened into more permanent anti-Echavarria policies if, in the U.S. government's view, the fears of a developing military dictatorship are borne out.

Washington officials obviously hope, however, that the unusually speedy reaction from here, embodied in a strong statement of disapproval issued by the State Department Wednesday, would result in changes in the political situation at Santo Domingo.

McCone gets Directive From Kennedy

WASHINGTON (AP)—John A. McCone made public today a directive from President Kennedy giving him clear-cut authority over all foreign intelligence as director of the Central Intelligence Agency.

As McCone appeared for a public hearing before the Senate Armed Services Committee on his nomination to be the new CIA chief, aides handed newsmen a White House memorandum dated Jan. 16.

In the memorandum Kennedy said he wanted McCone to undertake "the coordination and effective guidance of the total United States foreign intelligence effort."

McCone, a millionaire engineer and industrialist, was named last September to succeed Allen W. Dulles.

The Soviet Union successfully launched two lunar vehicles in 1959. On Sept. 13, Soviet scientists crashed Lunik II on the moon, but it relayed no data for striking. And on Oct. 4 they whirled Lunik III into a gigantic orbit around earth and moon and took the first pictures of the moon's farside.

If Ranger 3 is successful, it will produce the clearest—but still crude—pictures ever made of the moon and will mark the first landing of a "live" instrument package on the surface.

The 72,000-pound Ranger 3 is the first of a long series of vehicles the space agency plans to send towards the moon in the next few years to probe lunar mysteries in preparation for landing a man on the moon, hopefully by 1967.

The theory involves using a Nova-class rocket to carry a crew of men or remotely controlled devices to one of the "close-up" asteroids whose orbits sometimes carry them between the earth and the planet Mars.

The idea would be to explode a number of hydrogen bombs on the surface of the asteroid in such a way that the tiny planet would be kicked out of its orbit and pushed toward the earth—striking with the force of several million megaton-typic H-bombs.

In a report prepared for the eighth annual meeting of the American Astronautical Society, Cole said: "The energy release at impact on the earth would be on the order of 1,000 times as great as the energy of a multi-megaton bomb which could be carried by the same Nova-class vehicle on an ICBM trajectory to the same target."

"This unusual weapon system shares with the biological weapons the possibility of masquerading as a natural catastrophe. The attacker could hope to escape blame and retribution from surviving retaliation forces."

The Studebaker-Packard plant has been shut down by a United Auto Workers strike since Jan. 2.

Gloyd Richards, 40, a truck driver who has been employed by the auto manufacturing firm 21 years, swore off "the affidavit against Egbert," and prosecutor Patrick Brennan of St. Joseph County signed it.

Richards alleged in the affidavit that Egbert challenged him to physical violence at the picket line in front of the plant. Richards said he was not on picket duty at the time but was taking pictures. He said he had served as a picket last week.

Kennedy Wants Sugar Controls

WASHINGTON (AP)—President Kennedy said today he will ask Congress to give the administration control over the 2 to 3 cent-a-pound price premium which the United States pays foreign producers for sugar.

He did not go into details but the premium presumably would be returned to supplier nations in the form of grants or credits for economic and social development projects.

New Sanctions Set Against Dominicans

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The United States is reported planning political sanctions and probably an economic crackdown against the Dominican Republic if the new government there proves to be a military dictatorship.

Officials said the Kennedy administration, with a policy of promoting democracy throughout Latin America, is determined to oppose a revival of strongman rule at Santo Domingo.

The major step under consideration is denial of recognition to the junta formed Tuesday upon the ouster of President Joaquin Balaguer.

State Department officials said the seven-man junta appeared to be completely under the power of an air force general, Pedro Rodriguez Echavarria, 37.

Other steps may include economic sanctions, among them denial to the Dominican Republic of U.S. sugar purchases in the first six months of this year amounting to \$45 million.

Defense and Space Allotments Higher

By FRANK CORMIER

WASHINGTON (AP)—President Kennedy, in the first federal budget for record peacetime spending of \$92.5 billion—a margin possible only if revenues rocket and the price of mailing a letter is increased.

The 1,500-page spending blueprint, which covers the 1963 fiscal year starting July 1, foresees a spending rise of nearly \$3.5 billion over the current level. More than 75 per cent of the increase would involve military and space programs.

Kennedy told Congress he expects outlays to total slightly more than \$92.5 billion—an amount exceeded only twice before, during World War II. Revenues were estimated at \$93 billion, an unprecedented level \$11 billion higher than this year's income.

Highlighting the "7,400-word budget message which Kennedy sent to Capitol Hill were these recommendations:—

A defense program of \$32.7 billion, up nearly \$1.5 billion.

Allocation of \$2.4 billion for space research, an increase of \$1.3 billion.

A foreign aid program boosted by \$200 million to \$3.9 billion. But along with that spending figure, which includes \$2.5 billion in economic aid and \$1.4 billion military aid, Kennedy asked nearly \$5 billion of new funds. The new money would include \$3.39 billion for various economic aid programs and \$1.5 billion for military aid.

Repeal of the 10 per cent tax on rail, bus and boat fares, with later adjustments in aviation taxes.

Enactment of a new farm bill designed to cut farm program spending from \$6.3 billion to \$5.8 billion.

Increase the "temporary" \$298 billion national debt limit to a new high of \$308 billion.

Increase postal rates by about \$600 million a year.

The new budget assumes that the Berlin crisis will cool off enough to permit the return home by June 30 of military reservists mobilized last fall. Any heightening of cold war tensions could prompt new hikes in defense spending, and wipe out the indicated surplus.

Kennedy also based his projections on an assumption that the economy will continue to expand briskly into 1963, though perhaps at a lesser rate as time passes. The President said major economic records will be broken month after month while the unemployment rate will drop from 6.1 per cent to 4 per cent by mid-1963.

The fate of the postal rate request, which has been shelved three years running, also will have a major impact on the budget. Without higher rates (including a 5-cent letter charge) to add to the anticipated big increase in tax collections, Kennedy's envisioned surplus would evaporate—barring major economy moves in other areas.

Many congressional Republicans—and some Democrats—were ready to demand greater economy and a bigger surplus in order to whittle down the record national debt, now nudging the \$298 billion ceiling.

Anticipating this, Kennedy said a \$463 million surplus would reflect "the best national policy." He said deficit spending might promote inflation while a larger surplus "would risk choking off economic recovery and contributing to a premature downturn."

A surplus as small as the one forecast by Kennedy would represent a big change from the indicated budget results for the current fiscal year which ends June 30. Kennedy said the current-year outlook is for spending of \$89.1 billion, revenues of \$82.1 billion and a deficit of \$7 billion.

Defending in advance his proposed spending increases, Kennedy said all new ideas for additional outlays were reviewed in accord with "strict standards of urgency." He said that, in the name of economy, "many desirable new projects and activities are being deferred."

Even the defense program felt the economy ax. The Pentagon was allotted \$18.3 billion for military activities and, while this represented a hike of nearly \$1.5 billion over current levels, it was well below the combined requests of the separate services.

Incidentally, the military budget was recast this year to lump items according to various missions rather than by separate services. Because of this "unification" move, it was impossible to extract totals for the Army, Navy and Air Force.

In addition to Pentagon spending, \$2.9 billion was earmarked for the atomic energy program, \$1.4 billion for arms aid and \$100 million for other defense-related activities. Thus total defense outlays were budgeted at \$32.7 billion, or 57 per cent of all federal spending.

The military billions will provide, among other things, for two more Army divisions (making a total of 16), a start on six more Polaris submarines, additional bombers and fighters and more missiles of all types. At the same time, the total number of men under arms would be slated to drop from 2,825,000 next June 30 to 2,684,000 a year later.

Fighting Along Laos Cease-Fire Line Increasing

VIENTIANE, Laos (AP)—Skirmishing is picking up along the cease-fire lines in Laos, Western military sources said today. They reported a gradual increase in the intensity of fighting at half a dozen points over the past two weeks.

Moreover, the informants said the best available intelligence here—based largely on reports of defectors—indicates between 6,000 and 7,000 men from Communist North Viet Nam, including troops, advisers and technicians, are in rebel-held territory.

The clashes are mostly resulting from probing by both sides and have not reached a point where these sources consider the overall situation alarming or indicating a major pro-Communist offensive is imminent.

Ice Ties Up River Traffic

CAIRO, Ill. (AP)—A congestion of ice floes blocking the Mississippi River since Friday may prevent resumption of river traffic for at least five days, the Weather Bureau said Wednesday.

More than 250 barges have been berthed at this junction of the Ohio and Mississippi Rivers while tugs and towboats back at the St. Louis ice. The gorge extends 10 miles downstream from Fayetteville, and is 10 feet thick in some places.

The bureau said the gorge is creating a minor rise in the river upstream. The river rose 4.5 feet in 24 hours at Thebes.

Wholesale Food Prices Steady

NEW YORK (AP)—Wholesale food prices this week remained the same as last week but were down 3.6 per cent from a year earlier, Dun & Bradstreet Inc. reported today.

The statistical agency's food index remained at 55.93, compared with 56.15 at this time in 1961.

Arabian Nights Dinner

By DON ROTHBERG

BOSTON (AP)—A private dinner party with an authentic Arabian Nights flavor took place in the Sheraton Plaza hotel Wednesday night with a monarch—King Saud of Saudi Arabia—as guest of honor.

A crew of 20 florists transformed part of the hotel's huge ballroom into a tropical scene incorporating the king's favorite colors and flowers.

The ballroom, 105 feet long and 60 feet wide, was divided in half by a vine-covered trellis.

On one side of the trellis was the E-shaped table resplendent with gold service, tropical flowers and fruit.

The king and 44 others were guests of Thomas C. Barger, president of Arabian-American Oil Co. They sat down to a six-course dinner that included broiled filet of lamb, roast boned saddle of lamb, and supreme of guinea hen a la plaza. Dessert was vermicelli, chardonnay, file-mineque with whipped cream topped by chestnuts.

After the dinner, the party moved to the other side of the trellis where, in contrast to the

tropical setting, an ice rink was set up. Seated in straight-backed chairs, they drank Arabic coffee and watched an ice show and other entertainment.

A reception was held before the dinner in the foyer adjoining the ballroom.

King Saud was dressed in flowing black robes trimmed with gold. The monarch has been in Boston since Nov. 21. During most of his stay, he was at the Peter Bent Brigham Hospital where he had cataracts removed from both eyes and underwent abdominal surgery.

3-M Scientist To Speak Here

Designing equipment for human use will be discussed by Dr. Nelson W. Taylor, senior research scientist, Minnesota Mining & Manufacturing Co., St. Paul, at an intercollegiate science faculty seminar Saturday at the College of Saint Teresa.

The meeting will begin at 9:30 a.m. in the Roger Bacon Center for the Sciences and Professions. Dr. Taylor will give two talks: "Human Engineering" (equipment design) and "The Specification of Illumination Levels on the Basis of Visual Performance Data."

Equipment design involves study of such human characteristics as sensory capacities, mobility and muscle strength, body dimensions and the effect of working environments on human performance. The second subject deals with the quantitative relation between physical or photometric brightness and the human brightness sensation, and

HARMONY, Minn. (Special) — The ladies night dinner meeting of the Civic and Commerce Association will be held Jan. 29 at the elementary school multi-purpose room.

Instructor Added At Saint Teresa

Miss Betty Sorenson has joined the College of Saint Teresa's department of nursing and will assist in the public health nursing.

Miss Sorenson holds two baccalaureate degrees, a B.A. with a major in sociology and a B.S. with a major in nursing from the University of Minnesota. She received her master of public health at the University of Minnesota. Her thesis subject was "A Pilot Study to Explore How Public Health Nurses Feel They are Meeting the Rehabilitation Nursing Needs of Arthritic Patients."

Miss Sorenson
The new instructor spent five months in mental health field work. She was a staff nurse at the St. Paul Family Nursing Service and at the Olmsted County health department, Rochester. Miss Sorenson lives at 253 Jackson St.

Gale-Etrick Teachers To Attend 'School'

GALESVILLE, Wis. (Special) — Gale-Etrick school teachers will meet Monday for a full day of in-service work, it has been announced by Superintendent Robert Howard. There will be no school that day.

Morning sessions will be devoted to teachers' meetings and committee work. Dr. John Feldhusen, Eau Claire State College, will be the afternoon speaker. His topic is "The Gifted Child and Independent Study."

Also on the afternoon program will be Ernest Sobotta, independent, Trempealeau County civil defense director.

Howard, Blaine Peterson, high school principal; Clayton Olson, elementary supervisor; and Paul Link of the high school faculty were among 1,500 Wisconsin educators who attended the 11th annual guidance conference at Stout State College recently.

It'll Warm Up a Little Bit For Parade, Forecast Says

FUTURE MISS SNOWFLAKE . . . Daily News photographer had trouble holding his camera steady when confronted by the dazzling beauty of these 13 contestants for the crown of Miss Snowflake, queen of the 1962 Winona Winter Carnival. The queen and two attendants will be announced Saturday night at the Oaks. Left to right, the Misses, front row, Eileen

Don't Look for That Mercury; It Disappeared

After three of the coldest days since 1959, Winona today was given a promise of slightly warmer weather for the outdoor activities of the Winona Winter Carnival this weekend.

After dropping to -18 during the night, the thermometer stood at -15 at 7 a.m. and -8 at noon. The warmest Wednesday afternoon was -8. Lows for the last three days have been -18, -17 and -8. Today's low was the coldest since -20 on Feb. 2, 1959.

A HIGH OF near zero was forecast for Friday and possibly somewhat warmer weather Saturday. Some scattered light snow was indicated for Saturday.

After dropping to -18 during the night, the thermometer stood at -15 at 7 a.m. and -8 at noon. The warmest Wednesday afternoon was -8. Lows for the last three days have been -18, -17 and -8. Today's low was the coldest since -20 on Feb. 2, 1959.

The depth of this widespread cold wave falls on the anniversary of the coldest day in Winona recorded weather history. The temperature on Jan. 18, 1873, dropped to -43 for the all-time minimum. The warmest this day has ever been was 53 above in 1880. A year ago today the Winona High was 42 and the low 19. Mean for the past 24 hours was -13, contrasted with the normal mean of 15 above.

A SLIGHT warmup occurred overnight on the Iron Range and in northern Minnesota where the temperature dropped to -40 Wednesday morning. Coldest spot in the nation today was International Falls with -27 and Bemidji with -26.

St. Cloud reported a low of -23 and Duluth -22. At Rochester the low today was -16 after a high of -10 Wednesday. At La Crosse figures for the same time were -16 and -1. Most communities today reported clear skies with the exception of Canadian points where a light snow was falling. The Winnebago low was -27, North Dakota's low was -22 at Fargo.

With the exception of a few icy patches all main highways in Minnesota and Wisconsin were reported in good winter driving condition.

Only slight relief seems indicated in the immediate future for Wisconsin which has endured several days of bitter cold.

Wednesday night lows ranged from 26 below at Park Falls, only one degree off the national minimum, to 8 below at Beloit-Rockford. There was an unofficial report of 30 below at Hayward in Sawyer County.

Daytime highs varied from 3 above at Lone Rock to 12 below at Park Falls. Other after-dark lows were Wausau -25, Green Bay -21, Lone Rock -18, Madison -17, and Racine and Milwaukee -12.

THE MERCURY rose to one above Wednesday at Madison and Beloit-Rockford while Racine's top reading was zero. Other maximums were Milwaukee, and Green Bay -1, Wausau -7, Eau Claire -9, and Superior-Duluth -11.

No precipitation was reported for the period. Temperatures at mid-morning varied from -21 at Superior-Duluth to -8 at Beloit-Rockford. Homestead Air Force Base in Florida had Wednesday's national high of 75.

BLAIR CHIMNEY FIRE — The Blair fire department was called at 10:20 a.m. Wednesday to extinguish a chimney blaze at the Bennie Quarne farm, Reynolds Coulee, three miles southwest of here. Some smoke damage was reported.

PIPE BLAMED . . . An overheated pipe, jutting from the brick chimney, is believed to have started the fire that leveled the Mrs. Mary Verdieck farm residence between Minnesota City and Stockton this morning. The pipe was about a foot from the wall and ceiling. Only the furniture and clothing in foreground were saved. Minnesota City firemen, left, battled the blaze, which was out of control before they arrived at 6:45 a.m. (Daily News photo)

Suits Settled Out of Court

Settlements were effected Wednesday afternoon in two suits for damages totaling \$175,000 scheduled for trial in District Court here.

The actions had been brought by Mrs. Ralph Waldrop, Fridley, Minn., against L. L. DeJarlais, La Crescent, and Anchor Casualty Insurance Co., in claims stemming from an accident on Highway 61 near Lamolite two years ago.

Mrs. Waldrop's husband and Donald Heishman, West Salem, Wis., Rt. 1, the driver of the other car, were killed in the accident and Mrs. Waldrop and their three children injured. Mrs. Waldrop charged that Heishman prior to the accident had been drinking at DeJarlais' Supper Club, La Crescent.

Settlement of the two cases was announced during the afternoon after a jury had been selected to hear the cases.

No terms of the settlements were announced. Judge Leo F. Murphy has excused the jury panel until Monday at 2 p.m.

Negro Tells How It Feels

"Being black is the same as being damned," Dr. Albert Miller, college of Saint Teresa faculty member, said in a talk on the American Negro problem from a Negro's viewpoint before the Rotary Club at Hotel Winona Wednesday.

"The life of a colored minority is not a happy one in any country," he said. "Color divides families, nations and the world." In America the Negro problem is not a southern problem. It is national, he added. Everywhere color degrades the Negro into a second-class citizen.

"In spite of the fact that the American Negro has made more progress in the last 20 years than in the past 300," he said, "he is still looked on as an undesirable by many whites."

"I can't do anything about my black skin," he said, "yet the color barrier prevails. The feeling is there in me that there is always resistance with whites."

Winona, he said, is one place he has been where he has not encountered this feeling. He has been here three years. He is married, has three children and owns a home. Winonans treat him as an individual not as a Negro, he said.

10 Without Home After Farm Fire

MINNESOTA CITY, Minn. (Special)—Fire believed to have been started from overheated walls and ceiling from a wood-burning kitchen range destroyed a two-story, nine-room frame house between here and Stockton early this morning.

THE 10 PEOPLE living in the old home escaped without injury, but only the furniture and clothing downstairs were saved. The children were forced into 21-degree-below-zero weather clad only in their night clothes, coats, caps and shoes. They took shelter in the milkhouse.

The home and 175-acre farm, two miles north of Stockton and four miles from Minnesota City, are owned by Mrs. Mary Verdieck, 82. Her son-in-law and daughter, Mr. and Mrs. Wilbur Bulbitz, and their seven children ranging in age from 5-21 reside with her and operate the farm.

Mrs. Verdieck was up, dressed and downstairs when the fire was discovered. Her bedroom is upstairs, however, and she lost all her furniture and clothing, plus about \$200 in paper money in a writing desk. Her loss is not fully covered by insurance, she said.

Bulbitz had some insurance on their personal property. BULBITZ ROSE at 5:30 a.m. and started fires in the kitchen and living room. Everything was under control when he and son Donald, 21, both employed at Gorman Co. foundry, Winona, left for work at 6:05 a.m., Bulbitz said.

A few minutes later 9-year-old Donald was awakened in one of the three upstairs bedrooms by smoke and aroused his sister Mary, 17. They awakened the others.

Mrs. Bulbitz told Josephine, 14, to call Russell Church, rural fire warden, member of the Minnesota City fire department, who lives about three-quarters of a mile from the Verdieck farm, and then they cut telephone and electric wires with the idea it would save the fire from spreading.

WHILE WAITING for help to arrive, Mrs. Bulbitz, Gerald, 19, who works on the farm, and Mary started carrying furniture from the house and were assisted by the others.

The family believes the fire started about 6:15. Firemen said it was burned to the ground in an hour, although they stayed on the scene until about 10. Other buildings on the farm were too distant from the house to be endangered. The Bulbitzes didn't get around to milking the 12 cows in their herd of 25 Brown Swiss until mid-morning.

Ed Verdieck, son of the owner, estimated the loss at about \$10,000. He's a volunteer with the Minnesota City fire department.

NEIGHBORS already were contributing clothing to the family this morning. Others who wish to donate clothing or other articles may leave them at Benicke's Grocery, Stockton.

Mary and Josephine are students at Cotter High and Donna, 16, is at St. Casimir's Grade School, Winona. Jane is not yet in school.

Rolvaag to Speak To District DFL — ROCHESTER, Minn. — Lt. Gov. Karl F. Rolvaag, who is seeking DFL endorsement as a candidate for governor, will address the 1st District DFL meeting Saturday at the REA Building, Rochester.

Warren Eastus, district chairman, said the meeting will start at 4:30 p.m. Before the meeting Rolvaag will meet with labor and business representatives in the Rochester area. He will attend a dinner following the meeting and will address a joint meeting of the Olmsted County DFL and Women's Club in the evening.

Eastus invited all interested persons to attend. There will be discussion of precinct caucuses and reorganization of the district following Congressional redistricting. Eastus said addition of Dakota County to the 1st District means the district cannot be considered "safe" by Republicans.

Daily newspaper circulation has reached a new all-time high. There are now 60,283,141 copies printed and sold each day in the United States.

Council Hears Concrete Pitch For Broadway

The City Council is considering asking for concrete bids on the Broadway widening project this year.

It is possible that it may ask for concrete only bids, although it is more likely that contractors will be asked to bid on both concrete and bituminous, Council President Harold Briesath said.

The 11-block widening project in 1960 used bituminous. This summer the broadening is to be continued on both ends of the present widening.

Making the pitch for concrete at a Council committee meeting Wednesday evening was Sam Whitlock, Mankato, representative of Portland Cement Association.

The per block cost for the 1960 job was \$11,615. He estimated that concrete would cost \$12,870. This would be 6 inches thick with an integral curb.

He also compared the cost of bituminous and concrete over 35 years as follows:

For construction: Bituminous, \$332 a block a year; concrete, \$368. For maintenance: Asphalt, \$173; concrete, \$24. Total: Asphalt, \$505; concrete, \$392. For 35 years: Asphalt, \$17,675; concrete, \$13,720.

Whitlock urged that the Council take bids on concrete alone. He said that different specifications are required on bituminous and concrete. Also he said that alternate bidding is unfair to the slightly higher priced construction cost for concrete.

The eight aldermen present at the 2-hour meeting made no decision. There'll be more discussion next Wednesday evening, President Briesath said that opinion is divided about bidding procedure.

Prenatal Classes Being Proposed At New Hospital

Establishment of prenatal classes at the new Community Memorial Hospital and home visits to mothers of newborn babies has been recommended by the Winona Public Health Nursing Advisory Board.

The recommendation was made at a recent meeting of the board and was forwarded to Winona General Hospital's medical staff and administrative board. The meeting was at the City Hall office of the Winona Public Health Nursing Service. The new hospital will open in the spring.

The proposed program would be conducted in cooperation with hospital nurses, public health nurses and the hospital's medical staff. Public health nurses would make the home visits.

Miss Dolores Schiller, nursing director of the hospital, thought nurses would not be averse to the idea.

Guest speaker was Miss Eleanor O'Meara, nursing instructor at the College of Saint Teresa. She discussed the new required public health nursing program which is part of the basic collegiate nursing course at CST. The nursing student's first year and a half is spent on the college's Winona campus. The next year and a half is spent at St. Mary's Hospital, Rochester, which is operated by the Sisters of St. Francis who operate CST. Nursing students return to the Winona campus for their senior year for liberal arts courses.

During one semester of this year they receive public health nursing training in cooperation with the Winona public health nursing service, Mrs. Mary Crane, supervisor.

Oil Fire Closes Lake City School — LAKE CITY, Minn. — Classes weren't in session at Jefferson Grade School Wednesday because of a break in the fuel line of the furnace, said John Holden, custodian, who was rushed to Lake City Hospital after he was overcome by smoke as he tried to turn off the oil supply leading to the furnace.

Holden found the broken line when he checked the furnace at 5 a.m. Oil had sprayed from the broken pipe to the furnace, and fire broke out. He called Fire Chief Lloyd Ross and together they succeeded in cutting off the oil supply.

The fire was confined to the furnace room. It destroyed the wiring and controls of the furnace, ceiling, walls and floors of the school were damaged by soot and smoke.

COME ALONG, GIRLS

It's Inside Friday Night, Then It's Outside, Men

Subzero Winona will thump a frost-bitten nose at winter this weekend when the merry Winter Carnival concludes with three days of fun and pageantry.

The weatherman has cooperated by turning the city into a gigantic deep-freeze as an appropriate setting for the colorful carnival sponsored by the Winona Activity Group.

FRIDAY NIGHT'S events are indoors, fortunately. They consist of two dances and a basketball game. A teenage dance will be at 8 p.m. at the Armory and the Winona State-Moorhead State College basketball game will be at the same time at WSC's Memorial Hall. An oldtime dance will be at 9 p.m. at the Red Men's Wigwam.

Robert A. Wiczorek, chairman of both the junior and senior queen contests, said two junior queens will be crowned at the teenage dance at about 10 p.m. One will represent Winona Senior High School and the other will represent Cotter High School. Eight high school students have entered the popularity contest.

Judging will be done Friday for the family snow modeling contest. Nine trophy cups will be awarded in three divisions. The last stage of the children's treasure hunt will start at 10 a.m. Saturday at Lake Park. Prize is a \$25 U. S. savings bond. Awards will be given for the best decorated containers.

Children's ice skating races will be 2 p.m. at the Lake Winona rink. Trophy cups will be awarded.

SUNDAY FROM 2-4 p.m. the children's fishing derby will be at Lake Winona at the foot of Franklin street. A puppy and trophy cups will be awarded. Parents may help children with the contest.

Children participating in the carnival parade which starts at 3 p.m. Saturday should register at the park-recreation office at City Hall and meet at the courthouse at 2:30 p.m. Saturday.

G. O. Brems will direct staging of the winter carnival parade. Parade chairman is James F. Heinen. Assisting Brems will be the IWAG and the Kiwanis Club.

The 13 contestants in the senior queen contest will ride in the parade which will start at West 3rd and Johnson streets and will go east on 3rd to Liberty street, south on Liberty to East 4th street, then west on East 4th to Main.

Bands and floats will be judged at the reviewing stand at Center and 3rd streets. About 60 units have entered the big parade.

Probate Judge E. D. Libera will be host to the three Wisconsin judges who will judge the parade. They are Buffalo County Judge Gary Schlosstein, Eau Claire County Judge Connor Hansen and Trempealeau County Judge A. L. Twiseme.

JUDGES FOR THE queen contest are: Paul Snyder, St. Paul, sales manager, Curtiss 1000, a stationery and office supplies firm; Robert Davis, St. Paul, with the investment firm of Piper, Jaffray & Hopwood; and Miss Cathy Ledick, Minneapolis, chief stewardess, North Central Airlines.

A drum and bugle corps competition will be 7-30 p.m. Saturday at the Winona Senior High auditorium. Lambert Hamerski is chairman. Performing but not competing will be the Sons of the Legionnaires sponsored by Leon J. Wetzel. Children under 14 will be admitted for 15 cents. Bozo the Clown will greet the children. He will also participate in the parade. Judges follow: Gene Oliver, La Crosse, bugling; Dick Saltz, La Crosse, drumming; Robert Secrist, La Crosse, marching and maneuvering; and Dan Schneider, general officer.

THE QUEEN coronation and Sno-Ball starts at 6:30 p.m. at the Oaks. Roger W. Schneider is chairman. William Walter is publicity director. Tickets may be obtained at Ted Maier Drug, Holden's Drug

and Department Store, Winona Athletic Club, at the door and from members of the IWAG and the Past Jack Frost Royalty Club. Dinner will be served until midnight and will feature filet mignon.

The coronation ceremony starts at 9:15 p.m.

Master of ceremonies will be Franklin Hobbs, Twin City radio entertainer. A native of Minneapolis, Hobbs went to Hollywood when he was 18. He worked both in movies and radio as an actor until he entered the Air Force in 1941. He flew in the China-Burma-India Theater. He has more than 20 years of experience in broadcasting, advertising and entertainment.

JAMES D. MOHAN, WAG president and general chairman of the carnival, said the St. Paul Winter Carnival will be represented here by Richard Stenberg, who holds the royal title of West Wind. Sunday's events include a pancake breakfast from 8 a.m.-noon at the Izaak Walton League Cabin, a fishing contest from 1-4 p.m. at Straight South, and a ski tournament at 2:30 p.m. at the George Goetzman Farm, East Burns Valley.

The carnival ends with a stage show at 8 p.m. at the Senior High auditorium. Junior Ferguson and his Country Round-Up Boys will play.

Frigid Weather Raises Grocery And Fuel Bills

By THE ASSOCIATED PRESS
Housewives who found the recent extreme cold registered in higher fuel bills now will find its effects in their grocery bills.

The increases may not be as marked as some early reports indicated. One large regional grocery chain said it will mean 2 or 3 cents a pound more for certain vegetables.

It added that the freeze in Florida and Texas growing areas will push up the prices of onions, spinach, beets, cabbage, peppers, cucumbers, eggplant and squash.

Despite the freeze shoppers will still find plenty of budget-stretch-

ing bargains in carrots, onions, potatoes, sweet potatoes, broccoli, celery and lettuce.

Good buys at fruit counters will continue to include apples, oranges and grapefruit.

At the meat counter, beef again will be a feature, with lamb and pork good regional buys.

Broiler-fryers and turkey are still top meat buys.

One nationwide chain is holding a beef sale, and has dropped prices on a number of cuts.

At New York, sirloin steak is down 10 cents to 85 cents a pound, and rib roast down 4 cents to 65 cents a pound.

The frigid weather and heavy snows have held back some veal shipments, resulting in a general price rise.

Fish continues to be influenced by regional tastes and availability.

Conditions in East Germany Termed Awful

LOS ANGELES (AP)—Two American college students who spent four months as prisoners in Communist East Germany agree on this: "Conditions in East Germany were awful. The younger generation doesn't want to live there."

Victor Pankey and Gilbert Ferrey, both 20, of nearby Tustin, Calif., flew in Wednesday night from London with Pankey's father, Edgar, and Ferrey's mother, Mary Ferrey.

The students had been sentenced to two years for trying to smuggle a 22-year-old girl student to West Germany but were released early without explanation.

The girl is still in prison, Pankey said.

Peace Corps Tests Set for Two Cities
A second round of U. S. Peace Corps tests will be given at the La Crosse and Rochester post offices at 8:30 a.m. Feb. 17, Winona Postmaster John W. Dugan announced.

The test is not competitive. There is no passing score. Anyone with the equivalent of a high school education is eligible. A poster about the test is in the Winona post office lobby.

Demonstrators March Through French Town
TOULOUSE, France (AP)—An estimated 6,000 demonstrators paraded through town Tuesday night protesting a recent flurry of plastic bomb explosions blamed on the right-wing Secret Army Organization.

Police stood by as the crowd waved banners and chanted anti-Secret Army slogans. There was no violence.

The demonstration was called by student and teacher organizations, labor unions, a farmers union, and the Communist and Socialist parties.

Now—
Ford frees you forever
from the expense and bother
of frequent car servicing.
Twice-a-year maintenance is here—
and only the cars from Ford
have it!

In a new Ford Galaxie or Fairlane, the odometer rolls off a long 6,000 miles between every service stop. Compare this with other '62 cars and here's what you'll find: many cars still have to check in for service every 1,000 miles; some every 2,000 miles; others every 4,000 miles. Only the cars from Ford need service only twice a year, or every 6,000 miles.

When you own a '62 Galaxie or Fairlane, you don't have to drive with one eye on the odometer to make sure you're not forgetting an oil change or a grease job or other servicing. Ford's twice-a-year maintenance saves you time, saves you money. Just one stop every 6,000 miles takes care of servicing. You'll go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications, 2 years or 30,000 miles without changing engine coolant-antifreeze. Brakes adjust themselves.

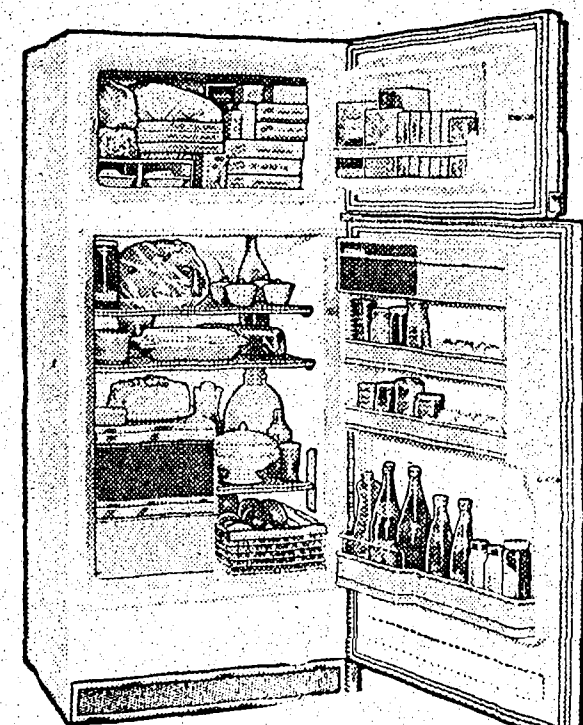

Why buy a service headache when Ford is ready with the cure? See your Ford Dealer—and see how close Ford has come to the fill-it-and-forget-it car!

Why Participate in Precinct Caucuses?

(Editor's Note: This is the third of a series of three editorials on the background, the importance and the purpose of political party precinct caucuses.)

IN TWO PREVIOUS editorials, we have discussed briefly the background and legal aspects of precinct caucuses. You may have read them with the feeling "Well, this is all good for those people who are interested in politics, but I fail to see how it has anything to do with me."

You may further say, "I cast my vote on election day. That fulfills my civic responsibility. Do you really think so? Are you satisfied to cast your vote on issues and candidates which have been picked by others? Are you really a 'full citizen' when the basic preliminary decisions are made by others?"

"I'm an independent. I couldn't care less about precinct caucuses." Just how independent are you? Are you independent when, regardless of your choice, each candidate is chosen by one party and each is running on a platform approved by one party? How independent are you when you let others make your decisions for you? State law says you may participate in a party caucus if you are a qualified voter, or are in agreement with the principles of that party, or if you voted for that party in the last election, or if you intend to do so this year. If you fall into one of these categories, you are eligible to attend the caucus of one or the other party.

"WHAT I HAVE to say won't be listened to anyway. The party bosses will see to that." The following is a true story that happened in a Minnesota town a few years ago:

An active member of one of Minnesota's parties was in charge of convening the caucus in his precinct. In order to get a good turnout he went door-to-door telling about the meeting. One neighbor said: "Oh, come on, John, I'm not really interested in politics. I lean toward your side and will vote, but this meeting stuff isn't for me."

After some persuasion, this man was convinced that he really should attend and at least see what a caucus was all about. During the discussion period, the man got up to urge the party to try to do something about one particular phase of the conservation program in the state.

THE GROUP listened to him and liked what he said. The idea was put into resolution form and passed the caucus. From there it was sent to the county convention, acted upon favorably, then to the district convention and finally to the state convention, winding up in the party platform. But that wasn't all. The next session of the Legislature put the idea into bill form and it became law. Thus, an idea that had been in a man's mind, but which probably wouldn't have seen the light of day if he had not been talked into attending a precinct caucus, is now a law of the state of Minnesota.

"I'm really not much interested in politics, but I sure wish you guys would do something about the spread of communism." The two-party system is the backbone of the successful form of government which we have today. Communist countries are living proof of what happens to people when there is only one party. Some countries have been weakened by more than two parties splintering the people, but here in our country the two-party system upholds the richness and merits of a strong, free people. Active participation by every voter is essential for a party to make the right choice in candidates and policies. And active participation in this process will assure freedom and liberty for all Americans.

REPUBLICAN precinct caucuses in this county will be held Feb. 5. The DFL caucuses will be held Feb. 27. Watch for the time and place and take advantage of your opportunity as a Free American citizen.

Non-Military Spending Crux of Problem

DURING the 1962 fiscal year, Budget Director David Bell informs us, the federal government's revenues will come to an estimated \$82,100,000,000 and its expenditures to \$88,985,000,000. The result will be a deficit of \$6,885,000,000.

A common defense of this huge deficit is that increased spending for national defense, in this time of an increasingly grave and clouded world picture, makes it inevitable. And it is true that the last Congress increased the military budget by several hundred millions of dollars. But the biggest single increase of all was for something that had nothing whatsoever to do with military force, or with the missile program, or with space exploration, or anything of the kind. It was an increase of \$981 million in price support payments to farmers.

EVERY AMERICAN will willingly pay whatever is necessary to assure the national security, and no one can now say how large that bill will become in the future. But he has the right, and the obligation, to demand that his government save every possible dollar in the non-military phases of its operations.

If pen is mightier than sword, how come the world is tottering despite an unparalleled deluge of words? Could it be they're the wrong words?

A man's heart deviseth his ways: but the Lord directeth his steps. Proverbs 16:9.

Washington Calling

Painful Lesson Of Presidency

By MARQUIS CHILDS

WASHINGTON—President Kennedy's State of the Union message was proof that he has learned in one short and crowded year the painful lessons of the Presidency. But it was proof, too, of his capacity to adjust his strategy to the stern exigencies of the most difficult office in the world.

Behind the traditional claims of achievement that such a document invariably contains was the clear realization of how rough and how steep is the road ahead toward the goals the President has set. The measures he cannot persuade the present Congress to adopt, and he left little doubt on this score, he will project into the Congressional campaign in the fall.

He seemed to be saying, in short, that there is a time to pause, to appraise and assay, and a time to fight. This means means—that with the almost-certain defeat of Federal aid to education, with the exception of a possible loan program for colleges, and with the likely failure of a medical care program, he will have to go to the country in September and October with unqualified zeal and conviction. His message is in a sense a pledge to do just that, since if he can afford to wait and see through this session of Congress he cannot indefinitely ignore the demands of leadership on the issues that helped him in the first instance to gain election.

THERE HAS been criticism that the President did not invoke the rhetoric of passionate appeal in an effort to move Congress to follow his lead on the controversial measures. Or if not the Congress, it is being asked, then the people who might respond by calling for action from their re-elected representatives in Washington. The Republicans dismiss the message as a shopping list, which is a traditional phrase of contempt from the opposition on such occasions.

The absence of rhetoric—the kind of rhetoric conspicuous in the President's utterances a year ago—is significant for more than one reason. It is not merely that, as a realist, he knows too well that members of Congress are rarely if ever swayed by rhetoric. But in his year in office he has come to understand the perils of rhetoric and, above all, in foreign policy.

IN ONE of the most significant and generally overlooked passages in his speech, he spoke of how events in Africa, the Middle East and Eastern Europe teach us never to write off any nation as lost to the Communist camp. We support, he said, the independence of those newer, or weaker, states whose history, geography, economy or lack of power impels them to remain outside "entangling alliances"—as we did ourselves for so many years.

"For the independence of nations," he said, "is a bar to the Communists' grand design—it is the basis of our own."

With the understatement of what might almost be called a new Kennedy style that is an important declaration of policy. It is especially significant in view of the resentment in the White House over the charge that the Administration lacks a grand design.

WITHOUT BENEFIT of trumpeting rhetoric there has been a significant change of direction. The Eisenhower-Dulles determination to line up every country in the world as red or white has been quietly abandoned. They are not all red or all white. But, as the President's words imply, they are—many of them in a newly independent status—of varying shades of gray or pink. The virtuous whites, under the Dulles thesis, were to be shepherded into pacts and made to triumph over the wicked reds.

Last February the Kennedy Administration seemed about to compound the errors of the previous Administration by sending troops into Laos. The folly of earlier Laotian policy had been to brush aside a neutral solution under the illusion that Laos could become a "bastion" of the free world against communism.

OH, DOCTOR!

THE WASHINGTON MERRY-GO-ROUND

Favoritism Charged in SS Savannah Operation

By DREW PEARSON

WASHINGTON — The biggest prize in the shipping world in the last four years has been the operation of the first atomic merchant vessel ever built, the Savannah. Every qualified shipping line in the United States has wanted to get it.

It ended up, through a mysterious set of circumstances, in the hands of States Marine, which operates a large number of foreign flag ships manned by foreign crews, but which happens to be in partnership with John A. McCone, who at the time the Savannah contract was let was chairman of the Atomic Energy Commission.

McCone is now up for confirmation to be head of the all-important Central Intelligence Agency, and a long set of circumstances put him in the position of having favored close business associates, such as the Henry Kaiser interests, when he has been in government.

The inside facts in the award of the SS Savannah to the States Marine line, which has a working partnership with McCone's personally owned Joshua Hendy line, are hitherto unpublished.

In the spring of 1958, as seven steamship lines applied to operate the Savannah, Clarence Morse, then maritime administrator, appointed a special selection board of maritime experts to recommend the most qualified. They included: Graydon Andrews, maritime general counsel; Paul Sullivan, chief of ship operation; Richard P. Godwin, chief of nuclear projects; Elmer Meltz, chief of the office of government aid; James Pinner, in charge of congressional liaison; and William Niedermaier, acting chief of research and development, all career maritime officials.

"When I asked Secretary Louis Rothschild, now retired, why he reversed the board of experts," he replied, "There had been too much lobbying."

He did not elaborate.

"But States Marine chiefly operates foreign flag ships," I pointed out. "The Savannah is to be the pride of the U. S. Merchant Marine. Did John McCone talk to you about this?"

"No," protested Rothschild emphatically. He added that one of States Marine's subsidiaries operated under the American flag.

"Besides," he said, "the House Merchant Marine Committee completely approved our decision."

Cong. Herbert Bonner, North Carolina Democrat, chairman of the House Merchant Marine Committee, told a different

story. He had introduced the bill authorizing an atomic merchant vessel.

"We never approved their decision," denied Rep. Bonner. "They came down here and told us what they were going to do and that was that."

MORSE HAD talked about putting the Savannah in the hands of different companies — the U. S. lines in the Atlantic, the American Export Line in the Mediterranean, Moore-McCormack in Latin America, and the American President Lines in the Pacific.

"But Sinclair Weeks," the secretary of commerce, was calling the shots. He came before our committee and told us that States Marine was going to get the Savannah. There must have been a terrific lot of influence used to give this to States Marine."

Whatever influence may have been used probably took place before John McCone took office as Atomic Energy Chairman. He was confirmed on July 9, 1958, and the Savannah contract was awarded on July 25.

A busy Senate paid little attention to all this. Only one congressman, Bonner of North Carolina, "father" of the SS Savannah, challenged McCone's apparent conflict of interest. In a speech on the House floor, Aug. 21, Bonner said:

"AT THE TIME of his nomination for the Atomic Energy Commission post, Mr. McCone was engaged in a very active partnership with Mr. Mercer, the head of the States Marine lines. . . . The nomination hearings before the Senate . . . on July 2 do not go into detail except to show that Mr. McCone has divested himself of his control of the two shipping corporations to the extent of placing his stock in them in an irrevocable trust with the trust department of the California Bank of Los Angeles."

"I have no concern with the arrangements made by Mr. McCone to meet the technical requirements of the law in regard to the difficult problem of avoiding conflicts of interest faced by so many able and successful businessmen when called to public service."

"However, the facts concerning the intimate business relationships which have existed between Mr. McCone and Mr. Mercer raise certain obvious questions when we seek to find the answer to the apparently illogical assignment of the nuclear ship Savannah to States Marine lines by the Department of Commerce and the Atomic Energy Commission."

RELIGIOUS WEEKEND
CINCINNATI (AP) — Juvenile Court Judge Benjamin Schwartz has organized an experimental religious training program for young offenders.

Each weekend groups of 15 to 20 boys are sent to nearby church camps where they spend Saturday in a work and recreation program and Sunday morning in church services.

When the youths return Sunday afternoon they and their parents are counseled by workers of the local council of churches, the Salvation Army and the Catholic Archdiocese of Cincinnati.

Plans are under way for a similar program for girl offenders.

Letters TO THE EDITOR

Takes Issue With Goldwater's Views

To the Editor:

Barry Goldwater's column of Jan. 10, 1962, in his defense of the conservative philosophy against the accusation of maintaining the status quo, uses examples from history to support his argument.

Goldwater states that Thomas Jefferson is a conservative—this takes a long stretch of the imagination. True, Jeffersonian Democracy in relationship to our time is conservative. True, Jeffersonian thoughts on states rights are one of the beliefs of modern conservatism.

Considering Jefferson in his own time, however, his beliefs and actions in his own period and his relationship within the varying philosophies of that period could hardly be called a conservative one. Alexander Hamilton's idea of strong central government, nearly a monarchy, was politically far right. Benjamin Franklin's conciliatory manner was middle of the political road. Thomas Jefferson would then fall somewhat to the liberal left. Thomas Paine would be the radical liberal.

How then does Goldwater call Jefferson a conservative, is it by relationship to our liberal times? Perhaps we could even call Goldwater a liberal in relation to George Washington and his time, but few people would be convinced.

Goldwater then mentions Theodore Roosevelt as another example of a progressive conservative. Goldwater must have forgotten that his party, the Republicans, refused to support Theodore Roosevelt because of his liberal views—causing a split in the Republican party when Roosevelt ran as an independent. How can Goldwater call Theodore Roosevelt a conservative considering this?

I think Goldwater imposes on the public through his column by the use of such questionable statements. Goldwater may be legally correct in his usage by qualifying how he considers them conservative, but by implying that their political philosophy is conservative is a gross injustice.

I think this technique, attaching conservative to great names of the past, is for use in propaganda and not appropriate for journalism. Is Goldwater's intention to gain supporters through this column by the use of propaganda techniques?

Goldwater states also that it is fuzzy thinking and inaccurate description which leads to confused ideas of what a conservative is and then makes use of such controversial supports for his clarification or proof of progressive conservatism.

The Winona Daily News by printing such dubious material as this column must bear some responsibility to this type of shoddy journalism. It is the newspaper's authority to print Goldwater's column so it must be their accountability for the column whether it be good or bad.

How do I stand, sir? I stand on integrity—if an argument must be supported by use of half-truths or double meaning words, or unusual support of stated fact, this distorts truth. The argument may be true, but one becomes suspicious because of the methods used to support said argument. I am convinced the able politician from Arizona is blinded to some of the facts by his strong emotional conviction of conservatism.

I heartily agree with Mr. Goldwater's denial of conservatism always supporting the status quo. He would only support it if the status quo was conservative. When the status quo is liberal or even middle of the road the conservative would fight.

Our Country Is A Republic

To the Editor:

There are some good letters in this column at times. I was glad to see one by a young Rushford girl on communism from within our country.

Our generation has let her generation down by being asleep and allowed our country to get into a rut. She had a fine letter except for one thing, she made a very common mistake by calling our country a democracy. A democracy has majority control, which is too closely related to mob rule.

This is a republic. The founders of our country believed in the book of rules, provided by the people who created the world. We the people are not smart enough to run things on our own we must get back to Christian laws.

reformation of the church. I had great hopes a few years ago, when the Ministerial Association was formed at Winona, it looked as if the clergy was going to stand together and try to get us back on the right track. They must have met some stiff-necked people that took the steam out of them right at the start.

We must be taught to hate no human being. But, we must hate deceit, oppression, bondage and tyranny.

Keep up the good work Miss Miller, but I warn you it is no easy task. You can expect ridicule, hindrance, character assassination first to get it.

Only You Can Express Your Opinion

To the Editor:

Next week, on Jan. 23, the Federal Communications Commission reopens its hearing in Washington on network programs practices. The top executives of the three networks will be here trying to explain their reasons for the continued and increasing use of sex and violence in TV programming. They will be asked to explain one show in particular.

The Dec. 3 episode of the hour long Bus Stop series entitled "A Lion Walks Among Us" was so lurid it sickened even sophisticated shock-proof New York, Los Angeles and San Francisco columnists who commented as follows: (See Dec. 23-29 issue of TV Guide) "An hour of dark and sordid ugliness."—Jack Gould, New York Times

"A sleazy, nasty, sex-laden slice of sensational trash reminiscent of the worst in drugstore fiction."—Cecil Smith, Los Angeles Times

"The adults who conceived this cheap drama to make a fast buck are despicable."—Terrence O'Flaherty, San Francisco Chronicle

The star of this show was Fabian, a teenage favorite, and even if you didn't happen to see the show there's a good chance your teenager did.

The top executives whose final decisions okayed this piece of filth and set the moral tone for all TV programs "loved it" and wanted it to be the opening show of the season. Three sponsors objected, and refused to sponsor the story because of its indecent theme; 15 to 25 affiliate stations, including the station in Fabian's home town, refused to carry the show after seeing it on closed circuit. Finally, without sponsorship resulting in a loss of \$130,000 in fees to the network they got the show on.

Public opinion is a powerful weapon. Never will public opinion carry as much weight as it will now at this hearing when these network officials are called to account for their flagrant misuse of your airways. Only you can express your opinion, and never was your opinion more invited or more important.

The address is: Newton N. Minow, Chairman, Federal Communications Commission, Washington, D. C.

POMEGRANATE COMEBACK

TALLAHASSEE, Fla. (AP)—The pomegranate, a once-popular but now rare fruit, may be about to stage a comeback as the perfect fruit for fall-out shelters.

This pear-sized Asian fruit brought to America by colonists must be picked apart, piece by tedious piece, to be eaten. It takes a long time to polish one off, and that may have been the cause of its decline in popular esteem.

But now the Florida Agricultural Extension Service, albeit tongue in cheek, is recommending pomegranates for fallout shelters—the bush to screen the entrance, and the fruit for nourishment and make-work.

Educators in State Split on Federal Aid

ST. PAUL (AP) — That educators still are widely split over the subject of federal aid to education was proved as two of them addressed the Minnesota School Board Association Tuesday night. Matthew Sutherland, vice chairman of the New Orleans School Board, told delegates the issue centered on whether schools were to be controlled at local levels or by "dictation from the federal level."

Opposing that view was Dean Lyman Ginger of the Kentucky College of Education, who said he wasn't fearful of federal control following in the wake of federal grants. "Why is it all right to lay a piece of concrete on the ground, with the use of federal money, and drive cars over it but not all right to place that concrete on edge, put windows in it, send children to school in it and use federal money to pay the bill?" queried Ginger. Honored as the outstanding school board member of the year

was Dr. Gordon M. Lee, engineer who has served as president of the Red Wing board for 11 of the 12 years he has served on it.

Two Gunmen Rob Hollywood Church

HOLLYWOOD, Calif. (AP) — Two gunmen in business suits and porkpie hats robbed the First Presbyterian church of more than \$1,000 Tuesday night. Nearly 200 persons were attending "new members' night" on the floor below when the robbers entered the church's business office and forced the business manager, Robert Bruce Young Jr., to open the safe. They carried automatics, and one stood guard in the doorway while the other rummaged through cash boxes with his gloved hand.

Tornado Strikes North England

LONDON (AP) — A tornado, rare in Britain, struck northern England Wednesday injuring several persons. Violent squalls accompanied the twister spread to Scotland, where an American woman was killed.
The tornado swept in from the Irish Sea and hit the town of Eghon, leaving 57 persons homeless. While the tornado's path was only two miles long, accompanying storm winds with up to 70 miles an hour spread destruction over a much wider area.
Mildred Whitaker, American wife of a U.S. naval lieutenant at the Polar submarine base in Scotland, was killed when the storm uprooted a 50-foot tree and toppled it across her car.

Bishops Ask Death Penalty Be Abolished

LONDON (AP) — Bishops and archbishops of the Church of England called Wednesday for abolition of the death penalty or at least its suspension for five years. They also urged the government to introduce a bill providing compensation for the relatives of murder victims.

Children's Treasure Hunt — Clue No. 4

You'll need a little money—but not much—for this fourth clue in the Winter Carnival children's scavenger hunt.
One shiny new penny is required. Just put in a small container together with the other scavenger hunt clues: A picture of Miss Judith Haverd who ruled as Miss Snowflake of last year's Winter Carnival and a picture of one of this year's queen candidates. The pictures may be clipped from re-

Goldwater Urges Labor to Delay Wage Demands

MUNCIE, Ind. (AP) — Organized labor should wait for new wage increases until production can catch up, Sen. Barry M. Goldwater, R-Ariz., said here Wednesday night.
Speaking at a Junior Chamber of Commerce banquet, Goldwater called for mature thinking by both labor and management. He urged a halt to "unearned wage and price increases" which he said could bring only harm to the national economy.
Goldwater said such increases cannot be stopped by government order.
"There should be no tampering with the unions' right to bargain," he said.

Senator Claims Reds Switch To Suit Case

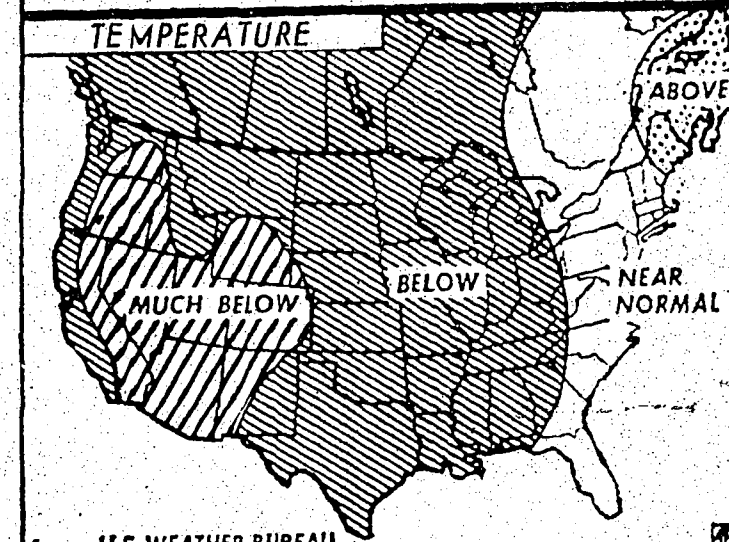

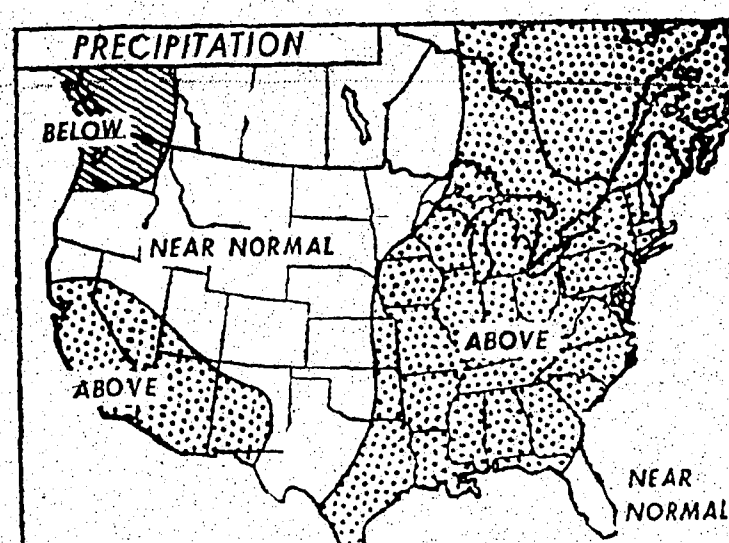

By JOHN CHADWICK
WASHINGTON (AP) — "Like the zebra which has a day and a night bark, the Communists are using different languages to suit their audiences," a Senate study said today.
The study, entitled "Wordsmanship, Semantics as a Communist Weapon," was published by the Senate Internal Security subcommittee. It was prepared by Dr. Stefan T. Possony, director of international studies of the Hoover Institution, Stanford, Calif.

"The weapon of words is more subtle and less immediately destructive than nuclear bombs," Possony says, "but, just like the winds and the seas which can hollow out the hardest rock, it has the power of eroding society."

In condensed form, here are examples Possony listed of how he thinks different meanings are attached to the same words by Americans and Communists:
Capitalism—To Americans, the free enterprise system. To Communists, a system in which a few property holders have absolute rights, make the laws to please themselves and maximize their profits, and exploit the toiling masses.

Democracy — To Americans, lawful government of the people, by the people, and for the people. To Communists, a one-party system is consistent with the "higher type" Communist democracy and American democracy really is capitalist dictatorship.

Imperialism—In Western usage, empire building. To Communists, military occupation, denial of democracy, and economic exploitation by the Soviet Union of Eastern European nations is "liberation" and imperialism is exploitation of colored people.

30-DAY FORECAST... Weather in Minnesota will probably bring below normal temperatures in the next 30 days, according to the Weather Bureau. Precipitation will vary, but will be near normal in most of Minnesota, North Dakota and South Dakota. Above normal precipitation is expected in most of Wisconsin and Iowa.

Congo Warned to Control Soldiers

LEOPOLDVILLE, the Congo (AP) — The United Nations says it is up to the Congo central government to bring under control

rampaging Congolese troops who massacred 18 or 19 white Roman Catholic missionaries in the North Katanga town of Kongolo.
A spokesman said the U.N. has no troops anywhere near the area being terrorized by troops who reportedly were sent there by pro-Communist Antoine Gizenga in his recent bid for power.

Eau Claire to Receive \$228,000 in Federal Funds for New Armory

EAU CLAIRE, Wis. — An estimated \$228,000 in federal funds will be used to assist in building a new Army National Guard armory here.
It will be a two-unit-plus armory and motor vehicle storage building. The state already has acquired the title to the site.

Brasilia, Brazil, is in the state of Mato Grosso. The state's name means "big woods," but less than half of it is jungle. Much of it is grassland.

Now exclusive miracle mixer brings you really better bread!

NEW, IMPROVED BATTER WHIPPED SUNBEAM

Copyright, Quality Bakers of America Cooperative, Inc., 1939

Why we took the secret from your own kitchen

You know that mixing at high speed, rather than by hand, turns out far better whipped cream. So we perfected the same high-speed method for making Sunbeam Bread. No more beating mountains of dough the slow, old-fashioned way! New Sunbeam is whipped like cream. The result is truly new and better bread.

Mixing in small batches—the key to smoothness

The batter is whipped a little at a time—as you would in your own kitchen. That's the best way to get the extra smoothness so essential to eating enjoyment. Regular bread mixed a ton at a time can't compare with new Sunbeam for uniform texture, flavor and lasting freshness.

Miracle mixer blends perfectly to bring out flavor

Our exclusive mixer mellows the batter more thoroughly and quickly than under regular mixing conditions. The fine ingredients are blended into a completely uniform mixture. You know how much thorough mixing adds to food flavor and goodness. See the difference yourself! Taste that delicious Sunbeam flavor!

COMPARE

Look...Feel...Taste...Toast

It's better because it's BATTER-WHIPPED

Just one look...and you'll see the difference—the fine, smooth texture...the perfect slices from one end of the loaf to the other.

Just one bite...and you'll discover Sunbeam's tempting flavor. Yes, Sunbeam tastes as good as it looks. You'll discover, too, that it toasts to a rich, golden-brown...that it stays fresher longer.

You'll be pleasantly surprised that Sunbeam is such an improvement over regular bread. Our miracle mixer makes Batter-Whipped bread possible...and *only* Sunbeam has it.

If you're not using new Sunbeam, make your comparison today. Convince yourself that Sunbeam is really better bread!

A. E. Dworschak, Wife Honored on 60th Anniversary

ARCADIA, Wis. (Special)—Mr. and Mrs. Anton E. Dworschak observed their 60th wedding anniversary Sunday afternoon at their home with their immediate families.

Mr. and Mrs. Dworschak were married Jan. 14, 1902, at St. Peter and Paul Catholic Church, Independence, the late Rev. Andrew Gara performing the ceremony.

Attendants were Mrs. Emma Theisen, Independence, and Mrs. Barbara Bauer, West Bend, Wis., sisters of Mrs. Dworschak, and the late Peter Dworschak and the late Anton A. Dworschak.

FOLLOWING their marriage the couple farmed in the Town of Dover, near Waumandee. They retired in March 1946 when they moved to the city of Arcadia. Mrs. Dworschak is the former Miss Annie Tescher, who was born Jan. 28, 1880, in the Town of Montana. Mr. Dworschak was born Jan. 23, 1874, in the Town of Montana. They are members of the Our Lady of Perpetual Help Catholic Church.

The couple has six children, Mrs. Myron (Gertrude) Schaefer, Arcadia; Mrs. Roy (Marcelline) Essler, New Brighton, Minn.; Mrs. Roy (Marcella) Bae-wald, Pewaukee, Wis.; Arthur and Rudolph of the Waumandee area, and Roy, Arcadia. They have 22 grandchildren and 21 great-grandchildren.

An anniversary cake centered the dining table, which was presented to the couple by their grandchildren.

Education and Travel Topic of Education Society

"Professional growth in education is possible through travel," reported Miss Marion Davis, foreign language instructor at Winona State College, Tuesday evening when she spoke to Kappa Delta Pi in the faculty lounge of Winona State College. Gamma Tau is the local chapter of Kappa Delta Pi, national honor society in education.

Describing her travels in France during the summer of 1960, Miss Davis discussed the various well-known places she had visited such as Notre Dame Cathedral. While in Europe she visited a French girl who had attended the College of Saint Teresa and had studied art from Miss Floretta Murray, art instructor at WSC.

"FRENCH people speak English exceptionally well," commented Miss Davis. In addition the French people seem to be witty, unsentimental and very intelligent, observed Miss Davis.

Highlights of her speech were colorful slides that pictured the various centers of interests in France. After her talk Miss Davis showed the film Voice La-France.

Following Miss Davis' comments, lunch was served.

Officers of the organization are Miss JoAnn Horton, president, St. Paul; Miss Karen Benning, vice-president, Winona; Miss Margery Rand, secretary, Winona; James Mollinger, treasurer, Stillwater, and Miss Phoebe Beggs, historian, Red Wing. Faculty adviser is Miss Floretta Murray.

Norma Anderson Named DAR Winner

BLAIR, Wis. (Special)—Norma Anderson, daughter of Mr. and Mrs. Norman Anderson, rural Blair, and a senior at Blair High School, has been chosen as the 1962 DAR winner.

Norma was selected by the faculty on the basis of dependability, service, patriotism and leadership. She has been a member of the band, chorus, FFA four years and this year.

Norma serves as FFA president. She represents the National Honor Society on the student council and is a member of the Girls Athletic Association. She was a home coming attendant last year.

Norma is active in church and community life as well. A member of Faith Lutheran Church, rural E. Trick, she has been a vacation church school teacher and is a member of the Sunday school Bible class. She currently serves as Sunday school treasurer, has been Luther League secretary and the Hi-League at present. Norma attended the National Lutheran League convention last year at Miami, Fla. She has been a member of the High Happy Harvesters 4-H Club eight years.

Student Guest Speaker for EUB Women

Miss Leyla Cecilia Zummaga, Cortagena, Columbia, South America was guest speaker at the Women's Society of World Service at Evangelical United Brethren Church Wednesday evening. She stated that there are three social classes in her home, the rich, the middle class and the poor. Spanish is the predominant language. The majority of the people are Catholic although in Cortagena there are five Protestant churches. Higher education is for the rich and middle class. There is no public school system as there is in the U. S.

COFFEE plantations are many, and coffee is the main export. Miss Zummaga said the weather gets cold in Columbia, but the first snow she had seen was in Winona this winter.

Mrs. Bryle Tschumper had charge of the program, "Getting to Know our Neighbors of Latin America." Mrs. George Kratz announced that World Service Day will be Feb. 4. All circles will join for their next meeting at the church to make quilts to be given to the church benevolent homes.

Hostesses were Mrs. A. C. Fleming and Mrs. Reuben Kaste.

CARD PARTY

Women's Relief Corps will have a card party at the Eagles Hall Jan. 25 at 2 p.m. Lunch will be served and prizes will be awarded at each table.

Special Education PTA Elects At Whitehall

WHITEHALL, Wis. (Special)—A PTA for special education was organized for Trempealeau County at the courthouse here Tuesday evening, with Roy Webster, York, elected president. Wayne Allenang, Whitehall, was elected vice president and Miss Ellen Loomis, secretary-treasurer. Miss Loomis is teacher of the special education room in the North Branch School, Town of Hale.

The officers will select the membership, program and refreshment committees for the coming year. The group will meet the third Monday evening of each month through the school year in the old highway office in the courthouse. Anyone interested may join. Name of the group will be selected in February.

GEORGE Heinemann, principal of Central High School, Eleva-Strom, spoke. He said first to be considered is why the child is a slow learner and then determine what can be done to help him, the objective being to fit the child into society.

Teachers in special education rooms work with physical development, personal traits, and arts and craft. He urged parents to cooperate with the teachers.

Heinemann attended Colorado State University two years ago and worked with the special education department there.

Mrs. Lily Reich, Trempealeau County superintendent of schools, presided at the meeting.

Helyn Kroening Plans Wedding

TAKE CARE OF YOUR HEART

Snow Shoveling Can Kill You

By WILLIAM C. OWEN

WASHINGTON (AP) — Today, this winter, you may throw your life away. Or, to put it precisely, shovel or push yourself into the grave. It probably won't be easy to do: you'll have to put your heart into it—literally.

But you won't be expecting it, or you wouldn't be shoveling snow, pushing a stalled car out of a snowbank, climbing up a snow-mantled hill toward the deer stand, or doing one of a dozen other strenuous activities in the snow.

For snow-crystallized water vapor — is bringing death to many persons — death by heart attack, and at times, by stroke.

That's the warning the American Heart Association has for you this winter, especially if you're one of the nearly 55 million Americans over the age of 40.

To stay alive, don't overexert yourself in snow. That's the first rule, the association says. During last week's big storm more than 50 deaths were attributed by authorities to overexertion in shoveling snow, car pushing and similar activities.

"Don't let winter be your Waterloo," says Dr. John W. Latimer Jr., president of the Washington Heart Association.

Approach snow-handling with common sense, and first get a health and heart check, he says. Don't, for example, try to push your stalled car out of a snowbank singlehanded. Don't tackle the job of snow shoveling with the vigor of a teen-ager, unless you are a teen-ager, and healthy one at that.

People are lured to their deaths because snow looks innocent enough, says Latimer's association.

A physiologist has calculated the energy cost of shoveling snow with the usual 5-pound shovel.

the snow can cause death by cerebral hemorrhage (stroke), but heart attacks are the big killer. He makes these other points— "If you have heart disease (whatever your age), don't shovel snow without your doctor's approval. "It's better to shovel before eating or wait an hour after eating. "Never shovel to the point of exhaustion. "When you shovel, lift with your entire body, letting your back and legs share the hard work with your arms. "Probably the best piece of advice: hand the snow shovel to an ambitious youngster and go to the nearest skating pond for your exercise."

Train Slices Truck in Two

KANSAS CITY, Kan. (AP)—A passenger train sliced through a big grain truck so deftly Tuesday the driver of the truck and his helper hardly felt it.

Gene Wilson, 29, a trucker from Sterling, Colo., said there was a sudden drag after his tractor crossed the tracks. He and Cliff Radcliff, 30, got out to investigate and found a Missouri Pacific train standing between the front half of the grain trailer and the rear half.

Plumbing fixtures received the worst clobbering. Repairs have cost about \$1 million and plumbers say they still have about 4,000 calls to go.

Mobile Damage From Cold High

MOBILE, Ala. (AP) — Last week's record cold wave sent the temperatures in Mobile down to 7 degrees and damage costs up to \$1.75 million or more.

School Boards Vote Down Plea For Bus Use

ST. PAUL (AP) — The Minnesota School Boards Association is reiterating its stand against federal aid to education and the use of public funds for transportation on non-public school pupils.

The 350 delegates shouted a voice vote against both propositions late Wednesday as they closed their annual meeting here. Efforts to soften the two resolutions also were turned down.

Among other resolutions, delegates approved: Support for constitutional amendments which would consolidate state trust funds and raise the state debt limit.

Calling upon local school boards to insure that teachers attend the annual two-day meetings of teacher organizations.

A move which would call for all school areas to be incorporated into districts with high schools by Jan. 1, 1965.

Gordon Blumie, 55, Verndale rural mail carrier, was elected president at the final business session with George Hackett, 53, Waseca, named as vice president.

Glen Connell, Sauk Centre, and James Jacobs, Fertile, were added to the board of directors.

Ettrick Lumber Renames Officers

ETTRICK, Wis. (Special) — Officers and directors of the Ettrick Lumber Co. held their 44th annual meeting Tuesday.

Officers elected include: E. O. Runnstrand, president; Henry Solberg, vice president; and Arthur Olsdahl Sr., secretary-treasurer.

Directors are Runnstrand, Solberg, Olsdahl and Ole Mustad, all of Ettrick; Arthur Zenke, Galesville; and Stanley Nelsestuen and Henry Larson, both of Whitehall. Auditors are Mustad, Runnstrand and Zenke.

Olsdahl is yard manager and Helmer Thompson is employed at the yard.

Hospital Fund Head Named At Whitehall

WHITEHALL, Wis. (Special) — Fred Gardner, Whitehall, Trempealeau County conservation warden, will be general chairman of the forthcoming Community Hospital building fund program.

Appointment was by hospital board of directors. Gardner is on the board of trustees.

Plans for the fund campaign are well under way, according to Gardner. During the past 10 days he has received division and sectional chairmen from the three-county area of Buffalo, Trempealeau and Jackson.

"I've had wonderful response to calls for leadership," he said. "Those I've contacted to serve as chairmen seem fully aware of the new hospital needs and are more than willing to help with the campaign. It is most gratifying."

The campaign office, located on the second floor of the courthouse adjacent to the old courtroom, opened last week. Desks, chairs, typewriters, telephones and reams of paper have been supplied. Although the actual campaign will not take place until March, many weeks of planning and preparation are required.

The new hospital will have 40 beds, complete with surgical and maternity facilities. It will feature the most modern medical equipment available. It also will have an outpatient service and will, in the words of Hospital Administrator Wayne A. Lemang, "truly be a community health center."

The present building was built in 1917 and does not meet today's needs he said. Regulations by the state Board of Health, Industrial Commissions and other agencies make it impossible for the present hospital to continue as such.

Gardner, in expressing confidence in a successful drive for a new hospital, said "After all, you can't put a price tag on human life. The question isn't should I help, but how much should I help."

Mothers to March At Houston Jan. 29 In Dimes Campaign

HOUSTON, Minn. (Special) — A mothers' march for the New March of Dimes campaign will be held here the evening of Jan. 29, according to plans made by Mmes. R. B. Milne, C. S. Johnson and Russel Forsyth, the committee.

Appointed by Mrs. Martin Ellefson, president of American Legion Auxiliary, and Mrs. Hazel Olson, campaign chairman, they appointed 37 block chairmen to make the solicitations. They met at the Ellefson home.

March of Dimes mailers totaling 2,351 were stuffed by Junior Auxiliary members at the home of Mrs. Olson. They were placed in the post office Monday morning and distributed to every rural boxholder in Houston County Tuesday.

Among the girls assisting with the stuffing were Maura McCune, Mary Bremseth, Hallie Briggs, Kristie Hendrickson, Heather McCune and Betty Hendrickson.

Scouters Hold Planning Session

ROCHESTER, Minn. — About 175 Scout leaders of the Gamehaven Boy Scout Council held their bi-annual planning session here Wednesday evening.

George Hedrick, deputy regional Scout executive of Region X, discussed the opportunity in 1962 of reaching an ever-increasing number of boys.

He also spoke on several regional highlights occurring this year, including a financial, camping and activities clinic at Minneapolis Feb. 14 and the Region X annual meeting in the Mill City April 27-28.

The Scouters then divided into seven different meetings to plan a program of action for 1962. These groups and their chairmen were: Finance, Luke; Commissioners, Clifford Johnson, Rochester; Organization and Extension, Lloyd Knutson, Chatfield; Exploring, Dr. Robert Oelslager, Rochester; Camping, Dr. John Ulrich, Rochester; Advancement, Charles Pavlish, Chatfield, and Health and Safety, Dr. Edward Burke, Rochester.

The group meetings lasted one hour and were followed by a general assembly. Reports of findings during Boy Scout Week, Feb. 7-13,

were given and a summary presented by Roy R. Butler, Scout executive, Gamehaven Council.

Ralph Stemp, Chatfield, Eagle Explorer and the council's representative to the Governor's Day program to be held in St. Paul during Boy Scout Week, Feb. 7-13,

conducted the closing ceremony. The group met at the IBM plant, which was toured.

GIFT FOR NURSING HOME . . . Harold Rolfe, left, adjutant and finance officer of Joseph B. Lund American Legion Post, Mabel, Minn., and Commander Robert Bacon present a \$2,104.06 check to Kenneth Herzog, village clerk, right, to play for the main dayroom at Green Lea Manor. Other donations this week of \$150 from Kittelson-Ongard VFW Post and \$100 from its auxiliary bring the equipment fund to \$11,804.06. Cost of furnishings and medical supplies totals \$23,000 and was not covered by the bond issue. First two residents of the home are Henning Rotvold, 96, and Leander Kittelson, 79, both of Mabel. Committees Set By Spring Grove Village Council

SPRING GROVE, Minn. (Special) — At the Council meeting Monday evening the following were appointed to serve on committees for 1962:

General government, entire council; hospital and library, Alfred Sylling and Gordon Goodno; parks and recreation, Goodno and Mayor B. A. Ongard; planning and zoning, Goodno, Sylling and Ongard; public safety, fire department, traffic, police, health, etc., Carlton Trehus and Robert Hillman; public utilities—electric, water, sewer, Trehus and Ongard; public works—streets, alleys, trucks, etc., Trehus and Hillman; swimming pool, Sylling and Hillman, and sewer project, plant and extension, council.

Ongard State Bank was named official depository and Spring Grove Herald, the official paper. The council hired Carlyn Doely as village policeman, replacing Olaf Peterson, who retired Jan. 1. Doely formerly was employed at the village dispensary. Lyle Buxengard has been hired to replace Doely there.

He Lets Bride Pick Best Man

By ABIGAIL VAN BUREN

DEAR ABBY: How do you pick a "best man" for a wedding? I always thought the best man should be the groom's best friend. My son grew up with a certain young man in this town, and those boys were like brothers. That fellow was in my home as much as he was in his own. He is getting married and I know my son felt hurt when he wasn't asked to be best man. The "bride" asked her fiancé to ask her brother (whom he doesn't even know) to be best man because he is six feet two and will look better in the bridal party than my son, who is five feet six. Can you beat that? I'd like your comments. VERY VERY HURT

DEAR VERY: A man who lets his bride select his best man is starting down the aisle on the wrong foot. Look for a double-ring ceremony — one for HER finger, the other for HIS nose.

DEAR ABBY: The other night my husband and I went to a party. The daughter of a very respected couple in town consented to baby-sit for us. We paid her the standard sitter's wage. Imagine my annoyance when I returned home and found that this teen-ager had spent the evening looking through my drawers, closets, correspondence, bank statements and other personal items.

The children were well taken care of, Abby, and nothing was missing. But I would like to know what makes a child from a good home behave like a sneak and peeping Tom the minute she is left alone in another person's home.

DEAR UTTERLY: A combination of curiosity and immaturity causes people to snoop. This weakness is not limited to teen-agers. Many adults are similarly afflicted.

DEAR ABBY: I snore very loudly. My husband has become used to it and he wakes me up only when it is so bad it shakes the bed. That hasn't happened very often.

My daughter, who lives in another city is going to have a baby real soon, so I am going down to be with her. She has never been able to stand my snoring. Her house is small, and even sleeping in the next room doesn't help, as I can't stay awake next door heard me snore. What shall I do? I can't stay awake all night. And I don't want to keep my daughter up. If I get a room somewhere my daughter's feelings will be hurt.

DEAR SNORER: See an eye, ear, nose and throat doctor. Perhaps you have an obstruction that can be corrected. If not, I recommend beeswax ear plugs for those within hearing distance of your trumpeting.

DEAR ABBY: My problem is lending clothes to my girl friends. I am 16 and have very nice clothes. All bought for me by my very generous parents. A few months ago a girl asked me if she could wear one of my sweaters. I let her wear it. When she didn't bring it back, I asked her for it. She told me she had already given it back to me. (She didn't.) Another girl asked to wear my stiff petticoat. I let her, and then she told me she rang my door bell and no one answered, so she left it on the porch. (I never found it.) Now another girl wants to wear my car coat to a football game out of town. Should I punish this girl because the others were dishonest and tell her no? My parents refuse to replace what I've lost through lending. TOO EASY

DEAR TOO EASY: Since you appear to have rather poor judgment in sizing up your "customers," you'd be wise to lend nothing. It's frequently the nice people who must suffer because the not-so-nice ones abuse friendships.

CONFIDENTIAL TO B. C. C.: Marriage is like politics. You are too old for it only if you THINK you are.

Abby

Credit Buying May Be Down, Tust Reports

A possible decline in 1961 credit buying in Winona County compared with 1960 was indicated today by a comparison of the estimated number of chattel mortgages and conditional sales contracts filed with County Register of Deeds Rollie D. Tust.

In 1961, 4,020 chattel mortgages were filed — 564 under the 1960 total of 4,584. In 1961, 2,412 conditional sales contracts were filed — 1,354 under the 1960 total of 3,766.

A person buying an item on time — or making a loan — may pledge personal property through a chattel mortgage to assure he will pay for the item or loan. A conditional sales contract is for installment buying. If the buyer doesn't keep up his payments, the seller can repossess the item sold under the contract.

However, there are some variables involved in a study of Tust's totals for conditional sales contracts and chattel mortgages filed. Filing such papers with Tust is optional. Thus an undetermined number of these documents is not filed. Chattel mortgages involve not only credit buying but loans. In addition, the figures for filed documents are estimates — annual averages based on a spot check Tust made for documents actually filed in April of 1960 and 1961.

Galesville Church Sets 3 Speakers

GALESVILLE, Wis. (Special)—Three speakers and a vocal quintet will appear at the annual fellowship services at the Assembly of God Church here Friday afternoon and evening, the Rev. James Treu has announced.

The Rev. W. W. Shaw, pastor of Winona Assemblies of God Church, will speak at 3:30 p.m.; the Rev. Jacob Schneider, Elroy, Wis., will speak at 6:30 p.m. following a supper, and the Rev. James Rapp, River Falls, Wis., will speak at 7:30 p.m.

The youth group known as the Christ Ambassadors will participate in the supper session. Among the students who will appear in the quintet is Edric Babulal, native of Trinidad, West Indies, who is a freshman at Winona State College taking a pre-medical course.

Pastor Schneider was captured by the Russians as a citizen of Yugoslavia. He spent 2 1/2 years in concentration camps. His father was in Germany. His mother and four younger children escaped to

West Germany where they were united.

After his escape, Rev. Schneider came to Wisconsin, sponsored by the First Baptist Church of Sister Bay, Wis. He attended North Central Bible College, Minneapolis, and since graduation has served the Elroy Church.

The public is invited to all the sessions.

Jerry West's sensational scoring Wednesday night, topped by only two men in the history of the National Basketball Association, stole the thunder from the usual NBA leaders, the Boston Celtics and Wilt Chamberlain.

The 6-foot-3 Los Angeles backcourt star, an NBA sophomore from West Virginia, scored 63 points in the Lakers' 129-121 victory over the New York Knickerbockers.

Only Chamberlain and Elgin Baylor, West's Los Angeles teammate in the Army, have bettered the mark. Baylor had a high of 71, and Chamberlain, Philadelphia's giant scoring machine, has 73 in regulation time and 78 in triple overtime.

West's previous high was 47.

In the other games, Boston took a 126-116 come-from-behind victory over Detroit and Philadelphia took St. Louis 136-130 in overtime in a doubleheader in Detroit.

Jets' Future Still Doubtful

By THE ASSOCIATED PRESS

The American Basketball League still awaits word on the future of the Los Angeles Jets.

A meeting between Jet officials and ABL officials was scheduled to continue today. A spokesman said there is "a good possibility" that the Jets will remain in the league.

The meeting was called to revamp the schedule in an attempt to help the club financially.

Two of the Jets' home games, scheduled Friday and Sunday with the Cleveland Cavaliers, scheduled for Youngstown, Ohio, tonight, has been canceled.

New York was scheduled against Pittsburgh and Los Angeles against Cleveland in that one. In games Wednesday night, Pittsburgh whipped Cleveland 107-97 and Chicago topped New York 111-95 in a doubleheader at Cleveland, and San Francisco took Hawaii 109-92.

Prairie View No. 1 Among Small Schools

By THE ASSOCIATED PRESS

Prairie View of Texas racked three more victories onto its record last week and widened its lead in The Associated Press small college basketball poll.

Prairie View walloped Grambling, La. 103-72 and defeated Texas Southern twice to boost its season's mark to 12-1.

As a result, Prairie View received four votes for first place, one for second and two for third from among the seven regional selectors participating in the poll.

Grambling (13-3), meanwhile, fell one place to third while Tennessee State (8-2) climbed into the runner-up spot.

The top ten, won-lost records through games Jan. 13 and points:

	W.	L.	Points
Prairie View, Tex.	12	1	45
Tennessee State	13	2	48
Grambling, La.	13	3	47

Lake City Fish Contest Sunday

LAKE CITY, Minn. (Special)—The annual Chamber of Commerce fishing contest will be held here Sunday, Jan. 28, on the ice between the harbor entrance and the government pier from 1:30 until 4 p.m.

The grand prize will be a boat to be awarded by a drawing. The person with the winning ticket need not be present to win.

The tickets will also enable a person to fish and be eligible for the prizes to be awarded for the largest game fish in each division.

Minnows and licenses will be sold on the ice and holes will be drilled before starting time.

First Loss For St. Mary's

ST. PAUL, Minn. (Special)—Macalester rolled to its third straight MIAC hockey triumph and handed St. Mary's College of Winona its first defeat of the season 7-3 here Wednesday.

The Redmen, who went into their first league game with a 6-0 non-conference record, spotted Macalester a 3-0 lead in the first period and trailed 4-1 after the first 15 minutes.

"WE WERE NOT skating well, weren't aggressive and weren't playing position hockey," Coach Max Molock summed it up. "Macalester has a good club, but it was their second and third lines that hurt us most," Molock pointed out.

Don Berrigan, the other half of the Redmen's Canadian tandem, scored all three St. Mary's goals, all on assists from Andre Beaulieu who had been carrying the brunt of the St. Mary's attack.

BILL VOELKER scored twice for Macalester in the first period and Allen Olsen and Bud Bubken each added one.

John Kerl's goal for the Scots was the lone second period score. After Berrigan's opening goal in the third period, John Olson beat Redmen goalie Dick Caldwell. Berrigan got that one back at 12:00 but Jay Weaver put the game out of reach three minutes later.

CALDWELL HIT a season's peak with 41 stops, 16 in each of the last two periods.

St. Mary's now is idle until meeting St. Thomas next Thursday at Terrace Heights.

HEAVY AREA CAGE ACTION

Mabel vs. Peterson Friday Area Basketball

The area basketball pace hits its most torrid pace since before the holiday break Friday night. All nine conferences have games scheduled and several crucial clashes are included.

One of the biggest games could come in the Root River Conference when Mabel (5-0) plays host to Peterson (4-1). Elgin has been coming fast of late and could cause a reshuffle of the standings.

The only Bi-State game scheduled has Wabasha St. Felix, atop the heap with a 5-0 record, playing at Hokah St. Peter, winless in six loop starts.

The last time Durand, 5-0 in the Mississippi Valley Conference, played Black River Falls (4-1) the game was billed as a preview showing of the league's two top teams.

THE PROGNOSTICATORS had the No. 1 and 3 teams picked correctly, but Durand walked off with a 50-31 victory. With the Tigers still smarting from the lopsided loss, anything could happen at Black River Friday night.

Come Saturday morning the Coulee Conference definitely will have a new second place team or a first place tie could result.

Trempealeau and Melrose, both 6-2 and deadlocked for second place, square off at Trempealeau. If Holmen (3-6) pulls a surprise (7-1), the race could really be shuffled.

The big games in Dairyland and West Central have Augusta at Independence and Alma at Taylor.

Roger Maris and Mickey Mantle, in hitting 61 and 34 home runs, respectively, in 1961, shattered the two-man season record of 107. The latter mark was set by Babe Ruth with 60 and Lou Gehrig with 47 in 1927.

Red Wings After Fourth in NHL

By THE ASSOCIATED PRESS

The Detroit Red Wings, benefiting from a New York nosedive, will be gunning for fourth place in the National Hockey League tonight when they visit Boston and the lowly Bruins.

A Detroit victory would vault the Wings into sole possession of the last playoff spot, and a tie would give them a share of it. Their match is the only one scheduled in the league.

The Red Wings, idle Wednesday night, remained just one point back of the Rangers, who lost their sixth straight and eighth in nine starts, 4-2, to Toronto.

Montreal retaining its two-point hold on first place with a 7-3 rout of Chicago.

Jofre Meets Caldwell to Decide Title

SAO PAULO, Brazil (AP)—One of boxing's three disputed titles will be cleared up tonight and Brazilian fans think their Eder Jofre will emerge as the undisputed bantamweight champion in his match with Ireland's John Caldwell.

Jofre, a knockout puncher with 40 victories and three draws in 43 fights, is recognized in South America and by the U.S. National Boxing Association as world champion. Caldwell, 23-year-old boxer who also is unbeaten, holds the European version of the same world title.

There are dual claimants in both the middleweight and light heavy classes with Gene Fullmer and Terry Downes splitting the middle title and Archie Moore and Harold Johnson holding shares of the light heavy crown.

The bantam dispute arose after Mexico's Joe Becerra retired following a knockout by Eloy Sanchez in a nontitle fight, Aug. 30, 1960. Jofre was recognized after he stopped Sanchez, Nov. 18, 1960. Caldwell gained the European nod by whipping exchamp Alphonse Halimi March 30, 1961 and repeating last Oct. 31.

Brazilian fans have made Jofre, 25, a top heavy favorite on the strength of a superior punching power. They think they spotted a chink in the Irishman's defense during his workouts. Jofre has stopped 30 opponents, including the last 10 men he faced. Caldwell has 12 knockouts in his 25-0 record.

The Li-round match is scheduled for 8 p.m. (CST).

Lyle Defeats Spring Grove

LYLE, Minn. (Special)—Lyle handed Spring Grove a 50-50 setback here Wednesday in non-conference basketball action.

A big first quarter in which Lyle led 18-5 paved the way to the victory.

Phil Brock had 24 points for Lyle while Tom Ellingson scored 17 and Larry Anderson 10 for Spring Grove which also lost the "B" game 42-29.

\$5,000 FOR 300

Substitution Rule Unchanged By Grid Group

MIAMI BEACH, Fla. (AP) — The rules of college football got a minor touchup but no major alteration this year from the NCAA rules committee, which kept its efforts toward curbing injuries.

The committee left unchanged the existing substitution rule after considering coaches' requests for permission to use as many as three "wild card" subs.

Fritz Crisler, former Michigan coach who served as acting chairman, said he believed most coaches would find the committee's actions acceptable.

"The small colleges favor one rule, the universities like another," Crisler said. "I think, however, the majority do not want free, unlimited, unrestricted substitution."

The committee adjourned its three-day annual meeting after holding a special session Wednesday night to consider the substitution rule.

One other action came out of the night session, however—a decision to request stricter enforcement of a rule against piling on a tackled player.

The committee left unchanged the regulations governing player equipment. It said that before changes are authorized, a thorough assessment should be made of numerous player-injury surveys now under way or completed.

More rigid enforcement was asked of rules against clipping, and words or signals that would rattle a team preparing to put the ball in play.

The penalty for illegal shift was reduced from 15 to 5 yards to make it equal to the illegal motion penalty.

A team kicking the ball will be authorized to touch it within the opponents' 10-yard line and make it dead. Previously, such action was ruled a touchback and the ball was brought out to the 20.

The committee boosted from 5 to 15 yards the penalty for violating a rule that a forward pass or place kick held by an opponent cannot be kicked.

Fink Wins Boat In Alma Contest

ALMA, Wis. (Special)—Reginald Fink of Alma won the grand prize consisting of a boat in the Buffalo County Conservation Club's fishing contest held on Oil Tank Lake north of here Sunday.

The first prize in the crappie division went to Elroy Reidl, Alma. The winning crappie weighed 17 ounces. Walt Wenger of Cochrane landed the largest sunfish.

First prize in the other legal game fish division went to Allen Comer.

CRAPPIES

Kokott Wins First In Fishing Contest

ARCADIA, Wis. (Special)—John Kokott, Jr., son of John Kokott Sr., Arcadia, won first place in the 1962 ice fishing contest sponsored by the Troutman's Club, Arcadia Association, held at Third Lake in Trempealeau Sunday.

John Jr. caught a fish weighing 2 pounds, 4 ounces in the bass, northern pike and walleyed pike division.

Second place was Anita Bartes who caught a fish weighing 2 pounds 6 1/2 ounces. Third place went to Don Stedding with a fish weighing 2 pounds 2 ounces.

In the crappie and bull head division, first place was Eugene Bartes Jr. who caught a fish weighing 1 1/2 ounces, second place Virgil Meinling with a fish 13 ounces, and Anita Bartes, third place, 12 1/2 ounces.

The attendance prize was won by Ben Wench, Independence.

The oldest fisherman at the contest was Herman Ruch, 76, Arcadia. The oldest lady fisherman was Mrs. August Schmuck, 61, Arcadia.

'DOUBLE-HEADER' AT WINONA HIGH

A basketball-wimming "doubleheader" will be staged Friday night at Winona High School.

The Winhawk swimmers will meet Rochester at 7 p.m. and the Winhawk cagers face Fairbault at 8 p.m.

One admission charge will admit adults to both events and allow them to switch from pool to hardcourt if they wish.

Tight Scoring Race; 2 Points Separate Trio

CHICAGO (AP) — Less than two
points separate Indiana's Jimmy
Ray, Purdue's Terry Dischinger
and Iowa's Don Nelson in a devel-
oping hot scoring race in Big Ten
basketball.

Of the three, only Nelson will be
in action Saturday in a confer-
ence schedule bobbled by final
examinations at most schools.

Iowa is at Northwestern, Michi-
gan State at Michigan for a reg-
ionally televised contest and un-
beaten Ohio State at Minnesota.

Ray has taken over the scoring
lead, based on averages of official
Big Ten statistics released today.
He is averaging 30 points a game
while Dischinger is hitting at 29.3
and Nelson 28.8. They are followed
by Eric Magdanz, Minnesota, 24.9;
John Havlicek, Ohio State, 22.5;
and Ron Jackson, Wisconsin, 21.5.

Dischinger matched a single
game, Big Ten record Monday
against Michigan State by sinking
13 of 13 free throws. He now has
27 straight foul shots without a
miss, placing him in a third place
tie with Ohio State's Jerry Lucas
on the consecutive free throw list.

If Dischinger gets three more in
his next appearance, against Ohio
State Jan. 22, he will break the
record now held by Wisconsin's
Dick Miller who sank 29 in a row
in the 1955-56.

Others in the top ten in order
are Downey, Illinois, 19.7; Lucas,
Ohio State, 18.5; Siebel, Wiscon-
sin, 17.5; and Boydland, Indiana,
17.0.

**Beloit, Ripon,
St. Norbert Win**

By THE ASSOCIATED PRESS.
Beloit kept rolling in the Mid-
west Conference by defeating Coe
and hapless Lawrence bowed for
the 11th straight time Wednesday
in Wisconsin college basketball ac-
tion.

Beloit pulled from behind and
defeated Coe 79-67 for its third
straight conference victory and
fourth in the last five outings.
Lawrence trailed all the way in
dropping a 70-62 decision to St.
Norbert in a non-conference meet-
ing.

Ripon belted Oshkosh 91-73. North-
land swept past Michigan Tech
81-74 and Minnesota-Duluth de-
feated Superior 64-52.

St. Norbert was pressed for a
while by St. Lawrence and led only
36-33 at halftime. The Green
Knights' balanced attack, paced by
Mike Wisneski, proved too much
for the Vikings in the long run.
The victory gave St. Norbert a 7-6
record for the season.

Northland was rallied by high-
scoring Jack Povaser and Frank
Hunter in the second half while
posting its ninth victory in 10
starts. Michigan Tech led 41-39 at
halftime before Povaser and Hun-
ter took charge. Povaser finished
with 31 points while Hunter added
19. Dave Ovingre was high for
Michigan Tech with 20.

CHICAGO (AP) —It was goalie
Glen Hall night in Chicago Sta-
dium Wednesday night — and
again it wasn't.

The 30-year-old Hall made his
500th consecutive appearance in
the nets for the Chicago Black
Hawks in a National Hockey
League game.

But it just wasn't Hall's night.
The Montreal Canadiens won 7-3,
registering the most goals Hall
has permitted an opponent on
home ice this season.

It was rather embarrassing for
Hall. Just before the game the
Hawks management had a new
black, sporty auto driven onto the
ice and the keys were presented
to the surprised goalie.

"I've never found the puck so
hard in my life," said Hall after-
wards. "That first shot took just
one bounce and through my legs
it went. I'm glad the first 499
games weren't like this one."

Jon Kosidowski banged home 25
points for the Oilers, Ron Elker
flipped in 23, Merle Grotle 21, Jer-
ry Chandler 19 and Lance Johnson
13. Jim Tappin topped Montreal
scores with 37 points, O'Leary
had 22 and Segurmark 16.

**Jays Take Two
In Park Hockey**

In Park Recreation Junior Hock-
ey action Tuesday it was the
Jays topping the Falcons 2-1 in
an overtime period and then con-
quering back to top the Cougars 3-2
at East Park.

Butch Hemmelman hit both
goals in the overtime contest while
goalie Dennis Rivers made 14
stops.

Totn Smokey got the Falcon
score and Dick Lande registered
16 stops.

In the nightcap Hemmelman,
Jim Pabicki and Ronnie Gienza
each scored one goal with Rivers
making 15 stops.

Chuck Sieracki got both Cou-
gars scores and Jack Lipinski knocked
out 13 shots.

**Raiders Sneak
To 46-45 Win**

A one-point victory and an over-
time win featured play in the Cath-
olic Recreational Center Junior
League play Wednesday night.

Jerry Sigha and Bill Wenz hit
16 and 15 points, respectively, to
pace the Blue Raiders to a 46-45
win over the Unknowns. Gerald
Jankowski topped all scorers as
he dumped in 17 points for the
losers.

The Stumpers scored a 49-47
overtime win over the Twisters
as John Kostanski netted 20 points
for the victors. Tim Jenkins hit
the game high of 23 points for
the losers.

**Patterson to
Meet Liston,
Report Says**

NEW YORK (AP) — Tom Bol-
lan, president of Championship
Sports, told intimates a month
ago that heavyweight champion
Floyd Patterson would sign a con-
tract the latter part of this month
to meet No. 1 contender Sonny
Liston, a boxing source said Wed-
nesday.

The source, who did not want to
be identified by name, said the
proposed title bout probably
would be held in New York no
later than June.

According to the source, Pat-
terson promised Liston a shot at
the title last December through
Bolton but never made a public
announcement. In recent weeks
Patterson reaffirmed that he
would fight Liston with Cham-
pionship Sports promoting, the
source said.

In Philadelphia, George Katz,
Liston's manager, declined com-
ment on the matter.

**Colts Claiming
Forfeit Victory**

Rochester's Colts, scheduled to
meet the Winona Hornets Wednes-
day night at Rochester, said to-
day they will claim a forfeit be-
cause the Hornets failed to show
up for the SMHL hockey game.

The Hornets Monday reported
they had agreed to a postpone-
ment, at the request of the Colts,
until indoor ice was available.

No members of the Hornets
could be reached this morning for
comment on the dispute.

In other league games last
night, North Mankato nipped Ow-
atona 2-0 and Albert Lea spilled
Austin 5-2. Earlier this week Ro-
chester had walloped Austin 15-1.

**Stengel Expects
Mets to Produce**

MANCHESTER, N.H. (AP) —
Casey Stengel has indicated that
his job as manager of the newly
organized New York Mets may
not last too long.

The former Yankee manager
also issued a warning that ball
players picked up by the Mets
won't be around long if they don't
produce.

The 71-year-old manager spoke
to 2,100 Wednesday night at the
14th annual Manchester Union
League baseball dinner. He met a
barrage of questions about the
chances of his new National
League entry.

"We've got nine starters," Sten-
gel said, "and I plan to tell them
that if this is their last chance at
playing regularly, they'd better
step on the gas and really give
their best."

The Central Lutheran senior
choir and the Winona State Col-
lege Lutherans have been
specially invited to hear the re-
cording join the discussion.
Any choir members, directors or
interested friends are invited.

**90 Attend Indian
Guides 'Pal Night'**

About 90 fathers and sons at-
tended the YMCA Indian Guides
'Pal Night' at the Wednesday
evening, Lou King, youth di-
rector, said.

Entertainment by members in-
cluded a story and Indian dan-
cing after a bean feast.

"The 'White Feather' Biesanz
presented a 'Tapestry Tale.' Jerry
'Little Thunder' Tindal led a
prayer to the Great Spirit, James
'Horned Owl' Carlson, accompa-
nied several songs. The Blackhawk
tribe performed a fluffy Indian
dance.

Bill 'Blackhawk' Sossalla and
his son, Kim, 'Little Blackhawk,'
displayed a board showing vari-
ous invitations to join the pro-
gram. The chiefs of the 10 In-
dian 'tribes' were introduced by
master of ceremonies Ed 'Big
Talk' Allen.

The dinner and swimming were
sponsored by the We-No-Nah Na-
tion Longhouse, Bruce 'Many
Sons' Reed, big chief. Profits will
go to defray expenses of attend-
ing the national longhouse at
Cleveland, Ohio, Feb. 16-18.

The program is for boys in
grades one through three and
their fathers.

Beaver Village Children 'Good,' Teacher Recalls

Children in Winona County's
"lost village" of Beaver were the
most well-behaved she ever taught,
Mrs. Leon F. Knopp, Gilmore Val-
ley, former teacher at Beaver
School, told the Winona County
Historical Society Tuesday night.

There were no disciplinary prob-
lems or juvenile delinquency, Mrs.
Knopp told the meeting at the so-
ciety's museum, 125 W. 5th St.

The meeting was held in connec-
tion with forthcoming publication
by the society of "The Beaver
Story," a book about the village
which disappeared under flood wa-
ters and silt. The area is now part
of the state's Whitewater Refuge.

Mrs. C. Paul Venables, Winona,
a native of Beaver, presented ex-
cerpts from the book. Dr. Lewis
I. Younger, society president,
showed pictures to be used in the
book. Among the 75 guests were
former Beaver residents including
Mr. and Mrs. William Junghans
Jr., Trempealeau Rt. 1, Wis., who
were married in the Beaver Metho-
dist Church in 1937.

More than 150 advance orders
have been received for the book
which will be off the press in mid-
March. Included in the book will
be a directory of all known living
former Beaver residents and their
addresses. Presiding was Brother
Robert, F.S.C., first vice president
and program chairman.

Refreshments were served by
Mrs. C. B. Erwin and Harlan
Holden.

**Houston Orders
Water Survey**

HOUSTON, Minn. (Special)—The
Village Council has hired Davy
Engineering Co., La Crosse, to
survey a proposed water system
project in Houston and present a
preliminary report Feb. 5.

Philip Davy explained different
types of wells that could be drilled,
turbine pumps, treatment for
iron, bacteria and hard water, and
approximate costs. He proposed
doing the survey for \$200 and will
apply this amount toward payment
on contract should his company
be engaged to do the engineering.

Houston State Bank was desig-
nated to collect water bills in
1962. Thomas A. Flynn was re-
hired as village attorney at \$30
per month. Houston Signal was
named the official newspaper.

Mayor Bob Bedore appointed
Dr. L. K. Onsgard as public health
officer and Clerk C. P. Wahl to
take care of finances, community
hall, licenses and the municipal
dispensary.

Chairmen of committees: Stan-
ley Holty, public works, streets,
sewer, water, disposal plant; Har-
old Poppe, public welfare, park,
recreation, civil defense, and M.
C. Anderson, public safety, police,
fire, fines, peddlers and dogs.

**LSA to Discuss
New 'Folk Mass'**

"The 20th Century Folk Mass,"
composed by the Rev. Geoffrey
Beaumont in England, will be
heard on record and discussed by
the Lutheran Student Association
today at 7:30 p.m. in Fellowship
Hall, Central Lutheran Church.

Gaylord Fagerland, former
choirmaster and organist of Beth-
lehem Lutheran Church, Minne-
apolis, will discuss the "Folk
Mass" with the students. He also
will speak of the present liturgical
service in the Lutheran Church
and the choir's place in the wor-
ship.

Father Beaumont defines "folk
music" as the normal, everyday
popular melodies and rhythms en-
joyed and understood by the ma-
jority of men and women in Bri-
tain today. "Make it new," the
cry of an American poet of this
century, means that every age
must recreate for itself, within its
own conventions, the ideas and
faith of the past. That is what
Geoffrey Beaumont has attempted
to do with the "Folk Mass."

The Central Lutheran senior
choir and the Winona State Col-
lege Lutherans have been
specially invited to hear the re-
cording join the discussion.
Any choir members, directors or
interested friends are invited.
