MEETING AT ATHENS

NATO Leaders Tackle Nuclear Weapon Crisis

By GEORGE MCARTHUR

ATHENS, Greece (AP) — Foreign and defense ministers of the Atlantic Alliance gathered here today to appraise NATO nuclear policy, the Berlin situation and East-West relations.

Foremost among the problems

facing the 15 nations of the North Atlantic Treaty Organization was the delicate question of control of nuclear weapons; now essentially in the hands of the United States. U.S. officials expect no agreement to emerge on the various proposals for a NATO strike force

armed with American nuclear weapons. They hope some progress will be made.

The chief point at issue is the question of conditions under which the nuclear weapons would be ordered into action and what veto the allies would have over the firing orders.

Secretary of State Dean Rusk reportedly will offer the NATO allies detailed information on the numbers, types, general capability and potential use of weapons in the U.S. nuclear arsenal. The Kennedy administration reportedly hopes the information will reassure the allies and ease the pressure from some of them—particularly West Germany—for speedy creation of NATO's own nuclear force.

The nuclear issue will be discussed first by the defense ministers at a meeting Thursday. The foreign ministers begin their meeting Friday. The session concludes Sunday.

On the Berlin question the alliance is expected to close ranks once again—despite an undercurrent of uneasiness—behind U.S. efforts to find some basis for a Berlin settlement.

2 U.S. Army Men Released By Viet Reds

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP) — Two American Army sergeants released by Communist guerrillas said the Reds kept them bound during their 22 days of captivity but fed them regularly on rice. They said they suffered no brutality.

Sgt. Francis Quinn of Niagara Falls, N.Y., and George E. Groom of St. Joseph, Mo., freed in what appeared to be a May Day gesture, looked weary from their ordeal but in good shape otherwise as they arrived in Saigon by plane Tuesday night.

Denying reports they had been led through villages as propaganda exhibits, they told interrogating officers they were held the entire 22 days atop a mountain near where they were captured April 8.

Still wearing the camouflage uniforms and berets of the Army Special Forces, they were released less than five miles from the spot outside the coastal town of Da Nang where they were ambushed with two other American soldiers and 31 Vietnamese trainees.

The other Americans, Sgt. Wayne E. Marchand of Platts-

Sgt. Quinn Sgt. Groom

mouth, Neb., and Spec. 5 James Gabriel of Honolulu, were wounded and their bodies later found two miles from the ambush scene.

Quinn and Groom said they had carried their wounded comrades for more than a mile until the Viet Cong guerrillas ordered them put down. They said they did not witness the final moments of the two, who apparently were murdered because they were slowing the Viet Cong escape.

The sergeants said the Communists gave no reason for freeing them. After their release, it took 2 1/2 hours to make their way down the mountainside, led by a mountaineer who worked for the guerrillas.

Faubus to Run For 5th Term

LITTLE ROCK, Ark. (AP) — Arkansas Gov. Orval F. Faubus said today he will run for an unprecedented fifth term.

Faubus called a news conference in his office and said he had changed his mind and decided not to retire after all.

He had said in a statewide television speech March 31 that he would bow out of politics, at least temporarily, to rest and write a book about his side of the Little Rock integration controversy.

Faubus will be running against former Gov. Sid McMath, the man who introduced him into politics.

State General Revenue Fund Is Improved

ST. PAUL (AP) — The state's general revenue fund is about \$10.5 million better off through the April 30 collection of gross premium taxes on insurance companies, State Treasurer Val Bjornson announced today.

Taxes based on a percentage levy on gross earnings have produced more than \$27 million in the past two months, the treasurer said.

March 1 payment of about \$9.5 million in gross earnings taxes by telephone companies and slightly more than \$7 million coming from the same type of levy on railroads, account for the remainder of the big total.

"These tax proceeds all go to the state's general revenue fund, financing routine departmental outlays," Bjornson said. He said one exception are the gross earnings levies paid by rail lines maintained by taconite firms.

"Such collections," Bjornson said, "are distributed back to municipal units in the areas where the taconite is processed, just as are the levies on taconite itself. Those proceeds are getting bigger, too."

The April 1 distribution of taconite tax payments for the full year of 1961 amounted to \$766,259, with an additional \$582,307 coming from levies paid by the Reserve and Erie taconite firms on operation of the rail lines they own, covering operations for the last half of 1961.

The most recent addition to the treasury—just under \$10.5 million in gross premium taxes—is \$630,000 more than was collected on 1960 operations by taxable insurance firms in the state.

The March 1 payment of gross earnings taxes by telephone companies covered operations for the full year, 1961, with Northwestern Bell paying \$7,916,836 of the \$9.5 million total, about \$400,000 more than that firm paid the year before.

Collections on the same date through railroad gross earnings taxes covered operations for the last half of 1961, with total proceeds of \$7,087,069. This is a drop of nearly \$256,000 from the year before.

Combining the payments covering the first two halves, railroads paid gross earnings levies for 1961 totaling \$12,382,077, a drop of nearly \$1,225,000 from 1960.

Minneapolis Woman Killed At Elk River

ELK RIVER, Minn. (AP) — Dorothy Forbes Stoltz, 50, Minneapolis, was killed early today when her car left Highway 101 just south of here, struck a culvert and slammed into a fence.

The Highway Patrol said the accident happened about 2:15 a.m. as the victim was rounding a curve. Death was believed due to a skull fracture.

The death carried the Minnesota road toll to 152, compared with 188 a year ago.

Elk River is about 30 miles northwest of Minneapolis.

Pep Pills Found In Truck Wreck, Driver Arrested

HARRISBURG, Penn. (AP) — State police headquarters announced today another arrest—the third in recent days—of a trailer-truck driver charged with illegal possession of dangerous drugs.

Headquarters said Don W. Peach, 31, of Rt. 1, Monticello, Minn., was arrested after his tractor-trailer crashed into the rear of another tractor-trailer about 3 a.m. today.

The accident occurred on the Pennsylvania Turnpike in New Baltimore Borough, Somerset County.

State police said investigating officers found 13 pep pills in the cab of Peach's truck. Charged with reckless driving and illegal possession of dangerous drugs, he was ordered held in \$1,000 bail by Justice of the Peace John Maraneta in New Baltimore.

Police estimated the damage to Peach's rig, owned by Pulley Freight Lines of Des Moines, at more than \$6,000. It was loaded with a cargo of shrimp.

Damage to the other rig, operated by Charles Rennett, 41, Troughkeepsie, N.Y., was placed at \$500.

Stahr Resigns to Head Indiana U

CAR WRECK MARS ELECTION VICTORY — Martin Haun, press secretary of former Gov. Raymond Gary of Oklahoma, (r) suffered the only serious injury in a car wreck which shook up Gary and several others minutes after Gary was assured a runoff spot in the democratic primary race for governor. The accident took place near an Oklahoma City television station where the ex-governor made an appearance and involved two cars. Ex-Governor Leading in Oklahoma Race

By THE ASSOCIATED PRESS

Former Gov. Raymond Gary held the lead today in Oklahoma's Democratic gubernatorial primary. Another former governor seeking to return to public life—James E. Folsom—was trailing in Alabama.

In Tuesday's primary election Gary easily made it into the May 22 runoff in his bid to be Oklahoma's first two-term governor. The name of his Democratic opponent three weeks hence was still a question mark. Four candidates were grouped close together, but the choice appeared to be W. P. Bill Atkinson. The rest of the field of 12 was far behind.

In Alabama two less widely known candidates, whose main campaign difference was over how best to maintain racial segregation in that state, were locked in a seesaw race well ahead of Folsom who was bidding for an unprecedented third term.

Democratic voters in both states nominated incumbent U.S. senators for new terms. Sen. Mike Monroney handily won nomination for a third term in Oklahoma. Sen. Lister Hill beat two opponents to win the nod for a seventh term in Alabama.

With two thirds of Alabama's 3,600 precincts counted, former state Judge George A. Wallace, 64, 134,885 votes and young state Sen. Ryan DeGraffenreid had 110,218. Folsom had tallied 100,558 followed by state Atty. Gen. MacDonald with 56,633 and three other candidates were far behind.

The two leaders will battle it out in Alabama's May 29 runoff. In Oklahoma, with more than half the state's 3,100 precincts counted, Gary had 150,959 votes. He was followed by Atkinson, a millionaire builder, with 79,796; Lt. Gov. George Nigh with 75,373; and former American Legion national commander Preston Moore with 72,555, and state Sen. Fred Harris with 71,464.

All nine Alabama Democratic congressmen apparently made it into the May 29 runoff in which the one who gets the lowest number of votes in a statewide race will be retired. The sudden death election results from Alabama's loss of one representative based on the 1960 census.

The legislature did not redirect the state, preferring to let the nine incumbents run in their districts, then face off in the statewide race. Six of the congressmen had no opposition Tuesday. Three others won their races.

The only incumbent congressman in Oklahoma with a primary fight, Rep. Victor Wickersham of Mangum, led three foes in his bid for a second term but not enough to avoid a runoff. His probable opponent is state Rep. Jim Bullock. Rep. Carl Albert, the House majority leader, has no primary or Republican opposition.

Neither Gov. J. Howard Edmondson of Oklahoma nor Gov. John D. Patterson of Alabama could succeed himself under state law.

27 Hospitalized In Lisbon Clash

LISBON, Portugal (AP) — At least 27 persons were hospitalized Tuesday night and scores were arrested in turbulent May Day clashes between security forces and antigovernment demonstrators in Portugal's two largest cities.

Club-swinging police and troops crushed the outbursts, but scattered violence continued through the night.

Premier Antonio de Oliveira Salazar's dictatorship claimed the demonstrations the most violent in years were part of a Communist plan for a general uprising. The government asserted the Reds had failed to muster support except in Lisbon, the capital, and Oporto, Portugal's second city 175 miles to the northeast.

The regime had banned May Day demonstrations after the appearance of antigovernment leaflets signed "Duarte," the pseudonym of Alvaro Cunhal, general secretary of the outlawed Portuguese Communist party. Unconfirmed reports said Cunhal recently slipped back into Portugal after two years in Moscow.

In Lisbon, large numbers of security forces were waiting when the first group of workers crossed the Tagus River on ferry boats to protest Salazar's 32-year rule.

The demonstrators surged into the waterfront streets and an estimated 2,500 of them massed in Black Horse Square, the center of government ministries. Hundreds of police and troops moved in to disperse them. The fighting raged for three hours.

Troops and police fought with clubs and water hoses and some reportedly fired in the air.

At least 17 demonstrators and two police were reported hospitalized, several with gunshot wounds. Witnesses reported dozens of demonstrators were arrested.

LA MARQUE, Tex. (AP) — Margaret and Raymond H. Henry, 30, survived.

Searchers have found the bodies of three children. Mr. and Mrs. Charles Smith and Danny Ray Henry, 12, are missing.

Margaret may get to go home today, but I don't think so," said Dr. George M. Fleming.

"She was in the water a long time and we have to watch for pneumonia," but she's getting along just fine and won't be here much longer."

Booby-Trapped Car Blast Kills Eight in Algiers

ALGIERS (AP) — A booby-trapped car exploded in a crowd of Moslem dock workers today, killing at least eight and injuring about 50.

After the thunderous blast angry Moslem dock workers swarmed along the waterfront. One report said they grabbed a European man and cut his throat.

French police and Algerian nationalist leaders rushed to the area to try to calm the furious crowd.

Shortly after the explosion, four Moslems were slain and four others were wounded by gunfire who fired on them from a car speeding through the center of Algiers.

At least one other Moslem was shot to death in another part of the city.

The booby-trapping of the car and the shootings were blamed on the Secret Army Organization. It was the second time in a week that a booby-trapped car had exploded in a Moslem crowd in Algiers.

The car exploded as crowds of ragged Moslems were pressing around the office. The injured included several women who had accompanied their men to the dock.

The docks were littered with chunks of smoldering metal and pieces of concrete paving. Huge splashes of blood spattered the pavement.

In Oran Tuesday night secret army terrorists attacked two fortified French command posts in the heart of the city with mortars and machine guns. French troops returned the fire from behind sandbagged gun emplacements, and after a 40-minute exchange the attackers withdrew and dispersed in the darkened city.

No casualties were reported.

President Accepts 'With Reluctance'

WASHINGTON (AP) — Secretary of the Army Elvis J. Stahr Jr. has resigned, effective June 30, to accept the presidency of Indiana University.

President Kennedy accepted Stahr's resignation today "with regret and reluctance."

Stahr takes over the university office July 1, succeeding Dr. Herman B. Wells, who has been president for 25 years.

The shift had been announced in advance of the word from the White House by William Hickman, president of the university board of trustees.

An exchange of letters between Stahr and President Kennedy was made public by the White House.

Stahr recalled in his letter dated Tuesday, that he left the presidency of West Virginia University to become Army secretary "only because I shared your conviction about the need for our country to develop a much stronger Army in a time of prolonged and serious external threat to the basic values of peace, freedom and human dignity."

Stahr added:

"The opportunity to lead one of America's great universities comes to few men even once in a lifetime. Yet, even now that I have been invited to lead one of the greatest, I would be reluctant to ask you to release me after a year and a half as your Army secretary were it not that the Army has moved during that period to a distinctly higher plateau and our basic objectives for 70 have now been clearly mapped and moved far along the road to accomplishment."

Kennedy's reply, dated today, said Stahr's "personal dedication to the task, and to the Army, has been an inspiration to the men and women of the United States Army."

Kennedy called Stahr's conduct of Army affairs an outstanding example of good management and said his policies of recognition of young talent, of examination and adoption of new doctrines and techniques, and emphasis on vigorous leadership for the Army "marks your tenure as Army secretary."

George Romney Charges Parties Bow to Voters

MINNEAPOLIS (AP) — Former automaker George Romney told the League of Women Voters today that political parties discourage participation by objective citizens, give in to pressure groups and wind up looking alike at election time.

Romney said he doesn't advocate more than two parties, but said the present alignment is more devoted to winning elections than to providing discussion on basic and controversial issues.

"In recent years, there have been little fundamental differences between the party positions at election time," said Romney, a Republican candidate for governor of Michigan.

"... the party mechanism and partisan approach discourage participation by objective citizens seeking the truth and sound, impartial solutions of today's problems."

Romney's remarks were prepared for the national convention of the League of Women Voters, an organization he urged to make a more aggressive stance in political affairs.

Girl, 9, Only Survivor

There was a small chance that Margaret Elizabeth Smith would get to go home today—wherever home may be.

Margaret, 9, is the only survivor of a family of six. Her parents, two brothers and a sister drowned Sunday in Galveston Bay.

There were eight people in the 14-foot boat when a wave from a passing ship tipped it over. Only

Margaret and Raymond H. Henry, 30, survived.

Searchers have found the bodies of three children. Mr. and Mrs. Charles Smith and Danny Ray Henry, 12, are missing.

"Margaret may get to go home today, but I don't think so," said Dr. George M. Fleming.

No one told Margaret the fate of her parents and Guy Wesley Smith, 18 months; Betty Gail Smith, 7, and Charles Milton Smith Jr., 4.

Sheriff J. B. Kline talked with her Sunday night.

"We never did actually tell her her parents are dead," Kline said. "She told us. She said she saw her mother drown and later saw her father go under."

4 Recall Early Days With Ike

ABILENE, Kan. (AP) — Early efforts to get Dwight D. Eisenhower to run for president. His quick wit. His forthrightness. Statehood for Hawaii and Alaska.

Four members of President Eisenhower's Cabinet pick those incidents as highlights of their years in Washington.

The four—Fred A. Seaton, former secretary of the interior; William P. Rogers, attorney general; Herbert Brownell Jr., attorney general, and Neil H. McElroy.

Panel Asks U.S. Curb On Strikes

WASHINGTON (AP) — A presidential advisory panel has recommended giving government more power to deal with national emergency labor strikes.

For one thing, the President would have the authority to halt such strikes for an 80-day cooling-off period without obtaining court injunctions. Fact-finding groups appointed by the President would be empowered to suggest settlement terms.

These were the major recommendations in a report handed President Kennedy Tuesday night by his labor-management advisory panel. It was enacted by Congress they would upset provisions of the 15-year-old Taft-Hartley law.

Kennedy, calling the findings highly meaningful and significant, congratulated the 21-man committee and promised to give the proposals serious consideration in drafting his own recommendations for Congress.

Among the committee members only one industry man, automaker Henry Ford II, dissented from the proposed emergency strike changes. Ford said the present law has worked remarkably well and it would be both unjustified and unwise to give fact-finding boards power to recommend labor dispute settlement terms.

Such industry men as Chairman Joseph L. Block of Inland Steel and John M. Franklin of U.S. Lines and Presidents Richard S. Reynolds Jr. of Reynolds Metals and Thomas S. Watson of International Business Machines Corp. went along with the plan—for overhauling big strike procedures.

Secretary of Labor Arthur J. Goldberg, the advisory committee chairman, later took the group aboard a White House yacht, the Sequoia, for dinner. He remarked that the occasion ought to demonstrate that those having predicted an early demise of the labor-management committee were dead wrong.

Good Spring Weather Due; 70 Thursday

Perfect spring weather — cool nights and warm afternoons — is promised Winona and vicinity tonight and Thursday.

Occasional cloudiness is the prediction for tonight and Thursday with a low temperature tonight of 42-48 and a high Thursday afternoon of 65-70.

THE OUTLOOK for Friday includes a chance for a few showers and a little cooler weather.

The extended forecast predicts temperatures the next five days will average 2-6 degrees above normal. In the same time precipitation will average one-tenth of an inch or less in scattered showers early in the period and some light rain the first part of next week.

The temperature rose to a pleasant 68 Tuesday afternoon and dropped to a chilly 38 during the night. The 7 a.m. reading was 43 and by noon the thermometer had risen to 69.

A year ago today the Winona high was 55 and the low 33. The all-time high for May 2 was 88 in 1901 and the low for the day a freezing 26 in 1911. Mean for the past 24 hours was 53. Normal for this day is 54.

The main channel of the Mississippi River in this district continued to drop but the tributary streams fluctuated wildly.

THE MISSISSIPPI stage at Winona was 8.1 today and was expected to drop to 7.9 Thursday, 7.8 Friday and 7.7 Saturday.

The Chippewa River at Durand was 5.2, up .9 of a foot since Tuesday. The Trempealeau at Dodge rose 3.3 feet to 4.7 and the Black at Galesville was 4 feet, up .14 since Tuesday.

The rises were the result of Monday's rainfall feeding into the tributaries.

Temperatures hit the 70 mark at several Minnesota and North Dakota points Tuesday and dropped to a freezing 28 at Duluth.

Rochester had a low of 39 following a Tuesday high of 66 and La Crosse posted figures of 42 and 67.

WISCONSIN was divided today as far as weather was concerned, with sunny skies in the northwest and continued cloudiness in the southeastern half of the state.

The cloud cover dumped more rain on many areas of eastern and southern Wisconsin in the 24-hour period ending at daybreak today. The Racine area had the most — .60 of an inch. Milwaukee and Beloit each recorded about one-quarter of an inch.

The mercury fell to a below-freezing 28 degrees early today at Superior and to 32 at Park Falls. Eau Claire reported 35 degrees. Wausau 37, Madison and Lone Rock 39, Beloit 44, Green Bay 46, Racine 47, and Milwaukee 48.

EAU CLAIRE topped the state Tuesday with 68 degrees, compared with the high of 53 at Milwaukee.

Yuma, Ariz., was the hottest spot in the nation with 96 Tuesday and Drummond, Mont., was the coldest early today with 26.

News-Hungry Minneapolitans Snap Up Paper

MINNEAPOLIS—News hungry Minneapolitans bought about 80,000 copies of the new Minneapolis Daily Herald Tuesday. Negotiations meanwhile between the Star and Tribune Co. and the stereotypers' union resulted in no progress.

The Herald, published by Maurice McCaffrey, Minneapolis advertising man, hit downtown newsstands shortly after 3 p.m. People lined up 4-deep at one newsstand to buy the 14-page paper at 10 cents a copy.

McCaffrey said the Herald's first effort was marred by a number of production difficulties, and printing continued into the early evening to supply the demand.

Speaking of the new publication's long-range plans, McCaffrey said, "We are in business for as long as we can afford to stay in business."

RICHARD WANEK, state mediator, said the Star-Tribune strike situation still is a stalemate and that no conciliation sessions are scheduled today.

A conciliation session with the mailers' union has been scheduled Thursday. The typographers union will meet with company officials and federal and state conciliators Friday.

St. Mary's Professor To Lecture Next Week At Columbia University

Harold De Puy, assistant professor, department of English, St. Mary's College will visit and lecture at Columbia University, New York, next Monday-Thursday.

He has been invited to serve on the committee for the centenary of Henry David Thoreau, American writer and philosopher. De Puy will attend the unveiling of the bust and tablet for Thoreau, latest member of the New York University Hall of Fame for Great Americans. De Puy will read a paper on "Melville's Treatment of the Emerson-Thoreau Relationship in 'The Confidence Man'."

Fillmore County Board OKs Two Contracts

PRESTON, Minn. — Fillmore County Board of Commissioners let contracts Tuesday for bituminous surfacing and patching; appropriated not to exceed \$2,000 for changing the ditch and road realignment on State Aid Road 18 in Preble Township; granted an official permit to Jerome Stenness, Preble, and received the 1961 report of Ralph Gross, highway engineer.

The patching contract was let to the lone bidder, Kappers Construction Co., Spring Valley, which bid \$5.50 per ton.

THE CONTRACT for furnishing bituminous material was let to L. M. Sickels Co., St. Paul. The firm's bids were: 10.73 cents per gallon of MC-O to MC-3 in 20,000 gallon carload lots; 11.37 cents per gallon for SC-2 or SC-3 in 50,000 gallon transport lots; 12.37 cents per gallon for RC-2 or RC-3 in 20,000 gallon transport lots, and 13.37 cents per gallon for RL-2 in 20,000 gallon transport lots.

Other bidders were Western Oil & Fuel, Minneapolis, 11.12 cents per gallon for MC-O to MC-3; 11.90 for SC-2 or SC-3, and 12.92 for RC rubberized asphalt, and 12.90 for RC-3 or RS-2.

Richards Oil Co., Minneapolis, 12.30 for MC-O to MC-3; 11.55 for SC-2 or SC-3, and 12.55 cents for RC-3.

W. H. Barber Oil Co., Minneapolis, 11.03 cents for MC-O to MC-3; 11.57 for SC-2 to SC-3; 12.57 for RC-2 or RC-3, and 13.82 for RS-2.

Hydrocarbon Specialty Inc., Joplin, Mo., 10.60 for MC-O or MC-3.

AT A RECENT board meeting Homer Brown was hired as maintenance superintendent of the highway department effective May 1 succeeding Vernon Shanahan, resigned.

Mrs. Orville Regge, Chatfield, was appointed to the nurses advisory committee.

Commissioners voted to continue Blue Cross and MHI medical and hospital coverage of employees.

The board will open bids at 2 p.m. May 8 for grading, crushed rock, base and plant mix bituminous surfacing, concrete curb, gutter and sidewalks and bituminous curb on SC&H 8 and 33 in Fountain. These constitute the main thoroughfare through the village and cover .67 of a mile.

At 10:30 a.m. May 8 the board will hear the petition of Lawrence L. Hudson who is asking transfer of his land from Harmony to Canton School District.

Woman Cited For Saving Boy From Drowning

HOUSTON, Minn. (Special) —

The woman who saved a 13-year-old boy from drowning in Root River last July 5 was presented with heroism award by Arnet-Sheldon American Legion Post 423 at its meeting Tuesday night.

Presentation was made to Mrs. Russell Burfield by Ernest Diederich, Austin, district Legion commander, who spoke on heroism and children, child welfare being a Legion project.

HE COMMENDED the post for honoring Mrs. Burfield for saving the life of Arden Hargrove when he slipped from a sandbar and drifted into the current. It was a hot night and Mr. and Mrs. Burfield and son Terry, 9, and Mr. and Mrs. Loren Hargrove, sons Alvern, 15, and Arden and daughter Carolyn, 17, had gone to the river, about four miles northwest of Houston, to take a dip. Only Mrs. Burfield and Alvern could swim.

Commander Diederich installed new post officers, assisted by Harry Hale, Austin, district sergeant at arms; Arlow Abraham, Rolland Fitting, Robert Olson, Harold Poppe, Allen Bremseth and Clair Peterson, Houston; Charles Gavin, La Crosse, district vice commander, and Shelly Hanson, Austin district adjutant.

New officers are: Rolland Clay, commander; Virgin Benson and Lyle Carlson, first and second vice commanders; Kenneth Botcher, adjutant; Olaf Mollerstad, chaplain; Erling Kildahl, sergeant at arms; Adolph Olson, service officer, and Lyle E. Briggs, finance officer.

DELEGATES from the post to the district convention at Albert Lea will be Clay, Lyle Carlson, Allen Fitting, Botcher and Kildahl.

Abraham, Houston, County veterans service officer announced the veterans in hospitals. Membership of the post was reported at an all-time high of 193.

Fifty attended the meeting. Commander Fitting presided.

Rural Teachers To Meet Saturday

About 40 Winona County rural elementary teachers will hear Dr. Howard Munson, principal of Phelps School, discuss "Why Tell Them If You Can Show Them?"

These rural teachers will also elect officers for next year at their regular meeting Saturday noon at the SMOG, Somsen Hall, Winona State College. Mrs. Malcolm Hobbs, Homer, is the group's president.

CRASH CAMPAIGN PAYS OFF . . . A two-hour "crash campaign" in the business district for the sale of advance tickets to the Shrine Circus at Jefferson Stadium June 16-17, had excellent results, Dr. D. T. Burt, chairman of general ticket sales, announced at noon today. The downtown sale opened at 9 a.m. today and followed a break-

fast of members of the Winona Area Shrine Club at the Hotel Winona. Pictured, left to right, prior to the sale, are C. A. Hedlund, circus general chairman; Harold Englund, publicity chairman and club secretary; Frank Nottelman, chairman of reserved seats sales; and Steve Morgan, club president. (Daily News photo)

WABASHA COUNTY ASKS FOR BIDS

WABASHA, Minn. (Special) — Wabasha County Commissioners Tuesday authorized Auditor Wilbur Koelme to advertise for bids for coal for the courthouse and other county buildings for the next heating season. Bids will be opened June 5.

Commissioners authorized \$25 payment to each county veterans organization conducting Memorial Day services. Fourteen held such services last year.

The road restriction limit was raised from five to seven tons effective Tuesday. Bids will be opened June 5 for 38,000 cubic yards of rock to be placed on county roads.

Fred Nottelman was reappointed county veterans service officer for two years effective June 1.

A hearing on condemnation of two pieces of property in Highland Township along county roads was continued until May 8.

Two Forfeit Deposits On Speeding Charges

Two men forfeited deposits on speeding charges in municipal court today.

Robert L. Skappell, 32, 1603 W. 5th St., forfeited \$25 on a charge of driving 42 miles an hour in a 30-zone. He was arrested by police at 1:15 a.m. Tuesday at 5th and Hilbert streets.

David F. Casey, 21, Lime Springs, Iowa, forfeited \$25 on a charge of driving 40 miles an hour in a 30-zone. He was arrested by police at 10:10 a.m. Tuesday at Gilmore Avenue and Sunset Avenue.

Luxembourgers Say: This Is Just Like Home

By HAROLD KNOLL
Daily News Staff Writer

ROLLINGSTONE, Minn. — Four persons who journeyed more than 4,000 miles from their quaint homeland of rolling hills, green valleys and Old World architecture, arrived here Tuesday to inspect with delight rolling hills, green valleys and Old World architecture.

"All the country around here reminds me of Luxembourg," said Mrs. Roger Krieps.

She is the wife of a Luxembourg editor who is promoting the 1,000th anniversary celebration in 1963 of the founding of the Luxembourg city, capital of the European grand duchy. Her dark tresses were cut short in a chic pixie hairdo.

Mr. and Mrs. Krieps and Mr. and Mrs. John Kieffer, photographers for the millennium mission to the United States, are on a two-month station wagon tour of Luxembourg settlements in this country.

"The village especially reminds me of Luxembourg," Mrs. Kieffer said of Rollingstone. "The village is so small. Everything is so close together."

KRIEPS SAID the Rollingstone area is like southern Luxembourg which has good farmland and valleys.

"In the north we have a high plateau," he said. "It's colder and windier."

The scene was the farm of Mr. and Mrs. Lloyd Haxton, one mile west of Rollingstone. Mrs. Haxton's grandfather, Henry N. Hilbert, came from Luxembourg more than 100 years ago to establish the farm as a homestead. His descendants have operated the 170-acre diversified farm ever since.

Hostess and guide for the Luxembourg delegation was Miss Louella Guidinger, Rollingstone, whose grandfather, Michael Lemmer, Beaufort, Luxembourg, had settled in Rollingstone a century ago.

Fat buff-colored sheep grazed in a nearby enclosure. White Rock chickens pecked in the farmyard but gave the visitors a wide berth.

MRS. KIEFFER, whose hair is blond and curly, spoke with a throaty French accent while Mrs. Krieps' accent was German, indicating their bilingual homeland.

French is the official language of Luxembourg but most of the leading newspapers are in the German language. Residents of the tiny country—about 55 miles long and 34 miles wide—also speak Letzeburgesch, a French-German dialect.

About 75 of Rollingstone's 392 residents speak the dialect. Miss Guidinger, who visited Luxembourg in 1950, is fluent in Letzeburgesch.

Two tabby cats promenaded through the Haxton farmyard and rubbed themselves on the visitors' legs.

Mrs. Haxton, wearing a neat violet print coat dress, smiled shyly at the delegation which was accompanied by a half-dozen villagers.

She had baked little cakes for afternoon tea which couldn't be served because the visitors were behind schedule.

KRIEPS GREETED Mrs. Haxton in Letzeburgesch. Mrs. Haxton said she understood the dialect but couldn't speak it.

"How do you call chickens in America?" Mrs. Krieps said. "In Luxembourg we call chickens tik, tik, tik."

"Here we say chick chick chick," Mrs. Haxton said.

"In Luxembourg we call pigs gis, gis, gis," Krieps said.

"We say pig, pig, pig," Mrs. Haxton said.

Mrs. Haxton led the way into the barn. Twenty-five mouse-colored Brown Swiss cows eyed the visitors.

"We've just finished milking," Mrs. Haxton said.

"In Luxembourg we have Holsteins—black and white," Krieps said.

Then the visitors inspected the Haxtons' stainless steel bulk milk storage tank.

"It has to keep a two-day supply of milk and the bulk truck comes," Mrs. Haxton said.

IN THE FARMYARD Kieffer set his sound movie camera on a tripod as villager Alvin Herber watched. Kieffer's eyes roamed the green-valley and came to rest on Herber.

"In Luxembourg we have faces like yours," Kieffer told Herber, whose tanned face has pronounced cheekbones. "In Luxembourg the farms don't have silos as you have here. We use green feed."

"Grass," Herber said.

"Yes, grass," Kieffer said.

Herber's father, the late Henry Herber, had settled on a farm near Rollingstone.

"We talked Luxembourg," Alvin Herber said. "I couldn't talk English till I was 6 years old. That's what most people would talk here till up to the first World War."

When the party left the Haxton farm, Krieps said to Mrs. Haxton: "We hope to see you in Luxembourg sometime."

Mrs. Haxton said she couldn't go.

\$50,896 Low Wabasha Bid

WABASHA, Minn. (Special) — Six bids for street improvement and bridge construction opened at Tuesday night's City Council meeting have been referred to a consulting engineer for study.

The project contemplates construction of sidewalk, curb and gutter and bituminous surfacing of a segment of approximately three blocks of a street to the city's west end—known as the dugway—and replacement of a bridge.

The apparent low bid of \$50,896.97 was submitted by G. H. Griffith Construction Co., Caledonia. Other bids were received from H. S. Dresser & Son, Winona, \$55,587.77; Tri-State Construction Co., Almont, Wis., \$52,605.65; Lynce Construction Co., Blooming Prairie, Minn., \$56,038.45; Victor Carlson & Sons, Inc., Minneapolis, \$69,859.60; and Rochester Sand & Gravel Co., \$51,302.08.

A BID by Thorson Construction Co., Tracy, Minn., of \$16,725.70 was rejected because it proposed only construction of the bridge.

Since the project will receive state aid, several Wabasha County officials attended last night's bid opening. Among them were County Engineer Bert Pinnoneault, Attorney Martin J. Healy, Auditor Wilbur Koelme and Commissioner Nick Jacoby.

The bids were referred to Leonard Sankstone, a Rochester engineer retained to draft plans and specifications who'll present a report on his findings to a meeting of the Board of County Commissioners Tuesday afternoon and a Council meeting that night.

AT A PREVIOUS Council meeting aldermen had been told of a proposed residential development which would require a change in zoning of a tract from commercial to residential.

"There was no appearance by the developer or any other interested persons at Tuesday night's meeting."

The first recorded seiche was on Lake Geneva in 1730. It was noted by a Swiss engineer, Fatio de Duillier.

Plainview Job Cost Runs Low

PLAINVIEW, Minn.—The Plainview Village Council Tuesday night voted to award a \$343,998 contract to Megarry Bros. St. Cloud, Minn., for grading and paving local streets and constructing curb and gutter in a project that covers most of the village excluding State Highways 42 and 247, through town, already improved.

Estimate of the village-wide project when planned last summer was \$670,000. It appears that it will run about \$200,000 less than that, with Megarry's base bid at most \$200,000 less than the \$535,997 bid by Hector Construction Co., Caledonia, on the same work. Hector was high of 11 bidders and Megarry, low.

About \$100,000 is being spent at this time for new storm sewers and tree removal as preliminary to the street work, curb and gutter. Council now expects the entire project will run about \$160,000.

Megarry will begin working about June 1 and expects to have the job completed by Sept. 15. The improvement will cover about 130 blocks.

Megarry Bros. built the Rochester airport.

many of the third and some of the fourth," she said.

"Is Rollingstone all Catholic?" Krieps said.

"Yes, pretty much, except for a few families," Miss Guidinger said.

"Luxembourg is 96 percent Catholic," Krieps said.

That evening Krieps spoke about Luxembourg in the Holy Trinity School auditorium and showed two sound movie films in color. About 100 persons of Luxembourg descent came from as far as Fountain City, Wis., to attend the meeting. Presiding was the Rev. S. N. Majerus, pastor of Holy Trinity Church. Guests were greeted at the door by Postmaster Reiland and Mayor Herbert Spitz.

Schuh played the violin, accompanied by Miss Angela Rivers.

The four visitors will leave today to New Ulm, Minn., to visit a Luxembourg settlement. Before returning to Luxembourg in June the four Luxembourgers will have toured 28 states.

BEFORE THE meeting the visitors had a chicken dinner at Miss Guidinger's home. Guests, included Mrs. Clement McVey, Winona, a native Luxembourger who came here from Luxembourg city, six years ago. Mrs. McVey said she will visit Luxembourg next year. The dinner guests discussed marriage customs in the old country.

"When the bride and bridegroom go to their home after the wedding, they find the front door locked," Krieps said with a smile.

"Then they have to pay some money for the door to be unlocked. The people use the money for a party."

Mrs. McVey frowned.

"I never heard of that custom," she said.

"It's observed in the country rather than in the city," Krieps explained.

"Here is where the first and second generations are now and

La Crosse Set For U.S. Aid

MADISON, Wis. (AP) — La Crosse County can expect federal funds soon for its economic development program, David Carley, director of the State Department of Resource Development, predicted today.

Carley said his agency has approved the county's project, set up after the county was designated an area redevelopment region by the U. S. Department of Commerce in January. He said the study was the most detailed and carefully arranged of any his department has received.

The county will be eligible for Small Business Administration loans at 4 percent interest instead of the usual 5½ percent.

Polaris Sub In Collision

NORFOLK, Va. (AP)—The Polaris submarine Thomas A. Edison and the destroyer Wadleigh collided during exercises off the Virginia coast April 9.

No one was injured and damage was negligible, a spokesman at Atlantic Fleet Headquarters said Monday in response to a reporter's questions.

The spokesman said a fin on the submarine was bent slightly and that the destroyer was not damaged.

The fin was repaired before President Kennedy visited the sub April 13.

'U' Farm School Reunion Saturday

LEWISTON, Minn.—An alumni reunion is scheduled Saturday at the St. Paul campus for all University of Minnesota farm alumni, according to Dennis Kluver, Winona County assistant agent.

A coffee hour has been arranged at 3:30 p.m. at the new student center on the agriculture campus. Classes of '12, '17 and '52 will hold special meetings. A banquet is scheduled for 6 p.m. at the North Star Ballroom.

All alumni and former students, as well as graduate students and their families, were urged to attend.

How to Beat Smoking Ban

By EARL WILSON

NEW YORK — Cigar smokers, arise! I love cigars, and I love planes. The airlines graciously fill us with food and drinks, they let us take about six puffs on a cigar. Then a lovely stewardess says:

"Sir, I do that, you will have to go into the lounge. I'm sorry. My fabled sweet disposition vanishes. I'm too stuffed to walk anywhere. I've got those little socks on. I just sit there puffing my cigar."

"A lady up there," says the stewardess, "objects to your cigar."

"She's got a better brand, I'll smoke hers!" I hiss.

"She," purrs the stewardess, "objects to the smell."

"I don't like the smell of her perfume. . . . Make her go into the lounge!" I retort.

By now my B.W.'s shushing me. I turn on her, too.

"Go ahead—look me up! Put me off the plane!" (My cigar's gone out and I'm getting madder as I try to puff it.) "If I were Mike Todd, you wouldn't do this!"

"Mike Todd is dead," the stewardess says.

"He may be dead," I snarl, "but he's not trying to smoke a cigar that's gone out."

But I've licked the silly rule which I'm sure isn't the airlines' fault. Very, very sneakily I light my cigar—then hide it in my cupped hand.

SHOULD THE stewardess come

along, sniffing, and ask "Is somebody smoking a cigar?" I say:

"Why, I did notice a cigar aroma. It's probably that lady over there. She looks like a cigar smoker."

Trouble is, you have to get the cigar in and out of your mouth real fast. You get befuddled. The system's been great . . . except for about 20 times when I put the burning end of the cigar in my mouth and choked on some pure Havana hot ashes.

ADM and Union To Mark 20th Year of Contract

Twenty years of contract relations between Archer-Daniels-Midland Co. and United Mine Workers of America, Local 14783, will be commemorated at a dinner Saturday evening at the YMCA. Sponsored by the Winona local, the 20th anniversary dinner also will honor 22 local retired employees and 17 20-year members of the local.

Only one work stoppage has occurred since the signing of the first contract in February 1942. The interruption, came in 1952 and lasted five weeks, union officials said.

Company officials present will include a former Winona plant manager, Carroll Syverson, Le a-wood, Kan.; Kenneth Hunt and

Dale Bensen of the ADM employee relations department in Minneapolis; Harvey Ganong, plant manager, and Harvey Hogan, plant superintendent. The UMW will be represented by Harold J. Bowers, Chicago, regional director; Walter Brock and Milton Hodson, union field representatives, both of Minneapolis; Fred Benning, local president; John Rivers, recording secretary, and George Neeck, financial secretary of the local. Also attending will be Fred Brust, 1847 W. 5th St., now a detective on the city police force, who was the local's first president, and Howard Johnson, 27 Otis St., the first secretary. Chairman for the dinner is Henry Jacobs, Minnesota City, ADM employee.

\$175,000 School Project Proposed At Trempealeau

TREMPEALEAU, Wis. (Special)—Trempealeau school building needs were discussed at the last meeting of the PTA Monday evening at the high school auditorium. Proposals of a study group appointed last summer are for a \$175,000 project which would provide additional classrooms, a larger kitchen, art and band rooms, and some remodeling in the present high school building for more area.

Carroll Carhart is chairman of the citizens committee. He and other members — Leonard Bender, Wendell Stephan, Irvin Schlessler, Maurice Arnold, Warren Adams, Earl Ryder and Mrs. Otis Sacka—have met several times during the past few months with the board of

education, Klingler & Associates, Eau Claire architects, and Leo Hilfiker and Chester Spangler of the state Department of Public Instruction regarding additional building space and the educational program. Adams explained the proposed building plans Monday evening. Lloyd Anderson, supervising principal, and Earl Malles also were speakers. Similar informational meetings will be held at CENTREVILLE Town Hall Monday and at CALEDONIA Town Hall Tuesday at 8 p.m.

New PTA officers are: William Baseler, president; William Jungmans, vice president; Mrs. Hubert Dragan, secretary; and Mrs. Marshal Nehring, treasurer.

NASON ON EDUCATION

Cheat Now, Pay Later

By LESLIE J. NASON, Ed.D.
Professor of Education,
University of Southern California

"Programmed education" is the newest term in teaching, but don't let it scare you.

It's as old as Socrates. As a matter of fact, it is the method Socrates used!

Socrates taught by questions, leading the student from one conclusion to the next, with as little interference as possible.

More than 2,000 years later, his method is popular again, and educators hail it as new!

Basically, "programmed education" means learning in carefully selected steps. Each new step can be performed by the student with little or no help from the teacher once he understands the preceding step.

The teacher presents the problem $2N=10$ and asks what number does "N" represent?

When the student has discovered that N must be 5 and that the result is obtained by dividing the 10 by the 2, he proceeds with the problem $3N=7$.

THIS ADDS one complication since the answer $7/3$ is a fraction. One problem after another is presented, each adding a new situation until the problem $aN=b$ is reached.

By this time the student so thoroughly understands the process that he should arrive at the answer $N=b/a$ without help.

The method seems logical. One step at a time is the way you and I learned to walk, to read and to spell. Successful teachers present ideas in this manner. The theory is used in constructing teaching machines.

In the surge of enthusiasm for this new-old method, textbooks come out advertised as "programmed material." If all students were equal in ability, tempera-

ment and background these textbooks would be ideal.

But some students can take longer steps than others in learning and some students need to practice longer than others at one stage before proceeding to the next.

Only skillful teachers can make allowances for these differences. "Programmed instruction" has to be geared to the individual as well as to the group.

IN MY OWN mathematics teaching, I have used variations of programmed teaching for 40 years. I first learned from Dr. Raleigh Schorling of the University of Michigan, who developed programmed teaching to a high level following the principles laid down by the psychologist Edward Thorndike.

Under Thorndike psychology, one proceeds from the simple to the complex as illustrated above.

In the 1920's a new theory of learning came into being. Known as the Gestalt psychology (Gestalt is a German word meaning pattern) it upset the Thorndike simple-to-complex theory and substituted a general-so-specific theory, as follows:

The teacher presents the problem $aN=b$ first. When the student understands this general problem, he can work all of the problems in the series quickly. They all become special cases under the general principle.

Faced with the general problem first, the student is forced to think, not memorize. Going directly to the main problem is time saving.

Teachers and textbook writers need to pool their resources, knowledge and methods. We can learn from each other. If we do this perhaps we can make more progress in teaching in the next 10 years than in the previous 2,000. Perhaps we even may produce teachers as good as Socrates.

Case Settled In Alma Court

ALMA, Wis. (Special) — The case of Clara Laehn, Gilmanton, against Frank Marsolek, Town of Dover, which was to have been tried Thursday before Judge Gary B. Schlossstein, has been settled out of court, according to Vendor Steinke, clerk of court.

A jury trial was set. Mrs. Laehn was suing for \$10,000 damages for injuries received when Marsolek ran into her with a car June 25, 1961. Mrs. Laehn operates a cafe in Gilmanton.

The following cases were handled in police court in Buffalo County the past week:

Albert Huse Jr., Eau Claire, driver of a supply truck, forfeited a fine of \$35 and costs on a charge of inattentive driving near the Joe Rothering farm in Town of Glencoe April 30. Traffic Officer Henry Zeichert arrested him.

Peter Weiss, Austin, Minn., appeared in court Monday on a charge of speeding 75 miles an hour in a 50-mile zone April 30 in Alma. Marshal Fred Glander arrested him. Weiss was fined \$37 and costs.

On Friday in Alma, John Parker, 18, Winona, was fined \$20 and costs. He and four juveniles were arrested by Game Warden Stanley Apel April 22 for hunting wild game without getting a license for such.

At Mondovi last Wednesday Boyd Burke, Lotus Lake, Minn., forfeited a fine of \$10 and costs for making an illegal turn in Mondovi April 22. Chief of Police Carl Swain made the arrest.

Record Walleye

The walleye that Tom, 12 (above), son of Mr. and Mrs. Richard Robiecki, Bass Camp, caught Monday after school is going to be tough to beat this season. It tipped the scales at 12 pounds, 11 ounces. Quite a fish from any walleye waters anywhere.

Tom, a master fisherman, despite his age, caught the big female while he was casting off the Whitman barge located on the Wisconsin side of the river just below the 300-foot mark. It hit on a small white jig which Tom was using for white bass. He was using a spinning outfit. A real battle took place before he tired the fish and directed it into a landing net.

Tom was not the only one who caught walleyes there. Brad Baumann and party got 17 on Sunday; Erwin Pluthoff, 418 S. Baker St., entered a five pounder Tuesday in the Sportsman's Tavern contest. Similar reports come from Dresbach and Alma. There have been only a few boat fishermen below the Winona dam as yet. The current is too strong there.

Fly fishing for crappies has been popular the last couple of days on the upper end of Lake Winona just off the Huff street dike near its junction with Highway 61. The crappies are fair sized and put up a good battle. There are a few sunfish there.

Reports on white bass are still spotty. The water is apparently too cold for any mass movement as yet. One gets two or three, then the fun is over. Another hot spell is needed for real action.

Trout Reports

Trout fishing in the White-water has settled down after the sensational opening with most of the "first day" fishermen staying home. It is mostly bait fishing, as it has been a bit cool for much insect life.

Robert Maurer, Elba, reported Tuesday that it would be a couple of days before the North Branch would be again fishable. The South and Middle branches are back to normal after the rain. All other trout streams in the area have cleared. Several three-pound trout have been caught.

Arbor Day

Many Minnesota schools will observe Arbor Day on Friday. Some will plant one tree somewhere on the school grounds or in a nearby park. The state forestry department reports that 411 schools have ordered trees for Arbor day planting.

In addition to this lone tree planting, there are several schools, mainly in the northern part of the state, which have state forests. Arbor Day there is a work day for all the pupils. Some of these schools have ordered as many as 15,000 trees to plant. The state nursery supplies schools with free trees.

With May day past, state parks in each state are preparing for an inroad of school pic-

Can We Lean Back and Forget?

THERE'S NO question that administration pressure and a sluggish market combined to prevent a price increase in steel. Can we now lean back and forget about the danger of rising prices?

It seems not.

In New York, plumbers and bricklayers have served notice on their employers that they will demand a five or six hour day and pay increases averaging about \$1.30 an hour. This certainly would assure that the cost of building, rents on apartments and offices, and even taxes in New York City will go up.

In Chicago, the Associated Milk Dealers have said that July 1 will bring an increase of half a cent a quart for milk, because of the terms of a new labor contract giving milk wagon drivers pay increases amounting to about 13 1/2 cents an hour.

AND OF COURSE people are still snickering at the rent increase put into effect by the gigantic Chicago Merchandise Mart, owned by the Kennedy family, because of higher labor and tax costs at almost the same moment the President was slipping steel down for trying to increase prices.

All across the nation, new contracts and negotiations in progress forecast that such wage increases, and resulting price increases, will be common. Steel may, or may not, have been the prime indicator of rising prices in the immediate post-war years. But now that no price increase in steel has occurred, while other prices show signs of going up, steel may well have become a poor indicator. Remember, it used to be said that "As Maine goes, so goes the nation." That's another indicator that can't be relied on any more.

Few people seem to understand, and politicians seldom try to enlighten them, that inflation and price increases are not identical. Price increases follow inflation.

USUALLY IN the world, inflation is created by government policies, such as printing paper money and increasing credit by borrowing from banks. Lately in the U. S. we have had wage inflation, caused by wages increasing faster than our production increases.

If the administration is truly interested in rising prices, and not in merely making political hay, it will give some serious attention now to these causes.

Decision Was Made Last August

PICKETS are still picketing here and abroad in protest over President Kennedy's decision to resume nuclear testing, but if they want to be realistic about it, the decision actually was made by Khrushchev last August. Since that time, eventual American resumption of tests has been inevitable.

For in this decision, made with the certain knowledge that the world is against it, the United States is blameless. The choice was continuance of a hollow moratorium which we had observed for 3 1/2 years, or preserving the strength of the United States and the free world by going ahead. In effect, there was no choice.

For almost four years, the United States has sought to reach agreement with the Soviet Union to ban nuclear testing.

THE UNITED STATES' conditions were minimal. We asked only for an adequate inspection system to see that the ban was kept. The Soviet Union would agree only to an uninspected—and therefore worthless—ban.

Gradually the United States weakened its position, to the point that inspections would be rare, and would cover only a minute part of the Russian land mass. The refusal of the Russian delegation to agree even to this was clear proof that they wanted no test ban, but were only stalling to keep us in the game.

When they were ready for their own new tests last September, they went ahead. They set off some 50 atmospheric explosions, ranging up to 55 megatons.

STILL THE United States shied away from testing. Once again we sat down at the conference table, even though the results of the Russian tests proved that our nuclear superiority had all but vanished.

Finally in March, when an agreement was no closer than it had been four years ago, the President gave the word. If an agreement was not reached we would be forced, for our own protection, to start a new test series ourselves.

THE UNITED STATES has nothing to fear from world opinion in going ahead. In the first place, world opinion is a weak and vacillating thing, which showed itself hardly alarming last September when the Russians set off their blasts.

In the second place, our case is too good. Russia's protests now that our tests are "measures suiting those who want war, are scheming for war, and refuse to come to their senses" are not likely to make much impression.

WE JOIN THE rest of the world, the United Nations, and our own strident seekers for a "sane nuclear policy" in regretting that such tests have to be made. But made they must be. The United States could afford to be patient no longer.

Other foundation can no man lay than that which is laid, which is Jesus Christ.—1 Cor. 3:11.

How Do You Stand, Sir?

Russ Attitude, Ability Studied

By SEN. BARRY GOLDWATER

Russian attitude and ability are important considerations in any discussion of disarmament. For unless there is at least a small disposition on the part of the Communist leaders to reduce war-making capabilities, a whole lifetime of conferences will do us no good.

So far, there has been practically no evidence of good faith on the part of the Communists in the disarmament talks. Regardless of the hope in some circles that Khrushchev might be as eager as some Western leaders to reduce world tensions through a reduction of armaments, we have seen nothing concrete to justify such a hope.

But for the sake of argument, let us assume that the Soviets have a genuine desire to join in some kind of pact that would result in calling a halt to the arms race and a gradual cutting back of existing systems for waging war. From that point on, the question becomes one of whether Russians can afford to engage in any type of disarmament at this particular stage in the world crisis between slavery and freedom.

If we take arguments of administration spokesmen seriously, we'll have to agree that now is about the last time when Russia could be expected to entertain the idea of reducing her armaments.

PRESIDENT KENNEDY tells us that the leaders of world communism are confronted with acute internal problems in each Communist country and with profound divisions within the Communist world itself. Secretary of State Dean Rusk is emphasizing the reported rift between Communist Russia and Communist China. And W. Averell Harriman, assistant secretary of state for Far Eastern affairs, declares that the Russia-China split will probably never be healed.

Of course, all of these spokesmen warn against becoming overly optimistic that the troubles within the Communist world might erupt in a way that will pay heavy dividends to the West. But it seems to me that we are playing with fire if we adopt Mr. Harriman's thesis that the difficulties between China and Russia may be irrevocable.

BUT AGAIN, for the sake of argument, let us say that these arguments are valid: That a serious schism has taken place in the Communist world that pits Red China against the Soviet Union and that it will remain permanent.

And where does that leave us? I suggest that it leaves us with the strongest possible argument why the Russians will not consider any kind of disarmament at the present time, under any kind of inspection system devised at the Geneva conference on disarmament.

In other words, even if the Russians didn't have to worry about the West, they still aren't in a position to entertain serious ideas of disarmament—always assuming that the administration's appraisal of trouble in the Communist world is valid.

It strikes me that, in view of this, our talks with the Soviets on the subject of disarmament become slightly ludicrous.

How do you stand, sir?

'But If You Don't Have a Curtain — How Do You Hide Your Failures?'

THE WASHINGTON MERRY-GO-ROUND

Strong America Can Stop Communism in U.S.

By DREW PEARSON

ABOARD THE SS DELTA QUEEN—Being out here on the broad Mississippi River with no telephones, no telegrams, and no distractions is conducive to thinking about the might and majesty of what man has wrought.

This has set me to thinking about the favorite topic of discussion on the part of a great many would-be pilots of the nation recently—our failures to combat Communism. They have seen Communists behind every bush, have predicted the USA was on the way to becoming an arm of the Kremlin, and some have charged that because I listened to and reported the views of Nikita Khrushchev for two days last summer, I am pro-Communist.

It so happens that I know something about Communism, having been the first newsman to report the Soviet Canadian spy ring, having uncovered the theft of the B-29 blueprints, helped put across the Friendship Train and the democracy letters to Italy that turned the tide of the first Italian elections, and having organized the freedom balloons into Poland and Czechoslovakia at a time when the Iron Curtain was so rigid not even a Fuller brush salesman could get through.

And having listened carefully to those who could combat Communism by preaching hate and voicing suspicion of their fellow Americans, I would like to outline my own seven points for preventing Communism. I'll be brief here they are:

1. The Elimination of Poverty.—When I get letters from mothers who are struggling to feed their children and whose husbands don't have jobs, I know they and the children they are bringing up could be converts to Communism.

2. Most people have forgotten that the young Communists of the 1930's were the product of the depression. It was those harsh, cruel, heartless years of no hope, of pitiful men selling apples on street corners that brought on Communism, just as it was the harsh hopelessness of czarist rule that brought Communism to Russia.

3. Honesty.—Corruption in high places, and low places too, is another way of inducing Communism. A Democratic-Republican form of government must be an honest government. Likewise our capitalistic system of business must be honest. Once either loses high ethical standards, then is the time to begin worrying about Communism.

4. When the Justice Department indicted the port manager of Galveston, E. H. Thornton Sr., for surreptitiously mixing wheat unfit for human consumption with good wheat and labeling it A-1 wheat, justice was right. The Justice Department knew it must keep a high standard of government honesty. And when Gov. Allan Shivers flew to Washington and persuaded President Eisenhower to drop the indictment he was wrong.

5. THE SOVIET, in my opinion, carried things too far when it recently gave the death sentence to a Russian grain official who likewise misbranded wheat. But they also knew that the first standard of good government is honesty.

6. Respect for Government.—This goes hand in hand with honesty. If we don't respect our government officials we have the right, by means of the ballot, to change them. But if we lose respect for too many of them we may want to change our system. That's why it's so important to keep government fair and honest, so as

to keep respect for and confidence in government.

7. Respect for religion—some of those who are beating the tom-toms loudest about the dangers of Communism are the Bible-pounding fundamentalist preachers of the extreme right, and one of their stocks in trade is to smear their fellow preachers as Communists. The Rev. Billy James Hargis claims that the National Council of Churches aids and abets Communism. He also managed to sell the Air Force on inserting similar charges in its troop indoctrination program.

BUT THE more you undermine churches and the more you destroy the influence of religion, the more you aid Communism. The first step taken by most Communist governments has been to shut down the churches and curb the clergy. Yet the bible-pounding fundamentalists, who make such a display of teaching anti-Communism, are probably the greatest single voices undermining the churches.

8. Equality of Opportunity and Fair Competition.—Monopoly is one step that makes it easy for a Communist takeover. Communism thrives on monopoly; in fact is monopoly. Under Communism the government owns and runs everything. There is no private business or small business.

Therefore when you stamp out little business, or little labor, you take a step which could eventually make it easier for Communism. This applies to big labor just as much as it does to big business. The International Brotherhood of Electrical Workers in New York who put across a five-hour day at five dollars an hour, with a severe restriction of apprentices, is just as guilty as American Telephone and Telegraph which operates the biggest monopoly in the USA and wants to expand it by taking over the communications satellite.

9. Respect for the Dignity of Man.—The individual isn't important under the Communist system. He is subordinated to the state. But under the Judea-Christian philosophy, the dignity of man is all important—and that is true regardless of his color, his wealth, or his religion.

Stone-Throwing In Glass House

By DAVID LAWRENCE

WASHINGTON — On the subject of "stone-throwing"—apropos of the controversy over steel prices—President Kennedy in a speech before the U.S. Chamber of Commerce convention on Monday quoted the Bible as saying there is "a time to cast away stones and a time to gather stones together." But Mr. Kennedy forgot another quotation. Jesus said: "Let him who is without sin among you be the first to cast a stone."

The President brushes aside the fact that he initiated the broad attack on American business three weeks ago, particularly on a large steel company. For, in a public statement on April 11 last, he expressed his feeling that "a tiny handful of steel executives whose pursuit of private power and profit exceeds their sense of public responsibility can show such utter contempt for the interests of 185 million Americans."

This was the "stone" cast by an administration which, because of its political indebtedness to the big labor unions, had refused to use "stones" in the public interest to prevent an increase of \$100 million a year in wage costs to the steel industry.

Mr. Kennedy has owed a public apology to the men in the steel industry and a disavowal of his charges as to their lack of patriotism. Maybe this is what he was trying indirectly to do when he said to the U.S. Chamber of Commerce in his speech on Monday:

"While government economists can point out the necessity of increasing the rates of investment, of modernizing plant and productivity, while Washington officials may urge responsible collective bargaining and responsible wage-price decisions, we also recognize that beneath all the laws and guidelines and tax policies and stimulants we can provide, these matters all come down, quite properly in the last analysis, to private decisions by private individuals."

THIS IS PRECISELY what the steel men, as private individuals, tried to do. Had Mr. Kennedy made this statement in a balanced plea to labor and management in the steel controversy, and had he recognized that a moderate increase in steel prices was not catastrophic in itself, there would have been more confidence among businessmen today in the fairness of his administration.

For the President in his latest speech does outline objectively the problems faced by government and business and labor. He declares that "it is easy to charge an administration is anti-business, but it is more difficult to show how an administration, composed of men of rational men, can possibly feel they can survive without business, or how the nation can survive unless the government and business and all other groups in our country are exerting their best efforts in an atmosphere of understanding, and I hope cooperation."

BUT SUCH an "atmosphere of understanding" cannot be attained by misunderstanding the responsibilities of management to their stockholders—the investing public. Either the government has to run the economy or else the private enterprise system must do it. Mr. Kennedy said:

"We have many burdens in Washington — we do not want the added burden of determining individual prices for individual products. We seek instead an economic climate in which an expanding concept of business and labor responsibility, an increasing awareness of world commerce and the free forces of domestic competition will keep the price level stable and keep the government out of price-setting."

But how can such a "climate" be attained? Certainly not by convening a federal grand jury session and sending government detectives out immediately to interrogate the steel men, or by using the government's power suddenly to

To Your Good Health

Reaction To Drugs Can Vary

By JOSEPH G. MOLNER, M. D.

Dear Dr. Molner: Is there anything that will help epileptic seizures? All different doctors do give different sedatives or tranquilizers.—Mrs. N. W.

Oh, I disagree! The great majority of epileptic cases are being helped markedly by the anti-convulsant drugs, which are not sedatives and are not tranquilizers. Many epileptics, since the development of these drugs, have gone for years without having a seizure.

NOTE TO MRS. C. B. There's no special significance as to which side of the face may be affected by tic douloureux; it can occur on either. There are few precautions to take against recurrence, but I'd avoid abrupt, severe chilling of the face, and if any dental infection exists, I'd certainly get it cleared up. The "bite" should be checked too. And, of course, keep up the general health tone by such simple but important measures as adequate rest, balanced diet, plenty of liquids, and reasonable general exercise.

Dear Dr. Molner: Will leukemia always show up in a blood test and blood count? — STEADY READER

Ordinarily, yes. However, with certain treatments, the disease can go into a period of remission. In this phase, presence of the disease can for a time be difficult to prove. For that reason, cases should be followed carefully.

Dear Dr. Molner: At age 50 I am still regularly menstruating. Is it normal? How much longer after 50 will this go on? — L. C.

Yes, it's normal enough, but not average. As, for example, it's normal for some people to be well over 6 feet tall, but it isn't average. See what I mean? It would be extraordinary for your periods to continue more than a couple of years or so, but there's no reason to be alarmed.

withdraw defense contracts as a means of intimidation.

BUSINESSMEN ARE not going to be swayed by soothing words. They are interested in facts and in proper action by the government. Mr. Kennedy has believed that there were only two courses in sight—inflation, which he wished to prevent, and price stability, which he hoped to establish. But he forgot the third course that threatens America—a deflation which can prevent recovery from a recession. Deflation occurs when profits are squeezed to the point of zero, when cost-cutting of every kind is invoked in desperation, and when labor keeps on demanding wages far above the point at which these costs can be absorbed within the price structure.

A deflationary trend can only lead to more unemployment and a downturn in values for American business. Mr. Kennedy's good faith in dealing equally with labor as he has with management is really at stake, and, unless the profit squeeze is soon stopped, there is little chance that optimistic statements made to such businessmen's meetings as that of the U.S. Chamber of Commerce will be of any avail.

New Column Starts for Homemakers on Sunday

A woman who confesses she didn't learn housekeeping and cooking until after her marriage to a young Air Force lieutenant is the author of a new column for homemakers which will appear weekly in the colored comic section of the Winona Sunday News beginning next Sunday.

"Hints from Heloise," a potpourri of household tips, advice, economical short cuts and recipes, is written by Heloise Cruse, a 43-year-old native of Texas whose husband is a lieutenant colonel in the Air Force and assistant deputy for personnel at Hickam Air Force Base near Honolulu, Hawaii.

SHE BEGAN writing her column as a result of a challenge by friends. It first appeared in the Honolulu Advertiser, is now syndicated and Mrs. Cruse now needs a staff of five to keep pace with her rapidly increasing correspondence.

Not only is writing the column her first newspaper job, it wasn't too many years ago that she not only didn't know how to make a bed—she didn't even know which end of a broom to use.

"I never did learn housekeeping when I was living with my family in Fort Worth, Texas," she confides, "and it was only after we were married and stationed at an air base that I found out there was a lot more to it than hiring a maid, which we couldn't afford on his pay. Fortunately, newlywed husbands don't know the difference and even at one of our first meals when I cooked two cups of dry rice that multiplied many times, he thought everybody made that much."

HER EDUCATION in homemaking began with her marriage in 1939 and was continued in such places as Nanking, Shanghai, Japan and Washington, D. C.

"In the Air Force," she says, "you learn to keep a well-run house for anything else would be a deterrent to your husband's career because of the entertaining

Heloise Cruse

that's done. Besides, clutter makes me nervous."

When her friends call her a colorful person they mean it literally because she uses hair spray to change the color of her hair every day, and sometimes more frequently.

"I just can't abide a dreary look," she says, "and when I wear a blue dress and blue shoes, why I'm going to have blue hair."

A FEW YEARS ago when she was going to have a garden party the grass in her yard had a dried, woe-begone look, so she sprayed it green (three packages of tint to one gallon of water). Now she sprays the grass before every party and also paints tree trunks gold, sprays leaves with white and isn't above touching up flowers. She was just as unorthodox about her approach to writing a column. At a party, when friends were talking about plans after retirement, she said she'd like to write daily for the newspaper. Jibes of her friends made her more determined so the next day she called on the publisher of the Honolulu Advertiser. Once inside, she had to admit that she had never written for newspapers and couldn't even type.

THE PUBLISHER, laughed but sent her home to return in a week with some sample columns. She had no trouble writing them, just looking around her home to recall some of the short cuts she'd learned in housekeeping. Originally hired on a 30-day basis, she soon was given a three-year contract when mail from enthusiastic readers began pouring in. Up to the time she was syndi-

New Lasting Shine For All Floors

A new floor finish contains "Acrylic" the wonder working chemical that ends waxing, just as the new "acrylic" auto finishes require no waxing. Mrs. Kennedy Has Cleopatra Hairdo

WASHINGTON (AP) — Mrs. John F. Kennedy is sporting a modified Cleopatra style hairdo, and the White House says it's no wig.

The First Lady showed up at the Capitol Tuesday for the annual luncheon of the Senate wives Red Cross unit. She was wearing her hair wide and bouffant at the sides, but there were no bangs. She wore a small black velvet bow in front to go with her gray and white houndstooth checked suit.

One Senate wife wondered if it might not be a wig. There also were reports when Mrs. Kennedy visited Pakistan and India that she might be taking along a wig to ease her coiffure problems.

The White House denied the presence of a wig on the trip. It denied Tuesday's wig rumor, too.

Four Galesville Firms Remodel

GALESVILLE, Wis.—Four business places have completed remodeling and renovation as spring projects.

Wason's Supper Club has installed hardwood paneling, redecorated, made major improvements to the bar and installed new lighting.

The Gale Grill is open again after being closed five days for arranging stools on one side and booths on the other, providing a center aisle, and easier service. The restaurant also has been redecorated.

A new inlaid floor has been in-

stalled at Art's Appliance Store and Gift Shop.

Office and sales room at Beaver Builders, Inc., has doubled its floor space to about 40 by 40 feet. New flooring and fixtures have modernized the establishment.

Arkansaw to Graduate 8th Graders on May 15

DEAR ABBY:

Brother Must Be An Ostrich

By ABIGAIL VAN BUREN

DEAR ABBY: As a disinterested third party, your advice is needed. My brother's wife is running around and everyone in our little town knows it but him. She uses all sorts of lame excuses to get out of the house "for an hour" and comes in at midnight with more lies. My brother works 12 hours a day trying to provide for her and their three children. She sleeps till noon and lets the children fend for themselves. The house is a mess. She dresses like a street-walker and her children look like war orphans. Would you advise me to give her enough rope to hang herself? Or should I tell my brother? We are decent people and everyone is talking.

DEAR "G.": It would be pretty hard for a man not to be aware that his wife dresses like a "street-walker" and his children look like "war orphans." If your brother really is having the wool pulled over his eyes—don't be sheepish. Tell him!

DEAR ABBY: You said, "Just because there's chrome on the dome doesn't mean there is no power under the hood." Will you please tell me how YOU know?

DEAR I: Some of my best friends are mechanics.

DEAR ABBY: If a baby-sitter is asked to come to sit from 7:00 p.m. until midnight, what do you think about this situation? I arrived promptly at seven. The parents were nowhere near ready to leave the house. At eight, they left, saying, "Well, that's one hour less of your time — sorry." They came back at a quarter to one — exactly 45 minutes later than they promised — saying, "Sorry we're a few minutes late, ha ha." Then I got paid for four hours. What would YOU do?

OVERWORKED AND UNDERPAID

DEAR O. AND U.: I would tell them they owed me for five hours and 45 minutes and no "ha ha" about it.

DEAR ABBY: I am in love with a nice fellow and he has asked me to marry him. I would like to have a big church wedding and wear a white gown and veil, and have a large reception. I had a child. A few in the family know about it. Should I tell my future husband about it? I gave the baby up for adoption. I was only 15 at the time and I am 19 now.

SECRET KEPT

DEAR SECRET: Do not make a mockery of a large wedding with a gown and veil. And by all means, TELL your future husband.

Abby

Two Girls Lead Class at Mabel

MABEL, Minn. (Special)—Karen Street, daughter of Mr. and Mrs. G. O. Street, Mabel, has been named valedictorian of the Mabel High School graduating class. She has an average of 95.4.

Kathleen Ford, daughter of Mr. and Mrs. Myron Ford, is salutatorian with an average of 95.1. Both girls have taken identical subjects during their high school career. They are members of the National Honor Society and the "90" club.

At the annual honors convocation at the auditorium Tuesday, four seniors and two juniors were received into membership of the National Honor Society. Four seniors are Karen Brenna, Gordon Eddy, Connie Haagenen, and Robert Sanden. Junior members are Julianne Wold and David Larson.

Members of the National Honor Society must have maintained an average of 85 or better throughout their high school career and must have exhibited good character, leadership and service.

Other honor students named were Richard Spande, Ira Hines, Diane Hagen, Barbara Housker, Brenda Thingvold and Linda Stegen. These students maintained an average of 90 or better for their four years in high school. Graduation exercises will be held May 31 at the high school auditorium.

Granger Church To Burn Mortgage

GRANGER, Minn. (Special)—St. Matthew's Lutheran Church here is planning a mortgage burning ceremony Sunday.

The Rev. Robert Taylor, new pastor of St. Matthew's, has invited the preceding pastor, Orville Boettcher, Winthrop, to deliver the sermons for the day.

The morning worship service will begin at 9:30 a.m., a dinner will be served at noon with an afternoon service to follow at 2:15 p.m.

The congregation, which was responsible for the erection of the modern building, dedicated in 1955, invited its friends to the worship services.

Past Commanders Of Legion Post Hold Reunion

Nineteen past commanders and six past adjutants attended the annual reunion of the Past Commanders Club of Leon J. Wetzel Post 9 at the American Legion Memorial Club Tuesday evening.

Elected new commander of the club was J. Everett Burke (1955-56), succeeding Thomas Richards (1953-54). New adjutant is Adolph Bremer (1946-47), succeeding C. E. Linden (1945-46).

The Legion Auxiliary served the dinner.

Hammarkjold Death Remains U.N. Mystery

By MAX HARRELSON
UNITED NATIONS, N.Y. (AP)—A U.N. commission of inquiry announced today its inability to penetrate the mystery of the death of Hammarkjold.

In a report to the General Assembly, the five-nation body did not rule out any of the rumored causes of the plane crash—sabotage, attack by hostile aircraft, mechanical difficulties or human failure. It did say there was no evidence to back up any of these theories.

Hammarkjold died Sept. 18 when a chartered plane crashed near Ndola, Northern Rhodesia. The U.N. secretary-general was on a Congo peace mission.

The report said:

"The commission has carefully examined all possible causes of the accident. It has considered the possibility of sabotage or of attack and the material or human failure. It has found no evidence to support any of the particular theories that have been advanced nor has it been able to exclude the possible causes which it has considered."

The commission included representatives from Nepal, Sierra Leone, Sweden, Yugoslavia and Argentina. It began work in December and held hearings in Africa and at Geneva.

The group went into every rumor thoroughly, including reports that a bomb was placed on the plane, a mysterious 17th person was hidden aboard the plane, the altimeters were out of order, the plane caught fire and that a Ka-lunga plane attacked it.

The commission said the plane had been unguarded before it left Leopoldville, providing an opportunity for sabotage, but it found no evidence sabotage took place.

Park Dismisses Life Sentence Against General

SEOUL, South Korea (AP)—South Korean strongman Gen. Chang-hee Park today quashed a sentence of life imprisonment against the ruling military junta's former top man, Lt. Gen. Chang Do-yeon.

Park dismissed charges that Chang had tried to obstruct the military coup which overthrew the parliament in May 1948 and May 16 and then tried to take full control of the junta.

Chang, army chief of staff at the time of the coup, became premier of the government of the junta after the coup but Park, the architect of the coup, was the real power.

Chang was ousted last July and arrested. A junta revolutionary court sentenced him to death on Jan. 10, but an appellate court reduced the sentence to life imprisonment on March 10.

Park also dismissed the charges against four other members of the original military government who were convicted with Chang.

The junta chief said he was freeing all of them because of their contributions to their country as military officers.

2 Farmers Dead in Tractor Accidents

By THE ASSOCIATED PRESS
Deaths of two Minnesota farmers in tractor accidents were reported Tuesday.

Kenneth Chace died of a head injury when the tractor he was operating on his farm near Elmore overturned Tuesday noon.

Mrs. Chace found her husband's body beneath the tractor.

A Sanborn farmer, Evan Brown, 32, was killed Monday when he was run over by a disc as he stopped to pick up a rock. His tractor, which he had stopped, slipped back into gear accidentally.

Long Distance Rates Lowered

ST. PAUL (AP)—A reduction in long distance intra state telephone rates totaling \$500,000 a year was announced Tuesday by Paul A. Hasmussen, chairman of the Minnesota Railroad and Warehouse Commission.

Hasmussen said the commission approved the new rate schedules of the Northwestern Bell Telephone Co. in response to a request by the company to reduce its rates within the state.

The revised schedule, effective June 17, calls for a five cent reduction in the basic day station-to-station calls over 45 miles.

Zoologist Set For Talk Here

Structures of natural life in New Zealand will be discussed Saturday by Dr. William H. Marshall, principal speaker for the annual meeting of the Minnesota Academy of Science.

Dr. Marshall, a professor of economic zoology at the University of Minnesota, will speak on "Some New Zealand Habitats" at Parson Hall auditorium, Winona State College.

Dr. Marshall, who was president of the academy in 1951-52, joined the university staff in 1945. He holds a bachelor of science degree from the University of California and master's and doctor of philosophy degrees from the University of Michigan.

His experience also includes service as a wage stabilization officer with the War Food Administration from 1943-44, assistant biologist with the U.S. Fish and Wildlife Service, 1947-48, instructor at Utah State College, 1948, assistant conservationist with the U.S. Forest Service, 1945, and Forest Service technical foreman, 1934.

In 1951-52, Marshall was on leave to serve as consultant to the Wildlife Management Institute, Washington, D.C., and in 1950-51 was a Fulbright Research Scholar in New Zealand.

Marshall's research specialty is animal ecology and wildlife management. His research has included studies of waterfowl nesting, pine marten, ruffed grouse and white-tailed deer. He has published 34 papers in scientific journals, 18 miscellaneous articles in various periodicals.

He is a member of the Wildlife Management Institute, American Society of Mammalogists, Ecological Society, American Ornithologists Union and other professional organizations. He has served as associate editor of the Journal of Wildlife Management.

Three Spring Grove Students Named

DODGE CENTER, Minn.—Three Spring Grove High School FFA students were elected officers at the seventh annual District 16 FFA dinner at the high school cafeteria here.

Harold Rud was elected president and Alfred Hagen secretary. Hagen also received the District 16 Star Farmer award, while Warren Sylling was elected sentinel. Boyde Anderson, Spring Grove agriculture instructor, was elected judge.

Robert Denny and Wendell Engstrand, both of Kasson-Mantorville, were elected vice president and treasurer respectively at the meeting last Wednesday. Al Spande, Mabel, was named reporter.

Spring Grove was top scoring team in District 16 dairy cattle judging contest. Lewiston placed second, Kasson-Mantorville third, and Rushford, fifth. Jerry Mueller, Lewiston, was high individual; Ronnie Olson, Kasson-Mantorville, took second, and James Fuller, St. Charles, placed third.

Two Dover-Eyota teams and three individuals will make trips to state FFA contests as a result of placing high in Region 8 competition. These awards also were presented at the dinner.

The dairy products team placed second, the poultry team fourth, while George Buss, Gary Kettner and Ron Palmy won second place in the talent contest with a pantomime performance.

Gale-Etrick Students Guests at Whitehall Roman Banquet

GALESVILLE, Wis. (Special)—Gale-Etrick students in the department of languages with their teacher, Mrs. A. L. Twiss, were guests of the Latin class of Whitehall High School at a Roman banquet Saturday evening. It has been customary for the two schools to alternate in this program in observance of Latin Week.

Food authentic to the period of the height of power in the Roman Empire were served to the reclining guests in true Roman style, by "slaves" in rough clothing, while guests wore regal attire with togas and tunics richly bordered by purple or crimson.

Both schools took part in the entertainment. The banquet is held each year to foster a common interest in the language and its classics.

Miss Anderson, Lorris Siewert Exchange Vows

MABEL, Minn. (Special)—Miss Carolyn Ann Anderson, daughter of Mr. and Mrs. Orrell Anderson, Mabel, became the bride of Lorris Siewert, son of Mr. and Mrs. Clarence Siewert, Zumbro Falls, April 8 at the Mabel Methodist Church. The ceremony was performed by the Rev. Roy E. Lockhart at 2 p.m.

Organist was Miss Diane Larson, Mabel, and soloist was Mrs. Randall Koepf, Decorah, Iowa.

THE BRIDE, given in marriage by her father, wore an Alencon applique gown of silk organza made with portrait neckline, fitted bodice and long sleeves. Her silk illusion veil was held by a crown of orange blossoms. She carried a cascade bouquet of red roses.

Mrs. Allen Betz, Caledonia, sister of the bride, was matron of honor. Bridesmaids were the Misses Linda Anderson, sister of the bride, and Elaine Aschm, Rochester. The bridal attendants were gowned in light blue nylon organza over taffeta with darker blue taffeta sashes. Their dresses were made with round necklines, fitted bodices and full skirts. The bodices dipped to a V in the back. They carried blue and white carnations.

Dianna Snitker, Postville, Iowa, and Jeffrey Siewert, Zumbro Falls were flower girl and ring bearer.

HARLAN SIEWERT, Zumbro Falls, brother of the bridegroom, was bestman. Groomsmen were Marcus Siewert and Kerwin Siewert, Zumbro Falls, brothers of the bridegroom. Ushers were Marilyn Siewert, Zumbro Falls, brother of the bridegroom, and Allen Betz, Caledonia.

A reception was held in the church basement. The bride is a graduate of Mabel High School. The bridegroom is a graduate of Lake City High School and attended the University of Minnesota. The couple is at home near Zumbro Falls where the bridegroom is engaged in farming. They traveled to the Ozarks for their wedding trip.

Helmer Sexe, Wife Observe 45th Anniversary

ETTRICK, Wis. (Special)—Mr. and Mrs. Helmer Sexe, North Beaver Creek, celebrated their 45th wedding anniversary Sunday. They were honored at an informal gathering of friends and relatives at the home of their son-in-law and daughter, Mr. and Mrs. Garven Borreson, North Beaver Creek, attended by 150.

Mr. and Mrs. Sexe were married April 19, 1917, at Faith Lutheran Church by the Rev. Andrew Boe. Mr. Sexe was born March 10, 1888, on the Garven Borreson farm where the anniversary party was held. Mr. Sexe, the former Bertha Johnson, was born on the present Aldon Heimdahl farm, June 14, 1895. For a time the couple engaged in farming, but for many years Mr. Sexe has been a carpenter. He built the neighboring home of his son-in-law and daughter, Mr. and Mrs. Oscar Tranberg, where Mr. and Mrs. Sexe make their home. Mrs. Sexe served as organist at Faith Lutheran Church. Mr. and Mrs. Sexe have two daughters, Mrs. Borreson, (Cora), and Mrs. Tranberg, (Jilma) and ten grandchildren.

Attendants at the wedding were Mrs. Melvin Kittleson, Hegg, Wis., Mrs. Lawrence Holven, Blair, Wis., Helmer Herred, La Crosse, and the late Theodore Heimdahl, Mrs. Kittleson and Mrs. Holven were present.

The anniversary table was centered with a bouquet of red roses. Mrs. Leonard Sexe and Mrs. Aldon Heimdahl, North Beaver Creek, served the anniversary cake and ice cream. Mrs. Lloyd Quammon, sister of Mr. Sexe, presided at the table. Assisting in the kitchen were members of Faith Lutheran Church Ruth Circle headed by Mrs. Elvin Rogness.

A program was presented by the couple's grandchildren and an address was given by the Rev. E. E. Olson.

Patrick Wehrenberg displayed a pair of pillows to be given away at the May meeting.

Mrs. Lawrence Passe, president, announced that the 1962 national convention of the National Council of Catholic Women will be held in Detroit Nov. 3-7. A social hour followed the meetings.

U.S. Coast Guard Academy Opened To 4 Negroes

WASHINGTON (AP)—The U.S. Coast Guard has offered four Negro appointments to the Coast Guard Academy at New London, Conn., provided they pass physical examinations.

A Coast Guard spokesman said Tuesday the service made a nationwide recruitment drive at pre-

dominately Negro high schools and junior colleges and the offers to the four followed.

President Kennedy had complained, the spokesman said, that he saw no Negroes among the academy cadets marching in his 1961 inaugural parade.

Entries Asked For Arcadia Show

ARCADIA, Wis. (Special)—Any one interested in entering the talent show in connection with the Arcadia Broiler-Dairy Festival June 2-3 is asked to contact Ernie Reck not later than May 29. Information he will need includes the name or names of the talent,

name, address and telephone number of the leader, type of performance, and a brief explanation of it.

The talent show first held in connection with the festival is set for June 3 at 8:30 p.m. on a stage that will be erected on Main Street in the business district.

Meeting to Discuss Arkansaw Referendum

ARKANSAW, Wis. (Special)—A meeting will be held at Waterville Union Free High School gym Monday night to discuss a referendum on whether electors of Waterville Town favor the order of the state superintendent of public instruction placing the area in the Durand and Unified District.

A petition with over 500 names was filed with Pepin County Clerk

Martin Pittman last week, but he has not as yet set the referendum date.

Blair Student Named

BLAIR, Wis. (Special)—Richard Anderson, son of Mr. and Mrs. John H. Anderson, rural Blair, has been chosen a candidate in the annual Achievements Awards program, sponsored by the National Council of Teachers of English. (NCTE). National

winners will be announced in December 1962, and their names will be sent to every United States college and university with an NCTE recommendation for scholarship aid.

These awards, according to James R. Squire, executive secretary of NCTE, are designed to combat present verbal inadequacy. Richard's nomination was announced by Mrs. Hans Morken, Blair English teacher.

SCHAIN APPOINTED

James T. Schain, 326 W. 4th St., has been appointed area chairman for the Carleton College alumni capital gifts program. He is a 1934 graduate of the College. The campaign seeks to raise \$1,500,000 by July 1.

Gold was first discovered near Johannesburg, South Africa, in 1886. A year later, 3,000 prospectors had moved to the area.

Senate GOP Seeks Unity on Medical Care

By JACK BELL

WASHINGTON (AP) — Senate Republicans try today to patch together a measure of party unity on an issue some of them think may be telling in the November elections — medical care for the elderly.

Senate Republican Leader Everett M. Dirksen of Illinois said in advance of a scheduled party conference he hopes some consensus can be reached on the party's position. He pointed out that no individual member will be bound by the discussions.

President Kennedy is bearing down on House leaders for action in that body on a bill now tied up in its Ways and Means Committee to finance medical care for those over 65 through Social Security taxes.

If there existed any hope that Kennedy could reach a compromise which would remove the powerful opposition of the American Medical Association to this proposal, it went down the drain at a White House conference Tuesday.

After a seven-member AMA delegation spent about an hour with Kennedy, Dr. Leonard W. Larson, head of the group, and Secretary of Health, Education and Welfare Abraham Ribicoff said there was no change in positions.

Kennedy argued for his bill and Dr. Edward R. Annis, chairman of the AMA Speakers' Bureau, made the doctors' opposition case.

This left the Republicans in something of a quandary. Many of them dislike voting for a proposal the AMA has tabbed as "socialized medicine." But few of them want to be put in a position where they can be accused by election opponents of ignoring the needs of older voters.

GOP senators know that, whatever happens in the House, they are going to face a test vote on the issue in this session of Congress. Administration leaders now talk of getting House action on their measure. But if they don't, it is certain to be offered as a rider on some bill before the Senate.

As matters stand, Republicans up for re-election this year are divided on approaches to the problem.

YMCA Signing Up For Camp Olson

Registrations for YMCA's Camp Olson are being accepted at the YMCA here, according to Lou King, youth director. A number have signed up already.

Camp Olson, located near Longville, is operated by the North Central Area Council of YMCA's and is directed by Richard M. Carey.

Campers live in one of 10 cabins with an adult counselor. Meals are served family style in the new dining hall capable of seating and serving 175.

Classes are conducted in the mornings in riflery, archery, boating, canoeing and swimming, handicrafts, nature lore and photography. Afternoons, cabin groups participate as a unit, with their counselor, in programs they plan. Special events such as canoe trips, all-camp Olympics, Silver Strike Day and Carnivals are planned.

Carey will be here May 8-9.

St. Mary's Beats Scots 4-2; State Takes Twin Win

AIDS CAUSE WITH HOMER

Pascual Beats Orioles; Fourth Win of Season

MINNEAPOLIS (AP)—Camilo Pascual finally may be on his way to becoming a 20-game winner.

The Cuban right-hander of the Minnesota Twins coasted to his fourth victory against one setback in an 8-3 victory over Baltimore Tuesday and Manager Sam Mele says Pascual isn't even pitching very well yet.

"He's got the stuff to win 20," Mele said after his Twins had won their third straight and eighth in 11 games.

"He still isn't right," Mele added. "He stiffens up between innings and it takes him a little time to get started each inning. But when the weather warms up he should be really tough."

Despite his fast start, the win four times in Minnesota's first 19 games and finished fourth in the American League with 22.1 games.

"I can throw the ball where I want to this year," Pascual said, adding that he hasn't developed any new pitches. "I still throw my fast ball and my curve. That's all."

Some say he's hiding his pitches better this year.

Pascual has struck out only 22 men so far. Last season he led the American League with 221 strikeouts.

The eight-year veteran attributes this to a changed attitude and a much improved Minnesota defense.

"I don't really go for the strike-out like I used to," he said. "But sometimes I still do when I need a big out." Camilo struck out only three Orioles Tuesday.

"I've had some good plays behind me and that has made a difference of two or three runs a game."

Does Pascual think he can win 20 games this year?

"Well," he said, allowing a huge smile to spread. "I don't like to predict. You just never know."

He's been near it, winning 17 in 1959, a dozen in 1960 and 13 last year.

Pascual got his biggest pleasure Tuesday, not out of his fourth victory, but from a second inning two-run homer he swatted off Baltimore's Chuck Estrada.

It was only Camilo's second homer in the majors. The other was a grand slam against New York in Yankee Stadium two years ago. "That's still my biggest hit."

Winona State College rolled to its fifth and sixth victories of the season in the Tuesday afternoon by sweeping a double-header from River Falls 10-5 and 12-6.

The Warriors are unbeaten since losing their season-opening double bill. They come home to Winona for a Saturday twin-set against Mankato at Gabrych Park, seeking to make it 4-0 in the Northern State College Conference.

Duane Mutschler and Jerry Kohn combined in the opener to scatter 10 hits, all singles. Kohn, a Wabasha product, got credit for the win, taking over with one out in the fifth inning.

Dick Gunderson was the hitting star for State, belting a double and home run and driving in three runs. Gary Grob and Lance Johnson also had two hits each as State collected 11 for the game.

In the nightcap, Winona had to score seven runs in the eighth inning of the scheduled seven-inning game to win it.

Lance Johnson poked a three-run homer for Winona which tied off for 12 hits off two Falcon pitchers.

Chmelik Hits Grand-Slam

By AUGIE KARCHER
Daily News Sports Editor

A grand-slam home run in the third inning by Captain John Chmelik gave St. Mary's College a 4-2 victory over Macalester Tuesday afternoon at Gabrych Park, opening game for the Redmen in the Minnesota Intercollegiate Athletic Conference baseball race.

Coupled with Chmelik's blast, a 350-foot wallop over the right field screen, was a three-hit pitching performance by right-hander Jim Harens and some sparkling defensive play by the Redmen, particularly shortstop Bill Allaire, second sacker Charlie McCarter and centerfielder Jim Clarkin.

HARENS STARTED strong, fanning five batters in the first four innings and allowing only a single by Gary Zimmer.

In the fifth, however, Harens walked Gerald Shaughnessy and wild-pitched him to second base. He got But Berken on a ground-

out and the Redmen erased Shaughnessy in a rundown between third and home on Bruce Willis' roller to the mound.

That brought up Mac first sacker John Hanson. The left-handed swinger lofted a Harens' pitch

high over the right field screen to bring in two runs.

ST. MARY'S, which got to lefty Paul Pond for 10 hits, did their damage in the third inning.

Mike Mills singled, one of his two hits for the day, and Justin Zalecki walked. Allaire bunted

safely down the third base line to jam the bases. Chmelik wasted no time. He picked on Pond's first

shot, a curve ball, and four runs went up on the score board. It was his first homer of the season.

Macalester, which came in with a 3-3 record compared to a 2-3 mark for Coach Max Molock's

club, threatened in the seventh when a single, an error and a walk loaded the bases after Harens' hit retired the first two bat-

ters. But Bill Cartwright fled to left to end it.

IN THE ninth inning, Willis got left on an error and homer-hitting Hanson came up again. He drove

a ball deep to the 330 mark in right center, but Clarkin was wait-

ing for it, almost against the fence. Chmelik also had a double in the seventh. Rich Gabriel collected one

in the second.

Warcken, on the other hand, set 10 batters down on strikes and

issued three passes. His mates played errorless ball behind him.

Winona got eight hits off Owatonna's Grunwald.

Warcken's grand-slam homer came in the first inning. Don

Walz opened by singling on the first pitch, stole second and took

third on an error. Jim Gunn was

safe on another error. After Bob

Grunwald grounded out, George

Wenzel drew one of Grunwald's

two walks to load the bases. War-

cken picked out a straight ball on

a 3-2 pitch to drive 300 feet over

the right-center temporary screen.

Warnken Hurls, Bats Hawks To 5-3 Win Over Owatonna

Cliff Warnken scattered eight hits and poked a bases-loaded home run Tuesday afternoon to spark Winona High to a 5-3 Big Nine Conference baseball victory over Owatonna at Jefferson Field.

The win marked the third straight route-going performance for Coach Eddie Spencer's pitchers and evened the Winhawks' league record at 1-1. They stand 4-2 for the season going into Thursday's game at Northfield.

WHILE THE Hawks found their batting eyes again, Spencer smiled even more over the fact that not a Winona player fanned yesterday.

Warnken, on the other hand, set 10 batters down on strikes and issued three passes. His mates played errorless ball behind him.

Winona got eight hits off Owatonna's Grunwald.

Warcken's grand-slam homer came in the first inning. Don Walz opened by singling on the first pitch, stole second and took third on an error. Jim Gunn was

safe on another error. After Bob

Grunwald grounded out, George

Wenzel drew one of Grunwald's

two walks to load the bases. War-

cken picked out a straight ball on

a 3-2 pitch to drive 300 feet over

the right-center temporary screen.

Russ Hassinger is scheduled to hurl against Northfield Thursday.

The Hawks host Eau Claire Monday and meet Mankato Tuesday and Faribault next Thursday.

Stock Market Runs Into Profit-Taking

NEW YORK (AP) — The stock market's climactic rally continued today but ran into profit-taking which left the list only irregularly higher early this afternoon. Trading was heavy.

The Associated Press average of 60 stocks at noon was up .90 at 247.90 with industrials up .80, rails up .50 and utilities up .80.

Some industrials weakened under profit-taking while rails and utilities maintained a fairly solid front of plus signs. Most of the major steels, motors and chemicals were down.

Tobacco, airlines, drugs, and electrical equipments also remained generally higher. So were a number of volatile issues, including IBM.

IBM, Tuesday's most active stock when it first plummeted 24 points and then rebounded 32 to close with a net gain of 8 points, was up another 18 early today before paring 5 points from the rise. Union Carbide was ahead about 2 while gains of a point or so were scored by Linton Industries, Polaroid, Philip Morris, Lorillard and Merck.

Du Pont was off about 2 Ford and Jones & Laughlin fell about a point each. U.S. Gypsum was off about 3.

Fractional losses were shown by Chrysler, U.S. Steel, Zenith, Goodyear, International Nickel and Southern Pacific.

The Dow Jones industrial average at noon was off 21 at 671.03.

Prices were mostly higher in more active trading on the American Stock Exchange.

Corporate bonds were mixed. Among U.S. government bonds, some of the long-term issues dipped but others showed little change.
