AMA Raps Kennedy Medicare as Hoax

By PIERCE LEHMBECK
NEW YORK (AP)—The American Medical Association has countered President Kennedy's plea for support of his medical care for the aged plan with an attack on the measure as a cruel hoax

TWO TEEN-AGERS SQUARE OFF . . . The Chicago Sun-Times today published this picture which shows two teen-age boys squared off for a knife fight in an alley on Chicago's north side Monday. Thomas Mulhane, a commercial photographer who made the picture, said the boys and crowd dispersed when he fired the flash gun on his camera. Mulhane said he heard crowd coming into the alley next to his house, when he peered out window and saw the boys squared off he called police, then shot the picture. Sun-Times reporters later identified the boys as Jim Shaughnessy, 15, (with knife), and Bob Manhart, 16, (back to camera). (Copyright 1962, Chicago Sun-Times, from AP Photofax)

100 Witnesses In Estes Case

By G. MILTON KELLY
WASHINGTON (AP)—The Senate investigations subcommittee will question at least 100 witnesses from both Kennedy and Eisenhower administrations in exploring the dealings of Billie Sol Estes, informed sources said today.

The subcommittee plans a public airing into allegations that influence in Washington helped the indicted financier build his vast cotton and grain storage empire.

Body of Ag Department Agent Studied

FRANKLIN, Tex. (AP)—County grand jurors called more witnesses today while experts planned to study the body of an Agriculture Department official linked to the Billie Sol Estes case.

Dist. Judge John Barron Monday ordered the disinterment of Henry H. Marshall, 52, whose death from five bullet wounds last June 3 was officially pronounced suicide.

Secretary of Agriculture Orville Freeman said two weeks ago that secrets in the operations of Estes, West Texas farm tycoon indicted for fraud and theft, died with Marshall.

Marshall was chief administrator and investigator in Texas for the government's cotton allotment program. He had been looking into Estes' cotton allotments.

Dist. Atty. Bryan Russ had invited Freeman to appear before the grand jury here if the secretary had any new evidence. Freeman, in a telegram, advised county officials "We know of none here who may have any firsthand knowledge. We are continuing to check and if any names turn up we will advise you, as we want you to have our full cooperation in this matter."

Marshall was found dead on his farm near here. He had been shot with a bolt-action rifle. Justice of the Peace Lee Fafner returned an inquest verdict of suicide.

A few hours after the grand jury reopened the investigation Judge Barron ordered the disinterment. He said he acted at the request of Russ and with the consent of Marshall's widow.

DULUTH, Minn. (AP)—A block holding up his car toppled, and the vehicle crushed to death Kazimierz Chruscielski, 34, Monday. Two neighbors found his body pinned under the vehicle he was working on.

Tornado Slaps Mitchell, S.D.; 31 Persons Hurt

Mitchell, S.D. (AP)—A tornado funnel dipping from the black overcast of a heavy thunderstorm spread a mile-long trail of casualties and damage at the western edge of Mitchell and Lake Mitchell Monday night.

At least 31 persons were injured, 17 of whom were hospitalized and scores of business places, homes and farm buildings were leveled or damaged.

At Lake Andes, 50 miles southwest of Mitchell, three persons were reported hurt as a tornado ripped through an area more than a block wide, doing considerable damage to the new school, at the municipal swimming pool and to residential property.

The funnel that lashed through Lake Andes was one of three observed by residents, most of whom sought safety in basements before the storm hit.

Ripping a swath of damage along the western edge of Mitchell the twister leveled Herbie's diner, Snell's tire service, Mitchell Boat Co., C&H Wood Products Co., Dick's body shop, all business firms along Highway 16, and ripped the whole west side out of the Anthony motel.

The storm ripped into North Central Seed Co. and leveled Gilbert's gas and lumber and also the home of Mr. and Mrs. Martin De Boer, then proceeded north from Highway 16, knocked out windows and ripping part of the roof and skylights at the Brady Memorial Home for the Elderly.

It uprooted trees, leveled the state highway maintenance shop and shattered windows and partially demolished the modern brick state highway department office building and headquarters for the motor patrol, and ripped and twisted heavy highway equipment.

The twister cut a swath through the Sherwood petroleum bulk plant leveling it, caused extensive damage to the Boehnen Mobile Oil Bulk Plant Co., leveled the De Wayne Hohn residence and two neighboring farms, and the Glo Bottle Gas Co.

It left the Farmers Union elevator a mass of debris, then cut across Lake Mitchell, flattening the YMCA day camp, and causing extensive damage to three homes on the lake.

At the Mitchell Air Base, eight miles northwest of the city, the twister flattened a trailer house and caused some damage to the airport hangars.

Forsythe Charges Freeman Dragging Feet in Estes Quiz

MINNEAPOLIS (AP)—Republican State Chairman Robert Forsythe said today Secretary of Agriculture Orville L. Freeman has performed a disservice to agriculture and the public in his handling of the Billie Sol Estes case.

"There has been admitted foot dragging in this scandal," Forsythe told a news conference, "and all of the facts surrounding the dealings with Estes have not been revealed to the public yet."

"Freeman should put all the facts on the table before the congressional committees have to dig them out. This multi-million dollar mess in the Department of Agriculture has placed a cloud over the grain storage programs and the handling of the case by high department officials."

Under the King-Anderson proposal, Social Security recipients would be eligible for medical aid financed through a Social Security payroll tax increase of one-fourth of one per cent on employees and employers.

The AMA favors the present Kerr-Mills law, which provides for federal assistance to states but leaves administration of a program of medical care for the needy over 65 to the states themselves.

Annis said the Kerr-Mills plan has been implemented in 38 states, and that the law will work if given a chance. He said the President's plan would not cover million persons over 65 not eligible for Social Security benefits.

One was N. Battle Hales, an Agriculture Department employee who contends he can prove Estes received favored treatment from department officials.

The other was Walter C. Berger, an Agriculture Department official under the Eisenhower administration. Berger subsequently became a director of the Commercial Solvents Corp. of New York and dealt with Estes on multimillion-dollar liquid fertilizer contracts which are under scrutiny in the inquiry.

Estes became, by cut-rate sales, one of the nation's biggest dealers in anhydrous ammonia fertilizer, which he got from Commercial Solvents. To pay the company, he assigned to it the payments he received for storing government grain.

McClellan refused to give an inkling of what the two men had told the subcommittee. He said both were cooperative, had answered every question put to them, and were questioned separately.

McClellan said no significance should be drawn from the identity of the first two witnesses. "We had to start somewhere," he said.

Duluth Man Killed, Car Falls Off Blocks

DULUTH, Minn. (AP)—A block holding up his car toppled, and the vehicle crushed to death Kazimierz Chruscielski, 34, Monday. Two neighbors found his body pinned under the vehicle he was working on.

This time it was Capt. James Patterson, Lexington, Mass. Man's superior and commander of C Troop, 1st Reconnaissance Squadron, 1st Cavalry Division.

Patterson is young, too—just 31. He has 10 years of Army experience and the mark of a good commander.

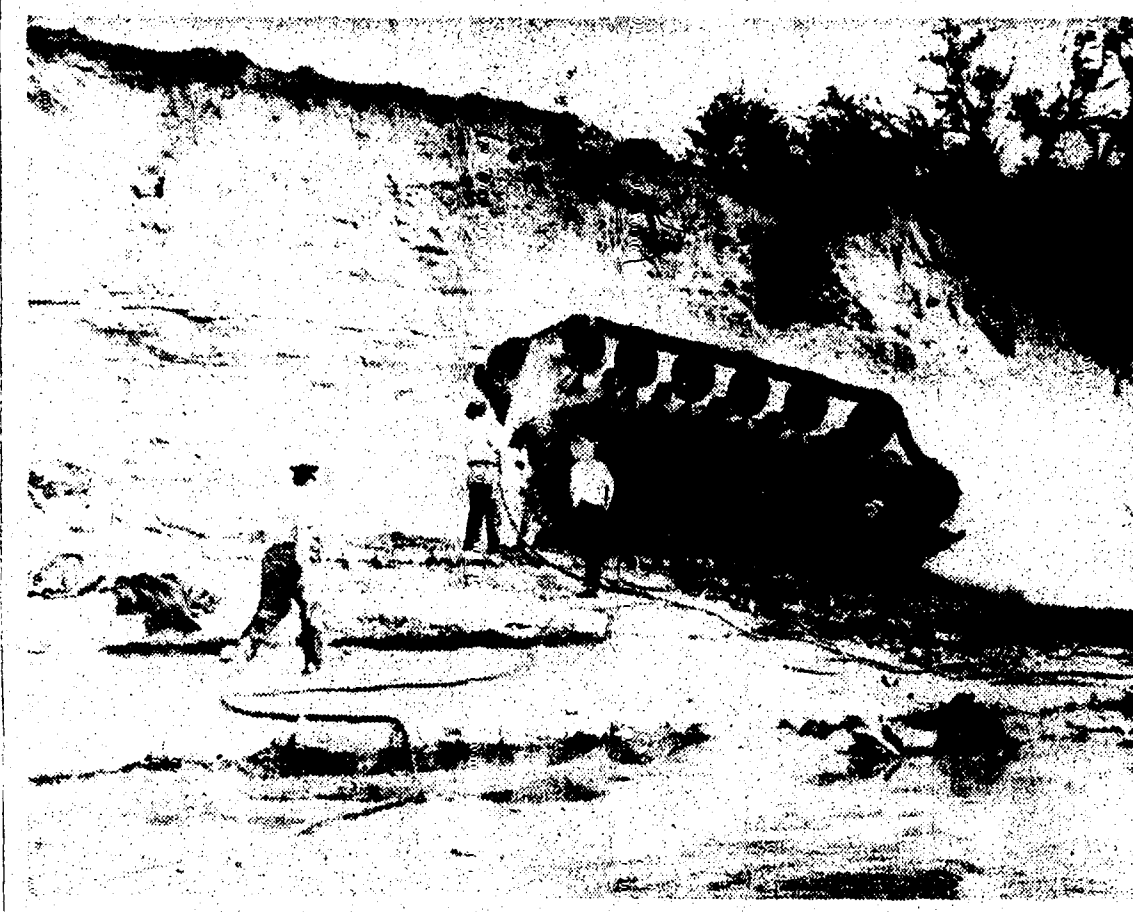

He is fond of prowling through the pre-dawn mists that cloak Korea's mountains to check outposts manned by some of his 140 men.

Hanson's small unit is expendable, militarily speaking. It fronts on the demilitarized zone, a strip of neutralized no man's land stretching across Korea. The Imjin River is at the squadron's back. The men admit their position would be untenable in a shooting war. Their primary mission, they say, is to report all enemy activity across the zone and, if fighting breaks out, hold long enough to give rear elements time to man their battle positions.

"We play it cool up here," Hanson said later, "because we never know when Joe will jump."

Joe is GI slang for North Korean. The squadron holds the middle of Kaeson Corridor, ancient invasion route used by the Communists in 1950 when they opened offensive that rolled through Seoul and swept to Pusan at the south-

Navy Plane Crashes In Germany, 27 Dead

DEATH TRAP . . . This was the scene at Fort Hood, Tex., Monday afternoon where five soldiers died. The M48 tank of the First Armored Division plunged over a 30-foot cliff during a tactical exercise, landed on the turret, caught fire, and burned for over an hour. Four hours after

the accident the tank was still too hot for firemen to open. A Minnesotan, Sgt. Roger D. Swanson, 25, son of Edwin Milton Swanson, Broomfield, Minn., was among the five who perished. (AP Photofax)

Smoke Lifting, Carpenter Back On Schedule

CAPE CANAVERAL, Fla. (AP)—Twin threats of weather and forest fire smoke dissolved today and Project Mercury officials were optimistic that astronaut Malcolm Scott Carpenter could be launched on his orbital flight Thursday.

Weather experts said smoky haze from two widely scattered fires was not settling in this area as feared Monday. They said there probably will be some haze in the launching area Thursday but it should not interfere with camera tracking of the Atlas booster rocket.

The fires are in the Everglades, south of Cape Canaveral, and in a marsh 15 miles to the west. The latter was reported only smoldering today.

Possibility of heavy clouds above the Cape on Thursday apparently vanished overnight when a storm front in the Midwest shifted direction to the north-northeast. The storm earlier was pushing the clouds toward Florida.

There was a possibility of winds and waves in the Atlantic recovery areas, but officials believe conditions will be acceptable on Thursday.

Technical problems, which have forced four postponements, were reported smoothed. Project Mercury officials said the Atlas and capsule are ready to carry the 37-year-old Navy lieutenant commander on his intended three-orbit mission.

Arrests made in Paris, in the French Mediterranean port of Marseille and in Algiers broke up the secret army conspiracy to kill De Gaulle during his tour of central France last week.

Some of the conspirators remained at large, however, and police pressed a search for them in France and Algeria.

Police pictured the suspects as a desperate band of killers intent on removing France's strong-willed leader and plunging the nation into chaos in an effort to block Algerian independence.

De Gaulle stayed within the heavily guarded Elysee Palace in the heart of Paris. He had no announced public engagements today, but is due to appear before several Paris crowds Wednesday in connection with the state visit of President Moktar Ould Daddah of Mauritania.

Police indicated the killers intended to incite De Gaulle with gas bombs, but the newspaper Paris-Press asserted the assassins planned to pick him off with a high-powered rifle equipped with a telescopic sight.

Forty-eight hours before De Gaulle left on his grass roots speaking tour Wednesday, police seized three secret army agents in Marseille and two in Paris. From these five came the first hint that plans were afoot to assassinate De Gaulle during his provincial tour.

More details came with the arrest in Algiers of Francois Leclerc, a secret army agent wanted in the slaying of a military security officer. From long hours of questioning in the three cities, police built up a picture of the plot and obtained the names of the would-be killers, members of a secret army group called Delta.

"It's kinda spooky," said Sgt. Charles R. Higgs, Sacramento, Ky. "But it's serious business."

How serious? Pvt. William Pratt, 22, Jacksonville, Fla., answered for one four-man patrol.

"We see unauthorized persons entering 1st Recon's territory and we tell them to halt," Pratt said. "Then we fire a warning shot, then fire at them."

Emmy Night In Hollywood

By JAMES BACON
AP Movie-Television Writer
HOLLYWOOD (AP)—Tonight's the night that actor Vince Edwards, television's Dr. Ben Casey, may make one of the more forthright Emmy speeches in Hollywood awards annals.

The sullen medic and his show have eight nominations up before the 14th annual Television Academy awards.

A year ago, before "Ben Casey" hit the air, Edwards dreamed out loud: "If I should ever win an Emmy, I won't give one of those phony speeches thanking the producer, the director and the crew like everybody else does. I will thank the California State Unemployment Insurance Board who really made it all possible."

At the time Edwards had barely graduated from the line at the Hollywood office of the unemployment board. He spent much of the previous 11 years there as an actor mostly out of work.

But the impact of "Ben Casey" and the rival "Dr. Kildare" series has been such that next season will see more medical shows—14—than Westerns. The Kildare show, starring Richard Chamberlain, got only one nomination—for actress Suzanne Pleshette.

Edwards is a favorite to win tonight, largely because there are a lot of women voters in the academy. He seems to have a special appeal for the ladies.

The show will be seen on NBC-TV, starting at 8 p.m. (Winona Time). Nominees will be spotted at three locations—Hollywood, New York and Washington.

Despite speeches by politicians and awards in 26 categories, a college try at entertainment will be made. Nominees for variety shows will sing—Judy Garland, Yves Montand, Edie Adams, Carol Burnett and Perry Como. Emcees are Bob Newhart, Johnny Carson and David Brinkley.

Minneapolis Boy Feared Drowned

MINNEAPOLIS (AP)—Police were dragging the Mississippi River in north Minneapolis today for a missing 12-year-old boy.

Richard James Hawkins, 12, had not been seen since about 5:30 p.m. Monday, according to his parents. Police said the boy's bike was found near the river.

WEATHER

FEDERAL FORECAST
WINONA AND VICINITY
Cloudy with occasional rain and a few thunderstorms tonight. Slowly diminishing cloudiness with occasional showers Wednesday forenoon. A little cooler tonight and Wednesday. Low tonight 50-55, high Wednesday 55.

LOCAL WEATHER
Official observations for the 24 hours ending at 12 m. today:
Maximum, 47; minimum, 53; noon, 67; precipitation, trace.

AIRPORT WEATHER
(N. Central Observations)
Max. temp. 66 at noon, min. 50 at 5 a.m., sky overcast at 1200 feet, visibility 5 miles with haze, wind 15 M.P.H. from east, barometer 29.71 and falling, humidity 77 percent.

Big Transport Explodes in Air and Burns

EBERSBURG, Germany (AP)—A four-engine U.S. Navy plane on a secret mission exploded, crashed and burned today, killing all 27 persons aboard.

U.S. authorities at the scene said at least 20 bodies were recovered. A spokesman at Atlantic Fleet Air Force headquarters at Norfolk, Va., said there were 27 and disclosed the classified nature of the flight. An Air Force spokesman in Germany had said the plane was on a routine training flight.

A U.S. Army spokesman in Munich said the plane, a WV2 Constellation, was believed to have blown up in the air because the tail section was found several miles from the main wreckage.

The plane was based in Rota, Spain, and had flown to Frankfurt. It was out on a flight from Frankfurt but had planned to return there before taking off for Spain.

The plane plummeted in an open field near this south Bavarian town.

Many Germans reported hearing a loud explosion. Several Germans said they saw the big plane roll over in the air several times before crashing.

The U.S. Army's Southern Area Command at Munich sent 185 troops to the crash scene to help investigators and control crowds.

Except for the tail section, which landed several miles from the main crash site, the wreckage was confined to a relatively close area, an Army spokesman said.

A team of Army specialists was dispatched from Frankfurt to take over identification and transportation of the bodies of the victims.

First to reach the scene was the mayor of Markt Schwaben. He said he and other would-be rescuers were unable to get close to the plane because of the flames. German fire fighters finally brought the fire under control.

Roads leading into this rural area were jammed by long lines of automobiles, attracted by the explosion and blaze.

The U.S. Air Force European headquarters at Wiesbaden identified the plane as a Navy transport flying between Rota, Spain, and Frankfurt.

An alarm brought 14 German fire engines to the scene 10 miles east of Munich close to the village of Markt Schwaben.

Mathias Wolf, who works in the community hall at Markt Schwaben, gave this eyewitness account of the crash:

"The plane crashed from an altitude of about 9,000 feet out of a completely clear sky. It was not yet on fire while in the air. The plane rolled over several times in the air and then crashed a couple of hundred yards from our village. There was an explosion as if an atomic bomb had dropped."

FDR Jr. Faces \$38,736 U.S. Tax Deficiency

WASHINGTON (AP)—U.S. Tax Court records show the government claims Franklin D. Roosevelt Jr., son of the late president, has an alleged \$38,736 deficiency in his 1958 income tax.

Internal Revenue Service officials said Monday Roosevelt reported a taxable income of \$29,026 and they contend his income was \$93,051.

The court record showed Roosevelt is contesting \$12,647 of the tax. He said \$18,615 he received from production of the play "Sunrise at Campobello" was compensation for loss of privacy and actual damage and was not taxable income.

The play, later turned into a film, was written by Dore Schary and was based on a period of the late president's life.

Tax officials said another item involved in the case is \$45,409 in partnership income they said was omitted in Roosevelt's return. Papers filed with the court alleged the money was income from Roosevelt-Cullum Motors.

Sailors Ready To Give Blood To Space Pilots

By FRANK CAREY
Associated Press Science Writer
CAPE CANAVERAL, Fla. (AP)—Scores of sailors on ships at sea stand ready for a major task all the world hopes will not be needed—giving blood donations to astronaut. Malcolm Scott Carpenter if he should be seriously injured during his forthcoming orbital flight.

Others stand ready to do the same for Carpenter's backup pilot, Walter M. Schirra.

Deployed among nine warships in the three alternative recovery

areas—and in various emergency contingency areas around the world—are nearly 47 tons of medical and surgical equipment which space flight medical officials hope and expect will not have to be used.

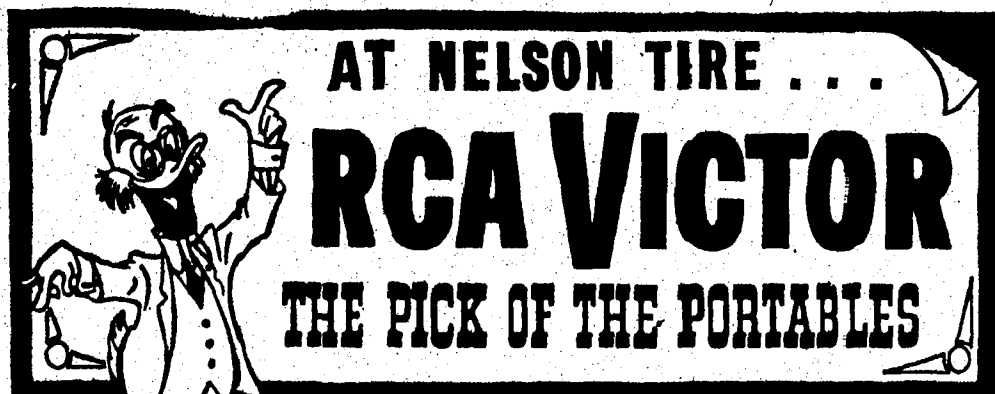

In the medicine line, the material ranges from aspirin to wound dressings. In the surgical field it includes all instruments for major surgery.

Dr. Howard A. Minners, the No. 1 flight surgeon for the Carpenter flight, and other key officials of the medical task force, outlined these arrangements today.

Minners described to a reporter some changes in the medical-physiological setup for the Navy lieutenant commander's flight as compared with that for America's trailblazer in orbital flight—Marine Lt. Col. John H. Glenn Jr.

The changes include a different form of food in flight, a new device for exercising the astronaut during flight, a new semiautomatic instrument for taking the astronaut's blood pressure, and tests on a recovery ship to determine at the earliest possible moment whether spaceflight affected the astronaut's sense of balance.

for those who PERSPIRE HEAVILY

A new anti-perspirant that really works! Solves underarm problems for many who had despaired of effective help. Mitchum's Anti-Perspirant keeps underarms absolutely dry for thousands of grateful users. Positive action coupled with complete gentleness to normal skin and clothing is made possible by new type formula devised by a young genius in pharmacy and produced by a trustworthy 40-year-old laboratory. Recommended by over 500 leading department stores and thousands of drug stores. Satisfaction guaranteed. Don't give in to perspiration worries; try Mitchum's Anti-Perspirant today.

Work Area Barricaded On Broadway

The dust problem has become so bad from through traffic in the Broadway construction area that the City Council has ordered the contractor to barricade the street.

Last week Mayor R. K. Ellings appealed to motorists not to use Broadway for a through street, but aldermen decided Monday night that the appeal fell largely on deaf ears.

Fourth Ward Ald. James Stoltman said that the dust problem was intolerable. Motorists have been skirting around the detour barricades, left partly open for convenience of contractor's equipment.

He said that he had discussed this with Chief of Police George Savord who had agreed a detour would be good.

Broadway was on the aldermen's minds in other ways.

Mrs. Mary Masysa, alderman-at-large, praised College of Saint Teresa for having taken immediate action to improve the appearance of its property at West Broadway and 5th streets, a condition which the Council had noted two weeks ago.

NOW, HOWEVER, she said, Westfield Golf Course in the same area should improve its appearance. She also thought the adjacent Belmont Park presents a poor appearance. There should be a sidewalk on top of the dike in this area, she added.

This last suggestion was in relation to the Council's proposal to run sidewalks, curbs and gutters on both sides of West 5th Street from Junction Street west. Plans and specifications are being drawn and a hearing will follow.

Second Ward Ald. Lloyd Deike said that the sidewalk program on West 5th Street should start on Lee Street and that he had so arranged with the city engineer. The sidewalk will be designed for the north side, from Lee to Junction. The city owns almost all the land on the north side.

Fourth Ward Ald. Daniel Bambenek wondered whether it would be a good idea to put a sidewalk on top of the secondary flood dike along the golf course. When the new flood project is constructed it might not be needed. Mayor R. K. Ellings said it would be a good idea to keep it.

THE SAFETY committee of the Jefferson School PTA — headed by Mrs. Paul Sanders — had made related suggestions in a letter received last night. It noted about 110 children from kindergarten through sixth grade at Jefferson use West 5th and that an estimated 155 use the crossings at Broadway-Junction and Orrin-Kraemer. The committee asked no parking on Kraemer from Junction to Orrin. Instead the Council decided to put up school crossing signs there. Mrs. Masysa suggested painting crosswalks.

Ald. Deike proposed that some of the old roads at the intersection of Junction and Broadway, closed several years ago, be opened again to improve traffic movement in the area. The Council will take a look June 4. Ald. Henry Parks, 2nd Ward, supported the proposal. Council President Harold Briesath said that the previous traffic pattern resulted in accidents.

Related to the same area, but involving water movement rather than traffic, Fourth Ward Ald. Daniel Bambenek suggested that Gilmore Avenue Creek outlet ditch be checked for silt accumulation and debris. The state and city have a maintenance agreement. A check will be made. Ald. Parks said that the street committee does routine maintenance occasionally.

Mrs. Muriel Ollom, 1st Ward, asked that an investigation be made on improvement in traffic safety conditions at the intersection of Highways 14 and 61, scene of numerous accidents, including one Monday noon.

She also asked an investigation of block-long, narrow John Street from Broadway to 5th — for improvement of safety for children. She said about 20 children play in the street. Parking is prohibited on one side now. It could be prohibited on both or the street could become one-way. This also was referred to the traffic safety committee.

THE COUNCIL asked City Engineer James Baird to arrange a meeting with the engineering committee, the city attorney and A. M. Kramer, neighbor to the Clark's Lane drainage problem regarding a solution.

Aldermen appeared to feel that something must be done immediately above the catch basin at the intersection of Clark's Lane and Lake Boulevard. The engineer said that a storm sewer with a series of catch basins — for a distance of possibly 275 feet — would be a solution, but it would be on Kramer's property for at least a portion of the distance. Water also comes off the Kramer property, down Clark's Lane. Flooding of homes and yards along Clark's Lane has resulted from the water accumulation.

Answering an inquiry, Baird said that he had not had a reply from Residents Unlimited, Inc., developing an addition on top of the hill from Clark's Lane, regarding its plans for sodding in the addition. He was asked to write again.

A request from the Winona Housing & Redevelopment Authority for a street extension in the homes for the elderly project was referred to the city engineer.

Ald. Parks said that he would have a meeting proposal at the June 4 meeting for posting of streets to facilitate street maintenance. This will be in areas where parking is heavy.

Red Wing Chamber Manager Named to Succeed Rhoderick

Wilbur E. Morse, manager of the Red Wing, Minn., Area Chamber of Commerce, was employed by the Winona Industrial Development Association board of directors Monday night as WIDA manager effective early in June.

This was announced by S. J. Petersen, WIDA president, following the board's special meeting at the Winona Chamber of Commerce.

Morse succeeds Joseph F. Rhoderick who has resigned effective June 20 to return to Frederick, Md., to operate an office supply store. Morse has been manager of the Red Wing chamber since January 1957.

Previously he was a radio announcer and publicity director at Waterloo, Iowa, and was a high school teacher in Iowa. He is a graduate of Morningside College, Sioux City, Iowa, and did graduate work at the University of Minnesota, Iowa State Teachers College and the University of Hawaii. He served with the Navy 49 months during World War II.

The new WIDA manager has been married 18 years. His wife teaches in the third grade of the Red Wing public school system. They have two children, a son, 15, and a daughter, 11. Morse plans to move his family here as soon as he finds housing. He hopes to assume his new duties during the first week in June.

Petersen said the WIDA board felt Morse was well qualified to continue industrial promotion started by Rhoderick. At Red Wing Morse has helped local industries' expansion and has been instrumental in establishment of several companies in Red Wing's industrial park on Trunk Highway 61 northwest of the city.

The board felt Morse's experience has given him many contacts with industrial prospects which should help him in his work here, Petersen said.

Another Meeting On Water Mains To New Site Urged

Another meeting with the City Council when the Board of Municipal Works receives survey data on a projected extension of water service to the proposed site of a new Warner & Swasey Co. plant in the far West End was suggested Monday by board President C. J. Borzyskowski.

The board earlier this month had requested its Minneapolis engineering consultants to make a study of factors involved in the contemplated 8,000-foot extension to the 28-acre tract at the airport acquired by Warner & Swasey from the city for construction of a million dollar plant.

BORZYSKOWSKI SAID that a report on the survey had not been received but, when it is, "We should get together with the Council so that the job can be started as soon as possible. There'll be time involved in getting bids and awarding contracts so we can't lose any time if we're going to accomplish anything by this fall."

A letter was received from Warner & Swasey relative to water needs for fire protection at the proposed plant site.

IT SAID that engineers had determined that a water supply providing 1,000 gallons a minute with a residual pressure of 40 pounds would be sufficient for fire protection.

The type of extension contemplated by the board would meet this requirement.

Commissioners noted that previously a 1,050-gallon, 45-pound residual pressure supply would be required.

EUB Pastor Reassigned

One pastor has been reassigned to his parish and two changes were made in local and area churches as a result of the 107th annual session of the Minnesota Conference of the Evangelical United Brethren Church at Farmington last week.

The Rev. Paul Milbrandt will again serve the Evangelical United Brethren Church in Winona.

The changes will come at South Ridge and Eyota.

The Rev. Truitt Nordstrom will succeed the Rev. Lowell Findley at South Ridge. At Eyota the Rev. Dale Wordelman will replace Harold Utzinger, who has taken a pastorate with the Presbyterian church.

Wordelman comes from the Morristown-Waterville-Cannonville circuit.

The yokist filed project, whereby a Methodist and an Evangelical United Brethren church are served by one minister, will be used at Eyota.

POPPY SALE

LAKE CITY, Minn. (Special)—A total of 1,800 buddy poppies was sold here last weekend by Bernard Fleischer, VFW Post 8729. Duane Schaefer, commander, and auxiliary, Mrs. David Dunham, president. Proceeds finance local welfare programs and the extensive rehabilitation program conducted by the VFW throughout the U. S.

"Bill" E. Morse

Timothy Brown Named Wisconsin Chief Justice

MADISON, Wis. (AP) — Timothy Brown, 73, has been named chief justice of the Wisconsin Supreme Court, succeeding Grover Bradford, 69, who died Friday in Minneapolis while being treated for a blood clot.

The elevation of Brown is automatic, since the chief justice is always the one who has the most seniority on the high court bench.

Brown has been a Supreme Court justice since 1949, when he was appointed to fill the vacancy created by the death of Justice John D. Wickham.

Brown was elected in 1953 for a 10-year term.

Gov. Gaylord Nelson will appoint another justice for Bradford's term, which is to end in 1965.

Deposit Forfeited On License Charge

Elmer W. Henderson, 44, 1730 W. Wabasha St., forfeited a \$30 deposit today in municipal court on a charge of driving after suspension of his license.

He was arrested by police at 11:30 p.m. Sunday at Wabasha and Pelzer streets.

Judge S. D. J. Bruski also ordered that his license plates be impounded and his registration card be turned in.

Iceland Expels Czech Trade Envoy

REYKJAVIK, Iceland (AP) — Iceland's government has expelled Czechoslovak trade envoy V. Stoch, charging he tried to get an Icelandic pilot to collect information on the kind and number of U. S. military planes at the Keflavik base.

OH DEAR, NOT MRS. ODEAR
LEXINGTON, Ky. (AP) — Atty. Robert M. Odear objected to a prospective juror in a civil case, Judge Joseph J. Bradley smiled and excused the lawyer's wife for jury duty.

Odear told the judge: "I haven't won an argument with her since we were married. And I don't want to take a chance in this case."

Council Disagrees On Rabies Shots

A proposal to require all licensed dogs in the city to have a periodic vaccination for rabies was greeted with mixed reactions by the City Council Monday night.

Second Ward Ald. Lloyd Deike said he was ready to approve the plan as outlined by representatives of the city public health nursing advisory board, the city health board and the Winona County Medical Society, with apparent support from city veterinarians, the state department of health and the state Livestock Sanitary Board.

However, Mrs. Mary Masysa, alderman-at-large, said it "sounds to me like an unenforceable law." She claimed that half of the dogs in the city aren't licensed and, therefore, apparently wouldn't be required to get the vaccine.

Ald. 3rd Ward Ald. Howard Baumann, although he was not necessarily opposed, said the Council shouldn't rush into it, that, perhaps, a public hearing should be held.

ROUGHLY the proponents—whose spokesmen last night was Dr. J. H. Olson, of the nursing advisory board—proposed that no license be issued to a dog owner unless he presents evidence that the dog has had a rabies shot.

The interval would be a year or two. Local veterinarians would do the vaccination on a mass basis, probably at a cost of less than \$2.

Dr. J. H. Olson said this is preventive medicine. A survey of local physicians shows that between 75 and 100 children are bitten by dogs each year and then there is anxiety about whether the dog was rabid, usually resulting in giving the child a series of shots—"painful, expensive and not without danger." Cost, he said, was between \$25 and \$27.

Runway Plans May Be Ready This Month

City Engineer James Baird hopes to have plans and specifications for the 1,000-foot runway extension at Max Conrad Field completed this month.

He said today that he hopes to take them to the state Department of Aeronautics in St. Paul this week for a review prior to submitting them to the Federal Aviation Agency. The federal government has agreed to pay half of the cost.

The project—scheduled for construction this summer—has been delayed because a switch has been made from the southeast to the northwest for the extension. The former was too expensive.

LAST WEEK the federal air space committee approved the switch in plans—which had been regarded as a major hurdle—but now the agency itself must approve the construction plans.

Some city officials have been concerned that the federal agency might be encouraging the city to postpone, at least until next year, the extension because of the moves by North Central Airlines to fly over the city with the Convaids that require the longer runway and because the airline, apparently doesn't want to serve the city with Convaids even if the runway were adequate.

HOWEVER, at the City Council meeting Monday night aldermen received a letter from the federal agency extending the deadline for completion of plans from April 30 to June 30.

In other airport matters last night the Council got a request from Peter Biesanz Sand & Gravel Co. already using some airport land, to lease or buy additional land. The proposal will be investigated.

Aldermen took the advice of Winona Insurance Agency to add \$60,000 liability coverage on aircraft stored at the airport until such time as an airport operator is given a franchise. Annual premium is \$300. Mrs. Muriel Ollom, 1st Ward, voted against it.

Woman Draws Jail Sentence in Theft

Mrs. Ginther Benson, 46, 213 W. 2nd St., pleaded guilty today before Municipal Judge S. D. J. Bruski to a charge of petty larceny in taking clothing valued at \$10 from Salvation Army Family Service Store, 501 W. 5th St.

She was arrested by police on a warrant at 8:35 a.m. today at 213 W. 2nd St.

Judge Bruski sentenced her to pay a \$25 fine or serve eight days in city jail. She was taken to jail.

Third Set of Twins Born to Oregon Couple

WOODBURN, Ore. (AP) — The third consecutive set of twins was born Monday to Mr. and Mrs. Robert Miller of Woodburn.

Like the other two, the new twins are a boy and a girl. The oldest twins are 4. The other pair will be 3 Wednesday.

The Millers have eight children. The oldest, Barbara, is 18. A son, Donald, is 17.

The best-preserved classical Greek theater is at Epidaurus. The structure was built in the 4th Century B. C.

Council Disagrees On Rabies Shots

A proposal to require all licensed dogs in the city to have a periodic vaccination for rabies was greeted with mixed reactions by the City Council Monday night.

Second Ward Ald. Lloyd Deike said he was ready to approve the plan as outlined by representatives of the city public health nursing advisory board, the city health board and the Winona County Medical Society, with apparent support from city veterinarians, the state department of health and the state Livestock Sanitary Board.

However, Mrs. Mary Masysa, alderman-at-large, said it "sounds to me like an unenforceable law." She claimed that half of the dogs in the city aren't licensed and, therefore, apparently wouldn't be required to get the vaccine.

Ald. 3rd Ward Ald. Howard Baumann, although he was not necessarily opposed, said the Council shouldn't rush into it, that, perhaps, a public hearing should be held.

ROUGHLY the proponents—whose spokesmen last night was Dr. J. H. Olson, of the nursing advisory board—proposed that no license be issued to a dog owner unless he presents evidence that the dog has had a rabies shot.

The interval would be a year or two. Local veterinarians would do the vaccination on a mass basis, probably at a cost of less than \$2.

TROPHY WINNERS . . . Four students in an auto mechanics class of the Winona Area Vocational-Technical School won second and third places in an annual automotive trouble-shooting contest at Robbinsdale, Minn., over the weekend. Left to right, trophies awarded in the contest sponsored by an automobile manufacturer are Glenn Carney, 130 Fairfax St., and Paul Johnson, 452 Main St. who placed second in the high school division, and Harley Antoff, 476 E. 2nd St., and Larry Eden, La Crescent, Minn., third in the post-high school group. Each competing school is furnished an automobile for practice one week preceding the contest. Engineers at the time of the contest put identical malfunctions into all cars and the two-member teams are judged on the basis of the amount of time required to identify and correct the trouble. The Winona students' instructor is Norris Abts. (Daily News photo)

\$150 in Fines Levied Under Gas Ordinance

A La Crescent man pleaded guilty today before Municipal Judge S. D. J. Bruski to three separate charges involving a city gas ordinance.

George Jensen, city gas inspector, charged Paul Lappan, 25, with servicing a gas furnace at a residence at 712 W. King St. without a license. Jensen also charged Lappan with servicing this gas furnace without a permit and for leaving a gas cap off a main.

Lappan was arrested by police on a warrant at 11:25 a.m. Monday at City Hall.

Judge Bruski sentenced him to pay a \$100 fine or 30 days in county jail on the first charge, a \$25 fine or eight days in the county jail on each of the other charges. The sentences to run consecutively.

Lappan paid the fines totaling \$150.

New Assessment Policy Adopted For Goodview

The Goodview Village Council passed an ordinance Monday night providing for partial prepayment of special assessments for water service or for any future village projects.

The property owner can pay part or all of the assessment. If part is paid, the balance must be an even dollar amount. Assessments bear 6 percent annual interest starting 30 days after the Village Council adopts the assessment roll.

Within a week the Council will call a special meeting to adopt an ordinance concerning connection and plumbing for the waterworks. Water rates will be discussed at the meeting. The connection rate is \$3.

THE COUNCIL agreed to extend water to the Winona County Highway Department's garage and office building under construction near Trunk Highway 61. The rate has not yet been set. A public hearing will be held before the water line is extended to the new building. The line will be about three blocks long.

Eugene Halmer, Davy Engineering Co., La Crosse, reported the water tower would be tested soon. Work will start within 10 days on the remaining contracts of the water project—pumphouse, water softening equipment, pump and electrical controls. The waterworks should go into operation in the fall.

The Council decided to buy a new caustic soda tank from the village of Bangor, Wis., for \$175 for water softening. The tank is an extra one Bangor had.

NORTHWESTERN Bell Telephone Co. will install and maintain a line from the pumphouse to the water tower. The line will carry signals operating waterworks equipment.

Alvin C. Berg, chairman of the Village Planning Council, reported on this proposed permanent truck route which was then adopted by the Village Council: 6th Street east and west through the village, 5th Avenue south to TH 61, 41st Avenue from 6th Street north to 4th Street, and 4th Street east to the village limits. Signs will be posted.

Mrs. Vivian Boyce complained of burning of wrecked cars by Mer Kohn Wrecker Service, 39th Avenue and 4th Street. The business is in a heavy industrial zone. The Council will investigate for possible violation of the zoning ordinance.

A permit was renewed for a \$40 fee for Jim D. Mohan and Brendan Lee to operate a go-kart track off the service road near 46th Avenue.

Presiding at the meeting in the Village Hall was Mayor Rex Johnson.

Borzyskowski Renamed Water Board President

C. J. Borzyskowski

C. J. Borzyskowski, 168½ E. 3rd St., Monday was elected to his 11th consecutive term as president of the Board of Municipal Works.

Now in his 26th year as a commissioner after appointment last year to a fifth six-year term, Borzyskowski was one of three board officers re-elected at Monday's postponed annual meeting.

C. S. Lukaszewski was re-elected vice-president and Gerald O. Harvey, who also is the water department's general superintendent, was elected secretary.

Reports were heard from City Engineer James Baird and James Carlson, representing the Winona architectural firm of Eckert & Carlson, on possible measures to be undertaken for repair of the roof at the Johnson Street pumping station.

For some time difficulties have been encountered with roof leakages and earlier this month the board asked Baird and the architect to determine what might be done to remedy the situation.

Carlson said that there are several alternatives: A new roof might be constructed following removal of the present roof and removal of a portion of the outside walls, the existing roof might be repaired and a new ceiling with vapor tight insulation constructed.

Commissioners agreed to make an inspection of the pumping station before deciding on what should be done. Cost estimates for repair or new construction ranged up to \$30,000.

Damage \$350 In 2 Mishaps

Two accidents were reported to police, one Monday evening and another this morning. There were no injuries but about \$350 damage resulted.

Police said that Miss Sandra Lee Prigge, 20, 210 Grand St., was driving north on Grand St. at 7:45 p.m. When she turned right (east) on East 4th Street, she lost control of her car and struck a parked car on the south side of the street (her right) about 90 feet from Grand.

Owner of the parked car was Quality Chevrolet, 105 Johnson Street.

Damage to Miss Prigge's car was estimated by police at \$150, to the other vehicle, \$50. No charges were made.

At 8:02 a.m. today, cars driven by Mrs. Elaine Ellefson, Minneapolis City, and John Pitt, La Farge, Wis., collided at Junction Street and Gilmore avenues.

Police said that both cars were driving north on Junction. Mrs. Ellefson struck Pitt's car on the left side when she attempted to pass him.

Damage to Mrs. Ellefson's car was estimated by police at \$100, to Pitt's car, \$50.

Mrs. Ellefson was charged with careless driving. She will be arraigned Thursday in municipal court.

Council Studies Alley Closing

Residents of a West End area are divided as to whether a 10-foot alley—not used for cars but apparently for nearly everything else—should be closed, left platted or widened.

The north-south alley is bounded by Hanover, Lenox, Otis and Monroe streets.

Eleven residents had petitioned for the closing, but they ran into some opposition last night, mainly from George Grupa, 76 Otis St., who has one garage but wants to build a second one on the alley. He also said the alley is desirable for use by utility maintenance trucks and that it is unsightly because "residents made it unsightly."

Delos Cizak, 36 Otis St., also favored the status quo.

Mrs. John Engler, 65 Lenox St., spoke in favor. She said 11 property owners had signed, three had not, and that the property owners on the east side had given the 10 feet of land long ago for the alley.

Second Ward Ald. Henry Parks asked whether it would be worthwhile considering those on the west side give 10 feet, to make a 20-foot alley. Grupa said he would. Other property owners will be checked before the June 5 meeting.

The use of another street was the subject of discussion. Two weeks ago the Council had voted, at the request of Rainbow Jewellers, 116 W. 4th St., to put a meter in front of his business place, subject to passage of an ordinance. There's a yellow zone there now; to the west of it there was (subject to some dispute as to fact) a one-hour parking meter.

Last night the Council passed an ordinance putting in 12-minute meters.

Later in the meeting when the president called for citizens to speak, Lyle C. Turner of Turner's Cleaners & Launderers, 118 W. 4th St., protested the actions without being consulted. He said that the unloading zone voted out informally two weeks ago was "his."

He and 2nd Ward Ald. Henry Parks differed as to whether there has been a meter in the stall to the west.

Aldermen suggested that Turner investigate the possibility of constructing a laundry unloading chute on that portion of his alley which just cuts out to the alley adjacent to the post office.

Child Hurt in Crash Released from Hospital

All members of the Dreas family involved in an accident at Clark's Lane and Highway 61 at noon Monday were released after emergency treatment from Winona General Hospital.

Thomas Dreas, 5, received the most serious injury, but he was released after spending a good night at the hospital. His attending physician said he had suffered multiple contusions and abrasions on his head and body.

The Dreas family lives on Gilmore Valley Road.

Sentence Suspended On Support Charge

Richard Fonfara, 27, Arcadia, Wis., pleaded guilty today before Municipal Judge S. D. J. Bruski to a charge of non-support of two minor children.

He was arrested by police on a warrant at 3:35 p.m. Monday at Armour Agricultural Chemical Co. 4th and Adams streets.

Judge Bruski sentenced him to pay a \$50 fine or serve 16 days in city jail, the sentence to be suspended if Fonfara will pay \$20 weekly toward the support of the children for an indefinite time.

Eagles Regular Meeting

Wed.—8 p.m. in the Aerie Room
John D. McGill, Secretary

Train Hits Car; Driver Only Bruised

LEWISTON, Minn.—A Lewiston mail carrier luckily suffered no more than minor injuries when the car in which he was riding was struck by a train at noon Monday.

Sheriff's deputies said that Harold H. Zander, 52, was driving north at 11:56 a.m. on CSAH 25 on the east side of town.

Zander told authorities that he had looked both directions but failed to see the train coming from his left (west). When he did see the train, it was too late to stop.

Zander skidded 38 feet up to the tracks. The front end of his car then was struck by the Chicago & North Western's "400." Zander's car swung around and carried into the ditch on the east side of the road.

Damage to Zander's car was estimated by sheriff's deputies at \$1,100. The train was not damaged.

Zander told the Daily News today that he felt "stiffer than a board," but he said he probably would be back at his job after a couple of days. He said he was shaken up, but a doctor's examination had revealed nothing more than bumps and bruises.

Engineers Order Reconstruction Of Pumphouse

Reconstruction of the pumphouse for the Wincrest Addition waterworks system on Garvin Heights has been ordered by consulting engineers, members of the Board of Municipal Works were advised Monday.

Construction of the pumphouse at the well site on Starlite Drive began recently. By mid-June concrete footings had been poured and the

It Happened Last Night Natalie, Warren Rumors Rejected

By EARL WILSON

CANNES, France — As I bask here on the sunny Riviera at the Cannes Film Festival, the romance of Natalie Wood and Warren Beatty is going very nicely, and I hope that by the time you read this dispatch, it still is.

But you can never tell around this strange, mad, festival world. A chap advanced upon me 1 P.M. the other day in the lobby of the Hotel Carlton and says:

"You heard about Natalie and Warren?"

"Oh, sure! Of course!" you say. "You haven't heard a thing but you have to act smart. Which version did you hear?"

"You will feel this guy out and see what it is all about if anything, and pretend you knew it all the time and you might even invent a couple of details, making them up on the spur of the moment."

"They are feuding," this chap says.

"Ho! Ho! That's what you call it!" you say. "Worse than that, according to the way I heard it, Jacques was telling me..."

You don't say Jacques. Who. There are at least 15 Jacques around here so you're safe.

"You get good information," he nods. "I wish I had your sources."

Anyway...

"Let's go somewhere quiet," you say, which is a laugh because there is no place quiet on this whole coast now except in a cemetery.

THE CHAP finally says they are feuding because of their publicity. He says Natalie wants to be named first in the publicity.

She wants people to say "Natalie Wood was out with Warren Beatty," and he wants people to say "Warren Beatty was out with Natalie Wood."

"It has got real bitter between them," the chap says in a low voice.

All I can say is that it was not real bitter between them when I saw them come into the hotel arm-in-arm around midnight. In fact, the B.W. and I were with them.

It has become the custom here for everybody from the Aga Khan's widow, the Begum, on down, to entertain them. The head of the

whole festival, M. Lebrat, gave a select little party for them to which he invited us and we found Natalie and Warren to be real nice folks.

WARREN PUT on his glasses, and Natalie spoke Russian to one of the Russian glamour girls. Natalie learned Russian as a little girl; she had to if she wanted to communicate with her parents.

There is no "feud"—the two just thought maybe it would be nice if they got interviewed by the hordes of the press separately instead of together, inasmuch as they are not married or anything like that. But it will be hard for them to remain friends because the glamour reporters here certainly know a good feud when they invent one.

Red Buttons resumed his singing lessons. Two book companies are rushing out volumes on the Liz-Dickie affair. Richard Rodgers says his next show (with Alan Jay Lerner) will have a contemporary N.Y. setting; he's keeping the rest a mystery. Presley Marker of "Funny Thing Happened" is a Vassar graduate and an ex-schoolteacher.

Natalie Ross of "Come Blow Your Horn" will marry gov't physicist Loren Miller. Vince (Ben Casey) Edwards signed a recording contract with Decca.

EARL'S PEARLS: Another thing so simple that a child can operate it is a grandparent. — Al Spence.

TODAY'S BEST LAUGH: A fellow was recalling his wife had laryngitis. "It was like watching TV with the sound turned off."

WISH I'D SAID THAT: Those medical shows on TV aren't very good, claims a viewer. "The patient always live, but the plot dies."

THE INTERNATIONAL SITUATION, must be grave again. We've noticed that John Kennedy has been getting more newspaper space than Caroline. That's earl, brother.

THE CHAP finally says they are feuding because of their publicity. He says Natalie wants to be named first in the publicity.

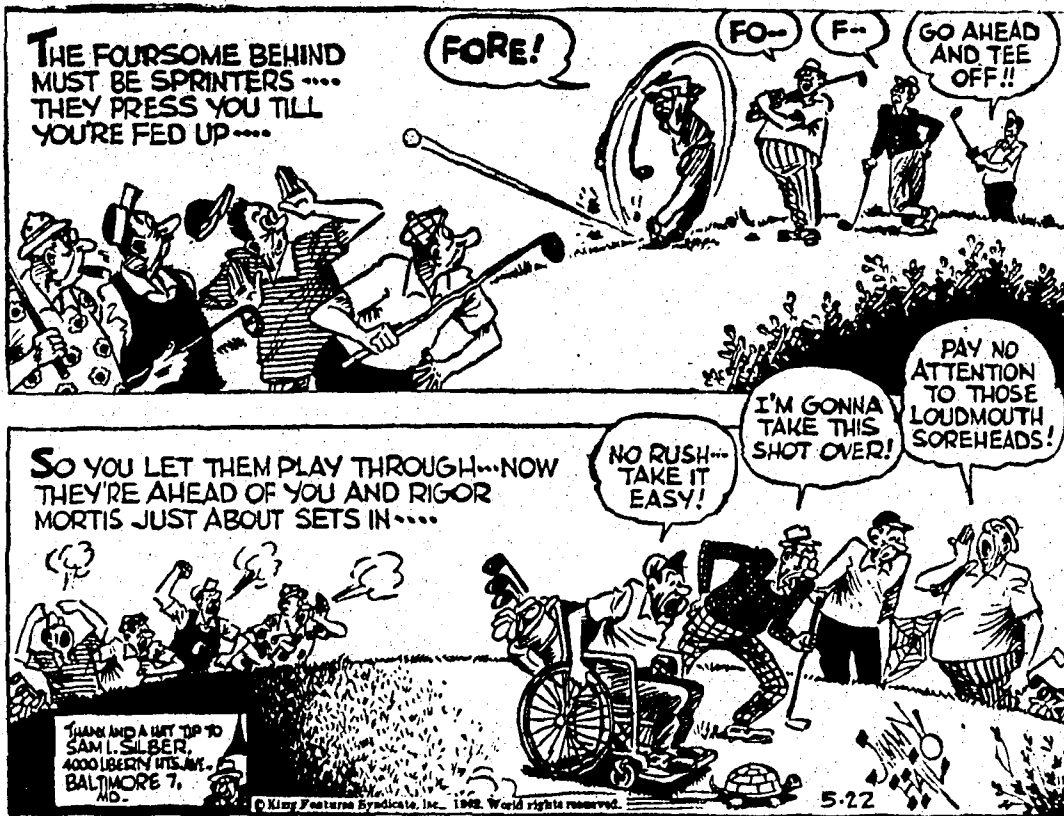

She wants people to say "Natalie Wood was out with Warren Beatty," and he wants people to say "Warren Beatty was out with Natalie Wood."

"It has got real bitter between them," the chap says in a low voice.

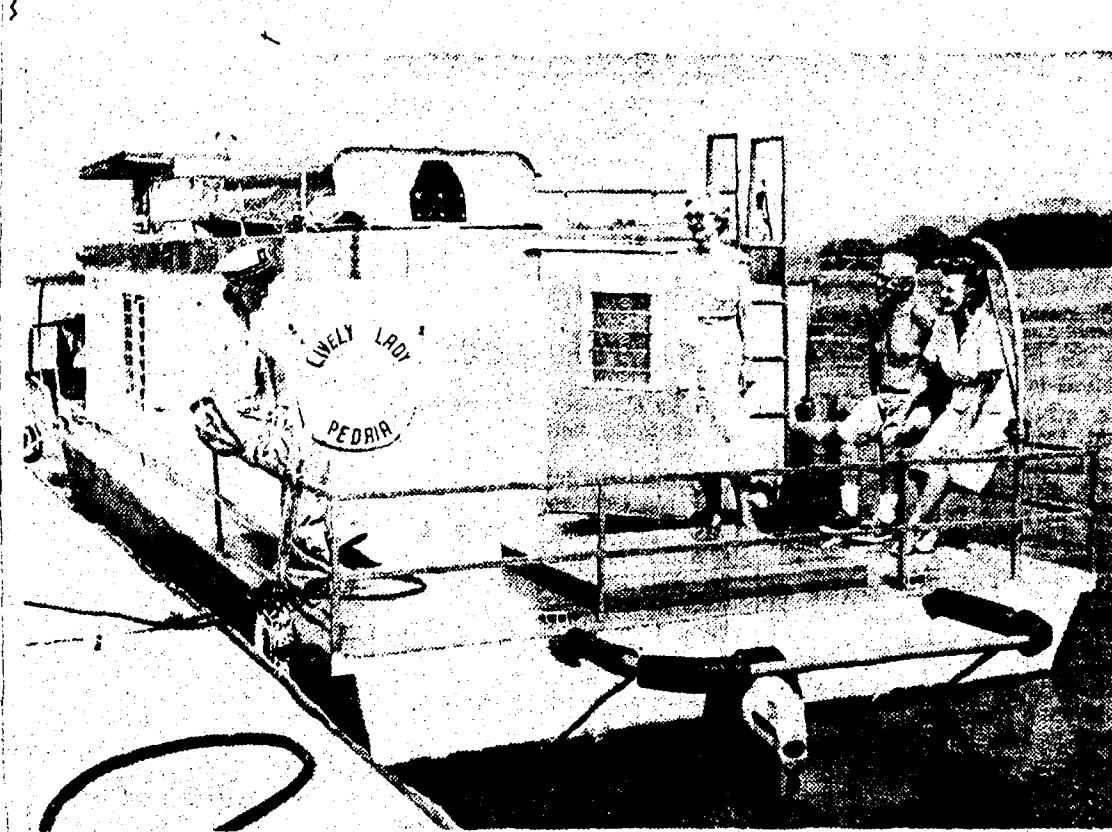

All I can say is that it was not real bitter between them when I saw them come into the hotel arm-in-arm around midnight. In fact, the B.W. and I were with them.

It has become the custom here for everybody from the Aga Khan's widow, the Begum, on down, to entertain them. The head of the

They'll Do It Every Time

Voice of the Outdoors

Ol' Man River Calling

With the weather pleasantly warm, the stage of the river inviting and most harbor facilities in operation, the river tourist moved into the pleasure and recreation picture during the past week and will blossom into full bloom with vacationtime starting in the week ahead.

Among the early visitors were the family group from Peoria, Ill., shown at the Whitaker Marina docks. The four, left to right, are Mr. and Mrs. C. O. Horstman and Mr. and Mrs. Louis Finn, all of Peoria. The picture was taken before the start of their river adventure by water back home.

Horstman had purchased "Liely Lady" here from Whitaker and had taken a "shake down" cruise to Stillwater before heading downriver. Stocked with groceries and with a full tank of gas, they expected to cruise leisurely downriver and up the Illinois.

Fishermen Subsidy

It will be recalled that the plan to pay commercial fishermen in the Mississippi a subsidy on carp sufficient to make the marketing of this fish profitable, was voted down at the Buffalo County meeting of the Conservation Congress. Commercial fishermen—the only control program for carp of the river—are going broke because of the low price for carp on the fish markets.

The following Associated Press dispatch from the North Shore, another commercial fishing area, shows that thoughts along this line are not limited to the Upper River and Lake Pepin.

TWO HARBORS, Minn. (P)—Commercial fishermen along the Lake Superior north shore have signed petitions asking federal subsidies on fish similar to those accorded farm products.

They ask that the government assure them 90 percent of what would be established as fish price parity on smelt, herring, trout and whitefish.

The action came on the eve of the June 1 closing of the lake to trout fishing in efforts to rebuild a stock of the fish ravaged in recent years by lamprey eels.

Fishermen also asked for quotas on foreign imports of fish, especially from Canada, and the use of part of import duties to enlarge and improve the general fish market in this country.

Spokesmen said the petitions were being sent to the Minnesota congressional delegation.

Here is the reason, that Lake Superior has been closed to lake trout fishing commercially. Incidentally, Minnesota is also stocking. Early this year, while visiting the state hatchery at Le Sueur, Russell Hanson, superintendent there, showed us several million fingerling lake trout being raised there for Lake Superior and other trout lake stocking in deep lakes of Northern Minnesota.

LANSING, Mich. (P)—Nearly 1,700,000 yearling lake trout will be released in Lake Superior in May and June in the largest planting since the trout re-stocking program started in 1959, the state conservation department said today.

State and federal hatcheries in Michigan will contribute 920,000 trout to the total, up from 560,000 last year, the department said. Ontario will release 583,500 and Wisconsin 256,000.

The Great Lakes Fishery commission is directing the program in a continuing effort to restore lake trout to the lakes. Sea lampreys virtually wiped them out. Latest studies indicate the lamprey control program still is making headway, the department said.

2 Deaths Raise Wisconsin Toll On Roads to 262

By THE ASSOCIATED PRESS

Two persons were killed during the night in separate car truck accidents in Wisconsin, raising the state's highway toll for the year to 262 compared with 294 on this date last year.

William Schliewe, 59, Juneau, died early today at a Beaver Dam hospital of injuries suffered when his car and a cattle truck collided on Highway 28 one mile north of Juneau.

Mrs. Aida Stoll, 65, Maywood, Ill., was killed in the sideswipe collision of a car and truck on Highway 20 in northwest Racine County Monday. Injured in the crash were Mrs. Stoll's daughter, Mrs. Harold Rowe Jr., 30, of Burlington, Wis., and her two sons, Harold, 5, and Kenneth, 2. All suffered fractured skulls and cuts.

Central Lutheran Group Elects Officers

Helen Stoa is the new president of the Senior Luther League of Central Lutheran Church.

The other new officers, elected at a meeting Sunday, are: Sue Zimmerman, vice president; Dixie Fegre, second vice president; Karen Olson, secretary, and Byron Bohnen, treasurer.

All of the officers are invited to attend the leadership school at St. Olaf College, Northfield, in July. Luther League officers from this district of the American Lutheran Church attend the school.

Rochester Firms, WSC Cooperate On Shop Course

Winona State College and three Rochester firms—IBM Corp., Crenlo Manufacturing Co. and Waters-Conley Co.—are cooperating on a unique workshop program for industrial arts teachers.

The college is offering two graduate credits for successful participation in this Rochester-based program.

Purpose of the course is to bring industrial arts teachers into close contact with industry, thus broadening their understanding and establishing a closer relationship with industry.

Sessions will include presentation by representatives from industry. Plant tours will be used to point out various phases in the instructional program. Computer systems will be presented by IBM. Crenlo Co. will illustrate factors in manipulative skills in metals.

Throughout the seminar, Dr. J. Hugh Capron, department of industrial arts, Winona State, will moderate a number of discussion periods.

The course is scheduled for nine days, from June 25 to July 6, and will meet for 2½ hours each day beginning at 1:30 at the IBM plant at Rochester.

Mankato Man Sentenced for February Killing

MANKATO, Minn. (P)—Joseph Black, 31, pleaded guilty in Blue Earth County District Court Monday to a charge of third degree murder and was sentenced to serve up to 30 years in the Stillwater State Prison.

Black was charged with first degree murder in the Jan. 29 shooting death of Marvin Wendt, 29, a neighbor and co-worker, but Judge Milton Hanson permitted him to plead to the lesser charge.

Wendt was killed by a blast from a shotgun as he lay in bed in his home. Black was indicted Feb. 27 by a grand jury.

The court was told psychiatric tests showed Black was immature and that a lie detector test indicated he did not intend to kill Wendt. It also was brought out that his eyesight is so poor that he is legally blind.

Winona Contractor Low on Building Dunn County Jail

Keller Construction Co. of Winona is apparent low bidder on a general contract for the new Dunn County jail at Menomonie, Wis.

No action was taken to award contracts, however, as the building committee of the Dunn County Board sought ways to reduce costs of the project.

The Keller bid was for \$199,000, below the \$201,500 bid of a Stillwater firm and the \$204,700 bid by a Durand, Wis., contractor. Bidding specifications had included basement facilities for a civil defense headquarters and an equipped firing range. Elimination of these extras was suggested in order to bring construction costs nearer to original estimates by the committee. A saving of \$20,000 could be made in this way, it was believed.

Lewiston Asks Street Bids

LEWISTON, Minn.—Lewiston Village Council will receive bids to 8 p.m. May 29 for street improvements estimated to cost \$75,553, and on lowering and replacing water mains and appurtenances on Harrison Street between Lincoln and Rice streets.

The proposed street improvement will be grading, base, bituminous surfacing, curb, gutter and sidewalk on Harrison, Lincoln, Wilson and Thompson streets; grading, base and surfacing of a service drive adjacent to Highway 14, and sidewalk on West Main and Rice streets.

The council voted to make an overall charge of \$5 per foot for curb and gutter in accordance with precedents established last year. Less 25 percent forgiveness on some corner lots.

Council will open bids June 6 at 8 p.m. on a 125,000 BTU natural gas furnace for the disposal plant. The board voted to purchase material to increase capacity of the distributor system of the disposal plant for not to exceed \$950.

Council meeting were changed from the first Thursday of the month to the first Wednesday of the month.

FFA Awards Given At Spring Grove

SPRING GROVE, Minn. (Special)—Donald Sylling and Vernon Husemoen received high recognition at the annual FFA chapter banquet Tuesday evening.

Donald, chapter president, received the DeKalb award and Vernon was named Chapter Star Farmer.

Carroll Plager, Hormel & Co., Austin, Minn., stressed attitudes in everyday living in his address to about 140 who attended.

Lois Swenson was named chapter sweetheart and was presented a jacket.

Dennis Holly received the star greenhand award, Donald Sylling took the master swine producer award and Kevon Goodno won the star sheep farmer award.

Alfred Hagen, District 16 secretary, presented district and state trophies to chapter teams and individuals.

Owen Foss, local businessman, was named an honorary chapter farmer in recognition of his help to the chapter.

Top U.S. Train Speed 82 M.P.H.

CHICAGO — Honors for the fastest passenger train run in the United States in 1961 go to the Atchison, Topeka and Santa Fe Railroad. Trains magazine disclosed here in a report on its annual train speed survey.

For the second year in a row, the Santa Fe's crack train, Super Chief, took the prize with a speed of 82.1 miles an hour in covering the 99.9 miles between Garden City, Kan., and Lamar, Colo., in 73 minutes.

It was pointed out that the record was all the more remarkable in that the Super Chief normally carries 15 or more cars and must traverse a constant grade. Lamar being 780 feet higher in altitude than Garden City.

The Santa Fe also took sec-

Some 15 Types Of Headaches, Doctors Told

MINNEAPOLIS (AP) — There is no such thing as a common, "garden variety" headache but, in fact, some 15 types of the painful malady, all arising from different causes.

And a headache is a symptom, not a disease, whose successful treatment depends on studying the whole patient, not just the ache, doctors agreed at a symposium today at the Minnesota State Medical Association annual meeting.

Dr. Charles M. Jessico, Duluth, member of the panel, said that seven per cent of the population suffers from migraine-type headaches, originating in the head's blood vessels.

Other types range from muscular contractions to cranial neuralgia, an irritation of a nerve supplying the face. But only until a diagnosis of the cause of the trouble is made can the malady be cured.

Dr. J.G. Rushton, Rochester, outlined the three important pain-producing mechanisms as stretching or compression of pain-sensitive structures, sustained contraction of head and neck muscles, and inflammation in or near pain-sensitive structures.

Seventeen doctors who have given a cumulative more than 850 years of medical service in Minnesota will be welcomed into the association's Fifty Club at the 109th annual banquet at Hotel Learnington tonight.

Citations will go to Drs. William L. Benedict, Rochester; Harry Klein and Murdoch A. Nicholson, Duluth; Otto J. Seifert, New Ulm; Clyde E. Wilson, Blue Earth; Warner G. Workman, and Charles A. Williams, formerly of Pipestone, but now of Seattle. The other practitioners to be honored are from the Twin Cities.

ond place with a run of 81.3 miles an hour between Gallup, N. M., and Winslow, Ariz., made by Train 7, the carrier's fast mail-express.

The Santa Fe daily operates 226 runs, aggregating 14,757 miles at speeds of 65 miles an hour or more. In the 80-mile-an-hour field, its only competition is from the Illinois Central, which runs two trains a total of 89 miles daily in the upper bracket.

The I. C. took third place in the speed derby by running the Panama Limited and the all-coach City of New Orleans at 81.1 miles an hour on the 44.6 mile stretch between Champaign and Mattoon, Ill.

The City of New Orleans just missed the 80 mile goal by hitting 79.8 miles an hour on the 40-mile track between Effingham and Centralia, Ill.

The Santa Fe's nearest competitor on over-all fast runs is the Chicago, Burlington and Quincy. The Burlington has 215 individual runs covering 11,536 miles daily at 65 miles an hour or faster — but none in the charmed 80-mile club.

The Burlington's fastest trains are the Twin Cities Zephyrs, which hit 78.7 miles an hour on the 57.7 mile stretch between Prairie du Chien and La Crosse, Wis.

World speed honors went to European trains. The fastest passenger train in the 1961 survey was number 320 of the French National Railway which does 84.8 miles an hour for 41 miles between Arras and Longueau.

This same system operates the fastest train on a run over 150 miles with the Mistral, between Paris and Dijon, which does 195.2 miles in 142 minutes — 82.5 miles an hour.

The fastest United States freight train is the New York Central's Super Van-6, which does the 120.5 miles from East St. Louis to Mattoon at 60 miles an hour.

The Southern Pacific's Blue Streak merchandise freight does the 121.4 miles between Yuma, Ariz., and Indio, Calif., at 53.2 miles an hour. The Texas and New Orleans speeds the same train 89.5 miles from Corsicana to Hearne, Tex., at 59.7 miles an hour.

Banker Fined for Evasion of Taxes

ST. PAUL (AP)—Peter Thein, president of the Clara City State Bank, Monday was fined \$3,500 and placed on probation for two years after he pleaded guilty in U.S. District Court to income tax evasion.

Thein, 69, was indicted last March 2 on three counts involving alleged evasion of a substantial portion of his income taxes for 1955, 1956, 1957.

He pleaded guilty to the count involving unreported income of \$14,656 in 1955 or an additional tax of \$3,299. The district attorney's office indicated the other two counts will be dropped.

Young Rockefeller Companion Going Back Into Jungle

HOLLANDIA, New Guinea (AP) —The Dutch scientist who accompanied Michael Rockefeller on his ill-fated expedition into the jungle wilds of West New Guinea has not lost his taste for adventure.

Rene W. Wassink, 35, an anthropologist on loan to the Dutch administration here, is planning his next jungle trip into a little known village that is the ax-making center of the north coast.

Wassink, stocky and with a bushy moustache, was with Rockefeller when he disappeared while swimming for help after their boat overturned in the mouth of the Eilanden River, on the territory's hostile south coast.

The search for the youth-youngest son of New York Gov. Nelson A. Rockefeller—and its resultant failure drew international attention.

Few clues ever were found. "I'm firmly convinced he drowned," said Wassink.

Politics Charged In Chapel Row At Rochester

ST. PAUL (AP)—Gov. Elmer L. Andersen, Atty. Gen. Walter F. Mondale and Fred Hughes of St. Cloud, University of Minnesota regent, Monday became involved in a controversy over acceptance by the state of a privately-sponsored chapel for Rochester State Hospital.

Hughes charged that Mondale had injected politics into the case.

The controversy had its origin last Wednesday when the State Executive Council deferred action until June on a proposal by certain individuals in the Rochester area to raise funds for a chapel. The council must approve building of a chapel and acceptance of it as a gift.

Mondale asked the executive council to give him an opportunity to review the matter in his capacity as legal adviser to the executive council. Mondale said the governor and the other members unanimously approved the delay.

Hughes wrote a letter today congratulating Gov. Andersen on his stand in urging the executive council to approve the plan and added:

"What disappointed me was the statement of the attorney general that he requested postponement of approval because he would like to take a look at it. "His reservations could only be prompted by a question on constitutionality or by politics. Mr. Mondale is too good a lawyer to take seriously any constitutional question."

Mondale replied that it is apparent Hughes has been misinformed concerning the matter.

Serving in Armed Forces

Cadet T. J. Slaggie

Cadet THOMAS J. SLAGGIE, 26, son of Mr. and Mrs. Leonard A. Slaggie, 100 E. Wabasha St., will graduate from the U. S. Military Academy, West Point, N. Y., June 6.

Upon graduation, Cadet Slaggie will be commissioned a second lieutenant in the Air Force and will receive a bachelor of science degree.

At West Point he was active in the radio club and the rocket society, an academic group. Slaggie also was a member of the cadet chapel acolytes, the public information detail staff and the staff of the "Pointer," the academy's magazine.

Appointed to the academy by the late Rep. August H. Andersen (R-Minn.), Slaggie was a cadet sergeant during his senior year.

A 1954 graduate of Cotter High School, he attended St. Mary's College and the University of Minnesota.

His parents will attend the graduation exercises.

NEW YORK (AP)—June Havoc, the actress whose autobiography "Early Havoc" was a best-seller, has turned now to playwriting. Her first script, "Marathon," is on the production agenda of David Merrick.

Milwaukee Negro Gives Rare Blood

NEW YORK (AP)—A nationwide search for a pint of blood of an extremely rare type wanted for a child that won't be born for several days ended when a Milwaukee Negro was found to be a qualified donor.

Edward Brown, an employee of the American Motors plant in Kenosha, Wis., donated the blood and it was flown Monday to Idlewild Airport where a physician was waiting for the package.

The doctors said the New York Negro child is expected to be suffering from a disease of the newborn that causes the red blood cells to break down, resulting in extreme anemia. The blood type which counteracts the disease is "O" RH Negative, U Negative.

Dr. Leonard Lohby, chief of the pediatric hematology division of the Flower and Fifth Avenue Hospitals, told newsmen at the airport that the blood type is found in only one of several hundred thousand persons.

Dividend Tax Draws

Flood Of Mail

NO MATTER WHAT kind of tax bill the Senate passes this year—if it passes one—nobody's entire savings account will be taxed at a rate of 20 percent.

The tidal wave of mail pouring into Capitol offices these days has reflected this fear, among others, and has presented every conceivable argument against the President's proposed withholding tax on dividend and interest income.

Without a doubt, the deluge of letters has made senators and the President aware of considerable grass-roots opposition to the provisions. But whether or not it has changed earlier senatorial views of the need for withholding is another question. We feel it has, and the bill will be in trouble in the Senate.

At a recent press conference, the President attempted to allay the fears of large segments of the population. He accused savings and loan institutions of "misinforming many millions of people" in a campaign against the withholding proposal.

MANY DEMOCRATIC senators have joined him in the view that the institutions have organized a mass mail campaign against the withholding provision in an effort to defeat the bill, which contains another provision increasing taxes on savings and loans institutions.

Some Senators even say the flood of mail may backfire, and merely demonstrates the need for the withholding technique to get at heretofore unreported funds.

The President said the campaign had led to four basic misconceptions: That the proposal involved a new tax or tax increase, that it would take money unjustly from honest taxpayers, that it would create a highly expensive "mountain of red tape," and that it would unjustly hurt the elderly, widows, orphans and others in low income groups.

THE FACT THAT some of the letters received indicate an ignorance on the part of many people that they are already required to pay taxes on dividend and interest income reinforces views of withholding proponents that a provision insuring collection of these taxes is needed.

On the other hand, several Republican lawmakers say the letters indicate that individuals have a correct understanding of how the provision will affect them, even if they are not familiar with the technical aspects.

Spokesmen for the savings and loan institutions have denied they are misleading the public.

AMONG THE MOST prevalent arguments presented against the withholding provision are that it would cause hardship for those in low income groups and it would increase expenses of institutions, corporations, and the government. It is also argued that withholding would be unnecessary because new electronic data-processing equipment would provide a better method of enforcing equitable tax collection by quickly discovering failures to report income.

Those who favor the provision argue that the bill contains sufficient exemption procedures to protect those in low income groups who will owe no taxes or will be eligible for refunds. Officials estimate the cost to the government would be only three percent of the additional revenue generated by the withholding plan.

THE COST TO financial institutions would be more than offset by the interest they could earn by retaining withheld funds for periods up to four months before paying the government, and they would not be required to itemize the taxes withheld, proponents say.

Atomic Power On Way For Dairyland

ELECTRICITY produced by atomic energy is on the way for the 100,517 consumer-members of the 27 rural electric cooperatives served by Dairyland Power Co-op, La Crosse.

The Rural Electrification Administration has approved a \$6,660,000 loan to Dairyland for construction of a 50,000 kilowatt turbo generator for use in connection with an atomic reactor to be built by the Atomic Energy Commission as part of its research program. The atomic-electric generating plant is scheduled to be constructed on the Mississippi River adjacent to Dairyland's steam station south of La Crosse.

Plans call for Dairyland Power Co-op to furnish the site and the conventional steam generator. The atomic reactor portion of the plant, which will cost approximately \$11,000,000, is part of a demonstration project and will be built, owned and operated by the AEC. The entire project is scheduled for completion in 1968.

After the reactor has been in operation for 10 years, Dairyland will have the option to buy it.

CO-OPS SERVED by Dairyland Power, which is the largest generation and transmission cooperative in the world, include Buffalo Electric Co-op, Alma; Jackson Electric Co-op, Black River Falls; Pierce-Pepin Electric Co-op, Elsworth, and Trempealeau Electric Co-op, Arcadia.

Like says the Kennedy administration "is confusing me and all my friends." Let's hope it's also confusing Khrushchev.

A word fifty spoken is like apples of gold in a setting of silver, Proverbs 25:12.

Washington Calling

American Policy Failing in Laos

By MARQUIS CHILDS

WASHINGTON—This might be the time, if a way out of the Laotian crisis can be found, to take a long, hard look at the policy of the past decade that has led the United States into this frightening blind alley.

It goes back to the conviction of the late John Foster Dulles that staunch, stout allies can be made out of weak, poverty-ridden, newly independent states. The prescription was to administer large amounts of military hardware, together with support and training for the troops that were to use it, along with some economic assistance.

This policy is failing not only in Laos but elsewhere in Asia. The current ill will generated in the Senate over aid to India, with an arbitrary cut in a program to which the United States has been firmly committed, owes something to the stigma that was put on neutrals.

As an offset to wavering, neutral India—in the Dulles concept—Pakistan was to be built up as a strong ally. But the arms were never sufficient nor of sufficiently late models, even though most recently Pakistan has received F-104 jet fighter planes. Despite the most urgent pleading by the United States, the government of President Ayub Khan has refused to negotiate a border quarrel with Afghanistan and persists in preventing transshipments of essential aid to the Afghans. There are rumblings of discontent with Ayub Khan's "guided democracy" and the slow pace of economic developments as the population increases at a phenomenal rate.

AT THE SAME time, the Indian military pressed hard for purchases to match the modernization of the Pakistani forces. So India has used badly needed foreign exchange to buy modern fighter planes and other equipment. Late this year there have been reports of a deal to buy Soviet MIGs, and this was one reason for the "get Nehru" move in the Senate Foreign Relations Committee. India's failure to move on the Kashmir dispute has fed the bitterness, as did the Goa attack.

But it is in Laos that the full flower of the "strong ally" policy is now visible. In September of 1960 the neutralist head of the Laotian government was driven out largely by American machination and supplanted by a hand-picked "strong man," Phoumi Nosavan. Since then military aid at a record rate has been poured into Laos, considering that it is a jungle country of simple, tribal people numbering two million or so with no real sense of national identity outside the two capitals, Vientiane and Luang Prabang.

THE AMERICAN military in charge of training and equipping the Royal Laotian Army seems to have had an exaggerated concept of what could be achieved by putting modern weapons in the hands of small, tractable brown people with only the vaguest idea of what they were to do with them or why. Until fairly recently military intelligence reports were said to put considerable reliance on the fighting effectiveness of the Laotian force. The willingness of the Phoumi government in insisting on placing a battalion in the northern outpost of Nam Tha, which has been aptly compared to Chiang Kai-shek's offshore islands of Quemoy and Matsu, seems to have shaken this faith. And whatever was left of it must have been shattered by the wild rout of the Laotians as the Communist attack began.

IN YEARS GONE BY

Ten Years Ago . . . 1952

'I Might Agree To Stop, If You Let Me Win'

THE WASHINGTON MERRY-GO-ROUND

Army Giving Priority To Baseball Players

By DREW PEARSON

WASHINGTON—Some Army commanders seem to regard baseball as the nation's most essential civilian occupation. They have been granting "emergency" leave for professional ball players to join their teams, yet turning down applications of most other seasonal workers, including farmers.

Those players who are not on leave usually get extra time off to play ball at camp. At Fort Meade, Md., for instance, players are issued "special duty orders," permitting them to spend their afternoons at baseball practice instead of military duties.

When the team goes on the road to play at other camps, they are assigned to full-time "temporary duty" playing baseball.

Supposedly, these special privileges are granted so the camp will have a good team and win games for the sake of camp morale.

Yet Fort Meade's baseball coach and star pitcher, Wynn Hawkins, was granted emergency leave to rejoin the Cleveland Indians after pitching only two games for good old Fort Meade.

The same thing happened to Fort Belvoir's coach-pitcher, Jim "Mudcat" Grant, who was also released to pitch for the Cleveland Indians while his Army team struggled along without him.

The Baltimore Orioles' star shortstop, Ron Hansen, hasn't yet picked up a bat for Fort Meade. He was granted a 30-day leave to play with the Orioles at the opening of the baseball season, then was given a 30-day extension which runs out this month.

All the Fort Meade team has gotten out of him is a promise to play — provided, of

course, that he can't get another 30-day extension.

SHORTLY AFTER Hansen was granted extended leave, another Fort Meade shortstop was turned down when he applied for more time off to play professional baseball.

He is Reuben Amaro who came to this country from his native Mexico to play baseball and ended up instead in the U.S. Army.

He has had a woeful time, indeed, since he showed up in 1959 to play shortstop for the Philadelphia Phillies. His request for permanent residence made him eligible for the draft. The Phillies advised him to join the reserves instead. He signed up for six months' training which took him out of baseball uniform and put him in uniform for the first half of the 1960 season.

Then he was caught in the emergency call-up last October and shipped to Camp Pickett, Va. Because of his dark skin, the people of Virginia refused to serve him in restaurants and treated him like anything but a baseball hero.

AFTER HIS transfer to Fort Meade, he was granted leave to play with the Phillies. He couldn't get an extension as did Hansen, however, although the Phillies desperately need his services.

Not all the big-league stars in the Army, of course, are permitted to take time out from their military duties to play baseball. Steve Barber, for example, gets away from Fort Bragg, N.C., to pitch for the Baltimore Orioles only on weekends. Dick Bertell was granted only 14 days' leave from Fort Knox, Ky., to catch for the Chicago Cubs.

The New York Yankees' star infielder, Tony Kunev, hasn't been able to get away from Fort Lewis, Wash., at all — although he plays for the camp team.

Altogether, 22 big-league players and a few dozen minor-league players are scattered around Army camps. Most of them are playing more baseball than doing anything else. Note—An Army spokesman

explained to this column that it was up to the local commanders whether to release baseball players to play with their civilian teams. They are entitled to some leave, should repay the Army for extra time off, either in service or cash.

THE HORDE OF investigators who have converged upon the fabulous financial manipulator Billie Sol Estes are now convinced that he has stashed away a fortune in secret, numbered Swiss bank accounts.

Billie Sol's business associates have reported that he not only had remarkable knowledge of Swiss banking methods but had actually spoken of his dealings with the Bank of Switzerland.

Investigators also have found among his papers a strange chattel mortgage for \$4,774,655 endorsed to "K. Weinheimer Co., Switzerland." However, a subsequent letter for a farm equipment firm claimed "the chattel mortgage was executed and recorded merely to give some ambitious individuals something with which to occupy their time."

Whether this mysterious mortgage is genuine or was deliberately cooked up to confuse investigators, it was filed on March 2 at the same time that he was coming under federal fire.

The secrecy of Swiss bank accounts is protected by the bulky Swiss constitution itself. Not even the government can force a bank to disclose the name of a depositor or the record of his deposits and withdrawals.

AS A RESULT, the Swiss have become the world's leading bankers, their vaults the repository of most of the world's shady money.

The code system used by Swiss banks is so complex that it defies breaking. The depositor is given a secret code number, then is provided with a set of tables that enables him to communicate with the bank by other code numbers.

His account number is known only to himself and the bank managers. The set of tables provides serial numbers for the date, type of currency, and any messages the depositor may want to send in code.

Holders of numbered accounts receive no bank statements, except upon request. Then the statements are mailed in plain envelopes with the address scribbled in hand, looking like a personal letter from a friend.

Under the circumstances, Uncle Sam will never be able to lay a hand on the money Billie Sol has stashed away in Switzerland.

TODAY IN NATIONAL AFFAIRS

Cradle-to-Grave Proposals Pushed

By DAVID LAWRENCE

WASHINGTON — Once upon a time a President of the United States made an inaugural speech in which he said: "Ask not what your country can do for you — ask what you can do for your country."

Once upon a time parents struggled through the years to give their children a comfortable home with proper care and an education that would enable those same children some day to earn their own livelihood. Then the grateful children would take care of their parents in old age. They felt glad to do so. Those who did not have children to assume this responsibility and who were unfortunate enough to become indigent were cared for by relatives and in some cases by the states or cities or churches through nursing homes.

Now comes a message from President Kennedy to Congress this week asking for a 5-year program, costing \$50 million, for "grants to improve services for the aged."

The federal government thus seeks to assume the responsibility for all the problems of the aged—not just in medical care alone.

A White House statement says the purpose of the grants would be "to provide federal assistance to help train personnel for work in the field of aging and to provide federal aid for pilot community planning projects and demonstration and research projects, to gain further knowledge about how the specific needs of older people can best be met."

This is a rather vague outline of how \$50 million is to be spent. There is no attention paid to the fact that this is a problem for the family of the citizen himself or, in emergency cases, for the local community. Suddenly, however, it is to become a federal function, and federal funds are sought to pay for it.

THERE ARE about 170 million persons over 21 years of age in America. Of these, about 17 million are 65 years of age or older. Is it conceivable that any considerable number out of the 17 million cannot provide for themselves or be provided for by their children or relatives? Aren't the local communities and welfare organizations capable of handling the problems of those aged persons who do not have children or relatives and are without social security or other adequate income?

President Kennedy in his message to Congress says that the projects will "in most instances, be under the control of the states, local communities, and nonprofit institutions and organizations." But why, it will be asked, is it necessary for the federal government to appropriate \$50 million when the state and local governments collect annually about \$50 billion in taxes?

PERHAPS THE real purpose is to set up another of the many forms of political control over local affairs which the crusaders for more and more centralized government constantly espouse.

The President's message to Congress says the project will "encourage and assist universities, professional schools and other institutions, organizations and agencies to increase their programs for training those professional and technical people needed to provide the broad range of services required by older people."

Mr. Kennedy says that life expectancy has increased, and hence many of our older citizens "face special problems resulting from reduced incomes, inadequate housing, large medical bills, declining health, unproductive leisure time, and lack of opportunity to continue their useful service to society."

But is it the function of the federal government to spend taxpayers' money trying to provide for the productivity of the leisure time of the aged and for opportunities "to continue their useful service to society?"

HOW, MOREOVER, will the Kennedy administration solve the dilemma it faces in Congress, where any grants to colleges or universities operated by churches are promptly opposed as unconstitutional? Many of the institutions taking care of older people are integral parts of the churches of various denominations.

But none of these barriers seems to be insurmountable to the administration's idea men. Every few days the mimeograph machines at the executive offices busily turn out pronouncements on "social welfare" on the theory that it is really the business of the government to care for the individual "from the cradle to the grave." Indeed, the phrases of the Kennedy inaugural about encouraging self-reliance and individual responsibility, rather than dependence on government, seem already to have become obsolete, although the same words are less than 18 months old.

To Your Good Health

What Are 'Growing Pains'?

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: What causes "growing pains" in children? My son complains of a pain in the leg muscles.—N. K.

We should never let ourselves be misled by that false old term, "growing pains," because there is no such thing. Growing doesn't hurt.

However, children can and do at times have muscular cramps and pains, and there are two causes which outnumber others.

One is the fact that active youngsters sometimes don't know their own strength (or limitations) and keep going until their muscles "scream for mercy." Muscles will do that — go into a spasm, in protest at being overworked. So take a canny look: Do these muscles come at the end of a highly strenuous day?

Another frequent cause is putting some excess strain on the muscles aside from sheer vigorous activity. Poor posture, weak arches, or other faults in the feet can throw the child subtly off balance, force him to use muscles that are not designed to carry such a burden. The result, again, is muscular pain.

Therefore I suggest these two rules, first of all, when a child complains of such pains: If he's extremely active, see that he gets a little more rest, perhaps more sleep at night. If not a nap, at least a quiet period in the middle of the day or the afternoon. Second, as part of one of the routine physical checkups that every child ought to have, tell the doctor about these pains, and let him check posture and, particularly, foot structure. Do his shoes fit?

THERE ARE, naturally, other causes for such pains. If the pain is in the joints, rather than the muscles, and especially if the child has a fever or has recently had tonsillitis or a sore throat, a medical checkup would be in order to be sure that there is no rheumatic disease.

Sometimes it is, for another approach, important to note whether the child's diet is correct. Diet deficiencies can contribute to "growing pains."

There are, as well a variety of rarer troubles, but I see no special point in fretting about them. If the usual causes are eliminated and the pains persist, then it's time to hunt for the infrequent sources, and for that you'll have to depend on your doctor anyway.

Dear Dr. Molner: Are powdered eggs and milk harmful—MRS. C. S.

No. The water only has been removed from them. The Armed Forces have used many tons of both.

Water Board Holding Line On Pay Scale

The Board of Municipal Works Monday adhered to the City Council's general hold-the-line policy on wages for municipal employees this year by approving a 1962-63 payroll that, with one exception, is identical to that adopted a year ago.

The only wage increase granted was to Donald Brown, an assistant operator at the Johnson Street pumping station whose monthly salary was raised \$20 to \$380 paid other employees in the same job classification.

THIS IS IN line with the board policy of advancing salaries of new employees on an annual basis after probationary periods until they reach regular status.

Meeting in annual session Monday, commissioners adopted the new schedule with virtually no discussion.

Board President C. J. Borzyskowski commented, "I imagine we have to go along with the Council policy," and, after commissioners had noted that Brown was due for his raise, the new payroll was approved unanimously.

IT CALLS for a monthly salary of \$600 for G. O. Harvey, board secretary and general superintendent; accountant, \$450, and the two clerk-stenographers in the City Hall office, \$270.

Salaries of plant employees remain at \$490 for the chief operator and \$380 for the five assistant operators. The foreman of the street crew receives \$430, assistant foreman and one maintenance man, \$380, and two maintenance men, \$345.

Attending the meeting were Borzyskowski, C. S. Lukaszewski, William M. Hardt, Ted Mahlike, Roy Burmeister and N. J. Fischer.

Mt. McKinley Scaled By Second Woman

FAIRBANKS, Alaska (AP)—Anne Bucknell, 39, a coed at the University of Alaska, has become the second woman to climb 20,320-foot Mt. McKinley.

Miss Bucknell and five companions started climbing the north side of the tallest peak in North America April 15. They completed the climb Sunday. Merrill Wien, an Alaska air line operator, saw the six waving exuberantly as he flew over the peak.

Mrs. Bradford Washburn of Boston was the first woman to climb the mountain. She accompanied her husband up the peak in 1948.

Singer Fires Gun in Song, Injures Man

CALI, Colombia (AP)—Mexican singer Roberto G. Ribero fired a revolver for effect as he rendered a cowboy song of his homeland at the San Nicolas Theater. One bullet hit Dr. Hernandez Cuervo Sanchez, seated in the audience, in the knee and he was taken to a hospital. Ribero was taken to jail.

Student Candidate For Alice Title

ELEVA, Wis. (Special)—Miss Penelope (Penny) Havenor, 20, daughter of Mr. and Mrs. Harold Havenor, Eleva, and Miss Joan Quakenbush, 21, West Salem, Wis., were selected at Sparta Saturday to represent District 5 in the Alice in Dairyland state contest at Menominee June 8-10.

Penny is a student at Eau Claire State College and Joan a junior at Stout State College, Menominee.

Traffic Fatalities Unchanged in Six Area Badger Counties

MADISON, Wis.—Trempealeau County counted four traffic deaths during the first four months this year compared with three during the same period of 1961.

Buffalo County had no traffic fatalities through April this year, and one last year.

Pepin County has a clean record—none this year nor last year through April.

Jackson County has the same record as Trempealeau—four this year and three last year during the first four months.

La Crosse County has the worst record in the area this year—five fatalities through April compared with one last year.

Eau Claire County had one traffic death through April this year, but six during the same period of 1961.

Red Bulgaria Lifts Ban On Western Papers

SOFIA, Bulgaria (AP)—Communist Bulgaria has lifted an 18-year-old ban on the import of Western newspapers and magazines, a Bulgarian government official said today.

Petar Ignatov, director of the government tourist agency, said Western publications will go on public sale June 1 at a limited number of newsstands all over the country.

Bulgaria will be the second Soviet bloc nation in which Western news media are available. Communist Poland lifted its restrictions on Western publications after the anti-Stalinist upheaval of 1956.

U.S. Coast Guard Team Here for Annual Inspection

Five members of the U. S. Coast Guard arrived here Monday for their annual inspection of pleasure craft on the Mississippi River.

Chief Boatswain's Mate W. M. Twiford and four petty officers from St. Paul comprise the mobile boarding team unit which will be here through the week to enforce compliance with federal water safety requirements.

Boats will be checked to make sure they are equipped with one life saving device for each occupant, fire extinguisher, flame arresters on inboard motors, have proper ventilation in the motor compartment or gas tank area, registration certificates and numbers.

Twiford said that owners of boats on which irregularities are found will be issued notices of violation.

He said that discrepancies must be remedied immediately and those receiving notices have not more than 14 days in which to notify the Coast Guard district commander in St. Louis of corrections.

The inspection team will board all pleasure boats found on the river. Anyone not contacted but wishing to have an inspection may contact the unit at the municipal marina on Latsch Island.

High Masonic Honor for Dr. Green

Dr. William E. Green has been awarded one of the highest honors in Masonry.

He received the York Rite Cross of Honor at the regular yearly convocation of Minnesota Priory 24 of the York Rite at Minneapolis Saturday.

Dr. Green was one of four Minnesotans to receive the honor, which goes only to York Rite Masons who have headed all the bodies of the order.

Dr. Green is a past master of Winona Lodge 18, AF&AM, a past high priest of Winona Chapter 5, Royal Arch Masons, a past illustrious master of Tyrian Council 4, Royal and Select Masters, Red Wing, and a past commander of Coeur de Lion Commandery, Knights Templar.

In addition Dr. Green has been active in other Winona Masonic bodies, being presently Wise Master of Winona Chapter Rose Croix of the Scottish Rite and a past patron of Winona Chapter 141, Order of Eastern Star.

Only other Winonans holding the York Rite Cross of Honor are A. Grant Bureigh, who now is deputy master of the Minnesota Priory, and A. H. McDonald, who received the honor four years ago.

Dr. Green is biologist for the Upper Mississippi Fish and Wildlife service here and lives in Goodview.

2 Wild Elephants Kill 12 In Pakistan

CHITTAGONG, East Pakistan (AP)—Two wild elephants ran amok at the village of Saokonia, East Pakistan, killing 12 people and injuring 30 others.

Charles Chapel Guilty In Airplane Bomb Joke

SACRAMENTO, Calif. (AP)—Assemblyman Charles E. Chapel today awaits sentencing for violating California's airplane bomb hoax law—a statute he voted for twice.

A Sacramento Superior Court jury of eight men and four women deliberated only one hour and 20 minutes Monday before bringing in a verdict of guilty.

Sentencing of the 57-year-old Republican from Palos Verdes estates must await a probation report.

During the five-day trial, Chapel maintained his remark about having nitroglycerine in his briefcase aboard an airliner was a joke.

Asst. Dist. Atty. Neil Tocher conceded that Chapel was joking, but maintained the law makes no exceptions for jokes.

Sauer to Confer With Parents of Patrol Campers

David V. Sauer, Legionville chairman, Leon J. Wetzel Post 9, American Legion, announced he would confer Wednesday with parents of 41 local school patrol boys who are going to the Legion's school patrol camp.

The meeting will be at 8 p.m. in the Legion Memorial Club, The Legionville camp is near Brainard. Local boys will be there June 17-23.

Review Boards Set Meetings

Local boards of review in Winona County will begin meeting June 1 to equalize May 1 assessments on real estate and personal property within respective communities. David V. Sauer, county supervisor of assessments, announced.

Winona city's board of equalization will meet at 9:30 a.m. June 26-27 at City Hall. The County Board of Equalization will meet at 10 a.m. July 16 at the courthouse to equalize assessments within the county.

The schedule for board meetings follows: (city: C.; township: T.; village: V.):

1 Warren T.	8:30 a.m.
2 Elba V.	7:00 p.m.
3 Winona T.	8:30 a.m.
4 Minneka V.	9:10 a.m.
5 Minnesota City V.	7:00 p.m.
6 Hillsdale T.	8:30 a.m.
7 Stockton V.	7:00 p.m.
8 Hart T.	8:30 a.m.
9 Dakota V.	7:00 p.m.
10 St. Charles C.	8:30 a.m.
11 Rollingstone V.	7:00 p.m.
12 Utica T.	8:30 a.m.
13 Wiscow T.	8:30 a.m.
14 Alurva T.	7:00 p.m.
15 Utica V.	8:30 a.m.
16 Dresbach T.	8:30 a.m.
17 Richmond T.	1:00 p.m.
18 Lewiston V.	8:30 a.m.
19 Goodview V.	7:00 p.m.
20 Wilton T.	8:30 a.m.
21 New Hartford T.	8:30 a.m.
22 St. Charles T.	8:30 a.m.
23 Norton T.	8:30 a.m.
24 Pleasant Hill T.	8:30 a.m.
25 Saratoga T.	8:30 a.m.
26 Homer T.	8:30 a.m.
27 Mt. Vernon T.	8:30 a.m.
28 Winona C.	9:30 a.m.
29 Whitewater T.	8:30 a.m.
30 Elba T.	1:00 p.m.
31 Rollingstone T.	8:30 a.m.

Durand H.S. To Graduate 67 at Exercises Tonight

DURAND, Wis.—Sixty-seven will receive diplomas at commencement exercises at Durand High School tonight. Guest speaker will be Martin C. Briggs, Minneapolis, whose subject will be "Diamonds in Your Own Back Yard."

Briggs is a former Air Force officer. The Rev. Charles Wolf, Lima, will give the invocation and benediction.

Baccalaureate services for the class were conducted by the Rev. Roger Bronsted of St. John's Lutheran church Sunday night. The graduates are:

James Ableidinger, Nancy Alme, Gerald Almstead, Cheryl Andre, Carol Auth, Paul Bammert, Judy Ann Bauer, Mary Jane Bauer, Carol Jean Bien, Ruth Biesterveld, Kay Breutzman, Jacquelyn Brozman, Bebe Bryant.

Rudy Buchholz, Don Castleberg, Jane Catt, Joseph Cebe, Robert Dorchester, Mary Jane Drier, Charlene Evans, Patricia Fiege, William Fredrickson, Michael Goodrich, Lambert Grochowski, Jerry Hayden, Bernard Helmueller, Elma Howard, Irvin Jamison, Lynn Johnson, Marilyn Johnson.

Kathleen Kirk, Brian Klecker, Sandra Kuhn, Donald LaBarre, Beverly Leach, Kenneth Lee, Mary Loeffling, Gary Lindstrom, Mary Beth Lund, Sharon Mayer, Cyril Myren, Kenneth Noll, Linda Norrish, Jerome Oxborough, Mary Patterson, Lyle Pelke, Bonnie Pinnerud, Kay Plummer.

Robert Riedner, Sylvia Schrader, Richard Schlosser, Carole Simpson, Ellen Simpson, John Smith, Wilham Smith, Diane Thompson, Jerry Thompson, Jean Traut, Mary Ellen Traut, Margie Walker, Nancy Walker, Leroy Weber, Norma Jean Weber, May Ann Weisenbeck, Sandra Welkin, Kathleen Will and Frank Wittig.

Family Counseling Topic on Program

The relationship between a family counseling service and a mental health center will be discussed at the annual meeting of the Family Service of Margaret Simpson Home tonight at the YMCA.

Leading the discussion will be Dr. M. L. DeBolt immediate past president of the Winona County Mental Health Association. George M. Robertson Jr. is president of the Family Service.

The public has been invited to attend the program at 7:30.

Next to Lowest Bid Accepted For New Pump

The second low qualifying bid was accepted Monday by the Board of Municipal Works for the purchase of a new turbine pump to be installed as a replacement unit in one of the city's wells at Levee Park.

The contract was awarded Tri-State Drilling Co., Wayzata, Minn., on its bid of \$4,010, one of 14 proposals received by the board at its regular meeting earlier this month. All of the bids had been referred to the city engineer, James Baird, and Water Commissioner G. O. Harvey for study.

THE APPARENT low bid was \$3,794 on this type of pump and was submitted by Layne-Minneapolis, Minneapolis.

Baird told commissioners, however, that his study of the bid indicated that the pump that would have been supplied by Layne-Minneapolis did not meet specifications. (A representative of the firm appeared before the board later and explained that it had bid this unit because it felt that it would be suitable for the purpose for which the pump will be used.)

Next in line were bids of \$3,883.28 by Thein Well Co., Clara City, Minn.; Bergerson-Caswell, Minneapolis, \$3,980, and Layne's \$4,010.

THE ENGINEER reported that he had analyzed the data on each pump and felt that more economical operation could be realized from the one bid by Tri-State. Long-range savings, Baird said, would more than pay for the difference in cost.

After hearing the engineer's report commissioners voted to award the contract to Tri-State.

Other bids for the turbine type pump—bids also were received on a more expensive submersible unit—were: McCarthy Well Co., St. Paul, \$4,135; Mueller Brothers, Gaylord, Minn., \$4,352, and Crane-Ordway, St. Paul, \$4,332.

Assessments for five water main extension projects were approved Monday.

The listings for Westmoreland Addition amounting to \$4,416.50; Botsford's Addition, \$6,402.27; Whitten's Second Addition, \$958.18; on West Broadway from Pelzer Street to a point 600 feet east, \$4,361.44, and Wincrest Addition, \$38,689.47 had been before the board for public hearing at the May 10 meeting.

AT THAT TIME only one objection was heard. That was from E. P. Whitten, developer of Whitten's Addition, who protested that this area had been platted prior to the 1957 action which provided for future financing of all water main extensions on an assessment basis.

Whitten said that it was his understanding that, although he hadn't pressed for water service at the time the addition was platted, he'd received assessment-free service when the area was developed.

After hearing the protest commissioners held over action on all of the assessments to Monday's meeting.

Harvey said that he had checked correspondence and minutes of meetings and found nothing to show that there had been a commitment made to Whitten to extend mains without assessment.

Harvey said that the petition for service had been received in 1961, four years after the assessment plan went into effect.

After hearing the report commissioners approved all of the assessments.

STOCKTON SCHOOL

STOCKTON, Minn. (Special)—Mrs. William Jacobs has announced that May 28 will be the closing day of school in District 2558.

Okinawa is the largest island in the Ryukyu archipelago, a 140-island chain from Japan to Formosa.

Honor Grads at Gilmanton Named

Betty Nelson Karen

GILMANTON, Wis. (Special)—Karen Dieckman will give the valedictory address at Gilmanton High School's 50th annual commencement Wednesday evening.

Karen, daughter of Mr. and Mrs. Melvin Dieckman, was active in cheerleading, class play, newspaper and yearbook staffs. She was magazine sales captain, prom and homecoming attendant, and recipient of the Daughters of the American Revolution award.

Betty Nelson is salutatorian of this 24-member graduating class. Daughter of Mr. and Mrs. Lyle Nelson, she has participated in band, chorus, Library club, class play, class government and newspaper staff.

Betty Michaels, daughter of Mr. and Mrs. Roy Michaels, will receive a special award of merit for high scholastic achievement.

Special achievement awards will be given at Awards Day Wednesday. Special awards: Amelia Lowenhagen, daughter of Mr. and Mrs. Otto Lowenhagen, girls' good citizenship award; David Berg, son of Mr. and Mrs. Eldon Berg, boys' good citizenship award; Thomas Marum, son of Mr. and Mrs. Alger Marum, activities award.

The Rev. Roy B. Schmeichel, pastor of St. John's Lutheran Church, Eau Claire, will be commencement guest speaker Wednesday at 8 p.m. Vicar William Couch, Mondovi, will give invocation and benediction. Mrs. Laura Gilman, clerk of the school board, will award diplomas as Principal, Victor R. Carlson, presents the class.

Graduating: Sheila Olson, Warren Hestekin, Amelia Lowenhagen, Warren Britton, Anna Mae Knudtson, Jerry Gates, Betty Michaels, Karen Dieckman, Gary Mahlum, Reva Knecht, Thomas Marum, Betty Jaquish, David Berg, Betty Nelson, Landon Ottum, June Stay, Judy Stay, Barry Schultz, Douglas Bauer, Arnold Mickelson, Carol Laehn, Dale McGee, Merli Hanson, and Mary Jane Klevgard.

Robert D. Seltrecht, local agricultural teacher, is class adviser.

22 Graduated At Gilmanton

GILMANTON, Wis. (Special)—Twenty-two eighth graders from four Gilmanton area schools received diplomas of graduation at Gilmanton Graded School Friday night.

Vicar William Couch, Trinity Lutheran Church here, was guest speaker and Miss Winifred Gilman presented achievement awards. Chester Knecht, school board member, awarded diplomas to the graduates from Gilmanton, Gilman Valley, Oak Grove and Griffen.

Graduates are: Brantley Jaquish, Dale Laehn, Lynn Braem, Albert Knecht, Nancy Kilness, Elaine Michaels, Roger Lowenhagen, Barbara Bucholz, Gary Laehn, Nancy Knutson and Steve Knutson, Gilmanton; Maria Pfeiffer and James Passow, Oak Grove; Mary Ellen Gales, Peggy Hager, Tom Anderson and Daniel Weiss, Griffen; Anne Branger, Nancy Moe, Kristie Glanzman, Nancy McGee and Hewitt Pfund, Gilman Valley.

The graduation motto was: "One Goal is Through. We Start Anew."

PAPER DRIVE

St. Martin's Church will conduct a paper drive Saturday morning. Members ask that discarded papers, magazines and rags be bundled and left on curbs.

Testimony Finished in Viroqua Case

VIROQUA, Wis. (AP)—Testimony in the first degree murder trial of Samuel Winker ended Monday after two court-appointed psychiatrists said they thought he was sane at the time his wife and father-in-law were shot to death in the Romance Tavern.

The testimony cleared the way for final arguments today before an all-male jury in the court of Circuit Judge Lincoln Neprud. Conviction of first degree murder carries a mandatory life sentence.

Winker, a 47-year-old farmer and construction worker, is accused of killing his wife, Mary, 32, and her father, Alonzo Carter, 57, with

a burst of rifle fire last November. Two other persons wounded in the shooting were Winker's mother-in-law and Raul DeGarmo, a 44-year-old Genoa livestock buyer, seated at the bar with Mrs. Winker and the Carters.

Winker has pleaded innocent and innocent by reason of insanity.

La Crosse Man Given 2 Years in Car Theft

MILWAUKEE (AP)—James Fenimore Cooper, 22, La Crosse, was sentenced Monday by U. S. District Judge Robert E. Tehan to two years imprisonment for driving a stolen automobile across the state line.

Authorities said he stole two cars last June 18 at La Crosse and drove the second to Spring Grove, Minn. The sentence imposed by Judge Tehan will run concurrently with the remainder of an earlier two-year term in the State Reformatory near Green Bay given Cooper for theft of the other car.

180 Attend Eleva Mother, Daughter Fete

Eleva, Wis. (Special)—About 180 mothers and daughters attended the annual mothers and daughters banquet at the Eleva Lutheran Church Friday evening.

Ruth Larson opened the program with a prelude followed by Mrs. Victor Wenzel giving the scripture and prayer and Mrs. Donald Nelson, toastmistress, welcoming mothers, daughters and guests.

Debbie Anderson gave a toast to the mothers and Mrs. Gordon Anderson extended a toast to the daughters. Mrs. Alvin Semington extended honors to Mrs. Inga Emerson, 80, the oldest mother present; Mrs. Gyle Tollefson, 43, youngest grandmother, and 6-week-old Glennette Hovey, youngest daughter. Glennette is the daughter of Mr. and Mrs. Glenn Hovey, Eleva.

Virginia Mullen, Emily Pederson and Dawn Erickson entertained with instrumental numbers followed by a skit, "Mother's Bedtime Story" put on by Mrs. Ronald Peterson, Vicki Peterson and Linda Anderson.

The banquet was closed with the recitation of the Lord's Prayer.

STOCKTON PTA

STOCKTON, Minn. (Special)—The Stockton PTA will meet Monday at 8 p.m. at the school auditorium. A film about the recent balloon that fell near Stockton, which was on an air sampling mission, will be shown, and election of officers will be held. The program will be a parent's fun night with Mrs. Blaise Rothering, Mrs. Kenneth Benke and Mrs. Alton Mueller in charge. The Mimes, Lester Spaag, Kenneth Prodzinski and Blaise Rothering are on the lunch committee.

Rhythmical Tunes Bring WSC Play into Focus

By Floretta M. Murray

The adventures of "two little girls from Ohio" brings the delightful rhythmical music of "Wonderful Town" into focus with the opening Winona State College performance of the Broadway musical at Somsen Auditorium Monday evening.

The musical comedy under the skillful direction of Jacques Reidelberger, with Richmond McCluer as musical director and conductor, will be repeated tonight, and Wednesday at 8:15 p.m. in the college auditorium.

THE PRACTICED manipulation of the innumerable swains of Eileen, played by Miss Mary Lou Percival, delighted the audience as she captivated them with clear sweet voice and excellent diction.

Miss Constance Eckhoff, as her efficient sister Ruth, brought a lighter side to her character in the amusing interview with the Brazilian navy in the number "Conga." Miss Eckhoff's fine vocal range helped to build the character of Ruth in the number "Ohio" sung as a duet with Eileen and in the solo "One Hundred Ways to Lose a Man."

The opening number, "a rubber neck" tour with guide and tourists, utilized the audience as a part of the scene. The clear diction and tones of Duane Gebhard as the tour guide introduced the audience to Christopher Street in Greenwich Village, setting of the musical based on the play "My Sister Eileen" by Fields and a chorodorus and set to music by Leonard Bernstein with lyrics by Betty Comden and Adolph Green.

THE USUAL characters found in the village are depicted by Bruce McLean as Appolous, the artistic proprietor of the basement apartment rented by Ruth and Eileen; Robert Hill, the "Strange Man" who wanders about in search of Violet, a former occupant played with verve by Miss Kathy Berg, and the "Eskimo Pie Man" played by Dan Woxland.

The scheming of Helen, Miss Donna Myran, and "Wreck," DeWayne Tobias, adds to the hilarity as they try to gain consent of Mrs. Wade, Miss Rose Zomok, Helen's mother. Their tangled scheme provides Ruth and Eileen with unlooked for maid service in the person of "Wreck." Mr. Tobias reminisces on his past with the number "Pass the Football" which he shares with a "Small Boy" played by John Murck.

Ruth's attempts to write for publication bring her to the office of Robert Baker, Glenn Houghton and his associate editors, Dennis Gebhard and Ralph Bisek. Mr. Houghton's singing with rich tonal quality aided in building his role into the romantic, yet serious young man who doesn't realize he is in love with the more business-like sister.

CLEVER shifting of sets, designed by Mr. Reidelberger, to simulate Christopher Street, the basement apartment, the courtyard, the editor's office and other scenes with various elevations provided an effective Village atmosphere.

Set against the courtyard off Christopher Street the number "Conversation Piece" provided chuckles as Eileen and Ruth with Baker and Lippincott, played by Leon Dudycka and Chick Clark, by Steve Radtke try to overcome the arrival of too many men for Eileen.

Drunks, played by Mr. Radtke and Peter Klas, and Lonigan, a policeman by Nick DeMartino add to the complexity of life in the basement apartment which is now and then punctuated by the noise of the new subway being blasted below.

Scenes within the scene of the editor's office, enacted on the stage apron bring to life Ruth's attempts to write as she projects herself as the heroine of an African safari and give Miss Eckhoff opportunity to display her aptitude for comedy. Wayne Parker as the white hunter and Donald Turner as the husband Mallory appear in this brief scene. Another episode in her writing provides an opportunity for Ruth to arrive, via her fiction, at a cocktail party to find her husband Trent, Bob Young, about to leave her for another woman. Guests in the scene were Kathy Turner, Ellen Suhr, Lewis Aase and Charles Carstensen.

THE SKILLFUL conga line of Brazilian sailors, Rick Ravnholt, Robert Hill, Dennis Petersen, Leo Adams, Glen Bratberg, Ralph Bisek, David Vail, Terrence Eggerich and Messrs Carstensen, Klas, Woxland, Aase, with Miss Eckhoff provided one of the highly entertaining dance numbers during the evening.

Sent to jail, Eileen takes over the jailors and the jail with her captivating personality and soon the entire police force are at her beck and call. So ensnared by Eileen, the police force sing of her "Irish" charms in the delightful number "My Darlin' Eileen" which climaxes in the skillful chorus line in a modified "Irish jig" ballet. Policemen were played by Messrs. Ravnholt, Carstensen, Woxland, Adams, Bratberg, Vail, Aase, Turner, Eggerich and Petersen.

At the Village Vortex run by Valenti, John Saeker, a beatnik village art-type, Eileen finds employment as a singer. Here in the cafe set against a two-level background the Vortex Ballet performed by Nancy Frisby and Ronald Appel present a modern dance theme with fantastic shadow patterns created by the dull red lighting of the scene.

Another amusing and skillful ballet by the Village dancers was made up of Richard Schleicher, Wayne Parker, Rick Ravnholt,

Robert Hill, Miss Carolyn Rudolph, Miss Dana Bluhm, Miss Janet Flanagan and Miss Bette Jean Osgard. All choreography was planned and directed by Mrs. James Voorhees.

VILLAGERS were played by the Misses Yvonne Simon, Bluhm, Kathy Lindsay, Frances Felder, Carolyn Rudolph, Flanagan, Karen Reszka, Judith Thode, Carolyn Anderson, Muriel Bothum, Mr. Carstensen, Dennis Gebhard, Donald Turner, Ralph Bisek, Peter Klas, Aase, Lee Adams, Woxland, Terrence Eggerich, Richard Schleicher, and Gary Mitsch. Tourists by the Misses Turner, Suhr, Karen Cummings, Carol Greenwald, Sandra Corey, Rose Ann Koeth, Rosemary Schade, Patricia Powell, Dennis Petersen, Glen Bratberg, Jerry Johnson, Robert Hill, Mr. Vail, Rich Ravnholt and Davis Aasum.

Outstanding full orchestra accompaniment under the direction of Richmond McCluer provided a smooth continuity and background for the musicals. Members of the orchestra were Milton Davenport, Miss Karen Kreuzer, Miss Carole Stever, Emil Guenther, Miss Lois Holubar, Miss Karen Gislason, violins; Miss Joan Steege and Miss Kaye Nissalke, violas; Miss Julie Halverson and Miss Diann Gislason, violoncellos; Rick Heyer, contrabass; Fred Heyer, Lester Miwa, clarinet and saxophone section; John Wood, Jerome Paulson, Robert Wood, trombones, John Urness and Miss Janet Hagen, trumpets; Mrs. Earl Schrieber, piano, and David Heyer, percussion.

Rehearsal accompanists were Miss Agnes Bard, Mrs. Earl Schrieber, Miss Carole Greenwald and Miss Suhr.

Production staff members were stage manager and production coordinator John Fluegel; assistant director Miss Eckhoff; assistant stage manager, Ronald Appel; lighting, John Perry, Carl Frazzke, Don Pfister; set construction, Mr. Fluegel, Mr. Aase, Ron Appel, Mr. Dudycka, Miss Eckhoff, Dennis Gebhard, Duane Gebhard, Jack Heikenen, Glen Houghton, Miss Donna Myran, John Perry, Don Pfister, Steve Radtke, Rick Ravnholt, John Saeker, DeWayne Tobias, Don Turner, Robert Wood, Mike Finley, Earl Behrens, and Gary Mitsch.

COMMUNICATIONS. Earl Behrens and John Bruegger, sound technician, Scott Baughn; properties, the Misses Judy Thode, Antoinette Spehar, Elizabeth Conway, Judith Strommer, Carol Sherman and Kathy Rangitsch; and Calvin Holland; scene shift crew, Duane Gebhard, James Alfonso, Robert Horton, Michael Finley, David Bremer, James Fredrickson and John Saeker;

Box office, George Colbensen and Leah Johnson; house manager, Robert Young; usherettes, the Misses Betty Schulte, Ellen Headington, Marys Pater, Bobby Benicke, Janet Lamm, Lucy Lohmann, Nancy Thompson, Susan Roth, Jill Florin, Patricia Pott, Roberta Chase, Caroline Maertens, Lois Koch, Lois Russell, Jo Aadahl, Brenda Andersen, Mary Ann Ames, Judith Woodford and Barbara Shely, all members of the Coeds.

Ticket takers were Cal Ellestad, John Davis, William Zenker; costumes and makeup, Miss Janet Flanagan, Wayne Parker, Gary Mitsch, Miss Judy Bamber, Miss Kathy Berg and Miss Rose Zomok, and poster production, the Misses Kathy Albers, Donna Myran and Mary Ann O'Connors.

Cotter Home School Elects Everett Kohner

Officers of the Cotter Home School Association for the 1962-63 term are Everett Kohner, president; Leo Smith, vice president; Ray Kulawicz, secretary, and Mrs. Edward Bernatz, treasurer.

The slate was unanimously approved as present by the nominating committee at the last meeting of the academic year. Outgoing officers are Bernard Boland, president; Charles Lanik, vice president; Mrs. John Carroll, treasurer, and Mrs. Theora Gilliam, secretary.

Tom Cichanowski of the Cotter Science Club presented a demonstration of computer programming. Tom is the son of Mr. and Mrs. Robert Cichanowski, 602 Mankato Ave.

Girl Scouts To Dedicate Rose Memorial

The new Girl Scout rose which was developed for the golden years of scouting, 1961-63, will be planted in the Sylvia Bremer Memorial Rose Garden Friday at 4 p.m.

Representing Winona Girl Scouts in the planting ceremony on the grounds of the Winona Community Hospital will be Dana White, Troop 74, Madison School 2nd grade Brownies; Linda Doner, Troop 83, Washington-Kosciusko School 5th and 6th grade Girl Scouts, and Sandra Burt, Troop 27, St. Paul's Episcopal Senior Scouts.

The dedication ceremony will include a tribute to the late Mrs. Adolph Bremer who served as a member of the Girl Scout Council and as president of the board. The garden will be planted by Bruce Reed of the Park Recreation Department.

Mrs. Leo Murphy Sr. and Mrs. L. E. Brynstad are assisting Mrs. A. L. Kitt, chairman, in arranging the program planned by the Winona Girl Scout Council.

The public is invited to the dedication.

Lincoln PTA Honors Faculty

Faculty members of Lincoln School were honored Monday evening when they were presented corsages and a boutonniere in recognition of their service. The flowers, given by the PTA, were presented by Mrs. Gordon Fay. A special remembrance was presented to four of the teachers who are leaving the school, Miss Marion Wheeler, sixth grade, is retiring; Mrs. Mavis Hegge, fifth grade, will be going to another teaching position in Winona, and Miss Virginia Waye and Miss Shirley Freeberg will be teaching outside of the city.

Officers were installed by the president, Sgt. Leigh Bell. Refreshments were served by second grade mothers, Mrs. Gerald Modjeski and Mrs. William Morse. The room prize was won by Mrs. Victor Gilbertsen's fourth grade.

STOCKTON SCHOOL PICNIC

STOCKTON, Minn. (Special)—The Stockton school picnic will be held Sunday at noon at the Archers. Mrs. Paul Drazkowski and Mrs. Kenneth Ziebell are on the food committee and Mrs. George Maul and Mrs. Alvin Burfield are on the game committee. Ice cream will be furnished by the PTA.

Eleva Couple Celebrates 50th Anniversary

ELEVA, Wis. (Special)—Mr. and Mrs. Michael Stromness, Eleva, celebrated their golden wedding anniversary Sunday with open house at the home of their son, Woodrow Stromness, Route 2.

Mr. Stromness, who will be 75 May 31, and the former Anna Hoverson, 77, were married May 15, 1912, at Eleva, the Rev. A. Langehough performing the ceremony. Henry Hoverson, brother of the bride, and Mrs. Charles Schmidlin, now living in St. Cloud, Minn., were the couple's attendants.

Mr. and Mrs. Stromness have lived in this community all their lives. Mrs. Stromness was born in the Town of Dracmen and moved to Pleasant Valley after their marriage. They had farmed for 47 years the farm now occupied by their son, Woodrow. Three years ago they moved to Eleva. Mr. and Mrs. Stromness are parents of three daughters, Mrs. Palmer Christianson, Eleva; Mrs. Jay Christianson, Eleva Rt. 1; Mrs. Paul Box, Chicago; and one son, Woodrow. They have 11 grandchildren and one great-grandchild.

Eagles Auxiliary Initiates Nine

Nine women were initiated into the Eagles Auxiliary by the drill team Monday evening at the Eagles Hall.

A report was given on the mother-daughter banquet. Donations of \$10 each were voted for Camp Courage. Four Chaplains, Home on the Range and the Heart Fund.

The attendance prize went to Mrs. Ralph Rogalla. Officers will be installed June 4. Hostesses were Mrs. Tracy Searles, Mrs. Alma Schuppel and Mrs. Henry Muras.

25TH ANNIVERSARY

Mr. and Mrs. Elmer Benz, 767 E. Mark St., will celebrate their 25th wedding anniversary at an open house Saturday from 2 to 4 and from 7 to 10 p.m. at their home. The former Miss Bernice Ross and Mr. Benz were married at St. Matthew's Lutheran Church May 23, 1937, the Rev. Alfred Von Rohr Sauer performing the ceremony. They have four children: Mrs. Leon Larsen (Barbara), Milwaukee; Ross, stationed at Dow AFB, Bangor, Maine, and Loren and Becky at home.

No formal invitations will be issued.

Mr. and Mrs. Michael Stromness

Beaver Dam Officer Inspects Alma OES

ALMA, Wis. (Special)—Inspection was held Friday night by the Alma Order of Eastern Star. Mrs. Era H. Keil, grand lecturer and past worthy grand matron, Beaver Dam, made the official visit. Officers met with her in the afternoon for instructions. Visitors were present from Madison and Mondovi including Mrs. Elizabeth Molitor, Mondovi worthy matron.

Mrs. Vernal Hertzfeldt presided as worthy matron as the work was exemplified. During the business session she announced that initiation will be held at the June 1 meeting followed by a potluck lunch.

At the conclusion of the meeting Mrs. Keil talked to the group and sang a solo with Mrs. S. C. Richtman as accompanist. Mrs. Arvin Thompson, associate matron, presented Mrs. Keil with a gift in behalf of the chapter. She also was given an honorary membership in Alma Chapter.

A reception followed with Mrs. Al Moor and Mrs. Howard Mohr pouring. Mrs. E. H. Malone was chairman of arrangements, assisted by Mrs. Harry Laufenburger and Mrs. Alvin Huber.

HOSPITAL AUXILIARY

The Winona General Hospital Auxiliary Board will meet Thursday at 9:30 a.m. at the nurses home.

LADIES AID

The Ladies Aid of the Church of the Brethren will meet Thursday at 7:30 p.m. at the home of Mrs. Albert Linken, 204 Harvester Ave.

City to Raise Gutter Level At Bus Garage

Because the Winona Transit Co. has dropped its plea for the city to subsidize construction of a new bus garage, the City Council voted Monday night to spend about \$1,000 on street improvements at the garage the firm has acquired and is expanding.

John Blank, superintendent, outlined two problems to aldermen. One of them is rather awkward: The firm has discovered that because of the street grade it won't be able to get buses in and out of the garage at 315 W. 3rd St. When the wheels are in the gutter one end of the bus is on the street. Either the street has to be lowered or the gutter level raised.

City Engineer James Baird said that the best solution would be to fill in the gutter at the driveway and construct a catchbasin and manhole to relieve surface drainage.

THE OTHER problem involves getting buses off and on narrow Huff street from the alley at the rear of the new garage, plus improvement of the alley surface. The city plans to cut down the boulevard at the alley exit to permit a greater turning radius and to blacktop the alley.

Baird estimated that the work might cost \$1,000.

In other business a committee was formed, at the suggestion of 2nd Ward Ald. Lloyd Deike, to investigate what can be done to improve living conditions for residents in the neighborhood of Miller industries in the area of West 4th and Olmstead streets.

The alderman said that he has become convinced that the alternatives are for the residents to "march on City Hall" or for the aldermen to form a study committee.

THE PROBLEMS, he said, include soot ("sometimes you'd think it was snowing"); a pipe that "spouts steaming water," maintenance of an alley, and employees' parking.

He suggested that members of the committee be himself, 2nd Ward Ald. Henry Parks, 4th Ward Ald. James Stoltman and Daniel Bamberg and Ald. at-Large Mary Masysa.

Permission was given Winona Valley Riders to hang a banner across 3rd Street at 3rd and Center streets to advertise the Western horse show June 17 and to put three horses and a car and a horse trailer in front of some 3rd Street store June 16. About three parking spaces are involved.

Held over for two weeks was the application of Doerger's, 1078 W. 5th St., to install two 20,000-gallon fuel oil tanks at 1104 W. 5th St. The application has not yet been approved by the fire marshal.

Permission was given the Red

Apprentice Gets Barber Certificate

Brendan R. Lee has received his certificate of achievement in related training on a home study basis in barbering. Lee served an apprenticeship in barbering with Malt Swadner of Winona, under the supervision of the vocational section, State Department of Education in cooperation with the local school system.

The objective of the home study program is to better train the isolated apprentice. Many apprentices are unable to attend related training classes because they are too far from a vocational school.

An apprentice learns his manual skills while working on the job. His home study course is designed to cover the period of apprenticeship and provides related and technical information of the trade.

Owl Store, 126 E. 5th St., to put farm machinery on the boulevard at the store during the week ending June 16.

NICK DEONIS, who purchased property in Sugar Loaf a year ago with the understanding he would build a motel within two years, wrote that "I have been in the process of getting plans organized and formulated for the construction work which, according to the contract, should commence on or before July 1, 1963."

Licenses approved: Cigarette, Markle Stevenson Co. warehouse, 272 W. 2nd St., and dance, Arthur Fitch and His Polka Dots, Red Men's Wigwam, May 25.

Ald. Stoltman also said that the present dump site might not last out the summer. Second Ward Ald. Henry Parks again suggested acquiring the abandoned sand and gravel pit near Westfield Golf Course. If so, said Mrs. Muriel Ollom, it should be a sanitary landfill operation, not a burning, open dump. Mrs. Mary Masysa, alderman-at-large, wondered if consideration had been given to leasing a site rather than buying one and taking more land off the tax rolls.

MRS. OLLOM, City Hall committee chairman, reported that the City Hall restroom had been opened, as requested, last Friday night and a total of three people had used it, involving a janitor being on duty three to four extra hours. Third Ward Ald. Howard Bauman wondered if the police department couldn't supervise the restrooms on Friday nights to prevent vandalism. Ald. Stoltman said that the city either should maintain restrooms as advertised on signs on 3rd Street or take down the signs.

Aldermen agreed that the Winona County Historical Society should put up signs saying that restrooms on the Steamer Wilkie in Levee Park are free for public use during events in Levee Park, such as Steamboat Days. This was a condition when the city extended a sewer line about two years ago. Mayor Ellings said that the Steamboat Days committee is renting four portable toilets.

Public lighting was discussed briefly. Second Ward Ald. Lloyd Deike said that Mrs. Ollom, lighting committee chairman, should ask Northern States Power Co. to make a weekly progress report on the city's request for upgrading of residential lighting.

Mayor R. K. Ellings showed a two-color courtesy card to be given to convention visitors for parking privileges. He said that the present one, used many years, is not attractive and should be replaced. He was authorized to proceed with printing.

Bills approved included one for \$947.25 for printing of 20,000 copies of the Winona tourist brochure, which includes six new pictures. This is paid out of the annual \$2,500 promotion fund; expenditures of which is authorized by a special act of the Minnesota Legislature.

Payrolls approved were distributed as follows: Treatment plant, \$568.40; streets, \$4,290.65; and meter fund, \$528.06.

Fourth Ward Ald. James Stoltman said that burning at the city dump is a nuisance. He said that car bodies are being burned and other people are setting fires despite warnings from the dumpmaster. It was noted that the dumpmaster has the power of arrest, but Ald. Stoltman said he doesn't like to use it. It was agreed that enforcement of dump regulations should be worked out with the sanitary inspector for the health department, Roy Vose.

1,200 Attend County Hospital Open House

WHITEHALL, Wis. (Special)—Approximately 1,200 persons attended open house at the Trempealeau County Hospital two miles west of Whitehall Sunday. They toured buildings and grounds and saw the new 72 by 212-foot one-story structure that has been built to replace the dairy barn that burned last August at a loss of about \$100,000. Contents, including some calves, were lost in the fire.

The new barn, one story, has stanchions for 80 cows plus room for young stock, maternity and bull pens and a milking parlor. A separate pole barn for feeding also was constructed.

On the tour was the infirmary, equipped for intravenous feeding and oxygen, and an office where a dentist makes regular visits.

Through the therapy program many patients become well enough to be released to their families for long periods of time or on a permanent basis, according to Mrs. C. E. Nordhagen, assistant superintendent. This program lapses over into the social service and medical departments.

STAFF MEETINGS are held to coordinate departments so that each patient's situation is reviewed frequently enough to justify his presence in the hospital. Mrs. Nordhagen said. Patients are taken from the hospital environment as frequently as possible to accustom them to life outside, and motivation classes are conducted to help patients return to reality, and drug therapy helps set the stage for more permanent cures.

The staff includes the following in addition to Mr. and Mrs. Nordhagen, superintendent and assistant: The Revs. David Bey, Pigeon Falls, and Donald Theisen, Whitehall, spiritual; Dr. C. F. Meyer, Independence, medical; Dr. E. O. Wilberg, Whitehall, dentist; Henry Paulson, Pigeon Falls, William Melby, Blair, and Albert Scher, Galesville, trustees;

Margaret Baecker and Mrs. Agnes Garthuis, registered nurses; Jennie Knutson, Phyllis Sobota, nurses aides; Irene Berge and Fred Sobota, activity therapists; Emil Sobota, social worker and bookkeeper; Cecilia Klumby, Diahia Olson, Gladys Lund, Hazel Jarstad, Don Jarstad, Marvin Erickson and Archie Eide, ward attendants.

Chris Sveen, Anton Bautech, Reba Lovlien and Lucille Kolig, night attendants; Jurdice Goss and Margaret Ostad, cooks; Esther Kopp, seamstress - supply clerk; Julia Slaby, baker; Tekla Malby, laundress; Leona Boe, Dorothy Stenberg, Ladislaus Mathey and Olea Eide, part-time workers; Roy Berge, herdman; Hilman Stenberg, assistant herdman; Ardell Melby, farm manager; Floyd Estensen, assistant farm manager; Orville Boe, gardener, and Mike Bergerson, engineer.

Obscene Language Charges Dismissed

The charge of using obscene language against three youths was dismissed in municipal court today.

Those charged were: David C. Smith, 20, 170 Mechanic St.; John D. Kamrowski, 19, Fountain City, Wis.; and David A. Kleinschmidt, 18, 276 E. King St.

They were arrested by police at 8:05 p.m. Friday at 4th and Walnut streets. Each pleaded not guilty to the charge when he appeared Saturday in municipal court.

Roger P. Brosnahan, assistant city attorney, told the court that in his judgment there was insufficient evidence to convict the youths. He asked for a dismissal. Judge S. D. J. Bruski granted the request.

Funeral Directors Elect Wabasha Man

WABASHA, Minn. (Special)—A Wabasha mortician, Harold B. Buckman Jr., was elected to the board of directors of the Minnesota Funeral Directors Association, Minneapolis, last week, representing District 1. He replaces Robert Towey, Rochester, and will serve three years.

District 1 officers are Lorrin Jorris, Spring Valley, president, and John Breitlow, Winona, vice president.

State directors were installed by John Mayer, Austin, president of the Minnesota Association.

School Hearing at Durand Set May 29

DURAND, Wis.—Hearings on petitions to attach three area schools to Durand Unified School District will be held at Durand High School May 29. J. N. Weiss, Menomonie, secretary of the joint county school committees involved, has announced.

The Buffalo, Dunn and Pepin county committees will hear the petitions of Waubeck and Ilwaco Creek schools to attach to Durand, and the joint Dunn, Pepin and St. Croix county committees will hear a petition from Eau Claire for attachment.

The Waubeck hearing will be at 8:30 p.m.; Ilwaco Creek, 8:50, and Eau Claire, 9:10.

WOMEN'S COUNCIL

The Women's Council of the Church of Christ will meet for a dessert luncheon at 1:30 p.m. Wednesday at the church. Mrs. William English and Mrs. Mae Schmidt will be hostesses. An activity meeting will follow the luncheon.

Blossom Time 20 Orchards in Area Show Off

LA CRESCENT, Minn.—It's apple blossom time in the 1,300 acres planted to 20 commercial orchards in the La Crescent Fruit Growers Association area, and on the 310 acres of orchards in the Galesville area.

The La Crescent orchards, stretching from Dakota on the north to Houston on the south, produce an average of 250,000 bushels a year. About a third of the acreage devoted to the crop is in young, non-bearing trees that will come into production in a few years.

Ten major orchards and a few smaller ones around Galesville produce an estimated 110,000 bushels. The largest orchard is operated by Sacia Brothers who on 150 acres produce 50-60 percent of the crop in this area. Other orchards here are the Young Brothers, Willis Orchard, Jay Spittler, Grover Brothers, Allyn Kaste, Lee Spittler, William Walsk, Ed Jick and Wilbur Polzin.

1,912 Participated In Scout Camporee

The statistics are in.

One thousand nine hundred and twelve participated in Garnehaugen Council's weekend camporee in Whitewater State Park over the weekend — 1,522 Boy Scouts, 161 leaders, 33 staff, 196 Explorers and advisers.

Sleeping bags were dampened by five-eighths of an inch of rain on opening day—the lowest rainfall of any recent camporee.

About 4,500 parents and friends jockeyed for picnic sites Sunday afternoon with their Scouts.

There are seven counties in Garnehaugen Council and they are divided into five districts each with a camporee chief: Sugar Loaf District, Ken Seebold, Winona; Cannon River, Royal Featherstone; Red Wing, Root River, Donald Woxland, Rushford; Zumbro Valley, Harold Luther, Rochester, and Wasioja, Harvey Jensen, Claremont.

Every year Scouts compete for ribbons and awards in the three-day camporee. And every year troops spar for the senior patrol leader award—only one to a district. Troop 2, Winona, gleaned that prize from Sugar Loaf District this year.

Also spiritedly contested were game championships Sunday. In the fun event, a dressing relay, Troop 202, Goodview, tied with Troop 70, Claremont, for first place. And Mabel's Troop 68 struck third place in a contest to create fire with flint and steel.

Each syllable can have five meanings in the language of the African Bushmen. Syllables can be pronounced with a high, middle or low tone, or with a rising or falling inflection.

Walnut St. Boat Ramp to Be Closed

The boat landing ramp at the foot of Walnut Street will be eliminated so that a new entrance can be built off Levee Park Drive to serve Peerless Chain Co. and Bay State-Milling Co.

That was decided at the City Council meeting Monday evening on request of the two riverfront industries.

At present there's a drive off Walnut Street to serve trucks headed into the private street running along the river on the north side of the Peerless and Bay State plants between Walnut and Franklin streets.

Peerless is building a new and larger office building where this entrance turns east, said James J. Jerecek, vice president of Peerless, making it difficult for large trucks to negotiate the turn.

He suggested, with support from Bay State, that the entrance to the industries' road be off the east end of the Levee Park Drive. This was approved. There will be no interference with park traffic, aldermen were told.

It's understood that Peerless will build the retaining wall required in the area where the boat landing area now is located, while the city will provide the fill and surfacing for the street.

The proposal was supported by A. A. Ackels, production manager at Bay State.

Third Ward Ald. Howard Bauman said he was opposed to closing streets. It was explained that this does not involve a street closing. Mayor R. K. Ellings said that the only people involved are "a few boat owners who put boats down there."

Meanwhile, 2nd Ward Ald. Lloyd Deike read correspondence he has had with Cong. Al Quie regarding the possibility of federal assistance for repair of the levee wall, which has been denied repeatedly by various federal agencies. Most recently the Corps of Engineers and the Public Works Committee of the House, Cong. Quie noted, have denied it. However, he wrote, "There is another law on the statute books which provides authority to the Chief of Engineers to construct small flood control projects that have not already been specifically authorized by Congress. Each project selected must be complete within itself and be economically justified. In addition, each project is limited to a federal cost of not more than \$400,000."

"Although it does not seem probable that the Corps of Engineers would approve a project to repair the levee wall under the provisions set forth above, I am nevertheless making a request for determination by writing to the Chief of Engineers."

Just good gasoline, at the same posted pump price to everybody.

DEAR ABBY:

Wife Thinks End is Near

By ABIGAIL VAN BUREN

DEAR ABBY: I have been married nearly 30 years. Our children are married and happy. We are moderately well off and can take it easy and enjoy life now. My wife has taken up with a small radical, religious group who thinks the "end" is near. She can't bake a cake without reading the Bible. She spends hours copying verses from it. She'll go no place except to religious meetings. She tries to convert all our friends who are already non-drinking, church-going people. She is out on cloud nine and she's an entirely different person. I think she needs to see a doctor. She says she feels fine. Can you help me?

DEEPLY CONCERNED

DEAR CONCERNED: You are concerned with good reason. Your wife most certainly needs to see a doctor. Get her there, and don't delay.

DEAR ABBY: My husband has trouble with his back. He has to sleep on a special mattress which is hard as a rock. Ever since childhood I have slept on a soft mattress and I can't get any sleep on a hard mattress. He says a hard mattress is good for everybody. What do I do now? NO SLEEP

DEAR NO: Buy twin beds. Let HIM sleep on his hard mattress and you sleep on a soft one. A hard mattress is good for you only if you can sleep on it.

DEAR ABBY: I am in a mess. I thought I was in love and went too far. We thought we had to get married so we sent out the announcements and started with the plans. Then I found out I didn't have to marry him. I told him I didn't love him enough to marry him but he said that I "belong" to him now and I have to go through with it. Besides, he bought the rings and still owes on them. Should I go ahead and marry him and pay for my mistake? SORRY NOW

DEAR SORRY: You would be better off to pay for the rings. Don't marry him. And I hope you learned your lesson.

DEAR ABBY: Apropos old maids who give gifts all their lives and never have the occasion to get any: I am an old maid school teacher and over the years I have had literally hundreds of my students marry and have babies. Naturally I receive invitations and announcements for everything, and that means a gift. Oh, well, I can't take it with me and I haven't anybody to leave it to! MISS MARTHA

Legion Benefit Auction Canceled

A small turnout of bidders caused cancellation of a benefit auction to have been held at the American Legion Memorial Club Saturday night. Committeemen in charge of the sale said only 10 or 12 persons were on hand.

Available items for sale included a car, a boat and a stove, as well as a large number of smaller articles.

Committee personnel worked most of Saturday afternoon collecting the merchandise from contributors and setting it up for the auction.

Proceeds of the sale were to go to the Sons of the Legion drum and bugle corps and to the Legion baseball team. There are no plans for re-scheduling the auction, committee chairmen said.

Briquets made up only one-sixth of all charcoal sales before World War II. Today they account for two-thirds.

Mrs. Augusta Harnisch, 90, 415 E. Howard St., died Monday in the Pepin Nursing Home at Lake City.
Born Feb. 16, 1872, at Zahna, Germany, she had lived in Winona for 70 years. Her husband, August, died July 25, 1934.
Survivors are: Five sons, Kurt, Adams, Wis.; Alfred, Baraboo, Wis.; Ewald, Elmhurst, Ill.; Friebe, Los Angeles, Calif.; and Carl, Panama City, Panama; two daughters, Mrs. Hertha Putnam, Winona, and Mrs. Walter (Anna) Stuh, La Crosse, Wis.; 29 grandchildren; 24 great-grandchildren; one brother, Herman Wildgrube, Sheboygan, Wis.; three sisters, Mrs. John Brandt, Winona; Mrs. Friebe, Waco, Rochester, Minn.; and Mrs. Gustave Wildgrube, Lake City. One son has died.
Funeral services will be at 3 p.m. Wednesday at St. Martin's Evangelical Lutheran Church, the Rev. Rudolph Korn officiating. Burial will be in Woodlawn Cemetery.
Friends may call at Breilow Funeral Home from 7-9 p.m. Tuesday or after 2 p.m. Wednesday at the church. A memorial is being arranged.

Winona Funerals

Adolph J. Moravec
Funeral services for Adolph J. Moravec, 501 E. King St., will be at 8:30 a.m. Wednesday at Breilow Funeral Home and 9 a.m. at St. John's Catholic Church, the Rev. Francis Vrana, St. Paul, a cousin, officiating. Burial will be in St. Mary's Cemetery. Friends may call at the mortuary where the Rosary will be said today at 7:30 p.m. by the Holy Name Society and at 8 p.m.

Mrs. Dorothy Risic
A service for Mrs. Dorothy Risic, 86, 1275 W. Broadway, will be Wednesday at 2 p.m. at Breilow Funeral Home. The Rev. Richard Lewis, Central Methodist Church, will officiate. Burial will be in Woodlawn Cemetery.
Friends may call at the funeral home 7 to 9 o'clock tonight.

\$50,000 Suit Set for Trial At Houston

CALEDONIA, Minn. (Special)—A \$50,000 personal injury case was set for June 18 at 10 a.m. by Judge Leo F. Murphy as he opened the general term of District Court for Houston County here Monday.

Of 13 jury cases on the calendar, this was the only one specifically dated after the call of the calendar and hearing of the five criminal issues.

Alfred R. Roehrich is suing the Chicago, Milwaukee, St. Paul and Pacific Railroad Co., charging he suffered a detached retina and blindness in the right eye allegedly resulting from employment on the railroad. Two Minneapolis attorneys represent the parties.

Lloyd Burfield, Brownsville, and Charles Leske, former La Crosse constable and justice of the peace, pleaded not guilty to second degree larceny, charged with taking a boat from the Mississippi in the La Crosse area. Trial was set for Burfield June 17 at 10 a.m. and Leske, June 11 at 2 p.m. John R. McDonald, La Crosse, is attorney for both defendants.

State's arraignment of Clifton Storlie, Hokah, and Stanley E. Henson, Knoxville, Iowa, was continued to June 18 to give defendants opportunity to secure counsel. County Attorney L. L. Roerkohl, Caledonia, is prosecuting the criminal cases.

Storlie is charged with indecent assault of a 16-year-old baby sitter and Henson with allegedly defrauding Raymond, Daisy and Lucille Snure, Caledonia, of \$400 in a contract to paint for them.

Appointment of appraisers for Ernest D. Hunkland land at Brownsville for highway purposes was postponed to May 29 at 10 a.m. Thomas A. Flynn, Houston, represents Hunkland.

Court opened Monday morning with a memorial service for two Houston County attorneys, L. L. Duxbury Sr., Caledonia, and Miss Jennie Miller, Spring Grove, who died last year.

The Rev. Richard L. Hanson, Immanuel Lutheran Church, Caledonia, conducted the ceremonies, introduced by Claude H. Kremer, clerk of court. Judge Murphy presided and ordered the proceedings spread on the court records.
Thomas A. Flynn introduced William E. Flynn, Caledonia, who gave the memorial to Duxbury, and L. L. Roerkohl, who gave the eulogy. Also paying tribute were William V. von Arx, La Crosse, associate of Duxbury, and Leslie E. Joerg, accountant for the Duxbury firm.
John H. Rippe, Caledonia, introduced Thomas A. Flynn, who gave the memorial for Miss Miller. William E. Flynn gave her eulogy.
Benediction by Rev. Hanson closed the service.

BOVINE MATRESSES

COLUMBUS, Ohio (U)—Some Ohio farmers are using rubber mats in place of bedding for their cows, dairy specialists at Ohio State University report.

Two-State Deaths

Edmond Corcoran
ETTRICK, Wis. (Special)—Edmond Corcoran, 75, died Sunday morning at St. Francis Hospital, La Crosse, after a lingering illness.
Born May 29, 1886, in Ettrick, he was the son of J. B. and Margaret Corcoran. He married Clara Ristuen, Black River Falls, and his wife died in 1953. They lived in La Crosse the first few years after their marriage. Then they moved to Ettrick.

Surviving are: Two grandchildren, Michael Corcoran, Galesville, and Bonnie Corcoran, a student at Winona State College; one brother, Perry, Osseo, Wis.; and one sister, Mrs. Florence Trumbauer, San Gabriel, Calif. One son, Merle, died in 1944.

A service will be at St. Bridget's Catholic Church, Ettrick, Thursday at 9:30 a.m. The Rev. James E. Ennis will officiate. Burial will be in the church cemetery. Friends may call after 7 p.m. Wednesday at the Runnestrand Funeral Chapel, Ettrick. Father Ennis will say the Rosary at 8 p.m. Wednesday.

Mrs. Peter Glasrud
SPRING GROVE, Minn. (Special)—Mrs. Peter Glasrud, 86, Minneapolis, died Sunday. The former Matilda Steenstrup, she previously lived in this area.

Surviving is one daughter, Mrs. Samuel Fisher, Minneapolis. Mrs. Glasrud will be buried in Northwood, N. D., following services in Minneapolis.

Mrs. Anna Stevens
ELEVA, Wis.—Mrs. Anna Stevens, 79, Eleva, died Sunday afternoon at Buffalo Memorial Hospital, Mondovi. She had been a patient four days and ill several years.

The former Anna Berg, she was born Sept. 23, 1882, at Albion, Iowa, daughter of Mr. and Mrs. Jorgim Berg. She lived on a farm near here all her life except for the last nine years which she spent in Eleva. Mrs. Berg was a member of Eleva Lutheran Church and served on several church organizations. She was married to Theodore Stevens who died in 1955.

Surviving are: Two sons, Ardele, Eleva Rt. 1, and Ervin, Garfield, Iowa; three daughters, Mrs. Carl (Irene) Ottum, Mondovi; Mrs. Jack (Violet) Hopkins, Huntingdon Park, Calif.; Mrs. Thorvald (Adeline) Johnson, Altoona, Wis.; one brother, Martin Berg, Eleva Rt. 1; three sisters, Mrs. Denver (Mary) Ross, Eau Claire; Mrs. Gilbert (Tolga) Olson, Eau Claire, and Mrs. Thor (Christine) Borrenson, Strum; 19 grandchildren and 16 great-grandchildren.

A service will be Thursday at 2 p.m. at Eleva Lutheran Church with burial in Eleva Cemetery. The Rev. Calvin Larson will officiate. Friends may call Wednesday afternoon and evening and Thursday until 11 a.m. at Kjentvet and Son Funeral Home, Eleva. Then they may call at the church until the service.

Glen Graham
DURAND, Wis. (Special)—Glen Graham, 65, died at his home in Durand Monday. He had been in poor health the last year.

Son of Mr. and Mrs. Charles Graham, he was born in Indiana Jan. 27, 1897. He was a veteran of World War I and a member and officer in the American Legion. Mr. Graham was a craftsman in refinishing cars and a gunsmith. He was a businessman at Arkansas and Durand.

His wife, Mary, survives.
A service will be at the Rhel Funeral Home, Durand, Wednesday at 3 p.m. The Rev. Willard Mecklenburg, Durand Methodist Church, will officiate. Burial will be in Hart, Mich. Friends may call at the funeral home this evening and Wednesday until 3 p.m.
The flag will be presented to Mrs. Graham at funeral services with military rites.

Miss Carrie Morris

PEPIN, Wis.—Miss Carrie Morris, 89, Pepin, died at the Hanson Nursing Home, Pepin, Sunday.
Born in Buffalo County May 7, 1873, Miss Morris lived in Durand all her life except for the last few years at Pepin.

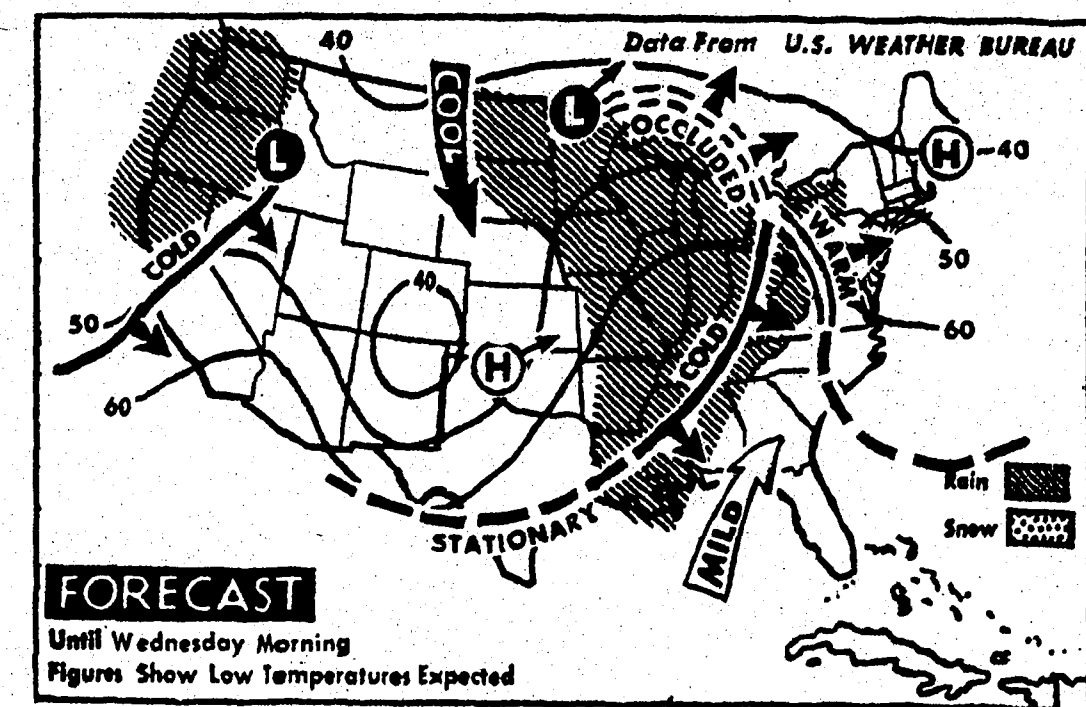

A service will be Wednesday at 2 p.m. at Goodrich Funeral Home, Durand. The Rev. Willard Mecklenburg, Durand Methodist Church, will officiate. Burial will be in Forest Hill Cemetery.

Friends may call at the funeral home this evening and Wednesday until 2 p.m.

Mrs. Pauline Earle

TREMPEALEAU, Wis.—Mrs. Pauline E. Earle, 69, former area teacher and resident of Trempealeau 18 years, died Monday at 9 a.m. at St. Francis Hospital, La Crosse. She had been ill four years and in the hospital seven months.
The former Pauline Kulas, she was born in Winona Feb. 21, 1893, and attended Winona State College. She was married to Joseph Earle May 18, 1918. Mrs. Earle taught in Connecticut, Oklahoma, Minnesota and Wisconsin. She taught at St. Stanislaus Catholic School, Winona, and schools at Independence and Ridgeway. Mrs. Earle taught citizenship, drama, the Polish language and elementary subjects. Her husband died in 1949.

Mrs. Earle was a member of St. Bartholomew's Catholic Church, Trempealeau, and its altar society. Surviving are: One son, Jerome.

WEATHER FORECAST . . . Showers and thundershowers will develop tonight in the central Appalachians and from the upper Lakes through the Ohio and Tennessee valleys to the lower Mississippi valley, with some rain in the upper Mississippi valley and the Dakotas. A few showers are likely in the north Pacific states, with occasional rain in northern California. It will be cooler in the Northeast and somewhat warmer in the Rockies. (AP Photofax Map)

Rockland, Wis.: four daughters, Mrs. Henry (Joan) Langowski; Mrs. John (Mary) Stanek, both of Winona; Mrs. John (Belle) Wood, Trempealeau, and Mrs. John (Pauline) Cerro, Madison; one sister, Mrs. Mildred Pearson, Lewiston, and 20 grandchildren. Two sisters and two brothers have died.

A service will be Thursday at 10 a.m. at St. Bartholomew's Catholic Church. The Rev. Edward Sobczyk will officiate. Burial will be in St. Mary's Cemetery, Winona.

Friends may call at the Smith Mortuary, Galesville, Wednesday 7 to 9 p.m. Father Sobczyk will say the Rosary at 9.

Mrs. Victor Hessig

PLAINVIEW, Minn. (Special)—Mrs. Victor Hessig, 77, Plainview, died Monday night at her daughter's home in rural Plainview. She had been ill a long time.

The former Amelia H. Appel, she was born Oct. 25, 1884, in Buffalo City, Wis., daughter of Mr. and Mrs. Charles Appel. She came to Minnesota when she was 18. She was married Feb. 23, 1904, in Winona and they farmed near Beaver until 1948 when they moved two miles southwest of Plainview.

Mrs. Hessig's death June 28, 1948. Surviving are: One son, Kermit, Elba; one daughter, Mrs. Gordon (Hazel) Becker, Plainview; five grandchildren, and 14 great-grandchildren.

A service will be at Immanuel Lutheran Church, Plainview, Thursday at 2 p.m. The Rev. Rodney Riese will officiate. Burial will be in Hillside Cemetery. St. Charles. Friends may call at the Johnson and Schriver Funeral Home from Wednesday until Thursday noon. They may call at the church one hour before the service.

Palbearers are: Lyle Swanson, Leo McHugh, Walter Neuman, Elmer Hill, Ted Zabel, and Adolph Krieger.

Bert Walker

LAKE CITY, Minn. (Special)—Bert H. Walker, 77, Lake City, a farmer almost his entire life, died Monday at St. Mary's Hospital, Rochester. He had been a patient five weeks.

He was born Oct. 9, 1884, in Rossville, Ill., son of Mr. and Mrs. Thomas Walker. He lived in the Lake City area four years and earlier lived in Storm Lake, Iowa, and Mapleton, Minn. Mr. Walker married Edith Mills at Lawrence, Iowa, June 10, 1908. He was a member of 100F Lodge.

Surviving are: His wife; three sons, David J., Rochester; Kenneth E., Mabel, and Donald B., Fairbault; three daughters, Mrs. Lois Roberts, Lake City; Miss Beulah, Racine, Wis.; and Mrs. Thomas (Dorothy) Welch, Roy, Wash.; two brothers, Earl, Mankato, and Ray, West Concord; one sister, Mrs. Mae McBrigh, St. Paul; 18 grandchildren, and seven great-grandchildren.

A service will be at Calvary Baptist Church, Lake City, at 10:30 a.m. Wednesday. The Rev. Ralph Beckstrom, Lake City, and Dr. M. R. Siemens, Calvary Memorial Church, Racine, will officiate. Burial will be at 3:30 p.m. at Beauford (Morrow) Cemetery, Mapleton.

Friends may call at the Peterson-Sheehan Funeral Chapel today and Wednesday until one hour before the service. Then they may call at the church until 10:30 a.m.

Joseph P. Vanderzee

RIDGEWAY, Minn.—Joseph P. Vanderzee, Ridgeway farmer, died suddenly this morning at St. Francis Hospital, La Crosse, Wis., after a brief illness.
Arrangements are being completed by Breilow Funeral Home, Winona.

Two-State Funerals

Mrs. Elsie Mussell
ALTURA, Minn.—A service for Mrs. Elsie Mussell, 68, will be at Jehovah Lutheran Church Wednesday at 2 p.m. The Rev. Robert Kant will officiate. Burial will be in Woodlawn Cemetery, Winona.

Friends may call 7 to 9 o'clock tonight at Breilow Funeral Home, Winona. Then they may call at the church Wednesday after 1:30 p.m.

Largest chamber of commerce

in the southern hemisphere is in Buenos Aires, Melbourne and Johannesburg follow.

Rattlesnake Hunting's Pretty Good

STOCKTON, Minn. (Special)—A basket, a basket, what's in the basket?
Rattlesnakes.
Robert Fort, 709 Wilson St., Winona, has been catching them 20-25 years. So far this year he has taken 85 in the sunny hills of Stockton and Pleasant valleys. His son David, 19, has been helping him the past eight years.

Bob takes them with a forked stick placed right at the back of the neck. He wears no protection—no boots, no gloves. His specimens have had from 7-15 rattles.

Last year he killed 840 in this area. Sometimes he collects a bounty of \$1 each on them from the county. But since the bounty is low here, he ships some to laboratories where the venom is removed for medicinal purposes, to snake farms, or to some who collect them for show or experimental purposes.

At one time Bob had 100 rattlesnakes in a cage for six months. He said they ate nothing, but drank a lot of water. Maybe the reason that rattlers are numerous is that when the female produces offspring, she has from 6-22 at one time. Here, take the basket.

Thomas Storke Gives \$250,000 To Stanford

STANFORD, Calif. (AP)—Thomas M. Storke, a 1961 Pulitzer Prize winner and publisher of the Santa Barbara News-Press, has pledged \$250,000 for a student publication building at Stanford University.
Stanford President Wallace Sterling said an additional \$50,000 in a special fund would be added to Storke's donation and work on the new building will begin in six months.

Storke won the Pulitzer Prize for his editorials on the John Birch Society. He graduated from Stanford in 1938.

Jury Work To Begin At Wabasha

WABASHA, Minn. (Special)—Jury trials at the general term of District Court for Wabasha County will begin Wednesday morning. Judge Arnold Hatfield presiding.

The first case will be Vernon H. Wiebusch vs. Howard B. Darling, involving car damage.

The calendar was called Monday after arraignment of Norman Joseph Graham, Sioux City, Iowa. He was charged with first degree assault following an altercation at Maple Springs Night Club last Dec. 31. It was reduced to second degree assault, he pleaded not guilty, and trial will be later.

SECOND JURY case will be Cleo and Alona Blum, Zumbro Falls, who charge Lawrence Harkins for loss of their house, alleging negligence in installation of a boiler.

Third jury case will be Pioneer Realty Co. vs. Elmer D. Klindworth involving a brokerage commission and fourth will be Gust Nibble, Lake City, in a personal injury case covered by workmen's compensation, as Frank Flatner.

Other jury cases for trial are: Donald Envelov vs. Sylvester Befort, an appeal by Francis Schones, Stillwater, and Blanche Schones from an order of juvenile court terminating their parental rights; two cases which have been consolidated, Universal Audit Adjustment Co. vs. Robert W. Meurer and his wife, to be tried May 28 at 10 a.m., and James B. and Sharon Giesler vs. Quinn Distributing Co., Inc.

The jury case of Stephan Lawson, minor, vs. Neil Lance and others has been stricken for settlement.

TWO CASES listed for the jury have been transferred to the court. Both are appeals from probate court, involving the wills of Verne O. Wright and Henry Wehrenberg.

Divorce actions have been brought by June C. Griffith, Wabasha, against A. Carr Griffith; Judith Ann Tantis vs. Vince Martin Tantis; Marilyn H. Hanson against Roy M. Hanson, and Rosella Schurhammer vs. Virgil Schurhammer, Wabasha.

Joseph Maas, Lake City auctioneer, vs. Albert Maas, Millville, is a partnership dispute.

Proceeding the opening of court Judge Hatfield presided at a memorial service for the late John W. Murdoch, his law partner in Wabasha who died recently at Lake City.

Lawrence Lunde Sr., Lake City, read the memorial to Murdoch, which was moved into the records of the court. Murdoch was considered by the late Judge Karl Finkenberg, Winona, as one of the 10 best trial lawyers in the state.

Lunde said. He referred to Murdoch's connection with the famous case about which he wrote "The Story of Heads Landing, a Comedy of Errors."

Tributes also were paid by Sen. Robert Dunlap, Plainview, who read remarks of Kenneth R. Smith, Lake City, who couldn't be present; Dan Foley, Wabasha; Arthur E. Arneson,

PROFESSIONAL ADVICE . . . Cotter High School's sophomore quarterback Gene Schultz (center) gets some expert professional advice on ball handling from Fran Tarkenton (right) the Minnesota Vikings' quarterback. Looking on is Stan West, defensive line coach with the Vikings. West and Tarkenton along with Paul Giel spoke at a banquet at the Legion Memorial Club Monday evening. (Daily News Sports Photo)

VIKING TOUR STOPS HERE

Tarkenton Labels Packers Team to Beat Again in '62

By GARY EVANS
Daily News Sports Writer

"It's just like coming from the sandlot and playing with the kids and then going into a world filled with a group of men."

Fran Tarkenton, star quarterback for the Minnesota Vikings, gave that explanation of the difference between college football and the play-for-pay circuit.

Tarkenton, Paul Giel, Viking business manager, and Stan West, defensive line coach, spoke to some 200 people at a banquet at the Legion Memorial Club here Monday evening.

THE PROCEEDS went to the Legion's baseball fund. The band

of Vikings are on a good-will tour of the Upper Midwest.

Other stops made Monday were at Hastings, Red Wing and Wabasha, Minn. Today they moved on to Rushford for a morning coffee break.

Tarkenton, a mild-mannered southerner with a slow, deliberate way of speaking, has formed some strong opinions of the professional circuit after one year of play.

"There is no comparison between college and professional football," he stated. "Every play the game for all he's worth and when you've been hit you know you've been hit."

WHAT TEAM was the toughest to cope with defensively? The Detroit Lions without a

doubt," Tarkenton answered and West readily agreed. "They're big. They move well and they always keep the pressure on."

West and Tarkenton were in complete agreement on almost every answer. Which is the best team in professional football?

"Green Bay," Tarkenton stated emphatically. "They can beat you at every phase of the game. They run well, pass well, play good defense and have a tremendous kicker in Hornung (Paul)."

"Maybe you think a defensive coach in the NFL has an easy job," West joked. "How would you like to stay up all night trying to figure out a way to stop Bart Starr, Paul Hornung and Jim Taylor. They're tough on the ground and they can beat you in the air."

"Green Bay will be the team to beat again this year," Tarkenton mused. "We aren't afraid of them but we do respect the talent they have on their club."

What about Norm Van Brocklin as a coach, Fran?

"There is the man with the greatest offensive mind in football today," he said. "You don't know how great he is until you have had a chance to sit down and discuss the coming game with him. You find out in a hurry. He has an uncanny knowledge of what will work against a certain team."

Romano, Essegian Propel Cleveland

By JIM HACKLEMAN
Associated Press Sports Writer

Clutch-hitting John Romano and a guy on a hot streak named Chuck Essegian are two prime reasons why Cleveland's surprising Indians hold undisputed possession of the American League lead.

These two led the way Monday night as the Indians overcame Baltimore 10-7 in a thriller and took first place all alone by a half-game over the idle New York Yankees.

Romano supplied most of the muscle—and the ultimate drama—with a pair of run-scoring doubles and the three-run homer with two out in the ninth inning that won it.

Essegian, on a torrid tear that has zoomed him to the top among the league's batters with a .402 average, rode in on both of Romano's doubles and was on base when the sturdy catcher connected for the clincher.

Minnesota climbed to within 11 percentage points of the Yankees with a 5-3 victory over Washington behind Camilo Pascual's pitching and hitting talents; another good hitting pitcher, Jerry Walker, paced Kansas City as the A's dealt Boston its seventh straight loss, 10-5, and Detroit ran off from Chicago 7-3. Los Angeles was idle.

The Indians pounded Skinny Brown for a 7-0 lead in the first three innings but the Orioles came back, getting a pair of homers from Jackie Brandt, one from Jim Gentile and a two-run triple by Brooks Robinson. Jim (Mudcat) Grant finally was routed in Baltimore's four-run sixth and Russ Snyder earned it at 7-7 with a homer off Barry Latman in the eighth.

Winner Garry Bell struck out the side in the top of the ninth, then the Tribe settled it against

gives him 26 for the season, tops for the Indians. His three hits raised his average to .299.

Walker yielded 11 singles, a homer to Eddie Bressoud and four walks to the reeling Red Sox but the A's still coasted in. They took the lead for good in the fourth on Jose Azcue's homer and Jerry Lumpe's two-run double.

Walker, now 5-2, binged his third homer of the year and a single, boosting his average to .346, and scored three times. Lumpe accounted for three more of Kansas City's 14 hits. Gene Conley took the loss.

Rocky Colavito and Chico Fernandez bombed Early Wynn for homers as the Tigers chased the 42-year-old right-hander with a five-run first inning on the way to their decision over the White Sox. Wynn, still looking for victory No. 295, dished up five hits and a walk before being lifted with two out.

Bill Bruton went 5-for-5 in Detroit's 12-hit attack and Al Kaline drove in two runs with singles, increasing his league leading RBI total to 38. Paul Foytack was the winning pitcher, with relief help from Ron Nischwitz.

Marvin Huffman of Indiana was named the most valuable player of the first NCAA basketball tournament, played in 1940.

Leonhardt Cops Two Firsts in NSCC Track Meet

Rog Leonhardt garnered two of the four places the Winona State College track and field team nailed down in the NSCC meet at Moorhead Saturday.

Leonhardt tied for first in the high jump with Warren Luoma and Terry Wilson of Michigan Tech and Tom Towey of Mankato State. The winning height was 5 feet, 10 inches.

Leonhardt placed fourth in the hop, step and jump.

George Skemp ran fourth in the 440-yard dash and the Warrior mile relay team made up of Don Braatz, Dennis Murphy, Dick Laetz for the coming campaign.

A film of the highlights of the Vikings' first season in Minnesota, featuring Tarkenton, was shown.

BRAVES ARE RESTED

Reds Move Into County Stadium for Two

MILWAUKEE (AP) — After dropping three straight games to the unheralded New York Mets during the weekend, the Milwaukee Braves needed a day off. The weatherman cooperated.

Stung by the losses to the Mets, the Braves wasted little time in postponing the scheduled opener of a two-game series with the Cincinnati Reds Monday night at County Stadium.

Showers and a temperature in the 80s resulted in the postponement. Naturally, the Braves didn't admit anything else, but

they probably were thinking of terms of attendance, too.

Managers Birdie Tebbets of the Braves and Fred Hutchinson of the defending National League champion Reds decided to go along with their pitching choices.

Right hander Bob Shaw, owner of a (4-1) record and a 2.29 earned run average, is down to hurl for Milwaukee. Shaw, edged 2-1 on an unearned run at Cincinnati earlier this season, is due to be opposed by southpaw Jim O'Toole, former University of Wisconsin player who has a 1962 record of 2-5.

With first baseman Joe Adcock still hobbled with a leg muscle pull and second baseman Frank Bolling confined to a hospital with pneumonia, the Braves again will field a patch-work lineup.

Eddie Mathews, the slugging third baseman who is trying to shake a pulled muscle in his right shoulder, again will spell Adcock. Rookie Denis Menke will fill in for Mathews and first year man Amado Samuel will be at second. Menke and Samuel played short-stop most of the time in the minor

State Sweats Out Bid to NAlA

BULLETIN
Winona State will meet Missouri Valley College at Marshall, Mo., May 30-31 in a best-of-three series to determine this region's entry in the National NAlA tournament June 7, it was learned shortly after noon today.

By AUGIE KARCHER
Daily News Sports Editor

Winona State College has been selected to represent District 13 (Minnesota) and District 14 (Wisconsin) in the NAlA regional playoff but late this morning, it was anyone's guess whether the Warriors will be able to participate.

State was notified only Tuesday by Ray Johnson, Stout College, NAlA area chairman, that the Warriors were named, but a deadline of Saturday for a playoff with Missouri Valley (Mo.) throws a monkey-wrench into the machinery.

Winona has a double-header scheduled with Moorhead Saturday and it appeared that the Dragons will not be able to switch to an earlier day in the week.

State already has clinched a title tie and needs one win for the outright Northern States Conference crown.

Moorhead is at Augsburg Friday, but a switch would not be of much help because the regional Winona-Missouri Valley playoff is a best of three affair and may require a Saturday game.

"Moorhead is sympathetic with us, but their games here are part of a trip and they feel unable to change," said Dr. L. A. McCown, Warrior cage coach. "The games can't be dropped as we would be giving up a championship."

Missouri Valley was scheduled to meet Wartburg College of Iowa in a playoff, also on short notice, but Wartburg withdrew. Winona, likewise, got this area's berth when the MIAC, which is involved in a tie, withdrew because of lack of time for a playoff. Wisconsin also conceded its right to a playoff.

As it stood late this morning, Missouri Valley Athletic Director Volney Ashford has requested NAlA permission to delay a playoff with Winona until next Wednesday, May 30, providing WSC agrees to play at MV which is located in Marshall, Mo.

"We agreed to going there," said McCown, "since they are doing us a favor by asking a delay. They could be nasty and demand the trip to the National on grounds we can't meet the NAlA May 26 deadline."

Dr. Nels Minne, WSC president, also was in contact with Moorhead State in an effort to bring Moorhead here Thursday, but Moorhead athletic officials doubted that it could be effected.

The National NAlA, in which Winona State competed last year at Sioux City, Iowa, starts June 7, this year at St. Joseph, Mo.

State has a 13-3 record for the season, winning 13 in a row after dropping its opening two games. The Warriors split with Loras last Wednesday and have been idle since.

The Warriors are batting .309 as a team, led by Arlyn Klindner's .418 mark and Lance Johnson's .369. Top pitchers are Mark Dille (5-1) with a 1.08 earned average and Bob Weisbrod (4-1) with a 2.34 ERA.

(Complete State averages on next page.)

Referee Not Blamed for Paret's Death

NEW YORK (AP)—Veteran referee Ruby Goldstein apparently will be held blameless for his handling of the Benny (Kid) Paret-Emile Griffith world middleweight bout—a savage battle that resulted in Paret's death and a clamor to outlaw boxing.

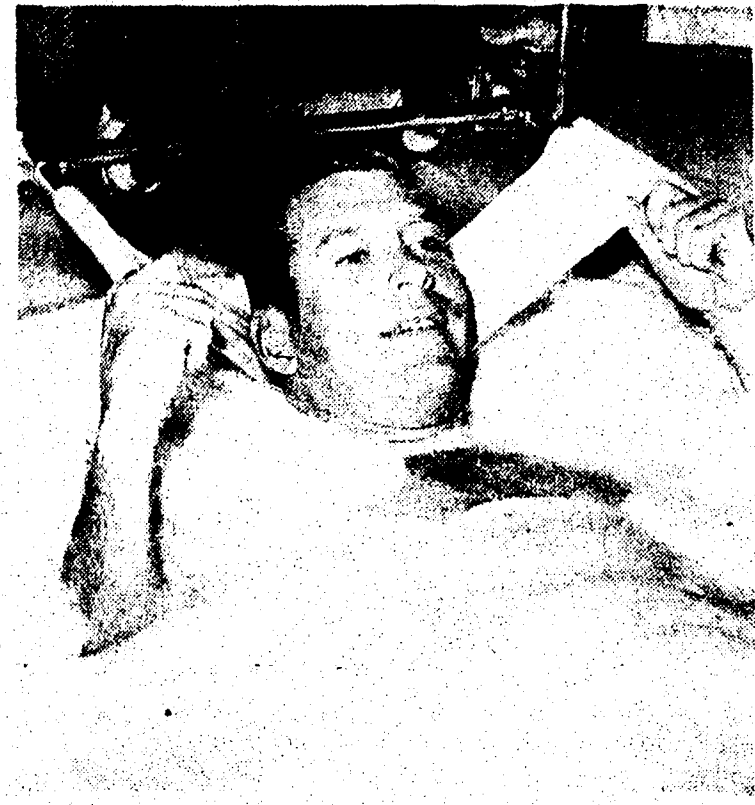

Goldstein, three of Paret's handlers and the co-manager of Griffith all underwent questioning Monday at the first session of a three-day public hearing by a state legislative committee. The committee will determine if boxing should be outlawed as a sport in New York State.

Manuel Alfaro, Paret's manager, along with trainers John Sulo and Joseph De Maria all agreed that their shouts to Goldstein to stop the bout while Paret was being pummeled in the fatal 12th round went unheard because of the roar of the Madison Square Garden crowd.

They said this was the only way they possibly could have indicated that they wanted the bout stopped without getting disqualified.

Here is how Goldstein explained his actions in the 12th round: "He wasn't down. His two feet were firmly on the ground. The first time I saw his (Paret's) back side sit on the middle strand (of the ring ropes), I stepped in and stopped it."

Goldstein pointed out that if a towel had been thrown in the ring, or Alfaro had stepped on to the ring apron, Paret would have been automatically disqualified.

MANTLE TREATED . . . New York Yankee baseball star Mickey Mantle smiles as he relaxes to his neck in a therapeutic bath at New York's Lenox Hill Hospital Monday. The center fielder suffered a torn muscle in his right thigh and a strained left knee ligament in a game with the Minnesota Twins at Yankee Stadium Friday night. (AP Photofax)

NO RECORDS BROKEN

Petes Capture District Track

DECORAH, Iowa (Special)—Two firsts were recorded at the District One track and field meet at Luther College here Monday. It was the first time in history that Peterson, which piled up 45 1/10 points, has won any kind of a district title in athletics.

The meet was the first in which no records were broken.

SECOND PLACE went to Wykoff which scored 31 1/5 points. Spring Valley, which won the Maple Leaf title, finished fourth with 22 1/10. Mabel's Wildcats were third with 23 3/5.

Peterson had a double winner in Don Gorder. He ran past Chuck Gritznier, who burned up the Maple Leaf meet, in the 120-yard high hurdles with a time of 18.7 seconds.

TEAM STANDINGS			
Peterson	45 1/10	Caledonia	13
Wykoff	31 1/5	Charles	11

AFTER PLANE TRIP

Stengel: 'Just Say I'm Being Embalmed'

HOUSTON, Tex. (AP)—"If any of the writers are looking for me this morning, tell 'em I'm being embalmed."

With these words Casey Stengel headed for bed at 8 a.m. Monday. Stengel and his New York Mets had encountered jet age problems getting to Houston from Milwaukee.

Ken Baker of Wykoff also took two firsts. He sprinted the 100 in 10.85 seconds and then took the 220 in 24.4 seconds.

PETERSON GOT its other first in the pole vault as Don Flatten soared 10 feet one inch.

Rushford's John Ryan won the mile run with a time of 4:57.2 and Bob Bubbers of Caledonia took the 440-yard dash in 55.4 seconds.

Spring Valley got a first from Lee Recknor in the 880-yard run. He went the distance in 2:10 and then ran a leg on the Wolves winning mile relay team.

Wykoff captured the 880-yard relay title. The quartet of Steve Gladly, Rich Davis, Con Freeman and Baker recorded a time of 1:40.3.

DAVIS USGAARD, Mabel's all-conference basketball and football player, won the broad jump with a leap of 19.5 ft.

Spring Grove's Abbot took the high jump by going 5-5 1/2.

All first and second place winners in the individual events and the winning relay teams will compete in the Region One meet at Austin Friday.

120-YARD HIGH HURDLES—1. Don Gorder (P) 18.7, 2. Gritznier (SV) 3. Minnet (M) 4. Vigness (L) 5. Davis (W) 7-18.7.

100-YARD DASH—1. Ken Baker (W) 2. Bubbers (C) 3. Usgard (M) 4. Wohlers (C) 5. Hungerford (R) 7-11.85.

MILE RUN—1. John Ryan (R) 2. Burkholder (M) 3. Spande (C) 4. Mattson (P) 5. Hillier (P) 7-12:37.4.

800-YARD RELAY—1. Wykoff (Gladly, Davis, Freeman, Baker) 2. Lanesboro 3. Houston 4. Spring Grove 5. Harmony 7-1:40.3.

400-YARD DASH—1. Bob Bubbers (C) 2. Johns (P) 3. Smith (SV) 4. Kolring (SV)

KILLEBREW HOMERS

Twins Edge Senators 5-3

WASHINGTON (AP)—The Minnesota Twins, buoyed by the return to form of slugger Harmon Killebrew, go after a series sweep tonight against Washington after polishing off the Senators 5-3 Monday night.

Killebrew's home run in the sixth inning only brought in one run, but it was his fourth in five

games and his ninth of the season.

The Killer also could have had a homer in the seventh if the ball had travelled to left or right. But he backed Jim Piersall against the 410-foot sign in centerfield with the bases loaded for the third out.

Camilo Pascual picked up his sixth victory of the year against two losses and helped his cause with singles in the seventh and eighth that drove in the winning run, plus an insurance marker.

The 11,797 Senators fans saw their rookie Dave Stenhouse go down to his first defeat after hurling three victories.

Bernie Allen had three-for-four for the Twins, including a run-scoring double.

Catcher Earl Battey had to leave the Twins lineup in the third due to a leg muscle strain and Gerry Zimmerman replaced him. Battey's injury was not believed serious.

Washington leadoff man Jim Piersall smacked a homer in the sixth, his third of the year.

In tonight's windup, Don Lee, (3-2) or Georges Maranda (0-1) are scheduled to hurl for Minnesota, opposed by the Senator's Joe McClain (0-3).

FIVE TROPHIES . . . Davis Usgaard (left) will need a trophy case for the awards he won Monday night at Mabel. He was named "Most Valuable Player" in four sports and "Mabel Athlete of the Year." Usgaard and teammates Jim Sidebottom and Dave Milne all plan to enter Winona State College next fall. At right is Dr. Robert Campbell, Winona State college coach, who was the principal speaker at the banquet honoring Mabel athletes. (Mabel Record photo.)

Usgaard (15 Letters) Mabel Athlete of Year

By AUGIE KARCHER
Daily News Sports Editor

MABEL, Minn. — The annual Lions Club banquet honoring Mabel high school athletes here Monday night at St. Olaf Catholic Church could aptly be called "Davis Usgaard Night."

Usgaard, brilliant Mabel senior performer, was named "Most Valuable Player" by his teammates, not just in football, but in basketball and in baseball and in track.

And to cap it off, the Mabel Lettermen's Club selected him

as "Mabel Athlete of the Year." When he graduates in two weeks, Usgaard will have won 15 athletic letters in the four sports. He earned four awards each in three sports and would probably have made it a perfect 16, except that Mabel has had track only three years.

Perhaps the most fitting tribute next to the fact that it was his teammates who named him for the individual honors, was a statement by Kaye Bachman, his football and track coach.

Bachman said: "I hope my

boys will grow up to be like him."

Jim Miner, basketball and baseball coach, labels Usgaard as the greatest all-around athlete in District One. "We may have had better individual players, but never one as great in so many things," he added.

Dr. Robert Campbell, Winona State College basketball coach and athletic director effective next fall, was the principal speaker.

Campbell told the nearly 150 persons who packed the church parlors: "Victory is half won

when you gain the habit of work. It is better wear out than to rust out."

"A boy must aim to be good, play to his ability and help his team to the best of his ability. Try to do your best and you will be a champion to yourself. You who have health have hope and you who have hope have everything," Campbell pointed out.

Paul Housker, president of the Mabel Lions Club, was master of ceremonies. Invocation was by the Rev. Bruce Boyce, pastor of First Lutheran

Church. The Mabel mixed brass quartet played a selection.

Football and trackmen were introduced by Coach Bachman and basketball and baseball athletes by Coach Miner. The school captured both the Root River grid and cage crowns this past season, capping one of the school's most successful years in history.

Cheerleaders were introduced by Mrs. Dean Walstead.

Winona Daily News Root River All-Conference basketball and football awards also were presented.

NFL IN JUBILANT MOOD

Court Dismisses AFL Suit

NEW YORK (AP) — National Football League brass open their three-day spring meeting today in a jubilant frame of mind after a court victory over the rival American League.

On the agenda for club owners and officials are the players' retirement plan, possible additional use of the "sudden death" rule and lesser items.

The meeting comes on the heels of Monday's court decision in Baltimore, dismissing the American Football League's \$10,000,000 damage suit against the NFL.

U.S. Dist. Judge Roszel C. Thomsen ruled out the AFL's charges of monopolistic practices. He directed the AFL to pay court costs.

Davis Sparks Dodger Victory Over Giants

By MIKE RATHET
Associated Press Sports Writer

Target: Destroy the most effective equipment used against the Los Angeles Dodgers.

Weapon: Tommy Davis, who plays giants and feasts on left-handers.

Final Objective: the National League pennant.

That could well be the story of the Dodgers' pennant chances. Executing his assignment with precision is the 23-year-old Davis, who last night paced third-place Los Angeles to an 8-1 triumph over league-leading San Francisco.

Charged with the task of providing right-handed power in a line-up that relies on getting most of its long distance hits from left-handed swingers, Davis got the job done against the Giants with a 3-for-3 performance that backed Sandy Koufax' five-hit pitching.

Davis, who led the club against southpaws last year with a .352 batting average, wasted a double in the second, then got the Dodgers rolling with a two-run homer in the fourth, made it 5-0 with a run-scoring double in the sixth and wound up with a walk in a five-run eighth.

That gave Davis seven hits in 12 at-bats against the Giants this year and nine runs batted in for the three games with San Francisco. It also boosted his average to .311 and gave him nine homers and 38 RBI—second highest in the league.

The defeat left the Giants 3½ games in front of the Dodgers and the runner-up St. Louis Cardinals, who ran their winning streak to five games with a 4-1 victory over Philadelphia. Pittsburgh belted Chicago's Cubs 8-4 and Houston edged New York's Mets 3-2 in other games.

Davis, who was hitting .314 last year when sidelined by a bad back and wound up at .278, homered off Billy O'Dell (5-2) after Willie Davis singled with one out in the fourth. His double in the sixth boosted the edge to 3-0 before Orlando Cepeda got the Giants' lone run with his 12th homer, leading off the seventh.

The Dodgers broke it open with five runs in the eighth after O'Dell was removed for a pinch hitter. Koufax (5-2) had the Giants well in control, walking only one and striking out 10 for his first victory since April 28.

EXPECT RECORD JUNIOR ENTRY

FERGUS FALLS, Minn. (AP) — Fergus Falls Jaycees are looking for a record entry for their annual Junior Golf Tournament, to be played June 16-17 over the Pebble Lake Course.

The tourney is open to all youngsters who will not have reached their 19th birthdays by July 15th. The event attracted 100 entrants, from as far away as Canada and Florida last year.

Much Talk, No Site For Title Fight

DETROIT (AP) — Talk of a heavyweight title bout produced more talk but no heavyweights for Detroit fans Monday night.

A crowd of only 200, including many who thought they would see Floyd Patterson at ringside, turned out for a local card. Patterson did not show.

The promoters were the same pair, Leon Saddler and Elisha Gray, who said they have guaranteed \$750,000 for the Patterson-Sonny Liston fight.

Michigan boxing commissioner Dave Gudelsky said he has not seen Liston, Patterson, or Patterson's manager, Gus D'Amato.

Gudelsky said he would confront the fighters with proposals for the strictest restrictions ever clamped on a world title bout.

He said there would be a 90-second, instead of 60-second pause between rounds, and that the commissioner's doctor will be empowered to stop the action in the middle of a round and call off the fight.

the Phillies to five hits in the final eight innings. Shantz pulled Washburn off of a two-out, one-out jam in the eighth inning by getting Tony Gonzalez to line back to the mound for the start of a double play. The Cardinals' runs were taken care of by Bill White's two-run homer and a two-run single by Curt Flood. That tagged Dennis Bennett (0-1) with the loss.

Dick Groat, hitting in his 13th consecutive game, and Bill Virdon each stroked four hits and picked up three runs batted in as the Pirates rapped out 13 hits to subdue the Cubs. Groat's single in the fifth inning drove in Virdon, who had doubled, with the run that proved to be the clincher.

Jim Pendleton's pinch-hit triple leading off the eighth inning and a sacrifice fly by Roman Mejias got the winning run across for the Colts and ended the Mets winning streak at three games. The victory moved Houston into eighth place, three percentage points ahead of New York in the battle between the league's two new clubs.

Two AFL club officials, owner Harry Wisner of the New York Titans and General Manager Dick Gallagher of the Buffalo Bills, expressed hope that the court battle was at an end.

Wisner said, "I was against the suit from the beginning."

Gallagher said he felt the decision would result in a better relationship between the leagues.

"Suits, between people, leagues or industry are no good anytime," he added.

Summer Laziness Causes Football Injuries in Fall

BIRMINGHAM, Ala. (AP) — Taking it easy in the off-season is one of the major factors in the growing number of football injuries, says Bernie Moore, commissioner of the Southeastern Conference.

"We had more injuries last year than any year since 1931," Moore said in a statement today, "and in my opinion this was because our football players have not done the proper amount of physical conditioning the year round."

Moore, a former coach at Louisiana State University, said: "Hard work over a short period of time will not condition an athlete; it is the light work over a long period."

To stay in top physical condition, Moore said, an athlete should do physical fitness work at least four times a week all year.

Arcadia Nine Wins 2-0 to Gain Sectional

COCHRANE-FOUNTAIN CITY, Wis. (Special)—Arcadia High School defeated Ellsworth 2-0 here Monday in a district baseball playoff to earn the right to compete in the Sectional tournament.

Site and next opponent for Coach Bill Cashen's team has not yet been decided.

Rudy Klink and Don Slaby combined in a four-hitter yesterday. Klink fanned nine batters in the 4th innings he worked and Slaby whiffed three more.

Though held to three hits, one a double, Arcadia made the most of them. A walk to Blaha, a stolen base and an error produced an Arcadia run in the fourth. In the sixth, Slaby walked, was sacrificed to second and he stole third. He came home on a sacrifice fly.

Reister of Ellsworth had two of the four hits off Klink and Slaby. Ellsworth's record is 1-2. Klink, Slaby (5) and Fernelitzki and Maitrom.

Braves' Jones Develops Rapidly After Poor Start

MILWAUKEE (AP)—Mack (The Knife) Jones, one of the few bright spots in the Milwaukee Braves' youth movement, is making critics eat their words. A combination of patience and baseball fate has paid off for him and the club.

A pop both at bat and in the field in a 28-game trial with the Braves last year, Jones was handed the starting right field job when veteran Lee Maye was stricken ill on the eve of the 1962 opener in San Francisco.

"He had a terrible time in San Francisco, but with Maye out we had to stick with him," Tebbets recalled. "Then he settled down."

"We've known for a long time that Jones had the potential. He has the equipment, a good bat, a strong arm and speed. It was just a matter of time before he developed. He still may encounter slumps occasionally, but he can do the job."

Unknown Leads Open Qualifiers

WHITE BEAR LAKE, Minn. (AP)—Bob Reith Jr., Minneapolis, Monday led Minnesota qualifiers for the U.S. Open Golf tournament sectional playoffs in Chicago June 4.

Reith shot a 71-73-142 over the White Bear Yacht Club course with a par-72 and 6,573 yard layout. Eddie Langert, St. Paul, was second with 71-73-144 and Ray Hill, St. Paul, won the other spot with a 76-73-149. Hill won a playoff against amateur Neil Cronquist of Minneapolis by taking the first extra hole with a par.

LA CROSSE GOLFERS WIN GREEN LAKE (AP)

La Crosse, led by the 79-76-155 of Phil Tausant, captured its third straight State College Conference golf championship Monday, finishing 14 strokes ahead of runner-up Eau Claire.

Minor League Baseball

International League
Buffalo 7, Syracuse 4.
Columbus 4, Richmond 2.
Atlanta 5, Jacksonville 1.
Toronto 4, Rochester 4 (first, 10 innings).

American Association
Louisville 4, Dallas-Ft. Worth 1.
Omaha at Indianapolis, rain.

Pacific Coast League
Seattle 2, Tacoma 2.
Vancouver 5, San Diego 1.
Portland 5, Spokane 1.

Veech, Brue Top Golf Qualifying

MILWAUKEE (AP)—Tommy Veech and Bobby Brue, two former Wisconsin amateur and open golf champions from Milwaukee, led the state qualifying round Monday for the U.S. Open.

Veech, trailing Brue by five strokes at the halfway mark of the 36-hole test at the Milwaukee Country Club's par 72 course, rallied to capture medalist honors with a card of 77-73-150.

Brue trailed by one stroke as he soared to a 79 in the second round after setting the pace with a par-equaling 72 in the morning.

Government to Move Grain From Estes Elevators

WASHINGTON (AP)—The Agriculture Department said today it will move some 42 million bushels of grain out of elevators and warehouses owned or connected with Willie Sol Estes, Texas financier now under indictment for fraud.

George A. Barnes, an assistant to Secretary of Agriculture Orville L. Freeman, said the grain will be moved to other locations in an orderly manner over the next 18 months.

Barnes told a news conference that a crash program of moving the grain would cost some \$2 million.

However, he said, the way in which it is to be done will not cost the government anything additional.

"Asked why the grain should be moved, Barnes said it was a matter of public policy.

When asked to clarify his statement, Barnes replied:

"There are a lot of considerations which have to be taken into account on public policy. The secretary of agriculture exercises administrative judgments on matters of this kind. After looking over all that is involved, the decision was made that the best interests of the department would be served by moving this grain out in an orderly manner."

No Damage Done in Oakland Earthquake

OAKLAND, Calif. (AP)—A light earthquake Monday night rattled dishes but did no reported damage in Oakland.

Still Found Under Georgia Sawdust Pile

NASHVILLE, Ga. (AP)—Officers discovered a moonshine liquor still buried under a sawdust pile surrounded by dead cows. Sheriff Walter Gaskins said a room had been constructed under a sawmill pile and the sawdust put back in place. Authorities ran it down after arresting a man with five jugs of moonshine.

Why the dead cows? They were used to counteract the odor of the moonshine operations, Gaskins said.

REPORT FROM RESEARCH

"The New Look at CUTTER LABORATORIES"

Detailing the company's progress, year by year, our latest report shows that Cutter is virtually out from under its unfortunate polio vaccine difficulties. Coming through with integrity and financial soundness, the company's near term outlook appears good, its long term future especially bright.

Sales in 1961 were more than double those in 1955, when the polio cloud appeared. Total assets increased 80 per cent in the same period. Research efforts have been greatly intensified, resulting in potentially lucrative new pharmaceutical specialty products. Continued sales and earnings improvement is expected in 1962.

Write, call or stop in now for our latest report, without cost or obligation, of course.

Democratic Women Call On President

WASHINGTON (AP)—Caroline Kennedy waved from an upstairs White House window and President and Mrs. Kennedy came to the south lawn to say hello today to some 2,000 Democratic women here for a campaign conference.

The excited women, crowded behind a rope barrier, cheered and applauded when the President told them he needs their help in the months ahead to maintain Democratic power in Congress.

The President, in a dark blue suit, spoke from a small platform. His wife, Jacqueline, in a green dress, was standing just behind him. Vice President Lyndon B. Johnson and Democratic leaders of House and Senate stood nearby.

The President started off with a quip that Johnson had said "the only thing that is keeping us going is not our programs, but my wife and Caroline."

However, the President added, he believes his programs are vitally important and it is a question of solving the problems that face the United States this year and in the decade ahead.

"I do not take the view that everything that had to be done was done by those who went before us," Kennedy said.

He said he did not think that Franklin D. Roosevelt and Harry S. Truman had done all of the job "and ours is merely to pass through and occupy the position of public significance and not do anything."

He told the women that every proposal before Congress involves an important issue, that many of his vital programs are being decided by just one vote.

If the Democrats lose important seats in 1962, he said, some of the issues now being settled by one vote may be settled "by votes against us."

Then Mrs. Kennedy came forward and said "Welcome to the White House. I hope you will all come in and go on the tour. It was nice to have you here."

There were cries of "We can't see you! We want to see Jackie!"

First the President and then Johnson and Mrs. Kennedy went down along the rope barrier to shake hands. All three used both hands to shake those extended from the crowd.

In brief sessions Monday the women heard from Cabinet members and top officials who urged them to help push Kennedy's programs, particularly health care for the aged, the trade and farm proposals and the tax revision bill.

Kennedy Labor, Management Talks Hailed

By NORMAN WALKER
WASHINGTON (AP)—The administration's labor-management conference, already characterized by one Cabinet member as "a very great success indeed," turns today to the topics of automation and foreign trade.

Secretary of Labor Arthur J. Goldberg put the success label on the meeting, officially titled the "White House Conference on Economic Issues," at a banquet Monday night attended by the 200 conferees representing industry, labor unions and the public.

Goldberg said the conferees probably hadn't talked as frankly as they probably would in subsequent sessions but he said at least the ice had been broken and, after all, "it's better to jaw than to war."

At the initial conference session the two topics were collective bargaining and wage-price policies. About the most controversial statement made from the industry side came from President J. Ward Keener of the B. F. Goodrich Co., urging a breakup of industry-wide labor bargaining.

Keener also characterized President Kennedy's controversial wage-price guidelines as "impractical and unwise." The guidelines were stoutly defended in other quarters and Prof. John P. Lewis of Indiana University said probably tougher rules will be needed.

Not everyone agreed, either, that industrywide labor bargaining should end. President Richard S. Reynolds Jr., of Reynolds Metals Co., said he wished there were only one union in the aluminum industry to negotiate a single wage rate. He said competition is difficult now that rates vary as much as \$1.30 an hour.

President George Meany of the AFL-CIO had some relatively mild criticism for management. He said he wished employers, insisting they believe in collective bargaining, would go to work on other employers who don't seem to think so.

Wisconsin Sailor Killed in Hawaii

HONOLULU (AP)—The Navy confirmed Monday that a Wisconsin sailor was killed Friday when his car crashed into a utility pole and skidded more than 100 feet after plunging off a guard rail in Oahu Island.

The victim was Willie L. Yeater, 20, of Route 1, Rhinelander, Wis., a Navy aviation mechanic's mate attached to the early warning squadron at Barber's Point Naval Air Station.

He was killed when his car, a 1958 Ford, skidded off a guard rail and crashed into a utility pole. The car was traveling at about 60 miles per hour at the time of the crash.

The victim was Willie L. Yeater, 20, of Route 1, Rhinelander, Wis., a Navy aviation mechanic's mate attached to the early warning squadron at Barber's Point Naval Air Station.

BUSINESS MIRROR

Many Electronic Plants in West

EDITOR'S NOTE—It's on the way the West Coast sees it. In this, last of three self-contained articles from California, Sam Dason, AP business news analyst, reports businessmen say that international turmoil and the space age can only spell bigger things for the electronic and missile industries.

By SAM DASON
PALO ALTO, Calif. (AP)—Outer space and the more mundane affairs of national defense and scientific gadgets for industry are the West Coast's top cards today.

A cluster of electronics plants and research labs here—one of several such groups in the West—is expanding fast and planning ever bigger layouts and further-out products. Californians count on this to keep them prosperous, even if the economy should falter in areas devoted to older, basic industries.

"California's agricultural and tourist industries are stabilizing at a high level," says Rudolph A. Peterson, vice chairman of the Bank of America. "But defense is our big growth potential. Many electronic and missile companies are prospering now, as are all those connected in any way with the space age. Government spending in all these fields, and for defense in general, is bound to increase."

This might leave California vulnerable to a real peace scare, with so many of its eggs in the one basket. But electronics men here see plenty of peacetime opportunities.

On land leased from Stanford University, such companies as General Electric, Hewlett-Pack-

ard, Lockheed Aircraft, Admiral, Beckman Instruments, Clevite, Control Data, Kaiser Industries, Lin-Aviation, Meltronic Associates, Minowave Engineering, Varian Associates and many others are studying and producing today's and tomorrow's marvels.

"The electronics industry is growing fast, even while it is changing fast," says H. Myrl Stearns, president of Varian Associates. "This makes the West Coast less affected than many other areas by the general economic cycle."

"We look hard for nondefense orders, although this company does a lot of subcontract work on defense projects."

"All of us in this work must have profits to grow, and we hope Washington realizes that, we are growing fast—both around here and throughout the United States."

As electronic, missile and space age companies prosper, good times spread out to other industries, such as oil, gas, electricity, construction.

Our expansion program is firmly set up for five years ahead," says Norman R. Sutherland, president of Pacific Gas & Electric. "We see nothing that could change it. California is continuing to grow and a recession in the East or stock market jitters would have only a delayed and watered down effect out here."

Standard Oil of California's spending plans are higher this year than last. And President O. N. Miller says they are unaffected by recent government-business tangles or the slower growth in the general economy than first predicted.

Boyle's Column

Million Seeking Adoptions

By HAL BOYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail.

Nearly a million U.S. couples a year seek to adopt a child. About 10 for every infant available.

Looking for a place to retire cheaply? In the Azores you can rent an ocean front cottage for \$15 a month, maid hire is \$5 a month and groceries \$12, wine is 30 cents a jug and haircuts 23 cents.

Comparative speeds: A sprinter can race at 20 miles an hour. A well-baited golf ball leaves the tee at 130 miles an hour.

Leisure living: Having a boat of your own is now a new status symbol, and if you don't you're not in the social swim. Americans now own 7 million recreational water craft.

Can you name a British queen who enjoyed playing poker? Prime Queen Victoria did. She was taught the game by U.S. Ambassador Robert Schenk during the administration of President Grant.

If you want to be safe, stay on the job. Safety experts say that 70 per cent of accidental deaths occur before or after working hours.

The reason most barns were painted red in the old days was that red paint was cheapest.

The name behind the fame: Did you know that William Henry Pratt is Boris Karloff and Jeanette Morrison is now much better known as Janet Leigh?

Odd legislation: You can be fined \$500 in California for driving while wearing fancy glasses that restrict your side vision. A Wisconsin community ruled no resident could own more than two dogs—and they had to be American-bred.

Fashions in crime: Fewer bank robbers now whip out guns and shout "Hands up!" They're getting more literary. Seven out of 10 bank robberies are pulled off silently by notes passed through the teller's window.

Tradition: In 1903 the U.S. Senate passed a resolution ordering that Navy bean soup be served in the Senate restaurant daily, and it has been a menu fixture ever since.

Worth remembering: "We only imagine we're anxious to please others. Our anxiety is to have others pleased with us."

How they got started: Jackie Gleason was a bouncer in a New York, N.Y., night club. Peter Lawford was a movie usher and a parking lot attendant. Tennessee Williams managed a pigeon ranch on the West Coast.

Who says the art of conversation is dying? Not wire conversations anyway. In 1900 there were only 1.3 million telephones. Today there are more than 72 million.

Here's another proof the mysterious East is getting more Western in its ways: Bread consumption in rice-loving Japan has increased ten-fold since the end of the second World War. The Japanese government encourages school children to eat bread by giving them free luncheon sandwiches.

Mature notes: Cows have stronger horns than bulls. Some birds eat 50 per cent more than their own weight in 24 hours. The male hippopotamus, despite his size, is one of the most henpecked husbands in the animal world.

"It was Rudyard Kipling who

Many Electronic Plants in West

ard, Lockheed Aircraft, Admiral, Beckman Instruments, Clevite, Control Data, Kaiser Industries, Lin-Aviation, Meltronic Associates, Minowave Engineering, Varian Associates and many others are studying and producing today's and tomorrow's marvels.

"The electronics industry is growing fast, even while it is changing fast," says H. Myrl Stearns, president of Varian Associates. "This makes the West Coast less affected than many other areas by the general economic cycle."

"We look hard for nondefense orders, although this company does a lot of subcontract work on defense projects."

"All of us in this work must have profits to grow, and we hope Washington realizes that, we are growing fast—both around here and throughout the United States."

As electronic, missile and space age companies prosper, good times spread out to other industries, such as oil, gas, electricity, construction.

Our expansion program is firmly set up for five years ahead," says Norman R. Sutherland, president of Pacific Gas & Electric. "We see nothing that could change it. California is continuing to grow and a recession in the East or stock market jitters would have only a delayed and watered down effect out here."

Standard Oil of California's spending plans are higher this year than last. And President O. N. Miller says they are unaffected by recent government-business tangles or the slower growth in the general economy than first predicted.

U.S. Allies Support Move To Thailand

By LEWIS GULICK
WASHINGTON (AP)—A preliminary government sampling of worldwide opinion on the sending of American troops to Thailand indicated today wide support of U.S. allies and divided views in neutralist countries of the Near East and Asia.

The initial study, by the U.S. Information Agency, is based mainly on newspaper and radio comment around the globe.

Extensive editorial comment in the West European press was favorable, outside of the Communist organs.

"The U.S. initiative was praised as the only effective way to save Thailand," according to the summary of the newspaper views in allied countries. The summary added: "Many influential papers, however, expressed skepticism regarding the possibility of improving the Western position in Laos. The thought that the West must resign itself to the military loss of Laos, unless it was prepared for a second Korea, was voiced by a number of media."

In allied nations of Asia the U.S. move was seen as needed to show the Soviet Union and Red China that America intends to fulfill its commitments in Southeast Asia.

Some called for even firmer U.S. commitment to an anti-Communist policy. In South Viet Nam the survey found enthusiasm over the first reports of the dispatch of U.S. fighting units was dampened "as it became apparent that U.S. clashes with pro-Communist Pathet Lao units was unlikely and that the United States was content only to reinforce neighboring Thailand."

In this area, too, some comments criticized U.S. pressures on the Laotian government of Prince Boun Oum as having led to ineffectiveness of anti-Communist forces in Laos. Washington has been trying to press the pro-Western Boun Oum regime into coalition talks with Laotian neutralists and Reds, using various means including withdrawal of \$3 million a month in economic aid.

The Japanese press expressed fear of Japan's being drawn into the Southeast Asia affair through U.S. use of bases in Japan.

Latin Americans, according to the preliminary findings, generally backed the U.S. policy as a defense of democracy requiring strength rather than appeasement.

7 Palomino Horses Bolt From Circus

PHILADELPHIA (AP)—The billing described seven palomino liberty horses in the Clyde Beatty-Cole Brothers Circus as "free running beauties in exciting, drills, dances and breathtaking stunts."

During the opening matinee performance, the pink-plumed performers bolted from a tent in the middle of their act and gave a heavy traffic before they were corralled and taken in tow by their trainers. Several cars received dents and two persons suffered minor injuries.

CANADIAN DOLLAR

NEW YORK (AP)—Canadian dollar today .91987, previous day .91962.

observed, "A woman's guess is much more accurate than a man's certainty."

Sharp Losses Taken in Sinking Market

NEW YORK (AP)—The stock market went into a quiet sinking spell early this afternoon with a number of selected issues taking sharp losses.

The Associated Press average of 60 stocks at noon was off .70 at 239.30 with industrials off 1.30, rails off .40 and utilities off .10.

While most key stocks held their declines to within a point, losses ran to as much as half a dozen points for some of the erstwhile growth stocks.

There was not much in the way of background news but uncertainty continued and the lightness of trading reflected the fact that many traders were on the sidelines.

Losses of around 6 points were taken by Polaroid and Beckman Instruments. Off about 3 were Vendo and Magnavox. Litton Industries was down about 4 and Brunswick about 2.

General Motors and Chrysler eased. Ford dropped a fraction. A 3-point drop by DuPont dampened the chemical sector which showed a mildly lower tendency on balance.

Reynolds Tobacco halved an early loss of more than a point. Lorillard showed a gain of about a point and American Tobacco was fractionally higher.

Corporate bonds were mixed. U.S. government bonds were steady to higher.

WINONA MARKETS

Reported by Swift & Company
Buying hours are from 8 a.m. to 4 p.m. Monday through Friday. These quotations apply as of noon today.

At live stock arriving after closing time will be properly cared for, weighed and priced the following morning.

The hog market is steady. Strictly meat type additional 20-40 cents, fatteners discounted 20-40 cents per hundredweight.

by vicky vaughn

(top) It's the berries... blackberries, that is, shown on this delicious morsel concocted by Vicky Vaughn in silky drip-dry combed cotton broadcloth. Laced as you like it, for a wisp waist, airy skirt. Black berries with red, gold or blue flowers on white. Sizes 5-15. **\$11.98**

(right) Compliments galore when you wear this exciting border printed beauty with free wheeling skirt twirling out from a flirty laced waistband. In easy-care textured cotton pinpoint. White with brown, blue or gold. Sizes 5-15. **\$11.98**
