## GOP Can Win In November, Forsythe Says

By JACK B. MACKAY  
MINNEAPOLIS (AP) — The Republican party can score a sweeping victory November 6 if it works hard, Robert A. Forsythe, state chairman, predicted today at the opening of the state GOP convention.

Selection of a candidate for lieutenant governor appears to hold the limelight during the three-day conclave.

Seeking the No. 2 spot as Gov. Elmer L. Andersen's running mate are State Rep. C. Donald Peterson, Edina; Wheelock Whitney, Minneapolis; and Carl D'Aquila, Hibbing. The man selected will face State Sen. A.M. (Sandy) Keith, Rochester, selected as the Democratic-Farmer-Labor candidate.

Forsythe said victory can be achieved by adherence to basic principles "which have made our party the party of all people as distinguished from the DFL party which makes its appeals in the area of group interests and bloc voting."

Forsythe said in his prepared message the principles which form the foundation of the GOP party are:

1. Concern for human needs of people.
2. Respect and concern for the maximum freedom for each individual.
3. A deep seated belief for the free enterprise system which has given America the highest standard of living.

"The DFL has already spoken to the people of Minnesota in muffled terms," Forsythe declared. "They met in convention and came up with half a platform and half a slate of candidates."

Forsythe said important matters such as tax reform and the endorsement of DFL candidates for auditor and treasurer have been referred "to a handful of people."

The DFL at its state convention in Duluth two weeks ago endorsed Lieut. Gov. Karl Rolvaag as the candidate to oppose Gov. Andersen, and backed Alty. Gen. Walter Mondale, Secretary of State Joseph Donovan and Railroad and Warehouse Commissioner Paul Rasmussen for reelection.

The DFL left to the executive committee the business of selecting candidates to oppose Republican incumbents Stafford King, auditor, and Val Bjornson, state treasurer.

Sen. Humphrey, Minn., was not recorded.

In his statement Rusk said "adoption of the Lausche amendment will give the impression abroad that we are permanently writing off to Soviet domination the millions of people who still yearn for freedom."

Administration hopes for a modification of the restriction appeared to rest on whatever success it may have in persuading the House not to adopt such an amendment and sending it into a Senate-House conference where other language might be worked out.

The bill before the Senate simply sets limits on foreign aid. Actual appropriations will be handled in another measure.

The effort to slice \$400 million (takes the form of an amendment) by Sen. Bourke Hickenlooper, R-Iowa. The President would determine where the cuts would apply.

# Tax Revision Bill In Deeper Trouble

## MINNESOTAN APPEALS TO HOUSE

## Andersen Calls Pearson 'Liar, Skunk, Polecat'

WASHINGTON (AP)—Rep. H. Carl Andersen, R-Minn., took the floor of the House 40 minutes Wednesday to make an impassioned speech.

Along the way he denounced an article by Drew Pearson on his connection with Estes and called on his colleagues to "say hello" again and shake his hand.

Andersen previously denied any wrongdoing in selling \$4,000 worth of stock in a family coal mine to Estes, a Rep. Andersen letter from Morris to Estes, disclosed in the Texas inquiry, suggested Estes had been looking for a "good Republican contact" in

Congress, and that buying the stock would be "a good investment."

The congressman's denunciation of the Pearson column was violent and lengthy. He read into the record an 18-page report prepared for him by the Library of Congress, containing denunciations of Pearson over the past 20 years by other public figures.

Andersen called Pearson a "liar," "skunk," and "polecat," and said the article was the "spewings of a degenerate mind."

Pearson retorted that he was "accustomed to being called names by presidents. I don't comment on vituperations from those of lesser rank."

Andersen was particularly irate about Pearson's references to an inheritance from a brother, who was shell-shocked in World War

I, and lived out his life in veterans' hospitals, but collected a pension all the while.

Andersen said he had administered his brother's affairs carefully all those years and his share of the inheritance was about \$7,000.

Holding up his right hand, Andersen told the house that he "never did anything wrong in connection with the Billie Sol Estes case. My conscience is clear, so help me God," he declared.

He added that he would discuss the stock sale at the appropriate time before the McClellan investigating subcommittee which begins senate hearings June 27.

Andersen asked to appear several weeks ago, and also invited the FBI to inspect his records.

Andersen also said emotionally his Republican friends seemed to be avoiding him since his connection with Estes in the stock deal came out two months ago.

Rep. Ben Jensen, R-Iowa, one of those mentioned, told Andersen he was "imagining things," that he respected him and admired his attack against Pearson. In a choked voice, Andersen thanked him.

## Plan Given Slow Motion Treatment

By JOE HALL  
WASHINGTON (AP)—President Kennedy's tax revision bill appeared in deeper trouble today after being criticized sharply at a closed meeting of Democratic senators.

Opponents of the bill said privately they were convinced now there was a good chance it eventually will be dropped. And Republicans voiced such a demand in floor speeches Wednesday.

However, Sen. Harry F. Byrd, D-Va., who opposes the measure's two key provisions, told a reporter the finance committee he heads will continue its consideration of the tax bill.

It was learned the Virginian told Kennedy a few days ago the measure would receive a complete study from his group.

The committee has been giving the bill a slow-motion airing since it started public hearings April 2. The House passed the measure March 29, keeping the bulk of Kennedy's proposals.

Wednesday's Democratic meeting was in the office of the party's Senate leader, Mike Mansfield of Montana. It was one of the periodic sessions he holds to go over the Senate program and to relay the results of congressional leaders' conferences with President Kennedy.

The tax bill in general was the chief subject of the meeting, with investment credit to give business a \$1.35 billion incentive to modernize its plant and equipment.

The administration believes the credit would go a long way toward making the economy more efficient and productive.

The withholding plan is counted on to help pay for the investment credit.

It was learned that Sen. Robert S. Kerr, D-Okla., second in seniority on the Democratic side of the finance committee, led off at the meeting with a defense of the withholding plan. He emphasized the present tax losses from unreported dividend and interest income.

Byrd then gave a rebuttal, stating his previously expressed view that the system would be unduly burdensome and that the Treasury has greatly exaggerated the losses.

One senator at the meeting even raised the question that the plan might be unconstitutional. Others said they were unable to explain it to their constituents.

Byrd said that Secretary of the Treasury Douglas Dillon will be back before the committee next week to continue his defense of the bill.

Sen. Thurston B. Morton, R-Ky., a finance member, voiced a plea on the floor Wednesday for shelving the bill. He was joined by Sen. Frank Carlson, R-Kan., who also served on the committee.

## Senate Jolts Kennedy, Bans U.S. Aid to Reds

By ERNEST B. VACCARO  
WASHINGTON (AP) — The Senate has jolted the Kennedy administration by directing that no slice of next year's foreign aid pie go to a Communist or Marxist dominated nation.

While Secretary of State Dean Rusk was lamenting Wednesday's Senate action as most unfortunate, administration leaders marshaled their forces to fight off another onslaught on the \$4.7-billion authorization measure—an effort to lop \$400 million.

The aid restriction—still to be considered by the House—is aimed directly at Yugoslavia and Poland, the two Communist nations which receive U.S. help.

The administration takes the view that by assisting the two it acts to wean them away from

domination by the Soviet Union. But the amendment's author, Sen. Frank Lausche, D-Ohio, declared in Wednesday's debate that any aid granted to a Communist country "can never be in the interest of the security of the United States—it can only be in the interest of the promulgation of international communism."

The Lausche amendment passed by a 57-24 vote when 34 Democrats turned a deaf ear to a White House plea and sided with 23 Republicans. Voting with the administration were 18 Democrats and 6 Republicans.

If accepted by the House, which has yet to act on its version of the bill, the amendment would specifically prohibit \$10 million in development loans to Yugoslavia next fiscal year, and ban shipments of surplus agricultural commodities to Yugoslavia and Poland.

The Senate acted within minutes after Democratic Leader Mike Mansfield of Montana read a White House letter protesting the cut as an action which would "play into the hands of those who are most hostile to the United States."

"We must have confidence in the DFL," Mansfield said, as he read the letter from McGeorge Bundy, special assistant to Kennedy.

In his statement Rusk said "adoption of the Lausche amendment will give the impression abroad that we are permanently writing off to Soviet domination the millions of people who still yearn for freedom."

Administration hopes for a modification of the restriction appeared to rest on whatever success it may have in persuading the House not to adopt such an amendment and sending it into a Senate-House conference where other language might be worked out.

## SAO Back to Killing, Burning

By ANDREW BOROWIEC

ALGIERS (AP) — The Secret Army Organization struck again today as promised, returning to its terror campaign by mowing down Moslems and setting fire to Algiers University, Algeria's main seat of learning.

Three phosphorous bombs shattered the inside of the massive science and medicine building as the terrorists carried the threat of a scorched earth campaign into the heart of the city.

Firemen gave up hope of saving the main building as flames roared out of the large windows. Black smoke shrouded the heart of Algiers.

Crowds of Europeans and French soldiers watched the blaze from the sidewalk of Rue Michelet and adjacent Boulevard St. Saens.

Wind-whipped flames seared the treetops of the university garden. Earlier today, European terrorists struck at groups of Moslems with pistol and machine-gun attacks, killing four Moslems.

The precarious truce which gave the city a new breath of life during the past seven days thus came to a shattering end.

In the administrative capital of Rocher Noir east of Algiers, French officials received the news of the new terror war in dark pessimism.

"They are destroying the last chance of reconciliation with Moslems," one official said.

The European underground's commando squads went back into action shortly after the French government executed two Secret Army killers at a fort outside of Paris. They were the first Secret Army activists sent before a firing squad, but it did not seem likely that the killings in Algiers were manifestations of Secret Army resentment at the executions.

## Massachusetts Race Comes to Climax Today

By CORNELIUS F. HURLEY  
SPRINGFIELD, Mass. (AP) — Kennedy-McCormack battle for the Democratic nomination for U.S. senator from Massachusetts comes to a peak today with the opening of the state party convention.

Locked in a tight contest, with both sides claiming victory, are Edward M. (Ted) Kennedy, youngest brother of the President, and Edward J. McCormack Jr., nephew of the speaker of the U.S. House, John W. McCormack of Massachusetts.

Their goal is the Senate seat once held by the President, who first won it in 1952 and resigned it in 1960 when he was elected President.

Kennedy's supporters claim they have more than 1,000 of the 1,223 delegates sewed up. The McCormack forces put their rock bottom strength at better than 900.

McCormack says he is satisfied with his total, and insists the delegates favorable to him will resist efforts to get them to switch. He poked doubt at the Kennedy forces' claim, saying they still were campaigning for delegates.

As the convention drew near, McCormack charged Kennedy had voted only twice since he reached voting age—both times when his brother was a candidate.

McCormack said that indicated Kennedy's disinterest in government "except when a Kennedy was running."

The session opens at 1 p.m. Eastern Standard Time at the Springfield Municipal Auditorium, with registration, reports of the credentials and rules committees, and election of a permanent chairman and secretary.

A delegates dinner is scheduled tonight, with Sen. Edmund S. Muskie, D-Maine, as the principal speaker.

The balloting for the senatorial endorsement comes Friday, the second day of the three-day session.

Kennedy is barely old enough to run for senator. He turned 30 last Feb. 22, and announced his candidacy three weeks after reaching the minimum age for a senator.

McCormack is 38, a graduate of the U.S. Naval Academy and Boston University Law School. Kennedy is making his first try for public office.

Light Earthquake  
Shakes Frisco

SAN FRANCISCO (AP)—A light earthquake shook parts of the San Francisco Bay area Wednesday night.

It came several hours after a heavier quake tumbled jars and cans from grocery shelves and knocked plaster from walls in the Ukiah-Cloverdale area 10 miles north of here.

## Hail, 4 Inches Of Rain Hits Kansas Areas

By THE ASSOCIATED PRESS

Showers and thunderstorms hit scattered sections from Wyoming to New England and in parts of the South again today but generally fair weather prevailed in the Far West.

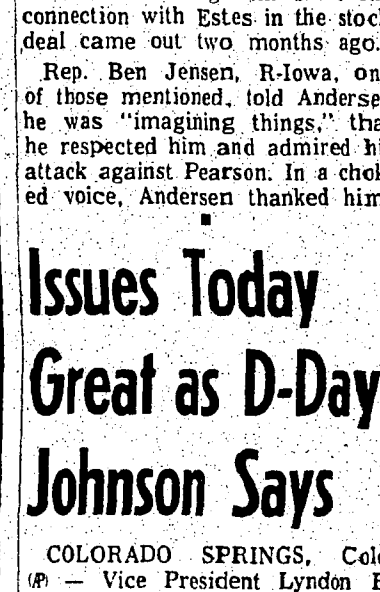

Wet weather was reported in many areas during the night, with severe thunderstorms in sections of the Plains. Tornadoic winds, heavy rain and hail hit some areas.

A HEAVY downpour drenched Goodland, Kan., with amounts reported up to four inches. Some flooding was reported. Hail was reported two to three inches deep in a mile wide strip 10 miles south of Goodland.

A tornado struck northeast of Amarillo, Tex., but no damage was reported. A twister also hit the Polk, Neb., area, about 80 miles west of Omaha, in the wake of a severe thunderstorm.

Showers and thunderstorms continued during the morning from central Wyoming into southeastern Texas. Showers sprinkled areas in West Virginia, western South Carolina, southern New England, North Dakota and Minnesota. Rain fell in the middle Mississippi Valley and showery weather also was reported in parts of the Ohio and Tennessee Valleys, and the Gulf and South Atlantic Coast states.

EARLY MORNING temperatures ranged from 85 in Needles, Calif., to 36 in Rock Springs, Wyo. Readings were in the 60s and 70s in most of the Mississippi Valley and in the 50s and 60s in the Pacific Coast region.

## Father, 5 Children Burn to Death In House Fire

PALMYRA, Pa. (AP) — A father and his five young children burned to death in their home 3 1/2 miles north of this Lebanon county community early today.

Fire officials identified the dead as Charles Franklin Neiswender, 27, and his children, Natalie, 6; Kathleen, 5; Charles, 4; Karl, 3, and Terry, 1.

Neiswender's wife, Peggy, was treated for burns and shock at Lebanon's Good Samaritan Hospital.

She told firemen her husband had told her to jump from a window of the family's five-room, one-story frame cottage and he would take care of the children.

Mrs. Neiswender said she did not see her husband or children again as flames swept the building. She ran to the home of neighbors, who called firemen.

Dr. A. H. Heisey, county coroner, said the father was found with the one-year-old child in his arms. The other four youngsters were lined up behind him, as if he had been trying to lead them to safety.

A neighbor reported hearing an explosion in the Neiswender home.

## State Filings Open June 13

ST. PAUL (AP) — Secretary of State Joseph L. Donovan and the 87 county auditors will receive filings next Wednesday for offices to be filled in the fall general election.

Filings close July 17. The Legislative Reapportionment Act passed in 1959, to become effective this year, changes the place of filing for many legislative candidates.

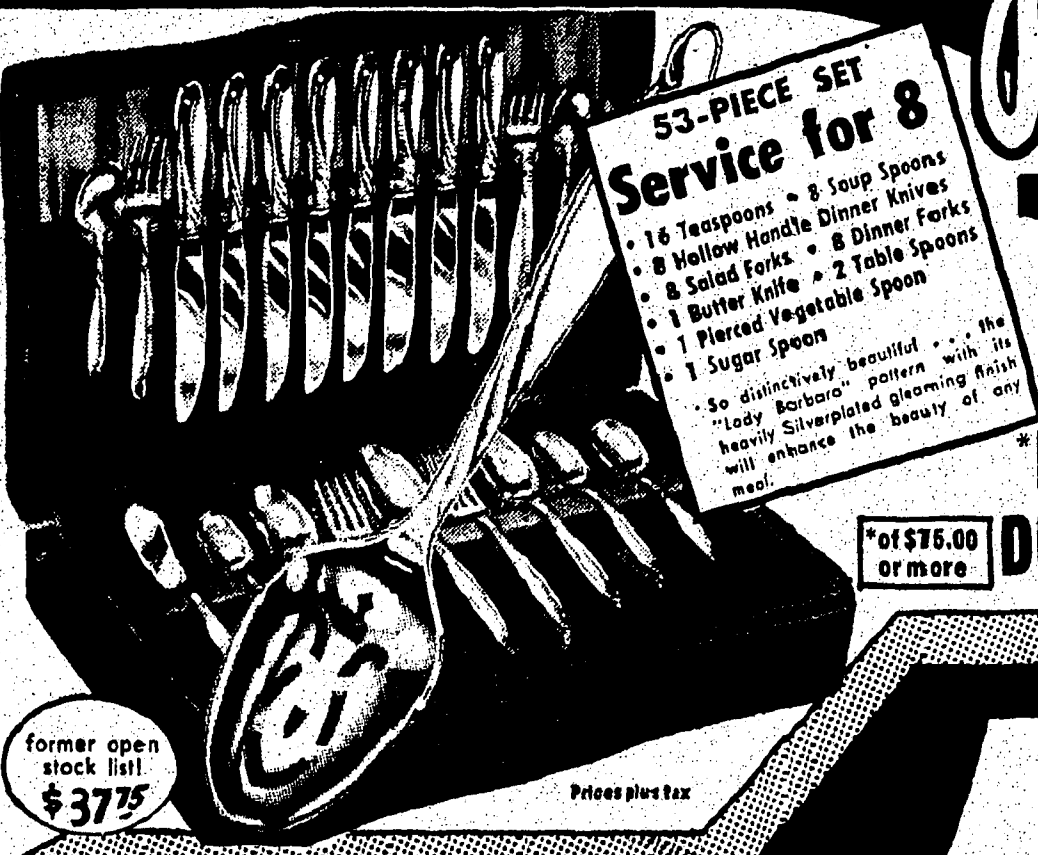

Candidates for the state senate from 31 of the 67 senatorial districts will file in Donovan's office. The remaining 36 districts are each contained in a single county and candidates must file with the county auditor.

## Showers Still In Forecast; Humidity High

The same old story, weather-wise, is contained in predictions for the Winona area tonight and Friday.

Variable cloudiness and occasional showers or thunderstorms tonight and Friday with little change in temperature is predicted. A low of 57-62 is seen for tonight and a high of 68-75 for Friday. Saturday, says the weatherman, will be partly cloudy and no precipitation.

WINONA temperatures rose to 73 Wednesday afternoon, dropped to 59 during the night and rose to 71 at noon today. Predicted showers failed to materialize but generally cloudy weather remained over the area.

The humidity remained high with the maximum figure at the North Central Airlines station at Max Conrad Field 88 percent Wednesday. During the forenoon today the figure ran around the 70 percent mark, high for this time of the year.

A year ago today the city had a high temperature of 78 and a low of 58 with .24 of an inch precipitation. All-time high for June 7 was 93 in 1933 and low for the day 39 in 1935. Mean for the past 24 hours was 66, exactly normal for the day.

Rainfall in the past 24 hours was scattered over the state with 1.02 inches reported at Redwood Falls and .55 at St. Cloud. Elsewhere lesser amounts fell.

Duluth's 48 degrees was the lowest in the state this morning. Rochester posted a Wednesday high of 71 and a low today of 61. At La Crosse readings for the same times were 69 and 57.

Temperatures were on the cool side in WISCONSIN Wednesday as readings varied from daytime high of 76 at Park Falls to an after dark low of 47 at Milwaukee.

Other highs were Wausau 75, Green Bay 73, Madison and Beloit-Rockford 72, Eau Claire 71, and Lone Rock 69, Milwaukee 65 and Superior-Duluth 61.

The Superior area reported a nighttime low of 48, followed by Green Bay and Racine 51, Wausau 53, Park Falls 54, Madison 56, Lone Rock 59 and Beloit-Rockford 60.

THE ONLY precipitation recorded were traces at Milwaukee, Beloit-Rockford and Superior-Duluth.

Presidio, Texas, had Wednesday's national high of 104 while Drummond, Mont., had this morning's low of 24.

## Board Filled At Trempealeau

TREMPEALEAU, Wis. (Special) — At a village board meeting Monday night Gerald Stiefelgug was seated as a member to fill the unexpired term of the late John Reese. The recommendation to seat Stiefelgug was made by Mayor Walter Hanson.

Alcoholic beverage licenses were granted to Burt's Bar, Florence Schwert, Olson's Bar Inc., and Pittenger Service Station, effective for one year beginning June 30.

The board voted to pay the utility \$40 a month for use of the utility building as council room, clerk's office, fire hall and garage.

Roofing the municipal pump-houses was proposed by the utility and property committee and bids will be sought for the work. A motion also was made to purchase a used radar set for use in the village.

New pipe to repair railings at the Main Street intersection will be purchased by the street and road committee. Ed James, committee chairman, recommended installation of culvert on the Hesse's Hill street as a drain for the roadway. Accepting the proposal the board placed the project in charge of the street committee.

Another project put forward by the street committee was the proposed widening of the dam road at its intersection with Highway 93.

A grant of \$15 was voted by the utility board to the Trempealeau Advertising Club for erection of a sign on Highway 35 and 53 advertising Trempealeau as a resort area. Also granted by the utility board was a request by the high school district for three-phase electric power installation.

Bills were read and approved and the meeting adjourned until July 2.

## Gislason Renamed To Recreation Post

Victor Gislason, Winona public schools director of athletics, health and physical education, has been re-elected vice president for physical education of the Minnesota Association for Health, Physical Education and Recreation.

He was one of a slate of officers elected by the association at a recent meeting.

ST. CHARLES SWIMMING — Parents may register pupils for the summer reading or swimming program by contacting the school office immediately. Both classes begin June 18.

LA MOILLE MAN HURT — William Gollersen's sheep shearer, who had sliced the back of his hand and his arm above the wrist Wednesday afternoon, his son, George took him to Winona General Hospital where he remained until this morning.

**CAR SAFETY CHECK, ANYONE?** — Nearly 200 cars passed through a free car safety check on Main Street between 5th and Broadway this morning. The two-day program is sponsored by the Automobile Club of Winona with assistance from the safety committee of the Winona Post Office. Owners of cars that pass the check will

receive a free sticker that may be placed in the lower left corner of the windshield. Cars may be checked from 8 a.m. to noon and from 1-5 p.m. Friday. Patrolman Herbert R. Kanthack is seen here assisting with traffic control. (Daily News photo)

## Teenage Driving Contest Slated For St. Charles

ST. CHARLES, Minn. (Special) — Winning drivers from all over Minnesota will be here June 17 for the 11th annual state Teen-Age Safe Driving Road-oo.

Winner of the event will receive an expense-paid trip to the national finals in Washington, D. C., Aug. 9. The Pure Oil Co. will award a \$500 scholarship or U.S. Savings Bond.

Host organization is the St. Charles Area Junior Chamber of Commerce.

Sen. J. R. Keller, Winona, will be the featured speaker at the awards banquet at the consolidated school cafeteria at 7 p.m.

Judging will be in three categories: A written test, skill course driving test and a road driving test. Judges will be personnel from the state Highway Patrol and the driver licensing division of the Highway Department.

Sponsors of the event are the Minnesota Junior Chamber of Commerce, the Pure Oil Co., the Insurance Institute for Highway Safety and the O & J Motor Co., St. Charles.

## Cooking School Schedule Changed At Spring Grove

SPRING GROVE, Minn. (Special) — The Houston County Dairy Day cooking school at the school auditorium here will be at 10 a.m. Saturday only instead of 10 a.m. and 4 p.m. as previously announced.

The change was made because of a crowded afternoon program schedule. The school will be conducted by Bertha Lage, St. Paul, home economist for General Electric.

The 1962 Houston County Dairy Princess and two attendants will be crowned at a banquet Saturday evening at Spring Grove High School.

Other features of Dairy Day will be dairy stands with free lunches, registration for gifts and a parade in the afternoon.

The Saturday event will be preceded by a local contest Friday evening to choose Spring Grove's entries.

## River Patrol Boat Committee to Meet

A committee that plans to buy a river patrol boat for Sheriff George L. Port for donation to Winona County next month plans to meet within a week.

Representing contributors to the boat fund are Robert Stoffen, committee chairman, and A. M. Oskamp Sr. Other members are Sheriff Port, County Attorney S. A. Sawyer and County Commissioner Leonard J. Merchewitz, 1st District, all of Winona.

# 700 Expected for WWI Vets Meeting

The advance guard of an expected 700 delegates to the state convention of Veterans of World War I will begin arriving here Friday, according to Ambrose Madigan, 303 W. 3rd St., general convention chairman.

Sessions will be Saturday and Sunday at Senior High School auditorium highlighted, by addresses by state officials and department officers. Registrations Friday will be from 4 to 8 p.m. at Hotel Winona, convention headquarters, and will continue Saturday and Sunday, 8 a.m. to 3 p.m., at the school auditorium.

A JOINT memorial service honoring 165 WWI members and seven Auxiliary, who have died the past year, will be conducted at the high school auditorium Saturday at 3:30 p.m. Department Commander Victor B. Wiberg,

## 11 Share Cash In Prizewords

Eleven persons submitted correct entries in this week's Sunday News Prizewords contest and will share equally in the \$250 prize money.

One of the clues for the puzzle was omitted inadvertently. Because of the error, all entries were credited with a correct answer for the word without a clue.

Checks for \$23.75 are being mailed to all winners and a list of successful players will appear on the Prizewords page in the magazine section of the Sunday News.

The prize for next week's contest will be \$50 with \$10 added each week there is no correct solution received.

## X-Ray Service Days Reduced

X-ray service in the city health department will be reduced to three afternoons beginning next week.

Mrs. Mary Crane, nursing supervisor, said that nurses now have been assigned to the City Hall operation and the staff has been reduced to three, including herself, by resignations. There are two vacancies.

Reducing the service to three afternoons a week will make more efficient use of the nurses' time, she said.

The free service for county residents will be available from 1 to 5 p.m. Monday, Wednesday and Friday.

## Contents of Bottle Analyzed in Death Of Whitehall Woman

WHITEHALL, Wis. (Special) — The cleaning fluid in the bottle used by Mrs. Tim Bergum when she was fatally burned Friday was not the bottle's original contents.

Merlin Schultz, La Crosse, manager of the state division of petroleum products inspection, has found that the bottle had apparently been refilled by Mrs. Bergum from containers of other flammable liquids. Friday's flames resulted from the combination of those liquids used for cleaning.

The Trempealeau County sheriff's department and Whitehall Fire Chief Louis Boehm had contents of the bottle analyzed to ascertain that the original fluid was not flammable as advertised and to warn others of the danger of using flammable liquids for cleaning.

## BLAIR PAPER DRIVE

BLAIR, Wis. (Special) — Blair Boy Scout Troop 52 will have another paper collection Saturday. Discarded papers should be securely tied and left on curbs. Last weekend 20 Scouts took "A Like into History" at Wyalusing State Park, Prairie Du Chien.

A 1954 graduate of Lincoln High School, he will study earth sciences the next three summers. Ehlers is completing his third year in the Bloomington system, and in 1960 participated in an NSF institute at Macalester College, St. Paul.

## ARNOLD RINGSTAD, East

Grand Forks, state Veterans of Foreign Wars commander, and Harold Thiewes, Winona, American Legion department senior vice commander, will be among the banquet guests. State officials attending will include Robert Hanson, commissioner, department of veterans affairs, and Walter Carlson, state veterans employment representative.

Sunday business sessions will begin at 9 a.m. Committee reports will be completed and officers elected before the 12 noon recess. If established succession practices prevail, the new department commander will be Gilbert Jorve, St. Paul, present senior vice commander. Campaigns organizing on the floor could produce a different result, Madigan said, but this is thought unlikely to occur.

Joint installation of officers is scheduled for 1:30 p.m. Sunday and adjournment time is 3 p.m.

Minneapolis, and Department Auxiliary President Mrs. Harriet Janashak, St. Paul, will appear on the program. The memorial address will be given by the Rev. A. L. Rustad, Faribault, department chaplain.

Attendance at the banquet Saturday at 6:30 p.m. at the Cathedral of the Sacred Heart is expected to exceed 400. Judge Leo F. Murphy, member of the local WWI barracks, will be master of ceremonies.

Responding to the city's official welcome by Mayor R. K. Ellings will be Commander Wiberg and Mrs. Janashak. John E. Erickson, Minneapolis, past national commander, will present the national WWI commander, John Basch, Norfolk, Va., who was invited but sent word he cannot attend.

Mrs. Janashak, department Auxiliary president, will represent the national president, Mrs. Ora R. Alden, Tacoma, Wash.

## Publication of Expenses Aired At Blair Council

BLAIR, Wis. (Special) — Monday night's meeting of the Blair Press asked the acting clerk, Mrs. Ray Nereg, to read an informal opinion by State Attorney General John Reynolds holding that "a statement of expenditures should be included in the proceedings of common councils."

THE OPINION further held that a statement saying "claims in the aggregate of \$25,000 were approved" tells the voter nothing and is not an intelligible abstract of what occurred within the meaning of the law.

Councilmen agreed informally to postpone a decision on the matter until the July meeting. Mayor W. H. Melby said an attorney general's "informal" opinion need not be considered binding.

It had been the council's practice to publish monthly lists of expenditures until six or seven years ago when councilmen were advised this was not necessary.

The council approved a contract for \$1,360 with Earl Furgeson, West Salem, for removal of trees, stumps and debris and straightening of Tappen Coulee Creek from the County Highway S bridge downstream through the city.

Furgeson, who bid against three other contractors, said work will start the week of July 11.

COUNCILMEN agreed to pay part of the cost of a portable pump for the volunteer fire department. The purchase will depend on whether Preston Town agrees to share the \$400 cost.

The park committee was authorized to assist Legionnaires in readying the swimming pool for opening.

A permit authorizing V. A. Peterson to remodel a porch was issued and the city clerk was authorized to attend a state meeting of clerks and finance officers at Rhinelander June 27-29.

## Lake Citian Receives NSF Summer Grant

LAKE CITY, Minn. (Special) — Fred Ehlers Jr., son of Mr. and Mrs. Fred Ehlers Sr., Lake City, instructor in science at Portland Junior High School, Bloomington, has been named to attend a National Science Foundation institute for eight weeks this summer at the University of Colorado, Boulder, Colo.

A 1954 graduate of Lincoln High School, he will study earth sciences the next three summers.

Ehlers is completing his third year in the Bloomington system, and in 1960 participated in an NSF institute at Macalester College, St. Paul.

## Court Upholds Verdict on Deer Island

MADISON, Wis. — A Pepin County Circuit Court decision in a dispute over ownership of a lot at Deer Island in the Town of Pepin this week was upheld by the Wisconsin Supreme Court.

The ruling sustained a claim by Harold Smith, an Eau Claire soil conservationist, that he was entitled to the property because he had held it for more than 20 years and had made improvements on it.

His right to the tract was disputed by two Plainview, Minn., lawyers, Alfred A. Burkhardt and Robert Dunlap, who bought several parcels of land at Deer Island 10 years ago. Burkhardt and Dunlap say that Smith is obstructing use of 80 feet of lakefront property which they claim originally was intended as a street.

At the conclusion of the Pepin County Circuit Court hearing, Judge Robert G. Varnum held that the parcel "obviously" was not a street and that Smith was the only person ever to occupy it.

The Supreme Court sustained the lower court in a decision noting that Smith had cultivated and improved the land and that "possession indicated by various acts indicating ownership, which taken as a whole constituted continuous use of the lot for more than 20 years."

Smith was represented by Lavern Kostner, Arcadia, Wis., and Pat Motley, Alma, Wis., and Burkhardt and Dunlap by Francis J. Wilcox, Eau Claire.

## Viroqua Man Committed for Threat to Wife

SOLDIERS GROVE, Wis. (AP) — A 23-year-old Viroqua man accused of threatening his estranged wife and a taxi driver with a butcher knife was ordered committed to the state hospital at Mendota Tuesday for observation.

Crawford County authorities said that Tony Bolen had threatened his wife and a cab driver, Laverne Samuelson, originally hired in Viroqua.

The sheriff's office gave this account: Bolen forced Samuelson to drive early Tuesday to Soldiers Grove, where Mrs. Bolen was staying with her parents. Bolen forced his wife into the cab and ordered Samuelson to drive into the county.

About four miles from Soldiers Grove, Mrs. Bolen and Samuelson were forced from the cab and threatened. Bolen swung the knife at his wife, cutting some of her hair. Samuelson then tackled Bolen, disarming him, and Mrs. Bolen ran to a nearby house and called the sheriff's office.

Johnson to Seek Re-election to Assembly Post

MONDOVI, Wis. — Assemblyman Robert L. Johnson, Republican, will seek re-election to the state assembly representing Buffalo, Pepin and Pierce counties, he announced this week.

Johnson said if Democrats control legislative redistricting, they will gerrymander the districts to give control to urban Milwaukee and southeastern areas.

Johnson had been a candidate for Congress from the 9th district but withdrew at Saturday's Republican district convention in Eau Claire and seconded the nomination of Dennis B. Danielson, Eau Claire attorney. Danielson was endorsed by the convention.

As an assemblyman, Johnson was a member of a joint committee meeting with Minnesota legislators to iron out withholding tax problems of Wisconsin people working in Minnesota and vice versa. Johnson, 34, is a dairy farmer.

## Judge Cahill New Chief of District

District Judge John F. Cahill, Waseca, has been elected chief judge of the 11-county 3rd Judicial District in Southern Minnesota succeeding Judge Leo F. Murphy, Winona.

Judge Murphy was named secretary at a meeting of the District judges here Tuesday.

Included in the district are the counties of Winona, Steele, Rice, Waseca, Dodge, Mower, Freeborn, Fillmore, Olmsted, Wabasha and Houston.

## CHURCH DIPLOMATS

NEW YORK (AP) — The United Presbyterian Church has opened a special "International Affairs" office near the United Nations headquarters.

A HIT ABROAD — The off-Broadway musical "The Fantasticks" continues hit progress abroad.

The show, already produced in London, Mexico City, Johannesburg and Stockholm is set for seven further foreign companies — in Belgrade, Tel Aviv, Buenos Aires, Oslo, Copenhagen, Gothenburg and Helsingborg, Sweden.

Catholic Institute Asked:

# What About Tax-Free Property Increase?

Is tax-free church property a burden or a blessing to a nation? The Rev. Armin Deye, pastor, St. Martin's Lutheran Church and director of public relations of the Minnesota District of the Lutheran Missouri Synod, posed this question Wednesday night at St. Mary's College during a two-day conference on Catholic public relations and communication.

"I AM certain that the citizens of our country of all faiths are grateful to the government of our country for recognizing the worth of the church to her citizens and indirectly to the government by permitting church property to be tax-free," Pastor Deye told the conference in the college's Student Union.

"One hears with increased frequency concern about the amount of tax-free property, which places an ever greater burden on the citizenry. We may well take a backward glance at other countries where the amount of tax-free church-owned property was such that the public was asking whether the church was a burden or a blessing to the country."

"This is not primarily directed at the Roman Catholic Church, but to all of us as well."

"Can we stretch our imagination to the reaction of the public, both church and unchurch, if the churches of America would voluntarily offer to pay taxes on their property?"

PASTOR DEYE, who discussed "As Others See Us," commended St. Mary's College for attracting not only Chicago area students but local ones as well. He expressed gratitude to the conference's program committee for having included his talk on the agenda and said his purpose was to present constructive comment.

The speaker discussed Catholic spokesmen in radio and television programs. He commended Bishop Fulton J. Sheen for having left an indelible impression in one broadcast.

"I will never forget one particular broadcast by Bishop Sheen whose address began something like this:

"If I were to tell you that I would preach next Sunday's sermon while standing on my head, I could very likely increase my audience by a big percentage. But if I were to tell you that I will preach about Jesus Christ, as I am going to do, my audience will probably remain about the same."

Pastor Deye said: "MY PERSONAL opinion is that your radio broadcasts are much more effective than your presentations on TV. Merely to see scenes of the church and the audience with a narrator telling what is going on leaves me cold. To me it's about like listening to a commentator telling about a baseball game in comparison with seeing it personally. May I repeat, this is my personal opinion."

The speaker cited kindnesses on the part of his Catholic friends and neighbors.

"In Rochester it was my Roman Catholic neighbor who objected most strenuously to our moving away from that city to St. Paul."

"We do admire the consecration of your people attending your church services. Arising early in the morning, many not hindered by rain, they trudge on their way to church usually carrying their missals."

PASTOR DEYE cited the energy and fearlessness of the nation's first Catholic President. But he added of President Kennedy:

"We can well understand that a man in such a public and official position is at times going to be faced with a difficult decision that may be in conflict with the official position of his church. I believe that there is a great deal of resentment whenever a church attempts to 'use' her members in such positions to attain her goals. We can also understand that the church feels that loyalty to the church should cause an individual to act in the interest of such attainments. There must be consideration on the part of both parties."

Pastor Deye urged all Christians, Catholic and Protestant, "to look at ourselves honestly and objectively, correct that which needs correction and continue in the things that are to our credit."

Pastor Deye was introduced by Brother Justin Anthony, FSC, director of counseling, St. Mary's College.

GOOD PRESS relations cannot be measured by the space a newspaper devotes to an institution, the Rev. Msgr. James P. Shannon, president, College of St. Thomas, St. Paul, said in an address that opened the conference Wednesday afternoon. He discussed "The Public Image of the Church."

Msgr. Shannon said it would be erroneous for a college to consider as a public achievement a newspaper photo showing two cords from the South throwing snowballs on a northern campus. Such a photo conveys nothing about the college, he said.

Good public relations sells the institution and shows the quality of the product, Msgr. Shannon said. He said public relations people should be willing to accept an occasional setback and should realize they cannot get a good press all the time.

"YOU HAVE to pick your enemies," he said.

By that he meant it is impossible to please everyone with a public

**PUBLIC RELATIONS CONFERENCE** ... A two-day regional conference on Catholic public relations and communication ended this afternoon at St. Mary's College. Left to right, Donald Leyden, assistant to the president for alumni and public relations, College of St. Thomas, St. Paul; Brother Hubert Gerard, FSC, national director of public relations for the Christian Brothers who planned the conference, and the Rt. Rev. Msgr. James P. Shannon, president of the College of St. Thomas. (Daily News photo)

relations program. The public is actually made up of many publics or groups. It is to be expected that some publics will not be won over by a public relations program, he said.

Msgr. Shannon said public relations people should have the courage of their convictions and should be able to stand their ground in the face of criticism.

However, he urged that the institution being promoted should be of high caliber. Then such an institution could be sold via public relations.

CITING VIRTUES for public relations people, Msgr. Shannon listed patience, kindness and above all, courage.

He said misconceptions about the Catholic Church are still believed by some persons. Such persons believe America faces not only the danger of communism but also of Catholicism, and that Catholicism is the greater danger.

To illustrate the spiritual basis of Catholic public relations, the speaker cited Christ's instruction to the church to be an instrument of grace in trying to spread God's kingdom on earth.

Msgr. Shannon was introduced by the Rt. Rev. Msgr. D. D. Tierney, editor of the Courier and director of the Bureau of Information for the Diocese of Winona.

MSGR. TIERNEY welcomed the 58 persons who attended the conference. They consisted of priests, brothers, sisters and laymen from Iowa, Minnesota, Wisconsin and North Dakota. Msgr. Tierney introduced Brother I. Basil, FSC, St. Mary's president, who also welcomed conferees.

"Press Relations: News and Photography" was discussed by Adolph Bremer, city editor, Winona Daily and Sunday News, following Msgr. Shannon's talk.

Bremer said that the press is fundamental to a public relations program and outlined what newspapers want and how they want it. Schools and other institutions will be confronted by the press at one time or another, he said, and it's advisable for them to take the initiative and cooperate in whatever way possible.

Bremer was introduced by Patrick Whelan, associate editor, Times-Review, La Crosse.

## Dinner of the Year For Duke, Duchess

By EARL WILSON  
NEW YORK — I smelled the Dinner of the Year the other night... that was as close as I could get to it.  
Behind the drawn red curtains of the famous Colony Restaurant, Jimmy Donahue, Barbara Hutton's cousin, flung a black-tie sit-down for 34 other poor people saying "Toodley-oo" to Europe-bound Duke and Duchess of Windsor.

"They're eating caviar like it was beans," was the first flash I got from behind the red curtain.  
My B. W. and I, happening to be dining there, sneaked several peeks at the richly laid-out back-room, and sniffed as much as we could. Morton Downey, the Bobby Sarnoffs, the Tex McCrarys, David Merrick, and others in the front room evidently hadn't been invited either. (We exchanged glances with them but naturally that was all we exchanged.)

"Caviar and vodka for openers — 10 bucks before you really start eating," some expert explained.  
Then: Cold green turtle soup, soft shell crabs meuniere, roast baby pheasant on canape de foie gras, wild rice, asparagus, salad, Donahue (endive and water cress), cheese, lemon ice with strawberries, petit-fours and coffee... oh yes, and for wines: Montrachet '55, Chateau Mouton Rothschild '55 and Dom Perignon Champagne '52 (\$18).

Normal tab for this: \$50 without the vino. And for 34 plus tips... Some depression we're in, hey!

RICA DIALINA, the former "Miss Greece," came to N. Y. (after living in Pittsburgh a while) to get into American movies after making 18 pictures at home—but she feels she should go back to Greece. "One producer turned me down for a part because he said I was so much better than the boy. Another one turned me down because he said I was too pretty for the other girls," Miss Dialina, who knows they may have been spoofing, kids them right back. "Maybe," she recently told Elia Kazan, who's encouraged her, "I should go back to Greece where everybody's better and prettier than I am—and I can get lots of work."

President Kennedy's plain, vivid speaking about an unfriendly newspaper would make his remarks about Big Business sound meek... Marlon Brando confided in Hollywood he wanted to give up movies and go into the stock market. Is that what caused the Wall St. dive? ... Bob Hope's son Tony, bound for Harvard Law next year, told Tools Shor: "Let's face it," Bing Crosby has three children under five." ... Susan Strasberg was reported "secretly married" in Europe. ## Marilyn Tired And So are Her Producers

HOLLYWOOD (AP) — Marilyn Monroe says she's sick and her producers say they're sick and tired.  
Marilyn, complaining of a virus, showed up only once in the first 15 days of shooting on "Something's Got to Give."

"Even when she does show up," said a high front-office source at 20th Century-Fox, "she isn't prepared for her role. She comes late and leaves early."  
The studio source, who asked anonymously, hinted Wednesday that producers are ready to look for a replacement—possibly Kim Novak.

"Something has to be done with these unprofessional people," the source said. "We have to sit down on them or else forget about the industry. They're ruining it." He said Marilyn's absenteeism has already cost the studio \$2 million.

Said Harry Weinstein, producer of her current film: "There had to be an agonizing reappraisal of the situation. We have to decide whether Marilyn can recover in time to continue with production and if the studio can stand further delays."

To which the front-office source said: "Recover from what?"  
"There would not have been delays if there had been a completed script," Marilyn's spokesman said.

But to this the studio source replied: "There was a completed script, but Marilyn insisted on rewriting it every night."  
One of the few unconcerned people at the studio is co-star Dean Martin, who is calling himself "the highest paid golfer in history."

they thought she was married to cause he had the same name was —her brother... Billy Rose—getting the Ziegfeld Theater back in the fall—hopes to have Danny Kaye doing a one-man show there.

OUR COUNTRY cousin Earl Tucker, of Thomasville, Alabama, says:  
"Everybody should have someone who will listen attentively to all the little details of their aches and pains. Such a person is powerfully hard to find and once you find one, stay with him. There is nothing worse than spending an hour telling somebody all about your ailments, knowing all the time that they aren't really listening. You might as well be telling your troubles to a post or tree for all the good it's doing."

**Wunderlich Honored**  
A life membership card in the Tri-State Hunting Dog Association was presented to Bill Wunderlich by Ralph Boalt at the banquet of the club held in connection with last week's national event. Billy, in dark jacket, is the fifth person to be so honored by the 25-year-old retriever club. Boalt received the first one a number of years back.

Wunderlich, former Winona now manager of a large Twin Cities kennel and handler of some of the top retrievers in the nation including those of Mrs. Grace Lambert, Princeton, N.J., won the open-all-age stake here. It was the first appearance here of Canadian Field Champion Duxback Scooter, the rumored "\$100,000" Black Labrador of the Lambert string.

Bill grew up with St. Louis Kennel dogs, or Boalt's dogs here, and through the years has gained international honors in the retriever field. He has won the national, handled the top dogs of the nation, and is known in this sport as a tough, clean and efficient trainer who gets results.

Incidentally, Winona is going to have its third big trial of the spring season. The Minnesota championship event, in which top state retrievers are selected, will be held on Prairie Island July 7 and 8. The Tri-State club will be the sponsoring organization. There are only two stakes in this event—the open-all-age and derby stakes.

Detailed plans for this trial will be outlined to club members at a meeting this evening at the home of Jerry Fells, 4080 9th St., Goodview.

**Bass Opening**  
The largemouth and small-mouth bass season for inland waters of Minnesota opens Saturday. This includes such waters, locally as Lake Winona, Root and Zumbro Rivers, and, of course, all other waters not now open.

The Mississippi River zone season, between the railroad tracks on each side of the river, opened for bass the same time as the general fishing season or April 28. River fishermen have had the right to take bass legally for more than a month.

In Wisconsin, bass fishing in the northern zone also opens on Saturday. This zone is that part of the state north of Highway 64. The southern zone or the area south of this highway opened April 28, the same time as the river zone.

Minnesota has a daily limit of six a day while that of Wisconsin is five a day, which incidentally is the boundary water limit between Minnesota and Wisconsin. The difference is that in Wisconsin small and largemouth are considered separate species, and a fisherman may take five each a day, but in Minnesota a bass is a bass, and it is six a day. The river zone limit is five a day in the aggregate.

**Dock Don'ts**  
Many boating accidents occur at the dock and are a result of carelessness. With summer just around the corner, here is a list of dockside do's and don'ts to prevent avoidable injuries:

Should you be transferring a block of ice with tongs, be sure the gripping ends don't slip, or the ice will fall, possibly on your foot.

When stepping from the boat onto a wet dock, tend to your footing and keep your arms and hands free. Disembarking with your hands full can lead to a serious fall, if not a plunge into the water.

**When BACKACHE Makes Your Life Miserable...**  
Take DeWitt's Pills to relieve such trouble, often caused by sluggish kidneys. DeWitt's Pills increase kidney activity to flush out waste from the system. The result is relief from backache, and bladder irritations, rheumatism at night, nervous pains. DeWitt's doesn't divert action, plus mild analgesic relief, often needed to active life with freedom from pain.

## Humphrey Offers 4-Point Program To State Bankers

MINNEAPOLIS (AP) — A four-point economics program was presented by Sen. Hubert H. Humphrey, D-Minn., to the Minnesota Bankers' Association convention Wednesday.

The four recommendations:  
1. A firm commitment by government — and private industry — that unemployment will be reduced to not more than four per cent of the work force.

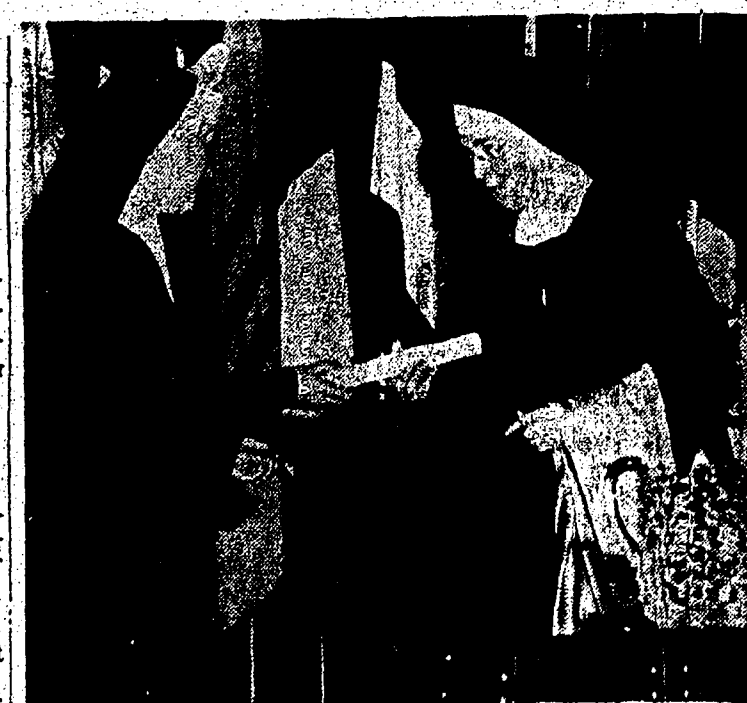

2. A stepped up public works program placed in operation at once.

3. An effort to boost exports through a massive overseas selling program. This requires immediate approval of the President's foreign trade expansion act.

4. Need for a decision on taxes. The investment tax credit provision of the present program must be enacted by Congress at once, but more is needed. Recommends tax cuts of between two and four percentage points on corporate income and two percentage points on individual income.

Humphrey said he is not attempting to advise industry or private business what to do, adding that that is their responsibility.

"But, as a United States senator and as an independent member of the administration team in Washington," Humphrey added, "I can and do urge new action by the government to help strengthen the economy."

**TERESAN SISTER HONORED**... Sister M. Emmanuel, OSF, right, vice president and dean of the College of Saint Teresa, is shown receiving honorary doctor of letter degree from Sister M. Renata, CSC, president, St. Mary's College, Notre Dame, Ind., at St. Mary's commencement. St. Mary's commended Sister Emmanuel's work as an educator, administrator and board member of four national educational organizations.

## Registration Open For Day Camping

Opportunities for day camping enthusiasts in the 9-12 age bracket still are open, according to the Park-Recreation Board office, with several camping periods still short of peak registration.  
The first five-day period starts Monday at 1 p.m. and continues daily through Friday. Campers

meet at City Hall at the starting hour and are transported to Holzinger Lodge on the south shore of Lake Winona, where sessions are held. The youngsters are returned by bus at 5 p.m. to City Hall each day.

Ronald Buck, Minnesota City, will be in charge of programs which include crafts, hiking, nature study and outdoor cooking. Milk is furnished and the fee is \$1.50 per camper. Registrations are made at the Park-Recreation office in City Hall.

## The Deeper Blame May Lie With Parents

FOUR HIGH SCHOOL boys, riding in a car that belonged to the father of one of them, sped over the crest of a sharp hill on a four-lane highway near Memphis. Rocketing at a speed said by a highway patrolman to have been more than 100 miles an hour, the car went out of control and crushed the four occupants to death.

The officers and ambulance men said it was the worst wreck they had ever seen. They said the driver had evidently slammed on the brakes, whereupon the car went out of control and crashed into the side of a truck. It took hours to establish the identity of the four crumpled bodies.

Who was to blame in this tragedy that snuffed out the lives of four boys at 2:30 a.m.? Why were they at this spot 30 miles from home at such an hour? The driver was partly to blame; so were his companions if, as seems likely, they urged him on.

But, the blame, in such cases, generally goes deeper. Without knowing exactly what the circumstances were in this instance, one can suggest that the tragedy in which those four boys played the grim leading roles was like many another. Often parental indulgence, or at any rate too little parental supervision, must share the blame. Nor is society as a whole blameless, since it permits school age children to drive cars with scarcely any special restriction. Who was to blame for those four deaths? To some extent, all of us were.

TONIGHT IS Commencement at Winona Senior High School. All of us pray that no such tragedy will occur here.

## County Board Moves On River Patrol Boat

THE WINONA COUNTY Board of Commissioners is to be commended for its cooperation with a citizens committee which will soon buy a river patrol boat for use by Sheriff George L. Fort.

Although the county board has not yet officially acted on the boat proposal, it did indicate that it will accept the donated boat at the board's July meeting. Under the plan, the boat won't cost the county taxpayers anything. Money raised by contributors to a private fund drive conducted by this newspaper and KWNQ would cover the full cost of the equipped boat. The boat would be operated from funds the county has received from the state for this purpose.

A WATER SAFETY patrol is needed on the river to assure that our fine recreational facilities may be safely enjoyed by residents and tourists alike.

## Sen. Byrd Again Warns Of Excessive Debt

SEN. HARRY F. BYRD of Virginia, frequently called "the watchdog of the U. S. Treasury," has repeatedly warned that the federal debt is excessive and dangerous.

Now he has done it again—with lusty emphasis. In a statement presented on the floor of the Senate the other day, he estimated all obligations and commitments of the government at \$1 and 1/4 trillion which is about 12 thousand billions of dollars.

Even this, he says, is far from a complete statement of this country's actual and potential obligations because untold billions in commitments for FUTURE spending cannot be calculated.

URGENT NEED for his study was made clear in January, said the Virginia senator, when it became known that the Kennedy administration planned to ask for legislation raising the statutory federal debt limit to \$308 billion. (Byrd is a Democrat).

Although a substantial part of the debt is secured by real assets in various trust funds, the handwriting is there. It spells out nine federal deficits in the last 15 years, a debt rise of \$28 billion (by actual budget bookkeeping) and a push to raise the present \$300 billion debt ceiling to \$308 billion.

Dull figures, maybe, and certainly not enough to arouse the Virginia senator's colleagues when they approved a public works spending bill that would allow the President to shell out \$1.5 billion, mostly in vote-conscious big city areas, to combat any evidence of recession.

AND SO IT GOES in an era of high prosperity and record employment, joyfully proclaimed the other day by Secretary of Labor Goldberg.

But debt and deficit at the pace concerning Sen. Byrd do not make for greatness but for downgrading. Nobody wants to wind up second best.

## Try and Stop Me

By BENNETT CHERP

A tough teacher asked her third grade class to write a sentence beginning with the word "THAN." All but one of the kids was stymied. (Wouldn't YOU be?) The resourceful one's sentence read "THAN is a word with four letters."

Now if Christ be preached that he rose from the dead, how say some of you that there is no resurrection of the dead? 1 Cor. 15:12.

## Washington Calling

## China Fails to Explain Famine

By MARQUIS CHILDS

WASHINGTON—As though from a conspiracy of silence the thousands upon thousands of words printed on the explosion of refugees on the Hong Kong border have rarely mentioned Red China's greatest failure—the failure that as much as anything else explains the hunger and the push behind the exodus.

In 1955 the Chinese Communists launched a large-scale campaign for birth control. This required, as the Population Reference Bureau pointed out at the time, some ideological contortions, since the doctrine of Marx rejects the whole philosophy of the need to restrict the growth of population if famine and war are not to be the inevitable result of natural increase. In the Marxian doctrine birth control is a bourgeois device to cloak the inability of capitalism to produce plenty.

The Chinese effort with the active support of Chou En-lai went all out. The best evidence is that it failed to make any appreciable dent on China's teeming fertility. And if only because the ruling clique in Peking could not acknowledge failure, it was called off and even put into reverse after a year or two. At the same time, however, birth-control information is made available and there is an effort to discourage early marriage.

But the staggering fact that outweighs all other considerations is China's continuing surge of population. It must be a guess but the experts estimate that it is between 12,000,000 and 16,000,000 a year. The very effectiveness of Communist measures to eliminate insect and other pests and to increase cleanliness is believed to have reduced the death rate and thereby has boosted the net growth in recent years.

IN PAST CENTURIES the terrible scourge of famine put a brake on this increase. Today with tight centralized control by totalitarian techniques food is severely rationed throughout the great Chinese land mass. All, or nearly all, are hungry but, it reports out of China have any value, few if any are starving.

The population upsurge in Asia, Latin America and Africa is like a spectre present at every conference on foreign aid. It threatens to nullify the billions of dollars that the United States is pouring into the effort to raise the level of development in these areas.

In India the government is making a serious attempt to curb the population increase. But the effort is on too small a scale to be effective. Robert C. Cook, president of the Population Reference Bureau, pointed out at the time of Prime Minister Nehru's visit here last November when aid to India was very much to the fore.

THE WARNING signs are glaringly evident. In 1959 the Indian government released a report on the food crisis and the steps to meet it, sponsored by the Ford Foundation. With another 40,000,000 to 45,000,000 added to the population in five years the yearly increase in the food supply of two percent was too small. By 1965-66 there would be a shortage of 28,000,000 tons.

Even if surpluses elsewhere—as in the United States—could be used to make up part of the deficit, the task of transporting grain in this volume would be all but impossible. It would take at least 2,500 freighters of 10,000 tons capacity, and docking facilities in Indian ports are simply not available on that scale.

## THE WASHINGTON MERRY-GO-ROUND

## Pro-Nazi War Criminals Being Harbored in U.S.

By DREW PEARSON

WASHINGTON (AP)—Now that Adolf Eichmann has paid the penalty for his mass murders, the Kennedy administration should scrutinize the status of certain Europeans who have surreptitiously come to the United States despite the fact that they are charged with war crimes against religious minorities.

The American people recently set a new milestone in wiping out religious prejudice by electing the first Catholic in American history as President of the United States. The President's brother, Robert F. Kennedy, is now in a position as attorney general where he can punish or at least deport those charged with religious intolerance.

There are at least three such exiles in the United States and this column will undertake to name them.

Foremost on the list is Andrija Artukovic, now living near Long Beach, Calif., who, as minister of the interior for the Nazi state of Croatia during the war, has been charged as a war criminal by the Yugoslav government.

After Hitler invaded Yugoslavia he set up the "independent state of Croatia" for the purpose of splitting the old kingdom of the Serbs, Croats, and Slovenes and stirring up as much antagonism as possible between them. In charge of police matters and the religious and racial "purging" of Croatia was Dr. Artukovic, minister of the interior.

In 1941, Adolf Eichmann sent Capt. Franz Abromeit, a so-called "specialist in Jewish affairs," to Zagreb, Croatia, to speed up the liquidation not only of Jews but the Serbs, who are Orthodox.

The Yugoslav government has now charged that Artukovic was responsible for the murder of approximately 600,000 Serbs, Jews, and Gypsies, who were liquidated before the Allied armies pushed into the Balkans at the end of the war.

According to the records of the Yugoslav government, Artukovic set up a "central office for Jewish affairs," headed by Dr. Vilko Kinel, which in turn operated concentration camps in Laborgrad, Djakovac, Tenje, Jasenovac, Pag, Skara, Grastiska, Danica, Jadovono, Krusica.

The regulations issued by Artukovic parallel almost word for word the decrees issued by Himmler under Adolf Hitler and carried out by Eichmann.

On April 30, 1941, only 20 days after the Independent State of Croatia was formed, Artukovic proclaimed "the decree on racial affiliation," which stated that persons were considered Jews.

On the same day, April 30, another decree was issued "at the proposal of the Minister of Interior Artukovic on 'the protection of Aryan blood and the honor of the Croatian people.'"

Again, on May 6, 1941, Artukovic signed a "regulation forbidding the employment of women in non-Aryan homes."

On June 4, 1941, Artukovic signed "the regulation of the organization and competence of the racial-political commission."

The tasks of this commission paralleled the decree set up in Nazi Germany, and were as follows:

"To elaborate proposals and drafts relating to racial biology, racial policy, racial hygiene and eugenics."

The purge of the Jewish people was moving in high gear both in Germany, Rumania and Yugoslavia at this time, and on the same day, June 4, Artukovic signed "the regulation on changing Jewish last names and identification signs for Jews."

This specified that "persons of the Jewish race are not permitted to wear the Croatian national colors and Aryan emblems. . . . Persons of the Jewish race over the age of 14 must wear signs identifying them as Jews, in the form of round tin plates, when outside their homes. This sign must be worn so that it can be

How Alcohol  
Anonymous Operates  
To the Editor:

Believing that more men and women would try AA if they knew more about it, we submit the following:

The only thing that brings AA members together is a desire to quit drinking. Generally they meet once a week, in some business place or in a church, or in one of their homes. Some groups have a talk by an ex-drinker or outside speaker about alcohol, followed by panel discussion. Other groups have round table talk—there is no set pattern that has to be followed.

Likewise, there are no formalities to being a member. If you go to meetings, you're a member—if you don't go, you're not. Some have coffee and cake, some groups don't. Some groups depend on a voluntary contribution from members of 25 cents to \$1 per meeting for rent, coffee, etc.—others rarely take up a contribution except to pay for AA pamphlets.

Q. Who are the fellows in AA?

A. Names are not used outside of the AA group to keep it anonymous, but they are the same kind of fellows you drink with—maybe you used to drink with some of them. Most of them work steady at skilled jobs, had troubles piling up with unpaid bills, attending to work, or the family, due to being unable to control their drinking, and so they came to face it—they needed help to quit.

Q. Is AA a religious organization?

A. No. It is not necessary to have a religion to attend and benefit from AA. However, most of the members have a religious belief and a church affiliation, and believe that it is very important in helping them keep sober.

Q. What AA groups are there in Winona?

A. Two groups that we know of.

Q. How do you get information about AA?

A. Write in for information to the address listed in the personal classified ad in the Daily News, or inquire around who is a member. Though anonymous, some AA members have generally let it be known that they are members, so they can be contacted.

Q. How does AA help a person quit drinking?

A. Some say it is group therapy—talking over alcoholic problems with others in the same boat. Many new members' experience goes like this: You go to the first meeting, you meet a nice bunch of fellows, but all they do is talk. You go away wondering if there is anything to the program at all. If you're really serious about quitting, you go to another meeting, and still you can't get anything definite out of it. But anyhow, you go to a few more meetings, and finally the general idea starts to soak in—no miracles, just go to meetings and do some listening and express your own ideas too.

Q. Is AA for women too?

A. As much as for men. However, in a city the size of Winona, it is not possible to keep 100 percent anonymity, which is an obstacle to many women attending. In some large cities, as many women attend as men.

Q. Does AA get at the cause of alcoholism?

A. Generally not. There are so many causes often unknown, that AA does not go beyond ordinary suggestions, such as finding hobbies for spare time, attending a church of your choice, etc. AA tries to help a man quit drinking, and claims to be the most successful continuing-year after year—aid to doing so. Where medical aid or hospitalization seems needed, we suggest it to the alcoholic, but this is not a frequent situation.

Q. Can't a man quit drinking on his own, without help from others?

A. Some have quit without help. But most alcoholics need that weekly get-together to keep their thinking in line—after a fellow quits going to meetings a while, he is more likely to get back to his old pattern.

Q. What if an AA member starts drinking again, is this a sign AA failed?

A. No. "If at first you don't succeed, try, try again."

## Carbon Monoxide A Poison

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Can carbon monoxide poisoning leave bad after-effects? My husband was working on the car a year or two ago. I told him to leave the garage doors open but he didn't.

He came staggering into the house 15 minutes later and said he couldn't breathe or move his arms. He got better, but had a headache for several days and says now that he hasn't felt well since then.

—MRS. L. B.

He was lucky to get out alive because monoxide works fast. If he had stumbled when inside the garage instead of managing to stagger out, a few short minutes would have worked tragedy.

Each fall I call attention to monoxide, but people still refuse to realize what a dangerous poison it is. It has no odor. You may smell fumes from an engine, or smoke from a faulty furnace, but what you smell doesn't hurt you. What you don't smell can kill in a matter of minutes.

The after-effects of such poisoning are difficult to predict. Here's why.

The action of monoxide is to bind itself to the red corpuscles—the blood cells which are supposed to carry oxygen. As monoxide gets into the lungs, the molecules of gas attach themselves to the blood cell as they pass through the lungs seeking fresh oxygen.

The presence of the monoxide on a cell prevents it from accepting pure oxygen and transporting it throughout the body.

The brain, as I've pointed out in articles on other topics, is most sensitive to the lack of oxygen being carried by the blood. Complete shut-off of circulation can damage the brain beyond full recovery in four to six months.

IN THE CASE described in today's letter, oxygen was not fully shut off, but the supply was depleted enough to begin affecting his brain. The headache was one sign. The staggering was the result of lack of mental coordination. He had a close call.

Now the red cells in our blood don't last forever. They disintegrate in from 80 to 120 days, and are replaced by fresh, new ones. Thus a victim of monoxide will have a complete new supply of blood, devoid of the poison, within three months at most.

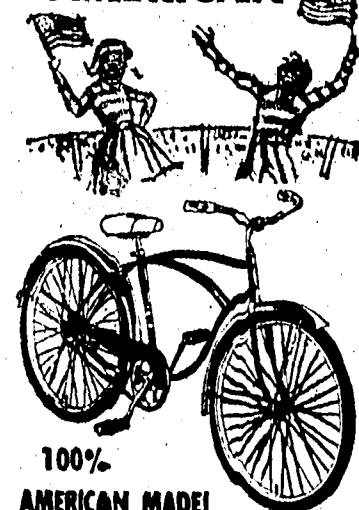

If, while the poisoned cells remained, some organ of the body was damaged, that could be a permanent, or at any rate a long-lasting after-effect.

SINCE THE brain is the most sensitive organ, that would be the first vulnerable point. I would question whether, in the absence of unusual behavior symptoms, this victim suffered any permanent ill-effects.

Dear Dr. Molner: Can a worry cause deafness? What causes a continuous buzz in my ear, 24 hours a day?—M. C.

I doubt that ordinary worry would impair hearing; however a severe emotional shock can diminish it, especially in someone whose hearing already is impaired.

# World Trading War Threatened

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The Common Market's impact on the rest of the world is suddenly mushrooming all over the front pages. A small trade war is threatened between the trading bloc and the United States over carpet and

glass tariffs on our part and certain chemicals, paints and textiles on the part of the six European nations. Australia, New Zealand, Canada, India, Pakistan—all are protesting the possible loss to them if Britain joins the Common Market at the expense of abandoning preferential treatment for nations of the British Commonwealth.

Even the Communist countries are debating in Moscow today how to counteract the growing power of the Common Market in Western Europe that is crippling their trade.

The impact is felt on political as well as trade policies, on domestic as well as foreign programs.

The U.S. Congress is deep in a tariff debate. The central question: how best the United States can deal with the Common Market threat or take advantage of its promise of expanded trade if we cooperate.

The British government may face a political crisis as opposing

parties take sides, even split amongst themselves, on the commonwealth problem.

Soviet policies may well be affected. Many of the Common Market inroads involve trade with the satellites rather than with Russia itself. The Soviet Union has been selling crude oil and certain types of steel to Western Europe at prices well below what its satellites must pay.

In all parts of the world, including the Common Market itself, the current problems are fluid. It is this uncertainty as to the final direction that upsets business and politicians most.

For the Common Market isn't a complete thing yet by any means.

Quarrels over treatment of agricultural products still divide the six members—France, Italy, West Germany, Belgium, The Netherlands and Luxembourg.

And still very much in doubt is what progress they may make towards some form of political as well as trade unity. Age-old national and racial differences are proving hard to surmount.

But for all its unsolved problems and the uncertainties about its final form, the Common Market is a very solid fact today.

The current danger is that failure to come to terms with it on tariffs, import quotas and currency or other trade barriers could divide the Western world into warring trade blocs.

It's this danger that spices the political debates on both sides of the Atlantic, both sides of the Pacific, and perhaps within the walls of the Kremlin.

**Kennedy Receives Boat From African People**

WASHINGTON (AP)—President Kennedy got a new boat Wednesday. It was one of a number of gifts brought by a C124 cargo plane of the Military Air Transport Service from the people of the Rujiji area of Tanganyika, in eastern Africa. It was their way of saying thanks for the food for

peace deliveries from the United States.

The boat is a hollowed-out log about 18 feet long. On it are lettered the words "Presented to President Kennedy, Thanks from Rujiji Council."

**Finger Amputated**

BLAIR, Wis. (Special)—Selmer Koxlien, Vosse Coulee, who suffered a hand injury last week while rounding up his cows for milking, had the little finger on his right hand amputated. Koxlien submitted to plastic surgery first but on

Saturday it was found necessary to amputate the finger at the first joint. While driving over the fields with the tractor, with the family dog on a leash, the dog ran around a fence post. The leash tightened and crushed the finger.

**REVUE OF GIRLS**

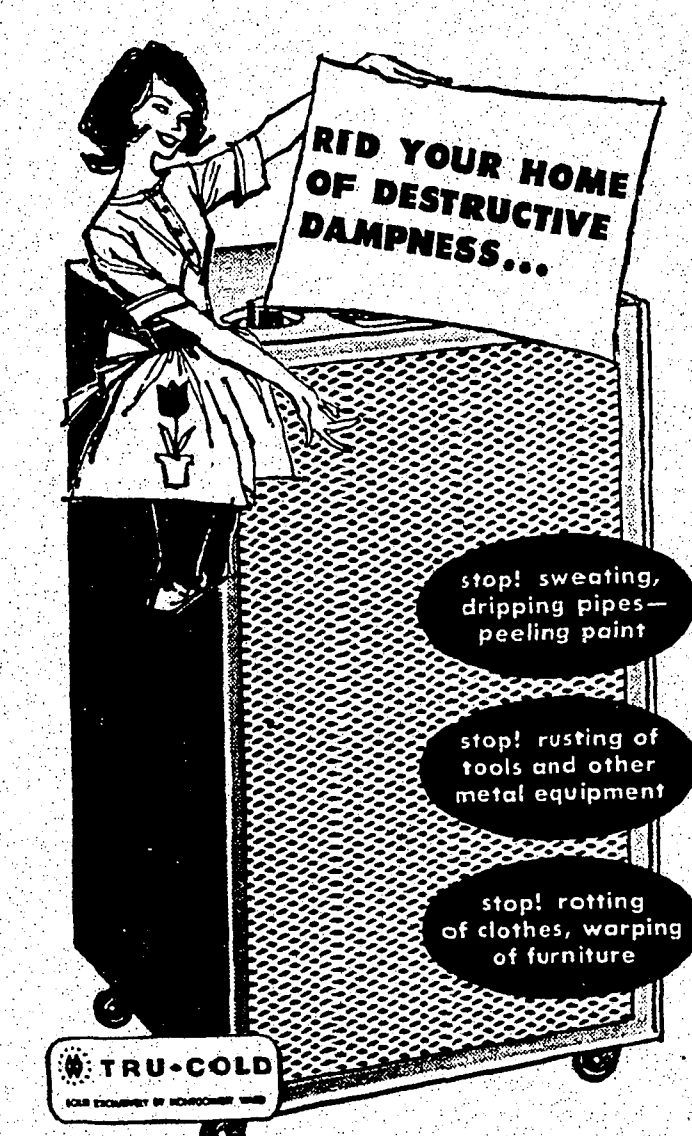

NEW YORK (AP)—A revue fashioned in the mood of Broadway entertainment 30 years ago is being made ready for fall showing on the Great White Way by Harry Delmar and Mickey Alpert.

"It will be a girlie show for the tired business man—if there are any left," declares Alpert.

Mr. and Mrs. Edward J. Mueller

## E. J. Mueller, Bride at Home In Plainview

ST. CHARLES, Minn.—Mr. and Mrs. Edward J. Mueller are at home in Plainview following a wedding trip to the Badlands, Black Hills and Nebraska. Mrs. Mueller is the former Miss Joan Mundt, daughter of Mr. and Mrs. Clarence Mundt, St. Charles. Mr. Mueller is the son of Mr. and Mrs. Alois Mueller, Elba, Minn.

The couple was married May 5 at the St. Aloysius Catholic Church in Elba with Rev. John Bergman performing the ceremony. The bride, given in marriage by her father, wore a floor-length gown of tulle and lace with a scoop neckline and long sleeves. It had a basque bodice and seed pearls for trim. The back of the skirt had alternate tiers of lace and tulle. The bride's veil was held by a crown of orange blossoms and she carried sweetheart roses over a white prayer book, gift of the bridegroom.

## Joyce Manka Becomes Bride

INDEPENDENCE, Wis. (Special)—Yellow and white snapdragons and candelabra were used to decorate the altar of St. Peter & Paul Catholic Church May 12 for the marriage of Miss Joyce Manka, daughter of Mr. and Mrs. Louis Manka, Independence, and Vincent Klimmek, son of Peter A. Klimmek, Independence, and the late Mrs. Klimmek.

The Rev. Edmund Klimmek officiated at the ceremony and music was provided by the church organist.

**THE BRIDE**, given in marriage by her father, wore a floor-length gown of French rose point lace and tulle over taffeta. The fitted basque bodice was accented with seed pearls at the scoop neckline and short sleeves. Her bouffant skirt was fashioned with a lace overskirt and small bows placed on tiers of pleated tulle. A crown of seed pearls held her silk illusion veil. She carried a bouquet of baby red roses centered with a white orchid.

Mrs. Edward Sosalla, sister of the bride, was matron of honor. Bridesmaids were Miss Jean Manka, sister of the bride, Miss Charlotte Korpala, cousin of the bride, and Miss Bernice Przylla, Arcadia, cousin of the bridegroom. They wore street-length dresses of aqua silk organza made with cap sleeves and fitted bodices. Their draped-back bouffant skirts were fashioned with darker shades and bows at the drape. They wore crowns of seed pearl arches to hold their blush veils and carried bouquets of white and yellow daisies.

Groomsmen were Edward Sosalla, Whitehall, Albert Klimmek and Wayne Manka, Independence, and Dick Lisowski, Arcadia. Ronnie Korpala, Milwaukee and Ben Marsolek, Independence, ushered.

A wedding dinner and reception was held from noon to 4 p.m. at Club 93. The Marlotte Sluga band furnished music.

The bride is a graduate of the Independence High School and attended Humboldt College, Minneapolis. She was employed at Northern Investment Co., Minneapolis. The bridegroom attended Independence schools and is engaged in farming in Wickham Valley, west of Independence where the couple will make their home.

## Jobs Daughters Plan Open Installation

Newly-elected Queen Kathy Boyum announced open installation to be held June 18 at 8 p.m. at the Masonic Temple. The public is invited. Rehearsals will be held Saturday at 10 a.m. and June 17 at 1 p.m.

Honored Queen Roxanne Sweasey announced the Job Daughter record hop to be held June 13 at the Masonic Temple at 8 p.m. Informal dress will be appropriate and girls can come alone or with a date. John David will be master of ceremonies.

Final plans have been made for the spring semi-formal dance, Parisian Holiday, to be held June 22 at 8 p.m. at the Masonic Temple. Decorations chairman Carolyn Sievers stated dates for decorating will be June 19, 20 and 21. Tickets for the dance may be purchased from Heidi Lauer, ticket chairman, or members of her committee, Roxanne Sweasey, Carolyn Sievers and Kathy Shira. Bethel guardian, Mrs. Harry S. Johnson Jr., is taking reservations for attendance at Camp Lincoln, Brainerd, Minn., Aug. 23 through 26.

Invitations to attend open installations of La Crosse Bethel 27, June 9; Rochester, Bethel 13, June 13; and Minneapolis Bethel 40, June 23, were received at the meeting.

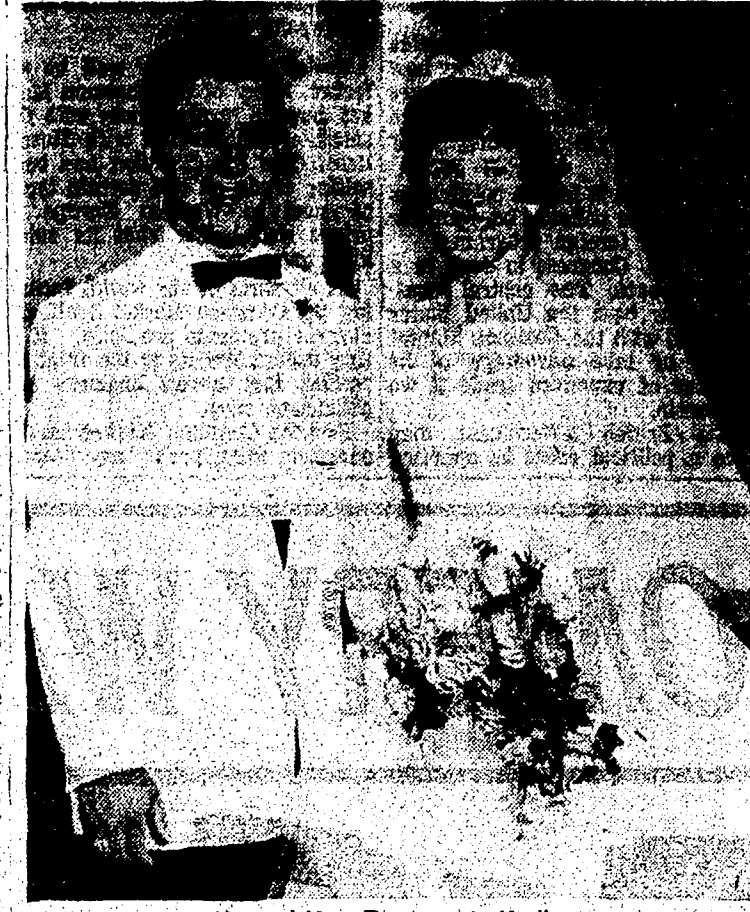

## Twilight Mixed Golf to Begin At Country Club

Twilight mixed golf will begin Friday for the season at the Winona Country Club. Tee-off time for the weekly event is 4 p.m.

Co-chairmen for the foursomes event are Mrs. J. A. Leaf and Mrs. Carl Klage. Dinner will be served following play. Anyone wishing to play who does not have a partner may contact Pat Shortridge.

Dinner and dancing are scheduled at the club Saturday evening in conjunction with the first day of play in the annual CC Invitational golf tournament.

Members are asked to call in their reservations.

## Strum Man Is Married In Eau Claire

STRUM, Wis. (Special)—Miss Annette Faye Shipman, daughter of Mr. and Mrs. Samuel P. Shipman, Eau Claire, Wis., became the bride of Terrence Arvid Koxlien, son of Mr. and Mrs. Arvid P. Koxlien, Strum, Wis., June 2.

The ceremony was performed by the Rev. Luther Vangen at 2:30 p.m. in Concordia Lutheran Church, Eau Claire.

The bride, given in marriage by her father, wore a floor-length gown of Calais lace and tulle over satin styled with fitted bodice, sabrina neckline and long sleeves. Panels trimmed with applique of lace and sequins fell from the sides of the waist over the full skirt. Her veil of silk illusion was held by a Mary Queen of Scots crown and she carried a bouquet of pink roses and ivy.

Miss Delaine Koxlien, sister of the bridegroom, was maid of honor. Miss Rita Shipman, cousin of the bride, was bridesmaid, and Lorrie Biesterveld, was flower girl. The bride attendants were

gowned in floor-length pastel pink Swiss organza over taffeta dresses worn with matching open-crown picture hats. The flower girl wore green dotted Swiss organza over taffeta.

LeRoy Nyseth was best man, Larry Gunderson, groomsmen, Jeffery Koxlien, brother of the bridegroom, ring bearer, and Clare Gray and Wayne Miltkogen were ushers.

A reception was held in the church parlors following the ceremony. The couple is at home at 606 Holm Ave., Eau Claire. After June 15 the bridegroom will leave for service in the U.S. Air Force.

## Seniors Look To Moon Shot At Banquet

Two hundred graduating seniors and faculty members from Winona Senior High School attended the annual WHS senior banquet, held Tuesday from 6:30 to 8:30 p.m. at the Masonic Temple.

Three seniors spoke at the banquet following space age themes. Jerry Lynn Curran described the "Count Down," or sophomore year. Michael Mc Mahon, whose topic was "Blast Off," reviewed highlights of junior year. Neil Fredericksen spoke about senior year, when the class of 1962 was finally "In Orbit."

CHARLES STEPHENS, senior English teacher, climaxed the speeches by describing the "Moon Shot," the future toward which the past three years have been aimed.

A piano solo, George Gershwin's "Rhapsody in Blue," was played by Michael McMahon. A string trio comprised of Mary Kane, Gwen Gebhard, and John Sanders provided dinner music.

Committees working on the senior banquet included the following: Program design — Janice Goetzman and Sharon Tyler; entertainment — Linda Johnson, Michael McMahon and Patricia Kangel; reservations — Barbara Sawyer and Elizabeth Rogers.

Senior class officers were Thomas Edstrom, president; John Van Winkle, vice president; Ruth Youmans, secretary, and Michael McMahon, treasurer. Faculty advisers were Herbert Borger, James Chumas, Robert Clayton, Miss Ruth Pallas, Sanford Tyler, Miss Patricia Rupp, Miss Margaret Schummers, Earl Synnes and Harry Peirce.

Mrs. Nellie Gibb, St. Paul, royal lady gold bug, was guest of honor at the Military Order of Lady Bugs, Gnats Circle 13 banquet held at the Golden Frog, Fountain City, Tuesday evening. Accompanying her were Marge Von Deventer, royal official busy body; Irene Nalezny, royal official greedy bug, and Evelyn Reiling, staff of the Bugle Breeze paper.

A business session followed the banquet with Miss Lillian Seigler, lady gold bug of the Circle presiding. Mrs. Ambrose Madigan and Mrs. Ann Lynch were elected as delegates to the Majestic Hunt to be held in St. Paul in August. Mrs. Alice Parker and Mrs. John Kozlowski are delegates.

The Circle voted to send a donation to the royal Carnival project and to the parade fund. All circle members were asked to help with the VFW games project to be held at the annual VFW picnic at Prairie Island July 1.

Secret pals were revealed and new secret pal names were drawn. The attendance prize furnished by Miss Seigler was won by Mrs. Patrick Kukulski.

The next meeting will be held at the VFW Club Rooms at 8 p.m. July 3. Mrs. Elmer Lande stated 110 tray card favors had been left at the Winona General Hospital for Mother's Day and Memorial Day.

## Vocational School Placement 100 %, Director Reports

Winona Area Vocational-Technical school, operated in connection with Winona Senior High School, has a graduate placement record of 100 percent, Thomas W. Raine, its director, told the Rotary Club at Hotel Winona Wednesday.

The school, he pointed out, offers a two-year course for high school graduates mainly, who do not want to go to college and are mechanically inclined. A course in practical nursing also is available.

After graduation, he said, 75 percent of high school graduates seek jobs and 25 percent head for college. Today business and industry because of automation is unable to provide these jobs. However, there is a demand for skilled technicians in many fields.

The Winona school is one of the eight in the state and serves South-eastern Minnesota.

## SON IN CLASS

# Dr. Mayo Defines Education at WSC

Dr. Charles W. Mayo redefined education by Benjamin Disraeli's standards for Winona State College graduates this morning as a Place of Light, of Liberty, and of Learning.

Dr. Mayo told the graduates that education should not be a foundry stamping out a record number of stereotyped men and women each spring. He said he expected from education, "upright and humane individuals with an insatiable yet humble curiosity about people and the world they occupy, a restless yet disciplined spirit of inquiry, a readiness to consider ideas, a well-informed mind, the ability to judge right from wrong, the honest from the fraudulent."

WHEN EDUCATION is synonymous with indoctrination, he said, then the school "becomes part and parcel of a partisan political institution which is at the mercy of the political whims of those currently in power. Creative thought is throttled."

Dr. Mayo is senior surgeon at

Mayo Clinic, professor of surgery in the Mayo Foundation, has completed an inspection of medical installations of the armed forces under the Department of Defense, and has been a member of the board of regents of the University of Minnesota since 1951 and its chairman since 1961.

He was speaking to 182 candidates for degrees, their parents, families, and friends in a crowded Memorial Auditorium. Some were not present at their commencement exercises. They completed degree requirements earlier—in fall or winter quarters.

But Dr. Mayo was addressing all the graduates, one of whom was his son, Joseph G. Mayo. Eighty-four percent of this year's graduates will be teaching, so much of Dr. Mayo's commencement address was directed towards them.

HE HOPED that the teaching profession would be as thoughtfully furnished as academic buildings in the last decade.

"Elementary schools and high

schools are being improved and expanded; new ones are being built, and the great end result of this extensive growth and development in our colleges and universities will be the graduation of teachers upon whom will fall the principal responsibility of carrying on the educational program at all levels. Schoolrooms of brick and mortar are of little consequence without good teachers."

Dr. Mayo also cited the school's population explosion—62 percent increase since 1954, and the subsequent need in the scientific age, "to further develop, give direction to and coordinate this fast accumulation of new facts so that they accrue for the good, and not the destruction, of mankind."

A chronic undersupply of such high-level skills represents a bottleneck in our national economy.

AS OUR forefathers realized, Dr. Mayo concluded, "The success of the democratic experiment of self-government is dependent upon an enlightened citizenry. The people must, in the end, be the guardians of the liberty which each succeeding generation holds more dear because it becomes increasingly difficult to retain . . . They must have ability to recognize, for what it is, the small and seemingly innocuous thing that can convert some of our freedoms into enslavements, as well as to perceive clearly those changes which can enhance our free-enterprise system."

"Colleges and universities," he continued, "serve the objective of the pursuit of knowledge itself, without regard to its immediate necessity, and the practical needs of the community."

Dr. Mayo said that leaving the educational formula up to the individual states is the best insurance to "prevent education from becoming a political football." He added, "An enlightened citizenry is the greatest asset any state can have."

RESOLUTIONS passed by the State College Board were presented to Dr. Jean Talbot and Floyd Adams, retiring from the staff this year. Both are named professors emeriti.

Dr. Talbot, previously in women's physical education, has been upper division and schedule coordinator and has been on the faculty since 1925.

Adams was director of teacher certification and teacher personnel service in the state Department of Education until he joined the education staff at Winona State in 1955.

The WSC orchestra, directed by Richmond McCluer, contributed Wagner's "March from Tannhauser," Haydn's "Symphony 104, First Movement," and Purcell's "Trumpet Tune."

Veterans of Foreign Wars Neville-Lien Post 1287 presented the colors, and the Rev. George Goodred, St. Paul's Episcopal Church, gave the invocation. H. Gene Rygmyr, society president, presented the graduates to the Alumni Society. Teachers joined in the pledge.

Dr. M. R. Raymond, WSC dean, presented the class. S. J. Kryzsko, resident director, assisted by Dr. F. L. Van Alstine, director of graduate training; Miss Lois Simons, registrar, executive secretary of the State College Board, and Dr. Roy C. Prentis gave diplomas to these black-robed seniors.

Miss Charlotte Chorpennig, with Agnes Bard as organist, closed the program singing WSC "Alma Mater."

**Aboard the U.S. Dredge William A. Thompson**

With Chief "Chef in Charge" Pearl Heltman

Gretchen Lamberton made a trip to the U. S. Dredge William A. Thompson on a chilly, drizzly day while it was anchored in the middle of the river off-shore from Wabasha. Here she had an interesting talk with Captain Allen W. Fiedler and with Mrs. Pearl Heltman who is the cook-steward aboard one of Uncle Sam's largest dredges. She also brought back to you some of Mrs. Heltman's favorite recipes which are making such a hit with the men who make up the crew of the Thompson. It's one of the most interesting food-news stories the Sunday News has ever carried. Don't miss it.

## St. Mary's Alumni Meet This Weekend

Harold J. Cummings, president, Minnesota Mutual Life Insurance Co., St. Paul, will address the alumni dinner Saturday during St. Mary's College annual homecoming weekend.

This was announced by Brother I. Patrick, FSC, homecoming chairman.

Cummings received an honorary doctor of laws degree from St. Mary's in May 1960. He was a professor at the college from 1917-18, teaching English, Latin, mathematics and public speaking.

He has been president of the insurance company since 1947.

The dinner will be at 7 p.m. Saturday in the Student Dining Hall. Outstanding alumni awards will be given to

Herman L. Haberman, C.I.A.S.S., the Rev. V. D.; the Rev. M. S. G. Raymond Jensen, 1929, Rochester; the Rev. George H. Speltz, 1922, rector, Immaculate Heart of Mary Seminary; Paul Voelker, 1932, La Crosse; Brother J. Basil, FSC, 1933, St. Mary's president, and Brother Joseph Gregory, 1939, director of the Christian Brothers.

Novitate on the St. Mary's campus.

The weekend will start at 3 p.m. Friday with registration in the Student Union. At 5:30 p.m. a reunion party will be held there followed by reunion dinners in the Student Dining Hall at 6:30 p.m. for these classes: 1927, 1932, 1937, 1942, 1947, 1952, and 1957. Other alumni participating will be priests and M. Club members.

**SATURDAY'S program** will begin with Mass in the chapel said by the Rev. James Athanasius McDonough, O.P. class of 1952, who was recently ordained.

Following breakfast in the Student Union, recollection conferences will be held at 10 a.m. in St. Thomas More Chapel. There will be an outdoor luncheon on Frontenac Field at 12:15 p.m. A Mississippi River cruise and athletics are scheduled from 1:30-5:30 p.m.

The national alumni board will meet at 3 p.m. to elect a president and vice president. New board members are: William L. Clark, River Forest, Ill.; Clement Joswick, Rochester; Richard C. Chicago; William P. Skemp, La Crosse; and the Rev. Sylvester F. Brown, Olatona, Minn.

**A PARTY at 6 p.m. in the Student Union** will precede the alumni dinner. The day's events will end with a talent show and homecoming dance in the Student Union at 9:30 p.m.

Msgr. Speltz, chaplain of the alumni association, will say the annual alumni memorial Mass in the chapel at 10 a.m. Sunday. Brunch at 11 a.m. in the Student Dining Hall will conclude the weekend.

**Connecticut GOP Picks Apple Grower**  
HARTFORD, Conn. (AP)—Horace Seely-Brown Jr., a plain-talking, apple-growing congressman, has won the Republican nomination for U.S. senator from Connecticut.

Seely-Brown, 54, scored a stunning upset over former Gov. John Davis Lodge Wednesday at a dramatic Republican state convention. Although the pre-convention underdog, he swamped Lodge on the first ballot, 476 to 149.

John Alsop of Avon, an insurance executive received the gubernatorial nomination earlier after a record eight roll calls that began Tuesday afternoon.

**MODJESKA'S STORY**  
NEW YORK (AP)—The colorful life of Helena Modjeska, one of the Victorian Era's leading actresses, is the substance of a Broadway drama planned for next season by producer Robert B. Wright.

The drama is to be based on a fictionalized biography of the Polish star that was written by Antoni Gronowicz.

## Loose Barge Piles up on Davenport Dam

DAVENPORT, Iowa (AP)—Three barges broke loose in the Mississippi River Wednesday and one of them drifted against a roller of Dam 15.

The barges were being moved at the Builders Sand and Gravel Co. along the Davenport sea wall when they broke loose.

DEAR ABBY:

# How to Win, Keep Friends

By ABIGAIL VAN BUREN

DEAR ABBY: I want to know if I am wrong in feeling very much annoyed over this incident. I recently called on a friend (by invitation) and I had only an hour to spend with her. While I was there (I hadn't been there ten minutes), her telephone rang. It was a mutual friend and not a long-distance call. My hostess hung on the phone for 20 minutes, making small talk, while I just sat there twiddling my thumbs and getting madder by the minute. She knew I had only an hour to spend with her. What should I have done? STUMPED

DEAR STUMPED: You should have STUMPED out after the first five minutes.

Abby

DEAR ABBY: My daughter-in-law has just informed me that she doesn't want me or my husband spending too much time with our grandchildren (ages 2 and 5) because she doesn't want them picking up our "accents."

We are foreign-born, Miss Abby, and do have foreign accents, but I don't think this is any reason to keep the children away from us, do you? Once a week for one hour, I was told, was our limit. She said this in front of my son, and he didn't even open his mouth to defend us. What should we do? FOREIGN ACCENTS

DEAR FOREIGN: There is nothing to do except to abide by her wishes if you want to see your grandchildren. You can only feel sorry for such an unperceptive woman, and pity your son, who is obviously acting under orders. Pray they wake up before it's too late.

DEAR NERVOUS: Let your husband tell her. It's HIS sister.

CONFIDENTIAL TO "MISSING SOMETHING": What you are missing you can live without. Count your blessings. No woman has everything.

## Hauls Garbage, Cuts Lawns; Cop Quits

CLAREMONT, N.C. (AP) — Enough is enough said Buren Grant, so he has resigned as the only police officer in this community of 750 persons.

He says he called it quits after the Board of Commissioners wanted him to haul garbage and cut the town's grass in addition to his other duties which include reading water meters, checking the

town pumps, doing some street repairing, and hauling gravel for the streets.

Grant made \$74.50 a week.

## Beef Cuts, Broilers Top Meat Buys

By THE ASSOCIATED PRESS

Beef cuts and broiler-fryer chickens will compete for top attention in supermarkets and groceries this weekend.

One large chain said both rib roasts and the oven-ready variety have been marked down 10 cents a pound since a week ago.

Additionally, pork and ham were reported in plentiful supply at good prices in the Northeast and Southeast.

Eggs, especially the larger sizes, were described as exceptional values in some areas.

Lamb and veal generally were expected to be higher than a week ago.

In the Northeast, merchants reported, vegetable counters will be loaded with beets, cabbage, corn, miscellaneous greens, spinach, rhubarb, Maine potatoes and lettuce.

Corn and potatoes also will be featured elsewhere across the country, along with such favorites as tomatoes, cucumbers, green beans, cabbage, celery, green onions and carrots.

Strawberries still are running strong in most sections, and peaches are beginning to come in from several Southern states.

Citrus fruits, including oranges, lemons and limes particularly, will be right alongside them in many markets at reasonable prices. Bananas, too.

## Harmony Entry Tops Brown Swiss Show for Canton

LANESBORO, Minn. (Special)—Fifty-five animals from a seven-county area were entered in the Canton I Brown Swiss Show here Monday.

Dr. Clarence L. Cole with the Institute of Agriculture at the University of Minnesota was judge. Future Farmer of America teams from chapters in Harmony, Housatonic, St. Charles, Lewiston and

Lanesboro also participated in judging.

Murrell Jacobson, Harmony, winner of the men's adult judging contest, showed the grand champion bull, "Viewcrest Paramount Major," which will be 1 year old July 1.

The junior champion female, "Donna Lee Nellie," a senior yearling, was shown by Kenneth Markegard, Rushford, president of the association. The grand champion female, "Holler Hill Fairlady," is owned by Cletus Schleich, Caledonia.

Mrs. Donald Hilke, Harmony, won the women's adult judging contest. Other officers include Jerome Frank, vice president, and George Hendel, Jr., secretary-treasurer, both of Caledonia.

## Car Hits Tree, 3 Youths Killed

By THE ASSOCIATED PRESS

Three Waukesha area young persons were killed early today when the car in which they were riding struck a tree. The triple fatality raised the state's 1962 traffic toll to 314 compared with 334 one year ago.

The dead were: Rita Ravens-

craft and Charles E. Kokan, both of Waukesha and both in their late teens, and 20-year-old Philip Nutter of Route 1, Waukesha. Another passenger, 20-year-old James Bennett of Route 2, Waukesha, suffered a fractured jaw and multiple abrasions. He was reported in fair condition at Waukesha Memorial Hospital.

Waukesha County authorities said the car driven by Nutter veered off Highway 18 about a half mile west of Waukesha and slammed into a tree. The accident occurred shortly after 1 a.m.

**NASON ON EDUCATION**

# What About Summer School?

By **LESLIE J. NASON, Ed. D.**  
Professor of Education,  
University of Southern California

Are you thinking of sending your child to summer school?

The subject deserves careful thought because summer school can be fine for some, useless for others and downright harmful for a few.

Some school systems have two types of summer classes for elementary school pupils.

**ONE IS FOR youngsters** who need a little extra work in reading, writing and arithmetic. Six weeks of additional work can bring them up to their grade level.

The second is the kind that enriches the learning of a child whose work already is up to standard. Classes are centered around music, arts, crafts or foreign languages.

Summer school is not a way to make up for out and out failure. Teacher and principal are the best judges of whether a child needs a whole year to catch up or whether six weeks of summer school will do the job.

And there are other things to take into consideration when you are thinking of sending your child to summer school.

**Houston Resident Completes Course Of Highway Patrol**

HOUSTON, Minn.—Milton Inglett was graduated from the Minnesota Highway Patrol Officers Candidate School May 25.

Gov. Elmer L. Andersen spoke to the graduating patrolmen. Inglett will be stationed in St. Paul several weeks.

Inglett, 27, is married, is a graduate of Caledonia High School and has worked for Tausche Hardware Co., La Crosse, following two years in the Army.

**Whitehall Group Sets Band Awards For 'Week' Parade**

WHITEHALL, Wis. (Special)—Band awards were determined when Kenneth Swenson presided at a general Back To Whitehall Week committee meeting Monday evening.

Committeemen decided to offer all bands 30 cents per mile; award band trophies; charge \$10 for concession stand rights subject to board approval and payable to Quinn Risberg, treasurer of the Chamber of Commerce, and have guided tours of old and new school buildings from 10 to 12 a.m. and 2 to 4 p.m. Aug. 24.

Alumni from 1953 through 1962 will gather for a reunion "Hall of Ivy" concert Aug. 25.

These committees will meet again June 18 at 7 p.m. at City Hall.

**Attendance Awards Announced at Blair**

BLAIR, Wis. (Special)—The perfect attendance roll for the 1961-62 roll at Blair High School has been released by Principal Gerald Sisto.

Seniors—Glenn Borreson, Wilmer Dahl, three consecutive years; Robert Henderson, two consecutive years; Robert Larson, Rowena Lee, James Young and Dawn Berg. Juniors—Sandra Borreson and Sally Thompson.

Sophomores—Lorne Bergum, two consecutive years; Annette Berg, Philip Borreson, two years; Kenneth Brekke, Ruth Grivits, Martha Engstrom, two years; Rhoda Galsied, Ellen Knutson, two years; Lorraine Koepke, Ronald Rude, Jean Tjoflat and John Woyicki.

Freshman—Mary Anderson, Carl Aubert, Marie Engstrom, Patty Lindberg, Judith Meyers, Eugene Nelson, Kenneth Nerenz, James Schroeder and Anita Tjoflat.

**FEET ACHE, ITCH?**  
1% of all your bones are in the feet. No wonder they ache, swell, perspire, itch. Bathe feet twice daily with T-4-L Solution for relief of the 37 bones, 46 joints plus ligaments. Cures athlete's foot, too (thoughts of infection—watch healthy skin replace it) or your 46 back at any drug store if not pleased in ONE HOUR. TODAY at Ted Mier Drugs

Is he full of pep and energy?  
**IF HE IS** dull and listless, perhaps a complete change with plenty of outdoor activity may be more beneficial than school.

If he is so full of energy that he is a behavior problem in school perhaps he could better use the summer to work off his excess pep in camping, hiking or some other strenuous activity.

Most important of all, your child should want to go to summer school.

Using summer school as a threat or punishment to get him to do better work is not likely to make him want to attend; nor is it likely to make him do the work that is expected of him.

When you are thinking of sending your child to summer school, consult his teachers and his principal—and talk to the child about it, too.

## Sheriff Cautions Against 'Deals' On House Jobs

Beware of traveling agents who promise to do home improvement work at a discount rate, Sheriff George Fort warned.

Winona County citizens have for 20 years or more been lured into bad business deals involving groups who tout the area offering better prices on home improvement projects than those offered by local businessmen, Sheriff Fort said.

People often discover — once the job is completed — that the materials used were inferior and the cost is more than they anticipated.

As an example, Sheriff Fort mentioned a recent case in which a man had his building sprayed by a painting concern. After the first rain, the paint washed off the siding to the ground. The man had no recourse since the group had left the county.

It makes far more sense, Fort added, to have this work done by local people. They'll stand behind their work.

## Cotter Senior Wins Scholarship

A Cotter High School senior, Robert Gilliam, is one of two Minnesota Catholic high school students awarded scholarships this year by the Columbian Squires of Bloomington and Richfield, Minn.

The son of Mrs. Theora Gilliam, 626 Sioux St., Gilliam is the recipient of a \$250 award from the Squires, a youth organization sponsored by the Knights of Columbus of Bloomington-Richfield.

The boys, all in their teens, raised the money for the awards through operation of a Christmas tree lot. Scholarships are given as Tom Spooner Memorials, in memory of a Richfield athlete who was a member of the Squires when he died of leukemia.

Gilliam and Michael Gleeson, next week.

**GREET NEW QUEEN** . . . Mr. and Mrs. N. W. Schellhas, Lake Boulevard, were among those to greet Miss Judith Ann Lerstad, newly crowned "Miss Minnesota," at the First National Bank of Minneapolis Wednesday. It was the first public appearance of the new queen since her selection at Rochester Saturday night. The Schellhases are in Minneapolis attending the annual convention of the Minnesota Bankers Association. He is assistant vice president and assistant cashier of the Merchants National Bank.

## DeMolay Elects Walz Councilor

Donald Walz, son of Mr. and Mrs. D. A. Walz, 182 E. Mark St., was elected master councilor of the Winona Chapter of De Molay at a meeting at Masonic Temple Wednesday.

He was elevated from the post of junior councilor, which he has held for six months.

Erik Steneheim was elected senior councilor and Richard Kalbrener junior councilor.

Walz will announce the slate of appointed officers, the committees and plans for public installations, next week.

## Whitehall Woman Runs Into Truck

WHITEHALL, Wis. (Special) — Mrs. Melvin Anaas, Rt. 1, is a patient at Tri-County Memorial Hospital following an automobile accident a mile east of here Tuesday at 4 p.m.

Her physician said injuries include a fractured left hand, cuts and bruises and though her condition is good, she will be hospitalized several days.

Driving east on Highway 53, Mrs. Anaas struck the rear of a truck operated by Whitehall Rendering Co. The front of the auto was pushed under the truck body. The truck, driven by Gerald Nordby, Whitehall, was not moving. Nordby was waiting for the car ahead of him, driven by Lawrence Killian, Independence, to make a left turn from the highway. Nord-

by was uninjured. Traffic Patrolman Milo Johnson said the Anaas car was extensively damaged.

## Japs, Germans Move on Africa

NAIROBI, Kenya.—Everywhere one travels in East Africa these days, he is apt to find himself seated by a Japanese or a German.

The Japanese seem particularly prevalent as they travel from Bombay to Aden to Nairobi to Addis Ababa to Mogadishu in Somalia. Our late enemies seem intent on harvesting the emerging countries—opening agencies, building factories, lending money, investing in small industry and exhibiting that thoroughly cheerless go-ahead for which both Japanese and Germans seem to have a limitless talent.

The idea is simple, of course. You barge in on the ground floor of unsophisticated nations with a lot of ready money, and even more git-up-and-go, and before long the locals are not aware that they have been sickly hijacked of their own country's financial interests. It has worked like a charm in some countries, but I have a strange feeling that our late gallant opposition is going to get itself conquered by an Africa, which so far has defeated every effort in history to subdue it.

In short, I think the African himself, with his limitless capacity for unpredictability, is too much of a problem even for the methodic Japanese and German to organize along stolid business lines. And God help the overburdened Russians.

At the moment politicians are at one another's throats and the minutes from a day's conference in Legislative Council sound like a rather desperately bad version of Gilbert and Sullivan. Conferences are made and agreements reached, and just as promptly forgotten.

JAMES GICHURU, an old Mau Mau who currently calls himself Finance Minister, made a speech in Mombasa the other day about his intended nationalization of insurance firms and export-import business that sent quivers down the spine of every ambitious investor in the country's perilous future. Of course, Mr. Gichuru denied his own words, another trait of African politicians, when they suddenly find themselves playing a *Soupy Williams* role and discovering their own foot firmly jammed in their mouth.

The naivete of some of our budding politicians is fantastic. Mr. G. W. Nthenge, a member from Machakos, said the other day that he was very much against Mr. Ododo's suggestion for a ban of all political meetings for the time being. "Let us speak to the

people," he said, but let us just say the right thing."

GICHURU WAS agreed with by Mr. Henry Mulli, also of Machakos, who blamed the press for most of the problems in Kenya at the moment. Said Mr. Mulli,

"If the press could ignore what is said by some politicians that is provocative or reactionary I think they would be doing a lot of service to the country." Mr. Ododo says, despite the fact that he is the father-in-law of Tom Mboya, the sturdy right arm of the major political party and the Minister for Labor of the country, that he blames Kanu, his own party, for most of the chaos in Kenya at the moment.

Says Mr. Ododo, "I feel I should put the blame on my leaders—the leaders of Kanu—because they are the ones who have been responsible for quoting more inflammatory speeches and mainly denying the fact that there is a Balkanized separation of purposes."

IN THE MEANTIME, one un-

ion is striking to maintain a white employee, while other unions are striking in order to throw out white employees. There is no money in the country, no industry and damn little in the way of agriculture beyond the bare sufficiency necessary to maintain local life.

Mr. Kenyatta, the goat-bearded Mau Mau architect, who now, in some occasional moments of incidental sobriety, describes himself as the leader of the nation, has made a deal with Mr. Nasser in Cairo for a bit of Arab League financial support in this as yet unfree nation. Regular trips are made to Moscow and Tokyo by the left-listing leaders, such as Mr. Oginga Odinga. An ex-Mau Mau thug, named Paul Ngei, exhorts the Africans to buy no land

from the whites, who are being booted out of the country. For, as he says, in complete agreement with Mr. Kenyatta, the land belongs to the Africans anyhow and so they should not have to pay for it.

Up north and out west, one member of Legislative Council is telling his fellow Kipsigis and Kikuyu to resharpen their spears, to knock off all the Luo and Kikuyu if there is any question of tribal partition of the nation.

CATTLE WARS rage in the Northern Frontier and on the Kenya-Uganda border, and the air is full of fur, fury and arrows. The Masai make sorties against the Wakamba, and vice versa. The major cities are a jungle of crime and unemployment.

Into this reeking mess, the poor and quite unsophisticated Japanese and German have blundered with both heavy feet, hoping to capitalize on the chaos which is attendant on the birth of a squabbling new nation.

The household troops of King Louis XIV of France are believed to be the first soldiers to wear true military uniforms.

#### PITCHERS SHOW UP SLUGGERS

## Terry, Yanks Topple Tribe 5-0 on 4 Hits

By JIM HACKLEMAN  
Associated Press Sports Writer  
American League pitchers, hit unmercifully in that record home run barrage of last year, seem to be coming back into their own. Pitching certainly was the key

Wednesday with star performers, ranging from Ralph Terry of New York's front-running Yankees to Claude Osteen of Washington's last-place Senators.

Terry turned in a four-hitter as the Yankees broke their first

place deadlock with Cleveland, beating the Indians 5-0. Jim Kaat pitched a five hit shutout for Minnesota in a 7-0 victory that pushed the Twins into third.

Jim Bunning went 11 strong innings in Detroit's 3-2 decision over Boston for a split of their day-night doubleheader. The Red Sox shaded the Tigers in the afternoon game 2-1 on Bill Monbouquette's pitching and Frank Malone's ninth inning homer.

Ken McBride again proved a jinx against his former club, out-dueling Ray Herbert as the Los Angeles Angels edged the Chicago White Sox 1-0. And Osteen and the Senators beat Baltimore 2-1.

**TERRY, NOW 7-4, struck out 10** and put down 16 Indians in order during one stretch. The lean right-hander issued just one walk.

The Yankees were checked on three hits by Jim (Mudcat) Grant until the sixth, when back-to-back homers by Roger Maris and John Blanchard gave them control. The Twins took command early, rapping A's ace Jerry Walker for eight hits and six runs before chasing him in the fourth. By winning, the Twins took over third place from Detroit and moved to within eight percentage points of Cleveland.

In Detroit's overtime squeaker against Boston the Tigers pushed across the winner in the eleventh against reliever Dick Radatz on Norm Macauliffe's single and Dick Brown's bunt hit.

**THE ANGELS** cashed in against Herbert with one out in the last of the ninth when pinch hitter Tom Burgess hit a bases-loaded sacrifice fly. Herbert yielded only four hits in the tough loss.

Osteen allowed only three hits until the Orioles rallied for their lone run with two out in the ninth. Joe Hicks provided the Senators big punch. He tripled off Robin Roberts in the seventh, scored the game's first run on Bob Johnson's single, and hit a clinching homer in the top of the ninth against Dick Hall.

Bob Kosciowski and Sovereign got two hits each to pace Lang's to its victory. Sovereign allowed by three saceties to Sportsman's Tap.

Sunshine pounded out 16 hits in romping over Hamernik's. Cliff Kanzen went four for five with a triple and three singles and Larry Joyo was three for three.

Gene Garrison and Pete Jerowski each had two hits. Garrison smashed a home run and a single and Jerowski a double and a homer.

Jerowski limited Hamernik's to seven hits. Two were by Pete Polus.

## Burdette Flashes Form; Braves Win

HOUSTON, Tex. (AP) — Milwaukee right-hander Lew Burdette was his old self Wednesday night — giving up a dozen hits but only a few runs — as he went the distance for the first time this season.

The result was a 6-3 Braves victory over the Houston Colts. The 35-year-old Burdette, making his first start since April 29, took his third victory and first in a starting role. He has four defeats.

Burdette fanned four and didn't give up a walk. He survived a two-run outburst by the Colts in the fifth and Roman

Mejias' 14th home run, a solo shot into the left field bleachers in the eighth.

Singles by Bob Lillis and starting pitcher Jim Golden and a triple by Joe Amalfitano accounted for Houston's fifth-inning runs. Burdette held the Colts to four singles through the fourth, but he was tagged for at least one hit in every inning but the third.

Hank Aaron was the Milwaukee batting star as the Braves tagged Golden with his third loss in six decisions. Golden lasted seven innings, giving up seven of the Braves' eight hits and

# Banks, Kaat Spark Twins' 7-0 Win

## Mele Benches Killebrew

MINNEAPOLIS (AP)—When he took over as manager of the Minnesota Twins last season, Sam Mele barely could muster one adequate reserve player. This year it's an entirely different situation and last night's 7-0 romp past Kansas City illustrates how much an improved bench has meant to Mele.

Sam decided to bench Harmon Killebrew for weak hitting and Vic Power was forced out of the lineup with a pulled side muscle.

Rookie George Banks replaced Killebrew in left field and drove in a pair of runs with a triple. Don Mincher subbed for Power at first base and smacked a run-scoring single.

"Why don't you write something about Banks?" asked a reporter. "Every time we put him in he's great," he added of the erstwhile New York Yankee farmhand who last season led the Eastern League in home runs (30) and runs batted in (108) while with Binghamton.

He's going to be heard a lot of," Mele continued. "I don't know where we'll play him yet but he'll get his share of playing."

Banks is a third baseman but has played right field when Bob Allison was hurt and now in left with Killebrew riding the bench.

Killebrew is deep in the throes of one of the worst slumps of his career. He's hitting only .220 and had gone hitless in 13 times at bat when Mele pulled him. He has yet to hit a home run in the Twins' Metropolitan Stadium and has driven in only three runs at home.

He's hitting only .162 before the home folks.

At this time last season, Killebrew was hitting .303 with 12 homers and 32 RBI.

"I don't know what's wrong," Killebrew offered. "The more you try sometimes the worse you get."

Harm thinks his timing is all right and it's just a matter of meeting the ball.

Mele agrees that Killebrew is trying too hard to please the home fans. He has ordered special batting practice for the slugger and says he'll keep him out of the lineup for awhile except for pinch hitting.

Southpaw Jim Kaat blanked the A's on five singles as the Twins evened the series at 1-1. But he didn't feel he did particularly well. "I made a lot of bad pitches to pitch a shutout," he said. "A lot of good balls were hit right at guys. And they were taking good pitches to let me get ahead of them."

He conceded his control was better than it has been recently, but said the 5-0 shutout of Los Angeles April 21 was a better performance.

Mele said Kaat "didn't mess around with any of the nunk pitches he's been experimenting with. He's got good enough stuff to just keep it down and fire the ball."

The Twins pelted A's starter Jerry Walker for eight hits and six runs in the first four innings. Allison drove in the first run with a double in the first and produced another with a sacrifice fly in the third.

Joe Hicks provided the Senators big punch. He tripled off Robin Roberts in the seventh, scored the game's first run on Bob Johnson's single, and hit a clinching homer in the top of the ninth against Dick Hall.

#### INVITATIONAL CROWN ESCAPES LOCAL GOLFERS

## Ward, Czaplewski to Bid for CC Title

By AUGIE KARCHER  
Daily News Sports Editor

Eight men have held a tight reign on the championship in the Winona Country Club Invitational golf tournament and in 16 classics, a Winona golfer has never been able to finish on top.

That doesn't mean that it can't happen this weekend in the 17th annual renewal of the CC links event.

Pat Shortridge, CC golf professional, doesn't take anything away from local golfers when he says: "In this tournament, they are playing against some of the best amateurs in the state."

Last year, best performance by a local entry was the 74-74-1-389 by Bill Ward, CC Club champion. That was good enough for 10th place.

Ben Czaplewski also carded a 189 but had to settle for fourth in the first flight. He had started with 78 on the first 18.

Both Ward and Czaplewski, the latter a first-year member at the Country Club, are entered in this year's tournament.

Czaplewski "warmed up" Tuesday with a hole-in-one, first of the season at CC. He put his tee shot in the cup on the 3 1/2-rod third hole with a nine iron. He was playing with Art Speltz, Rich Gabrych and

John Jeremiassen.

Speltz, defending city champion, and Gabrych are both entered this week-end. Also entered is Bob Kelly, finalist in the Club championship tourney.

Early entries from Westfield include Mike Kowalczyk, club champion; Gerard Jankowski, junior titlist; Jerry Van Hoof, and Tom Thaldorf, Winona State golfer.

Bob Hogenson, another State golfer playing out of Winona CC, also is in the field.

Dayton Olson of Minneapolis, is the defending Invitational king. Pat Sawyer, and Neil Cronquist, Minneapolis, and Bill Halvorson, Durand, Wis.,

have won 11 of the past 16 titles. Other champions have been Chuck Beyer, Fargo, N.D.; Len Bjorklund, Minneapolis; Bob Fingesth, Rochester; and Paul Stoner, St. Paul.

#### RAIN DELAYS TOURNEY

## State Has Title Hopes

ST. JOSEPH, Mo. (Special) — "If we can start hitting the ball, we can win this tournament." That's the opinion of Dr. L. A. McCown, Winona State baseball coach, as the Warriors and six other surviving teams in the NAIA baseball tournament kept an anxious watch on the skies.

RAIN TUESDAY washed out all but one of the scheduled four games and forced Winona into a position of possibly having to play twice today.

State meets Georgia Southern at 6 p.m. (Minnesota time) today and should Winona lose, it would take the field again at 11 p.m. If State beats Southern, the Warriors can sit back until 2 p.m. Friday.

"The games have been shortened to seven innings for today, but if it rains again, the meet will probably go to single elimination," said McCown.

"ANY OF these teams could win it now," the Warrior coach stated. "but pitching will dominate from now on. That's why we have to start hitting."

The day's rest should help State in some ways. Mark Dille, who fanned 20 batters in 10 innings of Tuesday's 6-4 13-inning triumph, got a chance to rest his stiff shoulder. And Jon Koslowski, who aggravated a pulled leg muscle and had to be taken out Tuesday, may be ready to go in the outfield.

Chuck Weisbrod is slated to pitch today's game, but McCown hinted he might come back with Dille if it becomes a matter of survival.

**THE STATE** coach revealed he jerked Dille because of the hot, humid weather and the fact he was beginning to lose a little control. "Dick Papenfuss pitched excellent relief ball and that catch of Lyle Papenfuss in the 13th was tremendous," he added. "I swear he left his feet completely and was horizontal."

In the only game yesterday, Lewis College eliminated Florida A & M 5-4 to even its mark.

## McElmury Hits 561 for High

John McElmury counted 561 Tuesday night for top men's score in the Summer Mixed League at Hal-Rod Lanes. He had a 212 single game as his McElmury-Aune foursome shares first place with a 5-1 mark.

Barbara Pozanc hit 466 and Pat Smith 193 for women's honors. Top team was Springer-Schreiber with 801.250.

John Przytylski of the Sandbaggers belted 225-558 in the Tuesday men's League at Westgate Bowl. The Sandbaggers lead the loop with a 10-2 mark.

The All-Stars took team honors with 1,007.250.

In the Westgate Mixed Couples League Wednesday night, Jerry Steinbauer tagged 538 and Leona Lubinski 503. High games were 192 by Dorothy Colbreton and 213 by Jim Weimerskirch.

Team honors went to Colbreton-Colbreton with 766-2,132.

## Gottlieb Named General Head Of Warriors

SAN FRANCISCO (AP)—Eddie Gottlieb disapproved the saying that you can't have your cake and eat it too.

He sold the Philadelphia Warriors of the National Basketball Association for a record \$550,000 so the franchise could operate in San Francisco. Now he becomes its general manager for at least a year here.

And he conceivably could become president of the pro loop since Maurice Podoloff has announced plans to retire after next season.

Gottlieb's appointment with the San Francisco Warriors was announced Wednesday night by Matty Simmons of New York, one of the five partners in the new corporate setup and chairman of its board.

Undisclosed was the salary for Gottlieb, who founded the Warriors 16 years ago in Philadelphia. San Franciscan Tom Gray takes over as president of the club.

## Hogeland New Bemidji State Cage Coach

MASON CITY, Iowa (AP) — Zeke Hogeland, 36, has been named head basketball coach at Bemidji State College.

He has been head coach of the Mason City Junior college basketball team, which won the state conference title and tournament this past season, and also high school and junior college golf coach.

He will begin his duties at Bemidji June 13.

Over seven seasons at Mason City, his cagers won 98 games and lost only 47 for a winning percentage of .676. A graduate of State College of Iowa, he previously had been basketball coach at Decorah and Washington.

## Deputies, Alma Tangle Tonight

It will be a battle of championship potential when the Watkins Deputies play host to Alma in an 8 p.m. contest at Gabrych Park tonight.

A win would keep the Deputies in first place while a loss would drop them into second behind Alma.

The Deputies, who will start Larry Schoedigger, stand 4-1 on the season. Alma, 3-1 for the year, will have Del Wenger on the mound.

# Guard Leaves Sunday For 2 Weeks at Ripley

Winona's National Guard Company A leaves Sunday for two weeks of summer field training at Camp Ripley, near Little Falls, Minn.

Capt. Allan L. Osborne Jr., company commander, said that 96 enlisted men and officers will participate in this year's training session. Total company strength at the present time is 119.

THOSE MAKING the trip by motor caravan with company vehicles and in private cars will muster at the army here at 2:15 a.m. Sunday.

Capt. Osborne said that the unit will move to bivouac immediately after arrival at camp. An advance detail is at Camp Ripley preparing for the arrival of the main group.

# Sadecki Thinks Trade Is Answer

By IRWIN FRANK  
ST. LOUIS, Mo. (AP)—Bonus baby Ray Sadecki, suspended by the St. Louis Cardinals for failing to show up for Wednesday night's game, says being "traded" is the answer to his problem.

But General Manager Bing Devine, who suspended the young left-hander indefinitely, says "He's no more tradeable today than he was yesterday."

# Two Named To Attend Academy

Two members of Winona National Guard Company A have been selected to attend the Academy of the Minnesota Military Academy.

Sgt. LeRoy F. Czaplowski and Sp. 5 Allan J. Englerth will spend two weeks at the academy at Camp Ripley, near Little Falls, Minn., while the remainder of the local unit is at Ripley for summer field training.

The academy was established as a preparatory training center for National Guard officer candidates. Selection is made on the basis of military qualifications and personal fitness and on the recommendation of the unit commander.

Czaplowski and Englerth will accompany the Winona unit to Camp Ripley for the company's two weeks of field training beginning Sunday but will be assigned to the academy for the training period.

Ordinarily, after completing successfully the courses at the academy, candidates go on active duty for infantry officer basic training at Fort Benning, Ga.
