### All-Time High Tax Levy for State Purposes

ST. PAUL (AP) — Minnesotans today were confronted with another all-time high tax levy for state purposes.

Certified by State Auditor Stafford King late Wednesday was a rate of 16.85 mills for money to be collected next year. It applies to all real and personal property outside of Minneapolis, St. Paul and Duluth. In those cities, the rate will be 9.08 for state revenues.

The difference is caused by teacher retirement programs operated by these three cities independent of the state program.

One mill spread over all taxable property in the state produces an estimated \$2,131,334. One mill outside of the three large cities raises \$1,077,319.

In the statewide picture, the two big items are teachers retirement, 7.94 mills, and state building programs, 7.38 mills.

The statewide rate last year was 15.51 mills and the rate in the three largest cities 7.04 mills.

King said 1.1 mills was added to the levy for the building program enacted by the 1961 legislature, although there is some doubt that the program can take effect. The other 6.28 mills goes to pay off building certificates sold between 1949 and 1959.

The rate on homestead property in all areas of the state is 8.31 mills, compared with 6.39 mills last year.

### Rumors Wiley Will Resign Termed False

MILWAUKEE (AP) — Reports that Republican Alexander Wiley would resign his U.S. Senate seat a few days before the scheduled end of his term to give his Democratic successor a few extra days of seniority were rejected Wednesday.

Wiley was defeated in last week's election by Gov. Gaylord Nelson, described during the campaign by the senator as "stupid" and a "nitwit."

Wiley and Nelson could not be reached for comment but spokesmen for both camps said there were no hints of such an arrangement.

Mrs. Wiley said in Washington she had not heard that the 78-year-old senator, whose fourth term ends Jan. 8, was to take such action.

Miss Jerri Kent, a Senate staff employee who aided in Wiley's campaign, dismissed the report as "ridiculous" and said the senator "is not going to resign."

Questioned about Wiley's chances for a federal appointment, Miss Kent said, "a man of stature is always in line" for nomination to a government post.

Democrat William Proxmire, who will become Wisconsin's senior senator, was asked about the report that after Wiley resigned early, Nelson would appoint himself to the office.

"And have Knowles for governor?" asked Proxmire, referring to Lt. Gov. Warren P. Knowles, a Republican.

Proxmire, who has been working for the committee appointments the governor would like, said of the report, "That sort of maneuvering is discouraged. I think it would be frowned on."

**IN WASHINGTON** . . . West German Chancellor Konrad Adenauer shakes hands with First Lady Jacqueline Kennedy as she and the President greet him on his arrival at the White House. Behind Kennedy is Hermann Feldweg, German foreign office interpreter. (AP Photofax)

## Adenauer Agrees With Kennedy on Cuban Pact

By LEWIS GULICK

WASHINGTON (AP) — Chancellor Konrad Adenauer winds up two days of White House talks with President Kennedy that a Cuban settlement must precede any new Western peace move on Berlin.

The veteran West German leader scheduled a morning meeting with Secretary of State Dean Rusk, a luncheon address, then a

final afternoon meeting with Kennedy. This conference will conclude two days of official talks which have ranged over major international issues. Adenauer returns to Bonn Friday.

There were morning and afternoon talks at the White House Wednesday. Both American and German authorities reported their chiefs agreed that a solution of

the U.S. dispute with the Soviet Union over offensive weapons in Cuba must come before any new initiative by the West on cold war issues.

... A White House lunch, Adenauer praised Kennedy's Cuban action. He said the U.S. stand was a great success for America and a failure for Soviet Premier Khrushchev.

## Cuban Crisis Still Serious

By WILLIAM L. RYAN  
AP Special Correspondent

If Fidel Castro is not to emerge in the guise of victor and hero from the U.S.-Soviet confrontation, it may be necessary one of these days for the United States to renege the Cuban crisis.

The appearance of a Castro victory in the Cuban standoff, after all that has happened, could have disastrous results for U.S. policy in Latin America, where it scored heavily with the strong posture which resulted in dismantling of Soviet missiles in the Caribbean.

Ye under certain circumstances Castro might make points for his side. It is entirely possible for him to proclaim himself a victor over the "North American imperialists" if nothing is done about those Soviet bombers on Cuban soil or inspectors are not put in Cuba to make sure offensive weapons have been removed.

The Communists could propagandize the compromise on either of these points as a backdown by the United States in the face of Castro's defiance. Castro might thus try to recoup some of the losses he sustained in Latin America when both Kennedy and Khrushchev humiliated him in the showdown.

It is difficult to believe that the long stay of Anastas I. Mikoyan in Cuba has been anything more than a Kremlin masquerade, a subterfuge to indicate to the world that the Havana regime still enjoys sovereignty, that it is not

owned outright by Soviet communism.

It is difficult to believe there was no collusion between Castro and the Soviet first deputy premier in what is presented to the world as a stubborn Castro stand against inspection and against giving up the bombers.

The Soviet Union, through Premier Khrushchev, pledged itself to remove from Cuba any weapons Kennedy regarded as offensive, and to permit on-the-spot inspection. Moscow's excuse for not removing the bombers and fulfilling the inspection commitment was that Castro wouldn't permit it.

But Castro has no place to go. His bridges are burned. He has no choice in the long run except to obey Moscow. The whole Cuban economy and all the island's military hardware depend upon the Russians. If Moscow support were withdrawn, Cuba would be in chaos. The Red Chinese are in no position to substitute for the Russians even if Castro wanted to pull a deviation.

The Cuba question and its impact on East-West affairs was the main topic Wednesday as Kennedy and Adenauer first met alone for an hour, then joined their foreign ministers and other principal aides.

While the two agreed a Cuba solution must be a first step before arranging new negotiations on Berlin, their reasoning was not quite the same.

Kennedy has long pushed exploratory talks with the Soviets on the German problem. U.S. authorities believe a Cuban settlement might open the way for East-West negotiations on a wide range of issues. Adenauer has been wary of negotiating on Berlin on the ground that the West stands more to lose than gain.

Kennedy said in a luncheon toast to Adenauer that now is "a time of very great change in the world, both in the West and in the East. An important turning point, possibly, in the history of the relations between East and West."

## Anti-Hail Rockets Protecting Grapes

By FRANK CAREY

WASHINGTON (AP) — The Soviets believe they have an answer to the age-old problem of protecting their grapes from hail. They're using rockets.

The Soviet report—translated by the Department of Commerce and released today—said that for centuries the grape crops in the valleys of the Soviet Republic of Georgia have been periodically destroyed by hailstorms.

But the report said that in 1961 thousands of acres were protected by anti-hail rockets and that the effort was broadened this year.

The rockets, said the Soviets, are loaded with cloud-seeding chemicals and fired into suspected clouds.

They then work this way:

"On passing through the cloud, the rocket releases a mist whose particles cause the crystallization

of supercooled cloud droplets."

The crystallization of these drops, said the report, does two things:

1. It prevents hailstones already present from growing larger;

2. It causes the crystals themselves to "fall as harmless snow," whereas uncrystallized droplets could eventually become frozen into hailstones.

American weather scientists who were asked to comment said it was impossible to determine from the report whether the hail-suppressing effects reported were actually due to cloud-seeding or to natural causes.

"No one in this country has succeeded in suppressing hail in a way that could be scientifically identified as due to cloud-seeding,—and not to natural climatic variations," one said.

## Freighter 300 Miles From Bermuda

HAMILTON, Bermuda (AP) — Fire today swept a Greek freighter loaded with commercial explosives and the 25-man crew abandoned the ship in raging seas 300 miles northeast of Bermuda, the Coast Guard reported.

Gale winds whipped the Atlantic as the crew gave up the fight to save the 7,187-ton freighter, the Captain George, bound from New Orleans, La., to Port Said, Egypt.

The tanker Virginia, flying the Liberian flag, stood by as the ship's crew went over the side. The Coast Guard reported waves of 33 feet in the area.

Another vessel—identified only as the schooner Curlew—was caught in the storm 90 miles northwest of Bermuda and the Coast Guard said the crew of six abandoned the two-masted sailing ship. The schooner had reported loss of its rudder.

The Captain George was loaded with 400 tons of commercial explosives at St. Marys, Ga., before its departure last Friday.

The 450-foot long vessel, whose home port is Piraeus, Greece, also carried a cargo of sulphur, flour and rice. The explosives are the type used in oil well drilling.

The cargo specifically included nitro carbonate, used both as an explosive and as fertilizer, and blasting caps.

The freighter caught fire after an explosion Wednesday night. The crew battled the spreading flames through the night in the storm that kicked up some waves reported as high as 60 feet.

A U.S. Coast Guard plane circling overhead had radioed at 9 a.m. the fire was out of control. The freighter is leased by the Blue Star Steamship Company of Kingston, Ga., the Coast Guard said.

At 9 a.m. the crew was still reported safe and "in good condition."

There was no indication of the cause of the explosion.

Seas were running 30 to 35 feet in the area, with some waves up to 60 feet, the Coast Guard said. The ship was reported taking heavy seas over an upper deck. Visibility was one mile.

A U.S. Air Force plane from Bermuda took up a patrol overhead after two Coast Guard planes returned to Bermuda to refuel. They had relieved a British airliner that had circled the ship for several hours.

The Captain George sent its first SOS at 10:34 Wednesday night. Early today the ship reported the situation looked "more promising" after the crew jettisoned some of the explosives from the after deck.

The ship's captain said, however, that the dangerous cargo remained on the forward deck.

There was no immediate word on casualties or the cause of the explosion.

The Liberian freighter Virginia was expected to reach the Captain George about 8:30 a.m.

The tanker Deborah was headed for the scene from about 125 miles away. The U.S. Navy radar picket ship Outpost was due in the area about 9 a.m., and the Coast Guard cutter Mendota was en route from Bermuda.

An amphibious Coast Guard Albatross plane reached the stricken freighter at 2:15 a.m. but was unable to land because of the stormy seas. The Albatross relieved a British Overseas Airways airliner that had interrupted its flight from Bermuda to London and established communications with the Captain George.

## Five Dead in N.D. Crash

RAUB, N.D. (AP) — Five persons died Wednesday when the station wagon in which they were riding careened out of control and all six occupants were thrown out as it rolled over 5 1/2 times. The sole survivor was a little girl.

Terry Star, 5, Loren Star, 4, and Joseph White Bear, 32, died at the scene. Woodrow Star, 37, and Orville Spotted Horse, 15, died in a Garrison hospital Wednesday night.

Sharon Star, 2, survived and was listed in fair condition today.

## Britain Probes New Spy Rumor

By DENNIS NEED

LONDON (AP)—A leading expert on Britain's security system today began an investigation of sensational rumors that a government minister planned to flee to the Soviet Union with a homosexual spy.

Prime Minister Macmillan in a startling statement to the House of Commons Wednesday called for a "trial of truth" and named Lord Radcliffe, 63, as the head of a tribunal with sweeping powers to look into the rumors and the state of government security.

The spy alarm was heightened by Charles Ian Orr-Ewing, civil

lord of the admiralty, who said in a speech that thousands of Communist secret agents are operating in Britain.

Macmillan himself warned that "hostile intrigue and espionage are being relentlessly maintained on a large scale" in Britain and that "massive efforts are being made by every possible method to undermine our security."

His statement was prompted by a rumor that Thomas Galbraith, former civil lord of the admiralty and the second-ranking civilian official there, planned to defect to the Soviet Union with William John Vassall.

Vassall, an admiralty clerk, confessed at his trial last month that the Soviets used his homosexuality to blackmail him into spying for them for six years. He was jailed for 18 years.

Lord Radcliffe's tribunal also will investigate a press report that it was known for 18 months before Vassall's arrest last September that there was a spy in the admiralty.

This will be Lord Radcliffe's second inquiry into government security. He led an investigation of intelligence services after George Blake, a foreign office intelligence agent turned traitor, was jailed for 42 years last year.

As a result of the investigation greatly tightened regulations for civil service employees went into effect.

Before that Lord Radcliffe, a lifetime peer, made almost a career of conducting government inquiries. He headed commissions that drew up the boundaries of India and Pakistan and the constitution for Cyprus and another that made a four-year study of the tax, monetary and credit system. He served as director general of information in World War II.

Macmillan told Parliament a "dark cloud of suspicion and innuendo" has surrounded Galbraith the former admiralty minister who last week resigned as under-secretary for Scotland. Vassall had worked for him at the admiralty, and a number of brief, seemingly innocent letters from the minister to the clerk were found in Vassall's apartment.

## \$150 Million Reduction in Travel Taxes

By FRANK CORMIER

WASHINGTON (AP) — Millions of American travelers will begin saving nearly \$150 million a year on their combined travel expenses when wartime transportation taxes are wiped off the books at midnight tonight.

The 10 per cent federal tax on air fares will be replaced immediately by a 5 per cent "user charge" designed to help pay for airports, navigation aids and other government-financed facilities used by the airlines. The 10 per cent tax on the price of rail, bus and boat tickets will be eliminated completely.

These tax charges, approved by Congress last summer, will trim about \$170 million from federal revenues. Cash benefits to the public will be less, however, because 24 railroads and about 50 bus lines will increase fares to offset all or part of the tax savings.

At present, no major airline plans to boost fares to take advantage of the tax action. Air fares thus will be 5 per cent cheaper on all flights starting on or after 12:01 a.m. Friday. Air carriers hope the reduced cost will attract more business and fatten profit margins.

All 23 eastern railroads will increase their fares by 10 per cent as soon as the tax expires. And the Chicago and North Western Railway will put a similar boost into effect on coach tickets. These lines hope, in this way, to partly reduce heavy passenger hauling deficits.

No fare changes are planned by southern and western railroads, which enjoy a better profit position. The cost of tickets on these lines will drop 10 per cent.

Most of the bus lines that have notified the Interstate Commerce Commission of plans to increase fares are regional operators. The increases they will impose range from 2 per cent to 10 per cent

## More Vote Than Registered In Olmsted County

MINNEAPOLIS (AP) — Votes in the tight Minnesota governorship race are being counted over again today in Alexandria's 5th ward and in at least three Olmsted County precincts.

The lead of Lt. Gov. Karl Rolvaag, the DFL candidate, over Gov. Elmer L. Andersen, GOP, stood at 275, but it could be changed by the rechecks of the two counties. The margin included returns from all but two counties.

The Olmsted County canvassing board, which had completed its official canvass earlier, was summoned to meet again late today when it was discovered more votes had been reported for governor in several precincts than there were voters' names on the register.

Officials said votes in three and possibly four large rural precincts would be recounted. They did not say how many extra votes were involved.

A recount was ordered by the Douglas County canvassing board upon discovery that, although the 5th ward had only 918 registered voters, 959 ballots had been recorded for governor.

Similar situations in Stearns and Nobles counties have been corrected by rechecks of ballots.

In Nobles County, it was discovered that 20 extra votes had been credited to Gov. Andersen.

Latest tabulation, with all but two counties officially canvassed, gave Rolvaag 619,777, Andersen 619,502.

Reports from Hennepin County, where teams of canvassers are checking nearly 1,300 voting machines, were that only minor errors had been turned up so far, none of them affecting the governor race. Only other county where votes have not been officially canvassed is Anoka. This is expected to be completed early next week.

## Girl, 7, Burned at Stake by Playmates

WILMINGTON, N.C. (AP)—A game of burn-her-at-the-stake with two girls as the participants—broke up abruptly Wednesday when one child's clothing caught fire, severely burning 80 per cent of her body.

Glenn Jean Perry, 7, was admitted to Cape Fear Memorial Hospital, where her condition was said to be serious. She received

second- and third-degree burns. Sheriff Marion W. Mills said the child was tied to a tree by a playmate, Pamela Louise Clough, 11, and rags were tied to her body and pine straw piled at her feet.

The sheriff gave this account: The older girl set fire to the rags, but tried to put the fire out when she realized what was happening. When she beat the rags

with her hands, they fell to the dry straw, lighting it also.

By this time, Gloria Jean's clothing was burning, as was the rope which held her to the tree. The child finally broke away and ran to Pamela's mother, who put out the flames with a blanket.

Mrs. Clough and Pamela both received minor burns on their hands.

### WEATHER

#### FEDERAL FORECAST

WINONA AND VICINITY—Cloudy and colder tonight and Friday. Low tonight 26-32, high Friday 38.

#### LOCAL WEATHER

Official observations for the 24 hours ending at 12 m. today: Maximum, 55; minimum, 33; noon, 39; precipitation, none.

# Let's Wind Up the Chest Campaign This Week

## U.S. Leaders Open Debate On Tax Cuts

By STERLING F. GREEN  
WASHINGTON (AP) — The administration tosses its tax reduction idea into a big roomful of industry, labor and civic leaders today and invites a free-for-all debate on how, when and whether to cut.

But the debate is mostly behind closed doors. And Walter W. Heller, chairman of President Kennedy's Council of Economic Advisors, gave notice Wednesday night that Kennedy already has made his basic decision on how to jog a jaded economy.

"The basic economic case for a tax cut," Heller said, "rests on clear economic principles, now well known, repeatedly demonstrated, and widely accepted."

"To remove the dual tax drag on the economy—both the drag on markets and drag on incentives—is a central concern of today's economic policy in the Kennedy administration."

He spoke before a special expanded meeting of the President's 21-man Labor-Management Advisory Committee. It was expanded by the invited participation of some 150 other executives, union chiefs, economists and public officials.

Heller rejected the idea, voiced by some members of Congress, that tax reduction has become unthinkable in view of this fiscal year's expected \$7.8 billion budget deficit announced on Tuesday. Tax reduction would deepen the red ink.

The committee's speeches—Heller Wednesday night, Secretary of Labor Willard Wirtz and Secretary of the Treasury Douglas Dillon today—were open to the press. The debates in between, were not.

Heller took off from the assumption that his audience, like himself, considered the present and prospective gains of the economy intolerably slow. The business rise probably will continue during first-half 1963, he said, but without enough steam to reduce unemployment or boost profits.

Heat canned pears in their syrup with a little lemon rind; serve hot with some strips of syrup-preserved ginger in each cavity.

## 45 Boys Open In YMCA League

Forty-five boys in the eighth and ninth grade age group will begin play Saturday in the YMCA boys basketball leagues, said Dave Merdes who is directing the program. Each team will be directed by a student coach: Wulfe Krause, Marty Farrell, Dick Kalbrenner and John Prigge.

Other "Y" boys interested in playing may report at 12:30 p.m. Saturday.

## Lewiston CD Meeting Set Next Wednesday

LEWISTON, Minn. — Kellifer Vaux, Rochester, commander of Mobile Support Area One, will be the speaker at an open civil defense meeting at 1:30 p.m. Wednesday at the city hall here.

## CHAIRMAN AT BLAIR

BLAIR, Wis. (Special)—James R. Davis, has for the 11th year been named chairman for the Christmas Seal sale here.

## St. Paul Youth Bitten by Cobra Gets Serum Shot

ST. PAUL (AP) — A St. Paul youth, bitten by a cobra at a pet shop Tuesday night, was in satisfactory condition in Bethesda Hospital today, after being given cobra antivenom serum flown here overnight from Chicago.

Larry Probst, 19, was reported to have owned the highly poisonous snake, which he kept at a local pet shop owned by a friend, and was watching it when it struck his left hand.

Doctors gave first aid and immediately issued a nationwide call for serum to combat the cobra's venom. Such serum shortly was located at Lincoln Park Zoo in Chicago and flown here. It was administered immediately on its arrival, early today.

Count on boiling two pounds of onions and making two cups of medium white sauce if you are planning to serve creamed onions on a holiday menu designed for a dozen eaters.

# Houston Couple Builds 'Biggest' Fallout Shelter

HOUSTON, Minn. (Special) — Open house will be held near here Sunday at what the Houston County civil defense director describes as the largest privately built fallout shelter in Minnesota.

It's on Highway 76, three miles north of Houston. Built by Mr. and Mrs. Palmer Halverson, it will house 50 to 60 people in event of emergency. They have seven guests in their Blue Star rest home in Houston.

CLAUDE KREMER, Houston County Civil Defense director, said state and district officials have been invited to examine the shelter.

Open house hours will be 9 a.m. to 5 p.m.

Mr. and Mrs. Halverson built it without any government assistance but it meets CD specifications.

The shelter is situated to the west of the highway with nothing to indicate its existence except a gravelled drive into the six-acre plot and a small overhead entryway. Concrete steps lead down into the 60-by-11-foot shelter which was built of concrete reinforced with steel.

There's a shower at the bottom of the stairs where if necessary clothing may be washed off before entering the shelter proper.

The building is equipped with another shower, toilets for men and women, electric stove for cooking and refrigeration. A wood stove also has been installed and there's a supply of wood under the stairway.

THE HALVERSONS have stored canned and fresh vegetables and fruits in the shelter. Water is secured from a submerged pump and a pressure tank.

The open house will be in the form of a dedication of the shelter, which will be open for use by the public insofar as room permits should an emergency occur.

# Durand Child Killed by Truck; Father Driver

DURAND, Wis. (Special)—A 3½-year-old Durand farm child was killed late Wednesday afternoon when he was run over by a truck driven by his father.

Dead is Michael Spindler, son of Mr. and Mrs. Charles Spindler. The Spindlers operate a farm two miles northeast of Durand. Michael was one of six children.

THE ACCIDENT occurred at 5:15 p.m. Wednesday in a field near the boy's home. According to reports from the youth's relatives Spindler was working in a field with his truck. Two of his children, 4½-year-old Susan and 5½-year-old David, were playing around the truck.

At dusk, Spindler put the two children into the truck and walked around it to be sure there were no other children near. In the darkness he did not see Michael who apparently was lying under the truck near the rear wheels.

SPINDLER got back into the truck and felt a small bump when the vehicle started to move. Getting out of the truck he saw that the dual wheels had passed over the youngster's body. The child was declared dead when a Durand physician arrived.

Dr. R. J. Bryant, Pepin County coroner, said an inquest would not be held.

Survivors include his parents; two brothers, David and Rodney, 2, and three sisters, Christine, 9, Susan, and Patty Joe, 1. Funeral arrangements are being completed.

Funeral services will be held at 10 a.m. Friday at Holy Rosary Catholic Church, Lima, with a Mass of the Angels, the Rev. Charles Wolf officiating. Burial will be in the church cemetery.

Friends may call after 7 p.m. today at Rhie Funeral Chapel, Durand.

PICTURE WINDOW . . . Garages usually don't have them, but this hole is almost a perfect cutout for one, Orville Abis, Fountain City, figures as he views a 6 by 15-foot opening cut into his concrete block building.

he said loomed in his path. He was hauling 15 yards of cinders for Don Elliott, Minnesota City, owner of the truck. The load made it difficult to stop.

Note damage to the left front and side of the truck. The driver was pinned inside for a time and his legs were bruised and skinned. The truck's transmission was extensively damaged. (Daily News photo)

# Council Asks for Plans On Hospital Area Lighting

Plans for installation of brilliant new lights on Mankato Avenue from Samia Street to U. S. Highway 61 will be submitted by North-east States Power Co. to the City Council, company officials said today.

Mutual agreement on the need for improved lighting in the Community Memorial Hospital area was expressed at a meeting of the Council Wednesday night with NSP officials from Minneapolis and Winona. The new addition to the municipal lighting system will be designed, constructed, owned and serviced by NSP. Present lighting on the segment is provided by five 4,000-lumen fixtures.

S. J. PETERSEN, Winona division manager for the company, said the project would be completed early in 1963. Design, Council approval and material procurement will take some time, Petersen said, but with the "clear understanding" of the Council for an out-of-the-way job, such an "unavoidable" delay will be worthwhile.

Aldermen concurred on the desirability of sound design. Money should be carefully spent on the project, they agreed, but the public relations value of fully adequate illumination at this entrance to the city should not be underestimated. Ald. Lloyd Deike said: "This should be for the long pull. We must do a superior job in this area."

ALSO REPRESENTING NSP at

the conference which covered all phases of city street lighting were Graydon Wheeler, municipal sales manager, and James McCracken, assistant manager, Minneapolis, Harry Hanson, Red Wing-Winona division sales manager, and W. W. Tolleson, special assistant sales manager.

A general review of available types of municipal lighting — incandescent, mercury vapor and fluorescent — was conducted for aldermen by the NSP officials. They said company engineers would furnish a complete chart showing location, present and proposed output of all lights in the city.

Adequate light can be obtained from any of the three types, Wheeler said, simply by providing enough lamps to give uniform illumination on streets. Mercury vapor and incandescent lights can be directed into selected areas, he pointed out, while fluorescent lights distribute their output on building fronts and streets alike.

SIMPLY INCREASING the lumen output does not provide uniform lighting, McCracken said, if fixtures are not spaced closely enough to furnish overlapping in fringe areas between them.

Concrete pavement, he said, could provide better reflecting surface for street lights while it remains clean. However, McCracken said, it cannot be kept this way and a bituminous surfacing would

seal coat contains light sand or mica flakes would have about the same reflecting properties. Ald. Henry Parks said downtown black-top streets are now sealed with such a compound.

Contrary to some allegations, McCracken said, NSP does not try to persuade communities to adopt fluorescent lighting fixtures. They are more expensive than other types, he noted, but added that many city councils had selected them because they appear to dress up streets and serve as business builders for downtown areas.

CURRENTLY installed on an experimental basis are four 52,000-lumen mercury vapor lights on 3rd Street between Center and Lafayette streets. Wheeler declined to be drawn into a discussion of comparative merits of different types of fixtures but said it is axiomatic that unless light output is increased by at least four times, there is not much visible difference.

Present lights in the downtown 3rd street area are rated at 20,000 lumens, except for the four experimental lights now being tested.

QUERIED by aldermen as to progress on the program of upgrading residential lighting, Tolleson said approximately 200 older 2,500-lumen and 4,000-lumen lamps had been replaced by 6,000-lumen units in residential areas. Another 100 lamps now are in line for upgrading, he said, and the remaining 400 changovers should be completed next year.

Ald. Henry Parks suggested the 2nd Ward was being bypassed in the improvement program and that neighboring 1st Ward had received most of the attention after which NSP crews moved to the 3rd and 4th wards.

Tolleson said changes were not planned on a ward-by-ward basis but to coincide with current repair and maintenance work on other services in the interest of efficiency.

City streets are now lighted by units ranging from 2,500 to 52,000 lumens in output. Downtown business streets and the Huff Street dike road have mercury vapor fixtures and residential sections are served by old style and new-model incandescent lamps.

DOWNTOWN decorative mercury vapor lights are city-owned, the purchase price for which was shared by the city and businesses of the area. NSP energizes and maintains the lights for an annual fee of \$55 per light. They are rated at 20,000 lumens. The four experimental lights on 3rd Street give 52,000 lumens of light and the yearly fee for their current and upkeep charged by NSP is \$110.

Old-style residential incandescent lights, now being replaced, furnish 2,500 lumens and their annual cost is \$25. Fees for 4,000-lumen incandescents are \$30 each; for new 6,000-lumen incandescents, \$40, and 10,000-lumen incandescents, \$50.

Next year's city budget appropriation for public lighting is \$49,000. The currently budgeted figure is \$46,450.

## TWO THINGS AT ONCE

BOSTON (AP) — The Harvard School of Medicine and Public Health are painfully aware of the time crisis that forever haunts doctors. Offering physicians a noon half-hour film showing different problems facing a family agency, the School of Public Health noted: "You may bring your lunch and eat it during the film."

# Goodview Council OKs Brochure on Dec. 4 Election

The Goodview Village Council decided at a special meeting Wednesday night to publish a brochure explaining advantages and disadvantages of a proposed change in village government which villagers will vote on at the Dec. 4 election.

The plan, known as Optional Plan A, has been adopted by 77 Minnesota villages, none of which has returned to their former type of government. A key feature of the plan would be to put the office of clerk on an appointive basis. The clerk—who is now elected—would be appointed by the Village Council under the plan. The appointive post could be full- or part-time.

If the plan is approved, the clerk would no longer be a member of the Village Council. He would be replaced by an additional trustee. Winona Printing Co. was engaged to print 500 copies of the brochure which will be distributed throughout the village next week. Cost of the printing has not yet been determined. The brochure proposal was unanimously approved at the special meeting.

Dr. E. G. Callahan, village clerk, will sign an agreement with Northwestern Bell Telephone Co. this afternoon under which telephone equipment would be used for automatic operation of the new waterworks pump house. Water service will start in about one week. Cost of the telephone service has not yet been reported.

William Wissman, chairman of the village park-recreation committee, reported to the council on the new park-recreation building which is nearing completion in the village park.

# FBI Identifies Train Victim

Police have made positive identification of the body on the Milwaukee Road tracks Sunday.

Fingerprints were checked by the FBI in Washington, D. C., and disclosed that it was Frank M. Kiedrowicz.

Police also said Kiedrowicz was seen in the area shortly before the accident. Harry Krage, 752 E. Mark St., told police that he saw Frank walking east on the tracks about 1:15 a.m. Sunday morning.

Krage said that he talked to Kiedrowicz a short time at the intersection of the tracks and High Forest Street.

George Savord, chief of police, said that Train 4 of the Milwaukee Railroad probably was involved. It left Winona at 1:26 a.m. Sunday.

He said that it was the only possible train, because it was the only one on those tracks between the time Kiedrowicz was last seen and the time when police were called.

# Radiological Class Stated at Galesville

GALESVILLE, Wis.—A radiological monitoring class will be held at Galesville City Hall Monday at 8 p.m. Members of the fire department and police personnel were particularly urged to attend, and the general public is invited. This will be the first class in a series, according to Howard Mohr, Cochran, civil defense director.

# October Payrolls Hit Record High for Month

Winona employment reached a record high of 10,629 in mid-October, Ray H. Brown, local manager, State Employment Service, reported.

The new record is 110 higher than the previous peak of 10,519 set in December 1955 at the height of the holiday retail rush.

BROWN said the October record is the highest in the 14 years that employment records have been kept by his office. Manufacturing employment set a record high in October for the third consecutive month.

Here's a five-year roundup of Oct. 15 employment: 1962, 10,629; 1961, 10,479; 1960, 10,072; 1959, 10,106; 1958, 10,156.

The October record is 157 higher than the previous month's total of 10,472.

"EMPLOYMENT has been rising throughout much of 1962 and shows a gain of 900 workers since the first of the year," Brown said. "Payrolls were up in most industrial categories. Manufacturing showed the heaviest gain. Government was up and construction netted a small rise. Unless early cold weather curtails outdoor activities, employment is expected to continue at high levels for the next 30-45 days."

Brown said manufacturing employment, which has been a pace-setter in Winona's employment rise, had reached a new peak after hitting the year's low in February.

"Winona's factories started climbing in March and have been moving upward throughout the summer and early fall months. The present total of 4,574 workers

is an all-time peak for the manufacturing field. Metalworking, textiles, chemicals and wood products showed gains during the month.

"Metalworking climbed because of production hikes in chains. Textiles and apparel added workers due to increased activity in knit goods, plastic fabricating and textile processing. Crew buildups in plastic materials and fertilizers raised the chemical group. Wood products climbed due to high production levels in cabinet and box manufacturing. Manufacturers anticipate continued high levels for the next 30-60 days."

BECAUSE OF work on the new post office and on the Trunk Highway 61-140 superhighway project, construction employment moved ahead slightly during the month but continued at lower levels than a year ago.

The October rise in government employment was caused mainly by return to work of personnel in Winona State College and public schools.

LABOR DEMAND continued strong in October. The biggest needs were for women factory workers and for stenographers and other office workers.

About 600 persons sought jobs through Brown's office at the end of October. Of this number, about 150 were students seeking part-time jobs and 260 were women.

The mid-October report follows:

	1962—	Oct.	1961
Manufacturing	4,500	4,574	4,208
Wholesale trade	340	340	358
Retail trade	1,518	1,517	1,548
Service	1,642	1,629	1,645
Railroads	325	325	326
Utilities	450	409	414
Government	741	840	835
Construction	587	617	794
Finance	298	397	273
Other activities	71	71	73
Totals	10,472	10,629	10,479

\*Includes public schools and Winona State College.

# Air Service Buys Three New Planes

Three new fully equipped Piper planes, including a four-place model, have been acquired by Winona Aviation Service, Inc., Max Conrad Field, C. Paul Venables, president, announced.

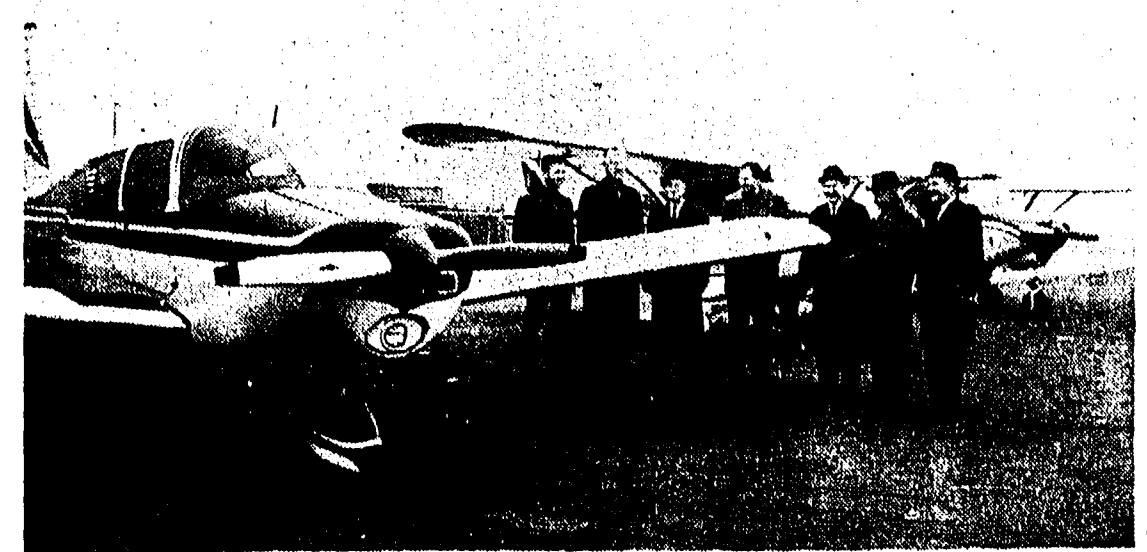

The four-place plane is a Cherokee 180 Super Custom—a 180-horsepower model with a cruising speed of 140 m.p.h. and a 700-mile range. The Cherokee, which has an automatic pilot, will be used for charter, rental, sales demonstration and as an air taxi for short flights. The Cherokee and the other two planes—109-horsepower Piper Colts—all have two-way radios.

The Colts are for training and rental. They cruise at 110 m.p.h. and have a 500-mile range.

Venables said the firm had hired a St. Paul mechanic, Roger Anderson, who will start work next week. The firm will provide minor and major airplane maintenance.

A ground school course will start in early December for prospective pilots and licensed pilots needing a refresher course. The ground school will prepare students to take the Federal Aviation Agency's written examination—which lasts about four hours—for a private pilot's license. Students must also pass an FAA flight test. Subjects will include meteorology and radio-navigation.

The firm will soon start an advanced ground school to prepare licensed pilots to take a five-hour FAA examination for an instrument rating. Phone Robert Dunn, the firm's general manager and chief pilot, for further information.

THREE NEW PLANES . . . Winona Aviation Service, Inc., which was recently organized, now has three fully equipped Piper planes. At left, a Max Conrad Field, is a four-place Cherokee 180 for charter, rental, sales demonstration and as an air taxi for short flights. Other planes are two-place Colts for training and rental. Officials of the aviation service, left to right, are:

Robert Dunn, general manager and chief pilot; C. Paul Venables, president; George E. Kelley, secretary-treasurer; directors James M. Frankard, E. O. Eckert and William A. Galewski, and Harold Edstrom, vice president. Not shown are directors Ted Maier and E. M. Allen. (Daily News photo)

# Colder Air Due Friday; Maximum 38

Temperatures remained mild in Winona overnight but a change is indicated for the weekend.

Cloudy and colder with scattered light snow tonight and Friday is the forecast with a low of 26-32 tonight and a high of 38 Friday. The weatherman says on Saturday there's also a chance of scattered very light snow with temperatures around the freezing mark.

WEATHER was in vivid contrast with a year ago today when five inches of snow fell overnight. Precipitation for the 24 hours measured .96 of an inch. High temperature was 41 and the low 28.

The all-time high for Nov. 15 was 64 in 1930 and 1953 and the low for the day 3 in 1883 and 1940.

The temperature rose to 55 in Winona Wednesday and dropped to 33 during the night. The sky remained cloudy this forenoon and the temperature at noon was 39.

Bemidji and Rochester reported lows of 30 this morning for the state minimum. It was cloudy in most Minnesota communities but Minot, N. D., reported sleet and a temperature of 28.

Parts of Wisconsin were "socked in" by heavy fog today as unseasonably mild mid-November weather continued.

Patchy fog developed in many areas this morning, especially in the southern and eastern sections. By 8 a.m., heavy fog was reported at Madison, Eau Claire and Fond du Lac, although no cloudiness prevailed.

Early morning temperatures ranged from 26 at Lone Rock to 42 at Racine. Madison had 29, Park Falls, Eau Claire 30, Superior 34, Green Bay 35, Milwaukee and Beloit 37 and Wausau 40.

BELOIT HIT the state high of 62 degrees Wednesday, with other maximums ranging down to 42 at Superior.

Drummond, Mont., set the nation's low mark of 4 above zero early today, compared with the high of 81 Wednesday at West Palm Beach, Fla.

# Arcadia Boy Scouts To Receive Awards

ARCADIA, Wis. (Special)—Seventeen Arcadia Boy Scouts were designated to receive first class badges at a board of review Monday night.

They are: Bruce Meistad, Dennis Berg, James Arnold, Gary Arnold, David George, Bruce Kostner, James Woychik, Steve Siegle, Andrew Pelowski, Thomas Reedy, Sammy Erickson, Carl Kube, Jonathan Schulhaus, Gaylord Metzler, George Kiehl, William Feltes and Peter Fernholz.

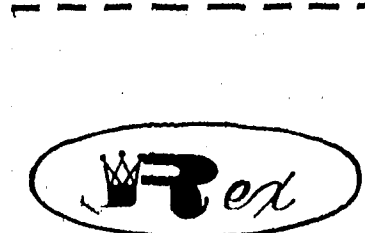

An awards night, originally scheduled for next Monday evening, has been postponed. Boys interested in passing first class tests are to contact LeRoy Woychik.

Members of the board of review were Roman Feltes, Gordon Meistad, LeRoy Woychik, all of Arcadia, and Arnold Olson, Whitehall, district advancement man.

Counselors are still needed for the following merits (interested persons should contact Scoutmaster Kingo Andow): First aid to animals, Indian lore, textiles, public health, botany, mechanical drawing, woodwork, metal work and seamanship.

# Ex-Columbia Teacher Leaves School Bequest

NEW YORK (AP)—John Henry Hobart Lyon, a Shakespearean authority, was known on the Columbia University campus for 34 years as a professor always eager to help a student.

He gave up teaching 13 years ago, but never lost his keen interest in Columbia students.

The university revealed today that Lyon, who died a year ago, left a bequest of \$105,000 for the benefit of students in four schools of the university.

# Ex-Policeman Now Teaching in N.Y.

WHITE PLAINS, N.Y. (AP)—Discipline should be good in the classroom of James Davitt Jr., new mathematics teacher at White Plains High School.

Davitt, while getting his bachelor's degree from Montclair (N.J.) State College, worked the night shift on the Newark, N.J., police force.

Wednesday was Davitt's first day on his teaching job.

# It Happened Last Night

## Dorothy Provine Old Follies Pal

By EARL WILSON

NEW YORK — As I grow older — and I do, though of course I don't show it — I'm impressed with the brilliance of young people like Dorothy Provine.

"Our society," says the TV and movie doll, "puts too much importance on youth and beauty."

Now that's an important thought — if you're over 40.

"Youth and beauty," says Dorothy — who's both youthful and beautiful, "are supposed to make you more desirable. But in Japan they reverse the aged."

## Court Asked to Excuse Terry Jo In Bluebelle Quiz

MIAMI, Fla. (AP) — A federal court was asked Wednesday to spare Terry Jo Duperrault, 12, of Green Bay, Wis., the only survivor of the Bluebelle sea tragedy a year ago, the glare of notoriety by not requiring her to come to Miami in connection with lawsuits against the owner of the vessel.

Suits totaling \$400,000 have been filed in Terry Jo's behalf by the Kellogg-Citizens National Bank of Green Bay against Harold S. Pegg of Hollywood, Fla., who rented the Bluebelle to the Duperrault family for a holiday cruise.

Dead, and perhaps murdered, was the girl's entire family—her mother and father and a sister and brother—and Mary Dene Harvey, the wife of the boat's skipper Julian Harvey, who killed himself later.

The bank asked in a petition that Terry Jo be permitted to make a deposition in Green Bay or Milwaukee. Judge Emmett C. Choate will hear the motion on Monday.

Leeks, although larger than green onions (scallions), are milder in flavor than the latter.

They'll Do It Every Time

DEAR ABBY:

## Maybe Movie Was Dreamy

By ABIGAIL VAN BUREN

DEAR ABBY: Last night, while I had bridge club, my husband went to a drive-in movie. When he came home at 5 o'clock in the morning he said, "Now don't get mad at me. I fell asleep at the drive-in and nobody woke me up." Can this be true?

DEAR GRAND: It is ridiculous enough to be true.

DEAR ABBY: I was told not to wear black to a wedding. I went out and bought a new dress, although I had a perfectly good (new) black one in my closet. When I got to the wedding, two out of five women were wearing black dresses. The wedding was at 7:00 p.m. Please answer in the paper. I want to settle this with someone.

DEAR ELKHART: If it gives you any satisfaction to know that you were more appropriately dressed than the women in black — here it is.

DEAR ABBY: This is for the 15-year-old girl who signed herself SLAVE because her mother asked her to do a few chores around the house. I, too, felt that I was being imposed upon because my mother insisted that I help with the housework. Now that I have a home of my own I am sorry I didn't learn more under by mother's supervision. Do you know how to mop and wax tile floors? And how to polish furniture properly? Can you wash and iron your husband's shirts? Do you know how to clean an oven? And defrost a refrigerator? Do you know what to do if a fuse blows? Can you buy groceries in the right amount? Unless you can answer yes to all these questions, don't complain.

DEAR ABBY: I would like to know what you think about a 16-year-old girl buying her boyfriend a shirt that matches her blouse. He is 18 and we have been going together for about a year.

DEAR READER: Don't "surprise" him with it. Ask him first. What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

## Heart Attack Kills Man Hunting Deer

BOVEY, Minn. (AP) — David E. Card, 82, died of a heart attack Wednesday while hunting near his home at Lawrence Lake. Companions in his party found the body, reported Sheriff Marvin Mitchell of Itasca County.

## Blair Man Heads State Horse Group

BLAIR, Wis. (Special)—Marshall Grass, Blair, has been elected president of the Wisconsin Horsepulling Association. About 60 members and their wives were present at the group's annual meeting last week at Melrose. Aubrey Skinner, Reedsburg, who has participated in the horsepulling contests at the Egg Festival many years, was elected vice president. Trophies were awarded to the holders of state records. Grass received the heavyweight trophy.

## 250 Parents Visit Blair High School

BLAIR, Wis. (Special)—More than 250 parents and friends visited Blair High School during open house Monday night in observance of American Education Week. The program consisted of classroom visitation and conferences with teachers. A movie, "Summer Harvest," depicting accomplishments of a summer educational program at Wichita, Kan., was shown.

## Headwater Reservoirs Meeting Recessed

BRAINERD, Minn. (AP) — A Wednesday hearing on a program of regulation for Mississippi River headwater reservoirs was recessed until Dec. 10 when it will be resumed in St. Paul. Interested groups said they were not prepared to comment on the plan Wednesday because they had not had time to study its ramifications. The program is designed to attempt to serve all interests — river navigation, wild rice producers, fisheries, pollution control and community water supplies, among others. J.W. Walters of the U.S. Corps of Engineers, which will have the final say on reservoir levels, said his agency is willing to hear arguments from all those interested and would try to work out agreements in the handling of the water to best serve all demands.

## ARCADIA STORY HOUR

ARCADIA, Wis. (Special) — Mrs. Esther Robiecki again will conduct a story period for children who now are in the first grade or who will be in the first grade next year. The story hour will be held at Arcadia High School library beginning at 2 p.m., Saturday. Older children and adults will be asked to stay away from the library until about 3 p.m.

## S.D. Supreme Court Justice Retires

PIERRE, S.D. (AP) — Justice St. Clair Smith, 78, of the South Dakota Supreme Court, resigned Wednesday after almost 28 years of service. His resignation, submitted to Gov. Archie Gubbrud, is effective Nov. 30.

## Value of Party Endorsements Being Questioned

MILWAUKEE (AP) — Some Republicans, reacting to losses in races for the two top posts in last week's election, have begun to consider the merit of party endorsement for candidates.

Incumbent Republican U.S. Senator Alexander Wiley and GOP governor candidate Philip Kuehn, both running with party endorsement, were defeated by Democrats. The endorsement, given by the state convention, provides organizational and financial support for the selected candidates, but does not exclude others from running.

Mrs. Janet Norris of Milwaukee, second vice president of the Wisconsin Federation of Republican Women said Wednesday night the group's executive committee has recommended the endorsements be abolished.

She told the Milwaukee County Republican organization the decision was made at a meeting in Fond du Lac on Monday. She said the group also recommended the primary election be moved ahead, possibly to June, instead of September as state law now provides.

Chester V. Salomon said the 10th Ward GOP unit has approved a resolution asking for "reassessment" of endorsement. He was applauded loudly when he said "we will have to do something to eliminate mandatory endorsement."

Toast perfect walnut halves in a little butter and sprinkle with cinnamon sugar; use as a garnish for squash, pumpkin or sweet potato pie.

## Potato Council Decides Against Marketing Vote

WASHINGTON (AP) — A sharply divided National Potato Council decided Wednesday against a vote on a proposed federal marketing order designed to stabilize potato prices and supplies. A resolution calling for endorsement of the proposal of the Agriculture Department for a national marketing order was withdrawn at the final session of the council's annual meeting.

One reason for not voting, a council official told a reporter, was because the department's marketing order proposal will be discussed by the potato industry at public hearings in Denver Dec. 4. He said many potato industry people think it best to have the hearing proceed without any formal position having been taken by the council.

Floyd F. Hedlund, director of the Agriculture Department's Fruit and Vegetable Division Marketing Service, said that with the current urge to merge trend fewer and fewer large volume buyers can be expected.

One way to deal with a large scale buyer and a national market, he said, is to organize. "I mean organize big and strong for

marketing and bargaining power," he said. He said any such organization must have these essentials: It must be big enough to command respect and be able to fill large orders; it must have skilled professional management; it must provide a sound merchandizing program.

Hedlund also proposed a hard look at fresh market potato standards. "Whether you are willing to admit it or not, these grade standards were built for another age," he said. "Except for a few almost insignificant revisions, we are still using the same fresh market potato grades we had in 1927."

## Arcadia Army Officer Honored On Retirement

ARCADIA, Wis. (Special)—A surprise party was given in honor of Lt. Col. Gile Herrick at the Oaks, Minnesota City, Saturday evening on his retirement from the U.S. Army after 35 years.

The event was given by past members of his command and Capt. Everett Kampa, Arcadia, commander of the Arcadia unit of the 32nd National Guard Division.

HERRICK enlisted as a private in the 32nd Military Police Company, Wisconsin National Guard, Nov. 17, 1927. He served with the 32nd Military Police as an enlisted man until commissioned a second lieutenant in 1938. He was called to active duty with the 32nd Infantry Division, National Guard, Oct. 15, 1940. In December 1941, after attending infantry officers training school at Fort Benning, Ga., he was assigned to the 126th Infantry, 32nd Division.

He went overseas in April 1942, landing at Adelaide, Australia. In September 1942 he left by boat with the 126th Infantry for Port Moresby, New Guinea. Combat engagements were at Buna, Saidor, Aitape, Morari and Leyte in the Philippines.

He returned to the States in February 1945. After a recuperation leave, he was assigned to an advanced replacement training center in Texas. Following a short orientation course at Fort Benning, he was released from active duty Jan. 30, 1946.

IN MAY 1947, Herrick assisted in reorganizing the Wisconsin National Guard and commanded Headquarters Company, 2nd Battalion, 426th Infantry. He served as a staff officer until assigned as commanding officer of the 2nd Reconnaissance Infantry Squadron, 105th Cavalry, when the division was reorganized.

Herrick went on active duty again in October 1961 when the Arcadia company was sent to Fort Lewis, Wash. His last assignment was G-5 civil affairs officer on the division staff.

On Friday he will have completed 35 years of active and reserve duty. Col. Herrick is now assigned to the U.S. Army Reserve.

HERRICK is owner of the Herrick Skogmo Department Store in the Massena shopping center here.

Mrs. Herrick is the former Dorothy Brownlee of Arcadia. They have four children: Susan, a junior, and Michael, sophomore at Arcadia High School; Steven,

## Neighbors Help St. Charles Man

ST. CHARLES, Minn. (Special)—Seventeen "their brother's keeper" families turned up at the Philip Lucking farm near St. Charles Monday for a corn picking bee.

Mr. Lucking is a cancer patient. The men harvested 2,500 bushels of corn from 35 acres between 10 a.m. and 4 p.m. The women prepared dinner with donations from St. Charles stores.

Lucking entered St. Mary's Hospital, Rochester, Sept. 2; was there three weeks; convalesced four weeks at home, and was hospitalized again 11 days. His wife Marie and son Charles, 15, have been carrying on as best they can.

Their good neighbors were Chris Conway, Clarence McGuire and Michael, Lyle Peck, Lavone Narveson, Robert Jones, Leo Ludwig, Cy Ellis, Claude Peck, Walter Fisher, Hugh Vermilya, Michael Vadavick, and Messrs. and Mrs. John Conway, Elmer Utke, Paul Brogan, Tim Waby and Alfred Pieper.

sixth grader and Ann, second grader at St. Aloysius Catholic School. Gile is the son of Mrs. Michael Herrick, Arcadia, and the late Mr. Herrick.

## Blair Pool Fund Gets Contributions; \$375 Still Needed

BLAIR, Wis. (Special)—The Slitch and Chatter Club of Blair has done its bit in raising funds for the swimming pool, now a reality. Formerly the Priscilla Homemakers, the group sponsored three card parties in the City

Hall which netted \$140. The three last parties were traveling card parties and brought in \$312 for a total of \$452.

The Preston local of the Farmers Union has donated \$25 to the fund, according to James R. Davis, fund custodian.

He said about \$375 is still to be raised to complete the fund. If whole canned oysters are available in your market, try adding them to clam chowder. For a Friday night company supper!

## Tractor Tips, Rochester Man Killed

ROCHESTER, Minn.—Laurence W. McNee, 41, was killed Wednesday shortly before noon when a tractor-loader overturned on him at his farm five miles north of here.

McNee, off duty at the time, had been a Rochester policeman since 1951.

His body was found by a relative who went to call him for lunch. The Olmsted County sheriff's office said McNee had been clearing land on his 30-acre farm, located just off U.S. Highway 63, when the tractor toppled on him, killing him instantly. The accident occurred about 400 yards west of the house.

McNee, a native of Spring Valley, was a veteran of World War II service with airborne units in North Africa and Italy. Surviving

him is his wife, the former Margery E. Bartness, Albert Lea, whom he married in 1947.

Fresh limes are said to keep well when refrigerated in a covered jar. Try this method and decide for yourself!

CAMPAIGNS AT HOUSTON HOUSTON, Minn. (Special)—Mrs. Elmer Wright, chairman of the Little Red Stocking Appeal, announced that the neighbor-

hood drive will begin Sunday. Mrs. Floyd Loken, chairman of the drive for Retarded Children, said solicitors may complete the campaign this week.

## New Remington Roll-A-Matic 25

Power. Whisker-cutting power. More than was ever before packed into a shaver head. That's the secret of the radically new shaver motor in the Roll-A-Matic 25.

High-speed Roll-A-Matic cutters get right to the root of your beard (don't skim the surface like ordinary shavers), clean whiskers off fast. Trim straight sideburns, mustaches, long hairs as no rotary blade ever can. No pinch, No burn. No drag. No whiskers.

Comfort. How can the Roll-A-Matic 25 shaver

get in so close and still be comfortable? Roller Combs! 4 of them. An exclusive Remington feature, Roller Combs let you stop shaving, start rolling your whiskers off. Roll skin down, roll whiskers up to leave your face smooth as your palm. (Roller Combs give your skin a pleasant massage in the bargain.)

Stop shaving. Start rolling your whiskers off with Remington Roller Combs. The new 1962 Roll-A-Matic 25 is at your Remington dealer's. Get one and more power to you. More comfort, too.

MORE REMINGTON SHAVERS HAVE BEEN MADE AND SOLD (OVER 42 MILLION) THAN ANY OTHER MAKE!

## Time for Reappraisal Of Education's Role

EVERY NOVEMBER, during the week which includes Veterans Day, an event known as American Education Week is observed throughout the United States. It is an audit, or annual report time—during which the schools tell their owners, the general public, about their purposes, methods, achievements, needs, and problems.

Several special Education Week activities have been planned for the Winona community including school visitation days, special programs, pertinent information projects to acquaint the general public with what the local schools are doing.

American Education Week grew out of the revelation, during World War I, that a shocking percentage of the American people were illiterate and physically unfit. Representatives of the National Education Association and the newly formed American Legion discussed the problem, and their talks led to the observance. In 1921, of the first American Education Week. The event was part of their plan for "securing for America a program of education adequate to meet the needs of the Twentieth Century, and which will give every boy and girl that training and equipment which is rightfully his under our democratic government."

FROM 1922 ON, the observance has been co-sponsored by the U.S. Office of Education (formerly the Bureau of Education). In 1938, the National Congress of Parents and Teachers became the fourth national sponsor.

Many other groups participate. Farm, labor, business, professional, civic, religious, fraternal, service, library, welfare, and general cultural organizations help plan and finance many projects and activities.

The basic purpose of American Education Week is to make every American aware of the important role education plays in a democracy... and to help him realize that good schools are his personal responsibility.

Specific purposes are: to increase public understanding and appreciation of education; to explain the modern school—today's curriculum, current teaching methods and materials; to increase pupil appreciation of their school; to reveal school problems and needs; to strengthen the bonds of cooperation between school and community.

These purposes are achieved by encouraging the public to visit the schools, and by explaining the achievements and problems of the schools through a variety of media, to those who do not visit the schools.

YOUR WHOLEHEARTED support of American Education Week is strongly desired.

## Uncle Wiggily: Durable Fantasy

A MAN DIED the other day and his death will bring back memories to many of the older readers of this newspaper. Although we haven't carried the feature for several years, Uncle Wiggily ran regularly in the Winona Republican-Herald, predecessor to the Daily News, for two or three decades.

Uncle Wiggily's creator, Howard R. Garis, is dead, but the elderly rabbit himself seems likely to endure. For the world of childhood fantasy has several lives—the fresh wonder of discovery may be repeated for generations, and each generation finds that wonder alive again in a nostalgic glow.

To follow some much-loved character through an unending succession of printed and pictured adventures was, to most of today's mature Americans, a bright door to the universe of books; the transition from the Oz stories, say, to the Boy Allies or any of the numerous fictional troops of Boy Scouts, and then on to immersion in Scott and Dickens could be so rapid as to overlap.

MR. GARIS' OWN LIFE gives a hint of that; he combined Uncle Wiggily with a stint of Tom Swift, that youthful Connecticut Yankee who was so adept at making and maneuvering all the latest gadgets.

Mr. Garis wrote more than 400 books and 15,000 stories. What is happening to the mass production of printed fantasy today? Has it all been diverted into comic books and television? A good deal could be said in criticism of the unreality and eventual tiredness of some of the many series.

PERHAPS THE TOTS of today are becoming immune to the innocent charm of the books their fathers and mothers relished and cut their literary teeth on stronger fare. But if they are drifting away from books altogether, we are sorry for them. To name only one advantage of the book, one may come across it years later, tucked in some forgotten corner, or meeting an eager new reader, and know again the long lost magic. But the comic book shreds away, and the figures on the TV screen flicker—and die.

It's rumored that Bob Hope may go to work for the State Department. Maybe they want him to do something called "The Road to Havana."

Automatic supermarkets are promised for the future. The way they reduce a \$20 bill to small change is automatic enough already.

O Lord, our Lord, how majestic is thy name in all the earth, Psalms 8:1.

## Washington Calling

### 20-20 Hindsight On U.S. Elections

By MARQUIS CHILDS

WASHINGTON—The privilege of interpreting the election returns with 20-20 hindsight is not confined to pollsters, prognosticators and pundits, most of whom failed to see any pronounced current prior to election day. The White House, too, has been examining the results with the most studious care.

In this appraisal the President is seen as having a new and strengthened position. The contrast with November of 1960, when a mere handful of votes distributed in certain marginal states brought about Kennedy's election, is emphasized.

Two years ago as the youngest chief executive ever elected to the office the President was acutely aware of his slender hold on the voters. The hair-line margin had come as a shock since his paid pollsters had shown a different total.

His every act was conditioned by a sense of the narrowness of the division in the country. It induced caution and the need to maneuver on the edge of popular esteem. By many in his own party in Congress the President was criticized—privately rather than publicly in most instances—for failing to take a bold approach. To these Democratic critics he seemed not only too cautious but to conservative. They will be returning to Washington in January ready to urge him to exploit the Democratic victory by fighting more boldly and openly for the major parts of his program blocked in the old Congress.

Childs

BUT THE President is unlikely to respond to this demand. He is inclined, according to those who work most closely with him, to feel the mid-term election proved his tactic was the correct one. Therefore, he will follow the same line of calculated but cautious advance within a limited range on the domestic front.

At the top of the agenda he means to drive hard, for in the next Congress are three or four vital measures. First comes medical care for the aged under Social Security. The President's political advisers believe that if the election proved anything conclusively it was that the American Medical Association's high pressure, generously financed campaign against medicare fell flat.

WITH THE prestige of the recent victory and the addition of some liberals in Congress the White House will go to work on the centers of resistance that blocked the medicare bill. The first engagement will be over that familiar trap, the Rules Committee, as members of the Southern Democratic-Republican coalition try to restore it to its old roster of 12 members.

High up and with equal priority will be aid to education, which the President feels is now more than ever imperative. In the same category are the youth corps and youth employment proposals sponsored by Senator Hubert Humphrey. The school dropout problem and its relation to juvenile delinquency are of deep concern.

The proposal for a Department of Urban Affairs, scuttled in the last congress, will be revived again. This happened after the President announced that he would name Robert C. Weaver, a Negro, currently housing administrator, to the Cabinet post. Shortly he will sign the long-delayed executive order ending discrimination in all public housing financed with Federal funds.

THESE MEASURES, the politically perceptive will be well aware, all benefit directly or indirectly the big population centers. They could have a significant bearing on the big-city states when the election of 1964 rolls around. Four of those states—New York, Pennsylvania, Ohio and Michigan—now have Republican governors.

## IN YEARS GONE BY Ten Years Ago . . . 1952

## BLESSED ARE THE PEACEMAKERS

## THE WASHINGTON MERRY-GO-ROUND

### Adenauer Makes Mistake Of Remaining Too Long

By DREW PEARSON

WASHINGTON—The current problems of Chancellor Konrad Adenauer, the grand old man of Germany, illustrate the mistake so many old men make of staying too long.

After performing the miracle of rebuilding a mangled and prostrate country to be one of the most prosperous in Europe and giving it the form and trimmings of democracy, Adenauer has insisted on presiding over that democracy so long that it has started skidding downhill toward an autocracy.

He brushed aside with inexcusable brusqueness the modest ambition of his economy minister, Ludwig Erhard, to succeed him.

Pearson

He referred to the illegitimate birth of Mayor Willy Brandt, the hero of West Berlin, in an effort to discredit him.

He brought laughter in the Bundestag by claiming that his telephone was tapped. And when his foreign minister, Gerhard Schröder, was en route to Washington last month for important conferences over Berlin, he announced, even while Schröder was flying across the Atlantic, that he, Adenauer, was coming to Washington in November—thereby nullifying almost anything his foreign minister did or said in Washington.

Finally, the man who did so much to build up German democracy pulled part of his own work down by sealing the offices of the most important independent magazine, Der Spiegel, and arresting six of its executives on the suspicion of treason.

Their crime was that of claiming West Germany's defenses were not what they were cracked up to be and of publishing documents to prove it. If Kennedy arrested

Scripps-Howard newspaper executives for their relentless and sometimes unfair criticism of his Cuban policy, the situation would be comparable.

Some time ago, I dined with the able and very likable West German defense minister, Franz Joseph Strauss, who had been a devoted advocate of a big West German army, and asked him the question so many Americans and Europeans ask: "What is to prevent the new German army from taking the same belligerent course it took under both the Kaiser and Hitler?"

His reply was: "Because I will keep it democratic."

However, when the question of a democratic free press in West Germany was concerned, it was Defense Minister Strauss, personally, who telephoned the German military attaché in Madrid and ordered the arrest of the publisher of Der Spiegel, Conrad Ahlers, then vacationing in Spain.

And the government of Dictator Franco, which had an extremely close working arrangement with Hitler for submarine and rocket bases in Spain against the allies, promptly obliged the supposedly democratic government of Chancellor Adenauer by arresting Ahlers and flying him back to Germany.

So as Adenauer visits the USA on what may be his last official trip, the embarrassing shirtings of German democracy are flapping in the wind. The most important subject Adenauer is discussing with President Kennedy is the future of Berlin. Here the Chancellor finds himself at odds with other staunch defenders of Berlin.

Mayor Willy Brandt, one of the staunchest, has made it clear to U.S. officials that Berlin cannot exist indefinitely as an occupied city. The time must come when occupation troops leave and the city goes back to a certain amount of normal East-West trade.

Mayor Brandt sees as a solution the establishment in West Berlin of a branch of

the United Nations with U.N. or neutral token troops to police it. This is essentially one of the proposals made by Premier Khrushchev.

Foreign Minister Schröder also takes a more practical view of Berlin than Adenauer. Privately he believes West Germany cannot indefinitely keep up the demand of a united Germany, thereby refusing relations with East Germany.

But this is the point on which Adenauer will not surrender. Because he keeps hammering home the idea that Germany must be united, the United States has been restrained from dealing with or recognizing East Germany in order to negotiate an agreement through East German territory to Berlin. If East Germany is recognized, Khrushchev has said, such access is assured.

But Adenauer says no, and so far we have bowed to Adenauer. This is the crux of talks between the 86-year-old chancellor and the 45-year-old Kennedy.

The average West German will tell you that the unification of East and West Germany isn't worth arguing about, certainly not worth a war over Berlin. West Germany is Catholic and prosperously capitalist. East Germany is Lutheran, Communist, and not prosperous. The average West German doesn't want to dilute his prosperity by merging with an unprosperous East Germany. And many Catholics don't want to dilute church influence by an influx of Lutherans.

In brief, most West Germans have become reconciled to living in a divided Germany except the elder statesmen who did so much to build up a democratic West Germany, but now comes to the United States with his undemocratic dirty linen hanging on the line back home.

## INSTANT REDSKINS

WHITEHALL, Ohio (AP)—Firemen recently rubbed out a lot of redskins.

After using a lot of elbow grease and turpentine, the firemen managed to clean up five very red youngsters who had dropped a brick on a spray can of red paint.

## ANNIVERSARY TIME

BOWLING GREEN, Ky. (AP)—Mr. and Mrs. James Hudson crowded a lot of anniversaries into a short time. Their 71st wedding anniversary and Mrs. Hudson's 91st birthday occurred the same day; his 91st birthday was on the following day.

## Today In National Affairs

### House, Senate Still Conservative

By DAVID LAWRENCE

WASHINGTON—Quite a lot of publicity was given last week to the fact that the Democrats lost fewer seats in the House of Representatives than either party in power has sustained in an off-year election since 1934. But nobody seems to have pointed out that the Democrats in Congress are weaker in strength today than they were after the off-year election only four years ago. For in 1958 they achieved a membership of 283 against their 259 this past week.

Nobody seems to have pointed out that no Democratic president since the 1930's—when the Democrats elected 322 members in the House in 1934 and 333 members in 1936—has had anywhere near these totals in either a presidential or an off-year election.

The fact stands out that, were it not for the help of its conservative wing in the South, the Democratic party today would be a minority party.

Thus, there are, for instance, 95 Democrats in the House of Representatives from the 11 states of the South and without these votes in the new Congress which assembles in January the Democrats would have only 164 seats as contrasted with the 176 held by the Republicans.

Since most of the Republicans are conservatives, this means that the conservative coalition of Republicans and Democrats in the House of Representatives retains a substantial majority—just as effective as the coalition majorities which have prevailed since 1938.

But, inasmuch as the 1934 election has received so much attention as a basis for comparison, it is interesting to note that after the bank holiday and deep depression of 1933, the election of 1934 furnished the first opportunity for the voters to express themselves on that issue. They were not only showing their resentment against the Republican party for allegedly having brought on the economic debacle, but they were impressed by the efforts made by the Roosevelt administration to bring recovery. That's why in the 1936 election the Democratic party actually increased its seats in the House of Representatives from 322 in 1934 to 333 in 1936.

BUT TWO years later the turn came. The people became impatient over the failure of the New Deal to wipe out unemployment. Large numbers of voters also disapproved of President Roosevelt's attempt to tamper with the Supreme Court. Accordingly, in the 1938 off-year election, the Democratic membership in the House of Representatives dropped from 333 to 282. This loss of 51 seats was a crushing blow for "new dealism" or "liberalism." It was then that the present-day coalition really began to rule Congress.

Significantly, in the presidential-election year of 1940—due to the continued rise of the conservative trend—the Democratic strength in the House increased by only five seats to a total of 287. The Democrats didn't achieve that height again for 18 years. It was just four years ago that the discontent of the voters over the 1957 economic recession enabled the Democrats to move their membership in the House up to 283.

So, with the exception of the 1938 election, the Democratic party has not since gone beyond the 287 figure it obtained in 1940.

But, to be realistic, it is necessary to subtract from every one of these Democratic majorities since 1938 anywhere from 95 to 105 Democratic votes from the southern states. There are now 11 Republican members of the House from the South.

The United States maintains, therefore, a conservative legislative body, and all the talk about how a few so-called "liberals" here and there now can put through really radical legislation is not persuasive. When the chips are down and some crucial measure likely to affect the economic situation adversely is proposed by the administration, even many of these "liberals" will run to cover by failing to vote.

OFF-YEAR elections are usually interpreted by the partisans to suit their own wishes.

## FAT OVERWEIGHT

Available to you without a doctor's prescription, our drug called ODRINEX. You must lose up to 75 lbs. or more. No strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX costs \$3.00 and is sold on this GUARANTEE: If not satisfied for any reason just return the package to your druggist and get your full money back. No questions asked. ODRINEX is sold with this guarantee by: BROWN DRUG STORE, 117 W. Third St. Mail orders filled.

## To Your Good Health

### Make-Up Helps Circles

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Please give me some information on the treatment of dark circles under the eyes. I am 43 and have had a hysterectomy. I have always been a little dark under the eyes but it seems to be getting worse and I am real self-conscious.—MRS. N. N.

I wish people would stop fretting about "dark circles." But I suppose they won't. If the vagaries of feminine cosmetics were to make dark circles stylish, then no doubt I would start getting as many requests for help in acquiring circles as I now get of the opposition.

The operation has nothing to do with the circles. Neither does health have anything to do with circles except indirectly.

The skin of the eyelids is thin. It contains the same pigment (melanin) that all skin has, but the prominence of the color varies considerably. The amount of water in the tissues affects it. Brunettes have more "circle" problem than blondes. Loss of weight can accentuate the circles. High cheek bones can make the circles more prominent.

If the skin becomes unduly saggy, it is possible to have a tuck taken by plastic surgery, if the matter is of sufficient importance to warrant this. But in general careful make-up to disguise the coloring is the best answer. That and learning not to deceive yourself, because I've noticed that some people use themselves needlessly. Something or other attracts their attention to the "circles," and they start peering into the mirror thirteen times a day. Every time they look, the circles seem darker, whereas they haven't really changed at all.

Dear Dr. Molner: Can you tell if a man has had relations before marriage and if so, what are the symptoms both physically and mentally? — Mrs. M.P.

No, you can't tell.

Thus, the Democratic strategy today seems to be to emphasize the results of last week as a "Kennedy victory" because the administration didn't lose as many seats as incumbent administrations have lost before in off-year elections. The truth probably is that the economic situation in general is about the same as it was at the time of the 1960 election and that, if the Cuban situation had not stirred many voters to go to the polls, the Democratic party might have sustained bigger losses in the House of Representatives.

About all the congressional election of 1962 can be interpreted to mean is that the two parties retain relatively the same strength as they had two years ago, and that the nation will really see a battle between them in 1964, when the outcome largely dependent on whether the country is in recession or moving up to a better economic level than prevails today.

## \$7.8 Billion Federal Deficit Seen for Year

WASHINGTON (AP)—Administration officials are forecasting a federal budget deficit this year of \$7.8 billion. This could be big enough, perhaps, to imperil President Kennedy's plans for a 1963 tax cut.

Sen. William Proxmire, D-Wis., was one of the first Congress members to comment today on the official deficit estimate announced Tuesday by the Budget Bureau.

"Under the circumstances," he said, "it would be a serious mistake to give the President the tax cut which he indicated last summer he will ask when Congress resumes."

It may have been no accident that, just prior to the deficit announcement, it was reported that the administration was giving thought to a gradual tax reduction that would take effect in several steps over a period of one to two years. Such a plan would soften the immediate impact of lower taxes.

The Budget Bureau said several factors were responsible for dashing its dream of keeping out of the red in the current fiscal year that began July 1. It said:

The economy, by falling far short of earlier expectations, is cutting deeply into forecast revenues. Federal income now is expected to total \$85.9 billion—down \$7.1 billion from the estimate Kennedy provided when he sent the budget to Congress last January and predicted a \$500 million surplus.

The administration's 1962 tax bill and the Treasury's July liberalization of tax depreciation, both aimed at spurring business modernization, will account for \$2 billion of the revenue loss.

An easy way to serve about a dozen people a holiday dinner, is to choose a fully-cooked ham of 12 to 14 pounds for the main course. The meat may be heated and glazed without tending, and there will be lots left over!

## BOYLE'S COLUMN

### Americans Greatest Snuff Users

By HAL BOYLE  
NEW YORK (AP)—What is it President John Adams, Dolley Madison, Voltaire, Napoleon Bonaparte and Babe Ruth had in common?  
Why, they all used snuff!  
You may have thought that snuff went out with the pedigree wig or the bustle. Fie on your ignorance, sir! A double fie!  
The so-called "Great Age of Snuff" in Europe was during the 16th and 17th centuries and was largely a privilege of the aristocracy. But snuff is now in its second great age, and has more devotees in this country than during the U.S. Revolution.

"America leads the world in snuff, and we use far more than all the rest of the people on earth put together," proudly proclaimed Gerry Gilmartin, spokesman for the Snuff Information Center.

"Our production last year was 34 million pounds with a retail value of \$60 million. That can be compared with a production of only three million pounds in 1875." Gilmartin estimates America's snuff clientele at about six million. The reason you don't notice them is that few sniff snuff in public anymore. Most simply park their snuff under their lower lip, or between cheek and gum, and let it slowly dissolve.

"Snuff precedes the discovery of America," said Gilmartin. "Indians here customarily sniffed it through an eight-inch reed called a cubit."

Explorers brought snuff back to Portugal. Jean Nicot, French ambassador to Lisbon, sent samples home to his queen, Catherine de Medici, who spread the fad through European nobility. Nicot's reward: He gave his name to nicotine.

Snuff comes in two forms—dry and finely powdered—known in the trade as "scotch"—and moist, which is coarse cut.

There are some 60 brands, flavored with licorice, clove, cinnamon, wintergreen and other flavoring ingredients. Each manufacturer guards his secret formula as carefully as do the makers of fine whiskies or Coca-Cola.

So far no one has thought of coming up with a whisky or cola-flavored snuff, thus combining the various markets.

Why would anyone want to take snuff? There are several reasons. You don't have to light it, filter it or puff it—and it leaves the hands free to work. Second, it is inexpensive. A weekly supply of three ounces costs about 36 cents.

Many of its fans also claim snuff helps clear their sinuses, settle their stomachs and relax their nerves. And, finally snuff doesn't start forest fires or cause explosions in chemical factories.

### Township Officers Push Added Gas Tax

MAYNARD, Minn. (AP)—A half cent would be added to the Minnesota gasoline tax for the benefit of local roads if the Minnesota Association of Township Officers has its way.

Earl McNeil, Maynard, president of the group, said it would ask that the half cent be tacked on, no matter how much is requested for other road purposes in the 1963 legislature. He pointed out that township road funds had remained static since 1957.

### Gas Tax Collections Down From Year Ago

ST. PAUL (AP)—Last month's collections of gasoline taxes were down 2.1 per cent from October 1961, Tax Commissioner Rolfand F. Hatfield reported today.

The October collections are based on fuel sold during September. They totaled \$5.7 million last month.

For the first 10 months of this year, fuel tax collections are up more than 2 per cent, including refunds returned for non-highway uses of gasoline. Net collections for the year total \$49.6 million.

## \$29 Million State Building Program Set

ST. PAUL (AP)—The \$29 million building program approved by the 1961 legislature today appeared closer to a go-ahead.

Gov. Elmer L. Andersen said final details are being worked out to prepare contracts for the half-year program. It includes more than \$10 million in buildings by the

University of Minnesota and additional millions for state parks, colleges and hospitals.

The governor said Tuesday that apparent voter approval of Amendment No. 2 in last week's election paved the way to implement the program.

The legislature approved it contingent on passage of the amendment which removes the old state debt limit and provides a new system of borrowing.

There were some doubts that the building could be started without a legal test and a favorable opinion from bond attorneys.

Atty. Gen. Walter Mondale advised State Auditor Stafford King Tuesday to levy a general tax to

pay for the program as ordered by legislators.

However Mondale said, "We recognize that it may not be possible to sell any certificates of indebtedness without first obtaining a determination of the Minnesota Supreme Court as to the validity of such certificates."

The court may say Amendment No. 2 makes it possible to issue the certificates or it may tell the legislature to re-enact the building bill.

The 1961 act calls for taxes to be raised each year for 20 years to pay for the buildings. Including interest, this reportedly will add at least one mill to the state levy for next year.

## PLYMOUTH'S SALES ARE ON THE MOVE

AT

### PLYMOUTH'S ON THE MOVE WITH AMERICA'S FIRST 5-YEAR OR 50,000-MILE WARRANTY\*

Other cars may lay claim to being well-built—but Plymouth 63 is the car that puts it in writing with a 5-year or 50,000-mile warranty! And, next to Plymouth's bright new beauty, perhaps, there's no better reason for you to take a long look at Plymouth 63 before investing in any new car.

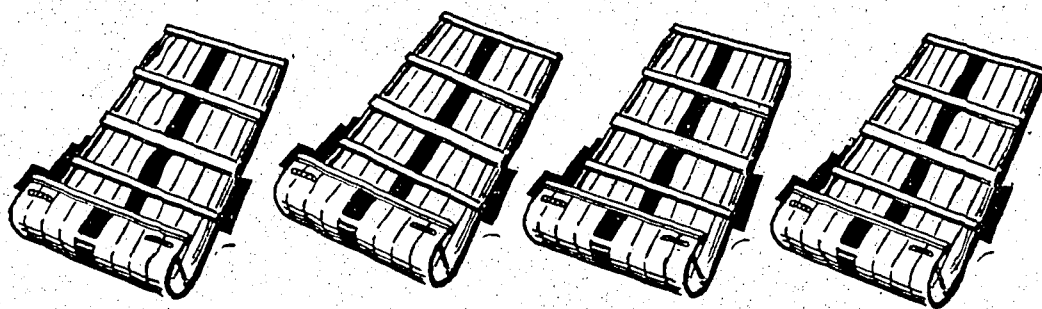

\*Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair, without charge for required parts or labor, for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedule.

**MR. AND MRS. BLAINE LIUDAH, Spring Grove, Minn.,** were married in September at the Trinity Lutheran Church in Spring Grove, the Rev. Rolf Hanson performing the ceremony. The bride, the former Sharon Rosanen, is the daughter of Mr. and Mrs. Gilman Ingvalson, Spring Grove, and the bridegroom is the son of Mr. and Mrs. Earl Liudahl, Spring Grove. Both are Spring Grove High School graduates, employed and making their home in Spring Grove.

### Mabel Seniors To Stage Comedy

MABEL, Minn. (Special) — The senior class of Mabel High School will present a comedy, "Papa Is All," by Pattersen Greene Friday at 8 p.m. in the school auditorium under the direction of Justin Kniemeyer.

David Larson, Sonja Anderson, Julianne Wold, Craig Trystad, June Jameson and Donald Harvey are members of the cast.

The play is about a Pennsylvania Dutch family and Papa's abuse of their religion to his own ends. The family revolts and everything starts to happen.

### 84TH BIRTHDAY

EYOTA, Minn. (Special) — Open house was held at the Vernon Nichols home Sunday in honor of Mrs. Nichols' mother, Mrs. Jessie Higgins' 84th birthday. Mrs. Higgins had 14 children, 43 grandchildren, 69 great-grandchildren and one great-great-grandchild. Thirteen of her children are living and 12 attended the open house.

**MR. AND MRS. LELAND GIVERTSON, Cochrane, Wis.,** announce the engagement of their daughter, Patricia Jean, to Michael Cox, son of Alfred Cox, Wabasha, Minn., and the late Mrs. Cox. The wedding is planned for Dec. 1 at St. Lawrence Church at Alma.

**RUTH CIRCLE** — LAMOILLE, Minn. (Special) — Ruth Circle of the Cedar Valley Lutheran Church will meet tonight at the Alice Erickson home and the Mary Circle at the Norton Hanson home.

## Thailand Public Health Worker Tells of Home

Guest speaker, Mrs. Varunee Sarasiti, Bangkok, Thailand, told Winona Chapter DAR members of her homeland Wednesday afternoon at a meeting at the home of Mrs. C. D. Tearse.

Mrs. Sarasiti, a student at Winona State College, is taking education courses to enable her to teach more effectively on her return to Thailand. A graduate of the university in Bangkok, she has spent nine years in the public health department and does considerable work with the rural population. Prior to coming to Winona State Mrs. Sarasiti spent a year doing graduate study at the University of Minnesota where her husband Dr. Charlio Sarasiti is now doing advanced work in the analytical chemistry department.

In her talk Mrs. Sarasiti related that although English is now a nearly international language knowing the language of any coun-

try helps the visitor to appreciate the nation's culture and customs more fully. She expressed her feeling that the World Health Organization in her homeland is doing a work of major importance.

The friendly nature of Thai people, the deep religious feeling of the more than 80 percent Buddhists of the country and the fact that in more than 17 centuries of Thai history there has not been a famine makes Thailand a more independent nation than many of the Indo-China area, Mrs. Sarasiti stated.

Mrs. Stanley Hardt, regent, conducted the meeting and received reports of standing committees. Mrs. Howard Packer read the President General's Thanksgiving message.

Mrs. D. C. Alexander and Mrs. E. E. Christensen presided at the tea table for the social period following the meeting.

## Sorority to Install First Chapter at State College

Zeta Upsilon Chapter of Delta Zeta Sorority will be installed Saturday and Sunday into the first national panhellenic sorority to establish a chapter in a Minnesota state college and the first sorority at Winona State College.

Out of town guests and visitors will be on campus for the festivities which will include initiation, a formal banquet and a tea.

Activities will begin Saturday morning with initiation of 25 girls. Members of Gamma Chapter from the University of Minnesota will conduct the ceremony which will continue throughout the day.

Saturday evening the installation banquet will be held in the Flamingo Room of the Hotel Winona. Dr. Margaret Chew of La Crosse State College will be the toastmistress at the banquet.

**DELTA ZETA** representatives who will be present for the events are Mrs. Violet Whitfield, Evansville, Ind., national president; Mrs. Kay Beyers, Milwaukee, alumnae province director; Mrs. Jean Schlosstein, Cochrane, Wis., college province director; and Mrs. Evelyn Nolo, Rochester, Minn., daughter-in-law of the immediate past president.

Mr. and Mrs. S. J. Kryzsko and Dr. and Mrs. Nels Minne will be patrons and patronesses of the Zeta Upsilon chapter. Mrs. Marguerita Riltman, dean of women, will accept the charter for the chapter.

Initiates and their guests from the University of Minnesota will attend 11 a.m. church services together Sunday. The presentation tea will be held Sunday afternoon at Richards Hall cafeteria. Administration and faculty members, alumnae, sorority represent-

atives, college organizational leaders, and friends will be invited to attend and extend a welcome to the Zeta Upsilon chapter.

Alumnae and collegiate members in charge of the weekend preparations are: General installation chairman, Mrs. R. E. Meisbauer; banquet chairman, Mrs. Milform Ulven; reservations and alumnae housing, Mrs. Meisbauer; tea, Mrs. Carroll Hopf; collegiate housing, Miss Ancy Hellickson; decorations, Mrs. Glenn E. Fishbaugh; initiation, Miss Karen Kryzsko; publicity, Mrs. Robert Lembecky and Miss Lois Russell; transportation, Miss Carolyn Maertens.

### Caledonia Schools Observe American Education Week

CALEDONIA, Minn. (Special) — American Education Week is observed in the Caledonia public schools this week.

At the November meeting of the PTA Tuesday, the elementary school had open house from 7:30-8 p.m. The combined choir of the Methodist and Immanuel Lutheran Church sang, directed by Mrs. Catherine Colvelt.

The business meeting of the PTA was held in the school gym from 8:30-9 p.m. when a regular high school day was demonstrated, each class running 10 minutes. A lunch program was served.

Taking cooked food out of the freezer for a hurry-up meal? Put the container (covered, of course) under hot running water to thaw sides slightly, then turn out food.

**MR. AND MRS. JOSEPH BAKKEN, Eltrick, Wis.,** announce the engagement and approaching marriage of their daughter, Darlene, to Jerome Redsten, son of Mr. and Mrs. Leonard Redsten, Galesville, Wis. The wedding will take place Dec. 8 at 2 p.m. in French Creek Lutheran Church.

## Movie Tells How Rose Becomes All-American

A movie, "A Rose For You," showing how a rose becomes an All-America Rose Selections Award winner, was presented Wednesday evening to members and guests of the Winona Rose Society at Lake Park Lodge.

An "AARS" citation for his creation is the rose hybridist's most sought-after prize. To the amateur gardener it represents an unprecedented assurance of quality and growing satisfaction in his garden.

Another movie, "Roses," emphasized the principles of "tender, loving care" that prove that the best possible methods of planting, spraying, mulching are most rewarding for a beautiful rose garden display.

**THE WORK** in research of the American Rose Foundation was explained by Francis Jilk. This foundation is supported by members of the American Rose Society, by other Rose Societies and by interested rosarians the world over. Its primary goal is "better roses, better methods, new controls."

Announcement was made of the North Central District of the American Rose Society Rose Show and Judging School to be held at Madison, Wis. June 15-16 sponsored by the Madison Rose Society. An evaluation was given of the Winona Rose Society's Memorial Rose Garden and plans were presented to enlarge it next spring with plantings of a number of new introductions.

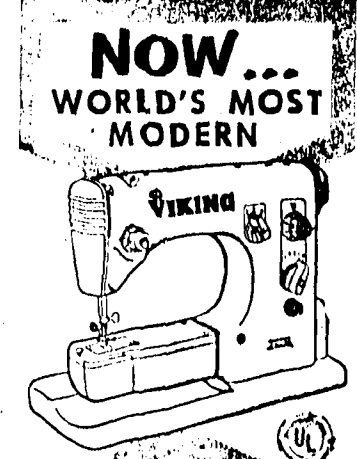

**"THE WORLD of Roses"** by Bertam Park, "Roses-Growing for Exhibiting" by Harold H. Allen were among the books and magazines discussed for "Arm-chair Gardening." Members were urged to study catalogs and plan their gardens during the next few months.

A number of revisions to the club's constitution-by-laws were read. They will be voted on at the next meeting. Dr. C. A. Rohrer, president, appointed a nominating committee with Mr. Jilk, chairman, and Mrs. Archie McGill and Mrs. P. Earl Schwab. A committee was appointed to assist Mrs. R. M. Thomson, program chairman, with the annual dinner "Come As A Rose" meeting Jan. 9.

Among the new members and guests introduced were Mr. and Mrs. Ludwig Mickelson, St. Paul. Mr. Mickelson is just completing a term as secretary of the Minnesota Rose Society and is its newly elected vice president.

### FROM ALASKA

HOUSTON, Minn. (Special) — Mr. and Mrs. Don Roell of Anchorage, Alaska, spent the weekend here with relatives.

## St. Matthew's Women See Mission Pictures

East Fork Lutheran Apache Mission, Whitewater, Ariz., was the topic presented by the Rev. A. L. Mennicke at the meeting of St. Matthew's Women's Club Wednesday evening in the church social rooms. Mrs. Fred Spittler who recently visited the mission showed pictures of the nursery and described its management and present needs.

Mrs. Jonas Moor reported for the visiting committee. The president, Mrs. Elmer Benz, appointed Mrs. Gilbert Matson and Mrs. R. E. McCormick as the visiting committee for the next month. The kitchen committee will be Mrs. A. H. Husemann, Mrs. Otto Knaak, Mrs. Stuart Hunkins and Mrs. H. B. Kilstofte. The candlelight service supper committee includes Mrs. Ralph Herzberg, kitchen chairman, and Mrs. Donald Berg, dining room chairman.

The Christmas party and bake sale will be held Dec. 13, at 7:30 p.m. Mrs. Harry Strehlow, Mrs. Ruth Blanchard, and Mrs. Herman Guderman will be in charge of aprons and needlework; Mrs. Orris Walters, Mrs. Lambert Reglin, and Mrs. R. E. Butenhoff, food; Mrs. Arthur Luehmann, Mrs. Moor, and Mrs. Ella Haggen will have novelties and miscellaneous. Pastor Mennicke invited members to the Men's Fish Fry Sunday at 5:30 p.m.

Mrs. Donald Schaefer, Winona County chairman of the American Cancer Society, introduced two films, "Self Examination for Breast Cancer" and "Time and Two Women." After their presentation, Dr. George Garber answered questions during a discussion period.

Hostesses for the evening were Mrs. Walter Skeels, Mrs. Louis Doebbert, Mrs. Edwin Moore and Mrs. Gerald Timm. On the entertainment committee were Mrs. Elmer Viestanz and Mrs. Lloyd Pearson.

Circle 6, Mrs. Robert Eckelberg, chairman, will meet Monday at the home of Miss Betty Prigge, 825 W. Wabasha St.

When steaming puddings, the water should boil gently and continuously. Replenish the water bath as necessary, adding boiling water each time.

Mr. and Mrs. Goodwin Boyum

## Amy Ullestad, Goodwin Boyum Exchange Vows

UTICA, Minn. — Miss Amy Ullestad, daughter of Mr. and Mrs. John Ullestad, Thompson, Iowa, became the bride of Goodwin Boyum, son of Mr. and Mrs. Andrew Boyum, Utica, Oct. 27 at Bethany Lutheran Church, Thompson.

The Rev. Lloyd Dobroth and the Rev. Allan Nelson, brother-in-law of the bridegroom, officiated at the double-ring ceremony.

**THE BRIDE**, given in marriage by her father, wore a floor-length gown of lace and nylon net over taffeta. A crown of seed pearls and flowers held her veil and she carried a crescent shaped bouquet of white roses and stephanotis. Mrs. Richard Erickson, New Rockford, N.D., was her sister's matron of honor. Mrs. Dale Gettis, Mason City, Iowa, sister of the bride, and Mrs. James Kuzmic, Minneapolis, were bridesmaids. They wore street-length dresses of gold satin with brown sashes and carried cascade bouquets of bronze poms centered with a gold chrysanthemum. Ann Marie Erick-

Mr. and Mrs. Keith Walters (Dunlop studios)

## Diane Lejk Weds Keith Walters

Miss Diane Lejk, daughter of Mr. and Mrs. A. R. Lejk, 261 E. Sanborn St., became the bride of Keith Walters, son of Mr. and Mrs. Elmer Walters, Pickwick, Minn., Oct. 27. The couple is at home at 276 E. King St.

The Rev. Fred Parsons performed the ceremony at the Baptist Church at Pickwick. The bride wore a floor-length gown of bouquet taffeta and Chantilly lace styled with long-sleeved basque bodice, sabrina neckline embroidered with iridescent sequins and pearls, bouffant skirt extending into train with lace edging the panels. Rose buds highlighted the skirt front. Her silk illusion veil was held by a princess crown of pearls and she carried red roses.

**THE MAID OF HONOR**, Miss Sharon Walters, sister of the bridegroom, and the bridesmaids, Miss Kathleen Walters, sister of the bridegroom, and Miss Sharon Kobus wore street-length dresses of perismon colored satin. The princess styled bodice had a bateau neckline and elbow-length sleeves. The bell skirt was trimmed with fabric roses. Their matching crowns held face veils and they carried white chrysanthemums.

Ray Gady was best man and Lloyd Walters, brother of the bridegroom, and Jerry McNally were groomsmen. Gary Braatz and Roger Fritz ushered.

**A RECEPTION** was held in the church parlors. Assisting at the reception were Miss Susan Craplewski, Mrs. Bonnie Whetstone, Miss Pat Eggert, Miss Sandy Luedtke and Mrs. Beverly Meyer. Mrs. Alice Parker made the cake. Both are graduates of Winona Senior High School. The bridegroom is employed by Fred Fakler and the bride at Hall-Hafner Floors.

Pre-nuptial showers were given by Mrs. Beverly Meyer, sister of the bridegroom, and the social society of the Pickwick Baptist Church.

**BAKE SALE** — SPRING GROVE, Minn. (Special) — The Spring Grove PTA will sponsor a bake sale and lunch at the Legion clubrooms Wednesday at 2 p.m. All proceeds will go to the Student Loan Fund.

## Houston County Buys Trucks

CALEDONIA, Minn. (Special)—The Houston County Board of Commissioners Wednesday purchased two two-ton trucks from the low bidder, Ike's Chevrolet, Spring Grove, according to Miss Dolores Hauge, county auditor. The bid was \$6,670.

Other bidders: J. A. Frank & Sons, Caledonia, \$6,979.60; Loerch Implement, Houston, \$7,669.68; and Kinski Implement, Caledonia, \$7,130.76.

All bids were with Heil bodies and included the trade-in of a 1947 truck.

The claim of Winona County for \$4,835.38 for construction of State Aid Highway 5 in the Upper Pine Creek area was allowed. The work was done this year. A portion of the road extended into Houston County.

H. M. McLaird, county engineer, was authorized to attend the four-day engineers' continuation study institute at the University of Minnesota beginning Dec. 10.

The reports of Dan Schlabach, La Crescent, weed inspector, and

## 2 80-Year-Olds Fight Over Girl

NEW YORK (AP)—Two men battling over a girl is fairly routine—but not when the battlers are both in their 80s.

Appearing Wednesday in Bronx Criminal Court were Joseph Feinstein, 81, and James Miscione, 82. Each had his head swathed in bandages, and each accused the other of felonious assault.

"What happened?" asked Judge Nicholas Delagi.

"He stole my girl," said Miscione, pointing at Feinstein. "Steal his girl?" replied Feinstein. "Who needs her—I got one of my own."

After talking it over with the judge the men agreed to withdraw their charges.

The femme fatale was not identified.

Arlo Abraham, Houston, service officer, were adopted.

A letter was read from Houston County Historical Society acknowledging the gift of the old window from the county jail for use in its new display room on the second floor of Caledonia Village Hall. New glass block windows have been placed in the jail.

Bills were allowed. Next meeting will be Dec. 12.

# Trempealeau Co. Levy Increased by \$37,195

WHITEHALL, Wis. (Special)—The Trempealeau County Board of Supervisors voted a tax levy of \$757,289 Tuesday on the final day of its annual session. This is \$37,195 higher than last year's levy of \$720,093.

Total budget of expenditures for 1963 is \$811,909 compared with \$783,431 a year ago. Anticipated revenues other than tax levy were placed at \$54,620 in this year's budget, compared with \$63,338 a year ago.

**GENERAL GOVERNMENT** appropriations for 1963 are \$78,350 which is \$8,600 more than last year. Included in general government levies are salary increases for the county clerk and treasurer; increases in county and circuit court costs; a slight increase for county coroner; an increase of \$500 for the law library; and \$1,500 for property and liability insurance, with no appropriation needed the previous year for this.

For protection of persons and property, appropriations for 1963 are \$36,391, an increase of \$871 over the last year. Hikes in this department were in law enforcement, where there were wage increases for the two traffic patrolmen and the two radio operators, and in civil defense for the hiring of Howard Mohnke, Cochran, as civil defense director. Trempealeau County will pay 60 percent of the cost and Buffalo County 40 percent the first year.

**THE HEALTH** appropriation for 1963 is \$33,480. This is \$19,745 less than for 1962, with a decrease of \$25,565 for state and other county sanatoria. The only increases were in the office of county nurse where the board voted \$4,800 for hiring an additional nurse; \$700 for travel and clerical expenses, and a wage increase for the secretary.

For education the 1963 appropriation is \$127,896, an increase of \$24,961. The levy provides wage increases in the extension and county superintendent of schools offices, and increases in aid to common schools and for the handicapped.

**FOR HIGHWAYS** and bridges the 1963 appropriation totals \$253,355, an increase of \$14,280 for highway construction and county aid for bridges.

Appropriations for charities and corrections for 1963 are \$230,042, \$770 more than appropriated for this year. The figure included a wage increase in the office of the veterans' service officer.

Interest on highway bonds decreased to \$5,712 compared with \$7,344 raised last year. The principal is being paid off annually with state allotments. Appropriations for unclassified accounts re-

mains the same as last year, \$7,100.

Outlay appropriations are \$39,602, an increase of \$642. In this category the board voted to decrease the proposed 1963 building fund from \$39,204 to \$19,602, and place \$17,000 in the courthouse repair fund for repair work to the old county courthouse and jail. This will reduce the building fund from a half- to a quarter-mill. The board plans that annual future appropriations to the building fund again will be a half-mill. Repairs to the old buildings include replacing loose bricks, recalking and replacing window frames, calking seams, sandblasting the exterior and painting with plastic paint.

**BOARD MEMBERS** decided that as a matter of policy they would not contribute to private charitable organizations for hospital facilities. This was on recommendation of the finance committee. The report said the committee felt the entire board should determine whether public funds for the construction of medical facilities should be channeled through private charitable organizations and whether public funds for the construction of medical facilities should be directly expended by the county as a municipality.

John Walek Jr., Independence, moved for a ballot vote. Of the 39 votes, 33 objected to raising public funds for private charitable hospitals and 6 voted in favor. Chairman Joseph Roskos, Independence, appointed the following members to the personnel committee: John Quinn, chairman, Galesville, Ray Nereng, Blair, and E. E. Strand, Strum.

## Society Briets

### VFW AUXILIARY

LAKE CITY, Minn. (Special)—Lake City VFW Auxiliary Monday initiated Mrs. Myrtle Strawmatt and Mrs. Leland Sprout at the VFW Clubhouse. The auxiliary voted to help needy families to enjoy a Thanksgiving Day dinner. Mrs. David Dunham is president.

## Winona Deaths

**Mrs. Mary Hoffarth**  
Mrs. Mary Hoffarth, 94, 157 E. 5th St., died Wednesday afternoon at Community Memorial Hospital after a long illness.  
She was born in Bavaria June 23, 1868, and came to Winona when she was 15. Mrs. Hoffarth was a member of Cathedral of the Sacred Heart and its St. John's Guild. She was a charter member of St. Elizabeth's Society and a member for more than 50 years. Her husband, Joseph Hoffarth Sr., died May 20, 1949.  
Mrs. Hoffarth is survived by two daughters, Miss Wilhelmine Hoffarth and Mrs. Josephine H. Loibl, both of Winona, and a son, Joseph Hoffarth Jr., Backus, Minn.

Funeral services will be Saturday at 8:30 a.m. at Burke Funeral Home and at 9 a.m. at Cathedral of the Sacred Heart. The Rev. Joseph LaPlante will officiate and burial will be in St. Mary's Cemetery.

Friends may call at the funeral home Friday afternoon and evening. Father LaPlante will say a Rosary at 8 p.m. Friday and another will be said by St. Elizabeth's Society, also at 8 p.m.

## Hans M. Hanson

Hans M. Hanson, 88, Manchester Rest Home, died Wednesday evening at Community Memorial Hospital after a brief illness.  
He was born in Norway Oct. 27, 1874, came to America when he was 17 and lived at Lisbon, Ill., and Whalan, Minn., before moving to Winona about 20 years ago. He had retired as a rural mail carrier at Whalan about 1936.

His first wife, the former Serine Jorpeland, died in January 1938 and the following year he married Wilhelmina Meling who died in 1950.  
He is survived by four daughters, Mrs. Stewart (Lillian) Strang, Dawson, N.D.; Mrs. Joseph (Selma) Dettinger, La Crosse; Mrs. Alfred (Belle) Zehren, Winona; and Mrs. Oscar (Mary) Hoff, Woodville, Wis.; three stepdaughters, Mrs. Grant (Martha) Brown, Leo, Ill.; Mrs. Peter (Gladys) Stranswold, Billings, Mont.; and Mrs. Robert (Leila) Owen, Minneapolis; 16 grandchildren and several great-grandchildren. A son, Roy, died in 1959.

Funeral services will be Saturday at 1 p.m. at Central Lutheran Church. The Rev. W. C. Friesth will officiate. Burial will be in the Whalan cemetery.  
Friends may call at Fawcett Funeral Service from 7 to 9 p.m. Friday and at the church Saturday after noon.

## Mrs. Alma Anderson

Mrs. Alma Anderson, 52, 511 W. Mill St., died Wednesday afternoon at Community Memorial Hospital. She'd been ill several years.  
Mrs. Anderson was the former Alma Carney and was born at Menasha, Minn., Sept. 6, 1910, daughter of Mr. and Mrs. Albert Carney. She'd been a resident of Winona 32 years and was a member of Calvary Bible Church.

Mrs. Anderson is survived by three sons, Kenneth, Wayne and Roger, all of Winona; two daughters, Miss Dorothy Anderson and Mrs. Leland (Marlyn) Doebbert, both of Winona; three brothers, Floyd and Elmer Carney, Winona; and Ralph Carney, Fort Dodge, Iowa; a sister, Mrs. James (Hazel) Ferguson, Flagstaff, Ariz., and 10 grandchildren.

Funeral services will be Saturday at 3 p.m. at Calvary Bible Church. The Rev. N. E. Hamilton will officiate and burial will be in Woodlawn Cemetery.  
Friends may call at Fawcett Funeral Service from 7 to 9 p.m. Friday and at the church Saturday after 2 p.m.

## Winona Funerals

**Ervin J. Erdmann**  
Funeral services for Ervin J. Erdmann, 407 E. 2nd St., were held this afternoon at St. Martin's Lutheran Church. The Rev. Armin Deye officiated. Burial was in Trinity Evangelical Lutheran Cemetery, Wilson.  
Garry Port, Ardell Luedtke, Darrel Block, Dean Erdmann, Victor Erdmann Jr. and Donald Teltz Jr. were pallbearers.

**Mrs. Herman Schroette**  
Funeral services for Mrs. Herman Schroette, will be held Friday at 10 a.m. at Watkowski Funeral Home, Winona, and at the Cathedral of the Sacred Heart at 10:30, the Rt. Rev. Msgr. H. J. Dittman officiating. Burial will be in St. Mary's Cemetery.

Friends may call today at the funeral home. Rosary will be said at 8 p.m.

## Two-State Deaths

**Mrs. Lawrence Bush**  
EYOTA, Minn. (Special) — Funeral services for Mrs. Lawrence Bush, 66, were Wednesday at Faith Community Church here. The Rev. Dale Wordelman officiated. Burial was in Oak Grove Cemetery.  
Mrs. Bush died Saturday at St. Mary's Hospital, Rochester, where she'd been a patient two weeks.  
Mrs. Bush was the former Marjorie Cernak and was born at Chaffield July 22, 1886. She was married here Oct. 12, 1916. Mr. Bush died in August 1961.  
She is survived by a daughter, Mrs. Ervin Reinecke; two sons, David, Eyota, and Raymond, Rochester; her mother, Mrs. Nora Cernak, Eyota, and a brother, Lawrence Cernak, Los Angeles, Calif.

Raymond and LaVaine Price, Richard Curtin, Raymond Ernst, Herman Smith and James Jones were pallbearers.

## Mrs. Meta Schlawin

FOUNTAIN CITY, Wis. (Special) — Mrs. Meta Schlawin, 74, died this morning at Lutheran Hospital, La Crosse, where she'd been admitted Wednesday evening.

She was born here Jan. 31, 1888, daughter of Mr. and Mrs. Jonas Moor. She lived here all her life and was married to Albert Schlawin who died May 20, 1950.

Mrs. Schlawin was a member of St. Michael's Evangelical Lutheran Church.  
Surviving are: A brother, Alvin Moor, La Crosse; a sister, Mrs. Robert (Elna) Meili, La Crosse, several nieces and nephews. A sister died in infancy.

Funeral arrangements are being completed at Colby Funeral Home, Fountain City.

## Mrs. Elizabeth Becker

CALEDONIA, Minn. (Special) — Mrs. Elizabeth Becker, 88, died Tuesday afternoon at Jefferson, Wis.

She was born Dec. 28, 1873, at nearby Freeburg, daughter of Mr. and Mrs. Jacob Culligan. She was married to Matt Becker. They farmed near Freeburg and later moved to La Crosse. After the death of her husband, she moved to Wisconsin.

Survivors include two sons, John, Milwaukee; Leo, Bozeman, Mont., and two sisters, Mrs. Susan Reisinger and Miss Anna Culligan, La Crosse.

Funeral services will be at 9 a.m. Friday at St. Peter's Catholic Church, the Rev. Msgr. Alfred Frisch officiating. Burial will be in Calvary Cemetery.  
Friends may call at the funeral home after 2 p.m. today. The Rosary will be recited at 8.

## Wayne C. Papenfuss

LA MOILLE, Minn. — Wayne C. Papenfuss, 35, La Moille, died Wednesday at 12:30 p.m. at a La Crosse hospital where he had been a patient seven weeks. He was an employee of a La Crosse plastics firm.

Mr. Papenfuss was born June 1, 1927, at La Crosse to Mr. and Mrs. Arthur Papenfuss. He married Barbara Grosskopf Sept. 17, 1950, at La Crosse.

Survivors are: His parents, Mr. and Mrs. Arthur Papenfuss, Nodine; his wife, one son, Steven Donald; four brothers, Lawrence Papenfuss, Dakota, and Alton, Marvin and Charles Papenfuss, Nodine, and three sisters, Mrs. Michael (Arlis) Feehan, Rochester; Mrs. Claude (Darlene) Patner, Nodine, and Miss Charlotte Papenfuss, at home.

Funeral services will be Saturday at 2 p.m. at Schumacher Funeral Home, La Crosse, the Rev. R. U. Ben Kettemacker officiating. Burial will be in Mormon College Memorial Park.

Friends may call Friday from 2 to 4 p.m. and 7 to 9 p.m. at the funeral home.

## Lester U. Todd

ST. CHARLES, Minn. (Special) — Lester U. Todd, 72, lifelong resident, died suddenly early this morning at his home here.  
He was born March 1, 1900, in Elba Township. He started farming in Elba Township in 1932 and owned an elevator in St. Charles. He and his wife moved to St. Charles in 1947. He married May Jensen at Carpenter, Iowa, Aug. 12, 1915.

Survivors are: His wife; two sons, Darwin, St. Charles, and Leland, Chaffield; one daughter, Mrs. Harold (Lorayne) Olson, Plainview; 11 grandchildren; four brothers, V. E., Clinton, Wis.; Morris, Florida; Clifton, Elba; and Gilmore, Stevenson, Ore.; and two sisters, Mrs. Morton Hamilton, Minneapolis, and Mrs. Harold Veir, Winona.

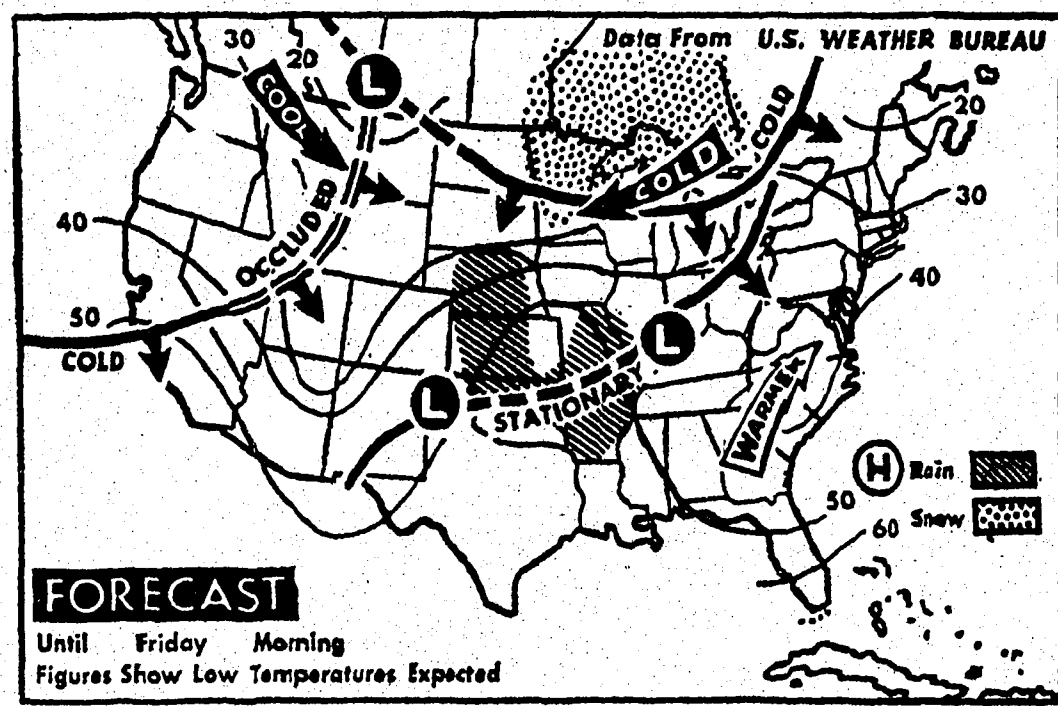

Funeral services will be 2 p.m. Saturday at St. Charles Congregational Church, the Rev. George W. McNary officiating. Burial will be at Hillside Cemetery.  
Friends may call at Selner-Gedde Funeral Home from Friday noon until Saturday noon and at the church after 1 p.m.

## Oscar J. Holtegard

PETERSON, Minn. — Oscar J. Holtegard, 77, died Wednesday night at his home here. He had been ill in health three years.

He was born Dec. 29, 1884, at Rushford, son of Knute and Marie Holtegard. He married Minda Benson June 27, 1907, at Rushford and they lived in Rushford most of his life with the exception of 10 years when they lived at Belmont, Mont. He retired and moved to Peterson 12 years ago. He was a member of the Grace Lutheran Church, Peterson.

Survivors include his wife; six sons, Conrad and Leonard, St. Charles; Odin, Stewartville; Raymond, Rochester; Arvilla, Eyota; and Irwin, Lanesboro; four daughters, Mrs. Lyle (Berona) Smith and Mrs. James (Phyllis) Poller, St. Charles; Mrs. Clair

**WEATHER FORECAST** ... Snow and drizzle are expected tonight over the Upper Mississippi valley and upper Great Lakes with occasional rain is forecast for the central Plains and the central Mississippi valley. It will be colder in New England and the upper Mississippi valley; warmer from the central and southern Plains northeastward through the Atlantic coastal states. (AP Photofax Map)

(Myrtle) Hatlevig and Mrs. Arnold (Allette) Hatlevig Lanesboro; 31 grandchildren; four great-grandchildren; two brothers, Carl, Goodview, and George, Lemon Grove, Calif., and two sisters, Mrs. Clara Anderson, St. Charles, and Mrs. Thomas (Mamie) Benson, Rushford.  
Funeral services will be held at 2 p.m. Saturday at Grace Lutheran Church, the Rev. James Asp officiating. Burial will be in North Prairie Cemetery.

Friends may call from 7 to 9 p.m. Friday at Jensen Funeral Home, Rushford, and after 1 p.m. Saturday at the church.

**Mrs. Paul W. Abrahamson**  
LANESBORO, Minn. (Special) — Mrs. Paul W. Abrahamson, 65, died early Wednesday evening at Johnson Hospital here. She had been a patient two days.

The former Elsie Tolleson, she was born in Preston Township April 6, 1897, daughter of John and Clara Tolleson. She was married June 6, 1928, at Elstad Lutheran Church. They farmed in Carrollton Township over 20 years and later moved to Lanesboro.

She was a member of Elstad Lutheran Church and its ladies aid. Survivors are: Her husband; one daughter, Mrs. Wayne (Clara) Johnson, Whalan, and four grandchildren. A son, Perum, died of polio in 1953. Her parents and three brothers also have died.

Funeral services will be at 2 p.m. Saturday at Elstad Lutheran Church, the Rev. R. R. Gronlid officiating. Burial will be in the church cemetery. Friends may call at the church after 1 p.m. Saturday. There will be a family service at 1:45 p.m. Friends may call Friday afternoon and evening at Johnson Funeral Home here.

## John Gleason

MONDOVI, Wis. (Special) — John Gleason, 63, 150 N. State St., died of a heart attack early Wednesday evening at Methodist Hospital, Rochester, Minn. He had been ill several months.

He was born here Dec. 8, 1898, son of Mr. and Mrs. James Gleason. He lived in Mondovi all his life and had operated a service station and automobile agency 40 years. He married Pearl June Sept. 21, 1940, at Eau Claire.

He was a member of the Sacred Heart Catholic Church, Knights of Columbus, Foresters, Mondovi Conservation Club and a number of civic groups.  
Survivors are: His wife; three sisters, Mrs. John (Jane) Jene, Eau Claire; Mrs. Raymond (Margaret) Theisen, Waite Park, Minn.; and Mrs. Raymond (Anne) Mowrey, Boyespring, Calif.

Funeral services will be Saturday at 10:30 a.m. at Sacred Heart Church, the Rev. Joseph Ferron officiating. Burial will be in Sacred Heart Cemetery.

Friends may call Friday afternoon and evening and Saturday until time of services at Kjentvel & Son Funeral Home. Rosary will be led by Father Ferron Friday at 8 p.m. and by the Knights of Columbus at 8:30.

## Mrs. Frank J. Mullen

STOCKTON, Minn. — Mrs. Frank J. Mullen, 76, died this morning at Community Memorial Hospital, Winona, after a long illness.

She was the former Sara Madland and was born at Fremont, Winona County, July 5, 1886, daughter of Mr. and Mrs. George Madland. She'd been a resident of Stockton 35 years and was a member of St. Paul's Catholic Church, Minnesota City.

Mrs. Mullen is survived by her husband, to whom she was married Nov. 16, 1907, at St. Charles; four sons, Gordon, Stockton; Francis, Waseca, Minn.; Sylvester, Winona Rt. 2, and Bernard, Iron Mountain, Mich.; four daughters, Mrs. Ellen Berry, Stockton; Mrs. Lawrence (Marion) Whetstone, Minnesota City; Mrs. David (Margaret) Hogan, Tecumseh, Kan.; and Mrs. LeRoy

Veir, Winona.

Funeral services will be 2 p.m. Saturday at St. Charles Congregational Church, the Rev. George W. McNary officiating. Burial will be at Hillside Cemetery.

Friends may call at Selner-Gedde Funeral Home from Friday noon until Saturday noon and at the church after 1 p.m.

## Car Strikes Parked Auto at Weaver; Man Slightly Hurt

WEAVER, Minn. (Special) — Andrew Peterson suffered a shoulder injury Saturday evening when the parked car in which he and his wife were seated was struck by another automobile.

The Peterson car was parked on the highway when an automobile entering the highway from a side road struck the parked car on the driver's side. After driving a short distance the other driver returned to the accident scene.

Peterson notified the sheriff's office at Wabasha and the Minnesota Highway Patrol investigated.

## 2 Hoboes Killed as S.P. Train Derails

ANTHONY, N.M. (AP) — A Southern Pacific freight train derailed in the southern New Mexico desert Wednesday night, killing two hoboes and injuring nine others.

Railroad officials said eight smashed cars might contain other victims. About 30 cars left the track.

The wreckage blocked traffic on the railroad's main line and officials said it would be at least 12 hours before service could be restored.

The dead and injured have not been identified. No trainmen were hurt.

Cause of the accident has not been determined.

## Veterans Day Report Heard At VFW Meeting

Cooperation of all Winona veterans organizations contributed to the success of this year's observance of Veterans Day. Members of Neville Post 1287, of the Veterans of Foreign Wars, were told at their meeting Wednesday night.

Reports on Veterans Day were made by Commander Gerald Van Pelt, Clarence Olson and R. W. Sparrow, the latter commander of the Winona barracks of Veterans of World War I and a member of the VFW post.

Other speakers were Walter Ask, St. Charles, and Thomas Smith, the latter stressing the importance of life membership in the organization.

Chester Tarras announced that the post will be represented by two teams in the district bowling tournament at Albert Lea Dec. 9.

Warren Fay was admitted as a new member. Reported to have entered or been discharged from Veterans hospitals were Paul Hoepfner, Harry Vick, Frank Przybyski, Melvin Sanden, Frank Cieminski, Harry Glubka and Leonard Phillips.

Arthur Johnson, William Datta, Clarence Ford and Ask received attendance prizes. After the business session a racoon lunch was served by Frank Took, Robert Beeman, Kenneth Meinka and Earl Brugger.

## Nixon's Career - Bang to Whimper

NEW YORK — About the worst thing you can say about Dick Nixon's parting blast at the press is that you can tolerate abuse from a winner, but from a loser abuse is nothing more than a whine. Dick Nixon's career came out of nowhere with a bang; it wound up with a whimper.

Of course, Nixon was astigmatic when he lit into the press as a whole after Pat Brown pinned his ears for the California governorship. It does not necessarily sweeten the disposition to be eulogized out of the Presidency by a shock-haired boy, on a whisker-margin which is still disputable. And to be snowed under by a pleasant bumbler for a governorship, when you have been within the proverbial heartbeat of the Presidency for two full terms as Vice-President, must have been temporarily, at least, emotionally insupportable.

The press in the affaire Nixon was being unduly sensitive, I thought. It was a juvenile outburst from a bone-weary, nerve-frustrated man with unfortunate looks and a more unfortunate public personality. But it was certainly no more juvenile than some of F.D.R.'s vendettas, notably the one in which he recommended the Iron Cross in wartime to correspondent John O'Donnell.

Assuredly, Nixon's moment of incoherent anger was a s no more childish than Harry Truman's scattergun "SOB's" and his tantrum with the Washington Post music critic who mentioned that Baby Margaret possibly wasn't the greatest soprano since Galli-Curci. Certainly, it was no more childish than Kennedy's pointed personal set-tos with individual pressmen, or his petulant, babyish bawling of the New York Herald Tribune from the White House.

But the point to which we return is that these men were winners, and so might pound and stamp and shout and give everybody hell. Nixon is a built-in loser. Insofar as official personality and instinct are concerned, give Nixon a choice of two roads and he is a cinch to take the wrong turning.

I LIKE NIXON personally, and I think he would have very likely made a better President than Kennedy. But I am glad he was defeated by Pat Brown, and so retired as the stud duck of the Republican party. If he had beaten Brown, he would have perforce been the GOP's mandatory choice for the next Presidential shot, and I think anyone might have licked him.

It is difficult to explain a Nixon. He is a wrong 'un as a people's choice, in the same vein that Tom Dewey was also a sour commodity. Nixon's beard was too blue for the hero, and his nose was too perky for the villain. His general appearance was of Bob Hope attempting to play a heavy by letting his whiskers grow, and the combination bred an aura of insincerity.

NIXON WAS not in reality the "Tricky Dick" his slurrers called him. He was, rather, an unsuccessful "Tricky Dick"—a second-story man who couldn't really climb

porches; a cat burglar prone to fall over his own feet. You would never have seen an F.D.R. sick and weary, giving equal TV billing to a Wendell Wilkie, assuming they had the TV debate facility at the time.

Yet Nixon handed the handsome, tousled young ladies' man, Kennedy, an equal crack at him in TV, knowing full well that he was bucking a vast audience of enfranchised women whose feather-headed ballot was very apt to go to the cutest contestant. And in the first match he even allowed himself to be victimized by his own make-up men. Nixon came out of the chute looking more like Herblock's gutter-prowler than a candidate for your vote and mine.

Dick turned his political heat on Kennedy too late, and on Brown he conducted a smear campaign of what I thought was unexampled stupidity. He appeared always to present himself really in two images, and never reconciled the person with the crafty planner, so far as press was concerned.

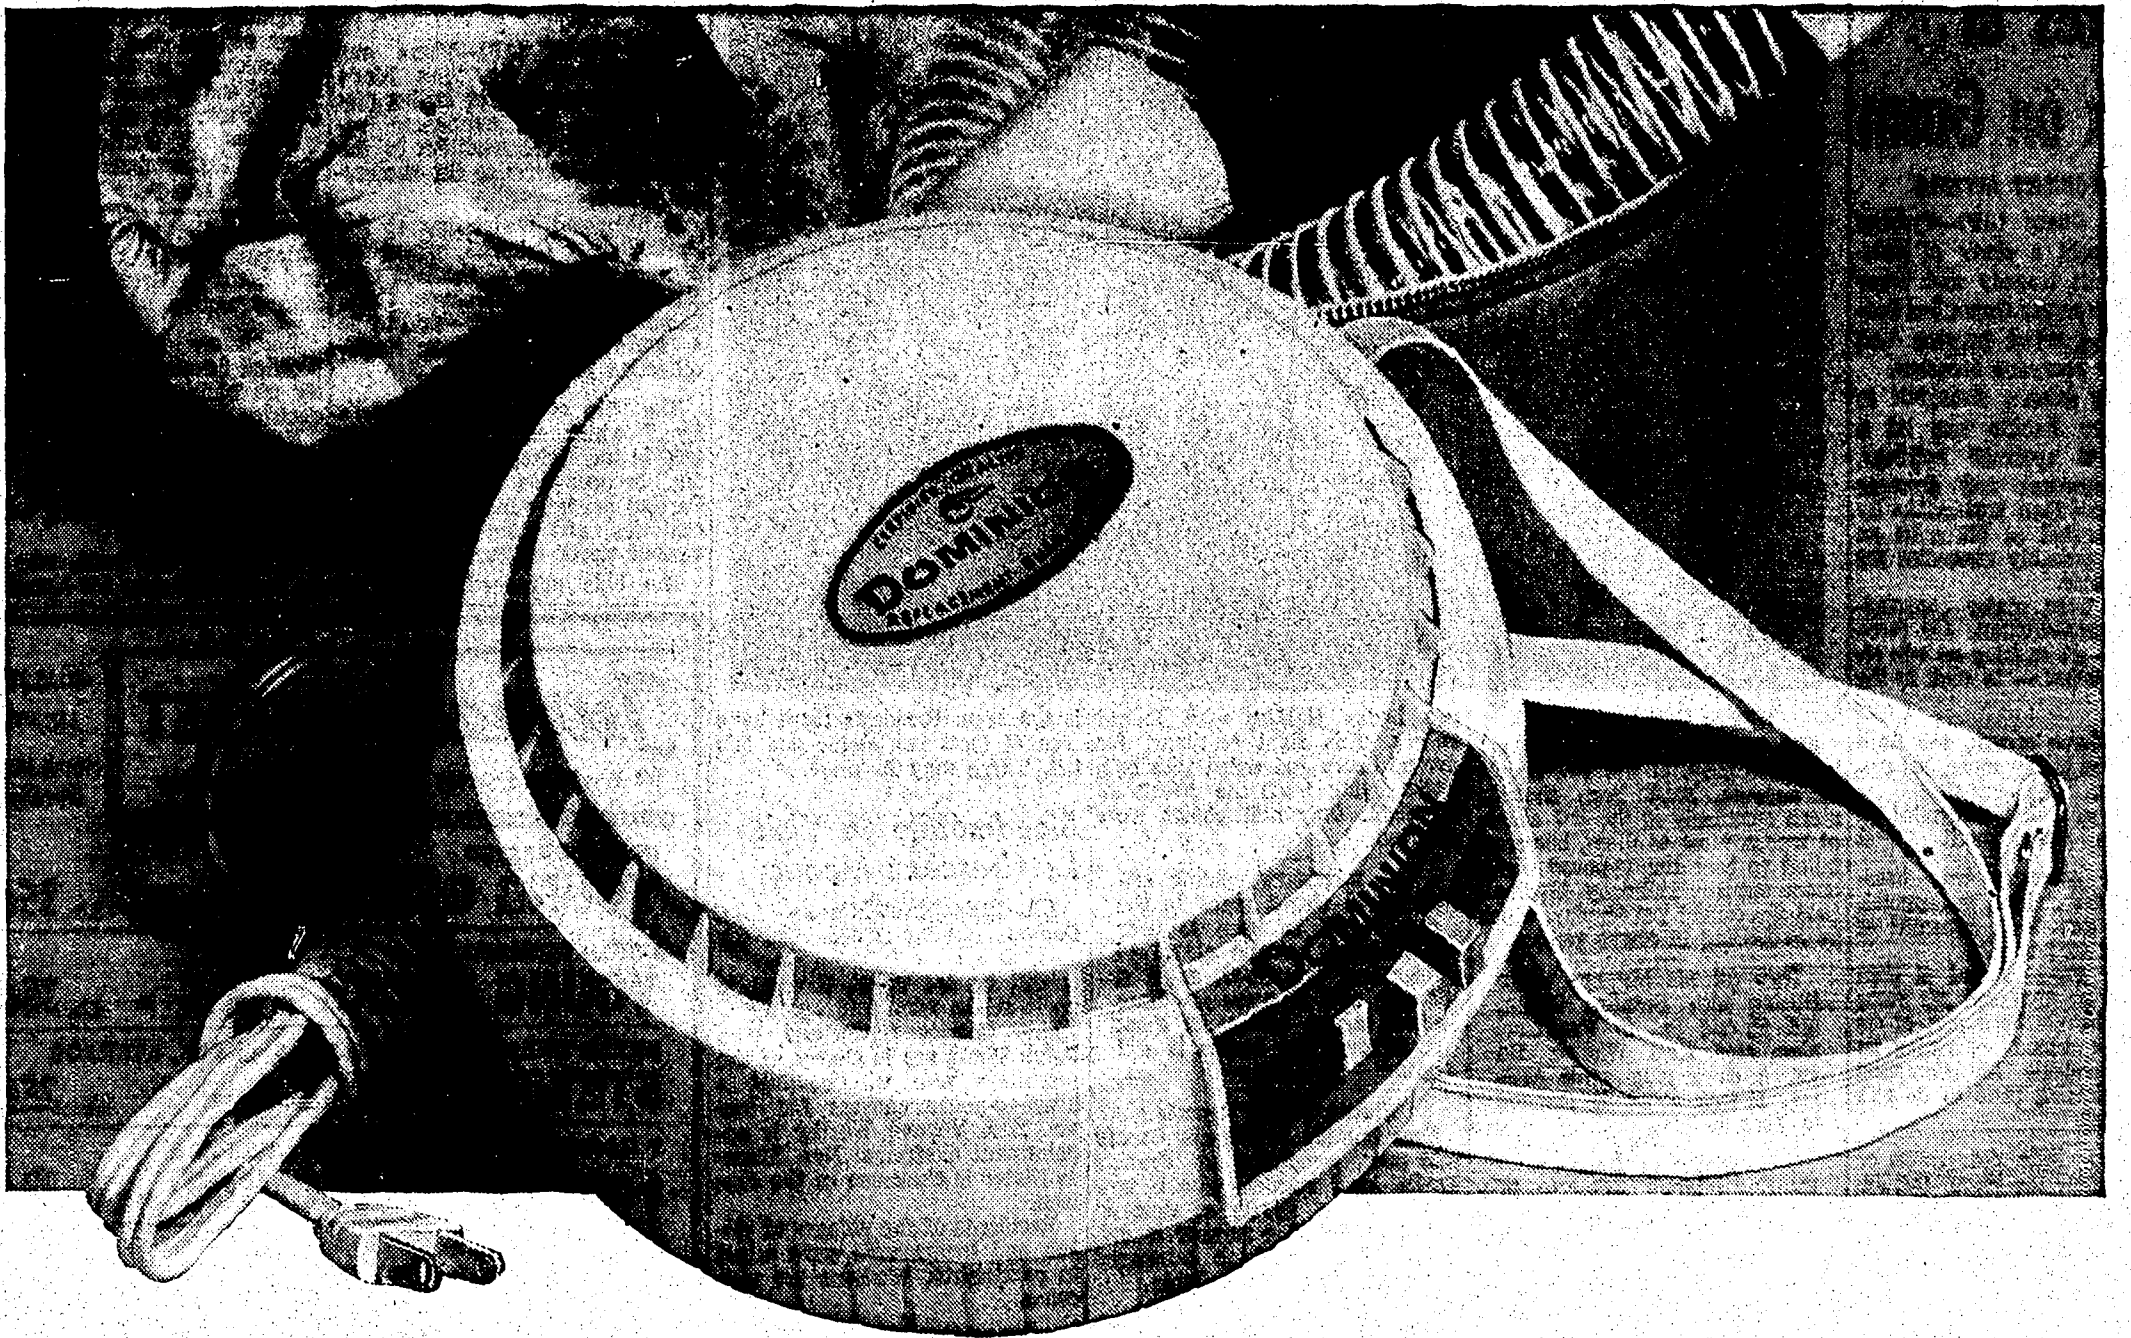

NIXON IS NOT a lucky man, and his presentation of himself offers an intimation of sincerity. His very plausibility is implausible, and he sells the idea that he's got a couple of secrets slashed in the kitchen. Dewey's sin, also, as a chronic loser, was a pervading stuffiness, and a coldness made ridiculous by a gap in his teeth and a comic mustache on a "little man" face.

Neither of the two fine men was "cute," in the accepted sense of what makes a candidate acceptable in today's televised world, in which both the male and even more, the female, voter, is conditioned by the pictured commercial. A Wilkie, any Kennedy, could sell anything from soap to arsenical cereal with equal conviction and success.

I am sorry to see Dick Nixon's political hopes wind up in the ash can, and I can understand his bitterness. But nothing better could happen to the future health of the Republican party than Nixon's defeat by a thumping majority by a juster journeyman, Pat Brown.

Perfect garnish for winter-holiday roast poultry or meat: Clusters of grapes with preserved kumquats.

## Storm Unites Services at Work on Guam

By ROBERT MYERS

AGANA, Guam (AP)—Typhoon Karen brought a share of blessings with its tragedy and terror when it cut across Guam last Sunday, leaving seven persons dead and nearly everyone homeless.

This tiny defense stronghold in the Western Pacific was left a shambles of upturned buildings, ruined businesses and damages totaling more than \$100 million by winds estimated at 172 miles an hour, but probably exceeding 200 miles an hour.

Guam's three major communities of 70,000—civilian, Air Force and Navy—are making an epic effort — together — to pick up the pieces.

Before Karen struck, the three communities pretty much led separate lives.

The Navy, which controlled all visitors to Guam until August when the authority was transferred to the civilian government, had been somewhat resentful of the loss of its power.

The Air Force played it close to its vest at Andersen Air Force Base on the northern end of the 32-mile-long island, operating its isolated Strategic Air Command base and having little to do with the civilians.

There was little cooperation or support among the three. But Karen changed this, at least for the moment.

Military officials and acting Gov. Manuel Guerrero have met almost constantly since Sunday to map immediate recovery and long-range reconstruction of the island's every need.

The Navy has brought in Marines to help police and clean up. It opened its hospitals for the injured.

The Air Force has provided housing for thousands of government workers and their families. Above all, however, stood the plucky spirit of the affable Guamanians, who accepted what has been classed the worst disaster in their history with quiet and determined understanding.

The Guamanians went about trying to recover what they could without any promise of outside help.

Civilians, Navy men and Air Force fliers have laid aside personal problems. Guerrero inspired his people and they are working day and night.

As Guam struggled back to its feet, Typhoon Karen swirled south of Okinawa, and was expected to move east of the U.S.-administered island by this morning.

The typhoon still had a maximum interior winds of 150 miles an hour, Air Force weathermen said.

### Arcadia Accident

ARCADIA, Wis. (Special) — Richard Symiczek, 21, rural Arcadia, will be in municipal court here next Monday on a charge of not having his car under control on West Main Street at 3:05 a.m. Monday. Symiczek, traveling east, said he fell asleep as his car crossed the street. It knocked over the gas pump at Arcadia Implement Co. and hit a light pole. He was alone. Damage to the car was extensive. City Police Officer George Frisch investigated.

## Voice of the Outdoors

They're Getting Bigger

Big northern muskies, which have not been too plentiful the last couple of seasons, have been showing more commonly in the last couple of weeks. Most of them, however, failed to beat the 13-pound eight-ounce one Ray Thilmany, 107 Chatfield St., caught last Sunday, which he is holding in above picture.

Ray got his big one while fishing with Bernard Stolpa, 856 E. 2nd St., in Van Gorder, near East Winona. He got it on a plug while casting. It took about 30 minutes to boat it.

### Wisconsin Deer

Hunting interest shifts to Wisconsin this weekend when the deer season opens in nearby counties for two days Saturday at 6:22 a.m. It is a single slug shotgun season in Buffalo, Pepin, Pierce, Dunn and St. Croix counties. Rifles may be used in Trempealeau and La Crosse counties in the river zone.

In the river zone counties, a deer of either sex may be taken the first two days of the season. After that in these counties, it is the same as the rest of the state—a legal buck with antlers not less than three inches in length.

Prospects for getting a deer are extremely good, but a little snow would be welcome. Otherwise, conditions similar to those experienced during last weekend's season in Southeastern Minnesota will prevail. Hunters were unable to bag the deer although most hunters saw a few out of gun range.

Here is the way Stanley Appel, Buffalo County warden, summarizes the prospects for Saturday and Sunday:

"Prospects for hunting this year seem quite good as a total of 79 car kills have been seized so far this year. Last year's total on car kills was 29. At the present time an average of over a deer a day is being killed on the highways. Bow and arrow hunters have taken eight deer so far and last year's kill at this time was two.

"There is much more interest in hunting by settlers who are obtaining seller's licenses which sell for the same price as resident licenses and also more inquiries from out-of-county hunters, as the hunting prospects in Buffalo County this year.

"Sportsmen in the Waumandee area missed a golden opportunity several weeks ago when they neglected to take moving pictures of

two bucks fighting with locked antlers. This fight continued for several hours and ended with both bucks dying from the effects of the fight. Only still photos were obtained.

"All migratory wildlife refuges and closed areas in the county will be open to deer hunting but remain closed to migratory waterfowl, so if a hunter sees a goose on these closed areas, he cannot shoot it, although the season is still open."

### Winona County Reports

Deer hunting in Winona County was poor, according to Francis Teska, local warden, who is now engaged in a survey of deer in locker plants. The number is definitely down, although compared figures are not yet available.

Violations were not too common. Several cases are still pending. James Rolbeck, Red Top Cabins, entered a plea of guilty in Louis Albert's Goodview justice court to two charges, having an uncased gun in a car and hunting without a big game license. He was fined \$50 on each count, plus costs.

It is costly to kill a moose by accident. One hunter who mistook a moose calf for a big deer, faces a \$1,000 fine in the Grand Rapids area. Five moose were killed in that area by hunters accidentally, according to wardens reports. They all were hauled into court.

One locker plant at Lake City reported 100 deer processed by Monday noon, indicating a higher percentage of success in that area. A group hunting in the Brownsville-Reino area of Houston County reported hunting "r o t t e n." Even the natives who knew the area did not get many deer.

Hunters in the Dodge, Wis. area, and adjoining territory of the Trempealeau River valley were reminded today that albino deer, as well as all albino animals, are fully protected in Wisconsin. Last year an albino deer was killed

in the area. Residents there have seen at least one albino doe this fall. There may be more.

### Bloodmobile to Visit La Crescent Monday

LA CRESCENT, Minn. — Mrs. Donald Schlicht is chairman for the bloodmobile visit here Monday. It will be set up at the public grade school from 3 to 7 p.m.

Mrs. Charles Gavin and Mrs. Ralph Timm are in charge of the recruiters who will conduct a house-to-house canvass for donors. Mrs. Vernon Westby is appointment chairman. Mrs. Thomas Elmer is chairman of the campaign.

Residents of the villages of Hokah and Brownsville were asked to participate. Walk-ins are welcome.

HOUSTON WOMAN ILL. HOUSTON, Minn. (Special) — Mrs. Anton Forsyth is ill at her home here following a stroke.

## Idol's Eye Sold For \$375,000 to Chicago Jeweler

NEW YORK (AP)—There was a \$375,000 tie for "the Idol's Eye," famous 70-carat Indian diamond, and the auctioneer resorted to an old tradition in the business to determine the successful bidder.

It happened Wednesday at the Parke-Bernet Galleries, where the 25-piece collection of the late May Bonfils Stanton of Denver, Colo., was sold for \$1,242,940—said to be a world's record for a single-collection jewelry auction.

The "big one" was "the Idol's Eye," which was discovered in 1600 in the Golconda mines of India, became the property of a Persian prince, vanished for three centuries, and then turned up in various parts of Europe.

The bids advanced by \$25,000

## New Brighton Man Dies After Accident

MINNEAPOLIS (AP)—A young driver injured last Sunday has died in a hospital here.

The State Highway Patrol said James R. Wangen Jr., 21, New Brighton, was driving a car that went off the road and struck an embankment at the junction of U.S. 10 and Minnesota 65 at Spring Lake Park. He died Wednesday.

Minnesota's traffic toll for the year is 583 compared with 650 at this time one year ago.

leaps to the \$375,000 figure—by Chicago jeweler Harry Levinson and Louis A. Green, a supermarket executive.

Auctioneer Louis J. Mariotti pleaded for one of the men to offer an additional \$500 and take a decision out of his hands.

No hands were raised, so Mariotti announced: "I'll have to go by tradition. I'll award the diamond to the bidder sitting nearest the rostrum."

It went to Levinson, who said he bought the gem for himself.

## Plainview School Host to Parents; Band Plays Concert

PLAINVIEW, Minn. (Special) — Parent-teacher conferences are being held daily this week in the Plainview elementary school building as a part of the local observance of National Education Week.

This week's conferences are for children in afternoon kindergarten classes and grades one through six. Conferences will be scheduled later for parents of children in the morning kindergarten classes. Members of the Junior Chamber of Commerce, Commercial Club and Board of Education Wednesday were guests of the school at noon lunch.

Another event this week was an

open house at the elementary school and high school Monday night. The high school band, directed by David Kallman, played. Mervin Thorwald, president of the Plainview Teachers Association, welcomed parents to open house and H. R. Stromquist, elementary principal, and James Hanson, principal of the high school, spoke on new methods of instruction and development of the school program.

76TH BIRTHDAY. EYOTA, Minn. (Special) — Fifty-eight relatives attended a family dinner at the home of Mr. and Mrs. Arthur Bierbaum in honor of her mother, Mrs. Louis Hammel, on her 76th birthday. Among guests were Mr. and Mrs. Stanley Ostermann and son, Everett, and Mr. and Mrs. Orville Gehrke and Kim of Gaylord.

## Freeman Asks Farmers to Stand United

FORT WAYNE, Ind. (AP) — Secretary of Agriculture Orville L. Freeman said Wednesday night the new Congress may do nothing for farmers if agriculture, through its various organizations, speaks with a babble of voices.

"It will be a Congress far different from any which has come to Washington before," the secretary said. "It will be a Congress heavily weighted by urban and city interests."

Freeman told the convention of the national grange, however, that the new Congress is expected to be sympathetic to the needs of agriculture.

"But agriculture will need to speak with a more unified voice if it is to be heard," he said. "If it speaks with a babble of voices, than I fear the Congress will be inclined to say that no one speaks for agriculture and nothing can be done to help those who cannot agree among themselves."

For many years, major farm organizations have differed sharply on many agriculture questions, particularly on the role of the government in controlling production and prices of farm products.

If you're boiling plum pudding the old-fashioned way, a greased thickly-floured square of unbleached muslin may be used for holding the pudding instead of a mold. Room must be left for the pudding's expansion and the cloth must be tightly tied.

## Beekeepers to Meet At Zumbrota Saturday

ZUMBROTA, Minn. — The annual Fall meeting of the Southeastern Minnesota Beekeepers Association will be Saturday at 10 a.m. at the REA Hall here.

C. D. Floyd, state department of apiculture, and Dr. M. H. Haydak, entomologist at the University of Minnesota, will speak on topics of current interest, according to Fred A. Doerr, association secretary.

The meeting will continue during the afternoon and an evening meal will be served at a nearby restaurant.

## Lutheran Synod Conference Votes To Continue Work

CHICAGO (AP) — After opening on a note of doctrinal controversy, the Lutheran Synodical Conference has voted to continue as a single body.

By a margin of 177-53 the conference voted Wednesday to continue after considering two resolutions to dissolve because of doctrinal differences among the four constituent synods.

The Evangelical Lutheran Synod (Norwegian) and the Wisconsin Evangelical Lutheran Synod have suspended fellowship with the Missouri Synod. The Evangelical Lutheran Churches (Slovak) Synod is the fourth group.

The Missouri Synod has 189 of the 258 conference votes. The Wisconsin synod has 57 and the other two have six each.

Two study groups charged with reporting the dissolution measures

split along synodical lines, with the majority of each group favoring continuation.

The conference was formed in 1872 to carry out joint missions, welfare, publications and other projects.

## BLAIR COUNCIL TO MEET

BLAIR, Wis. (Special) — Tonight will be a busy one for the Blair Common Council. A public budget hearing will be held and bids will be opened for laying a 6-inch water main to the Preston

Cooperative Creamery's new cheese manufacturing plant. The meeting will be at 7.

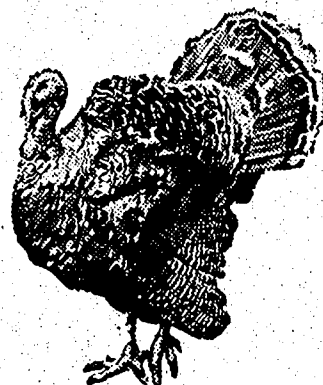

Ever sprinkle bits of crispy cooked bacon over green lima beans?

## BLAIR PATIENT

## Turkeys Abundant, Popular Foods at Reasonable Prices

By THE ASSOCIATED PRESS

The latest government report on the quantity and price of popular foods reveals nearly all well-known foods are available this week and at reasonable prices.

Aside from seasonal fruits and vegetables which periodically disappear from markets, most foods were reported in an abundant supply throughout the country.

What isn't available fresh may be available canned or frozen. What isn't in abundant supply may be in plentiful supply. The scarcest supply still was described as ample.

Emphasis this week will, of course, be on stocking up for Thanksgiving Day. Turkeys, needless to say, are reported in abundance.

One nationwide supermarket chain reports, however, that prices will be a bit higher than a year ago.

Turkeys of 10 pounds or less will be advertised by this chain at 45 cents a pound, 6 cents higher than last year. Between 10 and 16 pounds the prices will be 39 cents in the New York metropolitan area compared with 33 cents a year ago. Heavier birds will go for 33 cents a pound.

Other meat dishes include round roasts, chuck roasts and steaks—rib, porterhouse and sirloin. In the Southeast, pork favorites will be plentiful and attractively priced.

In at least one area, the Southwest, the price of chicken was described as continuing almost unbelievably low.

## BUSINESS MIRROR

## We Collect More, Spend More Too

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—Uncle Sam is collecting more in taxes this fiscal year than last—\$4.5 billion more, in fact. But he is spending more, too—at least \$6 billion more. And so he's running further into the red—the third year of steadily rising deficits.

Plans for still higher spending next year, plus a promised cut in taxes which will hold down revenues, foreshadow a continuing deficit—to make it four years in a row.

Many stock traders have interpreted this as inflationary—despite repeated denials by administration economists that any further inflation will be triggered by federal deficits under present conditions of unused industrial capacity and stubbornly high unemployment.

But one of the reasons given for the big spurt in stock prices since Soviet Premier Khrushchev said he wouldn't start a war over Cuba was the belief in Wall Street that the economy was in for a forward spurt, with big government spending as one of the bolstering factors.

Defense may well cost more. And space projects are sure to. But the jump this year in the Treasury deficit is traceable to defense spending only to a minor degree. Defense costs rose only slightly over the previous year. Spending on other programs increased more. And a soaring federal debt means higher outlays in interest payments.

The latest Treasury estimate on

its deficit in the current fiscal year is \$7.3 billion. In fiscal 1962 it was \$6.3 billion and in fiscal 1961 the deficit was \$3.9 billion. This \$18 billion shortfall in three years is the main reason the federal debt has risen to more than \$302 billion.

This year rising expenditures, is part of the fault. But the administration's chief disappointment is that business didn't make as much profit as it had hoped—so the corporate income tax receipts are short of expectations, although total corporate profits for 1962 may well be at a record high. And personal incomes this year are at a record. But they, too, haven't gone as high as first estimated, so collections on personal income disappoint the Treasury. The total shortfall from earlier revenue expectations is \$7 billion.

The administration hopes is that the deficit—the government pumping more money into the economy than it is taking out—and the still promised tax cuts will help get business activity back into higher gear. Thus profits will rise—if costs don't rise too fast, also—and there will be more Treasury revenue.

And more people will be working and making more from various activities—and again the Treasury will get more money, even if the tax rates themselves are lower.

Whether it will work out that way will be widely debated. But many stock traders have been betting that corporate business should rise—either from a government nudge to the economy, or from an eventual price inflation such as those that in the past often have followed prolonged Treasury deficits that pump more money and credit into the economy.

### Sale at Gale-Ettrick

GALESVILLE, Wis. (Special)—Gale-Ettrick High School FFA sold a total of \$1,432 in subscriptions during its 10-day annual campaign just completed. Leslie Smaglik was manager of sales and class captains were: Tom Nichols, freshman; David Oines, sophomore; Robert Gelder, junior, and Robert Jostad, senior. Russell Butman totaled one of the highest individual sales in the history of the school, \$201.51. Robert Schwarzhoff was second in sales and David Oines, third. All are sophomores. Others selling \$50 or more were James Mahoney, David Emmons, Paul Grant, Gayle Conrad, James Sack, Maynard Swenson, Robert Gelder and Eugene Howe. Ronald Docken is FFA president, with J. O. Beadle, adviser.

### KELLOGG PATIENTS

KELLOGG, Minn. (Special)—Jean Ann, 3, daughter of Mr. and Mrs. Donald Schouweiller, was admitted to Gillette Hospital, St. Paul. She will be hospitalized there two months prior to undergoing surgery. George Schouweiller, 66, is a patient at St. Elizabeth's Hospital, Wabasha.

## Stevenson Asks Goldwater Not To Distort Facts

UNITED NATIONS, N.Y. (AP)

—Adlai E. Stevenson has asked Sen. Barry Goldwater not to "distort my utterances" again.

The Republican senator from Arizona in a speech Monday night called for President Kennedy to fire Stevenson, chief U.S. delegate to the United Nations, and three other officials—Arthur M. Schlesinger Jr., special presidential adviser; Chester A. Bowles, presidential adviser on African, Asian and Latin-American affairs, and Richard N. Goodwin, deputy assistant secretary of state for Latin-American affairs.

Goldwater accused the four of being "soft on communism and soft on Cuba." He cited a statement by Stevenson in a speech on disarmament in which he said the United States was prepared to take risks to reduce the arms race.

"You have carefully neglected to quote the rest of the paragraph," Stevenson told Goldwater in a letter Tuesday. "I would be obliged if you would not again distort my utterances by quoting them out of context."

Stevenson told Goldwater it was one of his responsibilities as a senator "to be accurate and responsible in your public statements" and added: "I trust you will keep that in mind if you have occasion to refer to any speech of mine again."

Some cooks like to put cranberries to be used in a pie through a food chopper.

## SE Counties Allocated Federal Highway Funds

Winona County will receive \$38,165 as its share of the initial allocation of \$2,780,515 to Minnesota's 87 counties of federal-aid secondary highway funds, the Minnesota Highway Department announced. The allocation is half of the \$5,674,500 apportionment the state has received from the U. S. Bureau of Public Roads, less 2 percent withheld by the state for planning and approved research projects. Almost \$2 million in additional FAS funds is expected to be allocated to the state before the end of next month, with another apportionment to be made then to the counties.

Winona County Engineer Gordon M. Fay said the present allotment is for the 1964 fiscal year starting July 1, 1963. The county received a total FAS allotment of \$48,005 for the current 1963 fiscal year.

Allotments for other area counties follow: Fillmore, \$41,769; Houston, \$35,307; Olmsted, \$36,661; and Wabasha, \$35,287. Under existing regulations, the state must apportion at least 50 percent of its FAS allocation to the counties. However, studies are now under way by a committee of state and county representatives to determine an equitable sharing of these federal-aid secondary road funds. The committee's report won't be available for approval by the commissioner of highways for some time, so the initial allocation is being made now.

## 1,538 Get Vaccine At Houston, Hokah

HOUSTON, Minn. (Special)—At the first Sabin oral polio clinics held at Houston and Hokah, 1,538 children and adults received Type I vaccine. The next clinic will be announced later.

## Galesville Chest Nearing Its Goal

GALESVILLE, Wis. (Special)—The Community Chest fund is nearing its goal. At a meeting of committees Monday at 5 p.m. \$2,202.09 was turned in toward the \$2,400 target.

Checks to eight service agencies will be made out by the budget committee on completion of the drive. There is still time to participate by bringing money or a check to the Bank of Galesville, according to Orrin Anderson, L. S. Montgomery and Ralph Myhre, budget committeemen.

Rule to observe in feeding preschoolers: Serve main-dish food warm rather than piping hot.

BIG 10 TITLE, ROSE BOWL BID AT STAKE

## Bruhn: Fatal to Think Past Illinois Game

MADISON (AP)—The University of Wisconsin football team, surrounded by a swirl of speculation about the Big Ten title and the Rose Bowl, has not lost sight of the fact that its next opponent is Illinois, a weakling on paper. Badger Coach Bill Bruhn is not under-rating the Illini, winner of only one game, as he prepares for Saturday's meeting at Champaign.

"Illinois' record isn't good," Bruhn said, "but all you have to do is look at the progress they've made and it's apparent it's a young team that has begun to jell."

"They were whacked by Ohio State 55-15, but since they played a good game against Minnesota 17-0, scared Southern California and then upset Purdue (14-0).

They were leading Michigan 10-0 and could have won that one if they hadn't started dropping the ball. Maybe they won't drop the ball against us."

Bruhn said "it would be fatal" to think past Illinois.

We may walk in there Saturday," he said, "and find them higher than kites. All it would take would be a few early breaks to get them really warmed up and we'd have trouble, especially if we don't go in looking for a real battle. They have everything to win, national recognition and a big lift for the finish, and practically nothing to lose."

"We have everything in the world to play for, but any team that goes into a game lukewarm is going to get bounced. Illinois

passes an awful lot, and any team that does is just liable to have a hot day. You make a few mistakes and you can be in over your head."

Bruhn said his problem, in the wake of the 37-6 upset victory over top-ranked Northwestern, has been "keeping everybody concerned with the immediate problem."

"Everybody's after Ron VanderKelen and some others about the big job they did against Northwestern," the coach said. "Everybody means well, but it doesn't help us in getting ready, especially mentally."

The Badgers preparations were trimmed to 90 minutes Wednesday with the emphasis again on passing, both offense and defense. Defensive stalwarts Jim Schenk, Jim Purnell, John Hohman and Ken Bowman skipped the drills another time because of knee troubles.

As workouts continued, Big Ten statistics announced in Chicago show the Badgers are the conference's top offensive team.

The Badgers, winners of four of five conference games, lead the league in scoring with a five game average of 30 points, and in yards per play at 5.1.

## Liston Will Watch Bout

LOS ANGELES (AP)—Bombastic Cassius Clay, who has designated himself as the next heavyweight champion of the world, faces the toughest test in his brief career tonight.

Cassius 20, from Louisville, Ky., meets ringwise old Archie Moore of San Diego, Calif., in 12 rounds or less at the Sports Arena.

Clay, the 1960 Olympic games light heavyweight champion and unbeaten in his 15 professional engagements, remained favored at 2-1 odds or better.

Clay, who has repeatedly promised to knock old Archie out, and named No. 4 as the rising star.

The contest will be screened via closed circuit in theaters in a number of cities around the nation. There will be no home television nor radio.

Light time is 8 p.m., Pacific Standard Time (11 p.m. Eastern Standard Time).

Co-promoters Cal Eaton and George Parnassus envision a live gate of around \$150,000 and attendance of about 14,000.

Moore, who admits to an age of 45, gets a guarantee of \$75,000 and his challenger \$40,000.

Archie, with 219 fights behind him, has a record of 135 knockouts and the old master still can wallop with authority.

Both fighters have regaled the public, and perhaps each other, with a constant exchange of views and verbal needles in the past many weeks.

"I'm going to retire that old man," said Cassius. "A good young man can whip a good old man. Moore must fall in four."

"Let him needle," Archie once replied. "Needling is my business, too."

Cassius was delighted to learn Liston was due to be present. He said he already was looking forward to "annihilating" the champion.

"Liston is a good slugger but he's got no speed, no class, no nothin'," said Cassius.

Archie, who was present during these and other observations, interrupted Cassius, a feat in itself.

"Cassius," said Archie, "I can't see how you can stand yourself."

And Moore promised to unveil a new punch tonight.

"It's the Cassius Clay lip-butt-toner," said Archie.

**TALENTED TACKLE** . . . Minnesota tackle Bobby Bell, most noted for his football prowess as a Gopher All-America candidate, bangs out a tune on a piano for students on campus. Bell, 6-4 and 215-pound senior from Shelby, N. C., plays for Jeff Land and Sylvia Parson. Bell and Carl Eller have been described by many Big Ten coaches as the finest tackle tandem in the nation. They anchor a line which has limited seven foes to just under 40 yards a game rushing, best in the nation. (AP Wirephoto)

# Three Area Basketball Leagues Open

## 'W' CLUB ANNOUNCES SELECTION

### Marlys Pater 'Sports Queen'

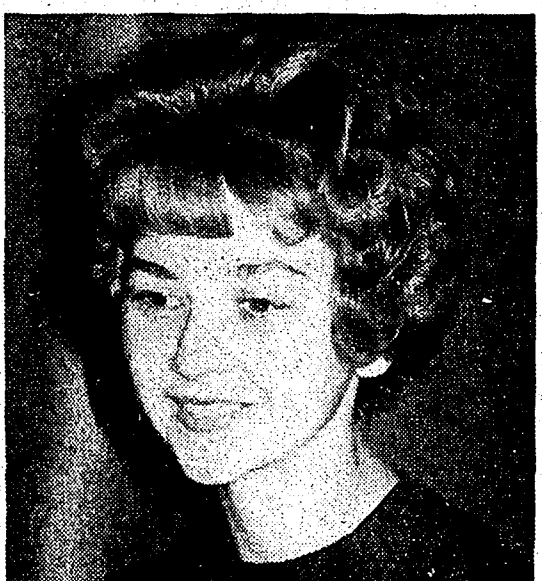

Marlys Pater, majoring in elementary education at Winona State College, has been named "Sports Queen" for the fall quarter at WSC.

The selection was made by the "W" Club which plans a similar selection each quarter.

Basis for the selection will be a coed's interest in Warrior athletics and her support of and attendance at WSC athletic events.

Miss Pater, 21, is a native of Waltham, Minn., and resides at 307 Winona Street. She was a candidate for homecoming queen this fall.

"W" Club spokesmen, in announcing the first selection, said: "We hope to increase the interest of WSC women students in college athletic events by naming a queen each quarter during the school year."

MISS MARLYS PATER

## Alma to Face Taylor Five

They start playing for keeps Friday night in three Wisconsin high school basketball conferences, while a third league has one loop contest on the early agenda.

Kicking off will be the Dairyland, West Central and Coulee leagues, each having full schedules.

A SINGLE GAME, Onalaska Luther at Rollingstone Holy Trinity, marks the start of the Bi-State, composed of Minnesota and Wisconsin parochial schools.

Eleva-Strum, defending Dairyland champion, invades Whitehall Friday. Both teams are untested in this season which officially got underway Tuesday.

The other Dairyland games, Independence is at Blair, Alma Center at Osseo and Augusta hosts Alton in a nonconference fray.

Bangor, defending Coulee king, is being rated a good chance to finish high again and tries out its wings Friday against Trempealeau which nipped Cochrane-Fountain City 56-52 Wednesday night.

GALE-ETTRICK, only Winona area team to gain last year's sectional, and highly rated this season, is host to Melrose Friday. Mindoro is at West Salem and Onalaska at Holmen in the other games.

Taylor is the defending champion in the West Central conference and the Trojans open Friday against Alma's Rivermen, who along with Pepin, are considered possible title threats.

Pepin meets Fairchild in the other West Central game while Gilmanston steps outside league action to host Lima Sacred Heart.

## This Week's Basketball

**FRIDAY'S GAMES**

**West Central**  
Fairchild at Pepin.  
Alma at Taylor.  
Lima Sacred Heart at Gilmanston.

**Mississippi Valley (Nonconference)**  
Spring Valley at Mondovi.  
Elsworth at Durand.  
Black River Falls at Marshfield (Thursday).

**Dairyland**  
Alton at Augusta.  
Eleva-Strum at Whitehall.  
Alma Center at Osseo.  
Independence at Blair.

**Coulee**  
Mindoro at West Salem.  
Onalaska at Holmen.  
Trempealeau at Bangor.  
Melrose at Gale-Etrick.

**Bi-State**  
Onalaska Luther at Rollingstone Holy Trinity.

## Central of Ohio Tops CC Field

WHEATON, Ill. (AP) — The fifth annual NCAA college division cross country meet, with a record field of 33 schools, will be run Saturday at the Chicago Golf Club course.

Central State of Ohio, the 1960 champion, tops a field of 26 schools with full five-man teams. Seven others have individual representation. Southern Illinois will skip defense of its 1961 title to concentrate on the NCAA university meet at East Lansing, Mich., Nov. 26.

Other threats are South Dakota State, Mankato, Minn., Ball State (Ind.), and Slippery Rock, Pa.

Among favorites for individual honors is Ron Rust, South Dakota State.

## TEAMS HOLD 4-1 MARK

# Gophers, Badgers Rated Loop's Best

CHICAGO (AP) — Wisconsin and Minnesota, the two teams expected to battle it out for the Big Ten football title, were rated Wednesday as the conference's top clubs on offense and defense respectively.

The two teams, each playing a seven-game league slate, will tangle in a Nov. 24 season windup.

Wisconsin's amazing Badgers, 37-6 conqueror of top-ranked Northwestern last Saturday, head the conference in scoring with a five-game average of 30.0 points and in yards per play at 5.1.

Minnesota which, like Wisconsin, has a 4-1 loop mark, has yielded a startlingly low average of 1.0 yard per rushing play, according to official league statistics. Overall, the Gophers have surrendered an average of 179.6 yards per game.

Minnesota's Gophers have yielded only 42.8 rushing yards per game. The record is 68.9.

Gopher quarterback Duane Blaska is fourth in total offense and fifth in passing in Big Ten play. In 116 plays he has accounted for 525 yards. He has connected on 36 of 79 pass attempts for 438 yards. Minnesota fullback Jerry Jones is sixth in rushing, netting 225 yards in 57 rushes.

## Minnesota Holds Rough Practice

MINNEAPOLIS (AP) — The Minnesota Gophers had one of the roughest practice sessions of the fall Wednesday because they expected a rugged, hard hitting game from Purdue Saturday.

In an unusually tough scrimmage with the reserves running Boilermaker plays against the varsity, the Gophers didn't wind up for the day until after dark—a nearly 2 1/2 hour session.

Minnesota expects to be outweighed 6 pounds per man in the line and 7 pounds against Purdue's starting backfield.

Starters Bill Munsey, left half, and Carl Eller, left tackle stayed out of play but they suited up and worked out.

## GRID COACH RESIGNS POST

FOND DU LAC (AP) — Joe Capick, whose Fond du Lac High School football team failed to win a game this year, resigned as grid coach Wednesday but will remain as biology teacher and golf coach.

Capick, a University of Wisconsin graduate, had a 48-68-9 record after coming here from Antigo in 1945. He was the Fox River Valley Conference coach of the year in 1958.

# Pro Vikings Could Capture Four of Next Five Games

MINNEAPOLIS (AP)—The Minnesota Vikings head into the final month of the National Football League season with a 2-7 record. With a little better bounce of the ball, they could easily be 4-5.

In a shade more than a season and a half, the baby of the NFL has developed to a point where it is on the verge of playing 500 ball. With five games to go this year, four victories seem possible and five do not seem impossible.

evaluation of the Minnesota offense. "We think this is pretty impressive. We've played good defense most of the time, too."

"Overall, we've improved over last year. The fans may not think so unless we win more games than we did (three in 1961), but there's no question but that we're better. We hope to surpass last year's win total. We'll be disappointed if we don't."

"The lack of experience hurt us this year as far as getting off to a good start is concerned. But the kids are getting the experience now."

Asked who are the biggest surprises so far, Van Brocklin singled out center Mick Tingelhoff and defensive backs Chuck Lamson and Ed Sharrockman, all rookies. "Tingelhoff has played real well for us and Lamson and Sharrockman are going to be real good ones when they get the experience."

## Wagman Faces Sentencing for Basketball Bribes

NEW YORK (AP)—Aaron Wagman faced sentencing today in connection with his guilty plea to bribing college basketball players.

He was scheduled to appear before Justice Joseph A. Sarafite and could receive a five-to-10-year jail term.

Wagman took the stand for the sixth day Wednesday as a prosecution witness in the trial of Jack Molinas, a former Columbia University and professional basketball player.

Molinas, now an attorney, is charged with bribing a Bowling Green, Ohio, player to throw three games during the 1959 and 1960 seasons, with conspiracy in the attempted fix of 25 games involving 22 players and 12 colleges and with procuring a person to commit perjury.

Wagman faces a possible sentence of five years and a fine of \$10,000 on a Florida conviction of attempting to bribe a University of Florida football player. He recently lost an appeal of that conviction.

## Queried on his two most exciting offensive stars, second-year men Fran Tarkenton and Tommy Mason, Van Brocklin replied:

"Tarkenton has done everything expected of him; he's doing a hell of a job. He can still improve, but the only way he can is by getting experience and he's doing that. Mason has arrived as an NFL halfback. He'll be one of the real good ones in this league."

## Merger Possible For Two Triple A Baseball Loops

TORONTO (AP) — A possible merger of the International League and American Association may be discussed at the convention of minor league leagues at Rochester, N.Y., starting Nov. 26.

The Toronto Star and the Toronto Telegram both predicted Wednesday that the two triple A circuits would be merged during the Rochester convention and even went so far as to say the proposed league would be divided into two six-team divisions playing a 154-game interlocking schedule.

However, George Trautman, president of the National Association of Professional Baseball Leagues, wasn't available to confirm or deny the reports.

Trautman was away from his headquarters at Columbus, Ohio, reportedly on a hunting trip. The National Association has jurisdiction over all minor league clubs.

James Burris, president of the American Association, said in Denver that "to comment or speculate on this proposal now would be very premature and unwise." He did say he had participated in some informal, preliminary discussions.

International League President Thomas Richardson was not available for comment.

The Toronto Star said Denver of the AA has expressed a desire to transfer to the Pacific Coast League. The AA already has lost its Louisville and Omaha franchises.

## Pros Tee Off In Mobile Open

MOBILE, Ala. (AP)—A field of 147 tees off today in the \$15,000 fourth annual Mobile Open Golf Tournament.

Among the favorites is defending champion Gay Brewer Jr., who stumbled to a 1-over-par 35-38—73 in a turnip round over the 6,800-yard Mobile Municipal course Wednesday.

Brewer wasn't alone in his bobbing round. Such well known pros as Paul Harney and Joe Campbell had 73s and Doug Ford had a 74.

Best reported score of the day, a 71, belonged to Dave Hill of Jackson, Mich.

The competition is without much of its color this year with only six of the year's top 21 money winners entered. Neither of the tournament's first two winners, Billy Casper Jr. or Arnold Palmer, is in the field.

## '63 Chevrolet Trucks

THEY'VE ALWAYS BEEN TOUGH BUT NEVER STRONGER THAN NOW!

You can be sure that new engines, frames, suspensions that licked Mexico's Baja\* Run will work for you long, faithfully and at traditionally low Chevrolet cost.

A Chevrolet truck has always been a sound investment because of its quality construction. This is what makes it give you an honest day's work every day at very low cost—and when you are finished with it—return more resale money to your happy pocket.

This year stronger frames, engines that can pull more, and practically tailor-made suspension systems make Chevrolet trucks a better buy than ever. If you're in the market now, we'd welcome the chance to tell you about, and let you drive, the new trucks. Just give us a call.

**CHEVROLET**

# Colts Believe Green Bay Upset Possible

NEW YORK (AP)—Is Green Bay heading for an upset this week? Can the Baltimore Colts end the Packers' winning streak Sunday at Green Bay?

The statistics of their Oct. 28 game at Baltimore indicate the Colts have a chance. Baltimore outgained the Packers both in the air and on the ground with total yardage of 309 to 232. No other club has outgained Green Bay one way, let alone both running and passing.

"There is only one statistic that counts," warned Webb Ewbank, Baltimore coach, today. "That is the final score and they beat us 17-6."

"We respect the Packers as one of the finest football clubs ever," said Ewbank. "We know they are good but they do not overawe us."

"If we play our best game we think we have a fine opportunity to beat them. When we played them the first time we had several opportunities but our own errors killed us."

The Colts' defense was sensational in the past two weeks against the San Francisco 49ers and Los Angeles Rams. The 49ers got a field goal while losing 22-3 and the Rams had to settle for a safety in a 14-2 defeat. Nobody has scored a touchdown on Baltimore since Green Bay and they got two, one passing and one running.

"We hope our defense will be as good as it was in the first game and count on our offense to perk up," said Ewbank. "We did a fine job of containing their running backs in Baltimore."

Ewbank said the Colts were handicapped early by injuries, especially the blow that put Lenny Moore out of action until the last few weeks. With Moore running 70 per cent of the time from the left half or running back position, the Colts' ground game has picked up. Jimmy Orr is the flanker back and R. C. (Alley Oop) Owens shares the wide end job with Raymond Berry.

"We just haven't had our whole club together," said Ewbank, explaining his club's 5-4 record. "Even now, Palmer Pyle is out and we have to use Jim Parker (All-League tackle) some at guard."

# Hull Explodes; Black Hawks Win

By THE ASSOCIATED PRESS  
The blond bomb from Chicago finally exploded, providing the spark that put the Black Hawks on the wing.

Bobby Hull, Chicago's blond bomber and the leading scorer in the National Hockey League last year, broke out of a slump with two goals which nailed down a 4-2 victory over first place Detroit Wednesday night.

New York blasted Boston 6-2 and Toronto held off Montreal 4-2 in other NHL games.

Hull, who became the third man in league history ever to score 30 goals in a season when he turned the trick last season, had scored only twice in Chicago's first 15 games this year.

LINEMAN OF WEEK . . .

Damon Bame, University of Southern California guard, was named lineman of the week by the Associated Press. He is a 5-11, 187-pound junior and played a major role in the USC 39-14 triumph over Stanford last Saturday. (AP Photofax)

# FOUR MEN HIT 600

# Helen Englerth's 228 Fifth High

Helen Englerth of Home Furniture and Marilyn Peikert of Sunbeam Sweets made the most noise in women's bowling Wednesday night while in men's leagues four men were posting 600 totals.

Mrs. Englerth belted a 228 game in the Sunsetters League at Westgate Bowl, fifth highest in the city, en route to a 570 series. Miss Peikert matched the 570 set. Those tie for 11th best in the city.

Winona Toiletries tipped 843 and First National Bank counted 2,392. Other 500s were: Helen Selke and Betty Schultz 523 each, Esther Kelm 521, June Daleska 508 and Anita Orzechowski 503.

**TOP MALE 503** Wednesday night was a 626 by Mary Niemeyer for Weimerkirch Shell in the Westgate Men's League. His mates totaled 1,014-2,918 and lead the league by two games. Willard Matzke cracked a 224 for Matzke Blocks.

Don (Skip) Kuhlman clipped 266-190-223-619, his first 600 total in his career, and lead Sportsman's Tap to the first round championship in the Retail League at Hal-Rod Lanes. Sportsman's swept four points to win by five as second-place BTF stumbled again.

Verlie Steinhoff shot 229-604 to lead Grainbelt Beer to a 1,009 game. Main Tavern counted 2,897. Don Knapiak smashed 605 for Winona Boxcraft in the Class A League at the Red Men Club. He included a 226 game as his mates finished with 2,724. Winona Milk bottled up a 968 single.

**HAL-ROD LANES: Commercial**—Mike Breza cracked 242 for Callahan Liquor while Len DuBois

posted 566 for Winona Rug Cleaning. Pappy's socked 984 and a Springer Signs 2,805.

**Park Rec Junior Boys**—Dare Smelser rolled 169-323 for Pin Setters. Brigadiers clipped 713. Four Young Bucks totaled 1,408.

**ATHLETIC CLUB: Ace**—Jerry Brooks topped 220-571 for Jerry's Plumbers as the second place team rapped 1,042-2,975.

**ST. MARTIN'S: Wednesday** Nite—John Brang rolled 843 and John Kasimor tipped 523 for Aid Association for Lutherans. Winona Boiler and Steel chalked up 928-2,712.

**WESTGATE BOWL: High School**—Duan Fackler socked 200 for Lucky Strikes. Mike Dean smash ed 532 for Play Boys as his mates posted 798-2,258.

**Bay State Women's**—Carol Gunderson rapped 18 for Brannette's. Eleanor Hansen tipped 509 for Goldwiners. Her mates posted 2,501.

**Night Shifters**—Tom Drazkowski clipped 562 for league-leading Catfishes.

**KEGLERS LANES: Merchants**—Alfred Cordes paced Rushford Botling's 970-2,758 with a 243-598 set.

# Drysdale Wins Cy Young Pitching Award

BOSTON (AP)—Don Drysdale of the Los Angeles Dodgers, who won 25 games last season while leading the major leagues in strikeouts, was named winner today of the Cy Young award as baseball's outstanding pitcher of 1962.

The right-hander, 26, polled 14 of the 20 votes cast by a committee of the Baseball Writers Association of America. Only four pitchers received votes. All were National Leaguers, with the writers ignoring World Series star Ralph Terry of the New York Yankees.

Jack Sanford of the pennant-winning San Francisco Giants won runner-up honors with four votes. Cincinnati's Bob Purkey and Billy Pierce of the Giants each received one vote.

The Cy Young award, proposed by Baseball Commissioner Ford Frick, is given annually by the writers. Drysdale is the fourth National Leaguer to win it since its inception in 1956 when Don Newcombe was the recipient.

Other winners were Warren Spahn in 1957, Bob Turley in 1958, Early Wynn in 1959, Vernon Law in 1960 and Whitey Ford in 1961.

The controversial Drysdale, often accused of head-hunting with his brushback pitches, was a 20-game winner for the Dodgers by Aug. 3, the earliest National Leaguer to hit the magic mark since 1918.

The strapping fast-baller ended up with a 25-9 record, the most victories by a National Leaguer since Newcombe won 27 for the 1957 Dodgers.

Drysdale struck out 232 batters, leading both leagues in that department for the third time in four seasons.

His three 200-plus strikeout seasons placed the 6-foot-6, 215-pounder in select National League company which includes only Christy Mathewson, Grover Cleveland Alexander and Dazzy Vance.

Drysdale now has struck out 1,236 batters over his seven-year big league career and has a won-lost record of 104-73.

Fullback Ben Wilson and halfback Bill Champion of the Southern California football team both came from Houston, Tex.

# Player Draft List Set for Convention

NEW YORK (AP)—The list of players who will be available for drafting during the forthcoming minor league convention was released today by Baseball Commissioner Ford Frick.

The minor league convention will be held in Rochester, N.Y., starting Nov. 26.

Three price tags have been placed on the players to be drafted, \$25,000, \$12,000 and \$8,000. Players in the \$25,000 bracket are mostly old-timers who have been in and out of the major leagues at one time or another.

The New York Mets of the National League, who won fewer games than any of the 20 major league teams, will get the first choice.

# Celtics Regain Same Old Perch

By THE ASSOCIATED PRESS  
Things were back to normal again today in the National Basketball Association's Eastern Division. The vaunted Boston Celtics were in first place, a perch they have occupied with monotonous regularity the last few years.

The Celtics didn't have to raise a finger to regain their customary spot in the standings. The Cincinnati Royals hoisted them up there by spanking the Syracuse Nats 125-120 Wednesday night in Cincinnati.

Boston has won 10, lost two. Syracuse is 6-2. The Detroit Pistons downed the San Francisco Warriors 122-115 at Detroit in the night's only other NBA action.

# Tapers, Majors In Doubleheader

PHILADELPHIA (AP)—The Philadelphia Tapers and the Chicago Majors meet in a unique doubleheader at Convention Hall tonight, marking the start of an experiment by the American Basketball League with doubleheader games between the same teams.

The result of each game will count in the standings. Each game will last 30 minutes and will be played with 15-minute halves.

Four 12-minute quarters are played in the conventional game of professional basketball as was the case Wednesday night when the ABL opened its season with Philadelphia defeating Chicago 116-93 and Kansas City beating Oakland 105-103.

In the doubleheader experiment, five personal fouls will disqualify a player instead of the usual six.

# NEW FRUIT

LYONS, Ga. (AP)—A Toombs County farmer has produced a new fruit by crossing a pear and an apple.

The fruit produced by Otis Collins looks like an apple, has the skin of a pear, but tastes a little like both.

# PERSONAL INTEREST

CHATTANOOGA (AP)—County Patrolman Roy Braley had more than an average interest in the investigation of a \$70 grocery holdup. The victim, Mrs. Lula Braley, is his mother.

# Florida A&M Headed for Second Title

By THE ASSOCIATED PRESS

Florida A&M, still the No. 1 small college football team in the Associated Press poll, appears headed today for a second straight all-conquering season but trouble looms ahead for second-ranked Wittenberg (Ohio) University.

The Florida rattlers drubbed Allen 67-0 last Saturday for their seventh straight victory and 18th in succession in regular season play. They have two games left with Southern U. Saturday and Texas Southern the following week.

Wittenberg (8-0-0) closes its season Saturday against all winning but unranked Hofstra (7-0-0) at Hempstead, N.Y.

The Rattlers maintained their No. 1 position in the poll with three first-place votes from the national panel of eight sports

# Russia Seen Welshing on Bomber Pullout

WASHINGTON (AP) — Soviet Premier Khrushchev has sent President Kennedy an offer to pull Soviet jet bombers out of Cuba but attached so many "ifs" that a Cuban settlement is not within sight, authoritative sources said early today.

Khrushchev's proposal, it was learned, was received several days ago and is being discussed at negotiations — presumably in New York where U.S. and Soviet representatives have been trying to hammer out an agreement.

Exactly what conditions the Soviet premier attached to his offer were not disclosed.

But there were so many, the sources said, that they cannot foresee a swift solution to the problems that have been keeping a fire to the Cuban crisis.

Authoritative sources said the Soviet premier's proposal for withdrawing the planes came in one of several letters he and Kennedy exchanged — none of which has been made public — since their weekend letters of Oct. 27-28 drafting an agreement to end the crisis.

How often Kennedy and Khrushchev have communicated over the Cuban dispute has not been revealed. It was understood that some of the exchanges have been handled by intermediaries at the United Nations.

Kennedy has insisted that the 750-mile range bombers are in the same offensive weapons category as the Soviet missiles and must also be removed.

U.S. officials have reported that 42 of the missiles were counted on Soviet vessels steaming away from Cuba. That's the number of missiles the Soviets say they had on the island.

Lower Whitehall Electric Rates To Be Published

WHITEHALL, Wis. (Special) — The new electric rates, which will become effective with the January billing, were discussed at the meeting of the Whitehall Common Council Tuesday evening.

The estimated reduction in gross revenue per year resulting from the new rates is estimated as follows: Residential, \$3,700; rural, \$68; commercial, \$1,897; general small power, \$1,027; large power, \$5,222; street lighting, \$435; and athletic field, \$223.

This will result in an estimated overall reduction in revenue to the electric utility of \$12,556. The new rates will be published next month.

Also discussed was work on the water improvement additions in progress. The project is ahead of schedule, with water mains and all underground equipment in and the new water tank under construction.

Also discussed was purchasing a new snowplow. The city will hire plowing this season and then determine which would be most economical.

Purchase of new car and duty jackets for police officers to replace worn out jackets was authorized. Also authorized was purchase of a map case for the clerk's office.

Building permits granted were to Wozney and Halverson for an addition to their residence garage; Henry Anderson and Blank & Larson, new homes in Sunset Addition; and Clifford Woychik for remodeling part of the present automatic laundry into an automatic dry cleaning establishment.

# Ettrick Industry Report Made

ETTRICK, Wis. (Special) — A report on the financial status of Ettrick Industries, Inc., and of Etco, the factory occupying the building constructed by the corporation, was given at the third annual meeting of stockholders Monday evening at Community Hall.

Smith Beirne, treasurer, reported receipts of the year at \$7,122. This included \$700 from the sale of stock certificates; \$5,862 rental by Etco, and a refund of builder's risk insurance of \$22, plus the treasury balance.

Disbursements included: Construction costs on the building, \$83,462; office expense, \$2,153; insurance on the building, \$140.80; liability insurance on building and premises, \$37.55; Ettrick State Bank, \$1,500 as principal payment on a loan plus \$84.67 interest, and Jackson County Federal Savings & Loan Association, \$2,378. Balance on hand Oct. 31 was \$601.39.

James P. Knudson, operating manager of Etco, said about 25 people are employed at the factory, of whom 17 are women. Mrs. Wayne Truax is office secretary. Metal furniture is manufactured, including chairs, dishes, trays, casseroles and other home accessories. The company has a five year contract with Ettrick Industries.

Officers of the corporation besides Beirne are: Kenneth Truax, president; Wayne Erickson, vice president; Robert Osdahl, secretary, and Bennett Onsrud, A. M. Hogden and Ben Erickson, directors. Hogden and Erickson were re-elected to 3-year terms.

# Collection Case Heard in Court

Special municipal Judge Loren W. Torgerson heard an action today for collection of an alleged debt. The action was an appeal from conciliation court.

LeRoy Meech, 173½ W. 4th St., a painter, asked payment for painting done on the interior of Robert P. Olson's home at 514 W. Broadway in late June 1961. Meech claimed that Olson owed him \$80.

Meech said that Olson paid him \$131 and that the job was to have cost \$230. In conciliation court Meech had indicated that he thought he had been paid \$150.

Olson and his wife testified that Meech gave a flat price of \$100 for the major part of the interior and that Meech later agreed to paint two bedrooms at a cost of \$15 each. Meech had earlier said that he had set a price for each room that he painted.

John D. McGill represented Meech and Roger P. Brosnahan represented Olson.

Judge Torgerson will make a decision later. Olson had appealed from conciliation court.

# Swift to Name New Manager

John H. Irish will be appointed manager of Swift & Co.'s meat packing plant here effective in January.

He will succeed William B. Jones, who will be assigned to the staff of Vice President E. D. Fletcher at the Chicago general office. Jones has been manager at Winona since February 1961.

Irish will come to Winona from Bradenton, Calif., where he has been in charge of Swift's beef plant. Prior to that assignment he held managerial positions at Swift and associated plants in Scottsbluff, Neb., and Somerville, Mass.

Irish joined Swift in 1935 as a cattle driver at St. Louis and subsequently held positions at Philadelphia, Pa.; Trenton and Atlantic City, N.J.; Montgomery, Ala.

# Lower Whitehall Electric Rates To Be Published

WHITEHALL, Wis. (Special) — The new electric rates, which will become effective with the January billing, were discussed at the meeting of the Whitehall Common Council Tuesday evening.

The estimated reduction in gross revenue per year resulting from the new rates is estimated as follows: Residential, \$3,700; rural, \$68; commercial, \$1,897; general small power, \$1,027; large power, \$5,222; street lighting, \$435; and athletic field, \$223.

This will result in an estimated overall reduction in revenue to the electric utility of \$12,556. The new rates will be published next month.

Also discussed was work on the water improvement additions in progress. The project is ahead of schedule, with water mains and all underground equipment in and the new water tank under construction.

Also discussed was purchasing a new snowplow. The city will hire plowing this season and then determine which would be most economical.

# Trempealeau Tips Pirates

COCHRANE-FC, Wis. (Special) — Trempealeau's Bears defeated Cochrane-Fountain City 55-52 Wednesday night in the opening basketball game for both schools.

Trempealeau rallied from a 27-22 halftime deficit and was down 33-23 at one time in the third quarter.

Cochrane, minus Larry McFarlin who suffered a fractured leg in football, led 41-37 going into the final period. McFarlin may be available by tournament time.

Rick Auseth of Trempealeau tossed in 21 points before fouling out trying to stop the Pirates' David Florin who caged 23. A junior, Florin was starting his first time in his career.

David Dussel hit 17 and Dwayne Davis 10 for Trempealeau.

# U.S. Cagers Add Three to Squad

ST. LOUIS, Mo. (AP) — The combined Russian and American basketball teams arrived here Wednesday and brought with them a pleasing surprise.

The surprise was three additional players to the national intercollegiate all-star team that plays strong Soviet squad Friday night here.

The three, from the Yank team which defeated the Russian males, two out of three on their cross country tour are: Jerry Shipp, 6-5, and Denny Price, 6-5, both of the Phillips Oilers and towering Lloyd Sharrar, 6-10, of Akron Goodyear. They will bolster the squad that was down to nine men.

# Central Leads National Poll

KANSAS CITY (AP) — Central Oklahoma State added to its narrow lead over runner-up Florida A&M in the weekly football poll of the National Association of Intercollegiate Athletics (NAIA).

Central was idle last Saturday while the second place Rattlers clubbed Allen (S.C.) 67-0.

The others, in order: Lenoir Rhyne, College of Emporia, Texas A&I, Northern (S.D.) State, Linfield, St. John's (Minn.), Northern Illinois, Parsons, Southern Louisiana, East Stroudsburg, Carthage (Ill.), Jackson (Miss.) State, Whittier, Adams (Colo.) State, Northern Michigan and William Jewell.

Mike Goings of Bluffton, Ohio College tallied 13 of his team's 19 touchdowns in the first four games this fall.

# Stock Market Pushes Higher, Trading Lively

NEW YORK (AP) — Bucking heavy pressure from profit taking on a prolonged advance, the stock market pushed to higher levels early this afternoon. Trading was lively.

The Associated Press average of all stock at noon was up .7 at 233.00 with industrials up .9, rails up .3, and utilities up .4.

If the market were to hold its gain until the close, it would be the tenth clear-cut rise in 13 sessions.

Rails showed a fairly consistent string of gains but motors canceled some early advances and were mixed with a slightly lower tendency. Utilities, nonferrous metals, and electronics were generally higher, but most important groups were spotty as traders continued to realize gains of the prolonged rally.

General Motors held a fractional rise. Ford and Chrysler dipped slightly. American Motors and Studebaker traded about unchanged.

Moderate advances were shown by such leading carriers as Santa Fe, New York Central, Pennsylvania Railroad, and Baltimore & Ohio.

Airlines were unchanged to a bit higher.

IBM and Magma Copper were up about 3 points apiece.

Steels were narrowly mixed, with U.S. Steel advancing a fraction. Woolworth advanced more than a point. Also ahead about a point were General Time and Pfizer.

The Dow Jones industrial average at noon was up 1.58 at 632.06. Corporate bonds were irregularly higher. U. S. government bonds eased.

# PRODUCE

CHICAGO (AP) — Chicago Mercantile Exchange — Butlers steady wholesale, buying prices unchanged; 93 score AA 58, 92 A 58; 90 B 57; 89 C 56; cars 50 B 57 1/2; 89 C 57 1/2.

## Card of Thanks

**HOVEN—**  
I wish to thank my relatives, friends and neighbors for their cards, flowers, gifts and visits during my recent stay in the hospital. Also the doctors and nurses for their kind consideration.  
Johannes (John) Hoven

**KRUEGER—**  
I wish to thank my relatives, neighbors and friends for their cards, flowers and gifts during my recent stay in the hospital. Also the doctors and nurses for their kind consideration.  
Mrs. Clara K. Krueger

**KIEDROWICZ—**  
We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy, beautiful floral and spiritual offerings received from our friends and neighbors and relatives in our sad bereavement. The loss of our beloved brother, who was a member of the Foreign Wars, the choir, those who contributed the service of their cars, and the pallbearers.  
Brother and sisters of Frank Kiedrowicz

## Boy, 16, Stabs Self While Shining Deer

**RIDGWAY, Pa. (AP)**—Wayne Jones, 16, of Ridgway, died Wednesday of a stab wound suffered the night before while searching for deer.

Here is the police account of what happened:

Jones and five friends saw a movie in which an actor tried to lasso running game from a moving vehicle. The six youths decided to try something similar.

With Jones perched on the left front fender with a hunting knife, the youths drove a station wagon across a field trying to spotlight deer Tuesday night.

Jones fell from the fender, and the knife plunged into his chest.

Jones' heart stopped beating at Elk County General Hospital. Doctors massaged his heart, but four hours later, he died.

A roll of soft cheddar cheese makes grand pumpkins! Roll small pieces of the cheese into balls and insert whole cloves for stem ends. Mark the cheese with lines, using a toothpick, a la a real pumpkin.

(First Pub. Tuesday, Nov. 13, 1962)

DIAMONDS

AS AN INVESTMENT

Compared with stocks and bonds, there are many which have risen in value over the years at a greater rate than diamonds. Some have fallen by comparison. Some have proved more negotiable. Many have not. Many have paid cash dividends of considerable size and consistency. Diamonds pay no cash dividends whatsoever. But we say without reservation that no stock or bond or other investment lends more to the enhancement of one's sense of confidence or is more pleasant to behold. A diamond is truly "forever", the one thing you can wear with pride every day of your life, knowing that it will, without wear or depreciation, become a part of your heritage to another generation. What other investment offers such permanence?

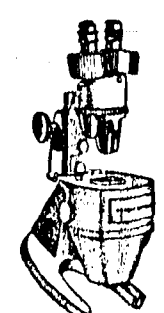

Each Of These Diamonds Is A One-Carat Size

INVEST \$25 A MONTH—OWN A CARAT DIAMOND!

"At the Sign of the Street Clock"

Morgan's JEWELERS SINCE 1862

See for Yourself

Examine your diamond under our Diamondscope for color and internal quality. Then compare its price anywhere—anytime and let us prove to your complete satisfaction that you get the most diamond for your dollar at Morgan's!
