Kennedy Expects GOP To Nominate Rockefeller

By JACK BELL

WASHINGTON (AP) — President Kennedy apparently has reached the conclusion — if he had any doubts — that Gov. Nelson A. Rockefeller of New York will be his 1964 opponent for the presidency. This was the explanation in political circles for Kennedy's aiming a series of barbs at the Republican governor in his Friday night speech to the Economic Club in New York.

Because New York will be one of the principal battlegrounds in the 1964 presidential contest, politicians busied themselves comparing the positions of the two men on major issues. They found them far apart on New York matters but remarkably close on some national economic problems.

Kennedy told the Economic Club the rate of insured unemployment in New York has been persistent in New York.

ly higher than the national average.

In his latest pronouncement on national issues—before the National Association of Manufacturers on Dec. 5—Rockefeller said the state's unemployment rate "has been less than the national rate for 23 of the last 28 months."

Presumably both men could be right. Kennedy was talking about the number drawing unemployment compensation. Rockefeller was talking about the number of jobless.

Kennedy went on to say that the "increases in personal income and employment have both been slower here in New York state than in the nation as a whole."

Rockefeller said that while the rate of increase in "the real personal income" of the people of New York had lagged behind the national average during the prior state democratic administration, "in the past four years it has been increasing more rapidly than the national rate."

Kennedy said expenditures in state government in New York "have risen in recent years at the rate of roughly 10 percent a year." He said in nine years civilian expenditures in the federal government have increased an average of 7.5 percent a year.

Rockefeller offered no comparable figures. But he said state aid to public schools had been increased 60 percent in four years, aid to higher education by 260 percent and highway construction mileage had been tripled.

He said in four years his administration had "restored fiscal integrity by cutting unnecessary expenditures, instituting rigid economies, raising personal income tax withholdings."

"The result is we have a balanced budget and a surplus each year, and have reduced the tax-supported state debt by \$85 million," he said.

Kennedy could make no such claim for the federal government. But he promised that domestic expenditures in the new budget would be held to approximately present levels.

State Has 8 Road Deaths Over Weekend

By THE ASSOCIATED PRESS

Minnesota chalked up eight traffic deaths during the weekend but the pace was running 56 behind that of 1961.

To date, 653 persons have died in accidents compared with 709 through the same time one year ago.

Latest reported victims of the weekend were Wayne L. Klein, 18, rural St. Joseph, and Mrs. Margie M. Gits, 26, St. Paul.

Klein was killed early Sunday when his car crashed off Highway 82 west of St. Joseph in Stearns County.

Mrs. Gits died late Saturday when a car driven by her husband Thomas rolled over on Highway 60 west of Mankato.

Supreme Court Won't Overturn Sunday Closing

WASHINGTON (AP) — The Supreme Court refused today to review a decision upholding validity of Kentucky's Sunday closing law.

The decision, by the Kentucky Court of Appeals, declared the law valid under the Kentucky and U.S. constitutions.

Arlan's Department Store of Louisville, Inc., and Evans Furniture Co., were fined \$20 each for employing persons on Sunday. The stores appealed to the high tribunal, contending terms of the Kentucky law disclosed an intent to aid religion in violation of the U.S. Constitution.

The Supreme Court, in decisions announced May 29, 1961, upheld blue laws restricting Sunday business activities in Maryland, Massachusetts and Pennsylvania. The court said "the present purpose" of most Sunday closing laws was to provide a uniform day of rest and recreation.

The high tribunal directed that the appeal by the stores be dismissed because of lack of a substantial federal question.

Justice Douglas dissented saying that he thought the religious nature of the Kentucky Sunday closing law was emphasized by the fact that it exempted "members of a religious society who actually observed the Sabbath on a day other than Sunday."

Douglas added: "The law is thus plainly an aid to all organized religions, bringing to heel anyone who violates the religious scruples of the majority by seeking his salvation not through organized religion but on his own."

Kennedy Will Review First 2 Years Tonight

WASHINGTON (AP)—President Kennedy reviews his first two years in the White House tonight in an unusual hour-long television interview.

The program, called "After Two Years — A Conversation With the President," will be carried by the Columbia Broadcasting System and American Broadcasting Co. television networks at 6:30 p.m. EST and the National Broadcasting Co. television network at 8:30 p.m. (5:30 and 7:30 Winona time).

SHIP LOANED TO RED CROSS

Cuban Prisoner Ransom Near

WASHINGTON (AP) — Loan of a ship to the Red Cross and reports of activity in the Baltimore port have stirred speculation that negotiations for release of 1,200 Cuban prisoners may be nearing a climax.

The speculation was heightened by these developments Sunday: The Red Cross said the African Pilot had been made available to be used if necessary, to ship medicines and supplies to Cuba as barter for the captives.

The Baltimore Sun said the African Pilot was raising steam and had signed most of her crew for a sailing time of noon today for Port Everglades, Fla., to pick up the cargo.

The wife of James B. Donovan, New York lawyer who has been negotiating with Cuban Prime Minister Fidel Castro for the prisoners' release said Sunday night he had left New York, possibly for Washington.

The prisoners were captured in the ill-starred attempt to invade Cuba at the Bay of Pigs in April 1961. Donovan has been negotiating with Castro since August and at one point reportedly was close to an agreement: the prisoners in exchange for medicine and other non-military items in short supply on the Communist island.

Castro had asked a ransom of \$62 million.

Family Adopts Nine Minnesota Orphans

ST. CLOUD, Minn. (AP) — Nine orphaned Minnesota children, all from one family, leave today for the most exciting moment of their young lives.

They'll take their first airplane ride and land late this afternoon at Charlotte, N.C., for a new life with their adoptive parents.

That left four boys and five girls without parents, ranging from Pauline, 13, to Phillip, 2.

It also set in motion a chain of events like this:

Meyers and his wife, Jean, read about the accident and the Baker children in the Charlotte Observer. They noted in the story that a neighbor, Mrs. Joseph Klinger, said "the children want to stay together."

Meyers called a local priest, the Rev. Paul Bryon, pastor of St. Gabriel's Catholic Church, and said, "I want to adopt those children."

Father Bryon phoned a priest at Battle Lake and he traced the children to Catholic Charities in St. Cloud. That set the adoption machinery in motion.

The children have been living at a farm near St. Wendel, 10 miles northwest of St. Cloud.

The Rev. H.M. Lutgen, director of the charities until last April, did much of the early spadework. He was succeeded in the post by the Rev. Val Klimek, who with a social case worker, Ed Goering, will accompany the children.

Meyers is an executive with the Celanese Corp. and lives in a well-to-do Charlotte neighborhood.

"God has blessed me with a generous income," he said when asked why he would want to adopt nine children. "I can afford to spend that money raising children."

Two of the Meyers' four children are adopted. The Meyers and Baker youngsters have exchanged letters and pictures to kindle the spark of friendship and close the 1,300 miles that separate them.

Mrs. Meyers says some people remark about what a wonderful thing they're doing, but she tosses it off with this, "We aren't being wonderful. We need children. We want children."

The Baker youngsters between Pauline and Phillip are Theresa, 12, Timothy, 10, Loreta, 9, Susan, 8, Jeffrey, 7, Jerald, 4, and Monica Jo, 3.

Father Klimek said that the other night he told the youngsters about their new home in Charlotte and Pauline remarked, "I'm a little bit sad, and very glad."

"They're a bit sad at having to leave their foster home," said Father Klimek. "But they've been well prepared for the experience all these months."

The boys and girls were given a farewell party by some 300 members of the St. Columbkille Parish at St. Wendel Sunday.

They'll travel from St. Cloud to Minneapolis by car this morning, then leave by airliner for Chicago where they'll transfer to catch another plane to their new home in Dixie.

And in this Christmas season they'll find new meaning in the message of the Meyers, who say, "We have love to give."

At least three freighters — the Brazilian Loide Honduras, the Norwegian Black Eagle and the American Custis Woods — were driven aground along the continental coastline.

A fourth ship, the Belgian radio ship Ulysses, was driven ashore and used its wireless to send out distress calls instead of its usual popular music.

MACMILLAN LEAVES FOR TALKS

Skybolt Missile Showdown Seen

LONDON (AP)—Prime Minister Harold Macmillan leaves today for a Bahamas meeting with President Kennedy which could prove decisive for Britain's future role as a nuclear power.

Fresh from a Paris conference with French President Charles de Gaulle at which "close agreement" on defense views was announced, Macmillan is to meet with U.S. officials who plainly frown on the development of national nuclear deterrents.

While Britain and France have pressed forward with their nuclear programs, the United States has urged a multinational type force under the North Atlantic Treaty Organization and a buildup in the non-nuclear side of the European military forces.

The controversy over the U.S.-developed Skybolt missile, which looms as the major subject of the Bahamas talks, may bring this debate to a peak.

The United States says it may scrap the air-launched missile because of a string of test failures and the cost, although Britain has been counting on it to insure its national deterrent role.

President Kennedy has described the Skybolt, which is fired from a plane at targets 1,000 miles away, as a very sophisticated missile whose development may require \$2.5 billion in addition to the half billion already spent by his country.

Without the Skybolt or a substitute, Britain would have no modern independent nuclear deterrent of its own.

Skybolt, due for delivery around 1964, was to have been fitted to Britain's force of aging jet bombers, giving them a new lease of life by increasing their hitting range by 1,000 miles.

U.S. Defense Secretary Robert S. McNamara, who held preliminary talks with the British on the Skybolt issue last week, also is going to Nassau. McNamara reported to Kennedy Sunday on his talks.

The Skybolt affair also kicked up a storm in Washington. Sen. Stuart Symington, D-Mo., said Sunday the powerful Senate Armed Services Committee, of which he is a member, is 2 to 1 against dropping the missile and "I understand the joint chiefs of staff also oppose any cutback."

In a television interview (ABC Issues and Answers), Symington said the Armed Services Committee will want to hear from the joint chiefs on Skybolt plans after Congress reconvenes in January.

East German Major and Family Escape

FRANKFURT, Germany (AP)—Border guards of Communist East Germany manage to foil 10 attempted escapes for every successful flight through the walled and barbed wire border around West Berlin.

That was reported today by Bruno Krajewski, a former East German major who 10 days ago made a dramatic escape in an inflated rubber boat with his wife, 9-year-old daughter and two friends.

Krajewski, who had the job of investigating escapes and advising how to tighten the border, said most arrests were made in the controlled area behind the border. "Relatively few people are caught on the barbed wire barricades themselves," he added. "Most people who get that far manage to get away."

He said chances of a successful escape are steadily dwindling. He discussed the border situation with newsmen at a news conference arranged by Western security authorities under whose protection he has been since his escape.

Boy Wounded In Chase After Holdup

TWO HARBORS, Minn. (AP) — A 15-year-old boy with a previous armed robbery conviction was recovering in a hospital today from gunshot wounds that nicked him as he was fleeing with a grocery-hoist after a \$40 robbery.

Authorities identified the youth held under guard as Leon Kirby, who reportedly was living at a juvenile rehabilitation center on the Gunflint Trail near Grand Marais. A corrections official, Warren Peterson, said Kirby had formerly lived in St. Louis Park.

Storekeeper John Thomsen, who with his wife operates a store and cabins about a mile east of Grand Marais, was forced to accompany the young gunman who held him up Saturday night.

Mrs. Thomsen called authorities and a long, tense and dangerous chase ensued.

Highway patrol cars stopped the getaway car at least three times. But each time, Kirby warned officers "not to monkey around" and he pushed his pistol toward Thomsen, who was driving the car.

Capture finally came, after speeds at up to 80 miles an hour, about 2½ miles east of here, and nearly 80 miles from Grand Marais.

Tear gas bombs and a shotgun blast that wounded Kirby but left Thomsen untouched finally brought the youthful lawbreaker to bay.

Asked by authorities why he pulled the stickup, Kirby replied that "if needed the money for Christmas."

DEAR ABBY:

Change Dates To Keep Peace

By AMIGAIL VAN BUREN

DEAR ABBY: For the past 24 years of our marriage we have spent Thanksgiving and Christmas with my husband's mother, who lives 40 miles away. She is now 80, and for the past 24 years we have felt it might be her last because she has not been feeling well. I used to make a big Thanksgiving dinner for the entire family. We had all my husband's brothers and sisters and their children, and it was fun. But for five years now, after all the plans were made, I'd get a call the day before that Mother didn't feel up to the confusion, and we ended up taking her to the hotel for dinner — minus the children. The children are growing up and I want the whole family together at home at holiday time. What can I do? The holidays have been ruined for so many years. I am sick of hearing "it may be Mother's last."

HELP

DEAR HELP: Franklin Roosevelt changed the official date of Thanksgiving and so can you. Next year have your big Thanksgiving dinner at home, with all the children, the day before Thanksgiving — or the day after. Take Mother out on Thanksgiving Day to keep her (and your husband) happy. And celebrate Christmas Eve with your family at home — and Christmas Day with Mother.

DEAR ABBY: Our son recently came home from Korea. His first week home he just sat around the house enjoying the luxury of being home. He also taught our parakeet to swear. It is very embarrassing to us, but our son seems to think it is a big joke. What should we do?

SGT. S. MOTHER

DEAR MOTHER: Get another parakeet and teach it to pray for the one who swears.

DEAR ABBY: Our son married a girl who handles all the money and makes all the decisions. He has had a piano since the age of five and he loves to play. When he was married we gave him his piano. It was a fine piano and he got great enjoyment from it. Well, they moved into a new home and his wife sold the piano to strangers for \$200. She claimed she didn't have room for it. (She had room for a seven-foot bar in her den, though.) Now they are making their basement into a recreation room and she suddenly decided they needed a piano. She has been hinting right and left that we should buy them one. Would you if you were us?

THE OLD FOLKS

DEAR OLD FOLKS: Why punish your son? He has enough problems. If anyone needs relaxation and tranquility playing the piano provides, your son does. If you intend to give him a gift, buy him a piano — with no strings!

Legion Hits High At La Crescent

LA CRESCENT, Minn. (Special) —An all-time high of 309 members was reached during the annual membership drive of the Gilt-en-Leidel American Legion Post 595, it was reported here Friday at a post meeting by Membership Chairman Dallas Ames. Ames was the first member to sign up more than 100 members.

Guest speaker Arlow Abraham, Houston County veterans service officer, spoke. He will be at the club here every Saturday from 10 a.m. until noon.

Roger Gran, a member of the "Apple Arrows," the junior Legion drum and bugle corps, was awarded a medal by Commander Robert Boehm for the A rating he received in bugle solo competition.

Other business disposed of at the meeting included: Setting Feb. 1 as the date for the fishing derby; awarding Dr. H. L. Barton the Legion golf trophy, and donating money to the hospitalized veterans fund, the Red Wing Training School and to the Christmas seal fund. A New Year's Eve party is being planned by Terry Curran, social vice commander.

Past officers of the post were given past officer pins and reports were given by members who attended the fall conference at Minneapolis.

Tradition says the original Santa Claus was St. Nicholas, a 4th Century bishop in Asia Minor who gave gifts to the young and poor.

Mother-In-Law To Get \$10,000 Tip-Off Reward

NEW YORK (AP) — Albert F. Nussbaum's mother-in-law, whose tip to the FBI led to his capture on bank robbery charges, will receive a \$10,000 reward from Reader's Digest for information leading to the capture of Nussbaum's alleged partner, Bobby Randall Wilcoxson.

The magazine said Sunday it decided to award the money to Mrs. Alice Majchrowicz after authorities reported that leads supplied by Nussbaum led to Wilcoxson's capture.

Mrs. Majchrowicz, in a letter to Reader's Digest, said she had read in last July's issue that the magazine promised \$10,000 to the "person or persons who supply information leading to the capture of Bobby Wilcoxson."

The promise of the reward influenced her to give the FBI information she had concerning Nussbaum, she said.

"It was necessary for me to consider the welfare of my daughter and grandchild," she said.

New London Lad, 5, Shot While Hunting

NEW LONDON, Wis. (AP) — James Pierri, 5, of Appleton died in a hospital here Sunday several hours after he was shot accidentally while on a hunting trip with his father, Frank Pierri.

Pierri said his shotgun, which had been set on a log, fell off and discharged. The charge struck the child in the side.

Winonan Critically Injured in Crash

ST. CHARLES, Minn.—Donald Ellis, 24, 1057 E. 4th St., Winona, remained in critical condition in St. Mary's Hospital, Rochester, this morning.

Ellis was thrown from a car Saturday night and suffered a severe skull fracture and other head injuries. Hospital sources said that Ellis' condition was slightly improved today, but that he was still in critical condition.

ELLIS UNDERWENT emergency surgery Saturday night. He will not regain consciousness for three or four days and will not be able to talk because of a breathing tube that had to be used, it was reported.

The accident occurred two miles southeast of here on County State Aid Highway 35 at 8:10 p.m. Saturday.

Ellis was on the right side of the front seat of the car driven by LaVerne L. Pruksa, 35, 227 Olm-

stead St. Mrs. Ellis, 22, was in the middle.

Pruksa was driving west on CSA 35 and was rounding a slight curve when the front wheels of his car went onto the right shoulder. The car traveled on the right shoulder for 75 feet and then angled across the highway in a side-sway skid for 87 feet.

The car then went into the left or south ditch and traveled 36 feet west before hitting a tree nearly head-on, according to sheriff's deputies. They said that at that point Ellis was thrown from the car.

PRUKA'S CAR then spun in a half-turn and hit another tree 30 feet west of the first. This time the rear bumper hit the tree. The car spun another half-turn, and then hit a telephone pole 21 feet west of the second tree. This time the car hit head-on.

The car stopped there and, according to Pruksa, Ellis was not too far from the car. The car had traveled 249 feet and did not overturn, said the deputies.

Pruksa and Mrs. Ellis were not thrown from the car. Neither of them suffered serious injuries. Pruksa talked to Sheriff George Fort this morning. The sheriff said that Pruksa admitted having two beers and that he was going 53 m.p.h. when the car went onto the right shoulder.

He said that he had been blinded by the bright lights of another car coming toward him just before he came to the curve. He said that the three of them were going to Mrs. Ellis' parents' home in rural St. Charles.

PRUKA'S 1957-model car was wrecked. The sheriff said that Pruksa may be charged with having an open bottle of beer in the car, careless driving and driving in violation of driver's license restriction. That restriction is that he must wear glasses when he drives.

The charges have not been made yet, according to Fort. They are pending the outcome of Ellis' injuries.

Durand Youth Gets Nomination For West Point

DURAND, Wis.—A 17-year-old Durand youth is one of several Western Wisconsin youths to be nominated as candidates to the four service academies by Rep. Lester Johnson, Black River Falls.

He is William M. Langlois, son of Mrs. Claude Langlois, 854 E. Madison Ave. He has been nominated as a candidate for the military academy at West Point, N.Y.

Langlois, a senior, is class president, is ranked among the top 10 percent of the class and is a member of the Letterman's Club and the National Honor Society. He was captain of the 1952 football team. Langlois also competes in basketball and track at Durand High School.

Former La Crosse Man, Member of Little Cabinet, Dies

WASHINGTON UP—Funeral service for Samuel Wagner Anderson, a native of La Crosse who served as an Assistant Secretary of Commerce in the Eisenhower administration, will be held at 2 p.m. Tuesday at the Bethlehem Chapel of Washington Cathedral.

Anderson, 64, died of a stroke Friday. An investment banker by profession, Anderson began his government service in 1941 with the Office of Production Management. He became vice chairman of the War Production Board, successor to OPM, by the end of World War II.

Anderson made his home in Washington. He is survived by his widow, Lorraine; a daughter, Mrs. Winthrop P. Carty and a son, Michael.

Warm Weather Due to Last Until Midweek

A "winter heat wave" swept the Winona area today, sending the noon temperature to a pleasant 38 and giving Christmas shoppers a break, weatherwise.

The prediction is for mostly fair tonight and Tuesday. Temperatures will be pleasant with a low of 18-28 tonight and a Tuesday high in the 40s.

No important change is seen for Wednesday.

THE EXTENDED forecast for the next five days indicates temperatures will average near normal with daytime highs of 23-38 and nighttime lows of 4 to 10 above. Mild weather will prevail the first of the week, then turning much colder after midweek. Precipitation is expected to average about .10 of an inch in light snow after midweek.

Over the weekend temperatures got above freezing with a high of 33 Saturday afternoon and a top of 37 Sunday. Low Sunday morning was 28 and this morning 23.

Today's mild weather was in sharp contrast with this day last year when a snowstorm covered the area with six inches of fresh snow, bringing the total on the ground to 13 inches. The high that day was 25 and the low 9.

THE ALL-TIME high for Dec. 17 was 58 in 1959 and the low -13 in 1875. Mean for the past 24 hours was 30. Normal for this day is 20.

No below zero readings appeared on the state weather map today with Bemidji's 21. The Minnesota low, International Falls had 22 and St. Cloud 24.

Rochester posted a low of 28 this morning after a Sunday high of 35 and La Crosse had readings of 25 and 35 for the same times. It was foggy at Duluth but elsewhere clear skies were reported.

HIGH TEMPERATURE marks were broken or equalled in North Dakota Sunday.

Grand Forks, N.D., reported a number of golfers making the rounds of the Lincoln Park municipal course Sunday while kids flew kites and at least two youngsters wore shorts downtown.

The reason was the 52 degree temperature which equalled the all-time high for the date in 1939. Bismarck, N.D., reported a high of 59 which broke the old record of 54 for the date set in 1939.

Several points in South Dakota reported Sunday high readings in the 50s and 60s.

WISCONSIN had a respite from winter weather today as temperatures climbed and the sun came out in most areas.

Sunday was mild and fair, with temperatures inching into the low and mid 40s. Lone Rock and Beloit were the warmest communities with a high of 38. No precipitation was reported anywhere in the state Sunday or Sunday night. However, some fog developed in some northern areas.

Stevens Point hit the state low of 10 degrees early today. Park Falls had 15, Lone Rock 17, Green Bay 18, Milwaukee 20, Eau Claire and Wausau 21, Beloit 24, Madison 26 and Racine 28.

FOG CONTINUED this morning in the Eau Claire and Superior regions, but skies were generally clear.

Millinocket, Maine, hit the national low of 7 below zero early today, compared with the high of 85 Sunday at Laredo, Tex.

Do You Have An Extra Christmas Greeting?

A Fountain City, Wis., veteran who is a patient at Veterans Hospital, Madison, Wis., has written home expressing his gratitude for many remembrances from people who read this column.

Far away from home during this Christmas season, Fred Funke was lonely and discouraged, but he has heard from many people, both friends and strangers, and now he is over his loneliness. Some cards from his home town have a list of signers. He also has received gifts.

Here are more names of people who would enjoy Christmas greetings:

- Mrs. Adeline Ulland, Manchester Rest Home, 406 E. 4th St., Winona.
- Mrs. Hilda Hunger, River View Home, Alma, Wis.
- Arthur M. Hanson, St. Benedict's Nursing Home, Durand, Wis.
- Walter Lemis, Caledonia, Minn.
- Frank Maus, Rollingstone, Minn.
- Carl Braa, Johnson Hospital, Lanesboro, Minn.

- John Anderson, Nyen's Rest Home, Blair, Wis.
- Mrs. Elizabeth Kane, Stockton, Minn.

Santa's Toll Charges High

By HAROLD KNOLL

The fat man in the red rayon suit fluffed his taylor whiskers, took a shotgun off the assembly line of his North Pole plant, aimed at a telephone on the wall and let fly. The blast reverberated in the factory, hurled telephone fragments in all directions and sent gnomes scrambling for cover.

"Seven hundred and 15 calls in four hours is too much," said the fat man, blowing the smoke out of the gun barrel. "Cecili, you lazy scoundrel, where are you?"

A GNOME with a pointy nose and pointy ears peeked from behind a pile of gift-wrapped children's books — "Head Shrinking Self-Taught" by Sam Jivaro.

"Cecili, why weren't you around Sunday afternoon when

the Winona Jaycees put through all those calls to me from Winona area kiddies?"

The gnome took a tranquilizing pill from a leather pouch on his belt, swallowed and smiled brightly.

"Christmas has been a rough season here, Mr. Claus. You've got us gnomes working six days a week now. I was in the sack because I thought we have a Sunday closing at the plant."

"Seven hundred and 15 calls," the fat man said. "One even came from out East — from Pennsylvania, I guess. It took Mike Eischen and 23 other Jaycees to put the calls through over four telephone lines, and only me at the other end to answer."

THE FAT MAN cracked a reindeer whip smartly over Cecili's shoulders.

"Fetch a memo pad, you

scoundrel. Now jot down these Christmas gift requests correctly for once. Some girls at Conway Hall, Winona State College, want later hours. That's a wonderful desire for knowledge. Burning the midnight oil. I'll see what I can do.

"And some kiddies want muskrat traps . . . a three-year-old wants a stereo set . . . an Arcadia child wants a new bathroom . . . someone wants \$100 in pennies . . . one child wants a whole bagful of toys . . . and another one wants a millionaire to visit a cousin's house."

"Note requests for baby sisters, reindeer, elephants, cows, a fat pig, diamond ring, 36-power telescope, girls who want boyfriends and a boy who wants a girlfriend, and some small boys who want shotguns."

The fat man squinted at the

notes he had scribbled while answering the phone.

"TWO OF these calls puzzle me, Cecili. They don't seem to fit in with the Christmas spirit."

The gnome, who had been scratching his head over the correct spelling of shotgun, looked up.

"Which calls are they, Mr. Claus?"

"A little girl, age 5, called and said, 'Be sure and give something special to all the kids that don't have anything.' She didn't ask anything for herself. Now that's not typical."

"And the other call?" the gnome said.

"Sounds like a wrong number to me," the fat man said. "That Pennsylvania call. Just reporting the birth of a baby."

"Where in Pennsylvania?"

"Bethlehem," the fat man said.

1,625-Foot Tower OK'd At Galesville

LA CROSSE, Wis.—The Wisconsin Aeronautics Commission Sunday approved the application by Channel 8, La Crosse, to build a 1,625-foot TV tower at Galesville. Howard Dahl, TV station manager, said the tower, fifth highest man-made structure in the world, will be a mile northeast of the Galesville post office, or very nearly on the edge of town. It will be south across the county highway from Mrs. G. M. Wiley's Eastside Farm.

Work will begin soon on the 50 by 60-foot transmitter building, where six engineers will be employed. The tower itself, placed on a concrete base running into the ground, will be constructed next spring. There'll be an elevator in it. Most TV towers don't have them.

The tower will be high enough so sets at Eau Claire, Rochester, and Winona will require only rabbit ears for reception, Dahl said. The manager said there are rumors that Russia has a TV tower higher than those in the U.S., but there's no proof. As comparisons he said the Empire State building, highest in the world, is 1,472 feet, including a 222-foot TV tower. Eiffel Tower in Paris is 964 feet and the highest pyramid in Egypt is 450 feet.

Galesville Tax Bill \$146,519

GALESVILLE, Wis. (Special)—The total tax roll for Galesville is \$146,519, Miss Evelyn Larson, clerk, announced at the regular Council meeting Thursday night. The rate is \$35.56 plus per thousand valuation.

The tax bill includes \$40,439 city taxes; \$39,187, county; \$875, state, and \$66,016, school.

The rate is about \$2.20 more per thousand than last year.

GALESVILLE'S credit from the state sales tax is \$25,860, part of it on merchants, manufacturers and on livestock and the remainder as relief on all property.

Miss Larson reported Galesville's apportionment of utility taxes at \$3,024 and said \$2,220 has been received as part of the city's income tax apportionment.

Council passed a resolution to appoint Alvin Accola, Alma, as assistant assessor next year.

Council will investigate the possibility of buying a water meter tester.

As a result of opening tire bids, the city will purchase four all-terrain tread tires from Brokkes Implement Co. If the low bid of \$49.58 with trade-ins includes mounting. Farmers Co-op bid \$49.75 and Barenthin's Skelly Skelly Co. bid \$57.75. Brookes and Farmers Co-op bids were for rayon tires and Barenthin's, nylon.

Council was informed a truck purchased from Winona Supply will be cut to standard wheel base for \$35 by Johns Motor Sales, Galesville, leaving 13 inches for tool box or shovel rack.

ARTHUR ZENKE and Al Brantner will arrange for spraying of the skating rink to build up the ice. Bids are being asked for building a warming house.

John Williamson and Arthur Zenke will investigate if the police department needs new radios. Frequencies have been changed on state and county vehicles. The change here won't be necessary until next October.

Council discussed whether to sell the old fire siren or remount it on the upper table. At times the siren down town is not heard in outlying areas.

Council to Open Bids on Gasoline

City Council members will make their third try at awarding a contract for city gasoline supplies at their meeting tonight at City Hall. Errors in specifications and cloudy language in a subsequently accepted bid caused the aldermen to invalidate two previous acceptances. A resolution was passed last Monday to re-advertise with bids to be opened tonight.

Also on the agenda will be discussion of changes in the proposed tree ordinance and passage of formal requests to the state legislature for city charter alterations as outlined to local legislators last Monday night.

KAHL HONORED . . . The Merchants National Bank honored retiring Vice President Van H. Kahl at a Christmas party and dinner Saturday. President G. M. Grabow, left, presents \$3,000 retirement gift check to Kahl. In addition, Grabow announced a month's salary as a year-end bonus to all officers and employees. (Daily News photo)

Merchants Bank Officer Retiring

Van H. Kahl, 65, vice president of the Merchants National Bank, who retires Dec. 31, was honored at an employees' Christmas party and dinner Saturday at Hotel Winona.

KAHL, WHO has spent his entire banking career with Merchants which he joined in 1916, received a \$3,000 retirement gift check from President G. M. Grabow. He started as a bank messenger and served with the Navy from 1918-19. After World War I, he rejoined the bank and was later bookkeeper and teller.

He was appointed assistant cashier in 1928. Later he was put in charge of the installment loan department. In 1959 he was promoted to assistant vice president. Last January he was promoted to vice president.

Ninety-five officers, employees and wives attended the dinner. A social hour followed. Grabow reviewed 1962 results and 1963 plans. He announced a month's salary bonus to all officers and employees. Kahl responded by reviewing highlights of his service. The employee's response was given by Mrs. Ardy's Firman.

JAMES Bambenek played the piano. H. M. Kowalczyk was master of ceremonies. F. J. Chupita was entertainment chairman. Miss Judith Huff was in charge of table decorations. The Enchords quartet sang. Members are Norma Haas, Mary Roberts, Evelyn Anderson and Audrey Karsten.

A Santa Claus act was presented by Kenneth Poblacki, Alvin Grulkowski and Jerome Muras. Employees who were members of the Alleycats singing and novelty act were Miss Gladys Thayer, Mrs. Marvel Tenseh, Max Brun, Herbert Peter, Jerome Muras and Frank Chupita. Mrs. Chupita was accompanist.

Christmas parties and programs will be held Friday afternoon. School will be dismissed Friday at 3 p.m. and reopen Jan. 7.

Net receipts from the annual band uniform fund magazine drive were \$350, from a gross of \$1,110.70. Five new uniforms will be purchased.

Eight boys participated in regional events at Austin, Minn., Wednesday, placing fourth in dairy products and sixth in poultry. Wishing to donate should notify Steven Dickie was fifth in dairy judging individuals.

Harold Zitzow, Dover, has been appointed to fill the unexpired term of LeRoy Millard, who resigned recently from the school board.

Cliff Herman, has resigned as bus driver. Luther Polzin, Dover, will complete the year.

Local Bank Debts Up 6% for 1962

Winona bank debts were \$29,550,000 in November and \$29,743,000 from January-November, respective 8 and 6 percent increases from the same periods last year, the Federal Reserve Bank of Minneapolis reported.

Statewide, Minnesota debts rose 6 percent in November and 7 percent in January-November. Wisconsin debts increased 5 percent in both periods.

Man Sentenced In Wabasha Co. District Court

WABASHA, Minn. (Special)—In Wabasha County District Court this morning Judge Leo F. Murphy handed one criminal matter, granted a divorce, and dismissed the jury until after the holidays. A settlement was reached out of court.

Louis John Rich, Zumbro Falls, pleaded guilty to simple assault and willful destruction of property and was sentenced to a \$25 fine or 10 days in jail on each count. Rich, arrested Oct. 2 for allegedly assaulting Deputy Ed Lager and breaking a window in his car, originally had been charged with second degree assault. On motion of District Attorney Martin Healy, the charge was reduced.

Rich paid the fines.

Esther T. Petroff, 42, Wabasha, was granted a divorce from Frank A. Petroff, 49, Pepin, on grounds of desertion. The couple was married June 29, 1937, and had no children. Petroff was charged with deserting her in June 1961.

Donald J. Koopman's \$50,000 personal injury suit against Frank John and Eugene Harold Olson was settled. The case grew out of an automobile accident three miles east of Wabasha at the intersection of U.S. Highway 61 and County Road 24 July 14, 1961.

Koopman, Wabasha, claimed receiving a severe spinal sprain resulting in a permanent injury. The Olsons are of St. Paul.

Burkhardt & Dunlap, Plainview, by John A. McHardy, represented Koopman. Carroll, Thorson, Anderson & Cronan were attorneys for the Olsons.

Court cases were slated for hearing this afternoon.

The jury will be called back not earlier than Jan. 7.

Car Goes Off Bridge Approach

A car went off the east side of Highway 54 near the Mertes boat harbor Sunday. The car reportedly went off the road after a blow-out to one of its tires.

An elderly couple from Dodge, Wis., were in the car and were not hurt. The accident occurred Sunday morning north of the interstate bridge. The car was not damaged.

WILL AMERICA

WAKE UP IN TIME?

We are the world's leader in many areas . . . in science and invention, in trade and living standards, and as a force for peace. But we must not be asleep to the pressing needs of leadership.

Higher education is having tough going, and colleges are in a squeeze. Some have shortages, while in less than 10 years they will face the incredible prospect of an applicant list twice the size!

To hold our lead among nations, we must see that our higher institutions have modern laboratories, enough classrooms and, above all, competent teachers.

Alan King Is Kidding Lawyers

By EARL WILSON

NEW YORK — Comedian Alan King, merciless of doctors, phone companies and insurance companies, next takes out after American lawyers.

It's because he's bringing a lawsuit against the Hotel Americana. A few weeks ago he stepped off the stage there, into 8 feet of space, because some steps had been moved.

"There were 2,000 people in that room while I lay there calling for help," says King. "The band was playing — nobody heard me. Nobody but one lawyer three floors away, whose ears were especially attuned to calls for help. He rushed to me and his first words of comfort were, 'Don't get up! Just lie there and wince with pain!'" King, who launches the lawyer-spoofing on the Garry Moore show, claims that he discovered the lawyers have a rule about dividing damages with a client. As his lawyer explained the deal to him: "If we lose the suit, I don't get a dime. If we win the suit, you don't get a dime."

"Newspapers are like wives," I was saying — during the newspaper strike here — to Mr. New York, Harry Hershfield. "We never compliment them on how bright, interesting and attractive they are until they've gone away. . . then we miss them terribly. Don't you agree that newspapers are like wives?"

"First or second edition?" asked Harry. Jackie Gleason's taping TV shows madly so he can rush to Palm Beach earlier than planned to start his Christmas resting. "I got to get out of New York," he explains, "and get somewhere where I can read a daily newspaper!"

JACKIE'S BEEN telling audiences about his diet. "Of course I'm on a diet," he announces. "I'm gaining weight every day. That's the only kind of diet to be on. Those other diets are silly!" George Jessel had a very skippy night club audience a recent night in Milwaukee. "I swear to you," he told them, "I've been married to more people than this."

When Gov. Rockefeller gave a cocktail party in the elaborate Studio Apartments of Radio City Music Hall, Lionel Hampton — who's playing on 7th Ave. at the Metropole — was very happy to

be invited. Sammy Kaye and Barbara Britton were also invited by the Giv — to thank them for helping his victorious campaign.

HAMPTON practically memorized Rocky's words to the hostess, Ruth Simpson, in introducing him. Said the real cool cat Giv to Miss Simpson: "You can always count on 'Hamp' to come out swinging for us!"

There's a new Madison Ave. expression: "We'll take it to the Summit" — which means "We'll ask the president of the company." New York City's stuffy about "barbershops being open Sundays" — doesn't allow it — but I found that chaps who stay at the Americana can get a haircut by phoning room service which'll send up a barber. Costs \$4, twice the usual price, which in the case of Yul Brynner or Jimmy Durante would be about \$1 a hair.

"The five greatest entertainers" in the opinion of Bob Baral, once of Fort Wayne, Ind., who wrote an exciting new book on Show Biz called "Revue," were and are: Fanny Brice, Marilyn Miller, Beatrice Lillie, Danny Kaye and Fred Astaire. How do you like that? The first three are female.

"ROMANTIC ROBERT" Goulet had a wild time in Boston, one of his home towns, playing Blin-Blin, which is among the world's biggest night clubs. "The women customers not only tell him what to sing," reported one of his friends. "They tell him what to sing while he's already singing." . . . Goulet's popularity outside New York was recently "wondered about" here. Now Chrysler TV comes forward to say that on two specials last year, he was one of the four biggest mail-pullers.

Some of the mail I get about him is very bobbysoxish: Recently from New Jersey: "Nobody else in this world can compare with him. He is so handsome that it is almost sinful the way girls and women feel when they look at him and listen to him. I would feel sorry for anyone who marries him (even though any female in her right mind would jump at the chance) because she would always have to face unbelievable competition from all other women who are mad about him. But I still wish he was all mine! . . . Janet J."

EARL'S PEARLS: Taffy Tuttle says one of her friends, a showgirl, has just saved her from "a fate worse than death" — that is, earning her own living. TODAY'S BEST LAUGH: What do you give a man who has everything? Simple. YOUR shopping list!

WISH I'D SAID THAT: "My wife's very smart. Already she's in her third year of driver's school" (Bernie Allen).

Today's worst pun is from the gal whose guy turned down her marriage proposal, and she pleaded, "Oh, come on, be a support!" That's earl, brother.

N.Y. Couple Donates Trees for Nativity

LYNBROOK, N.Y. (AP) — The two 20-foot blue spruce trees that decorate the village's Nativity creche and its recreation hall were growing until recently on the lawn of Mr. and Mrs. Sam Cohen. The Cohens are Jewish, but, explained Mrs. Cohen, "For several years now my husband has been thinking of donating the trees to the village as a neighborly gesture to our many Christian friends in the community."

New Cuban Envoy Named to Austria

VIENNA, Austria (AP) — The Cuban legation said Saturday that Amado Palencia has taken over as new envoy to Austria, replacing Fernando Gainza Gonzalez, whose dishonorable discharge was ordered by the Cuban government Friday.

The spokesman refused to disclose the reason for Gonzalez' discharge or where he is now.

They'll Do It Every Time

The Casual Observer

By GRETCHEN L. LAMBERTON

LAST time we went into the luxury gift situation, but there are also many, shall we say "novel" ideas for less expensive Christmas gifts. Among the cheaper gifts noted was an electric back-scratcher at \$5.40. There are "water shoes" that enable you to walk on the surface of the water. There is the usual rash of special dishes or utensils for every known food, and if you got even a fraction of them you'd have to build a new house to store them in. There are special dishes for serving asparagus, apples, hen-shaped dishes for eggs, rabbit-shaped dishes for carrot sticks, cow-shaped pitchers and mugs for milk, fish-shaped dishes for fish, lifelike watermelon, cheese, lemon, artichoke, celery and I don't know what all sorts of dishes.

And as for good old corn — there are corn-shaped dishes, self-buttering corn plates, special corn brushes with melted butter inside the hollow handle, melted butter dishes shaped like an ear of corn, etc. It seems that one isn't supposed to eat corn off an ordinary plate or butter it with an ordinary knife any more.

The joker items are still going strong. The Jack and Jackie Kennedy masks are selling fast, and so are rubber masks of Khrushchev, Macmillan, De Gaulle and Castro. A big seller is the artificial eye that blinks, which one glues to the center of one's forehead. You can buy a six-foot lifelike plastic mermaid with gold raffia hair and long eyelashes and tail for \$11.98; you are supposed to put her in your swimming pool or set her in the front seat of your convertible. Then for a dollar there is a "Small Car Repair Kit" which contains rubber bands, hairpins, chewing gum, an eye-dropper, Scotch tape and so on. You can buy boxes of perfumed

You can get an electrically heated doormat for around \$26 or an electrically heated dogbed for about \$15. In the cologne department try getting her a "professional teasing hairbrush with thumbrest for expert teasing, roughing or lacing (whatever that may mean) hair." Or, for a dollar there is a "plastic spray-mask that protects eyes, nose and skin from harmful hair spray". There are also several kinds of weird-looking "sleep-eze" contoured hairdo pillows that eliminate the discomfort of sleeping on curlers" at \$3.

And — a sad commentary on our modern civilization — for a dollar you can buy a "Breathe Clean Mask of foam rubber to screen out noxious insecticide sprays and powders". For two dollars you can now buy plaid-covered bottles of Scotch whisky shampoo containing real Scotch whisky. This is a new companion-piece to last year's popular Scotch whisky-flavored toothpaste.

So, don't say we haven't tried to be helpful with the Christmas gift problem.

Firemen Extinguish Blaze in Turkey Truck Near Dresbach

LA CRESCENT, Minn. (Special) — The La Crescent volunteer fire department answered a call at 5:45 a.m. Saturday to a burning semi-truck on Highway 61-14 in Dresbach. The rear tires of the trailer of the Marshall Egg Transportation Co., Minneapolis, were completely burned and the outside of the trailer was slightly damaged. The cargo of frozen turkeys was not damaged, according to Don Loebner, fire chief. He said the fire probably was caused by a

flat tire. Driver was Sam Talbert, Minneapolis. Dresbach-Dakota fire department also assisted in extinguishing the blaze.

BUSINESS MIRROR

Leasing Better Than Owning

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — The stock market break and the profit squeeze were among the things this year that boosted the trend toward leasing rather than owning production and office equipment. And the new depreciation rules and the more optimistic business feeling should further its growth in 1963.

That's the view of leaders in the leasing business, as you might expect, when they assess the changes in their rapidly growing form of financing. One change is the lengthening of the term of leases and another is lower rates in many instances.

Leasing is done either by the manufacturers themselves who rent out their products rather than sell them, or by outside firms specializing in this form of financing.

They estimate that American companies this year leased \$900 million of production and office equipment, for a gain of 25 per cent over 1961. This doesn't include the renting instead of owning of plants, stores, hotels, commercial buildings and other real estate.

The financing firms estimate the total for production and office equipment should top \$1 billion in 1963. And the trend toward longer terms should continue. Extension of the life of loans marked other lending institutions this year and last. The big leasing companies estimate that this year up to 90 per cent of their business was done on a five-year or longer basis. When leasing of equipment started some 10 years ago terms generally were for only a year or two.

Some half dozen leasing corporations that operate on a national basis have grown to the point where they now can obtain funds in the money market at lower interest than when they started as small concerns. This has allowed them to bring lease rates down, an important sales point in the increasingly competitive world of finance.

"The profit squeeze in many industries is helping our business," says Robert Sheridan, president of Nationwide Leasing Company, Chicago, "because it cuts the cash flow and increases the need for other financing of new equipment wanted for cost cutting."

"The stock market break also led to more leasing by companies that formerly turned to the public for new long term capital."

"The new depreciation rules for tax purposes, as they apply increased capital spending, will help our business because we are allowed by the law to pass on the credit to our lessees."

Big leasing corporations have turned to many specialized functions. One is financing mergers and acquisitions by buying the

assets of the smaller company and leasing them back to the merged company. Another is underwriting the growth of medium-sized family-owned businesses. Leasing permits them to expand without diluting their equity or surrendering control of their firms. Other functions leasing corporations stress in their sales talk is the converting of fixed assets into working capital by sale and lease-back, and allowing companies in highly competitive fields to acquire new equipment without draining their current funds.

More Time Needed to Build NATO

WASHINGTON (AP) — Secretary of State Dean Rusk reports to President Kennedy today that America's Atlantic allies need more time, patience and persuasion to comply with the U.S. request that they contribute more to Europe's defense.

This was the impression Rusk apparently brought Sunday night from the North Atlantic Treaty Organization's Paris meeting where U.S. proposals were reportedly greeted with something less than warmth.

Secretary of Defense Robert S. McNamara arrived back in the capital earlier Sunday and submitted his report to the President.

The U.S. delegation, headed by Rusk, McNamara, and Secretary of the Treasury Douglas Dillon, went to Paris determined to persuade the 15-nation defense organization that it must make greater commitments on NATO's vital central front.

The U.S. argument got a chilly reception, reports from Paris indicated. Although the communiqué issued by the ministers expressed agreement that it was necessary "to increase the effectiveness of conventional forces," it also instructed NATO's permanent council "to review procedures in order to secure a closer alignment between NATO military requirements and national force plans."

This wording, sources explained, was a compromise. While the communiqué paid lip service to the U.S. request by accepting the necessity to increase conventional forces, it also adopted the opposing position, championed by Peter Thornycroft, Britain's defense secretary, who was reported as having told the conference that NATO has to live with what the member countries can place at its disposal.

30 Red Ships To Cuba Since Blockade Lifting

WASHINGTON (AP) — Thirty Soviet bloc ships and 20 non-Communist vessels have steamed into Cuban ports since the U.S. arms blockade was lifted Nov. 20, according to information reported Saturday.

The figures indicate the volume of shipping has not reached the level that existed before the blockade was imposed Oct. 24.

Last August, 59 Soviet bloc vessels and 69 nonbloc ships put into Cuban ports. In September the totals were 67 bloc and 67 non-bloc ships.

Of the vessels operating under Soviet bloc control since the blockade was lifted 18 were dry-cargo carriers, four were passenger ships, seven were tankers and one was a refrigerator ship. Ships operating under non-Communist flags after the blockade were five tankers and 15 dry cargo vessels.

The United States keeps a close check on shipping to Cuba as a gauge of the volume of goods flowing to the island under the Castro regime—as well as for military reasons.

said U.S. thinking remained unchanged and that the manpower "target is still 30 divisions."

This target was set several years ago, but NATO has only 23 to 24 divisions on the central sector, a force U.S. officials believe is too small to convince Moscow that a Cuba-like adventure in Berlin or elsewhere in Europe would not work.

Let's Look at Our Own Books

OUR FREE-spending government is looking askance at the free-spending Brazilian government. Our South American ally is having a hard struggle to maintain a Democratic government in the face of pressing financial and economic problems.

Washington fears that unless the Brazilians get their financial approach onto a sound basis, despite citizen pressure for more government and lower taxes, even American aid will not prevent some kind of totalitarian take-over.

Among the observations of the Washington experts are these:

- Brazil has had a steady inflation for some years.
- The government's budget is out of balance, and another deficit is due.
- The gold reserve is dwindling, and there is not now enough to cover foreign claims.
- The country has a severe balance of payments problem.

Our government, it is reported in Washington, is going to go slow on any more loans to Brazil until she gets her house in order. That is prudent, of course, and President Goulart is expected to take firm action to straighten out the mess.

PERHAPS WASHINGTON, which can recognize the roots of Brazil's troubles, might use the interval to look at its own books. To some degree or other, every ailment they've diagnosed in Brazil exists to a serious degree in the United States.

Inflation cuts the value of our dollar each year. The official deficit now is estimated at almost \$8 billion. Our gold reserves are at the lowest point in decades, and there are more claims against it than there is gold. Our balance of payments deficit runs to ten figures.

IF FINANCIAL SANITY is good for Brazil in Washington's view, why isn't it good for the United States?

Hidden Deficit Just Mere \$3 Billion

OFFICIAL WASHINGTON estimates the deficit at \$7.8 billion, but left out is a little matter of \$3 billion in the calculations. Adding this figure brings the deficit to just under \$11 billion for the year.

The oversight is a very real expense. It is money owed to federal employees. Each year, the Congress is supposed to appropriate money for the federal employees' retirement fund, just as a private employer is supposed to deposit retirement funds against future pensions. Any employer who failed to do so would be considered imprudent certainly, and possibly criminal.

But for some years, Congress has failed to appropriate the money. Right now the deficit in this fund runs to \$37 billion.

This is no minor technicality. Civil Service Commission officials see trouble in the immediate future, and bankruptcy for the fund by 1980 if it keeps up. The federal obligation is firm and clear. Employees pay 6½ percent of their pay into the fund, and the government is supposed to match it. Payout from this fund is expected to run from \$3 to \$4 billion a year in the near future.

WHEN THESE AMOUNTS come due and the till is empty, Congress will have two choices. It may break faith with the retired employees and slash benefits to which they are entitled, or it can then make the appropriations to cover the amounts due.

It is unlikely that Congress will allow the fund to go bankrupt, or that it will deny employees the benefits they have earned. The only out will be to cover long-past obligations with current taxes or current borrowing.

The problem is being aggravated increasingly. Benefits are keyed to salary scales — salary scales have risen sharply in recent years and are due to rise again. And every year there are greater numbers of employees to whom benefits are owed.

VIEWING THE DEGREE of national financial mismanagement solely from the standpoint of the announced size of the budget deficit, you see, can present an unrealistically rosy picture even when it's gloom.

Teach me, O Lord, the way of thy statutes; and I shall keep it unto the end. (Psalms 119:33)

HOW DO YOU STAND, SIR?

Lessons From Cuban Crisis

By SEN. BARRY GOLDWATER
As I have indicated in previous columns, there are many lessons to be learned from the Cuban situation. Perhaps the most obvious is the fact that it is possible to take firm action in international affairs without bringing about a world catastrophe.

Ever since the atom bomb was dropped in Hiroshima, the pacifists among us have warned that any deviation from a strictly passive cold-war position would result in immediate escalation to all-out nuclear war. This argument was used so often prior to the Cuban confrontation that it began to sound like a phonograph record with the needle stuck.

The evidence was all against this argument, of course, and it is strange that these pacifists have not learned yet that there is a great spectrum between cold war and hot war. This has been demonstrated in many instances when the United States utilized a foreign policy based on what John Foster Dulles called "brinkmanship."

In none of the cases, where the United States went to the so-called "brink," have the results brought on a nuclear holocaust or even the use of nuclear weapons. Whenever the United States has acted as the world's number one power that it is, our enemies have backed down without resorting to war of any type.

The American airlift to Berlin in 1948 was a fine example. Our action in defense of the Chinese off-shore islands of Quemoy and Matsu was another. In Lebanon, where we sent American Marines to maintain our position, and in Guatemala, where we acted boldly to thwart the Communists, we also won the issue without war.

THESE EXAMPLES, PLUS Cuba, were all situations in which we acted decisively and used our military, economic and political power to say to the enemy: "We are going to the brink. We don't want to go over the brink into war. But if we have to go over it in order to preserve freedom and justice in this world, we are willing to do it."

The development of our counter-insurgency forces, the strengthening of our conventional weapons and forces, the slow build-up of our tactical air command are all steps which will provide us with capabilities which can be used along the broad spectrum from cold to hot war. They will be of great value in convincing our enemies that we can meet them any place and defeat them any place.

I AM NOT here advocating war as our primary instrument of foreign policy. Rather, I am attempting to show the fallacy of pacifist arguments which claim that we must have peace even at the expense of freedom and justice in the world.

The plain fact is that, even though we don't like it, peace can be kept in the modern world only through the exercise of strength, whether that strength be military, political, economic or psychological. The elements of strength are the only instruments of national policy which can be used effectively against an enemy which openly seeks world domination as its final goal. And these instruments can be used in many ways short of war. Cuba, perhaps, was the perfect example of this thesis.

Timidity and fear have never been hallmarks of America's progress, yet there are timid souls among us who would have us believe that now is the time to adopt them.

THESE PACIFISTS quite often are intelligent people with a blind spot on the subject of peace and how to attain it. If they didn't have this blind spot, I am sure that they would expose themselves to the lessons of history and recognize what has happened in the past to powerful nations that refused to exercise their strength in the defense of freedom.

I suggest that the only way we will ever become engaged in an all-out nuclear war is to heed the advice of the pacifists and yield and compromise and compromise until we have backed ourselves into a corner—the only escape from which will be surrender or war. In such a case, the American people would choose war, and the worst fears of the yielders and compromisers would be realized.

How do you stand, sir?

PARDON MY STARDUST

THE WASHINGTON MERRY-GO-ROUND

Moscow Line Subject Of White House Debate

By DREW PEARSON

WASHINGTON—It is difficult for either American news-men or the American embassy to know definitely what happens in the power struggles inside the Kremlin. But it is possible to report quite accurately on the power struggles inside the White House. Both affect the peace of the world.

The first important power struggle inside the White House also involved Adlai Stevenson and Dean Acheson, together with the question of coexistence with Soviet Russia.

Stevenson headed a group of older Democratic state men very early in the Kennedy administration which urged the new President to take the initiative regarding Berlin. With him were Gov. Averell Harriman of New York, a former ambassador to Moscow; also Sen. William Fulbright, of Arkansas, chairman of the foreign relations committee, who is a personal friend of Kennedy's.

They advised that, since the question of Berlin was bound to come up, it was better for Kennedy to beat Khrushchev to the punch, especially since Mr. K seemed to be in a very friendly frame of mind.

HE HAD offered to send a cabinet member as a special envoy to Kennedy's inauguration; had cabled a glowing message of congratulation; and shortly after the inauguration had released our RB-47 fliers. Before the election he had refused to release these fliers for fear it would help Nixon win.

Kennedy knew this. In fact, Gov. Harriman had conferred with Foreign Minister Gromyko and cautioned him: "If you say something critical of

Nixon, criticize Kennedy too. It will help."

The Russians took the hint. They definitely wanted to see Kennedy elected. So Stevenson, Harriman et al, knowing this, advised Kennedy to negotiate regarding Berlin while the iron was hot.

BUT OTHER Kennedy advisers urged the contrary—chiefly Dean Acheson, former secretary of state, a brilliant diplomat who will probably go down as one of our great secretaries of state, but who was pounded so hard by Sen. McCarthy as pro-Communist defender of Alger Hiss that he instinctively cracks down on everything Russian to prove his patriotism.

He and his close friend, McGeorge Bundy, plus career diplomat Charles Bohlen, former envoy to Moscow, urged Kennedy to give the diplomat's straight-arm to Khrushchev and not discuss the Berlin problem at all.

The new President, faced with this power struggle inside the White House, has veered toward hard core advisers. He sent a rather curt reply to Khrushchev's fulsome telegram of congratulations, made two announcements of a U.S. military buildup—interpreted in Moscow as aimed at the Soviet—and made plans for sending more U.S. troops to West Germany.

KHRUSHCHEV reacted the way one might expect him to react. He got sore. And when he was finally invited by Kennedy to meet him in Vienna, he was not in the friendly frame of mind as he was originally toward the young President he felt he had helped elect.

This was the basic reason why the Vienna conference was such a flop; and why Khrushchev returned home fearful he might become a war President.

Another power struggle has been taking place inside the Kremlin recently. It also involved coexistence. Ambassa-

dor Foy Kohler has telegraphed Washington that Marshal Malinovsky, head of the Red army, is bitter over the retreat in Cuba, that the Red army appears to have been downgraded, and that moderates now control the Kremlin.

As previously noted, it is difficult to know what goes on inside the Kremlin. But Kohler is a smart observer and substantiation for his report appears in last week's speeches in the Supreme Soviet.

There, Khrushchev took the same line he took in writing neutral leaders that he had pulled his missiles out of Cuba in order to avoid atomic war and preserve a policy of peaceful coexistence.

FOREIGN MINISTER Gromyko, rapping the Chinese warmongers, went even further. "The Soviet government is convinced," he said, "that co-operation between the USSR and the United States — the strength of which was amply demonstrated during the war against fascist Germany and militarist Japan — is all the more necessary now that a new war with the use of modern means of annihilation would be so much more dangerous."

This appears to be a conciliatory opening similar to that given Kennedy by Khrushchev during the first days of the Kennedy administration, which was rebuffed on the advice of Dean Acheson. And the big question now is whether Kennedy will listen to Stevenson and arrange for talks, or listen to Acheson and rebuff the olive branch. If JFK's cronies of the press are to be believed in their Saturday Evening Post article, the President is leaning toward Acheson's old straight-arm.

If Khrushchev gets the straight-arm again, diplomats are wondering what will happen in the next power struggle inside the Kremlin.

RECORD ARRANGEMENT

NEW YORK — An unusual arrangement has been worked out for the original cast recording of "No Strings," the new Richard Rodgers musical. Instead of selling the disc rights to one of the record makers—the common practice—Rodgers has taken one of the firms into partnership. He will finance the cost of the recording. The company (Capitol) will handle the merchandising.

At least four concerns had sought the rights.

BAPTIST CONVENTION

SALT LAKE CITY, Utah — Southern Baptists in Utah and Idaho have set November 1964 as a target date for forming an independent state convention.

The two states now have 32 Southern Baptist churches and 23 missions. The Southern Baptist Convention requires a region to have at least 10,000 members in 50 churches before authorizing financial aid to it as an independent state convention.

Today In World Affairs

Nikita Deceives His Own People

By DAVID LAWRENCE
WASHINGTON — Premier Khrushchev has just made a speech to the "Supreme Soviet" — or Russian parliament — which attempts to explain publicly for the first time why the Soviet Union sent missiles and planes into Cuba. It is, however, the most flagrant example of deliberate deception by the head of a government that has been given to the world since the days of Adolf Hitler.

The influence of Nikita Khrushchev will inevitably suffer.

For, while he insists that he sent missiles and planes to Cuba to counter the alleged threat of aggression by the United States, the chronology of events actually shows that the missiles were shipped to Cuba long before there was any crisis in the relations between Cuba and the United States. Due to censorship, this discrepancy in dates will not be revealed to the Soviet people.

The premier endeavored to assure his associates that the main reason why he sent military help to Cuba was to assist the Cuban people, "our brothers in toil, our class brothers."

But it is unrealistic for anyone outside the Soviet Union to believe that merely an ideological comradeship caused the Soviet Union

to spend in the neighborhood of a billion dollars just for the sake of anti-Communist action by the United States in respect to a country as far away from the Soviet Union as Cuba.

THOUGH arguing for the right of a nation to deal with its own internal affairs, Mr. Khrushchev contradicted himself in his speech when he said the Soviet Union felt it desirable not only to take control of certain important programs inside Cuba but also to maintain a Soviet military organization there under direct command of the Soviet defense ministry instead of under the Cuban government. He said:

"It is true that, at the request of the Cuban government, we sent arms there. But what motives guided us in doing this? Purely humane ones. Cuba needed arms as a means of deterring aggressors, not as a means of attack. Cuba was, indeed, under a real threat of invasion."

The Soviet premier added: "A very alarming situation had arisen. Everything showed that the United States was preparing to carry out an attack on the Cuban republic using its own armed forces."

BUT IN THE very next paragraph, the Soviet premier insisted that none of his weapons sent to Cuba could be used for offense. In recent weeks, however, he has removed some of these same weapons because the United States characterized them as offensive. Everybody knows that the missiles were capable of nuclear attack on cities in the United States and that the planes were able to carry atom bombs and drop them on cities in certain sections of this country.

But Mr. Khrushchev again brushed aside the idea that there was any serious military purpose involved. He said:

"The government of Cuba last summer asked the Soviet government to provide additional assistance. An agreement was reached about a number of new measures, including the stationing in Cuba of a few dozens of Soviet ballistic rockets with a medium range of action. These weapons were to be in the hands of Soviet military."

"WHAT WAS the aim of that decision? Of course, neither we nor our Cuban friends meant that the small number of medium-range rockets dispatched to Cuba would be used for an attack against the United States or any other country. Our only aim was the defense of Cuba." But it is difficult to understand just why the defense of Cuba suddenly became so important to the Soviet Union that it was willing to spend a billion dollars and send weapons which were capable of actually carrying on an attack against the United States, with which country the Soviet Union had professed to be on friendly terms.

The Soviet premier weakly explained the dilemma in this way:

"Rockets were placed there so that the American imperialists, if they really decided on invasion, should feel that the war which they were threatening stood on their own frontier, and so that they should have a more realistic idea of the danger of thermonuclear war."

Certain people depict the matter thus: That the rockets were placed by us for an attack on the United States. This, of course, is not sensible reasoning. Why should it be necessary for us to place rockets in Cuba for this purpose, when we had and have the capability to strike the blow from our own territory, having available the necessary quantity of intercontinental rockets of the necessary range

To Your Good Health

Explanation Of Cyst, Tumor

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I had a vaginal cyst removed and am concerned about it. Will it return, and what caused it? Can cancer develop? What is the difference between a cyst and a tumor?—CONCERNED

We get so wrapped up these days in the new "wonders of science" that we don't have time to discuss some of the older items of knowledge that aren't so mysterious. How many people do know the difference between a cyst and a tumor?

The body is equipped with thousands of glands—a few big ones such as the thyroid, ovarian, pituitary, adrenal and others, and a vast number of tiny ones, particularly in the skin and mucous surfaces.

The purpose of these glands is to produce one material or another. As an example, take the sebaceous, or oily, glands of the skin. When a gland becomes clogged, it keeps on producing but its material can't get out. As material accumulates, the gland becomes stretched, like a balloon blown up too far, and a lump forms.

PUNCTURING OR lancing doesn't solve the problem, because the duct, or outlet, is usually so small that you can't simply pry it open. When you lance it, you make a new hole, and release the accumulated stuff inside, but the new hole heals over. And the pressure builds up again.

That's why we have long known that this is no cure for a cyst, or clogged gland. The only permanent solution is to remove the whole gland.

and power?" BUT WHAT MR. Khrushchev, despite all his conflicting statements, did not explain is why, if he wished to aid Cuba, it was necessary to send any missiles there at all. If, as an ally of the Cuban government, he wished to protect Cuba, he could have threatened to send his missiles from Soviet territory.

Fraternities Draw Scrutiny

By LESLIE J. NASON, Ed. D.
Professor of Education,
University of Southern California

Education has become such a serious business that colleges are examining closely even its fringe aspects—like fraternities.

Even such extracurricular activities as fraternities must rise to meet new demands being made on education or give way to other forms of student body organization.

Fraternities tend to resist change.

The high scholarship fraternities continue high year after year. It is the low scholarship fraternities that are causing the present concern.

In these fraternities there is an alarming drop in scholarship during the pledge semester. This often results in students leaving college. We cannot afford the resulting drag on college scholarship.

At Williams College in Massachusetts a decision regarding fraternities has been made. The board of trustees is changing the Williams way of life from predominantly fraternity living to a new residential plan.

IT PLANS to continue student living in small residential groups of 60 to 90 or more students—but under college rather than fraternity supervision.

Four essential elements of the program are:

(1) The college will provide housing, eating and social accom-

modations for all Williams students.

(2) The advantages of small-group living, which in past years have been provided for a few by fraternities, are to be preserved and made available to all students.

(3) The widest practicable scope will be given to student choice of living accommodations and companions.

(4) Every encouragement will be given through the new residential arrangements for all forms of student activities, informal contacts between students and faculty, and social interchange on a college-wide basis.

WILLIAMS HOPES that "there will be no diminution of opportunities for student initiative . . . All the social and intramural activities of the fraternities will be transferred to the unit—houseparties, teams competitions of all sorts, organized and run by the undergraduates. And it is hoped also that they will institute other activities—panels, symposia, films, small concerts, other programs—whatever they have the time and inclination to provide."

The Williams move will provide a comparison between predominantly fraternity and completely dormitory organizations on the same campus background.

Can optimum social development be attained as well or better through dormitories when membership is open to all students?

Can dormitory life stimulate

scholarship better than fraternity life?

Can college spirit be fostered better under the new plan, or will it deteriorate?

Will the new plan provide more equal opportunities for students both socially and scholastically?

Low scholarship fraternities on other college campuses should take heed. Although they automatically stay low in scholarship if no drastic action is taken, a determined effort does produce improvement.

New P.O. Facilities For Baudette, Hinckley

WASHINGTON (AP) — New post office facilities at Baudette and Hinckley, Minn., are included in a federal construction program sent to Congress Friday by the General Services Administration.

The GSA proposed 145 new projects costing \$32 million. The Baudette building would cost \$296,500; Hinckley's \$309,400.

The same bill proposes new postal buildings in Wisconsin at Eagle River, Elroy, Mellen, Three Lakes, Wabeno and Wonegan.

Winners of the 1962 Annual Newspaper National Snapshot Awards will make a two-year tour of the United States and countries abroad.

Some Rain In West, Northeast

By THE ASSOCIATED PRESS

There were some wet spots in the West and Northeast, but generally dry and fairly seasonable weather was the rule in the major part of the nation today.

The major wet belt was along an almost stationary Pacific frontal zone from the northern Rockies southwestward across central California. Rainfall was light in most areas. Light snow powdered mountain sections.

Snow also fell in areas south and east of the Great Lakes region, but amounts were not heavy in the region, which was hit by snowstorms for several days last week.

Temperatures were below freezing this morning from the central part of the Midwest eastward to the Atlantic Ocean and in the central Rocky Mountain region. Lowest readings, some below

zero, were reported in parts of New England.

Record high temperatures were reported Sunday in the Great Plains as fairly pleasant weather extended over broad sections of the country. Record marks for Dec. 16 included 73 in North Platte, Neb.; 66 in Concordia, Kan., and 57 in Fargo, N.D.

A warmer trend continued in the Southeast after last week's freezing weather, and temperatures were near normal levels.

The mercury reached the 70s in southeast Florida. Readings this morning ranged from around freezing in Tennessee and mountain areas of northern Georgia and Alabama to the 50s in Florida and coastal areas.

Snowstorm Upset Wedding 60 Years Ago

MABEL, Minn. (Special) — A snowstorm altered wedding plans 60 years ago for Mr. and Mrs. R. J. White of Hesper, Iowa. They will note their 60th anniversary Sunday at an open house from 2 to 5 p.m. at Hesper Friends Church. No invitations will be issued. A family dinner will be held at the Home Cafe at Mabel.

During the snowstorm before the wedding the bridegroom's parents, the late Mr. and Mrs. B. M. White of Hesper, en route to the wedding at Canton were forced to turn back when their cutter broke down. They were bringing the carnations for the bride's bouquet and the bridegroom's boutonniere so the couple used artificial flowers. Mrs. White's mother had died before the wedding, so the bride cooked her own dinner.

Mrs. White is the former Florence Casterton of Canton. The couple was married at the home of the bride on Dec. 24, 1902. Dr. Philip Slack, then pastor of the Hesper Friends Church, performed the ceremony.

Except for two years spent in Oskaloosa, Iowa, the couple have made their home in this community. Mr. White was salesman for a feed company of Shenandoah, Iowa, for more than 30 years. He also served on the Hesper and Mabel Board of Education. They are members of the Hesper Friends (Quaker) Church, Mr. White being a birthright member.

The couple have two living sons, Bernard of Decorah, Iowa, Orville of Minneapolis. A son Leland died in 1960. They have 10 grandchildren and 14 great-grandchildren.

La Crescent CD To Take Fallout Booklet to Homes

LA CRESCENT, Minn. (Special) —The 26 members of the La Crescent auxiliary police will conduct a house-to-house visit in La Crescent village and township and rural North Ridge with booklets and literature on family survival and protection from fallout due to nuclear attack.

William Lathrop, secretary-treasurer, said the organization feels the booklets will receive more attention if personal contacts are used. The police will offer residents a brief explanation and answer questions.

The La Crescent auxiliary police, Lathrop said, "as in the past and plans in the future to conduct a vigorous six-point program on civil defense. Their program also will include furnishing a list of critical supplies each family should have; continuation of the Clyde Pasvogel family survival classes; stimulating a new series of first aid instruction courses, some to be conducted by local registered Red Cross first aid instructors; reviving the emergency control system and keeping a current chart in the fire station, plus holding as many drills as deemed necessary; locating key buildings and with the consent of the owners, marking them as emergency shelters; and keeping radiological monitoring equipment in good working order.

The two shelters found suitable and now marked are La Crescent Public School, which would hold 1,100 persons, and Crucifixion Grade School, 200.

The CD will have the monitoring equipment in a readily accessible location for those already trained to use it, and will train additional adults in its operation.

Officers of the police with Lathrop are: Frank Wolff, captain; Everett Harlos and Fred Otto, first and second lieutenants, and John Zlabek, Ted Fitting, Frank Wally and James Huerkamp, sergeants.

Winston Reider is CD director. Assisting the officers in the house-to-house visits will be: Donald Buchan, William Atchison, Robert Panke, Joseph Hodge, Ed Layland, Clarence Vetsch, Kenneth Sherwood, Richard Gasper, John Kath-an, Donald Anderson, Henry Ab-net Jr., Arthur Oldenburg, Myron Zessin, Nathan Randall, Russell Hayes, Myron Anderson and Tony Gartner.

CHANGE DATE

Winona Art Group will not meet Tuesday. The next meeting will be Jan. 6 at 7 p.m. at Lake Park Lodge when E. S. Korpela will give academic instruction to the group.

We Must Stand Pat, Says South African

By THE ASSOCIATED PRESS
Charles R. Swart, president of South Africa, has called on white citizens of that segregated nation to stand together and fight off enemies who "desire to drive the white man and his culture out of South Africa."

He spoke in Pretoria, the capital, at a ceremony opening the annual celebration marking the anniversary of the 1838 massacre of Boer pioneers by Zulu tribesmen at Blood River.

Stefan Cardinal Wyszyński, reporting to nearly 5,000 members of his flock who overflowed into snow-swept streets from the Warsaw Cathedral of St. John, chided the Polish Communist government.

The 58-year-old Roman Catholic primate of Poland said the government limited the expenditures and size of the 25-bishop Polish delegation to the Ecumenical Council at the Vatican, which he attended.

"Each Polish bishop was allowed to take only five dollars with him," the cardinal said, "and that would not suffice even if we could live on seeds."

He expressed gratitude to Polish-Americans and to Latin American churchmen in Rome who provided the bishops with food and necessities.

FIRST MEMBER GETS CHECK . . . E. R. Finner, left, first member to receive power from Trempealeau Electric Cooperative 25 years ago, receives his capital credit check from Elmer Anderson, co-op president. Finner's check is for \$28.16 and represents his capital investment in the cooperative for 1944-46. Finner was president of the co-op from its beginning until retiring three years ago. Upon receiving his check, he said, "It is gratifying to me that Trempealeau Electric Cooperative, in a short period of 25 years, has prospered to the extent that it can begin to return patronage capital. Congratulations are in order."

Trempealeau Electric Pays Capital Credit

ARCADIA, Wis.—Checks totaling more than \$34,000 in capital credit refunds are being distributed to 2,500 members of the Trempealeau Electric Cooperative. The checks range in amounts from \$3 to \$150 and are the first cash refunds of capital credits in the 25-year history of the cooperative.

Tri-County Phone To Ask Building Bids Early in '63

INDEPENDENCE, Wis.—Switchboards for the four exchanges of the new Tri-County Telephone Cooperative are under construction, telephones have been purchased and bids will be opened in late January or February for buildings and outside plant, according to Ernest P. Sobotta, independence, general manager of the new organization to which REA has made a \$1½ million loan. The co-op is an organization formed last year by five previously independent companies—Eleva, Strum, Pleasantville, Elk Creek and Independence.

ITT KELLOGG Co., Chicago, low bidder on the switching equipment at \$111,445, is manufacturing it now. The co-op also is purchasing the 2,000 dial phones from the Chicago company. All telephones ordered are in a neutral beige. Patrons will have a choice of desk or wall phones.

Customers who want a color other than beige will have to put in a special order with Sobotta. The co-op will have business offices at Independence and Strum in addition to switching offices at each of the four locations.

The Independence office, where Sobotta is located, is in the former Dr. Donald Peterson office which the present Independence company has owned for some time. The building for the dial equipment will be constructed beside it and the front of the Peterson building will be renovated to match it.

LOCATIONS OF the new buildings have been staked out at each place except Eleva, Sobotta said. The Pleasantville building will be just south of Noble Klevens' feed store. Plans for the Strum building are complete. It is estimated at \$35,000. The building at Eleva will be just north of the present central office.

All rural lines will be buried in cables. In the cities some will be buried and some aerial.

Following the modern trend, each rural line will have a maximum of four subscribers and each city line will have a maximum of two parties.

A key system is being installed at Doughboy Industries, Inc., Eleva, at the present time. There will be four circuits coming in to service 10 telephones. An intercom system will be included.

EQUIPMENT will be built into the co-op systems that will make it possible for subscribers to dial from their homes or business places to anywhere in the country when Wisconsin Bell Telephone Co., Eau Claire, has its equipment installed by July 1965. The

Majority in Cuba Against Castro, Reds

NEW YORK (AP)—A Turkish newspaperman just back from Havana says at least 90 percent of the Cuban people "—and probably more—are against the Communists and against Castro, too."

Goksin Sipahioğlu, a free-lance reporter from Istanbul, said in an interview that there are resistance organizations, but the organizations cannot get together.

The newsmen was in Cuba from mid-October until early December. He said Cubans told him:

The peasants, who were major supporters of Fidel Castro's revolution, angrily but passively are resisting the Communists. The peasants are angry because Castro collectivized the farm lands instead of distributing them among the peasants, as he promised.

Probably 9,000 peasants have been jailed for refusing to work in the fields. They refused because, even if paid, there was nothing to buy.

The skimpy food ration list for one person includes five eggs a month, three-fourths of a pound of a meat a month, one banana a week, oranges only for the sick, a pound of potatoes a week and six pounds of rice per month.

On the virtually nonexistent list are cheese, milk, bacon, many kinds of vegetables, soap, wool and linens. Medicines are in very short supply.

Sipahioğlu said he was told the Russians have two major camps in Cuba, one near Higuain in Oriente Province, and one in central Cuba near Ciego de Avila. Cubans are barred from the areas.

St. Charles Man Still Critical
ST. CHARLES, Minn. (Special)—The St. Charles area man, injured when his car was hit by a Chicago & Great Western freight train here Saturday still was in very critical condition at St. Mary's Hospital, Rochester, this morning.

Edward Brink, 32, had shown some slight improvement, his doctor said, but he had not regained consciousness.

St. Charles friends said he had been bleeding internally and had been packed in ice since being admitted to the hospital.

Brink was driving south over the grade crossing at the south edge of the St. Charles business district on State Highway 74 at 2:45 p.m. The train was traveling west at 30-35 miles an hour. The automobile, struck on the left rear, was spun into the side of the moving train and reduced to a twisted mass.

The driver, who was alone, received brain injuries, a broken left upper arm and fractured ribs.

Brink, formerly of Wykelet, had been employed at Farmers Union Elevator, St. Charles, the past six weeks. He, his wife and two children live on a farm south of Fremont.

The Ranch Look in Split Levels

By JULES LOH

The trim and artful appearance of this modest three-bedroom home, not to mention its functional room arrangement, makes you wonder why more split-levels aren't built this way.

This is a front-to-back split, rather than the more commonplace side-to-side version.

FROM THE curb it looks like a one-story house—straight line roof design, attached garage, level front lawn. From the rear it looks like a two-story; and both views are attractive. It can be built on a flat lot, of course, but would be ideal on a site sloping gently downward from the front.

The split-level technique, in effect, raises half of what would be the basement area in a one-story fully above ground so it becomes usable living area at only slight cost.

This house, for example, contains only 1,323 square feet on its living levels but has an additional 670 square feet on the lower level to accommodate a well-proportioned recreation room, laundry, and guest room or fourth bedroom with an adjacent full bathroom.

IT IS DESIGN J-52 in our weekly series, the product of architect

UNUSUAL SPLIT-LEVEL: This is a back-to-front split level, though it has the appearance of a one-story ranch type home. An attached garage and covered side porch add to its width, giving

it a long, low silhouette usually seen in more pretentious homes. This three-bedroom model contains 1,323 square feet.

Lester Cohen whose skill at bringing comfortable and stylish housing to families with moderate budgets is well known to regular followers of the House of the Week.

The home contains eight rooms and three full baths, plus a covered side porch as well as an entrance porch, two-car garage and other features usually reserved for more pretentious houses. Its exterior, a tasteful blend of stone and wood siding with asphalt shingle roof, has an honest and uncluttered appearance worthy of the finest neighborhood.

Overall dimensions are 46' deep by 70'6" wide, with the garage accounting for 20'6" of the width.

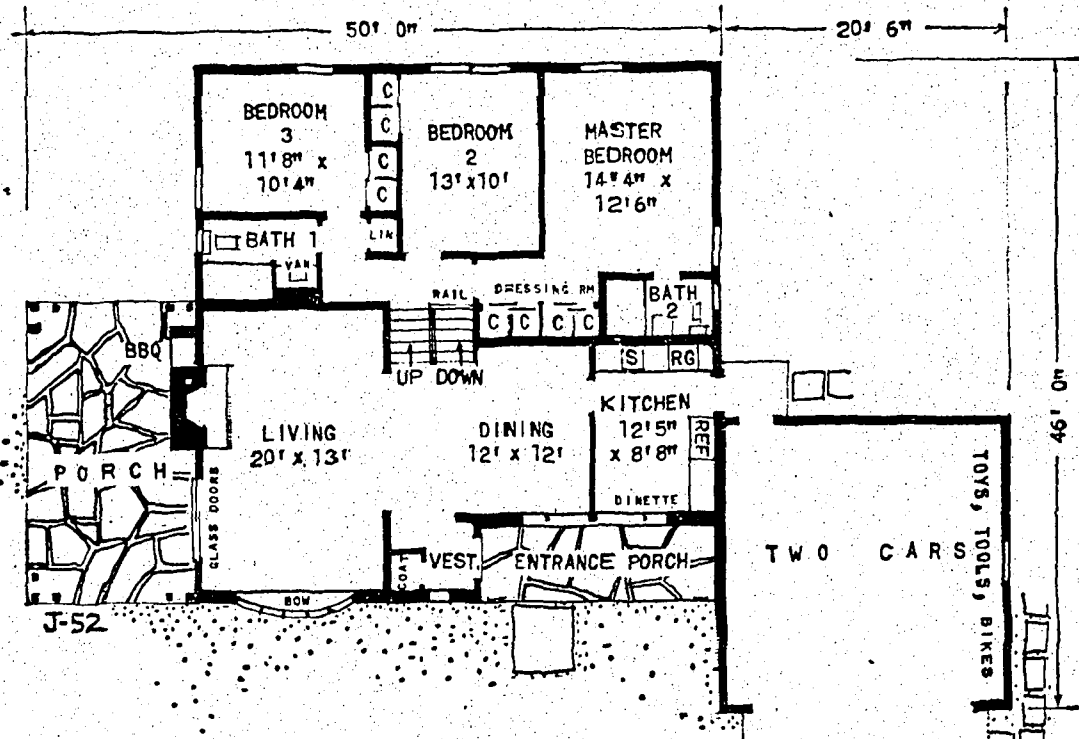

IN MOST split levels the garage is beneath one of the levels, most commonly the bedroom level. In this house the garage is attached, adding to its ranch house appearance.

The garage protrudes to the front as well as to the side and, together with the covered side porch adjoining the living room, adds to the width and provides the long, low look which is the hallmark of modern suburbia.

A covered entrance porch provides a delightful loggia as well as a sheltered entry. The front door opens to a vestibule which prevents an abrupt entry into the living room.

THE LIVING room is handsomely proportioned and combines with the dining room and entrance to form a vast formal area. It has a wood burning fireplace and a bow window, and enough wall space to make furniture arrangement interesting.

Sliding glass doors lead to the covered side porch which extends

FLOOR PLANS: Note the good zoning of formal, informal and sleeping areas achieved through this front-to-back split level plan. The garage is attached, rather than in the usual position underneath one of the levels, adding to the width of the house as well as providing a semi-private outdoor living area.

The function of the room and provides a formal outdoor area.

The service entry is on the side of the house, and can be entered by a flagstone path around the garage (by a tradesman) or through the garage (by a housewife with a double armload of groceries).

There is enough space in the kitchen for an informal dinette overlooking the front porch and out of the way of the work area. The outdoor area adjoining the kitchen and behind the garage already is closed on two sides and it would be a simple matter to enclose the other two with a fence and have a safe and private backyard or terrace.

UPSTAIRS, the three bedrooms all are of nice dimensions and each is equipped with "copious" closet space. Especially the master bedroom. Note how all its closets are arranged in the hallway, leaving the bedroom walls free of doors and thus more adaptable to a variety of furniture arrangements. A full bath adjoins the master bedroom, and the family bathroom is within a few steps of each family bedroom.

BELOW THIS area is the informal recreation room, a nicely proportioned fourth bedroom, guest room or study, plus the laundry.

Glass doors lead from the recreation room to the backyard, eliminating any traffic from the rear of the house through formal areas.

Remodeling Job Only New Permit

A permit for a \$25 garage remodeling job taken by E. A. Beyers, 1073 W. 5th St., was the only building permit issued by the city engineer's office last week.

With two weeks remaining in the year, the dollar volume of new building in Winona in 1962 lags the mid-December total of last year by a little more than \$800,000.

The total valuation of permits written this year is \$2,614,835, compared with \$3,445,264 at the same date a year ago. There have been 24 new house permits taken, 23 fewer than at this time in 1961.

Permits for gas-fired installations were issued last week to Kranning's Sales & Service, for Winona Rambler, Inc., 810 E. King St., and Ed Woods, 702 Winona St.; Jerry's Plumbing Service, for Thomas Holmay, 413 Mankato Ave., and Winona Plumbing Co., for its shop at 306 Mankato Ave.

Packers, Giants in Rematch for NFL Crown Dec. 30

Bears Nudge Detroit 3-0

By JACK HAND
Associated Press Sports Writer
Green Bay clinched the Western Conference title and set up a rematch with the New York Giants for the National Football League championship Dec. 30 at New York on the final Sunday of the season as records tumbled from coast to coast.

The Packers didn't have to beat Los Angeles but they did, 20-17, for the word already had been received that the runner-up Detroit Lions had lost to the Chicago Bears, 3-0.

The frustrated Lions, only team to stop the Packers in the 14-game season, had to settle for a Jan. 6 date with Pittsburgh in the Play-off Bowl for runner-up teams at Miami.

In the course of the Packers' victory, Jim Taylor broke the league record by scoring his 19th touchdown and Green Bay set a new high for first downs in a season, 281.

The Giants' Y. A. Tittle topped the league mark for touchdowns passes in a season with 33 by throwing six in New York's 41-31 decision over Dallas.

The Giants had some anxious moments until X-rays proved negative after Tittle was taken to a hospital with a badly bruised back. The Giants, who clinched the Eastern crown two weeks ago, wound up with nine straight victories and a 12-2 record.

Lou Michaels, Pittsburgh's defensive end, added to the NFL field goal record he set last week by kicking two against Washington for a season total of 26 in the Steelers' 27-24 triumph.

Norm Sneed, Washington's sophomore quarterback, suffered a shoulder separation in the first quarter and George Izo, who hadn't played all year, came through with three touchdown passes. The Redskins lost seven of their last eight.

and 419 yards on 15 of 34 and Charley Johnson threw 2 TD passes and completed 18 of 33 for 386 of the Cards' passing total of 415. Johnny Unitas connected with 4 TD passes in Baltimore's 42-17 victory over Minnesota as the Colts came from behind with 28 points in the fourth period, after trailing 17-14.

Jimmy Brown scored both Cleveland touchdowns Saturday at San Francisco as the Browns edged the 49ers, 13-10.

In the American League, Houston won the Eastern Division title Saturday by whipping New York, 44-10, and thus qualified to defend the league championship it has won three times against Dallas in Houston Dec. 23.

Dallas beat San Diego 26-17 Sunday and Oakland broke its 19-game losing streak with its first victory of the season, 20-0 over Boston, which had its title chances snuffed out Saturday by Houston's victory. Buffalo and Denver finished last week.

Lou Michaels, Pittsburgh's defensive end, added to the NFL field goal record he set last week by kicking two against Washington for a season total of 26 in the Steelers' 27-24 triumph.

PASS LOOKS GOOD, BUT IT WASN'T... End Ron Kramer of the Green Bay Packers is tripped by defensive back Lindon Crow of the Los Angeles Rams after taking what looked like a completed pass from quarterback Bart Starr in the Los Angeles Coliseum Sunday. The ball popped out of Kramer's arm when he hit the ground and it was ruled incomplete. COLTS EXPLODE IN FOURTH QUARTER

Unitas Buries Vikings 42-17

BALTIMORE (AP) — The Minnesota Vikings rang down the curtain on a somewhat disappointing 1962 football season Sunday, succumbing 42-17 to a blizzard of Johnny Unitas touchdown passes in the National Football League regular season finale.

It was about the same discouraging story for the Vikings, one which almost has become monotonous. They were leading 17-14 early in the fourth quarter only to be buried under the fury of Unitas' revitalized right arm in the final 13 minutes.

Unitas put the Colts on top 21-7 with a 10-yard strike to Raymond Berry. Then he hit Jimmy Orr from 30 yards away and chunked his fourth scoring pass of the day 80 yards to Lenny Moore a few minutes later.

To add the frosting for Baltimore, substitute quarterback Lamar McHan came off the bench after Unitas had wrecked the Vikings and fired a 74-yarder to Blake Turner.

That made the rout complete and left the Vikings collapsed in the lower extremities of the NFL with a 2-11-1 record, a half game worse than their maiden showing in 1961. Baltimore finished at 7-7.

Sunday it was a case of finally winning under the pressure of Unitas' aerial thrusts. He completed 19 of 24 passes behind tremendous protection for a whopping 385 yards—nearly double what the Vikings mustered rushing and passing.

Another key to the Colt triumph was a nerve-wracking rush put on quarterback Frank Tarkenton by the Baltimore line. He could complete only 6 of 18 passes for 66 yards, his worst yardage figure of the year.

But Tarkenton did have a hand in both Vikings touchdowns, scoring the first on a 20-yard run and passing 15 yards to Bill Brown for the second. In between Jim Christopherson kicked a 33-yard field goal that staked the Vikings to a 10-7 halftime lead. The 7th time this year the Minnesotans had a lead at the half.

Unitas' heroics served to diminish a great performance by the Vikings' Tommy Mason.

The fleet Louisianan, who this season blossomed into one of the NFL's truly fine running backs—and the best in some opinions—raced for 143 yards on 20 carries to boost his season yardage total to 740 yards which most certainly will place him in the top 10 in the league.

The game was punctuated by a flurry of fists between Minnesota's Paul Dickson and Baltimore's Jim Parker in the second quarter which brought both benches swarming onto the field.

CAN'T LOOK... Dennis Freund (10) of De Paul University closes his eyes as he and Minnesota's Tom McGrann (34) and Terry Kunze (42) vie for rebound in the first period of Saturday's game in Chicago. (AP Photofax)

had one last chance. They got the ball with seven seconds left, but threw it away before they could get another shot.

Forward Eric Magdanz led the Gophers with 20 points, but netted only four field goals off close guarding by M. C. Thompson. Sophomore center Mel Northway added 19, Terry Kunze 12 and Bob Bateman 10.

Bryant led DePaul with 26 and Thompson added 18.

Kundla was not happy with the play of senior forward Tom McGrann and indicated junior Bob Jensen likely will replace McGrann for the Memphis State game. Soph guard Paul Pederson may also get the call.

Steers Fatten Hold on First

By THE ASSOCIATED PRESS
First one player, then another is going on a hot streak for the Kansas City Steers and it's paying off in victories in the American Basketball League.

The Steers fattened their first-place margin to 1½ games Sunday night with a 112-94 rout of the second-place Long Beach Chiefs and this time it was Larry Slaverman in the leading role. Slaverman fired 37 points, 31 in the second half when the Steers made it a runaway after building a 53-42 halftime advantage.

In the last 10 days, it has been Bill Bridges on the major firing line with a close to 40-point average but Bridges had only 14 this time.

In other ABL games, Pittsburgh edged Chicago 109-107 in overtime on Jim McCoy's field goal with four seconds remaining, and Wayne Yates' jump shot with 18 seconds left gave Oakland a 104-102 triumph over Philadelphia.

Auggies, Gusties Top State Slate

By THE ASSOCIATED PRESS
The last pre-Christmas conference action for Minnesota college basketball teams is slated tonight with three games in the Minnesota Intercollegiate Conference on tap.

The Northern States and Midwest Conferences have completed pre-holiday league play.

Those three have Gustavus Adolphus at MIAC-leading Augsburg, Hamline at St. Thomas and St. Marys at Macalester.

Two other MIAC teams are playing non-conference games tonight with Concordia hosting touring Pacific Lutheran and St. John's playing at River Falls, Wis.

Only other game scheduled tonight has Northwestern of Minneapolis at Wahpeton, N.D.

Augsburg ran its MIAC record to 2-0 by crushing Macalester 83-50 Saturday night, while Minnesota Duluth was making its conference debut by edging Gustavus 47-43.

Balance Shows Up in Western Hockey League

By THE ASSOCIATED PRESS
One thing is clear in the Western Collegiate Hockey Association after the first go-round for the 1962-63 season, and that is fans can look forward to a well-balanced league with nobody apparently in a position to make a runaway of things.

After nine games, no team is unbeaten. Michigan State tops the pack with a 3-1 record, but three other teams, Minnesota, North Dakota and Denver, also have only one loss.

There is only sporadic non-conference action this week before the teams take the Christmas break.

Tuesday, North Dakota plays at Duluth and Denver hosts RPI. Wednesday North Dakota is again at Duluth, Thursday Denver entertains RPI again, Friday Duluth plays at Minnesota and Saturday the Gophers travel to Duluth.

Saturday night, Denver edged Michigan 3-2 in overtime in the only conference game.

In non-conference action, Minnesota beat Duluth 7-2 with Louis Nanne, Gary Schmalzhauser and Jim Wesby each netting two goals; and North Dakota crushed the Winnipeg Rangers 10-1 as Ernie Dyda and Wayne Garba each got three Sioux goals.

IN GAMES TONIGHT

Redmen Cagers, Icemen Busy

By AUGIE KARCHER
Daily News Sports Editor

Winona's four basketball teams, sporting a composite 12-12 record to date head into the holiday schedule with only three games on tap this week, all on the road.

St. Mary's College (4-3) moves into St. Paul tonight for the Redmen's second MIAC contest, this time against Macalester.

COTTER (3-2) travels to La Crosse Tuesday night to play Logan's Rangers.

And Winona High (1-4) invades Austin Friday night for a Big Nine dual with the Packers who were upset Friday by Red Wing 47-43 in overtime.

Winona State (4-3) finished its pre-holiday schedule with a 64-58 triumph over St. Norbert here Saturday night and is idle until the Dec. 27-28 four-team holiday tourney at La Crosse State.

Winona High's wrestlers, host Austin Friday and the Winhawk swimmers also entertain the Packers the same night.

St. Mary's hockey team is at Augsburg tonight and plays Concordia Tuesday morning, both games at Aldrich Arena in North St. Paul.

FOR ST. MARY'S basketballers, it will be a case of trying to beat the road jinx tonight. The Redmen have been unable to win away from home in three starts, losing to Stout, Lakeland and Augsburg.

Macalester, with only five lettermen back from a tailend ball-club last year, isn't regarded as much of a title threat this year either. The Scots are a young bunch, with four juniors, four sophomores, and seven freshmen on their roster.

Arlin Buyert, a 6-4 junior forward and the team captain, ranks with Dean Verdoes, a 6-4 guard from Edgerton's state champions of three years ago, as the top offensive threats of the Scots.

Arlo Knoll (6-5) a freshman, and sophomore Gary Allis (6-5) alternate the pivot duties, with guard Craig Canham (5-11) and forward Gary Davison (6-3) rounding out the starting lineup.

ST. MARY'S probable lineup includes Roger Pytlewski (6-6), Tom Hall (6-2), or Denny Burgrman (6-5) at the forwards, Jim Rockers (6-7) at center, and Al Williams (6-3) and either Mike Maloney (6-3) or Jim Clarkin (6-0) at the guards.

The teams split in two meetings last season, the Scots taking a 65-60 decision in St. Paul, and the Redmen winning 62-54 in Winona.

St. Mary's College hockey squad meets Augsburg tonight in a clash of unbeaten challengers for the MIAC puck crown.

Tonight's match is the nightcap of a twin bill in Aldrich arena. Concordia meets league-leading Macalester, undefeated in three games, in the 7 p.m. opener with the Redmen taking the ice at 8:30 p.m. Tuesday the Cobbers and Redmen go to it at 10:30 a.m.

THE REDMEN topped St. John's 6-3 in their opener as Andre Beaulieu recorded a three-goal hat trick, while Augsburg turned back a strong St. Thomas 4-1 in its only league test.

Augsburg was one of two MIAC teams to defeat the Redmen last year, edging St. Mary's in overtime 5-4 in Minneapolis. The two foes tied for second in the league with 52 marks, trailing champion Macalester at 6-1.

Beaulieu will center the first Redmen line, flanked by Don Berigan and Wally Ulrich at the wings. Bob Magnuson and Mike

Bishop are slated to open at defense, with Fritz Kokesh and Jack Scott available for goalkeeping duty.

The second line includes Dick McCormick at center and Bob Trytsek and Bob Paradise at the wings. Forward Tom Fitzgerald is Redman Coach Max Molock's top reserve.

Hawk Wrestlers Trim Chatfield

Winona High's mat team rolled to its second consecutive victory Saturday by defeating Chatfield 33-9.

The host Winhawks scored two pins, six decisions, and scored one victory on a forfeit in running their season mark to 3-2.

Scoring pins for Winona were Pete Woodworth and Chuck Deedrick, Bob Brewer, Lenny Deinger, Gary Matzke, Don Zywicki, Chuck Bambenek and Paul Heise were the decision winners. Dick Glaumert won the heavyweight scrap on a forfeit.

Winona's "B" squad won 47-2.

Christopherson to Join Concordia Staff

MOORHEAD, Minn. (AP)—Jim Christopherson, former Concordia football star winding up his first year in professional football, will join the Concordia coaching staff Jan. 3.

Jake Christiansen, Concordia athletic director and football coach, said Christopherson will assist with Cobbers' spring football drills and teach physical education classes.

Christopherson, a 1960 Concordia graduate from Henning, Minn., was named most valuable player in the Minnesota Intercollegiate Conference in 1959.

Giants Welcome Hoeft, Fisher For Strength

SAN FRANCISCO (AP)—The National League champion San Francisco Giants welcome Billy Hoeft as a long-needed left-handed relief pitcher and Jack Fisher as additional strength in the starting corps.

"We gave up a lot but we got what we've needed," vice president Charles (Chub) Feeney said of Saturday's trade with Baltimore that sent pitchers Stu Miller and Mike McCormick and catcher John Orsino to the Orioles.

Departure of the two pitchers left only Willie Mays of the Giants who moved from New York in 1958.

In addition to Hoeft and Fisher, the Giants received reserve catcher Jim Coker in the six-player deal. They can only hope the transaction proves as beneficial as the inter-league transaction after the 1961 season that brought pitchers Billy Pierce and Don Larsen from the Chicago White Sox.

Manager Alvin Dark also emphasized the Giants needed another starter and a southpaw reliever.

"I hated to see Miller leave," Dark said. "He's worked for me every time I've asked him. But that's the only way they'd make the deal."

Dark said that McCormick, who had arm trouble in 1962, should be able to pitch effectively if the arm returns to form. He added that Orsino also has good potential.

"But Tom Haller is my first string catcher — he's just coming into his own. You can't have two young boys like that around. And we still have Ed Bailey, too. As for Coker, we'll have to wait and see."

The right-handed Fisher, at 23 the youngest man in the deal, won 12 games at Baltimore in 1960 and 10 in 1961, but was only 7-9 the past season with a poor earned-run average of 5.09.

Hoeft, 30, has spent 11 seasons in the majors. He won 16 games at Detroit in 1955 and 20 the next year, but developed arm trouble and hasn't won more than seven games in any year since 1958. He was 4-8 with a 4.62 ERA in 1962. Miller will be 35 on Dec. 26. He was the National League ERA champion in 1958 and a 14-game winner in 1961, leading the bullpen staff. As the Giants won the 1962 flag, Miller was only 5-8 with a 4.12 ERA.

McCormick is only 24 but a six-year veteran with the Giants. He signed a bonus contract and joined the club on finishing high school in Alhambra, Calif. He won 15 games in 1960 and 13 in 1961 but was only 5-5 in 1962. He and Miller each have 500 career records with Mike at 59-39 and Stu at 67-67.

CHICAGO (AP)—Athletic eligibility extensions were approved Saturday by Big Ten faculty representatives for wrestler Irving Smith of Minnesota and Joe Broderick, a Michigan State gymnast.

Each will be permitted a year of varsity competition beyond the three-year limit because of hardship circumstances which knocked them out of sports for a season.

Top-Ranked Cincy Runs String to 24

By BEN OLAN
Associated Press Sports Writer

The powerful Cincinnati Bearcats put their basketball winking streak on the line this week against a couple of teams—Dayton and Davidson—which don't figure to roll over and play dead.

The Bearcats, top-ranked in the latest Associated Press poll, knocked off Kansas State and Kansas over the weekend to put

their season's slate at 6-0 and their two-season winning streak at 24.

It's almost too much to expect Davidson to defeat Cincinnati this Saturday. But the small North Carolina team is on the way up.

Until last season Davidson hadn't had a winning year since 1949. However, it ended the 1961-62 campaign with a 14-1 record and this season the slate is 4-1 with victories over Furman, VMI, Wofford and Erskine. Davidson's lone setback was to second-ranked Duke, which it faces again Tuesday night. In their earlier meeting Dec. 1, the Blue Devils, won 6-0, had to go all out to win 76-68.

Dayton will be seeking to get back on the right track against Cincinnati Thursday. The Flyers saw their 14-game undefeated streak snapped by Niagara Thursday and dropped a 75-58 decision to Seattle Saturday to put their current mark at 3-2.

Cincinnati had an easy time Saturday night, defeating Kansas 64-49 at Lawrence, Kan.

Duke had a much tougher obstacle in Louisville before producing a 76-75 victory. Art Heyman had 35 points for the Blue Devils, who turned out to be lucky devils when Judd Rothman, a Louisville substitute, missed a free throw with 33 seconds left that would have tied the game.

Seven others among the top ten teams in last week's AP poll came through with victories. Sixth-ranked West Virginia was idle.

Third-ranked Ohio State beat winless Texas Christian 74-62 at Columbus and ran its record to 5-0. The Buckeyes, paced by Gary Bradd's 23 points, never drev away to a comfortable lead until late in the game.

Chicago Loyola, No. 4, trounced South Dakota 105-58; Mississippi State, No. 5, won its 19th straight game by beating Memphis State 77-66; Wisconsin, No. 7, overwhelmed Miami of Ohio 84-58; eighth-ranked Colorado easily beat Pepperdine 76-63; ninth-ranked Oregon State, which lost to California 61-59 Friday night, split the series by winning the second game 70-60, and Illinois, No. 10, edged Iowa State 76-73 in overtime.

The 105 points scored by Loyola marked the fourth straight game in which the Ramblers scored 100 or more points.

Ernie Bryant scored 28 points to lead unbeaten DePaul (3-0) to a 76-74 conquest of Minnesota. It was the first setback for the Gophers, who led 45-41 at halftime. Cotton Nash of Kentucky had 27 points to spark his mates to a 71-60 victory over Northwestern.

Superior and Stout were idle. Ron Kampstra had 34 points for Plattville, which led by as much as 12 points in the second half but couldn't withstand Oshkosh's surge. Dean Austin paced the Titans with 20 points. Plattville is 1-1 in the loop.

Steven Fox grabbed an early lead and held it throughout, led by John Krueger's 25 points. Dale Holzhuter collected 22 for White-water, loser of both league starts.

La Crosse held a 43-49 halftime edge but was hard pressed all the way. Knotted at 23 points each were Don Koepnick of River Falls and Larry Tranberg and Larry Hildgendorf of La Crosse. River Falls has dropped both its conference games.

At Mitchell sank 20 points in pacing Eau Claire's windup of a losing season dating from last season. UW-M jumped to a 10-0 lead and was ahead 42-17 at the intermission. Mike Naren and Dennis Koehler led the Cardinals with 17 points apiece.

Stevens Point	2	0	0	1.000
Stout	2	0	0	1.000
Oshkosh	1	0	0	1.000
LA CROSSE	1	0	0	1.000

White-water	1	0	0	1.000
Eau Claire	1	0	0	1.000
River Falls	0	2	0	.000
Winchester	0	2	0	.000

Pat Costello paced Watkins to its third straight win. Costello scored 21 points and Bill Holm counted 14 for Watkins. Jack Radar netted 14 to lead the winless Rollingsstone squad.

Westgate stayed tied for first place by rapping Bud's Bar. Don Fick took game scoring honors with 18 points and Bruce Keiser added 10 for the victors. Dewey Grossell and Bob Prudohi topped Bud's offense with 11 and 10 points, respectively.

Gadsby Draws \$75 Penalty

By THE ASSOCIATED PRESS

It's ironic that Andy Heberton of the New York Rangers, one of the cleanest players in the National Hockey League, should turn out to be one of the wildest of the league.

Detroit's Bill Gadsby blew his top and Heberton collected the hat trick Sunday night. As a result, the Rangers defeated the Red Wings 5-2 and Gadsby, assessed a 10-minute misconduct penalty and a game-misconduct (ejection from the game), will have to send at least \$75 to the league office in Montreal.

In other, less spirited encounters, the Toronto Maple Leafs trounced the Chicago Black Hawks 6-2 and the Montreal Canadiens beat the Boston Bruins 5-2.

Houston rolled to its third straight triumph Sunday in the Tri-County basketball league.

Houston defeated Lewisville 104-83 as Jim Fumadeh rolled in 38 points. Ron Parker added 22, Dave Goede 16 and Jeff Kremer 16.

For Lewisville, Dale Erdman, Ron Erdman and Lyle Nelnow each had 17.
