Frank Gallagher Quits; Mankato Attorney Named

ST. PAUL (AP) — Associate Justice Frank T. Gallagher retired from the Minnesota Supreme Court today and Gov. Elmer L. Andersen promptly named Robert J. Sheran, Mankato attorney, to succeed Gallagher.

Justice Gallagher has been on the court 16 years. He is 75.

Chief Justice Oscar R. Knutson expressed regret at the resignation and announced that Gallagher will be appointed as a commissioner of the court, assisting the high court on a part-time basis.

Andersen also said he regretted Gallagher's retirement and said "all Minnesota is in his debt for his distinguished career as a member of our highest court."

Sheran, 47 years old last Wednesday, was described by Andersen as "one of the ablest practicing attorneys in the state."

Sheran did not seek a third term didate for lieutenant governor on the Democratic-Farmer-Labor ticket in 1950. He served in the state House of Representatives from Blue Earth County in the 1947 and 1949 sessions.

On April 3, 1961, Andersen named him to the State Board of Tax Appeals. Sheran resigned that post in November, 1961.

Sheran attended Sacred Heart grade school in Waseca, where he was born, and graduated from Roosevelt high school in Minneapolis. He received a bachelor of arts degree from St. Thomas College in 1936 and his law degree from the University of Minnesota in 1939.

Russia Still Has 16,000 Men in Cuba

WASHINGTON (AP)—The United States sought today to rally stronger pressures against Cuba—still the base for an estimated 16,000 to 17,000 Soviet soldiers—as the next step in an effort to end the Communist threat in the hemisphere.

U.S. officials believe the campaign may be long and difficult. The United States and the Soviet Union put a formal and diplomatic end to the Cuban crisis Monday with a letter announcing the conclusion of their talks.

The letter, from U. S. Ambassador Adlai E. Stevenson and Soviet Deputy Foreign Minister Vasily V. Kulakov to U. N. Secretary-General U. Thant, acknowledged they had not been able to "resolve all the problems that have arisen in connection" with the crisis.

But they said they hoped that the "actions taken to avert the threat of war" will lead, "toward the adjustment of other differences" between the two countries.

One issue still remaining is that of Cuba itself.

The U.S. government, Washington officials stated, stands firmly committed to President Kennedy's promise to try to halt Cuban subversion and to his proposition that "the Cuban people shall some day be truly free."

Since the avowed U. S. intent is not to accomplish this by military invasion, and proposed measures are more psychological and economic than forceful, an indefinite period of contest lay head.

Informants said the estimate of 16,000 to 17,000 Soviet military personnel still in Cuba—substantially higher than previous estimates—stemmed from a re-evaluation of intelligence data rather than any new influx of Soviet troops.

GREET NEW MEMBER . . . Sen. John Zwoch, Walnut Grove, (center), Senate majority leader, and Sen. Richard Ferrario, Duluth, (right) welcome freshman Sen. Roger Laufen, Lewisville, in the Senate at St. Paul today before formal opening of the 1963 Legislature. (AP Photofax)

Bob Kennedy Charges Denied by Ole Miss

By BEN THOMAS
OXFORD, Miss. — Answering charges by Atty. Gen. Robert F. Kennedy, Chancellor John D. Williams of the University of Mississippi says the school has obeyed all federal orders since its desegregation crisis last fall.

Williams said no complaint had been made by an official repre-

senting the Justice Department when he conferred at length with university officials last week.

Kennedy's criticism of university officials came after James H. Meredith said Monday he would withdraw from the university unless the situation changes. Meredith, 29, is the first Negro known to have been admitted to the university.

Meredith, who distributed a statement at a news conference in his dormitory apartment, didn't say what changes he had in mind. But he told newsmen he felt he had to have a "situation more conducive to learning."

A little later Kennedy issued a statement in Washington in which he called on university officials to take appropriate steps to make it possible for Meredith to continue in school.

For the first month after Meredith's court-ordered enrollment, he was subjected to frequent harassment by students. University officials then cracked down and threatened expulsion of any students guilty of conduct "not conducive to study."

Since then, Meredith has gone largely unnoticed on the campus although most students have refused to associate with him. However, when word spread on the campus of his possible withdrawal, a group of about 500 hissed him outside his dormitory.

In his statement, Kennedy said: "Many members of the faculty have made an effort in the highest tradition of their profession to obey the court's orders and assist Mr. Meredith in getting an education, but it is true that a number of officials charged with the administration of the university have not met their responsibilities."

"It is incumbent upon them and state law enforcement officials to make it possible for Mr. Meredith to continue his education without interruption."

Kennedy added that Meredith is "as free to leave the school as he was to enter it."

Disputed Ballots Hold Key to Who's Governor in State

MINNEAPOLIS (AP) — With all of the state's 3,785 precincts tabulated in the governorship recount, who's ahead?

That depends, as it has during most of the recount procedure, on which party headquarters is being quoted.

At the finale, the Republicans were claiming a 102-vote edge for incumbent Gov. Elmer L. Andersen. The DFL said its tabulations showed Karl Rolvaag, his opponent, leading by 170.

But in both cases, totals hinged on final disposition of more than 95,000 challenged ballots from the election two months ago.

The GOP reported 45,980 votes disputed, 51,559 for Andersen and questioned by the DFL. Republicans were challenging 44,421 Rolvaag votes.

In the DFL tabulation, 95,213 ballots were shown on the disputed lists. These included 50,730 Andersen ones and 44,483 first count for Rolvaag.

Spokesmen for both sides were equally vehement that their candidate would be the ultimate winner. The one at the DFL recount center said there "wasn't any question" but what Rolvaag would be declared the victor after challenged ballots are straightened out.

Tom Swain, supervising the Andersen recount efforts, said that: "He was, is and will continue to be Minnesota's governor."

The field totals, gathered in county auditors' offices by teams of inspectors, now go to the panel of three district judges, along with the disputed ballots, for a final determination.

Legislators Open St. Paul Session (For 120 Days or Less)

AT OPENING . . . A. M. Keith, Minnesota's new lieutenant governor, stands at the speaker's rostrum in the Senate at St. Paul as legislators gathered for opening of their 1963 session. Wel-

coming Keith, a former senator, are Sens. Clifford Lovgren, Alexandria (center), and Norman W. Hanson, Cromwell. (AP Photofax)

President Will Outline Views for Party Leaders

By JACK BELL

WASHINGTON (AP)—President Kennedy appeared today to be holding a slim margin in a tight struggle to clear the track for action in the new Congress on major segments of his legislative program.

Kennedy previews his proposals for leaders of both parties at a late afternoon White House conference in advance of Wednesday's formal opening of the 88th Congress.

Members who have discussed his program with him predicted no surprise requests. A possible exception could be a renewed recommendation for action on a bill to eliminate state literacy tests.

in voting—a measure the Senate killed last May.

As new members of the House and Senate made the round of coffee klatches and other get acquainted affairs, leaders quietly discussed the possibility of breaking up what promises to be a lengthy session with a summer recess.

House Democrats, called into caucus, were expected to give majority support to a move to retain the slim liberal margin on the powerful Rules Committee by keeping its membership at 15.

Kennedy has said his program will be bolstered up if the committee reverts to conservative control in a 12-member lineup, as it would do unless the House acts affirmatively.

Democratic lieutenants said privately their polls indicate Kennedy will win his battle.

However, Republican leader Charles A. Halleck of Indiana predicted Monday, a heavy vote among the House's 176 GOP members against what he called an effort to pack the committee.

In the Senate, bipartisan liberals encountered rough going in a scheduled effort to change the rule that requires a two-thirds majority the right to end filibustering met some strong opposition.

Senate Republican leader Everett M. Dirksen of Illinois announced in advance of an afternoon party caucus that he is opposed to the majority vote proposal.

With Republicans filling only 33 of the Senate's 100 seats, Dirksen hinted broadly that he expects most GOP members to vote against the rules change proposal.

Southern opponents of civil rights legislation were called into session by Sen. Richard B. Russell, D-Ga., to map a filibuster against the rules proposal.

Swearing In, Election of Duxbury Set

ST. PAUL (AP) — The Minnesota Legislature met at noon today for its 63rd regular session in an atmosphere of uncertainty.

During the next 120 days or less, the legislators will plot a course for the state to follow during the next two years.

They will set policies in the fields of education, welfare, conservation and taxation, lay out programs and impose taxes to finance the programs.

Legislative leaders say they believe they can finish their essential tasks in less than the 120 days allotted to them under an amendment adopted last November. This could mean that they envision a hold the line session.

There are many new faces in the legislature, but the Senate will remain in conservative control, by a 43-24 margin. The House, under liberal control since 1953, shifts back to the conservative side this time, 79-56.

Gov. Elmer L. Andersen, who may have to wait several weeks to learn whether he or DFL Lt. Gov. Karl Rolvaag will be at the helm during the next four years, will appear before a joint session Wednesday to deliver a report on the past two years and make recommendations for the next two.

He has said he will submit a budget within the next three weeks which can be financed without new or higher taxes. While not all legislators believe this is possible, this promise has encouraged sales tax advocates to launch a campaign for enactment of a sales levy to replace certain personal property taxes. They say a delay may make it necessary two years hence to impose a sales tax to obtain additional revenue, not to replace an existing tax.

Before it can take up major problems, the Senate has been put on notice it must deal with the problems of minority members.

Sven Paul Thiel of South St. Paul, leader of the minority group says he will demand recognition for the minority and what he contends are its rights.

He says he will fight for the right of the minority to proportionate representation on all standing committees, for the right of the minority to make its own assignments and for the right of the minority to select its own employees and to have a sign on its offices designating it the minority caucus room.

Thiel says his 24-member group has been permitted to choose two stenographers but has been denied the right to hire a clerk who would serve as a research man.

Topping the opening day program, after Lt. Gov. A. M. Keith and members of the Senate and House have been sworn in, will be election of a speaker of the House and a president pro tem of the Senate.

Rep. Lloyd Duxbury, Caledonia attorney, is slated for the top spot in the House and Sen. Gordon Remmeier, Little Falls attorney, who has been a senator since 1941, is scheduled to be named president pro tem of the Senate.

Five Unattended Children Rescued In Milwaukee Fire

MILWAUKEE, W. — A neighbor woman rescued five small children from a fire that swept the home in which they were left unattended Monday.

The children, ranging from five months to six years old, were hustled out of their smoke-filled home by Mrs. Albert Moore, 39, when a 9-year-old girl on her way to school discovered the fire. Mrs. Moore took the youngsters into her own home. None was injured.

The fire was at the Robert Jones home. Rescued were Tobias, 6; Carl, 5; Tom, 3; Cindy, 2, and Robert, 5 months, children of the Joneses.

Mrs. Moore said she found the children unattended. She said Mrs. Jones, 25, had gone visiting, and the father, 32, was at work.

Ballou Fire Chief Ralph Schwalder said the fire apparently was started by the children playing with matches. He estimated damage at \$5,500.

EN ROUTE TO BELGIUM . . . Mrs. Rutha Tshombe, right, wife of President Moise Tshombe of Katanga Province sits in car with Mrs. Yav Osimba, wife of the Katanga defense minister, and their children on arriving at Rome airport to board plane for Brussels, Belgium. Mrs.

Tshombe holds her three-year-old son, Chantal, on her lap. In foreground are Mrs. Osimba's two children. They arrived in the Italian capital earlier in the day from Salisbury, Southern Rhodesia. (AP Photofax via radio from Rome)

Mona Lisa Day In Washington

WASHINGTON (AP)—It's Mona Lisa day in the capital today—an outpouring of artistic appreciation across the seas and across the centuries.

Whatever Mona, the young matriarch with the mysterious smile, might have thought of it all, there is no doubt that the man who did her picture, Leonardo da Vinci, would have loved it.

For artist Leonardo was also an inventor and gadgeteer of parts, and Mona's welcome to this country combines a strange medley of Renaissance splendor with the most modern conveniences.

For here was President Kennedy, in his great jet, coming from

Palm Beach to introduce the 450-year-old masterpiece to Americans. Here were closed-circuit television eyes, manned by Secret Service men, guarding the lady in her burglar-proof vault, until the moment she was taken out to be hung against a tremendous swatch of burgundy velvet in the west sculpture hall of the National Gallery of Art.

The public gets to see her Wednesday and those in the know predict that maybe as many as a million people will figuratively leave their calling cards. The interest has been so great that the marble gallery will be open on many nights—an unheard-of thing—during the nearly four weeks she will be on view here.

The interest in the painting—loaned by the French Louvre despite many forebodings in France—ranged from high to low. For example Earl Warren, chief justice of the United States, was easily persuaded to leave his cluttered desk to help out in tonight's introduction.

First event on the program was a small dinner—on 20—at the French Embassy. Ambassador and Mrs. J. B. A. Alphonse ordered an appropriate spread for President and Mrs. Kennedy, the chief justice, the Cabinet, selected diplomats and others.

The main course is file of the best French beef with, naturally, Renaissance garnish. For dessert there are pears Mona Lisa. These are pears filed the way the embassy chef believes Mona would have liked them.

Motel Clerk at Mankato Robbed

MANKATO, Minn. (AP) — A man about 30 with "a furrowed brow" held up a motel clerk about 1:30 a.m. today and escaped with \$160.

Mrs. Hazel Tatum, the clerk, said the man pulled a gun after asking for a room. She laid out three \$20 bills but he pushed his way to a cash drawer and took more.

The woman said the intruder ripped the telephone out and warned her not to call police for two hours.

WEATHER

FEDERAL FORECAST

WINONA AND VICINITY—Variable cloudiness tonight and Wednesday with continued mild weather tonight and scattered light snow or snow flurries Wednesday. Much colder Wednesday. Low tonight in mid 20s, high Wednesday in low 30s.

LOCAL WEATHER

Official observations for the 24 hours ending at 12 in today: Maximum, 40; minimum, 24; noon, 39; precipitation, none.

AIRPORT WEATHER

(N. Central Observations)
Max. temp. 41 at noon today. Min. 25 at 6 a.m. today, sky overcast at 10,000 feet, visibility 10 miles, wind calm, barometer 29.53 and falling, humidity 62 percent.

DISCUSS RIVER... Fish, ducks and "a clean river" were the topics of many informal powwows by representatives of five states bordering the upper river and federal agencies in the Hotel Winona lobby during the annual meeting of the Upper Mississippi River Conservation Committee.

Left to right, Robert Jensen, seated, Hjalmar O. Swenson and Jerry Kuhn, all of the Minnesota Department of Conservation; Robert Lennon, fisheries, La Crosse; Dr. Edward Schneberger, president of the group, fisheries head of Wisconsin Conservation Department; John Brash, area fisheries man, Black River Falls, and Donald Gray, manager of the local federal refuge office. Gray entertained Monday evening. (Daily News photo)

River Development Progress Reported

Natural resources of the Mississippi River are being improved extensively through the coordinated efforts of the conservation departments of five states bordering the upper river and federal agencies concerned. That's indicated in reports submitted to the morning session of the Upper Mississippi River Conservation Committee meeting here today.

Biggest progress probably has been made in the fight against pollution it was reported. Over a billion dollars have been voted by citizens in bond issues in the past year — to clean up the river. Herbert Fischer, Missouri, chairman of the group's pollution committee, reported. The funds provided will give St. Louis "a clean river" and will clean up the Missouri River above that community.

BY THE END of the year, all river communities in Wisconsin, most Minnesota communities and 11 additional cities in Iowa will have sewage disposal plants in operation, Fischer said.

All five states — Iowa, Minnesota, Wisconsin, Illinois and Missouri — have conducted fisheries studies during the past season. Alvin Lopinot, Iowa Department of Conservation and chairman of the fisheries committee reported, aimed to find out more about fish life and pollution in the river.

"Concern is felt," he said "about the decline in catfish in the lower — Missouri-Illinois sector — of the river. The commercial catch

142 Pints Blood Given at Blair, Galesville Stops

WHITEHALL, Wis. (Special) — A total of 82 pints of blood were donated at Galesville last week when the Red Cross bloodmobile unit visited that city.

Receiving one-gallon donor pins were Lloyd W. Anderson, Merlin Osborn, Floyd Teska, Mrs. Robert Delaney, John C. Quinn, Mrs. Martha Hunter, Rolf Gierle and Robert Hayter. Earl Malles received a two-gallon pin.

At BLAIR 60 pints of blood were donated.

School Breakin Nets \$217 at Hancock

By THE ASSOCIATED PRESS

Burglars resumed their waves of school breakins in west-central Minnesota during the night.

At Hancock, \$217 was taken from a vault. Similar breakins at Starbuck and Broten netted an undetermined amount of funds.

At Morris, thieves were limited to \$5 from a soft drink machine and \$5 in small change from an office.

Pine City Man Dies Drilling Fishing Hole

PINE CITY, Minn. (AP) — Carl Holmberg, 73, of Pine City, died of a heart attack late Monday while drilling a hole for ice fishing on Lake Pokegama, west of here. Dr. R. F. Mach, Pine County deputy coroner, estimated Holmberg had been dead an hour when a farmer found his body.

Andersen Appoints Duluth Man as Judge

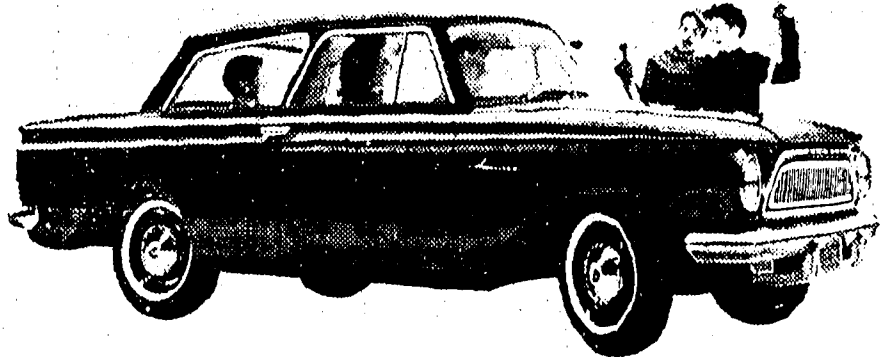

DULUTH, Minn. (AP) — Donald E. Anderson, 41, a Duluth native, took over today as a municipal judge, under appointment from Gov. Elmer L. Andersen.

Anderson succeeds Donald C. Odden, who recently was elected to the district bench.

A graduate of the University of Minnesota law school, Anderson had five years of private practice here before accepting his current berth as assistant St. Louis County attorney. He is married and the father of three.

Only this smart new RAMBLER AMERICAN

gives you top quality,
full family room, best economy
ALL AT AMERICA'S LOWEST PRICE

Lowest price is just one of many reasons for Rambler's sales success. Rambler won its best-seller status by building more usefulness, more durability, more freedom from service needs, more out-and-out value into every car in the Rambler line. Extra value like Double-Safety Brake System with tandem master cylinders and separate hydraulic lines for front and rear brakes. Self-Adjusting brakes.

Deep-Dip rustproofing. Ceramic-Armored muller and tailpipe that won't rust out. Outstanding value — smart, modern styling. See all the new 1963 Ramblers today.

BOARD AT WABASHA . . . The new Wabasha County Board of Commissioners sits down to begin its year. Left to right around table, Auditor Wilbur Koelme, and Commissioners Conrad Schad and A. G. Grobe. (Daily News photo)

Wabasha Co. Board Elects Nick Jacoby

WABASHA, Minn. (Special) — Nick Jacoby of Wabasha was elected chairman of the Wabasha County Board when commissioners held their reorganization meeting here this morning. He succeeds A. G. Grobe of Millville.

Named vice-chairman was Ralph Warthen of Plainview. After reorganization the board began opening numerous bids on equipment.

Committees were named. Mrs. Felix Marx of Mazeppa was appointed to the nursing board to replace Mrs. Lottie Prigge, resigned; from Mazeppa, Commissioner Conrad Schad of Lake City and Mrs. Margaret Rheingans of Millville were re-named.

W. C. Drysdale of Kellogg and James Walker of Plainview were reappointed to three-year terms on the county extension committee and Commissioner Ralph Warthen of Plainview for one year. Chairman Jacoby and Auditor Wilbur Koelme are automatically on the committee.

Dr. B. J. Bouquet of Wabasha and Commissioner Schad and Warthen were appointed as the county board of health.

Board committees: School — Schad, L. M. Hart of Mazeppa and Warthen; claims — Schad, Jacoby and Hart; supplies and building — Warthen, Grobe and Jacoby; bonds — Schad, Grobe and Hart; abatement and settlements — Grobe, Warthen and Schad, and roads and bridges — all commissioners.

Bounties remain unchanged: Adult fox, \$5; cub fox, \$1; pocket gopher, 10 cents; striped gopher, 3 cents; woodchuck, 15 cents; rattlesnake, \$1, and barberry, \$3. Gopher bounties must be matched by townships.

TWO SWORN IN . . . Wabasha County Probate Judge Kenneth Kalbrenner, left, swears in Sheriff Ed Lager and Attorney John McHardy. (Joyce Lund photo)

New Supply Here

Post-Office Sold Out of 1-Centers

The Winona Post Office sold its entire stock of 25,000 one-cent stamps Monday on the first day of the one-cent postal rate increase, Assistant Postmaster C. Lewis Wood announced.

Some patrons were unhappy because one-cent stamps were sold out, declined to buy the new five-cent stamp and said they'd wait until one-cent stamps were available, Wood said.

Wood received 40,000 one-cent stamps this morning from Minneapolis, half the amount ordered last week.

The Winona post office usually sells about 1,000 one-cent stamps daily. Another reason one-cent stamps were sold out at Winona was because of demand for these stamps from small area post offices.

One-cent stamps are essential now if you previously bought embossed envelopes which bear the old rates of four cents for first class and seven cents for air mail. Otherwise the new five- and eight-cent stamps can be affixed to plain envelopes for respective new first class and air mail rates.

Although some persons refused to buy the new five-cent stamp, about 25,000 of these stamps were sold Monday.

Wood said few letters were received Monday bearing the old rate. These were delivered to the addressee with one-cent postage due.

Persons who used to buy embossed envelopes in quantity at a discount will have to buy more now to get the discount. The previous minimum quantity was 50. Now it's 500.

Although some persons refused to buy the new five-cent stamp, about 25,000 of these stamps were sold Monday.

Wood said few letters were received Monday bearing the old rate. These were delivered to the addressee with one-cent postage due.

Persons who used to buy embossed envelopes in quantity at a discount will have to buy more now to get the discount. The previous minimum quantity was 50. Now it's 500.

Board to Begin Salary Talks With Teachers

A salary committee of the Winona Board of Education has agreed to meet with representatives of the public schools faculty later this month to begin discussion of a teachers' salary schedule for the 1963-64 contract year.

Board President Lawrence Santelman said that the request by a joint committee representing the Winona Education Association and the Winona Federation of Teachers for the meeting was granted by the board's four-member committee following a brief, informal meeting Monday night. He said that as yet no proposal on salary matters has been received from the teachers.

The meeting has been scheduled tentatively for Jan. 17 at the Senior High School. Members of the board's teacher salary committee are Frank Allen Jr., chairman; L. R. Woodworth, Franklin Tillman and Daniel Sadowski.

There's another committee which will consider salaries of other school employees. They are Ray Gorsuch, Sadowski and Maurice D. Godsey. No meetings have been scheduled yet.

The board Monday voted to purchase darkening draperies — to be used when film strips and motion pictures are to be shown — for two rooms at Washington-Kosciusko School, one room at Senior High School, one at Central Junior High School and for the Lincoln School gymnasium.

The draperies will be purchased from St. Paul Book & Stationery Co., St. Paul, for \$338.50.

A committee to submit recommendations on distribution of premiums for casualty insurance carried by the public schools was appointed by Santelman. Members are Allen and Gorsuch who will work with Clerk and Business Manager Paul W. Sanders.

Few District Citizens Don't Have Ballot

In what may be a unique situation in Minnesota, several people living in Winona's special school district won't be able to vote in this spring's school election because they aren't residents of the city of Winona.

It all started about 35 years ago when residents of an area on Garvin Heights requested that that tract be detached from the city and the petition was granted.

The special charter under which Winona's school district was organized provides that the boundaries of the district be continuous with the city and so, prior to the detachment, the Garvin Heights area was a part of the school district, too.

In its detachment action, however, there was no petition for removal from the school district so the area has remained in the district ever since.

When it comes to elections, however, the law states that only registered voters may cast ballots in city and school elections here.

And, since the four or five families living in the Garvin Heights area in question are outside the city limits, there's no way for persons otherwise qualified to vote in the school elections to get their names on the voter registry since they're not residents of any ward.

Careless Driving Charge Dropped

A careless driving charge against Edward R. Streator, 315 W. Wabasha St., was dismissed in municipal court today.

Prosecutor Roger Brunsman asked for the dismissal, because, he said, the state did not have sufficient evidence to prove the charge.

Following the dismissal Streator pleaded guilty to a charge of failure to yield the right of way causing an accident. He was sentenced to pay a fine of \$15 or to serve five days.

He was arrested by police following a two-car accident at Broadway and Franklin Street at 1:55 p.m. Dec. 23.

Streator had posted \$30 bail originally. The bail was refunded and he paid the fine.

Grounded Major Slayton Named 'Chief Astronaut'

WASHINGTON (AP)—The civilian space agency, which grounded Air Force Maj. Donald K. Slayton because of heart trouble he claimed his "chief astronaut," it was learned today.

A spokesman for the National Aeronautics and Space Administration told a reporter Slayton, 38, is helping nine new space pilots learn the ropes.

Slayton also hands out certain assignments to the other six members of the original Project Mercury astronauts, keeps records and handles other administrative tasks, the spokesman said.

Slayton, a rangy, athletic looking Air Force pilot, was grounded last July because of a heart difficulty. He was granted a one-year waiver that will run until Nov. 20 and will be checked periodically by flight surgeons.

HERE'S WHAT Johnson said in his letter to Jettus:

"The proposed consolidation of the two districts listed on this plat has a direct effect on several districts and communities in the vicinity of Lewiston and St. Charles. Proposals have been made for a central secondary school and a large number of people wish to have this project given a fuller study."

"It is our conclusion that the services and facilities for all the Lewiston

2ND, 3RD WARDS

Filings Add Primary Contests in 2 Wards

A flurry of last-day filings created primary contests for four of the six city government positions to be filled in municipal elections this spring.

Filing Monday for the 3rd Ward alderman's post was Howard E. Hoveland, 68 W. Wabasha St., a public school teacher. He was the third candidate to file in a race previously entered by the incumbent, Howard A. Baumann, and A. Del Schneider.

Two Council aspirants from the 2nd Ward appeared to challenge the bid of Lloyd E. Delke, incumbent, for re-election. They are Steve Morgan, 258 W. Wabasha St., a downtown businessman, and Anthony "Tony" Fischer, 516 W. Lake St., executive of a local manufacturing plant.

All three candidates appeared at the office of City Recorder Roy Wildgrube after 3 p.m. Monday, less than two hours before the filing deadline.

Mayor R. K. Ellings and 1st Ward Ald. Harold Briesath are the only two incumbents who will be unopposed in the city election.

Mrs. Mary Masysga, completing her first term as alderman-at-large, will be challenged by Jim D. Mohan, 370 E. 3rd St., and David J. Kouba, 824 E. Bellevue St.

Fourth Ward Ald. James V. Stoltman is opposed by Louis Czarowski, 762 E. Howard St.; Harvey L. Stever, 412 High Forest St.; and Jerry Borzyskowski, 827 E. 4th St.

MORGAN, 49, and his wife have four children. Two sons are married and living elsewhere; a son and a daughter are at home.

He is a native of Winona, a graduate of Winona Senior High School and attended Rollins College, Winter Park, Fla.

In business in the city since 1941, Morgan owns and operates a jewelry store at 70 W. 3rd St. He is a member of St. Paul's Episcopal Church and of the Elks. He is immediate past president of the Winona Area Shrine Club and is captain of the Winona Shrine Motorcycle Patrol.

Although he has had public service experience, this is the first time Morgan has filed for an elective office. In 1955 he was appointed to fill a Board of Education vacancy where he served the remaining two years of an unexpired term.

FISCHER, a 36-year-old native of the city, was graduated in 1943 from Cotter High School.

He and his wife, the former Lois Drexel, also of Winona, have three sons, 15, 14 and 7, and one daughter, 4. He is vice president of Winona Metal Products Co., where he has been employed since finishing high school.

This is his first try for public office.

He is a member of Cathedral of the Sacred Heart, Knights of Columbus and Red Men and is a past president of the Winona Boat Club.

In a filing statement he said: "I feel there is a need for better and more constructive representation from the 2nd Ward. There is room for improvement in handling many of the matters that come before the Council. Because they also feel this to be true, a number of friends have asked me to be a candidate for alderman in the coming city elections."

HOVELAND, 48, was born at Crookston. He attended the Mayville, N. D., State College, St. Cloud State College and the universities of North Dakota and Minnesota.

He has had a varied teaching career, serving as principal at Akeley and Lancaster. He taught at Oatonna before coming to Winona six years ago. He holds three life certificates: English and social studies, principalship and speech correction. He also is a qualified bricklayer.

Hoveland served 15 months with the 90th Infantry Division in 1941 and 1942.

He is a member of Central Methodist Church, Elks and Masons. He is president of the Winona Federation of Teachers and president of the building committee of the Winona C. I. A. He also is a member of the Society for Preservation and Encouragement of Barber Shop Quartet Singing in America.

He lives at 68 W. Wabasha St.

Move Aside For Firemen, Mayor Says

Look, look, look. See the big red fire truck. Listen to the sirens.

Pull over to the right, no matter what lane you're in.

This is the outline of a lesson needed by many Winona drivers, Mayor R. K. Ellings informed the City Council Monday night. A lot of them are flunking, he said, and should go back to school.

The mayor said local motorists are not giving right of way to emergency vehicles such as ambulances, fire apparatus and police cars. He said police cars on East Broadway were forced to cross yellow center lines to pass two-lane traffic, even though their sirens were sounding.

Mrs. Muriel Ollom concurred, recalling a recent instance when fire trucks en route to St. Mary's College were denied right of way by motorists who ignored sirens and flashing red lights.

Mayor Ellings hinted that enforcement may be stepped up by police and that drivers failing to yield to emergency vehicles may be handed some expensive report cards.

Carnival Royalty To Visit SE Area

Winona Winter Carnival Royalty will visit Winona, Fillmore, Houston and La Crosse county communities Wednesday.

Starting at 9 a.m. the group will call on Hart, Peterson, Whalan, Lanesboro, Preston, Harmony, Canton, Mabel, Spring Grove, Caledonia and Hokah. At 10 p.m. they'll be on Station WKBH, La Crosse.

Northwest Co-op On Big Ten List

Northwest Cooperative Mills was inadvertently omitted from Monday's list on Big Ten personal property taxpayers in Winona City.

The firm's tax bill is \$9,321.42 and the assessed valuation is \$37,550. That would make the firm seventh on the list of Big Ten taxpayers and would displace Swift & Co. from the list.

London's Cardinal Godfrey in Hospital

LONDON (AP)—William Cardinal Godfrey, 73, Roman Catholic archbishop of Westminster, entered Westminster Hospital Monday for treatment. The nature of ailment was not disclosed.

with his wife, also from Crookston, and two daughters, 18 and 12.

Hoveland is a speech therapist for the city public school system and is making his first try for public office.

Bishop Speaks to United Churches Of Christ Meeting

LEWISTON, Minn. (Special) — The Most Rev. Edward A. Fitzgerald, bishop of Winona, was guest speaker Monday at a meeting of ministers and their wives of the Southeastern Association of the United Churches of Christ at St. Paul's Church here.

He discussed the Second Vatican Council, the non-Catholic observers who attended it and their reactions. The bishop said the purpose of the council was to renew Christian life among ourselves and a future reunion of all Christians. He also said Pope John XXIII has set up a permanent organization for church dial. It will be a permanent part of the council to act as a mediator between the Catholic Church and other people.

A question and answer period was conducted at the end of the bishop's speech.

"We will both have to start rebuilding, Christie on his herd and I on the building. As far as I can see we will start to build a new barn, but I'm not too sure. They cost about \$20,000 or more to build now."

All the milking equipment inside the barn was lost too, said Mrs. Christie.

Only 2 School Board Posts Are Contested

There'll be no Board of Education primary election in February and only two of five offices on the ballot for the April finals will be contested.

With no last-minute filings by candidates prior to Monday afternoon's deadline, the field for the April election remains at seven and only in the 1st and 2nd wards do incumbents whose terms are expiring this year have opposition.

BOARD PRESIDENT Lawrence Santelman and James B. Whorton will be matched in the 1st Ward and Maurice D. Godsey, seeking a second four-year term in the 2nd, is opposed by Dr. L. L. Korda, a former director from the 4th Ward.

Two other second term aspirants, Dr. C. W. Rogers in the 3rd and 4th Ward Director Daniel S. Sadowski, were the only filings in those two wards.

There'll be at least one new name on the board roster when directors meet for their reorganization meeting after the election.

David F. Wynne will be the new alderman-at-large, succeeding L. R. Woodworth who's not a candidate for re-election to another two-year term.

WHEN BOARD Clerk and Business Manager Paul W. Sanders reported on the lineup of candidates as Monday night's school board meeting convened after the filing deadline, Dr. Rogers said he was somewhat surprised that there weren't more candidates for board offices.

"I should think," Dr. Rogers commented, "that more people would be interested in participating in school affairs. It seems to me that in a city this size seven men in four wards seeking election isn't very many."

United Building Offers to Buy O & N Lumber

David Owen, vice president and credit manager, O & N Lumber Co., Menomonie, Wis., has announced that United Building Centers, Inc., Winona, has offered to buy O & N which operates as 25 lumber companies in West Central Wisconsin communities.

He said United's offer was being submitted to O & N's 40-50 stockholders. Details of the offer were not announced. Owen said a decision was expected within 30 days.

O & N was established in 1917 by the John S. Owen Lumber Co. and the Northwestern Lumber Co. Ralph W. Owen Sr., Eau Claire, is president of O & N.

Council Considers Who Should Run Landfill Program

Public versus private operation of the city's new combined collection and sanitary landfill refuse disposal program will be thoroughly examined shortly. City Council members decided at their Monday night meeting.

City Engineer James Baird and City Attorney George M. Robertson Jr. were directed to draw plans and specifications for the project with a view to taking bids from contractors for the operation. They will be reviewed at a special Council meeting when finished.

IN ITS BUDGET for 1963-64 the Council included \$75,000 for first-year operating costs of landfill and collection. The fund was to include the price of a heavy bulldozer, estimated at \$30,000, to ward which \$10,000 was set aside in a special fund this year.

Baird reported on methods employed by other cities he visited recently and suggested that private operation had some advantages. One of these, he said, is relief from the obligation to buy expensive equipment such as the bulldozer.

Discussion took a duckenough turn when aldermen suggested the engineer bring his recommendations to a special meeting and a plan formulated. Baird replied that he should be directed to draw definite plans, then a meeting should be called to approve, improve or reject them. Aldermen consented to the procedure.

BAIRD SAID he believes a landfill should be available to the public and not solely to collection contractors. While he does not approve of general revenue financing for all activities, Baird said, it should be used in this case to keep close control. Factors of public health, littering and efficient service are involved, he said.

State Rejects Plat For Lewiston-Utica

By HAROLD KNOLL
Daily News Staff Writer

Erling O. Johnson, state commissioner of education, has rejected a plat for proposed consolidation of Lewiston Independent District 2561 and Utica Common District 2561 because he favors establishment of a central high school to serve the Lewiston-St. Charles area.

This was announced this morning by Winona County Superintendent of Schools Jesse B. Jettus who received word of the rejection in a letter from Johnson. Jettus sent the plat to St. Paul Nov. 6.

IN THE LETTER Johnson called for more study of the controversial central school proposal which was killed at an Oct. 30 vote but has been revived by his support. The area vote rejected the proposal 1,261 to 973.

Johnson acted after the State Advisory Commission on School Reorganization recommended rejection of the Lewiston-Utica plat and establishment of a central high school.

Bernard Kennedy, chairman of the Lewiston school board, expressed disappointment at the rejection of the plat this morning and described Johnson's call for further study as "fantastic" in view of the previous three years of discussion and study of the central school plan.

THE CENTRAL school issue, which is becoming more involved and controversial each day, now involves the County Board of Commissioners as a result of Johnson's rejection of the Lewiston-Utica plat.

Last month the commissioners, who started their annual meeting at 1:30 p.m. today—deferred action on seven proposed set-offs from the Utica District. That was done because the board was legally unable to act since the Lewiston-Utica plat was pending before the state department. Since the plat was rejected by Johnson and since no new plat has been filed yet, the commissioners are legally free to act on the set-offs.

The controversy also tossed a hot potato in the lap of Roger Laufengruber, Lewiston, the county's new state senator. Laufengruber, who's attending today's opening session of the Legislature, took with him a request from Altura residents that he introduce a bill to establish a central high school at Utica to serve the St. Charles and Lewiston districts.

Altura residents gave Laufengruber an outline of a bill for submission to the state department for formal drafting. The outline proposed a precinct system of electing school board members. The school would be built near the center of the Utica District under the Altura residents' plan.

ALTHOUGH THE total area vote Oct. 30 rejected the central school plan, Altura residents, who are members of the Lewiston District, voted 187 to 43 for the central school.

Johnson's rejection of the Lewiston-Utica plat came while the Lewiston school board was taking initial steps toward construction of a new Lewiston High School. Consolidation with the Utica District would have boosted the Lewiston district's assessed valuation and bonding power, thereby improving prospects for financing a new school.

Kennedy said his personal view was that the plat rejection would not delay construction of a Lewiston High School.

His board is to meet Monday night because preliminary plans are expected from Haas/ek, Lundgren & Associates, St. Paul, school architects. The board recently bought 30.08 acres east of the village as a site for the new school. The cost was \$500 an acre.

AS FOR THE board's decision to build at Lewiston, Kennedy said:

"It seems that we are doing what the overwhelming majority of the people want. They want us to build at Lewiston."

He was sharply critical of Johnson's proposal that the central school issue be re-studied.

"Everything that Mr. Johnson asks be done has been done over a period of the last three years in consideration of a central school," Kennedy said. "He is asking the community to start over and do again what they have been doing the last three years."

It Happened Last Night Van Dyke Gets Disney Picture

By EARL WILSON

NEW YORK—Dick Van Dyke phoned me from Hollywood that a column of mine helped him get an important movie role—from Walt Disney.

"You remember interviewing me in September when I spoke of going to church and teaching Sunday school?" Dick asked.

I did, of course. That fall day at the Algonquin Hotel Dick had lashed out at "adultery" movies ("sexterns," he called them).

He'd rejected some pictures—but some actors had told him they were the only movies the public wanted.

"Oh, I don't know," Dick had been replying. "Mr. Disney does pretty good!"

SPEAKING NOW from CBS TV in Hollywood, while I took notes over a table phone at Danny's Hideaway, Dick said, "Disney read your column and then had a talk with me about cleaner family entertainment."

"He agreed with me and signed me to do a movie to be titled 'Mary Poppins,' a juvenile classic, with Julie Andrews. She plays an English nanny and I play a cockney chimney sweep. We start it in May."

"So I have to thank you for starting me on what I hope will be a long association with him!" "Disney liked your viewpoint—did anybody criticize it?" I asked Dick.

"Not one!" Dick exclaimed. "But I can't tell you how many hundreds of letters I got from people approving... I'm still getting them."

"AND," LAUGHED the lean, 36-year-old Hoosier star, "on 'Laymen Sunday,' I was asked to speak in my church, the Brentwood Presbyterian, on that theme—that pictures which glorify adultery, a violation of God's laws, shouldn't be produced."

"I did," he said, "and so if I should ever become a minister, I'll have to blame it on talking to a Broadway columnist!"

Michael Rennie and Barry Nelson are off to Hollywood to join Debbie Reynolds in making a movie of "Mary, Mary" at Warner Bros. Rennie, LeRoy, has promised Rennie and Nelson—who were in the Broadway company—that he will be careful of his Hollywood treatment "and not improve it into a flop."

Ethel Merman flatly notified the Hotel Plaza—that due to the newspaper strike—she's calling off her Persian Room engagement that was to have started Jan. 23.

"Who wants to work in secret?" says Ethel. "Without the papers, who'd know you were around?"

"The Merm" revealed her decision—a tough one for the Plaza—when she attended Russell Nye's opening in the Persian Room. She and Nye, her leading man in "Call Me Madam," kissed and sent a few bars of "You're Not Sick, You're Just in Love" afterward. And Miss Merman congratulated Nye on his dancing with

two red-haired beauties, Diahn Williams of Miami and Cathryn Damon of Hollywood.

But the opening was less spectacular than in the days of daily papers—and cafe owners feared that Miss Merman's decision might cause other stars to get out of engagements in N.Y.

"That would really murder us," moaned one cafe owner.

TODAY'S BEST LAUGH: A famous Hollywood beauty met an old flame who said, "Just think—10 years ago I asked you to marry me." The star yawned back, "And did I?"

WISIT I'D SAID THAT: "A psychiatrist is a doctor who doesn't have to worry about a thing—as long as enough other people do." —Roy A. Brenner.

EARL'S PEARLS: As Zsa Zsa Gabor once said, "I never take gifts from perfect strangers, but then, nobody's perfect!"

A drama critic claims he's neutral about a new B'way show: "Some people think it's good, some think it's rotten, and I think it's good and rotten." That's Earl, brother.

Armed Forces

SECOND LT. THOMAS J. SLAGGIE, son of Mr. and Mrs. Leonard A. Slaggie, 100 E. Wabasha St., has been assigned to the 341st Strategic Air Command Missile Wing at Malmstrom AFB, Mont. He is a missile combat crew member helping maintain the Minuteman missiles. He attended St. Mary's College and the University of Minnesota and holds bachelor of arts degree from the military academy.

PVT. JOHN J. HOLZER JR., son of Mr. and Mrs. John Holzer, 509 E. Front St., returned to Ft. Leonard Wood, Mo., after spending a two-week leave at the home of his parents.

A.I.C. DONALD R. JEWELL, son of Mrs. Carolyn T. Jewell, Onalaska, Wis., has been reassigned to a unit of the Air Force Headquarters Command after his graduation from a special course for communications-electronics technicians. He is a graduate of Winona Senior High School.

CANTON, Minn.—A.B. Darrell L. Masters, son of Mr. and Mrs. Victor M. Masters, has been reassigned to Minn. AFB, N.D., for training and duty as a cook. He is a 1962 graduate of Canton High School.

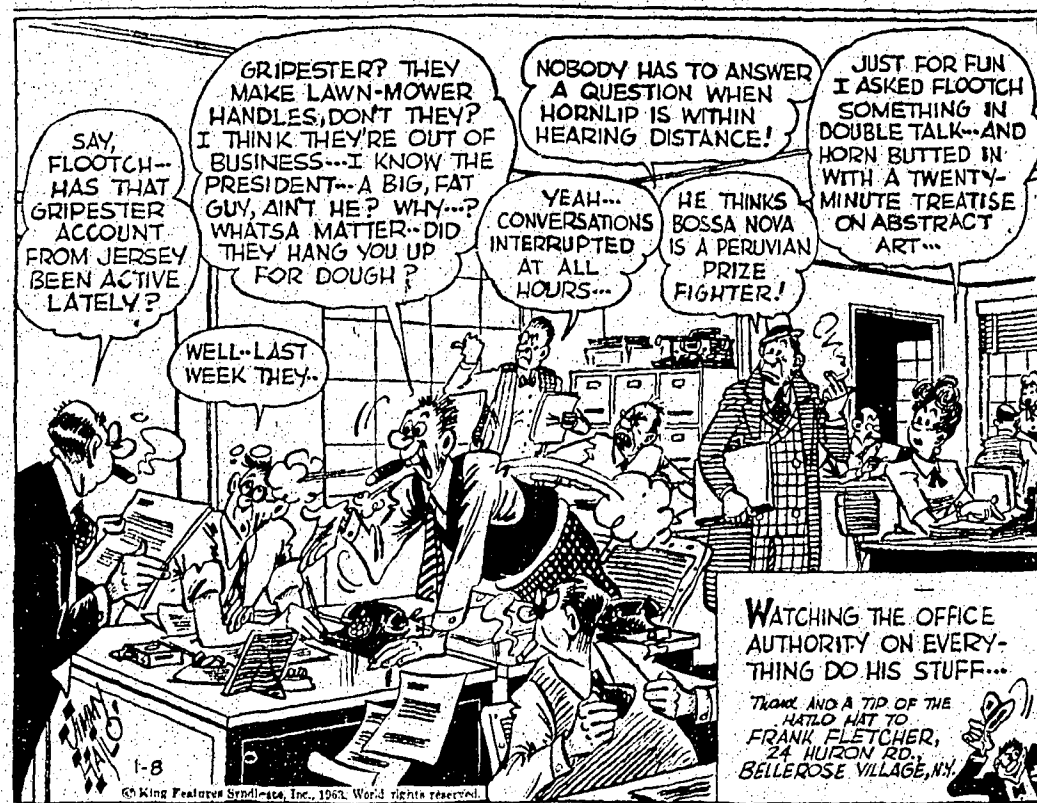

DODGE, Wis. (Special)—Pvt. James Sobotta, son of Mr. and Mrs. Laverne Sobotta, returned to Ft. Gordon, Ga., after spending a holiday furlough with his parents. He is enrolled in a field radio repair course.

ARCADIA, Wis. (Special)—The new address of Pfc. Raymond A. Eichman is: RA 17573556, Hq. Co. 1st M.T.B. 33rd A.R., APO 39, New York, N.Y. He is stationed at Gelhausen, Germany, where he recently participated in Exercise Sabre Knot, a winter field program which involved more than 30,000 troops. Eichman has been in Germany for two years and will return to the states in November.

The common bond that united all Cossacks was a love of freedom and disdain for social conventions. Most were Ukrainians and Russians, with a sprinkling of Poles, Lithuanians, Scandinavians, Serbs, German and Turks.

They'll Do It Every Time

By Jimmy Hatlo

Voice of the Outdoors

The River
Representatives of five Upper Midwest states and federal agencies gathered here today for a day-long powwow on the problems of the Upper Mississippi River may not realize how dear Old Man River is to all the citizens of the river communities. It is a part of their life, whether they realize it or not.

Their paramount interest is to preserve the river as it is today, with its recreational opportunities for not only themselves but for their children. This is probably an inherent trait of human beings—to preserve their environment. In fact, the history of human life along the river is marked with struggles won and lost with the people battling to preserve conditions as they are—and against change.

A battle with the Army Engineers against the drawdown, the war waged against building the nine-foot, six-foot, and even the three-foot channel are examples. The successful continuous campaign by citizens for "a clean river" is another.

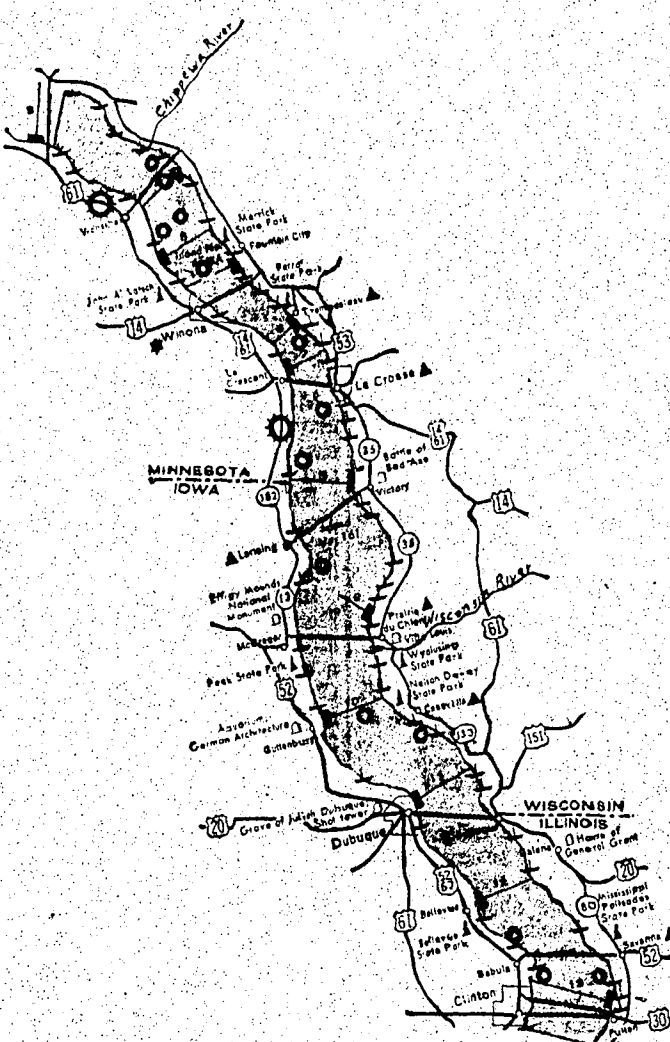

The group meeting here today is fundamentally directing its attention to carry out the wishes of river communities. Members are conducting studies to improve fish life on the river, to hold down the volume of pollution, to preserve the wilderness areas, yet provide for the rapidly growing pleasure seeking population that has sought out the river in the last five years.

Needless to mention here, the boating population on the river is now almost doubling annually, the fishing pressure is climbing rapidly each year, water skiing has become a major weekend activity despite fishermen's opposition and sandbar camping and picnicking a serious litterbug problem. The formal task which this organization—the Upper Mississippi River Conservation Committee—has assumed has grown tremendously in the past decade.

It was originally set up as a watchdog to see that nothing was done to injure recreation on the Upper River, a by-product of the citizens uprising against the Army Engineers program of winter pool reduction—a program that resulted in a law on the federal books establishing a minimum pool stage for the winter months.

State and federal men to which this task was assigned saw the need for additional safeguards. The preservation of fishing for example or the exploiting of the Upper Mississippi Wild Life and Fish Refuge, already established by Congress and the control of pollution.

A jackpot was established by the five states, several federal agencies kicked into the kitty, and a program set-up. Robert C. Nord became a full-time coordinator and one of the reports heard today dis-

Map of Upper Mississippi Wild Life and Fish Refuge

closed the work that has been done.

Needs Grow

These attending the meeting, should go home with the full realization that the task ahead grows—that if present conditions are to be preserved and improved, more manpower and funds will be needed.

The supply of fish in the river must be watched so it is not endangered, and if supplementary stocking is provided, the problem of pollution, litterbugging and just plain dumping of fuel, must be faced head on. Then there is the problem of general control—no agencies should be allowed to get out of bounds. For example, the Army Engineers should not be allowed to damage or destroy spawning areas just as a place to deposit dredge spoil and judgment should be used in the selection of spoil dumps.

In fact, an alert group within the organization should police the activities of its state members and its federal agencies to see that in their zeal to please, nothing is done that injures the purpose and early conception of the Upper Mississippi River Conservation Committee. Public sentiment always will be with the group for a better, cleaner and more enjoyable river. It will fight any broadside of its freedom as a major recreational area. States involved are Minnesota, Wisconsin, Iowa, Illinois and Missouri.

If a newly hatched turkey were not taught to eat, it would starve.

Goodview Sets Full-Time Post

The Goodview Village Council decided to re-advertise for a full-time clerk at a special meeting Monday night after considering five applications, all seeking a part-time position.

Another special meeting will be held at 7:30 p.m. Jan. 30 to consider new applications for the full-time post. The council discussed whether the post of assessor should be combined with the clerk's post under the Optional Plan A form of village government approved at the recent village election.

A salary has not yet been set for the full-time post. Dr. E. G. Callahan will continue as clerk until a new one is appointed.

Mayor Rex A. Johnson read a letter of resignation from Paul Brom, village civil defense director. Brom said he already does civil defense work as an amateur radio operator. A successor has not yet been appointed to the non-salaried post.

The council has accepted 1963 insurance proposals totaling \$1,170.13 from Warren Wunderlich Insurance Agency, Winona, as follows: \$567.78 for fire coverage for the village's real estate and personal property; \$66 for burglary insurance of up to \$2,500 cash in the village liquor store, and \$536.35 comprehensive liability.

The state has not yet made a final inspection of the village's waterworks which was recently completed. Therefore only about 40 families in urgent need of water are receiving service pending the final inspection. The council's regular meeting will be 7:30 p.m. Jan. 21.

La Crescent Firemen Out Twice on Monday

LA CRESCENT, Minn. (Special)—The La Crescent fire department answered two calls Monday. The first was at 9 a.m. to a truck with an overheated brake at the Highway 14-61 overpass. The truck owned by International Truck Co., Rochester, Minn., and en route to Washington state, received damage of about \$25, according to Chief Don Locher. The driver was Kenneth Bagaason of North Dakota and the cargo was a front end loader.

The second call came at 7:30 p.m. when an electric hot water heater meter exploded at the home of Francis Pancher, 538 6th St. S. The meter, on the outside of the house, burned out, but there was no further damage.

DOVER EGYOTA MANTOUX (Special)—Mantoux tests will be given at the Dover and Egypta schools Jan. 15. Consent cards must be returned before the tests can be given.

Jobless Pay Asked For Returned Dropouts

A former school director made a brief visit with the Board of Education Monday night to suggest a plan he thought would be effective in encouraging young people to continue their education.

Louis Czarnowski, who represented the 4th Ward on the school board from 1953 to 1959 and this year is a candidate for election to the City Council, told directors he was concerned with the high school dropout rate and with situations in which certain qualified students aren't able to continue college work.

In his brief remarks to the board, Czarnowski spoke of students who leave high school before graduation to take jobs, then become unemployed but are unable financially to return to high

school to complete work for a diploma.

He said that he thought that unemployment compensation payments should be extended to these persons to provide them with the financial means to continue their education. As it stands now, they are ineligible for compensation when they enter school because they're not available for placement through the employment office.

Czarnowski said he thought a somewhat similar plan should be worked out for older youth who have been working, wish to go to college but are unable to because of restricted finances.

He said he'd like to have the Board of Education draft a resolution in support of his plan for presentation to the state Department of Education, Congress and other agencies involved.

2 Public School Teachers Named

Midway in the current school year, the Board of Education Monday night gave attention to the organization of the public schools faculty for the 1963-64 year.

On the recommendation of its committee on personnel, the board authorized Superintendent of Schools A. L. Nelson to offer teaching contracts to two students who'll be graduated from Winona State College in the spring.

NELSON explained that retirement and contract expiration at the end of this school year will create vacancies at the kindergarten and first grade levels.

"Because kindergarten and first grade teachers are very difficult to find," the superintendent said, "we have made an early beginning in filling these vacancies."

He said that two Winona State seniors who have been doing practice teaching in the school system—Kay Whetstone, Winona, and Sharon Kern, Gilbert, Minn.—were being recommended for employment as first grade and kindergarten instructors, respectively.

Salaries of both will be determined by the salary schedule in effect next year.

PAYROLLS approved included those for: Cafeteria workers for the Nov. 6 Schoolmen's Dinner, \$20.80; student cafeteria help, \$229.20; Schoolmen's Dinner cafeteria workers Dec. 4, \$21; noon hour supervisors, \$133; audio visual assistant, \$15.50; coaching for one-act plays, \$250; driver training, \$240; substitute teachers, \$590; substitute secretary, \$11; home-bound instructors, \$84.25; and boys' towel room attendant, \$11.06. Overtime payments to custodians amounting to \$339.44 were approved.

Job Office Names New Vets Worker

James T. Donahue has been appointed veterans employment representative at the local office of the Minnesota State Employment Service, Ray H. Brown, manager, announced.

Donahue, who for the past two years has been veterans employment representative at Marshall, Minn., succeeds Wallace L. McMahon who left Winona in November to accept a position with the A. C. Spark Plug Division of General Motors at Milwaukee.

The new representative is a World War II veteran and was born and reared in Iowa. He attended Notre Dame and Northwestern universities.

Following his attendance at Notre Dame, he was with Internal Revenue Service's Racket Squad at Chicago 10 years and in the past operated his own business as accountant and tax consultant. Donahue will assist veterans with their employment problems.

Donahue is married. He has three children, one married and two attending high school. He will make his permanent residence in Winona.

CD Explosive Ordnance Course Begins Monday At Ettrick Village Hall

WASHINGTON (AP)—The General Services Administration announced Monday award of a contract for design of a new court house and federal office building in St. Paul.

GSA said the job went to Walter Butler Co. and Haarslick, Lundgren & Association, both of St. Paul. They will divide a \$319,424 fee for design of the estimated \$9,640,000 building, which will take about 16 months to construct.

ETTRICK, Wis.—A course in explosive ordnance reconnaissance will be taught by the armed services at Ettrick village hall on four consecutive evenings, Jan. 14-17, all starting at 8.

The course consists of special training for police and fire department personnel in avoiding unnecessary exposure to the hazards of nuclear or conventional weapons during peacetime or emergency periods.

NOTICE OF ANNUAL MEETING

To the Members of
**Fidelity Savings & Loan Association
of Winona, Minnesota**

PLEASE TAKE NOTICE that the annual meeting of the Fidelity Savings and Loan Association of Winona will be held at the office of the Association, 102 Exchange Building, Winona, Minnesota, on Tuesday, January 15, 1963 at 7:30 P.M., for the purpose of electing Directors, for the Amendment of the By-Laws to amend Section 1, Article VIII of the By-Laws, and for the transaction of such other business as may properly come before the meeting.

FREDERICK G. SCHILLING
Secretary

PRESTO AIR HUMIDIFIER

ADDS NEEDED MOISTURE TO DRY, HEATED AIR

Winter heating makes air uncomfortably dry. But Presto's new Humidifier supplies moisture for the largest, driest homes... gives you wintertime health and comfort. Simple, quiet, easy to use. New Humidistat maintains humidity setting—automatically. Air Bath Purifier washes away dust and smoke, reduces bacterial count by 99%. Tank, cabinet and grill are rustproof; cabinetmaker styling harmonizes with furnishings. Unit is fully portable, plugs in any 115v A.C. outlet.

- Relieves annoying dryness in nose and throat that often leads to colds.
- Helps house plants stay healthier
- Prolongs furniture life, lowers heating costs.

EXTRA—CANDID MIKE AND "BIG HOUSE BLUES"

Ruth St. Denis Has Busy 83rd Birthday

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Ruth St. Denis will be 83 Jan. 20. She'll celebrate with an all-day recital of dance students at her Hollywood studio. Two days later she will leave for the East to begin yet another dance tour. She will be traveling with a troupe of well-known performers in a show called "America Dances." Miss St. Denis will narrate and do one of her old numbers, "Incense."

Her followers at the dance studio have no doubt that she can manage the rigorous tour of one-night stands. "It exhausts us trying to keep up with her," said one of them.

Miss St. Denis has been bringing the dance to American audiences since 1906, when she made an electrifying debut with her repertoire of Oriental dances. Her influence on dancing in this country has been immense, a fact which she readily affirms.

"Before I started, there was no dance in America except vaudeville and the group doing Italian-type ballet at the Metropolitan," she said. She enjoys the title bestowed by John Martin, dance critic of the New York Times—"First lady of the American dance."

Except for wartime service at the Douglas Aircraft Plant, she has remained active in the dance world, first in partnership with her husband, Ted Shawn, then with her own studio. Though age has removed some of her spring, she still takes an active part in overseeing classes.

Miss St. Denis was asked for her opinion of the state of the dance in America today. Her view was not altogether favorable.

"We have the ballet, which is flourishing and which I can enjoy myself. I go whenever it is in town. There must be 10,000 schools taking in pupils and turning them out in six years, able to dance on their toes. They are the unthinking dancers."

She pioneered the freer form, creating a whole new idiom of expression in the dance. Her work was carried forward with her proteges, such as Martha Graham and Charles Weidman. But Miss St. Denis indicated she disapproved of the violent trend in modern dance, which she said stemmed from the Germanic influence.

"I have told students that I don't expect them to erase words like 'damn' and 'bloody' and 'murder' from their vocabularies," she said. "I merely want them to realize that there are oth-

Man Killed, Woman Hurt At Okabena

OKABENA, Minn. (AP) — One man was killed and a woman injured Monday night when the cars in which they were riding alone collided at a Jackson County intersection four miles south of here.

Dead was Walter Schuman, 42. Hospitalized at Lakefield was Mrs. Nannie Tweedy, 70. Both victims were from Round Lake.

Schuman's was the 11th death in Minnesota traffic, compared with 12 a year ago.

RUSHFORD BUSINESS MOVES
RUSHFORD, Minn. (Special) — The People's Gas Co. has moved its office from the Frickson barber shop building to the building on the "Y," formerly occupied by the People's Market. Bernard (Stub) Iverson has opened a barber shop in the space formerly occupied by Tommy Frickson.

BOYLE'S COLUMN

Kit Carson Wanted More Chili

By HAL BOYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

The dying wish of Kit Carson, famous frontiersman, was, "I'd like to have just one more dish of chili."

No wonder American women are so lovely. They spend about nine million hours a week in the nation's 110,000 beauty parlors.

If you find you've forgotten your bank, you can always use a dollar bill to clean your glasses—if you can find anyone who still carries that much cash around.

Sign in a Greenwich Village delicatessen: "Se habla aqui Yiddish."

The tune played most often in America is "The Star-Spangled Banner," but the most popular living composer is Irving Berlin, who had no formal musical education. His melodies are played more than two million times a year in public.

Our quotable notables: "Modern women understand everything except their husbands"—Oscar Wilde.

The familiar Rx mark on prescriptions is said to stem from the Roman sign of Jupiter. Roman doctors, legend says, adopted it in the hope of winning help from their awesome chief deity in the treatment of disease.

It now costs a U.S. firm an average of \$1.84 to send out a business letter. In Greece a postcard costs less if you limit the message on it to five words.

A kangaroo is only an inch long at birth and 'semitransparent' like an earthworm. If you can't tell the difference between a hippopotamus and a rhinoceros, count the creature's toes. A hippo has four, a rhino only three.

The shortest war in history took place between Zanzibar and Great Britain on Aug. 27, 1896, between 8:02 and 9:40 a.m. The only engagement was a 38-minute naval bombardment. The winner: Great Britain.

Beware dating a girl who says "I eat like a bird"—particularly if the bird happens to be a parakeet. A parakeet eats nearly 100 times its own weight in food each year.

It was James Branch Cabell who observed, "The optimist proclaims that we live in the best of all possible worlds, and the pessimist fears this is true."

Empty 55-gallon containers in the Virgin Islands wind up as steel drums to produce the throbbing music heard in the Caribbean islands.

Zwach Has Eyes On Minnesota Jobless Fund

ST. PAUL (AP) — Protection of the state's unemployment compensation fund, which is practically bankrupt, is one of the chief objectives of Senate Majority Leader John Zwach, Walnut Grove, during the 1963 legislative session.

Zwach, a veteran of the upper body since 1947, was busy putting the finishing touches to assignment of chairmen and committee members to be announced by him Tuesday when the Legislature opens.

Zwach, looking up from a mass of papers on which he has been working out committee assignments, emphasized with a stiff resolve of his fist on the desk: "We must protect our practically bankrupt unemployment fund for honest-to-God unemployed persons."

He said the fund is "way down from \$140 million to somewhere around \$30 million and going down fast."

"We'll have to eliminate some of the cancers that have crept into it," he declared, "and we'll have to bolster that fund. This will mean employers will have to make larger contributions."

Wisconsin Judges Frown on Some Guardian Practices

Wisconsin Circuit Court judges have agreed unanimously that judges should not appoint as guardians, lawyers who are associates of attorneys representing the same minors.

The judges, however, took no official action at a meeting Thursday, according to Merrill Farr, Eau Claire, judge of the Trempealeau County Circuit Court.

The agreement followed an extensive discussion of a study of 345 personal injury cases involving minors filed in the Circuit Court in Milwaukee in 1960. The study disclosed that some judges do appoint guardians ad litem from the same law firms representing the minors.

The practice was attacked by some lawyers as a conflict of interest as well as enabling a law firm to acquire not only the contingency fee, usually one-third of the verdict, but also a guardian's fee.

Wisconsin law requires that lawyers be appointed guardians of minors in all such actions and that they be paid reasonable fees.

BLUE CROSS AND BLUE SHIELD OF MINNESOTA

"SENIOR CITIZEN" PROGRAM

REQUESTS FOR APPLICATIONS MUST BE MADE BEFORE JAN. 15

SEND FOR INFORMATION FOR YOUR "SENIOR CITIZEN" HOSPITALIZATION, MEDICAL-SURGICAL PROGRAM WHILE THERE IS STILL TIME!

Blue Cross member hospitals and Blue Shield participating doctors of Minnesota have worked to develop a level of hospitalization, medical-surgical benefits for Senior Citizens based on the actual cost of providing such a program.

Years of knowledge, experience and non-profit operation have qualified Blue Cross and Blue Shield as the leaders in the health care field... and the new "Senior Citizen" programs reflect this reputation.

The programs now being made available tie in with the objective of Blue Cross and Blue Shield throughout the nation to provide a realistic method of helping Senior Citizens meet the cost of today's health care on a *voluntary* basis.

REQUESTS FOR APPLICATIONS MUST BE POST-MARKED ON OR BEFORE JANUARY 15, 1963

Complete and mail the coupon immediately. You will receive separate information from both Blue Cross and Blue Shield.

MAIL TO: BLUE CROSS, BLUE SHIELD, P.O. BOX 3002
WN
ST. PAUL, MINNESOTA

Please send me applications and complete information about the Blue Cross Hospitalization and Blue Shield Medical Care Programs.

If you like 'em solid,
sure-footed and quick,
Fairlane's your kind of car!

SLAM THE DOOR—and listen to the solid thunk of a car that's all muscle. GET BEHIND THE WHEEL—and discover this hot new middleweight gives you the room of a big car. MOVE 'ER OUT—and learn how Fairlane unsnarls traffic. (It's over a foot shorter than standard cars.)

HIT THE OPEN ROAD—This tight, trim Fairlane has the solid feel of a big car!

Choose from two lively Challenger V-8's with up to 164 horses... 9 models: hardtops, wagons and sedans.

AND REMEMBER—in any Fairlane, you enjoy the kind of care-free driving for which Ford cars are famous (maintenance stops are reduced to twice a year, or every 6,000 miles).

America's liveliest, most care-free cars!

Two-State Deaths

Mrs. Arthur B. Senn
HOKAH, Minn. (Special)—Mrs. Arthur B. Senn, 66, La Crescent Rt. 1, died Monday morning at a La Crosse hospital.

The former Bertha Truemp, she was born May 14, 1896, in Mound Prairie Township to Fred and Louisa Truemp. She was married to Arthur B. Senn in 1919. She was a member of the American Legion Auxiliary of Hokah and a Gold Star Mother.
Survivors are: Her husband; one son, Delbert, at home; three daughters, Mrs. Edwin (Marcella) Karsten, Winona; Mrs. James (Doris) Johnson, Rochester, and Mrs. Donald (Irene) Vix, Houston; eight grandchildren; one brother, Fred Truemp, La Crosse; and two sisters, Mrs. William (Sophie) Miller, La Crosse, and Miss Louise Truemp, Rochester. Her parents and one son, LaVern, have died.

Funeral services will be at 2 p.m. Thursday at Bush Valley Baptist Church, the Rev. C. H. Seecamp officiating. Burial will be in Mt. Hope Cemetery, Hokah.
Pallbearers will be Donald Bick, Harvey and George Miller, Dennis Truemp, and Russell and Larry Senn.

Friends may call at Schumacher Funeral Home, La Crosse, Wednesday from 7 to 9 p.m., and at the church Thursday after 1 p.m.

Mrs. Joseph Johnston
TREMPEALEAU, Wis. (Special)—Mrs. Joseph Johnston, 77, native of Trempealeau, died Dec. 24 at Chicago, where she had resided more than 50 years.

The former Lydia Spier, she was born here Aug. 16, 1885, daughter of Louis Spier.
Survivors are: Her husband; one daughter, Mrs. John (Julia) Holbrook, Chicago, three grandchildren, and one half-sister, Mrs. Robert (Ada) Hale, St. Paul. One son has died.
The funeral service was at St. Nicholas Church in Chicago, with burial there.

Mrs. Bernard Hermundson
DURAND, Wis. (Special)—Mrs. Bernard Hermundson, 78, died Sunday at Luther Hospital, Eau Claire. She had been ill several weeks.

The former Susanna Peterson, she was born in the Cascade area of Buffalo County Jan. 10, 1884, daughter of Peter and Christina Peterson. She was married to Bernard Hermundson Dec. 19, 1907. She was member of Lyster Lutheran Church, Church Valley and its ladies aid.

Survivors include her husband; four sons, Paul, Irvin, Walter and Everett; Nelson; six daughters, Mrs. Charles (Mildred) Isham, Flint, Mich.; Mrs. Robert (Clara) Owen and Mrs. Theodore (Edna) Brommer, Durand; Mrs. Ruben (Helen) Suhr, Fountain City; Mrs. Wallace (Evelyn) Johnson, Nelson, and Mrs. Kermit (Thelma) Gilmore, Minneapolis; 20 grandchildren; five great-grandchildren; two brothers, Theodore, Nelson, and Charles, Pepin, and six sisters, Mrs. Pearl Rustad, Durand; Mrs. Louise Hermundson, Mondovi; Mrs. Ella Severson and Miss Julia Peterson, Eau Claire; Mrs. Lena Edwards, Los Angeles, and Mrs. Emma Olson, Aurora, Neb. Two children, two brothers and three sisters have died.
Funeral services will be at 2 p.m. Thursday at Lyster Lutheran Church, Dr. J. C. Thompson officiating. Burial will be in the church cemetery.
Friends may call at Goodrich Funeral Home Wednesday afternoon and evening and until noon Thursday.

Albert E. Schrueth

PEPIN, Wis. (Special)—Albert E. Schrueth, 84, died Sunday at Memorial Hospital, Menomonie. He had been hospitalized three days.

He was born in Little Plum Valley, Pepin County, March 11, 1878, son of Mr. and Mrs. Ernest Schrueth. He lived here his entire life and was affiliated with the Northern Wisconsin Manufacturing Co. He retired in 1949. He married Elta Mae Richardson Nov. 10, 1903. She died in September 1962.

He was a member of the Pepin fire department and the Oakwood Cemetery Association many years. Survivors include one daughter, Mrs. Merrill (Vivian) Skoglund, Crystal, Minn.; two granddaughters; three great-granddaughters; two brothers, Dr. Joseph and George, Pepin, and two sisters, Mrs. Jack Abbott and Barbara, Minneapolis. Three sons, two brothers and two sisters have died.

Funeral services will be at 2 p.m. Wednesday at Pepin Methodist Church, the Rev. Charles

Winona Deaths

Donna Mae Jonsgaard

Donna Mae Jonsgaard, 14, 464 Chaffield St., died at home Monday at 11:10 p.m. She had been ill 12 years.

She was born April 19, 1948, at Rushford to Mr. and Mrs. Harry Jonsgaard. She had lived in Winona six years. She was a member of Central Lutheran Church.
She is survived by her parents; her paternal grandfather, Martin Bailey, Madison, Wis., and eight brothers, Harris, Rushford; Marvin, Barneveld, Wis.; Harold, Winona; Allen, Witoka; Curtis, LaRiviere; Arvid, Homer; Wilbert, Lewiston; and Eldon, at home. One sister has died.

Funeral services will be 1 p.m. Thursday at Central Lutheran Church, Dr. L. E. Brynstad officiating.
Friends may call Wednesday from 7 to 9 p.m. at the Fawcett Chapel and Thursday from noon to 1 p.m. at the church.

Winona Funerals

Mrs. Frank B. Hanson

Funeral services for Mrs. Frank B. Hanson, Minneapolis, former Winona, will be held at 10:30 a.m. Wednesday at Burke Funeral Home, the Rev. Mgr. Harold J. Dittman, Cathedral of the Sacred Heart, officiating. Burial will be in St. Mary's Cemetery.
Friends may call at the funeral home this evening. Rosary will be at 8.

Rules Committee
Enlargement Asked

WASHINGTON (AP)—House Democrats voted today to enlarge the Rules Committee in a move to give liberals a one-vote margin of control.

The decision at a party caucus represented one step toward victory for President Kennedy who has contended the expansion is necessary to clear the path for action on major segments of his program.
But it still has to get through the House itself. The President appears to have a thin margin there.

No Progress in
Settling Strike

NEW YORK (AP)—Separate meetings of negotiators for both sides in the Atlantic and Gulf coasts dock strike resumed today following an expression of disappointment by a federal mediator.
James J. Reynolds, assistant secretary of labor, told newsmen that Monday's separate meetings "were disappointing in that they did not show the slightest progress."

Losses were reported to have passed the \$320-million mark as the strike that has crippled shipping in ports from Maine to Texas went into its 17th day.

Garrel officiating. Burial will be in Oakwood Cemetery.
Friends may call today and Wednesday morning at Goodrich Funeral Home, Durand, and after 11 a.m. at the church. Masonic services will be conducted tonight at the funeral home.
Pallbearers will be James Heinemann, Raymond Helling, George Gobel, Carl Averbek, Walter Hartman and Merritt Anderson.

Charles Luethi

MONDOVI, Wis. (Special)—Charles Luethi, 77, 502 E. Main St., died Monday morning at Sacred Heart Hospital, Eau Claire, where he had been a patient since Jan. 1.

He was born May 2, 1885, in the Town of Montana, Buffalo County, to Mr. and Mrs. Nicholas Luethi. He was a lifelong resident of the area and had lived in Mondovi since 1932. He married Alpha Goss, Modena, Nov. 24, 1906. The couple farmed in the Waumandee area before moving to Mondovi. He worked at the Mondovi Co-op Creamery until retirement in 1957.

Survivors are: His wife; one son, Wayne Stiehl, Wauwatosa, Minn.; four grandchildren. Four sisters and three brothers have died.
Funeral services will be Thursday at 2 p.m. at Mondovi Methodist Church, the Rev. J. Edward Phillips officiating. Burial will be in Oak Park Cemetery.
Friends may call at Kjentveit & Son Funeral Home Wednesday afternoon and evening and Thursday until 11 a.m. and at the church after noon.

William J. Holzworth

PICKWICK, Minn.—William J. Holzworth, 59, died in his sleep Monday night at his home here.
Breitlow Funeral Home, Winona, is completing arrangements.

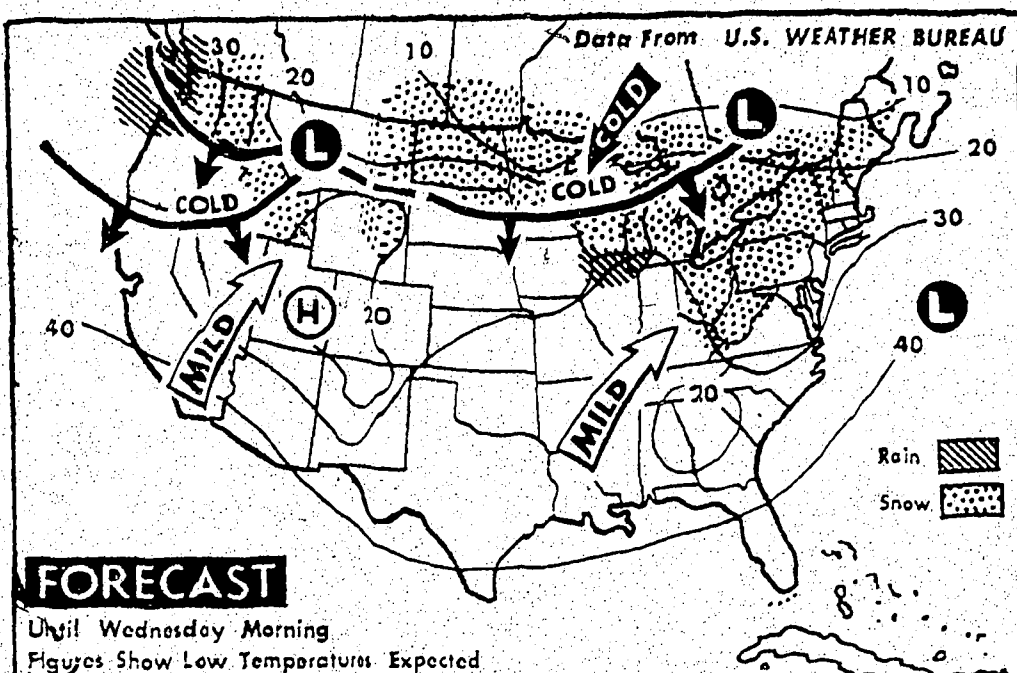

Christian G. Gleiter

ALMA, Wis. (Special)—Christian G. Gleiter, 66, lifelong area farmer, died at 2 a.m. today at Buffalo Memorial Hospital, Mondovi, where he had been a patient 10 days.

He was born here Dec. 15, 1896, son of Fred and Julia Gleiter. He farmed on the family farm all of his life and had been operating the farm with his brother, Sam, since 1928 under the name of Gleiter Bros.

Survivors are: Three brothers, John, Sam and Carl, Alma, and two sisters, Mrs. Minnie Jehrke and Mrs. Julia Furrer, Alma. His parents, two brothers and one sister have died.

Funeral services will be 2 p.m. Friday at St. John's Lutheran Church, the Rev. Paul Wittenberg officiating. Burial will be in the Alma Cemetery.
Friends may call at Stohr Funeral Chapel Wednesday and Thursday.

WEATHER FORECAST... There will be precipitation over the northern border states tonight with rain limited to the north Pacific coast and snow flurries elsewhere. It will remain mild in the central Plains while the northern Plains will be much colder. Elsewhere temperatures will be seasonable. (AP Photofax Map)

Cold Winter Blast
Delayed to Thursday

Another day of mild weather before winter clamps down again on Winona and vicinity.
That's the prediction for Southwestern Minnesota and Western Wisconsin. Variable cloudiness to night and Wednesday is the forecast with a low tonight in the mid-20s and scattered light snow or snow flurries Wednesday, turning much colder Wednesday with a probable high in the low 30s.
Cloud's morning figure 25. It was 32 at Bonndji and 32 at International Falls.
Rochester posted a low of 30 following a high of 38 there Monday afternoon.
The massive cloud cover that had given WISCONSIN bleak but mild weather for more than a week finally moved out during the night. Some new clouds, and considerable fog, soon took over, however.
Madison, Wausau, Beloit, Oshkosh, Stevens Point and Eau Claire had fog this morning in the Milwaukee area, skies finally clearing at 6 a.m., but clouds moved in again about 8 a.m.

A LITTLE light snow and some light freezing drizzle fell in some of Wisconsin Monday.
Temperatures continued moderate Monday and early today. La Crosse reached the state high of 39 degrees Monday, compared with the lowest maximum of 32 at Milwaukee.
At night, Eau Claire had 23, Beloit 35, Madison and La Crosse 27, Milwaukee and Wausau 30 and Green Bay, Racine and Superior 31.

COLDER weather is predicted for the northern part of the state tonight and for the entire state by Wednesday.

Planning Asked
On Senior High
Cafeteria Job

Another step was taken by the Board of Education Monday night toward improvement and expansion of its food service facilities when it authorized its buildings and grounds committee to retain a consultant to prepare plans for the remodeling of the Senior High School cafeteria kitchen.
If a satisfactory fee arrangement is agreed to, Herbert Wiles, Minneapolis, will advise the board on an expanded kitchen plan, new equipment purchase and work schedules to facilitate the serving of the increased number of students participating in the noon lunch program.

DAILY SERVINGS at Senior High increased last past the 1,000 mark this year with the inauguration of a closed noon program which may be extended to the outlying schools next year.

Thought will be given to the creation of a central food service facility—presumably at Senior High—from which food would be transported to other schools for the noon hour lunch program.
Superintendent of Schools A. L. Nelson told directors that there appeared to be a good possibility that the perennial cost might be reduced somewhat with new techniques and equipment that would be recommended by the consultant.
AT THIS time the labor cost per meal is running around 12 cents, board members were told, and a reduction to 10 cents a meal would result in an annual saving of between \$5,000 and \$6,000.

A rough estimate of the cost of the project covering expansion of food freezer and cooler facilities at Senior High, a vehicle and other equipment required for transportation of food, services of the consultant and miscellaneous items—would be in the neighborhood of \$25,000.

California Pickets
In Evening Gowns

SACRAMENTO, Calif. (AP)—Pickets in evening gowns, a mixture full of joke-cracking Hollywood stars, and California's top politicians all showed up Monday night for a gala celebration marking the start of Gov. Edmund G. Brown's second term.

Some 4,500 invited guests filled Sacramento's Memorial Auditorium for the program featuring Frank Sinatra, Steve Allen, Dean Martin, Barry Sullivan, Dorothy Dandridge, Joey Bishop, Jo Stafford, Gene Kelly and Jimmy Durante.
Outside, circling in the cold night air were about 25 white and Negro pickets carrying signs calling for more top jobs in state government for Negroes.

The arrangement is satisfactory to both parties, Eckert said, because church parishioners use the lot generally during the times it is not used by store customers.
Eckert said that if necessary it could be established the building was less than 50 percent destroyed and therefore would qualify for rebuilding under the old ordinance. Off-street was not required by the ordinance in effect before the present zoning ordinance was adopted, Eckert said.

Aldermen agreed that current arrangements for parking would be satisfactory and voted to waive the provision calling for documentary evidence regarding parking facilities.

Parked Car Hit;
Damage Over \$300

A car driven by Raymond J. Snyder, 315 Summit Ave., struck a parked car owned by Walter R. Graessle, 842 W. Broadway, at 8:44 p.m. Monday.
Graessle's car was parked on the north side of Broadway about 140 feet east of South Baker Street. Snyder was driving west on Broadway and struck the rear of Graessle's car.
Damage was more than \$200 to Graessle's car and more than \$100 to Snyder's car. Police did not issue a citation.

City Council
OKs Licenses

Approved by a quick voice vote at Monday night's City Council meeting was issuance of more than 150 cigarette licenses and miscellaneous other permits.

Estate Planning Is AAUW Branch Topic

"Estate Planning" will be the topic of discussion when members of the Winona Branch of AAUW meet Jan. 15. Duane M. Peterson and James F. Rowan will speak at the Hotel Winona at 7:30 p.m.

The Status of Women group, headed by Mrs. William Sullivan, will sponsor the meeting. Finance has been the study interest of this group for the past two years. This meeting is designed to clarify questions suggested by the study.

MR. PETERSON will speak on the legal considerations related to the estate. Wills, probate proceedings, descent of property, trusts,

and planning will be among the contents of this address.

Mr. Rowan will define estate planning, relate planning to family needs, detail the significance of planning for career women and other insurance oriented topics.

A brief business meeting will be conducted by Mrs. Robert Horton, branch president, preceding the program. Coffee and dessert will be served. Members may invite guests to this program. Those who have not been called may make reservations by calling Mrs. J. C. Stratig. Miss Inez Adams and Mrs. John J. Fuller are in charge of arrangements.

MR. AND MRS. MAURICE TWEITO, Spring Grove, Minn., announce the engagement of their daughter, Solveig Marie, to Wayne Lybeck, son of Mr. and Mrs. Anton Lybeck, Caledonia, Minn.

Miss Tweito was graduated from Mankato State College and is a member of the Caledonia High School faculty. Her fiancé attended St. Louis University, served with the United States Air Force, and is a charter pilot and flying instructor for Valley Aircraft, Grand Forks, N.D.

EYOTA, Minn. (Special) — Dover-Eyota School PTA will sponsor a card party Jan. 22. The executive committee meeting date has been changed to Monday at 4 p.m.

The nation's recreation fleet has grown to 7,000,000 boats.

Bonnie Benson, Virgil Anderson Exchange Vows

PEPIN, Wis. (Special) — A white flocked Christmas tree with red poinsettia decorations, white poinsettia plants and lighted candles in candelabra were used to decorate the Pepin Methodist Church Dec. 22 for the wedding of Miss Bonnie Benson, Weyauwega, Wis., daughter of Mr. and Mrs. Herman Benson, Pepin, and Virgil Anderson, son of Mrs. Walter Anderson, rural Pepin.

The Rev. Charles Garel read the double-ring ceremony. Nuptial music was played by the bride's aunt, Mrs. Joe Juliot. Miss Jean Davis, Pepin, sang.

GIVEN in marriage by her father, the bride was attired in a floor-length gown of bouquet affaite, fashioned with a hasque bodice, sabrina neckline, long sleeves and a windswept bouffant skirt that ended in a chapel train. Re-embroidered Alencon lace was used at the neckline of the gown and white velvet bows and ribbon adorned the skirt. Her bouffant veil fell from a cluster of flowers and she carried a bouquet of red roses accented with stephanotis and sprigs of pine.

Mrs. Mick Rogers, Savage, Minn., was matron of honor and the bridegroom's sister, Miss Eunice Anderson, Pepin, was the bridesmaid. They wore red velvet dresses with white trim and carried bouquets of white roses and sprigs of pine.

Robert Benson, Pepin, brother of the bride, was best man and Dean Anderson, Pepin, brother of the bridegroom, was groomsmen. Howard Anderson, Pepin, brother of the bridegroom and Jerome Benson, Madison, brother of the bride, ushered.

A reception for 100 guests was held in the church parlors. Mrs. Jerome Benson, Madison, attended the guest book, Miss Evelyn Hince, Pepin, served the cake and Mrs. James Pearson, Minneapolis, poured.

The bride is a graduate of the Pepin High School, attended the Wisconsin State College at River Falls and is teaching in Weyauwega Elementary School. The bridegroom is a graduate of the Pepin High School and has been attending Wisconsin State College, River Falls. He will continue his studies at Oshkosh State College. The couple will make their home at Weyauwega.

Trempealeau County Patients Entertained

WHITEHALL, Wis. (Special) — Patients at Trempealeau County Hospital were entertained with many activities during the holiday season.

Among them were a concert by the Whitehall High School chorus, a Christmas party by Whitehall High School students; caroling by the Osseo and Independence Lutheran churches, the American Lutheran Church, Arcadia, and Whitehall Baptist church and a holiday dance with music by Gustav Preiss, Winona.

WHITEHALL, Wis. (Special) — Statistics for the 1962 year from the office of Trempealeau County Register of Deeds Lester Bren-

nom: 186 marriages registered, 300 deaths, 400 births and 120 military discharges.

Chautauqua Club Speaker Tells Of Common Market

Chautauqua Club members heard Mrs. Norman Indall present the "Common Market" as her topic Monday at the meeting at the home of Mrs. A. J. Anderson.

At present Belgium, France, West Germany, Italy, Luxembourg and the Netherlands are members of the Common Market. Plans for expansion include the addition of Britain, Ireland, Denmark and Norway now seeking status as full-fledged members. Other countries are asking for associate membership. The common market seeks to combine most of Western Europe into one trading area—an economic United States of Europe, Mrs. Indall stated.

This combine would deal as a single country with the rest of the world. For the USA, a giant competitor is growing up. As an added local interest, mention was made that the father of John Rev. Belgium, one of the first Winona American Field Service students, is a member of the Commission of the Common Market.

Mrs. Anderson was assisted by Mrs. M. H. White at the coffee table.

Mrs. S. J. Petersen will be hostess at the Jan. 21 meeting when American Field Service students will provide the program.

Norton Lutheran Ladies Aid Installs

ROLLINGSTONE, Minn.—Trinity Lutheran Ladies Aid, Norton, installed officers Thursday.

Installed by the Rev. Dr. Paul W. Spaude, pastor, were Mrs. Ervin Bonow, president; Mrs. Hilda Gensmer, vice president; Mrs. Elmer H. Matzke, secretary, and Mrs. Harold Gensmer, treasurer. Hostesses were Mrs. Arnold Hoppe and Mrs. Alvin Gensmer.

DEAR ABBY:

Keep Door Open For Jam Session

By ABIGAIL VAN BUREN

DEAR ABBY: We became friendly with a couple around our age who recently moved across the street. My husband plays the piano and this lady plays the violin. For the past few months the lady has come over every Sunday and she and my husband lock themselves up in his room and practice for hours.

I used to serve them lunch on trays and thought nothing of it. Then her husband asked me if I had all my marbles. He said he had had trouble with his wife when she fell for a cello player and it started the same way. He says he can't control his wife but I should keep an eye on my husband. I know my husband and am not worried. They are working up a program for Fellowship Night at the church. Should I insult them by making accusations, or should I forget it?

MUSICIAN'S WIFE

DEAR WIFE: Maybe the lady did fiddle around with the cello player, but if you know your husband and are not worried, don't make any accusations. I would ask them to keep the door open however.

DEAR ABBY: Does a mother have the right to brag about her child because he was adopted? My sister says she can do it because the boy is not her own! She is boring in company because she brags about her son so much. How can I shut her up without putting a gag in her mouth? The boy is only two and they are talking about adopting another. I can't stand a life time of this.

BORED SISTER

Abby

DEAR SISTER: You can't shut her up, so don't try. Adopted children should be treated exactly the same as natural children, and their parents should behave the same as natural parents. Your sister probably knows this, but can't resist the temptation to brag — so she has found an "excuse."

DEAR ABBY: I am 15 and have been engaged nine times. I don't know what's wrong with me but I can't seem to keep a guy interested in me long enough for it to develop into anything. The last one I was engaged to was 19. He said we'd be married in June, then he joined the Navy and took off and I don't even have his address. I loved him more than all the others put together. I suppose you think I'm too young to know what love is all about, but you're wrong. I grew up fast. How can I get a guy for keeps?

DISAPPOINTED

DEAR DISAPPOINTED: If you have been "in love" enough to become engaged nine times at the age of 15 you do not know what love is all about. You might have matured early (physically) but you have a lot of growing up to do before you are equal to the responsibilities of having "a guy for keeps." Slow up, little lady.

CONFIDENTIAL TO ROZZIE: Don't you think it's time you told your musician friend he had better start making other arrangements?

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Duxbury Elected House Speaker By 79-54 Vote

BULLETIN

ST. PAUL (AP) — Lloyd Duxbury, 40-year-old Caledonia lawyer, was elected speaker of the Minnesota House of Representatives today by the expected margin of 79-54. He defeated Rep. Ed Chisgren of Littlefork, liberal-backed speaker in the 1961 session.

Two legislators agreed not to be seated and did not vote for speaker. They are Rep. John Fitzgerald, New Prague, and C. A. Johnson, Mankato, incumbents whose seats are being challenged in recounts and court procedures.

Freeman Warns Common Mart Of Reprisals

MIAMI BEACH, Fla. (AP) — Secretary of Agriculture Orville L. Freeman cautioned the European Common Market today that barriers against U.S. farm exports could force a cut in American foreign aid and spread the "contagious virus" of protectionism.

He said a sizable reduction in America's Western Europe farm markets would increase U.S. deficits abroad at a time when the nation might be unable to carry them. The alternative might be, he said, a reduction in foreign economic and security aid.

Freeman, in a speech prepared for a convention of the National Council of Farmer Cooperatives, said the United States is making the strongest possible representation against European Common Market policies which would encourage higher-cost domestic production of farm products and close the door to U.S. products.

"The vital nature of our export trade in farm products causes us to be deeply concerned that protectionist tendencies are appearing today in the common agricultural policy of the European Common Market," Freeman said.

"We have emphasized that protectionism is like a contagious virus that can spread from one body to another, since neither we nor other nations can follow liberal trade rules if protectionism is the new order of the day among trading partners," he said.

Legion Building At La Crescent

LA CRESCENT, Minn. (Special) — Ralph Timm, chairman of the house committee of the Gittens-Leidel Post 595, American Legion, announced that La Crescent Construction Co. was low bidder and will construct a storage addition to the clubrooms. Construction is to start immediately.

At the meeting Friday Commander Robert Boehm set the February meeting for initiation of new members with 1st District Commander Charles Gavin in charge. Dallas Ames will be chairman of a series of euchre tournaments, the first to be held Jan. 18.

Wayne Lottes, chairman of the second annual fishing derby, set for Feb. 3, said tickets are now available at the clubrooms or from members.

Arden Hyldahl, Terry Curran, Robert Kies and Ames are the committee in charge of the mixed doubles and singles bowling tournament to be held at Shamrock Lanes in the near future.

Service Officer Robert McLaughlin said that 10 Christmas baskets were distributed.

St. Cloud Eagles Bartender Robbed

ST. CLOUD, Minn. (AP) — Bartender Allan Sandvick told police two men came up behind him as he checked out receipts at the Eagles Club about 1:30 a.m. today. Sandvick said they took \$25.70. He could offer no description of the bandits.

Industrial Credit Names Manager

Keith W. Foye has been named Winona manager for Industrial Credit Co., a St. Paul-based finance concern with offices at 70½ E. 4th St.

Foye has been assistant manager in the firm's Winona office since October 1961. He formerly resided in Tampa, Fla., where he served as credit manager for Yellow Manufacturing Acceptance Corp. six years.

Foye attended Jamestown College, Jamestown, N.D., and also the University of Miami, Fla.

He succeeds Noble Sellwood who has been named manager of the company's Fairmont office.

Reynolds and Thomson Spark Badger Dinners

MADISON, Wis. (AP) — Democratic Gov. John W. Reynolds and Republicans holding other state offices and control of the Legislature used victory dinners Monday night to promise that battle cries of the election campaign will keep ringing.

Reynolds told some 1,100 persons attending his inaugural dinner that his administration will be guided by a liberal philosophy, and reserved his strongest statement for his tax position.

"We must maintain a tax system which distributes the burden of paying for government according to the principle of ability to pay," said the governor, who campaigned against a sales tax and for a graduated income tax.

Some 550 Republicans cheered Rep. Vernon Thomson of Richland Center, the state's most recent GOP governor, when he said "the Republican sales tax law with its features of a refund on property taxes should be extended."

Reynolds told an overflow crowd at the combination \$25-a-plate fund raising dinner that liberalism "implies a willingness to let the people use the tools of government to solve their social and economic problems."

His administration, Reynolds said, will push for a series of economic goals including a healthy growth rate, a high standard of living for all and maintenance of high employment.

Reynolds, who took over as Wisconsin's 37th Governor at noon, expanded his statement on taxes by saying, "Although all tax money comes from the people, who pays what is a question of social justice in the deepest sense."

Reynolds quickly ate his roast beef dinner, left the head table and made his way about the large hall at the Dane County fairgrounds shaking hands with the guests.

The guests were told by State Democratic chairman Patrick Lucey that the dinner was a "howling success." The party had faced debts of about \$25,000 from the election campaign in which they won the governorship for the third time in a row and the U.S. Senate seat. Party leaders were talking in terms of a gross as high as \$28,000 from the dinner.

Former Gov. Gaylord Nelson, also a Democrat, was not at the dinner but on his way by plane to Washington where he will succeed Republican Alexander Wiley in the U.S. Senate on Wednesday. Nelson had escorted Reynolds in the inaugural program in the Capitol.

It was Nelson who defeated Thomson in the governor race four years ago.

Thomson told the \$10-a-plate GOP dinner that the "phrase on your property tax bill, 'less state credit,' is the result of Republican determination to relieve the property tax burden to make Wisconsin competitive with other states to reduce taxes."

"I would like to see the new Legislature extend this tax refund for credit to baby shoes, bread and bristles," he said. "Don't let Reynolds give us an excise tax." The congressman said an excise tax can't be deducted from income taxes as can be a sales tax.

Federal Stenographers School to Begin Here

Training of 20 stenographers in the first class of its kind offered in Minnesota under provisions of the federal Manpower Development and Training Act will begin in the Winona Area Vocational-Technical School Jan. 21.

Addition of the course to the curriculum of the vocational-technical school was authorized Monday night by the Board of Education and enrollment of students for 32 weeks of training will begin immediately.

THE FEDERALLY financed program was organized to supply

trained workers in areas of critical job shortages. A survey by the state Department of Employment Security late last fall indicated a shortage of trained stenographers in this area of Southeastern Minnesota and the Board of Education was contacted by the state Employment Service to determine whether it would be willing to offer such a course in the vocational-technical school.

Action on the proposal was deferred last month when board members questioned whether such training might be provided by private schools in Winona and Su-

Lewiston Director Says It Won't Stop Building

(Continued from Page 3)

children of this region will be greatly improved if the people will recognize the merits of the larger administrative unit with the several attendance centers (local elementary schools). The school problems of this region require more study and consideration before a satisfactory solution will be reached by the people of these districts."

ALSO INVOLVED in the central school controversy is the State Advisory Commission on School Reorganization. Mrs. C. A. Rohrer, Winona, is chairman. The commission held a hearing at St. Paul Dec. 4 on the Lewiston-Utica plan recommended by the state department and that a central school be established. At the hearing Jesus testified in favor of the plan because it would give Utica the chance to decide whether the district wished to consolidate with Lewiston. The Lewiston-St. Charles and Utica districts were represented at the hearing.

Jesus recently rejected a St. Charles School Board request to prepare a plan for consolidation with 11 common school districts including Utica. Jesus rejected the proposal because the Lewiston-Utica plan was pending and because the St. Charles proposal would not permit Utica's vote to be decisive.

Both Jesus and Mrs. Rohrer expressed doubt this morning whether the Altura residents' proposed bill was a legal way of establishing a central school.

"I think it's a local affair," Jesus said. "Maybe special legislation could force it through but I doubt if it's legal."

"IT'S UP TO the people in the districts involved to determine if there should be a central school," Mrs. Rohrer said.

Before citing her reasons for the need for a central school, Mrs. Rohrer emphasized this morning that the Lewiston-St. Charles-Utica central school controversy was not unique to Winona County. She said it's a statewide problem that has involved nearly every county in the state.

"People lose sight of this fact: What is best for the children involved?" Mrs. Rohrer said.

AS A RESULT of her commission's hearing, Mrs. Rohrer concluded that the educational needs of the St. Charles and Lewiston districts were strikingly similar. Both districts need a new high school and either district would suffer a loss of valuation if Utica consolidated with the other district, she said.

She felt Utica district children would be better served by a central school than by attending a Lewiston or St. Charles school. Did the Oct. 30 area vote mean the central school issue was killed?

"I don't feel it is a dead issue," she said. "No educational issue is ever dead as long as there are people involved who really want to do something about it."

Altura residents favor a central school. They consolidated with Lewiston in expectation that this would lead to a central school. At least that's my understanding. "I'm very much in favor of having an educational unit that will give 12 years of education to every child living in the district."

SHE SAID THIS is the kind of opposition that was being encountered statewide when rural consolidation was proposed:

• Farmers who agree on the need of modern agricultural equipment don't feel the same way about modern educational facilities.

• Businessmen want to hold on to the local school because they fear loss of business.

• The community wants to hold onto the school because it bears a loss of prestige if the school closes.

Mrs. Rohrer cited the "Cochran-Fountain City consolidation in Wisconsin as an excellent and successful example of what could be done in Winona County. She said a central school could

give the kind of modern education needed to qualify for many kinds of jobs today.

JOHN HYNES, chairman of the St. Charles School Board, was out of town this morning. He said recently that studies had shown the advantage of a central school. "Personally I have felt that a central school would be best for the area and I have not changed my mind. As far as Altura's move (the proposed central school bill), they are only doing what the study groups wanted."

However, four other members of the board said that the people have spoken and they will abide by the majority.

City Council Won't Meet With Panel

The request of a special panel on city employees' wages to meet with the City Council was not acted upon by aldermen at their meeting Monday night.

A three-man panel, appointed on request of union street department workers, had asked a meeting with aldermen to hear of wage rates adopted last fall. Council President Harold Briesath said. Members of the panel are Holis Larsen, Building Laborers Local 1316 business agent, appointed by the union; Lloyd Pfeiffer, former mayor, appointed by the Council; and Adolph Bremer, Daily News city editor.

Briesath, querying aldermen individually, found virtually unanimous opposition to the proposed meeting. Aldermen said the statutory function of the panel is to report its conclusions in advisory capacity only, that the Council's position was established and not subject to negotiation, that budget allotments already had been approved, and that changes made now would disrupt the wage scales in all departments.

OTHER BUSINESS:

• Aldermen authorized attendance of the municipal court judge and city engineer next Monday at a traffic safety workshop in Rochester. It is sponsored by the Highway Division of the state Highway Department. The Rochester Safety Council will be host at the meeting.

• A resolution was passed asking the state Highway Department to undertake improvement of Sarnia Street from Main Street east to Highway 61.

• The city has agreed with the U.S. government to light the short north-south runway at Max Conrad Field, aldermen recalled, but such lighting is unnecessary because the runway is seldom used. A resolution asking that the city be relieved of the obligation to light the runway was adopted and forwarded to the Federal Aviation Agency.

• Permission was granted to Northern States Power Co. to relocate a pole and two anchoring lines on city property near the lift station at Mankato Avenue and Sarnia Street. The company said it would provide free clearance for the 12,000-volt transmission line serving Community Memorial Hospital.

• Final passage was voted of an ordinance changing parking west of the court house on Washington Street from diagonal to parallel. The area will be unmeted and spaces will have a two-hour limit.

Plans and specifications will be drawn and submitted for two threshold lights at the east end of the main runway at Max Conrad Field, following a motion by Ald. Daniel Bambenek. Such lights do not have FAA approval yet, City Attorney George M. Robertson Jr. said, but they have enthusiastic endorsement of pilots as bad-weather landing aids.

• Aldermen were officially invited to take a cold ride Jan. 19 in the annual Winter Carnival parade. Sentiment pro and con was rather evenly divided between candidates and non-candidates on the Council. Visiting school buses bringing bands for the parade will get parking privileges for the day in the courthouse parking lot.

A banner at 3rd and Center streets asking contributions to the Red Cross blood collection drive was approved upon request by Mayor Ellings. The banner will be in place Jan. 20 through Feb. 1.

Before the Common Market could be set up in 1953, the six countries involved had to come to terms with 2,000 conflicting customs regulations.

perintendent of Schools A. L. Nelson was asked to obtain additional information on requirements of the program.

Nelson told directors Monday night that he'd been advised by the state director of vocational education that as the program was set up instruction was to be given by the public schools where possible.

THE STATE director, the superintendent said, had told him that if Winona was unable or unwilling to offer the program the course would be offered Rochester or Red Wing.

Second Ward Director Maurice D. Godsey, who previously had expressed some reservations about the program, said Monday night that he'd obtained additional information about it that answered certain questions he'd had and that now he felt "I, for one, wouldn't want to lose it."

When the administration recommendation that the course be offered was put to a vote it was approved unanimously.

Nelson said that inquiries about securing an instructor had been made and that it appeared that a qualified teacher would be available.

UNDER THE MDTA program, the state Department of Employment Security is charged with determination of occupations of substantial work shortage, selection of students, administration of training payments to eligible students and job placement after training.

The state Department of Education is responsible for all training, approval of facilities, equipment and instructors and supervision and administration of training funds. Actual training and supervision is the responsibility of the local board of education.

Ray H. Brown, manager of the local office of the Minnesota Employment Service, and Tom Raine, public schools director of vocational education, announced this morning that a Jan. 21 target date has been set for the start of the class in Winona.

Previously, the Department of Employment Security and Department of Education had announced that authorization had been granted for organization of the training class here and six others in other fields in the Twin Cities. The Winona class will be the first in the state to be organized outside the Twin Cities.

BROWN estimates that 15 students in the course will be from the Winona area and the other five from the Rochester area.

Although the first class here is for stenographers, Brown pointed out that continuing statewide surveys are being made. When a sufficient number of potential trainees are available, along with adequate training facilities, additional proposals for training will be prepared. These must then be approved by federal review teams before appropriations are made available for training.

The development and training program is designed to provide training for unemployed and underemployed persons to qualify them for jobs in areas where acute labor shortages exist.

There will be no cost to the persons enrolled in the class.

Persons selected for training may be eligible for a training allowance based on the average unemployment compensation payment paid by the state during the most recent calendar quarter for which data is available.

STUDENTS over 19 but under 22 may be eligible to receive a "youth training allowance" not to exceed \$20 a week. In addition, the Rochester area students will be eligible for a subsistence allowance if they live in Winona during the period of training. They may also receive a transportation allowance for normal travel to and from their homes on weekends.

Students who live in Winona may receive the training allowance but, because they live at home, will not be eligible for subsistence or travel payments. Any resident of this area who is a high school graduate is eligible to apply for enrollment in the class.

Prospective trainees should contact immediately the state Employment Service or the vocational office at Senior High School for further details.

APPLICANTS first will be given aptitude tests to determine whether they are qualified for training and show reasonable prospect of success in the field.

After the screening, tests students will be selected for enrollment after personal interviews. Raine said that plans now call for classes to be in session six hours a day, five days a week, during the 32-week period.

Hours for class sessions haven't been determined definitely but classes probably will begin in the afternoon, either shortly after noon or after 3 p.m., and continue into the evening.

Facilities of the business education department at Senior High School will be used.

THE MANPOWER development and training act provides that the program be fully financed by the federal government.

This covers the salary of the instructor, building rental, equipment purchases and miscellaneous expenses. It has been estimated that the per pupil cost will run around \$500.

Instruction will be centered for the most part, Raine said, on basic typing and shorthand, although there will be some work with office machines.

Sewage Disposal Action Urged At La Crescent

LA CRESCENT, Minn. (Special) —The village's position of an application for a \$65,000 federal grant for sewage disposal facilities construction has moved from 35 to 22 in the state, Mayor William Mishler reported at the first 1963 meeting of the village council here Monday.

Total cost of the project is estimated at \$175,000. The cost to the village would be assessed to the benefiting property owners and the money would be raised by a bond issue, he said. The village should proceed with completion of its plans for the improvements, he reported.

Other business conducted at the meeting included the installation of Roger Ulrich as clerk:

ONE SPECIAL meeting and one special hearing were scheduled by the council. The special meeting will be Monday to discuss the fire department's proposal to fix a fee of \$75 on each country call. Fire Chief Donald Loechler reported the department made 23 fire runs during 1962, eight within the village and 15 in the country. Loechler said a special rate will be made for La Crescent Township residents as they now pay a mill rate to the village for fire protection. He also reported an agreement had been made with the La Crosse fire department. It will give standby service with one truck and three or four men at a rate of \$250 a call if needed.

Hokan has agreed to comply with the \$75 fee to be paid by either the La Crescent or Hokan department, whichever calls on the other for fire fighting equipment. Loechler said a representative of the state board of fire underwriters had said that insurance rates in the rural areas will be decreased in the near future because of the added protection.

THE SPECIAL hearing was set for next Wednesday to discuss the increase by the state in the La Crescent valuations. A state tax man and the county assessor will be at the meeting. Mishler said a state assessor had made a survey of the village without notification to village officials. Mishler also said this assessor had submitted the report without the village having knowledge of the contents of the report. Mishler urged all village taxpayers to attend the hearing.

A controversy arose when Councilman Clarence Vetsch disapproved of paying \$10 bills incurred by Mishler and Kies on their trip to St. Paul to appear before the wage control board. He said the increase in the councilmen's salary last year should cover the expense. Mishler withdrew his bill but councilman Donald Schlicht moved payment of both bills be made for the service to the village.

MAYOR MISHLER made the following appointments that were approved by the council: Dr. Philip Uhl, health officer; L. L. Duxbury Jr., Caledonia, attorney; Harold Vetsch, weed commissioner; Virgil Miller, Park commissioner; La Crescent Pharmacy, water collection agency; La Crescent State Bank, official depository; La Crescent Times-Chief, official newspaper; Caswell Engineers, village engineers;

Roger Ulrich and Martin Miller, health board; Miller, Mishler and Schlicht, audit board; Chester Lachecki, zoning administrator; Clarence Vetsch, recreation chairman; Donald Fowler, John Zlabek, Robert Morrison, Robert Martin, Alvin Olson, Dr. Howard Barton and John McDonald, long range planning committee.

Donald Bateman, Winston Reider, the Rev. Richard Hyl, Donald Hermann, Terry Curran, Raymond Reisdorf and Russell Hayes, planning committee, and Bateman, Reider, Hayes, Reisdorf and Hermann, board of appeals.

The office of street commissioner will be filled at the special meeting Monday. The names of John McDonald for village attorney, and Davy Engineering Co., La Crosse, for engineer were submitted but not accepted.

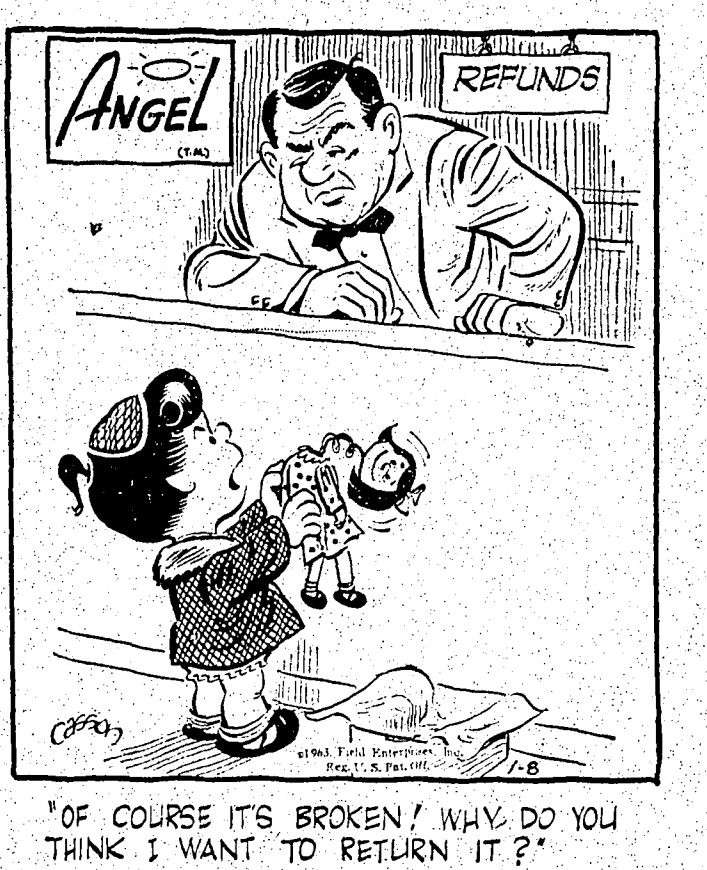

Canadian Bank Robbers Sought By State Police

MINNEAPOLIS (AP) — Minnesota police were under border patrol alert today to be on the lookout for three men believed to have crossed the international boundary in their flight from a Montreal bank holdup in which two policemen were shot and killed.

The Grand Forks, N.D., border patrol notified police that the three suspects were believed to have crossed the border Monday and that they may be armed with a sub-machinegun.

The men are sought in the Dec. 13 holding of the Canadian Imperial Bank of Commerce in St. Laurent, Montreal suburb. They fled with \$128,500 loot. The man who fired fatal shots into two constables were a Santa Claus suit. In the alert, the men were reported riding in a 1957 black Ford bearing Saskatchewan license plates. One of the male suspects is believed accompanied by his wife and two children.

The U.S. Department of Agriculture's Economic Research Service says each American eats just over six eggs a week, compared with about seven and a half 10 years ago.

BOARD DISCUSSES:

Should Winona Buy More School Sites?

A member of the Winona Board of Education Monday night said that he thought consideration should be given to acquiring property suitable as a future school site should long-range population developments make necessary new school construction.

Dr. C. W. Rogers, 3rd Ward director, emphasized that he wasn't thinking about building a new school now but noted, "There may be suitable sites available now at a reasonable price that we couldn't get sometime in the future. We could hold the land and if we found it was needed 20 years or so from now it could turn out that it was a bargain."

TWO FACTORS could dictate a future building program: A substantial population increase in the next few years — perhaps past 30,000 or so — and proposals expected to be presented to the state Legislature at its next session requiring every school district in the state to offer instruction in grades one through 12.

Superintendent of Schools A. L. Nelson said Monday that the administration had made a study to determine the impact on the Winona district if such legislation should be approved.

He said that there are 32 districts in the Winona area that would want to consolidate with Winona if the legislation were enacted.

SHOULD THIS happen the public schools would have to provide elementary school facilities for 845 students in the first through sixth grades who now aren't residents of the district.

Eighty-one of them are now attending the public schools here: 217 are enrolled at Phelps, 43 at Stockton, 74 at Minnesota City, 41 at Vadnais, 92 at Dakota and 297 in one-room rural schools.

To embrace this larger area the Winona district, now organized as a special charter, would have to become an independent district since the charter specifies that the special district boundaries coincide with those of the city of Winona.

If the entire area were to become a part of the Winona district, Nelson said, all of the schools mentioned would probably continue to operate except the rural one-room schools. The 297 elementary pupils could be accommodated at Lincoln, Madison and Central Elementary schools without enlarging facilities.

COUPLED WITH any sharp increase in local population, however, such enlargement of the district might make secondary school facilities inadequate and a separate

ate junior high school plant might be necessary to allow for use of all facilities now at Senior High School and Central Junior High School to be used for senior high school instruction.

Nelson was asked whether attachment of the outlying districts would have any marked effect as far as taxes are concerned. He said that he couldn't see how the additional districts could be absorbed without an increase in the tax rate, although it would be impossible to determine the amount of increase.

He pointed out that the total assessed valuation of the districts involved is \$3,734,585 and on a per-pupil basis the valuation is considerably less than that for each student in the present district.

WINONA'S current tax rate is 74.70 mills and the tax rates for the rural schools varies from 32 to 126 mills. The law now provides for a mill rate on agricultural land 25 mills lower than that for urban property which means that agricultural land in the district would enjoy a 25-mill differential.

After the discussion of factors in the possible future consolidation, Board President Lawrence Santelman said that he thought that it would be premature for the board to take any action now but should wait and see what developments in the Legislature.

Dr. Rogers said he thought the Winona County legislators should be made aware of the situation and other directors agreed.

THE BOARD ALSO agreed it best to defer any detailed discussion until after the Legislature is in session on issues involved. In a recent state Supreme Court ruling that the court will no longer recognize a long standing common law principle of school district immunity from liability suits.

It's believed that the Legislature will consider legislation on regulation of insurance school districts would be required to carry to cover liability.

Yemen's 1st Elections To Be Held Soon

DAMASCUS, Syria (AP) —The Yemeni republican regime announced on Monday Yemen's first municipal elections in history will be held within a month. Sana radio said the elected municipal councils would handle local administration and supervise a nationwide campaign of social reform and taxation.

Redmen Down Concordia; State Wins in Overtime

— ST. MARY'S —

Redmen Earn 88-80 Verdict

Torrid shooting and familiar surroundings proved the charms to break a three-game MIAC losing spell for St. Mary's College, as the Redmen stopped Concordia 88-80 behind the hot hand of Al Williams Monday night in the Terrace Heights gym.

The victory, first in conference play for the Redmen, followed the script of most St. Mary's games this season as the Winonsians squandered substantial leads before surging to their fifth straight home victory in the final eight minutes of the contest.

WILLIAMS' 25 points led the Redmen, but the Cobbers' Gary Larson walked off with scoring honors for the evening with 28 points. The 6-5 junior racked up eight baskets and 12 free throws in 44 attempts to spark Concordia's cause.

Tom Hall netted 16 points and George Valaika added 14 for St. Mary's, while Keith Bangs with 16 and Rich Larson with 11 supported the visitors.

St. Mary's fired an astounding 61 percent from the floor, dropping 35 of 57 shots, while Concordia could only muster a 38 percent figure, canning 27 of 71 attempts. On the free throw stripe, the roles were reversed, though, with the Cobbers sinking 26 out of 37 charity offerings to the Redmen's 18 free throws and 13 misses.

More than 20 of the 35 Redman baskets came via layups, including seven of the last 16 St. Mary's field goals.

THE WINONA squad opened the game with a bang, rolling to a substantial margin in the first five minutes. Hall and Williams each hit five points as the Redmen jumped to a 14-5 lead with 15:12 left in the half, but the Cobbers recovered from their initial shock to slowly peck away at the Redman lead.

Trailing 22-14, Dick Pett canned the front end of a one-and-one free throw offering and Rich Larson tipped in the missed second shot to trim the St. Mary's lead to 22-17 with 11:30 left. Just 29 seconds later, Gary Larson sank two gift shots to pull Concordia within three points.

The Redmen turned on the steam again, and with Hall, Mike Maloney, Valaika and Williams all scoring, opened a 31-19 lead with slightly over eight minutes in the half. The Cobbers hung on, dropping 10 free throws to St. Mary's three, to trail 44-39 at the half.

The second half saw St. Mary's compile a comfortable lead in a little over four minutes, but the Concordia cagers again started whittling and a 54-44 Redman lead dwindled to 59-56.

After a dual exchange of buckets, Gary Larson dropped a layup and potted a free throw to tie the game at 63-all with 9:40 left.

WILLIAMS AND DENNEY Burman traded buckets with Frank Johnson and Rich Larson before Williams and Roger Pylewski hit on back-to-back fielders to boost the Redmen lead to 71-67 with a little over seven and a half minutes left.

Bangs swished a 15-footer but St. Mary's returned with Jim Clarkin's free throw and a layup by Hall to widen the gap to 74-69 with 5:27 remaining.

Concordia managed to pull within three points several times after that, the latest at 1:09 as Johnson sank two charities for an 81-78 Redman lead, but Valaika's two layups in the final minute insured St. Mary's its first MIAC victory of the campaign.

Redman Coach Ken Wittgen was pleased with the victory but wasn't overly impressed with his charge's showing.

"I was very dissatisfied with our defense. We have to learn to play defense without fouling; not only does it hurt you scorewise, but you also don't know who will be playing. Our bench helped us, though, when starters got in foul trouble."

"WE STILL NEED work on offense. Indecision seems to be our biggest fault. I thought we handled Concordia's switch in defense, from man-to-man to zone and back, well."

COTTER-CAMPION HERE WEDNESDAY

Winhawks Face Ranger Giant

By AUGIE KARCHER
Daily News Sports Editor

Buoyed by the Winhawks' upset over La Crosse Central, Winona High Coach John Kenney today hinted that things are looking up.

"We could be 4-5 for the season after this week," said Kenney, providing the Winhawks can follow the pattern of their last two games.

Tonight Winona travels to La Crosse to meet Logan on the Rangers' floor and Friday comes home to host Mankato in a Big Nine duel.

Cotter, nursing a six-game winning streak, also has two games this week, both at home. Coach John Nett sends the Ramblers against Champion of Prairie du Chien Wednesday night at St. Stan's gym and Friday against La Crosse Aquinas here.

Nett already has disposed of Logan once this season, 55-49 at La Crosse—and Kenney will

face the same problem of trying to defend the Rangers' Gary Addis, a 6-8½ junior center.

Addis got only 14 points against Cotter. But Ranger Coach Wayne Lukas has seen his young giant improve in virtually every game. Saturday against Sparta, Addis tossed in 27 points as Logan broke a two-game losing streak and ran its record to 4-3.

The Winhawks Friday got 27 points, too, from one man—John

Prigge, who is eight inches shorter than Addis. Prigge hit 13 times from the field as did Addis Saturday.

Kenney most likely will assign Jim Kasten to cover Addis tonight, with some help if needed. Kasten turned in a great performance in the upset win over Central, his best in seven games of which the Hawks have won only two.

Kenney said he will start Wulf Krause with Prigge at for-

wards and Marly Farrell and Steve Keller at the guards. Farrell's ankle, broken in pre-season football drills, continues to plague him. "I think it's the type of thing that will always see him limping on it," said Kenney.

Krause and Prigge continue to top the Winhawks in individual scoring. Krause is averaging 13.4, though held to six points by Central. Prigge upped his average to 10.3.

In tonight's preliminary, the Winhawk "B" team tries for its eighth straight triumph against the Ranger reserves. That game starts at 6:20 p.m.

WINHAWK SCORING

Illini Knock Off Ohio State

Take 90-78 Triumph

By THE ASSOCIATED PRESS

Illinois' well-balanced attack finally succeeded in knocking Ohio State from the top perch in Big Ten basketball competition Monday night.

Led by sophomore Tal Brody, Illinois hammered Ohio State, 90-78, in a game which could turn out to be the key to the conference championship.

Pouring in 54 points in the second half, Illinois overcame a one-point Ohio State halftime lead to win going away. Brody whipped in 23 points while Bill Small added 22 and Dave Downey 21. Gary Braeds topped Ohio State's attack with 33 points.

Michigan and Indiana also posted 2-0 conference marks with Monday night triumphs.

Michigan humbled Iowa, 88-67, at Iowa City, and Indiana downed Purdue, 85-71.

Big Ten teams will relax until Saturday when four games are scheduled with Iowa at Minnesota, Michigan at Ohio State, Michigan State at Wisconsin and Purdue at Illinois.

Michigan and Indiana also posted 2-0 conference marks with Monday night triumphs.

STRIDE OF A CHAMPION ... Arnold Palmer, with a grin on his face, strides across the 18th green with nothing left to do but tap the ball into the cup for first place in the Los Angeles Open golf tourney. Palmer had just putted, with the ball stopping inches from the cup. He tapped it in to card a 5-under-par 66 in the final round. The title, which eluded Palmer in seven previous attempts, didn't get away Monday because the 66 on the final day gave him a 72-hole total of 274. (AP Photofax)

Palmer Captures Los Angeles Open

LOS ANGELES (AP)—There isn't much left in golf for Arnold Palmer to win but more money. The reigning king of the sport heads East today with a check for \$9,000. It represented his first-place finish for the first time in eight tries in the Los Angeles Open.

The only other major plum left for Palmer to pluck is the United States PGA Championship.

Palmer has won the U.S. Open, the Master's and the British Open. Until last year he had not captured the Tournament of Champions event at Los Angeles nor the Colonial Invitational at Fort Worth. Palmer corrected the latter situation in 1962.

Palmer had finished no better than seventh in the Los Angeles fixture—a treasured title.

Two years ago, in fact, Palmer didn't even make the cut for the final 36 holes, due mostly to a horrendous 12 strokes on one hole.

Palmer erased the embarrassment Monday. He shot a 5-under-par 66 for a 72-hole score of 274.

Three strokes better than was necessary.

It wasn't easy. Palmer started out three strokes behind the leader, Art Wall Jr., but after nine holes Arnold was in front by one stroke over Don Fairfield and Huston LaClair.

Midway on the backside Palmer was in a tie with Wall and Fairfield. The excitement and intensity were considerable.

Then Palmer birdied the 16th and 17th holes. The 17th goes down as the shot of the tournament, undoubtedly the deciding blow.

Using a putter, Palmer hit sharply from 50 feet in back of and below the green. The ball responded like a rocket. It sped straight to the cup and plopped in.

There was even an echo as it reached the pin.

Wall encountered three straight bogies starting with the 15th and finished with a 74 for 279.

LaClair fell back with a 72 for 280. And Fairfield got into extreme difficulties with the trees on the 15th and quit quietly with a triple bogey 7 and a 70 for 278.

Hornung Now Mentioned in Probe in NFL

By THE ASSOCIATED PRESS

Two more star names, Paul Hornung and Alex Karras, have been introduced as reports of a betting scandal continued to swirl around the National Football League.

Amid the rumors and conjectures Monday, these concrete developments came to light:

1. That Hornung, celebrated halfback for the champion Green Bay Packers, was revealed as a friend and potential business associate of a man who admittedly has bet heavily on pro football games.

2. That this same man employs Phil Handler, assistant coach of the Chicago Bears, and is acquainted with Bear fullback Rick Casares, who already has figured in the widely publicized investigation.

3. That a bar business partner of Karras, standout defensive tackle for the Detroit Lions, has been questioned about gambling, presumably by FBI agents.

4. That the Senate Investigations subcommittee planned a probe of the situation and that the NFL was continuing its own investigation.

Despite these new developments, there still has been no disclosure of wrongdoing. News of the NFL's investigation came into the open last Friday when it was revealed that George Halas, owner-coach of the Bears and co-founder of the league 42 years ago, had asked NFL Commissioner Pete Rozelle to look into published rumors of a brewing scandal.

The NFL's official stand is that it will not discuss specific individuals or cases. The consensus of league players, coaches and club officials is that there is no substance to rumors of a betting scandal.

Chicago's American said Monday that Abe Samuels, who admitted betting up to \$50,000 in a single football season, knew Hornung, Handler and Casares. The newspaper quoted the lumber company owner and duplicating machine executive as saying he had known Hornung for about 10 years and had offered him a duplicating machine franchise for Louisville, and had employed Handler as a lumber salesman for about 10 or 12 years.

COACH CAMPBELL, all smiles after the game, said, "That's the one we needed. I was really proud of the way the boys fought back."

The Warrior scoring was paced by Dick Papefuss with 26 points and Weisbrod with 22. Lyle Papefuss, connected for 14 points, 13 of them in the second half and seven of those 13 with less than a minute left to play. Arlie Klinder counted 10 and played a steady floor game.

Lakeland was led by Seyller with 27 points. Most of those came on close-in tap-ins and short hook shots. Charley Davidson added 18 and Sam Graber 10 in the loss, which snapped a four-game Muskie winning streak.

STEELERS PARKER SAYS:

Layne to Retire As Quarterback

PITTSBURGH (AP)—Quarterback Bobby Layne, the legendary "Texan" may be at the end of an illustrious football playing career that has extended over 15 seasons in the National Football League.

Coach Buddy Parker of the Pittsburgh Steelers revealed Monday night that he has asked his longtime partner and confidant to quit.

"I have asked him to retire and personally, I think he will," Parker said. "I think Bobby has been the greatest quarterback I have ever seen in all my years in the NFL, but it is time he should quit. All great players must quit playing someday."

At the same time, Parker said he probably will return as coach of the Steelers next season but wouldn't say officially until his meeting with Pittsburgh owner Art Rooney later this week.

Rally Nips Tall Lakeland

By BOB JUNGHANS
Daily News Sports Writer

"They're bigger than we are. We've got to run 'em," were Winona State Coach Robert Campbell's words before the Warriors' game with Lakeland College at Memorial Hall Monday night.

And "run 'em" they did as Winona swept to an 87-83 overtime victory.

Led by Lyle (Slats) Papefuss, the Warriors fought back from a seven-point deficit with 1:23 left in the game to force it into overtime.

LAKELAND GOT the jump in the extra period when Charlie Weisbrod fouled Tom Speich. This was Weisbrod's fifth personal, and he left the game after a sterling effort with 4:03 remaining in the overtime. Speich dropped both free throws to put the Muskies ahead 79-77, but from this point on it was all Warriors as they counted ten straight points to ice their fifth victory.

The victory snapped a three game Warrior losing streak and gave them a 5-4 season record. Lakeland stands 4-2 for the campaign.

Winona goes back into action Saturday night when the Warriors travel to Mankato to play Mankato State in a NSCC conference game. The Warriors haven't been effective on the road, losing all five away-from-home starts. They stand 5-1 at home and appear to have gotten stronger in the last two games.

AFTER AN EARLY 2-2 tie Winona spurred into a lead that reached 20-10 and 26-16 midway in the first half. Lakeland fought back, led by 6-11 Wes Seyller, to gain a 32-30 edge with 1:50 remaining in the initial frame. A pair of free throws by Gary Peterson tied it at 32-32 before Seyller hit a tap-in with :58 remaining. But the first half ended with a note of things to come, Petersen hit a 35-foot jump shot as the buzzer sounded to give the Warriors a 37-35 halftime lead.

The Warriors came out in the second half with fire in their eyes and built a 52-44 margin with 14:20 left to play. Again the Muskies came back with Seyller at the helm to tie the count at 62-62 with 6:20 remaining.

With only 1:23 left in the game, Lakeland forged to a 75-68 margin and the Warrior hopes seemed dim. At this point Dick Papefuss scored on a driving lay-up to move the count to 75-70. Then 6-7 Dennis Holbert was called for charging Lyle Papefuss and tempers flared.

WHEN THE roar subsided, Seyller and spark-plug Mark Dille of Winona were asked to leave the game, both on technical fouls.

"Slats" connected on all three charity tosses, and Speich hit on the technical free throw for Lakeland to make it 76-73 with :58 to play. But a tap-in and a lay-up by Lyle Papefuss with :11 remaining sandwiched around another charity toss by Speich left the score knotted at 77-77 as the regulation buzzer sounded.

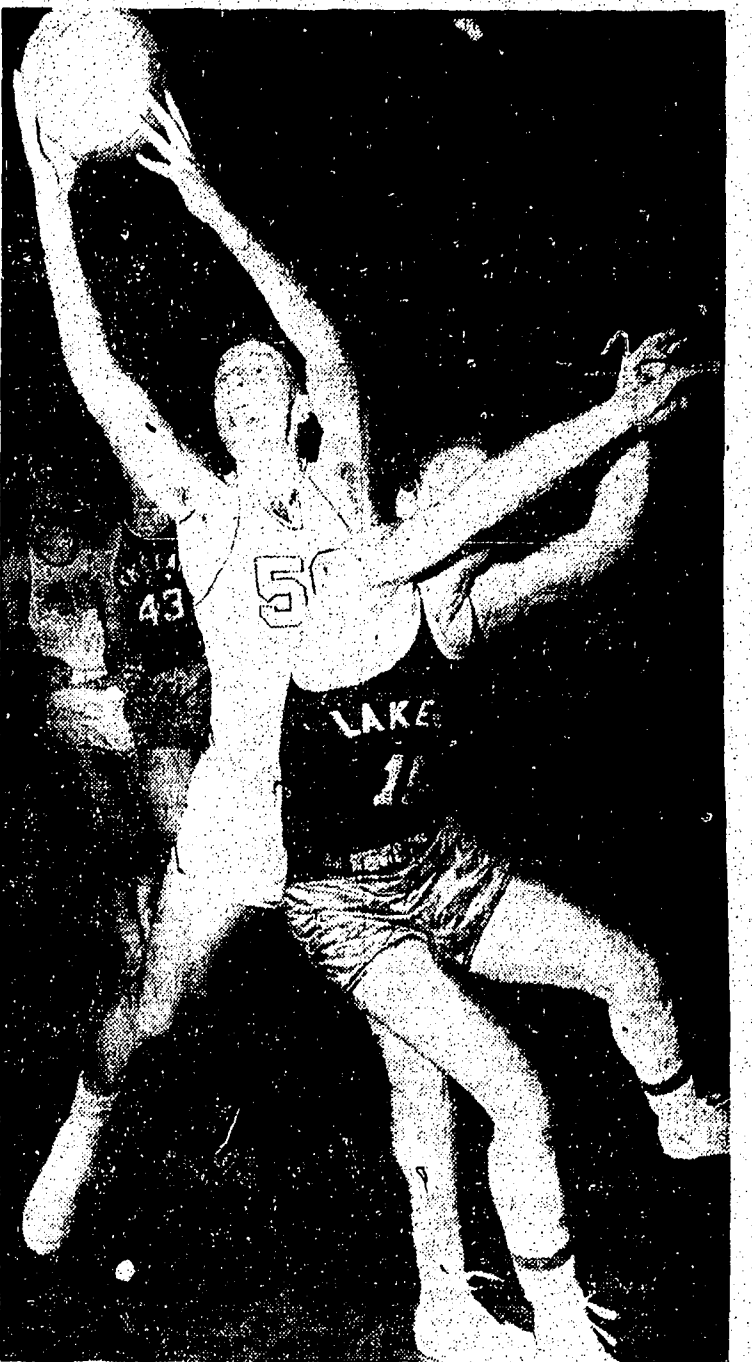

The rest is history as the Warriors used free throws to put the game out of reach.

Despite the extreme height disadvantage, the fired-up Warriors collected 59 rebounds to 52 for Lakeland, and outfigured them on the offensive boards 22-8.

COACH CAMPBELL, all smiles after the game, said, "That's the one we needed. I was really proud of the way the boys fought back."

The Warrior scoring was paced by Dick Papefuss with 26 points and Weisbrod with 22. Lyle Papefuss, connected for 14 points, 13 of them in the second half and seven of those 13 with less than a minute left to play. Arlie Klinder counted 10 and played a steady floor game.

Lakeland was led by Seyller with 27 points. Most of those came on close-in tap-ins and short hook shots. Charley Davidson added 18 and Sam Graber 10 in the loss, which snapped a four-game Muskie winning streak.

'PARDON MY TWIST' ... Doug Ista of Lakeland finds the dance floor—or basketball floor—a little crowded for his version of the Twist in Monday night's game at Winona State. Concentrating on basketball is State's Dick Papefuss. Winona defeated Lakeland in overtime. (Daily News Sports Photo.)

Augsburg Wins Tenth Straight

By THE ASSOCIATED PRESS

Augsburg, racing along with a 10-game winning streak and a perfect 5-0 Minnesota Intercollegiate Conference record, stands uncontested at the top of the MIAC basketball heap today after disposing of St. Thomas 53-46 Monday night.

The Auggies whisked to a 34-20 halftime lead and were never in trouble in knocking off the Tommies, who went into the game with a 3-0 MIAC mark.

Lloyd Raymond led the Augsburg attack with 20 points while Tom Randall counted 17 for St. Thomas.

In other MIAC action Monday night, Minnesota Duluth and Macalester both won to tie for third place with 2-1 records. Duluth polished off St. John's 57-45 and Concordia 88-80 to move out of the

MIAC cellar at 1-3.

Duluth and St. John's were tied 20-20 at the half before the Bulldogs warmed up to win handily. Mike Patterson led Duluth with 18 points and Craig Mueys topped the Johnnies (now 1-2) with 15.

Macalester moved in front 37-31 at halftime and was in front the rest of the way. Gary Davison had 16 for the Scots and Ron Severson 15 for the Gusties (2-3).

St. Mary's pulled away from a 63-63 deadlock to dump Concordia. Al Williams was high for St. Mary's with 25 and Gary Larson counted 20 for the Cobbers. St. Mary's is 1-3, Concordia 0-4.

In the only Northern State conference game, Bemidji escaped the cellar by thumping Moorhead 63-71. The Beavers ran up a 41-37 halftime lead and was ahead the rest of the way. John Pierson had 21 points for Bemidji, now 2-1 in the NSC, while Larry Sewall topped Moorhead, now 0-3, with 25.

In non-conference activity, Winona State outlasted Lakeland, Wis., 87-83 on one overtime. Minnesota Morris downed Wahpeton, N.D., 82-70, and Bethel of St. Paul fell to River Falls, Wis., 80-62.

No state college games are scheduled tonight, but Wednesday night Mankato plays at South Dakota State, and Bemidji hosts Valley City, N.D.

GRIFFITH CITED

Bell Top 1962 Sportsman

Bobby Lee Bell, two time All-American at the University of Minnesota, was named the second winner of the annual poll of the Minnesota Daily Sportswriters Association as the "Outstanding Sportsman for the Year 1962 in Minnesota." This plaque is given each year to the person voted by the writers as having contributed most to Minnesota athletics or outdoor life. The plaque will be presented in the near future.

Bell, native of North Carolina, compiled five first place votes out of the possible 15 in succeed-

ing Murray Warmath as the Outstanding Sportsman. He had 47 points which are awarded on the basis of 5-4-3-2-1 with each writing voting for five.

Second place 35 points was Calvin Griffith, owner of the Minnesota Twins who had two first place votes followed by Murray Warmath with 34 points and two first place selections. Following in order with their number of first place votes in parentheses were: Bob Bruggers (1), sensational Danube athlete, with 17 points, Louis Tadmey (1), long time Mankato High School coach, with 16 points,

Sam Mele (1), Twins manager, with 13 points, Camillo Pascual (1), Twins ace pitcher, with 12 points, John Gagliardi, coach of the unbeaten St. John's football team, and Marlowe "Red" Severson, coach of the NAIA entrants St. Cloud State, both with 10 points, Russ Hellockson, football coach at Washburn and Frank Cleve (1) veteran Patrick Henry coach who retired with 7 points, Rich Rollins and Harman Killebrew (1) of the Twins with 6 points each and Bud Grant, Winnipeg Bombers coach, with 5 points.

Hubbell's Mother Dies in Oklahoma

MPEKER, Okla. (AP)—Funeral services were held here Monday for Mrs. Maggie Hubbell, mother of former New York Giants baseball pitching star Carl Hubbell.

Mrs. Hubbell died Saturday at the age of 84.

Duke's 1962 freshman football team won four of its five games, losing only to North Carolina State, 12-7.
