## 'No Sales Tax' Views of Keith Disputed

### Boy Admits Slaying 5 In Green Bay Family

GREEN BAY, Wis. (AP) — A way-haired 16-year-old boy who wiped out all five members of his immediate family in a well-planned 15-minute series of executions was arraigned today on four counts of first degree murder.

### 11 Burned in Phillips Blast

PHILLIPS, Wis. (AP) — Eleven persons were burned, seven seriously, when an explosion and fire engulfed the Flambeau Milling Co. plant in this Price County community late Tuesday.

Seven persons were taken to a hospital at nearby Park Falls, where attendants said they suffered severe burns but were not believed to be in critical condition.

The blast of undetermined origin shook the main building of the mill shortly before the 3 p.m. quitting time. Flames immediately swept the 100-foot concrete structure, and help was summoned from Park Falls.

The fire was brought under control about three hours later, but the grain stored in the square building continued to smolder throughout the night.

The Price County sheriff's office said that the mill was owned by Jack Radenovich, who is vacationing in Florida.

No estimate was available as to the damage. The company manufactures cattle feed and dog food pellets.

Killed—96,300, a 5 per cent increase over 1961 and the highest toll since 1948 when the toll was 98,001.

### Sulphur Queen Lifejacket Found

MIAMI, Fla. (AP) — A life jacket and debris, possibly from the missing SS. Marine Sulphur Queen, were picked up from the Atlantic Ocean today, 14 miles southeast of Key West, the Coast Guard said.

A life jacket stenciled "Sulphur Queen" was taken aboard a Navy torpedo retriever vessel operating in the area, the Coast Guard announcement said.

### Subcommittee Approves 18 Appointments

ST. PAUL (AP) — A subcommittee submitted a report today approving appointments by Gov. Elmer L. Andersen of 18 persons to eight boards and Sen. Donald Wright said he would move when the full Welfare Committee meets next Monday that confirmation be recommended.

The committee recommended for passage a bill to increase from \$1,500 to \$3,000 a year the amount of state aid per county to help carry on a public health nursing program. An amendment provides that no county would be entitled to receive increased aid if it reduced the amount of county money being spent on the program.

Tuesday a few hours after the bodies of his father, stepmother and her three children were found in their blood-drenched home, answered "yes" in a subdued voice to County Judge James Byers' four questions as to whether he understood the charges.

Warren said that young Hebard, described by his minister as "a good quiet boy who was real active in the church," had finally expressed remorse at the slaying of his father, but not in the killing of the other four.

The court appointed former Dist. Atty. Robert Parins to defend Harry, and continued the arraignment until Thursday. Judge Byers ordered Hebard held without bond.

Earlier, Warren said that Harry had completed his statement detailing the killings, and told how he had arranged earlier in the day for a friend to pick him up near his home Monday night. An automatic pistol, wrapped in the clothing Harry wore at the time of the shooting, was recovered beside a town road late Tuesday.

A second gun used in the lethal fusillade was found in the house. In court Harry wore the same tan car coat he was wearing when he was seized at the John Pinta farm home Tuesday noon by Sgt. Richard Schrickel of the Brown County Patrol.

Under the coat, he wore the gray coveralls provided for Brown County prisoners. He wore no socks, and suede shoes with the laces removed.

Brought into the jammed courtroom in handcuffs, Hebard bowed his head while news and television photographers made pictures.

Warren said that Hebard's detailed statement disclosed that he killed all five members of the family, changed his clothes, hid a rifle in the basement, wrapped the pistol in his stained clothes and left the house, all within 15 minutes starting at 5:30 p.m. Monday.

Harry, a high school junior and a member of last year's track team, surrendered meekly to police around noon Tuesday, about six hours after the bodies of his victims were found in his home.

Killed by shots from an automatic pistol and rifle, of 22 caliber, were the boy's stepmother, Joyce, 35; her three children by a previous marriage, John Rudell, 15, and Judy and Janice, 11-year-old twins; and his twice-married father, Jack Hebard, a 38-year-old part time automobile thrill driver and "human bomb."

The father, an airline freight foreman, used the professional name of "Lucky O'Hara" and was well-known on the Midwest fair circuit.

The youth, who told the district attorney he "had a general feeling of being left out of the family circle," spent a quiet night in his jail cell, but declined to see his minister, the Rev. David Thompson, pastor of St. John's Lutheran Church.

### Congressmen Want All Russ Out of Cuba

WASHINGTON (AP)—Leading congressional Democrats joined several Republicans today in calling for the withdrawal of all—and not just part—of the 17,000 Soviet troops in Cuba.

A written communication to President Kennedy that Soviet Premier Khrushchev plans to ship several thousand Russian soldiers home soon was hailed as a significant development.

But members of both parties said the Kennedy administration must continue to press with all of the force at its command for complete evacuation of Soviet military men from the island.

Some informants said the Soviet Union had given assurance that several thousand troops would be out of Cuba by March 15.

There was no official comment from the White House or the State Department.

John A. McCone, director of the Central Intelligence Agency, was reported to have told the House Foreign Affairs Committee Tuesday that several empty Soviet merchant ships were on their way to Cuba.

While urging the administration to press for the withdrawal of all Soviet forces from Cuba, no members of Congress came forward with any concrete proposals as to how this could be accomplished.

George D. Aiken, R-Vt., said he is convinced the Democratic administration shares.

Sen. Richard B. Russell, D-Ga., chairman of the Senate Armed Services Committee, said that while the Soviet pledge to withdraw some troops is encouraging, "we cannot be complacent about it until all the Russian troops and technicians manning any weapons are removed."

Sen. Leverett Saltonstall, R-Mass., senior GOP member of the Armed Services group, urged in a separate interview that this country "keep up the pressure" to get all the Russians out.

Sen. John Stennis, D-Miss., head of the Senate Preparedness subcommittee, said the Soviet move was only a first step.

"Our policy must be to insist that they all be withdrawn," he said. "This is the only thing that will really remove the menace."

Sen. Barry Goldwater, R-Ariz., found little encouragement in the withdrawal of only a part of the Soviet garrison. He said there should not be one uniformed Russian or technician left in Cuba.

Senate Democratic Leader Mike Mansfield of Montana voiced hope—which he said was shared by Kennedy—that Khrushchev will call all of his troops home.

Aiken, who attended a White House conference Monday night at which Kennedy read portions of Khrushchev's message, said he doesn't believe the administration knows what to do next about Cuba.

### Kennedy Trying to Keep Cuban Debate in Hand

By JACK BELL

WASHINGTON (AP)—President Kennedy is trying to keep the tattered flag of foreign policy bipartisanship flying in the storm of political debate over Cuba.

Kennedy's action in summoning Republicans as well as Democrats to a White House conference Monday night to inform them of new Soviet assurances of troop withdrawals from Cuba marked a revived effort in this field.

Senate Democratic Leader Mike Mansfield of Montana said

today the meeting was "one of a pattern followed, by and large, by the President since he took office, to keep members of both parties informed on what is going on."

Senate Republican Leader Everett M. Dirksen of Illinois gauged it as an attempt to soften some of the sharp criticisms GOP members have been firing at Kennedy.

What happened was that the President at long last had some hopeful news about Cuba and he hastened to share it with a select

group in the hope that his action would tend to quiet the uproar in Congress.

By impressing on the conferees the possibility that Soviet Premier Khrushchev might renege on his promise if there was premature publicity, Kennedy got—for a matter of some 38 hours—silence from all concerned about the secret they carried around.

Though they chafed at it, Republicans felt constrained not to hint at what they had been told. Then the State Department sprang its usual leak and the secret was out. It was greeted with mixed applause and skepticism.

What made the whole performance less than satisfactory was the protocol which operated to limit Kennedy to calling in only the party leaders and top members of the Armed Services and Foreign Relations committees of the two houses.

Thus there was no opportunity for the President to dull the razor edge of criticism coming from down the line.

The most vigorous GOP attacks have come from men like Sens. Barry Goldwater, R-Ariz., and Kenneth B. Keating, R-N.Y. They almost never get invited to sit in on such briefings.

"What's a few thousand?" was Goldwater's reaction to the news that the Soviets had said they would soon pull out several thousand soldiers.

"There should not be one Soviet soldier or technician left in Cuba," he added.

Keating said the United States has had Khrushchev promises before. He said continued pressure must be maintained on the Soviet Union.

"There is still no indication at all that the export of subversion and terrorist tactics to other countries are diminishing or that the weapons arsenal still in Cuba is being reduced," he said.

### Not Qualified To Speak for Session, Claim

By ADOLPH JOHNSON  
Associated Press Staff Writer

A prediction by Lt. Gov. A.M. Keith that there will be no general sales tax at this session of the Minnesota Legislature has brought sharp and different reactions from legislative leaders.

"I don't think Keith is qualified to speak either for the leadership or the conservative group," said Rep. Harold R. Anderson, North Mankato conservative who has sponsored sales tax bills at previous sessions.

Anderson said he "assumes a sales tax bill will be introduced and that he will be among the authors. He denied reports that legislators are shying away from sponsorship of the bill. "Quite a number have come to me and asked to have their names on the bill when it goes in," he said.

The North Mankato legislator said he has been holding off in the hope that the conservative group can arrive at an understanding about the bill.

As factors in the delay, he listed uncertainty about the governorship, the question whether new money will be needed and interest in tax reform.

"If we go along on the basis of no tax reform and in the expectation that no new revenue will be needed," he said, "chances for a sales tax are not good."

"If on the other hand, there is a consolidation of sentiment for tax reform and evidence we will need more money to balance the budget, I look for some new form of tax—and that could be a sales tax."

Sen. Donald Wright of Minneapolis, chairman of the Senate Tax Committee, said he believes chances of enacting a sales tax are better now than they appeared before the session began.

"People are beginning to realize that we've got to have tax reform," he said. "And I feel sure tax reform would involve a sales tax."

Both Sen. Wright and Anderson envision a sales tax as a replacement for most personal property taxes.

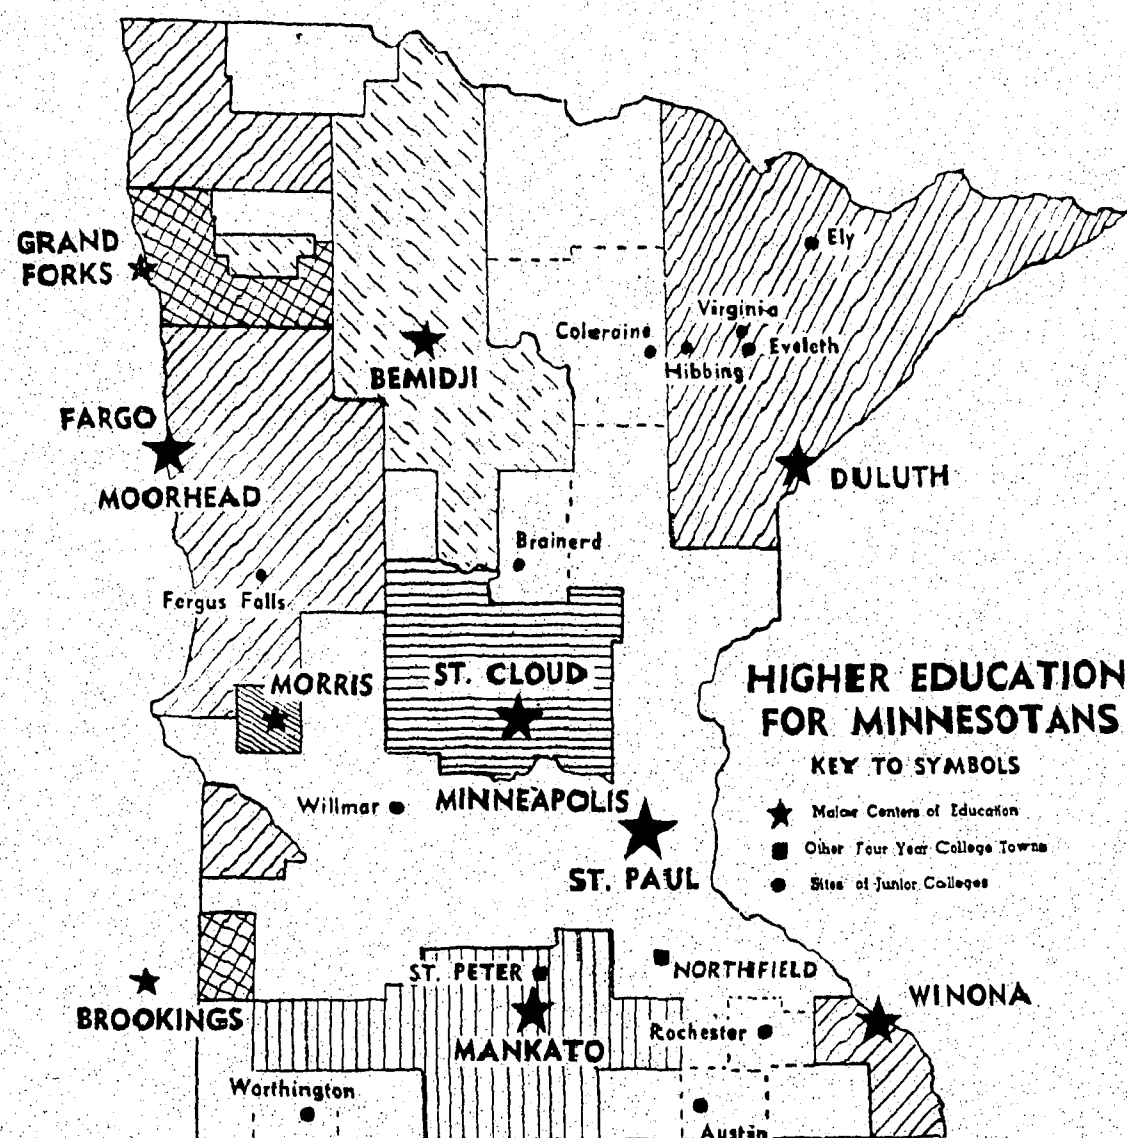

The veteran conservative leader, Rep. Roy Dunn of Pelican Rapids, who is chairman of the House Tax Committee, disagreed.

He said he believes chances of a sales tax at this session are poor and recalled with some bitterness previous experiences with sales tax bills. He says they twice wrecked the conservative group.

In 1935 the legislature enacted a sales tax bill making numerous concessions to satisfy Gov. Floyd B. Olson—who then vetoed the bill. The next election our number dropped from 88 to 46.

"Then in 1937 we brought a sales tax bill in from the rules committee and a vote was forced on its introduction. The election

**MOST ATTEND NEARBY SCHOOLS** . . . Minnesota college students tend to enroll at institutions nearest their homes for the most part, studies show. Of the 69,287 enrolled this year in the state, 53 percent, or 36,739, are clustered in seven Twin City liberal arts colleges and the University of Minnesota.

Student populations of other cities: Winona (three colleges), 3,293; Northfield (two colleges), 3,296; Mankato, 5,195; Duluth (two colleges), 3,

619; Bemidji, 1,723; St. Cloud (three colleges), 5,613; Moorhead (two), 3,517, and St. Peter, 1,248. Of 11 cities with junior colleges, Rochester leads in size with 982 and 658 Mayo fellows in attendance. Since 1954, enrollments have risen 65 percent at the university; 35 percent at private colleges; 180 percent for state colleges, and 134 percent for junior colleges. One-eighth of all first-year college students in the state attend junior colleges.

## Horse Lover Gets Last Wish

LONDON (AP)—In all his 85 years Walter Lavender never forgave the internal combustion engine for replacing the horse. He never rode in an auto.

His granddaughter, Jill Cavanaugh, told newsmen: "He once pointed to a motor hearse and said, 'I don't want to go to my grave in one of them. It isn't fit and proper.'"

"When he knew he was dying, he made my grandmother and me promise that we would get him a horse-drawn hearse."

At first the family had no success. "There isn't an undertaker in the country who still uses horses," they were told.

But Walter will get his wish. A film studio is providing four bays and a splendid black carriage to carry the horse lover to his grave Friday.

Walter in life traveled in his own horse cart. "We had thought," Mrs. Cavanaugh said, "that if we couldn't get this hearse we might take him to the cemetery in his own cart, behind his old mare Brenda. But I'm afraid she might have been too frisky."

## Kerr-Mills Plans Asked For State

ST. PAUL, AP—Minnesota's answer to the pressing social problem of medical care for aged persons is enactment of a bill to take advantage of federal funds under the Kerr-Mills law, lawmakers were told today.

Spokesmen for the Minnesota Medical Association, Health Insurance Association, State Hospital Association and private individuals appeared before the House Health and Welfare Committee to urge passage of a bill to come under the federal act.

Dr. J. L. Falls of Red Wing, chairman of the legislative committee of the Minnesota Medical Association, said legislation must be passed to take care of thousands of persons over 65 "to help them stay on their feet so they won't be forced onto old age assistance."

Congress passed the Kerr-Mills bill in 1960. Federal funds are available to states which pass per-

missive legislation to take care of the medically indigent, exclusive of those on old-age assistance.

Dr. Falls explained that Minnesota has 8,300 nursing home cases and that it costs the state \$17.5 million to care for them under old age assistance. The federal government contributes \$5.7 million for these cases.

However, Dr. Falls added, if the same cases were switched to medical care under Kerr-Mills, the state would receive \$9,872,000 from the federal government.

## Legion Criticizes Hiss Telecast; '5th' Supported

The American Legion post Tuesday evening passed a resolution criticizing a television network for its "Alger Hiss" telecast and heard a defense of the often criticized 5th Amendment.

Donald T. Winder, post American chairman, proposed the resolution criticizing the Veterans' Day telecast by the American Broadcasting system, which included an appearance by Alger Hiss, and also praised the 5th Amendment in a separate talk.

The resolution reads in part: "Alger Hiss was convicted under the perjury statute for denying that he had been a communist spy."

"This post of the American Legion strongly feels that it is not in the best interest of the United States to permit persons known to be subversive or persons whose loyalty to America is highly controversial to have the privilege of having their voices heard within our home through the media of radio or television."

IN DISCUSSING the 5th Amendment, Winder said that its use at congressional hearings and elsewhere often causes some citizens to doubt its value. However, he said that the amendment guarantees some basic freedoms. It reads:

"No person shall be held to answer for a capital or otherwise infamous crime, unless on a presentment or indictment of a grand jury, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war and public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be witness against himself; nor be deprived of life, liberty, or property without due process of law; nor shall private property be taken for public use without just compensation."

IN OTHER BUSINESS the report of the wheelchair committee showed that during 1942 71 persons used the equipment, which includes 22 wheelchairs, a hospital bed, a walker and related items. Members are Joseph Poblacki, James Englerth and Philip Kaczorowski.

Membership was announced at 8:52. Donald Miller, state commander, and Mrs. Philip Adam, state Legion Auxiliary president, will attend the March 19 meeting.

Commander Donald Gray said that the local oratorical contest—with entries from Senior High, Rollingstone Holy Trinity and Cotter High—will be held at Senior High at 7 p.m. Thursday and the district contest at the YMCA Saturday at 2 p.m.

The annual post cribbage tournament is under way with 16 players. Richard Wild, drum major of the Sons of the American Legion Brigade, presented the third place trophy won in the Winter Carnival drill competition.

Reports were made on: Baseball, Maurice Godsey, chairman; David Sauer, Legionville, and George M. Robertson Jr., Boys State.

A memorial service was held for E. J. Gaultier.

#### Judge Changes Verdict in Speeding Case

Municipal Judge S. D. J. Briski changed a verdict of guilty to not guilty following a trial today.

Judge Briski reconsidered his guilty verdict after reviewing his notes from the trial of Ray R. Fisher, 857 W. Howard St., on a charge of speeding.

FISHER was represented by Roger Brosnahan and Richard Darby, assistant county attorney, represented the state. Fisher was charged with speeding at 6:15 p.m. Jan. 24, Highway Patrolman Allison J. Heister made the arrest on Highway 14-61 south of Winona.

Heister testified that he was following Fisher's car near Dakota and that he saw another car ahead of Fisher's, that also was driving faster than the speed limit.

He said that he checked his watch as he passed Fisher's car and noticed that the time was 6:15 p.m. He said that he drove north and arrested the other driver and later arrested Fisher.

Heister testified that Fisher had admitted that he was driving 65 m.p.h. He also mentioned that official sunset on that day was 5:08 p.m.

FISHER TESTIFIED that he was driving 65 m.p.h. but that he thought it was legal.

He testified that the arrest was made at 6:15 p.m., but that Heister had passed him earlier.

Both he and his wife testified that they had noticed the time—5 p.m.—when they were driving through La Crosse. They both said that they continued on toward Winona until they were arrested at 6:15 p.m.

Briski sentenced Fisher to pay a fine of \$25 or to serve eight days. Fisher paid the fine. The fine will be refunded because of the change of verdict.

FOLLOWING the Fisher trial Mrs. Fred E. Fakler, Sugar Loaf, was found guilty of a charge of making an improper turn. She had pleaded not guilty.

She was arrested by police at 3:45 p.m. Feb. 9 at the entrance to Community Memorial Hospital on the Mankato Avenue dike.

Brosnahan was prosecutor in this case. He called the Police Officer Lyle Lattman as the state's only witness.

Lattman said that he was following the defendant's car as they were driving south on the dike. He said that she turned from the

land. The early settlers found a wide diversity of soil and surface: prairie land, timber land, groves, ridges, valleys, bottom lands along rivers and many bluffs.

"Their farm implements were primitive. To break the sod, a breaking plow, often of their own make, drawn by from four to six yoke of oxen, was required, the neighbors pooling their interests and helping each other. By this method about two acres of land could be broken in a day."

"History tells us that Wendelin Grimm who had come to Winona County in 1857 from Baden, Germany, brought a bag of seed with him which he called 'everlasting clover.' In 1900 scientists confirmed his experiment, and 'Grimm's Alfalfa' was named after him."

PASTOR KORN said leading farmers and dairymen who settled in Winona County after emigrating from Germany included Frank Greden who came from Belgium and took a quarter section of land in Mount Vernon Township in 1866; Charles Flugel, Brandenburg, Germany, who came to the county in 1865 and farmed in Mount Vernon Township;

#### Winona Telephone Service Proposed At Rollingstone

ROLLINGSTONE, Minn. — Toll free dialing into the Winona telephone area of the Northwestern Bell Telephone Co. may be included in a proposed general service improvement and expansion program in the Rollingstone area, a Pioneer Telephone Co. official told 20 Rollingstone businessmen Tuesday night at Village Hall.

John L. Hinrichsen, Winona, Pioneer's general superintendent, said the program would also reduce the number of subscribers on rural and village party lines. The toll free part of the plan could be added if Rollingstone customers will support the cost of providing such service, he said.

The speaker said expanding the dealing area always requires additional plant investment to provide more equipment. That makes a rate increase necessary to carry added costs of maintenance and depreciation of this additional investment, he said.

Each customer soon will receive a letter explaining the plan. Enclosed will be a card so customers can express their preferences. When customers' wishes have been determined, the company then will file the proposed program with the Minnesota Railroad and Warehouse Commission.

VFW Post Holds Member Dinner

About 120 attended the annual membership dinner of Neville-Lieu Post 1287 at the Veterans of Foreign Wars Club Tuesday evening.

Ed Holehouse, state VFW Americanism chairman, presented department awards to the two local radio stations—KWNO and KAGE—for broadcasting VFW programs.

The state organization of the VFW is the only one of the VFW departments in the nation which has a program of this nature. The state group has its own network of stations.

It was the first time that the state organization had presented awards to news media.

Presiding at the program was Post Commander Harold Meyers. The Winter Carnival prize frosts, Milton Krutson and Jerry Papefuss, presented citations to Commander Meyers; Floyd Kuhlmann, senior vice commander, and Carl Hargeshier, service officer.

JAMES YOUNG HURT

BEAVER, Minn. (Special) — James Young, storekeeper and cafe owner here who recently fell and received a leg injury, is spending an indefinite time at the home of Mr. and Mrs. George Lemke, rural Plainview.

DISTRICT ATTORNEY John Flynn and County Traffic Police Chief Edward Tabbert said an investigation was being made into circumstances of the accident which might lead to charges arising out of where the underage youths had purchased beer earlier in the evening.

The car was not equipped with seat belts, officers said.

Auto Wrecker Sentenced for Illegal Burning

Jude Whetstone, 256 Jefferson St., will be spending the next eight days in jail, according to police.

Whetstone, owner of Whetstone Auto Wrecking, pleaded guilty in municipal court today to a charge of violation of a city ordinance regarding burning during the daytime.

He was sentenced to pay a fine of \$25 or to serve the eight day jail term. When he did not pay the fine he was committed to the city jail, said police.

He was arrested at police headquarters at 8 a.m. today. The arrest came on a complaint from Fire Chief John L. Steadman. Steadman claimed that Whetstone was burning old cars at the wrecking yard during the daytime on Feb. 11.

According to a fire department report, they extinguished a fire at the wrecking yard at 4 p.m. and another at 5:30 p.m. on the same day.

CHILD ILL AT ROCHESTER

PLAINVIEW, Minn. (Special) — The young son of a Kasson couple, former Plainview residents, is a patient at St. Mary's Hospital, Rochester, with apparent spinal meningitis. Mrs. Don Wallich is staying at the hospital with her son Bruce.

## Cold Wave Hits, Below Normal Readings Due

A cold wave moved into the Winona area overnight, dropping temperatures to 8 above at 7 a.m. 2 at noon and promising to send them into the -10 to -20 range tonight.

Mostly fair tonight and Thursday is the forecast with strong northerly winds diminishing tonight, followed by severely cold weather. After tonight's low of -10 to -20, a high Thursday of 5 to 10 above is expected. At noon the wind was 25 miles per hour with gusts up to 35.

Scattered light snow and continued cold is the outlook for Friday.

THE EXTENDED forecast for the next five days indicates temperatures will average 6-12 degrees below normal with normal highs 25 to 32 in the afternoon and nighttime lows 5 to 12 above.

Precipitation is expected to average .1 of an inch as intermittent light snow Friday and again Sunday or Monday.

The Minnesota and Wisconsin highway departments reported drifting on highways in the snow areas, especially in the Fox River Valley of Wisconsin and the northern portion of both states.

Elsewhere main highways were reported in good winter driving condition.

THE COLD WAVE dropped the thermometer to -20 at International Falls this morning and gave Bemidji a -17 reading. Duluth had -10 and Winnipeg, Canada, -23.

The thermometer rose to 33 in Winona Tuesday afternoon. Some snow fell over the moon Tuesday but clear weather prevailed today.

A year ago today Winona had a high temperature of 26 and a low of 5. Six inches of snow lay on the ground. The all-time high for Feb. 20 was 61 in 1930 and the low -27 in 1929. The mean for the past 24 hours was 20. Normal for this time is 21.

NEAR BLIZZARD conditions in northwestern Minnesota today created hazardous driving conditions and the state Highway Department was discouraging travel in that section.

Strong northerly winds brought bitter Arctic air, dropping temperatures over the northwest to well below zero before noon. The frigid influx is expected to drop readings to around 30 below in northern Minnesota and North Dakota tonight.

Worst driving conditions were reported in the areas of Detroit Lakes, Bemidji and Crookston—where winds of 35 to 45 miles an hour caused blowing snow and dust.

Highways had icy spots north of a line through St. Cloud.

With the cold wave conditions there hazards were not expected to improve today and tonight, and the Highway Department said they were likely to worsen.

WISCONSIN roads north of a La Crosse to Manitowish line had occasional to frequent slippery spots today due to three to four inches of snow and drifting. The State Highway Department reported today.

All roads south of the line were clear.

Park Falls registered 6 below zero, Wausau 1 below and Eau Claire zero. Other overnight temperatures included Green Bay 6, La Crosse 8, Lone Rock 15, Madison 16, Beloit-Rockford area 18 and Milwaukee airport and Racine 20.

inside or left lane across the outside or right lane into the hospital driveway.

Mrs. Fakler said that there was snow in the outside lane and that she felt that it was not safe to drive there. She said that the officer had told what had happened.

She was sentenced to pay a fine of \$15 or to serve five days. She paid the fine.

HE DISCUSSED the county's German churches. The oldest German Lutheran Church in the county is St. Martin's Lutheran Church founded in 1856. Other pioneer churches included St. John's Lutheran Church, La Crosse; St. John's Lutheran Church, Lewiston; Immanuel Lutheran Church, Silo; Trinity Lutheran Church, Norton Township; Jehovah Lutheran Church, Altura; St. Matthew's Lutheran Church, St. Charles; St. John's Lutheran Church, Nodine; Bethany Moravian Church; German Methodist Episcopal Church, Winona; German Presbyterian Church, Winona; German Zion

## Board Won't Remodel Old Hospital Building

Plans for remodeling the former Winona General Hospital into an approved nursing home have been all but discarded.

Hospital association directors rejected all three bids for the project at a meeting Tuesday afternoon. Contractors' proposals ranged from \$534,000 to \$577,000 for the work. Directors had hoped to get a contract for not more than \$300,000.

EARL W. Hagberg, hospital administrator, said directors were unwilling to commit the association to a half-million-dollar outlay. Rigid requirements by the state health department and fire marshal act to block any large cutbacks or

## City Grade Schools Close Friday Noon

Classes in the elementary grades of the Winona public schools will be dismissed at noon Friday for parent-teacher conferences.

Dr. Carol Hoff, director of elementary education, said today that arrangements are being made for conferences in each of the elementary schools of teachers and parents of children in kindergarten through sixth grade.

Because of the early dismissal there'll be no noon lunch served in the elementary schools Friday.

Classes in the junior high schools and Senior High School will continue on regular schedule.

## Youth Injured At La Crosse Remains Serious

SPRING GROVE, Minn. (Special) — Robert Charles Ristey, Jr., 17, La Crosse, remains in serious condition in a Madison, Wis., hospital.

Ristey, formerly of Spring Grove, is a nephew of Harry William Mabel.

RISTEY WAS a front-seat passenger in a car that went out of control about three-quarters of a mile east of the La Crosse city limits about 9:30 p.m. Saturday. The driver, John H. Knutson, 16, Decorah, Iowa, died.

Ristey's leg was mangled above the knee Tuesday. It was badly broken when he was thrown from the vehicle. He also has a broken back, relatives said, and was reported to be paralyzed from the waist down when transferred to Madison Monday. He is scheduled for surgery on his spine Friday.

His grandmother, Mrs. Lloyd Williams, Mabel, is with him. His mother, Mrs. Ronald Johnson, resides at Spring Grove. His father is Robert C. Ristey Sr., La Crosse.

AMONG FOUR other youths injured in the mishap was Charles Doley, 17, Spring Grove, who was taken to Lutheran Hospital, La Crosse, with a leg fracture. It is in traction, a cast will be applied later. His condition was reported satisfactory.

Knutson apparently was killed when his car rolled over him. The car left a level road and plunged down a 40-foot embankment, overturning before it ended up 240 feet from the highway. The other three passengers received minor injuries.

## Another Gas Station Hit; \$500 Missing

Early this morning police found that Jerry's Skelly Service Station near Highway 61 and Pelzer Street had been burglarized and that approximately \$500 was taken.

Entry was gained through a window at the rear of the station, they said. The window was broken and a metal filing desk inside was pried open. A metal cash box containing the \$500 was taken from the desk.

Jerry's Skelly is north across Highway 61 from Mike's Standard Service which was burglarized early Tuesday morning. An undetermined amount was taken from Mike's Standard in the burglary, according to police.

Jerry's Skelly is operated by Gerald Northrup and Mike's Standard is operated by Merlin G. Richardson.

## Winona Debaters Near Season End; Miss State Place

The Winona Senior High School debate team will close out its season when it participates in the Burlington (Iowa) High School Invitational Debate Tournament March 1 and 2.

The four-member squad coached by Robert Neujahr, last week-end competed with 22 other teams from throughout the state in the Minnesota high school debate tournament at the University of Minnesota.

Members of the Winona team which gained the state tournament after winning the Region I title were Barbara Ferguson and Richard Tezak, affirmative, and Tony Schima and Carol VanThomma, negative.

The tournament was won by Mankato High School with Hopkins placing second. Neither Rochester, runnerup in the regional, nor Winona placed in the state meet.

## Retired Official To Be Honored At La Crescent

LA CRESCENT, Minn. (Special) — Miss Katherine McCaffrey, recently retired from La Crescent State Bank, will be honored at a dinner Thursday at 6:30 p.m. at the Commodore Club.

Miss McCaffrey was assistant cashier at the bank 21 years and also served as assistant vice president the past two years.

# It Happened Last Night Kennedy Rocks 50 Miles a Day

By EARL WILSON

NEW YORK — Some of us were talking about Bobby Kennedy hiking 50 miles, and a very inquisitive party asked, "Does President Kennedy walk 50 miles a day?" Broadway Producer Arthur Cantor, who was with JFK at Harvard in the class of '40, now referred to as "Jack's Class," fired back, "No Jack rocks 50 miles a day!"

The gossipers report Lauren Bacall and Jason Robards Jr. find but well bet even money "tish" and won't be true. . . . Wasn't Judy Garland's collapse due to her stringent diet which made her look 18-years-old then? She'd been very nervous lately — one recent TV taping session, she didn't feel like working till 4 a.m. . . . Ava Gardner, her hair straight back, wearing little makeup, and very beautiful, emerged from seclusion to watch Lena Horne at the Waldorf and Peter Duchin at the St. Regis — with her sister and brother-in-law — and no beau of her own.

Dagmar's expecting — but let's get this straight: She's expecting a colt. She gave her bridegroom 7 months, comedian-singer Dick Hinds, a quarter-horse as a gift, and "Nellie Belle" will soon be having a baby quarter-horse up at Southbury, Conn.

Sir Cedric Hardwicke—here rehearsing "Too True to Be Good"—reminded me he pronounces it "Seedrick." Once in Toledo, a reporter argued with him about the long pronunciation, insisting it should be pronounced "Seedrick." Hardwicke replied, "I'm very glad to learn that here in Toledo."

MONIQUE VAN Vooren put on a short, thin, skimpy, leggy skating outfit and went on the ice at Central Park on skates—and I went along in a heavy overcoat to interview her for a TV show. Believe it or not, "The Belgian Bulge" skates beautifully — except, naturally, being so well developed, she's a little topheavy. Monique even took off her fur jacket, and skated around in her thin blouse and shorts, for her art, while the crowds in the park whistled. I was numb with cold, but when I so reported later, numerous "Bwayites" exclaimed, "Come on, now. You were cold—when you were that close to Monique Van Vooren!"

Monique, wearing pants, baggy sweater and a black wig, is often seen on the rink at nightfall—not recognized—just trying to improve her skating technique. "But I should take up a warmer hobby," she shivered.

## Tense Nerves Block Bowels

New laxative acts on  
colonic muscles...de-constipates overnight.

The muscular wall of your colon contains nerves known as "Auerbach's Plexus." In regular people, these nerves tell the colon muscles to propel and expel waste from the body. But tense nerves or emotional upset can block your normal bowel habits. Your colon muscle impulses are no longer strong enough to eliminate waste—which dries and shrinks, further aggravating the condition.

The most effective relief, many doctors say, comes from a bulking action combined with a colonic nerve stimulating action. Of all leading laxatives

only a new tablet called Colosax gives you this special combination for 3-day overnight relief.

(1) Colosax stimulates colonic nerve network, to further activate and regularize its muscular "movement." (2) Colosax's unique re-bulking action helps re-tone tense colon muscles. (3) Colosax moistures for easy passage without pain or strain.

Colosax even relieves chronic constipation overnight; yet it is clinically-proved gentle even for expectant mothers. Get Colosax today. INTRODUCTORY SIZE 43c.

## McCone Pinned Down in Cuban 'Picture Gap'

WASHINGTON (AP) — Intelligence chief John A. McCone has been questioned at a secret House briefing about a so-called "picture gap" in the aerial surveillance of Cuba during the Soviet missile build up, it was learned today.

Informers sources said McCone was pinned down on the issue Tuesday, but because of security considerations the sources would give no further details. The Central Intelligence Agency director briefed the House Foreign Affairs Committee behind closed doors and answered questions for more than three hours.

The "picture gap" is a blank stretch from last Sept. 5 to Oct. 15 in the aerial photographs made public two weeks ago in an extraordinary two-hour television briefing by Secretary of Defense Robert S. McNamara and an intelligence aide.

In all the 60-odd photographs flashed on the screen, none fell in the "picture gap," a critical time period at the end of which the Soviets were discovered actually to have readied intermediate-range missiles that could reach deep into United States territory.

Pat Boone turned comedian in his act at the Las Vegas Sahara in the manner of Eddie Fisher (though both probably got the idea from Frank Sinatra and Dean Martin, who doubtless got it from Al Jolson). Boone told his audience, "I'm just an old man to the current crop of young singers. Why, I was talking to Paul Anka, and he thought Rudy Vallee was a ski resort."

JOHNNY MATHIS, now starring at the Copacabana, was examining possible gifts for a girl acquaintance at a 5th Ave. jeweler's and asked the price of one item. "It's \$5,600," said the salesman. "It's unusual shape makes it a wonderful conversation piece," replied Johnny. "Who wants to talk THAT much?"

Film producer Joe Levine—who's turned stage producer with Peter Ustinov's "Photo-Finish"—says the newspaper strike is the worst blow that producers could suffer. "Radio and TV can't take the place of the papers," he says. "The newspaper reviews stir up interest and controversy." Levine met one drama critic on B way and told him, "I'm so crazy to start reading you guys again, I'd

even welcome a lousy review."

TODAY'S BEST LAUGH: As comic Rip Taylor tells it, "The Internal Revenue's idea is that your money is only given to you to hold for them."

WISH I'D SAID THAT: "A very good idea for making sure that crime doesn't pay would be to let the gov't run it." — Uncle Levi Zink, Farm Journal.

EARL'S PEARLS: Church sign: "Life is Fragile. Handle with Prayer."

A farmer in New Jersey was annoyed by fast drivers who sped past his place, endangering his children and chickens. After his "slow" sign failed, he put up another one which slowed them down immediately. The sign: "Nadist Camp Crossing." That's earl, brother.

Moose Lottery  
A bill setting up a "moose lottery" for Minnesota has been introduced in the Legislature by three prominent northern Minnesota legislators, Senator Homer Carr, Duluth, Senator Gordon Butler, Duluth, and Senator John McKee, Bemidji. It is known as Senate File 334.

It limits the number of licenses not to exceed 2,000, the exact number to be set by the conservation commissioner. It probably would be half that number, at least for the first year, to control the hunting, and sample public reaction.

Here is the lottery arrangement. Three hunters must get together in advance of July 1, and make a joint application for a license. Each one pays a dollar. The more applications the merrier, but no hunter may apply for a license more than once. You can't spend ten dollars and put your name on ten applications. There will be no refund to unsuccessful applicants.

All the applications will be thrown into a barrel and the number specified by the commissioner drawn. The winners will be the trio that are going moose hunting. Each of these successful lottery winners, however, must pay \$5 before the licenses will be issued. The bill as drawn does not state or mention sex. As it stands, it's any moose, just like the present deer arrangement.

The commissioner will set the season between Sept. 15 and Dec. 31, for the number of days deemed necessary to control the moose herd, and to harvest the surplus. Only one moose may be taken by the three successful hunters. The law does not provide how they will divide the moose. Applications must be residents of the state, and over 16 years old.

Whether there is a need for a moose season in Minnesota or not is still a debatable question. We have not received or read of many reports of moose damage and there is little opportunity for such damage in the wilderness areas along the border they inhabit. How much value moose have as a tourist attraction is also questionable. Few persons ever see one in the wild.

It's a memorable thrill, however, to be moving to a fishing spot on a border lake and look shoreward and see one feeding in the tall shore grass. Perhaps the guides do it every morning, to see the exciting eyes of the fishermen or the mad struggle to reach a camera, which is never handy when you want it.

Of course, there is no assurance that this bill will be enacted into a law. It still has to pass the game and fish committee.

## Public Wisconsin Vote on Age for Buying Beer Asked

MADISON, Wis. (AP)—The question of a public vote April 2 on proposals to change Wisconsin's legal age for purchasing beer turned into a fight among Republicans in the State Senate Tuesday.

The controversy was sparked by Leo P. O'Brien, R-Green Bay, when he moved the House lake immediate action on the proposal. He heads the committee which received the resolution, introduced by Ernest Keppeler, R-Sheboygan.

The proposal would ask voters in a referendum whether they favored continuance of the present 18 year minimum or wanted a uniform 21-year-old limit.

About two-thirds of the rubber consumed in the nation is used in automobiles.

DEAR ABBY:

## Buying Lingerie For Other Women

By ABIGAIL VAN BUREN

DEAR ABBY: My husband and I have been fighting about this ever since Christmas and I'd like it settled. The employees at his office exchanged names and each one put down what he (or she) wanted for Christmas. The girl whose name my husband drew put down she wanted a red silk slip! I told my husband that over my dead body he'd buy another woman a red silk slip. He said I was narrow-minded and a poor sport, but I held my ground and he finally bought her a nice bottle of cologne instead. He still throws it up to me that I was a poor sport. Is it proper for a man to buy intimate apparel for someone other than his wife, or WAS I a poor sport?

JEN

DEAR JEN: Tell your husband that you are frankly jealous and admit to being a poor sport when it comes to his buying lingerie for other women. He'll love you for it. And I'll bet he shuts up.

DEAR ABBY: Thank you for telling that woman not to complain because her husband never said "I love you." That talk was cheap, and if he supported her and behaved himself, she should be satisfied. I left my husband some years ago because all he said was "I love you" — but before we had been married a year, he had broken every rule in the book. And while his "I love you's" were still ringing in my ears, he was bouncing me off every wall in the house.

SICK OF "I LOVE YOU"

DEAR ABBY: If you go to a prom with a very nice, but very shy, boy and at intermission he invites another couple to go for a ride with you, and the other couple is very mushy and they are sitting in the back seat necking like there is no tomorrow and the boy who is necking yells to your date that he had better hurry up and kiss you or he will show him how — what are you supposed to do? (That's not a very good sentence but that is what happened to me and it was very embarrassing.)

SOPHOMORE

DEAR SOPHOMORE: You are supposed to pretend you are deaf. And if your date gets flustered, turn up the radio and drown out the cheering action.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

## Minnesota Doesn't Need Worlds Fair

IN A BURST of enthusiasm, a member of the Legislature has proposed that Minnesota put on a Worlds Fair a few years hence. The desire is laudable, but hardly necessary. Minnesota already has a Worlds Fair 12 months of the year.

At the moment it centers on the snow-clad bluffs, the frozen lakes dotted with fishing houses, the tall Norway pines in the northern part of the state waving gently in the winter breeze. In the spring it centers on the verdant hills along the Mississippi River through picturesque Hiawatha Valley and in the fall the panorama of colored-leaves throughout the state can be duplicated in but few places on the face of the globe.

THIS TRULY IS the "Theater of the Seasons," although that apt slogan never caught the public's imagination. In the fall the colors follow downriver to our area where it divides Minnesota and Wisconsin, with high bluffs enhancing the beauty of the Southeastern Minnesota hardwood forest. It is here where the maples throw out their red and gold in variation to the oaks, birches and evergreens of the north country.

This unsurpassed scenery is virtually everywhere in Minnesota—you don't have to stand in line and pay a buck to see it. When you do arrive at a scenic spot you can enjoy it in the serenity of nature's silence, without the ballyhoo of a carnival act alongside it. But this is only one phase of Minnesota's Worlds Fair.

Through every season of the year the show is on in its natural setting. Autumn turns into winter with its snowy wonderland of skating, skiing and tobogganing. Bringing this to a focal point each year are Winona and St. Paul with their Winter Carnivals, a companion piece to Minneapolis' Aquatennial. And the Aquatennial, even with its delightful splash, is only a ripple of summer against the backdrop of Minnesota's famed Ten Thousand Lakes. Here our Worlds Fair fans out in all directions, bidding tens of thousands of citizens from less fortunate states. It's a headliner feature that starts in the spring and runs way into autumn.

THE MESABI RANGE and the North Shore are powerful exhibits in Minnesota's Worlds Fair and when a season closes in on them, you always know there is going to be a next season.

Added attractions to our Worlds Fair are numerous—but to mention a few, Winona puts on Steamboat Days, Fairmont has its Sweet Corn Days and Worthington its Turkey Days. Willmar offers a Kaffee Klatch, La Crescent its Apple Festival, Waseca determinedly stages its Horse and Cutter Days, even though the Chamber of Commerce has to haul in snow. The Minnesota Historical Society organizes bus tours to exhibit the state's glories and the Minnesota Railfans Association is always able to put its finger on some old steam locomotive for a couple of nostalgic excursions each summer.

Then there are the established fairs—like the Minnesota State Fair, one of the finest in the country, and more county fairs than there are counties.

LET SEATTLE and New York put on their Worlds Fairs. Let them whoop it up with a lot of glitter and gloss—and a bit of fakery. Minnesota has much more to offer, and it isn't fenced in.

## New 'Labor' Chief Not Political Newcomer

THE BRITISH Labor party's new leader, Harold Wilson, has been involved in politics at the national level for many years though he is now only 46. His rise to the position vacated by the death of Hugh Gaitskell is of particular note because, as head of an opposition which poses a severe threat to the Conservative government, he stands a good chance of becoming Britain's next prime minister.

This strong possibility has a solid basis. In current public opinion polls, the Labor party holds a substantial lead over the party in power. The Macmillan government has had rough going, in part because of the Common Market defeat.

WILSON'S character and background are thus more than ordinarily significant. Although he had the solid backing of the party's left wing in his bid for leadership, he seems likely to steer a course nearer the middle of the road than the leftwingers would like. The extent of his lead over George Brown, the deputy party chieftain, indicates that many former Gaitskell supporters from the center voted for him.

Wilson himself has taken pains to declare his independence of left-wing control within the party. Although he once opposed Gaitskell when the latter vowed unremitting battle against the policy of unilateral disarmament, it seemed evident that he did not favor such a policy but sought to prevent dissension within the party.

NOW HE HAS said the party "stands foursquare" behind NATO and would, if it came into power, seek "a close working relationship" with the United States. There is little reason to fear that this would not be the case.

Fear of automation is now gripping even the white-collar worker. That makes it practically unanimous.

Undersecretary Ball says critics should quit attacking U.S. Cuban policy. Some critics will agree to this — if the U.S. will attack Cuba.

Wherefore, sirs, be of good cheer: for I believe God, that it shall be even as it was told me. (Acts 27:25)

## HOW DO YOU STAND, SIR?

## What About Cuban Forces?

By SEN. BARRY GOLDWATER

"The intelligence community of the United States government continues to keep under close surveillance and to report currently on this extraordinary deployment of sizeable Soviet military forces into the Western Hemisphere."

The above quotation is from a statement supplied to the Senate Preparedness Subcommittee on Feb. 6 by John A. McCone, director of the Central Intelligence Agency.

His testimony was part of an elaborate program staged by the Kennedy administration in an attempt to overpower critics of the government's Cuban policy. Another part of that carefully-staged program was Defense Secretary McNamara's unprecedented two-hour televised press conference.

I must say the administration's performance was impressive, containing as it did the displaying of giant-sized blow-ups of aerial reconnaissance photographs interspersed with assertions by the Defense Secretary that offensive Soviet weapons have been removed from Cuba and have not been reintroduced.

But the real eye-opener for most Americans was the size and formidability of Soviet military installations which Secretary McNamara described as "defensive." While describing Cuba as "a lessening military threat," the secretary and his aides also demonstrated that there is now placed on Cuba Soviet air defense missiles, coastal defense missile sites, guided missile patrol boats, tanks, assault guns and other weapons. In addition, he reaffirmed the administration's estimate of 17,000 Soviet troops on the island.

THIS, OF course, is what Mr. McCone had reference to when he talked to the Preparedness Subcommittee about an "extraordinary deployment of sizeable Soviet military forces in the Western Hemisphere."

The whole point of the administration's performance on Feb. 6 seemed to be to prove that Soviet military strength in Cuba is now sufficient to mount an attack on the United States. As important as this point obviously is, I doubt if it is the only question regarding Cuba that the administration's critics and the American people are concerned about.

I suggest we forget all about the "numbers game" being played by some members of Congress and Cuban exile leaders concerning the number of ships loaded with munitions in the caves of the Caribbean island. I believe it is sufficient to take the administration's own estimate of the situation and go on from there.

HOW MANY Americans, for example, want an "extraordinary deployment of sizeable Soviet military forces" camped on our Southern doorstep? How many freedom-loving Latin-American countries can accept this ominous presence and go on blithely to implement programs such as the Alliance for Progress? How much of this so-called "defensive" force is being transhipped to other countries of the hemisphere for "offensive" purposes?

It is, of course, some comfort to know that this "extraordinary deployment of sizeable Soviet military forces" is being kept under surveillance. But that doesn't detract from the fact that it exists and that nothing is being done — and apparently nothing is planned — to reduce or remove it.

I SUGGEST that the Kennedy administration has fallen into a Soviet trap by committing itself to the premise that "defensive" weapons of Russian origin, manned by trained Russian cadres, are an acceptable fixture in the Western Hemisphere.

How do you stand, sir?

## I'M DISAPPOINTED IN YOU—

## THE WASHINGTON MERRY-GO-ROUND

## Fish-Preserving Solon Asks New Sewage Plant

By DREW PEARSON

WASHINGTON — The battle of sewage disposal opposite the home of the father of our country will come up for secret debate Thursday in a closed-door session of a House Appropriations Subcommittee.

For some time Rep. Mike Kirwan of the Youngstown, Ohio, Democrat has been pulling for a sewage disposal plant on the Maryland side of the Potomac River opposite Mt. Vernon. Congresswoman Frances Bolton, also from Ohio, but a Republican, has been pulling against him. She wants to keep the banks of the Potomac opposite Mt. Vernon clear of ugly buildings, smoke stacks, etc., and with her own money purchased 155 acres of land directly opposite Mt. Vernon to foil her Democratic colleague from Youngstown.

How ever, Kirwan and the Washington Sanitation Commission now want to move a bit further down the river, to Mockley Point, which still will interfere with the beautiful vista which George Washington had of the river when he located his famous mansion at Mt. Vernon.

Actually, Congress last year had voted to set aside 1,186 acres of the Maryland shoreline for public use. But Kirwan, who is chairman of the subcommittee voting funds for parks, promptly squelched the money to carry it out. It was at this point that Mrs. Bolton stepped in with her land purchase. Meanwhile certain real estate developers are hot to build a housing development on the land that's left and use the sewage system which Kirwan wants at Mockley Point. For some reason they seem to have a lot of influence with the congressman from Youngstown.

COL. HARRY AYRES, publisher of the Amision Star, also a strong Wallace supporter, asked him editorially: "To avoid bringing to Alabama the reproach felt as southerners both in and out of Mississippi because of the Oxford debacle . . . The consensus of the governor's friends very definitely is that he should stay

town. He, incidentally, raises the money for the re-election of Democratic congressmen and collects that money from all sorts of people.

KIRWAN IS a congressman who got \$10,000,000 voted last year for an aquarium—according to Sen. Wayne Morse—a "fish hotel" for the District of Columbia. But Kirwan does not seem to favor equal beauty outside of the water.

Tomorrow, he will meet with his subcommittee to decide the fate of the beautiful vista opposite Mt. Vernon. The meeting will not be open to those most interested in preservation of the Potomac—the public.

The last state to experience desegregation pangs is now in the final throes—Alabama.

Gov. George Wallace, the handsome, fiery segregationist, who declared, during his election campaign, that he would "draw a line in the dust" and dare any federal troops or marshals to advance beyond it, is now being pushed by friends to reconsider.

Such a powerful supporter as the Montgomery Advertiser came out last week with this vigorous editorial: "The state of Alabama and its governor are going to sup sorrow unless the governor makes it clear there isn't going to be any violence or mob rule. The Advertiser, which was Wallace's chief newspaper support in two campaigns and which bears him affection and esteem . . . is distressed to have to say that the governor has evaded any opportunities to make himself plain on violence. He has thus evaded his duty."

THIS IS an interesting explanation of how the property of one man is taken for the subsequent use of another. It's especially interesting that the congressman was living in an "expanded shack," because those who have seen the shack say it was a very comfortable and attractive cottage, though not as elegant, to be sure, as his present house, variously estimated as worth between \$50,000 to \$70,000.

However, Puerto Rican law seems to cover a lot of things. For instance, El Imparcial, commenting on my recent Powell column, calls the congressman's present home a "paradisiacal residence" and goes on to tell how Puerto Rico had appraised the property of 23 residents in 1960 for future expropriation, and notified the owners that they could not make any improvements or changes in their homes. Three years have passed. The owners have neither been paid nor permitted to modify or repair their homes.

"This administrative feudalism," says El Imparcial, "is something for the primitive tribes, not for Puerto Rico."

On Nov. 6, 1962, the H.M.S. Cook, exploring a vast undersea canyon of the Philippines with echo-sounding equipment, hit bottom at 37,785 feet.

## TODAY IN NATIONAL AFFAIRS

## New Recession Already Begun

By DAVID LAWRENCE

WASHINGTON — President Kennedy has just told the country that his tax proposals must be adopted by Congress to prevent a recession. But, due largely to psychological factors, the recession has already begun. The only question now is how deep it is going to get and how long it will last.

The recession started when the President announced that he was deliberately planning a budget deficit in addition to the deficit already being incurred. Momentum was added when the President declared that, coincidentally, taxes would be raised by so-called "reforms" and that the reduction in tax rates would be spread over three years.

This combination of giving and then taking away much of what is given is a frightening business, especially since there was no sign of any policy to stop the spending spree of the government. Projects that could readily be postponed were new appropriations were urged just the same by the President, irrespective of their impact on the fiscal condition of the country.

Today labor calls the tax program inadequate. The U.S. Chamber of Commerce favors a tax cut but insists on a reduction in government spending as well. Economists are nervous. Investors are cautious.

Tax changes of major proportions involving a planned deficit are similar to a surgical operation. Sometimes the patient gets worse and sometimes he recovers. But nobody ever plans an operation on the body that he really doesn't need—or a deficit that he can't afford.

A TAX CUT by itself would be a stimulus to business. But if unaccompanied by corresponding savings of a substantial amount in the budget, it causes fear of inflation. This means upward price changes and instability due to a decline in the purchasing power of the dollar.

What has happened in the last 30 days is that, upon reading the President's tax proposals, business became confused. Uncertainty developed. Hesitation is an inevitable sequel. Only those expenditures in which commitments have already been made are carried out. Anything that can be deferred is postponed indefinitely. A wait-and-see attitude ensues. Business doesn't usually operate on a three-year basis, and neither do most individuals. It's the 10 or 12 months ahead that constitute the main horizon.

TAX CUTS are always helpful, but they can be ruinous to the fiscal soundness of the nation unless expenses are cut, too. It may be "spurious" as one of Mr. Kennedy's advisers termed it, to balance the budget, but the American people want to see a trend in that direction instead of away from it.

The President often asks critics for alternatives. A program of tax cuts plus a program of economies in spending appears to be the only answer to Mr. Kennedy's dilemma. Tax "reforms" should be postponed. Most important of all now is the necessity for the administration to recognize the danger and meet it at once before the recession intensifies.

A persuasive example of how dangerous tax "reform" can be is already available. The Democratic party in Congress is just as much responsible for the blunder in this case as is the President. Carelessly and without weighing the consequences, Congress passed the new law on expense-account deductions, phrased in vague language. The Treasury has recently interpreted these vague phrases, and this has brought depression in the restaurant and hotel business. But, it will be said, that's a small part of the economy. The facts, however, prove how short-sighted such a view can be.

FOR OVER the week end Clyde Davis, president of the Chicago Livestock Exchange, made a speech in Chicago declaring that cattle prices have suffered their worst setback in years. He said a wide

Mothers' March  
Extends Thank You

To the Editor:

A very special thank you to the people of Winona who donated to the Mothers' March of Dimes. A thank you also to the ward chairman, precinct captains and block workers who helped to make the 1963 March of Dimes a success. Because of the limited time to work on the drive, we were overjoyed at the response and support we received from the people of Winona.

We would like to personally thank the marching mothers who covered the blocks in the city to make this a success. Without their support and their wonderful cooperation and the time they devote to such a worthy cause it would be impossible to carry on such a campaign.

We are deeply grateful to all who helped to make the Mothers' March of 1963 so successful.

## To Your Good Health

## Answers To Your Questions

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Is hemorrhaging always fatal in tuberculosis? Have some patients died of the disease without ever having hemorrhaged? Is it possible to be cured and still hemorrhage?—H. S.

No to the first, yes to the second. And as to the third, if the T.B. is cured I would not expect hemorrhage, but remember that the lungs may be badly scarred, or some other condition may be present, so the answer must be that "it is possible."

Note to Mrs. G. F.: I don't know of any evidence that Vitamin E could be of benefit in heart cases. I don't know of any harm it could do, either.

combination of developments has hit the cattle and beef market almost simultaneously in the last three months. The dock strike hurt, too. Foreign beef came in last year at a record-breaking pace. Finally tax rulings curbed business dinners and entertainment expenses in business, which in turn caused a cut in the buying of top beef by some of the higher-priced restaurants and hotels. It was the straw that broke the cattle market's back, Mr. Davis said.

"The tax ruling on expense accounts makes it more difficult to wine and dine customers. This development is becoming a more important factor in the depressed beef markets."

Pepin School  
Addition Bids  
Total \$221,844

PEPIN, Wis. (Special) — Apparent low bids for construction of an 11-classroom elementary addition to Pepin High School, plus band room, separate heating facilities, teachers room, offices and store-rooms, totaled \$221,844 when the school board opened bids Tuesday night.

The board voted to accept the low bids in each category. There were 11 general contract bidders, three electrical, four plumbing and, five heating and ventilating.

BUCHHOLTZ Construction Co., Durand, Rt. 2, submitted the low bid for general construction at \$146,850. The board voted to take three alternates, adding \$1,196 for classroom cabinets, \$3,359 for concrete curb and gutter on the east and south side and sidewalk on the south side, and \$1,550 for laying vinyl asbestos tile on the landings of the original school and repairing and padding the stairs.

Total of the general contract with alternates is \$155,046. Buchholtz put in a bid of \$851 for bituminous paving on the west side of the new grade school building as an alternate. The board took an option on it but has made no decision.

Other low bidders were: Mutch Electric, La. Crosse, electrical work, \$15,907; Fisher Well Drilling, Inc., Durand, plumbing, \$13,911, and Early Plumbing & Heating, River Falls, heating and ventilating, \$36,980.

BASE BIDS of other general contractors were: Market & Johnson, Eau Claire, \$181,845; Hoepner & Bartlett Co., Eau Claire, \$173,042; Arnold Construction Co., Arcadia, \$158,820; Weis Builders, Inc., Rochester, \$154,330; L. G. Arnold Construction Co., Eau Claire, \$165,000; Walker Construction Co., Eau Claire, \$188,600; Keller Construction Co., Winona, \$163,300; Roth Bros., Mauston, Wis., \$151,490; W.M.C. Inc., Winona, \$155,700, and Loeffel-Engstrand Co., Minneapolis, \$174,600.

Other electrical bidders were: C. R. Stocks Electric Co., Eau Claire, \$20,397, and Utility Electric Co., Inc., Eau Claire, \$17,438.

Some companies bid on plumbing, heating and ventilating. Halverson Bros., Menomonie, bid \$18,137 on plumbing and \$42,020 on heating and ventilating. Fisher Well Drilling, successful plumbing bidder, bid \$39,981 on heating and ventilating.

Kirkhof Plumbing & Heating Co., Rochester, bid \$37,900 on heating and ventilating. Evenson Plumbing & Heating, Hudson, bid \$23,220 on plumbing and \$42,190 on heating and ventilating. Early Plumbing & Heating, low on heating and ventilating, also bid on plumbing—\$14,778.

BUCHHOLTZ designated 180 days for construction. With building beginning in spring, the building won't quite be ready for fall opening, said Harold C. Lundie, school administrator.

The school also plans to move its home economics quarters to the top floor of the high school this summer.

Building will be financed by a bond issue. The board recently sold a \$365,000 issue at 3.208 percent net interest. The issue was sold to include the district's present \$227,500 debt.

UNDERGROUND PARKING

PARIS (AP) — Subterranean streets and parking garages are the only solution to Paris' pressing traffic problem, says Pierre Tattinger, chairman of the Paris municipal council.

Other important problems of Paris are lodging and water supply, said the municipal council chief. Only 50,000 lodging units are being constructed each year, he said, but 75,000 additional units are needed, annually.

Water problems are becoming serious and he advocates a project to take water from the Loire River region.

BLAIR FARMER HURT

BLAIR, Wis. (Special) — Harry Melby, Blair area farmer, is confined to Tri-County Memorial Hospital, Whitehall, with head injuries. He was trying to pull a heifer across the alley into a stall when she suddenly jumped forward, throwing Melby against a studding. It had several protruding nails. Twenty-five stitches were required.

officiating. Burial was in Calvary Cemetery.  
Pallbearers were Vernon Schorer, Ed, Orvin Angst, William Hanson, Ambrose Glavichski and Joseph and Marcus Bremer.

ALMA, Wis. (Special) — A Rockford, Ill., man, formerly of independence, was placed on probation for two years in Buffalo County Court here Monday on a charge of cohabiting and associating with a person not his spouse.

Earl Stoberg, 30, was placed under supervision of Gene McNaughton, Menomonie, probation officer with the state Department of Public Welfare. He also was ordered to pay all expenses involved in the case. While awaiting arrival of the probation officer, he is confined to the county jail here.

STORBERG WAS married and divorced and now is married the second time, the court learned. He has two children by each marriage. The court was informed by District Attorney Pat Motley, prosecuting for the state, that Stoberg served 14 months in the state reformatory at Green Bay on a non-support charge during his first marriage.

Stoberg leases a truck and hauls merchandise from the Midwest to the East coast. While in this area he has been staying at Mondovi, where he was arrested by Sheriff Glen Davis. Judge Gary B. Scholstein presided in court.

Cases handled in MONDOVI last Wednesday:

Robert R. Schultz, Mondovi, Rt. 1, was arrested Feb. 11 at Mondovi on a charge of running a stop sign. He was fined \$10 and costs.

Jimmie N. Franzwa, Mondovi, Rt. 1, was fined \$16 and costs on a charge of nonregistration of his motor vehicle. The arrest was made at Mondovi Feb. 5.

Monday at ALMA:  
Norman G. Klopp, Independence, Rt. 2, was fined \$50 and costs on a charge of hit and run driving and doing property damage to another vehicle. He was arrested Feb. 10 in Town Dodge.

Robert J. Engel, Cochran, Rt. 1, was fined \$35 and costs on a charge of driving too fast for conditions Feb. 11, town of Milton.

Marvin E. Timm, Nelson, Rt. 1, was fined \$17 and costs on a charge of driving 45 miles an hour in a 35-mile zone on Highway 35 at Fountain City Feb. 7.

ETTRICK, Wis. (Special) — According to Mrs. Lu Twesme, Galesville, Trempealeau County chairman for the American Red Cross, the bloodmobile from the St. Paul center will be in the county May 21-24. Ed Ausderau, Whitehall, is county blood chairman, and Mrs. C. A. Brye, Ettrick, is publicity director.

Social Agencies  
To Hear Talk on  
Private Service

"The Role of the Private Agency in the Community" will be discussed by the Rt. Rev. Msgr. J. Richard Feiten, director of Catholic Charities for the Winona Catholic Diocese, at a meeting of the Winona Council of Social Agencies at 7:30 p.m. Tuesday at Community Memorial Hospital.

This was announced by James F. Heinlen, council president. Council members include representatives of 46 private and public organizations that have social welfare programs.

Heinlen says he doesn't want shacks or trailer houses in the area. He plans homes with balconies and fireplaces, and "A" frame and rustic cottages for year-round leisure.

Karvel hopes to enhance Wabasha's growth with this project. He feels it will do especially well with the contemplated golf club, existing boat harbor and new Squaw Valley ski tow.

The land has almost three-quarters of a mile of river front; is a half-mile east of Highway 61; a mile from the Milwaukee Railroad tracks, and 25-30 feet above the flood line. It's off the main current of the river, a safe feature for children who will be wading and swimming.

Water Extension  
To New Wabasha  
Area Withdrawn

WABASHA, Minn. (Special) — A Rochester man who is planning development of a half-million-dollar "leisure" housing area here withdrew his request for water extension to the property he acquired when he appeared at a Wabasha City Council meeting Tuesday night.

Raymond A. Karvel, real estate and insurance agent, has decided to install his own system because of its distance from city mains.

The property, formerly the John Burrichter farm, fronts Robinson Lake and the Mississippi River about a mile south of Wabasha. He hopes to begin building homes in the spring on his 62-acre area. He has envisioned it as a "restricted" second-home development.

He says he doesn't want shacks or trailer houses in the area. He plans homes with balconies and fireplaces, and "A" frame and rustic cottages for year-round leisure.

Co. Engineer Named  
To House of Delegates

WINONA County Engineer Gordon M. Fay has been elected to the house of delegates of the Minnesota Society of Professional Engineers.

Fay, a member of the society's Southeast Chapter, plans to attend the annual convention this week at Minneapolis. Attending the convention is James J. Klemschmidt, Winona, chapter president.

The change was announced in connection with an application to the City Council for a transfer of the firm's off-sale license. The store is operated by Glenn and Earl Eckert.

Council approval was granted for the request at a Monday night meeting. Approval is subject to review by the State Liquor Control Commission, usually automatic in the absence of any record of law violation.

Possession of the building housing the present liquor store will be taken by the city next month. The area is slated to become an off-street parking lot when buildings are razed.

The Eckert brothers said they expect to be open for business on 3rd street by March 15. New shelving and fixtures will be installed in the location which formerly housed a gift shop, they said.

Badger Assembly  
Votes Curb on  
Grand Jury News

MADISON, Wis. (AP) — Publication of the name of a John Doe investigation witness would be prohibited in a bill passed by the State Assembly Tuesday and sent to the Senate.

The vote was 67-21.  
The measure, by Assemblymen Frank Diontesopolos and Wayne Whitlow, both Milwaukee Democrats, sets a maximum penalty of \$500 and a year in jail. The prohibition would also apply to publication of names of persons subpoenaed by a grand jury.

Persons communicating to news media the names of John Doe or grand jury witnesses would be penalized similarly.

Another measure passed, 79-10, and sent to the Senate removes the statutory time requirements for teaching of specified subjects in public schools.

An amendment by Russell Olson, R-Bassett, to leave time requirements up to local school boards was killed 66-23. Olson said the state school superintendent "is using the school aids as a club to tell local boards what they should teach—it's a rotten system."

## Sandra Fernholz, Thomas Ulik Exchange Vows

ARCADIA, Wis. (Special) — Lighted candles in candelabras, assorted colored snapdragons and chrysanthemums formed the background in Our Lady of Perpetual Help Catholic Church for the wedding of Miss Sandra Fernholz, daughter of Mr. and Mrs. Lloyd Fernholz, and Thomas Ulik, son of Mr. and Mrs. Chester Ulik, Milwaukee, Saturday.

The Rev. John Trant performed the double-ring ceremony. The processional and recessional were played by Miss Barbara Creeley, daughter of Mr. and Mrs. Walter Creeley. Miss Creeley also accompanied Mrs. John Koetting, Mrs. Joseph Fernholz, Mrs. Leon English, Mrs. Everett Kampa, Stanley Wiersgalla and Michael Pavlavin, members of the senior choir of the church, as they sang "Pans Angelicus" and "Ave Maria Stella."

MISS FERNHOLZ chose a winter white three-piece suit with white mink collar and trim and a powder blue hat with a face veil. She carried red rose buds on a white prayer book.

The bride's attendant was her cousin, Miss Charlotte Sonsalla. She wore a pink wool suit with a brown veil hat and a corsage of pink roses and white carnations. Best man was the bride's brother, Anthony Fernholz, La Crosse, formerly of Arcadia. The bride's cousin, Don Hertsfeldt, La Crosse, ushered.

Mrs. Fernholz wore a blue knit dress with tan accessories. The bridegroom's mother wore a beige dress with black accessories. Both mothers wore corsages of pink roses and white carnations.

A bridal dinner for 60 was served at noon in the dining room of the St. Aloysius Catholic school. An afternoon reception for 100 guests was also held in the school dining room. In charge of the dining room was Mrs. Della Gamoke. Food preparation was handled by Mrs. Ralph Haines Sr. and Mrs. Elmore Waite. Members of the St. Ann's Society of the Our Lady of Perpetual Help Catholic Church assisted.

THE BRIDEGROOM'S sister served the wedding cake. Gifts were displayed by Miss Patricia Chambers, Milwaukee, formerly of Arcadia. Charlotte Goke, Winona, formerly of Arcadia, and Miss Mary Kutt, Arcadia.

The bride is a graduate of the Arcadia High School, attended Eau Claire State College and is employed by A.C. Spark Plug at South Milwaukee. The bridegroom is a graduate of a Milwaukee High School. He attended college in Milwaukee and served in the United States Army. He is employed as a bookkeeper for an electrical firm at Milwaukee.

The couple is residing at 511 1/2 N. Chicago Ave., Milwaukee.

NASON ON EDUCATION

# Slow Learners Need Chance

By LESLIE J. NASON, Ed.D.  
Professor of Education,  
University of Southern California

Somehow we are wasting human resources.

In areas where unemployment is rampant, the want ad columns carry hundreds of opportunities in occupations which require some training but no scholastic achievement.

One way education has failed in this area is by treating all slow learners alike. More attention must be paid to the development of each individual child.

Tests and classroom experiences may indicate all students in a slow learner group are in the same category, but this is only the surface appearance. Occasionally, even an Edison is classified as a slow learner in school.

BASIC CAUSES of slow learning vary greatly.

One may be a slow learner because, unfortunately, he lacks mental capacity and ability. He may be a slow learner all his life.

Another may be a "late bloomer." (We have "early bloomers" and "late bloomers" in life, just as we have them in our gardens.) It takes him longer to grasp things than the average student, but given time and patience he will get there. This student may graduate from high school two or three

years later than his fellows, then hit his stride and become an average or even a superior worker.

A third type is the child who has suffered brain damage at birth or in an accident.

In many cases, brain damage is absorbed, or other portions of the brain take over the functions of the damaged portion. Often these children are able to compete on a normal basis by the time they reach their teens.

EACH CHILD should receive training based upon his individual potential. As he develops his ultimate potential is easier to determine.

The slow learner who will remain a slow learner needs careful, patient training in tasks repetitive enough that he can learn them well. He can be a happy, useful member of our society, self-supporting and self-respecting.

The others need continuous understanding attention so they will move on to other groups in society as soon as they are ready.

It is important that the tests be given and interpreted carefully and, even more important, that slow learners be given individual help and encouragement.

Placed in a slow learning group, these students are likely to think they are inferior. They need help to gain correct mental pictures of themselves. We need these individuals to accept and carry on honorable jobs necessary to the well-being of our country within the range of their abilities.

## Special License Law For Communist Wares

### Fines Self \$10

PERGUS FALLS, Minn. (AP)—Richard Hefte, Pergus Falls attorney sitting in for Municipal Judge Elliott Bee, who's on vacation, disposed of some old business.

Police gave Hefte a ticket last April for allegedly running a stop sign. He pleaded innocent. The case has been dormant ever since. Tuesday, Hefte changed his plea to guilty and fined himself \$10.

FOUNTAIN VALLEY, Calif. (AP)—The City Council has approved first reading of a law which will require a special \$1,000 license for merchants who sell products of Communist countries.

The ordinance, endorsed by all five city councilmen in the Orange County community, also stipulates that merchants selling goods produced by Communist labor must display signs with 6-inch letters saying: "This place of business sells merchandise, wares, or goods produced in Com-

## Medford, Rose Deserve Better Than 'Heroine'

By WILLIAM GLOVER  
Associated Press Drama Critic  
NEW YORK (AP) — Among Broadway's sturdiest spirits, count Kay Medford and Philip Rose.

Miss Medford is an adroit comedienne. Rose is a producer dedicated to giving new playwrights a chance.

Both are involved in "The Heroine," which opened Tuesday night at the Lyceum Theater. And both deserve better.

The offering, which concerns a woman who decides that the best way of restoring her husband's lost ego is to get him a call girl to conquer, is by Frank Tarloff, a film writer in London.

After two acts in which just about every gag possible to that racy whimsy is worked over a few times, the script becomes a discussion of the moral pros and cons of emancipated domesticity.

In the title role, Miss Medford draws winningly with insubstantial lines.

"The Heroine" is more frantic than funny, more flip than clever.

The population of Fountain Valley is 2,500. It has one general store, plus a combination gas station, store and post office.

Since the end of World War II, the automobile industry has spent \$14 billion for new plants and equipment.

## Rushford Student To Visit Europe In LSA Program

RUSHFORD, Minn. (Special)—A Rushford student who is a senior at Hamline University, St. Paul, has been selected to participate in a European study project sponsored by the Lutheran Student Association of America and the division of college and university work of the National Lutheran Council.

Charles Pfeifer, son of Mr. and Mrs. James Anderson, will leave from Chicago in mid-June for travel and attendance at major European conferences during the seven-week program.

Prime purpose of the project is study of Christian faith in its interaction with contemporary European culture.

Prior to the trip each student must do research amounting to a three-credit course relative to church history and European culture will be assigned. The group will travel in Russia, Italy, France, Switzerland, Germany and Scandinavia; attend the World Lutheran Student Conference July 23-25 in Larnepaa, Finland; and conclude with the Helsinki Assembly of the Lutheran World Federation July 30-Aug. 1.

Charles is a physics major and plans graduate work in this field when he returns from Europe. He belongs to APO, LSA, Physics Club, the university choir and is state LSA president. He is in "Who's Who in American Universities and Colleges." He is a graduate of Rushford High School.

## Galesville Lions Entertain Wives

GALESVILLE, Wis. (Special)—Galesville Lions Club members entertained their ladies with hearts, flowers and dinner Monday evening at Wason's Supper Club.

Twenty-two Lions were awarded one-year perfect attendance pins. There are 37 members. Others had perfect attendance from the time they joined but had not completed a full year.

A "clunk" recently purchased will be deposited on Lake Marinka ice for the spring thaw guessing contest. The time the "clunk" disappears will be recorded and three savings bonds will be given. Every Lion has tickets for sale.

## New Programs Urged for Top U.S. Students

By G. K. HODENFIELD  
AP Education Writer

ATLANTIC CITY, N.J. (AP)—What American schools really need, says Prof. Roland H. Nelson, are some non-conforming programs for non-conforming students.

"Since many creative individuals refuse to fit an established pattern, and since this refusal may be the essence of their creativity," Nelson said, "it does not seem that schools can be organized to promote, teach, or encourage creativity."

Nelson, assistant dean of the University of Louisville, made these suggestions in a paper presented at the annual convention of the American Association of School Administrators.

Make it possible for individuals to skip certain grades or courses, not because of outstanding achievement but because of poor or no achievement.

Allow students to become more one-sided than the present school and college requirements allow.

Provide for more leaving and returning to school by individuals without requiring that they go back to that rung of the educational ladder where they were when they left it.

Because public schools are organized to provide for large groups of students, Nelson said, the creative student who does not conform to traditional patterns will continue to be placed in the category of the "educationally inept."

He acknowledged that his suggestions would be costly and time-consuming.

## Viet Nam Troops Show First Gains

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP)—For the first time in their four-year war against the Communist Viet Cong, President Ngo Dinh Diem's troops appear to have made real inroads into the Communist area known as "D Zone."

In the past week Ranger companies operating close to Viet Cong bases in the jungle area north of Saigon have wrecked Communist installations, destroyed ammunition and supplies and forced the guerrillas to keep moving.

Although contact with the guerrillas has been light, the government claims more than 30 of the enemy died in the operation. The government claims its troops have turned up a large electric generator, an arsenal of heavy weapons and tons of ammunition and an evacuated 200-bed enemy field hospital.

Several thousand Rangers are operating in the 50-mile-long jungle tracts. More clashes are expected.

Penetration of D Zone is an important psychological step for Saigon's forces. The area is shown on Communist maps as a "liberated zone" in which Viet Cong forces can operate with complete safety.

Roads through the zone, including an important arterial route, have been subject to a bloody series of Communist ambushes.

The main center of Viet Cong strength and its coordinating headquarters are believed to be somewhere in D Zone. Several of the radio propaganda transmitters the Viet Cong call "liberation radio" also are understood to beam programs from the zone.

## Bullocks, Inc., Drops \$4 Million Damage Suit

LOS ANGELES (AP)—Superior Court has issued a permanent injunction against the placing in merchandise of cards protesting sale of Communist-made goods by a Southern California department store chain.

The chain, Bullock's Inc., said it has decided to drop a \$4 million damage suit against a group which had been distributing the cards.

# Market Average Shows Declines, Trade Moderate

NEW YORK (AP)—Stock market prices slipped early this afternoon in an extension of the earlier trend that set in late Monday.

The market averages showed declines roughly approaching the setback for Tuesday's entire session.

Most losses ranged from fractions to a dollar share, with scattered steeper falls. Trading was moderate.

At noon The Associated Press average of 30 stocks was off 1.0 at 257.7. Industrials were off 2.0, rails down 4 and utilities were unchanged.

The approaching holiday week-end was cited as one factor leading to investor hesitation. Major exchanges will shut down Friday.

No major action of the market was able to buck the downward trend. The big steelmakers fell major fractions with Jones & Laughlin off more than 1 at one point.

Tuesday's U.S. Steel posted price reductions for various grades of stainless steel and sheet metal.

Chrysler dropped nearly 2 while GM was off about 1/2. Ford and American Motors gave up small fractions while Studebaker was unchanged.

U. S. Smelting, Tuesday's volume leader on an advance of 6 1/2 points, lost about half that after a delayed opening. The company reported a decline in net income from operations for 1962 compared with 1961.

At noon the Dow Jones industrial average was off 5.02 at 681.81.

Consolidated Natural Gas, Commonwealth Edison and International Telephone gained fractions among the utilities. AT&T, facing possible labor trouble over pension benefits, was down about 1/2.

GE declined nearly 2 after Tuesday's loss of 1 1/2.

Prices on the American Stock Exchange were mixed in quiet dealings.

U.S. government bonds gained a bit while corporates were mixed in early trading.

NEW YORK (AP)—Canadian dollar in N.Y. today .9284, previous day .9284.
