## Democrats Keep Posts Despite GOP Inroads

Paul Johnson  
Winner in  
Mississippi

WASHINGTON (AP)—Democrats kept control today of such keenly contested posts as the Kentucky and Mississippi governorships and the Philadelphia mayor's chair.

But tallies from Tuesday's elections led the GOP to speak of "dramatic inroads" into Democratic strongholds.

The Kentucky race was a close one. Mississippi Republicans, mounting their first serious attempt on the governorship since Reconstruction days, rolled up a considerable vote in defeat.

In Philadelphia, Democrats kept their grip on City Hall by about 67,000 votes—but this was their smallest margin in a mayoral race in 10 years.

In all of these races—plus some others—the issue of civil rights figured.

Politicians will be studying the tallies for 1964 omens to learn for example, whether a so-called "white backlash" against the militant Negro drive for more and better jobs, freer choice of housing and other aims, will hurt President Kennedy next year.

Republicans could look with satisfaction on such states as Indiana—where dozens of mayors' posts switched from Democratic to Republican. But the Indianapolis City Hall stayed Democratic by a narrow margin.

In San Francisco, Rep. John F. Shelley, D-Calif., apparently won for mayor in an election officially billed as non-partisan. His opponent was supervisor Harold Dobbs, Republican.

In New Jersey, the Republicans kept control of the State Senate by a sweep, and moved toward taking the Assembly from Democrats.

In Kentucky, a still-incomplete count showed Democrat Edward T. Breathitt Jr. the winner for the governorship, but by only about 15,000 votes out of some 860,000 votes thus far counted.

His Republican foe, Louie B. Nunn, charged voting irregularities and asked supporters to "stand by the voting machines and ballot boxes."

Kennedy could take no comfort from the Mississippi governorship result because both the winner, Democratic Lt. Gov. Paul Johnson, and the loser, Republican Rubel Phillips, made a point of opposing him and integration.

Incumbent Mayor Harold Hinkler won re-election 981-383 in a contest with Arch Campbell, Ray Eckes, Robert Bierman and Donald Benson, three council members, were returned to office.

MONTICELLO—Harry Bergstrom, owner of an auto supply firm, won over two other candidates to succeed Mayor William Ojakangas, who did not run.

CROOKSTON—Olaf Soine, appointed to succeed the late Mayor Hy Sommer, won re-election to a full term Tuesday, defeating Richard E. Knutson 1,615-531.

ALEXANDRIA — Citizens for a second time rejected a special levy of \$1,000 to advertise the city of Alexandria. The vote was 359-234. Incumbent Mayor Marvin E. Hansen, retired postal worker, got 442 votes as unopposed candidate.

## Thompson Trial Delayed For Insurance Statement

MINNEAPOLIS (AP) — The prosecutor in the T. Eugene Thompson murder trial walked brusquely out of the courtroom this morning after being directed to provide the defense a copy of a statement a witness made to police.

Jurors were sent into their

anteroom while Prosecutor William Randall apparently left court to obtain a copy of the statement Floyd Peterson, St. Paul insurance man, said he had made to police three or four days after the March 6 slaying of Thompson wife, Carol, 34.

The trial delay came during

cross examination of Peterson by Hyam Segell, defending Thompson, 35, who is accused of arranging the slaying of his wife, insured for more than a million dollars.

Peterson testified Tuesday that Thompson didn't want his wife, Carol, to know how much

insurance he was taking out on her life.

Under examination by Segell this morning, Peterson testified he had been questioned by police three or four days after the slaying.

After summoning Segell and Randall to the bench, Fosse directed Randall to "deliver a copy of the order (statement) forthwith" to the defense.

Randall replied in low tones, "I am very, very sorry I am unable to comply."

After conferring with Fosse in chambers, Randall left the courtroom with his assistant, Steven Maxwell. Randall appeared to be angry and brushed past newsmen, refusing to answer questions.

Segell, attacking credibility of Peterson's testimony, indicated in his line of questioning he was attempting to show Mrs. Thompson did not sign all blank insurance applications, mentioned in earlier testimony.

Segell asked Peterson if he had any compunction about having Mrs. Thompson sign the applications in blank. The witness answered that he hadn't.

Earlier in the cross examination Peterson admitted he was supposed to have filled out the application blanks before going to the Thompson home.

Peterson said Tuesday he had sold policies for \$200,000 each on the lives of both Thompson and his wife and had gone to the Thompson home to get Carol's signature.

Peterson said Mrs. Thompson appeared "surprised to see me" when he told her he was an insurance man sent out by her husband. Peterson said he had hobbled up to the door on crutches because of a broken leg.

Prosecutor William Randall asked if Peterson had discussed with the woman the amount of the policy.

"I avoided that," replied the witness, "because Mr. Thompson had indicated he did not want his wife to know the amount of the insurance."

Peterson said he wrote the policies in April 1962. Less than a year later — on last March 6 — Carol was fatally bludgeoned and knifed by a man who invaded the couple's fashionable St. Paul home.

Randall said the state would prove it was a killing for hire to free Thompson for "the other woman," still unidentified at the trial, and to collect the \$1,055,000 insurance the defendant had taken out on the life of the mother of his four children.

James R. Treanor, another St. Paul risk agent who sold Thompson \$700,000 worth of the insurance, told of betting Thompson "the biggest milted milk in town" that Carol would not suffer the tragic accident her husband told Treanor he foresaw for her.

Treanor said Thompson, at a luncheon meeting also in April of 1962, had confided a premonition he had that his wife would die violently.

"He told me how he had foreseen the deaths of a sister and brother," Treanor told the court. "He said his fears about Carol were terribly disturbing, and that he had the premonition of a traffic accident."

## Bloomington Votes For Sunday Closing

By THE ASSOCIATED PRESS  
In what was regarded as a test of Minnesota community sentiment on outlawing retail sales on Sunday, Bloomington voters gave 6,041-4,881 support Tuesday to a local ordinance outlawing them.

The issue went onto the ballot on the basis of a petition signed by 2,400 voters on a day when more than 50 state towns and villages went to the polls for their annual municipal house-keeping.

Proctor approved a dog-leash-

ing ordinance. Fairfax turned down a tax to advertise its industrial potential, a move matched by Alexandria voters, and Pelican Rapids turned down a municipal liquor store for the fourth time.

Here are the detailed results:

MOORHEAD — R. M. Stordahl, 37, manager of a plastics firm, won in a three-way contest for mayor that attracted a record 5,699 voters. Stordahl drew 3,611 ballots, Lawrence Haglund 1,217 and Donald E. Setter 871.

NORTHFIELD — George Bickel, who'd served 21 years on the city council, was defeated by Dr. David Remes, a dentist. Another veteran councilman, Frank Gallagher, defeated Raymond Getting, Councilman Albert Wilson was unopposed for mayor, replacing incumbent W. T. Nelson who did not file.

FAIRFAX — A proposal to levy a tax of not more than half a mill for the next two years to advertise Fairfax and its industrial potentials was defeated 232-213 in an election which saw two trustees unseated.

FAIRMONT — Dr. W. Lester Webb, a 70-year-old dentist, handily won a four-way fight for mayor. He had 1,719 votes to 344 for Burton Fossum, 297 for Eldon R. Brockman and 263 for Victor Nolte. Veteran Alderman Ed Melody lost to Louis Riegel 284-254. Other aldermen were re-elected.

NORTH MANKATO — Incumbent Mayor Harold Hinkler won re-election 981-383 in a contest with Arch Campbell, Ray Eckes, Robert Bierman and Donald Benson, three council members, were returned to office.

## U.S. Reviewing Viet Nam Policies

By SPENCER DAVIS  
WASHINGTON (AP) — The United States is reviewing its policies in South Viet Nam — including its military and aid

programs — in preparation for backing Saigon's new military regime.

U.S. officials today described the review as normal procedure before resumption of diplomatic relations with a new government.

The U.S. aid program in South Viet Nam which has been running at the rate of more than \$500 million a year is being given a sharp review. The general feeling here is that if the new provisional government cooperates as it is hoped it will, there will be many opportunities for more efficient use of the funds.

There is not much hope though for any sharp reductions as long as the Communist threat remains.

One of the reviews dealt with the military strategy in the fight against the Communist Viet Cong.

President Ngo Dinh Diem, who died in the military coup, had been convinced the Communist forces would attempt to cut South Viet Nam in half by a strike across the country north of Saigon.

## Mrs. Nhu to Bring Children To Los Angeles

By DORIS KLEIN

LOS ANGELES (AP) — Mrs. Ngo Dinh Nhu was expected to move out of her \$90-a-day suite today and set up housekeeping in the Los Angeles area for herself and her four children.

South Viet Nam's widowed former First Lady changed her mind late Tuesday about joining her three younger children in Rome today. She said she'd fly them here instead as soon as possible.

Mrs. Nhu said she "could not endure the trip at this time," according to George White, manager of the Beverly Wilshire Hotel where she has been staying.

Mrs. Nhu has been offered use of the home of Allen Chase, an associate of television star Art Linkletter, in the exclusive Bel-Air district. Mrs. Chase said she had received no definite word as yet whether Mrs. Nhu will accept the offer.

Chase, who has business connections in Australia and the Orient, met late President Ngo Dinh Diem several times in Saigon, Mrs. Chase explained.

The children, ages 15, 11 and 4, were flown to Rome Tuesday with permission of the new government of South Viet Nam, which overthrew the ruling Diem family Friday in a military coup. The children were in a resort northeast of Saigon during the revolt.

## Russ Lift Blockade After 42 Hours

BERLIN (AP)—Two days of crisis on the autobahn ended today and Premier Khrushchev said it was a good thing because the incident held the threat of total war.

Khrushchev expressed this view, holding that American authorities had given in to the Rus-

sians, a few hours after Soviet authorities in Germany lifted a blockade of a U.S. Army convoy on the autobahn joining West Germany and Berlin.

The convoy moved into Berlin with Western officials reporting the Russians had dropped their demand that they be allowed to

make a count of the U.S. forces.

This was directly opposite to the picture Khrushchev painted in a Moscow meeting with a group of visiting U.S. businessmen.

"It is possible that you and I would not be here today" if the argument had not ended, Khrushchev said.

He declared the dispute was solved only because the commander of the U.S. convoy agreed to "observe the established procedure" regarding Soviet checking of the convoy.

Unless this had been done, the Soviet premier said, "We could not have yielded and they would have had to move over our dead bodies."

More trouble may come on the 110-mile road leading through East Germany to the Berlin garrisons, Khrushchev warned.

He said Western convoys will be held up in the future if the Western Allies fail to observe what he described as established procedures.

Maj. Gen. James H. Polk, U.S. commandant in Berlin, said the Russians "are trying to make the point that they call the shots on the autobahn, and we are determined that they will not make it."

Polk said previous holdups of Allied convoys may have been due to misunderstanding, but this time the Russians knew exactly what they were risking.

"We are ready for anything and are prepared to cope with it," he asserted.

## Vote Close on Foreign Aid

By JACK BELL

WASHINGTON (AP) — The Senate has demonstrated that President Kennedy's foreign aid program has an almost equal number of enemies and friends in both political parties.

By a see-saw 43-40 vote the Senate turned back Tuesday a challenge by Sen. Allen J. Ellender, D-La., against a bipartisan compromise worked out

last week by Democratic Leader Mike Mansfield and Republican Leader Everett M. Dirksen.

Sensing the hostility against the program Mansfield and Dirksen proposed to cut an authorization bill back from the \$4.2-billion ceiling approved by the Senate Foreign Relations Committee to \$3.8 billion. Ellender asked for an additional \$75-million reduction.

If there hadn't been some fast footwork by the leaders Ellender would have won.

Faced with defeat, administration lieutenants sought help among senators who ordinarily support the President but had gone against the Mansfield-Dirksen compromise he was resigned to accepting.

Sen. Claiborne Pell, D-R.I., switched his vote on the Ellender amendment from yes to no. Sens. Abraham A. Ribicoff, D-Conn., and Warren G. Magnuson, D-Wash., found it convenient to withdraw their support and to "pair" themselves with absent opponents of the amendment.

The three changes converted a 43-42 victory for Ellender into a 43-40 defeat.

On that test, the Democrats split 29-28 and the Republicans 14-12 with the majority of both parties opposing the amendment.

The Senate then turned around and adopted, 42-40, an amendment by Sen. Wayne Morse, D-Ore. It cut \$25 million off development loan funds and rescinded previous authority to continue this program for the next two years.

## Ring Leaders Of Minneapolis Mob Rounded Up

MINNEAPOLIS (AP) — Ring leaders of a mob of youths who harassed a 70-year-old pensioner and smashed and set afire his ramshackle house are being rounded up, Bloomington police said today.

The victim, E.E. Thompson, lives at the end of a dirt trail near the Minnesota River.

Police said that on Oct. 24 a large group of youths surrounded Thompson's home, smashed windows and climbed on the roof, tearing down a brick chimney. A week later youths entered the house, smashed furniture and tossed flaming logs into the building.

Thompson fled into the attic, police said, and a patrolman helped put out the fire. Last Sunday a doctor who arrived to treat Thompson for an eye infection, apparently caused by a thrown rock, was chased away by youths.

## Girl Fearing Loss Of Leg Runs Away

CLEVELAND (AP) — A 14-year-old girl walked away from Metropolitan General Hospital Tuesday night, only hours after a juvenile court judge gave permission for surgery which doctors say is needed to save her life. She has cancer of the hip.

The girl is the daughter of a British war bride, who is divorced. The mother opposed the operation, which could have led to amputation of a leg.

The girl, frightened and despondent, ran away from the hospital wearing only a bathrobe, nightgown and shoes. She is 4-feet-5 and weighs 115 pounds.

"She read in a newspaper about the court approving the surgery, and was very despondent when she learned she might lose a leg," a nurse said.

## Woman, 26, Infested With Termites

HIALEAH, Fla. (AP)—Dade County physicians have reported the strange case of a 26-year-old Hialeah housewife who became infested with termites—wood-eating insects.

Writing in the current issue of the Journal of the American Medical Association, doctors said the woman, whose name was withheld, was admitted to Hialeah Hospital complaining of severe cramps in the lower abdomen.

The morning after her admission, physicians discovered "numerous, small, whitish organisms." The University of Miami School of Medicine identified them as common termites.

The woman, her husband and their 9-year-old son had lived for six months in a wooden frame house estimated to be about 15 years old. She said some "winged insects" often swarmed in the living room.

Dr. Wilton B. Reynolds Jr. said the termites were finally passed from the patient's body. Her recovery was uneventful.

The family moved from the house.

She was introduced by Prosper Schank, Arcadia, at the board's meeting at the court-house in Whitehall.

Mrs. O. J. Beadle, Galesville, announced that an education conference is being planned, either for Nov. 13 or Dec. 2.

She is education chairman for the group. The conference would be held in the clubrooms of the Galesville Bank. A speaker would be engaged and movies would be shown, Mrs. Beadle said.

Anyone wanting to attend the conference is asked to contact Schank.

Next county unit meeting will be held Jan. 13 in the clubrooms of the Galesville Bank. Schank will show slides of his trip behind the Iron Curtain.

## New Jersey Town To Take Old Name

LEVITTOWN, N.J. (AP)—By a 102-vote margin, the electorate of this central New Jersey township has decided to change the municipality's name to Willingboro.

That was the community name from 1888 to 1958.

Tuesday's referendum, in which the name change was favored 3,093 to 2,991, reduced the number of Levittowns from three to two. There is one on Long Island and another in Pennsylvania.

The three Levittowns were built by housing developer William Levitt and sons.

West to take a second look at the Soviet theme of amity.

There was no direct Communist reply to the blunt warning by British Minister of State Peter Thomas in the Assembly's Political Committee.

But speakers from Bulgaria, Ukraine and Mongolia who followed him in the disarmament debate denounced plans to have West Germany participate in the U.S.-proposed multinational nuclear force.

## Voting for House to Get Top Billing

By ADOLPH JOHNSON  
Associated Press Staff Writer

The election of members of the Minnesota House of Representatives in 1964 seems likely to get close to top billing instead of being treated, as it has in some years, like a sort of an afterthought.

One reason is that, with the governor and other state officials now on four year terms, the ballot will be shorter than usual. The other is that winning has taken on special importance for both parties.

To be elected on the partisan ballot will be the president, one United States senator, eight congressmen and one railroad and warehouse commissioner. Other state officials hold over.

This means that the parties will be able to devote to the legislative races the time, attention and money usually devoted to the campaigns of state officials. The 1963 House was composed of 81 conservatives, 53 liberals and one independent.

Conservatives want to keep it that way. Better yet, they believe, would be to increase their numbers to 90 or more to give them the two-thirds needed to override a veto of Gov. Karl Rolvaag, a Democratic-Farmer-Laborite.

Liberals would like to keep what they have and pick up at least the 13 additional seats that would give them control again.

Liberal control of the House in the next session would have special strategic importance for the DFL. It would enable them to get the DFL program through the House and then make a campaign issue of the failure of the holdover conservative Senate to go along, if it, as expected, were to refuse.

This explains why both Republicans and Democratic-Farmer-Laborites are already throwing themselves in the campaign for the 135 House seats. Both are ignoring the fact that the legislature is officially non-partisan.

Republicans started first with a campaign technique devised by State Chairman Robert Forsythe and known as "Project Update." About 45 conservative members of the House, spearheaded by the younger group, are going about the state in teams of three to tell the story at public meetings of the 1963 legislature and present their claims for credit for its accomplishments.

The programs are planned to be short and punchy. Use is made of charts and other visual aids.

Forsythe said the success of the program so far has exceeded expectations.

The DFL chairman, George Farr, who refers to the Republican project as "Project Mistake," says his party is planning no direct rebuttal.

DFL leaders are working with county committees over the state to find and elect DFL candidates to replace conservatives.

"This election provides an opportunity to give the legislature the attention it needs and to put into focus the importance of the legislature in state government," he said.

Farr says he hopes adoption of party labels for legislators be-

## Wabasha County FB Hears Plea For Free Market

MAZEPPA, Minn. (Special)—

"If farmers want to prosper, farm prices must be set in the farm market, not by the government," Dale Nelson, Des Moines, administrative director of the Iowa Farm Bureau, told more than 200 persons at the Wabasha County Farm Bureau annual banquet at St. Peter and Paul's Catholic Church Tuesday.

"Five hundred percent of parity will not keep 60 percent of the nation's low income farmers in agriculture," he said. The fact that farmers do not want government control was evident in the recent wheat vote when the farmers rejected the government's proposals.

"The idea that agriculture is a dead industry is false. One only has to look at the increasing population; the increased trade possibilities and the increased rural demands for food to see this idea is untrue."

"One real problem facing agriculture today is the effort used to discredit it," said Nelson. "Many people are led to believe farmers get huge incomes from government price supports and are out to gouge the public. The wheat vote helped the farmers' relationship with the public."

"The Department of Agriculture might do well to listen to the Farm Bureau's recommendations, three out of four farmers belonging to any farm organizations, belong to the Farm Bureau."

Fritz Sprenger, Zumbro Falls, president of the county organization, was toastmaster. Invocation and benediction were by the Rev. E. W. Byron, St. Peter and Paul's Catholic Church.

## Federal Food Stamps Get Into Black Market

DULUTH, Minn. (AP)—Federal food stamps issued to the needy are being blackmarketed in St. Louis County with one family reported to have bought a used car with their proceeds.

Investigators said they found many recipients selling stamps for cash and that some merchants were accepting loose coupons, torn from the books in which they are issued, in violation of regulations.

Park Cooley, investigator for the sheriff's office, said the car was purchased on a barter deal for food stamps yielded.

Probers found the going rate

was \$2 cash for \$5 worth of stamps, redeemable in food at face value in authorized markets. One recipient was reported to have sold his allotment 10 minutes after picking it up at the courthouse.

The St. Louis County Welfare Department called the sheriff's office into the investigation when it was unable to gain a promise of federal agents to look into the matter.

Cooley said random checks disclosed food market clerks were not obeying regulations for redeeming the stamps, which supposedly require identification of the person presenting them and their removal from the book in the presence of the clerk.

## Another School Unit Formed At St. Charles

ST. CHARLES, Minn. (Special) — Citizens of St. Charles and the St. Charles High School area, concerned over the school crisis and the controversial Daley bill, have organized under the name of "Loyal Citizens Committee."

PRIMARY PURPOSE of the committee is to "continue to provide the best education for the entire St. Charles High School area." The plan of action for the committee is:

"1. To urge the St. Charles School Board to vote down the Daley bill because it is a controversial bill which, if it becomes law, may involve us in many legal entanglements that will hold up the building of schools in this area for years."

"2. The Daley bill will provide only for the consolidation of four districts, leaving all the outlying districts with no vote on education for their children or the cost of it."

"3. St. Charles has maintained an accredited high school, with the first class graduating in 1889. We feel that we can continue as good a school as we have in the past."

"4. To make use of all the public facilities that are now available in St. Charles."

"5. To consolidate the St. Charles High School area and build a high school in St. Charles, the population center of the high school area, and also to maintain elementary schools in such population centers as Elba and Utica. This would furnish a complete educational program for the St. Charles area."

OFFICERS OF the committee are: Walter Ask, chairman; Ralph O. Stenbeck, vice chairman; Mrs. Vernon Flint, secretary; Walter Blank, treasurer; and Lyle Page, Mrs. Lester Plotz, Oberlin Schweske, Mrs. Wilson Vernon, Fay McCarthy, Darwin Todd, Harold Crow, Carl Olson, Lockley Campbell, John Nintemann Jr., Elmer Plotz and George Martin, board of directors.

## Hot Discussion Over Power of Bishops Likely

VATICAN CITY (AP) — Proposals before the Vatican Ecumenical Council to extend the powers of Roman Catholic bishops beyond their dioceses promise to generate intense heat.

The issue is where to draw the line. The 2,300 council fathers today began their second day of general discussion of a schema titled "Bishops and Government of Dioceses." Tuesday's 12 speakers all were dissatisfied with the draft.

The council will probably try to work out extensive amendments rather than call for the rewriting of the schema.

At the heart of the schema is the national or regional episcopal conference, a periodic meeting of all the bishops of a country or geographic region.

At present there is no body with real power between the Vatican Curia — the church's central administration — and the bishop in his diocese. National episcopal conferences are encouraged by canon law, last revised in 1918. But canon law says nothing about such bodies possessing authority.

## U.S. Has More Big Missiles Than Russians

LONDON (AP) — The United States will have nearly five times as many intercontinental ballistic missiles ready to deliver nuclear warheads as the Soviets by the end of this year, says the Institute for Strategic Studies.

The institute, an authoritative non-governmental agency whose backers include the Ford and Rockefeller foundations, said U.S. ICBM strength will reach 475 rockets against an armory of about 100 similar Soviet missiles.

In a defense survey made public today, the institute said the Soviets are continuing their slow buildup of intercontinental ballistic missiles and added: "Soviet policy still lays stress on high-yield warheads for the smaller number of missiles available."

The institute said a Soviet claim it had developed a true Polaris-type missile that can be fired from a submerged submarine "must be treated with caution."

It added, however, the Russians have a 400-mile rocket that can be fired from a surfaced submarine. It said about 90 such submarines are in service along with 12 missile-firing destroyers.

## Chest Receipts Cause Concern

Concern over lagging Community Chest returns was voiced today by campaign leaders who reminded prospective contributors that the drive is now 10 days past deadline.

Collections have barely topped the 70 percent mark, based on the quota of \$137,700, with Chest headquarters reporting \$97,699 on hand at present.

Still to report are 41 of the city's largest firms, employing some 2,000 people, and 100 smaller firms, representing 700 workers. These organizations have agreed to cooperate with task force solicitations but have not completed their pledges thus far. Twenty-five chain organizations and a few residential givers also remain to be heard from. Chest officials said.

G. M. Grabow, general chairman of the fund drive, said: "From these figures it can be readily seen that the goal cannot be reached unless considerable increases are derived from the many cards still outstanding. We have had many excellent increases in giving but this has been notably offset by those industries and firms which have cut their giving below that of last year."

"I would urge all individuals and firms who did cut to consider additional pledges which will make it possible to reach our goal this year and keep faith with the community and with the 15 agencies participating."

"While I have constantly publicized the need to finish on time, we still find many persons who have not touched their cards. I appeal to them to get these in so everyone will be relieved of the responsibilities as soon as possible."

"It is a serious and unfortunate situation when our solicitors get no response, even after as many as four or five callbacks. We sincerely hope, therefore, that those outstanding will see to it that all pledges will be in before next Tuesday."

## Clouds May Drop Rain on Thursday

Mild temperatures and a heavy morning mist enveloped the Winona area today.

Occasional cloudiness and continued mild is the forecast for tonight with a low ranging from 28 to 35. Increasing cloudiness and mild Thursday with a chance of rain in the late afternoon is expected. High Thursday will be 58-62. Diminishing cloudiness and colder with a chance of showers in the forenoon is the outlook for Friday.

THE EXTENDED forecast for the next five days indicates temperatures will move nearer normal with daytime highs in the 41-47 bracket and nighttime lows down to 29.

Precipitation for the five days

## Leaf Pickup

Leaf pickup and general cleaning operations by street department crews will be in progress Thursday in the Winona State College area and on West 4th and 5th streets.

Commissioner Arthur Brom said the units will begin at 4 a.m. and that cars in these areas should be kept off the streets.

Thursday's cleanup will be between Vila and Hilbert streets on 4th and 5th streets. Also covered will be streets from Wabasha south to Howard, between Main and Huff streets, Brom said.

## Hit-Run Driver Pleads Guilty

William E. Wise, 23, 1005 E. 5th St., pleaded guilty in municipal court today to a charge of leaving the scene of an accident.

Judge John D. McGill sentenced him to pay a fine of \$50 or to serve 17 days. Wise was making arrangements to pay the fine.

Police said his car was the car which struck a telephone pole on Carmona Street about 150 feet north of East 5th Street about 4:25 p.m. Oct. 29.

Wise was arrested by police at his home Tuesday afternoon.

## BRF Contracts For City Hall

BLACK RIVER FALLS, Wis. — A bid of \$38,856 has been accepted by the Black River Falls city council's planning commission for remodeling the former Knutson bowling lanes into a new city hall.

The building was purchased by the city for \$20,000 two years ago. Adjoining lots cost \$10,000. They have been converted to a city parking lot.

Contracts went to Cox Construction Co., New Lisbon, \$26,800 general; Bagnieski Sheet Metal Co., La Crosse, \$6,875, heating; Thompson Plumbing, Black River Falls, \$1,961, plumbing; and Quick Electric Co., Black River Falls, \$3,230, electrical.

Plans include lobby, public rest rooms, council chamber, polling place, police office, vault, and city clerk and treasurer offices. The former bowling alley will be remodeled instead of building a new structure.

## 13 New TB Reactors Found In Winona Co.

Thirteen new positive reactors were found in the Mantoux testing program conducted in rural Winona County schools last month, according to County Nurse Susan Steiner.

This represents an increase over last year, when only one positive reactor was found, Miss Steiner said. The 13 represent .65 percent of those taking the test.

A positive reaction to a Mantoux test indicates exposure to tuberculosis, but not necessarily that a person has the disease.

Follow-up work by the nurse is now in progress. New positive reactors and their families are being asked to have chest X-rays.

Forty-three schools participated in testing done at seven centers in the county. Only one school did not take part in the program, and two tested only pupils in even-numbered grades.

The test was offered to all grades in all schools, as well as to members of the faculties and staffs of the schools.

Eighty-five percent of those eligible took the test. This is better than the usual 80 percent participation in the county, Miss Steiner said.

Organizations and persons helping in the testing program included the Minnesota Tuberculosis and Health Association, the Winona County Medical Society, PTA members at participating schools, and the schools' faculties.

## Motorist Found Guilty of Accident Charge

A \$50 bail deposit made by Clayton L. Ball, 701 E. Mark St., was used today to pay his fine after he was found guilty of leaving the scene of an accident.

A sentence of a \$50 fine or 17 days in jail had been imposed by Judge John D. McGill after he heard testimony in Ball's trial in municipal court this morning.

Ball was charged with striking a telephone pole on East Mark Street, about 50 feet west of Mankato Avenue, at 12:30 a.m. Oct. 30 and failure to report the accident or identify himself at the scene.

He appeared in court Thursday, a plea of not guilty was entered by Judge McGill for him and he posted the bail deposit.

BALL, IN HIS testimony this morning, said he had left his home about 11:50 p.m. to purchase some gasoline for his car and shortly afterward the car hit the pole.

He continued that he didn't know the pole had been broken or damaged and that his car had only slight damage. Ball said he noticed the pole was damaged as he was on his way to work Oct. 30.

Ball said he left work shortly after noon that day and went to police headquarters to report the accident. "I thought I had 24 hours to report the accident," he said.

Before Ball's testimony James Soderberg, city prosecutor, had called two policemen as witnesses.

Patrolman Joseph Kryzer said he did not investigate the accident, but had been looking for the car on Oct. 30. He said he found the car that seemed to be the one involved and that it belonged to Ball.

LATER, HE SAID, he talked to Ball's wife and daughter. Kryzer said he found where Ball was working and while on his way to talk to Ball had come to headquarters.

Sgt. Ray Kauphusman said Ball arrived at headquarters about 12:35 p.m. and started to report the accident. He said that Ball stated he had been forced off the street and into the pole by a black car.

## Goodview Contests Seen

Candidates for all but two Goodview village offices had filed by Tuesday's deadline, Village Clerk Henry C. Ehmeke said today.

The exceptions are a one-year term as justice of the peace and a two-year term as constable. The offices now are held by Floyd Parnholtz, 3880 8th St., and George Kohner, 3844 9th St., respectively.

INCUMBENT Mayor Rex A. Johnson, 4175 9th St., will be opposed in the Dec. 3 election by the man he defeated two years ago — Harris Anderson, 4630 7th St. Anderson presented a petition to run signed by 54 voters when he filed, according to Ehmeke.

## Mental Health Board Selecting Committee Name

Two persons were named Tuesday to a selecting committee which will choose members of a new tri-county mental health board.

Appointed by James Papenfuss, Dakota, chairman of the Winona County Board of Commissioners, were Commissioner Adolph A. Spitzer, St. Charles, and Mrs. P. Earl Schwab, 632 Clark's Lane.

They will serve with two delegates each from Houston and Wabasha counties on the committee, which will select the nine members of the new mental health group.

The action was required by state statutes setting up provisions for a community mental health services program. The mental health board will be part of the program.

The law states that persons serving on a mental health board should represent local health departments, medical societies, county welfare boards, hospital boards, lay associations concerned with mental health, labor, business, civic groups and the public.

Members of a mental health board, however, need not belong to these groups but must have the respect of the groups and an understanding of their interests.

Papenfuss' appointments were approved in a resolution passed by the county board.

Copies of this resolution will be sent to the two persons named to the selecting committee and to the county boards of Houston and Wabasha counties.

## Scout Campaign Leaders Named

A Winona man is chairman of a \$96,151 campaign to provide a program and activities for the increasing number of boys in the Gamehaven Boy Scout Council.

He is Harry Hanson, 624 Terry Lane, division sales manager of Northern States Power Co., who has been working with an area committee of community leaders.

The leaders: Bernard Wampach, Eyota; Ed Ruhoff, Altura; John Speltz, Rollingstone; Lyle Richardson, Elgin; Lyle Niemi, Lewiston; Allen Whetstone, Minnesota City; the Rev. Charles Schwenke, Plainview; Laverne Laudon, Dover; Dale Hawk, St. Charles; Frank Brosig, Elba; Marilyn Gerkin, Mazepa; Dean Plank, Wabasha; Burdette Vrieze, Fountain; Norbert Skaran, Ostrander; Mike Caldwell, Canton; Lynn Kidd, Wykoff, and Curtis Johnson, Peterson.

Other towns in the area contribute to the council through their Community Chest or United Fund drive.

## Six Senators Urged to Form Area Committee

WASHINGTON (AP) — President Kennedy has been urged by six Democratic senators to create a federal-state regional commission to coordinate economic development in the northern tiers of Michigan, Wisconsin and Minnesota.

They asked, in a letter to Kennedy, that he initiate such a program by calling a White House meeting of cabinet members, governors and senators from the three states and agency heads administering economic development programs.

The proposal is backed by Sens. Hubert H. Humphrey and Eugene J. McCarthy of Minnesota, Pat McNara and Phillip A. Hart of Michigan and William Proxmire and Gaylord Nelson of Wisconsin.

The northern areas of the states, the senators said, have suffered persistent and substantial unemployment, with the jobless rate usually about twice the national average.

## Near Austin

## Car-Train Crash Kills Area Man

CHATFIELD, Minn. — A 47-year-old farm equipment salesman for Northco of Luverne, Minn., resident of Chatfield, was killed when his car was struck by a Chicago & Great Western freight train Tuesday at 12:45 p.m., 2 1/2 miles west of Brownsdale and 10 miles northeast of Austin.

Victor R. Hervey was west-bound on Mower County 2 and was traveling on a straight stretch of road. The railroad crossing didn't have signals.

The train was northbound from Austin to Hayfield. Sheriff Doyle Lindahl said it was traveling about 25 miles an hour.

THE FRONT of the diesel hooked the left front door post and carried it forward for approximately 490 feet before it could stop.

A wrecker was used to pull the car loose from the engine, and crowbars and wrecking bars were used to pry open the door. Hervey was pinned inside and was killed instantly, the coroner said.

This was the 19th highway fatality in Mower County this year and the second fatality at this crossing in five years.

Hervey was born June 30, 1916, to Mr. and Mrs. Victor C. Hervey. He married Wilma Wuennecke Oct. 5, 1944, at Flint, Mich.

Survivors include his wife; one son, Russell, at home; two daughters, Jeanette and Margaret, at home; his mother, Chatfield; one brother, Eugene, Fayette, Iowa.

Funeral services will be at 2 p.m. Thursday at Methodist Church, the Rev. Glenn Quam officiating. Burial will be in Chatfield Cemetery.

Friends may call at Boetzer-Akeson Funeral Home after 7 tonight.

TWO OTHER MEN died in Minnesota traffic accidents, boosting the 1963 toll to 685, 101 ahead of a year ago.

Killed Tuesday night was Emil Bauman, 69, Avon, Minn. He was struck by a car driven by Richard Erickson, 33, South St. Paul, as he walked across Highway 52 in Avon, 15 miles northwest of St. Cloud.

Killed earlier Tuesday were Lloyd Larimer, about 53, Sioux Falls, S.D., who was involved in an accident on U.S. 16, one mile west of Adrian.

A car was about to make a left hand turn off the highway when another approaching from behind apparently could not stop in time and swerved out to try to avoid it. The second car, said the patrol, collided with the tank truck, driven by Larimer and carrying some 8,000 gallons of diesel fuel.

## Northern Italy Fights Floods

MILAN, Italy (AP) — A third day of unceasing rain caused flooding in a dozen north Italian towns today. Authorities ordered evacuation of scores of homes menaced by landslides.

High winds drove Adriatic tides far up the delta of the Po, breaking one dike and flooding acres of farmland and leaving many farm homes awash.

At Tortona, between Genoa and Milan, the Ossona River flooded the town. One resident drowned in a basement where he was sleeping.

Heavy rains increased the danger of landslides in the Grue and Borbera valleys south of Tortona.

They asked, in a letter to Kennedy, that he initiate such a program by calling a White House meeting of cabinet members, governors and senators from the three states and agency heads administering economic development programs.

The proposal is backed by Sens. Hubert H. Humphrey and Eugene J. McCarthy of Minnesota, Pat McNara and Phillip A. Hart of Michigan and William Proxmire and Gaylord Nelson of Wisconsin.

The northern areas of the states, the senators said, have suffered persistent and substantial unemployment, with the jobless rate usually about twice the national average.

## Zoning Appeals To Be Heard By City Board

FOUR routine applications await action Thursday night by the Board of Zoning Appeals, while one of major interest to the city will be heard Nov. 17.

Raymond Eggers, 550 E. Sarnia St., has applied for permission to build a carport extending slightly ahead of the front of his house and of neighboring houses. He seeks a variance from the requirement that no construction can project beyond the line of adjacent residences.

A similar variance is sought by Frederick Wilde, 711 E. Howard St. He plans an addition to the front of his home which will protrude ahead of the front line of nearby houses.

Albert White, 846 W. Broadway, has applied for permission to tear down an old garage and replace it with a new structure. The location is within two feet of rear and side lot lines. He asks a variance from the zoning requirement of five feet of clearance.

Held over from a previous meeting is the application of Loyel Hoesek, 355 Oak St., for permission to build an addition to his garage coming within two feet of a side lot line. The zoning ordinance minimum is six feet.

Next week the board will study an application for amendment of the zoning ordinance by Jay Investment Corp., Minneapolis, prospective purchasers of the old Winona General Hospital property.

Robert V. Gisselbeck and Samuel J. Schneider, corporation officials, request the change to permit construction of three 11-unit apartments on the site of the hospital and nurses' home buildings. The requested amendment would apply to R-2 zones, under which the property is currently classified, and would permit construction of apartments under certain restrictions relating to setbacks and off-street parking.

## Second Meeting On Summer Theatre Planned

Nothing definite resulted from a discussion of a proposed summer theater here Tuesday night, other than a decision to hold another such meeting Nov. 26.

Fifteen persons attended last night's meeting at the St. Mary's College Student Union. Donald Stone, executive secretary of the Chamber of Commerce, one of the sponsors of the proposed theater project said today he was "very happy with the turnout."

The chamber's tourist bureau had invited 24 persons to the discussion, including representatives of college drama departments and local associates of Minneapolis' Tyrone Guthrie Theater group.

Stone said that the proposal was discussed, but that those taking part felt that it was too soon to make any announcements.

Advocates of the project suggest construction of a theater in Levee Park, shaped like a showboat and located just ahead of the Julius C. Wilke Steamboat Museum. Acting and production staff could be recruited from among summer students at local colleges, the tourist committee suggested.

Announcement of the time and place for the Nov. 26 meeting will be made later, Stone said.

## Lighting OK'ed At Independence

INDEPENDENCE, Wis. (Special) — Independence City Council Monday night approved a petition by taxpayers to install three fluorescent lights in front of St. Peter & Paul's church and school.

Pietrek Service Station was awarded a contract on bid for a new city dump truck.

The city has completed improvements on 7th, A and Howard streets with sandblasting, crushed rock, and blacktop. Street signs have been ordered for placement on arrival.

# He's Weak In Geography

By EARL WILSON  
NEW YORK — People are dashing madly around town shouting, "Earl Wilson is perfect. He never makes a mistake!" This is pretty embarrassing to me. I'm just big enough to say it isn't true — I have made one or two mistakes.

Geography seems to be one of my weaknesses. Which is unfortunate — since I'm a world traveler. I go everywhere, but apparently I never know where I've been. When I was a student at Ohio State University long ago, a professor wanted to flunk me in geography. I laughed at the poor fellow. Now I think he would have been justified.

"Dubrovnik, the beautiful resort on the Black Sea," I wrote recently in a piece about Ben Grauer and his wife.

It's the Adriatic Sea, if you must know. That wasn't so bad as me telling about Tennessee. Ernie Ford having a home near San Francisco and a ranch way across the state "near the Washington State line." I just happened to forget there's a state called Oregon between them. But my readers didn't forget... Pow, right in the chops!

SOMETIMES IT isn't my fault. I flew to Los Angeles to see Edie Adams and all those stars in the "Mad, Mad World" premiere. Sid Caesar and I got into a cab and told the driver to take us to Stanley Kramer's house on Mapleton Drive, for the big sendoff. We wound up at Schwab's Drugstore at the other end of town.

Now I don't think those two addresses sound alike, but the cab driver did.

It may be that the ghost of that geography prof. is after me for having said those bad things about him. Not long ago, the B.W. and I were in Europe

where I was doing some stories about Kim Novak.

"We are now passing over Wales... that is Bristol right below us," the stewardess at the microphone said.

I was busy writing a column, and I hurriedly slapped on a dateline, "Bristol, Wales."

HOW WAS I to know that we were going so fast by jet that we shot from Wales to England in the time it took to utter those words... that we were then in Bristol, England, not Bristol, Wales?

Once again my readers caught me up. One lovely female said that was like saying "Mexico City, Alaska."

I blame all these errors on "polyhedral listening" — listening in all directions, which they say can drive you crazy. You never quite know what your friend's said because one on the other side is talking into the other ear.

I'm not exactly brilliant in geography but I'm not sure I'm any better in zoology. Let's take a practical example. Some friends of mine were talking about Jacqueline Susann's new book about her great pet, Josephine, which she called, "Every Night, Josephine." I turned aside to listen to somebody else, and thus came the confusion.

I WROTE a few words about the excellent new book Miss Susann had written concerning her pet cat, Josephine... Well, Josephine has taken strong exception to these words, complimentary though they were.

Josephine is a French poodle. TODAY'S BEST LAUGH: "Psychiatry," says Barney Martin, "—that's the business to be in. I know a guy who's making \$1,000 a week plus all the change that falls into the couch."

WISH I'D SAID THAT: "I'll say one thing for politicians I've seen on TV," notes Bob Orben. "They don't lie any more than the average sponsor."

REMEMBERED QUOTE: A gentleman is a gardener who can call a spade a spade, without adding any qualifying adjectives." Albert D. Lasserer. EARL'S PEARLS: "The easiest way to get a jar open is to tell a five-year-old not to touch it." Rip Taylor. Alan King claims at the Waldorf that he's very suspicious of health foods: "Before I'd buy Tiger's Milk, I'd want to know what happened to the guy who did the milking." That's earl brother.

## Two Fishermen Drown, 3rd Dies Of Heart Attack

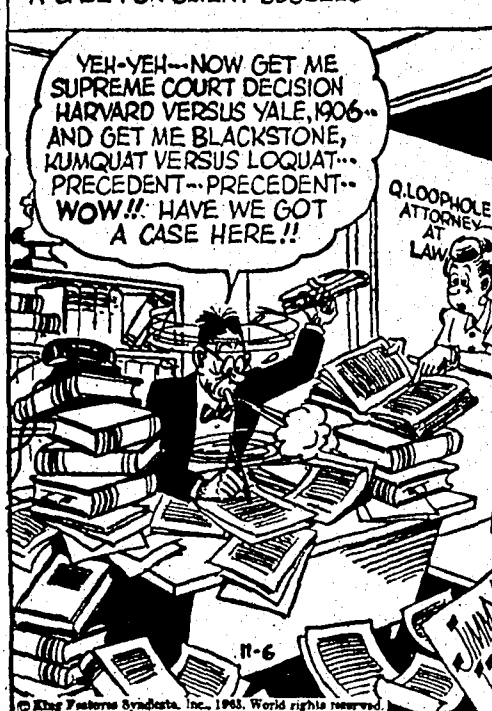

EDEN VALLEY, Minn. — Two elderly Litchfield men drowned and another died of a heart attack Tuesday after their boat overturned while they were fishing on Brown's Lake 3 miles north of here.

The heart attack victim, John Oldenkamp, 78, clung to the 14-foot aluminum boat and was brought safely to shore, then collapsed and died.

The bodies of Gust Danielson, 72, and Roy Richey, 78, were recovered.

## Deer Opening

Minnesota opens a nearly statewide deer season at sunrise Saturday, varying in length from nine days in the northeastern corner of the state to one day in the south and central areas or zones 4 and 5. In the river counties, Zone 6, the season is three days running through Nov. 11 — Saturday, Sunday and Monday.

Zone 6 is considerably larger than recent years, extending from the Iowa line north to a line from Taylor Falls to St. Cloud, and west from the river to a series of highways which include Highways 63, 30, 56, 19 and 65 in Southeastern Minnesota. Open territory includes all of Goodhue, Wabasha, Fillmore and Houston counties and parts of Dakota, Washington, Anoka, Isanti, and Chisago. Shooting hours are sunrise to sunset.

Zone 4, directly west of Zone 6, embodying the rest of Southern Minnesota, is a one-day Saturday-only zone. This should reduce the opening day pressure in this area and cut down materially the number of hunters from cities like Mankato, Austin, and Albert Lea, who will be able to hunt in their own backyard on Saturday. In both zones it is single-slug shotguns only.

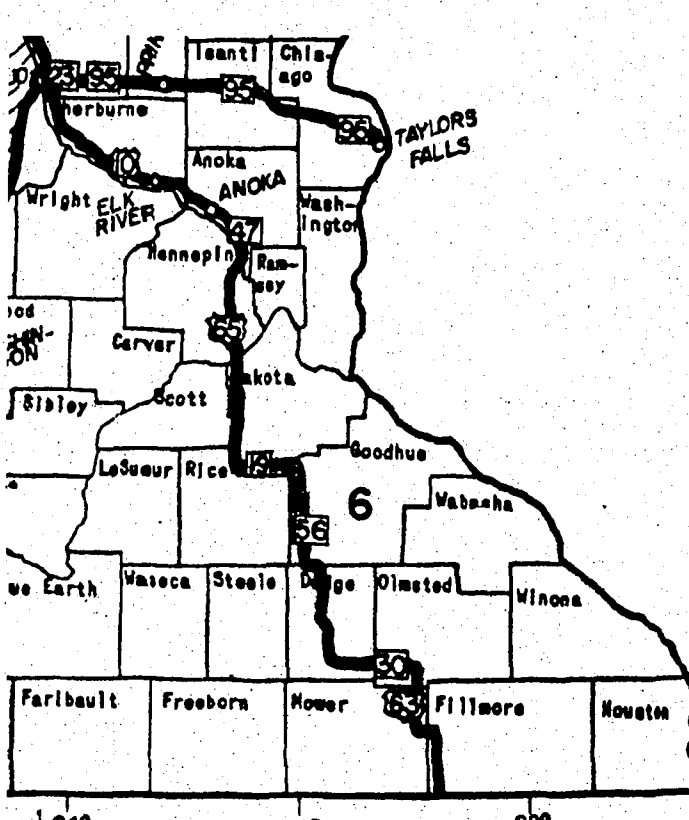

As to refugees, the Upper Mississippi River Wild Life Refuge on the Minnesota side will be open to deer hunting. Since the duck season closes on Friday, the open area will include the "closed areas." These closed areas will not be kept closed for the geese season which runs through Dec. 13. So the deer hunter had better carry along a couple of geese load shells.

The Whitewater Wild Life Refuge will be operated under the same general regulations as last year. The preserve areas remaining closed but the public hunting ground sections open to deer hunting. Both are clearly posted. Biologists will operate in the refuge checking some of the hunters.

Population Up  
There are not too many ways of measuring the deer population in an area as large as Southeastern Minnesota. Spot checking is too expensive and results from it uncertain. Wisconsin depends partially on its car kill comparison from year to year. This is probably better than nothing but is affected by weather and the rutting season.

During the past week or ten days, the car kill along Highway 61 and 35 has run extremely high, higher than a deer a day in Buffalo County, and an equal number along Highway 61 in Winona, Houston and Wabasha counties. On the surface, this indicates an abundance of deer.

Weather is going to be an important factor. The season is far too early in the opinion of a lot of hunters. They would prefer dates two weeks later, like those

of Wisconsin where the season opens Nov. 23.

A favorable factor this year is that much more corn has been harvested than in recent years. There are fewer corn fields for the deer to hide. However, unless a very heavy rain comes it is going to be tough hunting. The woods are very noisy. A deer will be able to hear a hunter walking a mile away.

Unless rain comes, also, the fire hazard will be great. Supt. George Meyer of the Whitewater refuge urges all hunters to use extreme caution, under present (Tuesday) conditions with fire. The population of deer in the refuge has increased slightly over a year ago in his estimate.

At a warden meeting held at Owatonna for Southeastern Minnesota wardens by District Warden Dale Peterson Tuesday, this fire hazard was also stressed. Early shooting is going to be considered a serious offense.

Minnesota is open also to bowhunting during this gun season, but bowhunters must dress in red as other hunters are required. This, of course, is a safety measure.

## Negro Elected At Niagara Falls

NIAGARA FALLS, N.Y. (AP) — An unemployed Negro has been elected to the Niagara County Board of Supervisors. He reportedly is the first of his race to win a seat on the board.

Joseph H. Profit, 28, a Democrat who came here from Alabama 10 years ago, defeated the Republican incumbent Tuesday, 1,176 to 1,131, in the 12th Ward. The ward has a Negro and white population.

Profit is a native of Montgomery, Ala.

## Supreme Court Will Pass on Rabinovitz Vote

MADISON, Wis. (AP) — Members of the State Bar of Wisconsin have voted 2 to 1 to assess the judicial qualifications of David Rabinovitz but it will be up to the State Supreme Court to decide whether the results of the poll can be made public.

Rabinovitz is a Sheboygan attorney who was appointed by President Kennedy to succeed the late Patrick T. Stone of Wausau as judge of the U. S. District Court for western Wisconsin.

The bar said Tuesday that a poll of its members showed that 2,239 were in support of assessing Rabinovitz' judicial qualifications while 1,043 opposed it.

The question of whether the State Bar members should vote on the qualifications of Rabinovitz was the first of a two-part question. The second part asked the attorneys to say whether they thought Rabinovitz was qualified.

The State Supreme Court issued a temporary restraining order Monday preventing the State Bar from taking and making public the tally on the second part of the question.

The U. S. court will hear arguments on the request that the bar be permanently enjoined from tabulating or announcing results of the second question.

Byron Axel, a Milwaukee attorney, submitted the request to the court.

W. Wade Boardman of Madison has been retained to represent the State Bar in the Supreme Court case.

Several attorneys, including Gov. John W. Reynolds, have raised objections to the poll.

The governor called the vote an attempt to "blackmail" Rabinovitz to withdraw.

## Commissioners OK Lathe Sale

Another sale of county highway department equipment was confirmed Tuesday by the Winona County Board of Commissioners.

The board approved and accepted \$400 for a metal lathe sold to Floyd Tapanier by Gordon M. Fay, county highway commissioner. The lathe was advertised at the time of the auction of county highway equipment Oct. 9, but was not sold then, Fay said.

No address for Tapanier was given, but Fay said that he lived in the northern part of Minnesota.

Money from the sale was placed in the county's road and bridge fund.

The commissioners also approved a resolution calling for relocation of County State Aid Highway 26 in and near Elba. Because part of the work is to be done in the village of Elba, village officials must concur with the county board's action.

The board approved and placed on file a list of lands in the county forfeited to the state for nonpayment of taxes. It then authorized County Auditor Richard Schoonover to sell the land. The sale was set for 10 a.m. on Dec. 12.

Other action by the commissioners Tuesday included approval of routine monthly bills.

## 7 Killed, 32 Hurt in Crash

TRUCKEE, Calif. (AP) — A special bus carrying fun seekers for a night's gaming at Reno, Nev., crashed in the stormy High Sierra Tuesday, killing 7 passengers, and injuring 32 including the driver.

Bodies were scattered up and down a rain-slicked freeway. The victims were rushed to a small nearby Truckee hospital. The more seriously injured were taken on to Washoe Medical Center in Reno, 28 miles away.

All the dead were California men. Five were killed outright in the crash as the bus rolled over at least three times into a highway divider that also serves as a drainage ditch. Three of the five were under the bus, resting on its side.

The bus driver, John Gastanik, Jr., 38, Sacramento, refused to comment on the mishap. He suffered head cuts.

In San Francisco, Greyhound officials said the bus was chartered by the Cal-Neva Casino in Reno to bring 38 persons, all but two Californians, up to the Nevada city for an overnight stay.

## Car Hits Cow

MABEL, Minn. (Special) — A car driven by Reginald L. Welper, 35, Mabel, struck a Holstein cow belonging to Walter Ward Sr., Mabel, Sunday at 1 a.m. about one-half mile south of the Minnesota-Iowa state line on the Hesper-Mabel blacktop. The cow, which was killed was valued at about \$250, and damages to Welper's station wagon were estimated at \$200.

## DEAR ABBY:

# Time to Have Family Talk

By ABIGAIL VAN BUREN

DEAR ABBY: My husband works the second shift, which means he leaves home at 2:30 in the afternoon and comes home after midnight. By the time he wakes up in the morning the children have gone to school. He doesn't even know he has a family. I have all the decisions to make and all the discipline problems. I am fed up with the full responsibility. Don't tell me he is earning a living for "his family." He has plenty of seniority where he works and could get on the first shift by asking for it. What do you think I should do? FED UP TO HERE

DEAR FED UP: I think you should tell your husband what you have told me. Unless you have already told him so many times he thinks you're kidding.

DEAR ABBY: Just read "ALL MAN'S" letter. He said, "Women drivers, bah!" I am a woman driver who has been driving since the age of 16. I am now over 60 and have yet to be involved in any kind of accident, stopped for speeding, or given a ticket for over-parking or wrong parking. Show me a man with the same record!

I find that most men are "weaver boys." They weave in and out of traffic to get ahead, and when you reach the next stop light, they are sitting there — waiting.

DEAR ABBY: I have a relative (through marriage) who is far from poor. In fact she is a lot better off financially than I am. But this woman gives used things for gifts. And she doesn't even bother to have them gift-wrapped. She just puts them in a paper sack. Last week she gave me such a "birthday gift." I gave it to a needy person. She could have bought me three new powder puffs for 25 cents and I'd have appreciated it more. What is wrong with people like that? HURT

DEAR HURT: It's hard to say. If she's off her rocker, you shouldn't be critical. But if she's simply ignorant, continue to accept the gifts without comment and pass them along where they will bring some joy.

CONFIDENTIAL TO M. W.: A man should never be ashamed to admit that he has been in the wrong. It is another way of saying that he is wiser today than he was yesterday.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

## Exploding Shell Kills Hunter

BOZEMAN, Mont. (AP) — An explosion of a high velocity rifle cartridge or cartridges killed a Bozeman hunter, Coroner Alexander M. Schmall said Tuesday. He called it a "one-in-a-million happening."

The body of Victor Vermillion, 25, was found near a deer he apparently had killed and par-

tially cleaned. His rifle was nearby.

The coroner said the cartridges were in Vermillion's shirt pocket.

## Alma Masonic Lodge Honors Grand Master

ALMA, Wis. — Belmont H. Schlosstein, Cochrane, worshipful grand master of the Wisconsin grand lodge, was honored by his own lodge, Alma Lodge 184, at a dinner at Alma High School cafeteria Saturday evening.

About 175 Masonic members, wives and friends attended from Aberdeen, S.D.; Wabasha and Reads Landing, Minn., and La Crosse, River Falls, Chippewa Falls, Worewoc, Cassville, Durand, Mondovi, Pepin, Fountain City, Cochrane, Buffalo City and Alma, Wis. Judge Orrin Larrabee, Chippewa Falls, past grand master, was guest speaker.

GARY B. Schlosstein, Cochrane, master of the Alma lodge, and son of the grand master, were dressed for the occasion. The Rev. Gene Krueger, United Church of Christ, Alma, gave the invocation and benediction.

Judge Larrabee told of the time the grand master has spent in furthering Masonry. He mentioned the bereavement that had entered the family in the death in Germany of their son Kent while on duty in the military intelligence service. Judge Larrabee said men are judged to work hard to further Masonry.

He presented Schlosstein with the National Gold Honor Award of the York Rite. This is only the 62nd such award given in the nation.

Ernest R. Hiegel, La Crosse, grand lecturer; Charles E. White, River Falls, grand steward, and Glenn Turton, Alma, grand tier, also spoke, as did Roy Tanner, Mondovi; Ray Halling, Pepin; Peter Drysdale, Wabasha; David Cronk, Durand, and Charles P. Russin, Fountain City. All are masters or past masters.

The grand master discussed the miles he has traveled and of the ceremonies attended. He emphasized the importance of Masons to attend Blue lodge meetings. He credited George Ulrich Sr., Alma, who was master of the lodge at that time, with starting him in Masonry. Ulrich was asked to rise.

A MONDOVI quartet sang. Gary B. Schlosstein introduced his father and his mother. He presented gifts from the group to his father and to Turton. Mrs. Schlosstein and Mrs. Turton were presented with corsages.

The committee in charge of arrangements was Andrew Jost, Oscar Sirm and Howard Achenbach, all of the Alma lodge. Mrs. Ray Winger decorated the tables. The dinner was served by women of the United Church of Christ of Alma.

## BOYLE'S COLUMN

### Cary Out To Learn Cooking

By HAL BOYLE

NEW YORK (AP) — Cary Grant has decided to learn how to cook.

"Maybe if I learn how to cook, somebody'll marry me if I play my cards wrong," he said lightly.

"I once got a Boy Scout merit badge for cooking. But about all I remember now is that you have to cook things longer at a mountain altitude.

"If a man really goes into it, he makes a better cook than a woman. Take Danny Kaye—he's fantastic. My cook is rather jealous of his ability."

As a first step in acquiring culinary skill, Grant is having a modern electric kitchen installed in his hilltop home north of Beverly Hills.

The ageless movie actor, who recently completed his 61st starring film, was in a merry mood.

The evening before had been notable. The Theater Owners of America had presented Cary with their "Star of the Year" award. Two young ladies also had followed him into the men's washroom to kiss him—an impromptu award for which he had no prepared speech or ready ad lib.

Now, the morning after, as he dressed for a luncheon date, Cary pranced around his hotel suite as gay as a college sophomore.

As he went under the shower, he sang "Mother Machree" in a bathroom baritone that would never win him a Metropolitan Opera audition. He emerged a few moments later clad in a white towel.

Time is scattering more and more gray hairs on his head, but he still has the youthful build of a pro football halfback—lean, tanned and muscular.

Asked if he could touch his knuckles to the floor, Cary said he'd never tried, then bent easily down several times and knuckled the living room rug without strain.

"I don't take any regular exercise—I just move around," he said. "And I ride a lot. You can meditate well on a horse."

"I'm credited with living on a strict diet, but I really don't. I just try to please my stomach. I eat whatever I want— but sometimes I go two days without eating at all."

As he completed his dressing chores, Cary gave tidbits of information about himself:

"I don't believe in luck. People make their own life by setting up their own problems."

"My biggest failing? Talking

## What Tax Cut Will Mean to You

(Editor's Note: This third editorial on the proposed new tax law discusses taxes for the aged, liberalized drug expenses, and provisions for tax-free sale of a home.)

**HENRY ADAMS** has worked a long time for the Alpha Co. and will retire soon on a company pension for \$150 a month.

He's paid for his home, raised a family, and looks forward with Mrs. Adams to taking things easy.

Henry Adams' pay is \$7,500 a year, of which he pays \$1,141 federal income taxes and \$174 Social Security taxes. This leaves him \$6,185 a year.

Adams hopes to retire with an income of \$5,286 a year on which he will not pay any federal taxes. He can do this if the 11-billion-dollar tax cut bill becomes law in its present form.

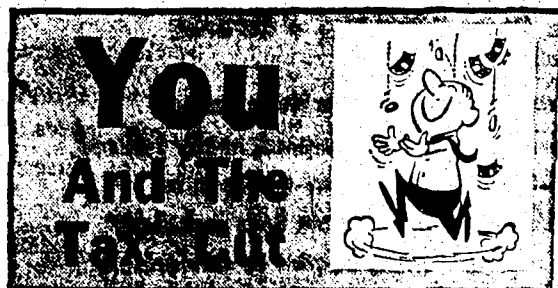

**MR. AND Mrs. Adams** are in good health and look forward to long years together. Their Social Security checks will amount to \$2,286 a year, and these are not taxable.

Since their children grew up the Adamases have been putting money aside and now get an income from savings of \$1,200 a year. The \$150 a month pension will add up to \$1,800 a year. So Henry Adams' income will look like this:

|                 |                |
|-----------------|----------------|
| Social Security | \$2,286        |
| Pension         | 1,800          |
| Interest income | 1,200          |
|                 | <b>\$5,286</b> |

On becoming 65 years of age Mr. and Mrs. Adams become entitled to two personal exemptions each in making out their income tax. Each personal exemption is \$600 and four amount to \$2,400.

**UNDER THE present law** Henry Adams could claim a standard deduction of 10 percent on the part of his income which is taxable — the pension and interest. This

comes to \$3,000 and the standard deduction would be \$300.

But under the proposed law, Adams could claim \$600, not \$300, as standard deduction. This would consist of \$300 for the first personal exemption, and \$100 for each of the three others.

The \$2,400 personal exemption and the \$600 "minimum standard deduction" would total \$3,000, and exempt all his income from taxes.

**EACH RETIRED man** thinks of earning extra money. If Henry Adams earns an additional \$1000 a year after he retires, he will pay 14 percent tax on it.

This would come to \$140. And give him an income of \$6,146 — almost as much as his take-home pay before he "retired."

Another provision in the tax bill which concerns many elderly persons is the cost of drugs and medicines. The present law allows deductions for these costs, above one percent of reported income.

Since Henry Adams uses the "standard deduction" method of accounting, this does not affect him. But for those who itemize their deductions, the provision in the new bill removing this one percent "floor" makes a difference.

**IT WOULD allow a \$30 additional deduction** on a \$3,000 income, for example.

Still another feature of the new tax bill will affect the Adamases. Their house really is too big for them now. Henry bought it for \$10,000 right after World War II before real estate prices inflated. Their real estate friend says he could get \$20,000 for it today.

The difference between \$10,000 and \$20,000 would be a "capital gain" for Henry Adams, and under present law he would have to pay at least \$1,000 capital gains tax if he sold.

The new bill provides that he could make this sale — this one sale, of his personal home, in all his lifetime — without paying a capital gains tax.

**INCOME FROM \$20,000** would pretty nearly pay the rent on a small apartment, or if they bought a \$10,000 home in Florida, income from the balance would help with the taxes and upkeep.

**NEXT: Top income earners** gain most.)

Let nothing be done through strife or vain glory. Phil. 2:3.

## HOW DO YOU STAND, SIR?

### Hemispheric Policy Hit

By SEN. BARRY GOLDWATER

Once again the New Frontier has made it clear that it considers Bolivia an example which it hopes all of Latin America will follow.

President Kennedy was quoted to this effect when he greeted Bolivia's President, Victor Paz Estenssoro, on Oct. 22. Further, he emphasized his attitude by giving the Bolivian President a red carpet welcome with full military honors.

If Mr. Kennedy's words can be taken at face value and if Bolivia really is his idea of an example to be followed by all Latin America, then it would seem clear that the administration is totally bankrupt in its hemispheric policy.

The truth is that Bolivia is not an example of democracy. It is an example of lightly-coated despotism. It is not an example of economic progress. It has swallowed more of our aid money, per capita, than any other Latin nation in recent years. Yet, its economy remains stagnant, its people remain poorly served, their opportunities remain highly restricted, and dependence upon foreign aid for budgetary support remains virtually complete.

I suggest that Bolivia is not an example of revolution in the tradition of freedom. It is, indeed, an example of traditional revolutionary violence and tyranny.

THREE YEARS after the Paz Estenssoro regime came to power, former Undersecretary of State Sumner Welles was quoted as saying that the government had "turned Bolivia into an immense concentration camp" and that "torture and assassinations were daily occurrences."

Another estimate of the current Bolivian regime came just recently from Dr. William S. Stokes, one of this country's most distinguished academic experts in the field of Latin-American affairs.

Here is what his report had to say about the Paz Estenssoro Government:

"The President and his advisers evidenced from the very beginning a passionate intolerance of the opposition. They arrested a former foreign minister, a former minister of economic affairs, a former chief justice of the Supreme Court, leaders of the major political parties and many other prominent, even distinguished, figures."

"SECRET POLICE organized under a bureau known as Political Control ferreted out the opposition, using unconstitutional methods that rivaled in ferocity those employed by the Nazi and Communist tyrannies. The jails were literally filled with thousands of political prisoners, and President Paz Estenssoro created concentration or 'work' camps to accommodate the overflow."

Dr. Stokes emphasized that the basic principles and policies of the revolutionary government in Bolivia have not changed in any truly significant manner.

It is important to remember that we have undertaken in a number of ways to withdraw American support from Latin regimes which we consider to be opposed to the rights of the people and to free society. In some cases we have withdrawn support simply because the regime came to power by violent means — whether or not that regime subsequently dedicated itself to seeking stable, orderly and representative government.

IN THE case of Bolivia we have a government that not only came to power in violence, but has sustained itself in tyranny while bankrupting the future of its people. And we not only support it, but we promote it as an example for all the countries of Latin America.

A complete and searching study of this entire situation is surely needed. If the present administration insists on holding Bolivia forth as an example for all Latin America then the facts of the case must be widely known and wisely evaluated. What I have learned so far leads me to believe that aid to Bolivia should be withdrawn.

It is an example of the very wrong way, not the right way, for Latin America. How do you stand, sir?

## 'The Rates Are the Same . . . \$1.5 Million A Day . . . In Advance!'

### THE WASHINGTON MERRY-GO-ROUND

## Will Glenn, Taft Make Headlines in Ohio?

By DREW PEARSON

WASHINGTON — Two spectacular names will probably be in the Ohio political race next year — Col. John Glenn, the famed astronaut, and Robert Taft Jr., son of the late "Mr. Republican." They will probably be running for Congress, one as a Democrat the other as a Republican, though not against each other.

Taft, who is now a congressman — at large from Ohio, expects to run for the Senate against Democratic Sen. Steve Young. Taft was expected to make headlines in Washington, but has laid low, and spends a lot of time back home polishing up political contacts.

Steve Young, twice Taft's age, has been one of the spiest, most peppy members of the Senate, has stood up to be counted on every issue, even dared take on the American Legion. He will not be easy to beat.

But the Democratic strategy, as hatched by astute congressman Charley Vanik, of Cleveland, is to groom handsome astronaut Glenn first by running him for Taft's seat — congressman-at-large — then put him up for the Senate against the Ohio Republican, Frank Lausche, nominally a Democrat, votes Republican about half the time, is the only northern Democrat who lined up with Red China, Fidel Castro and Albania in opposing the test ban treaty.

Things should be interesting in Ohio next year. Premier Khrushchev dropped some frank remarks about American presidents to Kremlin visitors the other day.

He said he preferred President Kennedy to Eisenhower. Like, he said, didn't control his own administration. Kennedy, he said, was a man you could disagree with but still respect.

As for Harry Truman, Khrushchev snorted that all Russians hated Truman.

His only comment on the late President Roosevelt was a Russian proverb: "When there are no fish, lobster is fish. When there are no birds, an ass is a nightingale."

ROGER BLOUGH, the U.S. Steel mogul, told a

press conference that Big Steel could not use its influence to ease racial tensions in Birmingham. "Any attempt to have its ideas of what is right for a community enforced upon a community by some sort of economic means is repugnant to me personally," said Blough. . . . In 1952 when Tom Dewey appealed to U.S. Steel moguls to throw its influence against the late Sen. Bob Taft in the Republican National Convention, it was not repugnant. U.S. Steel used its influence with Gov. John Fine. Overnight Pennsylvania delegates switched from Taft to Eisenhower. . . . When Cong. Henry Gonzalez of San Antonio punched Ed Foreman of Odessa, Tex., he also called him a "little two-bit, loud-mouth, mad dog type of guy." This was not so bad. What really hurt was: "He spent most of his life in New Mexico." . . . Life magazine sneaked some pictures of senators whooping it up at the opening of Bob by Baker's fancy motel in Ocean City, Md., last summer. The senators caught by the camera have pleaded with Life not to publish the pictures. . . . Joe Valachi, having finished his closed door testimony on the mob's narcotics operations, has become a ham actor. He complained to his jailers the other day about his press notices. Not fulsome enough. . . . The Senate rackets committee has received signed statements from several underworld mobsters now in jail but they don't want to tell their story on the witness stand. Sen. McClellan may call them anyway.

SEN. GOLDWATER has deftly withdrawn the manuscript of his new book, "The Red Stripes of Freedom," written for McGraw Hill. Advisers told Barry the book would raise Cain with labor and Republican moderates. Goldwater returned the advance royalty to McGraw Hill and promised to revise the manuscript after the '64 election. . . . Inside word is that it was a deal with Sen. Norris Cotton of New Hampshire that caused Goldwater to reverse his stand on the United Nations. Before Cotton would mastermind the Goldwater campaign in the granite state, he required his candidate to come out for the U.N. . . . In New Hampshire, it's said that Cotton, attorney for Bernard Goldfine, has now jumped from Goldfine to Goldwater. . . . In California the

other day, Gov. Rockefeller told Republicans privately that he will announce his candidacy for president this month. He also predicted that his new wife, Happy, would end up as a campaign asset, not a liability, after the public gets to know her. . . . Gov. Pat Brown of California, Democrat, suspects that the man he defeated for the governorship of California, Richard Nixon, will be the real GOP candidate for president. . . . Goldwater's campaign manager, Cliff White, has confided to friends that he feels the same way.

THE budget scrutineers aren't as happy over operation Big Lift as the brass hats. They point out that it cost the taxpayers over \$20 million. One item — avoidable — was the transportation of 445 tons of jeeps and heavy equipment at a cost of \$1,700,000. Heavy equipment was standing by in Germany ready for use anyway. . . . German farmers are now sending bills to the U.S. Army for the use of their land, churned up by the 800 tanks participating in mock war. . . . U.S. scientists are experimenting with laser beams which they believe will be able to detect and destroy submarines under the ocean. If successful the experiments will make our Polaris fleet obsolete. . . . The Air Force is now studying carefully the U-2 photographs taken of Cuba after Hurricane Flora. They show villages flattened out and sugar cane fields swamped. Big sugar mills are still standing. . . . It was close scrutiny of Khrushchev's press conference statement about flying to the moon plus an intelligence report that the Soviet was still making lunar plans which caused Kennedy to say in his recent press conference that Russia had not abandoned its race to the moon.

### PIGS GET ULCERS

MADISON, Wis. (AP)—The uncertainties of modern living are beginning to affect pigs, too. Tadeusz Kowalczyk of the University of Wisconsin Department of Veterinary Science told the World Veterinary Congress in Hanover, Germany, recently that stomach ulcers in swine may be related to "psychosomatic" stresses brought about by high pressure modern feeds and swine raising practices. He said causes of animal ulcers could be similar to those in humans.

## TODAY IN WORLD AFFAIRS

### Fulbright Raps Gen. De Gaulle

By DAVID LAWRENCE

WASHINGTON — An unprecedented method of attack has been employed to influence Gen. De Gaulle to change the policies of the French government so they will be more pleasing to the United States government.

Sen. J. W. Fulbright of Arkansas, who is chairman of the Foreign Relations Committee of the United States Senate, has just made a speech that expressed views which, it might have been expected, would be uttered only by the President or secretary of state. For the executive branch of the government has heretofore jealously guarded its prerogative to conduct foreign relations.

It is conceivable, of course, that the Fulbright speech was cleared in advance by the Department of State. For it would seem incredible that a speech of this importance, attacking an Allied government would be made without the knowledge and consent of the executive branch of our government. But is President De Gaulle now to regard the Fulbright speech as the expression of the United States government?

Sen. Fulbright's words were bluntly expressed. He said, for instance: "It is on this level of practical co-operation that French policy has been deeply disappointing to France's allies. It is a policy which, if long continued, could lead to the disruption of the Western Alliance, not by open repudiation but by a negation in detail."

The whole purpose of the Fulbright speech was ostensibly to persuade Gen. De Gaulle to liberalize his trade policies. But it remains to be seen whether this form of attack will be persuasive with the strong-minded head of the French government.

WHILE SEN. Fulbright asserted that the United States has not the slightest intention of standing aside if Europe is attacked and overrun, and although he reiterated that this country is committed "unalterably to the defense of Europe," he pointed out that the more likely occurrence would be a Soviet "assault on the United States from which Europe would be spared." Mr. Fulbright insisted that Europe, including France, must commit itself to a unified defense of the West. He added that, while the United States is committed to such a defense, "this does not mean that it cannot be driven from Europe." He declared:

"If our partners pursue protectionist trade policies and decline to carry a proportion of the military and foreign aid burdens commensurate with their resources, the United States will be left with no choice but to reduce its commitments." This is, to say the least, a most unusual commentary on the policies of an Allied government and specifically on the attitude of the head of that government. For certainly it doesn't make negotiation easier, and it is an undiplomatic way to conduct the foreign relations of the United States. The question also arises whether it makes superfluous the two American ambassadors in Paris — one accredited to the French government and the other to the North Atlantic Treaty Organization.

When the leader in the French or British parliaments makes a speech, he is talking as the head of both the government and the legislative branch. But in the United States, where Congress and the executive are separate institutions, it has always been taken for granted that communications to other governments would be handled only by the President or the secretary of state.

ANOTHER surprising thing about the speech is that it was given on Oct. 30, but discussed statements made by President De Gaulle at a news conference on July 29 last. It thus has the appearance of a carefully prepared attack, which may have been assigned to Sen. Fulbright to carry out.

This will not assist in the solving of difficulties between the United States and France. In fact, within the last 24 hours, word has come from Paris that President De Gaulle has abandoned any idea of visiting the United States during the next several months, as had been previously reported.

Perhaps the most extraordinary part of the Fulbright speech is that in which he directed his remarks at President De Gaulle personally. Chairman Fulbright said:

"I don't believe that President De Gaulle is disposed at present to take such a dispassionate view of American policy. One perceives in his remarks of July 29 that he is still looking at America through the distorting prism of wounded pride."

IT IS significant that in this same speech the Arkansas senator made a reference to France's unpaid debt from World War I to the United States. The total still unpaid, together with interest, amounts to more than \$6 billion, of which \$4.3 billion was due as of June 30, 1963. Mr. Fulbright referred to it as a "default since June, 1933."

This reminder that France owes the United States money was followed by Mr. Fulbright's remark that the United States "has not demanded payment of

## Answers To Your Questions

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Why are thyroid tablets prescribed to help a woman become pregnant? Isn't the thyroid gland in the neck? — MRS. P.S.

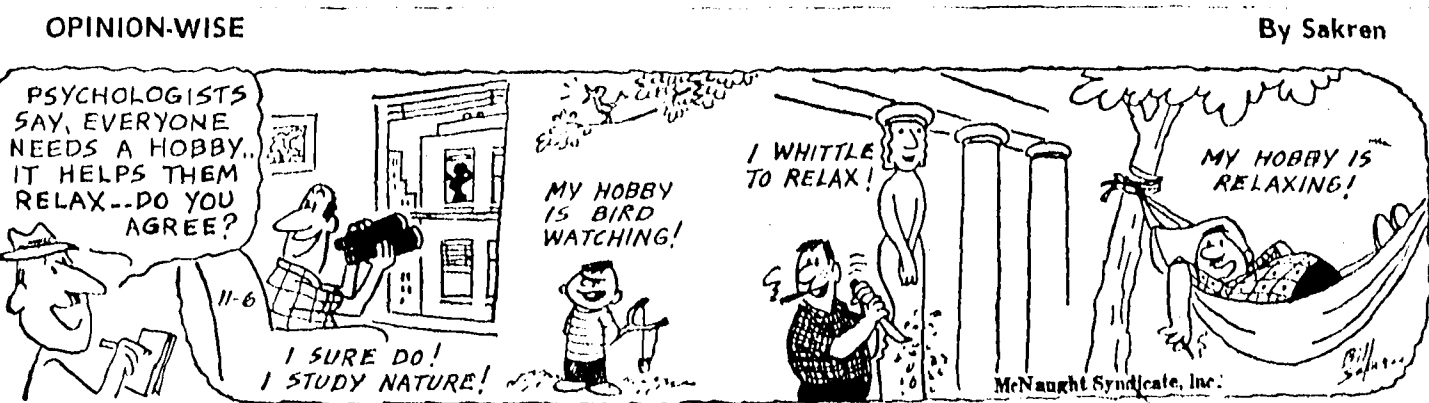

Yes, the thyroid gland is in the neck but the hormones it secretes affect the body generally. The person with low thyroid activity tends to be tired, slow, lacking in luster of the hair, and the like. There is an inter-relationship of the ductless glands which is very complex.

So if a woman is deficient in thyroid, administering it can encourage pregnancy by pepping her up generally. It is not a cure-all, and will not achieve pregnancy if, for instance, some physical defect is present. Thyroid may be prescribed for husbands, too, if they need it.

For some people, thyroid tablets may be advisable indefinitely, quite aside from the question of pregnancy. Depending on the degree of deficiency, improvement may be noted within a matter of days.

Dr. Dr. Molner: Is there any pill to make men sterile? — Mrs. S.H.

Nothing as specific as for women. There has been work with that goal in mind, but to my knowledge thus far it is not too practical.

## Duchess County Goes Democratic

POUGHKEEPSIE, N. Y. — Dutchess County, so solidly Republican that its most famous resident, Franklin D. Roosevelt, couldn't carry it in a presidential election, has gone Democratic.

Democrats won control of the County Board of Supervisors for the first time in 50 years Tuesday. Democrats also took control of the Poughkeepsie City Council for the first time in 33 years.

Poughkeepsie, the county seat, also failed to give Republican mayoral candidate Gleason Lovelace a majority vote in any of the 26 districts. Democratic Mayor Victor Waryas won 7,772 to 3,695.

## Higher Stock Margins to Be Required

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — Higher stock margin requirements may cut trading volume on the nation's exchanges and also the amount of profit a speculator may hope for—if he guesses right. And it's the speculator, as distinguished from the investor, that the Federal Reserve Board has in mind in raising the cash ante to 70 per cent from 50 per cent in buying stocks.

But the effect on stock prices themselves of changing the margin rules may be only temporary, if past experience is a guide. And the Fed, in truth, disavows any interest in swaying price trends.

Most stock buyers, whether individuals or institutions, probably will be affected very little, since they usually buy for cash as an investment.

Exchange officials stress that the percentage of the daily volume done on credit, although usually rising in boiling markets, is probably smaller than most onlookers suspect.

And exchanges and their member brokerage houses also have margin rules, usually calling for more cash to be put up well before a stock's price drops to the official margin set by the Fed.

But that regulator of credit notes that the total credit volume—borrowing from broker or from banks to buy stock—has risen 43 per cent in the last year to about \$7 billion. In that period consumer credit, more familiar to most families, was going up 10 per cent.

Those who buy on margin usually do so because that way they can make more money than if they pay cash—if they've chosen the right stocks. They can lose more, too, if they've picked lemons.

Suppose you have \$1,000 for stock buying. If the price of your choice is \$100, say, you

can buy 10 shares for cash. Monday, when the margin was 50 per cent, you could have bought—or got part equity in—20 shares. If the price goes up to \$125 as you hope, you've made \$25, minus commissions, if you paid cash. But you've made \$50, minus commissions and interest on the loan, if you bought on margin.

If the stock drops sharply in price, of course, you may find your broker selling it and wiping out your account.

Today, with the margin at 70 per cent, you can't buy 20 shares on margin with your \$1,000. You'd need \$1,400 in cash plus the \$600 your broker lent you. And the price would have to rise higher for you to get the same yield on the cash involved.

That's why it's bull markets that attract margin traders.

And it's the recent bull market—and more particularly the notably rising volume of trading—and of outstanding credit involved—that the Fed is probably eyeing with move.

## Diem, Nhu Killed In Struggle With Guard, Claim

By ROY ESSOYAN

SAIGON (AP) — South Viet Nam's revolutionary government claimed today President Ngo Dinh Diem and his brother, Ngo Dinh Nhu, committed "accidental suicide" — they were killed while struggling for a guard's pistol.

The latest official version of the brothers' deaths contradicts widely believed accounts that they were murdered by rebel troops in an armored personnel carrier last Saturday after they surrendered at a Roman Catholic church.

The revolutionary junta announced Saturday that Diem and Nhu, his closest adviser, shot themselves. Today Brig. Gen. Tran Tu Oai, minister of information in the new provisional government, gave this account to a news conference.

After the brothers surrendered, Diem entered the armored car but Nhu protested. "Why are you using this armored car?" he asked.

A crowd had gathered and began shouting. The rebel officers were afraid that if Diem and Nhu were not spirited away, the mob would lynch them. An army captain tried to push Nhu into the carrier, but Nhu turned around and grabbed the captain's pistol. As they wrestled for the weapon, the officer managed to drag Nhu into the car.

Oai gave no further details but added:

"Their deaths occurred after Nhu took the pistol from the captain."

The bodies have been turned over to relatives for burial, the junta spokesman said.

The junta will not request the extradition of Nhu's widow, who is in the United States.

## 1st Democrat In 55 Years Frisco Mayor

SAN FRANCISCO (AP)—San Franciscans turned out in force despite drizzling rain Tuesday and elected a Democrat as the city's mayor for the first time in 55 years.

Nearly complete returns showed 12-year Congressman John F. Shelley ahead of his closest rival, Republican Supervisor Harold Dobbs by 114,790 to 88,954. Almost 75 per cent of the eligible voters cast ballots.

Shelley, who is 58, will be the first Democrat to enter City Hall since Edward R. Taylor was appointed mayor following the ouster of Eugene E. Schmid during a period of graft prosecution. Taylor was re-elected in 1908.

Though the mayor's post is nonpartisan, this campaign had marked political overtones. Shelley received the endorsement of Democratic Gov. Edmund G. Brown and considerable support from party rank and file workers.

Dobbs had the endorsement of San Francisco's three major newspapers and a word of "confidence" from outgoing Mayor George Christopher, a Republican barred by charter from succeeding himself a second time.

## Preston Woman Denied Damages In Fillmore Co.

PRESTON, Minn.—With the closing of a jury case early Tuesday night, the busy Fillmore County District Court session which opened Oct. 14 now is over until the special term Nov. 18, according to Kenneth Hall, clerk of court.

A jury returned a verdict at 7:47 p.m. Tuesday awarding no damages to Mrs. Emma Wahl, 69-year-old Preston woman who claimed receiving fractures of an arm and hip on a Village of Canton street March 3, 1962. The jury began deliberating at 4:17 p.m.

The jury found the village wasn't negligent in maintenance of the street but that the plaintiff was negligent in causing her fall and assumed the risk of walking in the roadway. According to testimony she fell on ice.

Vernon Rendahl, Beaver Township, was jury foreman. On motion of the attorneys, Byron Willford, Vane A. Cyril F. Clement H. and Leo B. Snyder were dismissed as defendants as they had no equity in the land on which she fell.

Dingle & Krieger, Rochester, were attorneys for Mrs. Wahl. George E. Frogner, Harmony, was counsel for Willford; George O. Murray represented Canton village, and Moonan & Moonan, Minneapolis, were attorneys for the Snyders.

## Houston Names Cole Mayor; 334 Votes Cast

HOUSTON, Minn. (Special)—As in most other villages, voting was brisk here Tuesday, although the peak of 640 votes cast here wasn't reached.

For a village officer election, however, the 334 votes cast was good, according to Clerk C. P. Wahl.

Wahl, incumbent clerk, also received 14 votes for treasurer, with 18 scattered and 34 blank. P. F. Johnson, incumbent treasurer, polled 258.

Incumbent mayor and trustee were defeated. It was all a write-in election; no one had filed.

## One Filing Made For Elgin Ballot

ELGIN, Minn. (Special)—Only one candidate had filed for the Dec. 3 municipal election when the deadline for such action arrived at midnight Tuesday.

He is Lyle Richardson, who will seek another two-year term as treasurer.

Incumbent Mayor Donald Tiffany and Trustee Ewald Rossin did not file for re-election. Voters will have to write in the names of persons they want to serve the two-year term as mayor and the three-year trustee's term.

Municipal officers not up for election at this election are those of village clerk and two other trustees. Incumbents are Mrs. Albert Ihrke, clerk, and Calvin Baumbach and Leo Prescher, trustees.

## 2 Caledonians Sentenced

LA CROSSE, Wis.—Trial of the state's cases against two Caledonia youths charged with taking indecent liberties with a 14-year-old North La Crosse girl July 14, has ended. They have been sentenced.

A jury of six men and six women was selected out of 45 names drawn Monday to hear the cases against Ronald W. Schroeder, 18, and Steven K. Mallory, 17.

Testimony began Tuesday morning before Circuit Court Judge Lincoln Neprud.

At the opening of the afternoon session at 2, the prosecution's chief witness, the girl, was withdrawn from the witness stand at the request of her parents. She had been emotional on the stand and they didn't wish her to be subjected to more. On order of the judge her testimony was stricken from the record.

District Attorney John E. Flynn said he didn't want to reduce the charge but on the request of the parents, placed it at simple battery.

The youths by their attorney, Peter Berg, La Crosse, pleaded no contest. Each was sentenced to six months in the La Crosse County jail and to a \$200 fine.

Ardis L. Nelson, 19, La Crosse, arrested on the same charge, changed his plea to guilty Monday. Judge Neprud ordered a presentence investigation. He is to be sentenced Jan. 13.

### Madison PTA Hears Talk On Winona School Needs

A total of 235 teachers and parents, of which 33 percent were fathers, attended the open house meeting of the Madison School PTA Monday evening. They heard a talk by Winona Schools Supt. A. L. Nelson on Winona's role in meeting the rising cost of education and made plans for their big fundraising event of the year, the Fun Frolic on Nov. 15.

SUPERINTENDENT Nelson said that while property owners cannot be taxed much more to support the schools, there is a great need for expansion of Winona's school facilities. He suggested other means of taxation such as a sales tax or increase in the state income tax.

The speaker discussed in particular the need for post-high school vocational facilities in Winona. When he first came to Winona, he said, it was difficult to enlist young people in vocational classes. Now, he stated, there are waiting lists of young people, who want vocational training.

"There are twice as many as we can handle," he said. Superintendent Nelson suggested that instead of the three junior high schools now in operation, Central Junior High School be used as a senior high school and vocational school and that Washington-Kosciusko and Jefferson Schools be used as grade schools only.

He reported that the school board is contemplating requesting the University of Minnesota to conduct a survey as it did in 1922 and in 1949 and 1949, to help resolve some of Winona's school problems.

MRS. FRED Burmeister, general chairman of the Fun Frolic, announced that the theme will be "Around the World" and that children are being urged to dress in costumes of foreign countries.

Booths will be decorated in foreign motifs and the games and other activities will all have special foreign-type names. Chairmen for various committees were named and will be announced later.

Richard Alf, president, presided and Verdi F. Ellies, principal, introduced the speakers.

S. A. Sawyer, legislative chairman, talked briefly on pending legislation pertinent to PTA members and urged them to write their congressmen regarding the legislation.

The program included musical selections by Kathy Donaldson, Kathy Schain, Tom Reed and Tim Stoltman, all violinists.

The attendance prize was won by Miss Marilyn Lamm's fourth grade — 44 percent of parents attended. Refreshments were served by Mmes. Burmeister, Carl Klage, E. S. Staricka and Bruce Reed.

## 6 Hurt When Wire Snaps On Wallendas

SARASOTA, Fla. (AP) — A wire snapped beneath the Great Wallendas circus troupe Tuesday as it practiced "the seven," a human pyramid. Six were injured, none seriously.

Karl Wallenda, 57, leader of the troupe, said the wire, which was stretched between two trees at winter quarters, was only 12 feet off the ground.

"All we know is there was a big crash," he said. "Something gave. If we had been high, at least two would have been killed."

It was the first time the Wallendas had tried "the seven" since the pyramid came apart high above the concrete floor of the Detroit Coliseum in January 1962. Two were killed and one was injured so badly he will never walk again.

At Tuesday's rehearsal Jenny Faughnan was easing into the chair to form the top of the pyramid when the wire snapped.

Gunther Wallenda was struck under the chin by a shoulder pole and suffered facial cuts. Louis Murillo, 29, received wire

## Girls Urged to Take Up Boxing

GREENSBORO, N.C. (AP)—A Long Island, N.Y. advertiser wants students at the University of North Carolina branch here to take up boxing.

An ad in the current issue of the Carolinian, student newspaper, urges readers to "learn to box—be a master in the art of self-defense."

Perhaps the advertiser was misled by the Branch's new name—the University of North Carolina at Greensboro. It used to be Women's College of the University of North Carolina.

And 99 per cent of its student body remains very much female.

burns and Karl Wallenda was x-rayed for possible pelvic injuries.

Paul Jordan, 33; Herman Wallenda, 62, and Jenny were bruised. Andy Anderson, 28, wasn't hurt.

The troupe has a date to perform the pyramid at Fort Worth, Tex., Nov. 20.

## Let's Get Growing

By A. F. SHIRA

### Protecting Tree Roses For Winter

This article on tree roses is the final one on the winter protection of roses. There seems to be a growing interest in tree roses judging by the number of inquiries we have received in regard to them. However, some gardeners hesitate to grow them because they think that a lot of work is required in order to protect them against our severe winters.

Now, let us examine the nature of a tree rose. A tree rose, or a Standard rose, as it may be more properly termed, is one of the usual garden roses that is budded on the top of a stiff rose stem 3 to 4 feet in height. For this reason it is very susceptible to severe cold and must be handled differently than the usual bedding roses which are budded at the base of the plants. The stem may be of Rugosa or Multiflora stock.

It takes a little more work, of course, to provide winter protection for a tree rose, but its beauty when the heavy head is in full bloom, is ample payment for the extra labor involved.

**THE FOLLOWING** method of protecting tree roses is the one we have followed successfully in handling ours over the past six years. Since a tree rose consists of a straight stem crowned by a rounded head of branches, it requires a little special handling.

First, the head should be severely pruned by cutting the branches back to within about eight inches of the crown. Judgment should be used in doing this so that the head is kept as uniformly round as possible. It can be further shaped after growth has started in the spring.

In our severe winter climate tree roses should be laid down and covered completely with soil. Any other form of winter protection is not at all dependable.

**IN ORDER** to cover the whole plant with soil, a tree rose must be tipped over from the base to lie flat on the ground. This operation will be made easier, if it is extended over a couple of days. First, a spade or shovel should be forced straight down into the ground just beyond the root ball on the side that is to be laid on the ground and a couple of shovelfuls of soil removed. The same can be done on the opposite side, but less soil should be removed. Usually, just the loosening of the soil is enough.

Next, soak the ground about the roots thoroughly, repeating after the water has soaked away. Then, work the stem back and forth and tip it over at the base until it is more than halfway to the ground and stake or tie it down in this position.

**THE NEXT** day soak the soil about the roots again and force the stem flat to the ground. A trench should be dug to accommodate the stem and a hole dug deep enough and wide enough to take care of the head of branches. The trench and hole should be deep enough so that when the stem is forced down the upper side of the branches will be about level with the ground.

Then the stem should be fastened down firmly by driving crossed stakes over it at two places, one close to the base and the other near the top. Soil should then be filled in about the base, firmed and soaked well. After this has been done the entire plant should be covered and mounded over with soil. The head of branches and the budded portion should be covered with at least five inches of soil. To hold the soil in place, boards can be staked along the

marsh hay should be placed over the mound of soil and held down with pieces of boards, or other material. If the mound of soil appears to be drying out before freezing weather occurs, it should be wetted down again, as the soil should go into the winter in a moist condition. The work should be done carefully, since no halfway measures of protection will insure the survival of a tree rose over winter.

## \$100,000 Blast At Elmwood, Wis.

ELMWOOD, Wis. (AP) — An explosion wrecked a boiler room at the Elmwood Dairy plant Tuesday, causing damage estimated at \$100,000. No one was injured. Workers said an accumulation of gas apparently caused the blast at 9:15 a.m. About 15 persons were in the plant. Concussion rocked the community, about 65 miles east of the Twin Cities. Most of the damage occurred in an addition housing the gas-fired boiler. Some windows in the main plant were blown out.

## JFK Recognizes Virginia's Claim To Thanksgiving

RICHMOND, Va. (AP)—Virginia's claim to the first Thanksgiving has received official notice from a man from Massachusetts—John F. Kennedy. In his Thanksgiving proclamation Tuesday, President Kennedy said, "Over three centuries ago, our forefathers in Virginia and in Massachusetts far from home in a lonely wilderness set aside a time for thanksgiving. . . ."

single-handed campaign for recognition of Virginia's Thanksgiving, expressed delight. Wicker claims Virginians celebrated Thanksgiving Dec. 4, 1619, more than a year before the Pilgrims landed at Plymouth Rock.

## Younger Brother Unseats Judge

Campbellsville, Ky. (AP)—It's certain Judge Bertram will be on the bench in the 11th Judicial District—but not the present judge, Philip. His younger brother, George, apparently unseated him. Kentucky's cross-filing law for circuit judge races enabled Philip, 55, and George, 51, both

Democrats, to file in the Democratic and Republican primaries last May. Philip won the Democratic nomination, George the Republican. In Tuesday's election George had 7,110 votes to 5,763 for Philip.

# Last Hours of Diem And Nhu Outlined

By MALCOLM W. BROWNE

SAIGON, Viet Nam (AP)—A pre-dawn flight through suburban tunnels, a speeding car ride, a visit to a suburban church, a trip inside an armored personnel carrier and sudden death.

Such were the final hours of Ngo Dinh Diem and his brother, Ngo Dinh Nhu. Such was the death of a regime and a year of Vietnamese history.

The cycle of violence, revenge and more revenge that has characterized Viet Nam through most of its history was repeated.

No two accounts of what happened to Diem and Nhu last Saturday morning are exactly alike. The handful of soldiers who attended the death of the two former leaders inside an American-made M113 personnel carrier are the only sure witnesses. Their accounts certainly will be tailored to put themselves in the best light.

Friends of the Diem regime call the deaths murder and a mark of shame against the new revolutionary government.

The government itself has declared Diem and Nhu committed suicide and has censored all cabled dispatches to the contrary.

All that is certain is that Diem and Nhu died of massive wounds, were spirited to a guarded hospital and swiftly prepared for burial.

According to various eyewitnesses along the line, military sources and others, it seems to have happened this way:

The scene was Gia Long Palace—a sumptuously furnished mansion that became the temporary home and headquarters of Diem's family on Feb. 27, 1962. On that date, two rebel Vietnamese air force fighter pilots bombed the presidential palace to rubble in an unsuccessful attempt to kill the family.

Gia Long Palace was ringed with anti-aircraft guns, tanks, walls and machine guns. There were extensive bunkers and an elaborate tunnel system.

Manning the fortifications inside the palace grounds Friday night were about 150 members of the elite palace guard.

There would have been several hundred more if the rebel forces had not taken the precaution Friday afternoon of laying siege to the palace guard garrison five blocks away. Rebel tanks lined up fender to fender and blasted it to dust.

Shelling and small-arms fire flickered throughout Saigon Friday afternoon. One Diem stronghold after another caved in under overwhelming rebel firepower and troop strength.

Inside the palace were a few trusted aides of Diem and Nhu, the housekeeping staff and the palace guard.

Soon after midnight, Saigon became still and dead as a city under the plague. No light showed from inside the palace.

Soon after 3 a.m., the cannon came to life again, dropping heavy shells into a building just behind Saigon's telecommunications center.

Tanks took up positions just outside the palace walls.

At 4 a.m. the attack began. The blast of cannon, machine guns and rapid-fire pieces blended into a continuous roar.

It is believed Diem and Nhu slipped away from their bastion about the time the final battle began.

The two men, reportedly accompanied by a bodyguard are supposed to have made their way through a tunnel into a beauty parlor on a nearby street.

Exhausted palace guards after heavy casualties hoisted a white flag at 6:37 a.m. A thunderous cheer rose from the rebel troops.

Marines, paratroopers and soldiers swarmed into the building. But the prizes of battle, Diem and Nhu, were gone. A black sedan had long since sped away.

Bystanders saw the sedan arrive at St. Francis Xavier Roman Catholic Church in the Chinese section, and saw Diem and Nhu enter the church in the company of a young man.

The time was shortly after 8 a.m., and parishioners were attending Mass.

Many recognized the president and his brother.

Informed sources said Diem and Nhu asked that rebel authorities be notified of their presence and their willingness to surrender.

Someone reportedly telephoned the rebel high command.

**COOKS IN ONLY 7 MINUTES**

Sometime after 9 a.m. several armored vehicles and jeeps arrived at the church.

Diem and Nhu met the rebels outside and talked for some minutes with the officers.

The parley ended about 9:45. The brothers stepped into a tracked armored personnel carrier.

It was the last time either was seen alive.

The convoy headed back toward downtown Saigon. By the time it reached the general staff headquarters, Diem and Nhu were dead.

A certain captain is said to have shot both men, and two soldiers with him are said to have stabbed Nhu several times with bayonets.

Some said Diem and Nhu were shot in the back.

A photograph seen by this

correspondent and others showed Diem lying inside the armored vehicle.

A similar photograph of Nhu showed him lying on his back, his face streaked with blood.

The photographs mysteriously disappeared later.

## Hurled Lawnmower Through Window

KENOSHA, Wis. (AP)—A 23-year-old man forfeited \$50 bail in Kenosha County Court Tuesday on a charge of malicious destruction of property.

Authorities said Richard Hawthorne threw his mother-in-law's lawnmower through the picture window of her home.

## Co-op at Arcadia Adds New Center

ARCADIA, Wis. (Special)—A new appliance sales and service center has been added to the facilities of Trempealeau Electric Cooperative, Arcadia.

It will be known as the TEC Appliance Center. Henry McConnon will be sales manager. Charles Wolter, present service and public relations director, will head the department. Service will be provided on all appliance lines.

A grand opening of the center and the new "Willie Wired-hand" community meeting

room will be held Thursday through Saturday.

The new meeting room will be made available for rural and community groups. It will seat 200 people in air conditioned and electrically heated comfort. A built-in movie screen and kitchen facilities are available. General contractor for the additions was C. J. Woychik, Whitehall. Electrical and mechanical work were by Wally's Electric, Arcadia.

Nights gradually become longer than days in the northern hemisphere after the autumnal equinox. As the earth moves in its orbit, its northern half begins to tilt increasingly away from the sun.

## Boy Gets New Legs

DALLAS (AP)—"When I get some legs," young Richard Matlock once promised his mother, "I'll learn to walk."

Richard, now 4, kept his promise. Three days ago he walked for the first time in his life.

Doctors and therapists at Texas Scottish Rite Hospital for Crippled Children gave Richard what nature tragically withheld. He was born without legs and without a right arm, and he had

a deformed left hand. His mother, Mrs. Windle Matlock of Dallas, works. So far she hasn't watched her son walk. But when she does, she hopes to keep a promise too. "I want some blue jeans when I get my legs," he had said, and she agreed Richard would have them.

## Mid-Semester Failures Hit

By LESLIE J. NASON, Ed D.  
Professor of Education,  
U. of Southern California

Get a low grade at mid-semester? Then don't delay! Take immediate, drastic — and planned — action to raise that grade.

There's nothing else to do, really, because you have made too heavy an investment in time and money in the course to quit. Salvaging it will be worth any effort required.

The key to success in such an effort is the care with which you plan the new effort. I'd like to pass on to you a plan that I used successfully myself when I was a college student, and that should be useful also in junior high and high school.

IN THE first place, you

should realize you have a lot going for you. You already know a great deal about the course — you have been studying it more or less for a couple of months — and you will never find it easier than now to get your knowledge organized.

You should plan your attack from several angles. You must not only bolster up your knowledge of the course, and keep it on a higher level for the rest of the semester, but somehow you must convince the teacher that you know. This is important because he is the one who gives the grades!

1. First, set aside a weekend for the project and spend 10 or 20 hours on it. This should do wonders. Start at the begin-

ning of the course and review it all. Strive for an overall view, for a better system of organizing your knowledge, and a better way of remembering the detail. Become well acquainted with key ideas that can be used as focal points for memory. Insist to yourself that you understand as you read. Afterwards, recite to yourself.

2. Use a new notebook and make a written record of your review. In courses such as math and chemistry, include some problems, writing them out neatly and completely. Any problem tried but not solved should be marked in the margin. In a life science course you should include drawings, diagrams and summaries.

3. After you have made your big push to catch up, obtain an interview with the teacher. Ask him to explain the difficult points you encountered in making the notebook. As you leaf through the notebook and explain what you have been up to, he will see that you have really made an effort. Ask him for any other suggestions on how you can bring your work up to standard.

If you carry out this program,

Money orders valued at \$287,000 were stolen from the lobby of a Minneapolis business building June 19. Wolk and Gittelsohn were arrested by FBI agents July 5 and have been held in lieu of \$25,000 bail.

# Vikings' Hultz Bids for Rookie Honors

MINNEAPOLIS (AP)—It isn't often that defensive linemen in the National Football League corner much publicity, and even less frequently do rookie defensive linemen garner any recognition.

Don Hultz, the Minnesota Vikings' yearling defensive left end from Southern Mississippi, is an exception. Hultz has thrust himself prominently into the limelight as an NFL rookie - of the year candidate by hurling his 6-foot-3, 235-pound frame onto footballs bounding loose about the turf.

Hultz is quiet, almost bashful. He prefers to let his play on the

field do his talking, and in this connection he's been speaking loud and clear for a rookie who has played only eight games as a pro.

Sunday, Hultz recovered Roman Gabriel's fumble to set up the first Viking touchdown at the four-yard line in Minnesota's 21-13 victory.

Don Chuy, the Rams' offensive guard, apparently had the ball in his possession. But Hultz barreled into him, and took the ball away.

It was Hultz' sixth recovery of an enemy fumble this year, setting a new Minnesota club record for a season and career. The old season record was

shared by Jim Marshall, Charley Sumner and Rich Mostardi, who each recovered that number in 1961. Marshall held the career mark of five, set in 2½ seasons with the Vikings.

As a comparison, Don Healey, defensive tackle for the Dallas Cowboys, led the NFL in opponents' fumbles recovered in 1962 with five.

"I don't especially go looking for fumbles," Hultz says modestly. "They just happen to be there. Usually somebody else has done the work to cause the fumble, and I'm just fortunate enough to be in the right spot at the right time."

Hultz' two biggest plays in his brief stint in the NFL have both come in games against the Rams.

At Los Angeles in an exhibition game last August, Hultz made the play that turned a close game into a Minnesota rout. With the Vikings leading only 10-3, Hultz intercepted a pass and returned it 60 yards to set up a Viking touchdown at the Los Angeles five-yard line. Minnesota went on to win 27-3. Hultz has developed rapidly for the Vikings after being signed as a free agent last winter. He's giving the Vikings the best performance they've had at defensive left end since they

came into the NFL three years ago. With Marshall, he helps give Minnesota its best pass rush ever.

At Detroit two weeks ago, Hultz was taken out of the game for the entire second half because Coach Norm Van Brocklin and his staff thought Hultz had let down.

A later study of the game movies, however, showed that another Viking defender had made the mistakes in coverage which had been blamed on Hultz. The rookie lineman was fully exonerated by Van Brocklin.

# Lip Buttoned in LA in February?

DENVER (AP) — Mid-February is the time and Los Angeles is probably the site for Sonny Liston's defense of his heavyweight boxing championship against Cassius Clay.

The Bear ... and ... His Tormentor

In a zany setting Tuesday, they signed contracts for a 15-round title fight expected to gross a record \$6 to \$8 million.

Two separate Los Angeles groups, one headed by former

champion Joe Louis, offered guarantees of more than \$1 million for the right to stage the battle.

Jack Nilon, Liston's adviser, said other bids have been received from Minneapolis, Chicago, Miami and Las Vegas. He said the site will be announced within two weeks.

Clay, unbeaten since turning pro in 1960, will get 22½ per cent of the receipts — described as a record for a challenger. Liston, who received 12½ per cent in his challenge fight against Floyd Patterson in Chicago, will get 40 per cent.

Spontaneous comedy spiced the contract signing at the Denver Hilton.

Shouting, "I'm the greatest, here comes the next champion," Clay swaggered in the room.

He first refused to sit beside Nilon, who was seated beside Liston. "I don't want to be near him," Clay said.

Liston, who alternately frowned and smiled, got into the act by pulling out a pair of rabbit fur-coated boxing gloves and asking Clay if he wanted the champion to wear those for Clay's safety.

Clay seemed at a loss for words before waving off the offer with his off-repeated:

"I'm the greatest. I ain't scared of nobody."

Liston scored one-round knockouts over Patterson in winning the title at Chicago and in their return match at Las Vegas last July. The second victory over Patterson was his 28th straight and his 35th in 36 bouts. Liston has knocked out 25 opponents.

Clay has recorded 19 victories since turning pro after winning the light heavyweight crown in the 1960 Olympics. In his last appearance he stopped Henry Cooper, British heavyweight champion, in the fifth round last June 18 in London.

BACK-OF-WEEK ... Quarterback Fred Mazurek of the Pitt Panthers and his coach, John Michelosen, break into smiles after learning that Mazurek had been named AP back-of-the-week. Mazurek guided Pitt to a 35-27 victory over Syracuse last weekend. (AP Photofax)

# Helen Nelson Rips 236-596

City top 10 departments were punctured on three occasions by Winona Bowlers Tuesday night and all the damage was done at Hal-Rod Lanes where the Ladies City League was in session.

Helen Nelson convened the weekly meeting in grand style by belting 236-596 for Pot's Tavern. The single game total pushed her into a third-place

tie with Betty Schoonover and the series was good for ninth place.

Helen already holds second place in series totals with her 825 and has fifth place in the individual game department with a 232.

Reddi-Kilowatt rocketed 2,558 in the Ladies' City circuit to take over 10th place in that department. Cozy Corner belted 912.

In addition to Helen's 596, seven other 500s were posted in the loop. Esther Pozanc hit 512, Betty Schoonover 507, Alice Lynch 506, Marilyn Peikert 506, Betty Bilgen 503, Irene Gos-towski 503 and Mary Jo Grul-kowski 500.

The men came up with three honor counts. Two were hit in the American League at West-gate.

Dick Kahoun hit the city top-per for the night for Lincoln Insurance when he riddled 629. Joe Drazkowski fired 254 for H. Choate & Co. For a while it looked as if Drazkowski was on his way to a perfect game as he opened with eight strikes in a row, but then left four pins in the ninth frame, blew, spared and struck in the 10th for the 254.

Fred Huff belted 246-625, H. Choate rapped 1,041 and Grain Belt 2,904.

The other 600 came from the Tuesday night loop at St. Martin's where Warren Bonow tagged an errorless 246-628 for Watkins MinVites. Merchants Bank belted 945-2,809.

HAL-ROD LANES: Twilight—Judy Clinkscales' 284 two-game set led Bowlerettes to 496-923. Barbara Pederson tipped 153 for Alley Gators.

Lucky Ladies — Alfrida Fuglie paced Hamms Beer to 923-2,533 with her 211 in this Monday night league. Helen Nelson slapped 500 for Coca-Cola.

# The Lightning Struck, And So Did Mazurek

By THE ASSOCIATED PRESS

The game was half over, and Pittsburgh was taking a football beating from Syracuse. Going into the third period, the New Yorkers were ahead 21-8. A swirling snowstorm played hide-and-seek with the sun at Pitt Stadium. Lightning flashed and there were sharp thunder-claps.

Then, a bolt struck Syracuse —190-pound, 5-foot-10 bolt Fred Mazurek.

Mazurek streaked 41 yards for a touchdown. Then he began hitting targets with short passes and, before you knew it, Pitt had scored again. Mazurek shot a pass to end Al Grigalunas: Touchdown No. 3 in the quarter, and Pitt led 28-21.

Syracuse added another touchdown in the fourth period. Mazurek went down under a pile of tacklers and had to leave the game with a leg injury. Just before the end, he hobbled back onto the field and drove his team to a clinching score.

Pitt was the winner 35-27, and on the strength of his brilliant individual performance, Mazurek was named today The Associated Press' Back of the Week.

# Bauer Likely Successor as Oriole Boss

NEW YORK (AP)—Baltimore Coach Hank Bauer emerged today as the leading candidate for the Orioles' managing job following the withdrawal of Eddie Stanky.

Baltimore club president Lee MacPhail acknowledged Tuesday

he had offered the post to Stanky, former star National League infielder and ex-manager of the St. Louis Cardinals, and said he had three or four other candidates in mind but declined to identify them.

It was understood, however, that MacPhail was giving serious consideration to Bauer as well as to Bob Scheffing, Solly Hemus and Charlie Metro. He hadn't ruled out Stanky despite Eddie's decision to remain as personnel director of the Cardinals.

"We're in no particular hurry," said MacPhail, who has been seeking a manager since the dismissal of Billy Hitchcock at the end of the 1963 baseball season.

Stanky, who managed the Cards from 1952 to May, 1955 has been in the Cards' front office since 1959.

The longer MacPhail waits the more likely it becomes that his eventual pick will be Bauer. The former outfield star of the New York Yankees joined the Orioles as a coach last year following a brief fling as player, then as manager of the Kansas City Athletics.

Scheffing, who was dismissed as manager of the Detroit Tigers last summer, has entered the radio field as broadcaster of the Tigers' games. Metro, who was head coach in the Chicago Cubs' unique managing system in 1962, is a scout with the Chicago White Sox. Hemus managed the Cards from 1959 to July, 1961, and was a New York Met coach in 1962-63.

# Pack's Kramer Trailing Brown By 1 in Scoring

NEW YORK (AP) — Green Bay kicking specialist Jerry Kramer has climbed to within one point of Cleveland fullback Jimmy Brown in the National Football League scoring race.

Official league statistics announced today show Brown with 72 points on 12 touchdowns and Kramer with 71 on 15 field goals, tops in the NFL, and 26 conversions. Kramer has missed nine field goals and two conversion attempts.

The Packers' Jimmy Taylor, who roared for 141 yards against Pittsburgh Sunday, is runnerup to Brown in rushing. Brown has 1,194 yards in 163 carries, while Taylor has 639 in 156 attempts. Taylor's running mate, Tom Moore, is fifth with 447 yards in 87 carries.

Jerry Norton of the Packers is third in punting with a 46 yard average on 24 boots. Team-mate Willie Wood is fourth in punt returns with an average of 11.6 yards on eight carries. CHAMPAIGN, Ill. (AP)—The Pete Elliott residence is a white house with a red walk on Green street.

A frequent visitor is 70-year-old Mrs. Alice Elliott, who lives in Bloomington, 50 miles away.

She is the mother of Pete, football coach of Illinois, and also of Bump, football coach at Michigan. The sons — Bump at 38 is a year older — are the only head football coaching brothers in Big Ten history.

Their team meet here Saturday. Illinois is unbeaten but once tied, sharing the Big Ten lead with Ohio State and Michi-

gan State with a 3-0-1 record. Michigan is 1-2-1, its first conference victory coming as a 27-6 stunner over Northwestern last Saturday while Illinois was smashing Purdue 41-21.

"I'm not going to attend the game, says Mrs. Elliott. "I just couldn't win either way."

"I don't think they'll play to a tie, although that would solve my feelings. Some one will have to lose. I'll feel sorry for him. And I'll feel happy for the winner."

"I don't want to be there to show my emotions. I'll listen to it on my radio at home in

# Wisconsin's Collapse Has Bruhn Wondering

MADISON (AP) — Wisconsin's sudden collapse in losing two straight games after opening with four victories has coach Milt Bruhn puzzled.

"I don't know what's the matter with this team," Bruhn said after the Badgers' 30-13 belting by Michigan State last Saturday. "It was a sad exhibition. We've had guys injured who played badly, but these were able bodied men."

Bruhn indicated Tuesday that he has a morale problem caused by the Big Ten ruling which prohibits a school from going to the Rose Bowl two years in a row. The Badgers went as conference champions last season.

"I have been trying to figure out if incentive is lessened by not being eligible for the Rose Bowl," Bruhn told the Chicago Football Writers Association by phone.

"I am wondering if the Rose Bowl means so much that the Big Ten championship doesn't count any more," he added.

"Knowing that we could not return to Pasadena, we had been talking championship. I am at a loss in trying to figure out just what is significant."

Bruhn sent his charges through a stiff two-hour drill Tuesday after shuffling his lineup in preparation for Saturday's Homecoming Day game with Northwestern.

Quarterback Dave Fronek, a sophomore from Antigo, continued to work with the first team, but Bruhn emphasized that Hal Brandt, the starter in the first six games, is "still very much in the picture."

"It wasn't all Harold's fault last week," the coach said. "He passed well, but our halfbacks and fullbacks weren't blocking. And you can't blame Brandt for the failure of our running game. He didn't get any help."

Fronek took over for Brandt in the third quarter at Michigan State and directed an 80-yard touchdown march. He completed 10 of 15 passes for 171 yards after Brandt had hit on 9 of 20 and engineered the first touchdown drive.

"Dave gets a lot of things done on his own," Bruhn said. "If we don't get better blocking—and we had better—then we'll have to depend on Fronek to get the offense going against Northwestern."

Fullback Ralph Kurek, who led the Badgers in rushing as a sophomore last year, was demoted to the third team.

"We're not getting blocking or running from the fullback position," Bruhn explained. "We'll try Jim Purnell at No. 1 and back him on defense with Tom Brigham. We have to get production there—and blocking from the halfbacks, too."

## Mason Leading Viking Runner

MINNEAPOLIS (AP) — Tommy Mason's best day of the season, Sunday against the Los Angeles Rams, is reflected in this week's Minnesota Vikings statistics.

Mason gained 79 yards in 15 carries to boost his season figure to 365 yards in 93 carries, a 3.9 average.

That sent him farther ahead of fullback Bill Brown, who now has 288 yards in 85 carries for a 3.4 average. Then came quarterback Fran Tarkenton with 93 yards, 16 carries and a 5.8 average, and Bobby Reed, 88 yards in 21 carries for a 4.2 average.

Tarkenton has raised his pass completion percentage to 57.4, connecting on 112 of 195 aeriels in eight games. His tosses have gone for 1,498 yards and 10 touchdowns. He has had 10 passes intercepted.

QUICK KICKER

Dick Limerick never kicked a field goal until this fall but he has proved he learns quickly by booting four this season, including one for 45 yards. ## FOUR ROOKIES HELPING TEAM

# Packers Make Draft Choices Count

GREEN BAY (AP)—Four rookies who are playing roles in the Green Bay Packers drive for a third straight title provide impressive evidence that the National Football League champions leave nothing to chance, either on or off the field.

The rookies were chosen in the 1963 NFL draft although Green Bay got the last pick in each round because of its finish the season before.

While other teams went after big name players no matter what position they played, the Packers sought men to fill weak spots in the Green Bay line-up.

The Packers first draft choice

was Dave Robinson, All-American end from Penn State, who is handling the kick-off duties for Green Bay and probably would be a starting line-backer on many other teams.

Three rounds later Green Bay selected Lionel Aldridge, an unknown guard from Utah State. The 6-foot-4, 240 pound rookie has plugged the hole left by the departure of veteran Bill Quinlan.

The two other rookies on the Packer squad are Dan Grimm and Marv Fleming.

Grimm, a 6-foot-3, 245 pound guard from Colorado, was selected on the fifth round. He beat out veteran Ed Blain for the Packers' third guard position, behind all-NFL choices

## 'U' to Change Lineup for Hawkeye Game

MINNEAPOLIS (AP) — Minnesota Gopher football Coach Murray Warmath is doing more lineup juggling in an effort to whip up a winning combination for the Iowa game at Iowa City Saturday.

Sophomore Aaron Brown moved up to first team right end and his high school teammate from Port Arthur, Texas, filled in at the first string left halfback slot in Tuesday's intensive drills.

Bill Bevan Jr. replaced Paul Ramseth in the safety spot and Jay Sharp moved up to second squad fullback while Dick Bassett gained the alternate right end post.

The line also was strengthened when Fred Nord, junior tackle, returned to practice after being out two weeks with an ankle injury. He ran with the second team.

Among the predictions this week, Associated Press sports writer Charles Chamberlain is picking Iowa 17-15, although he concedes, "It's a tough one to figure."

## Brodie Done For Season

SAN FRANCISCO (AP) — They took off the cast on John Brodie's throwing arm Tuesday and then put it right back on. Not that the followup announcement was unexpected, but the No. 1 quarterback of the sputtering San Francisco 49ers is through for 1963.

Brodie suffered a hairline fracture of his right arm in an automobile accident last May. He carried a cast for three weeks. He reported to camp, and all seemed well. But the arm constantly gave him trouble once the exhibition and regular seasons got under way.

In the third regular season game—against Minnesota Sept. 29—he re-injured his arm and the cast went back on. Doctors said Tuesday the new cast will be on at least two more weeks.

## Brown Soon To Become Top Runner

NEW YORK (AP) — Jimmy Brown's statistics become more awesome every Sunday. The Cleveland fullback, playing his seventh year of pro ball, soon will become the greatest ball carrier in National Football League history.

Counting all ball carrying means—rushing, pass catching and returns of interceptions, kickoffs, punts and fumbles. Brown has gained 11,086 yards for the Browns. That leaves him only 231 short of the record of 11,317 held by Ollie Matson, now of the Detroit Lions.

Brown remains way out front in the 1963 rushing race with 1,194 yards, his fifth season of 1,000 yards or more. Jim Taylor of Green Bay is next with 639 yards.

**MAJESKI TO SCOUT**  
HOUSTON (AP) — Hank Majeski, whose 20 years in baseball included 14 years in the majors, signed a contract today as scout in the New York City area for the Houston Colts of the National League.

**REGISTRATION UNDER WAY**  
The Park Rec Department is now accepting team registrations for the Men's City Basketball League.

## BOBCATS HAVE PLAYING EXEC

GREEN BAY (AP)—Player-coaches are fairly common in sports, but the Green Bay Bobcats of the U.S. Hockey League have come up with something new—a playing executive.

Dick Daughterty, 31-year-old former University of Minnesota star, has been elected vice president of the Bobcats. A member of the Green Bay team since its organization in 1958, Daughterty is the Bobcats' all-time scoring leader.

## Hawks Start Fast, Finish Well for Win over Rangers

CHICAGO (AP)—The Chicago Black Hawks, riding well out in front of the National Hockey League, scored in the first and last minutes of their game with New York Tuesday night for a 3-2 victory over the Rangers.

Bill Hay's goal in the first 27 seconds of play and Bobby Hull's clincher with 20 seconds remaining gave the Hawks their eighth victory against one loss and two ties.

It also marked the ninth straight game in which the Hawks have not been defeated, tying a club record set in the 1939-40 season.

Hay's goal and another by Stan Mikita in the second period gave the Hawks a comfortable 2-0 lead before the partisan crowd of 12,642. But the Rangers retaliated on a second period goal by Dick Meissner and a tying goal by Vic Hadfield at 14:38 of the third period.

The victory gave the front-running Hawks a whopping six-point lead over second place Montreal.

## Twins Entertain At St. Charles

ST. CHARLES, Minn. — Minnesota Twins Lenny Green and Jimmy Hall and special promotions director Don Cassidy entertained a capacity throng at St. Matthew's Lutheran Church dining room here Tuesday evening with their baseball talks.

The Chamber of Commerce sponsored affair was attended by some 220 people.

Cassidy told the history of the Minnesota Organization since the move from Washington, D.C., and Green and Hall spoke on their baseball experiences and also answered questions and autographed baseballs and gloves.

The filmed highlights of the 1961 Twin season were shown. The three members of the Twins good-will caravan remained in St. Charles over night and will move on to Blue Earth, Minn., today.

## Starr Tests Ailing Hand By Passing

GREEN BAY, Wis. (AP) — Green Bay quarterback Bart Starr tested his ailing right hand with a few short passes Tuesday as the Packers prepared for Sunday's National Football League meeting with the Minnesota Vikings.

Starr, who suffered a fractured bone in his hand against the St. Louis Cardinals Oct. 20, had trouble gripping the ball. He continued to wear a splint.

Starr will have his hand examined later this week.

## Trull Takes Offense Lead

NEW YORK (AP) — Don Trull, Baylor's brilliant quarterback, has taken over the total offense lead from Navy's Roger Staubach, the latest major college football statistics disclosed today.

Trull, a pin-point passer, has gained an over-all total of 1,491 yards in 241 plays while Staubach shows 1,420 yards gained in 245 plays according to the figures compiled by the NCAA Service Bureau.

## 'Tailgating' Popular New Grid Habit

NEW YORK (AP)—The frost is on the pumpkin, college football teams are banging plastic headgears every Saturday afternoon and thousands of people are indulging in a growing popular pastime: Tailgating.

Tailgating? That's right, tailgating. It's as American as grilled hamburgers, ham-and-cheese-on-rye, hot dogs and cold beer—which, incidentally, are an integral part of the ritual.

To tailgate, all you need is a supply of the above items, plus perhaps a couple of folding chairs, buckets of ice and a plaid table cloth.

You don't even need a tailgate, the back end of a station wagon—although it helps. Once it was the custom to pin a corsage of chrysanthemums on your best girl, bundle up in a raccoon coat and go the football stadium an hour and a half before kickoff to listen to the bands and join in the cheers.

Not any more. Now the custom is to back the family bus into the parking lot, throw open the tailgate (if you're fortunate enough to own a station wagon, otherwise the truck, compartment) and haul out the victuals.

Out pour blankets, chairs, tables, hibachis, charcoal burners, buckets of ice and beverages.

Then, in the shadow of the stadium with fans swarming by in clusters, follows a family picnic.

No one knows exactly how this autumn ritual originated but, until a better claim comes along Yale University is assuming the credit.

"It started with the Dartmouth game about 10 years ago," a Yale spokesman said. "Then it spread to the Princeton and Harvard games. Other schools in the Ivy League picked it up, and now it's almost universal."

It has been a boon to attendance. Whereas you used to go to the games with a couple of pals

## Arcadia FFA to Sponsor Comedy Basketball Tilt

Nelson also intends contacting other former Arcadia stars.

## Waukesha Policeman Dismissed

WAUKESHA, Wis. (AP)—Waukesha Police Chief Moody T. Walter dismissed Patrolman Donald J. Ehler after the officer was charged Tuesday with 24 counts of burglary, attempted burglary and theft.

The chief said that Ehler, 29, admitted 17 break-ins in which he obtained loot valued at \$1,658. The officer was taken into custody early Tuesday by detectives as he walked away from the J. C. Penney Co. warehouse here carrying \$123 worth of clothing and blankets.

Walter said that Ehler, the father of two children, had been under surveillance by the detective bureau after it was noticed that burglaries were unusually high on beats he walked.

Roger P. Murphy, Waukesha district attorney, said that Ehler admitted taking \$1,658 in loot, mostly cash. Murphy said that the first burglary occurred May 17, 1962 at McCoy's Department Store where \$400 was taken.

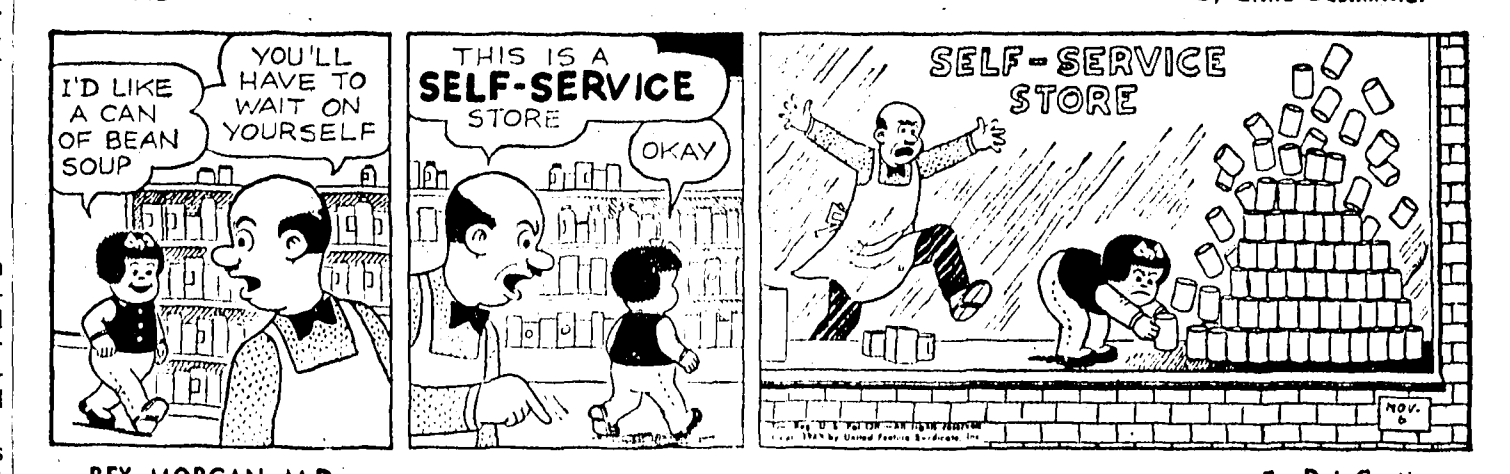

from the office, now he takes the whole family. Often neighborhood and alumni groups make it a big outdoor party.

"YOU SEE? IT JUST SEEMS LIKE HE NEVER SLEEPS."
