Victims of Dam Burst To Be Aided

LOS ANGELES (AP) — Victims of the Baldwin Hills Reservoir disaster got a promise of encouragement—and a promise of money — from Mayor Samuel Yorty.

"It's obvious these victims are not responsible for the damage," Yorty said Monday.

"They will be compensated and we will help them file claims against the department of water and power and the city," Yorty said.

Damage from Saturday's devastating flood could run to more than \$10 million dollars, officials estimate.

Yorty's promise of help came as residents and businessmen picked through the mud-slick rubble below the now-empty reservoir.

Nearly 300 million gallons of water roared through a break in the earth-filled structure Saturday afternoon, crashing down on the homes below and sweeping at least three persons to their death.

Sixty-four homes were destroyed, and 82 homes and 55 apartment buildings received major damage. At least 27 persons were injured.

Nine Miners Dead in Blast

HELPER, Utah (AP) — Nine coal miners were killed and another injured Monday in an explosion in what was described as a "model mine in the West."

The blast occurred at the face, or end, of one of two shafts which branch out from the end of a 2,800-foot tunnel into the side of a mountain near this central Utah community.

"They never knew what hit them," said James Diamanti, mine co-owner. "They fell right where they were working. They must have hit a pocket of gas."

State Industrial Commission officials at the scene theorized the blast was caused by either coal dust or methane gas.

It was the second major mine disaster in Utah this year. Eighteen men were killed Aug. 27 in a potash mine explosion at Moab, about 100 miles south of Helper.

Jesus Nunez, 45, was near the entrance to the west shaft, about 2,000 feet from the explosion.

The blast hurled him 200 feet,

East, West Berlin Agree to Open Wall at Christmas

BERLIN (AP)—West Berlin and East German authorities have signed an agreement opening the wall for West Berliners to visit relatives in East Berlin over the Christmas season. Western officials said details of the agreement would be announced later today.

The agreement was reached today after six days of tough, touch-and-go negotiations.

It opens the Red wall to West Berliners who have relatives in the East for the first time since the wall was built more than two years ago to stop the escape of refugees.

Western officials estimated that about 400,000 West Berliners will be eligible to cross into the Soviet sector.

The agreement was signed by Horst Korber, an official of the West Berlin city government, and Erich Wendt, East German deputy cultural affairs minister.

Issuance of permits will begin Wednesday at 12 points in West Berlin with officials of the East German post office hand-

ling the applications.

The East Germans had wanted West Berlin Mayor Willy Brandt to sign the agreement, but he refused, fearing this might imply Western recognition of the East German regime.

The Communists then said Korber could sign but his signature would have to show specifically that he was signing for the West Berlin city government.

Blonde Admits \$54,889 Split With Baker

WASHINGTON (AP) — A blonde widow told Senate investigators today that she and her husband split a \$54,889 stock profit with Robert G. Baker even though the former Senate aide invested no money of his own.

Mrs. Gertrude C. (Trudy) Novak testified about the transaction as the Senate Rules Committee opened public hearings in its investigation of the outside business dealings of Baker, who resigned Oct. 7 as secretary to the Senate's Democratic majority.

She said that in February 1960, Baker told her and her husband, the late Alfred S. Novak, that "he knew of a stock being available that could be good and asked if we had any money to invest."

Baker said he was "so short of cash" that he didn't have any money to invest in the stock himself, Mrs. Novak related. But, she said, he proposed that the Novaks put up the money, he would get the stock and they would share in any profit.

The arrangement was agreed to, Mrs. Novak said, and "we put up \$12,000" that was paid over to Baker for the purchase of stock in the Mortgage Guaranty Insurance Co. of Milwaukee.

McNamara Reassures Europe

By TOM OCHILTREE

PARIS (AP)—Defense Secretary Robert S. McNamara said today the awesome might of the growing U.S. atomic arsenal could destroy Russian society if the West ever was subjected to a nuclear surprise attack.

He also said the North Atlantic Alliance is strong enough to fight a conventional war with the Soviet Union without plunging the world immediately into a nuclear conflict.

McNamara told the ministerial meeting of the North Atlantic Treaty Organization that new appraisals of Eastern and Western military strength showed that the West is able to take care of itself in any war, little or big.

McNamara challenged the conventional picture of a world in which the West was so hopelessly outnumbered and outgunned by hordes of Communists that Western military leaders would have to fall back at once on nuclear weapons in case of attack.

In his speech, relayed to correspondents by briefing officers, McNamara put the American case for a multitude of possible Western responses to Communists, ranging all the way from small local engagements to nuclear war.

McNamara stressed that this was not the moment for the Atlantic Alliance to slacken its efforts to build up conventional military strength. With a bit more effort, he said, the deficiencies in NATO strength could be made good now.

For years NATO has maintained a target of 30 battle-ready divisions deployed in Europe, but has never been able to reach this figure. The alliance's strength now amounts to about 23 divisions.

Secretary of State Dean Rusk spoke in forceful terms of the political and military advantages of Washington's proposal for a mixed-manned, Polaris-armed surface fleet — a pet project of the late President Kennedy.

Earlier, Rusk had urged the alliance to support the Soviet Union in its "fundamental and far-reaching split with Communist China."

Rusk told the North Atlantic Treaty (NATO) Ministerial Council Monday:

"In the quarrel between Chinese militancy and Russia's peaceful coexistence, our interest is to see that Moscow prevails. We must not allow militancy to pay dividends."

Although he conceded the NATO allies were a long way from resolving differences with Russia, he said: "We in the West should let Moscow know that we are interested in peaceful coexistence."

Johnson Stands For U.N. Support

Keep Peace, Save Future Main Plea

By DOUGLAS B. CORNELL

UNITED NATIONS, N.Y. (AP)—President Johnson today called for an end of the cold war for all time and offered to join in a worldwide crusade to conquer hunger, disease and ignorance.

He got a quick pat on the back from Soviet Delegate Nikolai T. Fedorenko, who met him after the speech was delivered in the great blue and gold hall of the U.N. General Assembly.

The Soviet diplomat expressed satisfaction with the speech and the two exchanged hopes that the United States and the Soviet Union can work together toward peace.

The speech was Johnson's first appearance before an international gathering since he took over after the death of John F. Kennedy Nov. 22.

Johnson was given a standing ovation as he entered the jammed chamber from which the public had been excluded for security reasons.

He quickly launched into his speech in which he pledged continued U.S. support to the United Nations and made an "unswerving commitment to the keeping and the strengthening of peace."

Johnson drew a burst of applause when he referred to the dedication of the United States to the peace of the world and the betterment of mankind.

Mrs. Johnson listened to her husband's speech from the front row of a special seating section on the side of the assembly hall.

Speaking from the rostrum where Kennedy had stood on Sept. 20 to address the same group, the President declared that he had "come here today to make it unmistakably clear that the assassin's bullet which took his life did not alter this nation's purpose."

And he outlined the U.S. objectives by saying the United States wants to:

See the cold war end, once and for all.

Prevent the dissemination of nuclear weapons to nations not now possessing them.

Press on with arms control and reduction.

Cooperate with all U.N. members "to conquer everywhere the ancient enemies of mankind — hunger, disease and ignorance."

"The United States wants sanity, security, and peace for all and above all," he said.

He offered no specific proposals or major policy pronouncements beyond these brief aims.

He did suggest in generalities that a modern New Deal could build a better world, that it is time for a peaceful revolution on a universal scale to improve human welfare and dignity.

JOHNSON

House Jolts Johnson With Foreign Aid Cut

WASHINGTON (AP) — The foreign aid battle has cost President Johnson his first setback on Capitol Hill since becoming chief executive, and with stinging criticism of Congress he looked hopefully to the Senate to recapture some of the losses.

The House dealt the administration a double jolt Monday,

upholding an \$800-million cut in foreign aid appropriations and adding a surprise amendment prohibiting the government from guaranteeing private financing of wheat sales to the Communist bloc.

It added up to another obstacle in the path of the battered aid measure and there

seemed to be a good chance that final passage would have to be put off until next year.

As the House was voting 249-135 to hold spending for economic and military assistance to \$2.8 billion—\$1.7 billion below what the late President John F. Kennedy requested — Johnson issued a sharply worded statement.

Johnson used as a vehicle for his criticism the foreign aid authorization bill which puts restrictions on the program and fixes a spending ceiling of \$3.6 billion.

In his statement after signing the measure, Johnson made clear that he considers \$3.6 billion "a dangerous reduction in funds" and that anything less would represent "a policy of weakness and retreat."

In words similar to those once spoken by his predecessor, Johnson said tartly "we cannot oppose the spread of communism and promote the growth of freedom by giving speeches."

The Americans, three members of the U.S. Embassy staff in La Paz and a Peace Corps volunteer were found in good health but in a highly nervous state by mine company doctors.

The other hostages—a West German, a Dutchman and 13 Bolivians — returned to their families and jobs in Catavi, where they had been held.

The Americans were brought by a jeep convoy over 30 miles of treacherous mountain road through pouring rain to Oruro, hub city for this Andean mining area. U.S. Ambassador Douglas Henderson greeted them and arranged for a flight to La Paz today, although the rain threatened to delay takeoff.

All-Night Drinking Party

Madison Freshman Slain

MADISON, Wis. (AP) — Police continued an investigation today into the shooting of a University of Wisconsin freshman whose body was found in a hotel room after an all-night drinking bout with two friends.

The body of Hal F. Hellman, 19, of Jamaica, N.Y., was found Monday by a police detective who went to the room in answer to a complaint by the hotel manager. The three men had run up a room service bill of \$74.

Police Chief Wilbur Emery said that if the story told by one of the three men in the party was true Hellman's death was accidental. The other men in the party with Hellman were William Over, 24, of Chicago, and Richard Johns, 19, of Madison.

Detective Edward Daley found Hellman's body on the floor, covered by a blanket. Over then pulled a revolver, according to Daley, and ordered

the detective to take off his jacket and drop his service revolver.

The detective complied and Over began taking handfuls of sedatives, saying that he was going to commit suicide. Daley finally talked Over into giving up the gun. Over was rushed to a hospital where he was reported in fair condition.

The chief said Johns left the hotel room shortly after the shooting and went to police with this story:

Over invited Johns and Hellman to his room Sunday night and ordered drinks and food.

The three men drank most of the night and went to bed early Monday. They awoke about 11 a.m.

Over then took a .38 caliber police revolver from a holster and handed it to Hellman and asked him if he knew how to fire it.

Two-State Vote

WASHINGTON (AP) — The roll call vote by which the House passed 249-135 a \$2.8 billion foreign aid appropriation Monday included:

Minnesota: Blatnik, Fraser, Karth, Olson, MacGregor, Quie, all for; Nelsen recorded for; Langen against.

Wisconsin: Johnson, Kastner, Reuss and Zablocki, all for; O'Konski, Schadeberg, Thompson, against. Recorded for but not voting Laird, against but not voting Van Pelt.

Council OKs Old Hospital Site Zoning

By unanimous vote, the City Council Monday night amended the zoning code to permit construction of three 11-unit apartment buildings on the old Winona General Hospital site.

No one appeared to contest the action, which was sought by Harold Streater, attorney for the Jay Investment Corp., Minneapolis. The corporation will assume possession of the old hospital and nurses' home, raze both buildings and start work on the proposed apartments next year, according to present plans.

Under terms of the hospital's wrecking contract the east wing already has been removed, but the west wing remains. This contract, which will be assumed by Jay, does not include wrecking of the nurses' home, but it will be removed.

The amendment changes the section relating to community development projects. In R-2 zones, the minimum area now required for community development is one acre. The old hospital property is just over one acre in size. The code previously called for a five-acre minimum.

When an area qualifies as a community development project, provisions for construction types, setbacks, occupancy and the like, are subject to approval by the City Planning Commission. In this way, some departures from prevailing zoning regulations are possible, at the commission's discretion, without altering the basic zoning classification of the parcel of land.

Railroad Case Settled in Fillmore Co.

PRESTON, Minn. — A civil case was settled in District Court for Fillmore County Monday, sentence was imposed in a criminal action, and another criminal case was started this morning before a jury.

Judge Leo F. Murphy, Winona, was here to preside in the \$50,000 damage case brought by Clarence W. Haupt, Sumner, Iowa, against the Chicago Great Western Railway Co.

At the close of a three-hour pre-trial conference the case was settled and jury was dismissed until today. William E. Kalar, Minneapolis, represented the plaintiff, who received a permanent back injury while working for the company during floodwater. Harry S. Stearns, Jr., St. Paul, represented the company. The case had been carried over from the spring calendar.

In court Tuesday afternoon, Judge A. C. Richardson sentenced Robert Scraebek, about 40, Lanesboro, to a year in the county jail on a carnal knowledge charge on which a jury had found him guilty Oct. 29. The second six months was suspended; he will be on probation. J. F. Herriek, Lanesboro, county attorney, prosecuted. Scraebek's attorney was David Joerg, Preston.

Judge Murphy is presiding this morning in a paternity action brought against Curtis Rustad, Rushford. He will close the jury calendar here this week and preside at the special term in Winona County Monday.

The final jury case is expected to open Wednesday. Gordon Broadwater, plaintiff, is suing Carroll Funk for an alleged bite by his dog.

No Progress Made On Osseo Group's Phone Proposal

OSSEO, Wis. — A meeting of Osseo businessmen with officials of General Telephone Co. of Wisconsin at Madison Monday in an effort toward purchasing the company was unsuccessful.

No figures were given by the company and no progress was made by the businessmen toward further negotiations. John Ward, city attorney, was to meet this afternoon with Robert Prosser, Turtle Lake, to discuss purchase of the Beef River Valley Telephone Co. This company has indicated that it would sell to a third party. Prosser is vice president of the Beef River company.

Should City Have Kennedy Street?

Should the city join in the national movement to memorialize its recently assassinated President, John F. Kennedy, by naming a street for him?

City Council members, asked Monday night by Ald. Jim Mohan to do so, said they would seek public reaction to the suggestion.

Ald. Mohan proposed that one of the numbered east-west streets north of Broadway be named after the martyred President. Ald. Mrs. Muriel Ollom suggested the street leading to the city's new airport industrial park could be designated Kennedy Drive, since it still has not been named.

Ald. Henry Parks, noting that there are four city streets incorporating "Lake" in their names, suggested that Lake Boulevard be renamed Kennedy Boulevard. Action was deferred, by common consent, to a later meeting.

Patrolman Discovers Suspicion Justified

An alert police officer spotted a suspicious looking car on Gilmore Avenue early this morning; he was right: It had been stolen.

Chief of Police George Savard said that the officer saw a car at 2:25 a.m. which was occupied by a group of youths and had no hub caps.

THE PATROLMAN followed for a short distance, then attempted to stop the car. However, the driver of the car increased his speed and attempted to make a right turn into a service station at Orrin Street and Gilmore.

The car was traveling too fast.

Coin Toss Decides City Gas Contract

Faced with two identical bids for sale of gasoline to the city for 1964, the City Council solved the problem Monday night about the way anyone else would. They flipped a coin.

Winner of the toss was the Mobil Oil Co., which had submitted a bid of \$7,507.50 for 55,000 gallons, exactly the same as that of the only other bidder, Standard Oil Co. Price per gallon will be 13.65 cents.

With due solemnity, Acting Mayor Harold Briesath tossed a half-dollar in the air. Representing Mobil Oil, Ald. Henry Parks called for tails, the winning side.

No Charges in Death of Girl

Chief of Police George Savard today said that no charges have been brought against Norman C. Meska, driver of a car in which Susan Ann Kaehler, 15, 251 E. Wabasha St., was killed Sunday morning.

Savard said that police are continuing their investigation and that no new evidence has been found.

Meska says that he fell asleep at the wheel of his car about 6:05 a.m. Sunday while driving east on Lake Boulevard. His car, in which the girl was sleeping, struck a telephone pole.

She seemed alive at the accident scene, but was dead on arrival at Community Memorial Hospital. Death was caused by chest and head injuries.

The accident followed an evening ride in Meska's car. Miss Kaehler's boyfriend and another youth were present in the car until late Saturday evening. Meska says that Miss Kaehler did not want to go to her parent's home and that she slept in the front seat of the car while he drove around the area. He says he did not know the girl.

The accident occurred about a block west of Sugar Loaf Road. It brought Winona's traffic death toll to five this year.

Three women died as a result of a car-train accident at the Milwaukee Railroad's Winona Street crossing May 23. A pedestrian was struck by a car on Mankato Avenue Feb. 17 and was fatally injured.

DON'T Call Santa Claus

Or Maybe Mr. Bell Disconnected Phone

About 700 children took advantage of the Winona Jaycees' "Call Santa" project Sunday afternoon, Jon Christensen, project chairman, reported.

A weary Daily News staff member added that "about 800" children called Santa Monday, and this morning started out the same way.

Santa was kept busy Sunday. He got requests from children ranging in age from 2 to 21. The usual presents were mentioned—things like dolls, trucks, puppies, bicycles, guns and clothes.

There were other requests not quite so usual—a bear trap, dog biscuits, a "new mother" and a two-piece bathing suit.

Some children added requests for others, and a few wished Santa and his reindeer a merry Christmas.

But Santa has returned to the North Pole. He has to touch the stripes on his last batch of candy canes, and, of course, the reindeer harnesses must be polished before Christmas Eve.

Santa is no longer taking phone calls at Sunday's number. The closest thing to Santa that you could reach at that number now would be the Daily News Santa Claus editor, and he's been stuck in the chimney since Labor Day.

So if you didn't get to talk with Santa Claus Sunday, write him a letter.

Please.

Post Office Cards Down, Packages Up

The Christmas mailing rush at the Winona post office has begun to pick up speed, according to John Eifeladt, assistant superintendent of mails, but cancellations are down about 60,000 from this time last year.

Eifeladt said that while the number of cards and letters handled here has decreased, the number of parcels has increased, "and that constitutes the bulk of our work here at the window."

HE EXPLAINED that more work is involved in weighing, stamping and otherwise handling packages than in selling stamps for letters, so that post office clerks have been kept busy despite the drop in total number of cancellations.

He also pointed out that an increasing number of business firms are using postage meters, so that even though a letter is not canceled at the post office—and so would not be included in the figures referred to above—it still must be handled by workers here.

For example, 45,700 pieces of meter-canceled mail went through the Winona post office Monday. In addition to that, the post office handled 75,000 pieces of machine-canceled mail (mail canceled at the post office).

The Christmas rush here started officially on Saturday, Dec. 7. A comparison between days last year (the post office works in that of the week rather than in dates) follows:

	1962	1963
Monday	30,700	26,100
Tuesday	31,300	26,100
Wednesday	38,400	26,000
Thursday	48,200	34,900
Friday	53,400	36,400
Saturday	52,100	47,900
Sunday	39,200	29,300
Monday	88,500	75,000

Meanwhile, in anticipation of the last-minute mailing rush to come, Postmaster John Dugan urged Winonans to mail their cards early—or, since it really isn't possible to be early any more—at least to mail them before it's too late.

Dugan reminded those with Christmas cards still to be sent, that air mail can provide next-day delivery at points up to 2,000 miles from Winona. Another good emergency measure is air parcel post, Dugan pointed out to anyone who might have ignored his earlier warnings about mailing early.

Policeman Quits Post With City

The resignation of Sgt. Gordon Cooper, a policeman for almost 10 years, was received by Chief of Police George Savard this morning. It was effective immediately.

Chief Savard said that Cooper submitted his resignation for personal reasons. Cooper said that he had been thinking about leaving the police force for some time and that he finally made his decision. He said he simply did not want to continue in the department.

Cooper, 171 St. Charles St., an Air Force veteran who entered the police department Jan. 15, 1954, is married and has eight children.

He is a graduate of Northwestern University Traffic Course for policemen, the Minnesota Bureau of Criminal Apprehension police science course and the Intermediate Command Course.

This morning Savard said that he has the highest regard for Sgt. Cooper and his abilities as a police supervisor. He also said he regretfully accepted the resignation.

Detective Ronald Richter has been temporarily moved into Cooper's spot in the department. Cooper has been working the 3 to 11 p.m. shift most recently.

Navy to Keep Rickover After Retirement Age

NEW YORK (AP)—President Johnson nominated Vice Adm. Hyman G. Rickover today for retirement at his present three-star rank. But the Navy is going to keep its controversial nuclear reactor expert on the job.

Johnson also formally nominated Thomas C. Mann, now ambassador to Mexico, to be assistant secretary of state for inter-American affairs, an appointment previously announced.

Rickover, who fought for nuclear power in the fleet, is called the father of the nuclear submarine.

White House officials said he reached retirement age of 62 on Jan. 27, 1962, but was retained on active duty for two more years. Under existing law, he must retire Feb. 1. But he still can be recalled to active duty, and this will be done.

Plans for 10-Block Mankato Job Asked

By FRANK UHLIG
Daily News Staff Writer

Plans and specifications for widening of Mankato Avenue, from Sarnia Street to 2nd Street, were ordered Monday night by the City Council.

Ald. Daniel Bambenek authorized the motion calling for a 64-foot street, with most of the construction work eligible for state aid funds. The exception is the single block between 2nd and 3rd streets. Aldermen agreed that this segment should be included, with the city paying the full cost in this block.

The width—64 feet—is the same as Broadway, west as far as Sioux.

Goodview Council Appoints Opsahl As Treasurer

Carl M. Opsahl, who has served as Goodview's elected treasurer since the incorporation of the village in 1946, was appointed to the post by the village council Monday night.

The village a year ago adopted the Plan A method of municipal government, under which the clerk, treasurer and assessor are appointed by the council, rather than being elected. Opsahl's appointment came at the end of his elective term, which expires Dec. 31.

Opsahl, 4210 7th St., is secretary, assistant treasurer and auditor for WMC, Inc.

THE COUNCIL decided last night that all bonds for village officers should be due Jan. 1 of each year. In the past, the bonds had different expiration dates.

The council voted to pay for tannus shots for the 36 members of the village's volunteer fire department. The cost will be 50 cents apiece, according to Village Clerk Henry C. Ehrhake. Firemen received the shots Dec. 4 at the village hall.

No action was taken on the constitution and bylaws of the fire department, which were presented to the council for consideration last night.

A SPECIAL council meeting will be held Jan. 6, when newly elected officers will be sworn in and wages for the coming year will be established for village employees.

All trustees but one were present for the Monday night meeting, which was presided over by Mayor Rex A. Johnson. The exception was Trustee Norman Nelson, who was unable to attend.

Dog Mauls Child At Lake City; Dad Nearly Shot in Woods

LAKE CITY, Minn. — The Jack Thorson family here had two frightening experiences recently.

Three-year-old Janet was mauled by a big white dog while she and her playmate, Jan Wittenborg, were pulling each other on a sled. The dog pulled Janet off the sled and was tossing her back and forth with his teeth and at the same time, pawing at her with his foot when neighbors came by and rescued her.

She escaped with torn clothing, bruises around her neck from the snow suit pulling, and the loss of wads of hair, which the dog pulled off.

While hunting deer in Wisconsin with friends, Thorson took a shot at a deer that suddenly darted into the water near them. Thorson, who was in the lead, killed the deer. A hunter back of him apparently became excited and shot, too. He fired over Thorson's shoulder. The muzzle blast broke his ear drum.

Temperature May Stay Under Zero Wednesday

Clearing and colder weather, following today's light snow, is predicted for Winona and vicinity tonight.

Lows of 10 to 18 below are forecast with clearing skies. Increasing cloudiness and continued cold is the predicted fare Wednesday when the high for the day may not be more than zero to 5 above.

OCCASIONAL light snow is forecast for late Wednesday afternoon or evening. Mostly fair and continued cold is the outlook for Thursday.

Starting Monday with a shivering temperature of 10 below, the Winona thermometer rose to 12 above in the afternoon, dropped to -4 in the early evening, was 3 above at 7 a.m. of a light snow falling across the area and at noon stood at 9. By noon the snow had amounted to one inch.

A ONE-BLOCK bottleneck,

from Mark to Bellevue Street, will be widened to accommodate the more spacious street. City-owned right of way there at present is 66 feet wide, according to City Engineer James Baird, and not enough to provide for additional boulevard space needed. Baird said a right of way of 90 to 100 feet is desirable for the 64-foot street width.

At present, the engineer said today, right of way widths are varied. From 2nd to 3rd Street

it is 85 feet; from 3rd to Mark Street, 95 feet; from Mark to Bellevue Street, 66 feet, and from Bellevue to Sarnia, 96 feet, widening to 200 at the intersection.

Although state aids probably will be higher because of this year's gasoline tax raise of one cent, they may not quite pay the full cost, Baird said. He estimated the 1964 aids may total \$120,000 and added:

"WE PROBABLY can't do the 10-block job for \$12,000 a block. It will be close, but we always sweat a little blood on these cases."

It appeared, from early calculations, that a short stretch of Franklin Street rebuilding may be deferred for a year because of insufficient funds. This project would entail replacement of brick paving between 4th and 2nd streets and that on 2nd from Franklin to Market Street, a distance of one block.

The Franklin Street project has generally been coupled with the Mankato Avenue plans in previous Council discussions. Ald. Henry Parks said the city would get a more favorable contract if it concentrated first on the full Mankato Avenue job, then went to Franklin later. Some thought had been given to dividing the contract to combine only the six blocks of Mankato Avenue between Sarnia Street and Broadway with the Franklin Street job. Baird said he agreed with Parks and that the Franklin Street work could be contracted along with some other miscellaneous short stretches of street construction.

TRAFFIC COUNTS have

shown much heavier densities moving straight north and south along Mankato Avenue and the Mankato Avenue dike road than from the dike road to Sarnia Street, Baird said. The interchange at Mankato Avenue and Sarnia Street now is built to accommodate Sarnia Street (State Highway 43 city route) but this actually is the less-traveled route, the engineer said.

State Highway Department engineers have recognized this and readily admit the interchange should be rebuilt to facilitate Mankato Avenue through traffic, Baird said.

Ald. Bambenek said he would try to negotiate with property owners between Mark and Bellevue streets for purchase of additional right of way. The alternative to a 64-foot street, with parking lanes, would be a 44-foot street without parking, he said.

When the engineer concluded his summary of the Mankato Avenue situation, Ald. Mrs. Muriel Ollom asked if the Broadway project now is complete. Baird said it was, except for removal of some "hideous" guard rail posts near Junction Street.

Deputies investigating the accident said that Miss Johnson was driving west up the hill and Kobay east down the hill. They were rounding a sharp curve.

Deputies said that conditions were slippery and that neither driver could stop or avoid the crash. Both cars remained on the highway following the accident.

Damage was about \$300 to Miss Johnson's car and about \$150 to Kobay's.

Brooklyn Youth Pays Fine Here

Parker W. Smith, 19, Brooklyn, N. Y., St. Mary's College student, pleaded guilty in municipal court today to a charge of driving without a driver's license.

Smith, who was in court today after a bench warrant was issued Monday for his arrest, was sentenced to pay a fine of \$15 or to serve five days. He paid the fine.

He was arrested by police at 3rd and Main streets Dec. 7 following a traffic accident. He appeared in court Dec. 9, said he had a New York driver's license and would send for it.

Judge John D. McGill postponed the case one week and issued the bench warrant when Smith failed to appear.

Holiday Inn Option OKed After Protest

With one negative vote, the City Council Monday night approved the form of an option to be offered prospective buyers of land for a Holiday Inn motel on the south shore of Lake Winona.

The Council had voted to give the option at its meeting two weeks ago. Monday night, aldermen agreed on exact language of the 150-day option to purchase asked by owners of the Holiday Inn franchise for this area. Harold Streater, attorney, represented the franchise holders, Perry Phillips and Sidney Neate, Columbia, Mo. The land in question is 4.4 acres, just west of Huff Street at its intersection with Highway 61.

CASTING THE lone vote against the form of the option was Ald. Clarence Tribell, who also voted against the original offer. Not voting was Ald. A. Del Schneider, who was out of the city.

Ald. Tribell, though formal public hearings are not required until developers apply for a zoning variance, accompanying the request with detailed plans, the Council listened to several citizens who appeared to protest the proposed sale.

James Carlson, architect; Mrs. Sidney Hughes, 727 Winona St., and W. G. Franzen, 1124 W. Broadway, maintained terms of the option were too vague, that developers were not really required to build substantially, that the price was too low, and that the location should be elsewhere. They also asked whether the prospective builders planned any filling along the lakeshore.

STREATER SAID the 150 days would give time to make applications for zoning variances and schedule the required public hearings. One hearing must be held before the Board of Zoning Appeals and a later one before the City Council before the variances can be granted. He said detailed plans and cost figures would be presented and would furnish the basis for whatever action may be taken.

The option would be given exclusively to the Holiday Inn developers, he said, and would not bind the city automatically to rezone any area or any municipal department to issue any permits. If construction is not completed in two years, title to the land would revert to the city, he said.

There may be some filling along the lakeshore, Streater said, to square off the area between a point of land and the Huff Street dike. Installation of utilities would be one of the things subject to negotiation, he said.

ALD. Clarence Tribell, unique among his colleagues, saw a parallel to the recent sale of park property for the new post office building and the city's investment in service installations at Wincrest Addition. He asked Streater whether he merely represented a client or whether the attorney was acting also "in the best interest of the city."

Streater said that, in his 10 years as city attorney, he had been concerned with the large amounts of publicly owned land within the city. Some way should be found to get some of it onto tax rolls, he said. If the proposed motel is attractive, he said, it will be an asset on land he now considers "marginal and not of any use at present."

In the final draft of the option, City Attorney George M. Robertson Jr. added two major conditions: That the motel specifically be "Holiday Inn-franchised" and that it be at least 100 units in size.

Jack Frost Out Early

Jack Frost XIV, Arnold Stenhejm, made an early-morning appearance today and distributed four scrolls to loyal Winter Carnival subjects. He appeared at 7 a.m. at Central Lutheran Church's Fellowship Hall, where the Central Lutheran Brotherhood was holding a breakfast meeting. His immediate predecessor, T. Charles Green, was one of the cooks.

It Happened Last Night

Be a Nobody And Be Happy

By EARL WILSON

NEW YORK — "Famous," remarked a lady I know, "I'm glad I ain't."

She was quite right. Today it's smart to be a nonentity, a nobody. It's chic to have your name not mentioned in those horrid columns. You don't think Henry Ford's happy at having his romantic future speculated about in the papers, do you? By living on or near Page One for 20 years, Frank Sinatra became a kidnapers' target.

Some big stars privately admit it's a great bore having everyone with a pencil wanting your autograph and everybody with a tape recorder wanting your audiograph, which is the new thing.

Kirk Douglas, starring in "One Flew Over the Cuckoo's Nest," never told me this himself. But—

One night a bubbling-over lady fan squealed:

"There's my favorite man, Douglas Fairbanks Jr. Gimme your autograph, Mr. Fairbanks!"

"The name," Kirk Douglas replied, through clenched teeth, "is Douglassss."

"Yeah, like I said," panted the fan. "Douglas — Douglas Fairbanks Jr.!"

SOME OF the girl fans are so overcome when they see Cary Grant or Burt Lancaster that their eyes, voices and brains go out of focus and they gasp "IT'S HIM. IT'S HIM!" A common one is for a 75-year-old rather tottering gentleman to greet Joan Crawford and say, "Miss Crawford, I've been your fan since I was a little boy, and —"

Joan, a glamour queen every second, can handle those. The newer celebrities, like Rod Taylor, have their problems at celebrity cocktail parties where they sometimes discover that just everybody doesn't know them.

"What do you do?" one man, a doctor asked him. "Actor," he said. "Any good?" "MAN, I'M A STAR!" he said.

YOU MIGHT take those girls with sound-alike names: Janet Blair, now at the Waldorf Empire Room. Janis Paige, starring in

"Here's Love." Janet Leigh, the Hollywood star.

Vivian Leigh, now in London. Vivian Blaine, starring in "Enter Laughing."

"Janet" is one of the most used and abused names," says Janet Blair. "I must be getting better known lately; hardly anybody has told me they loved me in 'Pajama Game,' when they meant Janis Paige. But I do get told I'm Vivian Blaine and they saw me in 'Guys and Dolls.' I say, 'Sure,' I answer to everything."

"And," says Vivian Blaine, "I get called Janet Blaine, often! I guess if we stood side by side we'd have some resemblance. It's our spontaneity, our vivacity, we both have red hair, we both love life, and it shows!"

Vivian Blaine gets another one that's tough to field. "I thought you were just wonderful," they tell her, "as Scarlett O'Hara in 'Gone With the Wind.'"

"I AM usually very tactful," says Vivian Blaine. "I generally tell them, 'Well, of course, I was born then, but I was still going to school, of course.'"

The solution for this is just not to go around getting famous. Don't let anybody force you into it. Be a nobody and be happy.

TODAY'S BEST LAUGH: You just can't figure women. Henry Stamper gave his wife a gift certificate for Christmas and she exchanged it.

WISH I'D SAID THAT: When some women wear those tight ski pants, they're stretching the truth.

REMEMBERED QUOTE: "To live happily out in the country one must have the soul of a poet, the mind of a philosopher — and a good station wagon." Mound (Minn.) Pilot.

EARL'S PEARLS: One local dad (writes H. E. Youngs) intends to assemble a Christmas toy this year using nothing but the parts he had left over from assembling last year's toys.

Comic Dave Astor announced that Henry Ford was in the Blue Angels audience, then added, "Well, I thought Mr. Ford was here — there's a car outside with his name on it."

That's earl, brother.

Taylor Gets Better Telephone Service

TAYLOR, Wis. — Telephone services have been improved from here to Black River Falls by installing new circuits.

General Telephone Co. of Wisconsin made the improvement when Taylor subscribers said on a questionnaire they would rather pay a 20-cent increase on their telephone bill than pay a toll, which they have the last several years.

The Taylor exchange is now back in the area telephone directory. General Telephone Co. also is improving service in Black River Falls and service to Merrillan and Millston.

CRY OF BATTLE

They'll Do It Every Time

By Jimmy Hatlo

Voice of the Outdoors

Cold Opening

Subzero weather threw a blanket of ice over most of the main channel of the Mississippi River, pushed edgy ice up toward the dam, and kept the majority of ice fishermen off the ice over the weekend. It was cold—a line exposed to the air a minute became ice coated.

Even the dog got cold and humped up on the ice in the picture of fishermen on Crooked Slough at big stump Sunday. The ice there was eight to ten inches thick. The insert picture shows fish frozen stiff before the hook could be removed with gloved hands.

However, it has made the ice strong and safe over most of the popular fishing places. Fishing shacks in some areas were being towed on the ice by light cars. Most fishermen were still a little wary, testing the ice as they advanced, fearful of those hazardous air pockets.

As to catches made, after the fish were found the cold weather did not seem to stop them from hitting. Small minnows were getting big crappie. Sunnies were slow, even for fishermen using houses. The total number of fishermen on the ice was low Saturday and Sunday. The sun Monday made it look warm but it wasn't.

Beaver Season Closed

Mississippi River counties in Wisconsin will be closed to beaver and otter trapping next spring. At least that was the recommendation made by trappers and game managers at an eight county meeting held at La Crosse last week.

Boundaries of the closed area would include all or parts of Pierce, Pepin, Buffalo, Trempealeau, Jackson, Monroe, La Crosse and Vernon counties. State game managers stated that the beaver in those counties need additional protection.

A similar recommendation was made some weeks ago by the Upper Mississippi Wild Life and Fish Refuge to both the Minnesota and Wisconsin conservation departments. It is al-

It is a large bird of the grosbeak species, about the size of a robin. Its habitat is in the south, up to southern Illinois, according to our bird book, and is rarely seen close up for any length of time.

Then yesterday, just for a few moments, a small flock of about eight blue grosbeaks, male and female, were feeding at our bird station. Would like to know if others in this area got to see them.

This is important to you because there are some "skippy" steps now on the market that are only a little over half as thick and naturally can't be expected to last as long nor be as strong.

Homeward Steps are easier to install, too, because they are separate sectional construction instead of a cumbersome, awkward entire unit to wrestle into place. It is important to remember that should a step be damaged (perhaps a truck backs into it or someone drops a heavy object on it) it is practical to replace ONLY the damaged section NOT THE WHOLE EXPENSIVE UNIT!

Blue Grosbeak

Theodore Buehler, Alma, Wis., probably one of the foremost bird observers in this area, is the writer of the following letter. It explains itself:

"It may interest other bird watchers in this area to know that we have had the rare opportunity to see a southern bird, the blue grosbeak, on our feeding station the past few days. The first day came just one bird, the female, the breast

Burton Free To Marry Liz Taylor

By JAMES BACON

HOLLYWOOD (AP) — Richard Burton is free today to marry Elizabeth Taylor, who may be free any day now to marry him.

Thus, the world's most publicized lovers are halfway to the altar, a trek that took two years and \$40 million to accomplish. The love affair started when Burton played Marc Antony to Liz's Cleopatra.

Sybil Burton, long suffering wife of the swinging Welshman, got a Mexican divorce Monday and a reported settlement of \$1.5 million. She also got custody of the couple's two young daughters.

Next step calls for singer Eddie Fisher to institute Mexican divorce proceedings against the raven-haired star he married after Mike Todd's death.

Anything Liz wants, she can get from Eddie. "I will do anything to make Elizabeth happy, I wish her only the best," he told a newsmen.

Elizabeth's lawyer is in New York now discussing settlement terms with Eddie's lawyer. A settlement is expected momentarily. Then the lawyer — not Eddie — will go to Mexico and obtain the divorce by proxy.

Once the pre-trial formalities are ironed out, the actual courtroom proceedings take about 15 minutes.

Fisher, informed of Mrs. Burton's divorce Monday, said: "Marvelous! Bravo!"

Insiders believe that the Burton-Taylor nuptials will take place almost immediately after the settlement between the actress and Fisher.

The injured included the farm truck driver, Warren J. Neill, 18, Portales, N.M. A Santa Fe Railway spokesman said the train was traveling about 75 miles per hour. Neill suffered only minor head lacerations and bruises.

Honeymoon With Congress Is Over

By JAMES MARLOW

WASHINGTON (AP) — President Johnson's honeymoon with Congress, where he served 23 years, has come to a sickening stop. He is faced, after less than a month in office, with the same challenge President John F. Kennedy never mastered.

It's how to get this dawdling Congress, the laziest in at least a generation, to do what he asks. The House didn't give him much time to ponder his dilemma. It has just hit his foreign aid program with a meat ax.

This action, even the timing, was a brutal end to the quiet spell Congress let Johnson have after Kennedy's assassination while he tried to get used to his new job.

Johnson may soon reveal whether he's going to follow the Kennedy method of soft talk with Congress, or whether he's capable of a much tougher policy that might get results where Kennedy couldn't.

Just last week the two houses had authorized a ceiling of \$3.6 billion for foreign aid, a figure Johnson was willing to accept. Congress finally reached this action after months of wrangling within itself and with Kennedy.

That figure was \$1.3 billion less than Kennedy had originally asked and \$900 million less than he had finally set as a bottom figure. But the ceiling always winds up less than a president's minimum figure anyway.

So watching Congress set a spending limit of \$3.6 billion was endurable. But the ceiling is only just that. After the ceiling Congress still has to vote the actual money to be spent. And that, in turn, usually winds up less than the ceiling.

This week the House, acting before the Senate, was to vote on the spending money. To try to forestall too big a cut, Johnson called in the greatest antagonist of foreign aid in the House, Rep. Otto E. Passman, Louisiana Democrat.

Passman is chairman of a House subcommittee which passes on the money to be spent for foreign aid. Johnson, who had a magical method of getting things done his way when he was in Congress, talked to him.

Passman listened, went back to the Capitol, and his committee promptly made a joke of the Johnson-Passman conversation.

It decided foreign aid should get only \$2.8 billion, or \$800 million less than the ceiling permitted, and \$1.7 billion less than Kennedy's final minimum request.

Johnson responded immediately with a statement — that this kind of cut would "put our foreign policy in a strait-jacket."

Johnson still had hopes, although perhaps slim, that the full House, when it voted, would be more generous than the Passman committee's recommendation. The recommendation wasn't final but the House vote would be.

But Monday, just about the time Johnson was signing the authorizing bill with its ceiling of \$3.6 billion, the House voted, upheld Passman's committee, and decided \$2.8 billion was plenty.

This was a terrible jolt but even this action by the House wasn't the last word. The Senate hadn't voted yet.

And Johnson could hope that the Senate would approve spending at or near the \$3.6-billion ceiling and then, in a compromise between House and Senate, the final spending figure would be higher than that of the House even though lower than that of the Senate.

But—the House hadn't been content with just cutting money from foreign aid. It added an amendment to prevent this country from giving Russia credit on the wheat it wants to buy from the United States. This was a deep wound.

Johnson fought back with another statement, saying "we cannot oppose the spread of communism and promote the growth of freedom by giving speeches." But this in its own way was just a speech. It probably won't change a single Senate vote.

Now it's up to Johnson to perform. He knows as he tries that the Congress and the country will be watching him. It's his first big test.

Badger Creamery Owes \$179,720 In Back Wages

WASHINGTON (AP) — A trial examiner of the National Labor Relations Board held today that the Rice Lake Creamery Co. of Rice Lake, Wis., owes

25 Teamster Union members a total of \$179,720 in back pay. Trial Examiner Samuel Ross described his finding as "another step in an already protracted history of litigation" between the creamery and Local 662, General Drivers and Helpers Union, International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America.

Ross said the 25 had not been

reinstated in their jobs following a strike that began June 22, 1958, and that they are entitled to reinstatement.

The back pay specified generally covers a period from the end of the strike to July and August of 1962.

Ross said Otto Fetkenheuer was entitled to \$13,563 for the period. Five other workers, he said, were entitled to back pay in five figures.

Good Economic Outlook for 1964

THE YEAR 1963 is ending amid indications that the rise in business activity, already almost three years old, will continue in 1964. Such a sustained economic upswing in time of peace is as welcome as it is rare.

The conclusion above is based on indicators selected by the National Bureau of Economic Research as the most significant of the many that economists use in making business forecasts. Of the 12 so-called "leading indicators" — that is, those which generally give an advance hint of shifts in the economic trend — all but one are judged either good or fair to neutral. Only one, the hiring rate in industry, is judged bad.

New orders for durable goods are up, the average work week in manufacturing is up, housing starts are up, common stock prices are up, industrial raw materials prices are rising, corporation profits are up. All these things suggest a continuing rise in the economy. Other indicators, those that generally move up or down with the economy and those that lag behind the general economic trend, also indicate a rise.

Like every economic forecast, this one is subject to a cautionary word: The economists are not always right about what is coming. Still, the signs appear so good now that any reversal of the present upward trend would be a startling upset.

THIS JUSTIFIES optimism, but not the rose-colored spectacles that conceal anything dark in the picture. The one bad spot mentioned, the hiring rate in manufacturing, cannot be ignored. It must be regarded as a warning signal that says to intelligent men: The problem of automation and technological unemployment is still with us. Though the nation's economic status is good, it will be much better when that problem has been mastered.

Devastating Indictment Of Cigarette Smoking

THE MOST sweeping study yet made of the effects of tobacco on health, was reported by Dr. E. Cuyler Hammond, chief biostatistician of the American Cancer Society to the American Medical Association meeting at Portland, Ore. It contained the most devastating indictment of cigarette smoking ever made.

It showed that death rates for cigarette smokers were more than double those of nonsmokers; heavy cigarette smokers were hospitalized half again as often as nonsmokers; for every nonsmoker who died of lung cancer, nine cigarette smokers died of the disease; death rates climbed with the number of cigarettes smoked daily and skyrocketed with the depth of inhalation; pipe and cigar smoking is "practically innocuous" since inhalation is low; death rates for men who started smoking in their teens were much higher than those who took up the habit later in life; if a person starts smoking early, he will gradually smoke more cigarettes daily over the years and inhale more; death rates for those who have kicked the habit five years or more come close to those for nonsmokers; the higher the degree of education the lower the amount of smoking; and there seems to be no relationship between the amount of nervousness and the amount of smoking.

THE EVIDENCE accumulates with every scientific survey. This one studied the death certificates, medical records and personal questionnaires of 422,094 men aged 40 to 80 in 25 states.

With the U.S. Public Health report on smoking due next month, with similar results expected, it is now clear that a major disruption in a huge agricultural industry, affecting hundreds of thousands of persons and billions of dollars, in that and allied industries, is in prospect in years ahead.

It may well be one of the most important domestic problems for the nation to solve. — Rochester Post-Bulletin.

WASHINGTON CALLING

GOP Regulars Cool to Lodge

By WILLIAM S. WHITE

WASHINGTON—The extraordinarily eager interest shown by Henry Cabot Lodge in former President Eisenhower's reported suggestion that he seek the Republican Presidential nomination is troubling two very different groups for very different reasons.

People in the administration, though far from afraid of Mr. Lodge as a potential rival to President Johnson in next year's campaign, do not hide their concern at the ambassador's open and wholly unexpected injection of himself into partisan politics in an arena of hot war with Communist invaders.

MR. LODGE accepted President Kennedy's appointment as ambassador to South Viet Nam for the precise purpose, on his side and on Mr. Kennedy's side, of keeping domestic politics strictly out of a war effort in which 18,000 American troops are involved alongside the anti-Communist Vietnamese.

The regular Republicans, for their part, are putting out for Mr. Lodge a mat upon which the word "Unwelcome" is, in spirit, written large. The ambassador, who lost his Senate seat from Massachusetts to John F. Kennedy and went on to represent President Eisenhower at the United Nations, has been in the black books of loyalist organization Republicans since 1949. He led an unsuccessful effort to oust the late Sen. Robert A. Taft of Ohio, "Mr. Republican," as principal G.O.P. spokesman in the Senate.

THEN HE burned the last bridge with the orthodox Republicans by taking the lead in accusing Taft men of attempting to "steal" the 1952 Republican Presidential nomination from General Eisenhower.

While nothing is impossible in politics—and certainly not in the present state of affairs within the G.O.P.—serious talk of Mr. Lodge's nomination is seen among the Republican regulars as akin to moon-madness. And it is far from relished by the backers of Gov. Nelson Rockefeller of New York, Sen. Barry Goldwater of Arizona, Gov. William Scranton of Pennsylvania and Gov. George Romney of Michigan.

THUS, MANY Republican professionals are wistfully awaiting some signal that General Eisenhower has not selected Lodge as his personal choice, but is—so they hope and believe—only trying to broaden the field of G.O.P. possibilities, as he has before.

What Ambassador Lodge is doing is not at all bothering the purely political headquarters of the Johnson Administration. That headquarters is in the hat of the President himself, who intends for Cabinet associates just to get on with their jobs and leave the politicking to him—an intention that suits both sides.

Lodge's ready "availability," however, is causing great concern to those in the Administration who must implement the President's foreign and military policy—the State and Defense Departments. These departments, under both President Kennedy and President Johnson, have been deliberately kept out of politics, under a career Secretary of State, Dean Rusk, and a Secretary of Defense, Robert McNamara, who in private life was a big business Republican. Within them there is now fear that the diplomatic and military situation in South Viet Nam, already a bit chancy in the aftermath of the revolt which destroyed the regime of President Ngo Dinh Diem, might become dangerously bedeviled by domestic American politics.

THERE CAN be no doubt that if the present problem were only a political one—Would Lodge be an especially dangerous opponent for President Johnson next year?—no one in the White House would be running scared. The answer from there—sound or not, as it might be—without question would be: "No, not very dangerous."

Indeed, a widespread view, quite outside the precincts of the White House and not confined to Democratic politicians, is that Mr. Lodge's somewhat remote form of campaigning in 1960, as the Vice Presidential nominee, was not of the greatest help to the top of the ticket, Richard Nixon. There is also the fact—to which anti-Lodge Republicans are already beginning to point—that Lodge is a two-time loser, first in the Senate race of 1952 and again in 1960 on the Nixon slate.

CHRISTMAS CARD

THE WASHINGTON MERRY-GO-ROUND

Doctors' Spokesman To Right of Louis XIV

By JACK ANDERSON

(Editor's Note: Drew Pearson's column today is written by his associate, Jack Anderson.)

WASHINGTON — The editors of the Congressional Record were too kind to Drew Pearson in going to press the other day, and he has asked me to set the record straight. Reporting a speech made by the GOP congressman from Missouri, Dr. Durward Hall, in which the latter called Pearson "Drew Poison," the editors of the Record corrected this to read "Drew Pearson."

Pearson says he's delighted to be called "Poison" by Dr. Hall, in view of the latter's political thinking. Speaking in Kansas City in 1961 over WDAF, the congressman was asked whether he was a member of the John Birch Society. He replied that the only reason he wasn't was because no one had asked him to join.

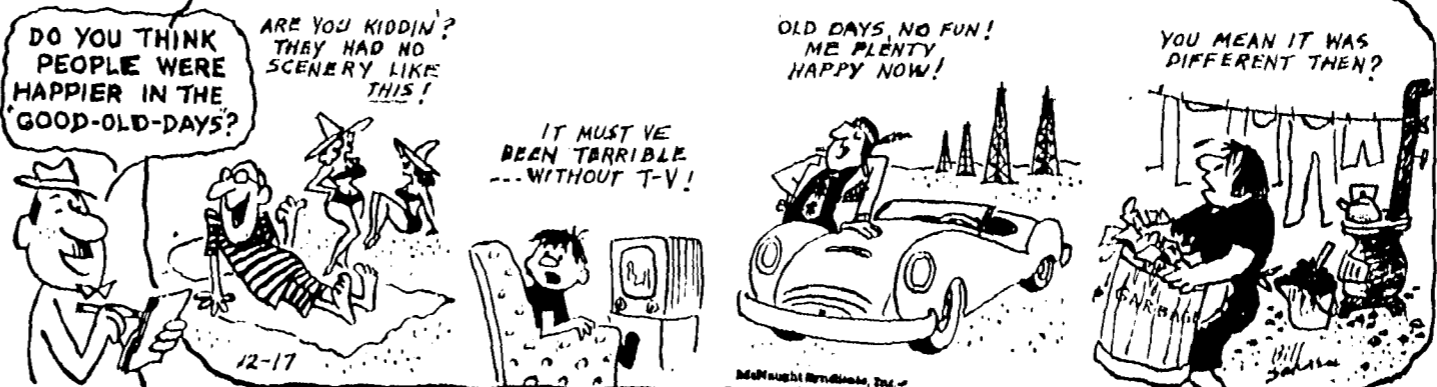

HALL'S RECORD bears this out. He has consistently attacked the United Nations, has called the Peace Corps the "kiddie corps," and last year objected to House consideration of a memorial foundation for Eleanor Roosevelt. Fellow congressmen consider him to the right of Louis XIV.

Dr. Hall, a vigorous, vocal, politically-minded member of the American Medical Association, was elected to Congress by a slender margin in a campaign to defeat the medicare bill, and has been making speeches around the country to raise money for the AMA's political action fund. The fund has been used to defeat congressmen who vote for medicare.

Back in Springfield, Mo., Dr. Hall is a member of the Smith-Glynn-Calloway clinic, a group of doctors who do a good job for their patients but also conduct the "Smith-Glynn-Calloway Pharmacy" on the side. This gives them the chance of advertising the pharmacy, which is not unethical, without directly advertising the clinic, which would be unethical. They also have the advantage of a captive subsidiary which sells medicine to fill the prescriptions of the clinic's patients.

CHARLEY BROWN, Democrat

OPINION-WISE

TODAY IN WORLD AFFAIRS

Deterioration Of U.N. Cited

By DAVID LAWRENCE

WASHINGTON — President Johnson has a significant opportunity to raise the moral tone of the United Nations when he addresses it next Tuesday in New York. For the U.N. has deteriorated into a political machine largely directed by Moscow with the aid of the so-called Afro-Asian Bloc.

Instead of functioning as an organization dedicated to the political independence and self-determination of member states, the U.N. now actually passes resolutions interfering with the internal affairs of certain non-communist countries but refuses to apply equal treatment to governments which keep their peoples enslaved as the right of self-determination is denied them.

The largest example of the political chicanery practiced by the U.N. came at a time when the peoples of the free world were absorbed in studying the news of a change in the presidency of the United States and the aftereffects. It perhaps is not yet realized that the U.N. Security Council unanimously passed a few days ago a resolution calling on its members to impose an embargo on the Republic of South Africa just because that country's racial policies are considered improper.

Implicit in the resolution are threats of even stronger action if South Africa fails to conform to its internal policies to the U.N. demands.

The U.N. charter permits resolutions to embargo arms shipments when there is a threat to international peace, but is can hardly be persuasively contended that the internal districting of Negroes and whites in separate residential areas — objectionable as it may be to many people — is, by any stretch of the imagination or by any rule of international law a threat to world peace.

The role the United States took in this strange episode — including a vote for the resolution — is defended here in the State Department as one of desirable expediency. It is conceded that the U.N. is acting in a one-sided manner, but the point is made that the United States did succeed in its effort to keep the arms embargo resolution voluntary rather than mandatory and did succeed in preventing an oil embargo from being imposed also.

A RULE of expediency is characteristic of political behavior, though it is often immoral. The United States in the past has proclaimed some basic principles in giving its support to the charter of the United Nations. But, unfortunately, principles now have been swept aside, and the faction in the U.N. which has gained by such tactics is the one that is closest to Moscow. Indeed, the whole plan for imposing an arms embargo was undoubtedly engineered by the Kremlin as a means of lining up allies for the Soviet Union among the African nations. If the U.N. is to be operated, however, on the basis of what will please the maximum number of governments, irrespective of their fidelity to principle or their concern for international law, then the value of the organization itself in future years will steadily diminish.

The whole question is today being treated superficially in America. Many thoughtful people, for instance, have suggested that the time may have come to consider American withdrawal from the U.N., only to be assailed as not interested in world peace. The argument is advanced that the U.N. is really a useful force for international peace and only incidentally a political tool of the Kremlin.

THE U.N. record in dealing with internal questions, however, is neither consistent nor courageous. When India deliberately took over the Portuguese territory of

Goa, the United Nations failed to protest Goa, though the United States denounced the takeover. Nor did the U.N. insist on sending its investigating committee into Hungary to get the facts about the Soviet military invasion of that country and the imposition of measures that suppressed the free government in Budapest.

In brief, the U.N. has been of no help in curbing Soviet colonialism, and it has acquiesced in the continued domination by the Moscow government over the captive peoples of East Germany, Hungary, Rumania, Poland, Bulgaria, Czechoslovakia, Estonia, Lithuania and Latvia.

Certainly the "apartheid" which the Soviet government has established by its rule over peoples of many nationalities and races is far more a threat to international peace than the separation of millions of uncivilized tribesmen in one South African country from residence in areas where white men and women and their children happen to live.

THE U.N. today, unfortunately, doesn't seem to be concerned with the sovereign rights of nations, as its charter requires. Apparently the U.N. political code means catering to the new African governments, whose naive and inexperienced leaders may some day find the U.N. intervening in their own affairs, too, just as happened in the Congo. Perhaps at that time American taxpayers will not be willing to pick up the tab for the expenses incurred in trying to maintain order as they did for the U.N. military operations in the Congo, to which the Soviet Union hasn't contributed a single ruble.

NAMES AND FACES

CANTON, Ohio (P)—A recent wedding at First Christian Church in this area called for considerable concentration on the part of the Rev. Harold L. Davis. Identical twins were wed to identical twins.

May Lou Van Voorhis of Waynesburg, Ohio, married Larry Jay Wayble of Hartsville, Ohio. Her twin, Kay Sue, married Larry's twin, Gary Ray. In addition to the rhyming names and identical looks, the two girls have been working in the same office and the two young men are mechanics at the same service station.

Wedding gowns and cakes were identical, but one couple went North for a honeymoon, and the other South. And they are residing in separate communities.

DEAR ABBY:

Vote 'No' On This One

By ABIGAIL VAN BUREN

DEAR ABBY: When I married "S" it was agreed that we would raise his two sons, four and six. He and his wife had a friendly divorce on grounds of incompatibility. Now he wants to HIRE his ex-wife to come and live with us and take care of the boys. I work out and make as much as he does, and we hired a housekeeper who does a good job. I don't want that woman in my house. My husband says she isn't capable of working out, could use the money, knows the boys and can handle them. He sees nothing wrong with it! (He is 30, she is 42 and I am 28.) He claims he feels nothing for her and she feels nothing for him. Is this possible? We have been married for seven months and I am ready to walk out.

READY TO LEAVE

Abby

DEAR READY: Don't let the "nothing" they feel for each other mislead you. If your husband wants the boys' mother to raise them, he should provide a separate home for them. Three is a crowd.

DEAR ABBY: My husband bought me a beautiful muskrat stole on our anniversary. Now every time one of my friends sees it, the first thing she asks is, "What kind of fur is it, and how much did it cost?" I think this is very rude. What can I say to this person?

LONG BEACH

DEAR LONG: Say, "It's muskrat" — and ignore the second question.

DEAR ABBY: My mother is widowed and lives alone. She gets very lonesome and is sometimes forgetful, so she calls me quite a lot. I really don't mind, but my husband gets very irritated. I don't want to hurt my mother's feelings by asking her not to call me so much, but I can see where this annoys my husband because he gets some business calls at home and he is the who answers the telephone. Have you any suggestions? Please print your answer. My husband opens all the mail and I don't want a personal reply coming to the house.

MRS. IN BETWEEN

DEAR MRS.: If it's to be your mother's "feelings" vs. your husband's peace of mind, you should be more concerned with the latter. Tell her that in the evening hours, "Don't call me. I'll call you."

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Wilkie Sponsor Tool Exhibit At World's Fair

The Wilkie Brothers Foundation, which has been a major contributor to the Winona County Historical Society, will sponsor two exhibits at the New York World's Fair next April.

"Extension of the Hand" will be housed in the Hall of Education at the fair. It will show the role of machine tools in our economy and the related role of vocational education. The American Vocational Association is cooperating with the foundation in sponsoring this exhibit.

"The Tree of Economic Life" will be housed in the Hall of Free Enterprise. It will be an educational display showing basic economics.

Dr. Lewis I. Younger, Winona County Historical Society president, has been invited to a preview of the two exhibits to be held in January.

The foundation and the AVA is sponsoring a metalworking contest for students in trade

and industrial education in connection with the machine tools exhibit.

The Wilkie brothers are Winona natives. Their foundation supports research throughout the world.

Johnson Given Edge in Poll

NEW YORK (AP) — Out of every 100 persons polled, an average of 64 preferred President Johnson over the five leading possible Republican contenders in the 1964 presidential race, a Newsweek magazine poll showed today.

The 64-36 margin represented Johnson's lead over the combined average of the five Republicans.

The poll, conducted by Louis Harris & Associates, gave Johnson a 7-point jump in popularity over the past two weeks.

Phoenix Children Like an Old Lion

By ROB WOOD
Associated Press Staff Writer
PHOENIX, Ariz. (AP) — Leo is a derelict.
He's getting bald and his teeth are cracked.
Leo still has a little of the old fire—he growls and paces up and down in mock anger—but to be honest he's not much when it comes to lions.
Nonetheless, 12 Phoenix girls—8 to 13 years old—are determined to get Leo a chance to start life anew as a real, scary African lion.
Leo was abandoned near Phoenix last year. His owner left him cramped in a small cage without food or water.

Narcotics Addiction Crime Link

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:
Narcotics addiction is a factor in 25 per cent of U.S. crime.
The albatross, the largest of all sea birds, often gorges itself so on fish and mollusks that it is unable to fly.

"When everyone agrees with you, it's time to recheck your facts"—Arnold H. Glasow.
If you are suffering from a cold, the odds are 12 to 1 that you didn't catch it from a kiss.
It was Austin O'Malley who observed, "Show me a genuine case of platonic friendship, and I shall show you two old or homely faces."

The owner never was found. So the mangy old lion became a ward of the Phoenix Zoo.

He's spent his time far back in the holding compound because there isn't a fancy outdoor enclosure for him. All the enclosures, built with funds donated by individuals and firms, were occupied.

The zoo decided to sell Leo. He was taking up space, and he sure wasn't earning his three pounds of horsemeat a day.

The 12 little misses promptly set up a howl. They insisted they would collect the money—\$16,000—to get Leo his enclosure.

Zoo officials surrendered after warning the girls of the task they faced.

Laela Bell, 12, was unperturbed.
"Who ever heard of a zoo without a lion?" she said.

And Jacque Webster, 11, said, "I'm just awfully afraid Leo feels nobody cares a thing about him."

Jean Ann Bell, 9, admitted, "I've never seen a real, live lion and it's about time I did."
The girls formed a club to help Leo.

First they staged a backyard circus. Total collections—\$19.35.
"It was a beginning," said Alava Bell, 13.

Next came an art show. Working from school-out until dark for days, they set up a gallery in 9-year-old Shelly Springman's back yard. Paintings, needlework and ceramics were displayed on picnic tables.

It cost 25 cents to make the tour. The art was for sale, too.

One young artist tagged this note to her painting:

"For sale—50 cents. \$1 if you have it."

The show netted \$153.02.

The girls are still at it—this time selling homemade novelties.
"And just think," said 12-year-old Tina Ayers, "we just need \$15,827.63."

Chimp Arrested In Speeding Car

TAMPA, Fla. (AP) — Robert E. Stover, 41, and a girl named Tammy were tooling down Interstate Highway 4 in his sports car.

She was steering and he was working the brakes and accelerator.

John McLeod saw them drive through Lakeland Sunday and called the highway patrol. They were speeding. The patrol radio barked, "Be on the lookout for a sports car driven by a chimpanzee."

Trooper Lamar Maxwell stopped the pair outside Tampa.

Stover, a carnival showman who trained the chimp to steer, was charged with reckless driving and having no driver's license.

"After following the chimp and watching her pass cars between 60 and 70 miles an hour, I am convinced that she is a better driver than many on the road," said Trooper Maxwell.

115 Young Negroes Jailed

COLUMBIA, S.C. (AP)—Police jailed 115 of about 200 young Negroes who paraded in downtown Columbia Monday to protest segregation.

Officers said one demonstrator, identified as Timothy Smith, tackled a detective as the officer dragged another demonstrator into a police car.

The demonstrators, mostly college and high school students, were charged with parading without a permit, disorderly conduct and refusing to obey an officer. Police began making arrests when the demonstrators got noisy.

Masons to Install At La Crescent Meeting Tonight

LA CRESCENT, Minn. — Morning Star Lodge 29, AF&AM, La Crescent, will install officers at its final session of the year tonight.

The worshipful master-elect is Rudolph Newhouse, who succeeds Sid Scoville. Other elected officers are: Walter Huebner, senior warden; Thomas Elmer, junior warden; Ralph Jones, treasurer, and Walter Webster, secretary.

Appointed officers include: Ernest Peterson, senior deacon; John Hill, junior deacon;

Phil Ham, senior steward; Keith Jones, junior steward; Wilmar Severson, tyler; John Kathan, marshal, and the Rev. Homer Munson, chaplain.

LeRoy Harlos will be the installing master; Scoville, installing marshal, and Alvin Braaten, installing chaplain. All three are past masters of the

La Crescent lodge. Following the installation, the lodge will serve its annual oysterfest. Members are urged to attend and visitors will be welcome.

New Wheat Legislation Suggested

WASHINGTON (AP) — Congress was urged Monday by Herschel D. Newsom, master of the National Grange, to enact new wheat legislation early enough to give producers in all parts of the country time to take part in the program for the 1964 crop.

Newsom recommended a voluntary program for the 1964 wheat crop at a hearing before a House agriculture subcommittee. This should be coupled, he said, with an acreage diversion program.

Wheat farmers turned down in a referendum last May the Kennedy administration program for tight, mandatory controls of wheat. Unless new legislation is enacted, wheat farmers in 1964 will have no restrictions on plantings.

However, the \$2 a bushel price supports for the 1963 crop would drop to \$1.25 a bushel in 1964 and even this lower figure would be available only to those farmers who comply with acreage allotments.

President Johnson is reported to favor a voluntary wheat program for next year. However, his specific recommendations are not expected until some time after his meeting Wednesday at the White House with the heads of the major farm organizations.

Newsom said it is obvious that the mandatory provisions were the reason why farmers turned down the 1964 program.

BUSINESS MIRROR

'64 Construction Expected Good

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Demands of a growing population and a prospering economy are counted upon to keep the seemingly endless construction boom going strong in 1964.

An increasing number of doubters have been wondering out loud lately if a housing and office surplus wasn't in the making. Vacancies in new apartment and office buildings have been increasing in several cities as available floor space zoomed.

But those in the construction business are confident the nation's needs as a whole are still not met in these, and especially in some other, lines.

And the Commerce Department also forecasts that the industry will have a banner year in 1964, helped along by a big gain in public projects.

Contractors insist that a growing population and the spread from cities to suburbs have built up a backlog of demand in many areas for houses, streets, schools, hospitals, churches, water and sewer systems, and shopping centers. Some of this will be satisfied by private investment, much of it by spending of local, state and federal governments.

The Commerce Department puts 1962 spending for construction at \$58.8 billion. It rose by 6.6 per cent this year to \$62.6 billion. The department estimates 1964 will see a 5 per cent rise to \$65.6 billion.

But government's share of this spending will be a record \$20.2 billion, a gain of 8 per cent over 1963. Most of the increase will be at the state and local levels, with school construction up 9 per cent to \$3.3 billion, and outlays for public hospitals and other institutions up 17 per cent.

Construction contracts jumped to a record \$4.3 billion in October, F. W. Dodge Corp., construction news specialist, reported. All major segments of the industry were included in the strong advance, putting the first 10 months of the year 10 per cent above the like period of 1962.

Regents State Position on School Freedom

MINNEAPOLIS (AP) — University of Minnesota regents issued a statement Saturday saying the board was "satisfied to a very high degree" with faculty and administration contributions to academic freedom.

The board's five-page statement answered recent criticism but did not mention the dispute or individuals involved.

The Minnesota Department of the American Legion has asked investigation of two organizations at the university, the World Affairs Center and the Student Peace Union.

Millon Rosen, St. Paul public works commissioner, has called for the firing of Mulford Q. Sibley, an outspoken socialist, and political science professor.

The regents said they are satisfied that existing agencies for preserving national safety are adequate and that university officials are prepared to cooperate with them.

"A free society calls for citizens well schooled in the wisdom tradition to that society," the regents' statement said. "It also calls for citizens accustomed to grappling with new ideas, to participating in the give and take of public discussion, and to assuming public responsibility for one's own thinking."

The statement brought another blast from Rosen, who said the report "is a disgrace to all the God-fearing people of our state."

The housing boom that marked 1963 and brought some worries of possible over-building will continue, but at a slower rate of gain, the Commerce Department believes. It thinks spending for nonfarm houses and apartments will be up 3 per cent next year to \$26.5 billion, with 1,580,000 private units being started. The increase this year over last was 8 per cent, for a total of 1,545,000 units. To this can be added about 25,000 farm houses and 35,000 public housing units.

CHRISTMAS CONCERTISTS . . . The Teresan Chorus, with Paul Parthus, director at left, is seen here as the College of Saint Teresa musical group appeared in concert

Guest Harpist Spins 'Golden Melodies' Here

By Mrs. Albert H. Miller
Margaret Rupp Cooper, harp specialist of the music clinic at the University of Wisconsin, was guest artist at the Holiday Concert presented by the College of Saint Teresa Sunday afternoon. Like the fairy tale lady who spun thread of pure gold, Miss Cooper with her harp spun golden melodies, at once fragile and tensile.

IN HER program selections, "Prelude in E Flat" by Grandjany, "Variations on a Welsh Theme" by Thomas, and "Romance" by Hoberg, grace, restraint, quality of tone combined to produce a gracious and delicate musical treat, delightful in an age that judges much of its music by quantity of sound. Holding his audience under the spell cast by Miss Cooper's harp, Paul Parthus of the college music department directed the Teresan Chorus in a pastiche by Benjamin Britten. Titled "The Ceremony of the Carols" and explained as a cycle for treble voices and harp, the work is comprised of ten separate selections or carols gleaned from renaissance lyricists. Each part has a medieval quality; the sum of the parts yields the impact of modern composition.

IF THE EAR can feel, and if words used in different areas of criticism may be transposed, Britten's cycle can best be described as a contrast in texture — sound texture. Four Christmas carols by the Teresan Triple Trio, directed by Sister Marie, and accompanied by Nicole Rath, opened the concert. Miss Anne York, student at the College, gave a solo piano performance of Beethoven's "Variations in C Minor."

Holy Name Society Elects New Officers

CALEDONIA, Minn. (Special) — Holy Family Altar Society of St. John the Baptist Church held its annual Christmas party and election of officers in the club room at St. Mary School recently. Officers elected were Mrs. Delmac Cochran, president; Mrs. Robert Collier, vice president; Miss Mary Malay, secretary; Mrs. Genevieve Jahn, treasurer. The Little Flamer Circle was in charge of the lunch and entertainment. Mrs. Jahn asked members to make articles for the cancer home in the cities. The Rev. Thaddeus Derezinski spoke briefly and explained the duties of the women in offices of the society. Mrs. Ray Ryan received the door prize. Following the meeting a Christmas auction was held with Vincent Strub as auctioneer.

Youth Choirs Entertain DAR Members

Wenonah Chapter Daughters of the American Revolution and their guests were entertained Saturday afternoon by an ensemble from the youth choirs of the First Congregational Church in the fellowship room. The Christmas Guest Day is a traditional social meeting for members and friends of the chapter.

The ensemble sang a group of traditional carols under the direction of Mrs. C. Robert Stephenson accompanied by Miss June Sorlien. Special numbers included a vocal solo by Sally Chappell; a Ukrainian carol and an African carol with bongo drum rhythm accompaniment by Nicki Edstrom.

Devotions were prepared by Miss Leslie Gage, chaplain, and read by Miss Mary Vance in the absence of Miss Gage.

The Rev. Harold Rekstad, pastor, read "Let's Keep Christmas," a meditation, by Peter Marshall, former chaplain of the U.S. Senate.

Mrs. A. E. Meinert and Mrs. O. A. Clessler presided at the tea table at which a fruit cake, gift from the School of the Ozarks, was served. The School of the Ozarks is one receiving scholarship aid from the Mabel Marvin Scholarship Fund. A letter from Miss Donna Couch, Bruno, Ark., student at the school, was read by Mrs. Paul E. Pletke, scholarship chairman.

Hostesses for the afternoon were Mmes. Howard Packard, H. S. Dresser, F. W. Sawyer,

Stockton Ladies Aid Conducts Impressive Rites

STOCKTON, Minn. (Special) — The Rev. Clarence R. Witte spoke on "The Advent Wreath" and "The Traditional Christmas Tree" when the Ladies Aid held its Christmas party for members and their families Sunday evening.

Mrs. Leo Gaulke was general chairman and presented a candle-lighting ceremony. She used a centerpiece with two tall candles, surrounded by 20 smaller ones. One tall candle represented Jesus, the light of the world, and the other the Bible.

Each member of the Ladies Aid participated by lighting the smaller candles from the main ones.

Mrs. John Van Winkle read the Bible passages, one for each candle. They represented joy, faith, hope, purity, mercy, forgiveness, miracles, holiness, unselfishness, justification, witnessing, obedience, resisting temptation, grace, lack of envy, labour, gratitude, meekness and love.

Mrs. Arthur Wacholz read "The Christmas Story" and Mrs. J. C. Pfeiffer was the accompanist for the singing of the hymns.

Ralph Benicke won the Santa Claus cake which was made and donated by Mmes. Leo Gaulke and Gene Schumacher.

The Rev. Clarence R. Witte installed the newly elected officers. They are: Mrs. Leonard Burfeind, president; Mrs. Claude Kratz, vice president; Mrs. Gene Schumacher, secretary, and Mrs. Alvin Burfeind, treasurer.

It was announced that the Ladies Aid will meet the second Monday of each month for the coming year, rather than the first Monday.

Cochrane Co-op Makes 817,000 Pounds Butter

COCHRANE, Wis. — A total of 817,000 pounds of butter was produced at the Cochrane Co-operative Creamery, it was revealed here Saturday at the creamery's annual meeting.

About 21 million pounds of milk was brought into the creamery for processing. Of this 3 million pounds was grade A.

Gross sales from the creamery and its feed store totaled more than \$608,000, a little less than last year's total.

Elmer Bade, Alma, was elected president of the board at the board's meeting. Walter Ruben, Cochrane, was elected vice president.

Three new board members were elected. They were Richard Dierauer and Rudy Block, Alma, and Lyle Knospe, Cochrane.

Holdover directors are Altor Suhr and Alvin Bode, Cochrane.

More than 300 attended the noon luncheon at Fetting's Hall.

Water Board Plans Near Hearing Date; Dial Plan Offered

Date of an assessment hearing for water mains in Dublin's Addition, East Bellevue Street, will be set again, the Board of Municipal Works voted Monday.

The hearing had been set for last Thursday. No meeting was held, however, because of lack of a quorum and commissioners held their postponed session Monday. Because hearings are legally required, they voted to re-advertise the matter, naming a new date.

Because a favorable price is available on extension dials, these may now be ordered when new meters are purchased, the board indicated. The extension dial can be mounted on the outside wall of a building, making it unnecessary for the meter reader to enter the premises. The extensions cost \$6.50. Commissioners said the time saved in reduced callbacks at selected locations would repay the cost in a short time.

er rate than before, but every mail delivery brings funds.

Tippit was killed on Nov. 22, allegedly by Lee Harvey Oswald, accused assassin of President Kennedy.

Winona Deaths

Mrs. Frank Ladner
Mrs. Frank B. Ladner, 81, mother of Mrs. Helen Lilla, 1283 W. 2nd St., Winona, died Sunday night at St. John's Hospital, Red Wing.

WEATHER FORECAST . . . Light intermittent snow is forecast tonight for the northern Appalachians westward through the Great Lakes region, parts of the middle Mississippi valley, the central and northern Plains and the northern Plateau. Occasional rain is forecast for the west Gulf Coast region, southern Florida and the Pacific northwest. It will continue cold over most of the nation but a warming trend is indicated for the upper Missouri valley and the central Pacific coastal region. (AP Photofax Map)

JOHNSON

(Continued from Page 1)

miles and it must be taken one step at a time," he said. He was given another standing ovation when he left the chamber.

He asserted: "The greatest of human problems—and the greatest of our common tasks—is to keep the peace and save the future."

"If there is one commitment more than any other that I would leave with you today, it is my unswerving commitment to the keeping and the strengthening of peace."

"The United States wants anity, security, and peace for all, and above all."

"President Kennedy, I am sure, would regard as his best memorial the fact that in his three years as president the world became a little safer and the way ahead a little brighter. To the protection and enlargement of this new hope for peace, I pledge my country and its government."

Johnson lauded the United Nations for successes exceeding failures. Yet he recognized that vast problems remain: conflicts between great powers and between small nations, disagreements over disarmament, persistence of ancient wrongs against human rights, tag-end problems of colonialism.

But nations which created these problems by working apart can solve them by working together, the President said.

He did not emphasize specific areas of conflict and disagreement or suggest any specific solutions.

He did say what the United States wants.

He mentioned an end to the cold war, first of all.

He said his country also wants to prevent the spread of nuclear weapons to nations not now having them, to push on with arms control and reduction, to cooperate with all U.N. members in conquering hunger, disease and ignorance.

Johnson let it be known in polite, subdued language that America doesn't intend to shoulder all the load. He said it favors an international aid program that is international in practice as well as in purpose. He said that "every nation must do its share."

Johnson's tight New York schedule called for a one-hour visit to the U.N., with a brief reception after his address to meet heads of delegations, then a diplomatic luncheon at the Waldorf-Astoria suite of U.S. Ambassador Adlai E. Stevenson.

The presidential party includes Mrs. Johnson and 11 members of Congress, most of them members from both parties of the House Foreign Affairs Committee and the Senate Foreign Relations Committee.

Son of Accident Victim Killed In Iowa Crash

MABEL, Minn. (Special) — A former Mabel man whose father and brother were killed in a car-truck accident near Caledonia three years ago, became the third accident victim in the family Sunday when the car in which he was riding overturned.

Dead is Raymond Christopherson, 34, Decorah, Iowa, native of Highlandville in Winnechick County southeast of Mabel.

Christopherson was with Ronald Christopherson, Audubon, Iowa, when the accident happened 1 1/2 miles north of Coon Rapids, Iowa. The driver was treated for head injuries at Carroll, Iowa, and released.

William Christopherson and son Carmen were victims of a car-truck collision on Highway 44 on the north edge of Caledonia Sept. 23, 1960, when they were en route to La Crosse.

Survivors of Raymond are: His wife, the former Betty Vine of Decorah; two daughters, Cindy Lou, 8, and Bonnie Rae, 6; one son, Dennis, 3; his mother, Mrs. Cora Christopherson, Decorah; four brothers, Jerome, Jessup, Iowa; Ivan, Cedar Rapids, Iowa; Wallace, Burr Oak, Iowa; and Francis, in Montana.

Eight sisters, Mrs. Richard Stevenson and Mrs. Vallie Hansel, Cedar Rapids; Mrs. James Wilson, Atkins, Iowa; Mrs. Marvin Lundquist, Frederic, Wis.; Mrs. Robert Thayer, DuBuque, Iowa; Mrs. Charles Brown, Rockford, Ill.; Mrs. Kenneth Johnson, Tonopah, Nev., and Mrs. Ronald Bavrock, Fairfax, Iowa.

The funeral service will be Wednesday at 2 p.m. at Decorah Lutheran Church, the Rev. Bruno Schlachtenhauser officiating. Burial will be in Decorah Lutheran Cemetery.

Wabasha Plans Yule Activities

WABASHA, Minn. (Special)—The arrival of Santa Claus in Wabasha Saturday afternoon will be just one of the holiday activities in store for young and old this Christmas season.

A Jaycee home lighting contest is being held; a Star of Hope fund is being collected for underprivileged children; St. Felix grade school will present an operetta, "The Magi's Gift," and there will be special church services.

The annual area children's party, sponsored by the Chamber of Commerce Saturday, will feature free movies at the Pem Theatre at 12:30 and 7:30 p.m. Kris Kringle will be guest of honor.

Entries for the annual outdoor home lighting contest must be submitted by Dec. 21, according to Robert Loechler, chairman.

Each time a donation is received another bulb is lighted on the 10-foot Star of Hope on the Foley building at Main and Pembroke streets. Names of contributors are published each week in the Wabasha County Herald.

Under the direction of sister Mary Loretta, "The Magi's Gift," will be presented at St. Felix auditorium Thursday at 8 p.m. Mary Rivers, Joseph Binner, Mary Lindberg, Marilyn Dick, Steven Koenig, Irene Wolfe, Joanne Sulman and Steven Schmidt are in the cast.

The annual winter Christmas concert of the Wabasha and St. Felix high schools was held at the former school Wednesday night.

"...and especially a new gas range!"

Wonder why? Consider what a new gas range offers your wife: A burner with a brain that makes the commonest pot or pan completely automatic. An oven with a mind that brings her completely automated cooking. Bullseye burner control for cookbook perfect results. And on top of this, a new gas range is as pretty as it's practical. Matter of fact, she's thinking of you too, 'cause gas cooking makes for better meals. So this year, be a super Santa — live modern your gift list.

Ed Buck Says—

IT'S JUST AS LATE AS YOU THINK

Even at this late date, it's time to ten-spot that
there are a few of you who haven't quite finished your
Christmas shopping. And we suspect that for most of
the people who fall in this category, some of the small-
est gifts may be posing some of your biggest problems.

Regardless of the magnitude of your shopping prob-
lem, we're sure a visit to our store will resolve it in
short order.

For instance, we can recommend a host of those
little "extras" that do so much to make a Christmas
stocking yield added enjoyment and pleasure.

Perhaps just a few rolls of Kodachrome or Kodachrome
II film will do it. Or a close-up lens attachment. Or a

flash holder, slide viewer, or camera carrying case.
Such items as a slide file, a developing tray, negative
brush, or thermometer are never wasted on the dark-
room devotee or serious amateur photographer.

Maybe your particular shopping problem calls for
just a little more. If that's the case, we'll treat out some
of our many Kodak "Open me first" gift cameras. There's
an exceptionally wide variety in virtually every price
range this year -- and as modern and advanced and good
looking as cameras can be.

We believe we can solve just about any last-minute
gift buying problem. Try us. We don't think you'll be
disappointed. Neither will the recipient of your gift.

Remember: A gift of a camera is never forgotten.

Pepin to Host State Junior Historians

PEPIN, Wis. — The regional convention of the Wisconsin Junior Historical Society will be held at Pepin May 2.

The area covers a third of the state. Several hundred seventh and eighth graders are expected to participate in tours to historical points of interest in the area and view historical displays that will be set up in the school. Items for the display are solicited.

Harold Lundie, superintendent of the high school, is general chairman of the convention and has appointed the following committees: E.C. Newcomb, chairman of historical displays; I. F. Mattson and Clint Coburn, co-chairmen of tours; Herbert Talley, registration; Mrs. Harold Klinger, publicity; Mrs. Clarence Wiskerchen and Mrs. I. F. Mattson, historians; Mrs. Floyd Clafin, first aid stations, and Mrs. Jesse Jahnke, securing welcoming officials.

Pepin Board Names Commission Member

PEPIN, Wis. — The Pepin Village Board has approved the appointment of Glenn Schreuth to the harbor commission for one year. The appointment was made by President Berthel Nelson.

Motions were approved to issue licenses to the Pepin Hotel for holding public dances during the coming year and to Lorraine Knabe for operating a tavern.

The board extended the payment for the first installment of real estate taxes to Feb. 29.

Pine Creek Women Honor Mrs. Mrozek

DODGE, Wis. (Special) — The Christmas party of the Rosary Society of the Sacred Heart parish, Pine Creek, Wednesday evening, doubled as a farewell party for Mrs. Harry Mrozek Jr. She will leave with her children in January to visit her former home at Banbury, England, and later will join her husband Sp. 4 Harry Mrozek Jr., who will be stationed at Stuttgart, Germany, for three years. A lunch was served by Mrs. Mrozek, Wesley Staublin Jr., and Dominic Wozny.

The president, Mrs. Paul Jaszwski, reported that six boxes of clothing were packed for the Thanksgiving clothing drive. The sales of the cookbook published by the society in October, are progressing well. It was reported.

Mrs. George Tuschner won the attendance prize.

2 Under Guard In Minneapolis Police Shooting

MINNEAPOLIS (AP) — Two persons remained in critical condition under police guard at General Hospital today, in the aftermath of Sunday night shootings that cost the life of a Minneapolis policeman.

They are Mrs. Agnes Winje, 49, at whose south Minneapolis apartment the gunfire occurred, and Auburn Hare, 32, alleged to be the gunman.

Killed when he and a partner entered the apartment to check the earlier wounding of Mrs. Winje was Patrolman James E. Hendricks, 45, father of two and a 12-year veteran on the force.

Hare was wounded by Patrolman Chester Langard, who had accompanied Hendricks to the Winje apartment. Police were summoned by neighbors who had heard the shots which wounded the woman.

Police said evidence in the case would go before a Hennepin County Grand Jury meeting Thursday morning.

In a brief statement to police Monday, Hare reportedly said he fired on Mrs. Winje because she was nagging him about having given another woman a ride in his car. Police said the two had been living together.

Hare was being held in technical custody without charge pending possible grand jury action.

Police said they were maintaining the guard over Mrs. Winje so that she could be questioned as soon as her condition warrants.

Stockholders of Chrysler OK 2 for 1 Split

DETROIT (AP) — Stockholders of Chrysler Corp. today overwhelmingly approved a second 2-for-1 stock split by Chrysler within the past year.

More than 16,265,000 shares were recorded in favor of the split with holders of 29,039 shares opposed.

The special stockholders' meeting took less than half an hour. The new split, which follows a similar split last April, will become effective Dec. 20.

Chrysler President Lynn A. Townsend told the stockholders Chrysler sales for the first nine months of this year totaled \$2.2 billion with profits of \$100 million.

"This exceeds our profit margin in any similar period since 1950," Townsend said.

Townsend added that Chrysler car sales for the first 11 months of the calendar year totaled 878,820 or 13.1 per cent of the market. This compared with 621,206 cars or 10 per cent of the market in the same period in 1962. He reported that all Chrysler operations are in the black.

The stock split increases the number of Chrysler common shares from 40 million to 80 million and reduces the par value of a common share from \$12.50 to \$6.25.

Rolvaag Hails Education Bill

ST. PAUL (AP) — Gov. Karl Rolvaag said today the new federal aid to education bill signed by President Johnson is a giant step in helping alleviate the tremendous pressure on education.

Overall college enrollments in Minnesota are up 80 per cent since 1954, he said in a talk for the annual convention of the Minnesota Farmers Union.

He added that state college enrollments have risen 223 per cent since 1954, Junior colleges 238 per cent, private colleges 41 per cent and University of Minnesota 57 per cent.

The governor added that the bill will help young people from rural areas.

"Young people, when they come to the urban areas, need a new set of skills in order to find a satisfying life and gainful employment," he said. "It is clear that expansion in post high school education must come fast, and must come in many fields in addition to the traditional liberal arts."

"The new \$600 million aid bill will help immeasurably in reaching such goals."

Rosemount Man Killed in Crash

ROSEMOUNT, Minn. (AP) — George Baldwin, 57, of rural Rosemount, was killed Monday night when his car went out of control, ran off the road and smashed into a barn.

The accident occurred at the intersection of highways 3 and 49 about five miles north of here. Baldwin was alone in the auto.

The traffic death was Minnesota's 730th of 1963, pushing the toll for the year to 91 more than at this time last year.

Plainview Youth Gets Counsel on Car Theft Count

PLAINVIEW, Minn. (Special) — A 19-year-old Plainview youth was brought before Judge Arnold Hatfield in Wabasha Monday and charged with auto theft.

He is Melvin Schafer, who is alleged to have stolen a car belonging to Ronald Rosenberg, Plainview, in Plainview Oct. 11. He was arrested by Wabasha County Sheriff Ed Lager in Carthage, Ill., last week.

The court appointed Lawrence Lundie, Lake City, to serve as Schafer's counsel. Schafer is being held in Wabasha County Jail in lieu of \$1,000 bond.

Defense Trying To Get Ruby Out for Holiday

DALLAS (AP) — Jack Ruby's lawyers are trying to get the man who killed the accused assassin of President Kennedy out of jail before Christmas. The state insists he should be kept behind bars.

Dist. Judge Joe Brown ordered a Dec. 23 hearing on a defense request Monday for release of Ruby under bond. His trial on a charge of murder is set for Feb. 3 before the same jurist.

During this legal activity at the county courthouse, heavier-than-normal traffic continued outside the building past the point where a hidden rifleman ambushed the President Nov. 22. It was two days later that Ruby shot Lee Harvey Oswald, the accused assassin, in the City Hall basement.

A flag flies at half staff over a grassy parkway beside this spot in the edge of the business district. Fresh flowers appear there daily. Dozens of wreaths hang from a fence erected to support them.

Tom Howard of Dallas, one of the lawyers representing Ruby, applied for a writ of habeas corpus in the move to free the prisoner. The application contends that Ruby, 52, owner of a Dallas strip joint, is entitled to release under bond pending trial.

Howard also said the defense staff, headed by Melvin Belli of Los Angeles and San Francisco, wants Ruby to undergo psychiatric examination and this cannot be done properly in jail.

Constitutional Government Back in Korea

SEOUL, Korea (AP) — Constitutional government returned to South Korea today after two years and seven months of military rule, but the soldiers still had control.

Chung Hee Park, who led the May 1961 coup and has headed the military junta since then, was inaugurated president. He told a shivering, rain-soaked audience he would not permit dictatorship or "the reappearance of incompetence and corruption masquerading under the name of democracy."

A few hours before the inauguration, the new National Assembly convened, bringing into force the constitution written by the military rulers last year. It gives overwhelming power to the president, and Park's hand is strengthened even more because the military's Democratic-Republican party won 110 of the 175 Assembly seats in elections Nov. 26.

Santa Raises Too Much Dust

NEW YORK (AP) — Santa Claus was cited for raising too much dust in Times Square Monday.

Clarence (Slim) Williamson, 36, a laborer helping rebuild the Times Tower, was dressed in a Santa suit and heard of the suggestion of his employer, the Wrecking Corp. of America.

He got a ticket from Patrolman Edward Kocienda for "loading building debris from a chute onto a truck without wetting the debris." A company spokesman said the water pipes were frozen.

St. Charles Masons To Hold Their 100th Installation Thursday

ST. CHARLES, Minn. — The 100th installation of officers of Rising Sun Lodge No. 49, AF&AM, St. Charles, will be held at the Masonic temple Thursday at 8 p.m. This will be an open meeting. An oyster stew will follow the program.

HOUSING LOAN

WASHINGTON (AP) — A \$20,000 loan to Marshfield, Wis., to finance the planning of 100 low-rent homes was announced Monday by the Public Housing Administration.

Johnson to Make 'State of Union' Talk in Person

WASHINGTON (AP) — President Johnson will deliver his State of the Union message to Congress in person Jan. 8, Democratic leaders from the Capitol reported today.

Talking with newsmen after their regular weekly breakfast session at the White House, the party chiefs said the present session of Congress will end Friday or Saturday of this week and the legislators will come back Jan. 7.

They said they still have to talk with the Republican leadership to determine the exact date of adjournment.

Speaker John W. McCormack of Massachusetts said the Democratic leadership still is hopeful and confident that a satisfactory foreign aid appropriation bill ultimately will be approved.

Sen. Mike Mansfield of Montana, Senate Democratic leader, said he reported to Johnson that the Senate Finance Committee is making good progress on the tax reduction bill.

The bill is expected to come up for action early in the next session.

Monkey Lives In Space Capsule Measure Signed

SUNNYVALE, Calif. (AP) — Eight days under simulated space conditions had only one noticeable effect on a chimpanzee named Duane—he lost less than one of his 37 pounds.

Officials at the Lockheed Missiles and Space Co. plant said Monday that Duane's heart rate, respiration and temperature were remarkably stable throughout the test.

The chimp endured the experiment inside an instrumented air-tight capsule installed in a vacuum chamber.

Originally scheduled for just five days, the test was continued for eight days and eight hours when it became apparent the animal was capable of continuing.

Chamber Acts on State College Board Residency

The Winona Chamber of Commerce has urged joint action by cities with Minnesota state colleges to prevent possible elimination of the residency requirement for state college directors.

The suggestion came in a letter sent to chambers in other state communities in which state colleges are situated, according to Mrs. Lucille Lackore, chairman of the chamber's education committee.

An amendment to the State College Act, passed by the 1963 Legislature, makes it possible for any resident of Minnesota to represent any of the state colleges. In the past, the law required that the directors be selected from the counties in which the colleges they would represent were situated.

The chamber's letter contended that under the new law the colleges would lose the services of men directly interested in providing state college facilities for their particular sections of the state.

Mrs. Lackore said that the Winona chamber manager, Donald Stone, would discuss the problem with other chamber managers at a February meeting in Minneapolis.

Air Pollution Measure Signed

WASHINGTON (AP) — President Johnson signed today a bill providing \$95 million over the next three years to help states and local agencies combat air pollution, including that from automotive exhausts and industries.

The ceremony in the White House Cabinet Room was attended by a large delegation from Congress and government officials.

Johnson said the bill will make possible a national attack on air pollution, which he called a growing threat to national health and safety.

The annual payroll of the dairy industry in the United States is \$1.3 billion.

Appleton Is AP's Greatest 1963 Lineman

AUSTIN, Tex. (AP) — A coach's decision and a teammate, says All-American Scott Appleton, are responsible for his being named Monday in an Associated Press poll as the outstanding college football lineman of 1963.

Gordon Roberts is the teammate, and like Appleton, is a senior tackle for Texas, the nation's top-ranked team. The decision Appleton referred to was made in mid-season and it placed the rugged 239-pound Appleton at middle guard as primarily a defensive specialist.

"It's on defense that a lineman gets publicity and wins honors," said Appleton. "I also feel that I help the team more on defense."

"I never was real outstanding on offense." His replacement at offensive tackle is Roberts, called "Yankee" by his teammates because he played high school football at West Lafayette, Ind.

"Gordon's a real line blocker—better than I am—and his play helped me to concentrate primarily on defense," Appleton said.

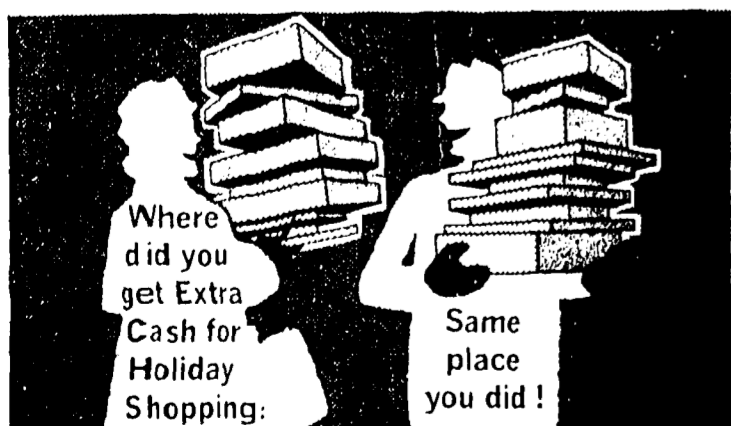

"I'm thrilled and very proud to win this honor," he added when told of his selection by eight votes over Illinois center Dick Butkus, Nebraska guard Bob Brown was third.

LET'S TALK SPORTS

IT TOOK SOME ODDITIES, but the Daily News 300 Club has four new members this week and one repeater.

Evidently Ed Zak liked his little black patch so well he wanted one for the other shoulder. Ed, who also qualified for membership earlier this year, nicked a 398 to go with a 161 average. He was rolling in the Bay State Men's circuit at Westgate.

Then there was Gary Ruppert who qualified the hard way in the Community League at Westgate. Gary turned in a 130 triplicate for a 390. That with a 166 average was all he needed for the dubious award. Albie Blumentritt also got one for his 389 and 164 average.

Over at Hal-Rod, they were inducting two new wearers of the black patch. Bruce Morcomb hit a 382 to go with a 165 average and Don Cierzan tripped 398 to go with a 164 average. Bruce bowls in the Legion League and Don in the Eagles loop.

FRIDAY COULD HAVE been a worse night for the O' Swami. We picked Trempealeau's upset at Mindoro, but overlooked a few others. We now have hit 118 of 183 for a .645 percentage. That drops to .546 on 103 with handicaps.

What will it be for this week? Let's see: Houston over Mabel by 6, Bangor over Mindoro by 5, Gale-Ettrick over Melrose by 15, Trempealeau over Holmen by 1, West Salem over Onalaska by 3, Wabasha St. Felix over Lima Sacred Heart by 4, Rollingstone Holy Trinity over Hokah St. Peter by 5, Wabasha over Gilmanton by 2, Goodhue over Cannon Falls by 8, Randolph over Burnsville by 2, Blooming Prairie over Owatonna by 4, Fairchild over Granton by 3, Taylor over Onalaska Luther by 5, Independence over Arcadia by 6, Mondovi over Menomonie by 4, Cadott over Augusta by 1, Chatfield over Preston by 2 and Spring Valley over Lanesboro by 3.

STRANGEST COACHING EPISODE

Is Door Still Open for Parseghian?

SOUTH BEND, Ind. (AP) — The door may remain open at Notre Dame for Ara Parseghian to enter as head football coach. But if it is closed, who did it — Notre Dame or Parseghian? The strangest episode in coaching has taken place.

The Rev. Edmund P. Joyce, Notre Dame executive vice president, announced Saturday that Northwestern's Parseghian has become the new coach of the Fighting Irish, succeeding Hugh Devore, who was elevated to assistant athletic director.

A news conference Monday for official signings of a four-year contract never materialized. After a delay of more than two hours, Parseghian appeared from a meeting with Father Joyce. The usual voluble, dynamic 40-year-old coach appeared distraught and shaken.

In a written statement, he said that a story Saturday in the South Bend Tribune naming him as the new Notre Dame coach touched off his decision to agree to the job.

But, he said, the story was premature and came when details of the contract were not fully worked out. Therefore, he wanted a few more days to have it resolved.

With that, and no more elaboration, he left by car for his home near Northwestern University, where he has served as coach for eight years.

All this amounted to a walk-out on final negotiations with Father Joyce, who remained firmly noncommittal on their meeting.

Parseghian returned home, went to his bedroom and refused to be disturbed.

With neither side clarifying the matter, speculation was rife. Father Joyce had a brisk "no comment" when asked if Parseghian had:

1. Wanted assurance eventually of becoming athletic director.

2. Wanted complete freedom to name his assistants and their salaries, including a hefty pay check for his No. 1 lieutenant, Alex Agase, if Agase were not chosen as his successor at Northwestern.

3. Wanted an unhampered hand in recruiting with the aid of more than the 30 to 35 athletic scholarships Notre Dame now has available.

Father Joyce, asked point-blank if Parseghian would be the next Notre Dame coach, said "At this time I really can't say."

Meanwhile, Northwestern's athletic director, Stu Holcomb, said that Parseghian never had resigned officially and still had one more year to go on a five year contract.

Rookey Hits 37; Kelly's Shot Wins

By GARY EVANS
Daily News Sports Editor

When is rookie not a rookie? The answer to the riddle is easy: When his name is spelled Rookey and he is a 6-0 sophomore who specializes in making taller opponents look bad.

Rookey Monday night, using a combination of under-the-boards tactics, scored 37 points for Superior and nearly kept Winona State from notching victory No. 3 against four losses.

Thanks to some individual heroics on the part of reserve Jack Kelly with 14 seconds remaining in the game, the Warriors took a 94-92 victory in a rough and tumble contest at Memorial Hall.

WITH THE score tied 92-92 and 20 seconds remaining in the game, Winona State gained possession of the ball following a field goal by Jeff Youngquist of Superior that tied the game.

The Warriors moved down the floor and fed to Kelly stationed near the free throw line. After looking for someone to pass to, Kelly leaped into the air and fired a line drive that went through for the winning basket.

Superior had another try for the equalizer, but a jumper by Marv Ross bounded off the rim and skittered off guard Jim Seval's hands to give the Statesmen possession with one second remaining.

Dr. Bob Campbell, Winona State cage coach, appeared displeased after the victory.

When told that Rookey had totaled 37 points, he said, "We certainly didn't do a job on him. He got position on us all night."

THE WORDS the coach spoke were true as the pudgy 6-0 guard was content to sit under the boards and put the shots up. He consistently beat the Warrior pivotmen although giving away as much as six inches in the height department. To stop him, they had to foul him. And when they did, he was deadly from the charity line, hitting 15 of 18 attempts.

"We nearly threw it away," said Campbell. "We played a pretty fair first half, and then we started to forget about what we were trying to do and they closed it up."

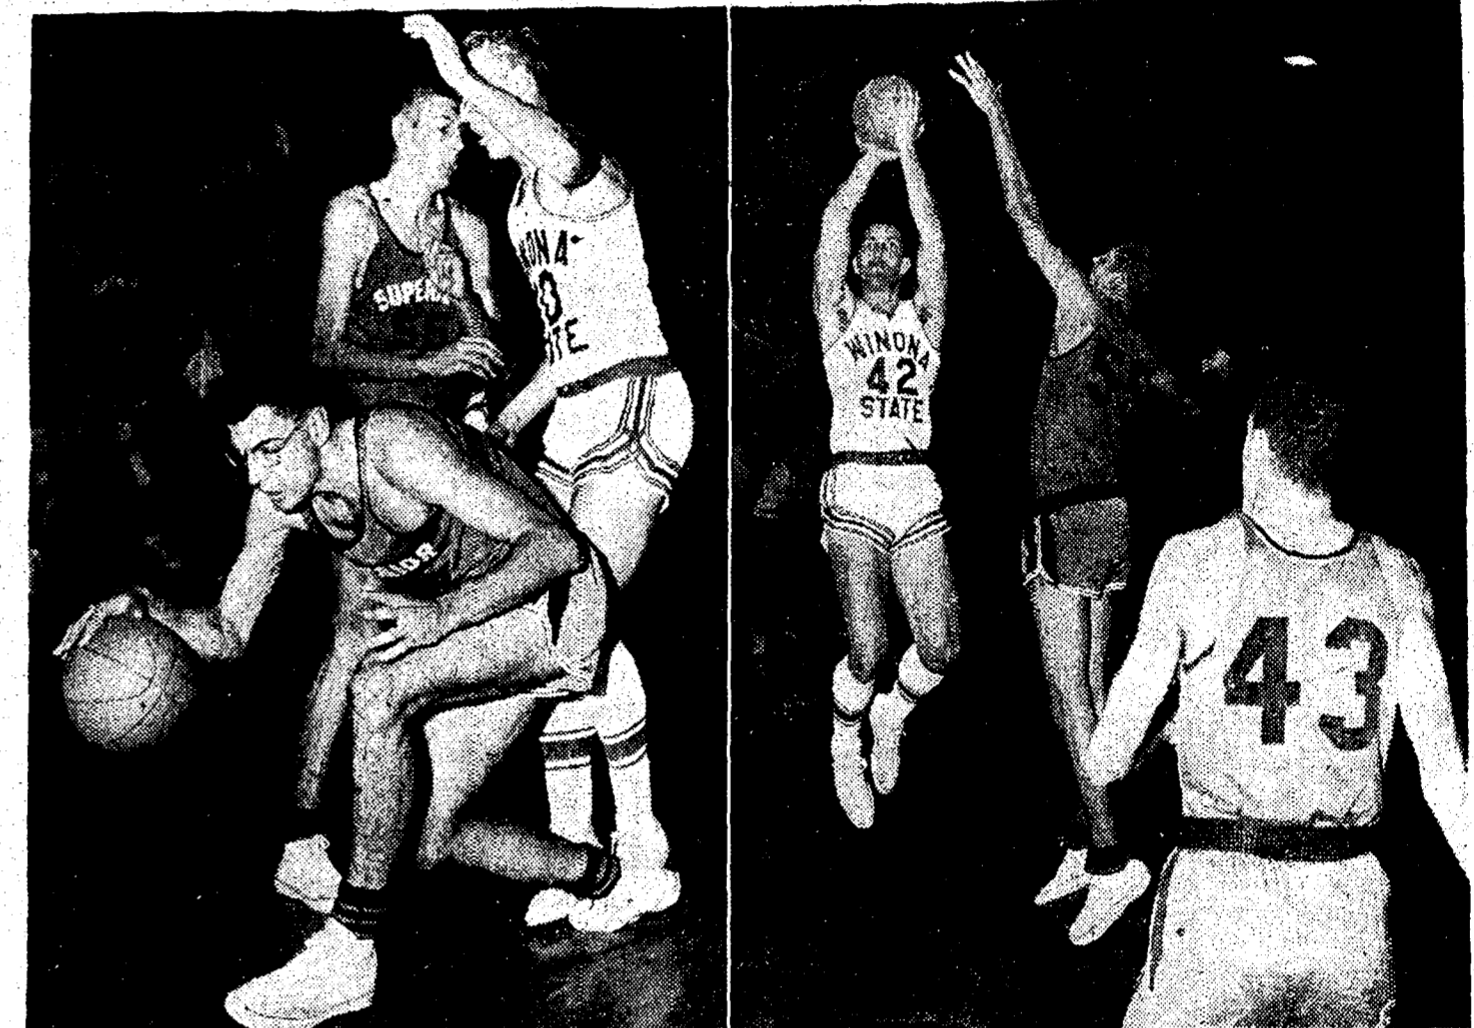

Using a torrid shooting attack that featured the Jumpers and driving shots of Gary Petersen, who finished with 25 points to pace six men in double figures, and the hook shots of Lyle Papenuss, who had 12, the Warriors drove to a 49-40 halftime lead.

A balanced scoring attack kept the margin at 10 points until five minutes remained in the game.

WITH THE score 84-74, the

HONORS STILL ROLLING IN

Staubach Top Collegiate Back

NEW YORK (AP) — Honors continue to pile up for Roger Staubach.

Navy's All-America quarterback and Heisman Award winner who attained nationwide respect for individual prominence in gridiron skills, in character and dramatic appeal, was voted the outstanding college backfield performer of 1963 in a poll conducted by The Associated Press.

The slender, handsome quiet-spoken field general from Cincinnati was an overwhelming choice, receiving 57 of the 107 votes cast by a panel of sports writers and broadcasters from every section of the country.

Nineteen other backfield stars attracted attention with Billy Lottbridge, Georgia Tech's "Mr. Everything," topping the also-rans with 11 votes. Baylor quarterback Don Trull, the nation's leader in passing, was third with eight votes.

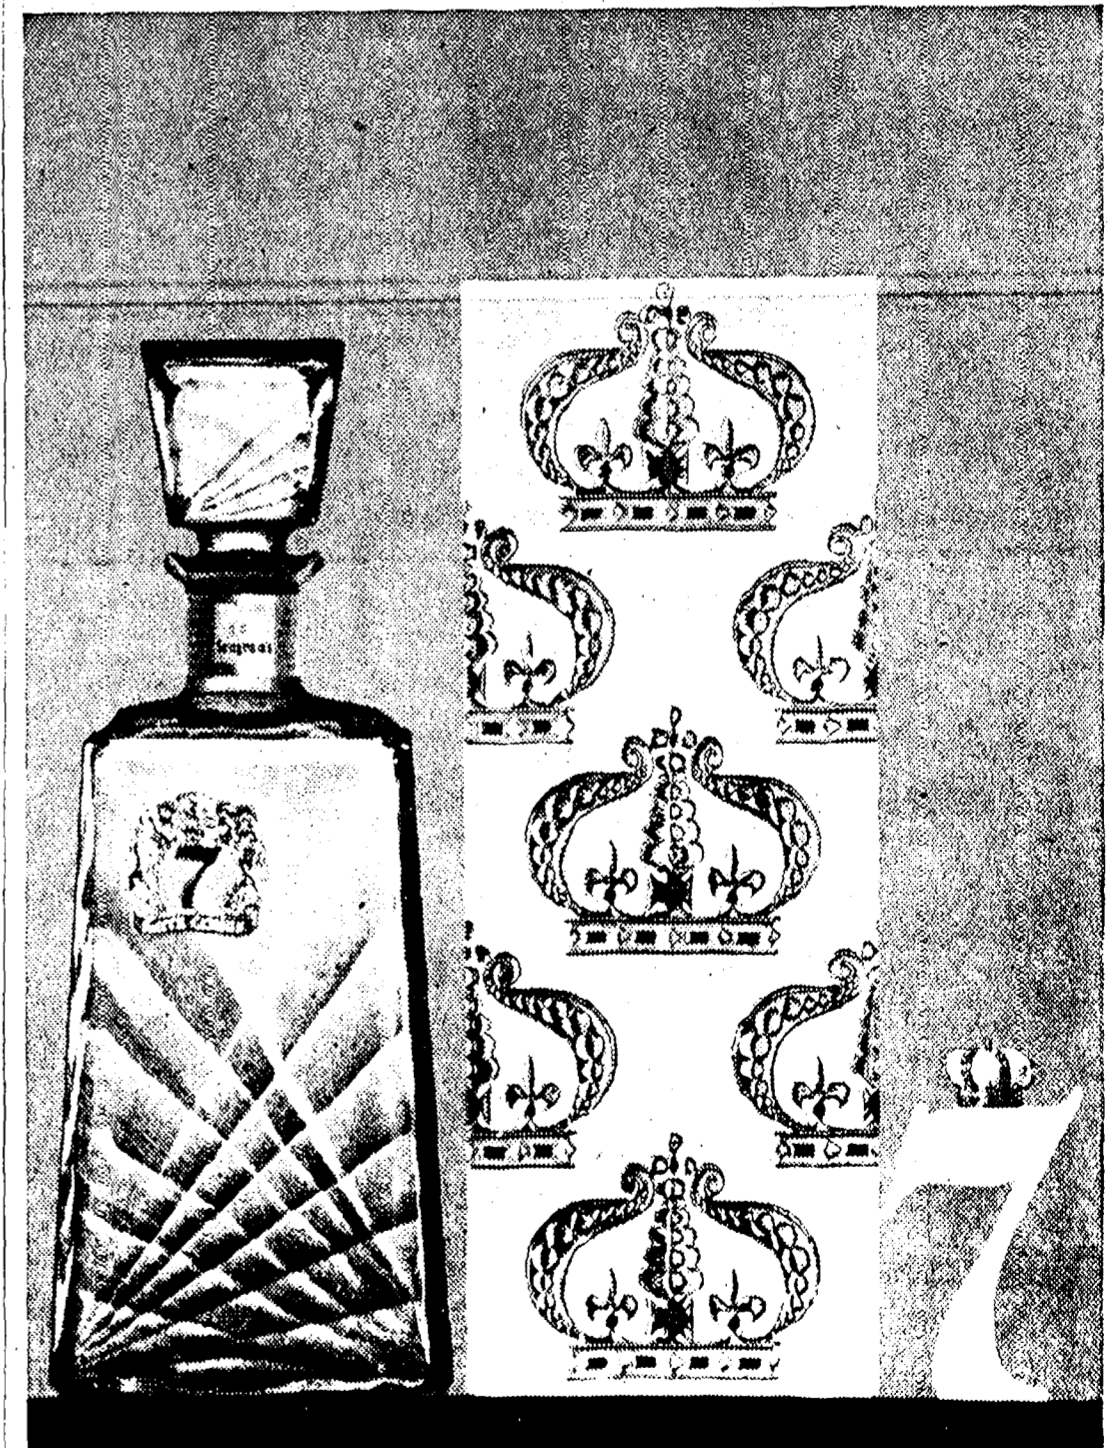

Sherran Lewis, the pint-sized Michigan State halfback who had five runs of 80 or more yards this past season, was next with six votes. Jimmy Sidle, Auburn's great runner and the nation's second leading rusher, had four votes. He was followed by Mel Renfro, Oregon's triple threat, and Terry Isaacson, the star quarterback of the Air Force Academy. Each had three votes.

Two votes each went to Gayle Sayers of Kansas, the nation's third leading rusher, and George

Bork of Northern Illinois State, the top college passer, big and little. Bork had a fantastic record that included 244 completions in 374 attempts.

Staubach, in his junior year, smashed all Navy passing and scoring records. He piled up 1,890 yards in total offense while piloting the second ranked Mid-

dies to a 9-1 record and an invitation to a Cotton Bowl clash with unbeaten and top-ranked Texas. Jolly Roger's 67.3 passing percentage topped the nation.

Ford, Peters Share Pitching Honors in AL

BOSTON (AP) — Rookie Gary Peters of the Chicago White Sox and veteran Whitey Ford of the New York Yankees, both left-handers, shared American League pitching honors in 1963, the final official averages showed today.

Peters captured the earned run title with a 2.33 average, edging teammate Juan Pizarro, another southpaw, who finished with 2.39. Peters, who had a 19-8 record, is the first rookie to win an AL ERA championship since Gene Bearden of Cleveland in 1948.

Camilo Pascual of Minnesota was third last season with 2.47. He was followed by two young Yankee pitchers, Jim Bouton, 2.53, and Al Downing, 2.56. Then came Lee Stange, Minnesota, 2.62, and Ford with 2.74.

Ford won the most games, 24, and had the highest won-lost percentage, .774. The Yankees' ace lost only seven times. He also was the league's workhorse, pitching 269 innings.

Pascual struck out the most batters for the third straight season, 202, and shared with New York's Ralph Terry the lead in complete games, each with 18.

Thode, Marr Win Mixed Doubles

Elaine Thode and Pete Marr far outdistanced 48 competitors Saturday and Sunday to win the Westgate Mixed Doubles bowling tournament with a score of 1,230.

The second place finishers, Elsie and Frank Dorsch, were 99 pins back with 1,131, but only 10 pins separated them and the seventh place team.

Jan Wiczorek had the high single with 230 and continued on for a 549 series. Esther Pozanc socked 569, while Alice Weaver hit 525. On the men's side Orval Hilke hit 221, and John Sherman waxed 584.

Other top finishers were: Jan Wiczorek and Bob Stackowitz 1,130; Evelyn and Pete Wolf, 1,129; Beverly and Quentin Schmitz 1,124; Shirley Gehlhaart and Gene Sobek 1,123; and Jane and John Sherman 1,121.

McPeak Gets Full Power

WASHINGTON (AP) — Bill McPeak moved ahead with plans for 1964 today with a vote of confidence from his bosses and more authority than any Washington Redskins coach in history.

McPeak was rehired Monday as coach and general manager of the National Football League team with authority to spend any amount he thinks necessary for player talent and to make any changes he sees fit to build a winner.

MINNESOTA IN FIRST LOSS

WASHINGTON (AP) — The Minnesota Vikings have put the lid on their most successful season in three years of battling the established clubs in the National Football League, and the improvement of 1963 is reflected in the final club statistics.

Most notable accomplishments probably, were the facts that:

The Vikings outrushed their opponents 1,852 yards to 1,733, and

The Minnesotans held their opponents under 400 points for the first time. Viking foes scored 390 points, an average of 27.1 a game after yielding around 30 points a game their first two seasons. The Vikings scored 309 for an average of 22.1 a game.

It was these small, but vital improvements which contributed more than anything to the fact the Vikings won as many games (5) as they did in the 1961 and 1962 seasons together.

The opponents had a 258.223 edge in first downs and led 2,998 yards to 2,169 in passing.

Over-all, the 14 opponents had a 4.731 to 4.021 edge in yards, but it was the first time the Vikings had passed the 4,000-yard mark.

Tommy Mason didn't even play in the final Sunday at Philadelphia, but still set a club rushing record. He gained 763 yards in 166 carries for a 4.6 average. Bill Brown wound up with 455 yards in 128 tries for a 3.5 mark, while Tommy Wilson had 282 for 73 carries and a 3.9 average.

Fran Tarkenton, who also sat out the finale as rookie Ron VanderKelen got his chance, finished with 170 completions in 297 pass attempts — a 57.2 percent completion mark. Tarkenton passed for 2,311 yards and 15 touchdowns. VanderKelen hit 27 of 58 aeriels for 376 yards, and a 46.6 completion percentage. He hurled one scoring pass.

Rookie Paul Flatley set a club record for pass receiving, snaring 51 aeriels for 887 yards and four touchdowns. Mason was next with 40 catches for 353 yards, while Jerry Reichow caught 35 for 479 yards.

Fran Tarkenton, who also sat out the finale as rookie Ron VanderKelen got his chance, finished with 170 completions in 297 pass attempts — a 57.2 percent completion mark. Tarkenton passed for 2,311 yards and 15 touchdowns. VanderKelen hit 27 of 58 aeriels for 376 yards, and a 46.6 completion percentage. He hurled one scoring pass.

Rookie Paul Flatley set a club record for pass receiving, snaring 51 aeriels for 887 yards and four touchdowns. Mason was next with 40 catches for 353 yards, while Jerry Reichow caught 35 for 479 yards.

Day Winds Up With 6 Fouls; New Record?

By THE ASSOCIATED PRESS

The collegians are sinking baskets so quickly, the official scorers are having trouble keeping count.

Now along comes Lou Day, and presents still another problem.

Day, who plays for Lafayette, has quick hands. They only scored two points in a 75-68 loss to Columbia Monday night, but they set some sort of record for fouls. Before the official scorers caught up with Day he had six personal fouls—more than the limit.

Day got the extra foul—and was charged with it—before the official scorers could signal Day's disqualification for his fifth foul. They're still checking the record books on that one.

The record books, meanwhile, are doing a slide-rule business in the scoring department with top-ranked Loyola of Chicago leading an assault in which major college teams are scoring over 100 points with startling rapidity. Seven went over Monday night.

Loyola brought its record to 5-0—they've hit 100 points or more four times—with a 112-68 walloping of South Dakota. Four starters accounted for 99 points. Ron Miller hitting for 31, Les Hunter 27, Vic Rouse 21 and John Egan 20.

In other 100-pointers, Memphis State's Bob Neumann scored 33 points in a 108-75 trouncing of Alabama. Charlie Shaffer scored 32 as North Carolina overcame a 109-81, Dick VanArsdale collected 28 in Indiana's 110-92 triumph over Detroit. Willie Somerset hit for 33 in Duquesne's 101-81 victory over Baldwin-Wallace. St. Louis crushed Lamar Tech 113-63 and George Washington whipped The Citadel 102-81.

Ramsey Fouls Out Twice

NEW YORK (AP)—Frank Ramsey, proud co-captain of the world champion Boston Celtics, heard a football player praised for committing a "strategy foul." The Ramsey reaction: "Why is there a different standard for basketball?"

Known for years as the off-the-bench firebrand of the five-time National Basketball Association kings, Ramsey is fuming over the censure he has received from Walter Kennedy, President of the league.

The public wrist slap followed a story in a national magazine under Ramsey's name describing the art of drawing fouls.

When first baited on the subject Ramsey whipped it back like a hot pass on a fast break: "No comment. Definitely no comment."

The question seemed logical enough. Since the story broke and the censure followed, Ramsey fouled out of a game for only the second time in the season at Philadelphia Friday night. Then he was charged with five fouls playing Cincinnati in Boston Saturday night.

The Celtics have been idle since then awaiting Tuesday night's doubleheader opener against Baltimore at Madison Square Garden.

After more questions, Ramsey volunteered: "All my fouls, all that stuff in the article is strategy."

An ancient basketball technique is to foul and take a chance on giving up a point in order to get the ball and a chance to score two.

Mira Captures Total Offense Mark for 1963

NEW YORK (AP)—Miami's George Mira put on a spectacular second half show against Alabama Saturday but his last-ditch rally fell just short in his attempt to overtake Baylor's Don Trull as the nation's passing leader.

The final major college statistics released today by the National Collegiate Athletic Bureau showed Mira just two completions and two air yards short of Trull.

The Miami flash's 172 completions were more than any other college passer had ever achieved before this season and he was beaten to the record by Trull who completed 174. The Baylor star ran up 2,157 yards, also two better than Mira's 2,155.

But Mira, who signed with the San Francisco 49ers of the National Football League following Saturday's game, did manage to capture the total offense mark. His 324 yards gained against Alabama gave him 2,310 for the year, 42 better than Trull's 2,276.

Taylor After 4th Straight Catching Title

NEW YORK (AP)—Denver Bronco end Lionel Taylor, the American Football League's three-time pass-catching champion, appears to have a fourth straight title at his talented fingertips.

Taylor, who set a league reception record of 100 in 1961, caught 10 passes in last Sunday's Broncos-Oakland Raiders aerial circus to overhaul Buffalo's Bill Miller.

The only chance Miller, who completed his regular season schedule last Saturday, has of overtaking Taylor is the remote possibility that the AFL will count figures compiled in the Buffalo-Boston playoff for the league's Eastern championship.

Vandals Try For Dark Yule At Plainview

PLAINVIEW, Minn. (Special)—Christmas bulbs have been disappearing from home decorations in Plainview. So far, they have been taken Friday nights.

Their theft, apparently for no reason than the fun of taking them and then probably smashing them, may mean that some homeowners will not receive a home decorating prize this year.

MR. AND MRS. Vernon Zaring have suffered the greatest loss. It occurred between 10:30 and 11:30 p.m. Friday. Fifty bulbs were taken from a tree near their house.

"There are four bulbs left; whoever took the others can have them too," Mrs. Zaring said.

Also taken were the reflectors on the bulbs; the bulb on top of one of the candles outside the door, which had been smashed on the doorstep, and a box of wiring and outlets in the garage. They were missing when workmen from the Bartz Electric Shop arrived Saturday morning to do some wiring in the house.

At none of the places was the cord holding the bulbs missing, probably because they were too securely strung on the trees, victims of the thefts said.

SEVERAL BULBS were missing from decorations at the home of Mrs. Neil Lance, a widow. Her son, Kenneth, 13, won first prize in the contest last year. Kenny, disgusted with the loss, decided to leave a string of lights at the top of the tree only, but even there the bulbs were missing. There were indications an effort had been made to take the cord. He found tracks leading from the street to the tree, indicating to police that probably all the bulb snatching had been done by young people having use of the family car on Friday night.

Robert Johnson also has reported bulbs missing. Police are investigating.

Khrushchev May Be Having Budget Trouble

By WILLIAM L. RYAN
AP Special Correspondent

Premier Khrushchev appears to have won only a partial victory with the new Soviet budget, possibly through compromise after a clash in the Kremlin hierarchy.

The battle may not be over. Some oddities about the Soviet budget session suggest that Khrushchev is encountering opposition.

The big argument seems to revolve about defense spending. The Supreme Soviet—a rubber-stamp parliament—was told Monday that the defense budget is being cut next year by the equivalent of \$666 million. Actually, that is not much of a cut. And in the Soviet budget it is impossible to determine what money appropriated under other titles goes toward defense.

When relations between the United States and the Soviet Union are bad, the Soviet military budget can be expected to go up. The Soviet people know that deep international crises mean little hope for abundant consumer goods. Therefore, reductions of defense are popular.

Khrushchev made points with the Soviet public this year by reaching agreement with the United States and Britain on a limited ban on nuclear tests. If he then attempted to head toward other agreements, he seemed to run into some stony opposition.

A curious tug-and-pull in Soviet foreign policy this year was reflected by shifts in emphasis. Sometimes the stress was on agreements, reduction of military budgets and disarmament. At other times these purported aims were pushed into the background in favor of aggressive talk about the Berlin-German questions and the tensions in the Far East.

Aldermen to Study Housing Ordinance

City Council members decided Monday night to do some homework before tackling a discussion of a proposed housing ordinance.

Aldermen will meet 45 minutes early Jan. 6, their next regular meeting date, to begin consideration of the bulky, 11-page code.

The move to lay the matter over was made after Ald. James Stoltman, acting council president, and Ald. Steve Morgan said they doubted the wisdom of hurried action. Copies were given to aldermen

City Council

for study in advance of the January meeting.

Other council business: Received without dissent were assessments for curb and gutter installations totaling \$9,263.46. Benefited properties would be assessed at the rate of \$2.60 per frontage foot. Public hearings on the assessments will be held Jan. 6.

Installation of a 10,000-gallon gasoline tank underground at the West End Texaco Station, Gilmore Avenue and Villa Street, was approved, subject to the passage of an ordinance. The applicant was Robert W. Stein.

In his annual report to the

council, Harbormaster Arthur L. Brown said five barges were loaded and four unloaded at the commercial harbor in 1963. A total of 8,595 tons was handled. Receipts for the season were \$859.50.

Aldermen decided not to order installation of traffic signals at the intersection of Sarnia and Huff streets. Engineer James Baird said traffic density at the junction does not approach the minimums used by the Minnesota Highway Department to determine signal needs. These minimums are: 500 vehicles per hour on major street approaches and 150 vehicles per hour on the minor street approaches.

The second and final contractor's estimate of \$37.10 for the city parking lot addition, at 2nd and Center streets, was paid to Ralph Scharrer. Total price was \$17,269.95.

The sixth and final estimate for Broadway widening, from Sioux to Villa streets, was voted paid by aldermen. Amount of the full contract was \$93,823.80. Paid to Ralph Scharrer, general contractor, was a final installment of \$18,173.15.

The second and final estimate on 1963 curb and gutter work, submitted by Ralph Scharrer, contractor, was approved. The estimate was \$5,162.21. Total contracted amount was \$9,263.46.

Ald. Steve Morgan said downtown businessmen are "delighted" with the expanded municipal parking lot at 2nd and Center streets. It has been extensively used in recent weeks, he said. Ald. James Stoltman predicted the city will have to build a parking ramp there in less than five years.

Traffic and pedestrian safety programs, if undertaken, should be organized after the holidays, Stoltman said. He reported on conferences with Police Chief George Savord relative to instituting educational campaigns for better law observance. Ald. Morgan suggested regulating vehicles instead of pedestrians. Control of automobiles is easier than controlling foot traffic, he said, so drivers should concede right of way to pedestrians.

Saturday traffic counts made by police show as many as 400 cars headed for the sanitary landfill disposal area between 10 a.m. and 4 p.m., Stoltman said. Most loads are suitably covered, he said, but littering still is a problem on the old Highway 61 route east of the city. Some arrests have been made, Stoltman said, and conditions have improved somewhat since.

A long standing claim against the city for sewage backup damages moved a little closer to settlement Monday night at the City Council meeting.

Appearing was John Gierok, 1069 E. Broadway, who blames allegedly faulty city sewer main grades for preventing his sewage drain from operating properly. Although the claim has been turned over to the city attorney and insurance company for examination, the insurance company may not be liable since the damage was not caused by an accident, Ald. James Stoltman said.

Stoltman, who brought the matter up several months ago, says the city should reimburse Gierok \$696.95 for costs of digging up and relaying his sanitary sewer lead.

According to the city engineer's records, the trunk main serving the area has only a slight gradient. This was disrupted in 1962 when the main was broken in connection with installation of gas mains, the engineer said. Furthermore, the sewer, originally built in the 1930s, was laid badly in the first place, Baird said.

Gierok asked the council to approve his claim because he was being pressured by contractors who fixed his drain last summer.

City Attorney George Robertson Jr. said the city should get a statement from its insurance company, affirming or denying liability, then the council should decide what action to take.

Thomas Gerber, son of Mr. and Mrs. Fred Gerber, was being examined this morning for a bruised head and chest injuries. X-rays were taken. Stitches were taken in cuts on his face.

Tom was riding with Bill Johnson, whose car apparently was hit by Jerome Daley, Johnson, who drives a small model car, was en route to the Gerber home to get his wife, who had attended a Travelers Club meeting there.

Gerber and Johnson were taken by ambulance to St. Elizabeth's Hospital, Wabasha. Johnson was dismissed after examination. Daley also was apparently unhurt.

Edward Neilson, Plainview policeman, is investigating and expects to bring Daley before the justice of the peace at 8 p.m. today.

Commission Asks FBI For Evidence

WASHINGTON (AP)—After preliminary study of the FBI's report on the assassination of President John F. Kennedy, the Presidential Investigating Commission is calling for the evidence on which the report was based.

Chief Justice Earl Warren, heading the high-level board of inquiry, announced its decision Monday night and disclosed that the commission is building a legal staff to help it scan the evidence.

Warren told newsmen the move was "a perfectly normal thing." But it was clear that the commission intends to scrutinize and evaluate the FBI's work on the case instead of taking the FBI findings at face value.

The still-secret FBI report is understood to indicate that Lee Harvey Oswald, 24, was the hidden rifleman who killed Kennedy on Nov. 22 in Dallas and to dismiss, by omission, the theory that Oswald had help or accomplices.

The Warren commission, it appears, wants to sift every scrap of evidence available which might resolve, one way or the other, any suspicion of collusion or conspiracy. Such talk gained circulation after the captured Oswald was shot dead in a Dallas police garage by nightclub owner Jack Ruby, 52.

After a 2½-hour meeting of the seven-man commission and its general counsel, J. Lee Rankin, Warren told reporters he felt that "no statement of any kind should be forthcoming at this moment."

Burglars Get Cash, Popcorn

ONTARIO, Calif. (AP)—A drive-in theater is short two essential items today—cash and popcorn.

Detectives said burglars covered floors and concrete walks with popcorn kernels to make things easier when they wheeled out a 350-pound safe containing \$6,000 from the theater office.

The kernels acted like ball bearings.

Stock Splits Factor in Market Rally

NEW YORK (AP)—The stock market rallied with Chrysler and Xerox leading the way early this afternoon.

Trading became heavy after an uncertain start.

With stockholders having approved a 2-for-1 stock split, Chrysler advanced 2 points.

General Motors made a gain of almost 4 points. Trading was halted for a while in Xerox—when issued—which was much in demand in the wake of stockholder approval of a 5-for-1 stock split. Xerox regular soared 21 points to a new high and then fell back about 5 points.

Tobacco, which gathered strength Monday on the likelihood that the government will not press for punitive measures after a U.S. Public Health report on smoking, continued to advance. Philip Morris gained 2 1/2 and Liggett & Myers, American Tobacco and Lorillard were ahead by sizable fractions.

The Associated Press 60-stock average at noon had advanced .8 to 286.0 with industrials up 1.5, rails up .7 and utilities down .3.

The Dow Jones average of 30 industrials at noon was up 2.78 at 794.42.

Steels failed to join the rally. U.S. Steel and Republic were ahead by minor fractions while Jones & Laughlin was off slightly.

AT&T and Du Pont showed losses of minor fractions. IBM advanced 5 points.

Up about a point were International Nickel, Eastman Kodak, Union Carbide, Control Data and Illinois Central.

Drugs were mixed with Merck losing a point and Pfizer gaining a fraction.

Jersey Standard inched ahead to a high for the year.

United Aircraft, Boeing and Douglas were off slightly.

Texasco, Royal Dutch and Standard Oil (Indiana) posted small gains.

Prices on the American Stock Exchange were mixed.

Government bonds declined and corporates were mixed.

Earnings Up, Swift's Sales At New High

CHICAGO—Swift & Company's operations in 1963 produced an increase in earnings and an all-time high in sales tonnage, President Porter Jarvis disclosed today in his annual report to shareholders.

Net earnings, for the fiscal year which ended Oct. 26, totaled \$17,111,430, compared with the 1962 net of \$16,313,927—an increase of \$797,503. Per share earnings were \$2.85 compared with \$2.72 in 1962. The 1963 net average 7/10ths of a cent for each Swift sales dollar.

MORE SWIFT products were sold in 1963 than in any previous year, surpassing the previous peak in sales tonnage reached last year. Total dollar sales in 1963 of \$2,473,450,029 were slightly under a year ago, due to lower prices in some basic product lines.

"Results in the first six months of fiscal 1963 were greater than in the same period a year ago," Jarvis reported. "Our business continued good through May but earnings declined in June, with very disappointing results in July and August."

"In 1963 there were record marketings of livestock and production of fresh meat. Prices of live cattle and dressed beef declined sharply. This decline was more pronounced in fed cattle. The marketing of hogs was 4 per cent more than a year ago. Pork prices worked sharply lower during the last quarter of the year. This general condition, in both beef and pork, resulted in a narrowing of gross margins, and a squeeze on profits in the fresh meat end of the business."
