Faces in the News....

PNEUMONIA VICTIM... Queen Frederika of Greece, 46, was bedridden with a light case of pneumonia today. The queen had spent nearly all her waking hours at the bedside of King Paul, since his operation for stomach ulcers.

'THE DEPUTY' AUTHOR... Rolf Hochhuth, author of the drama, "The Deputy," is shown on arrival in New York City yesterday for the Broadway opening of his play tomorrow. The play accuses the late Pope Pius XII of failing to speak out against Hitler's mass murder of Jews.

ENDLESS POSSIBILITIES... Dr. John R. Dunning, dean of the School of Engineering at Columbia University, is sometimes described as the father of the atomic age. Twenty-five years ago he split the uranium atom and proved the fantastic force available in it.

HE CHANGED HIS STORY... Rock 'n' roll singer Dean Torrence leaves federal court in Los Angeles Monday where he electrified the courtroom by testifying he knew about the Frank Sinatra Jr. kidnap scheme about two months before it was carried out. Earlier Torrence denied advance knowledge of the plot — and thereby, the judge said, Torrence had committed perjury. (AP Photofax)

58 Dead in Crash Near New Orleans

4-Engine Jet Falls in Lake Pontchartrain

By ROBERT ROWAND
NEW ORLEANS (AP) — An Eastern Air Lines four-engine jetliner carrying 58 persons on a flight from Mexico City to New Orleans disappeared minutes after takeoff from a New Orleans airport today and crashed in Lake Pontchartrain. There were no signs of survivors.

AIRLINER LOST... An Eastern Air Lines four-engine jet, like the type above, with 56 persons aboard today disappeared on a flight from Mexico City to New Orleans.

Wreckage from a plane was sighted near New Orleans from where the plane disappeared minutes after takeoff. The DC8 left New Orleans bound for Atlanta. (AP Photofax)

Marine General Believes Viet Nam Can Be Saved

Gen. Wallace M. Greene
Shows Off Russ Rifle
Made in Red China

By FRED S. HOFFMAN

WASHINGTON (AP) — The nation's top Marine said today the communists in South Viet Nam have stepped up the size and intensity of their attacks because they think the war is developing in their favor.

But Gen. Wallace M. Greene, the new Marine commandant, told The Associated Press he is optimistic about the eventual outcome of the anti-Communist war being waged with heavy U.S. help.

"I am optimistic as long as any outfit wants to fight," Greene said in an exclusive interview.

Greene discussed the war in South Viet Nam in the first question - and - answer interview he has granted since becoming commandant of the 190,000-man Marine Corps last Jan. 1. He looked over the situation

on the spot just before the last coup.

The commandant said he was unable to answer questions growing out of a spate of reports that the U.S. government is considering moves to carry the anti-Communist war behind North Vietnamese lines.

Q—General, you were out in South Viet Nam shortly after you became commandant and in between the coups. On the basis of what you saw and learned out there, how would you assess the military situation in Viet Nam today?

A—Anything I could say would be based on the impressions of a short stay in South Viet Nam. However, I had the opportunity during this brief period of going from one end of the country to the other.

I had the opportunity to look at the latest plans for the campaign in that country. In my opinion they are very sound from a military point of view.

I reached a very definite conclusion that there were plenty of supplies—ammunition, weapons, and other means—on hand to accomplish the plan.

I had a chance to see the officers and men—both Vietnamese and their American advisers—in the battalions and companies and other units. I thought they were highly competent, that they wanted to fight.

I also came away with the feeling that this is a long-time business, and we aren't going to win the fight overnight.

Ruby Lawyers To Continue Dallas Trial

Bulletin
DALLAS (AP) — The fourth juror was selected today for the murder trial of Jack Ruby in Dallas. He is Luther E. Dickerson, 27, a vice president of a chemical firm.

By RELMAN MORIN

DALLAS (AP) — Jack Ruby's attorneys said today that, pending new legal maneuvers on disputed questions in his murder trial, they intend to continue with the hearings in Dallas.

"We're going to stay here for awhile and see what happens," Melvin Belli, chief of defense, told newsmen when he came into the courtroom this morning.

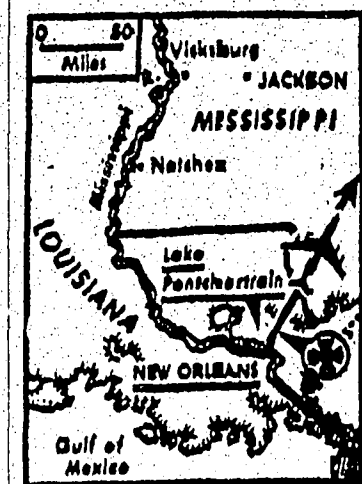

He said Monday that he might go to the U.S. Supreme Court for a ruling on the question of the eligibility as jurors of the many people in Dallas County who saw Ruby shoot Lee Harvey Oswald on television last Nov. 24.

The defense contends that anyone who saw the televised slaying should not be seated as a juror. Another question raised by Belli is whether someone who witnessed the televised scene is competent to testify as a witness in the trial.

Ruby is charged with murder with malice and faces a possible sentence of execution in the electric chair. Oswald, a self-styled Marxist, had been accused of assassinating President Kennedy in Dallas Nov. 22.

The trial is in the second week of jury-picking. Two men and a woman have been accepted as jurors out of 61 examined.

The third was an attractive, dark-haired mother of six children, Mildred McCollum, selected Monday. She is a secretary and her husband is a machinist. Since some of her children are under 16 years old, she could have claimed exemption from jury duty.

Where Plane Crashed

304, left New Orleans International Airport for Atlanta at 2:01 a.m. (CST) and disappeared from air traffic control radar screens minutes later. That was the last contact with it.

A veteran Eastern pilot said the jet probably reached a height of some 16,000 feet shortly after it got over the lake.

Lake Pontchartrain is some 30 miles in diameter, with its southern shore along one side of New Orleans. Marshy land surrounds much of the lake, which has an average depth of about 15 feet.

Russia Pledges Support for Viet Nam Reds

MOSCOW (AP) — The Soviet Union today pledged its support for the Communist guerrillas fighting American-advised troops in South Viet Nam.

The government news agency Tass said it had been authorized to announce the pledge. Tass said:

"True to the policy of solidarity with the peoples who are fighting for freedom and independence, they (the Soviet people) follow with profound sympathy the just national liberation struggle of the South Vietnamese people and will render the necessary assistance and support to this struggle."

Tass did not say what the nature of the support might be.

Monday Tass said the United States was trying with the idea of invading Communist North Viet Nam. That dispatch said it has been rumored U.S. Defense Secretary Robert S. McNamara would "soon go to Saigon and decide on the spot what the United States government will do."

FIRST 100 DAYS

Business Mood Of U.S. Bright

By DARDEN CHAMBLISS

NEW YORK (AP) — As President Johnson ends his first 100 days on the job, many businessmen say the business mood has

brightened. The consensus of business leaders interviewed on a cross-country tour appeared to be that whatever the precise reason and however long it will last, the business climate has turned sunnier.

This isn't a matter of partisan politics. It's a question of whether businessmen feel Johnson is running the country in a way that generates confidence and encourages business to expand, build new plants and make new jobs.

Ben S. Gilmer, president of Southern Bell Telephone & Telegraph Co. in Atlanta, says his firm's capital spending plans for 1964 had been \$403 million but have now been boosted to \$413 million.

In Denver, Cris Dobbins, president of Ideal Cement Co., said, "We are laying out capital plans today that I'm quite sure we would not be considering if things hadn't changed."

The change could prove to be illusory, however, some businessmen insist. It could involve a presumption that Johnson is more conservative than he will probably prove to be, said Neil Roberts, president of the Denver U.S. National Bank.

Edwin P. Neilan, president of the U.S. Chamber of Commerce, said recently that he is withdrawing support of Johnson because he feels Johnson juggled his budget to present a "false face of frugality."

But whatever businessmen finally conclude when they've had more time to study Johnson, most of the leaders interviewed said that the signs so far have been encouraging.

South Vietnamese Open Offensive

SAIGON, Viet Nam (AP) — South Vietnamese forces launched a large operation in the Cambodian border area 120 miles west of Saigon today. Heavy initial contact with the Communist Viet Cong was reported. Only sketchy reports of the

action were available. But it appeared the engagement was the heaviest since the lunar new year holidays last week brought a lull in the fighting.

Meanwhile, the U.S. Embassy is canvassing American officials in South Viet Nam for ideas on how to press the war against the Viet Cong.

FARM BILL OFFERED

Civil Rights Delay Asked

WASHINGTON (AP) — Democratic leaders offered President Johnson today a chance for congressional action on a farm bill in exchange for what they believe would be a brief delay in taking up civil rights legislation.

A presidential go-ahead would

signal an effort in the Senate, probably Wednesday, to call up the House-passed civil rights measure and put it in temporary storage while a wheat-cotton bill is debated.

This would delay the start of an expected lengthy civil rights filibuster until about March 2. Awaiting expected House approval, the Senate was ready today for its final action that would send the \$11.5 billion tax reduction bill to Johnson.

Johnson has been pushing hard for early action on civil rights. But party leaders invited to confer with him on legislative matters indicated they believe he may find it important to try to get a farm bill before the planting season starts March 1.

Wrapped up in controversial bill, on which Republicans thus far have blocked Senate action, is aid for the cotton textile industry and assistance for wheat growers.

Blizzard in West Strands Many Drivers

DENVER (AP) — A winter blizzard swept southward from the northern Rockies early today, deluging mountains in heavy snow and creating high-way havoc.

Snowfall was general but light across the plains where winds cut visibility to near zero.

Hundreds of motorists were stranded by deep snow drifts and blizzard conditions in Idaho, Montana, Wyoming and Colorado. Roads in northern Wyoming were closed.

A motorist near Helena, Mont., died when he tried to make it to shelter after his Jeep had stuck in the snow.

In eastern Idaho, snow drifts near the National Reactor Testing Station at Idaho Falls stranded 40 buses, 160 cars and 1,600 employees Monday.

Plane Kills 4 Jumpers

FT. BRAGG, N.C. (AP) — Four Ft. Bragg paratroopers were killed and eight others injured during a mass parachute jump today at Holland drop zone on the Ft. Bragg reservation, military authorities announced.

They said the accident occurred when a C130 aircraft apparently lost altitude. The wing of the plane struck a group of descending paratroopers, who had jumped from another plane.

Clay Fined \$2,500 For Smarting-off

By WILL GRIMSLEY

Associated Press Sports Writer
MIAMI BEACH (AP) — A wild-eyed Cassius Clay drew a \$2,500 fine for his bizarre shouting demonstration at the pre-noon weigh-in for tonight's heavy-weight title fight against champion Sonny Liston.

Clay, the poem-spouting Louisville Lip, weighed in at 210½ pounds, lighter than expected, and the champion at 218.

Commission doctors, who examined both fighters, said

Clay's pulse was racing at 120 bears a minute while Liston's registered a normal 80.

Although warned by Chairman Morris Klein of the Miami Beach Boxing Commission against any wild demonstrations the 22 year old challenger showed up for the weigh-in ceremonies with a cordon of associates, screaming at the top of his lungs and at times brandishing his fists at Liston.

"I am the greatest. I am the best in the world," Clay yelled, stomping about the temporary platform.

Liston looked at him in surly silence. Once he winked at someone on the side and smiled slightly—his only show of emotion.

Liston held up two fingers, which could have been interpreted as a victory sign or a prediction of how long the fight would last.

Once the two fighters were no more than three feet apart and Clay was jumping and holding his fists high, yelling at the champion, "I am going to eat you alive."

Liston cupped his hands over his mouth and said in a low tone, "Don't let everyone know what a fool you are."

Klein said he had warned Clay earlier that he would stand for no foolishness on the day of the fight—particularly when the two enter the ring tonight at 10 p.m., EST.

"We have had seven title fights here without any incidents and will not stand for any circus acts," the commission chairman said.

"I told Clay that if he acted up at the fight I would withhold his purse."

Klein said the commission at first wanted to fine Clay \$5,000 for his unseemly conduct, but later decided to temper the punishment.

9 Jurors Picked For Mastrian Trial in Duluth

DULUTH, Minn. (AP) — Attorneys trying to seat a jury in the Norman Mastrian murder trial took up this morning where they left off last Friday — trying to seat the 10th juror to head the case.

Nine more prospective jurors were quizzed Monday but not one was picked. Three more jurors and two alternates are still to be selected. A total of 57 prospective jurors now have been questioned.

Mastrian is accused of being the go-between in the murder-for-hire slaying of Mrs. Carol Thompson in St. Paul last March 6.

Viet Nam Declares Mrs. Nhu 'Outlaw'

SAIGON, Viet Nam (AP) — Mrs. Ngo Dinh Nhu, former powerful First Lady of South Viet Nam, has been declared an outlaw, a Justice Ministry spokesman said today.

The order has been issued for her arrest, he said. He refused to discuss details.

Mrs. Nhu has been living in exile in France with her four children since a Nov. 1 coup overthrew her brother-in-law, Ngo Dinh Diem.

Few Surprises On Oscar Nominations

By JAMES BACON
AP Movie-Television Writer

HOLLYWOOD (AP) — About the only surprise about this year's Oscar nominations is that the movie "Tom Jones" got only 10 nominations.

True, it was the leader—with "Cleopatra" second with nine—at the 36th annual Academy Awards nominations announced Monday.

Ever since it was first previewed here some months ago, "Tom Jones" has been the prestige picture—the one every producer and director in Hollywood wished he had made.

The rowdy British-made film starred the man many believe to be the best young actor on stage or screen today—Albert Finney.

Finney played the hero of the

HOORAY... Holy Trinity High School cheerleaders of Rollingsone won the traveling trophy for the third time at the Region 6 basketball tournament at Rochester last weekend. With the win, the team retained possession. Other conference teams are Cotter of Winona, St. Felix of Wabasha, Lourdes of Rochester, Loretto of Caledonia and St. Peter's of Hokah.

bawdy Fielding novel of 18th-century England. On stage Finney was a moody "Luther" but he played "Tom Jones" with the sex appeal of a Gable and the comedy finesse of a Chaplin.

Naturally, he was nominated as best actor.

He will be a hard man to beat

when the Oscars are handed out April 13th.

His competition: Rex Harrison as the Caesar of "Cleopatra"; Paul Newman as the despicable "Hud"; Richard Harris as the football player of "Sporting Life"; and Sidney Poitier as the benefactor of the nuns in "Lilies of the Field."

Finney's toughest fight will come from Potier, the brilliant Negro star of the low-budget sleeper of the year. No Negro actor ever has won the top acting Oscar.

As to the nominees for the best actress category—anybody can win.

They are: Rachel (Mrs. Rex Harrison) Roberts in "The Sporting Life"; Patricia Neal for "Hud"; Leslie Caron for "The L-Shaped Room"; Shirley MacLaine for "Irma La Douce"; and Natalie Wood for "Love With the Proper Stranger."

Farmer Killed Climbing Fence

EVANSVILLE, Minn. (AP)—A rural Evansville farmer was found dead Monday, apparently struck by a blast from a 12-gauge shotgun as he climbed a wire fence.

Killed was Helmer Carlson, 45. His mother, with whom he lived, said Carlson left home about 5 p.m. Sunday to go hunting.

The body was found about 10 a.m. Monday by a brother, Oscar.

Poet-Lecturer Likes the Beatles

WASHINGTON (AP)—British poet-lecturer Stephen Spender, who likes the Beatles, is fascinated by Greenwich Village's "obscene, shocking" poets but is embarrassed by President Johnson and Prime Minister Sir Alec Douglas-Home.

"Johnson reminds me of something husky that I would not eat," he told a news conference Monday, "and I can't bear the prime minister's perpetual smile."

Train Pushes Car; Woman Badly Cut

RUSHFORD, Minn. (Special) — A Rushford woman escaped death here this morning after her vehicle was struck by a Milwaukee Road freight train and pushed more than a block. The car did not overturn.

She was Mrs. Arvin Overby, about 45, who was returning home after caring for her sick mother, Mrs. Henry Erickson, at Rushford. The Ericksons live a half block from the tracks. Mrs. Overby's husband operates Overby Grocery Store here.

She suffered severe head lacerations, and a possible concussion. The extent of her other injuries was not immediately known.

She was treated at Rushford Community Clinic and then transferred to Community Memorial Hospital at Winona.

K. R. Jacobson, Austin, fireman on the westbound train headed for Austin, said the train was moving about 18-20 miles an hour as it approached the crossing. John Iverson, Austin, was the engineer.

Apparently Mrs. Overby didn't see or hear the train, the engineer reported. She looked up at the train just as it hit the car on the passenger side. The train dragged the car more than a block before it stopped. She was not thrown out.

Another Rushford accident victim has been transferred from the Winona hospital to St. Mary's Hospital, Rochester. He is Harley Larson, 50, rural Rushford, who was seriously injured in a logging accident Feb. 12. He was hit by a rolling log.

City to Check Park Sublease

The U. S. Army Corps of Engineers will be asked whether a church youth group can sublease a small tract of government land near Dam 5-A for a Christmas tree project.

Requesting permission for the project was the Lutheran Boy Pioneers, and organization of boys affiliated with St. Matthew's Lutheran Church. The group's request was directed to the Latsch Memorial Board, which met last Wednesday.

USE OF ONE or two acres of land north of the dike was requested by the group. At present the city leases a 75-acre tract of government land in the area for recreational purposes. Its use is administered by the Latsch board. City Attorney George M. Robertson Jr., whose opinion was requested by the board, said the city does not have authority to sublease any part thereof.

Board members voted to contact the corps in an effort to secure permission to grant a 10-year sub lease to the youth group.

Taken under advisement was an offer by Miss Blanche Hunter, 958 Mankato Ave., to donate a log cabin to the Boy Scouts of America. The building, known as WinTeePee Lodge, could be moved to Latch Prairie Island Park, Miss Hunter suggested. She asked the board to underwrite expense of moving the cabin, cost of which was estimated at \$1,000.

Board members said they would want the city engineer to report on feasibility of the suggestion and make a firm cost estimate.

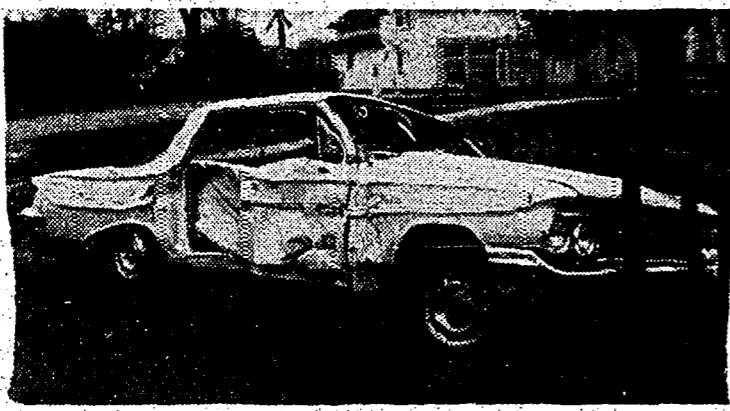

EXPENSES WERE allowed for repairs of various Prairie Island facilities suggested in a letter from the Park-Recreation Board. The \$650 expense authorization voted will cover replacement of 12 picnic tables, roof repair at the Latsch Shelter, blacktop material for the softball area at McConnon Shelter, tree stump removal and new pitcher pumps.

Rochester Speaker Wins Legion Meet

A Rochester girl won the 1st District American Legion oratorical contest here Saturday.

She is Elaine Conway, Lourdes High School, John Hemmer Jr., Caledonia, was second and Myron Nilles, Holy Trinity, Rollingsstone, third.

Elaine now will compete in the sub-state contest at Faribault.

Two Boys Held For Home Theft

A Winona man unwittingly gave a ride to a 15-year-old boy who had burglarized his father's vacant home of some \$800 and was going back for more.

Frank Wos Jr., 1291 W. 2nd St., told Sheriff George Fort at 10:10 a.m. Monday that his father's home on Prairie Island had been burglarized Sunday night.

YESTERDAY afternoon, while on an investigation trip, he gave a boy a ride to the city.

During the day, said Sheriff George Fort, deputies made foot and tire prints at the home. Between 5 and 6 p.m. Monday two boys were arrested by Deputies Lamar Fort and Helmer Weinmann. One of them was the hitchhiking youth.

Man and His Dog Take Long Road, Sheriff Reports

A 62-year-old Winona man wandered 14 miles Monday night with his faithful companion, "Buster," a mongrel dog.

Robert Kluzik, who lives in the 700 block, apparently was trying to find his way home when he became lost, according to Sheriff George Fort.

He reportedly left 521 Wall St. at 7:45 p.m. Monday and started for home. But Sheriff Fort found Kluzik and his 16-year-old dog in a ditch three miles south of Lamolite, Minn., at 12:30 a.m. today. He was en route to La Crosse and was hiding from the glare of car lights, the sheriff said.

Mrs. Kluzik reported her husband missing at 11 p.m.

Rose Garden Expansion OKed

Lake Park Memorial Rose gardens will be expanded further this year, the Park-Recreation Board voted Monday at its meeting.

Board President Dr. C. A. Rohrer said the gardens will have more than 450 bushes with the addition this year of 125 new plants. The bushes, set out as a joint project with the Winona Rose Society, are supplied without cost to the city. They are experimental varieties, given to the society and the city in return for their care and maintenance by park personnel.

Commissioners also voted to buy two dozen bushes, at a cost of about \$60, as replacement stock.

A citywide count of stumps on boulevards and city property now is being taken. M. J. Bamber, director of parks and recreation, said its outcome would help determine whether the department will acquire removal equipment or contract the work with private firms.

An oil furnace, once used in the V. Simpson building which formerly stood at 2nd and Center streets, will be installed at Holzinger Lodge. The furnace was removed from the building last year by department crews before the structure was razed to make space for a city parking lot.

Man Sought For Testimony In Death Here

Police and the sheriff's office are searching for a Winona man who last week dodged the coroner's jury investigating the death of Mrs. George Pippenger, 25, 220 W. 2nd St.

Gerald Zeller, 103 E. Sanborn St., subpoenaed to appear before the second session of the coroner's jury Friday in City Hall, failed to arrive. A date for a third meeting of the jury is indefinite pending Zeller's apprehension. As a friend of Mrs. Pippenger's, Zeller was asked to testify to the circumstances of her death along with five other witnesses.

Mrs. Pippenger died Feb. 4 en route to Community Memorial Hospital.

DR. ROBERT Tweedy, coroner called a jury which met Feb. 6 at Breilow Funeral Home. The second meeting was postponed until Friday, so laboratory tests might be returned from the University of Minnesota. Dr. Tweedy summarized those results saying that there was evidence of pregnancy at the time of death and that death was due to peritonitis.

Mrs. Bertha Polzin, 220 W. 2nd St., testified that her daughter was living with her at the time of death. She said Mrs. Pippenger had been ill several weeks, complaining of pain when her two children wanted to sit in her lap and feeling comfortable only when in a reclining chair.

Mrs. Polzin said she was awakened shortly before midnight Feb. 4 by her daughter asking for warm milk. She said she became frightened and wanted to seek medical attention when Mrs. Pippenger began to mumble incoherently. Stanley Dearman, who roomed at the Pippenger residence, was sent to call an ambulance.

MRS. POLZIN testified that last year, Mrs. Pippenger had a miscarriage and that about a week before her death her daughter told her she believed she was pregnant again.

It was determined that the miscarriage was a self-abortion, according to the testimony.

Mrs. Pippenger's brother, Carol Toftstad, Altura, Minn., testified that he had seen his sister the day before her death, that she was "not her usual self," and that he had no knowledge of any pregnancy.

Toftstad's wife, Carol, said that Mrs. Pippenger told her that she believed she was about two months pregnant. Melvin Praxel, owner of an ambulance service, said he had driven Mrs. Pippenger to the hospital. He said she was semi-conscious when he arrived at her home but died as the ambulance turned off Mankato Avenue into the hospital grounds.

DR. WARREN Haesly said he did not examine the body when he was called to Community Memorial. He said he referred the case to the coroner because of the woman's youth and because of the suddenness of her death.

S. A. Sawyer, county attorney, conducted Friday's meeting. Dr. Tweedy will give the results of the laboratory tests after testimony is completed at the next meeting of the jury.

Students Inducted At Dover-Eyota

EYOTA, Minn. (Special) — New members of the National Honor Society at Dover-Eyota High School were inducted Thursday afternoon.

High school students and parents attended. Speaker was Harold Kaman, IBM educational director.

New members: Mary Ellring, Sandra La Fortune, Jackie Nigon, Janet Raddatz, Susan Randall, David Strike and Virginia Tesch. Society officers are: Lynn Schumann, Judi Diemer, Bruce Hanson, Susan Kahl and Gary Neumann. Wallace Seleseth is faculty sponsor.

The roundup for kindergarten classes will start April 6. Chairmen are Mrs. Irvin Bickness, Dover, and Mrs. Walter Whitcomb, Eyota.

The Eyota school has received a textbook, "Building Better Speech," written by a 1934 graduate of Eyota High School. The author is Dr. William S. Smith, now professor in the speech department at Auburn University in Alabama.

Mrs. Paul Sullivan has replaced Miss Greta Jefferson as county school nurse. She calls each Tuesday.

At the February meeting of the board of education, the contracts of Superintendent Gerald Kahl, High School Principal Seleseth and Elementary Principal John Peterson were renewed. A teachers salary committee met with the board. A decision is expected at a special meeting soon.

Between 1871 and 1914, the Kimberley Mine yielded 14,504,375 carats of diamonds.

Sales Tax Gets Support

Legislators Hear Proposals at Interim Hearing

By GEORGE MCCORMICK
Daily News Staff Writer

An almost unbroken parade of witnesses at the interim tax commission's public hearing this morning called for replacement of the state's personal property tax by a sales tax.

All but three of the 24 persons appearing before the commission advocated the sales tax, generally calling for a 3 percent levy on sales, with a \$10 income tax credit allowed for each person in the state.

THIS IS essentially the program sponsored by the Minnesota Farm Bureau in the last session of the Legislature.

Robert Primus, Red Wing appliance dealer, spoke for most of the businessmen present when he said of the personal property tax, "It is an absolutely unfair tax."

He said that as an appliance dealer he had to carry a large inventory. His personal property tax in some years, he said, was as much as a third of his net profit. Other businesses did not pay as much, he contended.

Primus said he was "appealing to your sense of fair play" in asking the commission to eliminate the personal property tax.

THIS POSITION was echoed by Philip Felten, Winona farm implement dealer, who said he was speaking as a businessman and as a representative of the Minnesota Retail Farm Equipment Dealers.

"I strongly urge you to replace the personal property tax," Felten told the commission. He added that it was unfair because it did not take into account ability to pay.

Glen Brems, owner of a sign company here, contended that Minnesota is spending its money to benefit other states. This state spends money on the education of its young persons, he said, but these persons cannot find jobs here when they grow up.

Minnesota loses their tax dollars, he concluded. WILLIAM MORSE, executive secretary of the Winona Industrial Development Association, drew applause when he testified that industry was reluctant to move to Minnesota because of its high income and property taxes. He too advocated a sales tax.

Robert Selover, Winona realtor, also contended that Minne-

sota's tax rates were keeping persons from moving into the state. A sales tax would be a better system of getting revenue than Minnesota now has, he said.

A Rochester man, R. Putnam Kingsbury, comptroller at the Mayo Clinic, said, "Minnesota is losing its place in the nation."

The state is losing population and has slipped to 25th in the nation in per capita income. At the same time, however, he asserted, its tax rates are among the highest in the country.

The income tax levied on a family of four with an income of either \$5,000 or \$10,000 is the third highest in the nation, Kingsbury said.

AN OWATONNA farmer, however, told the commission that a sales tax would be "just another tax" added to those Minnesotans already pay.

"Personal property taxes are hard for farmers to pay when income is low," Oliver Randall agreed. His answer to the problem, though, was greater use of the income tax as a principal source of revenue and exploration of the feasibility of a 4 percent net profit tax.

The most outspoken foe of the sales tax was Arthur Aldinger, president of the Winona County Farmers Union. When a person complains of high income taxes, Aldinger said, he's admitting that his income was high. Property taxes are too high and are not based on ability to pay, Aldinger asserted.

He went on to say, however, "The extreme right-wingers would change it to a general sales tax." This tax, he contended, would make those persons with low incomes pay a greater proportion of their incomes in taxes.

"Anything you can do with a sales tax you can do better with an income tax," he declared.

THE ONLY defender of the personal property tax at this morning's hearing was Robert Nelson, Hayfield, a liquid petroleum gas distributor. He advocated broadening the base of the personal property tax to make it applicable to more persons. This, he said, would take the burden off of the farmer and the businessman only.

A different suggestion for tax reform came from W. R. Calla-

way, a Spring Valley lumber dealer. He contended that the \$4,000 homestead exemption for homeowners was inadequate and discouraged persons from building or buying new houses. He suggested a \$5,000 or \$6,000 exemption.

THE CENTRAL Elementary School auditorium was filled for this morning's hearing. Those in attendance, besides members of the commission, included state legislators and past members of the Legislature.

Among these were State Sen. Roger Laufenburger, Lewiston, and Mrs. Virginia Torgerson, city representative to the state House of Representatives.

Nine members of the 14-man commission were on hand to hear testimony. Presiding was Sen. Donald Wright, Minneapolis, chairman.

Sheriff Still Seeks Goodview School Girl

A Goodview school girl, reported missing Thursday, still is being sought by the sheriff's office.

Diane Boardman, daughter of Mr. and Mrs. Robert Boardman, 3725 W. 4th St. Goodview, was reported missing when she failed to return from school.

Sheriff George Fort said it was erroneously reported that she had been located last weekend at a friend's home. She has been spotted in Winona several times in the last two days, and anyone knowing her whereabouts is asked to call the sheriff.

She is about 5 foot 6, weighs 135 pounds and has dark brown hair.

State Offers Emergency Help on Interstate Roads

DESPITE THE fact that one of the basic elements built into the Interstate system of highways is a greater degree of safety for motorists, (controlled access and divided lanes, for example) mishaps occur. Cars run out of gas, get flat tires, have mechanical failures, people need directional information, drivers get sick; accidents happen and traffic must be kept moving in spite of all.

What has the Minnesota Highway Department done to anticipate these situations?

The answer is two-fold: Both the Highway Patrol and maintenance crews are specially equipped and trained to provide this service to the traveling public.

Because only a fraction of the total Interstate mileage in Minnesota is completed, the patrolling problem is limited and therefore is still in a testing period, but the service will expand as the Interstate grows. Seven officers in the Highway Patrol are presently assigned to this duty and they patrol as frequently as the limited force permits. The patrol is presently experimenting with several devices which will pump gasoline directly from the patrol car tank into the stalled car's tank. Patrol cars cannot carry gas in cans because of the danger of fire from the two-way radio housed in the rear trunk.

NEITHER PATROL cars nor maintenance trucks are permitted to give towing service, since the state vehicles are not equipped for such duty nor in a position to assume liability. In case some cars with automatic transmission develop trouble.

All maintenance crews and patrolmen are trained in first aid and the vehicles carry first aid kits and blankets.

The maintenance section is experimenting with a segment on TH 90 of about 30 miles between Stewartville and Austin, on which there are few towns. Regular maintenance crews at night have been assigned to special vigilance for cars needing assistance. One such crew has a radio-equipped truck.

OTHER STATES offer similar service on the Interstate and Minnesota will follow the experience of its own trials and the knowledge gained elsewhere in expanding the practices.

Good Job Opportunities Lure Young People

IF ONE would judge by oft-repeated remarks made by Red Wing parents, nothing would please them more than having their offspring settle down here after their school years. In fact, one of the prime reasons advanced for citizen effort to bring new industry is the one of providing good jobs for our young people.

But do our young people want to settle down here after graduation from high school or college? There is reason to wonder.

A recent survey made at Winona State College showed that only nine percent of the present graduating class are planning to take jobs offered by Winona employers after receiving their diplomas. Of course, the survey covered many college students whose families live in other communities, but that hardly alters the import of the survey.

WHILE MANY of the Winona students turned up their noses at Winona jobs for various reasons, we suspect that one of the factors involved was a viewpoint undoubtedly harbored by a large number of young men and women about to embark on their careers. The spirit of adventure, traditional to Americans of past generations, is far from dead.

So it is only natural that many young people are going to seek work at some distance from their hometowns in response to that urge to see and do new things. And we should not discourage it.

However, because many of our young people will elect to find jobs away from home is no reason why we should cease efforts to create more job opportunities for young people here. Many of those who venture in search of greener pastures elsewhere may decide as the days roll by that a good job in Red Wing is highly desirable after all.

AND WE should never underestimate the desirability of luring enterprising young people to Red Wing from other parts of the realm. The infusion of new blood is good for old established communities. Good job opportunities here will bring us newcomers we need. — Red Wing Republican Eagle.

ROBERT C. RUARK

'64 Surpassing Roaring 20's

NEW YORK — For sheerest show business it's tough to choose between the Ruby trial and the Liston-Clay thing in Miami, but both operations bear the rich, ripe reek of wrestling, and both seem to smell of the same burleycue house. Liston-Clay is no more sport than Ruby is an advertisement for law and order.

I will agree with Sonny Liston on one thing: He calls Clay "my million-dollar baby." Cassius — who may or may not be able to fight at all — is the juiciest thing to come to the fight business since Georges Carpentier, who was called "The Orchid Man" and was carefully fed to the hungry hands of Mr. Dempsey. Carpentier had about as much chance against the old Mauler as would Mary Pickford, another contemporary, but they swelled it up to such proportion that you actually granted the French boy a chance.

I have no way of knowing whether Clay's entire record was compiled off stiff, but it wouldn't be unusual. On the Primo Carnera build-up, they threw him such a succession of instructed fighters that the poor brute actually believed he could fight. The late Young Stribling went all the way up the ladder of stiff, under expert management. It is entirely possible that Cassius is a lousier fighter than poet, although that seems patently impossible.

IN WRESTLING the card calls for a villain and a shining knight. In this spectacle at Miami perfection has been achieved, with even the Beatles crowding into the act. Rather than resembling a prize fight, this thing smells more like an encounter between the late Gorgeous George and the Swedish Angel.

But it is kind of fun, in a way, to all of us who are old enough to recall the Era of Wonderful Nonsense, when people sat on flagpoles and made million-dollar gates on ballyhoo alone and danced marathons and drank home-stomped whisky out of coffee cups and actually believed all they read in the papers.

THIS WAS a time of Hall-Mills and Ruth Snyder-Henry Judd Gray in the courts, with colorful people like the Pig Woman in the evidence. It was a time of swindles and high-flying commerce and boot-blacks playing the market. It was quite a time, even in age-colored retrospect.

But I think that for unwonderful nonsense we are about to surpass the Roaring Twenties. Certainly, there has never been anything in the history of jurisprudence to top the current Ruby business in Dallas, not even when Bill Fallon was waving his orange mane and answering to the nickname of Great Mouthpiece.

Fallon was great. But I don't think he could measure up to Edward Bennett Williams, Louis Nizer, Melvin Belli or Jake Ehrlich as courtroom performers.

But in the spectacle in Dallas I will predict, Ruby will beat the rap, although he performed his murder for the television audience. He will beat it either on a temporary insanity argument — the case has already been tried out of court — or beat it completely on better fancy footwork in court than will be displayed by Cassius Marcellus Clay, the poet, in the ring.

Rockefeller Won't Have Unanimous N.Y. Vote

By DREW PEARSON

BUFFALO, N. Y. — The political soundings of this observer lead to the conclusion that Gov. Nelson Rockefeller is rapidly forging ahead of Sen. Barry Goldwater in New Hampshire and that he will win that key primary.

Reports from other important states, including California and Oregon, also indicate that Rockefeller is on the upgrade, Goldwater on the down.

However, there is one state where the governor of New York will not have a unanimous delegation to the San Francisco convention — namely, New York.

In his home state Rockefeller faces rebellion and bitter opposition from inside his own party in both Syracuse and Buffalo. Delegates from these areas will vote against him next summer.

Syracuse is a conservative GOP area where the majority of Republican just don't like Nelson.

Buffalo is a mixed-up political pocket where Republicans are battling against each other as vehemently as Democrats are feuding over civil rights in the U.S. Senate. Here, Bob Grimm, the GOP county chairman, has turned against Rockefeller's friend, Sen. Walter Mahoney, while Mahoney isn't even speaking to his own brother-in-law, Johnny Sullivan, whom he put on the Senate staff in Albany only to ease him out when the liquor scandals began to embarrass the Rockefeller regime.

Sullivan has now teamed up with another Mahoney critic, Mayor Chester Kowol of Buffalo, an elegant gentleman who speaks precise English with a Polish accent.

ALL OF THIS infighting adds up to trouble for the leading Republican candidate for president in his home state.

Note — Another Republican in trouble is the GOP national committee man, Bill Miller, who probably cannot be re-elected to Congress again — even if he wants to run. Sprawling, industrial Niagara Falls, usually Republican, has turned Democratic — the real reason why Miller is retiring.

from Congress.

You don't hear too much about the Rockefeller divorce in New York state. It's an old story. And like many old stories, people have got used to it. The new Mrs. "Happy" Rockefeller has also won some friends.

Underneath the surface, however, there is still a lot of feminine opposition to Rockefeller's divorce and remarriage.

When you throw out the idea that Rockefeller might take as his running-mate, the first lady candidate in history, Sen. Margaret Chase Smith, however, you get an entirely different reaction: Women who have frowned on Rockefeller immediately begin to perk up and look pleasant. My hunch is that if Rockefeller teams up with the lady from Maine, he would win a lot of the female vote which otherwise would be against him.

Note — President Johnson remains strong in this normally Republican section of New York. The general impression is that he is doing a good job. GOP attacks of his stereo gift of seven years ago have been regarded as flea bites, and if the vote were taken today he would beat any Republican candidate.

CANADIAN — U. S. relations may be sour in some areas, but the Peace Bridge Authority, supervised jointly

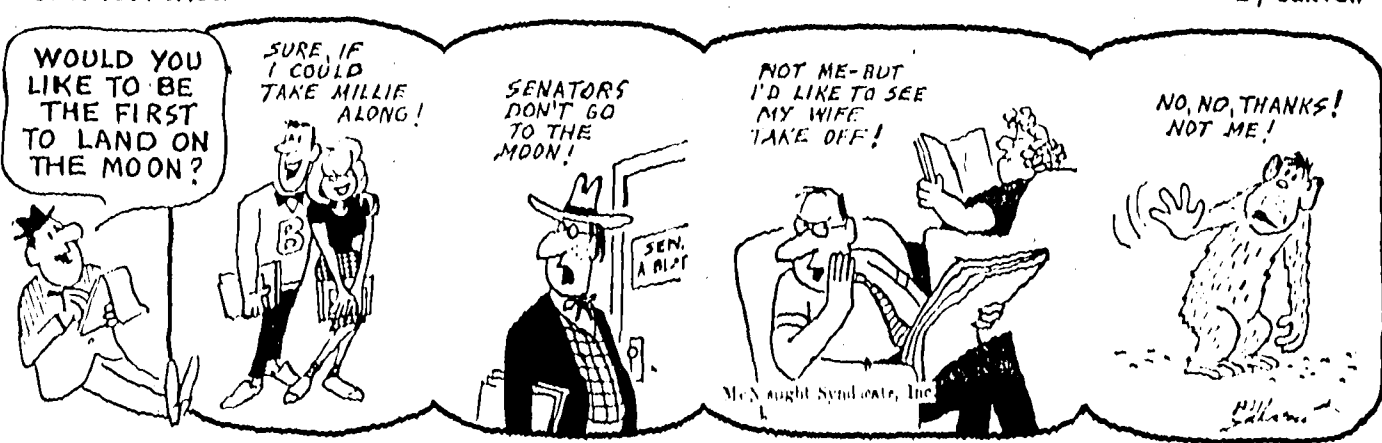

by Canadians and Americans, stands out as an example of international harmony. Cy King, editor of the Buffalo Courier Express and chairman of the authority, says there has never been a tie vote, and Canadians and Americans have equal representation on the board.

The bridge, over the Niagara River, was dedicated by the Prince of Wales in 1928. . . you don't hear the name Averell Harriman much around the Niagara River, but the long-rang planning of the ex-governor of New York, now under secretary of state, is to be seen in the amazingly efficient harnessing of Niagara power and the industrial growth of the area. . . you do see the name of Bob Moses, veteran park and planning dynamo of New York state. His name is on one of the thruways. And he deserves credit for transforming the Niagara waterfront from a honkey-tonk industrial slum into a beautiful parkway. . . If Mrs. Burrows Matthews, widow of the late great editor of the Courier Express, can ever be persuaded to write her memoirs, they will be a disillusioning best seller. As the first American War in Algeria, later in the European theater, she watched certain generals Omar B. dley and "Bettle" Smith, not Eisenhower. She roomed with Ike's secretary, Kay Summersby.

Republican Takes Issue With Judge Pattison To the Editor:

I note with interest the "guest" opinions of retired Judge G. L. Pattison in the Feb. 19 issue of your paper.

First let me say that Judge Pattison is entitled to his opinions, and to publish them if he so desires. This is a country which still has freedom of the press in spite of those who seek to enforce only the news they deem fit for the people upon the people.

My criticism, however, is that the Judge attempts to imply or infer that he is and has been a working member of the Republican party. To my knowledge, the Judge is not now and has not been a working or dues-paying member of the Republican Party, nor has he attended any of the recent meetings held by the party. It is a matter of record that he is in fact a member and financial supporter of the Democratic party and has been for many years. With the above clarification, one can then proceed to take issue with the Judge's opinions paragraph by paragraph.

First, two-time loser Dick Nixon. Election manipulations and vote fraud are credited with his defeat in the last presidential election. He has never lost any other presidential election. And even that out-of-state Proxmire ran more than twice.

And what do Wisconsin divorce laws have to do with Rockefeller and New York? I'm confused. If the Judge believes that Rockefeller's divorce has hurt Rockefeller why doesn't he say so.

As for Candidate Margaret Chase Smith being put up for the presidency to "mess up" the Republican nominating committee, I can only say "hogwash." Margaret Chase Smith is a fine woman, and while I disagree with some of her ideas, I believe that she could help this country either as its President or Vice-President. Most women have a better understanding of what this country needs than some men. After all, they did furnish the husbands, fathers, sons, and sweethearts for the three wars which were fought under Democrat administrations.

He alleges that Romney was born in Mexico. What difference does it make as long as he is an American citizen. Maybe we had better get our GI's and their families home from overseas pronto, just in case a son might be born who would some day want to be the President of the United States.

And for Barry Goldwater, the Judge implies and infers that Goldwater lacks an education. If after asking several people how many years of education are needed to teach second grade in our public schools and after being a Judge for 35 years, he is still confused, far be it for me to try to straighten him out. Could it be that the liberal Democrats are as scared of Goldwater as the Communists? Could it be they both fear honesty and sincerity in government and love of God and country?

Only Seranton seems to get the Judge's nod. Either because he got his money in Pennsylvania or because he has his feet on the ground. Far better to have your feet on the ground than your head in the clouds. Those with their feet on the ground are usually found in the Republican Party.

The two party system. Are there really only two parties? What about the Socialist party of former Mayor Zeidler, the Communist party of Gus Hall, and wasn't there even once a party called the Progressives? What about these parties that exist and are allowed to function under our Constitution even when their avowed aim is the overthrow of our form

of government? The Democrats are known as liberal so says the Judge. He is right. They have been liberal with everything including paying for Russia's wheat, giving Cuba to Castro, giving foreign aid to Communists, giving Laos to the Communists, and giving heartaches to the people of America.

And as for civil rights, it is well to remember that to deny the rights of the majority to insure the rights of the minority always leads to the denial of rights—all rights—of both the majority and the minority. The civil rights bill is in direct conflict with the Constitution of the United States. The rights of citizens as guaranteed by the Constitution are the rights to which all citizens of the United States are entitled to and no others. And by the way, did you know that on the recent civil rights bill more Democrats voted against it than did Republicans?

And finally, the Judge feels that LBJ, Lyndon Baines Johnson that is, will beat any Republican candidate by a large majority. With honest elections, unbiased and truthful news reporting, and an increasingly worried voter, I DOUBT IT.

GOOD COOK

MIDDLESBORO, Ky. — Will Robinson learned to cook in the Navy and is considered one of the best cooks in Middlesboro.

His neighbors often ask him to offer suggestions for dishes. He's met several times with homemakers clubs to discuss cooking.

Robinson doesn't bother with recipes, though. He's blind.

LITTLE SISTER

LOUISVILLE, Ky. — The Belle of Louisville, pride of and only vessel of the City-County Board of Recreation's fleet, has a sister ship now, of sorts.

The Renown, a barge, was anchored between the steamboat Belle and the Fourth-Street wharf, to serve as a boarding vessel.

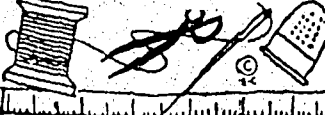

THE REAL BIRDS

WICHITA, Kan. — Passersby at North High School in Wichita are startled by a big sign in a classroom window stating "This is for the birds."

A closer look shows the sign is over a bird feeder students placed in their class window.

Municipal Court

WINONA

Three drivers forfeited a total of \$40 on charges of driving violations by failing to appear in municipal court this morning.

Dale M. Wallin, 22, Elgin Hotel, forfeited \$15 on a charge of driving without a valid license. He was arrested by police Sunday at 12:15 a.m. at Lafayette Street and Broadway.

Robert V. Grossell, 37, Fountain City, Wis., forfeited \$10 on a charge of disobeying a stop sign. He was arrested by police Monday at 11:15 p.m. at the Winona Street crossing of the Milwaukee Railroad.

Mrs. Joseph Conway, 747 W. Broadway, forfeited \$15 on a charge of failing to yield the right of way. She was arrested by police at 8:20 a.m. Monday after she backed out of her driveway and into a westbound car.

Term Suspended
For Swearing

Stanley Dearman, 33, 220 W. 2nd St., was fined \$25 in municipal court today after pleading guilty to a charge of swearing at police officers.

He was arrested today at 1:30 a.m. as he came out of police headquarters. Judge John McGill gave him an alternative of eight days in jail.

The entire sentence was suspended upon the condition that Dearman not be convicted of a breach of the peace for the next six months. If he is arrested on such a charge within that time, Judge McGill said, Dearman will serve 16 days for his offense.

Wayne Richard, 22, 461 Wilsie St., who was arrested Feb. 3 on a charge of writing a check with insufficient funds, had been sentenced to 20 days in

Union Picketing
Winona Theater

Local 436 International Alliance Theatrical Stage Employees and Moving Picture Machine Operators is picketing the Winona Theater in a strike that was called Feb. 20. Ed Pelowski, the local business agent and the only employee affected, said the strike was "a culmination of two-and-one-half years of fruitless attempts to negotiate with management. The main issue has been and still is, wages. Management refuses to make any offer at all," Pelowski said his first demand two-and-one-half years ago was that the operator's wages for the Winona Theater be equalized with those at the State Theater.

"There have been a few meetings, but no offer has ever been made by the management to give any wage raise at all," he said.

He lived in Eau Claire two years before moving to Mondovi two years ago to live at the Mondovi Lutheran Home.

He married Zetta Leffingwell, who died 12 years ago.

Survivors are: One son, George Everett, Eau Claire; five grandchildren and nine great-grandchildren.

Funeral services will be Wednesday at 2 p.m. at Evangelical & United Brethren Church, Gilmanston, the Rev. Lloyd Denzer officiating. Burial will be in Gilmanston Cemetery.

Friends may call at Cathy Funeral Home, Mondovi, today and Wednesday until 11 a.m., then at the church.

Willard C. Lee

MONDOVI, Wis. (Special) — Willard Charles Lee, 54, died today at 4:30 a.m. at Buffalo Memorial Hospital, where he had been a patient for one day.

He was born here Feb. 12, 1910, to Mr. and Mrs. Charles Lee. He was a lifelong resident of the city and had never married. He was a veteran of service with the U.S. Army in World War II. He was a former commander of Dillon - Johnson American Legion Post and was a member of Central Lutheran Church.

Survivors are: Six brothers, Dr. Carl, Beloit; Fred, Dr. Roy and Dr. John, Mondovi; and Dr. Robert, Eau Claire, and one sister, Mrs. Myrtle Joseph, Eau Claire. His parents, three brothers and one sister have died.

Funeral services will be Saturday at 2 p.m. at Central Lutheran Church, the Rev. Harold Haugland officiating. Bur-

ial will be in Oak Park Cemetery.

Friends may call at Kjentvet & Son Funeral Home Friday afternoon and evening and Saturday until 11 a.m., then at the church. Graveside military rites will be conducted by members of the Dillon-Johnson Legion Post.

Durand High School Debaters

DURAND, Wis. (Special) — Durand High School debaters, the only all-girl team entered in the largest and closest state tournament in history, tied for third-place with five other schools at the state tournament at Madison last weekend.

Schools winning five and losing three of their debates were Durand, Eau Claire Memorial, La Crosse Aquinas, La Crosse Central, Racine St. Catherine's and Hartford.

The Durand affirmative team of Ardy's McNaughton and Barbara Moore defeated Rhineland, Shorewood and Sheboygan South, losing only to Park Falls.

The negative team of Peggy Knight and Janet Notham defeated Chippewa Falls Senior High and West De Pere Abbot Pennington High School. It lost to Eau Claire Memorial and Racine St. Catherine's.

Wausau High School received top honors with seven wins, losing only to Eau Claire Memorial.

Four of the 27 competing schools receiving a second rating were Park Falls, Sheboygan North, West Bend and Merrill. They each won six and lost two debates.

Coach Richard Duesterbeck's comment was, "We can all be proud of the Durand team. They did exceptionally fine. Never have I seen so many teams so

Shortchanger Pays
\$50 at Whitehall

WHITEHALL, Wis. (Special)

James Stein, 22, Minneapolis, pleaded guilty before Trempealeau County Judge A. L. Twesme Monday to a charge of intent to deceive with false representation. He was fined \$50 plus \$3 costs.

Stein was apprehended by Willard Knutson, county patrolman, near Blair Thursday afternoon and had been committed to the county jail since that time.

He purchased a 10-cent handkerchief at the Pigeon Store, Inc., Pigeon Falls, about 1:15 p.m. Thursday. When the sales clerk, Mrs. Wendell Hagen, made change for the \$10 bill he gave her as payment, he confused her so that she short-changed the store \$10.

A police officer from Eau Claire took Stein to Eau Claire Monday, where he will be heard on similar charges. The Minneapolis police department also has a bench warrant for him.

Dr. Nydegger Discusses Shakespeare

"Why is the entire world honoring Shakespeare by celebrating the 400th anniversary of his birth," Dr. Elizabeth Nydegger asked members of Delta Kappa Gamma, Iota Chapter, at the dinner meeting of the organization Monday night.

"It is because the world has never produced a man who understood human nature as thoroughly as he."

"Over 1,000 books appear every year on Shakespeare," she continued. "The study of Shakespeare is never finished. He offers so much complexity, so much reflectiveness, that our realization has to keep pace. Every year that we bring additional maturity, additional experience, to the study of Shakespeare, the rewards become increasingly great."

SPEAKING to the group on the topic, "Some Aspects of Shakespeare's Hamlet," Dr. Nydegger described Hamlet as "probably the world's most consummate intellectual." A revenge tragedy, essentially that of an inner conflict, the play she said, examines the relation between parents and children, suicides—voluntary and involuntary, the meanings of rulership, of loyalty, of justice and mercy, of counselorship, of mental derangement.

Dr. Nydegger spiced her analysis of the play with personal observations, read excerpts from the play itself, and illustrated her points with comparisons with some of Shakespeare's other works.

She was introduced by Mrs. Lloyd Belville.

AN INITIATION ceremony was conducted before the 6:15 dinner of the organization at Central Lutheran Church. Initiated were Mrs. John Fuller, Winona State College, Mrs. William Green, Winona Public Schools, and Miss Jean LaBlonde, the College of Saint Teresa.

Miss Kathryn Dunlay was in charge of the initiation. Assist-

Escorts for the initiates were Mrs. Arnold Donath, Miss Verlie Sather and Miss Pauline Utzinger.

Winona OES Notes Friends' Night At Masonic Temple

Winona Chapter 141, Order of Eastern Star, observed Friend's Night at its meeting Monday evening at Masonic Temple. The worthy matron, Mrs. Arthur Jackman, welcomed all present and introduced Mrs. D. V. Boardman, past grand matron and Mrs. A. G. Lackore, past grand Martha, of the Grand Chapter of Minnesota, as well as all present and past worthy matrons and patrons.

MRS. OTTO Pietsch gave the Good Cheer Report and an invitation was read from Evening Star 71, La Crescent, to attend their initiation meeting Friday at 8 p.m. It was announced that the Masonic Dinner Club will hold its annual Wives' Night March 14. Reservations for this are to be made with C. B. Erwin, John Mosiman or Harry M. Johnson.

A short talk was given by Mrs. William Mann on "The Landmarks of the Eastern Star" and by Dr. William Green on "Patriotism and Friendship."

Following these talks short responses were given by the visiting worthy matrons and patrons and the visiting past grand officers. Mrs. Boardman announced that this year's Grand Chapter will be held in the St. Paul Auditorium starting May 20.

AFTER THE close of the meeting a short organ prelude was played by Mrs. Willard Hillyer. This was followed by a drill in charge of Mrs. Anton Steinke, past worthy matron.

Those taking part in the drill were: Mmes. and Messrs. Harry S. Johnson Jr., Edwin Greethurst, Duncan Green, Walter Dopke; Mmes. Anton Steinke, R. M. Thomson, Hale Stow, Maurice Godsey, Grace Albert; Dr. William Green, Messrs. John Mosiman, Merrill Holland, J. W. Wheeler, C. A. Hedlund, Harry McMillen and Miss Anna Frank. During the drill Merrill Peterson sang two numbers and Mrs. Harry McMillen escorted the flag. Music was provided by Mrs. Paul Froker.

GUESTS PRESENT at the meeting from Wisconsin were from Trempealeau (Wis.) 83, La Crosse 22, Alma (Wis.) 145, and Ruth 23 and from Minnesota, Pickwick (Minn.) 191, Royal 42 Chaffin (Minn.) 191, Vesper 19 Elgin (Minn.), Mystic Circle 158 Houston (Minn.), Sunshine 98 St. Charles (Minn.), Evening Star 71 La Crescent Minn., and Luverne (Minn.) 47. After the meeting refreshments were served in the ball room, where the tables were formed in the shapes of a K and H honoring the worthy matron and patron. Each table was

Plans for April Art Show Made At Whitehall

WHITEHALL, Wis. (Special) — Plans for the Western Regional Rural Arts and Crafts Show have been formulated at meetings held Feb. 4 and 18. The show will be held at the Sunset Elementary School gymnasium, Whitehall, April 10-11. It will close with a 1-day workshop April 11.

Exhibits are open to all amateur artists and craftsmen from Pepin, Eau Claire, Jackson, Juneau, Monroe, La Crosse, Buffalo and Trempealeau counties.

A special feature of the show will be the arts and craft scholarship competition which will be open to all boys and girls from eighth grade through high school, in public and private school systems. The scholarship will pay part of the costs for the student selected to attend the high school art workshop scheduled for next June.

Attending the planning meetings were Junior G. Lager, Arcadia, Wis.; Mrs. Dawn Andersen, Galesville, Wis.; Mrs. Mildred Stenberg, Whitehall, and Carl Bong, Osseo, Wis., art teachers; Mrs. Eileen Layton, county home economics agent; Mrs. Lily Reich, county superintendent; Miss Evelyn Kennedy and Maurice Ewing, supervising teachers, and Peter Bieri, county agent.

Mrs. Layton is chairman for the show, which is under the joint sponsorship of the county agriculture extension office, the University of Wisconsin College of Agriculture, and the Wisconsin Rural Artists Association.

Senior Citizens Wear Colonial Party Costumes

Many of the members of Group 3, Golden Age Senior Citizens, came dressed in colonial costumes to the George and Martha Washington party Friday at Lake Park Lodge.

Otto Pietsch, president, conducted the meeting. The program included group singing, the reading of several poems, the presentation of a skit and playing of games. Mrs. Irwin Bittner director, was in charge of the program.

Miss Ruth Miller resigned as secretary-treasurer and Miss Annette Smith was appointed in her place. Honored with the singing of the February birthday song were Mmes. Emil Werner, Rose Murlinger and Fred Brehm. Each was given a birthday cake.

A poem, "Like Washington," in memory of LaVerne Senn, who died in World War II, was read by Mrs. Irwin Bittner. An original poem on February's birthdays, written by Mrs. Brehm was read, as was "Origin of the Flag" and one on the late President's farewell message to his family.

The humorous skit, "Wedding Bells are Ringing" was enacted by Mrs. Paul Griesel Sr. as the bride; Mrs. Cletus J. Moore as the groom; Mrs. Bittner as the justice of the peace; Miss Dorothy Wheeler as the bridesmaid, and Mr. Pietsch as the witness.

Refreshments of cherry tarts and coffee were served. Before adjournment, the group gave a vote of thanks to the volunteer drivers who pick them up and bring them to the meetings.

It was announced that the next meeting will be March 20.

The city of Palermo on Sicily renamed four streets, two squares and 20 local scholarships after the late President Kennedy.

Many Area Star Members Attend La Crescent OES

LA CRESCENT, Minn. (Special) — Guests were in attendance from five area OES chapters at the recent initiation meeting of Evening Star Chapter 71, Order of Eastern Star.

Mrs. Ruth Daniels, worthy Matron at Rushford, headed the delegation, while Mrs. Mattie Lee, worthy matron, and Ronald Ramlo, worthy patron, at Canton were accompanied by a delegation from their chapter. The Pickwick visitors, included Mr. and Mrs. Lloyd Northrup, patron and matron of their chapter.

Both La Crosse OES chapters were represented in a group which included Mrs. Lillian Clark, past grand chaplain of Eastern Star in Wisconsin.

Table decorations in a colorful Valentine motif were provided by Mrs. Howard Kelley, wife of La Crescent's worthy patron. Mrs. Jean Shephardson, their daughter, is worthy matron of Evening Star chapter.

Leadership Linked to Education

World Significance Cited at Caledonia School Dedication

CALEDONIA, Minn. (Special) — America's position of world leadership depends on its willingness to maintain high educational standards, a national school board association executive said here Sunday.

William Wettergren, St. Peter, Minn., president of the National School Board Association Secretaries and executive secretary of the state School Board Association, said the nation needs the best educational program possible.

"TO BE SURE, this costs money, lots of money, but I submit to you that anything that is good costs money, and you cannot find a better investment for your dollar than you can investing in the education of young people of today," Wettergren declared.

He spoke at the dedication of the new high school here, recently completed to accommodate the current enrollment of 365 students, with provisions in special departments to handle up to triple this number in the future.

"Your work is not done," Wettergren asserted. He went on to tell the 1,200 persons at the dedication that interest in education must not stop now that a new school has been built.

He called for more education in the home, church and school. He recommended hiring good teachers and taking interest in the school's curriculum and pride in student accomplishments.

"EDUCATION is America's greatest institution, and we must be ever vigilant that our heritage of a free society will last forever," Wettergren said. Wettergren was introduced by Victor Rupp, superintendent of the high school. John Rippe, president of the school board, was master of ceremonies.

The key to the new building was given Rippe by Wayne Smith of Flad-Smith & Associates, Winona, architects for the school.

Guests at the ceremony, which began at 2 p.m., included those who had been on the faculty since Rupp became superintendent in 1951. Recognition was given also to present faculty members and their husbands and wives and to persons who helped in building the school.

The high school band, directed by Robert Storetz, played from 1:30 p.m. until the program began at 2 p.m. The chorus, directed by Paul Spjut, sang after Wettergren's address.

INVOCATION was by the Rev. Richard Hansen of the Immanuel Lutheran Church here. The Rev. Roger Gustafson of the Caledonia Methodist Church gave the benediction.

An open house was held in the new building. Lunch was served by mothers of senior class members, the faculty and the school cooks.

NWA, Pilots Agree on New Contract

MINNEAPOLIS (AP) — Retrospective pay to Feb. 1, 1962, is included in a new contract agreed upon by Northwest Airlines and the Air Line Pilots Association.

Terms of the new contract were not made public but spokesmen for both sides said Monday it covers wages, pensions, hours of service, vacations, meal expenses and working conditions. It covers 560 pilots, some 400 of whom live in the Twin Cities.

The contract runs until Sept. 1, 1965.

Northwest, meanwhile, announced Monday that it will spend \$68.3 million for 13 new Boeing fan jets and related spare parts. The airline said it will offer stockholders 456,261 shares of the firm's common stock to finance the new equipment.

10 at St. Mary's Do NSF Research

Ten St. Mary's College students currently are working on projects as National Science Foundation research participants.

They are receiving a stipend of \$150 for the regular academic year. Those taking part in the college's nine-week summer session receive \$540. St. Mary's contract with the foundation, up for renewal this September, allows the college 11 participants during the regular year and five during summer sessions.

The program gives students the opportunity of working with their instructors as co-investigators of problems in biology. Teachers involved in the work have a chance to expose their students to new subject matter.

Brother H. Charles, FSC, of the college biology department, wrote of the program that its emphasis is more on what the research projects do for the students, rather than on what original contributions to knowledge the students' work might make.

Students involved in the program now are: James Allan, St. Paul; John Barrett, Rochester; John Boege, Minneapolis; Michael Frontier, Chicago; Roger Lucas, Minneapolis; Dennis Murphy, Arlington Heights, Ill.; Gerald Shay, Chicago; Kenneth Sirinek, Oak Park, Ill.; Dennis Tierney, La Crosse, and Brother Robert Nathan Thomas, St. Paul.

Buffalo Co. Board Considering Zoning

ALMA, Wis. (Special) — A proposed zoning ordinance was presented to the Buffalo County Board of Supervisors last week by the county extension service.

The board expects to adopt a preliminary zoning plan at its reorganization meeting in April.

THE PROPOSED plan provides for zoning residential, agricultural, recreation, flood plain, commercial and industrial districts.

Purpose of a zoning ordinance for the county is to promote public health, safety and general welfare and restrict the areas within which agriculture, forestry, industry, trades, business, recreational and residential uses may be conducted.

The proposal also would regulate areas in and along natural water courses, channels, streams and creeks in which trades or industries, filling or dumping, erection of structures and the location of buildings, including trailer or tourist camps and motels or both, may be prohibited or restricted.

The ordinance would specify certain areas, uses or purposes which might be subjected to special regulation and building setbacks and such other uses authorized by Sections 59.97 and 59.99 of the Wisconsin statutes.

The proposed ordinance would cover the entire area of the county outside the limits of incorporated cities and villages. A zoning map would become part of the ordinance.

THE RESIDENTIAL districts would be restricted to dwellings; churches; schools; municipal buildings except sewage disposal plants, garbage incinerators and buildings for repair or storage of road building or maintenance machinery.

Public parks and playgrounds, including swimming pools, golf courses, picnic grounds and bathing beaches; mobile home parks, with restrictions and on approval of the county zoning board after public hearing; accessory buildings incidental to residential use; gardening and farming including nurseries for propagation of plants only, except farms used for disposal of sewage, rubbish of offal, fur, stock and poultry farms.

Telephone exchanges and apartments, excluding service garages; home occupations, provided that no external alterations would change the residential character, no article is sold that is not produced by such occupation, and no person other than a member of the resident family is employed on the premises.

Professional offices when conducted solely by occupants of the residence, and signs, limited to two directory signs, advertising a home occupation or professional office when attached to the building, for sale, rent, etc.; signs advertising the location of a future church, school, etc.; and tablets or inscriptions signifying churches, schools, clubs, hospitals, religious or charitable institutions.

AGRICULTURAL DISTRICT regulations provide that any use permitted in the residential district would apply here also.

The agricultural district also would provide for general farming, live stock and poultry raising, nurseries, greenhouses, etc., except for farms and farms operated for disposal of garbage, sewage, rubbish or offal. No greenhouse or building for live stock or poultry could be located within 100 feet of any boundary of a residential lot other than that of the owner or lessee.

The proposed agriculture district would provide for dams, power plants, flowage area, telephone transmission, roadside stands, one-family trailer per farm on operating farms, signs to advertise products of the farm, giving the name of the farm or owner and rural director signs, and other uses approved by the zoning board.

proved by the zoning board after public hearing.

The other uses would include manufacturing and processing of natural mineral resources indigenous to Buffalo County, including buildings; aircraft landing fields; drive-in theaters; fur farms, pea vinery and charcoal kilns; kennels; medical, correctional or charitable institutions; mobile home parks under provisions established under the residential district; public dumping grounds when clearly defined on issuing of the permit; skeet and trap shooting within 400 feet of a property line and 800 feet from any residence, and stockyards.

THE RECREATIONAL DISTRICT would allow homes; cottages; recreation camps; institutions of a philanthropic or educational nature; public parks and playgrounds; mobile home parks under restrictions provided in the residential district; buildings, structures and use of land incidental to recreation; harvesting of wild hay, ferns, moss, berries, tree fruits and seeds; hunting, fishing and trapping; practice of wildlife, fish and forest management.

Hydro-electric power stations, dams and other structures for control of flowing water; telephone, telegraph and power lines and appurtenances; boat launching area; boat livery, storage and sale of motors, f. l. marine supplies and service, but not the manufacture of boats or motors; gift, notion and variety stores; restaurants and drive-in service; sale of bait, sporting goods and supplies, and general farming as provided in the agricultural district regulations.

Any use permitted in the agricultural and recreation districts would be permissible in the FLOOD PLAIN DISTRICT with exceptions as to location of buildings in relation to the water level.

COMMERCIAL DISTRICT regulations for installation of all retail establishments; manufacturing or storage in connection with retail businesses when incidental to their conduct, and establishment of animal hospitals, pet shops, veterinary services, dance halls, skating rinks, go-kart and similar race tracks as approved in writing by the zoning committee and town board.

IN THE INDUSTRIAL DISTRICTS no residences, educational or institutional buildings would be allowed except for the dwelling of a watchman or caretaker and members of his family. All industrial area would be subject to the laws of the state and ordinances of the county.

For the following industrial activity the owners must have approval in writing by the county zoning board of directors after public hearing: Automobile wrecking and junk yards, completely fenced by solid wall,

evergreen planting, etc.; abattoirs except for slaughter of poultry; acid manufacture; canning; charcoal distillation plants; cement, lime, gypsum or plaster of paris manufacture;

Contractor storage yard not visible from a public highway or residential building; distillation of bones; explosives, manufacture or storage; fat rendering; fertilizer manufacture; forage plant; garbage, rubbish, offal or dead animal reduction or dumping; glue manufacture; inflammable gases or liquids and overground tank farms; slaughterhouses; smelting of tin, copper, zinc or iron ores, and timber preservation treating plants.

THE PROPOSED ordinance covers highway setback lines and roadside regulations.

The lawful use of buildings and premises existing at the time of the passage of the ordinance, although not conforming, may be continued, the proposal provides.

Any parts of the ordinance declared invalid by the courts would not affect it as a whole. Violators of the ordinance would be subject to fines of from \$10-\$100 or not less than one day nor more than six months in jail.

The ordinance would be in effect in any town in the county when approved by the town board and a certified copy of the resolution is filed with the county clerk.

MIAMI BEACH, Fla. (AP)—Heavyweight champion Sonny Liston, the brooding destroyer, is an overwhelming 7-1 favorite—with virtually no betting—to burst the fabulous bubble of the brass band from Louisville, Cassius Clay, tonight.

Most observers predict the lights will go out for the boastful, poem-spouting challenger within minutes, perhaps seconds, after the scheduled 9 p.m. (CST) opening going in Miami Beach's pink-and-blue Convention Hall.

The fastest knockout on record in a heavyweight championship is one minute, 28 seconds, scored by Tommy Burns over Jim Roach March 17, 1908, and many are convinced this old mark will be broken.

"I won't be trying for a record, but I am for a quick knockout," Liston said. "It will be over as soon as I catch him." Sudden demolition has become the theme of Liston's awesome fists.

He has knocked out his last three opponents—Albert Westphal of Germany and former titleholder Floyd Patterson, twice—in the first round, using a total of 6 minutes, 14 seconds.

The 23-year-old Clay, who says he "floats like a butterfly and stings like a bee," refused right up to the zero hour to assume the role of a man waiting for the modern guillotine.

"I'll outbox him in seven rounds and knock him out in the eighth," he insisted, adding his favorite poetic twist: "I'm predicting eight to prove I'm great."

His never-ending spiel of "I'm the king—I'm the greatest" has failed to make a dent however, on boxing fans, who must shell out on a scale of \$20 to \$250 for one of the 16,000 seats. Indications were that they would stay away in droves.

Needing \$800,000 to break even on the venture, promoter Bill MacDonald, the self-made Miami millionaire, said sales had reached only \$330,000 and that only a last minute rush for the ticket windows could save him from a financial bath.

Meanwhile, a vast closed circuit television network, covering 269 theaters and arenas in the United States and Canada, is expected to gross between \$4 and \$5 million, assuring both fighters a handsome pay day.

If the over-all figure reaches \$5 million, Liston, who also has a half-share in the parent promotional setup, stands to earn \$1,560,000. Clay could draw \$600,000, not bad for a young man who was an amateur four years ago on Uncle Sam's Olympic boxing team and who has literally gabbed himself to the threshold of the sports greatest prize.

The bout will be televised nationally by the American Broadcasting Company.

A victory for the Louisville Lip—regarded as something in the miracle category—would provide one of the upsets of the century and one of the most astounding success stories in sports history.

Cassius acknowledges that he patterned his publicity campaign after that of the late boxing champion Gene and started "throwing the jive"—as he put it—to attract attention.

Now he has banged his cane against the ground and repeated "I am the greatest" so often that he seems to believe himself that he is unbeatable—the golden boy of the ring.

Clay is a superb-looking athlete, 6-foot-3 and at 215 the heaviest of his career, but by comparison with the dynamite that Liston carries around in his gloves Clay has a powder-puff punch.

Tigers Now Meet Saints

By GARY EVANS
Daily News Sports Editor

LAKE CITY, Minn. — Shaking off a case of typical tournament jitters and concentrating fully on a full court press in the second half, the Lake City Tigers made their District Three debut a success here Monday night.

Bill Holmes' Hiawatha Valley quintet outscored the Wabasha Indians by the score of 66-49 to fight their way into the semifinals of the East Sub-District tourney, which is being played at the spacious and modern field house here.

After a lethargic first period, the Tigers settled down to the business at hand and earned the right to play St. Charles, which drew a first-round bye, in the 7:30 p.m. game Thursday night.

With Tom Greer firing home two field goals and Dave Meyer displaying a cool eye from the free throw line, the Tigers burst into a 13-10 first period lead.

THE TWO teams battled on even terms throughout the second period.

A three point play by the Indians' Jim Burkhardt, with the second period just 21 seconds old, gave Wabasha a 13-13 tie and the Centennial Conference quintet powered into the lead on a rebound shot by John Reinhardt seconds later.

Lake City tied on a jumper from moderate range by Greer, but Wabasha whisked away to a 19-15 margin on two-pointers by Reinhardt and Burkhardt.

With the score 23-21 in the Indians' favor and three minutes left in the half, Lake City stormed back, rattling off seven straight points to take a 28-23 lead into the third quarter.

A free throw by Jim Abraham started the barrage and Greer hit on a jumper to give the Tigers a 24-23 edge. Abraham then hit on another charity toss, dumped home a driving shot and got the next point on a free throw.

THE FIRST half, set the pattern for Wabasha, which found the Tiger press forcing them into 15 mechanical miscues.

The mistakes began to tell in the third quarter, and with eight minutes to play, Lake City held a 43-33 edge.

After Jack Kane had dropped a rebound attempt seconds into the final frame, Lake City pushed it out of reach with three straight field goals.

The first two came on a drive and a jumper by Brad Head, the third on a rebound shot by Meyers.

That made the score 49-35, and it was only a matter of sweeping up for the reserve corps of both groups.

"IT'S NICE to get the first one," said Holmes in post-game chatter, "but we weren't particularly impressive. We forced them to throw the ball away 15 times in the first half, but didn't capitalize."

And while the Tigers dressed quietly, so did the Indians.

Standing and surveying the scorebook in gloomy silence was first-year Wabasha coach Charles Karger, who took the Indians to a 10-9 record for 1963-64.

"The press gave us trouble," he recalled. "You can't throw the ball away that many times and still hope to win. It's over now."

Harmony Stops Wykoff, Houston Eliminates Lions

Harmony pulled off a mild upset in District One tournament play at Preston Monday night by downing Wykoff 74-68.

In another game in the District, this one at Caledonia, Houston started its way on the right path to Williams Arena by edging Spring Grove 69-67.

Both winners face major hurdles in their next tourney outings.

On Thursday, Harmony tackles powerful Peterson at Chatfield and Houston collides with Maple Leaf champ Chatfield at Preston.

HARMONY 74 WYKOFF 68

Bill Barrett, a freshman forward and Mike Erickson, a

junior guard harassed the Wykoff defense to eliminate the Wykoffs 74-68 in a District One tourney game.

The first half was close, with the Cardinals in front 16-15 at the first-quarter gun and 36-32 at the half.

Barrett and Erickson took charge in the third stanza, helping the Cards cushion their lead to 55-43 going into the final eight minutes.

Harmony received balanced scoring from its front line, with Tom Fishbaugh leading the way with 24 points. Erickson was next in line with 17, followed by Jim Willford's 14 and Ron Johnson with 10.

Norm Vehrenkamp paced Wykoff with 18 markers; Chuck Doering had 16, and Rog Vreeman and Nazlan Jacobson 12 each.

Harmony now meets District pick Peterson on Thursday at Chatfield.

HOUSTON 69 SPRING GROVE 67

Dick Papenfuss' Houston Hurricanes got off on the right tourney foot by edging Spring Grove 69-67 thanks to a last second basket by Steve Bremseth Monday night.

Houston rallied in the final quarter after being behind 31-21 at the half and 49-41 at the three-quarter mark. The Hurricanes led at the first-quarter break, 13-12.

Bremseth led the Hurricanes in scoring with 21 points, but had to yield game scoring honors to Mel Hionuth of Spring Grove. Hionuth blitzed the nets for 30 points.

Other high scorers included Bob Bremseth of Houston with 15 markers and teammate Tom Runnigan with 11. Backing Hionuth of Spring Grove were Gary Glasrud with 13 and Dave Rosasane netting 12.

Strong Chatfield now furnishes the opposition for Houston on Thursday at Preston.

GET THE BALL! Characterizing the Lake City-Wabasha game during the East Sub-District action at Lake City Monday night was the rugged rebounding game. Here Lake City's Dave Meyers (34), and Brad Head (24) battle with Jerry Ekstrand (22) and John Reinhardt of Wabasha for the ball. Looking on are Wabasha's Jim Burkhardt (23) and Jim Stengel (22) of Lake City.

PLAINVIEW MEETS EAGLES

'63 Tourney Darlings Open New Campaign

By STAFF WRITER

LAKE CITY, Minn. — Plainview's 1963 District Three darlings — the team that came through with "crashing" success — makes its 1964 East Sub-District tournament debut at the field house here tonight.

The defending District Three champions will be out to prove that last year's drive was no fluke when they open against Dover-Eyota at 7:30 p.m.

The final game tonight will send Elgin against the surprising Lewistown Cardinals at 7:30 p.m.

If your memory serves you well and you happen to be a sports fan, you will recall with ease a happening of March 1, 1963.

IT WAS THE shot that was heard around District Three.

Lake City's Lyle Peters took the shot, Plainview's Dennis Lee leaped high above the basket rim to block the shot and pulled the glass backboard down with him.

But unlike the seven years bad luck that supposedly follows a mirror breaking incident, the happening turned into two weeks of good luck for Plainview.

Trailing 44-34 at the time with 2:07 left in the third period at Plainview, the game was continued at Lake City the following night and the Gophers came back to win it 57-56. Then followed victories over Kasson-Mantorville (55-51) and Rochester (40-38) in District Three and a 52-49 decision over Chatfield in the Region One semifinals. The finals brought a 60-53 loss to Austin.

Gone is Coach Al Sorenson and stepping up to fill the head coaching job this year is Robert Bagley. Does he expect anything as crashing as last year?

"IF YOU'RE referring to the backboard," he said. "But we're anxious to get going. We feel we are as good as anyone else in the tournament."

Plainview finished 9-7 overall and 7-7 and in fifth place in the Hiawatha Valley.

And back this year is Dennis Lee, who now has matured into a 6-2 junior center. The forwards will be Lyle Peters, 6-1 senior and the team's leading scorer, and Van Harrington, a 6-0 senior, with Dan Stanching, 5-10 junior, and Gary Feldman, 5-7 1/2 junior, at guards.

Lee and Kronebusch were starters last year and Harrington the sixth man.

Top line reserves are: Sheldon Christensen, 6-1 senior; Walt Ewald, 6-0 senior; Lyle Wood, 6-1 junior; Bob Johnson, 5-8 1/2 junior, and John Flies, 5-10 senior.

"I hope we're ready," said Dover-Eyota Coach Phil Pilschski. "We haven't been sharp our last two games."

The Eagles finished 8-8 overall and 4-4 in fourth place at 7-7 in the Hiawatha Valley.

STARTERS WILL be: Don

Indiana Doles Out Lesson

BLOOMINGTON, Ind. (AP) — Wisconsin was given a painful lesson in basketball marksmanship Tuesday night in dropping a 108-82 decision to Big Ten rival Indiana.

The Badgers reacted as if caught in a stampede as the Hoosiers buried them deeper in the conference cellar with a 2-9 record.

Indiana's starting front line of the VanArsdale twins, Dick and

Blue Chippers Strong in Active Trading

NEW YORK (AP) — Selective strength in blue chips highlighted a mixed stock market early this afternoon. Trading was active.

Gains and losses of key stocks ranged from fractions to a point or so.

Farm implements, building materials and some coppers advanced. Rails gave up their leadership of Monday and displayed a mixed pattern.

Steeles remained fairly steady. Rubbers and utilities declined.

After bouncing off the 800 level in the Dow Jones industrial average Monday, the market was involved in further profit taking which was combined here and there with reinvestment.

Business news remained fairly encouraging.

The Associated Press average of 60 stocks at noon was unchanged at 296.4. Its latest closing high. Industrials rose .5, rails lost .1 and utilities declined .3.

The Dow Jones industrial average at noon was off .62 at 296.50.

Prices were irregularly higher in moderately active trading on the American Stock Exchange.

Corporate bonds were mixed. U.S. government bonds were mostly unchanged.
