## Consolidation Halts Talks on New Armory

Plans for a new National Guard armory here were suspended today as part of a general freeze on similar construction projects across the country.

Capt. David Lueck, commander of Winona Company B, said he was informed of the suspension in a telephone call from Brig. Gen. Leon Hagen, assistant adjutant general of the Minnesota 47th Guard division.

Gen. Hagen's announcement does not mean rejection of the Wincrest site currently under consideration, Lueck said.

The suspension comes in the wake of a sweeping order for consolidation of Army Reserve and National Guard forces issued Saturday by Defense Secretary McNamara.

## Firm Asks for Setback Waiver

Waiver of a setback rule for Winona Heat Treating & Manufacturing Co., 978 E. 4th St., will be considered by the Board of Zoning Appeals Dec. 29.

The firm, whose building fronts on a vacated portion of Buchanan Street, hopes to build an office and laboratory annex fronting on 4th Street.

The planned addition, 40 feet wide and 20 feet deep, would be steel construction with front wall 6 feet from the lot line. Required setback in this M-1 zone is 25 feet. The 80-foot side wall of the present building is set back 26 feet from the 4th Street lot line.

## Caledonia Giving For Boy, 7, Who Lost Right Leg

Hodgen was on the staff of the New York City public library nine years. The last two years he has been administrator of a cooperative 31-unit chain on Long Island. He formerly was vice consul in Germany, residing in Europe eight years.

## LAST TIME, THEY SAY

## Carnival Dates Changed Again

The dates of Winona's Winter Carnival have been changed for a second—and this time, officials say—a final time.

The carnival will run from Jan. 15 through 24, it was decided at a meeting of the Winona Activity Group, the sponsoring organization, Wednesday night. The original dates were Jan. 17 through 24.

LAST WEEK — because of a conflict with the St. Paul Winter Carnival — it had been decided to hold the carnival here from Jan. 16 through 31, with the parade and queen coronation to take place the final weekend.

Later, it was discovered that the St. Paul carnival, too, was to last through Jan. 31, so the conflict still existed. It would have prevented St. Paul carnival.

## He Has Accident En Route To Face Accident Charge

There are times when life deals a bit harshly with a man. Take Richard Schmidt of Trempealeau, Wis.

He drove to Winona this morning to appear in court on a charge of failure to yield the right of way to another vehicle, causing a collision at 4th and Huff streets Nov. 27.

AS SCHMIDT approached City Hall on 4th Street from the east, he attempted to make a left turn south on Lafayette

hoping, no doubt, to get one of the precious parking spaces in front of the building.

He didn't quite make it.

As he turned, Schmidt drove into the path of a car driven east on 4th Street by Barbara J. Hengel, 453 E. 2nd St. Patrolman Roy J. Nelson cited Schmidt with making an improper left turn.

The collision occurred at 8:50 a.m. Shortly afterward, Schmidt appeared before Judge John D. McGill to plead not guilty to failing to yield the right of way in the Nov. 27 mishap.

JUDGE MCGILL set trial of the charge for Dec. 30 at 9:30 a.m. and ordered Schmidt to post \$30 bail, which the Trempealeau man did. He is to appear in municipal court Friday morning to plead to the improper turning charge. No bond was posted in the latter case.

Damage to the left front of both cars involved in this morning's accident was more than \$50.

Two guilty pleas to traffic charges were heard today in municipal court.

Robert E. Scharnaun, 26, 428 W. Mark St., pleaded guilty to leaving the scene of a collision Saturday at 12:01 a.m. He paid a \$50 fine imposed by Judge John D. McGill as the alternative to 17 days in jail.

Scharnaun was charged with striking a parked pickup truck and leaving the scene without doing anything to identify himself to the truck's owner. Police called to the accident scene later found Scharnaun's car three blocks away.

Mrs. Rom an Ashelin, 22, 706½ E. 4th St., pleaded guilty to careless driving Saturday morning on U.S. 61-14 at Highway 43. She paid a \$30 fine as the alternative to 10 days in jail.

Mrs. Ashelin told police that she fell asleep at the wheel of her car moving west on U.S. 61-14. Her car drifted off the highway to the north, knocking over a semaphore control box before coming to a stop in a ditch.

The group voted to make Brother Tosten and Sister Julia Thompson life members. The new regalia for officers was worn for the first time.

The officers: Ove Fossum Sr., president; Harold Omoti, vice president; Emily Ellestad, secretary; Hilda Blexrud, assistant secretary; A. B. Rosasen, treasurer; Alvina Ellingsen, counselor; Theoline Hegseth, social director.

Alpha Deters, marshal; Petra Myhre, assistant marshal; Orvin Johnsrud and Halvard Arnsrud, inner and outer guard, respectively; Agnes Swenson, organist; Gerhard Flaten, trustee; Violet Gannrud, sick committee; Selmer Haugland; Norman Storie and Truman Orndt, auditing committee, and Selmer Johnsrud, correspondent.

Man Found Suffering From Frostbite

MINNEAPOLIS (AP)—Edwin Nesheim, 67, Binford, N.D., was hospitalized early today with severe frostbite after police found him on a sidewalk.

Police found Nesheim in the lower Minneapolis loop area about 4 a.m. when the temperature was 11 degrees below zero. His trousers were frozen to the sidewalk.

Hospital attendants listed him in serious condition with frostbite and exposure. Nesheim was unable to speak. His billfold contained \$171, police said.

Man Returned; Gets Longer St. Cloud Term

Re-sentencing Wednesday brought an indefinite reformatory term of up to 20 years for David R. Clark, 21, Charlottesville, Va., who pleaded guilty to a sodomy charge in October.

District Judge Leo F. Murphy imposed the new sentence on Clark after it was learned that the former carnival worker is 21 years old. Clark had been sentenced to the Youth Conservation Commission Oct. 20 when it was thought that he was only 20.

HOWEVER, officials at St. Cloud Reformatory, where Clark initially was sent, found a photostatic copy of a birth record in the Virginia man's billfold giving his birth date as Feb. 11, 1943.

State investigators had overlooked this record in conducting their pre-sentence investigation, and Judge Murphy sentenced Clark under the impression he had been born in 1944. Clark can neither read nor write, so the record meant nothing to him.

Clark was returned to St. Cloud Reformatory Wednesday afternoon in the custody of Duane Fischer and Clifford Johnson, reformatory officials.

JUDGE MURPHY said that Clark's indeterminate sentence gives the commissioner of corrections the option of deciding when Clark is ready to be released, up to a maximum limit of 20 years. Clark could be released in as little time as 13 months, the judge said.

Judge Murphy vacated the Oct. 20 sentence on the motion of Assistant County Attorney Richard H. Darby after hearing Clark give his birth date as Feb. 11, 1943. Attorney Martin Beatty represented Clark under an appointment by District Court.

Judge Murphy vacated the Oct. 20 sentence on the motion of Assistant County Attorney Richard H. Darby after hearing Clark give his birth date as Feb. 11, 1943. Attorney Martin Beatty represented Clark under an appointment by District Court.

THE REST OF the carnival events will be held during the week after the parade and coronation, with the Daily News treasure hunt to end Jan. 23.

The parade and queen coronation are usually held the final weekend of the carnival.

State investigators had overlooked this record in conducting their pre-sentence investigation, and Judge Murphy sentenced Clark under the impression he had been born in 1944. Clark can neither read nor write, so the record meant nothing to him.

Clark was returned to St. Cloud Reformatory Wednesday afternoon in the custody of Duane Fischer and Clifford Johnson, reformatory officials.

JUDGE MURPHY said that Clark's indeterminate sentence gives the commissioner of corrections the option of deciding when Clark is ready to be released, up to a maximum limit of 20 years. Clark could be released in as little time as 13 months, the judge said.

## Mercury to Plunge Lower

Bitter cold spread its bone-chilling grip over Winona and vicinity today, sending the thermometer down to 12 below at 7 a.m.

This came within one degree of being the coldest Dec. 17 in Winona records and was the city's coldest day since Dec. 24, 1963, when the reading was the same. Previous low this winter was -4 on Nov. 30.

CONTINUED COLD with diminishing winds is the forecast for tonight when the mercury is expected to plunge to between 8-25 below. Friday, says the weatherman, will be mostly fair with a high of -5 to -2. Not quite so cold is the outlook for Saturday.

The Winona temperature, 22 Wednesday morning, had dropped to 12 at noon and near zero by 6 p.m. The city was side-swiped by a blizzard in the afternoon and although little snow fell, the wind at the North Central weather station at Max Conrad Field reached 20 miles an hour from the west.

Today's barometer there was unusually high, 30.38 inches, promising fair weather for the next day or so.

After dropping to -12 at 7 a.m. the thermometer rose slightly and was -3 at noon.

A YEAR AGO today the Winona high was 12 and the low -10 with five inches of snow on the ground. All-time high for the day was 58 in 1959 and the low -13 in 1875. Mean for the past 24 hours was 5. Normal for this day is 20.

If there is any consolation for Winonans this is the anniversary of the coldest week of the 1963-64 season. It was in this week a year ago that the temperature dropped to -17, lowest reading of the winter.

A comparison of the temperatures this week and the same week last winter follows:

1964	1963
Dec. 16	4
Dec. 17	-12
Dec. 18	-11
Dec. 19	-11
Dec. 20	-16
Dec. 21	-17
Dec. 22	-16
Dec. 23	-12
Dec. 24	-12
Dec. 25	-14

With the ground and streets virtually barren of snow, the city street department was nevertheless busy this morning. Beginning at 5 a.m. crews checked remaining icy spots, according to Commissioner Arthur Brom.

After that crews went to work stockpiling sand for the inevitable ice to come and maintaining equipment. One crew — as usual — was out cleaning up debris along streets. When it's above zero, a crew is cleaning out storm sewer lines and catch basins and another is patching holes. Shortly, clearing work in an area off the east end of the airport runway will begin for a borrow pit.

THE COLD prevailed all across Minnesota and Wisconsin this morning, although readings in many areas didn't grip quite

as low as expected. In the Twin Cities, a forecast low of -20 turned out to be -12.

Readings from 25 to 30 below are forecast tonight across the top of the region, from Montana to northern Minnesota. The low this morning in Minnesota was -16 at Alexandria and St. Cloud.

A backlash of the Montana blizzard was felt in western North Dakota. Bismarck accumulated seven inches of snow and Dickinson, N. D., reported -20 this morning. Rapid City, S. D., logged -23.

TWO GREYHOUND buses were stalled at Beach, N. D., near the Montana border. Passengers were billeted in private homes.

Gene Benson and Buster Iversen of Williston, N. D., were stranded 18 hours in a stalled car near Belfield, N. D. They said they kept warm by burning papers in a steel helmet.

Gov. William Guy had issued a special plea to motorists to stay off roads in North Dakota late Wednesday.

Rochester, Minn., had a morning low of -15 after a Wednesday high of 28 and La Crosse posted figures of -10 and 31 for the same times. A trace of snow was recorded in both places.

ALTHOUGH no serious freezing of water pipes has been reported to date, Gerald O. Harvey, water commissioner, reported that should the cold weather persist over any per-

iod of time, the frost depth would drop sharply due to lack of snow cover and some freezing should be expected. Frost depth at the present time is about two feet with excavators and plumbers still working without too much hindrance.

Garages were flooded with calls this morning to start stalled cars although several checked said that they were not getting as many calls as when the first subzero spell hit in November.

Taxicabs were keeping up with calls and local schools reported only slightly more absences than usual, all indications that Winonans were beginning to take its regular seasonal cold spell in stride.

A mass cold wave also gripped WISCONSIN today and threatened to hang on at least until the weekend. The mercury skidded to zero or below throughout the state.

Rhineland was the coldest of the official Weather Bureau reporting stations, with 18 below. Park Falls and Superior had 16 below. Wausau 15 below, Madison 9 below, Milwaukee 2 below, Beloit 1 below and Racine zero.

In the southern part of the state temperatures were comparatively mild Wednesday before beginning their skid. Beloit reached 42, Burlington 39, Milwaukee 38 and Madison 36.

BUTTE, MONT., had the nation's low of 38 below zero early today, compared with the high of 81 Wednesday at Alice, Tex.

## Shrewd Film Makers Rich

By EARL WILSON

LEO CARILLO BEACH, Calif. — I'm out here 60 miles from Hollywood playing myself in a beach and bikini movie. When I tell people in Hollywood I'm playing myself, they say things like, "Couldn't you get them to let you play somebody else?"

There's a hot sun grinning down at us this Christmas month — it must be 80 degrees — but yesterday it was cold . . . and the bikini-clad young beauties like Annette Funicello got goose bumps on their other bumps as they raced in and out of the ocean, and emoted with teeth chattering, after which they ducked under heavy coats.

"I'll bet you think it's raining," Bill Asher, the director said at one point.

"Well, it isn't. That's just spe-

cial effects."

But it was raining and the cast of young people like Frankie Avalon, Jody McCrea, ex-Playmate of 1963 Dawn Michele, Bobbi Shaw and Marta Kristen are hardy beach nuts who can take the changeable December weather.

"I came prepared — I brought both sun glasses and an overcoat," shivered Paul Lynde. "Look," he added wetly, "they have an umbrella over the camera but none over us."

About everybody wears a bikini except Lynde, Buster Keaton, Harvey Lembeck, Don Rickles and me. We are the "dramatic talent."

The picture is "Beach Blanket Bingo." All these young lovelies are in their teens or early 20s, and are making a packet for American International which discovered that there's a big market for uncomplicated movies about surfers and other beach nuts.

IT'S A SIMPLER world than that of Marlon Brando, Paul Newman and Carroll Baker. There's only one phone near here. It's over at the Forest Ranger station.

The only reference I heard to Method acting was by Buster Keaton, who said he isn't one. Buster has the admiration of all the kids here — a busy 22-year-old beauty, Bobbi Shaw, from Miami Beach, New York and New Hope, Pa., who is supposed to be in love with him in these beach movies, just adores him.

"I played an Indian in the other picture, 'Pajama Party,'" Buster told me. "She played my squab." That's what he said, "squab."

"What do you play in this one?" I asked Bobbi, whose bikini was distracting. It was bordered in pink, both top and bottom.

"I play his assistant," Bobbi said.

"His assistant what?" What does he do?" I asked. "They haven't decided yet," whispered Bobbi. And they make money!

Maybe all the other movies are taking themselves too seriously. TODAY'S BEST LAUGH: Some department stores are selling so many guns, tanks and rockets for the kids this Christmas that Sec'y McNamara's list of places to close down includes six bases and a toy counter. — Bob Orben.

WISH I'D SAID THAT: George Kirby described a girl's shape: "She's got more lumps than a plate of boarding house oatmeal."

REMEMBERED QUOTE: "We all realize it isn't human to be perfect, but too many of us take advantage of it." — Corbin (Ky.) Tribune.

EARL'S PEARLS: Jackie Kannon reports he and his wife had dinner last night in a most unusual little place — home. There's new diet that includes tranquilizers. You don't lose any weight — but it no longer bothers you that you're fat . . . That's earl, brother.

## Bill Merrill's Something to Live by

SOME of the happy memories of my past include surprise parties, usually associated with someone's birthday. However, after the first two or three within a given group, the party became a tradition and the element of surprise was soon lost. The things that concern me is that the element of surprise appears to be lost — period. I mean by this, that it takes quite an unusual thing to surprise people now-days.

For example, some time ago I attended a meeting in a large city. It was a big meeting, and some very important personnel was expected, but word had it that their large twin-motored plane had been forced down, due to bad flying conditions. After some delay and considerable effort, the men were hurried to the affair. Naturally the account of what happened was the first order of business.

THE PILOT told of his decision to land on a stretch of highway. The problem was to determine what stretch, as he had many things to consider. A main concern was that of wires stretched between poles across the road. Once on the ground, they taxied the plane into a farm yard. Now remember, this was a large twin-motored plane.

Hearing the noise, one of two children in the farm house, watching TV, got up, looked out the window and said to the other, "It's just a plane," and went back to the TV set. That's right. All he said was, "It's just a plane," and went to watching TV. I guess the only way that pilot could have surprised that 20th century young'un would be to fly the plane through the house.

TYPICAL OF our day was the accident that occurred on a highway in front of a business place of a fellow I know. Now note — he lived in quarters to the rear of the store. Early in the morning, a car went off the road directly across from the store. A derrick, I understand, came and pulled the car out, but to this day, I doubt if the storeowner knows what happened. The last I saw him I asked and he said, "No, I don't know who it was, or what happened." He only knew that someone went in the ditch. Years ago an incident like that would not only have been investigated by all the neighbors, but by the time I arrived, the story would have gained considerable color.

For all that this seems on the one hand to be a day of nervous frustration, in some areas we have quite a calm attitude. At least it seems to be that a surprise is hard to come by these days. We live in a rapidly moving era, with advances coming so fast and furious that much is taken for granted. Perhaps surprises are the most apt to be felt when good things happen to us, as individuals. So, may I suggest if you are seeking the joy of happy surprises, you yourself can do much to bring them about by putting your all into live, and you will be surprised what life will give you in return.

## Mississippi Bonds Sold

NEW YORK (AP) — Mississippi Wednesday sold \$8,775,000 worth of state bonds that civil rights organizations had asked investment houses to boycott.

But some New York brokers said interest costs on the two bond issues would be more than if the civil rights groups had not opposed the bonds. Others said the interest cost was not far out of line with other recent bidding.

Sale of the bonds came within 24 hours of a failure by the Pearl River Valley Water Supply District, Jackson, Miss., to secure an acceptable bid on a \$24.6-million bond issue to refinance earlier issues.

Blyth & Co. headed a syndicate which submitted the best bid — subject to final approval by the state — for \$6 million worth of school bonds. The syndicate set a net annual interest cost of 3.238 per cent.

A syndicate headed by New York's First National City Bank submitted the best bid for \$2,775,000 of college and university bonds. It set an annual net interest cost of 3.2867 per cent.

The bonds had been rated "AA" by the Moody's Corp. and "A" by Standard & Poor's, two firms which set the standards on bond quality.

## Quirin Victory By 50 Votes Upheld by Judge

ROCHESTER, Minn. (AP) — Conservative State Rep. Donald W. Fisher lost to E.W. Quirin, Rochester insurance man, by 50 votes in the Nov. 3 election. District Judge Arnold Hatfield ruled Wednesday.

Official canvassing board figures had given Quirin a 10,565-10,522 margin over the incumbent and Fisher had asked a recount.

The dispute centered on 206 contested ballots, of which Judge Hatfield said he had allowed all but one in finding his verdict. Quirin said he would caucus with the House liberal faction.

## Witnesses Differ At Phone Hearing

WHITEHALL, Wis. (Special) — When the Public Service Commission held a hearing at the courthouse here on petition of nine Trempealeau and Jackson County persons to switch from General Telephone Co. of Wisconsin to Tri-County Telephone Cooperative, Ernest Sobotta, Independence, said they could be served without duplication of lines.

However, Frank Heidt, engineer for General, which recently purchased the Beef River Valley Telephone Co. at Osseo, said there would be duplication. Heidt and Attorney F. A. Brynson, Madison, represented General. Sobotta is general manager of Tri-County, which opened exchanges at Independence, Strum, Osseo and Pleasantville last year and purchased Pigeon Falls Farmers Telephone Co., Pigeon Falls, in 1963. Recently it purchased Northfield Farmers Telephone Co.

SOBOTTA SAID the petitioners are adjacent to areas served by Pleasantville and Pigeon Falls. The petitioners present were Mr. and Mrs. Oscar Castad, Mrs. Lena and Morris Peterson, Town of Hale; Marvin and Henry Paulson, Town of Garfield, and Norman Olson and Harold Isom, rural Strum.

The Tri-County manager said the cost would be small to service the petitioners: cost of burying cable would be about \$100 per 1,000 feet for both labor and material.

Heidt pointed out that General has extended area services to four other exchanges, including Augusta, four lines to Strum, three to strum, and one to Northfield, with three to be added to Northfield when it goes dial.

He said the toll to Pigeon Falls is 18 cents per three minutes and to Whitehall, 24 cents for three minutes. He said the company has an average of five to six subscribers per rural line.

ATTORNEY John Ward, Osseo, represented the petitioners. Mr. and Mrs. Castad testified they have relatives in Whitehall and Coral City whom they could call without toll if attached to Pigeon Falls. Mrs. Castad says her strawberry customers live in the Tri-County Cooperative area, and they would prefer subscribing to the co-op.

Peterson, who has no telephone but uses his mother's, said he is in the Whitehall School District; does much of

# Works on Scientific Paper

A Winonan was one of three students who cooperated with Dr. Thomas Rossing of the physics department of St. Olaf College, Northfield, in preparing a scientific paper.

He is ROYAL THERN, son of Mr. and Mrs. Royal G. Thern, 1361 Glenview Rd., a 1964 St. Olaf graduate now attending the Massachusetts Institute of Technology as a National Science Foundation graduate fellow in physics.

The paper, "Spin-Wave Spectra in Thin Magnetic Films," was presented at a recent conference on magnetism held in Minneapolis.

Thern and the other two students who worked with Dr. Rossing on the paper participated in a NSF program of undergraduate research under Dr. Rossing's direction at St. Olaf this summer.

MISS MARY LOU HUNTER, daughter of Mrs. Bettie Hunter, 327 Lafayette St., has been nominated for inclusion in "Who's Who Among Students in American Colleges and Universities."

Miss Hunter is a senior majoring in political science at Whittier College, Whittier, Calif. She is president of the campus International Relations Club, is a member of the Canterbury Club and the Thalian Society and served as junior class social chairman last year.

A Winona girl now studying at Albertus Magnus College, New Haven, Conn., has been named for the honors at entrance award, granted to members of the freshman class who indicate outstanding academic achievement upon entering the college.

She is MISS EDITH McMAHON, daughter of Mr. and Mrs. C. Stanley McMahon, 320 W. Wabasha St.

LAKE CITY, Minn. — Miss Frances Schreck, a senior at the College of St. Catherine, St. Paul, is practicing teaching this semester at Fairview Junior High School, Roseville, Minn. She is the daughter of Mr. and Mrs. Harold Schreck.

Miss Elizabeth Golhi, daughter of Mr. and Mrs. John Golhi, and a senior majoring in art at Clarke College, Dubuque, Iowa, has contributed two poems and illustrated her own short story in the current issue of the college literary magazine, "The Labarum."

ST CHARLES, Minn. (Special) — Miss Betty Laudon, daughter of Mr. and Mrs. D. J. Laudon, is among 20 students selected to serve on the freshman board at the University of Minnesota's St. Paul campus.

Thomas A. Kounour, son of Mr. and Mrs. Thomas J. Kounour, former residents here, was awarded a full scholarship by the Minneapolis Gas Co. He is a sophomore at the University of Minnesota institute of technology, majoring in chemical engineering. The scholarship is continuous if he maintains a grade point average of 3.0.

ALMA, Wis. (Special) — John Burg Jr., whose parents live here, is serving as president of the Society for the Advancement of Management at the University of Wisconsin. The group is an organization for students in the university's school of commerce.

INDEPENDENCE, Wis. (Special) — Michael Sobota, son of Mr. and Mrs. Fred Sobota, appeared in two one-act plays at Eau Claire State University recently.

A freshman at the university, he appeared in "The Sandbox"

by Edward Albee and "Lidice" by Malloy.

ARCADIA, Wis. (Special) — Patrick McConnon, son of Henry McConnon, is among students of University of Wisconsin who this semester make up the university chorus, which recently performed "Magnificat" by Pergolesi and "The Christmas Story" by Ron Nelson.

BLAIR, Wis. (Special) — Four area students at Luther College, Decorah, Iowa, took

part in the college's 61st annual presentation of Handel's "The Messiah." They are Donald Nanstad, Glen and Philip Borreson and Miss Helen Hoff. Miss Hoff played with the orchestra; the other three were members of the 700-voice choir.

## Red Wing Studies Downtown Plan

**DETERIORATING** downtown business districts are of concern to many cities today, Winona included.

Red Wing is doing something about the situation in that Upper Mississippi River community. A 15-year plan to create "a shopping center-type of convenience and atmosphere" in its downtown district was unveiled there this week in the final report of the City Advisory Planning Commission's two-year study of how to develop Red Wing's central business district.

Major features include parking for 1,500 cars, converting of block interiors into pleasant pedestrian plazas linking parking areas with store rear entrances; a half-block pedestrian mall; new in-town complex of stores and shops; pedestrian tunnel under Main street connecting with a pedestrian plaza leading to a new Levee Park pavilion on the waterfront and an all-weather pedestrian bridge connecting two of the city's largest stores to the interior of the next block.

**FEDERALLY AIDED** urban renewal is recommended for two areas but the report proposes that "most of the downtown redevelopment should come from private businesses acting independently."

"Red Wing," the report continues, "should embark on an urban renewal program to provide the impetus, or subsidy, to permit private enterprise to do the job."

Specially surfaced "pedestrian ways" would lead from these parking areas to the new plazas in block interiors. These, too, would have a special surface designed for pedestrians but capable of carrying vehicles for delivery and emergencies.

"LANDSCAPING, benches, fountains, vending kiosks, convenience facilities, remodeled store entrances, display areas, outdoor promotion and activity opportunities, and a safe and pleasant atmosphere" would characterize these interior plazas.

## 1,000 Dead — Tragedy and Disgrace

**A YOUNG FAMILY** is returning from a Christmas shopping trip, not many minutes from home. In a split second, the lives of four persons are struck by tragedy. The father is dead and one of his little sons is critically injured.

So, Wisconsin for the first time, has suffered 1,000 traffic fatalities in a year—a statistic, like other statistics, to be recorded and too easily forgotten, except by the family and friends of the 24-year-old man who was Wisconsin's 1,000th traffic death in 1964, and to the loved ones of the other 999 persons whose lives were ended on our highways this year.

As Lt. Gov.-elect Patrick J. Lucey said: "This is more than a record figure. It means heartbreak and anguish for 1,000 families, and it is a disgrace that reflects upon every citizen of our state." It is more than disgrace. It is a massive human tragedy, a disaster that demands drastic countermeasures. Lucey has suggested an increase in the size of the state patrol, stricter laws on drinking drivers, mandatory vehicle inspection to get unsafe cars off the road, a strengthened seat belt law requiring belts on all automobiles.

**THE SUGGESTIONS ARE** sound, but the 1965 legislature might do well to go even further. It might follow the example of the recent session of the Virginia legislature which enacted laws calling for revocation of a driver's license for life on a third conviction for drunken driving, and for confiscation of the automobile after a driver has been apprehended a second time after his license has been revoked.

The 1965 Wisconsin legislature should consider making it mandatory, with penalties for violation, not only to install but to use seat belts in moving cars.

All the legislation conceivable will not totally eliminate traffic accidents, for the ultimate responsibility is the individual's. But a concerted effort by all levels of government, employing education, persuasion—as well as legislation and its strict enforcement—could help reduce the tragic toll.

**HOWARD PYLE**, president of the National Safety Council, estimates that at least half of those killed or permanently injured on the nation's highways would be active and leading useful lives today if our state and local governments had been willing to invest an additional \$3 a year for every man, woman and child in the United States to protect them from traffic accidents.

That's over a half billion dollars a year, a sum which Pyle suggests is a "bargain investment." There could, in fact, be no greater bargain for we would be preserving irreplaceable human life. Whatever money Wisconsin can spend for highway safety must be spent; whatever effort is required must be made. — Milwaukee Sentinel.

### Reds Active in College Activities

By DAVID LAWRENCE

WASHINGTON — On the surface, it looks as if campus demonstrations are merely the exercise of free speech or perhaps the aberrations of overzealous youth. But J. Edgar Hoover, director of the Federal Bureau of Investigation, has just told the American people to take a second look at what's happening in many of their colleges across the country.

Speaking in New York City over the weekend before the Pennsylvania society, Mr. Hoover stated that foremost among the programs and activities currently being directed against the young people of the United States is "a new Communist-oriented youth organization, the DuBois Clubs of America, which was founded last June at a special meeting in California dominated and controlled by the Communists." He described it as "a continuation of the campus-speech program which has contributed so successfully to the Communist party's efforts to reach the student bodies of American colleges and universities."

**THE DIRECTOR** of the FBI said that the Communist party in this country "is not simply un-American — it is anti-American in every conflict of issues between Washington and Moscow," and its members are "not simply pro-Soviet—they are deliberately and intentionally an active part of the inflexible Soviet empire." He added:

"Today, these rabid emissaries of Red fascism are engaged in an intensive campaign to subvert the minds and win the support of American youth."

Mr. Hoover asked a significant question as follows:

"Why are Communist spokesmen so anxious to appear on college campuses, yet so tight-lipped before grand juries, committees of Congress and in our courts of law? Why do glib-tongued party members suddenly lose their voices when placed under oath? The answer is: They are afraid of the truth — just as they fear decency and justice and God! Let me repeat what I have said before: We are at war with the Communists and the sooner every red-blooded American realizes this the safer we will be."

**THE HEAD** of the FBI last March warned college presidents throughout the country of "an organized attempt by foreign money to disrupt the universities of America" by the use of "bogus students and bogus faculty members."

Also, in an interview in "U.S. News & World Report" this week, Mr. Hoover says:

"I have taken the position that it is unfortunate that some colleges in this country have provided avowed Communists — some of whom have been convicted and have served time in the penitentiary, such as Gus Hall, general secretary of the Communist party in the United States — a platform from which to espouse their godless ideology of chicanery, deceit and treachery."

Mr. Hoover in his speech last Saturday night did not confine himself solely to Communist activity on the college campuses. He dealt with the Communist party's attempts to infiltrate the civil-rights movement in America. He said:

"NOWHERE HAVE the devious tactics of the Communist party been more forcefully demonstrated than in the party's efforts to drive a wide breach of racial misunderstanding in this country and to capitalize upon areas of dissension and unrest."

## BROTHERHOOD

## THE WASHINGTON MERRY-GO-ROUND

# Adam Clayton Powell Sets Fishing Record

By DREW PEARSON  
WASHINGTON — Rep. Adam Clayton Powell, the Harlem Globe Trotter, has set a record not only for seeing the world but also for catching fish.

Powell recently turned up in Hawaii accompanied by his shapely secretary, Miss Corinne Huff, former winner of the "Miss Ohio" beauty contest. Both attracted considerable publicity.

After that, Adam disappeared from view. When newsmen covering Capitol Hill tried to locate him recently they could find neither the congressman nor his public relations expert, Chuck Stone, former Washington editor of the Afro-American.

Finally, Jack Anderson located the congressman in Acapulco, the Mexican resort on the Pacific coast famous for its excellent fishing. A lot of well-known people have fished there, but the congressman from Harlem set a record by snagging 13 sailfish and eight marlin.

John McCormack, gaunt, gray speaker of the House of Representatives is a kindly man who feels the suffering of his fellow men. This is why he gave a job to Claude A. Taylor, who served time for padding the government payroll while previously superintendent of the House folding room which mails out literature, letters, and propaganda for congressmen.

**TAYLOR HAS** four children, and the congressman from Boston didn't want to see the children go hungry.

McCormack also has a built-in compassion for fellow members of "The Club," the name given to the elite powerhouse which dominates Congress. For that reason, John isn't happy about the move to challenge the seating of four Mississippi Democrats because their state violated the constitutional right of all men to vote. It excluded most of the Negro population.

So far, all of "The Club" and most Democratic members of Congress agree with the speaker. However, a small group of northern Democrats led by Rep. William Fitts Ryan of Manhattan, has been arguing

that the barring of the four Mississippians would be a great blessing to Speaker McCormack, to the President, and to the Democratic leadership.

At first this little group didn't make many converts. But since the release of the 21 Mississippians involved in the Philadelphia civil rights murders, the converts have been growing.

**HERE ARE THE** four Mississippi Democrats involved and arguments which have been made regarding them:

Rep. William Colmer is a member of the House Rules Committee, has voted against Kennedy and Johnson on almost every issue. His vote, together with the Republicans and that of Jim Delaney, N. Y., the friend of Cardinal Spellman, has tied up aid to education for four years.

Rep. Jamie Whitten is chairman of the House Appropriations Subcommittee for Agriculture, with almost life and death powers over some phases of the farm program. As noted previously in this column, he once held up the Agriculture Department appropriations bill for six months while arguing with Sen. Dick Russell, D-Ga., over whether a peanut laboratory should

be in Mississippi or Georgia.

Rep. John Bell Williams who deserted the Democratic ticket and campaigned for Goldwater, is No. 2 man on the interstate and foreign commerce committee which influences the railroads, TV, radio, telephone and telegraph, oil and gas pipelines and electric rates.

Rep. Tom Abernathy is a potent member of the Agriculture Committee and along with Williams is a member of the District of Columbia committee. This puts two Mississippians in the position of making policy for the nation's capital; which is one reason the schools of Washington — 84 percent Negro — have suffered from lack of funds.

**IF CONG. RYAN** of New York and the other northern Democrats who want to block the seating of the Mississippi congressmen get their way, a long list of people, ranging from officials of the Agriculture Department to the residents of Washington, to most of the school teachers of the nation, would be delighted.

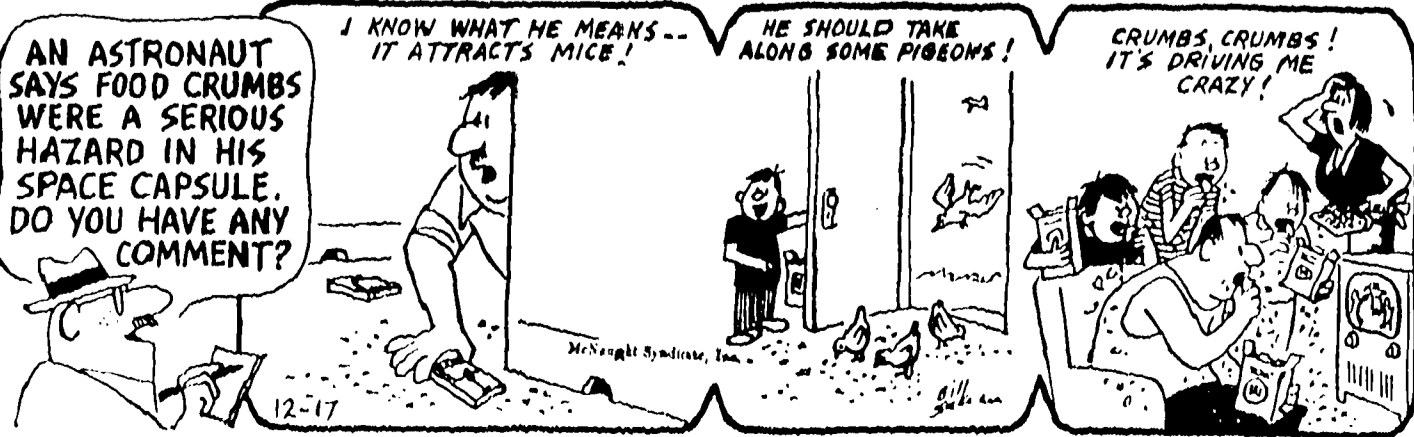

They wish Speaker John McCormack would feel as kindly toward them as he does toward ex-convict Claude Taylor.

Copies of Companies C and E Available To the Editor:

In 1888 more than 200 men from Winona and vicinity enlisted in Companies C and E for the Spanish American War. Most of our time was spent in camp in Chicanauga Park, Georgia. No active service was seen. One man, Cleon Emery, a farm boy from near Plainview and a student in Winona Normal School at the time, kept a record of these experiences. The diary was well written, though at that time he had had no formal training in reporting.

After he retired many years later he wrote articles for farm journals on problems relating to farming.

He takes you right into camp where there are a few stories of fun and you feel the frustrations that swept over the camp when the war ended and they had seen none of it. This was entirely a volunteer army. Many of the boys were sons of veterans of the Civil War. After Mr. Emery retired, many years later he gave me a copy of the diary.

The College of Saint Teresa and St. Mary's College libraries each has copies of this book done on a copying machine. Also the Winona Public Library. These are available to the public for reference.

## To Your Good Health

# Answers To Your Questions

Dear Dr. Molner: My husband is a painter who works in a tuberculosis sanitarium. He is afraid he will catch TB there and give it to our baby. Is there any danger? — E. L. C.

There's virtually no danger. First, close and relatively prolonged contact is necessary to transmit the disease in most cases. Second, in the sanitariums with which I am familiar, and this includes a number of them, employees actually are safer than the average citizen, because it is the practice to see that everyone has regular chest X-rays and patients have been instructed to muffle their coughs.

I've known skilled craftsmen (including painters) who have worked in such sanitariums for 20 and 30 years in perfect safety so far as TB goes.

Dear Dr. Molner: My baby sister is going to the hospital to have her tear duct opened up in her right eye. What do they do when they operate? — JANE S.

At the inner corner of each eye is a small opening or duct which leads into the nose. These ducts drain away the tears which are Nature's means of keeping the eyes moist and clean. (This drainage explains why a person when crying hard will develop a runny nose, too.)

Sometimes these tiny tubes become clogged and have to be opened. This is usually rather easily done by passing through the tube a fine, smooth, blunt wire.

Dear Dr. Molner: What foods, if any, contribute to the production of hormones in the body? — L. J.

Proteins and cholesterol both are very important in hormone production.

But this business of payment for services rendered does not apply to governments. Governments will beat you to death on a tax rap, but when the time comes for their loans to be called — well, well.

Let us ignore the Russian failure to get up the scratch for their United Nations tab, and concentrate mainly on the plight of England under the reign of Honest Harold Wilson, the architect of economy.

Britain just tapped the till — with a great deal of help from the rest of the world — to keep the old pound sterling from turning into autumn leaves. But it turns out Britain is faced with a king-sized installment payment on another piece of international embezzlement.

**RIGHT NOW** the loan sharks are asking a little matter of 67 million pounds (multiply by almost three to get the dollar conversion) as a marker on a little 1,200 million-pound loan which was rigged in 1946.

Now, as I read it, the combined governments of America and Canada will allow the roughly \$180 million worth of interest to be tacked on to the other end of the main sum.

This would mean a forgiveness that would extend to the year 2003, which means I won't be around to worry about it. And neither will Harold Wilson.

I AM not ulcerating over the Russians' failure to get up their whack on the U.N. due bill — which I have already helped pay for to keep the U.N. troops in the hijack business.

Nor do I bleed for the rest of the moochers in that glorious U.N. who won't grab their share of the tab for an operation which is largely designed to protect the defaulters. It will turn out that we will seize the check while all the other boys are off in the men's room.

But my dander runs a dead heat with my hackles in the high blood pressure sweepstakes when I reckon that I never beat a tab in my life.

Not with the income tax boys. Not with the sales tax boys. Not with the rent, the hire-purchase on the automobile, not on the washing machine, the butcher, baker, airlines — nothing.

**YOU TELL** a hack driver he has carried you for credit and you'll pay interest on it in the year 2003, and he'll wrap a jack handle around your neck. And just try to introduce a little easy credit to your friendly neighborhood bookmaker, or give the light, heat, telephone, traffic-violations folk a bit of jazz about getting up the let-tuce 40 years from now, and then see how long you can duck the process servers.

I got to figure out a way to stop paying all bills. The only consultants I can think of right now are most of the governments all around the world, and possibly Bobby Baker.

# Minnesota Gets Some War on Poverty Jobs

ST. PAUL (AP) — State agencies are all set to take full advantage of the War on Poverty projects announced for Minnesota Wednesday, says Gov. Karl Rolvaag.

Expressing delight that Minnesota was included in the listings, the governor said he was especially pleased by youth employment plans, including two job course centers.

"The young will be offered significant opportunities under this program," Rolvaag said.

"The centers will have a new economic impact on the neighboring communities. Furthermore, the work job corpsmen will do in improving recreation hunting and fishing and the scenic areas will benefit all the citizens of the state."

The governor said the projects approved will employ between 1,200 and 1,400 unskilled youths between 16 and 21 on natural resource development activities.

The projects are designed so that each worker can earn a maximum of \$700 over an 18-week period.

The Chippewa Ranch project in Mahanomen County will include site preparation and tree planting on 600 acres in the Twin Lakes area, timber stand improvement on 1,000 acres in Naytahwaush and Twin Lakes areas and construction of five miles of trails in the Twin Lakes area.

Corpsmen also will assist in forest pest control in 500 acres of white pine in the Elbow Lake and Twin Lakes area, and the resurvey of 61 miles of boundary line in the Elbow Lake and Naytahwaush areas.

The job corps enrollees will help construct camp grounds at Snyder, Little Elbow, Bass and lower Twin Lakes and picnic areas at Twin, Snyder, Big Basswood, Mission, Lost Log, Round, Icecracking, Big Elbow, Strawberry and Net Lakes.

The job corps center at Isabella, will involve the development of 71 acres of land adjoining McDougal Lake for recreation, including the construction of 25 family camping and picnic units, a boat landing, swimming beach, woods and parking areas.

They also will construct portage trails and plant more than a million white spruce and red pine trees on 3,000 acres in the vicinity of Dumbell Lake, Moose Lake, and Stoney River.

## Not Enough Santas To Go Around Dallas

DALLAS, Tex. (AP) — There aren't enough Santa Clauses to go around this year, say Henry J. McCluskey of the Texas Employment Commission. He blames disgruntled youngsters.

"There is a high incidence of children kicking Santas in the shins for not complying with requests registered in prior years," he said.

"The positions of Santa Claus — in such places as department stores and shopping centers — are not being readily taken. We've placed five or six, but we could have placed 15 or 20."

"Some of the potential applicants have said they'd just rather not do this sort of work this year."

## Budget Trimmers Ordered to Exercise

BAITMORE, Md. (AP) — Trying to trim a city budget is tough, but City Comptroller Hyman Pressman also hopes to make his budget trimmers trimmer — through exercise.

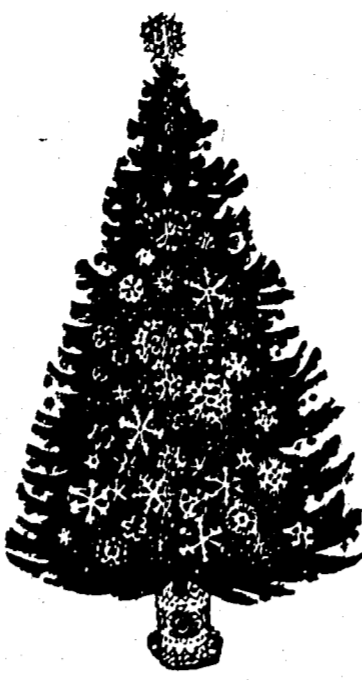

Pressman announced Wednesday that the coffee break in his department may soon give way to the biceps break, a daily 10-minute period emphasizing the body in the body politic.

Pressman says he and his office employees will begin their new program with simple exercises at first — twisting, bending and isometrics. Pushups may come later.

# Legislators May Be Asked to Allow Bank Interest Hike

ST. PAUL (AP) — John D. Chisholm, state commissioner of Banks, said today he may ask the 1965 legislature to change the law which now sets four per cent as the top interest rate banks in Minnesota may pay.

He said a change may be needed because of developments following the Nov. 24 order of the Board of Governors of the Federal Reserve System increasing maximum rates member banks may pay on time and savings deposits.

The commissioner said some amendment to state law may be required to protect smaller banks in rural areas.

On savings deposits, the maximum rate was increased to four per cent regardless of the length of time funds are on deposit. On time deposits and certificates of deposits, the rate was set at four percent for periods of less than 90 days and 4 1/2 percent for longer periods.

After the Nov. 24 order, Chisholm called attention to the four per cent state law, which he said applies to both state and national banks.

Since then, the commissioner said today, "larger banks in our metropolitan area procured an opinion which seems to indicate there is considerable legal authority for them to exceed the state statutory rate of four per cent."

"Their interest in procuring this opinion, we have been informed," he added, "is to protect a corporate certificate of deposit market now approximating some \$200 million."

"They have stated that to remain competitive with Chicago and eastern markets and to retain these deposits it might be necessary to exceed the four per

cent maximum permitted by the state.

"This would be accomplished quietly on a negotiated basis with corporate investors. It is not their intention to advertise and compete for savings in the local market at the allowable rate to 4 1/2 percent."

Chisholm said the banking department cannot challenge sale of certificates of deposits at a rate higher than permitted by state law, but a competing bank may do this.

"The Department of Banking is of the opinion that it could not condone sale of corporate certificates of deposits in excess of four percent and allow the legislative session to adjourn without attempting to provide some protection for our state banks," said Chisholm.

He said more than 500 of Minnesota's 700 banks are state chartered and most of the latter are located in rural communities.

He added that they are in good condition, but are hard-pressed for earnings and "we question whether these small banks could afford or whether their portfolios are prepared to adequately sustain the long-term 4 1/2 percent rate."

He said his department is considering a variety of proposals to the legislature.

One would tie the interest ceiling to the percentage the federal reserve system permits its member banks to pay and allow the commissioner of banks discretion to establish a rate within the ceiling limitations.

"We could also fix the ceiling rate at the present four per cent, tie the maximum rate to that allowed federal reserve system member banks, and permit the commissioner to establish a

## Boston Tea Party Repeated

BOSTON (AP) — The 191st anniversary of the Boston Tea Party was observed Wednesday with a tea party.

The 16 persons who gathered at the site of the original party sipped a brew that contained at least a flavoring of tea said to be from the original British shipment. Some was mixed with other tea so that participants could savor the historic flavor of the ceremony.

Edward Row Snow of the Boston Tea Party Associates said the tea saved from the original party was found in the clothes of 12-year-old Henry Purkitt who participated in dumping the shipment into the harbor as a protest against British taxes.

The boy's history-minded mother saved the tea and the 2 1/2 ounces that now remain are kept in a bottle in a safe at the Needham Historical Society.

Gambulos said Wednesday the pillbox would be manned around the clock. The Oklahoma Alcoholic Beverage Control Board estimated by Gambulos at more than \$50,000.

## Girl Mauled By Dog Gets \$19,500 Award

MINNEAPOLIS (AP)—A jury awarded 4-year-old Donna Amundson \$19,500 Wednesday for injuries suffered when she was mauled and bitten by a neighbor's police dog near her suburban Brooklyn Park home.

Witnesses testified that Donna suffered loss of a portion of her right buttock as a result of the attack on May 14, 1963, when she was 2½. The verdict was against Harold Peterson of the same suburb.

Testimony showed the dog had been held by a 20-foot leash. But Judge Donald Barbeau instructed jurors that that fact did not absolve the owner from responsibility for the animal's actions.

The award also included \$488 for Robert Amundson, the girl's father, for medical expenses.

## Nevada Nuclear Test Set Off

WASHINGTON (AP) — The Atomic Energy Commission set off a double nuclear test explosion Wednesday at its underground Nevada test site.

Each of the shots, the 20th and 21st such tests to be announced this year, was described as of low yield with a blast force of less than 20,000 tons of TNT.

## Wisconsin Fire Marshal Arrested As Topsy Driver

MADISON, Wis. — Madison police reported that William D. Rossiter, the state fire marshal, was arrested for drunken driving and leaving the scene after the car he was driving knocked over two sign posts on a Madison street early today.

Rossiter, 50, was held for several hours before posting bail of \$153. Rossiter's court appearance, police said, would be delayed until the return to Madison of Traffic Court Judge William Buenzli. Buenzli is attending a conference of judges in Fontana.

Rossiter lives in Milwaukee.

## Woolworth Store Closing At Mankato

MANKATO, Minn. — It was announced Wednesday that the F. W. Woolworth Co. will close its store at 313 S. Front St. at the end of this month.

A liquidation sale of stock and fixtures is to be held.

"Efficient operating policies make the move necessary," said Ray West, Minneapolis regional vice president of the firm, in announcing the store's closing here after 58 years of "pleasant association with its customers and the community."

## Rushford Masons Conduct First Public Installation

RUSHFORD, Minn. (Special) — An 88-year-old member of the Eastern Star saw her son installed as master of Mystic Star Lodge 69, AF & AM, at the first public installation in the history of the lodge here Saturday night.

Harley Larson was installed as head of the brotherhood by Willard L. Hilmyer, Winona, who has been in the lodge more than 50 years and is past grand master of Minnesota. Mrs. Ida Larson's three sons are members.

Other officers Larson are: Robert Highum and Myron Larson, senior and junior wardens; Theodore S. Robertson, treasurer; Frank Daniels and George V. Grover, senior and junior deacons; G. Maynard Ukestad and Harry Arnold, senior and junior stewards; Emmons Kjos, marshal; Berger Halvorson, tyler, and Arvid Kjos, chaplain.

Kjos, master last year, extended the welcome. Rodney Johnson, Naomi Julrud and Richard Lorch played a cornet duet. Forrest C. Smith contributed a vocal solo. The Rev. Walter Ellingson gave the invocation and the Rev. J. W. Perboom, the benediction. Peter

## National Foundation Campaign Organized In Trempealeau Co.

BLAIR, Wis. (Special) — The National Foundation has shifted its major emphasis again, according to Mrs. R. E. Anderson, Blair, Trempealeau County chairman.

Gerry Goerlitz, Milwaukee, state representative, told the group that it will emphasize a drive for funds to assist in curing birth defects and research into them, Mrs. Anderson said.

Present were Rex Fuller, campaign chairman, and Soree Thompson, Osseo; Keith Anderson, Eleva; Henry Jacobson, Pigeon Falls; Stanley Moltzau, Strum, and Alton E. Berg and Mrs. Mabel Skroch, county nurse, Whitehall.

# Blair Woman Reads Newspapers at 95

BLAIR, Wis. (Special) — Mrs. C. T. Hanson, who heads a five-generation group of six children, six grandchildren and 30 great-grandchildren, observed her 95th birthday Saturday.

Relatives, including many great-grandchildren, and friends celebrated with her during the weekend. Saturday her pastor, the Rev. K. M. Urberg, and wife called.

Mrs. Hanson received four birthday cakes, cards and gifts. She had looked forward to her birthday more this year than in previous years.

MRS. HANSON has lived on her farm in Tappan Coulee 70 years. The 133 acres are operated by her three sons, Lloyd, Clarence and Joseph. Clarence, who is married, lives in Blair, but drives to the farm daily. A daughter Cora, also lives at home.

The brothers purchased an adjoining farm several years ago, bringing the acreage to 220.

The former Julia Brekke, she was born Dec. 12, 1869, at Houston, Minn., to Mr. and Mrs. Torjus Brekke. At 1½ she came with her parents to this area.

Her husband, Carl, whom she married April 13, 1893, died in 1947.

Mrs. Hanson's health seems to be improving in her old age. Forty years ago she suffered with asthma, but has overcome it. She helps with the ironing and other housework. She walks without help and is very alert.

Several years ago she had to use a cane because of rheumatism. That, too, has improved. Occasionally she visits her other two daughters here, Mrs. Aaron (Tillie) Granlund and Mrs. Sanford (Viola) Arneson.

SHE KEEPS abreast of the times too. She reads the local and daily newspapers. Her favorite newspaper is the Norwegian paper, "Decorah Posten" and its comic strip.

Mrs. Hanson enjoys her wood range. Her two sons and daughter would like to purchase an electric range, but she likes the old-fashioned stove.

Her great-grandson, Gary Benedict, is stationed with the armed forces in Italy. His wife and 6-month-old son, Kevin, reside in South Carolina.

# Buddhists End Strike, Want Van Huong Out

SAIGON, South Viet Nam (AP) — Five hundred Buddhist monks and nuns ended a 24-hour hunger strike today, but Buddhist leaders made plans to keep up their campaign against the government of Premier Tran Van Huong.

Reliable sources predicted bigger hunger strikes and street demonstrations.

U.S. Ambassador Maxwell D. Taylor scheduled a meeting with Huong to discuss the situation.

The Buddhist drive to topple Huong's regime was credited with causing the resignations Wednesday of Education and Cultural Minister Phan Tan Chuc and Tran Thuc Linh, a deputy chief of the Information Ministry.

Other ministers are known to be wanting to get out of the government, but Huong has asked that they remain until the situation has calmed.

The Buddhists particularly oppose the ministers of information, social welfare and justice.

Buddhist leaders complain that some of Huong's Cabinet members are holdovers from the administration of the late President Ngo Dinh Diem, whose regime they helped overthrow in November 1963. Huong so far has rebuffed the Buddhists' attempts to regain a position of political power.

Gen. William C. Westmoreland, commander of the U.S. military forces in South Viet Nam, said in Honolulu Wednesday that the current demonstrations apparently represent a small minority and that they pose no serious threat to Huong's government.

Westmoreland, en route home for the funeral of his father, expressed confidence in Huong's government and said, "We have high hopes that the misunderstanding can soon be resolved."

Most of the Buddhist activity was centered in Saigon, where authorities were confident they could maintain control.

room will have its own Christmas party that afternoon with gift exchange.

# Rift Continues For France, U.S. Over NATO

By DAVID M. MASON

PARIS (AP) — The North Atlantic Treaty Organization ministers conclude their annual year-end review today with a rift remaining between France and the United States over control of the West's nuclear defenses.

The nuclear issue dominated the three-day conference of foreign, defense and finance ministers from the NATO countries.

The United States seeks to bring its allies into a multilateral force of surface vessels, with operation of the fleet — but not final control of its nuclear missiles — spread among participants. France is strongly opposed to the force and is going ahead with development of its independent nuclear defense.

France has said, that it is willing to cooperate and coordinate its nuclear force with that of the United States. The French repeated this Wednesday, saying they were willing to plan joint targeting with the United States while still retaining final control of their nuclear forces.

No date was set for French officers to join the Americans in deciding which nation's forces would retaliate against which Communist targets in case of attack. The work probably will be done at the headquarters of the U.S. Strategic Air Command in Omaha, Neb.

During the Conference both U.S. Secretary of State Dean Rusk and Defense Secretary Robert McNamara emphasized that the United States considers the defense of France and all the other European Allies as important as defense of the United States against enemy attack. Their purpose was to counter French President Charles de Gaulle's contention that the United States in the event of war will give priority to its own Continental Defense and that Europe will come second.

McNamara told the NATO Ministerial Council that the present Allied atomic arsenal already is so staggering that new extensions of strategic atomic weapons can hardly be justified.

## LA CRESCENT BEAN FEED

LA CRESCENT, Minn. (Special) — Over 280 were served at the Cub Scout bean feed Saturday at the public school. Headed by Everett Harlos, special event chairman, the bean feed is the only money-making event the Cubs sponsor. They won't have a pack meeting this month. Instead they will go caroling Monday, starting from the village hall at 7 p.m. Den mothers will accompany them and they'll return to the hall for hot chocolate.

## Business Mirror

# Sales Good in Most Sections

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — Along Main Street and in the shopping centers the customers apparently couldn't care less what Wall Street may be worrying about.

In the stores the shoppers are interested only in the way things are today. And today they're better for most people than they ever have been before.

Merchants couldn't be happier about this contented state of their customers' minds. Retail sales are booming in most sections of the nation. Most of the larger stores seem assured of the biggest December ever, and that will mean the biggest year of sales ever, because the 11-month total was already ahead of last year.

Not only are sales higher, but store traffic also is setting records, as you may have noticed when you ventured forth. More people seem to be buying more things.

Many merchants report customers are upgrading their purchases, demanding higher quality merchandise than in years past and willing to pay the higher prices.

The big department stores and chains are now talking of up to 11 per cent larger dollar sales this December than last. This could add nearly \$5 billion dollars to their sales for the year. And the Census Bureau says that in the first 11 months of 1964 these stores took in \$15.6 billion, compared with \$14 billion in the same period of 1963.

Merchants credit many things

with giving the big boost to spending. One is the increase in take-home pay due to the federal income tax cut, which just now is showing up at the stores. Another is the general rise in personal incomes due to the increase in the number of jobs and to the higher wage scales that many workers are enjoying this year.

Most potent perhaps is the general prosperity and the feeling of confidence in continuing good times that most consumer intention surveys reveal.

Stock traders worry about what might happen a few months hence — slowing of the long-time climb in business activity, inflation, monetary problems besetting the international financial markets, labor demands that could squeeze corporate profits.

Shoppers—and many of them also own stocks — figure all of this is yet to be faced, if ever.

## GETS ACQUAINTED

LEXINGTON, Ky. (AP) — The director of admissions at Transylvania College, Fred Lawson, goes to New York each

year to greet the school's new students from the Gotham and New England areas.

The idea is to help them get better acquainted on the overnight train ride to Lexington. This fall, not one of the freshmen

missed the train but Lawson did.

Somebody at the hotel forgot to call him. Lawson grabbed a shuttle flight and caught up with the students in Washington.

# How to buy an electric shaver for Christmas

1. Make up your mind to break the uncomfortable shave habit. No man should put up with a shave that's irritating or unpleasant day after day. Shaving should be convenient and comfortable. And today it is—with the comfort shave.

2. Talk to your dealer about electric shavers. He'll show you several brands. Most have blades which go back and forth. He'll point out that Norelco Speedshavers have self-sharpening rotary blades which go round and round.

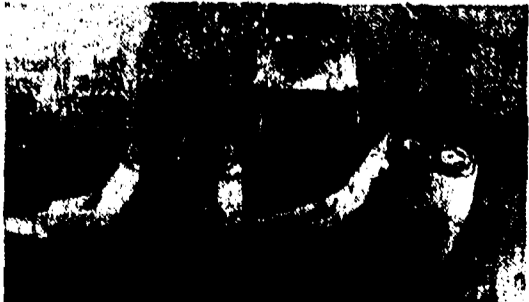

3. Take a good look at those rotary blades. They're the secret behind the comfort shave. They whirl continuously — never "grab" the hair or dig into the skin. They cut or nick the way blades do—always give the comfort shave.

4. Ask about speed and closeness. Today's electric shavers all shave fast and with about the same degree of closeness. The important difference is in comfort. It's the difference between enjoying a shave or enduring it.

5. P. S. for the women. Did you know that women buy over half the electric shavers sold in this country to give to their menfolk, mostly at Christmas? It's a fact. Another fact: Norelco's Flip-Top is the world's largest-selling shaver model—give a Norelco, and you can be sure he'll like it.

6. Select your Norelco. New Norelco "Floating-Head" Speedshaver 30—self-cleaning blades, heads swing to fit your face. New Norelco "Flip-Top" Speedshaver #20—easy flip-top cleaning. New Norelco Cordless Speedshaver #20C—shaves anywhere. All give the comfort shave.

## More Stringent Penalties Asked In Driving Laws

ST. PAUL (AP) — More stringent penalties are needed to protect the motoring public against persistent and willful traffic violators.

Earl W. Latimer, acting state safety director said Wednesday night the urgency of the matter was pointed up by the fact that some game law violators now are dealt with more severely than erring drivers who cause injury or death to humans.

Latimer cited the instance of a young Minnesota man who amassed nine traffic convictions between January 1961 and last July, including reckless driving, speeding, and two driving after suspension of license charges.

"This driver becomes eligible this month for restoration of his driving privileges, providing he passes an examination and files proof of his financial responsibility," said Latimer.

"Unless, through past experience, he has become more heedful of responsibility to other motorists, he probably will commit other violations — and continue to be a threat on the highways . . .

"But, under present laws, little can be done to prevent such a driver and his like from getting licenses again and again. On the record, his license cannot be taken away permanently.

"However, even loss of a license does not appear to be any great deterrent because, evidently, the penalties are not stiff enough."

Latimer pointed out that a first offense of driving after suspension or revocation at present calls for fine of not less than \$10 or imprisonment not less than 10 days, rising to \$50 and 30 days on a repeat charge.

"Something must be done about this gap in the law," Latimer went on. He said bills readied for the legislature, meeting next month, would increase maximum penalties for grievous offenses to \$1,000 fines and comparable jail terms for what he said was "a needed improvement."

## Woman Found Insane at Time Of Double Killing

ST. PAUL (AP) — Mrs. Inge Downer, 29, St. Paul, was insane at the time she suffocated her sons, Stephen, 5, and Gregory, 19 months, in February 1963, Judge Arthur A. Stewart held Wednesday in her first degree murder trial.

As a result, Mrs. Downer was ordered recommitted to St. Peter State Hospital where she had been held pending her court appearance.

Psychiatrists testified that the woman had had a history of mental disturbance dating back to the bombing of her Bremen, Germany home in World War II. She subsequently married an American airman, coming to this country in 1957.

Witnesses said her condition at the time of the killings was such that she did not know what she was doing.

## Boys to Carry 'Sorry' Signs

BEACON, N.Y. (AP) — Two young boys will soon be seen around town carrying signs reading, "I am sorry I shot out the Christmas lights and I am soliciting money to pay for the damage."

It was either that or be locked up in the Dutchess County jail over the holidays.

The choice was given the boys, not identified because of their ages, when they appeared Tuesday before Judge Thomas Lynch. They chose to solicit donations over the next few weekends to pay for the Christmas lights they destroyed with air rifles on Beacon's main street.

## Good Economic News for U.S.

WASHINGTON (AP) — Good economic news was reported Wednesday in the fields of industrial production and employment.

The Federal Reserve Board said an upsurge in manufacture of automobiles sparked a sharp recovery in industrial production during November that pushed the board's index to a record level of 134.9.

Strikes in the auto industry during October had played a considerable role in dropping the production index from 134.0 in September to 131.7 in October. The index uses 100 for the 1957-59 average.

## Former Defense Dept. Career Men Indicted

WASHINGTON (AP) — A federal grand jury in Alexandria, Va., has returned a 43-count indictment against three career former Defense Department employees, charging they embezzled some \$66,000 in government funds over three years.

Indicted Wednesday were: J. Robert Loftis, 52, an administrative assistant to secretaries of defense from 1958 until he retired last March;

William H. Godel, 43, former deputy director for management of the Advance Research Projects Agency, who was removed from his job Aug. 24, and John A. Wylie, 57, former head of the Budget and Finance branch in the Pentagon's administrative office. He was granted disability retirement after being served with a notice of intention of removal last Jan. 7.

Acting Atty. Gen. Nicholas Katzenbach said \$12,000 of the stolen funds has been recovered.

workers boosted non-farm employment to a record level of 59.3 million in November, the Labor Department's Bureau of Labor Statistics said.

The department had reported previously that the unemployment rate for November was 5 per cent, down from 5.2 per cent in October.

## Presbyterian Women Hold Tea At Plainview

PLAINVIEW, Minn. (Special) — "They Offered Him Gifts, Gold, Frankincense and Myrrh" was the theme of the Presbyterian women's annual Christmas tea Wednesday evening.

Mrs. T. H. Seldon, Rochester, an officer of the Presbyterian Women's Association, was guest speaker. A trio which consisted of the Mes. Arden Jurgenson, Charles Schwenke and Ray Pearson sang a song entitled "What Gifts Shall I Bring?" It was written by Mrs. Jurgenson.

Each woman decorated her own table and invited three women from the community as guests. The group gathered for meditation, greetings, organ music and hymn singing. Mrs.

## Mrs. Ralph Kohner, Toastmistress Member, Is State Contest Chairman

Mrs. Ralph Kohner of the Winona Toastmistress Club has been appointed general chairman of the Council 1 speech contest to be held in Winona April 16, according to information released by Miss Sadie Marsh, president of the local club.

The appointment was made by Mrs. Alex Michaelis, Brainerd, Minn., president of Council 1 which includes all 14 clubs located in the Gopher state.

"OUR CLUB has been highly honored," Miss Marsh said. "This appointment is the first of its kind for a Winona member and it is also the first time a council speech contest is to be held in our city. Contest-

ants representing all Toastmistress clubs in our state will participate at this special event and many members from throughout Minnesota, Wisconsin and Iowa will also attend."

A coordinating chairman has been appointed to assist Mrs. Kohner with contest arrangements in the Twin City area, it was explained.

Miss Marsh said that Mrs. Kohner joined the Winona organization in the fall of 1959 and has continuously served as historian since that time. She has also held offices of treasurer and club representative. In addition to her other duties, Mrs. Kohner is at present acting as membership chairman and official hostess.

## Christmas Customs in Peru Vary, Student Sisters Say

"Christmas in Peru varies according to the three distinct areas dividing the country—the coast, the mountains and the jungle," said Sister Elisa and Sister M. Amparo, who were guests of the Soroptimist Club at its December dinner meeting at Paul Watkins Memorial Methodist Home Wednesday evening.

"IN THE COASTAL area, the influence of the northern countries is evident, because communication is easy. Stores are decorated as they are in the United States; decorations are everywhere.

But in the little towns, the old Spanish customs are still the ones used to celebrate feast days. There are processions, with children singing in the streets, and ending in the special mission churches.

In the mountain region, more of the Indian rituals are used, and in the jungle, there are wild tribes of all kinds, and each one has its own dances and customs. Dances are one of the best ways of expressing the joys and happiness that feast days bring, and are used in all areas of the country, but they are very different."

ONE OF THE big feast days in Peru is in October, when the "Miracles of Our Lord" are recounted and religious processions, dances and devotions carry out the stories of the miracles, the speakers said. July 28 is a most important day for that is the Peruvian Independence Day.

Society is divided into three very distinct classes—the rich, the middle class and the poor. The rich are the ones who possess most of the tillable land and who hoard their riches and do not pour it back into the development of Peru. The middle class can have houses, and they are "not rich but not poor." But the poor, are "very poor, hungry, naked, and desperate."

The Sisters said they came down from the mountains into Lima and other principal cities, where there is no room for them, and they are without food, shelter or clothing.

These are the people who are aided by food packages from the United States, they explained, adding that the people of Peru are grateful for the aid given to them by this country not only in food, clothing, and material things, but also in the teaching that is done by the Peace Corps and other such groups, including all the missionaries.

SISTER M. ELISA and Sister M. Amparo are students at the College of Saint Teresa. They are members of the congregation of the Canons of the Cross.

Ten of their order were sent to the United States for education, so they could return in four years and teach in the high schools and elementary schools in their country.

The two nuns came to Winona 10 months ago, and since have mastered a large English vocabulary. They had no knowledge of English before they came here, for Spanish is their native language.

Sister M. Elisa said, "English is quite different, for so many of your words sound alike, but are spelled so differently and mean such different things." They were delightful and entertaining guests, the club members reported.

PRESIDENT Mary Crane presided at a short business session. Mrs. D. B. McLaughlin was dinner hostess and the meeting was held in her suite. A short extension of time was voted on for preparation of the map.

Miss Rose Schettler reported that she has made over a dozen of the "Soroptimists", the cheer moppets. It is planned to present some of them to the children now in Community Memorial Hospital so sometime before Christmas, Copies of the club bulletin, "Soroptimist-Win" were distributed by Mrs. L. J. Breitbach, bulletin editor. A social hour followed the business meeting and program.

## Catholic Daughters Plan Charity Ball

CALEDONIA, Minn. (Special) — Plans were made for the upcoming charity ball at the Catholic Daughters Christmas party at St. Mary's School hall Monday evening.

The theme for the ball will be, "Happy Holidays." Jim Casey's Orchestra, Winona, will furnish the music.

## R. S. Johnson, Dixie Fegre Repeat Vows

Central Lutheran Church was the scene of the Dec. 5 wedding of Miss Dixie Fegre, daughter of Mr. and Mrs. Henry N. Fegre, 126 E. Howard St., and Richard S. Johnson, son of Mrs. Vonnie Johnson, Waukesha, Wis.

The Revs. L. E. Brynestad and W. C. Friesth officiated. Mrs. T. Charles Green was organist and Miss Carol Ankeny, soloist.

MISS BECKY Fegre was maid of honor and the Misses Barbara and Sandy Knoblock, both of Park Rapids, Minn., and Miss Joanne Fegre, bridesmaids.

Terry Sands, Pewaukee, Wis., was best man and Harlan Van Kirk, Waukesha, Gary Jones, Sparta, Wis., and Gary Schellinger, Loyal, Wis., groomsmen. Ushers were Don Suleski Waukesha, and Roger Fegre.

Diane Johnson was flower girl and Mike Johnson, ringbearer. The bride wore a gown she designed, which was sewed by her grandmother, Mrs. John Tenborg. It was a floor-length velvet A-line gown with a fitted bodice, sabrina neckline and long sleeves. A white velvet bow accented the waist front. She wore a cathedral-length lace-bordered silk mantilla held by a French cap and carried white

orchids and rose buds on a white

Bible.

HER ATTENDANTS' gowns, which were made by Mrs. Tenborg, were of floor-length peau de sole. Each was a different shade of blue with bell-shaped skirts, elbow-length sleeves and scoop necklines. Their headpieces were matching bows and they carried blue and white cascade bouquets of carnations.

The flower girl wore a floor-length white velvet dress with a blue cummerbund and bow. She carried a white basket of blue and white carnations.

A reception was held in Fellowship Hall. Mrs. Dennis Kinstler was hostess and Mrs. Frank Muringer, cateress. Others assisting were the Misses Lloyd Fegre, Roy Schupp, Herb McMurtrie, William Cordes, Art Rawson and Varian Fakes and the Misses Hermoine Zientel, Bonnie Peterson, Diane Loeken, Mary Olson, Mary Kay Gainey, Gretchen Saeker, Mary Lynn Hansgen, Sharon Paswalk, Grace Henry, Judy Goldberg, Cheryl Thingvold, Vicki Bangle and Joan Pritchard.

The newlyweds left for a brief wedding trip to the Twin Cities. Mrs. Johnson will join her husband in Chateauroux, France about Feb. 1.

THE BRIDE is a graduate of Winona Senior High School and Bethesda Lutheran Hospital School of Practical Nursing, St. Paul. She is employed as a practical nurse at Bethesda Lutheran Hospital, St. Paul. Her husband is an airman first class in the Air Force.

Mr. and Mrs. John Tenborg were hosts at the bridal dinner. They were assisted by Mrs. Lloyd Erickson and Ted Peterman.

A prenuptial shower was given by the bride's co-workers in St. Paul.

## St. Mary's HSA Holds Song Fest

A song-filled evening took place at St. Mary's Home School Association meeting Tuesday.

Grades 5-8 entertained parents by singing Christmas songs, spirituals and hootenanny-style music, directed by Sister M. Conleth.

The Most Rev. Bishop George H. Speltz spoke on the American education system as compared to the African system. An explanation of intramural sports for girls and boys in grade 5-8 was given by Jack Stephan, director.

President Robert Shoup conducted the meeting. Sister M. Phillis' room won the attendance prize.

## La Crescent Legion Auxiliary Hears Conference Report

LA CRESCENT, Minn. (Special) — Mrs. Edward Olson and Mrs. H. M. McLaird reported on the Minnesota American Legion fall conference which they attended at the Tuesday meeting of Gittens-Laidel Unit 595, American Legion Auxiliary.

Announcement was made that the annual past commander-past president's dinner will be held in the clubrooms Saturday. Members are to donate 40 dozen cookies to be sent to the Rochester State Hospital for veterans.

Mrs. Ruth Gavin and Mrs. McLaird were awarded attendance prizes.

A Christmas party was held after the business meeting, with games played and gifts exchanged. Hostesses were Mrs. Chester Lachocki, Herbert Barge Jr. and Warren Weidman.

## Civic League At Wabasha Holds Election

WABASHA, Minn. (Special) — Officers were elected when the Wabasha Woman's Civic League met Monday night for its annual Christmas party at the Idle Hour Game Farm.

Mrs. John R. Flatt was elected president; Mrs. Wallace Walter, vice president; Mrs. Roger Root, secretary, and Mrs. L. M. Ekstrand, treasurer.

Robert Carr, Wabasha, a Winona State College student, gave two readings.

The league's main project is the public library fund. The club contributes at least \$100 a year towards a new Wabasha library. Other activities include contributing flags to the Girl Scout troops and soliciting for the Red Cross drives.

Mrs. Hugh Ross Theismann, city hostess, in conjunction with the Chamber of Commerce, calls on new families and presents them with gifts and information brochures about the city. A committee calls on senior citizens each month at the Buena Vista Rest Home, St. Elizabeth's Hospital and the Brandenburg home.

## Galesville Girl Scouts Get Awards

# Barry, Burch, Miller Huddle

PHOENIX, Ariz. (AP) — The Big Three of the 1964 Republican presidential campaign huddled overnight at the hilltop home of Sen. Barry Goldwater discussing "a little internal friction in the party."

National GOP Chairman Dean Burch and New York Rep. William E. Miller, Goldwater's running mate in the November election, flew into Phoenix Wednesday and planned to leave today.

They remained well out of reach at the Goldwater home overlooking Phoenix. A guard at the gate turned away newsmen.

It was Burch who said the meeting was to discuss the "internal friction" issue and also his future as party chairman. "It's hard to have any kind of discussions without going into that," the Tucson, Ariz., attorney said.

He said he expects to remain chairman after a meeting of the Republican National Committee in Chicago Jan. 22-23, but he would not estimate how many votes of confidence he can count on. He termed this "useless speculation."

Another known topic of discussion was a letter Goldwater sent out asking some members of the National Committee to give their views on mistakes made during the past presidential campaign.

The letter, labeled private and confidential, sought off-the-record advice on how to hold the "hard core" of voters who backed Goldwater and yet bring more into the GOP fold.

The Arizona senator is working on a paper analyzing mistakes made in the campaign and suggesting corrections. Goldwater indicated he intends to present his findings to the National Committee meeting in Chicago.

"Our problem, as I see it," Goldwater wrote, "is to retain that hard core and add to it by enticing back into the party those Republicans who did not vote for the ticket, who did not vote at all, or who voted for the opposition."

Burch said there are "a lot of reasons" he wants to continue as party chairman.

"I was selected for the job," he said, "and as a matter of justice and equity, I think I should be allowed to finish my work."

## Duluth Woman Found Frozen In Wauwatosa

MILWAUKEE (AP) — The frozen body of a Duluth, Minn., woman was found today in a picnic area along Honey Creek in the suburb of Wauwatosa.

She was identified as Jean Brown, 41, a patient at the Milwaukee Sanatorium. The institution reported her missing about 9:25 p.m. Wednesday.

Temperatures dipped to four below zero during the night.

## Mondovi Co-op Elects Directors; Sales \$1.3 Million

MONDOVI, Wis. — Hilmer Glanzman and Lawrence Bauer were elected directors of the Mondovi Cooperative Creamery at its annual meeting.

Holdover directors include Edward Branner, president; Robert Amidon, vice president; Martin Wulff, secretary, and Robert Duncanson and Alger Ness.

Total sales at the creamery were \$1,363,802 during the fiscal year ending Sept. 30. A total of \$730,914 of butter was shipped for out of town sale and \$38,981 was received from local butter sales. Patron's whole-sale milk sales netted \$285,114; skimmilk, \$257,478, and butter-milk, \$7,194.

About 28.4 million pounds of milk was received from patrons in addition to 11.4 million pounds from Land O'Lakes Grade A Creameries, and 790,920 from the Modena Creamery. Average test of milk was 3.63 with \$3.26 was paid her hundredweight.

## Ettrick Firemen Rename Officers

ETTRICK, Wis. (Special) — All officers were re-elected at the 35th annual business meeting of the Ettrick volunteer fire department Tuesday night.

They are: Albert Gunderson, chief; Henry Knutson, captain; Ronald Terpening, secretary; John Sorenson, assistant secretary, and Robert Ofsdahl, assistant chief and treasurer.

Two members, James Wall and Albert Gunderson have served continuously 35 years.

Robert Wall is a new member.

Firemen answered 29 calls during 1954, four in the village and 25 in the rural areas. Three of the calls were at the Ettrick creamery, which was nearly destroyed in a \$35,000 fire last December. Two barns were completely destroyed. They were on the Abner Engas farm in Washington Coulee and Archie Thompson's farm east of Ettrick.

Wives of the firemen were entertained at a banquet at Ettrick Community Hall Monday night. The dinner was served by the Erickson Cafe.

The annual firemen's ball will be Jan. 8.

## Children's Movie, Santa Scheduled For Spring Grove

SPRING GROVE, Minn. (Special) — Spring Grove merchants will sponsor a free movie in the school auditorium Saturday afternoon and a visit from Santa, who will have a gift for each child.

St. Nick also will call at Twesten Memorial Hospital, Pine Grove Rest Home and on persons confined to their homes with illness. During much of the day he will be in the business district. Persons wishing to have Santa call should contact M. C. Vick, chairman of the merchants committee. Turkeys will be given away at 3:30 p.m.

The Commercial Club will have a dinner meeting Monday at 7 p.m. in the Legion club-rooms.

## GI Remembers Massacres of Malmedy Vets

KANSAS CITY, Mo. (AP) — It was Dec. 17, 1944, and outside the little town of Malmedy in Belgium, Cpl. John A. O'Connell stood in a snowy field with some 150 members of Battery B, 285th Field Artillery.

They had been overrun by Hitler's panzer divisions and captured as the Germans made their last big push to stay the allied invasion in the Battle of the Bulge.

"We figured the rest of the world would be a concentration camp for us," said O'Connell, now a middle-aged manager for a baking company. "I remember talking about it with my buddy Dave O'Grady."

Suddenly a German command car moved along the road beside them with the tanks from the 1st Panzer SS Regiment.

"A man in the command car stood up and took careful aim and fired into us," O'Connell said. "That was the signal, I guess, for the machineguns in the tanks to fire. I took one in the shoulder and went down. Someone fell across my legs. I fell face down, my hand on Dave's back. He had been hit in the chest. Then the German infantrymen began to fire into us."

"I couldn't believe it. I kept asking myself 'Why? Why?' Then I prayed. Dave was a Catholic like me and I tried to get him to pray but he just gasped."

Passing tanks added their fire "just like a bunch of kids with air rifles."

Then the Germans came into the field and clubbed, stabbed and shot the helpless captives on the ground.

Another bullet passed through O'Connell's hand. O'Grady died.

Late that afternoon the light began to fade and a German soldier walked up and shot O'Connell in the head. The bullet went through the side of his face and lodged in his mouth. He spat it out.

As darkness came near a whisper ran through the piles of dead and wounded soldiers.

"Who's alive, who's alive?"

"Me, me," came a few answers.

A group of wounded jumped up and ran for a patch of trees. About 15 made it safely through German fire.

About three miles away they came near a town and O'Connell volunteered to go in and see if it was occupied by Germans or Americans.

"I figured I should have died in that field. I was going to get it over with, one way or another. So I went in."

"Americans were in the town. A colonel who listened wouldn't believe my story until my buddies came and told the same thing."

That was the end of the war for O'Connell.

Not until Jan. 13, 1945, when Americans recaptured the town did they find the evidence of one of the most infamous slaughters of unarmed prisoners.

Eighty-six bodies of American soldiers were found riddled with bullets in that snowy field three miles from Malmedy.

LA CROSSE, Wis. (AP) — A pedestrian, killed when he was struck by a car at La Crosse Wednesday night, became the 1,020th traffic fatality of the year in Wisconsin. On this date one year ago the highway toll was 859.

Frank L. Olson, 65, of La Crosse, was pronounced dead on arrival at St. Francis Hospital Wednesday night after he was hit by an automobile on Highway 53 just within the north city limits of La Crosse. The motorist, who was not held, told police Olson was in the roadway when struck.

## Family of 6 Burned Out

SPARTA, Wis. (AP)—A family of six was made homeless Wednesday night when fire destroyed a one-story, six-room house one mile east of Sparta.  
Mr. and Mrs. Donald Peck and their four children, ranging from 5 to 17 years, fled into 10 below zero temperature in their nightclothes and took shelter in the adjoining home of Mrs. Peck's mother.

Members of the Peck family had gone to bed after putting up their Christmas tree. About 11:15 p.m., Patrick, 17, the oldest son, was awakened by the rattling of a tea kettle atop the kitchen stove and discovered the fire. He aroused his parents, a brother and two sisters.  
The house burned to the ground and the Pecks lost all their possessions. Firemen said the fire apparently started from an oil burner in the kitchen.

## Gulf of Tonkin Patrols Continue

WASHINGTON (AP)—The Navy is continuing to send destroyers on periodic patrols of the Gulf of Tonkin, off the coast of North Vietnam, where shooting incidents occurred last August and September.  
The Navy's only comment: "The Navy conducts routine patrols in international waters throughout the world which are on an irregular basis. Additional information concerning patrols is classified."

## Two-State Funerals

**Mrs. Ida Rabe**  
LAKE CITY, Minn. (Special)—Funeral services for Mrs. Ida Rabe were conducted today at Trinity Lutheran Church, Lincoln, the Rev. Harold Schwertfeger officiating. Burial was in Trinity Cemetery.

Palbearers were Arnold Clare, William Tomforde, Orin Glander, Charles Grobe, Erwin Meyer and Frederick Reckman.

Bliss, typically, wasn't talking. But other reports indicated that if Dean Burch resigns or is ousted when the 132 GOP national committeemen meet in Chicago Jan. 22-23, Bliss would be an acceptable replacement.

"It is his definite policy not to talk about it," Jack Flanagan, Bliss' press aide, said when asked about speculation mentioning Bliss.

But Flanagan said all top national Republican leaders except Barry Goldwater, the GOP presidential nominee who picked Burch as chairman, have indicated Bliss would be acceptable. That list included former President Dwight D. Eisenhower and Govs. William W. Scranton of Pennsylvania, Nelson A. Rockefeller of New York and George Romney of Michigan.

Bliss might be acceptable to Goldwater, too, although the Burch forces contend they have the votes to keep their man in office.

Bliss was not a pre-convention Goldwater booster, but he worked hard for the Arizona senator. He was present, despite gout pains, when Goldwater stomped Ohio, when some other Republican leaders seemed reluctant to share platforms with Goldwater.

Bliss, an Akron insurance man, is known as a hard-working, chain-smoking organization man. He leaves oratory to others and is seldom available to answer new men's questions.

Bliss, who prefers backstage shadows to the spotlight, seemed today to have some strong backing as a compromise choice for Republican national chairman.

## 300 Working On Site for Taconite Plant

MOUNTAIN IRON, Minn. (AP)—About 300 men are employed on site preparation work for the new \$100 million U.S. Steel Corp. taconite plant north of Mountain Iron.

A battery of bulldozers, drilling rigs, huge power shovels and trucks are attacking the rocky 325 acre site on scenic Laurentian Divide to prepare the area.

More employees are added as equipment is moved in for brushing, drilling, blasting, grading and hauling work. The area is being prepared for construction of taconite processing including a coarse crusher structure, fine crusher, concentrator, pelletizing building and office and maintenance buildings.

The plant is expected to be completed in 1967.

## M&O Paper Co., Boise Concern Agree to Merger

MINNEAPOLIS (AP)—Minnesota and Ontario Paper Co., and Boise Cascade Corp., have signed a merger agreement, with the Idaho firm the surviving company, it was learned today.

Directors of the companies reportedly have signed the agreement, and the proposal is to go before shareholders at special meetings Jan. 25.

Mando's main mill is at International Falls, Minn., and supplies newsprint to the Winona Daily & Sunday News among others. The firm was founded in 1910 by E. W. Backus. It now employs about 4,100 persons.

Mando is to become a division of Boise Cascade and Mando President Robert Faegre will be a vice president of Boise in charge of the Mando division.

## Higher Broiler Prices Seen For Part of '65

CHICAGO — Farm broiler prices are expected to average near 14.5 cents during the first half of 1965 representing about a half-cent increase over earlier levels, according to the Poultry Survey Committee.

Cosponsored by the American Feed Manufacturers Association and the National Turkey Federation, the committee also predicted that broiler prices during the latter half of 1965 would fall below those of the same period a year ago.

The committee expects the 1965 turkey crop to increase 4 to 5 percent over 1964 with U.S. average farm prices to be about 20 cents during the September-December peak marketing period. This level would represent a decrease of about one cent from 1964.

Farm egg prices for the U.S. in 1965 are expected by the

## Farmers Urged To File Prompt Earning Report

Farmers should file prompt and accurate earnings reports for 1964, Victor Bertel, manager of the social security district office here, urged today.

Thousands of self-employed farmers and their dependents have retired with social security benefits since 1934 when Congress extended coverage to this group, Bertel said. Today, another 4½ million persons whose living depends upon farming are building social security protection against the loss of income resulting from old-age, disability or death, he added.

BERTEL POINTED OUT that failure to file earnings reports may result in reduced social security benefits or the loss of benefits.

"Now is a good time," Bertel said, "for farmers to examine their records to see what they must report on their federal income returns for the past year."

Also, he said, low-income farmers can build social security protection. Bertel cited a special optional provision in the law which enables farmers whose net earnings are less than \$400 to acquire social security credits. It works like this:

- If a farmer's gross income from farm self-employment is between \$600 and \$1,800, he may count two-thirds of his gross farm income as net income for social security.
- If gross farm income is greater than \$1,800 and net farm earnings are less than \$1,200, he may report either his actual net or \$1,200.

Under this provision a farmer with annual gross income as low as \$600 can report net earnings as \$400, or two-thirds of his gross income, to get social security credit for that year.

INFORMATION regarding social security taxes and tax return forms can be obtained at the internal revenue service office at Room 108 in the Exchange Building. Questions about old-age, survivors, and disability benefits should be taken up with the social security office at 356 E. Sarnia St.

The internal revenue service office in Winona will be open Dec. 31 from 12:45 to 4:45 p.m. and from Jan. 1 through April 15 each Friday from 12:45 to 4:45 p.m.

The social security office is open every day, Monday through Friday, from 8:30 a.m. to 4:30 p.m.

## Higher Milk Prices Boost Index Level

MADISON, Wis. — Higher milk prices continue to be the main prop holding the index of prices received by Wisconsin farmers above a year ago, according to the Wisconsin Statistical Reporting Service.

The index of prices received by Wisconsin farmers for products sold in November was 251 percent of the 1910-14 average — 1 percent below the previous month but 1 percent more than November last year. The index of prices paid by farmers was 309 percent of the 1910-14 average. This index is unchanged from the record-high for the month reached a year ago.

Farm price index figures for Wisconsin show gains over a year ago of nearly 4 percent for milk and 8 percent for crops, but decreases from November last year of 6 percent

# Farmers See Logging, From Start to Finish

WHITEHALL, Wis. (Special) — Approximately 80 attended the field day held at the Hardies Creek Timber Harvest Forest near Galesville.

Eric Jensen, district forester, La Crosse, said the forest was purchased from local land owners to conduct research on oak management. This was followed by Henry Anderson, WCD forester, Trempealeau County, explaining the different steps in managing an oak woodlot, and stressing the protection of the woodlot from livestock as the first step.

JENSEN explained ACP practices in connection with timber stand improvement on oak wood lots and the tree planting program. Then he and Gordon Cunningham, extension forester, College of Agriculture, Madison, estimated the board feet volume and number of logs in a tree. The tree was felled by Ernest Lyngren, Blair, and then bucked up into logs, with an explanation of what a veneer log would take and what a tie log is.

Volume estimate in the standing tree was found to be only about 20 feet above what was

actually measured after the tree was bucked up.

A representative of Employers Mutual of Wausau discussed woods safety. Mike Mravik, Whitehall, outlined loans available on oak wood lots at a 3 percent interest rate. The money must be used to provide capital for farm enterprises.

Skidding demonstrations, explained by Edwin Goodell, WCD forester, Buffalo County, were made by the John Deere Implement Co., Whitehall, on the 3-point hitch, and by Ronald Thompson, Blair, on winching and skidding with a bulldozer.

LOADING demonstrations, explained by Don Burr, WCD forester, La Crosse County, were made by Prentice Hydraulics, Prentice, and Pettibone-Mulliken Corp., Iron Mountain, Mich.

Other demonstrations included chain saw by Peterson Implement, A. J. Smicek Implement, Whitehall, and Wright Saws, Thomas Industries, Sheboygan. Farmers were able to try out the equipment.

Peter Biere, Trempealeau County agent, was chairman of the event.

A noon dinner was served by the women of the Hardies Creek Lutheran Church.

Daily News Farm Editor

Friday, Nov. 13, was an unlucky day for Swift & Co. employees as the firm announced closing of the Winona plant Feb. 19. Although it came as a shock to many people, the talk of the plant closing has been in the air for several years. Heavy operating losses run up by the plant here was the main reason for the closure, officials said. C. G. Costigan, associated with the firm's beef division at Chicago, told a group of Winonans the plant showed a profit only one year in the last 10. In the last two years alone, the plant showed losses totaling \$750,000, he said. And that would buy a lot of baloney anywhere.

In 1955 Swift's hog kill was estimated at 1,000 daily, according to the centennial edition of the Winona Daily News. Hog production has been on the decline since 1958 with last year's production at about one-third of 1958. But on the other side of the state beef and dairy cattle production has increased about one-fourth. Swift's officials said to attract sufficient volumes of animals from the 150-mile radius, it had been necessary to pay somewhat higher prices here than the going rates elsewhere.

We checked prices at Swift & Co. at Winona on a given day and compared them with stockyards at Albert Lea, Austin, South St. Paul and Chicago. Thursday, Dec. 10, Swift at Winona was paying \$22.25 per hundredweight for high choice beef. On the same day George A. Hormel & Co., Austin, was paying \$23.25 to \$24.25 for top beef; Wilson at Albert Lea was paying \$22.25 to \$24. At South St. Paul top beef was listed at \$23.75 to \$24 and at Chicago choice steers were bringing \$23 to \$24.50. You will notice that Hormel at Austin was \$1 a hundredweight more than Swift's and even had a top of 25 cents more than South St. Paul.

If you figured \$1 per hundredweight difference between Winona's price and the low Austin price of \$23.25 while selling 10 1,000 pound steers, you could lose \$100 by selling to the Winona market if grading was equal.

Swift's here is primarily a hog buying center and the difference in hog prices is not as great. On the same day Swift's quoted top butchers, 190 to 220 pounds, from \$14.60 to \$15 with top sows at \$12.35 to \$12.75. Hormel's at Austin on that day listed butcher hogs 200 to 230 pounds at \$14.75 and top sows at \$13.25. Wilson at Albert Lea had top butchers 200 to 230 pounds at \$14.75. Top sows were \$13. South St. Paul prices were \$15.25 to \$15.50 per top barrows 190 to 230 pounds and Chicago was paying \$16.25 to \$16.50. Winona was paying 25 cents more than Austin and Albert Lea on top butchers but 25 cents to \$1.25 lower than St. Paul and Chicago. Winona also was low on its top sow prices.

Monday of this week — Dec. 14 — Swift's top price on butchers was \$14.60 to \$15, while Hormel's was \$14.75 and Wilson's \$14.75. South St. Paul quoted \$15.25 to \$15.75 and Chicago was \$16.50 to \$16.75.

Top beef animals at Swift's were listed at \$22.25 Monday while Hormel's top was \$23.25 to \$24.15. Wilson's price was \$22.25 to \$24 South St. Paul, \$22.75 to \$23.50, and Chicago, \$24.50 to \$25.25.

Part of the Swift's official statement is true. They were paying prices above some of the area markets for hogs, supplies of which are dwindling. But they were not paying even equal market value for steers.

There are two sad aspects to the closing of Swift's plant here. First, the people will be out of work, especially the older employees who do not know any other trade; second, closing of the stockyards does not appear to bother many of the farmers. Swift's apparently will keep a buying station here, however.

Where are the slaughter livestock going? And why are beef prices here lower than at other livestock yards? These are among several unanswered questions concerning the closing of Swift & Co.

for meat animals, nearly 2 percent for poultry, and over 4 percent for eggs.

Prices received by Wisconsin farmers for milk sold in November averaged \$3.70 a hundred pounds. This price is unchanged from October but 12 cents more than November last year. The average of the monthly prices in the 11 months of this year is a little higher than for the same period in 1963. Milk cow prices averaged \$215 a head in November — the lowest for the month since 1957. The weakness in milk cow prices is attributed mostly to the low prices received for slaughter cows.

Slaughter cow prices received by farmers in November averaged \$11.50 a hundredweight — more than a dollar below a year ago and the lowest for the month since 1957. Steer and heifer prices also were the lowest since 1957 with the November average of \$19.20 a hundredweight 50 cents below a year ago. Hog prices are down from October but the average of \$13.80 a hundredweight was only a dime below November last year. Both sheep and lamb prices were above a year ago and the highest for any November since 1958. Calf prices averaged \$19.80 a hundredweight or \$3.10 below November 1963.

## Mabel Woman Wins State Wool Contest

MABEL, Minn. (Special) — Mrs. LaVaughn Rolfschus, Mabel, won first place in the adult division of the state Make It Yourself With Wool contest in Minneapolis.

Previously she had won the Minnesota Wool Growers Association district contest at New Prague.

She modeled a blue, brown and gold tweed double breasted, back-pleated coat with a narrow away-from-the-neck collar and bracelet-length sleeves. Her accessories were a cloche hat of matching fabric, antelope shoes, purse and gloves, gold bracelet and earrings and a pin from Sweden.

Five state judges based their judging on workmanship, pattern in coordination with individual and fabric, and appearance in fashion.

Mrs. Rolfschus was awarded a \$15 gift certificate and \$20. Adults are not eligible for the national contest in Phoenix, Ariz.

## Three Guernseys Complete Records

Cows in three area registered Guernsey herds have recently completed production tests. Church Lane Dawn a 10-year-old, produced 14,910 pounds of milk and 595 pounds of butterfat; Church Lane Colonels Gem, a 9-year-old, 12,560 and 554; Daley Creek Verna, a junior 3-year-old, 10,660 and 561; Daley Creek Hermes Gloria, a senior 2-year-old, 10,370 and 464 and Daley Creek Valor Verta, a junior 2-year-old, 9,230 and 400. All five are owned by Elvin Paulson & Sons, HOUSTON, Minn.

All cows were tested 305 days. Pine Knoll Bea, a 6-year-old, produced 11,900 pounds of milk and 491 pounds of butterfat in 294 days; Pine Knoll Alea, a junior 3-year-old, 9,970 and 459, and Pine Knoll Dina, a senior 2-year-old, 10,080 and 491. The last two were tested 305 days. All are owned by Homer Goss & Son, LEWISTON.

Maple Leaf I Sue, an 11-year-old, produced 10,560 pounds of milk and 453 pounds of fat in 297 days, and Maple Leaf I Lois, a junior 3-year-old, 11,780 and 525. Both are owned by Elmer J. Wirt & Son, LEWISTON.

# Frozen Ground Can Cause Foot Rot in Cattle

DES MOINES, Iowa — Foot rot can be an increasing and costly problem for cattle on many farms from now through spring, the American Foundation for Animal Health has warned.

During the cold months, cattle often injure their feet on frozen, rutty ground and the foot rot organisms can enter readily through these wounds. In the late winter and early spring, the feet of cattle may become softened by constant exposure to moisture, also making it easy for the bacteria to invade.

Foot rot cases often start in the deep tissues of the feet without showing immediate symptoms. The first warning sign may be lameness in one or more feet. Later, there may be a slight swelling and reddening of the skin just above the hoof. Affected animals are reluctant to move to feed and water, resulting in reduced weight and milk production.

There are a number of conditions which may resemble foot rot. The foundation suggested farmers consult with a veterinarian whenever any of their cattle appear lame. If the problem is foot rot, surgical trimming of the feet and medication may be necessary.

## Full Details Of 'Great Society' Waited

WASHINGTON (AP) — President Johnson dined it into American heads that he wants to build the "Great Society" but he never said exactly how and he never quite said when.

He still hasn't given details but this week, after he called in a group of reporters to let them interview him, he provided they didn't quote him, it was clear he thinks the Great Society will be many long years in the making.

Since last April he had dwelt on the Great Society theme repeatedly, although not recently, pledging his administration to build it. He mentioned three places to start: in the "cities... countryside... and classrooms."

One of his foundation stones, to be offered the new Congress in January, will be medical care for the aged — a plan tied to Social Security. Others will be road-building programs and funds for health facilities in mining areas.

site way if he is faced with an issue that badly needs fighting but tries to avoid it.

More than any president in this century — with the exception of Dwight D. Eisenhower who in eight years never really said anything to make people mad at him — Johnson for some time should have the least trouble with Congress.

He knows the congressional mind, having been part of it himself so long, and accomplished a great deal as a Senate Democratic leader by the technique he seems bent on following now: the soft approach and compromise.

Compromise, of course, means an absence of sensational victories.

After watching Johnson for years it is this writer's belief his philosophy of achievement is based on making progress through an accumulation of limited advances instead of on a few sensational triumphs.

In this way he can hope — although both the liberal and conservative sides may be angry when each doesn't think it got enough or one thinks the other got too much — neither will have ground for enough irritation to be an enemy.

## Corrinne Jordan, 'Stardust Lady' Of Radio, Dead

STILLWATER, Minn. (AP) — Corrinne Jordan, known as the Stardust Lady in a dozen years on Twin Cities radio before her 1955 retirement, died Wednesday night at Lakeview Hospital here after a three-year bout with cancer. She was about 65.

The wife of John Jordan of Marine-on-the-St. Croix, she had had a 30-year career on the air, starting at station WBBM in Chicago. She joined the staff of KSTP in the Twin Cities in 1928.

Her forte was soft piano music accompanied by comments, verse and quotations on a Sunday night program sponsored by a mattress company. The program, originating at KSTP, was relayed to six other stations in three states.

Among her more quoted epigrams was an elaboration of one credited to Dorothy Parker: "They say fellows never make passes at gals who wear glasses — but I've found a few yokels who don't mind my bifocals."

## Freeman Sets Sugar Quotas

WASHINGTON (AP) — Secretary of Agriculture Orville L. Freeman has set U.S. sugar requirements for 1965 at 9.2 million tons and has established quotas on domestic production and imports to hold marketings to this level.

Freeman's announcement Wednesday was in line with proposals he made to the sugar industry in October except for an increase of 5,479 tons in the Hawaiian quota.

Freeman limited imports from foreign countries to 500,000 tons during the first quarter of 1965 and 1,200,000 tons during the second quarter.

He acted under legislation which directs him to control supplies in order to stabilize prices and assure consumers of ample amounts.

A BOY AND HIS DOG — ERMALO, South Africa — Anton Misela, a 13-year-old African boy, died because he wanted to comfort his frightened dog.

He was on the way home with his dog when a storm broke. He ran to a nearby school for shelter, his dog trotting at his heels.

A teacher told him the dog must stay outside as it would distract the pupils' attention. He told the dog to wait outside. It began yelping with fear and he ran to its side — just as lightning struck. Anton and his dog died instantly.

## Rhodes Scholar Candidates Named

NORTHFIELD, Minn. (AP) — A Harvard English major and a West Point cadet were selected Wednesday as Minnesota's candidates for Rhodes scholarships.

They are Merle McClung of Montevideo, a senior at Harvard who is studying English but plans to enter law school, and James S. Scheiner of Minneapolis, who last year was the top man in the junior class at the U. S. Military Academy.

McClung and Scheiner will represent Minnesota in the Middle West District Rhodes competition at Des Moines Saturday.

There's another side to that story. The court in Roosevelt's first term wrecked one New Deal program after another. But after Roosevelt began his fight the court — through resignations, new appointments and no doubt great self-consciousness — swung around to Roosevelt's side.

Johnson, despite his caution, may stumble into the same pit of unpopularity but in the oppo-

site way if he is faced with an issue that badly needs fighting but tries to avoid it.

## Sidewalk Santa Tells a Story

PHILADELPHIA (AP) — As the only sidewalk Santa in the City of Brotherly Love I got requests as varied as "Please, Santa, I want a little puppy," from a little girl to "Hey, Santa, want a drink?" from a man old enough to know better.

Outfitted with red suit, fake boots, a fake chimney, a nerve-jangling bell and surely the scratchiest beard in Philadelphia, I spent nearly four hours as one of Santa's helpers collecting for the Volunteers of America.

Because of recent staff changes, the Volunteers decided not to put out any Santa's helpers this year. But they readily agreed to lend their Santa paraphernalia.

The kids looked right past the ill-fitting suit, the fake boots and even a slipping beard. This was Santa and they loved him.

The first man to speak hurried past and called, "Hey Santa, bring me a new car." A news dealer, juggling an armful of newspapers, said, "All I want, Santa, is a new girl." Most of the adults smiled and many waved. One man repeated the old gag: "I hear you have three gardens. Santa, so you can hoe, hoe, hoe."

One girl broke away from her parents and came over. "I'm Cynthia. Can I feel your beard? It scratches."

Another girl came over and asked about the reindeer. She talked about her new dress, her baby brother, her loose tooth, and then as her mother tried to pull her away, she leaned over close to say: "Please, Santa, I want a little puppy."

There were some problems. I nearly got cramps in my right arm ringing that bell. Then my left arm got tired.

Every time I switched hands, my beard got tangled in the bell.

Many people gave me as wide a berth as possible, looking the other way purposely. Often, when anyone did stop to drop a coin in the fake chimney, he looked embarrassed.

Total collection for the evening, \$9.66 — and one toy dart. As my felt got colder, the warming sounds of revelry from a nearby tavern sounded inviting. Several men came out and offered a drink. The Volunteers of America has a list of dos and don'ts for Santas, including: "Do not leave your chimney unattended," and "Do not eat, smoke or drink while on duty."

Then, just before I put away the clanging bell and fake chimney a girl ran over and with a big hug said: "I love you, Santa."

## Detroit Lakes Theater Burns

DETROIT LAKES, Minn. (AP) Fire destroyed the two-story Lake Theater building in Detroit Lakes Wednesday night, causing damage estimated at \$125,000 to \$150,000.

Mr. and Mrs. Ken Prentice and their three children, who live above the theater, were driven out by smoke. The motion picture house had been closed Sunday night for remodeling.

Cause of the blaze was not determined immediately.

## Mrs. Humphrey Wants to Keep Capital Home

WASHINGTON (AP) — Mrs. Hubert H. Humphrey likes her own home and would like to stay put there.

She expressed this feeling Wednesday when she invited a group of newsmen to her suburban home for coffee and a tour of the four-bedroom house.

All the talk about Congress providing a larger home, more suited for formal entertaining when her husband becomes vice president "makes us feel like we're homeless orphans," she said.

"We feel we can entertain very nicely and informally here as we have time and time again," she added.

She mentioned that the handprints of their four children were in the cement steps leading to the outdoor patio and added, "There are things around the house that would make it hard to leave."

Mrs. Humphrey emphasized that it was up to Congress, however, to decide whether the vice president should have an official house.

The small, white-haired wife of the vice president-elect had this to say on other things:

Her daughter Nancy, 25, wife of Bruce Solomonson of Minneapolis, is expecting her third child next March and, "I'm expecting my first grandson." The Solomons have two little girls.

The Humphreys' three sons will be home for Christmas. Douglas, 16, a junior at Shattuck Military Academy in Faribault, arrived Wednesday night. Robert, 20, a sophomore at Mankato State College, will be home later. Hubert III, known as Skip lives here with his wife.

Mrs. Humphrey has arranged through a Minneapolis store, Jackson Graves, for designer Count Sarni of New York to make her inaugural ball gown. She is making one dress she hopes to wear inauguration day — "If it turns out well."

A little black kitten named Cinder-Ella rules the Humphrey home.

Mrs. Humphrey talked to reporters with the yellow-eyed kitten in her lap. It was an early Christmas gift from Hubert III, and his wife.

Cinder-Ella has no distinguished pedigree. It was a stray the young Humphreys found near their home and looks to be about three months old.

## Reynolds Heir, Born 36 Hours After Dad's Death

LUCERNE, Switzerland (AP) — Annemarie Reynolds, widow of American tobacco millionaire Richard J. Reynolds, gave birth to a daughter Wednesday, 36 hours after her husband's death.

The birth took place in the maternity ward of the St. Anna Clinic where Reynolds died Monday with his expectant wife at his bedside.

Hospital officials said Mrs. Reynolds, 35, had her baby normally and at the expected time. "They are both doing fine," one nurse said. The girl will be christened Irene Sabena. She weighed 6 pounds at birth.

Reynolds, 58, had moved to Lucerne two years ago after being stricken with chronic emphysema, a lung disease.

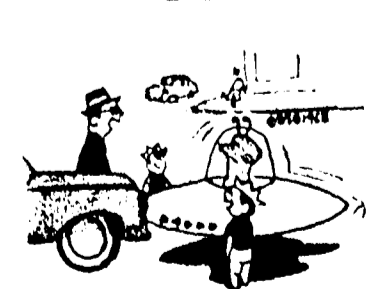

## Goldwater Urged Replacement for Him in Reserve

WASHINGTON (AP) — Washington sources say Sen. Barry Goldwater suggested to the Air Force before the Nov. 3 election that it start looking for a replacement for him as commander of the 9999th Air Reserve Squadron.

However, the sources said, the Air Force did not consider this a resignation from Goldwater, a Reserve major general and at that time the Republican party's presidential nominee.

## Alexander Meiklejohn Dead in California

BERKELEY, Calif. (AP) — The death Wednesday of Alexander Meiklejohn ended the career of one of America's leading philosophers and liberal educators.

Dr. Meiklejohn, 92, was stricken with virus pneumonia three days ago after he had enjoyed one of his walks in the Berkeley Hills.

The former president of Amherst College had lived a life of intellectual turbulence. It brought him fame, honor and difficulties.

In December 1963 he was presented the Presidential Medal of Freedom by President Johnson.

A native of England, he came to the United States at the age of 8 when his father, James, established a business in Pawtucket, R.I.

He was graduated from Brown and Cornell universities and in 1897 joined the faculty in Brown's philosophy department. He was named associate professor in 1903 and full professor in 1906. He was serving as dean

when he became president of Amherst in 1912.

His innovations at Amherst stirred up such a storm that the trustees asked him to resign in 1923; he had reshaped the curriculum to emphasize social sciences, and put a student board in control of student conduct.

Twelve seniors turned down their diplomas at graduation and eight faculty members quit in protest of the dismissal.

Meiklejohn moved on to the University of Wisconsin where he continued his experimentation as philosophy professor under Dr. Glenn Frank.

From the 1930s on, Dr. Meiklejohn lived in Berkeley. Surviving are his widow, Nancy, a daughter and three sons.

# THE WORLD IN 1964

### HISTORY AS WE LIVED IT

THE WORLD IN 1964 brings to vivid life the events and people you yourself will remember as important or fascinating in a year of great news and great newsmakers.

It's a special book, a BIG book of 300 pages, size 9 1/2 x 12 1/2 inches, crammed with news pictures in black and white and color, as well as generous text.

Unlike the ordinary annual or almanac, THE WORLD IN 1964 reflects the high drama of the passing months, instead of just cataloging happenings or presenting brief summaries. And it covers the ENTIRE year, month by month.

## ADVICE TO FRESHMEN

MONTREAL (AP) — "Please above all, don't fall in love," Dean H. W. Woods told new students of McGill University at welcoming ceremonies. "A lot of university careers have been ruined by emotional disturbance that love brings on. Time is desperately short for the university student."

## RAILROAD FILM

HALIFAX (AP) — Hollywood silent star Buster Keaton has arrived here to start making a transcontinental two-reeler for the National Film Board, tentatively titled "Rail-roader." The 68-year-old comic will travel coast to coast on a gas-powered railway "speeder" for the silent documentary in color.

# No Guarantee On Face-Lift

By ABIGAIL VAN BUREN

DEAR ABBY: Please tell me the truth about face lifting. I am 45 and at one time I was considered a real beauty. I still have a slim figure, beautiful eyes and lovely hair, but my face has "gone to pot." I have wrinkles and my jaws droop. I've seen movie stars who are older than I, and they don't have a wrinkle on their faces. Something is wrong somewhere. How long does a face lifting job last? I've heard it has to be done over every four or five years. I wouldn't mind the pain or the expense. It would be worth every bit of it if I could look like I did ten years ago. Be honest with me, Abby. Don't tell me to grow old gracefully. You know how vain women are.

NO NAME, PLEASE

DEAR NO NAME: The most obvious "truth" about face lifting is that no reputable plastic surgeon can guarantee the PATIENT that he (or she) will be satisfied with the results, which range all the way from highly successful to "why - didn't I - leave - well - enough - alone?" You can't always believe your eyes. Many actresses who are older than you and "don't have a wrinkle" can thank skilled cameramen and expert make-up artists. If you are interested in plastic surgery, go to a specialist in this field and he will provide you with all the answers.

DEAR ABBY: There is a woman who rides to work with me every morning. She does pitch in to help pay for the gas, but I want to know if this gives her the right to change the radio station I am listening to? And how about if she wants the window open or closed? Don't you think she should ask ME before going ahead and changing things to suit her convenience and comfort? I have had plenty of days ruined by this kind of a beginning. What do you suggest?

READY TO DUMP HER

DEAR READY: Your passenger is too presumptuous. If you can't tell her, dump her.

DEAR ABBY: What is wrong with a person who brags, brags endlessly? How this man goes on about himself and his accomplishments is not to be believed. He is truly a wonderful, generous person, Abby, and he doesn't have to try constantly to sell people on how great, and charitable and important he is. It just breaks my heart to listen to him, as I love him very much. He reads you, Abby. Maybe if you print this, it won't be necessary to say anything to him.

HEAVY-HEARTED

DEAR HEAVY-HEARTED: You are mistaken. This man is not trying to sell people on how "great" he is. HE is trying to sell himself. He needs to keep building himself up or he'll cave in. You see, he is empty inside.

Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

## GOP in House To Continue Halleck Rule

WASHINGTON (AP) — Rep. Charles A. Halleck's continued rule as head of House Republicans seemed assured today as the party's depleted ranks went home after their first post-election conference.

The matter of whether the Indianan should be replaced as part of a move to give the party a new image wasn't even discussed at Wednesday's conference.

It could be brought up at the next scheduled meeting on the morning of Jan. 4, the day the new Congress convenes with the House Republican membership almost 40 votes short of what it now is.

Spokesmen for a group seeking a leadership change and changes in leadership practices said privately there was no one now in sight with strength enough to challenge Halleck. But they clung to a hope that something might happen between now and January to change the outlook.

The decision of who will be floor leader in the new Congress will be made Jan. 4 along with decisions on some other matters discussed Wednesday.

Major unfinished action may be a move to have the Republicans endorse the statement of Republican governors interpreted by many as a call for removal of Dean Burch as chairman of the Republican National Committee. Burch was the handicapped choice of Sen. Barry Goldwater, defeated GOP presidential nominee.

### La Crescent Lighting Judging December 27

LA CRESCENT, Minn. (Special) — The La Crescent Chamber of Commerce will make three awards for home Christmas decorations in the village and immediate rural area.

A traveling trophy will be awarded for the best overall home and yard decorations. Two plaques will be given for the best yard decorations and best window display.

Judging will be done Dec. 27 at 7 p.m. by the La Crescent Home and Garden Club. Registration isn't necessary; anyone having decorations will be considered.

### TULIUS DISMISSED

DODGE, Wis. (Special) — Arthur Tullius was dismissed from St. Joseph's Hospital, Arcadia, Monday, where he was hospitalized 18 days with broken ribs and back injuries received when the gasoline bulk truck he was driving skidded on an icy road and went over an embankment. Tullius is owner of the Dodge Oil Co.

### 1965 Opening Dates

Opening dates for the 1965 fishing season have been announced by the Minnesota Conservation Department as the 1965 Minnesota fishing licenses go on sale over the state. In Winona County the license will be on sale by the county auditor and his agents starting next Monday.

There are few changes in the opening dates. River fishing will open May 1 as do the trout and bass seasons in the river zone. Here is the departments release:

Lake Trout — Inland and Minnesota — Canada boundary waters — January 2. Trout (brook, brown, and rainbow trout) — Special season on 23 North Shore streams — April 3. General trout season — May 1. Kokanee Salmon — May 1.

Spokane (This is a cross between a brook trout and a lake trout and is included with the brook, brown, and rainbow trout for seasons and limits, except for Gogebic and Pierz lakes in Cook County, which are open only under special regulations.)

Walleyed Pike and Northern Pike — Inland waters — May 15. Minnesota — Canada boundary waters — May 15. Minnesota — Wisconsin boundary waters and Minnesota — North Dakota and South Dakota boundary waters — May 1. Minnesota — Iowa boundary waters — May 8.

Muskellunge — Inland waters — May 15. Minnesota — Canada boundary waters — June 19.

Large and Smallmouth Bass — Northeastern section of state — inland waters north and east of U.S. Highway 53 from Duluth to International Falls — May 29. Balance of the state — inland waters — June 5. Minnesota — Canada boundary waters — May 15. Minnesota — Wisconsin boundary waters — Mississippi and St. Croix Rivers below the Stillwater bridge — May 1. St. Croix River above Stillwater — June 5.

Panfish and rough fish — Inland and boundary waters — Continuous season. All daily and possession limits remain the same as in 1964.

Ice Fishing Regulations While veteran winter fishermen are acquainted with the ice fishing regulations, newcomers to the sport may not be so well informed, says the Minnesota Conservation Department. In addition to the regular fishing license, the use of a fish shack or darkhouse requires the purchase of a separate license. There is also another special license, costing

\$1, required of anyone wishing to spear. Licenses for shelters and darkhouses are \$2 if the shack is for private use, or \$3 if it is for hire.

The shelter license must be fastened to the interior of the shack. The shelter license number and the name and address of the owner must be painted on the exterior of the house in letters at least three inches high. The door of the shelter or darkhouse must be constructed so it can be opened from the outside at any time it is occupied.

Although the same shack may be used for both spearing and angling, it is unlawful to have a spear within a fish house or darkhouse while it is being used for angling purposes. This means the fisherman must decide whether he is going to angle or spear; he can't do both at the same time.

Northern pike, rough fish, catfish and whitefish are the only species which may be legally taken by spear in Minnesota. No spearing is allowed after Feb. 15.

Ice fishermen may use their shelters after Feb. 28 — the usual deadline for removing them from the ice — only if they remove them by 7 p.m. each evening and do not put them out until 7 a.m. On Minnesota — Canada boundary waters, shacks may be left on the ice until March 31.

Spearing is outlawed on the Mississippi or in the river zone.

### ETTRICK PATIENTS

ETTRICK, Wis. (Special) — Jane, 15-month-old daughter of Mr. and Mrs. Victor Johnson, is a hospital patient at La Crosse. Mrs. Bessie Melcher, who has been living with a daughter near Milwaukee, has moved to the Corner Nursing Home, Whitehall. She is the former Mrs. Bessie Erickson of Ettrick.

### DECK THE RAFTERS

BEATTYVILLE, Ky. (AP) — Holly, with its bright red berries, is widely used as a Christmas decoration, but to some of the pioneers in Kentucky it had a more practical use. They believed the surest way of keeping maggots away from cured meat was to swing hams and sides of bacon from holly pegs fitted into smokehouse walls and rafters.

## No Argument, Forsythe Says After Attack

ST. PAUL (AP) — Robert Forsythe, state Republican chairman, says he does not intend to enter into a personal argument with his party's Crow Wing County executive committee. His comment came Wednesday night after the group, meeting at Brainerd, had enacted a 14-point resolution criticizing Forsythe for his handling of various party projects.

Charges included a lack of proper leadership and that Forsythe had been catering to a small group of Twin City Republicans while ignoring the grass roots levels of the GOP.

In his answer, Forsythe said he had attempted to make it clear that his regime had sought to keep the doors open to all Republicans.

"During the past four years," he said, "my efforts have been directed at strengthening the party organization within the state. To some extent, I believe we have accomplished this."

In so doing, the chairman said he had worked with thousands of Republicans in all of the state's 87 counties in an effort to broaden participation in party affairs. He conceded, however, that "no party leader can begin to satisfy everyone all the time."

He added that he would continue to work with Republicans throughout the state.

"Their targets will be the Democrats," Forsythe concluded.

### Mondale Names Executive Aide

ST. PAUL (AP) — Atty. Gen. Walter F. Mondale, who has been named senator to succeed Vice President-elect Hubert Humphrey, Wednesday named Jerome B. Schaller as his administrative assistant.

Schaller, 39, has been top aide to Rep. Joseph Karth of St. Paul for the past five years. A former business relations and farm relations director for the Minnesota Federation of Labor, he served on the Governor's Tax Study Commission in 1957-58 and was a member of the Business Development Advisory Commission.

Rep. Karth named Gerald W. Christenson, 34, 4th District Democratic — Farmer — Labor chairman as his administrative assistant to succeed Schaller. Christenson is a social studies teacher at Mounds View High School.

## Premature Pains Bring Citizenship Oath in a Hurry

PHILADELPHIA (AP) — American citizenship had to be conferred with unusual speed Wednesday when a woman told naturalization officials the birth of her baby seemed imminent.

"There may be one more citizen in the room if we don't get

her on her way," said naturalization examiner Herbert Levy. The oath was administered to Patricia Pinto, 22, a native of Panama, and she was whisked out of the courtroom by her husband, Carl, 29, and taken to a hospital.

It turned out to be a false alarm. Mrs. Pinto said later, "I'm sorry to have caused all the excitement."

The baby is due next week.

How Do You Defense Lad Who Is Averaging 42 Points?

By ROLLIE WUSSOW  
Daily News Sports Writer

How do you defense a fellow who's averaging 42 points per game?  
How do you eliminate the potential scoring strength and ever-present rebounding ability of a 6-7 giant?  
These are the questions going around the minds of Houston coach Jim Harvey and Eleva-Strum's Dick Salava as their schools' games with Peterson and Independence near Friday night's countdown.  
The point happy lad who is averaging 42 a game is none other than Murt Boyum, the 5-9 Peterson guard who has proven to seven foes this year that he's as hard to stamp out as the Plague.  
The 6-7 skyscraper wears the colors of Independence, answers to the name of Jack Bisek and towers above all others in the Dairyland Conference.  
But let the coaches tell the stories.  
From Houston, via the Bell System, Harvey's first comment when told that his team's game with the Petes had been tabbed as the Gopherland prep top of the week was: "It's the question of Boyum again. There's no doubt about it."

Or Stop 6-7 Leading Rebounder and Scorer?

The Hurricanes are getting to the point in their league schedule where all games are "musts" if they are to think about conference trophies. A win over Boyum and Co. Friday would serve as a nice Christmas present for Harvey before moving into the second half of the slate.  
The key is defense.  
"Their (Peterson's) whole defense is Boyum," says Harvey. "He's what makes them go. I don't know just yet what we'll use on him — probably a man-to-man and double-team whenever possible."  
Who will have the "privilege" of guarding Boyum should the Hurricanes use a man-to-man?  
"I don't know yet," says Harvey.  
Harvey will go with Steve and Bob Bremseth, Rick Schnauer, Bruce Carrier and either Doug Coppe, Marlin Carrier or Clare Palmquist at the other slot. He expects to use the rebounding ability of 6-2 Terry Rosendahl, the tallest man on either team, as well as Andre Rostad.  
From Peterson, coach Bernie Benson leaves an air of

Benson Boyum Salava Richards  
cloudy apprehension.  
"They're a good ball club," said Benson. "We'll have to be on our toes."  
"Against Canton (the Petes lost 76-74, despite Boyum's 53 points) we had opportunities to win, but we blew them. I

hope we don't do it Friday."  
What about Boyum?  
"He's terrific!" was the emphatic reply. "I think he'll continue scoring. I don't think that any pressure is getting to him."  
Benson will go with Boyum, Don Gudmundson, Jim Hallevig, Wayne Hasleiet and Jerry Agrimson. Gudmundson is the tallest at 5-11.  
Dick Salava of Eleva-Strum thinks his Cardinals are about ready to come around, if a coach with a 5-1 record can say it's time for "coming around."  
"For the first time this year," says Salava, "we'll be at full strength — ready to play ball."  
Salava was referring to the return of 6-2 forward Jerry Vetterkind, himself an athletic institution around Eleva-Strum. Vetterkind was injured in a football game this fall, but is now sufficiently recovered.  
Salava's club has excellent scoring balance, the fact proven by four of his starters ending in double figures in five of the six games played so far.  
"We've had good balance all year," ratified Salava. "This

Eastern Fives May Want to Go West

By THE ASSOCIATED PRESS  
Seattle and Colorado State University came from out of the West and shattered the all-winning slates of two Eastern teams in college basketball Wednesday night.  
Seattle edged LaSalle 76-74 in the feature of a doubleheader at the Palestra in Philadelphia. CSU defeated Cornell 67-65 at Ithaca, N.Y. LaSalle had won four straight, Cornell three.  
Duke, Penn State and Baylor also came through with road victories in other feature games on a comparatively slim national program.  
The sixth-ranked Duke Blue Devils, the only team in The Associated Press Top Ten to see action, nipped Clemson 80-79. Penn State downed Temple 73-63 in the opener of the Philadelphia twin bill while unbeaten Baylor made it five in a row by taking North Texas 86-81.  
Charlie Williams sank a field goal from 20 feet out with only three seconds left to give Seattle its victory. He then stole the ball to balk LaSalle of a final shot. Tom Vichakovich similarly popped one in from the outside in the closing minutes to put Colorado State U. ahead for good against Cornell.  
Duke came from 11 points back to beat Clemson behind 10 straight points by Steve Vaccad. His goal with 1:34 left put the Blue Devils ahead for good.

How Good Is Gopher Team?

MINNEAPOLIS — Coach John Kundla finds out Saturday night how good his fourth-ranked Minnesota Gopher basketball team is for two reasons.  
First, he'll learn how well the Gophers can adjust to the loss to scholastic ineligibility of senior Terry Kunze.  
Secondly, Utah State should provide the Gophers with their most serious test of the young cage season.  
Junior Dennis Dvoracek will replace Kunze at starting forward, adding two inches to the Gopher lineup in height (6-foot-6 to Kunze's 6-4). But the Gophers are certain to miss Kunze's outside shooting and his ball handling ability.  
"We'll just have to work harder to compensate for the loss," Kundla said.  
The biggest effect of Kunze's loss is that it strips the Gophers of much of their reserve depth. Dvoracek could play both forward and center, while Kunze could shift to guard if Don Yates or Archie Clark

needed relief or got into foul trouble.  
Now only Paul Presthus, the muscular Rugby, N. D., sophomore, is available as a frontline reserve and he lacks polish. Guards Dave Nelson and West Martins are capable, but lack experience and size. These three must develop quickly or Kundla has no bench.  
Some felt Dvoracek might have beaten Kunze out of the starting forward berth by mid-season anyway. But replacing Kunze as a swing relief man at either forward or guard will be nearly impossible.  
Utah State is the highest scoring team the Gophers have ever faced in Williams Arena. The Aggies have averaged 98 points a game in clobbering Idaho State, Butler, Loyola of Los Angeles, Pacific University and Nevada.  
Wayne Estes, 6-foot-6 senior from Anaconda, Mont., is Utah State's top scorer with an average over 30 points a game. Guard LeRoy Walker has averaged 20.

THE VIOLENT WORLD? ... Jim Bakken, center, whose field goals and extra points produced 115 points and second place for the St. Louis Cardinals in the National Football League's Eastern Division, is working in a sporting goods store while waiting for the Playoff Bowl in Miami Jan. 3. St. Louis will play the Green Bay Packers, runnerup in the NFL's Western Division. (AP Photofax)

BAKKEN: THE TALENTED TOE

Confidence Is Everything

MADISON — "The Lord gave me a strong leg," said young Jim Bakken by way of explaining the talented toe which produced 115 points and boosted the St. Louis Cardinals to second place in the National Football League's eastern division.  
Bakken, former University of Wisconsin quarterback, and his Cardinal teammates finished one game behind the Cleveland Browns and by virtue of their 9-3-2 record will meet the Green Bay Packers in the Playoff Bowl Jan. 3 at Miami.  
Aside from his heavenly assets, the 24-year-old kicker, who could seemingly pass for a blond Rock Hudson, credits "a whole bunch of confidence" for his elevation to one of pro football's most proficient field goal and extra point specialists.  
"I can't tell you how much that confidence means," Bakken said. "It means a lot and some times it means the difference between winning and losing."  
Bakken referred to his fifth field goal in last Sunday's game against the Philadelphia Eagles. The 19-yard field goal kicked

off a right leg that swings like a violent pendulum, came with 22 seconds remaining and gave St. Louis a 36-34 victory.  
"You aren't cocky, but you're sure and this all goes back to confidence," Bakken said as he reset the scene of the winning kick. "You come off the bench with a free mind and do the job you've already done four times before that day."  
"If we had had a poor season and a poor record everything might have been reversed, but that's another story," said Bakken.  
A third-year man who was obtained by the Cardinals after the Los Angeles Rams discarded him in his rookie year, Bakken will go to Miami as one of only four men who have kicked five field goals in an NFL game.  
His distinguished company includes Ernie Nevers, Bob Waterfield and Roger Leclerc. Bakken returned to his hometown of Madison after the last game and within earshot of enemy Green Bay territory will wait out the 10 days before the Cardinals regroup in Miami.

Hardin, Navy Part Company

ANNAPOLIS, Md. (AP) — The Naval Academy and football Coach Wayne Hardin part company today after a contract dispute which lasted 10 days.  
The Academy scheduled an afternoon news conference to make a formal announcement, and indications were the coach would be on hand.  
It seemed almost immaterial whether it would be phrased that Hardin was resigning, or was being dismissed from the head coaching post he has held for six years after four as a Navy assistant coach.  
It is generally known he did not quit willingly. He has said several times since the dispute became known publicly last weekend that he was satisfied with the five-year contract he signed last Feb. 18 and wanted to continue under it.  
The final conference with Academy officials on the issue ended Wednesday night in Baltimore with lawyers present for both sides.

Grid Oddity? TD That Wasn't

By THE ASSOCIATED PRESS  
They flipped over John McClusky's nonchalant flip and the Harvard quarterback's premature gesture of success was selected today the college football oddity-of-the-year in the annual Associated Press poll.  
The McClusky incident in Harvard's opening game

against Massachusetts Sept. 26 was named on eight ballots in the voting by 53 writers and broadcasters.  
There was scattered support for Dick Kenney, Michigan State's barefoot kicker, and kicking specialist Bob Etter of Georgia, who picked up a bad snap from center on a field goal situation and scored the winning touchdown against Florida.  
However, McClusky's move drew more than twice the votes collected by any other.  
It happened this way:  
McClusky, making his varsity debut, had scampered 82 yards for one of the touchdowns that gave his team a 14-0 lead.  
However, it was 14-14 in the fourth quarter. The ball was on the Massachusetts two-yard line ... fourth down and one to go for a first down.  
McClusky, from Middletown, Ohio, rolled out to the right. There was good blocking in front of him and he scampered untouched into the end zone for an apparent score. But he flipped the ball prematurely just before crossing the goal line. It landed on the one-yard line where it was recovered by Massachusetts.  
Harvard eventually beat Massachusetts 20-14. However, McClusky suffered a pulled hamstring muscle on the old play, the injury reducing his effectiveness the rest of the season.

Badger's Erickson Angry Over Rebounding Woes

MILWAUKEE — Coaches John Erickson of Wisconsin and Al McGuire of Marquette were both troubled by rebounding errors that led to defeats as they prepared their teams for Friday night's opening games in the third annual Milwaukee Classic Basketball Tournament.  
Marquette will meet unbeaten defending national champion UCLA in the first game and Wisconsin will play Boston College in the second. Losers and winners will pair off in Saturday night's games.  
UCLA and Boston College were scheduled to arrive today, and both planned workouts in the Arena. UCLA called a practice session for 5 p.m. and Boston College two hours later.  
McGuire said UCLA had to be considered the tourney favorite and Erickson said the visiting clubs both appear tougher than Wisconsin and Marquette.  
The Badgers were spanked 70-56 by Illinois in the Big Ten season opener at Madison Tuesday night and Marquette bowed 72-61 to Valparaiso.  
"We wanted to beat Illinois more than winning all the rest of our games in December," Erickson said Wednesday at Madison. "We're not downhearted, but that was the Big Ten and those are the ones that really count."  
Erickson said he told the Badgers that in order to beat Illinois they had to control the boards and hold the Illinois to fewer than 69 shots.  
Illinois got only 67 shots but they beat the Badgers in rebounding 55 to 20.  
"Getting beat that bad on the boards and grabbing only a couple of offensive rebounds all night seems downright impossible," said Erickson. "You'd think we'd

get hit on the head with more offensive rebounds than we pulled down."  
Erickson also said, "If that's the best we can do you can write us off for the rest of the season." But he quickly added, "We have men who can go up and get the ball. We just weren't jumping and Illinois took charge."  
Erickson said that while Mark Zubor was working from the outside on his shooting to take scoring honors with 30, he was screened off the boards on rebounds by lanky Skip Thoren.  
"It was up to our corner men, Ken Barnes and Dave Roberts to get in there, and they didn't," said Erickson. Barnes got only three rebounds and Roberts two in the Badgers first loss of the season.  
McGuire said, "Our lack of rebounding killed us. Paul Carbins didn't get started until the second half and Tom Flynn never did get going."  
He said the Warriors also were hurt by the number of offensive fouls — "I think we lost the ball 16 times. We were caught on so many charging fouls."

Cookie Serves Time, Lands On AFL All-Star Anyway

NEW YORK (AP) — Despite serving time on the waiver list, Buffalo fullback Cookie Gilchrist was the only unanimous choice on the American Football League All-Star team named by The Associated Press.  
Gilchrist, one of six Bills on the team picked by a 24-man panel in the eight league cities, was the only player on either the offensive or defensive units to get all the votes and regained the fullback spot he lost to Oakland's Clem Daniels last season.  
Involved in a mid-season hassle with Coach Lou Saban that resulted in his being placed on the waiver list, Gilchrist proceeded to make amends, re-joined the team and put himself into position to become the first player in the league's history to become a two-time 1,000 yard ground gainer.  
San Diego's five includes flanker Lance Alworth, Keith Lincoln at the running back

ton that will decide the Eastern Division title. However, he figures to have tough going against a Patriots' defense that had three men named to the All-Star team.  
In all, Boston placed five men on the team as did San Diego's Western Division champions.  
Besides Gilchrist, the Bills placed tackle Stew Barber and guard Billy Shaw on the offensive unit and tackle Tom Sestak, linebacker Mike Stratton and safety George Saines on the defensive team.  
Boston's contingent includes quarterback Babe Parilli and guard Billy Neighbors along with the three defenders — end Larry Eisenhauer, middle linebacker Nick Buoniconti and safety Ron Hall.  
San Diego's five includes flanker Lance Alworth, Keith Lincoln at the running back

spot, offensive tackle Ron Mix, defensive end Earl Faison and Ernie Ladd, the 6-foot-9, 321-pound defensive tackle.  
Kansas City placed two men on the team and New York, Houston, Oakland and Denver one each.  
Fred Arbanas at tight end and cornerback Dave Grayson were the Chiefs' representatives. Cornerback Larry Grantham made it for the Jets, receiver Charley Hennigan for the Oilers, center Jim Otto for the Raiders and cornerback Willie Brown for the Broncos.  
Otto has been an All-Star for the five years the league has been in existence.  
Ten others were repeaters from last year — Alworth, Lincoln, Mix, Barber, Shaw and Arbanas on offense and Faison, Sestak, Eisenhauer and Grantham on defense.

with Gary Evans

**JOHN KOLB OF MANKATO**, the fellow who has set himself up as an out-state Art Johlis, doesn't feel the loss to Rochester will interfere with the Hawks' tournament chances. "I still feel Winona will win Region One even after that loss to JM," says Kolb, who ranks the Hawks 11th among the public schools.

The first five in order are: St. Louis Park (4-0), Willmar (4-0), Luverne (5-0), Rochester (3-1) and St. Cloud Tech (2-1).

While Kolb is enthused with John Kenney's team's chances, such isn't the case for Cotter.

"It looks as if Cotter's Region Six reign has come to an end this season," he says.

Benilde is first in Kolb's Catholic rankings with Austin Pacelli second and St. Cloud Cathedral third.

Perhaps it is a bit early to tell in either case. John Nett claims his team could be tough later in the season. That's good enough for us to rate the Ramblers as a threat.

Then, too, the Hawks have a long road ahead before the regional to say nothing of District Three and Rochester.

**ROCKET COACH KERWIN** Engelhart isn't about to accept the rumor that has him headed to Hamline next year when the Joe Hutton dynasty definitely will end.

"There will have to be many questions answered before I'd show a definite interest in the position," says Kerwin.

Chances are this year's JM club is one reason Engelhart seems content, but there's nothing like the lure of your alma mater. Spring could see the likeable coach singing another tune.

**THEY SAY TURNABOUT** is fair play, but they haven't a term for what the Winona State College wrestlers and specifically Coach Bob Gunner did Saturday.

The big news was the fact that the Warrior grapplers equalled their winning output of a year ago by sweeping three dual meets in the La Crosse quadrangular affair.

The 36-0 shutout over La Crosse marked the Warriors' first since 1962 when Bob Keister, interim coach, led his team to a pasting of Michigan Tech.

The Michigan Tech coach? None other than Bob Gunner.

**BILL HARGESHEIMER**, who put as many miles on his frame as any basketball official before hanging up his whistle in 1963 after 37 years in a striped shirt, isn't surprised that Spring Grove's Mel Homuth is scoring as well as he is.

"He's a fine ball player," says Bill. "I Hargesheimer remember him as a freshman at Spring Grove when we worked a few games he played in."

"He's a fine boy and a good sportsman along with his basketball ability. He should go a long way in college."

The way Homuth has been scoring this year, there can be no doubt that a few collegiate coaches already are drooling.

**NOW FOR THE SWAMI**. He's a mighty concelled lad after hitting 11 of 11 plus Rollingstone-Hokah and Granton-Fairchild on the nose Tuesday.

That leaves him with 140 of 206 without handicaps for .680 and 119 of 206 for .578 with handicaps.

But Friday is another night. With crystal ball in hand, this is what he says:

**WINONA HIGH** over Red Wing by 7. "The Hawks are smarting after the loss to Rochester."

St. Paul Hill over COTTER by 2. "John's boys will be ready later, but it's Hill this week."

**WINONA HIGH** over Spring Valley by 4. "The Wolves had better watch out after last year."

## Five Vikings Reserves for Western Squad

LOS ANGELES (AP) — There will be a decidedly Minnesota flavor to the backfield for the Western Division in the East-West National Football League Pro Bowl game here Jan. 10. Quarterback Fran Tarkenton, halfback Tommy Mason, and fullback Bill Brown are reserve choices, and two other Vikings have been named to the team as well.

Grady Alderman at tackle and Mick Tingelhoff at center round out the Minnesota contingent.

The skunk uses his potent scent sparingly. He produces it at the rate of only about one-third liquid ounce per week.

## Larry Donahue Levels 574 to Pace Women

While the women were pounding the pins with authority Wednesday night, none of the scores challenged top ten departments.

Leading the way was Larry Donahue in the Westgate Mixers League. She sizzled 214-572 to pace Golden Brand Food to 931-2,830. Betty Englerth registered 559.

Esther Pozanc romped to 561 in the Sunsetsers League at Westgate, leading Goltz Pharmacy to 2,610. June Dalleska of Merf's Market totaled 221-533 and Mankato Bar 919.

Alfreda Fuglie smashed 520, Helen Selke 522 and Henrietta Young 514.

The lone men's honor came out of the Commercial League at Hal-Rod where Irv Praxel waxed 603 for Sunshine Cafe.

Mike Breza's 231 helped McNally Builders to 984 while Schlitz was totaling 2,866 and member Gene Sobek 574 errorless.

**HAL-ROD LANES:** Retail — Bruce Reed's 244-588 paced Dorn's IGA to 2,840. Main Tavern socked 973.

**WINONA AC:** Marjorette — Ruth Blank and Sloppy Jones swept three honors. Ruth leveled 188-452 and the team 2,475. Super Saver dropped 856.

**ACE:** Clem Rozek shoved Jerry's Plumbers to 986-2,800 with his 569. Andy Rozek socked 213 for Winona Heating Co., which won the first-half title.
