## Rusk Cautions Against Reckless Viet Action

By BARRY SCHWEID  
WASHINGTON (AP) — Secretary of State Dean Rusk has counseled against "reckless action" in Viet Nam and said he would not have the United States abandon the war or expand it.

Rusk also ruled out for the time being a political settlement of the struggle against the Viet Cong guerrillas — a drawn-out affair in which the United States has invested men, money and materials.

The South Vietnamese can

turn back the Communist insurgents, President Johnson's chief foreign policy adviser maintained Sunday as he reviewed the war and the international scene generally in a year-end review on the NBC television network.

Rusk conceded he shares with many Americans "a sense of frustration that things are not somehow moving more rapidly toward a conclusion." But, he said, the situation calls for persistence and coolness, not "reckless action which would move us over thoughtlessly in either the direction of defeat or in the direction of a very great catastrophe."

Along the way, he said he does not favor expanding the struggle or having the United States pull out of it.

The first, he said, would subject Asians to devastation and lead down a trail "the end of which no one in any country could possibly see with assurance." The second, he said, would encourage Communist China to become more aggressive.

He dismissed a political settlement — a third alternative to present policy — as impossible because the Communists have refused to give up their aggressive designs.

Elsewhere the debate on Viet Nam continued as four senators urged a re-evaluation of the U.S. role in the Southeast Asian country and Japan's new prime minister, Eisaku Sato, said in a copyright interview in U.S. News & World Report that Viet Nam will be an important subject during his forthcoming talks with Johnson.

## Mob Riots In Saigon

SAIGON, South Viet Nam (AP) — A mob of 1,000 rioted through Saigon's main streets for more than three hours today, calling for the overthrow of Premier Tran Van Huong.

Viet Cong guerrillas ambushed another Vietnamese

Ranger battalion near the town of Binh Gia and killed a U.S. adviser, the first American to die in 1965. Nine Rangers were killed and 30 or 40 were missing. So far six Americans have been killed in the fighting around Binh Gia, which started last Tuesday. Two others are missing and presumed captured. Government casualties are estimated at about 500.

Since December 1961, 247 Americans have died in combat in Viet Nam.

Squads of armed marines made no attempt to stop the demonstrators in Saigon, but the rioters manhandled photographers and any police who got in the way. Fights broke out repeatedly as the crowd charged about the city.

At one point, the mob unfurled a banner denouncing "involvement of the American government and Ambassador (Maxwell D.) Taylor in Vietnamese affairs."

At least a score of persons was believed to have been injured. Among those hurt was Associated Press photographer Huynh Cong La.

The mob was not allowed to enter Buddhist headquarters, and Buddhist spokesmen claimed they were not involved. But the mob had assembled originally at the call of Buddhist leaders to protest the trial of students arrested last December in antigovernment protests. The trials were canceled when the mob appeared on the waterfront.

Marines pushed the demonstrators away from the waterfront, and they made their way through the streets to the city's main marketplace, carrying the limp figure of a student they claimed had been beaten unconscious.

## Mexican Church Roof Caves In, 55 Persons Killed

PUEBLA, Mexico (AP) — Fifty-five Mexicans were killed and 63 injured when the roof of a new Roman Catholic church collapsed Sunday at Rijo, 80 miles southwest of Puebla. The concrete roof crashed during a Mass to dedicate the building. About 300 persons were inside.

Officials said a preliminary investigation indicated defective construction had caused the tragedy. The building was of brick and concrete.

Among those killed was the priest officiating at the Mass, Father Ezequiel Alvarez Ortega, whose brother designed and built the church. Police said the brother would be questioned.

"It happened so fast nobody had a chance to run," said Alfonso Escamilla, 15, one of the injured survivors.

"I heard a roaring noise and looked up and saw the center part of the roof coming down. I was pretty near a door, but I didn't have time to get out."

Officials said most of those who escaped injury were seated at the back of the church where the roof had not been completed.

Rijo is a town of 5,000. Many of its people work in a nearby sugar mill. Five tractors from the mill plowed away the debris as rescuers dug out the injured and the bodies.

### Airline Employees Help Flood Victims

SAN FRANCISCO (AP) — United Air Lines asked its 8,000 bay area employees last week to contribute one can of food each to stranded northern California flood victims.

The airline reported that everybody complied, except one man. He donated a six-pack of beer.

## Sen. Long Picked for Senate Whip

WASHINGTON (AP) — The new Congress convened today in fireworks over leadership posts and legislative rules, and with battles looming over measures President Johnson is expected to propose for his "great society."

In a mood for change and in hopes to create a new party image, House Republicans threw out Rep. Charles A. Halleck of Indiana as their floor leader and replaced him with Rep. Gerald R. Ford of Michigan. The vote was 73-67.

Sen. Russell B. Long of Louisiana won the job of Senate Democratic whip, formerly held by Vice President-elect Hubert H. Humphrey. Contenders against him were Sens. John O. Pastore of Rhode Island and A. S. Mike Monroney of Oklahoma.

Two ballots were taken. On the first, Long received 34 votes, Pastore 20 and Monroney 14. On the second, there were 41 for Long, 25 for Pastore and 2 for Sen. Philip A. Hart of Michigan.

In contrast to the battling among House Republicans, GOP senators quietly and unanimously re-elected their leaders.

Sen. Everett M. Dirksen of Illinois was returned as floor leader, Sen. Thomas W. Kuchel of California as assistant leader or whip, and Sen. Leverett Saltonstall of Massachusetts as conference chairman.

House Republicans chose Rep. Melvin R. Laird of Wisconsin as chairman of their party conference, a post given by Ford to challenge Halleck.

Laird won 75-62 over Rep. Peter H. B. Frelinghuysen of New Jersey. Rep. Paul R. Fino of New York, who had announced his candidacy, withdrew.

The leadership issues were settled in party caucuses preliminary to the noon rapping of gavels that brought the 89th — and best paid in history — Congress into session. By vote of the last Congress, the pay of members in the new one rises to \$30,000 a year. It had been \$22,500.

President Johnson will deliver his State of the Union message to a joint Senate-House session at 9 p.m. (8 p.m. Winona time). Radio and television networks plan live coverage.

The President is expected to present in broad outline some of his major legislative hopes from this most heavily Democratic Congress since Franklin D. Roosevelt's 1936 second term.

But details of Johnson's desires likely will await a series of later messages. Almost certainly, they will include requests for increased Social Security benefits and hospital insurance for the aged, some excise tax cuts, an expanded antipoverty program, federal aid for education and an economic development program for the 11-state Appalachian area.

In both Senate and House, there are members intent on getting changes in the rules. What success they have, may greatly affect Johnson's

## Knowles Takes Wisconsin Oath

MADISON, Wis. (AP) — Gov. Warren P. Knowles said today his new Republican administration will be key to a business activity increase that will bring Wisconsin a "rising tide of prosperity."

Knowles said it is govern-

ment's responsibility to improve the health of the economy and do whatever necessary to stimulate private business.

"We must recognize that by encouraging business and industry to locate in Wisconsin, we are developing jobs for the laboring man," he said.

Knowles became Wisconsin's 37th governor in a brief and traditional inaugural ceremony in the state Capitol.

The 56-year-old Knowles was sworn in as Wisconsin's 27th Republican chief executive by Chief Justice George R. Currie of the State Supreme Court.

Knowles, who served three terms as lieutenant governor and 14 years in the State Senate, regained control of the governor's office by defeating Democratic Gov. John W. Reynolds last Nov. 3. Democrats had held the office for six years.

Knowles assumed office with four other constitutional officers. Also taking their oaths were Patrick J. Lucey as lieutenant governor, Bronson La Follette as attorney general, Secretary of State Robert Zimmerman, elected to a fifth term, and State Treasurer Dena Smith, chosen for a third term. Lucey and La Follette are Democrats, the others Republicans.

Official party gatherings were set for later in the day. The governor's inaugural reception will be held from 4 p.m. to 7 p.m., at the Loraine Hotel. That will be followed by an inaugural ball in Milwaukee Tuesday night.

Democrats expected 750 to 800 persons to attend a \$25 a plate dinner in Madison tonight. The dinner was arranged to wipe out the party's \$20,000 campaign debt.

### Tax Freeze for Older People Asked

AUSTIN, Minn. (AP) — Legislation proposed by State Sen. P. J. Holand, Austin, would freeze real estate taxes for citizens over 65 years old. Holand said there is much support for such legislation and he is confident of passage in the upcoming session of the Legislature.

## Johnson May Reveal Tax Cut Tonight

WASHINGTON (AP) — President Johnson may take the wraps off some tax-cut and budget secrets in his State of the Union message tonight.

First, however, he accepted an invitation to attend special religious services marking the opening of the 89th Congress. The morning services were scheduled at the National Presbyterian Church, eight blocks from the White House.

The President was still putting finishing touches on his annual message, to be delivered personally at a joint session of the Senate and House at 9 p.m. EST (8 p.m. Winona time). The speech, which the President hopes will set guide marks for the work of Congress in the busy year, will be broadcast live by television and radio networks.

Johnson was departing from tradition in making it an evening speech. Most presidents have addressed Congress during the noon hour but Johnson wanted to get maximum television and radio exposure in unveiling a preliminary blueprint of what he calls his "Great Society" program.

The chief executive will touch on major legislative proposals to be submitted in the weeks ahead. But he was not expected to go into detail on these, leaving that for special messages to be sent to Congress later.

If he follows last year's pattern, he also will disclose the broad outlines of the new federal budget to be submitted later in the month. For the second straight year he was expected to announce annual federal spending at less than \$100 billion.

There was a possibility, too, Johnson would put a dollar figure for the first time on the size of the excise-tax cut he will ask Congress to approve effective July 1. There has been speculation the proposed tax cut might approach \$2 billion.

## Reds Close Berlin Wall After Visits

BERLIN (AP) — The Communists closed the Berlin wall again Sunday night after nearly 850,000 West Berliners made Christmas and New Year visits to relatives in East Berlin.

More than 12 million West Berliners crossed the wall during the two-week period last year. Under the agreement reached last September the Communists now permit four visiting periods a year. Two more remain, at Easter and Whitsuntide.

By charging each person over 16 entering East Berlin 75 cents for the visit, the Communists collected nearly \$500,000 in hard currency.

## Tribell Says He'll File For Alderman

Ald. Clarence Tribell said today he would file by the 5 p.m. deadline for re-election as 3rd Ward council member. His term expires in April.

Tribell said he had been undecided on whether to run again but had made up his mind to file. Two other candidates, M. F. Sweeney and Don W. Klagge, have filed for the position.

Tribell's filing would make it necessary to hold a ward primary Feb. 1, since there are three candidates for the post.

## New Factory Highlight at Independence

INDEPENDENCE, Wis. (Special) — The addition of a factory was one of the highlights of 1964 at Independence.

Gordon Anderson, Ballclub, Minn., opened the Tri-State Manufacturing Co. in the Tom Bisek building on Highway 70 on the south side of the city. Tri-State manufactures snow fence and cribbing.

Tri-County Telephone Co-operative switched to dial early this year. The older portion of the public school was sandblasted and tuck-pointed.

FOUR NEW homes were built, by Albert Sylla, John Trug, Joseph Kuka and Eldon Brandenburg. Al Kulig and David Wozney have started homes.

August Smieja remodeled the front of his market. Mr. and Mrs. Aubyn Smith purchased Hotel Independence from Mr. and Mrs. Louis Schoenberger. Smith and Wilbur Holtan dissolved partnership in Club Midway. Holtan buying full share.

The automatic laundry was sold by Mrs. Martha Bisek to Mr. and Mrs. Ralph Smick. Richard Gamoke bought the service station Anton Sylla operated many years.

The Elk Creek mill, owned and operated by Albert Sylla, was sold to John Wiersgalla. Clarence Dubiel purchased Lakeshore Bar from Clarence Prokop. D. G. Platz liquidated his pharmacy and is employed at West Salem.

SIX Independence and area couples celebrated their golden wedding anniversaries: Mr. and Mrs. Anton Knudsen, Chimney Rock; Mr. and Mrs. Paul Marsolek, Mr. and Mrs. Joe Symielek, Mr. and Mrs. Paul Reck, Mr. and Mrs. Simon Skroch and Mr. and Mrs. Peter Suchla.

The Independence football team was undefeated last season and was picked for No. 4 position in the final balloting for the top 10 small school teams in the state.

Two disabled World War II veterans were appointed rural carriers and started deliveries: Gerald Pietrek and Leonard Sylla, succeeding C. M. Dusenbury and D. A. Marsolek. The latter retired earlier but Earl Hutchins and Bernard Kulig carried the mail in the interim as substitute carriers.

The Rev. Donald Walczak, assistant at St. Peter & Paul Catholic Church, was assigned to another parish and succeeded by the Rev. Joseph Miller, now assistant to the Rev. Edmund Klimke.

Tornado leveled barns and other buildings in Barns and Bruce Valley and the Pleasantville area in May.

ROMAN SMIEJA, 31 years in the meat market business and active in civic and church affairs, died in June. Benjamin Halama, 17, died in a car accident on Highway 93 south of Independence. Thomas R. Bisek, tavern and automatic laundry operator and custom farmer, died in March.

A total of 635 enrolled in the public and parochial schools last fall. Thirty-five seniors graduated from the high school last spring.

## Truck Hits Post On West Broadway

An accident Saturday at Broadway and John Street caused \$2 damage to a truck and \$20 damage to a sign post.

Ambrose T. Schwartz, 929 E. Sanborn St., was driving east on Broadway when he attempted to make a left turn north onto John Street. Schwartz' car went into a skid and struck a "no parking" sign at the northeast corner of the intersection.

Damage was to the headlight of the panel truck. Patrolmen John Erickson and Lyle E. Lattman investigated.

## Huskies Slated For Carnival

Appearing here during the Winona Winter Carnival will be a dog team driver and his Arctic malemutes — all veterans of rescue service in war and peace.

The driver is George Esslinger, whose base is Lake Kabetogama near International Falls.

During World War II, Esslinger was one of 11 dog team drivers recruited for the task of finding downed fliers in the Arctic.

## Mother Hen Takes Brood Into Winter

LANESBORO, Minn. (Special) — A small runt Silver Laced Wyandotte hen, which emerged proudly from a deserted dog house with 13 baby chicks at Thanksgiving at the home of Charles Drake, still has her brood.

No one was aware the hen was contemplating a family at this season of the year. The chicks could not be moved with the other flock. A temporary fence was built around the house.

The mother is rather nervous, however, and has a roving eye. On warmer days, she flew the coop but always returned at night.

Now the chicks, all speckled brown or black and white are almost as big as the mother. They have to be rugged to withstand the temperatures of the past five weeks. Visitors stop in amazement at seeing chicks pecking in the snow on some of the colder days.

The Drakes' son, Peter, raises a few chickens as a hobby.

## Iowan Waives Extradition on Check Charge

A Winona man waived extradition to Iowa on a bad check charge today in municipal court.

Ronald L. Wheeler, 24, 464 Sioux St., will be returned to Osage, Iowa, by Mitchell County, Iowa, authorities to face a charge that he passed a bad check for \$20 there Dec. 15.

Osage justice court issued the fugitive warrant which was used to arrest Wheeler Sunday afternoon in Winona. The warrant alleges that Wheeler issued the bad check last month in Riceville, Iowa.

Wheeler at first refused to waive extradition proceedings, telling Judge John D. McGill that he wanted to offer to pay the amount of the check. He said that he had \$68 in cash, some of which belongs to his mother.

Judge McGill ordered the matter continued to Jan. 25 and placed Wheeler under \$500 bail. He advised the Winona man to seek the advice of a lawyer, but Wheeler later decided on his own to waive extradition.

Judge McGill advised Wheeler that he is entitled to a preliminary hearing in municipal court here before he could be extradited; but Wheeler maintained that he didn't have enough money to hire a lawyer.

Wheeler is now in county jail waiting to be turned over to Iowa authorities. The charge against him is a felony, and conviction could bring a penitentiary sentence.

## Revolt Reported Crushed in Bolivia

LA PAZ, Bolivia (AP) — Gen. Rene Barrientos' military junta says it has put down an attempt by the national police to overthrow the government.

The Interior Ministry announced that 20 persons were detained at the National Police Academy after an outbreak there was crushed without a shot being fired. Col. Augustin Morales, commander of the police, was among those held.

## Kouba Files For Alderman

David J. Kouba

Filing today for alderman at large was David J. Kouba, 25, 825 E. Bellevue St.

Kouba will oppose the bid of Ald. Jim Mohan for re-election. It is his second attempt to win a City Council seat. He filed in the primary for the at-large position in the 1963 elections.

A native of Winona, he attended St. John's Elementary School, Winona Senior High School and was graduated from high school in Bellevue, Neb. He is a veteran of four years of domestic and overseas service with the U.S. Air Force. After his discharge he operated a grocery store in Winona for a year. He joined the J. C. Penney Co. in 1961 and still is employed by the firm.

He is a member of St. John's Church, Winona Athletic Club, Improved Order of Red Men and the Lions Club. His wife, the former Donna Buege, also is a native of the city. They have three small sons.

Kouba made the following statement:

"I wish to be a part of a new and revitalized Winona. We must take a realistic look at our city for we cannot tackle the problems before us by fooling ourselves. We must expand our efforts if we are to prosper. We must look realistically at our housing code, at urban renewal, the problems of our downtown district and those of other areas.

"We must see that our present industries are secure for we cannot afford to lose any. And we must expand our efforts to attract new industry to Winona. We cannot be content to stand still and watch the parade go by."

## Congregation At Rushford May Build Church

RUSHFORD, Minn. — Construction of a new church will be the main topic at the annual meeting of St. Mark's Lutheran congregation here at 2 p.m. Sunday. It will be the congregation's first house of worship.

The Missouri Synod congregation with 51 communicant members has been renting the Rushford Episcopal Church since its organization in 1952.

Although a formal decision to build a church has not been made, plans call for a \$33,160 structure which would not include furnishings, according to the Rev. A. U. Deye, St. Martin's Church, Winona, who is currently serving St. Mark's and St. John's Lutheran at Hart The Rev. E. A. Friedrich, pastor of the two churches, recently accepted a call to Belvidere Lutheran Church near Lake City.

Pastor Deye said the congregation, after making a formal decision to build a church, will make a formal application for a loan. The congregation has purchased three lots for the church just east of the high school.

## Warm Week Seen; Snow to Be Melting

Mild (for January) weather continued in Winona and vicinity today and Weather Bureau forecasts for the area indicate no marked change in conditions for the next several days.

Occasional cloudiness tonight and Tuesday is the immediate prediction with a low of 15-25 tonight and a high of 28-38 Tuesday. Wednesday, says the weatherman, will be partly cloudy and a little colder.

THE EXTENDED forecast, predictions through Saturday, indicates temperatures will average 5 to 10 degrees higher than daytime highs of 20-28 and nighttime lows of zero to 9 above.

A little colder weather is indicated for early in the period but a warmup is expected again after midweek. Precipitation is slated to average .10 to .20 of an inch in scattered light snow mostly the latter part of the week.

Winona got a bite of cold weather Sunday morning when the thermometer dipped to -2 but rose rapidly during the day to 32 in the afternoon. This morning the reading was 29 and at noon today 37.

A YEAR AGO today the high was 40 and the low 25. All-time high for Jan. 4 was 50 in 1880 and the low -28 in 1884. Mean for the past 24 hours was 15. Normal for this day is 16.

Temperatures generally were mild in Minnesota today with International Falls' 10 lowest. It was down to 13 at Duluth and 18 at St. Cloud. Rochester posted a low on 21 after a Sunday high of 28 and La Crosse had figures of 17 and 30 for the same times.

Minot, N.D., had a reading of -1 and at Edmonton, Canada, the mercury shrunk to -27. Abundant sunshine and southerly breezes brought mild wintertime temperatures during the

AT CORTLAND'S

## Burglar Takes Rings Valued at \$4,987

A brick through a window, a quick scoop by some sticky fingers, and Cortland Jewellers, 50 E. 3rd St., counted nearly \$5,000 in losses after a burglary early Sunday morning.

Allen Blazing, the store's new manager, told police that a tray-full of diamond rings had been taken by the thief or thieves. He listed their retail value at \$4,987.

## Withholding Actions in Pepin Court

DURAND, Wis. (Special) — A jury was called in Circuit Court for Pepin County this morning to hear the state's case against Charles Borgwardt, Mondovi, on a charge of battery with intent to cause great bodily harm.

Francis Weisenbeck, 27, Mondovi, was the first state's witness, testifying that Borgwardt threw stones at him, one hitting him, causing him to be hospitalized for a cut on the left side of the head. He was hauling a calf to market Sept. 10 when the incident occurred, he said.

He was to return to the stand at 1:30 p.m. for cross-examination by Robert Gavic, Spring Valley, representing Borgwardt. Karl Goethel, Pepin County district attorney who took office this morning, is prosecuting.

A similar case is scheduled for trial Thursday. Borgwardt and Bernard Bauer, Durand, charged with releasing air from a truck tire, were allegedly members of the National Farmers Organization when the incidents happened.

## Birders Spot 37 Species in Day

Twenty-seven members of the Hiawatha Valley Bird Club of Winona spotted 37 species of birds in the club's annual participation in the "Christmas" bird census taken Sunday in the Winona area.

This number equals that of a year ago, but is short of the record number seen in the club's first census in 1961 when 41 species were tallied.

Additional species seen in the area during the two-week span of the census period were reported at the banquet terminating the census day's activities, although these were not included in the report for the day unless they had been seen again for verification.

Among the rare specimens to be verified in this year's count were two "new" birds, the robin and the ruffed grouse, added to the club's "life" list for the mid-winter counting. This cumulative list now totals 58.

Missing from the area survey this year were many species of ducks usually seen, with only the mallard and black duck spotted this year. Also missing were evening grosbeaks, red polls and snow buntings, all usually seen at this time of the year in 15-mile diameter circle comprising the census area.

Participation of 27 members set a new course record high, as did the relatively mild, above-zero weather throughout the day.

CAPT. MARLOWE L. Brown said that the thief apparently had hurled a large building brick through the west display window of the jewelry shop in the wee hours Sunday morning. He then scooped up the rings within reach on a display counter just behind the shattered window.

A citizen reported the burglary Sunday at 9:30 a.m., Capt.

## New Manager At Cortland's

A native of Rochester, Minn., today became manager of the Cortland Jewelry Store, 50 E. 3rd St.

He is Allen Blazing, 22, who replaces Charles Kubicek Jr., who has been manager of the store 10 years.

Blazing, a 1960 graduate of John Marshall High School, attended Rochester Junior College one year and became a credit manager of the Cortland store at Rochester. He has been credit manager of the store there three years.

Blazing and his wife, Phyllis, have one daughter, Natalie Rae, who was born Saturday evening at Rochester.

Kubicek joined the Prudential Insurance Agency here today. He is a 1943 graduate of Winona High School and served in the Marine Corps during World War II. He started work with Cortland's here in 1949 and was named manager in 1954.

He and his wife, Joan, live at 211 W. Mill St.

## Boy Stumbles Into Hot Water

FOUNTAIN CITY, Wis. (Special) — A 5-year-old Fountain City child was rushed to Community Memorial Hospital, Winona, Sunday night when he stumbled into boiling water.

Bruce Krzaska received burns on both hands and arms and some burns on the face.

The accident happened at the Harlow Northouse farm near Lewistown, Minn., where Bruce was visiting with his parents, Mr. and Mrs. Julian Krzaska, and four brothers and sisters.

The Northouses, going to do the milking, had drawn a pail of boiling hot water to rinse the milking equipment. They were still in the kitchen and the water was standing on the floor. Bruce playfully ran around toward the pail. Someone caught him. He ran again, and this time dropped his hands and arms into the pail.

His grandmother, Mrs. John Krzaska, said Vaseline and bandages were applied and he was treated for shock. This morning the bandages still were on, but the child had recovered enough from shock to ask his grandmother to bring his truck to the hospital so he could play with it.

Police reported two thefts today, one involving breaking and entry of a home.

Lester Boerst, 1022 Gilmore Ave., reported Saturday morning that someone had taken \$93 worth of ice cream, in bulk and in cones, from his truck parked in front of 401 E. 5th St. Some time between Thursday night and Saturday at 10 a.m., the thief has the key to his truck, too, Boerst reported. Thirty-two gallon containers and 57-dozen chocolate "drumsticks" are missing.

Duane Waite, 628 E. 5th St., reported Saturday evening that someone entered his home Friday and took an envelope containing \$25.

Waite said that he left his home to take his wife to the hospital about 7 a.m. When he returned around 8 p.m., he told police, he found the padlock off the door and drawers ransacked. The money was missing.

## MINNESOTA CITY INCIDENT

Allan Brugger, an 18-year-old Goodview youth who was cut on his wrists early Friday morning, came to the Hay Litski home between Minnesota City and Rollingstone about midnight New Year's Eve after his wrists had been cut, said Litski. Litski said the youth knocked on the rear door and then collapsed on the rear porch. Litski said the youth had never stayed at his home as reported earlier.

African craftsmen, long famous for their starkly primitive tribal masks and statues, are now being praised for their pottery.

Brown said today. The broken window, 4 by 8 feet, is temporarily replaced by a plywood board.

Blazing, who took over as manager only today, said that the 19 diamond sets taken were roughly one-third of the 50-odd rings in the window.

THE THIEF OR thieves took each ring from its box, apparently to facilitate stuffing the booty in pockets. The rings included men's and women's sets.

The manager said that the store has no alarm system protecting its windows. He recalled that a similar theft had occurred in Rochester in January, 1964, when he was working for Cortland there. The thieves were caught in that instance, he said.

The Winona store "might put break-proof glass" in its windows, Blazing said; but he added that the decision is "up to the home office."

## Food Supply Prospects for 1965 Bright

WASHINGTON (AP) — The Agriculture Department Saturday painted a bright picture of food supply prospects for Americans during the new year.

It said supplies of meat—the basic item in the diet of most consumers — appear generally plentiful. Marketings of meat animals are expected to continue at a relatively high level for some time to come, and big supplies of meats have been accumulated in refrigerated warehouses.

January marketings of chicken broilers are expected to be slightly above a year ago. Supplies of turkey meat are larger than a year ago.

Milk production is expected to run about the same level as the plentiful 1964 supply of 125.7 billion pounds. However, supplies of some manufactured dairy products may be slightly smaller than in the early part of 1964.

In the first half of 1965, total supplies of fresh and processed fruits are expected to be substantially larger than in that same period in 1964.

As one exception, supplies of canned and frozen vegetables are expected to be moderately smaller well in 1965 than the heavy volume of a year ago.

The department said food prices are not expected to rise as much this year as in 1964.

"The upward pressure on prices of food from crops in the past two years likely will not be repeated in 1965," the agency said.

## Burch Asks Unity Within Republicans

WASHINGTON (AP) — Dean Burch, the embattled chairman of the Republican National Committee, said today the new year should be one of GOP unity and responsible opposition — and not "the year of the scapegoat."

"If 1965 becomes a year spent in division and recrimination," Burch told a Republican women's group, "then we will also fail our larger duty to the nation as the party of responsible opposition."

The theme of the young chairman's prepared address to the District of Columbia League of Republican Women was that Republicans must put aside their differences, re-examine the principles they hold in common and present a united challenge to the Johnson administration where its programs run counter to GOP philosophy.

## Milwaukee Child Suffocates in Fire

MILWAUKEE (AP) — Two-year-old Donald Sinclair died of smoke inhalation early Sunday in a fire which apparently started in an unoccupied bed in the room in which he was sleeping.

Defective electrical wiring was listed as the cause.

Two other children slept in another room and were unharmed.

## Thieves Take Over \$1,450 At St. Charles

ST. CHARLES, Minn. — Burglars netted more than \$1,450 in cash and merchandise from the Brownell Drugstore here Saturday night, Sheriff George Fort said today.

Melvin Brownell, proprietor, discovered the break-in Sunday morning and reported it to Sheriff Fort about 8:30 a.m. The thieves had jimmied a back door to gain entry.

Sheriff Fort was checking out leads today: he believes that more than one person was involved in the burglary.

The thieves scooped up more than \$1,100 in bills, none larger than \$20, and an additional \$20 in change, all from the cash register. Checks were scattered over the floor.

In addition to the cash, the burglars took: Two watches valued at \$30 each, 5 watches valued at from \$10 to \$24, two transistor radios valued at \$40 each, nine lighters valued at \$9 each, a fifth of blended whisky, one light meter selling for \$9.95 and nine silver dollars dating from before 1900.

## Tools Stolen From Gravel Firm at Airport

A break-in over the weekend at Biesanz Ready-Mixed Concrete Sand & Gravel Co., Airport Road, netted thieves a number of tools and a fire extinguisher.

Peter Biesanz, 660 W. Wabasha St., reported the break-in to Sheriff George Fort Saturday at 6:07 p.m. He said that it could have happened anytime between Thursday at 4:30 p.m. and the time of his report.

Biesanz told Sheriff Fort that the intruders pulled a lock off one of his sheds with a bar and entered other sheds as well. A fire extinguisher worth about \$35 was missing as were several heavy bars and an undetermined number of tools.

The break-in is under investigation by sheriff's officers.

## Teacher Buys Downtown Cafe

Possession of the Downtown Country Kitchen, 3rd and Huff streets, was transferred today to its purchaser, William Heise, 267 E. Broadway.

Heise, 27, bought the restaurant from Robert Massie, who opened it for business in September. Massie holds regional franchise rights.

for the food service chain and has participated in the opening and operation of branches in Mankato, Rochester, Sparta, Wis., and Madison, Wis., in recent months.

There are more Heise than a dozen Country Kitchens across the Midwest, from Ohio to Minnesota.

The new owner is a native of Winona and a graduate of Winona Senior High School. He was graduated from the University of Alabama with a bachelor of arts degree in German. He has taught in Minneapolis schools the past two years. He and his wife have one daughter, two weeks old.

Assisting Heise in management will be Arthur Thelen.

## Young Driver Serving Term

Michael R. Grossell, 19, 103 Fairfax St., in county jail beginning a 17-day term as the result of a guilty plea today in municipal court to leaving the scene of an accident.

Judge John D. McGill told Grossell that he is responsible as a driver to stop at the scene of an accident in which he is involved to find out what damage resulted and "in this case" to find out whether anyone was injured.

The accident occurred Thursday at 12:50 p.m. on East 3rd Street. Grossell drove away without stopping to identify himself. Judge McGill levied a fine of \$50 on Grossell's guilty plea, with the alternative of 17 days in the county jail. Grossell elected to serve the jail term.

Alma Asks for Planning Grant

ALMA, Wis. (Special) — Alma City Council has authorized the planning commission to apply for federal assistance in outlining city planning. It would include a map, land use study, and other items that would guide a growing community. The city's share of the

proposed \$3,900 project would be \$1,000. An ordinance also was passed. It prohibits discharge of fire arms within the city limits. The street committee was instructed to contact firms dealing in Christmas decorations and report at the January meeting. Archie Brovold said the street committee has contacted such firms and will have a report. The finance committee set

Jan. 12 for pre-auditing the books prior to auditing by the CPA. Fire Chief Alfred Hermann reported on the department's activity last year and plans for the coming year. Though rare in the United States, the Everglade kite, a hawk-like bird, is commonly seen in parts of Cuba, Mexico and Central and South America.

**LONG SUFFERING** advocates of a modern four-lane U.S. Highway 61 between Winona and the Twin Cities may be in for more disappointments before the improvement program promised many years ago can be carried out. Recent news reports stress the tightening of a financial pinch that has been holding up construction.

The State Highway Department's presently approved plan contemplates a four-lane highway from Minnesota City to Kellogg, although only two lanes will be completed under the present contract now nearing completion, a widened two-lane road between Kellogg and Red Wing, and a new four-lane stretch, closely paralleling Milwaukee Railroad tracks, between Red Wing and Hastings.

The highway department has estimated the cost at \$17 million. About half of that sum is needed for the Red Wing-Hastings cut-off as several bridges would have to be built.

**THE ONLY ITEMS** scheduled for the next two years are construction between Weaver and Wabasha, including bridges over the Whitewater and Zumbro rivers, and a three-mile passing strip on the Munson Hill grade-west of Cannon River above Red Wing to speed up traffic there.

About a month ago in discussing the overall program at a meeting in Rochester, Highway Commissioner James Marshall said he didn't know where funds were coming from unless the legislature approves the issuing of more bonds to enable the department to catch up with this and other overdue improvements.

Gen. Marshall also noted strong pressures from rural legislators due to the fact that some 90 communities in the state are without all-weather roads. He expects these lawmakers won't be satisfied until highways requiring load limit restrictions every spring are rebuilt.

**BADLY NEEDED** upgrading of the state trunk system could be speeded if the legislature allows the department to take advantage of present constitutional bonding provisions. So far \$38 million of a total authorized \$150 million have been issued. Part or all of the \$112 million balance could be sold with the legislature's approval.

But the issuance of bonds would require additional money for interest and repayment. Marshall is already on record to the effect that present revenues are inadequate to care for work previously scheduled.

In his recent budget report, he said the department will need \$14 million beyond anticipated receipts from gasoline and motor vehicle taxes to match federal funds committed for the building of state trunk highways. The two-year program mapped to start next July may have to be cut by a third, he declared.

**THIS MONEY** shortage may become even more acute than that. For the federal interstate superhighway program has priority over the regular state trunk program, now financed on an equal matching basis between state and federal authorities.

A recent article in the Wall Street Journal pointed to findings of the U.S. Bureau of Public Roads. The bureau now estimates that the superhighway system to span the nation is more likely to cost \$45 billion than the \$41 billion previously predicted.

Minnesota is now faced with providing \$15 million as its ten percent share of this program. If these superhighways cost more than originally anticipated, this figure will have to be upped — to the detriment of plans for other construction.

**IT WOULD THUS** appear that the highway department faces a financial crisis. And that the fate of such badly needed improvements as that slated for U.S. 61 may hang in the balance — at least until the state legislature comes to grips with the situation.

## 280 Negroes Hold Elective Office

**ONLY 20 years** ago a Negro in elective office was a rarity. Now a list prepared by the Democratic National Committee records 280, of whom 20 are women. The recent election increased the number considerably.

Thus Detroit sent a second Negro to Congress, bringing the total up to six. The other five were all re-elected. Negro state legislators have risen in number from 57 to 90. In state and local offices 20 more Negroes were chosen, making the figure 184. Negroes now hold elective office in 33 of the 50 states. The most conspicuous is Attorney General Edward W. Brooke of Massachusetts. Though a Republican, he weathered the Johnson landslide, gaining a second term by a surprising 800,000 margin.

Even the South has some officials of the long subject race. Georgia has two senators, one of them re-elected. The Tennessee legislature includes a Negro for the first time since Reconstruction. Oklahoma has four Negro representatives.

**THESE FIGURES** are impressive until compared with the great mass of white officeholders, who constitute an overwhelming majority. Still, an advance from zero to the present figure should make the thoughtful Negro recognize that if creditable specimens of the race are nominated, they now have a fair chance for election.

God is able to do exceeding abundantly above all that we ask or think, according to the power that worketh in us. Ephesians 2:20.

## Redistricting Battle Joined

By DAVID LAWRENCE

**WASHINGTON** — One of the major issues to come before Congress in the session beginning next week is little understood by the people. They have heard the word "reapportionment" referred to again and again in the press, but the subject is brushed aside as something of a technical or legal nature. The public really does not understand that the way this problem is handled can have more of an impact on American life in the future than almost any issue that has faced Congress in many decades. Sen. George D. Aiken of Vermont, Republican, has expressed it this way:

"To be specific, we are engaged in a struggle between the powerful political machines of the great cities and the people of the United States. No mistake about it — this is a battle for the political control of the nation, and with that control goes the power to tax, the power to spend and the power to enact programs which will affect the lives and welfare of every living person for generations to come."

**UP TO THE** time of the recent "reapportionment" decisions of the Supreme Court, the states operated under the theory that the constitution gave them the right to apportion the representatives entitled to sit in each house of the legislature. But the court now says that it may decree how states shall allocate the members of their legislatures and in what districts the population may be divided.

As a matter of fact, the founding fathers did not believe that the number of senators in Congress should be larger for a state which happened to be more populous than another. The assignment of an equal representation in the Senate to every state, irrespective of its population, was based on the theory that some kind of check was necessary to protect the vital interests of the smaller states.

When it came to the House of Representatives, the principle was recognized that the number of members from each state should be based upon population units, and the membership of the lower house has been reapportioned after the national census every ten years to establish the number to which each state is entitled. The theory is that there should be approximately the same number of voters in each voting district for the election of representatives to Congress throughout the country.

**THE SAME** principle has been applied within the states in the structure of their own legislatures. Generally speaking, members of the lower house are allocated on approximately equal units of population, while the upper house may be constituted on a broader system of representation so as to permit a more objective view of current questions, especially sectional problems that could affect the economic or social welfare of the whole state.

Now the Supreme Court has declared that not merely the lower house of the state legislatures but the upper house as well must be apportioned so that equal units of population constitute the only yardstick of measurement.

## THE WASHINGTON MERRY-GO-ROUND

# Johnson Won't Mix Up in Senate Battle

By JACK ANDERSON

(Editor's Note: While Drew Pearson is in Puerto Rico, the Washington Merry-Go-Round is written by his associate, Jack Anderson.)

**WASHINGTON** — Ordinarily a tug-of-war to become Democratic whip of the Senate wouldn't cause a ripple of public interest, even in Washington which adores political hair-pulling contests. But with three senators becoming presidents of the United States in the past two decades, and with Hubert Humphrey now vice president, there's a lot of interest in the battle to take his place.

There are three candidates: Russell Long, pint-size son of Louisiana's famous Huey Long; John Pastore of Rhode Island, first Italian-American ever to serve in the Senate; and Mike Monroney, former Oklahoma newspaperman and furniture dealer, who married into the Mellon millions.

The showdown between them comes today and there's only one thing you can be sure of — Lyndon Johnson is not going to get mixed up in the fight. The last time he interceded in a Democratic caucus, as vice president in January 1961, he got his ears chewed off. Old colleagues denounced him as power hungry, and Sen. Monroney, who now aspires to be party whip, accused him of being a spy for the White House.

**"EVERY TIME** a senator makes a critical speech in the caucus it will get right back to the President," said Mike.

So this time Lyndon is going to let Mike and the two other candidates fight it out unencumbered by White House advice.

However, the man who is elected Democratic whip will have something to do with the success of the Johnson program, and here is how the three candidates stack up:

Russell Long worshipped his father, the late dictator of Louisiana, has some of his father's crusading qualities, but gets mixed up emotionally and is unpredictable.

He battled for public housing, for aid to education, for small business, against most monopoly, proposed using counterpart funds abroad to buy school books and improve education. He has waged a courageous fight to keep the defense patents developed with taxpayers' money in public hands, not those of the big defense contractors.

**ON THE OTHER** hand, he was an unabashed spokesman for the oil industry lobby though his family owns part of the Win-or-Lose Oil Company with large holdings in the tidelands. He voted with the big power companies against Hells Canyon because he had a deal with Republicans to support him on tidelands oil in return. He also voted for a tax bonanza for the Du Ponts, for Wall Street on waiving a tax on dividends, and for concessions to the 14,000 highest bracket taxpayers.

He also voted against one of the most important treaties to come before the Senate in this decade — the test ban treaty; filibustered against civil rights; missed 29 percent of the roll call votes at the last session.

Despite this, Russell got 33 senators pledged to vote for him — chiefly by getting on the phone, twisting arms, and reminding some that he would be the next chairman of the Senate Finance Committee — in a position to do legislative favors.

Even such civil rights stalwarts as Paul Douglas of Illinois are pledged to Long, chiefly because they were teammates in trying to block the "giveaway" of Telstar to American Telephone & Telegraph in the famous filibuster of 1963.

**JOHN PASTORE** of Rhode Island led the battle for American Tel & Tel against Long, Kefauver and Douglas. On economic issues, he has usually lined up on the side of big business. On humanitarian issues, he has been on the side of the people.

He favors relaxing immigration restrictions, led the floor fight for civil rights, opposed night racing be-

cause it increased crime and embezzlement, performed skillfully in getting ratification of the test ban treaty.

On these he took exactly the opposite stand of Russell Long.

He also led the fight for confirming Admiral Lewis Strauss to be secretary of commerce, and got defeated. He failed to probe the big TV networks when the payola scandal was all too evident, and he has been loath to dig deeply into the favoritism of the Federal Communications Commission. A law partner owns a Rhode Island TV station.

However, Pastore, unlike Long and Monroney, is a member of the Senate Power House — the little clique of senators, chiefly southerners, who call the tunes on the Senate merry-go-round. He is a tough, able scrapper, the kind Johnson needs to combat the dog patch tactics of the Republicans. Pastore can growl.

**MIKE MONRONEY** once received the Collier's award for reforming the cumbersome machinery of Congress. He has done a valiant job of probing TV and radio favoritism, FCC politics, has goaded the FCC for the industry's failure to perform a public service.

He once opposed increased oil prices though oil rigs sprout from the backyards of Oklahoma City. In latter years, however, he has bowed to the oil lobby.

He once probed McCarthyism in the Maryland election, though later ducking out on the real probe of McCarthy's finances. His wife, though a member of the Republican Mellon family, is more liberal than her husband.

Monroney's chief handicap is that he is too gentlemanly, too full of the milk of human kindness, too much like gentle Mike Mansfield of Montana, the top Senate Democratic leader. With two gentlemen guiding Democratic Senate strategy, some of their colleagues wonder what will happen when they get into a row with dog patch Republicans.

These are the alternatives in the battle of the whip.

## Democrats Can't Stand Prosperity

By WILLIAM S. WHITE

**WASHINGTON** — The most fundamental of all differences between the political parties is emerging into clear light at the onset of a new political year.

It comes to this: The Republicans of both Senate and House do not know how to lose; the Democrats of both the Senate and House do not know how to win. The Republicans are showing that while they can sustain a powerful unity in victory, they really cannot stand adversity. The Democrats are showing that they really cannot stand prosperity.

First for the case of the Republicans. Here they are, still bruised from the Democratic landslide that buried their party in November. Do they occupy themselves now in the one plainly indicated course — that of seeking to draw their surviving forces together preliminary to the regrouping and reinforcement by which battles can, at least sometimes, be transformed into winning actions?

**INDEED NOT.** Instead, they separate into straggling bands sniping at each other and at their unhappy leaders, seeking scapegoats for the past rather than centering their energies, and such strength as remains to them, upon the future.

In the House, angry rebels — in revolt more against the harsh turn of recent fate than against any man or men — move against the G.O.P. floor leader, Rep. Charles Halleck. They are pursuing not reality and not even the unfortunate Halleck. They are pursuing moon-mist; they are in a True Believer's search for something called "a new image." And even if they attained it by unseating Halleck, it would have all the enduring value of a quickie advertising slogan on a late, late show.

**HALLECK**, and inevitably so, considering his party position, was vaguely associated with the crushing defeat suffered by Presidential candidate Barry Goldwater. So, for that matter, were some of his present G.O.P. critics — but that is another tale altogether.

In the Senate, other Republicans, this time of prouder than anti-Goldwater bent, are muttering about "disciplining" the party whip, Sen. Thomas Kuchel of California. Kuchel's offense of thinking dangerous thoughts was on quite the opposite side. Kuchel did not support Goldwater at all.

As to the Democrats: In the House rebels clamor about "disciplining" two Dixiecrats, Reps. John Bell Williams of Mississippi and Albert Watson of South Carolina, for bolting the Johnson ticket. The crime of these Dixiecrats was in principle precisely that of Kuchel, though of opposite effect. They supported Goldwater.

**AND IN THE** Senate, the effectiveness of a 2 to 1 Democratic majority produced largely by the greatest popular triumph ever scored by a President — Lyndon Johnson — is already being compromised. The Democratic leader, Mike Mansfield of Montana, does not care to lead on even the housekeeping question as to who should be his deputy.

The job has been thrown up for grabs, rather like the presidency of a sorority in Rush Week.

Far more importantly, both Sens. Mansfield and J. William Fulbright of Arkansas, the Democratic foreign policy leader of the Senate, have suffered sudden and violent attacks of "independence" on so vital an issue as foreign aid. Fulbright threatens to refuse to lead for the Administration's bill at all unless such and such is done — in advance — to make it nearer his personal desire. Mansfield encourages him in this extraordinary abdication of traditional leadership responsibility.

**IN SHORT**, the Republicans could put up a most respectable show in the new Congress if only they could halt the family blood-letting. The Democrats could easily put up an all-conquering show if only they could accept the humiliation of taking yes for an answer from the voters who went to the front for their party in November.

## To Your Good Health

## Cataracts Easy to Diagnose

By J. G. MOLNER, M. D.

Dear Dr. Molner:

When a senior citizen has opacities in his eyes, the ophthalmologists seem to disagree whether a cataract is forming. I was examined by three eye specialists. One said a cataract was in the making. Two others said there was none. Whom do you believe?

Are medications effective in slowing down the growth of a cataract?— J. W.

This could depend on what you mean by opacities. An established cataract is not too difficult to identify — but keep in mind what a cataract is. It is a cloudiness within the lens of the eye, not opaque at first, but gradually becoming more dense.

Thus when a cataract has developed to a degree at which it interferes with vision, there is no difficulty in diagnosing it. Hence, J. W., I would judge that if you do indeed have a cataract, it must be in an extremely early stage, and deciding whether it is or isn't can be a matter of opinion.

**THE OPACITIES** to which you refer may be from something else. The most frequent is "floaters," or tiny black spots in the eye. These are generally quite harmless.

Another possibility, and anything but harmless, is glaucoma. This, however, can be detected by measurement of the pressure of the eyeball and other tests. I take it for granted that, after going to three specialists, you have had glaucoma ruled out.

Now as to cataracts, if they are indeed developing, by all means do not become panicky. True, nobody likes to get cataracts, but it is a problem which can be successfully met.

**FIRST, THEY** grow at varying rates. Some never reach the point of seriously interfering with your eyesight. Or if they do, they can be removed surgically, and glasses worn to give adequate vision.

I know of no medication which will "dissolve" cataracts or in fact, actually alter the rate at which they develop.

Medications or "drops" can be used, however, to dilate the pupil of the eye and hence admit more light to compensate in some degree for vision which is gradually being shut off by the cataract.

For practical purposes, it is possible in many cases to put off the time at which surgery is necessary.

Prospects Gloomy in  
Western Flood Areas

SAN FRANCISCO (AP) — Northern California's emergency food airlifts and temporary housing will stretch on for weeks in the aftermath of the Christmas week flood, the Air Force and Red Cross predicted today.

Gloomy prospects for northern California contrasted with a brighter forecast in the West's four other flood-distressed states — Oregon, Washington, Idaho and Nevada.

Oregon Red Cross officials reported that most of their state's 8,000 temporarily homeless families were moving back to their homes.

Washington, Idaho and Nevada weathermen reported their states have returned to a normal wintertime basis. Washington State received a heavy

snow blanket Sunday.

A driving blizzard stranded an estimated 1,000 skiers and motorists at Sierra Nevada resorts Sunday and motorists continued to have uncertain luck on inland northern California snow-choked highways.

In the flood zone, many homes surviving the rampaging waters are unliveable, the Red Cross said, because of silt, vermin and dampness. About 7,000 families are affected.

The Red Cross said it will be a month before these families can move back into their homes. More than 1,000 families have no homes to go back to.

The Air Force Reserve reported its Flying Boxcars and Globemasters have airlifted one million pounds of supplies since Dec. 23 into northern California's Humboldt County, described by the federal Office of Emergency Planning as the West's hardest-hit flood area.

Food and supply airlifts may continue three more weeks, the Air Force said, since smashed roads and bridges are stalling ground traffic.

About 30 Army, Marine and Air Force helicopters are also dropping relief supplies.

The Red Cross said the receding flood waters had deposited a six-inch mantle of muddy silt on many El River Valley homes. Orick, Calif., 50 miles north of Eureka on the Pacific Coast, reported most of its homes were rimmed in five feet of silt.

Red Cross recovery centers distributed food and clothing on a "no-questions asked" basis at the northern California communities of Orleans, Hoopa, Orick, Eureka, Ferndale, Fortuna, Scotia-Rio Dell, Weott, Garberville, Red Crest, Crescent City, Guerneville, Yreka and Happy Camp.

The Red cross said its relief work was just beginning and predicted up to six months of assistance.

Kennedys First  
Senate Brothers  
In 162 Years

WASHINGTON (AP) — The Kennedys today became the Senate's first brother team in 162 years.

Robert F. Kennedy, who won the New York Senate race in November after resigning as attorney general, joins Sen. Edward M. Kennedy of Massachusetts on the Democratic side of the aisle.

They are brothers of the late President John F. Kennedy. Edward at 32 is the Senate's youngest member. Robert is 39.

The last time the Senate had a brother team was from 1800 to 1803, when Theodore Foster represented Rhode Island and Dwight Foster represented Massachusetts.

Corporations with fiscal years ending before the calendar year, including the majority in some industries, already have shown how the profit tide is rising. Only a handful have reported decreased earnings, and usually these individual companies were going against the trend of their own industries.

Firestone Tire & Rubber netted \$79 million in fiscal 1964, against \$63 million the previous year. International Harvester made almost \$99 million, against \$68 million. Carrier profits were up \$26.7 million to \$10.85 million.

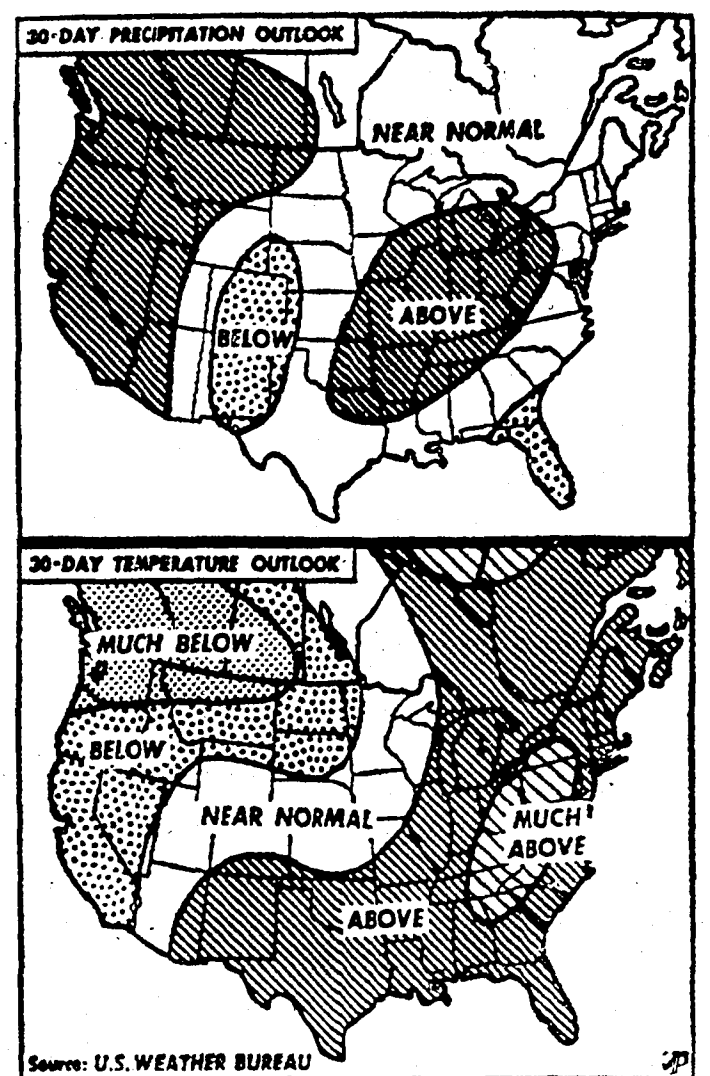

Meat packers are almost unanimous in reporting sizable gains over the previous year: Armour \$22.8 million, against \$16.3 million; Wilson \$12.4 million from \$7.3 million; Hormel \$5.7 million, up from \$2.9 million; Morrell \$4.7 million, against \$2.5 million; and Cudahy \$1.75 million profit, compared with the previous year's loss of \$1.98 million.

HOLLYWOOD TO BROADWAY  
NEW YORK (AP) — George Seaton, veteran film director, makes his Broadway staging debut this spring as the man in charge of "About William," a drama by Henry Denker.

The assignment, according to Seaton, involves no movie-making tie-in. Prior to going to Hollywood in 1942, Seaton did some writing for the stage.

CONGRESS  
(Continued From Page 1)

chances for getting some of his more controversial proposals.

Generally, the efforts to change the rules center on making it easier to break a filibuster in the Senate and to curb the power of the House Rules Committee, a bastion of conservatism, to delay or block legislation.

Scrapping over rules changes could, at least in the Senate, go on for many days.

Also confronting the House was a challenge to the seating of the Mississippi delegation, four Democrats and one Republican. The Mississippi Freedom Democratic party contends their election was invalid, claiming Negroes were systematically excluded from voting.

Once these organization problems are disposed of and the Congress settles down to business, it will have a mass of legislation to grapple with.

High on the agenda are increased Social Security benefits and hospital insurance for the aged, excise tax cuts, an expanded antipoverty program, federal aid for education, and an economic development program for the 11-state Appalachia area.

In dealing with these and other measures ranging from immigration to presidential succession, the Democrats will have the advantage of a 68-32 margin in the Senate and a 235-140 margin in the House.

There are 91 newcomers in the House and eight in the Sen-

ate. Among the freshmen senators will be former Atty. Gen. Robert F. Kennedy, brother of the late President John F. Kennedy.

Notably missing from the Senate is Goldwater, who gave up his seat to run for president. His successor from Arizona is his long-time friend, former Gov. Paul J. Fannin.

The members of the new Congress will be the highest paid in history. Under legislation passed last year, their salaries will be \$30,000 a year, a \$7,500 raise.

Prior to the opening of the new Congress there were these developments:

Draft — Rep. L. Mendel Rivers, D-S.C., the new chairman of the House Armed Services Committee, said he does not favor ending the draft, a subject currently under investigation at the Pentagon, and that he has drafted a bill to increase military pay about \$800 million or \$900 million a year.

Health care — Sen. Clinton P. Anderson, D-N.M., and Rep. Cecil R. King, D-Calif., announced they are ready to introduce legislation to provide health care for the elderly under the Social Security System. Their bills would be similar to the one passed last September by the Senate and killed by House inaction.

Welfare — Secretary of Welfare Anthony J. Celebrezze's Advisory Council on Social Security reported to him that it favors increased Social Security benefits and taxes and hospital insurance for the aged and the disabled.

More Farm  
Jobs Sought

WASHINGTON (AP) — For a hundred years, the Agriculture Department has directed much of its energy toward helping farmers produce more and better crops and livestock.

Today, it is moving in a new direction — that of helping rural residents make the land provide more jobs rather than more crops.

The agency's theme for the years immediately ahead will be the conversion of cropland to uses other than the production of crops. More and more, reports of its activities will deal with the word jobs rather than crops.

President Johnson has directed secretary of agriculture Orville L. Freeman to put special emphasis on programs designed to help low-income rural areas — both farm and non-farm — develop economically through the establishment of such projects as new industries, recreation, tourist services, hunting preserves, wildlife habitat and trees for future timber harvests.

The department figures that of the 350 million acres of land

normally in use in producing crops, upwards of 50 million should be converted to other uses. These latter acres are not needed for the foreseeable future to produce food and fiber products — thanks to swift technological advances of the past 25 years.

Most of the help which the department will be able to provide in its job-development campaign will be advisory and promotional in character. It will not have large amounts of money to spend or lend.

The agency's activities are expected to be along the lines followed in 10 test resource conservation and development projects now being pushed in Indiana, Wisconsin, Minnesota, Pennsylvania, Vermont, New Mexico, Georgia, South Dakota, Idaho-Washington, and Oregon.

The basic purpose of these projects is to assist local people in bringing about orderly development, conservation and use of natural resources in their project area, and by this means aid in providing employment and other economic opportunities to the people of the area.

Many Report  
Record Profits

By SAM DAWSON  
AP Business Analyst  
NEW YORK (AP) — One of the happiest tunes in the opening days and weeks of the New Year will be entitled "Record Profits."

Many corporations have reported notable gains over their previous year's figures. This week the leading banks of the nation are expected to announce increased earnings for the year just ended. The glad tidings from industrial firms should reach caroling volume by the end of the month and early February.

Largest reporting to date is American Telephone & Telegraph's Bell System, which had 12-month record earnings of \$1.7 billion, up from \$1.5 billion in the 1963 period.

When all are reported some weeks hence, before-tax profits for the nation's corporations in 1964 should total around \$58 billion or more. With income taxes taken about \$26 billion of this, the after-tax net would be around \$32 billion, a record, and compares with \$26.7 billion in 1963.

Corporations with fiscal years ending before the calendar year, including the majority in some industries, already have shown how the profit tide is rising. Only a handful have reported decreased earnings, and usually these individual companies were going against the trend of their own industries.

Firestone Tire & Rubber netted \$79 million in fiscal 1964, against \$63 million the previous year. International Harvester made almost \$99 million, against \$68 million. Carrier profits were up \$26.7 million to \$10.85 million.

Meat packers are almost unanimous in reporting sizable gains over the previous year: Armour \$22.8 million, against \$16.3 million; Wilson \$12.4 million from \$7.3 million; Hormel \$5.7 million, up from \$2.9 million; Morrell \$4.7 million, against \$2.5 million; and Cudahy \$1.75 million profit, compared with the previous year's loss of \$1.98 million.

HOLLYWOOD TO BROADWAY  
NEW YORK (AP) — George Seaton, veteran film director, makes his Broadway staging debut this spring as the man in charge of "About William," a drama by Henry Denker.

The assignment, according to Seaton, involves no movie-making tie-in. Prior to going to Hollywood in 1942, Seaton did some writing for the stage.

## YWCA New Year Schedule Includes Varied Program for Girls, Women

The YWCA schedule of classes and activities will begin within the next few days. Membership in the YW is required, unless otherwise stated, and advance registration is asked for all classes. Information

about fees may be had by calling the YW office.

**STARTING Saturday**, a ten-week term of swimming lessons for girls will begin, with the following schedule: 9:45

a.m., Swimmers and intermediates; 10:30 a.m., Advanced beginners; 11:15 a.m., Beginners and 2 p.m. or 3 p.m., Plunge.

The Bubblettes will meet today. This is a swim club for intermediates and swimmers who are under 12 years of age, and features synchronized and stunt swimming. Running until the end of the school year, it meets every Monday at 4 p.m.

Wednesday, a ten-week term of instruction will begin for girls who cannot attend Saturday lessons. This class will meet from 4 to 5 p.m.

**THE SWIM Team** meets on Tuesdays and Thursdays from 5 to 6:30 p.m. and on Saturdays from 12 to 1:30 p.m. Several meets have been scheduled, and more strong swimmers are needed to round out the team.

**YW members** and their families may swim on Thursdays from 7 to 8 p.m.

Adult swimming instruction will be given starting this week and to March 10, at 7 p.m. each Wednesday evening.

Small Fry classes for 4 and 5-year-old boys and girls will meet on Monday, Tuesday, Wednesday, and Friday mornings, from 10 to 11:30 a.m. Children should be enrolled for one of these days. The winter term of 12 weeks starts January 11, 12, 13, or 15.

**DANCING** instruction in ballet, tap, and acrobatics will be given every Saturday morning, the 10-week term beginning this week. Classes meet as follows: 9:45 a.m., Beginners; 10:30 a.m., Advanced beginners and 11:15 a.m., Intermediate.

A ten-week term of Baton Twirling will also begin Saturday, with beginners at 9 a.m. and Intermediates and Advanced at 9:45 a.m.

**Pigtail Club** is for girls in first through fourth grades, and meets every Saturday from 1:30 to 4 p.m., the activities being hikes, games, sports, handicraft, parties, and plunges.

**THE LIVE Y's** is a new program for girls in fifth and sixth grades. It meets every Saturday from 1:30 to 4 p.m.

Y-Teen activities are available to all junior high and senior high girls, and feature social, recreational, and service projects. Information about time and membership may be had by calling the YW office.

Working girls between the ages of 18 and 35 are eligible to join the Young Adult club. Members have supper together at the YW, with a varied schedule of programs and activities. Information about this group may be had by calling the YW office.

Who's New club is for all newcomers to Winona, and meets on the second Tuesday evening of each month. There are also special family events, bridge, sewing, and knitting groups, and parties.

**THE Y-WIVES** program is planned with a variety of classes and interest groups, and a nursery is provided for young children. A ten-week term will begin Thursday. The classes are as follows:

9 a.m., Slim and swim; 9 a.m., Swim; 9 a.m., Knitting; 9 a.m., Beginning bridge; 10:30 a.m., Money Management and How to Conduct a Meeting — Jan. 7, Budgets; Jan. 14, Investments; Jan. 21, Legal matters; Jan. 28, Real estate; Feb. 4, Wills; Feb. 11, Parliamentary procedure; Feb. 18, Duties of officers; Feb. 25, How to speak in public; March 4, How to speak in public; March 11, How to be a leader; 10:30 a.m., Cooking; 11:45 a.m., Lunch (bring your own); 1 p.m., Advanced bridge; 1 p.m., Art for beginners; 2 p.m., Tailoring.

Sunset Studio is a program for women who cannot attend daytime classes. Meetings will start Thursday, and continue for ten weeks, as follows: 7 p.m., Exercises for keeping trim; 7 p.m., Knitting; 7:30 p.m., Know your car (5 weeks); 8 p.m., Know your antiques (5 weeks); 8 p.m., Plunge.

**NO FACULTY WIVES MEET** Faculty Wives of Winona State College will not meet Thursday evening as was stated in the Sunday News Calendar of Events.

**WEST INDIES CLUB** — ETTRICK, Wis. (Special) — West Indies Community Club will meet Friday. The serving committee is comprised of Messrs. and Mmes. Richard Scholze and Donald Schmidt.

The couple's attendants were Mrs. Alvin Larson, Mankato, Minn., the bride's daughter, and Kenneth Marsh, Prescott, Wis., son of the groom.

A reception for 40 guests was held at the home of Mr. and Mrs. Frank Sievers, son and daughter-in-law of the bride.

Following a trip to Phoenix, Ariz., the couple is now at home in rural Lake City.

### Former Ettrick Man Wed in Watertown

ETTRICK, Wis. (Special) — Edward Twesme, son of Mr. and Mrs. Russell Twesme, Watertown, Wis., and Miss Peggy Marks, were married at Watertown, Jan. 2.

The Twesme family is formerly of Ettrick. Attending the wedding from here were Mr. and Mrs. N. C. Twesme and Virgil Twesme.

### Bridge Class To Resume at Park Lodge

The City Recreation Department bridge class will be resumed Jan. 12 after recess during the holidays. The group meets at 1:30 p.m. each Tuesday in Lake Park Lodge. Mrs. Gilbert Hoesley is instructor.

Anyone interested in joining the group may still enroll, according to Vern Smelser of the CRD, who said there will be make-up classes.

### Sixth District Nurses to Hear Dr. Braceland

The Winona Unit, Sixth District Nurses Association, will meet at 8:15 p.m. Tuesday in the auditorium of the College of Saint Teresa.

The nurses will hear Dr. Francis J. Braceland, head of the Institute of Living, Hartford, Conn. His topic will be "Community Health and You."

All members are urged to attend.

### Marsh-Sievers Wedding Vows Are Exchanged

LAKE CITY, Minn. (Special) — St. John's Lutheran Church, Lake City, was the setting for the marriage of Mrs. Evelyn Sievers, Lake City, to Coyde Marsh, River Falls, Wis., on Dec. 26.

The Rev. Ralph A. Goede officiated. Mrs. Russell Zillgitt was soloist and Gerald Bunkowske, organist.

The couple's attendants were Mrs. Alvin Larson, Mankato, Minn., the bride's daughter, and Kenneth Marsh, Prescott, Wis., son of the groom.

A reception for 40 guests was held at the home of Mr. and Mrs. Frank Sievers, son and daughter-in-law of the bride.

Following a trip to Phoenix, Ariz., the couple is now at home in rural Lake City.

### Career-Minded HS Girls Invited On Hospital Tour

LAKE CITY, Minn. (Special) — A special invitation has been extended to senior high school students, who are interested in a nursing career, by the Lake City Municipal Hospital Nurses Club.

The girls have been invited to a meeting at the hospital Tuesday evening. They will be taken on a tour of the building from 8 to 9 p.m., when information on various careers will be made available to them.

A brief meeting will follow, after which refreshments will be served by the Mmes. Donald Dahling, Glenn Dicke, Robert Gillen and Otis Farmer.

### Oil, Water Color To Be Taught in Art Group Class

The Winona Art Group begins its winter quarter activities Tuesday evening.

During this quarter, members will be instructed in oil painting and in the use of water color. Ed Korpela will conduct the classes.

Adults living in the Winona area are invited to join the Art Group, which meets each Tuesday at 7:30 p.m. at the Winona Art Center, 5th and Franklin streets. Anyone wishing further information may call Mrs. Joseph A. Richardson.

### Garden Club Will Meet at Hospice

The meeting of the Winona Flower and Garden Club, scheduled for 7:30 p.m. Thursday, will not be in the usual place, Lake Park Lodge, but will be held in the Recreation Room at St. Anne Hospice.

Anyone who has garden slides that can be shown at the meeting is asked to get them to Mrs. R. M. Thomson or Fred Leicht as soon as possible.

**NEW YEAR'S EVE FUN** . . . The three daughters of Mr. and Mrs. W. H. Lauer, 204 W. Wabasha St., held open house at their home New Year's Eve. About 150 young people of college and high school age attended. Shown with some of their guests, playing pool in the basement amusement room, are the three hostesses. From left are Dick Weld, Cassandra Lauer, Nick Rosza, Germaine Lauer, Steve Andersen, Heidi

Lauer, Carol Schultz and Jim Evenson. The guests played ping pong in the attic, records in the music room and cards all over the big house. Refreshments were served during the evening and at midnight noise makers and streamers were passed out for ushering in the New Year. (Sunday News photo)

Mr. and Mrs. Thomas Thaldorf (Camera Art photo)

### Mr. Thaldorf, Miss Strommer Exchange Vows

Central Lutheran Church was the scene of the Dec. 26 candle-light wedding of Miss Judith Ann Strommer, daughter of Mr. and Mrs. E. N. Strommer, 821 W. Broadway, and Thomas James Thaldorf, Green Bay, Wis., son of Mr. and Mrs. Harold Thaldorf, 514 Sioux St.

**THE REV. L. E. Brynestad** officiated. Mrs. T. Charles Green was organist and Miss Georgianna Loomis, soloist.

The bride, given in marriage by her father, wore a floor-length gown of pale rose-beige candlelit silk faille, designed on simple lines. The fitted bodice had a wide bateau neckline and long sleeves. The controlled bell-shaped skirt featured a wide cathedral train that swept backwards from the sides. A three-tiered fringed flounce extended from the sides of the waist.

Her bouffant veil of candlelit silk illusion fell from an open-band crown, fashioned of silk faille to match the gown. She carried an arm bouquet of long-stemmed pink roses and lemon leaves, tied with muted green satin.

**THE BRIDE** chose Mrs. Wayne Steffenhagen, Sturgeon Bay, Wis., as her matron of honor. Mrs. Patrick Mulcahy, Olympia Fields, Ill., was bridesmaid. Mrs. Thomas Buck was the bride's personal attendant. The attendants were dressed alike in gowns designed by the bride and fashioned by her mother. They were made of cranberry velvet, lined with heavy pink satin. The fitted bodices were scoop-necked and sleeveless. At the corded waists, large inverted pleats formed the controlled bell-shaped, floor-length skirts. Their open-band crowns were of matching velvet, adorned with small pink rosebuds. They carried long-stemmed pink roses tied in green.

Thomas Buck was best man and William Hargesheimer Jr. was groomsmen. Ushers were John Strommer, Lakeville; Ralph Strommer, White Bear Lake, both brothers of the bride; and Wayne Steffenhagen, Sturgeon Bay.

**A RECEPTION** and dinner was held in the Gold Room, Hotel Winona, where Mr. and Mrs. William J. Cole acted as hosts. Assisting were the Misses Sylvia Wedul, Sharon Keelan, Chicago; Judy Kochendorfer, Grand Forks, N.D.; Linda Kochendorfer, St. Paul; Cynthia Phillips, Cedar Rapids, Iowa; Lynne Perszyk, White Bear Lake, Minn.; and Mrs. John Strommer, Lakeville, Minn.

The newlyweds left for a brief trip, after which they will be at home at 515 Kellogg St., Green Bay.

The bride is a graduate of Winona Senior High School and attended Winona State College. She was employed at Northern States Power Company. Her husband is a graduate of WSIS, attended the University of Wisconsin and was graduated from WSC. He is a physical education supervisor for several Green Bay schools.

**MR. AND MRS. Harold Thaldorf** were hosts at a dinner at Hotel Winona preceding the rehearsal.

Prenuptial showers were given by the women employees at NSP at Linahan's; by women of Lydia Circle, Central Lutheran Church; by Miss Verna Herjeld at her home; by members of the bride's bowling team at Williams Hotel; and by Mrs. Edwin Spencer and Miss Loomis at the Spencer home.

### Miss Jean Bunge, Adrian Olson Wed at Eitzen

EITZEN, Minn. (Special) — Miss Jean Bunge, daughter of Mr. and Mrs. Elmer Bunge, Eitzen, and Adrian Olson, Spring Grove, Minn., son of Mr. and Mrs. Raymond Olson, were married Dec. 26 at St. Luke's United Church of Christ, Eitzen.

The Rev. Melvin Graupmann officiated. Organist was Mrs. Walter Gensmer, Caledonia, Minn. Miss Mary Henzler, Decorah, Iowa, was soloist.

THE BRIDE wore a long gown of taupe de soie, styled with a fitted bodice, bateau neckline, trimmed with lace, as was the controlled skirt, which had a detachable train. Her English illusion veil was held by a pure silk cabbage rose headpiece. She carried an arm bouquet of long-stemmed red roses.

Mrs. Bert Goetzinger, Brownsville, Minn., twin sister of the bride, was matron of honor. Another sister, Mrs. Leroy Krieger, Minneapolis, was bridesmaid, as was Miss Mary Lynn Potratz, Debra Bunge was flower girl.

They all wore identical floor-length gowns of kelly-green taupe de soie, with controlled skirts, bateau necklines, elbow-length sleeves and wateau panels falling from bows at the waistlines. They carried arm bouquets of long-stemmed red roses, tied with red ribbons.

Jeffrey Olson, Spring Grove, was best man and groomsmen were Gary Olson, Lincoln, Neb., and Spencer Olson, Spring Grove. All are brothers of the groom. Ushers were Jeffrey Roverud, Spring Grove, and Paul Straud, Caledonia.

A reception was held in the church social rooms. The groom's parents were hosts at the bridal dinner, following rehearsal. The bride was honored at prenuptial parties given by Mmes. Ewald Schroeder, Louis B. Fruechte, Curtis Schroeder, Roger Schroeder, Vernon Runnigen and Robert Bunge and the Misses Mary Lynn Potratz and Mary Henzler.

The bride is a graduate of Caledonia High School and is a secretary at Luther College, Decorah, where her husband is a student. He is a graduate of Spring Grove High School.

### Daniel Thesing Weds Classmate At Orlando, Fla.

LEWISTON, Minn. (Special) — Daniel Thesing, a senior at North Dakota State College, and Miss Harriet Elizabeth Reid, also a senior, were married Dec. 26, in St. James Catholic Church, Orlando, Fla.

Mr. Thesing is the son of Mr. and Mrs. Theodore Thesing, rural Lewiston, and the bride is the daughter of Mr. and Mrs. George William Reid, Windermere, Fla.

The Rev. Michael Troy officiated at the wedding and attendants were Mr. and Mrs. Roger Thesing, Rochester.

The bride wore a white wool theater suit and a pillbox hat and veil. She carried a nosegay of white orchids and ivy.

The matron of honor wore a street-length princess-style dress of olive-green peau de soie. She carried a long-stemmed poinsettia and had a head-dress to match her gown.

Mrs. Thesing, mother of the groom, wore a taupe wool knit suit and a corage of pastel vanda orchids. The bride's mother was attired in a navy crepe ensemble and had a green orchid corsage.

The wedding reception was held at the home of the bride's parents.

The newlyweds will make their home in Fargo until their graduation, when Mr. Thesing will be a second lieutenant in the Marine Corps, stationed for a time in Washington, D.C. Mrs. Thesing, who is majoring in social work, will accompany her husband.

### NASON ON EDUCATION

## Should Professors Stick to Teaching?

By L. J. NASON, Ed. D., U. of Southern California

Should our colleges and universities allow their professors to wander away from teaching into research?

Certain authorities would make universities primarily centers of research and publication rather than halls of learning. Some colleges have a long-standing "publish or perish" philosophy. To be promoted, a college instructor must demonstrate through publications that he is carrying on scholarly research in his field.

Recently, there has been an added incentive for research in the form of grants from the federal government and industry. Time off from teaching has become a status symbol among college professors. The less they teach, the higher their status. Thus, the most money is being paid professors who spend the least time in the classroom and are least available for conferences with students.

Continued study can make a professor a better teacher. But there is evidence that, carried to extremes, it has the opposite effect and makes him lose interest completely in teaching. As one university professor is reputed to have said: "Teaching would be wonderful if it weren't for students!"

Fortunately, the research road is not the main one for most college and university professors. The majority go about quietly presenting their subjects to the best of their ability. Their exploits do not appear in print.

The publisher research coming out of colleges seldom deals with students.

There are, however, signs of a change for the better. For example, the Office of Education is making a few grants for the investigation of college teaching and learning problems. These are sure to bring about a change of emphasis, so that the college professor interested primarily in teaching can keep his rightful place on the campus.

TO TEACH in kindergarten requires specific training in the teaching-learning processes and a credential from the state. But, at the other end of the scale—the university—there is no such requirement. College teaching is the only profession for which no training is demanded.

Perhaps a credential requirement would force more attention on how students learn and so restore the public's image of the university as a seat of learning.

Legislatures should require a breakdown in requests from colleges for funds. The money requested for research, including all related costs, should be so specified. The cost of educating a student should be a separate item. Without a breakdown, the public gets the impression that a college education is far more expensive than it really is.

Certainly, in no case, should time off for research and publication be added to student costs. Neither should the taxpayer be deluded into thinking he is paying for higher education when, in reality, he is paying for extraneous activities.

## First Night Classes Begin At Tech School

The first class meetings for two of the 30 courses on the winter schedule for the Winona Area Vocational-Technical School adult evening program will be held Tuesday at Senior High School.

Opening classes for the winter term will be modern problems and typing (for high school credit), each of which will meet Tuesdays and Thursdays through the term.

First meetings of the other classes will be next week.

Courses in this term's program are divided into five general categories: Business, distributive education, home economics, general interest and civic education and trade and industrial.

Registrations may be made by calling the vocational office at the high school or by attending the first class session.

## Rochester Man Held in Indiana Admits Holdup

ROCHESTER, Minn. (AP) — Authorities here say a Rochester area man held in Indiana in connection with a robbery and apparent slaying has admitted the holdup of a Pine Island, Minn., service station.

Edward M. Weir Jr., 26, Mantorville, Minn., and William S. Day, 19, Hartford, Conn., are held at Fowler, Ind. Indiana state police said Weir signed a statement in the death of a Florida man listed in records as having died of a heart attack.

Weir and Day were stopped New Year's Eve by an Indiana state trooper after the holdup of a service station near Fowler. Authorities found \$225 and three loaded guns in the car.

Detectives said Weir signed a statement saying that he and Day held a hammer handle on the throat of the Florida man until he lost consciousness.

The body of William McDonald, 40, was found in the bathtub of the DeLand, Fla., home last Saturday. Detectives said the pair told of meeting McDonald about a month ago and of going to his home last week to obtain a car. Detective Sgt. K.W. Ridgecreek of Indiana state police said Weir's statement told of pinning McDonald against the floor and pressing the hammer handle on his neck. Weir told officers the pair undressed the victim and put him in the bathtub.

The Dodge County sheriff's office in Mantorville said Weir also told authorities in Fowler that he and Day held up the Daryl Snow service station in Pine Island Wednesday night after brandishing a rifle. They taped Snow's hands behind him before fleeing with about \$60 and some cigarettes.

Sheriff Willis Fryer of Dodge County said Weir is wanted as a parole violator.

Sheriff Gerald Cunningham of Rochester said he is anxious to question the pair about other activities in the Rochester area. Cunningham said Weir admitted the Pine Island holdup after tax numbers of stolen cigarettes matched those stocked in the Pine Island station.

Florida authorities have reopened the investigation into McDonald's death.

## Legislators Gathering for State Session

ST. PAUL (AP) — Members of the Minnesota Legislature began arriving today for the opening of the 64th regular biennial session of the Legislature Tuesday.

A long list of big problems face the legislators—money, reapportionment, taxes—but opening of the attack on these will await organization of the two bodies and a message from the governor.

The Senate could complete its organization at its opening session. All but four senators, who were named to fill vacancies, are in the middle of their four year terms and the organization of two years ago is expected to continue with little change.

The House, however, with more than a score of new members may wait a week for announcement of standing committees.

Last minute caucuses to firm up earlier decisions are scheduled by Liberal and Conservative groups in both houses.

Unless there is a late change, liberals will send Rep. Joseph Pritzel of St. Paul against Conservative Rep. Lloyd Duxbury of Caledonia for speaker, with Duxbury assured of reelection to the post he held two years ago because Conservatives have a majority.

In the Senate, where Conservatives also are in control, the contest will be for president pro tem. Liberal Rep. Raphael Salmore of Stillwater will challenge one of two Conservatives—Donald Sinclair of Stephen or C.C. Nitchell of Princeton.

Gov. Karl Rolvaag is expected to outline his program before a joint session Wednesday.

## Former La Crosse Couple, Daughter Slain by Son, 18

WILMETTE, Ill. (AP) — A University of Illinois freshman described as studious and ambitious has been charged with murdering his parents and teenage sister in what he allegedly said was an attempt at the perfect crime.

"I was tired of the whole thing," Harrison Crouse, 18, said Sunday after he was charged with the triple murder.

Crouse was accused of fatally shooting his father, mother and sister with a 22-caliber rifle Saturday evening in the family home on Oxford Lane, a street lined with \$40,000 homes in the fashionable North Shore suburb of Chicago.

Before the incident, Crouse, who was home for Christmas vacation was reading "The Quintessence of Ibsenism" by George Bernard Shaw. His sister, Sally, 16, a sophomore at New Trier High School, was writing a letter in her room; the father, Morris L. Crouse, 47, a certified public accountant and partner in the nationwide accounting firm Haskins & Sells, was dismantling the Christmas tree in the living room; the mother, Norma, 47, was cooking dinner.

Crouse formerly was an officer of the Northern Engraving Co., at La Crosse, Wis., where the family lived from 1946 to 1957. He was also a school board member and active in affairs of the Chamber of Commerce. Mrs. Crouse was a native of La Crosse.

## Single Sewage Plant for Twin Cities Urged

MINNEAPOLIS (AP) — The Minnesota Water Pollution Control Commission has recommended a single plant to handle all sewage from the Minneapolis-St. Paul metropolitan area.

In its formal report to state legislators, the commission also suggested creation of a new metropolitan sanitary district to administer and finance construction of the expanded plant and new sewer lines. An area-wide property tax would finance the proposal.

## Sonic Boom Warning Issued

CHICAGO (AP) — Strategic Air Command bombers will streak high over Chicago today, beginning a three-month training mission expected to strain windows and perhaps nerves to the breaking point.

Residents have been warned to expect repeated sonic booms caused by B52 Hustler bombers flying at supersonic speeds. The planes are attached to the 305th Bomb Wing at Bunker Hill Air Force Base in Indiana.

CUSTODIAN AT EITZEN — EITZEN, Wis. (Special) — Jennings Johnson is the new custodian at Living Hope Lutheran Church succeeding Robert Stensven, who resigned.

Baby Fillas made her appearance at 9:25 p.m. Jan. 1. The Fillas have two other children. Mrs. Fillas is the former Mary Ann Stephenson.

## State Building Shows Gain

The valuation of building permits issued in Minnesota for the first 11 months of 1964 amounted to \$487,708,392, compared with the total for the same period in the previous year of \$448,524,817, the Federal Reserve Bank of Minneapolis reported today.

In its monthly report on building activity in its district, the bank found that the total valuation of permits in the five-state district through November last year was \$657,025,952, an increase from the 11-month total of 1963 of \$613,306,698.

For November alone, the Minnesota reporting centers tabulated valuations of permits for new construction, repairs and alterations of \$42,360,685, compared with \$40,557,241 in November 1963.

Comparative totals for a number of Minnesota and Wisconsin cities:

## Winonan Named To Minnesota FFA Foundation

A Winona agricultural instructor was named as a member at large at the 11th annual meeting of the Minnesota FFA Foundation at St. Paul.

He is Harry Peirce, who also is state president of the Vocational Agricultural Instructors Association.

Pierce will be on the foundation's 21-member board which has a members from each region of the state.

A total of 190 individuals contributed to the FFA Foundation during the past year. During the past 11 years, more than 24,000 FFA members have participated in the award programs.

A LEWISTON FFA member was selected as recipient of the first Establishment in Farming grant by the foundation. He is John Beach, 19, who received \$250. He is the son of Mr. and Mrs. George Beach, Travis Nelson is John's adviser.

Donald Morrison, EYOTA, president of the Eyota Commercial Club and cashier of the Farmers State Bank, was elected a regional donor representative on the board of directors.

McDONALD PROMOTED — William F. McDonald, native of Winona, has been named director of Polymer Service Laboratories at the U.S. Industrial Chemical Co. plant at Tuscola, Ill. He is a graduate of St. Mary's College and has been assistant director since 1961.

## What Public Thinks

# Congress in Better Light Than in 1964

By LOUIS HARRIS

When President Lyndon Johnson delivers his State of the Union message tonight, he will be facing a Congress whose reputation is vastly different than it was a year ago.

When the 88th Congress gathered last January, 65% of the American public thought the job Congress had done up until that time was only fair at best. As the 89th Congress convenes, there has been such a massive shift of attitudes that 64% of the public now thinks Congress has done an excellent or good job.

Here are the facts behind this dramatic shift in confidence:

— A year ago, the most common comment volunteered about Congress was that it had not done much and had tried to avoid major legislative problems. Today, frequently heard from voters is a great deal of legislation.

— In late 1963, the best thing the public could think of to say about Congress was that it had tried hard to get something done. Now people point with pride at the civil rights bill and also mention the tax cut, foreign aid, the anti-poverty program and Social Security measures as accomplishments of Congress.

— An important criticism of Congress a year ago was that it had consistently blocked President John Kennedy's program. Today, Congress is praised for having acted upon major parts of President Johnson's requests.

— A year ago, people felt that much legislation was stalled in committees; now this criticism is hardly heard at all. However, one of the criticisms heard a year ago is even more commonly volunteered by constituents now: the fact that Congress has yet to act upon a bill providing medical care for the aged under Social Security. This measure has been consistently supported by more than 2 to 1 in every test of nationwide opinion.

A comparison of the public rating of Congress taken in December, 1964, with that of December, 1963, reveals the dramatic shifts. In both instances a cross-section of the American people was asked:

"How would you rate the job Congress has done — excellent, pretty good, only fair or poor?"

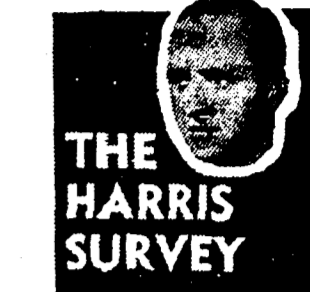

RATING OF CONGRESS		
	Dec. 64	Dec. 63
	%	%
Excellent to pretty good	64	35
Only fair to poor	36	65

## REGIONAL RATINGS OF CONGRESS

Rate Congress excellent or pretty good:	Total Nation	%
Nationwide	64	
East	69	
Midwest	65	
South	49	
West	62	

The chief reason for lagging support for Congress in the South lies in opposition to the civil rights bill, enacted in 1964 over the "no" votes of most congressmen from the region. When people were probed in depth both this year and last for their views about Congress, here is what they volunteered:

Volunteered Comments on Congress		
	Dec.-64	Dec.-63
	%	%
POSITIVE		
Passed a lot of bills	19	6
Passed civil rights bill	19	—
Made Progress	10	6
Supported President	5	—
Passed tax cut	4	—

THE HARRIS SURVEY

Good on foreign aid	2	—
Passed anti-poverty bill	1	—
Passed Social Security extension	1	—
Passed JFK bills	1	—
Stayed in session long time	1	—
Tried hard	17	—
Blocked bad bills	4	—
An average Congress	2	—

## NEGATIVE

Not done enough	12	21
Bad on civil rights bill	7	6
Didn't pass Medicare	5	2
Too much bickering	5	4
Too slow	3	7
Too many deals	1	—
Scandals	1	1
Absenteeism	1	1
Committees stall	1	7
Hamstring JFK	7	—
Avoided bills	8	—

Despite the change in public estimates of Congress, there is still criticism that the Senate and House have not yet done enough. The seeming slowness of the legislative process, with the backing and filing that takes place in the long process through committees and even during floor debate, still makes people restless and even critical.

But standing out in clear contrast is the roster of concrete measures which passed the second session of the 88th Congress. The obviously watched major bills closely and by and large was pleased with the final action.

And for the first time in a long time, Congress, as well as the President, enjoys the favor of a majority of American voters.

## Bishop to Speak To Newman Club

# Here's 'Most Popular' House

By ANDY LANG

What makes one type of house more popular than others? Even architects, builders and other housing authorities can't be sure about that.

Which is fortunate, for if they knew — or thought they did — all homes would look alike. But tastes differ, and people are attracted to certain houses for varying reasons.

WE DID a little research on the subject the other day, going through House of the Week files to find the most popular house of recent years. It turned out to be a three-bedroom 1½-story residence with touches of glamor and luxury, but with two basic attributes — a frame that uses standard lumber lengths for economy, and a large expansion area to take care of a growing family.

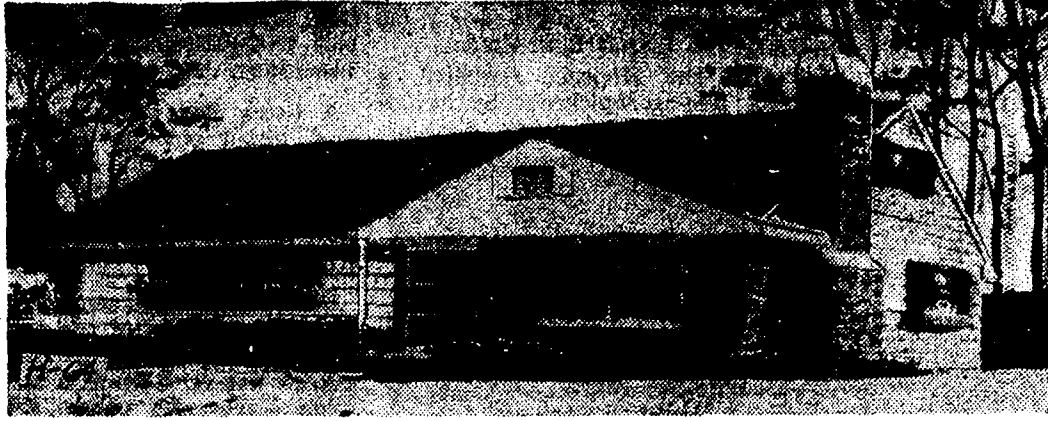

Thus, while we can't always be sure what makes a house popular, we certainly know that this particular house appealed to couples who expect both their families and incomes to get larger as the years go by, but right now have a modest family and an equally modest bank balance.

THE HOUSE was designed by architect Rudolph M. Matern, has an interesting and tasteful exterior and plenty of easy-living comforts on the inside. Yet the basic area of the home is only 1316 square feet, with its overall dimensions a neat 50' 4" by 27' 9". And here is something unusual: although there are 804 square feet of expansion space upstairs, the ceilings are full height and flat, without the slanting sidewalls usually found in such areas.

This has been made possible by a 38-foot dormer across the back of the house. In addition to the two large upstairs bedrooms — which can be built when they become necessary — there is room for a full bath and two alcoves for dressing, homework, hobbies or storage.

ON THE main floor, you find the kind of extra benefits you get in an expensive home. There is a gracious entrance foyer of elaborate proportions, with a flagstone floor and a 90-degree curved staircase with an open balcony.

To the right is the living room, set off by a four-foot-wide log-burning fireplace. A 12-foot bow window in the front adds interest to the formal entertaining area and charm to

**FAMILY EXPANDING?** This 1½-story house, with its three bedrooms on the main floor, will take care of your future needs because of the spacious upstairs area, especially designed so that the ceilings are full height and flat.

the exterior facade. Along with the adjoining dining room, there is an expanse of 26 feet in one direction and 18 feet in the other.

From the front of the living room, one has an uninterrupted view to the sliding glass doors leading to the terrace at the rear of the house.

THE KITCHEN can be reached from the front without going through any other rooms, from the rear entrance or from the dining room. A special feature of the kitchen is a curved wall, different enough to command attention no matter how this vital home area is furnished. Next to the kitchen is the laundry, convenient for a busy housewife, and also near the bedroom wing so there's no unnecessary hauling. The bathroom is spacious, has broad countertops and twin lavatories.

GETTING BACK to the subject of popularity, there isn't much doubt about the popularity of this house. This house has it. There are seven closets on each floor, all well-proportioned, with plenty of extra storage room upstairs as well as in the basement.

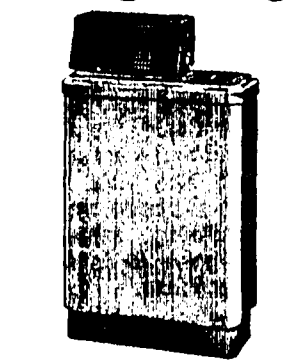

Whether you're in the market for a trim, three-bedroom house on one floor or a five-bedroom house on two floors, architect Matern's design fills the bill. Best of all, it also takes care of your needs if you want the three-bedroom residence now and the larger one later.

## H-64 Statistics

Design H-64 has a living room, dining room, kitchen, bath, three bedrooms, foyer and terrace on the first floor, with a habitable area of 1316 square feet.

It has two bedrooms, a bath and large alcove sections on the second floor, providing 804 extra square feet of living area. Note the large number of closets on both floors. The house's overall dimensions are 50' 4" by 27' 9", with the construction's basic frame stressing economy.

## Mondovi Building

**Totals \$167,722**

MONDOVI, Wis. (Special)—Building construction in Mondovi in 1964 totaled \$167,722. Residential building amounted to \$134,250. Six new homes and two new apartment buildings cost \$99,100. Alterations and additions amounting to \$35,150 accounted for the balance.

Business building totaling \$29,607 includes a new tavern costing \$14,000. A total of \$15,607 was spent for improvements and additions. Miscellaneous was listed at \$3,885.

New homes were built by Donald Brue, Mylo Smith, Glenn Hagness, Aldin Moe, Robert Stoughton and Emil Best and new apartment houses by Gordon Colby and Kenneth Parker. Remodeling, repairing, and additions were made by Harley Hesselmann, George Nichols, Charles Berger, Dutee Deetz, John Larson, Earl Langworthy, Emma Hinz, Howard Peterson, Wilfred Davis, Henry Johnson, Roger Cook, Eleanor Adams, Harley Fimreite and Roger Cook.

Herman Pulkabrek built the new tavern. Herman Weiss built a store addition. Other improvements to business buildings were made by Curt Olbert, Vincent Berger, Charles Scharf, Herbert Ringger, Arleen's Dress Shop and Earl Van Someren. Other small building was completed by Frank Jacobson and Marcel Thoma.

Because London is located on the estuary of a tidal river near the humid Essex marshes, it has always had the type of soupy fogs that have been plaguing the eastern United States.

## St. Stanislaus Site Clearance Work Starting

Permits for removal of houses and garages at 626 and 628 E. 5th St. in site clearance for construction of a new St. Stanislaus School were issued last week by the city engineer's office.

The buildings are on property at East 5th and Zumbro streets adjacent to the existing grade school and their removal will be a preliminary to a building program expected to begin early this spring.

The Rt. Rev. Msgr. N. F. Grukowski, pastor of St. Stanislaus Church, said today that hopes are held that bids on the new school may be opened in mid-February and that the first section will be ready for use by the lower grades at the beginning of the fall term.

ALSO ISSUED last week was a permit to Gordon Nagle, Dakota, Minn., for moving the garage at 628 E. 5th St. to Nodine. Hans Haefis is the contractor.

With the city offices closed Saturday for the New Year's weekend there were no building permits issued.

The last two written last week went to Hugo Curran, Goodview, for a \$1,500 remodeling job at 121 E. 3rd St., and to Roy Larson Distributing Co., 1154 Mandakato Ave., for interior remodeling and construction of a loading dock estimated to cost \$650.

The East 3rd Street project is at the former quarters of Sears Roebuck & Co. After work is completed, Winona Fruit & Vegetable Market, now at 119 E. 3rd St., will move to the new location.

OIL-BURNER permits were taken last week by Modern Oil Burner Service for Eldon Schramm, 113 E. Sarnia St., and Kraining's Sales & Service, for Harry Wojciechowski, 329 Chaffield St.

Permits for GAS-FIRED installations: Kraining's, for William Schammel, 251 E. Mark St.; Paul A. Meier Plumbing Co., for C. Stanley McMahon, 301 Elm St.; Gerald Kiebusch, 1702 W. Broadway, and Hilke Homes, at 324 Emmerst. Winona Heating & Ventilating, for Sather Winona Homes, at 1665 Edge-wood Rd.; Adolph Mueller, 412 E. ## Let's Get Growing

By A. F. SHIRA

**All-America Glads for 1965**  
JANUARY, in spite of its cold, ice and snow, and the fact that it is considered to be our severest winter month, can yet be thought of as a month of progress. We know that the plants lying dormant in the frozen ground will break forth with renewed life, buds will open and flowers will come just as surely as we know that the warm breezes of spring will blow.

Although January is a dormant month, it can be brought to life in a measure by making some plans for the spring ahead. New ideas for the garden can be worked out in which can be included some of the newer plants and flowers. In doing this the stately gladiolus should receive a prominent place. As cut flowers glads have no superiors, are the delight of flower arrangers and are wonderful for bouquets in the house or on the porch.

New glad hybrids are being developed from year to year that supercede many of the older varieties in form, color, texture and size. Among these are the varieties that merit the awards of the All-America Gladiolus Selections, Inc., each year.

This organization is the recognized non-profit testing group for glads. It tests and screens new originations and singles out the varieties deserving of awards which perform in an outstanding way in the 46 trial grounds located in the United States and Canada, under a variety of soil and climatic conditions. These trials are open to all North American gladiolus hybridizers who have the privilege of entering their best originations, by number only, in competition for the organization's awards.

FOUR GLADS received All-America awards for 1965, namely Playmate, Pompeii, Green 'n Gold and Little Slam, the last two being miniatures. These winning glads were outstanding in the test gardens, according to the independent judges, for beauty appeal, vigor, flower placement and substance.

Taking a look, first, at Playmate we find a glad that produces tall, strong spikes with rose-pink flowers of rich hue. From 8 to 10 flowers open at once on majestic flower heads of 22 to 24 buds many of which show color before the first flowers open. It is stated to be a beautiful glad of great distinction.

OUR ATTENTION is directed next to Pompeii which is an unusual multicolored glad falling into the class generally known as "smoky," although in its unique beauty it is more than this. No one color can adequately describe it as the coloration is a subtle blending of deep pink and rich rose-red with a touch of lavender that imparts an overall impression of a silvery mist. In contrast to this delicate blending of colors, the throat of each flower is a

clear creamy white. The florets are beautifully formed, ruffled, and up to eight are open at once on strong well-proportioned spikes with many buds showing color.

The next award winning glad for 1965 is Green 'n Gold, a dainty miniature and an early bloomer. The florets are small, even tiny, and each one is a delicate vision in tints of green and gold with the green more intense and pronounced when newly opened. Six to eight ruffled florets open at one time on three-foot spikes with eight to ten buds showing color. It is a cheerful, showy little glad that will delight the heart of any flower arranger.

THE FOURTH award winner is Little Slam another miniature. It is bright red in color and opens eight slightly ruffled florets at one time on long slender flower heads. It is considered to be one of the finest exhibition miniatures in the glad world.

Our readers will be glad to know that two of the above All-America glads, Pompeii and Green 'n Gold, are the originations of Carl Fischer, Nowata Gardens, St. Charles, Minn., who is an outstanding hybridizer.

These new glad bulbs will be available through nursery catalogs and at many garden stores. Look for the AAGS emblem when buying.

The last time Scotland Yard moved was in 1890, when lack of space forced London's policemen to leave their original headquarters at No. 4 Whitehall Place, adjoining Scotland Yard.

# Hoosiers Face Big Job, Test Illinois

By HAL BOCK  
Associated Press Sports Writer  
Back home again in Indiana — that's where the Hoosiers may wish they were tonight.

Indiana, one of the two remaining unbeaten major teams in the country, goes up against Big Ten foe Illinois in the Assembly Hall at Champaign and, as any good Illini can tell you, it's quite a job to beat Illinois at home.

Take defending national champion UCLA for example. The Bruins, making a run at collegiate basketball's top rung with an eight-game winning streak, went into Champaign early in the season and the Illini raced off to a 110-83 victory.

UCLA got out of town fast and hasn't lost since. Last week the defending champs won three games and that's considerably better than some of the other ranked teams did.

Michigan, No. 1 team in the country, barely beat Princeton with a late rally and then blew a 16-point bulge to lose the ECAC Holiday Festival in New York to St. John's 75-74.

St. Joseph's of Philadelphia, ranked No. 10, wrought a bit of

havoc in the Quaker City Classic, beating first No. 6 Illinois 75-71 and then No. 2 Wichita 76-69 to take the title. Just as the Hawks looked ready to start scoring, up popped that other unbeaten team, Providence, to score a 65-61 victory.

That gave the Friars eight straight victories, one less than Indiana.

The Hoosiers, who were ranked No. 7 last week, whacked ninth-ranked St. Louis 98-68 and then belted Memphis State 91-68.

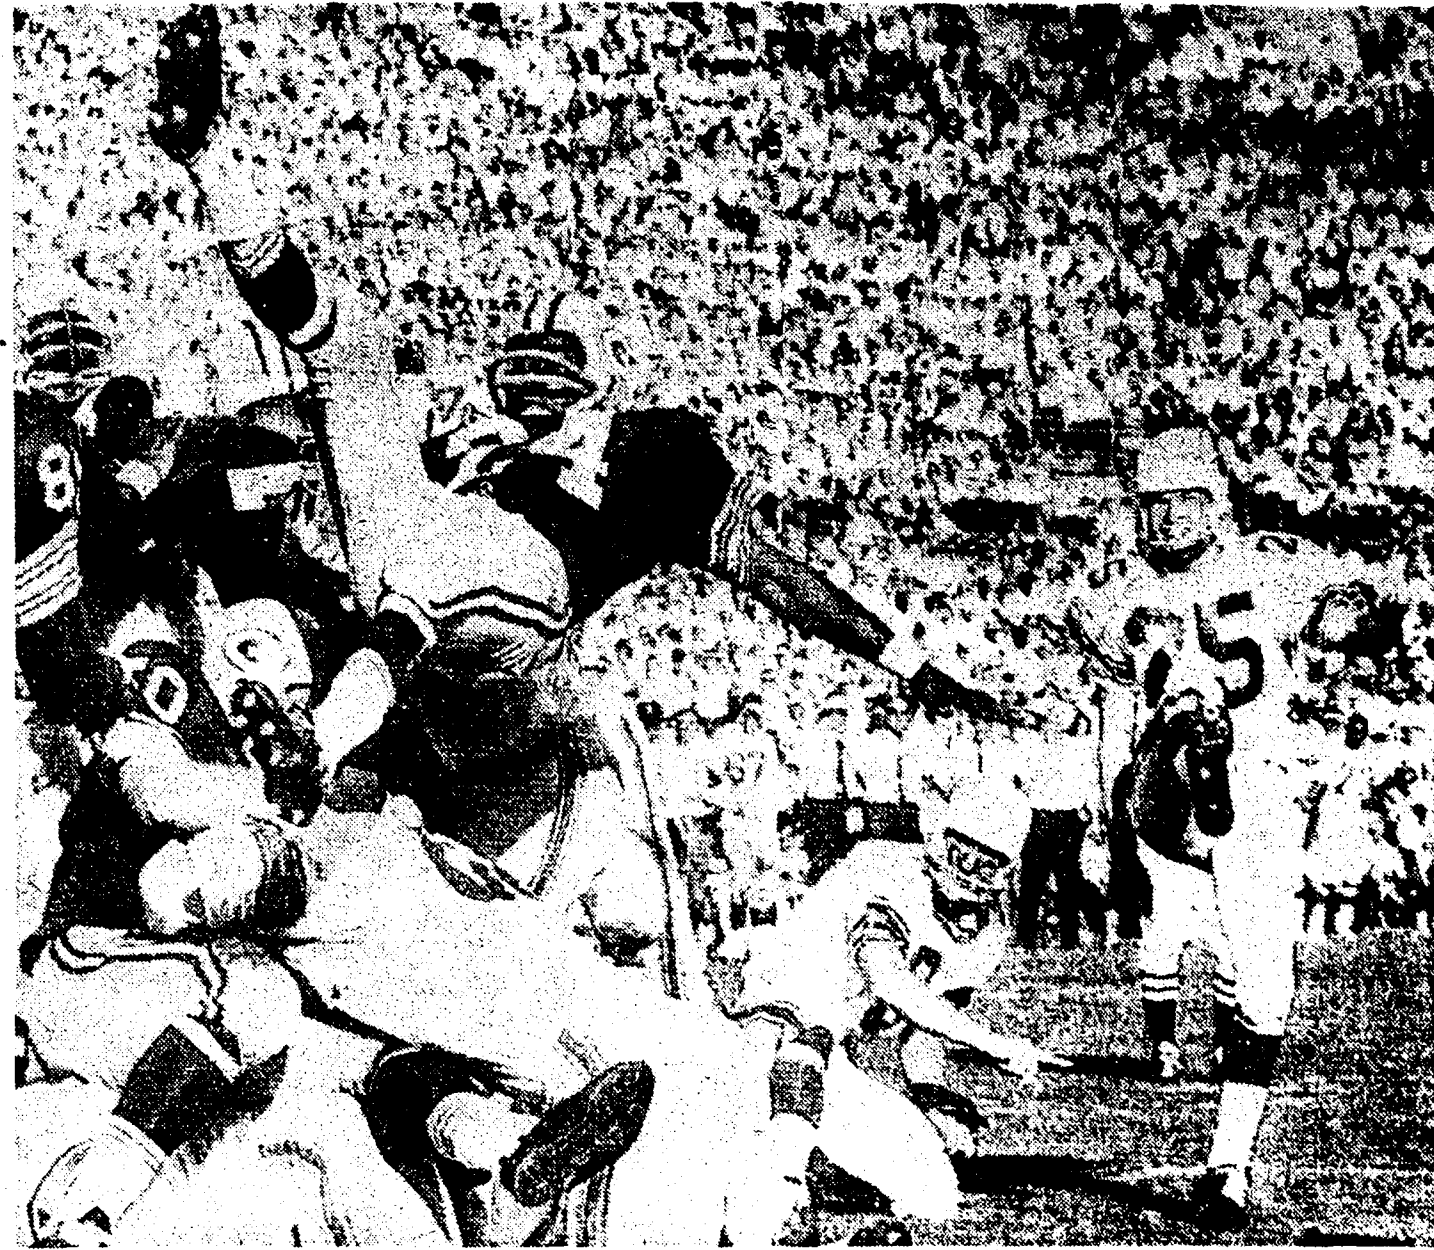

Illinois, which beat Wisconsin last month in the only Big Ten game played so far this season, moved into its brand new 16,000 seat home arena for good last season and ran up a 7-3 record. That's not bad for a club which was only 13-11 overall. This year the Illini have won all three starts at home including the big one against UCLA.

And while Illinois and Indiana clash in the Big Ten's first important game, Michigan, licking its wounds after its Holiday Festival jolt, promises to be a factor in the upcoming league race too.

In other important games tonight, Wichita is at Bradley, Wisconsin plays at Iowa, Louis-

ville hosts Drake, Kansas visits Nebraska, Tulsa is at St. Louis and Seattle is at Idaho State.

## ST. LOUIS GETS FIRST WIN FOR EAST IN PLAYOFF BOWL

# Gambrell Stars for Cards

MIAMI (AP) — Billy (Peanuts) Gambrell, one of the smallest players in the National Football League, made himself a big target for Charley Johnson's passes and the St. Louis Cardinals upset the favored Green Bay Packers 24-17 in the Pro Playoff Bowl Sunday.

The 167-pound Gambrell, a free agent picked up by the Cardinals from South Carolina, caught two touchdown passes from Johnson, on an 80-yard play, as the Cardinals took a 17-3 lead in the third quarter.

A Green Bay attack in the final period put the Packers back into contention, but the threat died with Jimmy Burson's end-zone interception of Paul Hornung's pass meant for Ron Kramer.

Gambrell, who had seen regular service only since mid-season when Sonny Randall was injured, was voted the most valuable player. He caught six passes for 184 yards, setting a Playoff Bowl record.

It was the first victory for the East in the game of NFL runners-up.

"We looked like we were sleep walking," growled Green Bay Coach Vince Lombardi. "We came out of the huddle like we were dying."

The Packers, six-point favorites, moved into an early 3-0 lead on a 40-yard field goal by Paul Hornung.

In the second quarter, Gambrell got behind Jesse Whitten, caught Johnson's perfectly placed pass over his shoulder at the Green Bay 48 and raced in for the initial touchdown.

Johnson took the Cardinals in twice in the third quarter for a field goal and a touchdown for a 17-3 margin.

Green Bay's first touchdown came easily. Burson fumbled a punt to Elijah Pitts at the St. Louis 16 and Jim Taylor got across in two plays.

Another St. Louis drive highlighted by a 49-yard pass from Johnson to Gambrell was killed by a fumble after the Cardinals reached the Packer six. Lee Roy Caffey knocked Johnson loose from the ball and recovered.

On the next play, Starr suffered his first interception after 251 throws. Jerry Stovall picked it off and ran 30 yards for a touchdown to make it 24-10.

Green Bay got back in range on a one-yard touchdown lunge by Taylor after a drive in which Starr hit Taylor with a 48-yard pass.

"We played a poor game," Lombardi said. "We looked like we were sleep walking. We came out of the huddle like we were dying."

The Packers had little to feel happy about after a dismal performance which capped their long National Football League campaign. And some may start worrying about their future in Green Bay.

"We'll make some changes," Lombardi promised in looking ahead. "We'll trade if we like what's offered, but I won't trade unless it's going to help the team."

The Cardinals' defense blitzed Green Bay quarterback Bart Starr and the St. Louis squad wondered why the Packers didn't try short, quick passes to offset the rush.

Asked about the Green Bay strategy, Lombardi shot back: "Why don't you ask me why we didn't win? I don't discuss my strategy with anybody. And I don't think he was rushed that much. We just played a poor game. That was it."

Starr completed 13 of 28 passes for 129 yards and had one intercepted. He was dropped five times for a total loss of 50 yards.

"I couldn't have hit the side of the stadium," Starr moaned. "We tried to do things to offset their rush, but nothing worked. We were terrible and they were good. That's all there was to it."

Halfback Paul Hornung, whose fourth period pass was intercepted, killing the Packers' last threat, said he planned to throw all the way, although it appeared he had running room.

"I thought Max McGee had a couple of steps on the defense and I just threw it," Hornung said of the pass picked off by the Cardinals' Jimmy Burson.

Lombardi was asked if he thought the Packers had encountered trouble in getting "up" for the game.

"What's good for one is just as good for another," the coach replied. "They apparently wanted to play more than we did."

Then, recalling that the Packers defeated the Cleveland Browns in the Playoff Bowl last January, Lombardi said:

"Cleveland lost in this game last year and went on to win the NFL title. Maybe this loss is a good omen."

**Sunbeam Holds Lead in Bantam**

Peerless Chain 3 1 Central Meth. 0 4  
Athletic Club 2 2

Sunbeam maintained its one-game lead on Peerless Chain in the Park-Ree Bantam League Saturday by scoring a 35-27 victory over Athletic Club while the Chainmen were nailing Central Methodist 28-16.

Sunbeam built up a 21-11 half-time lead and then coasted in. Karl Kreuzer hit 14, Dave Ramer 10 and Gregg Zaborowski eight for the winners. Ricky Schultz, Athletic Club's floor general, came up with 10 points.

Peerless Chain led 18-15, 14-8 and 18-10 at the quarter turns in humbling Central Methodist.

Doug Roese and John Kuklinski had 12 and 10 for Peerless with Dennis Suchomel's six topping the Methodists.

**Curling Season Opens At Galesville Club**  
GALESVILLE, Wis. (Special) —Curling started for Galesville men Tuesday.

Tillman Johnson's team won from William Schwarhoff; Wilbur Polzin from Brookes Smith; William Trimm from Henry French and Willard Byrne from J. O. Beadle.

The women curlerettes will begin their schedule Monday.

Woodard said the AFL is ready to do just that. Commissioner Pete Rozelle of the NFL was not available for comment. The leagues apparently will get their chance to co-operate at the NCAA convention. Committees of the NCAA and the American Football Coaches Association

will meet to discuss the matter of early signings and other subjects of interest to the pros and colleges.

"The only good answer," the NCAA's Byers said, "is if both leagues would agree not to draft players until after Jan. 1 and not to draft a player who has football eligibility remaining. That would solve 95 to 98 per cent of the problem."

Under the present system, both leagues can draft red-shirts, players whose original classes will graduate the following June but who have one year of college eligibility left.

After The AP learned the NFL would take no action against the Vikings, Assistant Commissioner Milt Woodard said the AFL also would not penalize the Oilers.

Under the AFL's by-laws, Woodard explained, the league definitely would approve Houston's contract with Neely.

"We inherited our by-laws and regulations from the NFL," Woodard said. "Both leagues allow the signing of a player once he is drafted in the selection meeting. The NFL states very specifically that a boy can sign after he is drafted although he cannot play with a club that year."

"We have to go along with that concept. If we have different rules, we're in trouble. We've got to compete with these people."

In the opinion of college officials, the leagues also must co-operate with each other.

Norm Ullman's batting eye appeared none the worse for wear today but the Detroit Red Wings were seeing red.

Ullman fired two goals — his 17th and 18th of the National Hockey League season — Sunday night as Detroit bombed the Boston Bruins 8-1. Red Wings Coach Sid Abel, however, was still seething over the eye gash his scoring star received the previous night in a collision with Toronto defenseman Carl Brewer.

"It's a disgrace what Brewer gets away with," Abel fumed after the Wings' 3-1 loss to the Maple Leafs at Toronto Saturday.

"Let's say his face ran into my stick," was Brewer's account.

"Blood was drawn and I guess there should have been a five-minute penalty," but the referee said he didn't see it," said Ullman, whose goals total tie second only to record-hold Bobby Hull of Chicago.

Hull netted his 32nd of the season — 18 short of the NHL season mark he shares with Maurice Richard and Bernie Geoffrion — but the Montreal Canadiens snapped the Black Hawks' 13-game unbeaten skid 2-1 on Claude Provost's third-period breakaway goal Sunday night.

The Maple Leafs and New York Rangers battled to a 3-3 tie in a game which may have cost injury-plagued Toronto the services of center Dave Keon. Keon suffered a deep skate cut inside his right thigh in the closing minutes and the wound required 10 stitches.

MADISON (AP) — Minnesota defeated Wisconsin 6-1 Saturday night for a sweep of a two-game hockey series. The Gophers scored twice in the opening period, once in the second and three times in the final. Wisconsin is 6-4 for the season and Minnesota, 5-4.

## Wirz Wins Pin Meet at Whitehall

WHITEHALL, Wis. — Wally Wirz of Chippewa Falls won the second annual Tri-City Match Games at Whitehall Lanes here Sunday. He compiled a 39.42 total under the "Peterson Point System," which scores one point for every game won and one for every 50 pins knocked down.

Whitehall's Ron Pavak, who led until the final two games, was second with 37 and Bob Kopp of Eau Claire was third with 35.45. Following in order were: Bill Burroughs, La Crosse, 33.46; Jim Landry, Chippewa Falls, 32.25; John Tingvold, Eau Claire, 32.25; Bob Clatt, 31.46; and Gee Clatt, 30.28.

Wirz shot games of 190, 214, 268, 211, 257, 170, 227 and 205 to win the tourney. There were 35 entries.

## Blast Pros For Unethical Practices

PASADENA, Calif. (AP) — The faculty council of the Pacific Athletic Conference charged Saturday that collegiate bowl games have been jeopardized by conduct within the professional football leagues.

"Unethical practices in recent years have become more prevalent," the council said in a statement issued after the first session of the conference's annual meeting.

The council said illegal signings of four Oklahoma players spoiled the Gator Bowl game. The statement given out by Executive Director Tom Hamilton said in part:

"These illegal signings were needless inasmuch as the players obviously planned to play professional football, and could have signed legal professional contracts after their final collegiate game.

"The AAUW feels that this action has ominous implications for the interests of intercollegiate football and is a breach of faith which necessitates a re-examination of the relationships between intercollegiate and professional football."

## Little Hawks Win, Build Mark to 5-1

Winona High's "B" squad had little trouble with La Crosse Central's Little Raiders at the high school auditorium Saturday night, building up a lead and then coasting to a 55-50 victory.

The Hawks, who now stand 5-1 on the season, went out front 18-4 at the end of the first period and were on top 33-26 at halftime. At the end of three quarters, Bob Lee's team led 51-38. Paul Plachecki and Loren Benz topped the balanced scoring attack with 11 each. Flaten had 15 for Central, Nordrum and Sivertson 10 each.

## Gallatin Signs With NBA Knicks

NEW YORK (AP) — Square-jawed Harry Gallatin came back to his old stomping grounds today to take charge of the New York Knickerbockers with whom he rose to National Basketball Association stardom more than a decade ago.

Gallatin, 37, was named coach of the Knicks Sunday, just a week after he guided St. Louis to a 99-89 triumph over New York and then was promptly fired as coach of the Hawks.

No salary was announced, but it is believed to be in the \$20,000-\$25,000 bracket.

As Knicks' coach, Gallatin succeeds Eddie Donovan, who was handed the post of general manager. Donovan was in his fourth season as coach. The Knicks finished last in the NBA's Eastern Division during each of Donovan's three complete seasons.

## Owl Surprises Annex Puts Watkins in 1st

CITY LEAGUE

W. L.	W. L.
Watkins 4 1	Lewiston 2 2
Williams Ann' 3 2	Owl Motor 2 3
Standard Oil 3 2	First National 0 5

SUNDAY'S RESULTS  
Standard Oil 45, Lewiston 37.  
Watkins 58, First National 35.  
Owl Motor 51, Williams Annex 50.

Owl Motor Co. pulled the big surprise in City Basketball League play Sunday night, leaving Watkins Products sitting in first place all alone.

The Owl team dumped Williams Annex 51-50 behind a second-half rally while Watkins was rapping first National 58-35 and Standard Oil was ripping Lewiston 65-37.

Owl trailed by 37-28 at halftime, but came back for the victory. Bob Lieberman scored 14 for the winners and Doty 10. Bob Hazleton led the Innkeepers with 15.

Watkins had little trouble, building up a 28-15 halftime lead and coasting home. John Koprowski and Ed Kohner scored 16 and 13 for the winners with Tom Ritchey leading the Bankers with 10.

Jim Rockers and Rich Brown spearheaded Standard Oil into a 28-18 halftime lead and it was enough for victory over Lewiston. Rockers finished with 17 and Brown with 16, while Erdmann of Lewiston netted 10.

## Gophers Eye Loop Opener With Badgers

MINNEAPOLIS (AP) — The Minnesota Gophers head into the Big Ten basketball season by entertaining Wisconsin Saturday night, after finishing their non-conference warmup by knocking off Detroit, 80-66.

Conference basketball this week actually opens tonight when Indiana, the only undefeated Big Ten team, plays at ambitious Illinois.

All 10 teams will be active Saturday night, with Northwestern at Indiana, Illinois at Michigan, Iowa at Michigan State and Ohio State at Purdue.

The Gophers, ranked third nationally before dropping a pair of Los Angeles Classic games that probably will knock them out of the top 10, easily swept past Detroit Saturday night.

Lou Hudson dumped in 23 points for the Gophers and Don Yates and Mel Northway added 19 and 11 respectively as Minnesota built an 18-point lead in the first half and kept at least eight points ahead the rest of the way.

The Titans were down only 72-64 in the final two minutes, but the Gophers hit for a final eight straight points.

Detroit's 6-foot-8 Dorie Murray and Terry Page each had 16 points, although Murray was held to only 3 in the first half.

In other games involving Big Ten teams Saturday, mighty Michigan suffered its second loss, 75-74, at the hands of St. John's of New York, and Ohio State beat Georgia Tech 73-68.

BILL MERRILLS..

*Something to Live By*

SHH—listen! The air waves are full of sound — some loud, some soft... carefree sounds, serious sounds. All about us there are sounds. And the marvelous and amazing thing is, most of us have the means of capturing the sounds we want to hear.

While in my car, I was listening to radio. The announcement suggested that radio is our sound citizen, and that got me to thinking. The air waves are full of sounds, and it is quite a thing when you stop and think about it.

We are at liberty to turn a little button on a box of a sort, and in its own little mysterious way, it reaches out and brings in sounds from the air, magnifies them, and we can hear those sounds. If we don't like what we hear, we can turn another knob and find a new sound. This is radio, so common in our day, that we have a tendency to take it for granted.

Consequently, we also fail to realize how close we, the public, are to the heartbeat of radio. It's response to these sounds that make it possible for the sounds to keep coming through. There was a time when people were so eager to hear, that radio made great strides. In Grandad's house, it was a box-like contraption with a speaker on top. Then came the fancy ones that had the speaker right inside. People used to talk about what they heard on the radio with such enthusiasm that if you missed it, you felt as if a part of your life would have to go wanting for the lack of hearing last night's episode of Amos and Andy, or "The Adventures of Jack Armstrong, the All-American Boy," in the case of the youngsters of that day.

THE RADIO was thought at that time, to be a threat to the heretofore popular phonograph, but quite the contrary. Radio made the record business a tremendous success, and where there are records, it follows of a necessity there must be record players, and thus it caused a greater output in that field. And remember — it was all because people were listening.

If by some strange quirk of nature people just didn't like to listen to radio with its many voices, it would have shrunk to a scientific tool of communication, but the people like it, and it became a booming success.

NEXT IN line was the advent of television, and many were quick to say, "I hardly ever listen to radio any more since we got our TV," and big-name TV personalities began to replace the prominent names of radio. Again history repeated itself. Radio took on a new sound as it wove its way into lives of people at getting-up time, during working hours, and then took wheels as it rode the highways and people began to listen to radio more than ever as it became a sound citizen, giving out with news, weather, music, and education. And the reason it's stronger than ever is because the public is still listening and responding to its beckoning call.

Yes, sir, radio is a sound citizen, and in that "Something to Live By" with "Yours Truly" is aired regularly, I hope, along with your many other listening habits, you are including Bill Merrill.

## Australian Has Views On Drinking

NEW BRUNSWICK, N.J. (AP) — All drinking isn't bad, from a social point of view, according to an Australian sociologist writing in the quarterly Journal of Studies on Alcohol.

The author, Dr. Harold Falding, says only one type serves a useful social function. He labels it "ornamental, community — symbolic drinking." This drinking acts simply as a symbol of kinship among the persons who drink, he wrote.

"The alcohol is not needed to generate any relationship, but to express the pre-existing solidarity generated by trust."

This probably "still occurs in pockets at social gatherings amongst ourselves, but its rarity may perhaps be taken for a sign of the eclipse of community amongst us," the article states.

## Resort for Servicemen Under Fire

HONOLULU (AP) — The Government Accounting Office has suggested that if the Army can't operate a mountain recreation resort for servicemen in Hawaii at less cost, it should close it.

This would leave, in effect, only one major recreational area in the state for the 120,000 military people and their families who are stationed here. It evoked severe — though off the record — criticism from officers and enlisted men.

"If they take much more away from us, we'll have nothing left to be taken," was a comment typical of many.

Most Hawaiians took only an academic interest in the recent GAO assertion that the Kilauea rest and recreation area on Hawaii Island — 200 miles southeast of Honolulu — went in the red by \$850,000 in 1963.

But the controversy brought to mind another military facility that has aroused state officials and private individuals over the past few years. It's Ft. de Russy in Waikiki.

Rumbles were revived about the state or private industry taking over this area, and grumbles from officers and enlisted men began from Schofield Barracks to Pearl Harbor.

Popular opinion is that sunny Hawaii is a desired station for members of the armed services. This may be true for upper echelon officers whose pay is reasonable, whose housing is

## Rochester Girl Gets Long Ride On Wrong Bus

ROCHESTER, Minn. (AP) — What started out as a brief visit with friends some 80 miles away at Mankato, ended today for Donna Gathje, 9, after a 24-hour round trip of nearly 700 miles to Chicago.

It also ended an ordeal for Donna's parents, the Leonard Gathjes, who had alerted police of several communities, and state and county authorities after the girl failed to arrive at home Sunday.

Donna was to have boarded a bus at Mankato for her Rochester home at 2:30 p.m. Somehow, in the rush of travelers at the bus depot, the girl boarded a Chicago-bound bus.

Early today, Chicago authorities reported the wandering child in a bus station and arranged for her return to Minnesota.

She was unharmed, but somewhat travel weary.

generally good and whose on-base recreation facilities are excellent.

But for the young soldier, some insist, only Korea is worse — and it is designated as a hardship post. Many young officers say they'd take Seoul or Saigon to Schofield.

When the military got a pay boost last year, servicemen here lost their overseas allowance. That just about took care of the pay raise for Hawaii-based GIs.

The single men see Ft. de Russy, particularly, as an off-base area with maximum facilities and entertainment they can afford.

Ft. de Russy, bounded by multimillion-dollar hotels, boasts one of Waikiki's best swimming areas.

# Crop Production in 1964 Second Largest on Record

By OVID A. MARTIN  
Associated Press Farm Writer  
WASHINGTON (AP) — U. S. crop production this year turned out to be the second largest of history and only slightly less than 3 per cent below last year's record volume.

Drought was a major factor in the smaller harvest.

In its final report of the year, the Agriculture Department said the production volume was 109 per cent of the 1957-59 average compared with 112 per cent last year.

Although the output was

smaller than last year, no crop shortages exist.

"The 1964 season," the report said, "has been characterized by more widespread moisture shortages than in recent years. The important north central region had yield potentials lowered this year while this area escaped most of the adverse weather during the 1963 season."

A long uptrend in crop yields per acre was interrupted this year for many crops.

The department said the acreage of 59 major crops planted

or grown this year totaled 306 million acres—1 per cent less than last year. But the total acreage harvested this year was 293 million acres, slightly more than the 292 million harvested last year.

The department said production of the four major livestock feed grains totaled \$36.9 million tons—13 per cent less than last year's 156.4 million tons. This reduction is expected to make room in the markets for some of the government's surplus grains.

The indicated acreage harvested last year and this, the average acre yield last year and this and the indicated production last year and this, respectively, of important crops by major producing states:

Corn for grain

South Dakota 3,164,000 acres last year and 2,594,000 this year; 48 bushels per acre last year and 31 bushels this year; and production last year 151,872,000 bushels and 780,414,000 this year.

Minnesota 5,124,000 and 4,612,000; 69 and 59; and 353,556,000 and 272,108,000.

Winter wheat

South Dakota 515,000 acres for harvest last year and 541,000 acres this year; 19 bushels per acre last year and 26.5 bushels this year, and production 9,785,000 bushels last year and 14,336,000 bushels this year.

## Weakness in Motors, Steels; Trading Active

NEW YORK (AP)—Weakness in motors and steels highlighted a lower stock market as 1965 trading began today. Trading was active early this afternoon.

The market was mixed at the start then headed lower, widening its loss on average despite a strong performance by scattered issues.

Steels sank on weekend news that President Johnson had asked his economic advisers to take a hard look at recent steel price increases to see whether they are inflationary.

General Motors declined more than 2 points, dampening other auto stocks and the list as a whole.

Oils, electrical equipments, gold mining issues, drugs, mail order-retails and aerospace issues also displayed a lower trend.

The Associated Press average of 60 stocks at noon was off .7 at 323.4 with industrials down 1.7, and rails and utilities unchanged.

The Dow Jones industrial average at noon was off 4.63 at 869.50.

American Telephone climbed more than a point following its report of record earnings. Du Pont made a similar gain. Tobacco were higher, with American Tobacco up about a point.

IBM slipped 4 points. Down about a point were such issues as Comsat, Sears Roebuck, Polaroid, Texaco, Jersey Standard and Texas Gulf Sulphur.

Prices on the American Stock Exchange remained generally higher in moderate trading.

Corporate and U.S. government bonds were irregularly higher.

TWO WAYS USEFUL  
WAVERLY, Ohio (AP) — A hay baler is being used to pick up windrows of leaves along this community's tree-lined streets, and officials say the experiment not only is promising but has a side benefit.

Street Supt. C. E. Redman says there has been a demand for the bales from residents needing garden mulch. They are taken to the city's garage, Redman says, and are available first-come, first-served at no cost.

CLOTH FROM BRANCHES  
SIBENIK, Yugoslavia (AP) — The women of the islands off the shore of this Dalmatian city still wear dresses made from a furze plant (gorse). After the furze breaks into its yellow blooms, new branches spring out. The islanders cut the branches, soak them in salt water, and strip them down into fine thread which they weave into cloth.

# U.S. May Expect Too Much of '65

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — This year has been so good that fears

are felt in many quarters that next year may seem like a letdown because the public is inclined to expect too much of it.

The federal administration reportedly is getting plans ready for any such slump in confidence — plans to stimulate the economy with more tax cuts or greater spending if the pace falters when compared to this year's fast growth.

Almost all economists in and out of government agree, however, that the first few months of 1965 will be even more beautiful than the final ones of 1964.

They cite the special incidents that held back the economy in the autumn, particularly the auto strikes. And they cite special reasons the first few months of 1965 will be more active than they normally would — such as pent-up demand for autos due to the short supply in the closing weeks of 1964, and fear that labor trouble in steel could cut off metal shipments in May.

After that — there's the rub. And that's one reason economists are varying so widely just now in their predictions for 1965 as a whole.

Any letdown after these special stimulants are withdrawn might make both businessmen and consumers nervous. If the fast growth rate of the economy in 1964 — now put at around 7 per cent — slows down perceptibly.

## Sukarno Plans Organization To Rival U.N.

JAKARTA, Indonesia (AP) — Indonesian President Sukarno is expected to try to form an organization of young nations as a rival to the United Nations.

It is believed here that Indonesia's opposition to the seating of Malaysia on the U.N. Security Council was only a pretext for quelling the world organization, which the Indonesians claim has "degenerated into a mere tool" of the United States and Britain.

Sukarno is thought to envision Indonesia taking the lead in a new organization of what he calls the Nefos — new emerging forces — as against the Oldfos — old established forces. He has had no success with such ideas in the past.

In 1963, Sukarno got little support when he withdrew Indonesian athletes from the Olympic Games and set up the games of the new emerging forces — Ganefo.

Nor did he draw much support last October at the second conference of nonaligned nations in Cairo when he said their approach was outdated and should be replaced by his concept of the new emerging forces.

However, Sukarno might propose a regional grouping similar to the Organization of African Unity that would not require other nations to pull out of the United Nations. An occasion for him to put forth this proposal would be the second African-Asian conference in Algiers in March.

There was no word from the presidential palace in response to U.N. Secretary General U Thant's appeal to Sukarno to reconsider his withdrawal decision. Foreign Office officials were not available for comment since today is a Mollem holi day.

The treaty ending the War of 1812 was signed by American and British emissaries at Ghent, Belgium, on Dec. 24, 1814, but the news did not reach the United States for many weeks. In the meantime, the Battle of New Orleans broke out on Jan. 8, 1815.

## New Chief Takes Over Berkeley Post

BERKELEY, Calif. (AP) — A fast-moving new chancellor took over the strife-ridden Berkeley campus of the University of California today on the optimistic note that turmoil over student political activity can be settled by February.

Dean Martin Meyerson, 42, was elevated to acting chancellor in a surprise move by the university's Board of Regents Saturday night.

He succeeded Dr. Edward Strong, 63, who asked for and was granted an indefinite leave of absence to recuperate from a recent illness.

Immediately after his appointment, which came to him on a 24-hour notice, Meyerson telephoned an emergency faculty committee considering the campus speech situation marked by mass demonstrations and sit-in arrests and summoned them to a Sunday morning meeting at his Berkeley home.

Sunday afternoon Meyerson called a news conference and read a statement declaring: "Civil disobedience is warranted only when there is no recourse to reasonable deliberation. Avenues of recourse now are available on this campus."

"If we work together on our immediate problems we can achieve a solution by the beginning of the new term in February."

Sunday night Meyerson issued a set of campus rules covering what he called "those matters of greatest concern during the next few days."

The rules permit open discussion on the steps of the administration building, Sproul Hall, establish hours and places where students can set up tables and receive donations, distribute literature and recruit for causes, and reduce from 72 hours to 48 the advance notification required for off-campus speakers to be brought on campus.

# Two Minnesota Senators Take Oaths of Office

WASHINGTON (AP) — Both Minnesota senators, Democrats Eugene J. McCarthy and Walter F. Mondale, took the oath of office today shortly after the new Congress convenes at noon.

McCarthy, 48, was elected Nov. 3 to a second six-year term in the Senate. Mondale, 36, was appointed by Minnesota Gov. Karl Rolvaag to fill out the unexpired two years of the term of Sen. Hubert H. Humphrey.

Humphrey, the vice president-elect, currently has no official office and will be plain Mr. Humphrey until the inauguration Jan. 20 when President Johnson is sworn in for his first full term in the White House and Humphrey takes office as vice president.

Humphrey resigned from the Senate last week to permit Rolvaag to appoint Mondale and thus give the new Minnesota senator seniority over other new Democratic Senators whose terms begin today. Mondale officially became a senator last Wednesday upon his appointment.

Minnesota's eight House members, all reelected, take new oaths of office soon after noon today.

They are Reps. Albert H. Quie, Ancher Nelson, Clark MacGregor, and Odin Langen, Republicans, and Alec G. Olson, Donald M. Fraser, John Blatnik and Joseph E. Karth, Democrats.

McCarthy takes his new oath of office in a bloc of four senators immediately before Mondale and thus was available to escort the new Minnesota senator to the front of the Senate for his induction.

Mondale was temporarily assigned to a single-room office in the old Senate Office Building. This was used as an extra room during the presidential campaign last fall by Sen. Barry Goldwater of Arizona.

Mondale arrived last week with his wife and their three children, and his mother, Mrs. Theodore S. Mondale. Mrs. Mondale's parents, the Rev. and Mrs. John Maxwell Adams, drove here from Minnesota.

In another New Year activity, the Minnesota State Society was planning a pre-inaugural ball the evening of Jan. 16 at the Mayflower Hotel to honor Humphrey. About 700 guests are expected.

Miss Connie Freeman, daughter of Secretary of Agriculture and Mrs. Orville E. Freeman, will be crowned at the ball as the Minnesota Cherry Blossom Princess.

# Russian Reds in Mongolia Flayed

MOSCOW (AP) — Reports from Mongolia indicate that efforts are still under way to topple the Soviet-oriented regime in the Soviet Union's only Asian satellite.

Mongolian Communist party chief Yumzhagin Tsedenbal attacked three members of a presumably anti-Soviet faction he has been fighting since 1962 at a party meeting two weeks ago in Ulan Bator, the capital. The three were expelled for "factional, antiparty activities."
