Churchill Suffers Blood Clot in Brain

Arms Commission Extension Asked

By JOHN M. HIGHTOWER
AP Special Correspondent
WASHINGTON (AP) — President Johnson asked Congress today to extend the life of the U.S. Arms Control and Disarmament Agency for four years to "assure the continuing leadership of the United States in the purposeful pursuit of peace."

President's request for \$55 million for the agency's expenses over the next four years, appeared certain.

Johnson told Congress a determined effort to halt the spread of nuclear weapons over the world is essential to the security of the United States. He made clear that nonproliferation is a foremost objective of his disarmament policy.

Despite the vast defensive

power of this country, the President said in letters to the House and Senate, the effort to stop the spreading of nuclear weapons "is essential to our security, for a continued increase and spread of modern weapons can actually decrease our security."

An accompanying letter by agency Director William C. Foster said the legislation will be required to keep the agency operating because the present authorization does not provide adequate funds beyond the end of the present fiscal year, June 30.

"Attempts directed toward arms control and other measures to lessen the threat of war are no longer Utopian dreams," Foster said.

He added: "The work of the Arms Control and Disarmament Agency has become an integral part of our over-all national security policy. Armaments alone can no longer increase security; the unchecked increase of these weapons of mass destruction can only diminish our safety in the hope for peace."

Johnson noted that four years ago the United States became the first nation in the world to establish such an agency.

Mail Truck Driver Gets 60-Day Term

STILLWATER, Minn. (AP) — A mail truck driver accused of assaulting a highway patrolman was sentenced Thursday to 60 days in jail and given an option of a \$15 fine or five days in jail for speeding.

Jerry J. Intihar, rural Stillwater said he will appeal the decision to the Minnesota Supreme Court.

Intihar was arrested July 8 after a chase by Highway Patrolman Desmond Pepin, Bayport. The pursuit ended in Intihar's yard, the two men scuffled and Intihar suffered a bullet wound in the groin.

Intihar was convicted in Stillwater Municipal Court in September. He was sentenced to 90 days in jail for assault and a \$25 fine or five days for speeding. He appealed to the Washington County District Court and Judge William T. Johnson handed down the decision Thursday, following a two-day trial.

2 Women Dead In St. Louis Hospital Fire

ST. LOUIS (AP) — A brief, but blistering, general alarm fire killed two women patients Thursday night at the State Mental Hospital. More than 1,000 other patients were threatened but quick work by firemen and others prevented greater tragedy.

About 1,200 patients, some in wheelchairs, were removed into sub-freezing temperatures from a women's dormitory and then sheltered temporarily in a nearby auditorium.

Another woman, Mrs. Sally Turpen, 67, of St. Louis, died after collapsing in the state hospital cafeteria. Police said Mrs. Turpen, a widow, was awaiting information about friends who were being evacuated from the hospital. Cause of her death was not immediately learned.

Most of them were only night clothes and were barefoot although some managed to drape blankets around them. A majority of the patients were evacuated within 30 minutes after the blaze was discovered.

"We were very lucky it wasn't much worse," said Robert Blackburn, assistant to the mayor. "Only quick work by firemen prevented it from becoming a terrible disaster."

The first alarm sounded at 9:22 p.m. in the long, rambling, five-story brick building, which is almost 100 years old.

The blaze broke out in a linen closet on the third floor of the dormitory and spread rapidly through a room with nine beds into a hallway.

Cause of the fire and an estimate of the damage were not immediately determined.

ILL IN LONDON . . . Sir Winston Churchill, 90, is ill at his London home, his son Randolph said. The British statesman is shown as he left his London home last July for his country home at Chartwell, England. (AP Photofax)

Sir Winston Has Setback During Cold

LONDON (AP) — Sir Winston Churchill today suffered a cerebral thrombosis—a blood clot in the brain—and there was widespread concern that the 90-year-old statesman might be at the end of the road.

A medical bulletin from his doctors said Sir Winston also has developed a circulatory weakness, which would appear to indicate that his heart is flagging or that there was a fairly general blockage of the arteries.

The medical bulletin, issued by his personal physician, Lord Moran, said:

"After a cold, Sir Winston has developed a circulatory weakness and there has been a cerebral thrombosis."

Sir Winston was 90 last Nov. 30.

"He's had a cold for several days," said Sir Winston's son, Randolph Churchill, from his country house at East Bergholt, Suffolk County.

Lord Moran, Sir Winston's private physician, said he would call at the home of Britain's great wartime leader late today.

After that visit—and a check-up—Lord Moran is expected to issue a medical bulletin on the health of his famous patient.

Invariably, he has bounced back, and birthday after birthday for the last five years or more, he has been able to totter to the ground-floor windows of his London home at Hyde Park Gate, smile and give his famous V-for-victory sign to well-wishers congregated outside.

On his last birthday, Lady Churchill, Sir Winston's Darling Clementine, held her husband's arm as he moved slowly to the window. He looked extremely pale.

After he slowly made his V sign with the first two fingers of his right hand, Sir Winston was gently led away by his wife.

Lady Churchill will be 80 in April.

Sir Winston, over the years, has recovered from many illnesses and a fall in which he broke his hip. Londoners have come to know him as Indestructible Churchill.

Since his retirement from the House of Commons last July, Sir Winston has been out of the public eye. His appearance at his window on his birthday is the only time Londoners have seen him for months.

Friends said that of late he often has complained of being cold. Increasingly poor circulation is said to be responsible.

A source close to the Churchills said that he has, of late, been taking one or more hot baths daily as a means of improving his circulation.

Three weeks before Sir Winston's 90th birthday he attended a dinner at the Savoy Hotel of a club he founded in 1911 called "The Other Club." He had to be helped in and out of his car and assisted to and from the private dining room in which the dinner was held.

Tap Room in Omaha Burns

OMAHA, Neb. (AP) — Fire which suddenly engulfed a first-floor tap room took the lives of two persons and injured eight in a downtown Omaha hotel early today.

The smell of smoke and an alert night clerk probably prevented more casualties.

Ed Ivey, 50, the night clerk in the Eagle Hotel at 14th and Harney on the eastern edge of the Omaha business district smelled smoke about 4 a.m. He alerted the 50 guests of the 68-room hotel who fled into 15-degrees cold.

New Russ Nuclear Explosion Reported

UPPSALA, Sweden (AP) — An unusually powerful underground explosion in Russian Asia was registered today by the Seismological Institute here.

Dr. Markus Bath, head of the institute, said the "explosion was 75 times stronger than previous explosions registered from the same area."

Experts here had little doubt it was an underground nuclear explosion, though Dr. Bath declined to say so.

Door Left Open for More Viet Nam Aid

WASHINGTON (AP) — President Johnson has submitted a record low foreign aid request. But he has continued to lump military and economic assistance together and asked that the door be left open for more funds for South Viet Nam. So the usual storm signals are flying.

"Too much, too much," said Sen. Allen J. Ellender, D-La., of the \$3.38 billion Johnson called for in a special message Thursday to Congress.

"At least \$1 billion, possibly \$1.5 billion, too high," said Sen. Wayne Morse, D-Ore., a member of the Foreign Relations Committee.

But Rep. Otto E. Passman, D-La., who has made a specialty

of meat-axing White House foreign aid requests, was subdued. And Sen. J. W. Fulbright, D-Ark., chairman of the Foreign Relations Committee who has said he would not manage the bill unless military and economic assistance requests were separated, adopted a wait-and-see stance.

Getting a foreign aid request through Congress in recognizable form has been a test of every president's mettle since the program was instituted in 1948.

The \$3.38 billion Johnson wants is the lowest presidential aid request ever, but it is more than \$600 million above the \$2.7 billion President Dwight D. Eisenhower was able to cage out of Congress for fiscal 1955-56, and it is \$130 million more than Johnson himself got last year.

2 Americans Killed in Viet Mishap

SAIGON, South Viet Nam (AP) — Two Americans were killed and two injured today when their helicopter hit a power line while escorting a road convoy nine miles north of Saigon.

The pilot, an enlisted gunner and a Vietnamese observer died in the crash. The co-pilot and another gunner were injured, and the co-pilot was reported in serious condition.

The crash apparently was accidental. No hostile ground fire was reported.

The deaths raised the number of American servicemen killed in Viet Nam from causes other than enemy action to 109 since December 1961. Another 249 have been killed in action against the Communist Viet Cong.

There were indications in Saigon that anti-government demonstrations may soon be halted. Two representatives of a central Vietnamese student group opposing the civilian government called on the chief of state, Phan Khanh Sui.

Johnson Awaits Pearson Visit

JOHNSON CITY, Tex. (AP) — President Johnson, working and relaxing at his Texas ranch, awaited the arrival late today of Canada's Prime Minister Lester Pearson to put finishing touches on a pact to wipe out U.S.-Canadian auto tariffs.

Johnson and his visitor may be able to sign the agreement before Pearson leaves sometime Saturday. However, the U.S. Congress would have to pass special legislation before the agreement could be fully effective.

The pact, subject of months of negotiations, would abolish both

countries' tariffs on new autos and new auto parts shipped across their common border.

Johnson, who flew to the ranch with his wife Thursday night for a three-day stay, expected to have relaxed, informal talks with Pearson. Most work on their major item of business — the tariff agreement — was done in advance of the meeting.

The two leaders have met face to face several times in the past 14 months, most recently at Blaine, Wash., on Sept. 16 when they signed a Columbia River treaty. Their meetings have been supplemented by seven or eight telephone talks.

Pearson was bound for the ranch from a Florida vacation. Johnson was here not only to entertain the prime minister, but to push ahead with the drafting of the inaugural address he will deliver next Wednesday after taking the presidential oath.

Russ Balk at Fees for U.N.

MOSCOW (AP) — The Soviet Union said today it has paid the last of its 1964 United Nations bills. It reiterated refusal to contribute to U.N. peacekeeping operations.

"Yesterday the delegations of the U.S.S.R., the Ukraine and Byelorussia paid their last installments to the regular U.N. budget for 1964," said Tass, the Soviet news agency.

The soviet delegation informed U.N. Secretary-General U Thant it would not pay assessments for U.N. operations it considers illegal, meaning peacekeeping operations, Tass said.

Selma Drive Next Week

SELMA, Ala. (AP) — Dr. Martin Luther King Jr. told cheering Negroes Thursday night that next week marks the beginning of massive testing of public accommodations here and a voter registration drive which will touch "the conscience of the nation."

King's remarks at a rally set the stage for the first crucial test for this city's new administration, which has been striving to erase the image of Selma as a symbol of racial strife.

The Nobel Peace Prize winner said that the testing and registration drive would begin Monday, when "we are going to say to Selma in no uncertain terms that we are through with segregation now and forever more."

and to her 27-year marriage — a childless one. Her last words to Raymond came in a Houston hospital, where she had been flown Tuesday to undergo heart surgery.

"I love you," she whispered. "I love you, too," he replied. She died a few minutes later. The auburn-haired soprano had left her Beverly Hills home in serious but not critical condition as the result of a longtime cardiovascular ailment.

She had been operated upon in June 1963 by Dr. Michael E. DeBakey, who recently performed abdominal surgery on the Duke of Windsor. In December, she had an operation for abdominal adhesions at UCLA Medical Center.

She arrived in Houston by commercial airliner Tuesday and was rushed to Methodist Hospital by ambulance. Because of her weakened condition, open-heart surgery was postponed, a Hollywood spokesman said. She was being fed intravenously when she died.

Nelson Eddy, Miss MacDonald's partner in a series of melodic films from "Naughty Marietta" (1935) to "I Married an Angel" (1942), said he was "shocked and deeply distressed" to learn of her death.

Eddy once scotched the rumor that the Eddy-MacDonald team was as chilly in real life as another musical partnership, Gilbert and Sullivan.

"There never was a feud," he declared.

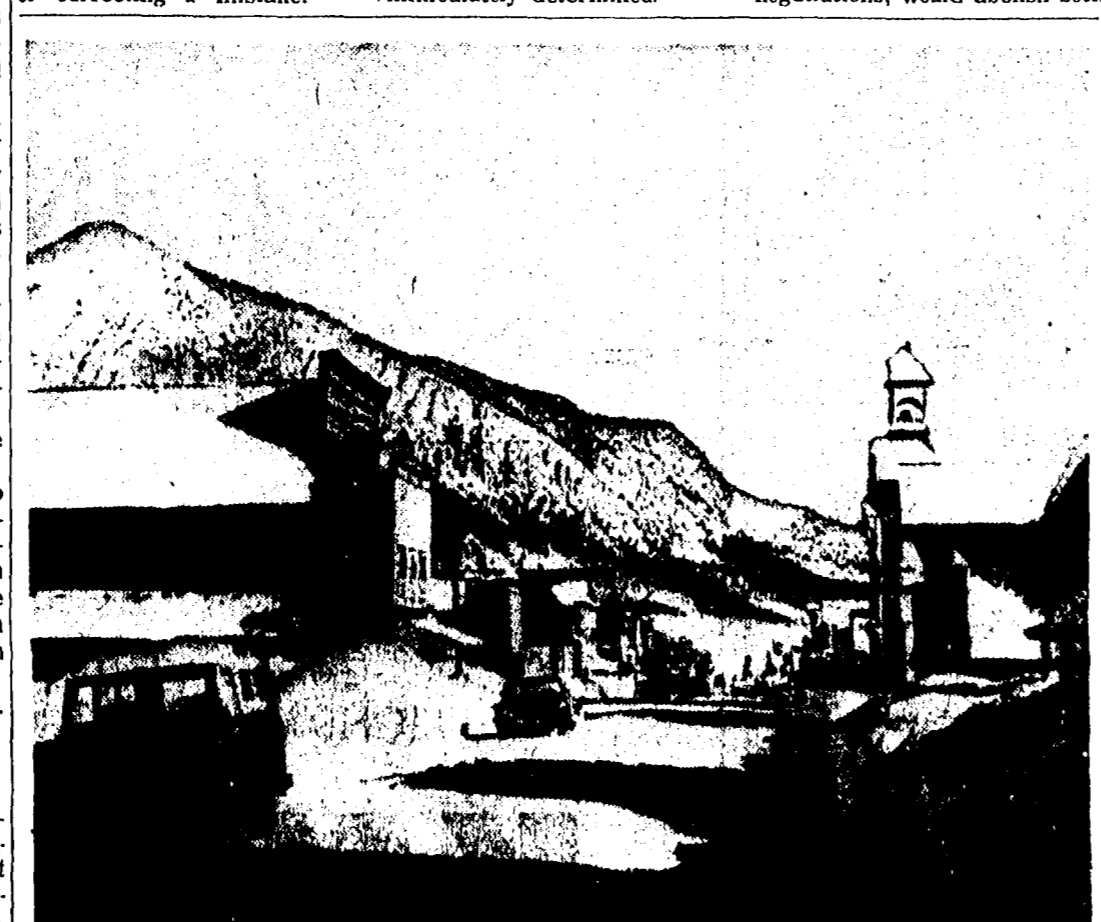

Miss MacDonald's career also paired with other top stars — Clark Gable in "San Francisco," Maurice Chevalier in "Love Me Tonight," and "The Merry Widow," Allan Jones in "The Firefly" and Lew Ayres in "Broadway Serenade."

She was born in Philadelphia.

BILL MERRILLS..

Something to Live by

A professional comedian has a hard job what with so many self-made joke-tellers biting at the bit to try their wit at the latest whimsical. Which may bring up the thought, what is the mark of a really good joke? I suggest we take a lesson from a "pro."

A prominent comedian of television fame was in our town recently, and while I didn't attend his act at the City Auditorium, I understand it was a roaring success. The thing that prompted me to make mention of him was the fact that it was also reported that he was clean in his words and gesture, though it had been expected that he might be a little risqué in that he had a captive audience without the censoring aspects that accompany radio and television exposures. But he didn't. He kept it clean (an almost unheard of feat in the field of humor). And the beauty of it is, the public appreciated him.

Joe E. Brown, one of the really "greats" in the field of entertainment, is said to have stated, "Anyone can get a laugh out of a dirty joke. It takes a comedian to get laughs out of a clean one." This seems to be a commentary on both the caliber of the comedian and the tenor of our times. So often the public is all too ready to hear or see something risqué, that anything short of a little spice, falls flat, unless of course the person performing is a real comedian.

WHENEVER THE would-be joke-teller starts out, "I heard a cute one the other day," you can lay odds the term "cute" is an adjective designed to overshadow a more accurate description mainly dirty. You see, even if society is caught with its morals down, they hesitate to admit they're prime and ready for a smutty story. So the storyteller saves their consciences and his own by using the term "cute." I'm not sure Abraham Lincoln said everything he is reputed to have said, but I hope he's responsible for this, as it's the kind of thing I like to believe of him. It seems Old Abe was with a group of men, when one looking around said, "Any ladies here?" Apparently he was about to relate a tale that he wasn't willing to be responsible for in the presence of a lady. At which, Lincoln is said to reply, "No, but there is a gentleman." The perfect squelch.

A GOOD RULE for each of us to remember is that anyone can get a laugh out of a dirty joke. It takes a comedian to get response from a clean joke. By this rule, we can best judge who the comedians really are, both professional and in our present society. You see, if we quit laughing at the shady, smutty, risqué jokes, people will stop telling them. Perhaps I can cap this whole thought by recalling a fact from the writing of old, "As a man thinketh, so is he." A rule of thumb might well be this. A good laugh is when your conscience can enjoy it too.

Hiawatha Trail Bill Introduced

ST. PAUL (AP)—A bill to designate certain routes as the Hiawatha Pioneer Trail—a proposal which has caused some controversy—was introduced in the Senate during a short session Thursday.

The bill, by Sen. Nicholas Coleman of St. Paul, proposes to designate by this name present routes linking St. Paul, Park Rapids, St. Peter, Mankato, Sleepy Eye, Granite Falls, Lake Benton, Pipestone, Slayton, Worthington and Jackson.

Blair District May Sell Land

BLAIR, Wis. (Special)—A special meeting of electors of the Blair School District will be held Jan. 27 at the school when the board of education will ask permission to sell a tract 50 by 50 feet east of the school to the city.

On advice of its engineers and the state Board of Health, the Blair Common Council has determined that this site would be suitable for a new well and pump. No storage would be built. The pump house would be a concrete block building 16 by 16 feet.

Donald Jacobson, district supervisor, feels releasing that much land won't interfere with long range plans of the district. Board members foresee no hazard to the playground area.

Boards of education have no authority to sell property, hence the special meeting. The city, in initiating negotiations with the district, offered to pay costs of the meeting.

Harmony Man 95 Years Old

HARMONY, Minn. (Special)—William Hutchison celebrated his 95th birthday Jan. 3 at the home of his son-in-law and daughter, Mr. and Mrs. Virgil Michel, Harmony.

Some of his grandchildren and families called during the day. The Rev. and Mrs. Bruce Mitchell and daughter were guests at his birthday dinner. Besides cards and letters, he received a telegram from relatives in Arizona and Iowa and enjoyed telephone visits with his son George, Glendora, Calif., and Lee Rollins, Rushford, who was 95 the same day.

Hutchison has good health. He attends Methodist Church services at Granger regularly. He spent New Year's Day at the home of his grandson, Orlando Michel, where he watched the rose parade in Pasadena, Calif., on colored TV.

Blair Chimney Fire

BLAIR, Wis. (Special)—Blair-Preston firemen were called at 10:30 a.m. Wednesday in 8 below zero weather to extinguish a chimney fire at the Martin Knutson farm in Welch Coulee, seven miles west of here. No damage resulted.

MONDOVI HIGH FTA

MONDOVI, Wis. (Special)—A local chapter of the Future Teachers of America will be organized at Mondovi High School. It is open to any junior or senior with a high academic rating who is planning to enter teaching. The chapter will be sponsored by the Mondovi Education Association and under the direction of four advisers from the different levels of education in the elementary and high school. Advisers are: John Herpst, Mrs. Willis Parker, Miss Rosella Wood and Merlin Mikelson.

Knowles May Ask Budget Of \$800 Million

MADISON, Wis. (AP)—A Democratic official forecast Thursday that Republican Gov. Warren P. Knowles would submit a 1965-67 budget of about \$800 million.

The figure was predicted by Democratic National Committeeman David Carley of Madison at a closed meeting of the Democratic policy committee. The estimated includes spending not part of the executive budget, such as pay increases for state employees.

Carley said possible methods of financing the budget include a 15 to 20 percent surtax on the income levy, boosts in the selective sales tax or an increase of up to one percent in income tax rates. A fourth possibility, he said, would be a gross receipts tax.

Democrats have supported income tax increases in the past to raise funds. It was considered likely they would offer their own tax plan if they disagreed with Knowles' proposals.

State Democratic Chairman J. Louis Hanson of Mellen was elected chairman of the policy committee. Assembly Speaker Robert Huber, D-West Allis, was picked as vice chairman and John Durand, deputy state party chairman, as secretary.

Atty. Gen. Bronson La Follette and Lt. Gov. Patrick Lucey did not attend the meeting, although Lucey was represented by his administrative aide.

Two Bands From State Going to LBJ Inaugural

WASHINGTON (AP)—The University of Minnesota marching band and the 47th Infantry National Guard marching band of St. Paul will represent the home state of Vice President-elect Hubert H. Humphrey in the inaugural parade Jan. 20.

The inaugural parade committee made the formal announcement Wednesday.

The Minnesota bands will march behind two bands from Texas, the home state of President Johnson.

Each state is permitted one band, but special consideration was made for Texas and Minnesota.

Creamette Co. President Dead

MINNEAPOLIS (AP)—James T. Williams Jr., president of Creamette Co., Minneapolis, died Thursday at 52.

He had had heart surgery a week ago.

Reporter Right, It Was a Skunk

UNION CITY, Tenn. (AP)—Turner Kirkland called in a reporter Thursday, saying he captured a badger—a rare in these parts—in a cage-like trap.

"Looks more like a skunk to me," said the reporter.

"He's just got a white spot on his head—not all the way down his back," said Kirkland as he jabbed the animal with a stick to get a better view.

Turned out the reporter was right.

NASON ON EDUCATION

Child Must Take Own Responsibility

By L. J. NASON, Ed. D.
U. of Southern California

Dear Dr. Nason:

How can I get my 12-year-old son to become more serious about his school work? He has had asthma since the age of two. However, he now seems to be growing out of it. His teachers feel he works below his ability primarily because he needs a more serious feeling toward his work.

Mrs. J.E.A.,
Newport News, Va.

Answer:

Your son is following the pattern of children who have, because of illness, been given too much help. He should be required to produce his homework on his own. Make clear to him that it is his responsibility. You may give him a few hints on how to do the work, but don't look up words in the dictionary for him or constantly answer questions as to how words are spelled, etc.

It may take a year to get him entirely on his own but it is worth the struggle. Be firm even though it may mean greater failure for him in the beginning!

Dear Dr. Nason:

Our son has completed his sophomore year at college. His cumulative average was 1.85. He needed 2.00

to remain in school. How should I go about getting him back into school or find some other college that will accept him with this average?

Mrs. C.J., Philadelphia, Pa.

Answer:

This is your son's problem—not yours!

The first thing your son must do is to learn something more about learning. The procedures and habits he followed for two years obviously were inadequate.

With plans in mind for the improvement of his scholarship, he should take extension work from the university or enroll in a junior college or a city college.

Unless he can demonstrate that he has remedied his defects as a student, neither he nor the college would benefit by his return.

Dear Dr. Nason:

My nephew lives on the Gulf Coast and is interested in majoring in Marine biology when he enrolls in college next year. Will you please evaluate his science for me and advise if it provides worthwhile career opportunities? Would it be better for him to take a basic biology major in college and marine biology in graduate school for a Master's degree?

M.J.G., Madia, Pa.

Answer:

Marine biology, although a recent specialty, is gaining in importance by leaps and bounds. The sea is one of man's last frontiers. There are increasing career opportunities in the field.

Your nephew would be guided by the college counselor. To carry out a major in marine biology, the boy must necessarily follow the pattern of studies set up by the college in which he enrolls.

50 Units Set For Parade

Winona's 1965 Winter Carnival parade — all 50 units of it — will step off smartly from 3rd and Johnson streets at 2:30 p.m. Saturday.

Four bombs — set off by the Veterans of Foreign Wars Mad Bombers — will herald the parade's start. The first, at 2 p.m., will signal the assembly time. Warning blasts will sound at 2:20 and 2:29, and the starting signal will resound at 2:30 p.m.

In charge of the parade, which will include 11 queens, as well as floats and musical and novelty units, are Glen O. Brems and Eugene Kierlin.

HEADING THE LINE of march will be Patty Stein, state rodeo queen, and Kathy Carlblom, Valley Riders queen. They will be followed by the American Legion color guard.

Near the head of the parade will be Miss Alaska, Karol Hommon, honorary parade marshal. She will ride in a dog sled driven by former Winonan George Esslinger, International Falls.

Drivers would be wise to avoid the parade lineup area before the assembly time, for the streets will be filled with marching units, floats and cars.

The parking lot between Hotel Winona and the Winona County courthouse will be closed to traffic. It will be used as a band assembly area and as a parking lot for band buses.

Parking will be prohibited along the line of march after 1:30 p.m. The parade route extends to 3rd and Franklin streets.

The Lineup

1. Patty Stein, state rodeo queen.
2. Kathy Carlblom, Valley Riders queen.
3. American Legion color guard.
4. American Legion girls' color guard.
5. American Legion Brigadiers Drum and Bugle Corps.

Parking Banned On 3rd During Parade Saturday

Police Chief James W. McCabe warned motorists today that 3rd Street between Washington and Kansas streets must be clear of parked cars by Saturday at 1:30 p.m.

After 1:30 o'clock, the chief said, city police will begin towing away any cars parked in that area. The purpose of the clearing operation is to make way for the Winona Winter Carnival Parade, scheduled to begin Saturday at 2:30 p.m.

Towing will be done at the car owners' expense, McCabe added.

Keith Coming To DFL Party

Lt. Governor A. M. "Sandy" Keith will be on the program of the Winona County DFL victory dance and celebration Saturday, party officials said today.

Keith will appear in place of Warren Eustis, 1st District chairman, who originally was scheduled to be the program headliner.

The event will be at the Winona Athletic Club, beginning at 9 p.m. Master of ceremonies will be Cy Crawford. Local DFL heads and public officials also will attend.

and, Elmwood, Hammond, Plum City and Spring Valley, Wis. Estimated cost of facilities would require \$210,000 the first year. No natural or manufactured gas service now is provided in any of the municipalities, the commission said.

City Attitude Termed Vital On Planning

A question of attitudes dominated a City Planning Commission discussion Thursday night of urban renewal and general city upgrading.

Raising the point was James Schain, who said he felt a positive approach should be adopted. An aggressive selling job in all parts of the city should be started, he suggested, to answer citizens' questions and incidentally to ease the misgivings of city officials and council members.

COUNCIL President Harold Briesath, an observer at the meeting, said changes have occurred since aldermen first began studying renewal. No mention was being made three years ago of a new \$5 million high school or an expansive program of off-street parking, he said. The Chamber of Commerce-sponsored parking plan was to be a substantial inducement in itself toward remodeling and addition of new businesses, Briesath recalled.

Since these interim changes have appeared, he added, "maybe we should pause and take another look."

E. J. Sievers, commission chairman, said such promises to improve, given in return for inauguration of the parking plan, could well be overlooked or only partially fulfilled. The planning study now to be made should help crystallize many issues of currently doubtful status, he said.

Briesath said some cities completed similar plans, then allowed private financing to accomplish desired renewal.

SUCH AN IDEA should not be adopted at this point, Schain protested. If public officials display negative attitudes, these will permeate the community, he said. He doesn't believe the city should be committed to a million-dollar program right now, Schain said, but community leaders should "get behind this thing now" until they have good reason to think differently.

George M. Robertson Jr., city attorney, said a school will contribute wealth to the community rather than deplete it.

Asked to discuss some of the basic aspects of community upgrading, Robertson went into details of the Workable Program for Community Improvement. An approved program, certified by appropriate federal agencies, is the first requisite in qualifying for federal improvement assistance, he said.

Its overall purpose, he added, is to help provide for orderly growth without creating undue hardship in any economic or population sector.

ROBERTSON said the program must be recertified annually. Winona's application for recertification should be submitted to the Housing and Home Finance Agency two months ahead of the anniversary date, or about June 1, he said.

One of the major requirements for continued certification by HIFA is that the city undertake a program of neighborhood analyses, he said. These can be made both by the "windshield" method—a simple street-by-street observation—and by detailed studies, he said. As in other areas of qualification, such as codes enforcement, progress must be shown in these analyses to earn recertification, he advised the commission.

In general, Robertson explained, such analyses include the delineation of neighborhoods and assembling of information on housing conditions, location and extent of present or potential blight — both in residential and nonresidential sectors — adequacy of community facilities and services, steps

Nearly All Fluoridation Equipment Here

Nearly all necessary equipment for fluoridating city water is now here and will be put into service soon, the Board of Municipal Works learned Thursday at its regular meeting.

G. O. Harvey, water commissioner, said the only piece missing is a 20-inch sleeve which is expected to arrive this week. Department personnel will install the fluoridating equipment at Westfield, Johnson Street and Wincrest pumping stations.

Also on hand, said Harvey, is a new machine used to test water for dissolved-oxygen content. Presence of this element has been linked to cases of pipe corrosion about which complaints frequently are lodged with the board.

Board members took note of — but did not act on — the possibility that two new industrial consumers will be added to the system. These are Thern Machine Co., which will build a plant at the airport industrial park, and Gorman Foundry Co., which plans a building in the former city dump area.

Financing of the proposed extensions has not been provided for, board members noted, and action was deferred pending receipt of formal applications from the potential customers.

No estimates were made for the Gorman hookup, in which pipe would have to be driven beneath the Louisa Street railroad crossing. To supply the Thern plant, an extension of about 1,800 feet is needed, Harvey said. Estimated cost is \$12,000 to \$15,000.

La Crescent Entry Wins in Eau Claire Young Artists Contest

LA CRESCENT, Minn. — Duane Fancher, La Crescent, was winner in the intermediate string contest in a program sponsored by the music department of Wisconsin State University, Eau Claire, Saturday. He and other winners in the 10th annual young artists' contest will receive their prizes and will be featured as solo performers with the university symphony in the annual young people's concert Feb. 14.

Wounded Policeman Released by Hospital

Patrolman Sylvester J. Rotering, 29, 181 E. Howard St., wounded in a gun battle with burglars in Winona Senior High School Jan. 7, was released from Community Memorial Hospital today.

The accused burglar, William J. Cozart, 27, Chicago, also has been released and is in jail.

necessary to remove present blight and prevent it elsewhere in the future.

JAMES KLEIN, commission secretary, noted that the description of functions for a city planning coordinator — still to be hired — includes that of completing such analyses.

Because the task appears extensive, other help should be sought, suggested Norman Indall. He moved that Winona State College be asked to assist in the analyses "as a public service, by making it part of some departmental program."

WSC officials should be invited to attend the commission's next meeting, he added, to discuss possible participation in the project.

Indall's motion was adopted unanimously. The commission's next regular meeting will be Jan. 28.

5 to 15 Predicted for Parade Temperature

Cold weather, but not the bone-chilling kind Winona and vicinity has had the past few days, is predicted for weekend Winter Carnival events.

Partly cloudy tonight and Saturday is the forecast with a low of 2 above to 10 below tonight and a Saturday afternoon parade time high of 5 to 15. Warmer with little or no precipitation is the outlook for Sunday.

WINONA temperatures generally were on the rise for the past 24 hours, beginning with -17 at 7 a.m. Thursday and rising to 3 above in the afternoon, zero overnight and 9 at noon today.

A light snowfall dusted the area early today.

Temperatures through Wednesday are slated to remain near normal daytime averages of 19-24 and nighttime lows of 2 below to 6 above. The extended forecast sees moderating temperatures until colder late Sunday or Monday but warming up by midweek.

QUEEN CANDIDATES . . . At Saturday night's pageant — which is something new for the Winter Carnival — one of these young women will be named Miss Snowflake for 1965, and two others will become her princesses.

Seated, left to right, are Patricia Anderson, whose sponsor is West End Greenhouses; Carla Paulson, sponsored by KAGE; Marjorie Goodrich, sponsored by Piggy-Wiggly Store; Ruth Baker, Western Discount Store and Station; Barbara Flint, Goodview businessmen, and Janet Stever, Northwestern Bell Telephone Co. Standing are Jane Schoewe, sponsored by Ted Maier Drugs; Elaine Hahn, Seven-Up Bottling Co.;

Donna Reed, Lions Club; Connie Coufal, J. C. Penney Co.; Sharon Olson, Westgate merchants; Darliss Olson, Winona Civic Association; Judy Fetting, H. Choate & Co.; Rose Eickman, KWNQ, and Lynn Closway, Country Kitchen.

Saturday's pageant, which will be held in the Winona Senior High School auditorium, will be devoted to selection of the queen, although there will be some entertainment and introductions of visiting royalty and other guests while the candidates are changing costumes and the judges are reaching a decision. Businessmen Host Mayors At Luncheon

Mayors from surrounding communities were guests of Winona businessmen at a luncheon this noon at Hotel Winona.

The event was the first scheduled for the first concentrated weekend of Winona Winter Carnival activities.

Sponsor of the luncheon was the Winona Chamber of Commerce, and chamber members — as well as members of the Ambassadors, the chamber's good will group — were hosts for the visitors and their wives.

Jack Frost XV, Kermit Berglund, and his two Princes Frost, Robert C. Olson and William Wiczorek, were at the luncheon to present certificates to the mayors.

A welcoming address was given by Winona Mayor R. K. Ellings, and Milton Knutson, general chairman of the Winter Carnival, invited the mayors to attend all carnival events.

J. G. Hoeppner, Ambassador supreme, invited the mayors to return this summer for Winona's Steamboat Days.

Each visitor was introduced by his host, and Leo C. La France led group singing.

Hearing Slated On Subdivision

A public hearing has been set by the City Planning Commission on a preliminary plat of Schellhas Subdivision, a five-lot addition on Lake Boulevard.

Date of the hearing, approved Thursday night by the commission, is Jan. 28. It will be held at City Hall, beginning at 7:30 p.m. It is also the date of the commission's next regular meeting.

The proposed subdivision, its east side limit about 500 feet west of the Mankato Avenue intersection, has a frontage of about 700 feet. Lots are 200 feet deep. Petitioners for approval are Mrs. Helen Morrison, 363 E. Mark St., and Mrs. Elfa S. Clark, Victorville, Calif., owners of the property.

Backing School Bus Kills Boy

By THE ASSOCIATED PRESS

The death of a Sauk County boy struck by a backing school bus has raised the 1965 Wisconsin highway toll to 34. The total was 40 on this date a year ago.

Richard Roecker, 10, the son of Mr. and Mrs. Edwin Roecker of rural Loganville, was killed Thursday, the Sauk County sheriff's department said, when run down by a school bus that had taken him home from a Loganville school.

Sauk County authorities said the boy's two small companions who had left the bus with Richard related that he apparently stopped to put on his mittens. He was struck by the bus as it backed up in an intersection to return in the direction from which it had come, officers said.

The driver, George Schloekau, 60, of rural Loganville, an employee of the Reedsburg school district, drove away, unaware that the boy had been hit until contacted by police.

sociation a road to provide public access to the heights overlooking Lake Pepin between Frontenac State Park should be completed this summer. The first permanent building to accommodate visitors to the park should be ready about the same time, he said. He showed plans for a picnic shelter which would contain modern toilet facilities.

Roy Carls, Goodhue County highway engineer, said the road should be under construction in early spring. It will connect the scenic overlook above the Methodist campus with County Trunk 2 near its intersection with Hill Street.

THE ROAD will be constructed by the county highway department from funds provided from appropriations earmarked for the building access roads to parks, Carls said. It will cost about \$83,000. Since the state has allocated \$140,000 for construction and purchase of right of way, ample financing for the project is assured, he said.

The park on the Minnesota shore of Lake Pepin between Red Wing and Lake City has grown to more than 1,200 acres since the acquisition last year of an additional 273 acres costing \$27,000.

Beloit and Racine set the state high of 12 above Thursday. The high at Superior was 4 below zero.

Hairdressers Busy At LBJ Inaugural

By EARL WILSON

NEW YORK — The way they say it in our terribly chic N. Y. circles now is, "Are you going to Washington for the Coronation?"

Maybe New York's a little jealous . . .

Texans will be outnumbered at the Inaugural by only one other group — hairdressers. Nowadays, stars like Carol Channing, Julie Andrews and Carol Burnett travel with their personal hairdressers, if possible. At times these, when there's such demand, we understand the hairdressers' fees are so high (\$1,500 a day) that LBJ would prefer letting "Mr. Kenneth" be President and LBJ would be a "coiffurist."

There's talk of the hairdressers operating in planes flying between Los Angeles, New York and Washington. Edie Adams' husband, Marty Mills, says Edie usually gets her hair done in a bar either in a restaurant or in their Rolls Royce, and they have a drink en route — complete with Hairspray

sprayed into it. "When I order a martini now," Marty says, "I usually say to the bartender, 'Put a little Hairspray in this, so it'll taste right.'"

I was telling Arlene Francis, the famous ad-libber about the belly-dancing school, "The Stairway to Stardom," next door to the Americana. Arlene flipped, "Shouldn't they rename it 'The Navel Academy'?"

Shelter Project Clicks

According to a note from Frank Breza, who suggested that instead of burning discarded Christmas trees gathered by the Junior Chamber of Commerce, be utilized as bird and game shelter on Prairie Island. The idea clicked. Shown above are volunteers with trucks and a stack of recovered trees to be used to construct shelters.

"Would you be kind enough," Frank writes, "to publish a note of thanks for me, to everyone who helped in the animal and bird shelter project we started with the discarded Christmas trees, including all the individuals who helped in the work, provided trucks, the Goodview sportsmen, members of the Ikes, Boy Scouts, Jaycees and The Daily News. Thanks to everybody."

Thurmond Loses Committee Post

WASHINGTON (AP) — Senate Republicans have kept Sen. Strom Thurmond, R-S.C., on the Armed Services Committee, one of the two major committees he served on as a Democrat, but took him off the other one.

The South Carolinian, who switched from the Democratic to the Republican party in the last presidential campaign, had asked to stay also on his other committee, Commerce. But the GOP Committee on Committees instead assigned him to banking.

In each case, Thurmond was allotted seniority on the GOP side over all other new Republican members.

Student Pleads Innocent in Teacher Stabbing

ALBERT LEA, Minn. (AP)—A ninth grade student accused of aggravated assault in the stabbing of a mathematics teacher pleaded innocent to the charge Thursday, in Freeborn County District Court.

Judge A. C. Richardson ordered Charles S. Getzin, 16, to appear for trial Jan. 25. The youth was remanded to custody of the sheriff's office in lieu of \$2,500 bond.

The youth is accused in stabbing Orville Filbrandt, 26, in the back Nov. 16.

Colored Oleo Bill Introduced In Wisconsin

MADISON, Wis. (AP)—A bill to repeal the ban on colored oleo-margarine in Wisconsin was introduced in the State Assembly Thursday.

The measure, introduced by Assemblyman Glen E. Pommerening, R-Wauwatosa, dealt only with the colored product and did not mention the tax currently levied on uncolored oleo.

A resolution to amend the Constitution to increase the terms in the Assembly to four years and those in the Senate to six were offered by eight Democratic assemblymen. One-third of the Senate would be elected every two years under the proposal.

Assembly members now serve two-year terms. Senate terms are four years.

Tenor, Guitarist To Sing at College

Richard Dyer-Bennet

Richard Dyer-Bennet, noted tenor and guitarist, will appear in the College of Saint Teresa auditorium at 8 p.m. January 20. All seats are reserved.

In his recital here, Dyer-Bennet will present some of the more than 600 folk songs in his repertoire, a collection which "Look" Magazine described as "a six-century hit parade."

These melodies range from the song of victory sung by the conquering soldiers after the battle of Agincourt to the ballads which came into being during World War II and include tunes which might have delighted Queen Elizabeth, haunting sea chanteys and the American heritage of work and play music.

In addition to folk-songs, the tenor is interested in the rarer art songs of great composers, particularly the little-known music of the 16th and 17th centuries.

Born in England and reared in this country, Dyer-Bennet has been an important influence in creating the present revival of interest in folk music in the United States.

Describing Dyer-Bennet, the New York Times reported recently: "In addition to being a singer he is an excellent guitarist, and besides being an entertainer, he is a composer and musicologist. One thing that sets him apart from other singers is the range of his repertoire. Knowing foreign languages, he does not rely exclusively on the songs of America and the British Isles, and having a scholarly mind, he finds out-of-

the-way songs. He fills the stage with a gallery of wistful, touching, humorous characters." His concerts in Manhattan's Town Hall and in auditoriums across North America have earned him critical acclaim, and — together with his records for his own company, Dyer-Bennet Recordings — have made him a favorite with audiences.

LEWISTON HIGH SCHOOL . . . This is the architect's sketch of the new Lewiston High School. Estimated cost is \$1,154,300. It will be an eye-catcher on 38 acres just south of Highway 14 on the east end of town. The white concrete overhang around the structure will have the appearance of being

a floating roof; glass windows will be immediately beneath it. There'll be facilities for 500 students in eight regular classrooms and special departments. Left raised section is the gym and right, library. Exterior will be Menomonic brick.

Lewiston to Ask Bids On School in Spring

LEWISTON, Minn. (Special) — The Lewiston school board hopes to call for bids on its new high school early in the spring, get construction under way in May, and move into it for the term beginning Sept. 1, 1966.

Plans for the 500-student school have been approved by the state Education Department. The district approved a \$1,100,000 bond issue for it Aug. 10 and sold the bonds Sept. 23 at 3.60 percent interest.

DESIGNED specifically for District 857, it will be the center of attention on Lewiston's east side, lying south of Highway 14. It will face west.

Menomonic, Wis., brick has been chosen for the exterior because of its hard and long-wearing surface.

Directly above the brick a two-foot band of glass called "clerestory" will extend all around the building with the exception of two departments where windows aren't desirable.

Long, vertical windows will be found only in the front and in the connecting link between the auditorium and quiet sections. Additional windows are planned for office and work room.

DIRECTLY above the clerestory will be a pre-cast concrete overhang 4 feet 3 inches wide and extending that distance from the building. All will be one story except the gym (seating 1,000) and the section housing the library.

A feature in the special departments area will be the band room, extending 18 feet from floor to ceiling. In the same area will be practice and an instrument room.

The latest in facilities will feature the science and physics departments. Both will have standing tables for experiments and a study section. The art department and lunch room will have skylights.

THE SCHOOL will have eight regular classrooms besides the

special departments, which will include, in addition to art and music, industrial arts and agricultural shops and classrooms; home economics; business education, etc.

Divisible classrooms for team teaching purposes will be adjacent to the library, which will have 3,000 feet of shelving for 10,000 volumes. A portion of the center floor will be several steps lower to set off a special reading section.

McFadzean Quits Post With ADM

MINNEAPOLIS (AP) — William McFadzean, who headed the Minnesota Citizens for Goldwater-Miller drive in Minnesota last fall, has resigned from his post as director of civic affairs at Archer Daniels Midland Co. Announcing the resignation Thursday, effective Feb. 13, was ADM President John Daniels.

Daniels and McFadzean differed on choice of a Republican presidential candidate in last year's election. Daniels headed a state organization formed on behalf of Gov. William Scranton of Pennsylvania.

Daniels said McFadzean, 48, decided to resign rather than ac-

cept another position with the grain handling firm. McFadzean said he would set up his own public affairs counseling firm. He has been with Archer Daniels Midland since 1938 and was named director of civic affairs in 1960.

Daniels said McFadzean's decision to leave had nothing to do with political matters. The president said McFadzean's resignation "was accepted with regret."

Church Balks At Tax Bill

MILWAUKEE (AP) — "We haven't paid the tax and we're not going to," the Rev. Gerald D. Murphy, minister of the suburban Brown Deer Baptist Church said Wednesday.

The church received a gross tax bill in excess of \$1,700 after four church-owned acres were assessed at \$55,000 by Brown Deer.

"No church could afford to pay taxes like that," said the clergyman, who added that the assessment would be appealed to the courts. He said the church, with about 70 members, had not been assessed for the eight acres it owns since the church was built three years ago.

The village manager, Kenneth Mahony, said the four acres had been listed for sale and were not being used by the church. He said the land is valuable because it is located next to a shopping center.

Thomas Dolan, village president, said, "The statute is quite clear on this. Property of a charitable organization such as a church is not taxed provided the property is used for church purposes. This land, in the minds of the assessor and the board of review, is not being used for church purposes."

30 Bills Offered In House

ST. PAUL (AP) — Among the 30 House bills introduced Thursday was one to allow the conservation commissioner to set all seasons for deer, fish and other game. Main author is Rep. Howard Albertson, Stillwater. Seasons now are set by law and give the commissioner no discretion.

ST. PAUL (AP) — Two proposals to regulate billboards along state highways were introduced in the House Thursday. One, by Rep. D. D. Wozniak of St. Paul, is a copy of his earlier efforts and would regulate signs along interstate highways. Another by Rep. Richard White, Minneapolis, would permit establishment of "scenic areas" along highways in which billboards could be regulated.

ST. PAUL (AP) — The state Banking Department will seek legislation at this session of the legislature to remove the four per cent ceiling on the interest rate banks may pay. John Chisholm, state banking commissioner, said Thursday. The proposed legislation would permit commercial banks to pay the maximum rate authorized by the Federal Reserve Board and per-

Nuns Take Wrong Car

LA CROSSE, Wis. (AP) — Sister Mary Felice, the daughter of Mr. and Mrs. Thomas Sleigh of La Crosse, has told of a two-day trip with other Roman Catholic nuns in a car reported stolen and the object of a three-state alert.

The sisters, who are assigned at Defiance, Ohio, completed their round trip to Detroit before learning their car was "hot" and they were wanted.

Sister Felice said their only concern had been why the key for the ignition lock didn't work in the doors and trunk.

A 1964 Chevrolet had been made available for the sisters' trip. The keys were delivered to the convent and they were told the car was parked in front. When they left, they got into a car in front of the building, fit the key into the ignition switch, turned on the motor and drove away.

The owner of the 1959 Buick in which they departed reported the car stolen. An alert for the car was broadcast in Ohio, Pennsylvania and Michigan.

Mondovi Counts Fire a Week

MONDOVI, Wis. (Special) — Mondovi firemen answered 52 fire calls in 1964, an average of one a week, according to past fire chief Harold Zittel in his annual report to the Common Council.

Of the total, 22 were city fires. One building, the White Pig Tavern, was totally destroyed. The Mondovi Co-op Equity fire was the most destructive, although firemen were successful in saving some of the nearby co-op buildings.

There were five barn fires. Two barns and a tavern at Gilmanton were destroyed.

Fire runs to towns were: Mondovi, 9; Naples, 6; Drammen, 2; Gilmanton, 6; Albany, 3; Modena, 2; and Dover, 2.

Types of fires: Chimney, 5; barn, 5; grass, 19; taverns, 2; night club, 1; houses, 2; dump, 5; oil burner, 1; electrical, 2; mill, 1; cars, 3; tractor, 2 and coal trucks, 3. There was one false alarm.

Thirty volunteer members of the department worked a total of 131 hours, 76 on city fires and 55 in the country.

Legion Dinner Reservations Due By Monday Noon

Chicken dinner reservations for Tuesday night at the American Legion Memorial Club must be made by Monday noon, Commander Lyle Haney said.

Tickets may be secured at the club for the dinner at 6:43 p.m. The meeting will be at 8:02 p.m.

In charge of the dinner are Mrs. Florence Green and John J. Waterbach.

Water Pollution Control Officials Stand by Order

ST. PAUL (AP) — Minnesota water pollution control officials are standing by their order to Wilson and Co. meat packing firm to curtail operations at the Albert Lea packing unit.

Latest development came when high company officials including John Cockrill of Chicago, a vice president, met with members of the State Water Pollution Control Commission Wednesday.

Wilson added about 350 workers last September to step up its hog processing operations temporarily. But last week the commission told Wilson it was violating a 1954 anti-pollution order.

The plant was putting too much burden on the sewage treatment unit, and the discharge into Albert Lea Lake exceeded the strength permitted by the 1954 act.

Justice Blasts

Crime News Proposal

A COUPLE DOZEN cheers and a pat on the back for Pennsylvania Supreme Court Chief Justice John C. Bell Jr., who recently blasted an abortive attempt by some members of the Philadelphia Bar Association to muzzle crime news.

"It is the law-abiding persons and not perpetrators of crime who are entitled to increased protection by the police, the public officials and the courts," Bell said. Bell was joined by his associate, Justice Michael A. Musmanno in the blast against the recommendation: "Curbing crime news is like recommending that no one talk about cancer on the theory that silence will cause cancer somehow to disappear."

Bell added that without the publicity furnished by news media regarding the crime situation the public would be unaware of these alarming conditions and would not be prepared to defend themselves or compel public officials to take appropriate measures. Musmanno advocates an acceleration of crime news, not a retardation. "What we need is more information on crime, not a gagging of those charged with overcoming it."

THE PHILADELPHIA mayor and police commissioner were two high ranking officials who also refused to recognize the bar association proposal. Such a "guide" presented by some lawyers representing criminals could well lead to total suppression of crime news and the watering down of other stories.

It is a pleasure to see these learned men take a firm stand in the right direction on a subject that we and others have been familiar with for years. Although sometimes subjected to various degrees of pressure from many unsuccessful sources, this newspaper refuses to believe that crime will go away if you ignore it and don't talk about it. We cover and print crime stories for one basic reason, aside from the fact that it is highly read, because whether we like it or not, there is a lot of crime going on and the public has a right to know about it.

EVERYONE FAVORS citizen's rights, but that should not mean super rights for criminals, which a muzzling of any news would mean. If a free press, which is guaranteed by the Constitution, should ever be muzzled, crime would run even more rampant.

Sweetened Pot For Lawmakers

WHILE LOCAL, COUNTY, state and federal officials struggle with budgetary problems, lawmakers at almost every level are looking forward to a sweetened pot in the new year. United States and Wisconsin legislators, particularly, return to their same old jobs at higher pay.

The 1963 Wisconsin Legislature approved increases effective Jan. 4, the day when state and county officials assumed their duties. The 100 assemblymen and 17 state senators will get \$450 a month, compared with \$300 a month in the past. The new governor, Warren Knowles, will be paid \$25,000 a year, compared with \$20,000 a year drawn by Gov. John Reynolds. The new lieutenant governor, Pat Lucey, will draw \$7,500, while his predecessor, Jack Olson, received only \$6,500. Bronson LaFollette, as attorney general, will be paid \$20,000, while George Thompson drew \$17,000. The salaries of the secretary of state and treasurer were boosted to \$13,000 from \$12,000.

Congress really sweetened its pot at the federal level. No one really objected too loudly about House of Representatives increases amounting to \$7,500 a year each. Yet, there is a good question whether those lawmakers really earn it, considering all factors.

FOR EXAMPLE, 169 members are now occupying a brand new House Office Building, which cost about \$5 million dollars, or an average of \$562,000 for each office. Of course, those same lawmakers passed a withholding tax cut last year, which permits the average wage earner to take home \$75 to \$200 more each year. So, why should there be a howl back home?

Unrewarded and unrecognized in the situation, too, is a vast army of unpaid tax collectors known as private businessmen. Under present rules of the Internal Revenue Service, every employer must begin and end each day with a record showing what part of all income belongs to Uncle Sam. An ever expanding set of records is demanded. Yet, over all the years, there has been no compensation for this effort.

A professional man, if he is to comply with present requirements of the Internal Revenue Service, must carry a small ledger or journal in his pocket so he can enter not only the amount he spends in the course of duty, but a small history of each transaction. He must explore his mind and determine to what extent the time and money he expended was aimed at production of income subject to tax.

MEMBERS OF Congress showed commendable reasoning about raising their pay. They just said they sure could use the money and that if federal salaries generally were increased, an intolerable situation could result. In some instances, committee chairmen would be receiving less pay than administrators of government agencies.

Several members of Congress, opposed to the wage change, pointed out that scores of people in their own districts would cheerfully undertake responsibilities and obligations of lawmaking at existing rates of pay. Hidden away in the bill, but not forgotten either, was a recommendation

Study Message On Education

By DAVID LAWRENCE

WASHINGTON — The significance of President Johnson's message to Congress on federal aid to education may not be apparent immediately, but it represents a most radical change in the financing of public education in America.

All the money spent by the several states for public schools in 1962 amounted to \$18.1 billion, which was more than three times what was spent 12 years before. The federal government, which spent \$4.5 billion in 1964, now is planning to spend \$6.3 billion in 1965 and \$8.6 billion in 1966. This could mean that the federal government will eventually take over a larger and larger part of the educational burden, and that many states then will feel free to put their tax money into other projects.

Although Mr. Johnson's message doesn't spell it out, the plan he proposes represents another important departure from existing practice. For the first time, federal money is going to be made available to help meet some part of the heavy financial burden on the Catholic church and other denominations which maintain private schools. The phraseology of the message is abstract in many parts. But the meaning is unmistakably clear — the administration intends to aid education in certain respects irrespective of some of the previous quibbles about the "separation of church and state."

MR. JOHNSON'S program goes beyond that which had been proposed by the late President Kennedy, who, it was often said, hesitated, because he was a Catholic, to go as far toward aiding parochial schools as many of his co-religionists felt he should have done. Mr. Johnson is recommending, first of all, legislation to authorize federal grants to states to assist in the purchase of books for school libraries and for student use "to be made available to children in public and private non-profit elementary schools."

But there is also a broad hint that a differentiation between students attending religious and non-religious schools will disappear in what are known as "supplementary centers," where special courses will be taught and instruction in certain subjects will be given "during the summer for economically and culturally deprived children." There is a reference also to special assistance after regular school hours.

Another recommendation states that the "supplementary center" will be aided in providing such services as "common facilities that can be maintained more efficiently for a group of schools than for a single school — laboratories, libraries, auditoriums and theaters."

THE MESSAGE further promises financial assistance "for the benefit of all children within the area served, including those who participate in shared services or other special educational projects."

The phrase "all children" means, of course, that students in parochial schools are included, especially in areas where the parents have low incomes. The meaning of "shared service" has not been spelled out, but it presumably covers attendance at mixed classes of public and parochial school students. The plan also is to furnish funds to increase attendance of all children in kindergarten schools, so as to include those children who may later go to parochial schools.

Goodview Guild Donates Money To Projects

Members of Goodview Trinity Lutheran Guild made monetary donations to five worthwhile projects, at their recent meeting. Recipients of gifts were the Medical Mission at Lumano-Zambia, Africa, the African Mission, the Lutheran Children's Friend Society of Wisconsin, the Church Extension Fund for Home Mission, and the Goodview Trinity Church Building Fund.

It was reported that 18 boxes of clothing had been packed and mailed to Lutheran World Relief.

The Rev. David Ponath informed the members about the scope of the work of the Northwestern Publishing House which supplies the church and its workers with the materials needed to carry on their work more effectively at home, and in their various missions abroad, and how it also aids the individual members of the church in selecting devotional material, books, cards, and gifts.

Nurses Miss Kay Stuhr, Goodview, and Lois Stindt at the Medical Mission sent greetings and interesting accounts of happenings at the dispensary in Lumano.

Mrs. Roy Rose, Mrs. Edwin Matzke, and Mrs. Henry Jacobs were appointed to serve on the nominating committee for the forthcoming election of officers.

It was announced that Mrs. Charles Frank and Mrs. Roy Rose will be hostesses at the close of the annual meeting of the congregation Jan. 25.

Refreshments were served by Mrs. Rose and Mrs. Gerald Bade.

WORLD PEACE

WORLD PEACE! That cry comes straight from every heart today. We must not lose heart, we must continue to believe in God and His good will for His world. War is wrong! War is contrary to all the teachings of Jesus. God is no more satisfied than we are with our war-torn earth. Our Lord is the Prince of Peace; His ways are the ways of truth and love. He is calling us to work with Him more faithfully and more intelligently. We have been war-making instead of peace-making.

HAVE we trusted that somebody else would make Peace? Have we trusted that Kings would bring about peace? Their very position makes them war-makers. Our demand that they bring prosperity to the people at the expense of another is a war demand. Have we trusted armies to make Peace? Again we have erred. Their very business is war-making; they must subdue other armies. Have we expected that economic treaties would make Peace? Again, the business of the world is highly competitive; investors demand profits from their money and their toil...profits that come from economic victory. **INTERNATIONAL CONFLICT CAN BE SOLVED; WORLD PEACE MUST COME.**

13 to Begin 2-Year Bethel Bible Course

Thirteen teacher trainees at Central Lutheran Church will start a two-year course on the Bethel Series at 7:30 p.m. Tuesday.

They are Miss Beverly Olson, Miss Maureen Van Heerden, Mrs. James Dresser, Mrs. Robert Keister, Mr. and Mrs. Donald Fick, Mr. and Mrs. Milton Knutson, Leland Larsen, Arthur Grindland, Ronald Kruse, John Ford and Ed Karsten.

In the new course the student studies both Old and New Testaments from the viewpoint of Biblical concepts rather than book by book approach, the Rev. W. C. Friesth, assistant pastor at Central Lutheran said.

The key tool is a series of 40 paintings designed to picture the concepts as an aid to memory. Each teacher trainee will commit themselves to 2½ hours of class per week plus an average of 10 hours of homework per week for two academic years, says Pastor Friesth. At the end of the course the teachers will teach classes of adults from the congregation.

A consecration service for the trainees will be at the 9 a.m. service Sunday.

Lutherans Plan Educational Unit At La Crescent

LA CRESCENT, Minn. (Special)—Two proposed building projects were discussed by the La Crescent Village Council in special reorganization session Monday night.

The Church of Crucifixion asked a sewer extension and completed roadway to five acres it has purchased adjacent to the public high school. It proposes to erect a building for released time religious instruction.

CHESTER Lachecki, architect for the nursing home William Cornforth proposes to build, asked the council to consider eliminating a roadway from original plans. It would create additional drainage problems. Lachecki is to submit plans to the village engineer.

The council will meet Monday at 7 p.m. to slate public hearings on the Crucifixion request and all 1965 proposed improvements.

The parish plans a 30-foot street on the east and 60-foot road on the south of the land, dedicating them to the village as public streets. It will request annexation of the proposed building site to the village.

The council may send letters to water bill delinquents.

APPOINTMENTS FOR THE YEAR

Roger Ulrich, street commissioner; Dr. Philip Utz, health officer; Harold Vetsch, work commissioner; Virgil Miller, park commissioner; La Crescent Pharmacy, water collection agency; La Crescent State Bank, depository; Caledonia Argus, official newspaper; Russell Senn, recreation director; Ulrich and Senn, public works committee; L. L. Duxbury, village attorney, and Caswell Engineering Co., village engineer.

Serving on the long range planning committee will be Robert Morrison, Arvid Olson, Donald Yellon, Donald Fowler, John Ziebek and John McDonald. Robert Kallstrom, Raymond Reisdorf, Terry Curran, Winston Reider, Clarence Bleasel, Donald Hermann and Warren Wisdman were appointed to the planning committee. Balaban, Reider, Curran, Reisdorf and Hermann will serve on the board of appeals.

Robert Kallstrom and Martin Miller will serve on the health committee, and Miller, Senn and Ulrich, auditing. John Scanlon was appointed zoning administrator and Miller, deputy mayor.

THE COUNCIL ordered payment of \$1,382.70 to Carl Frank Plumbing & Heating Co., Winona, for installation of water and sewer to the high school site, withholding \$100 until the job is completed.

Joe Michel, La Crescent, demonstrated a calculating and an adding machine. The council voted 4-1 to try the adding machine. If satisfactory, it is to be purchased at a price up to \$250.

Mayor William Mishler voted against it. He didn't think a machine of this type is adequate for anticipated needs.

The council voted 4-1 to raise Harold Vetsch, maintenance supervisor, from \$425 to \$440; Milo Shephardson from \$390 to \$415; and Nathan Randall from \$350 to \$370, increasing wages to them \$15, \$25 and \$20, respectively.

Specifications for a front end loader at the dump site will be drawn by Ralph Timm.

ARCADIA LUTHERANS

ARCADIA, Wis.—American Lutheran Church here will conduct its annual congregational meeting at 9 p.m. Tuesday. All reports should be sent to the Rev. Howard Benson by Monday.

Hesper Lutherans To Mark Centennial

MABEL, Minn. (Special)—The centennial of the Hesper Lutheran congregation will be observed in June.

Committees are compiling names of all baptized and confirmed members, to whom special invitations will be issued.

Centennial plates, featuring the two structures that have served through the 100 years, will be provided as a centennial souvenir.

THE EARLIEST pioneers with Lutheran background who settled in the Hesper area came in 1852 and 1853. Since that time more than 20 pastors, both lay and ordained, have served the congregation. The congregation was officially organized in 1855.

At first ministers were primarily itinerant pastors. The home of a layman, Salve Olson, was the meeting place. Among early preachers were the Revs. P. A. Rasmussen, Lisbon, Ill.; N. Amund, Story City, Iowa; V. Koren, Decorah, Iowa; F. C. Clausen, Spring Grove, and F. C. Jensen, Highland Prairie, Minn.

Private homes and schoolhouses soon became inadequate. At a Feb. 3, 1869, meeting, members voted to build. Named to the committee were Tardald Ramlo, Ole Burreson and Mikkel Boland.

Building started in 1870, but it wasn't finished until three years later. It was dedicated by Pastor Brandt of Decorah, Iowa, June 5, 1873. This building burned Feb. 19, 1960. The following year the present edifice was erected.

DURING ITS early history, the Hesper congregation was included in the Big Canoe parish. First resident pastor was the Rev. H. A. Stub, who served from 1865 until 1891, followed by a series of short pastorates, including the Rev. T. Eggen, A. L. Huss, P. Dryer and O. K. Welum. The Rev. A. O. Langehough served from 1895 to 1905. From 1905 until 1918 the Rev. William Rasmussen was pastor. From Maddock, N.D., came the Rev. Ivar Havnors, who completed the longest pastorate, from July 1919 until September 1948. He died in 1964.

Following his retirement, the Rev. H. T. Braa served six months until the arrival of Rev. Philip C. Hiller in March 1947. On Nov. 1, 1953, Pastor Hiller accepted a charge in Madison, Wis. From that time until 1954, when Rev. Obed Nesheim was installed, student pastors of the Lutheran Seminary served. After the resignation of Rev. Nesheim, Rev. E. J. Nesset of Decorah was interim pastor until the arrival of Rev. David Lee, now a missionary in China. Pastor now is the Rev. Allen Hermeier, who serves both Hesper and Burr Oak parishes, residing in the parsonage in Burr Oak.

Until the pastorate of Rev. Nesheim, the parsonage was at Mabel, with ministers serving the Mabel Lutheran and Schele Lutheran congregations. The parsonage was established at Mabel during Rev. Langehough's pastorate.

The first board of trustees included Jocum Nelson, Bendict Larson and Hans Johnson.

IN THE FIRST CONFIRMATION

class in 1871 were: Ole Knutson, Ole Peterson, Andrew Danielson, James Haugen, Emilie Nelson, Carrie Ellingson, Gertrude Olson, Elle Losen, Randi Knutson, Jorand Olson, Carrie Johnson, Ingeborg Larments will be served.

sen, Carrie Larsen, Bergit Halverson, Gro Paulson and Annie Torgerson. The Rev. H. A. Stub was pastor.

In 1914, the congregation bought the old Methodist church at Hesper and converted it into a church parish hall. This served until the erection of a new educational building which was dedicated April 26, 1959. After the destruction of the church by fire in 1960, plans were made for the erection of a new church. On the building committee were Orrin Peterson, chairman, Otto Rasmussen, Walter Ramlo, Dean Darrington, Bennie Aasum and Victor Mitchell. The dedication service was held Sept. 24, 1961.

This year also marks the 80th anniversary of the Ladies Aid (ALCW). It was organized July 1, 1885, with Mrs. Tarina Wenes as president. In 1943 the auxiliary organized mission circles, which meet once a month, in addition to the regular meetings.

The same year the cradle roll was organized with Mrs. Charlie McMillen as its first secretary. In 1947, it was decided to discontinue Ladies Aid membership. Under the new arrangement, each female member of the congregation automatically became a member.

Officers Named At Osseo Church

OSSEO, Wis. (Special)—Four officers were elected at the 97th annual meeting of the United Church of Christ here Sunday.

They are Mrs. Ira Haskins, church clerk; Mrs. Leonard Gilbert, financial secretary; Mrs. Ing Kittelson, treasurer, and Lyle Stair, moderator.

Reports were read and the budget adopted. The membership committee was established and the memorial committee reactivated.

Officers Named At Little Plum

PEPIN, Wis. (Special)—Arthur Jahnke was elected president of Little Plum Lutheran church Sunday afternoon.

Other officers elected: Guy Forsythe, deacon for a three-year term, and Darrel Manor, trustee for a three-year term. Holdover officers are: Howard Anderson, treasurer; Lawrence Ericson, secretary; Gerald Kallstrom and William Seyffer, trustees; and Arnold Ericson and Clarence Anderson, deacons.

Mrs. Hale Girard was elected Sunday school superintendent and Mrs. Lawrence Ericson her assistant. Mrs. Jahnke was re-elected treasurer.

Installation will be at 9:30 a.m. Sunday.

KNIGHTS OF COLUMBUS

Two members of the Winona Knights of Columbus received their first degrees at the council meeting Tuesday. They were Roger Pampuch and Thomas Boyle.

OSSEO LUTHERANS

OSSEO, Wis. (Special)—The annual meeting of the Osseo Evangelical Lutheran Church will be held in the Fellowship Hall of the educational unit on Thursday at 8 p.m. Refreshments will be served.

2 Killed, 5 Missing in Land Slide

VANCOUVER, B.C. (AP)—A giant landslide thundered into the mountain-ringed British Columbia coastal town of Ocean Falls Wednesday night, killing at least two persons and injuring five others, Royal Canadian Mounted Police reported. Five other persons were believed missing in the slide of earth, rock and broken timber which demolished several homes, the Mounties said ham radio operator Einar Carlson reported from the isolated community 300 miles northwest of Vancouver.

Arcadia Business Unit Sets Drive; Goals Outlined

ARCADIA, Wis. (Special)—A membership drive among business and professional people will be started Monday by the Arcadia Businessmen's Association, President Stanley Wiersgalla said.

The association, working closely with other organizations, will endeavor to promote all types of business and professional services in the city; explore possibilities of expanding present and securing new business; promote goods, products, services and facilities in Arcadia and area, and sell Arcadia as a tourist attraction.

Committees will be appointed to decide on closing hours and days and retail and wholesale sales dates. Other groups will advertise civic activities and cooperate with local and area governmental bodies in the study of taxation and development.

There are 89 potential members. Dues will be \$4. Attendance prizes will be given beginning with the first meeting in February. Monthly luncheon meetings will be held the first Monday. Cards will be sent to members as reminders. Solicitors for members will be contacted by Wiersgalla in a few days. None will have more than five or six to contact, all within the area of his place of business.

Mondovi Pair Buy Nursing Home At Rochester

MONDOVI, Wis. (Special)—A Mondovi couple has purchased a 63-bed nursing home at Rochester.

David R. Blum, Mondovi businessman 15 years, and his wife, who was superintendent of nurses at Buffalo Memorial Nursing Home at Mondovi, plan to hold open house soon at Maple Manor, 1875 19th St. NW.

The new \$350,000 structure was begun July 1. It is of fire-proof construction, with all facilities at ground level. It is airconditioned; has direct voice communication to every room; is equipped with stereophonic sound speakers and color TV, and colored telephones are available on request.

Appleton Banker Faces Charges

APPLETON, Wis.—Richard Zuege, 38, a former assistant cashier of New London's First State Bank, was arraigned Wednesday on a charge of embezzling \$8,700.

Zuege, a bank employee for 12 years, also was charged with making false entries. He was released on \$1,000 bond after an appearance before U.S. Commissioner Patrick Coughlin.

Man Holds Court In Seat of Auto

MINNEAPOLIS (AP)—Judge Edwin P. Chapman held court in the back seat of a car Thursday in 12 degree below zero weather.

Behind the steering wheel was Ernest B. Poegel, 41, who pleaded guilty to going through a stop sign. Poegel, a cripple, would have had to be carried into Municipal Court if the judge hadn't donned his overcoat and gone outside to hear the case. Poegel was fined \$25.

MARK TRAIL

DEAR ABBY:

Where Is a Gal Supposed to Sit?

By ABIGAIL VAN BUREN

DEAR ABBY: Where is a girl supposed to sit when she is on a date with a boy who drives a car with bucket seats? Would it be proper for her to sit in the middle, between the two bucket seats so she won't be so far away from her date? Supposing the gear shift is between the two seats? Please answer in the paper because I know other girls who have the same problem. NOT CLOSE ENOUGH

DEAR NOT: The girl sits in the bucket seat BE-SIDE the driver. The problem of distance between the girl and her date is a mere drop in the bucket compared to those she'll run into if she tries to occupy the "no girl's land" between the seats. Sit where you belong. He can't drive forever.

DEAR ABBY: I am 26 and the mother of four children. When I married (six years ago) I weighed 118 pounds, and wore a size 12 dress. I am five feet six and everyone used to compliment me on my figure. Today I wear a size 18 1/2 dress, and the last time I had the courage to get on a scale I weighed 188 pounds. I don't have to tell you how ashamed of myself I am. I have gone on every diet I've heard of and I've even tried to smoke, but it makes me sick. I just don't have the will power to stick with a diet. I've heard there is a club people join to help them lose weight. It's supposed to be something like Alcoholics Anonymous. People help each other. I need inspiration and encouragement from others who have the same problem. Or doesn't that work, either?

FAT AND DISGUSTED

DEAR FAT: Nothing "works" unless you are willing to work at making it work. "TOPS" (Take Off Pounds Sensibly) is one of the most prominent clubs. Write to their headquarters at 2306 S. Howell Ave., Milwaukee 7, Wisconsin, for information about their chapters in other cities. Good luck.

DEAR ABBY: My daughter was raised in a good Christian home but you would never know it from the way she has acted since she was 14. She is 22 now and is going through her third divorce. She could never keep a husband because she was so crazy about men. And the lower they were, the better she liked them.

She is under a doctor's care now and the doctor told me my daughter runs with burns because of a "VITAMIN DEFICIENCY." Is this possible? CAN'T BELIEVE IT

DEAR CAN'T: Your daughter's deficiency strikes me as more moral than physical, but maybe the doctor is right. After he fills her full of vitamins, you'll find out.

CONFIDENTIAL TO "WAITING FOR TOMMY": He seems more interested in having a ball, than in having a ball and chain. Give up.

Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Kiwanis Begins Its 50th Year

The Winona Kiwanis Club began the organization's golden anniversary year by installing new officers Thursday.

Present to formally introduce officers to their positions was Chester Rood, Rochester, lieutenant governor for the first division of the Minnesota-Dakota district of Kiwanis.

HEADING THE club this year are: Harvey Ganong, president; Herbert Hassinger and Dr. Frank Van Alstine, vice presidents; Ralph Williams, treasurer, and Donald Dumas, secretary. Directors elected to the board this year are: Karl Lipson, Jerry Papenfuss, Clarence Duellman, Brother Raymond and Maurice Schuh.

Appearing briefly on the program was George Esslinger, International Falls, here in connection with the Winona Winter Carnival. Esslinger was accompanied by one of the malemutes from his team of sled dogs. He described the breed—part Eskimo dog, part wolf—and told how dogs behave and are used in remote north woods areas.

THE MASKED malemute, now a recognized breed, is a hardy dog which prefers to sleep in snow when possible, he said. The dog is not vicious unless so trained, he said, and is exceptionally strong. The dog's best working years are those between ages 3 and 8.

Used extensively for rescuing downed air crews during World War II, they are gradually being supplanted by helicopters since these can reach remote areas and land on rough terrain. Esslinger's experiences include special rescue and recovery missions in the battle of the Belgian Bulge in the winter of 1944-45.

Officers Named At McConnon's

Incumbent officers and directors were re-elected Wednesday at the annual stockholders' meeting of McConnon & Co.

Named chairman of the board and company president for another term was Ben A. Miller. Also re-elected were: E. H. Finkelnburg, executive vice president, J. H. Baker, secretary-treasurer, and George Kelley, director.

A company official said business for the past year had shown an increase, due in large part to the firm's "increased recognition in the field of private labeling and packaging." Prospects for further expansion in this area are optimistic, he said.

The official also said the company's direct-selling division had shown moderate but steady gains, a trend they expect will continue in 1965.

Dakota Scouting Unit Chartered

DAKOTA, Minn. (Special) — Charters were presented to leaders of Cub Scout Pack 19 and the Neighborhood Patrol at Dakota School Monday night.

Presentations were made to Mrs. Harry Foust, chairman of the Parent-Teacher Club which sponsors Cub Scouting, and Ralph Grant, Cubmaster. Ferris Booth, member of the organization extension committee of the Sugar Leaf district and member of the board of the Gamehaven Boy Scout council, presided.

Booth was introduced by Ray Arnoldy, Rollingstone, district organization chairman. He congratulated Dakota for having the first neighborhood patrol in the district.

C. J. Papenfuss, local executive committee chairman, thanked the PTC for sponsoring the program.

Mrs. Joe Brown and Mrs. James Knutz are den mothers. The pack was organized about a year ago.

Awards were presented to John Cuchy, Daryl Kerns, Gary Grant, Craig Sperbeck, Bruce Brown, Larry Gile, James Knutz, Mark Papenfuss and Curtis Papenfuss.

Bruce and Curtis are now in the patrol and three more will be ready by spring.

Marvin Gile is institutional representative of the pack and patrol and James Knutz is a committee member.

Cubs meet Wednesday afternoons at the Brown home. The neighborhood patrol meets at Grants.

Lewiston Woman Praises Firemen For Quick Action

LEWISTON, Minn. (Special)—Except for the prompt response of Lewiston volunteer firemen, considerable damage could have been done to her home Thursday afternoon, Mrs. Lucille Halbakken said.

She smelled smoke at 1:45 p.m. She went upstairs, thinking it might be a chimney fire. Not finding anything, she returned to the first floor. Then she saw smoke and flames emerging from a wall in the cellarway. She called Irvin Timm, a neighbor, who summoned the firemen.

Mrs. Halbakken had been thawing pipes in the forenoon, and it was believed this heat had started fire in the studdings of the old brick home.

Chief Bud Brackett said damage to timbers and floor was about \$100.

KELLOGG PATIENT

KELOGG, Minn. (Special)—Mrs. Charles Hubbard was admitted to St. Elizabeth's Hospital, Wabasha, Tuesday.

PEPIN, Wis. (Special) — The patent rights and molds of the Apache Rescue Gun Co. have been purchased by Ray Fitzsimmons of Pepin and Peter Strong. Strong was formerly associated with the Apache firm.

The manufacturing equipment and machinery is owned by the Lake Pepin Development Co. It is expected that operations will begin within a week.

A corporation is in the process of being formed and officers soon will be elected. The name of Pepron Industries has been applied for.

The Apache Rescue Gun Co., which moved here from Minneapolis last March, went through bankruptcy and hasn't been in operation for several months. It manufactured rescue guns and several types of shells such as red, green and white flares, fire starters, tear gas, aerial smoke bombs, perfume, fire extinguishers and rodent eliminators.

The company is east of Pepin on Highway 35 in the former Seifer Recreation Center.

No One Injured In Two Crashes In Winona Co.

No injuries were recorded in an accident Thursday afternoon and another early today on county roads, Sheriff George Fort reported.

Thomas L. Johnson, 20, Houston Rt. 2, was driving alone south on County 17, one mile north of Witoka, today at 1:30 a.m. when his car went out of control on an icy curve.

Johnson's car first headed for the right-hand ditch, then spun completely around in the roadway, snapping off four guard posts at the road's left shoulder. The car came to rest facing north at the top of a steep embankment.

The sheriff reported more than \$150 damage to the right side of the Johnson car, owned by Houston Auto Sales.

A two-car collision occurred Thursday at 4:15 p.m. on Ulica Township road 22, two miles northwest of Lewiston.

Allen E. Simon, 17, Ulica, was driving west on the road when he collided with a car driven south out of a driveway by Lawrence C. Benish, 1401 W. 5th St.

Investigating Deputy Lamar Fort measured 92 feet of skid marks left by Simon's car. Damage was about \$150 to the front of the Simon vehicle and \$200 to the left front of the Benish car.

Planners OK School Site

City Planning Commission members voted Thursday night to endorse the Board of Education's proposed site for a new high school building.

Some discussion of relative merits of their locations preceded the endorsement. The site in question is that lying south of Gilmore Avenue and west of an extension of Wilkie Street.

Chairman E. J. Sievers asked about results of soil tests in the area. James Baird, city engineer, said load-bearing properties exceed those of sub-strata in the Shive Road area, a location he once considered ideal. Had the easterly location proved practical, he said, construction of a school there would have encouraged eastward development of the city.

Voting for the motion to endorse were all commissioners present: James T. Schain, Robert Johnson, James Foster, Philip Baumann, James Klein and Norman Indall.

WHITEHALL, Wis. (Special) — A total of 184 births was reported to A. E. Berg, Whitehall city clerk, in 1964. There were 87 boys and 77 girls. Also reported were 58 deaths and 24 marriages.

Winona FFA Wins 1 Event In District

A Winona High School Future Farmers of America judging team captured top honors at the District 16 contest at the Dover-Eyota High School Thursday.

The Winona farm management team was named best in the district with the team taking three of the four top individual placings.

Lee Herold was named high individual in the contest with James Hobbs, third, and Leon Bowman, fourth.

Lewiston took fourth in the contest and had the second high individual judge who was Rueben Roedeske.

LEWISTON took first place in the dairy products judging and Winona placed second. High individual in the contest was Bruce Schott, Lewiston. Wendell Sage, Winona, was second high and Larry Lafky, Winona, sixth. St. Charles placed third and Dover-Eyota fifth.

Francis Branch, Dover-Eyota, placed fifth; Jerry Edwards, St. Charles, sixth; Tony Patzman, Lewiston, seventh; Gary Golish, St. Charles, ninth, and Dan Craig, Lewiston, 10th.

DOVER-EYOTA won the poultry judging contest while St. Charles took second, Lewiston, third and Rushford fourth.

Top individual, who was from Dover-Eyota, was Roger Nickelson, William Jones from Dover-Eyota was second and Roger Dabelstein, St. Charles, and Gary Christie, Lewiston, were third and fourth individually. Roger Matzke and Larry Graden, both of Lewiston, placed fifth and 10th. Allen Rasmussen, Rushford, placed sixth; Lance Christie, St. Charles, seventh, and Rodney Allen, Dover-Eyota, eighth.

IN THE DISTRICT 15 contest, also held at Dover-Eyota, Wabasha captured top honors in the dairy products contest while Plainview took second. High individual in the contest was Dennis Wayne, Wabasha. Richard Jostock, Wabasha, was second; Albert Carlson, third, and Allen Holton, all of Wabasha, fifth.

Goodhue took first in the poultry judging, Wabasha, second, and Plainview, fourth. Raymond Eversman was third high individually, Raymond Eversman, eighth, and Paul Stegemann, and Gerald Loehler, 10th. All are of Wabasha.

Elgin Woman Awarded \$45,000

ELGIN, Minn. — An Elgin housewife, Mrs. Curtis Andersen, 27, was awarded \$45,000 by an Olmsted County District Court jury Wednesday afternoon.

This was reported to be the largest personal injury verdict ever returned by a jury at Rochester.

Mrs. Anderson received facial lacerations requiring 60 stitches and plastic surgery, partial loss of vision in one eye, neck and kidney injuries in a collision at the intersection of Olmsted County Road 14 and a township road northeast of Rochester in September 1962.

Mrs. Andersen, a nurse, was riding in a car driven by her husband.

Clifton Van Allen, 18, and his mother, Mrs. Belle Van Allen, Pine Island, were defendants. Both vehicles were on the township road.

The trial started Monday. Jurors returned the verdict after three hours and 24 minutes.

Court observers said larger awards have been made in out-of-court settlements in personal injury suits.

Let's Get Growing

By A. F. SHIRA

Further Blooming of Poinsettia Plants

As in other years, we have had several inquiries as to how poinsettia plants received for Christmas should be taken care of so that they might flower again in another year. This can be done, but under the usual home conditions the colored bracts that are produced the second year will not generally be as large and showy as the original, although we have seen some very fine ones that developed from the old plants.

The poinsettia is not generally classed as a house plant, but is a greenhouse plant that is brought into the home during the holiday season, along with other varieties, for living color. When removed to the more, or less, varying conditions in the home, oftentimes very unfavorable, the plants may show the effects of the change and the leaves may begin to turn yellow and drop off within a week or so, depending upon the conditions. If the surroundings are suitable, the colorful bracts may last until February.

THE SHOWY bracts, red, white, or pink, as the case might be, are usually looked upon as the flowers, but they are only colored leaves. The true flowers consist of the rather small less conspicuous blossoms that are clustered in the center of the bracts.

When received in the home, the poinsettia should be kept fairly moist, but not over-watered. The temperature should be at about an average of 70 degrees and the plant placed where it will receive the benefit of some sunlight, if possible. Sudden changes of temperature, insufficient light, or dry air, may prove to be detrimental. Two or three applications of a liquid fertilizer at two-week intervals will increase the vigor of the plant.

When one-half, or more, of the leaves have fallen, the water should be reduced gradually until the soil in the pot feels dry. Then the plant can be taken to the basement and rested there until spring.

ABOUT MAY 1, the plant can be cut back to about six inches and repotted in a good soil mixture such as one part sand, one part good garden soil and one part compost, or leaf mold. Then, when all danger of frost is passed, the pot can be buried to the rim in a sheltered place in the garden where it will get a little shade from the midday sun. We usually place our plant among the shrubs near the foundation on the south side of the house. The plant should be kept watered and an occasional feeding with a liquid fertilizer given it. Any fertilizer that is being used for house plants is satisfactory.

New growth should appear in June and become well advanced by fall. Before frost occurs, the plant should be taken indoors and kept in a cool place for a few days, such as an enclosed porch. If subjected to indoor heat too quickly, the leaves are apt to drop off.

THE PLANT should be well-watered and given two feedings a few weeks apart. Since the poinsettia does well in sunlight, it should be kept near a window during the daytime. At night it should be placed in a darkened room with no artificial light as the darkness is beneficial. The plant should be handled in this manner until about the middle of November when it can be left in its place near a window, preferably where it will receive some sunlight.

If the suggestions offered above have been provided in suitable degree the plant will probably flower again about Christmas time, or later. The colored bracts may be smaller and less showy than the original, although some very fine ones may develop.

THE WORK involved is really less demanding than it seems, since the plant requires little care during most of the period. If it flowers well, the accomplishment is very rewarding.

8:30 at the Lake City hall. Euchre and 500 will be played and lunch will be served. The public is invited.

2 Nelson Area Hearings Set

ALMA, Wis. — Two Public Service Commission hearings emanating from the Nelson area will be held at the courthouse here Feb. 17.

At 9 a.m. the commission will hear the application of William Weisenbeck, Durand Rt. 3, to divert up to 500 gallons of water a minute from May to Sept. 1, annually. A resident of the Town of Nelson, Buffalo County, Weisenbeck wants to take an anticipated three applications of water a season from Little Bear Creek to irrigate 88 acres of land.

A hearing on the petition of 10 freeholders of Buffalo and Pepin counties for additional protection at the Milwaukee Road crossing on Highway 35 in the Town of Nelson will begin at 10 a.m.

Petitioners are John Biles, Mondovi; Harold Klinger, Walter Hartman, Ronald F. Marcks, Betty Lawson, Donald Orne, Neil B. Sutherland, Glenn R. Schmitt and Gerald H. Hovde, Pepin County, and Sheriff Roger D. Britton, Durand. Biles circulated the petition.

Sherry Lee Tiffany, 18, Pepin, was killed at this crossing Dec. 9 in a collision with a Milwaukee Railroad freight traveling west.

The commission notice said average daily traffic for this section of Highway 35 is 800-870 vehicles per 24-hour period. The train leaves at Eau Claire at 5 p.m. on its daily run to Winona. It travels at 25 m.p.h. and makes two crossings here daily.

Menomonee continued its battering first-place pace in the Western Wisconsin City League Sunday, sweeping by second place Fall Creek 122-99 in a free scoring battle.

In other games, Durand edged Mondovi 79-78, and Gilmerton flew past Alma 78-50. Elmwood picked up a win on a Cochrane-Fountain City forfeit.

Three Menomonee players hit 20 points or better. Leading the way were Fred Seggelink with 29, Keith Moessner with 25 and Jan Peterson with 24. Pat Hammond added 17 for the winners. For Fall Creek, Virgil Kranig meshed 24, Bill Mower 16, Marsh Blizzard 18 and Bill Lange 13.

Five men finished in double figures for Durand in its squeaker win over Mondovi. Paul Biederman had 19, Bob Walker 18, Don Walker and Bob Wayne 15 each and Bert Grokowski 12. Jim Lieberman peppered in 22 and Gary Schultz 14 for Mondovi.

Don Schultz hit 26 points to lead Gilmerton to its victory. Dennis Weiss aided him with 12. For Alma, Lynn Iverson and Craig Kriebich each totaled 11 and Jim Hartman and Rich Noll ten.

WRESTLERS HOST AUSTIN TONIGHT

Busy Weekend for Hawk Tankers

Winona High's swimming and wrestling squads face rugged competition in action tonight and Saturday.

The Lloyd Luke-coached Hawk swimmers are the busiest, hosting Eau Claire Memorial tonight at the Winona High pool and Saturday journeying to top-ranked Hopkins. Both are dual meets, and tonight's encounter with the Old Aves starts at 6:30 p.m. Saturday's meet will find both

varsity and "B" squads in action, while tonight's meet is strictly on the varsity level.

Coach Dave Moraceo's grapplers, after splitting in action against Stewartville and Kasson-Mantorville last weekend, swing back into Big Nine action tonight against Austin in a 6:30 p.m. meet at the Hawk gym.

Moorhead State won't get much of a respite from the land of snow and ice when its cage team comes to town Saturday for a Northern Intercollegiate Conference battle with Winona State at Memorial Hall, but it hopes to go home with its 11th win in 12 games.

Winona State probably won't be as hospitable as the Dragons apparently wish, however.

The Warriors, just a bit shell-shocked after their 104-85 loss to State College of Iowa Monday, have showed opponents thus far this season that they are capable of playing fine basketball — but not on any given night.

STATE, 3-8 ON the year, got a good showing from its first five in the Michigan Tech win a week ago, but the reserve strength has posed the problem. "We've gotta get more punch out of our bench," says an optimistic Bob Campbell about Saturday night's chances. "It would be a nice feather in our cap if we could pull an upset, but we've got to have the bench come through."

Moorhead State has to be rated as the most improved team in the league. The Dragons finished with an 11-10 overall mark a year ago and 5-5 in NIC play. This year, with the exact same personnel, coach Larry MacLeod's outfit sports a 10-1 mark, with their most recent win coming over Valley City Wednesday. The only team to beat the Dragons has been the University of North Dakota in holiday tournament action.

HEADING THE list of the Dragons' eight returning lettermen is 6-2 senior forward Pete Lysaker, the league's leading scorer a year ago with an average of 21.4 points a game. He

is hitting somewhere in that vicinity this year, too. Back also are Cactus Warner, Don Wermager, Jerry Hegna, who created a few problems as a halfback for the Warrior football team this past fall; Bernie Larson, Wally Halbakken and Jim Jahr.

MacLeod will probably start Jahr, Halbakken, Lysaker, Hegna and Wermager Saturday.

The Warrior situation isn't as bad as the record makes it sound. Campbell is optimistic about the Saturday struggle and statistics show that the team actually isn't doing that bad.

AS A TEAM, the Warriors have been splitting the nets at a 42-percent clip from the field, up considerably from early games. In comparison, however, Moorhead is boasting a 46-percent shooting average.

A bright spot for Campbell has been the performance of 6-4 Tim Anderson, who has been sandwiching around the 20 points per game mark for the last half dozen contests.

From the field, Anderson is hitting at a fine 61 percent, tops on the club.

Game time Saturday is set for 8:15 p.m.

In a preliminary battle, Houston of the Root River Conference will meet Lewiston, an independent, at 6:30 p.m.

State Wrestlers Win Fifth 20-8

Bob Gunner's amazing Winona State College wrestling team kept its perfect record intact at Memorial Hall Thursday night by defeating Luther College 20-8.

It marked the fifth straight victory for the Warriors, who could win only three matches during the entire 1963-64 season.

LARRY MARCHIONDA set the stage for the big evening by getting past Leo Gipp 11-9 at 123 before the Norsemen tied it 3-3 on a Davis Johnson win over Larry Mikkelsen at 130.

But Perry King put the home forces back on top by out-clutching Roy Leistikow 7-3 at 137 and the Norse would never be in it the rest of the way.

Merle Johnson and Leo Simon took decisions for the Warriors at 147 and 157 before Luther got its final five points on a pin by Jim Ehrie at 7:22 of the 167-pound match.

WINONA'S TOM Caron erased those five points by decking

Dave Rovang of Luther at 8:40 and Larry Wedemeyer closed out another action-packed night by decisioning Al Libby 6-0.

Winona will rest now until Jan. 23 when they host St. Cloud's mat team.

Luther is 2-2 on the season after the loss.

COTTER AT HILL SATURDAY

Situation Same, Court Different for Rematch

The only thing that'll be different when Cotter and St. Paul Hill tangle in a rematch of the Ramblers' 65-57 win over Hill Dec. 19 will be the home court.

Here are some of the facts both clubs will be dealing with at St. Paul Saturday:

1—Both schools are looking to prove that each is representative of a certain "power" region. In the Ramblers' case, outstate, and Hill's, Twin City area.

2—Hill had a rugged Friday night game prior to losing to Cotter at St. Stan's Dec. 19. Cotter didn't, Hill tackles No. 2 Benilde tonight before hosting the Ramblers Saturday. The Ramblers are idle tonight.

3—Both teams are rated among the state's top ten Catholic schools. Cotter is No. 5, Hill No. 7.

"The boys are as ready as they can possibly be," says Cotter coach John Nett about his material. "We all realize that this will be a tough game, but we're going to do our best."

Foreseeing the rematch, Nett thinks that Hill's height will be the big factor.

"They'll be tough and big, same as they were before," he says, matter-of-factly. "We'll be trying to compete against their size. We handled it before, but the situation was different."

"BUT THEN again, it might not be so different," says Nett. "They had a tough ball game the night prior to when they played us and they do tonight."

In the first game, Bill Tetzlaff, the Pioneers' 6-5 center, stuffed in 21 points with relative ease at St. Stan's. He will

Jaycees Begin Cage Loops at Spring Grove
SPRING GROVE, Minn. (Special) — The Spring Grove Jaycees are organizing intra-mural basketball for boys in grades 3-6. The gym will be open Saturdays from 1:15 to 3 p.m., starting this week. Only boys with parents' permission will be admitted.

A number of teams will be set up, depending on the number of boys participating. One league will consist of third and fourth graders and the other, fifth and sixth grade boys. Two Jaycees members will supervise the program and assist in the games. Information on the program may be secured from Pierce Brown and Gary Even-

son.

THREE HEADLINE bouts as well as other ring attractions are slated for tonight's card.

Albert Lea's Fred Jimenez, former lightweight champion,

will tackle Wayne Steiner of Minneapolis. Rochester's Rusty Clark will go against Paul Doty of St. Paul in a middleweight bout and Pat O'Connor of Rochester will meet St. Paul's Boots Robbin in a bantamweight match.

Also booked is a heavyweight bout between Ed Hall, Winona State football player, and Rochester's King McKellen.

Jim Donlinger, judged the best heavyweight in the country in the Jack Dempsey talent contest, also may be on the card. The Rochester native and Winona State student wrenched his back early in the week and may not be ready tonight.

MEMBERS OF the United Commercial Travelers Club will assist the Park-Recreation Department in conducting the fishing contest. In charge of registration will be Eldor Holtz and Leo Lang, Hal Stow and Ronald Kroning will weigh the fish. Bruce Reed, Michael Bambeck and Vern Smelser are in charge of drilling holes and general supervision.

Parents are invited to attend with their children.

Pack Ranks 3-1 in Play In Big Nine

By GARY EVANS
Daily News Sports Editor

The Big Nine Conference spotlight hovers on Faribault tonight, but for Winona High the big battle will be played at Austin.

While the Falcons and Rockets are both unbeaten and driving for sole possession of first place, both the Hawks and Packers will be waiting in the wings for one of the early-season powerhouses to stumble.

"WE SHOULDN'T need any more incentive than to think that they (Austin) are 3-1 and we are 2-1 and that something is going to happen at Faribault tonight," said Bob Lee, who may be handling the Hawks for John Kenney tonight.

Kenney attended the funeral of his father-in-law in Rice Lake, Wis., this morning and didn't know whether he would be back in time for the trip to Austin. The Hawks were scheduled to leave at 4 p.m.

WITH KENNEY absent some of the time, it has been an unusual practice week.

"I don't feel it was a good week," said Lee. "We'll find out tonight."

Oscar Haddorf's Packers have been the Big Nine surprise. A win at Red Wing last Friday was another in a chain of events that have transformed what was to have been a "down" year in Packerland to a top early slate.

BUT THE way Haddorf, who took over the coaching reins from veteran Ove Berven this year, views the contest, he will know tonight whether his team is a flash in the pan.

"Our performance against Red Wing was much improved," summed up Haddorf. "We had good defense, rebounding and shooting and we'll need another night just like it to beat Winona. Everyone is aware that they have one of the best teams in the conference."

Winona is faced with the task of stopping two of the Big Nine's most prolific scorers in Wayne Lerud and Dave Stilwell.

Lerud, who hit 39 points against Red Wing, is averaging 30.8 in seven games for the Packers. He has 216 total points. Stilwell has 118 for a 16.8 mark.

To Gary Addington, smooth-working junior guard, will fall the task of containing Lerud.

"WE'VE GOT to stop him (Lerud)," said Lee. "Gary is determined to try it."

Along with Addington in the Hawks' starting lineup will be Don Hazelton, Larry Larson, Bill Squires and John Brandt. That is the same combination that pulled a 61-60 upset over Eau Claire last Saturday to snip a 53-game home court winning streak by the Aves.

Opening with Lerud at guard will be Dean Helny, while Greg Grose will be at center and Bob Larson and Stilwell at forwards.

Also operating with what Haddorf calls his "first eight" will be Don Hanson, Doug Hartman and Jacobson.

"We don't have a lot of size," said Haddorf in summing up the season. "But we do have desire and determination. The kids are where they are because they have worked hard."

THERE WILL be another real battle going at Austin. Winona's "B" squad, under the direction of Lee, has compiled a 7-1 record on the season. Austin's "B" team, coached by Dave Rathke, is 6-1.

The Packers rank 4-3 overall and the Hawks 6-2.

Other Big Nine games send Albert Lea (0-4) to Northfield (1-2) while Red Wing (0-3) travels to Mankato (2-2).

Wilt Might Retire After Next Season—Poor 76ers

SAN FRANCISCO (AP) — Wilt Chamberlain might retire at the end of this National Basketball Association season, leaving the Philadelphia 76ers holding an empty money bag.

The 76ers paid a reported \$75,000 Wednesday night to the San Francisco Warriors for the 7-foot-1 scoring machine. Philadelphia threw in a reserve center-forward with a recent history of failing spells, one of the shortest guards in the league and a forward who has yet to

play his first NBA minute this season.

Superficially, this sounds worse than it actually is for the Warriors. But if Chamberlain plays only the three remaining months of the season and retires at the ripe young age of 28, it's a financial bath for the 76ers without the bubbles.

"I told him he made a bad deal," Chamberlain said Thursday about Philadelphia co-owner Ike Richman. "I'm not sure how long I'll play."

"I take one year at a time,"

Chamberlain continued. "Right now, I'm not sure what I'll be doing next season."

Chamberlain said there were many reasons why he was considering retirement, but he didn't want to name them yet.

Richman, a close friend and lawyer of the highest paid NBA player, took an equally short sighted view from his Philadelphia law office.

"Will told me he would only talk about one year," said Richman. "That's all right with me."

"Let the future take care of itself. I know I have Chamberlain this year — definitely."

"I expect to have him for many more years. However, he has a right to do what he thinks is best for himself. And, when he makes that decision, when he wants to retire, we will always remain friends."

The Warriors play the New York Knicks in San Francisco's Civic Auditorium tonight without the services of two of their acquisitions and, perhaps, without the other.

Paul Neumann, the 6-foot-1 ex-Stanford star, said he might wait for the Warriors to come East. Lee Shaffer, who refused to play this season for the 76ers, definitely isn't in shape and probably won't be around. And Connie Dierking didn't appear or practice in San Francisco Thursday.

Chamberlain was given a week to rest, treat his broken nose and say goodbye to friends in San Francisco. So the first game he plays for the 76ers could be against the Warriors. Neumann, a hot-shooting guard, averaged 11.6 last season as a part-time player.

Shaffer, a 6-7 forward from North Carolina, averaged 13.1 last season and 18.6 the year before. Hannum said Shaffer could be one of the greatest players in the league but expressed some concern over his injured knee. They talked for hours last Sunday with the 76ers' permission.

Dierking, a 6-9 graduate of Cincinnati, suffered fainting spells this season. Medical tests failed to show anything physically wrong with him.

TICKETS LEFT FOR PRELIM

A total of 45 adult tickets that will be reserved in a Winona section remain for the Winona High-Moundsview and Minnesota-Ohio State basketball games at the University's Williams Arena Jan. 23.

"We notified the University that we had sold 55 of the 100 tickets we had and they gave us until next Wednesday to keep them on sale," said Gislason.

The tickets are on sale at the Winona Senior High School principal's office. Also on sale are student tickets. Gislason reported that there may be a student bus making the trip if enough interest is shown.

Weimerskirch Cracks 635 to Pace Keglers

Once again Thursday, Winona keglers came close to top ten departments, but couldn't sneak over the barriers.

The men's topper came out of the Classic League at Westgate Bowl where Jim Weimerskirch rapped 211-209-215-635 errorless for Pozanc's. The team then hit 2,915.

Gary Baab punched 245 for Ruth's, followed with consecutive lines of 171 and 213 and finished with 629. Dale's Standard topped 1,010.

Ted Mahlike scored 234-189-186-609 and the loop saw an additional three errorless sets notched when Lee Besek smashed 218-185-182-587. Willard Critchfield 190-148-235-573 and Earl Kane 194-166-172-532. Ed Drwall came up with a "Dutch" 200.

In the Westgate Bay State Men's League, Fran Hengel cracked 617 for Boxers and Bill Hajicek 240 for Blockbusters. Boss' totaled 1,026-2,925.

Marge Moravec jumped back into the limelight in the Powder Puff League at Hal-Rod Lanes. She belted 201-565 to lead Winona Insurance to 910-2,601. Lois Schacht had 507.

HAL-ROD LANES: Eagles — Dick Seeling of Eagles and Art Moore of Schlitz tied with 225 and Moore tied with teammate Joe Trimmer at 572. Schlitz slid 2,943 and Winona Insurance 1,017.

WESTGATE BOWL: Keglerette — Sharon Stahmann's 192 led Jerry's Auto Sales to 866. Elaine Thode pitched 492 for Winona Plumberettes and Hamm's 2,513.

Pin Drops — Sally Jeresek counted 207 to lead Hal-Leonard to 896-2,523. Shirley Wunderlich, subbing for Randall's, came up with 486.

RED MEN'S CLUB: Class A — Don Knapik smashed 231 to lead Winona Boxcraft to 957. Ray Thrune had 544 for Winona Milk and Dunn's Blacktop 2,775.

Preston Grapplers Defeat Houston

HOUSTON, Minn. — Preston handed Houston High School's wrestling team its first loss of the season by the score of 26-18 Thursday night. Preston now is 7-1, Houston 4-1.

Houston will host the Winona High School Junior Varsity Jan. 25 with the preliminary meet getting under way at 7:15.

For Killing Penalties, the Best Is Pulford

By THE ASSOCIATED PRESS
Toronto's Bobby Pulford is dangerous just taking his regular turn for the National Hockey League's defending Stanley Cup champions. When he's out killing in a penalty, he's absolutely devastating.

Pulford, considered by NHL coaches to be the league's top penalty killer, showed why Thursday night when he turned a Toronto penalty into a goal as the Maple Leafs whipped the Montreal Canadiens 5-3.

Allan Stanley was in the penalty box when Carl Brewer broke up a Montreal rush and got the puck up to Tim Horton and Pulford. Horton fired from the point at Canadian goalie Charlie Hodge and Pulford steered home the rebound.

That was the only goal of the first period but Montreal scored three times and Toronto twice in the middle session so it was 3-3 going into the final 20 minutes.

Then Pulford's second goal of the night and his 14th of the season broke the deadlock midway through the third period. Eleven seconds after Pulford hit, rookie Pete Stenkowski scored his first NHL goal to ice it for the Leafs. Claude Provost scored twice for Montreal.

It was Toronto's seventh straight game without a loss and moved the surging Leafs within a point of second-place Montreal.

In the only other game played, Boston got three goals from Murray Oliver and whipped New York 5-2.

NAME PAFKO, SNYDER MILWAUKEE (AP) — The Milwaukee Braves announced today the appointment of Bill Steinecke as general manager and Andy Pafko and Paul Snyder as co-managers of their West Palm Beach farm club in the Florida State League.

Kramer might have gotten more if he had talked further with the Denver Broncos of the American Football League, but the desire to get back to his home territory was too strong. "I probably would have gotten more with Denver," Kramer conceded in Lincoln, Neb., where Viking scout Joe Thomas signed him. "But I wanted to go back home."

He still described the Viking offer as "better than I expected."

Money was important, but it wasn't the biggest factor as far as Kramer was concerned.

Texas Southern Cager Is Injured

HOUSTON (AP) — Texas Southern University captain Joe Young fractured his skull in the last three minutes of the TSU-Prairie View basketball game Thursday night.

Young, his team's leading scorer, hit his head against the floor after a collision under the basket. His condition was described as "fair" at Riverside General Hospital.

PIN DEADLINE IS SATURDAY

Clarence Bell, secretary of the Winona Bowling Association, reminded bowlers that the entry deadline for the city tournament is midnight Saturday.

All entry blanks must be returned to Bell or to the lanes by that time. The tournament will be rolled at Westgate Bowl Feb. 6-14.

Littler Takes 1st-Round Lead At San Diego

SAN DIEGO, Calif. (AP) — There is a peculiar twist to the golfing career of Gene Littler, who led the way into the second round of the \$34,500 San Diego Open today.

Littler won the San Diego tournament in 1954 when he was still an amateur. But in the view of his hometown San Diego worshippers he has done little in their San Diego Open as a professional.

Of course, all Gene has done outside the county is win the U.S. Open, the rich Las Vegas Tournament of Champions three straight years, many other events and amassed a tidy nest egg.

But the San Diego Open, nothing.

Littler shot a nine-under-par 62, a competitive course record in Thursday's first round. He did it with a sensational putting performance in 30-32-62 over the par 35-36-71 Stardust Country Club course.

INDOOR SOFTBALL

Lang's W 4, Hof-Brau 2, W L
Sunshine 4, 1 Watkins 2, 3
Oasis 3, 2 Warner & S. 3, 3

THURSDAY'S RESULTS

Lang's 2, Sunshine 6.
Hof-Brau 3, Warner & Swasey 1.
Watkins 3, Oasis 2.

Lang's Bar and Pete Jerowski turned the tables on Sunshine Bar and Cafe in the Indoor Softball League Thursday night. As a result the Lang's crew stands in a first-place tie today.

Through the first four games, Sunshine hadn't been scored on. That ended Thursday as Jerowski twirled a one-hitter and shut out the leaders 2-0 as Lang's tied for first.

In other games, Watkins surprised Oasis 3-2 and Hof-Brau squeaked past Warner & Swasey 3-1.

Jerowski gave up only a first-inning hit to Sunshine catcher Gene Gorny in out-dueling Jim Langowski. Jerowski fanned seven, Langowski eight.

Langowski gave up four hits, one to Jerowski and Tom Kosidowski and two to Bob Czaplewski. The winners scored their two runs in the first inning.

NORB THRUNE bested Tom May in another pitchers' duel as Watkins took its second win. Watkins scored all three of its runs in the bottom of the sixth and last inning. With the bases loaded in the sixth, May hit Dick Stutzka to send in the winning run.

Thrune had two hits for the winners, Cliff Kaniz. Tom Thrune and Stutzka one each. Rog Leonhardt had two hits for Oasis, Jack Rader, May and Jim Stout one each.

Kiki Williamson tossed a three-hitter in beating Warner & Swasey. Tom Kulas, the loser, gave up five.

JIM AHRENS had two for the winners as did Gene Prenot. Williamson had one. Roy Hazelton, Ted Czaplewski and Tom Nelson had the safeties for

West Shooting For 4th Straight In AFL Contest

HOUSTON (AP) — The American Football League's All-Star game, hurriedly transplanted to Houston from New Orleans when 21 Negro players claimed racial discrimination, tests the pride of the Eastern Division against the best of the West Saturday afternoon at Jepsen Stadium.

Houston Official officials who undertook the difficult job of promoting the game under short notice hopefully expected a crowd of 20,000 if the weatherman lives up to his forecast of cool dry weather.

There had been talk of a crowd as high as 60,000 if the game had been played in New Orleans' Sugar Bowl.

The game will be telecast at 2 p.m., EST, by the American Broadcasting Co., with the Houston area blacked out.

The West has won all three previous games in the series, pulling out a 27-24 decision last year at San Diego in the final seconds. There was no All-Star game in 1960, the league's first year.

Coach Lou Saban of the champion Buffalo Bills banked heavily on his own Buffalo players and a big delegation from the second-place Boston Patriots to put the East in the win column.

Sid Gillman, Western coach, will have five of his San Diego Chargers in the starting line-up — tight end Dave Kocurek, blunder Lance Alworth, running back Keith Lincoln, tackle Ron Nix and guard Walt Sweeney.

Cowboys, Giants Cop YMCA Wins

Cowboys beat the Eagles 96-60 and the Giants nipped the Bears 61-60 in YMCA College Basketball League action Thursday.

Jim Martin and Bill Anderson hit 26 and 25 points for the Cowboys, Doug Moran and Rog Wistrell 20 and 19 for Eagles. Bruce Closway stood out on defense for Eagles as did Jerry Nagashahi of Cowboys.

Giants got 16 from Lynn Berry and 13 from Hank Sherraden as well as a top defensive effort from Bob Czaplewski. Ron Schultz hit 19 and J. Enger 18 for Bears who were led defensively by Bob Muras.

SIGNS ONE-YEAR CONTRACT WITH VIKINGS

Kramer Coming Back Home

ST. PAUL (AP)—Larry Kramer, the broad-shouldered Austin, Minn., native who went to Nebraska to play his college football because his home state university's scholarship offer was too puny, returned home Thursday.

Kramer signed a one-year contract with the Minnesota Vikings — a salary and bonus deal believed to be in the neighborhood of \$20,000.

Kramer might have gotten more if he had talked further with the Denver Broncos of the American Football League, but the desire to get back to his home territory was too strong. "I probably would have gotten more with Denver," Kramer conceded in Lincoln, Neb., where Viking scout Joe Thomas signed him. "But I wanted to go back home."

He still described the Viking offer as "better than I expected."

Money was important, but it wasn't the biggest factor as far as Kramer was concerned.

He first was hurt by the way the Baltimore Colts — who drafted him 18th as a future in December 1963 — acted then he got mad.

He claimed Baltimore never sat down and talked to him. He said they promised to send a representative to talk to him while Nebraska was practicing in Texas for the Cotton Bowl

game. The representative never showed up.

Irritated, Kramer asked — through an assistant coach — to talk to the Vikings. Minnesota arranged things with Baltimore, and Thomas signed Kramer Wednesday night, just hours after they met.

As terms of the trade, Baltimore now has its option of picking one player offered by Minnesota and a draft choice or just taking a higher draft choice. The decision should come within a couple of days.

The Vikings would not disclose the players they had placed on the list for the Colts to choose from, but indicated the list contained more than one name. If Baltimore takes only a draft choice, presumably it would be within the first three.

Mac Speedie, Denver coach had told Kramer the Broncos would top any offer made by the Vikings. However, Kramer confirmed that he never gave Den-

ver a chance to top the Viking proposal.

Viking Coach Norm Van Brocklin termed Kramer "a real good prospect as an offensive lineman. We think maybe we got us a football player."

The Vikings now have signed from eligible this year these top draft picks: Kramer, Illinois tackle Archie Sutton, Oklahoma halfback Lance Rentzel, Oklahoma fullback — linebacker Jim Grisham, Tulsa defensive back Jeff Jordan and Alabama tackle Frank McClelland.

In addition, Minnesota acquired flanker Red Phillips and linebacker Gary Larsen from the Los Angeles Rams in exchange for their No. 1 choice, Notre Dame receiver Jack Snow.

Only losses of note from the draftees were Boston College end Jim Whelan who signed with the Boston Patriots and Utah State tackle Jim Harris who went with the New York Jets.
