FOWL PLAY . . . Margaret, an old hen who is just a slick chick at heart, flaps enthusiastically to help gain speed as owner Marybeth Wrzosek, 11, pushes the sled on a slope near their suburban Milwaukee home. Margaret enjoys winter sports, but gets cold feet. (AP Photofax)

Knowles Asks \$110 Million In New Taxes for Wisconsin

By HARVEY BREUSCHER
Associated Press Writer

MADISON, Wis. (AP) — Gov. Warren P. Knowles asked Wisconsin lawmakers today to approve a record \$332.8 million state budget for the next two years that would require a minimum of \$110.7 million in new taxes.

The budget total is 27.7 percent more than the \$522.2 million spent in the current biennium but represents a \$62.5 million cut in state agency requests.

Knowles told a joint session of the Senate and Assembly "the pressure of population, the sheer force of number" dictated expenditures of such "magnitude" for the two-year period beginning July 1.

Part of the proposal includes a pay increase for faculties at schools of higher education, but only a boost in retirement benefits for other state employees.

The retirement proposal is part of a \$33.5 million package Knowles recommended but did not include in the budget. This package also would initiate a 10-year program to remove personal property taxes and would supply funds to restore general property tax relief.

The Republican chief executive said his reductions in the \$895.3 million asked by agencies presented a sharp contrast to the \$9.5 million cut made by his Democratic predecessor, Gov. John W. Reynolds. But Knowles said he was braced for "criticism and abuse" from those who sought deeper cuts as

well as those wanting a higher level of spending.

The proposed budget is \$180.6 million more than current expenditures but a \$7.7 million surplus, \$5.5 million in lapsed balanced and increased receipts from the established revenue structure will combine to put the additional tax need at \$110.7 million.

"As practical people, all of us realize that there are only three ways that this amount of revenue can be raised — a general sales tax, an increase in the income tax, or some combination of the two," the governor told the Legislature.

Knowles said he would introduce his tax proposal in the form of an amendment to the budget bill and then press for passage of the combined document by June 1.

State operations will claim \$448 million of the total budget, while \$385 million will be distributed to localities in the form of school and welfare aid.

The major investment is in education. A total of \$1.2 percent of the full amount asked would be allocated to the purpose — \$229 million to public school aid and services for handicapped children; \$175 million to the University of Wisconsin and the other nine state universities; \$14 million for vocational education, and about \$3 million for associated educational services.

"Education is the cornerstone of our growth, the passport to individual success; the key to individual freedom," the governor said in support of the requests.

Public Welfare and health puts the next biggest bite on the budget — a total of \$208.6 million. Of the sum, \$118.3 million would be spent by the state and \$90.3 million at the local level.

Retirement and insurance programs for state employees and teachers account for \$71.6 million of the total budget, the state building program \$33 million, and general government operations \$73.2 million.

"The proposals reflect a blending of realism and idealism." (Continued on Page 8, Col. 3) KNOWLES

Three Possibilities

MADISON, Wis. (AP) — There are only three ways to raise the needed revenue, Gov. Knowles told the Wisconsin Legislature — "a sales tax, higher income tax or combination of the two."

Knowles

Late Bulletins

SAIGON, South Viet Nam (AP) — A high-ranking civilian U. S. official is missing and feared kidnapped by the Viet Cong. He is Gustav C. Hertz, 46, of Leesburg, Va., chief of the mission's public administration division. There has been no word of him since he left his home in Saigon's suburban Gia Dinh Tuesday afternoon.

LONDON (AP) — Prime Minister Harold Wilson has decided to postpone his visit to Washington for talks with President Johnson until later this spring.

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara has made a quick recovery from pneumonia and is expected to leave the Army's Walter Reed Hospital Thursday.

QUIGLEY TAKES RESPONSIBILITY

Larimer Approval Delay Explained

ST. PAUL (AP) — Stephen Quigley, state commissioner of administration, took "full responsibility" Tuesday for the delay in approving the appointment of Earl Larimer as state safety director.

Quigley and Larimer appeared before the Senate Highway Committee. Quigley had been asked by Sen. Norman Larson of Ada, committee chairman, to state his position on complaints voiced by Highway Commissioner James Marshall.

Marshall had told the committee earlier that he was forced to eliminate Larimer's name from the payroll in his new post as safety director, a

promotion from assistant director, to make sure 5,000 other persons in the department would be paid.

He said Quigley had refused to approve the new salary for Larimer after Marshall had cleared it with the governor.

Quigley said he had obtained clearance from Gov. Karl Rolvaag but because of preoccupation with budget preparation had failed to give the necessary directions in his department.

"Nobody asked about it until last Thursday," he added. "All the commissioner (Marshall) had to do was to pick up the telephone and call me."

He said Larimer would be paid at his new rate from Jan. 5, when his appointment as director became effective.

Marshall first disclosed the delay in the Larimer case in an appearance before the committee last Thursday.

The highway commissioner had complained earlier that he was unable to get replies to telephone calls to Quigley's office and on one occasion walked out after waiting 47 minutes for Quigley to keep an appointment.

Answering another Marshall complaint, Quigley said his department still was investigating a \$125,000 contract Marshall proposes to sign with Roy Jorgenson Associates, a Delaware firm, for a management study of the department. The study would be financed largely with federal funds.

The House passed four bills, one of which now goes to the governor for signature. That measure sets the state primary election back to the first Tuesday after the second Monday in September, to avoid last year's day-after-Labor Day situation.

LONDON (AP) — Prime Minister Harold Wilson's Labor government survived a move by the Conservatives to overthrow it Tuesday night, but created another crisis by announcing plans to buy American aircraft.

The Conservatives tried to bring down the government with a censure motion that said Wilson's first 100 days in office were filled with "hasty and ill-considered" decisions.

During the rowdy debate, Conservative leader Sir Alec Douglas-Home declared: "The honeymoon is over. If the government had a shred of political integrity they ought to resign."

During the session, Wilson announced Britain would scrap two partially developed military planes and buy similar aircraft from the United States. The future of the hard-pressed British aircraft industry is a touchy political issue.

The Laborites, which have a majority of only three in the House, defeated the censure motion by 17 votes. Nine liberals abstained and five Conservative seats are vacant. The count was 306-289.

Cold Warnings Out in Florida

By THE ASSOCIATED PRESS

Zero weather spread across the nation today from New England south to Tennessee and west to Montana.

And, in Florida, crop warnings were in effect as much of the state shivered in winter's latest cold wave. In northern and central Florida temperatures tumbled two degrees an hour late Tuesday. Many sections braced for an expected wave of freezing temperatures.

However, officials in Florida said the crops will benefit — not suffer — from the night's bracing temperatures. A spokesman at the federal-state crop warning service in Lakeland said:

"It was real good for citrus. The dry air actually was good for some vegetables."

Sub-zero temperatures were common today in western Pennsylvania. Bradford, Pa., recorded -6 and Du Bois, -4.

It was 6 below zero in Montpelier, Vt., and below zero in several sections of New Hampshire and Maine.

It was 24 below in Aberdeen, S.D., and -20 in International Falls and Hibbing, Minn., and Fargo, N.D.

As the cold front moved southward, locally heavy thunderstorms hit some areas. Vero Beach, Fla., recorded 1.13 inch-

es of rain within six hours and more than 1 inch fell in West Palm Beach, a winter playground. Only the far reaches of southern Florida escaped the cold, which stretched from the Great Plains to the Atlantic with below and near-zero temperatures.

The mercury reached a high of 31 Tuesday off southeast Florida. An icy 34 below zero in northeastern Iowa was one of the lowest readings reported. The Weather Bureau said the bitter weather is expected to linger through the week.

Fair weather prevailed in most of the nation. Snow fell in the Appalachians, along the Great Lakes and the eastern slopes of the Rockies. Three to seven inches were predicted along Lake Ontario in upstate New York.

New Mexico had showers and some rain fell in the north Pacific Coast region.

California enjoyed fair and mild weather with some fog in northern sections, but the cold reached out to the islands of Hawaii.

Temperatures dipped to 64 degrees Tuesday at Honolulu, equaling a record low for Feb. 2. Some fruit and flower crops were damaged. Stormy weather kept Kahului harbor, on Maui Island, closed to ships for a second day.

NEWS PICTURE . . . Two men, bundled against biting wind, walk Chicago street — and just back of them a sign records — 4 degrees at 8:56 a.m. Some suburban temperatures were recorded at winter's lowest, —13 degrees on official weather instruments. (AP Photofax)

Sukarno Urges U.S. To Leave Viet Nam

JAKARTA, Indonesia (AP) — Indonesian President Sukarno today urged the United States to withdraw from South Viet Nam. He added, if the South Vietnamese "want to be Communist, let them be so."

Sukarno, addressing worshippers gathered at the presidential palace mosque for prayers ending the Moslem fast month of Ramadan, said:

"We Asians were never given the opportunity to have freedom — to be free. That is why the best way is for the United States to get out of South Viet Nam and let Asians solve their problems the Asian way. The Asian way means consultations."

"The South Viet Nam crisis is

the result of American intervention. This is what the Sukarno-Macapagal doctrine called for. Let Asians solve Asian problems."

Sukarno was referring to Philippine President Diosdado Macapagal, who has said Asians demand self responsibility for their own destiny.

Last October Macapagal told the National Press Club in Washington that free Asian nations should help South Viet Nam defend itself against Communist aggression.

He also said two months earlier, "It is heartening that the United States, under President Lyndon B. Johnson, has shown its determination to resist Com-

munist aggression in our region."

The Communist Viet Cong already had launched its guerrilla war against South Viet Nam when the United States first sent military aid to the Saigon government. In early 1962 the number of U.S. troops in South Viet Nam was increased from a handful to 4,000. The number now is 23,000.

WASHINGTON (AP) — Congress never moves with the speed of a cheetah or the agility of a gazelle. But it's making a pretty fair stab at it so far this year.

Item: The Senate with the new session of Congress just a month old has passed three major bills — the \$1.09-billion Appalachia aid bill, an antipollution water program and a measure to implement the international coffee agreement.

Item: House committees have been burning up the track, comparatively speaking, to crank out important legislation on federal aid to education, medical care for the aged, the Appalachia bill and other major parts of President Johnson's "Great Society" program.

Senate Democratic Leader Mike Mansfield of Montana said Tuesday as he left a White House meeting that the Senate "is further ahead in its work today than it has been for many years."

Is it because of President Johnson putting on the pressure of twisting arms on Capitol Hill?

"The President hasn't said a word," Albert said. "We've only had one meeting with him so far this year." Albert said just having the programs ready to roll is what is doing the trick.

He added: "We've got some tough ones ahead. The toughest

I see is extension or modification of the farm program, or whatever the executive department decides to do."

Albert has a massive majority to work with — 294 Democrats to 140 Republicans.

But he said an early vote on a rules change in the House, which carried 224-201, "showed we do not have a runaway Congress." The change gave Speaker John W. McCormack authority to bypass the sometimes balky Rules Committee to bring legislation to the floor.

ST. PAUL (AP) — A reapportionment plan to increase the size of the Senate to 69 and the House to 135 was offered today by Rep. Walter Klaus, Farmington, Conn. Conservative.

Three Major Bills Through Senate

WASHINGTON (AP) — Congress never moves with the speed of a cheetah or the agility of a gazelle. But it's making a pretty fair stab at it so far this year.

Item: The Senate with the new session of Congress just a month old has passed three major bills — the \$1.09-billion Appalachia aid bill, an antipollution water program and a measure to implement the international coffee agreement.

Item: House committees have been burning up the track, comparatively speaking, to crank out important legislation on federal aid to education, medical care for the aged, the Appalachia bill and other major parts of President Johnson's "Great Society" program.

I see is extension or modification of the farm program, or whatever the executive department decides to do."

Albert has a massive majority to work with — 294 Democrats to 140 Republicans.

Fighting in Capital of Laos Reported

VIENTIANE, Laos (AP) — Fighting broke out among rival military groups in the streets of the Laotian capital today and the government of neutralist Premier Prince Souvanna Phouma accused rightist Deputy Premier Phoumi Nosavan of masterminding a military mutiny.

Forces of the Laotian High Command, backed by the Phouma regime, were fighting with small arms and automatic weapons against troops of Col. Bounlet Syssic, head of a revolutionary committee which has been holding part of Vientiane around the government radio station for several days.

The firing started when artillery commanded by Gen. Kouprasith, Vientiane governor who heads forces of the High Command, opened up on Syssic's troops, believed brought up to the capital by Gen. Kham Khong, rebellious commander of Laos' Second Military District.

Both Gen. Kham Khong and Col. Syssic are known to be close allies of Nosavan, one-time Laotian strong man, whom the Phouma government charged was trying to make a comeback.

Strife among Communist, neutralist and rightist factions has plagued the tiny but strategic Southeast Asia kingdom since it became independent in 1949.

The fighting came just two days after the apparent failure of a coup by a group of young army officers headed by Syssic. At that time, Souvanna Phouma issued a statement calling the entire incident a misunderstanding.

WEATHER

FEDERAL FORECAST — WINONA AND VICINITY — Mostly fair and continued cold tonight with low of 10-18 below. Mostly fair and not so cold Thursday, high 10 above.

Official observations for the 24 hours ending at 12 m. today: Maximum, 3; minimum, -14; noon, 3; precipitation, none.

King Still in Jail

1,300 Negroes Seized in Selma

SELMA, Ala. (AP) — Negroes chanting "freedom, freedom," promised new court action in their right-to-vote struggle and vowed to continue protest marches today despite mass arrests.

With Dr. Martin Luther King Jr. still in jail, other leaders took command of the voter registration campaign and called for more volunteers for street demonstrations.

City police and sheriff's deputies arrested 505 Negroes Tuesday, most of them teenagers who stayed out of school to join the growing protest. It brought to almost 1,300 the number taken into custody this week and to more than 1,600 the total since the campaign started 16 days ago.

Negro attorneys said they would ask a federal judge today to order the Dallas County Board of Registrars to meet more often and stay in session longer each day to give prospective Negro voters more time to apply for registration.

The lawyers said they also would petition U.S. Dist. Judge Daniel H. Thomas in Mobile for an injunction to prohibit city police from arresting Negroes participating in right-to-vote marches.

Thomas has issued a similar restraining order against Sheriff James G. Clark and his deputies.

The Negro attorneys said they would ask Judge Thomas to order the voter registration board to open eight hours a day, six

SHERIFF PRODS MARCHER . . . Dallas County Sheriff Jim Clark, left, uses his nightstick to prod one of several Negroes who marched into the courthouse at Selma, Ala., seeking to seek the head voter registrar.

Clark told the Negroes that the board of registrars was not in session. The Negroes were arrested when they failed to disperse. (AP Photofax)

DEAR ABBY:

Better Check This One Out

By ABIGAIL VAN BUREN

DEAR ABBY: A woman with a nice-sounding voice telephoned me and asked if I had a daughter by the name of — let's call her "Marcia." I said yes I had. Then she said that if Marcia did not leave her son alone there was going to be trouble. She said her son is a married man with a family, and Marcia is running after him. The two work together, it seems, and this woman said everyone at work is talking and it could cost her son his job.

I asked my daughter about it and she said the man was 42 years old, had been divorced for two years, and that his mother had been dead a long time. She told me not to pay any attention to the telephone call, but I can't help worrying about it. My daughter is 33 (divorced) and has her own apartment. What would you do in my place?

A WORRIED MOTHER

DEAR MOTHER: You warned your daughter, which is all you can do. If anything is to be done, your daughter must do it. She would be wise to check further on the man to find out if his marriage is "dead" and his mother is living.

DEAR ABBY: What makes people, who can ill afford to spend the money, pick up a telephone and make a long-distance call that comes to 15 or 20 dollars, when they can write a letter for only a few cents? We know many people like that.

DEAR IRRITATED: And so does everyone else. Some folks, of course, are just too lazy to write. But I suspect that the majority of the "I'd-rather-call-than-write" breed are unable to write an adequate letter. I am not knocking the long-distance telephone, but more people had better learn to spell and write correctly, and attempt to express themselves with the written word, or the art of letter writing will eventually be lost.

DEAR ABBY: This is for the woman who wrote that her nery neighbor had the habit of walking into her home without knocking. I once had a neighbor who did the same thing. We were living in the tropics, and my husband, who was a pilot, had just come home from a particularly long and grueling flight. As he walked into the kitchen, he said, "Honey, I'm so hot and dirty, I'm going to shuck my clothes right here." And he did just that.

Only seconds later, my neighbor came bursting through my back door without knocking. Well, I don't recommend this method to everyone who wants to cure a nery neighbor of not knocking, but it certainly cured mine.

MRS. S. P. P.; CHARLESTON, S. C.

CONFIDENTIAL TO "SKEPTIC" IN GLENDALE: Freedom is fragile. Handle with Prayer.

Ford Earnings At New High

DETROIT (AP) — Ford Motor Co. reported Tuesday its sales and profits hit new highs in 1964.

Ford thus became the second of the major auto makers to report business was great last year. General Motors Corp. announced last Thursday its 1964 business hit a new high.

For the fourth quarter ended Dec. 31, both sales and after tax profits were lower than a year earlier. Sales for the fourth quarter declined to \$2.543 billion

from \$2.544 billion. After-tax net profits declined to \$101.9 million, or 91 cents a share, compared with \$141.6 million or \$1.28 a share.

Ford's worldwide employment in 1964 averaged 336,841 men and women, compared with 316,568 in 1962.

On a production basis, worldwide sales of cars, trucks and tractors built at Ford plants totaled 3,952,727 vehicles last year, against 3,692,294 in 1963.

If you've switched from cream to milk in your coffee (for weight-watching purposes) you might enjoy heating the milk, French fashion, before adding it to the coffee. If the coffee is really strong, you can add a fair portion of milk.

Durand Debaters 6-4 in Final of Regular Season

DURAND, Wis. (Special) — The Durand varsity debate team ended the regular season compiling a 6-4 record in the two-day annual debate tournament sponsored by St. Olaf College, Northfield, Minn.

Each Durand unit won three and lost two. The affirmatives, Mary Shaffer and Jackie Buchholtz, defeated teams from Decorah, Iowa, Ononoco and Fertile, Minn., and lost to Bloomington and De La Salle. Gary Weckin and John Hess of the negative unit defeated teams from White Bear Lake, Fergus Falls and St. Paul Harding and lost to Chippewa Falls McDonnell and Rochester John Marshall.

In addition to five rounds of debate, the squad participated in forensics, John in extemporaneous, Jackie in oratory, and Gary in radio broadcasting. John led the Durand debaters in points with 62. Each of the others finished with 61.

On Feb. 13 Durand debaters will enter sectional debate competition at Chippewa Falls McDonnell as they try for a return trip to the state tournament at Madison Feb. 27-28.

Keating Plans Return to Law

ROCHESTER, N.Y. (AP) — Former Sen. Kenneth B. Keating, defeated in his bid for reelection last November by Democrat Robert F. Kennedy, says he has "pretty much decided" to return to law practice.

Keating said Tuesday he was considering offers to join law firms in New York, Washington and Rochester, his home city, and expects to make a decision "before very long."

Windsors Back In France

LE HAVRE, France (AP) — The Duke and Duchess of Windsor arrived in France today following a transatlantic trip aboard the liner United States.

The 70-year-old former British king, who recently underwent surgery to correct a circulatory defect, said he felt fine.

He appeared to have gained some weight during the voyage and was in fine spirits. The couple left Le Havre by boat train for Paris.

To Banking School

Kenneth P. Nelson, assistant cashier of First National Bank of Winona, will attend the national installment credit school Sunday through Feb. 19 at the Center for Continuing Education, University of Chicago. Nelson is one of 195 bankers who will attend the two-week session of the school, which is cosponsored by the University of Chicago and the American Bankers Association.

Farmer Found Dead in Field

GARDNER, N.D. (AP) — A farmer was found dead in a field about one mile from his home Tuesday, the victim of sub-zero cold.

Lowell Stirling, 49, was found by his mother, Mrs. Robert Stirling.

Dr. Eleanor Crim, deputy coroner, said the death apparently was caused by exposure.

Mrs. Stirling told authorities her son had driven Monday night to Gardner, in eastern North Dakota, some three miles

from their farm, and failed to return. A deputy sheriff said Stirling left the town about 11:45 p.m. Monday night. His stalled pickup truck was on a road a mile from the farm.

Jenkins Resigns Air Commission

WASHINGTON (AP) — Walter Jenkins, former White

House aide and long-time friend of President Johnson, has resigned his commission as a colonel in the Air Force Reserve. Jenkins was asked to resign his White House post last fall after disclosure that he had been arrested twice on moral charges. An Air Force spokesman said Tuesday the resignation was accepted by the Air Force Monday.

Board Session Ends Without Action on Tax

The household goods tax died a quiet death — at least for the time being — when the Winona County Board of Commissioners adjourned Tuesday without considering its reinstatement.

The question of whether to re-establish the tax in Winona County was never discussed by the board after approximately 35 persons — most of them opponents of the move — appeared at the board's Monday afternoon session.

DURING THE ensuing hour, the tax — dropped here in 1960 after the 1959 legislature gave counties authority to do so at their option — was denounced as unfair and burdensome. Its reinstatement would drive boat-owners from

Winona County harbors, the tax's foes contended.

The proposal that the tax be levied again here came from a delegation of township officers, who turned up — 30 strong — at the board's January meeting. Although there was sentiment on the board toward reinstating the tax at the January meeting, Commissioners Len J. Merchlewitz and Leo R. Borkowski urged that a decision be postponed until this month's meeting, thus giving opponents of the measure an opportunity to be heard.

MONDAY afternoon, the commissioners told those who came to oppose or support the tax that the board would reach a decision before the end of this month's meeting. Apparently, then, the board's failure to act amounts to a tacit decision to maintain the status quo.

According to a resolution adopted at its annual meeting Saturday, however, the Winona County Township Officers Association is committed to supporting reinstatement of the tax in this county.

Thirty of Minnesota's 87 counties have taken the 1959 legislature's option and have dropped the tax on household goods.

Board to Hear St. Stanislaus Zoning Requests

Variances to permit erection of new school buildings will be requested by St. Stanislaus Church at the Board of Zoning Appeals meeting Thursday at 7:30 p.m.

Planned by the parish are two one-story buildings, facing 5th Street and flanking an existing school structure. Site of the proposed construction is in the block bounded by 4th, 5th, Carmona and Zumbro streets.

The church is asking a variance of the 25-foot setback rule in order to place the building fronts approximately at the sidewalk line. Two houses, on the Zumbro Street side at 5th Street, are being dismantled to make way for the planned building. A three-story school building at Carmona and 5th also will be razed when the present school term closes.

Side clearances of eight to nine feet on Zumbro and Carmona are planned, making it necessary to apply for variances of side lot regulations.

Vacation of a 50-foot alley segment on the east side of the block was ordered Monday night by the City Council at the parish's request.

Trempealeau Roll

TREMPEALEAU, Wis.—Seven students attained the A honor roll at the conclusion of the second nine-week session at Trempealeau High School, Ben Campa, principal, said. They are Tracie Delaney and Judy Steyer, seniors; Lester Ryder, sophomore, and Robert Hovell, James Nehring, Peggy Wood and Steve Johnson, freshmen. Thirty-nine made the B roll.

NO FEES FOR OFFICERS?

Commissioners Ask For \$800 Pay Hike

By GEORGE McCORMICK
Daily News Staff Writer

Legislation raising the pay of its members and authorizing a salary system for county officials was requested in separate resolutions passed Tuesday by the Winona County Board of Commissioners.

Copies of the resolutions will be sent to State Sen. Roger LaFollette, Rep. Frank Theis and Rep. Donald McLeod. They are being asked to obtain legislation needed to bring about the two moves here.

THE COMMISSIONERS are seeking authorization to raise

their salaries from \$2,750 a year to \$3,600 a year — a rise of \$800. Special legislative action is needed because all counties in the state now operate under a pattern which sets commissioners' salaries according to the population or valuation of the county. Winona County's rate is based on its population.

The second piece of legislation requested would end the fee system under which five county officials operate now. It would authorize the board to set

salaries for the officials, to determine the number of clerks and deputies assigned to an office and to set salaries for them and to pay premiums for any bonds needed by these officials or their clerks or deputies.

MINIMUM ANNUAL salaries would be \$7,500 for the auditor, clerk of court, register of deeds and treasurer and \$9,500 for the sheriff. The board would be free to pay more than these minimum rates, however. Any fees collected by the officers under the new system would be turned over to the county.

Effective date of the new system is to be Jan. 2, 1967, if the Legislature does what the board is asking. No change could be made until the end of the present terms of these officers; the terms have two years to run.

The new system would leave only one man in the courthouse still receiving fees. He would be Donald Blake, court reporter, who is authorized by statute to receive fees for making transcripts of trials. This work is done outside his regular hours.

Blake, however, is not a county employee in the sense that the others are. He is an employee of the 3rd Judicial District, and his salary is paid by each of the 11 counties in the district.

THE BOARD received and filed annual statements of fees, expenses and salaries, submitted by a group of county officials that included commissioners.

Sheriff George Fort, who received \$17,753.22 in fees in addition to his \$5,500 salary, grossed \$23,253.22 in 1964. After deducting \$9,709.87 in expenses, however, his net income was \$13,543.35.

Clerk of Court Joseph C. Page was paid a salary of \$4,100 and \$11,249.35 in fees, making his total income \$15,349.35.

Other incomes reported by officials Tuesday were as follows: Auditor Richard Schoonover, \$8,600 salary, \$4,041 in fees, \$12,641.32 total. Treasurer Teresa Curbow, \$7,500 salary, \$917.50 in fees, \$8,417.50 total.

Superintendent of Schools Jesse B. Jestus, \$9,699.96 salary, \$463.85 mileage and expenses, \$10,163.81 total.

Surveyor James Kleinschmidt, no salary and no fees or expenses.

Attorney S. A. Sawyer, \$9,000 salary, no fees.

Court Commissioner Loren Torgerson, \$47.50 salary, no fees.

Judge of Probate Court E. D. Libera, \$14,500 salary, no fees.

Register of Deeds Rollie Tust, no salary, \$11,045.55 in fees.

COMMISSIONERS reported the following incomes from the county in 1964:

Len J. Merchlewitz, 1st District, \$2,750 salary, \$629.56 in fees and expenses, \$3,379.56 total.

Leo R. Borkowski, 2nd District, \$2,750 salary, \$533.10 in fees and expenses, \$3,283.10 total.

Adolph Spitzer, 3rd District, \$2,750 salary, \$1,120.52 in fees and expenses, \$3,870.52 total.

Carl O. Peterson, 4th District, \$2,750 salary, \$713.96 in fees and expenses, \$3,463.96 total.

James Papenfuss, 5th District, \$2,750 salary, \$760.64 in fees and expenses, \$3,510.64 total.

If the new salary system for county officials now receiving fees goes into effect, the status of the county commissioners will presumably be unchanged, and they will continue to receive expenses and per diem for county business.

Bohr Continues On Stand in District Court

By TERRY BORMANN
Daily News Staff Writer

Plaintiff V. A. Bohr completed a second full day of testimony this morning in District Court — with more to come, including cross-examination.

Bohr, formerly of Lewiston, now living in Scottsdale, Ariz., apparently has neared the close of his painstaking summary of the present condition of equipment he leased to King Gas & Fertilizer Co., Lewiston, five years ago.

THE LEASE expired Dec. 31, 1964, and Bohr alleges a breach of warranty by King Gas, in that they allowed the leased fertilizer equipment to seriously deteriorate. His testimony has detailed this alleged damage.

Answering questions put by his attorney, William A. Lindquist, Bohr testified about six fertilizer fertilizer applicators (the testified about six others Tuesday afternoon), 13 liquid fertilizer storage tanks and the ordinary maintenance given to these items.

Bohr said that of 13 fertilizer storage tanks he leased to King Gas in 1959, only three were returned in usable condition. The average life of one of these storage tanks is 10 to 12 years, Bohr testified.

The Lewiston man said that some of the tanks were new when leased but that others had been in use for some years.

CONCERNING six applicators at a plant outside Rochester, Bohr said today that all six needed to be sandblasted and repainted, most were missing a hydraulic lift-jack, pumps needed repair and filler valves on the attached tanks were rusty.

Bohr testified that applicators are normally kept clean and in good repair through yearly check-ups conducted at the end of the fertilizer season in August or early fall.

Paint is kept fresh and moving parts must be kept lubricated, Bohr said, because breakdowns cannot be tolerated once the short fertilizer season begins in late spring.

With good care, an applicator will last more than 30 years, Bohr said. However, he added that knives, hoses, pumps and wheel bearings on applicators are subject to wear and replacement during that period.

A KNIFE will last from one-half to a full four-month season, Bohr said. The rubber hoses will last from one-half year to three or four years, with proper care, he added.

The applicator pump usually must be repaired once a year, wheel bearings can last indefinitely, filler valves should last 20 to 30 years with proper maintenance, tanks should last 30 years and four-ply tires may last around eight years.

Bohr testified that he had turned over all of the leased equipment to King Gas "in good working order" in 1959.

None of the damages he listed had existed before the beginning of the lease, he maintained.

The strain of non-stop testimony told a little on Bohr today. His memory failed him on one or two points, and even his notes seemed to puzzle him on occasion.

KEEPING TRACK of the voluminous testimony and the 109 exhibits was not easy for Judge

(Continued on Page 18, Col. 4)

CROSS-EXAMINATION

Some Garbage Becomes Adulterated With Trash

Nothing but pure garbage will be picked up in the city's weekly collection, the health department said in effect today.

The department was taking a dim view of a growing tendency among householders to adulterate wrapped garbage packages with tin cans and other contraband refuse.

Its curiosity recently aroused by the growing volume of packages deposited in garbage cans, the department undertook an investigation. In a cross-section (pew!) of garbage bundles they found "excessive" quantities of papers and magazines and a wide variety of slyly-inserted trash.

The city's contract requires the collector to pick up wrapped garbage only, the department says. This includes food wastes only. Paper milk cartons and cheese containers are permitted, but junk is another matter, says the department. Trash disposal is the individual's own responsibility, under the current arrangement.

Some individuals, thinking collectors missed them, have called the health department to ask for pickups. In some cases, said Roy Vose, sanitary inspector, these have been deliberately skipped because of unauthorized types of refuse present in garbage cans.

Damage \$725 In Collision

A two-car collision at 4th and Lafayette streets Tuesday at 12:25 p.m. caused \$725 damage to the vehicles.

Lina M. Farr, Minnesota City, was driving west out of the alley between 3rd and 4th streets when she collided with a car driven south on Lafayette Street by Dean V. Skadsen, 18, Spring Grove, Minn.

Damage was \$475 to the right side of the Farr vehicle and \$250 to the left side of the Skadsen car. Patrolman Willis H. Wogan investigated.

State to Boost Tourist Promotion

ST. PAUL (AP) — Minnesota will expand its tourist and travel promotion program this winter with appearances at nine shows, including one in Canada.

William F. Farrell, state commissioner of business development, said a Minnesota booth will be set up at the sports show in Winnipeg April 14 to 17, the first such showing north of the border.

Another new stop on the winter travel show circuit will be Cincinnati Feb. 24 to 26, where Minnesota will participate in the Northern Great Lakes Area Council exhibit.

Other Minnesota state exhibits will be at Kansas City, two shows in Chicago, St. Louis, Dallas, Des Moines and Minneapolis.

Drop of Water Starts a Fire

MADISON, Wis. (AP)—A drop of water started a fire in a Madison garage Tuesday. Firemen said the drop from a ceiling hit a hot light bulb used by a mechanic working on a car, exploded and ignited oil and gasoline in a pan under the car. The car was not damaged.

Commissioners Check Courthouse for Space

Where to put expanding county offices in a courthouse that stubbornly refuses to grow any larger was the problem facing the Winona County Board of Commissioners Tuesday.

As yet, the problem is unresolved.

It came up Tuesday when Rollie Tust, register of deeds, reported to the commissioners on his findings regarding the durability of microfilm.

THIS QUESTION was raised in December, when Winona County Abstract Co., Inc., proposed to furnish microfilmed copies of documents for the register of deeds for \$185 a month. Tust then said he questioned whether these copies would be permanent, and the board postponed making a decision until Tust could determine whether the copies would last.

He said Tuesday that while there is some evidence to indicate that microfilm might deteriorate in time, registers of deeds in Olmsted and Carlton counties have begun using microfilming. These registers would not have adopted a system unless it was reasonably sure to be safe, Tust said.

Advantages to using microfilm are that it is cheaper (6 to 9 cents a copy, instead of the 40 cents it now costs to make a photostatic copy of a document) and takes less space than do other copies, Tust said.

HE LEFT IT to the county board to decide whether microfilm should be used here and, if so, whether the abstract firm's offer should be taken. An alternative, it was suggested, would be for the county to buy its own microfilming equipment.

Whatever the board decides to do in this respect, however, it would have to do something to provide him with more office space, Tust said.

His situation is complicated not only by the amount of records he is obliged to keep, but also by his being required by law to give the abstract company access to his records and a reasonable amount of working space. Moreover, records must be kept in his office, even when abstract company employees are using them.

The board decided informally Tuesday that the best way to

give Tust the space he needs would be to move Jesse B. Jestus, county superintendent of schools, out of his adjoining office.

THIS, HOWEVER, raised three questions:

- Where could Jestus be given office space?
- Would it be possible to cut a doorway through the three-foot-thick wall now separating Jestus' office from Tust's?
- If the doorway could be cut, how much would it cost?

The commissioners toured the courthouse Tuesday in an effort to answer the first question, but reached no decision.

LATER, THEY took another tour, this time of the court area on the building's second floor. District Judge Arnold Hatfield pointed out some changes he would like made in the room arrangement there.

One other piece of business was left undone by the board Tuesday, and action on it will probably have to be taken after this week's Welfare Board meeting. It is the naming of three candidates to fill the Welfare Board post now held by Roy Swelt, Dakota. His term expires in July.

Tonight Expected To End Cold Blast

Cold tonight, but not so cold Thursday is the good news from the weatherman today after a week of bitter weather.

For the eighth consecutive day the temperature was below the zero mark in Winona this morning, the official thermometer registering —14 for the overnight low.

Starting with Jan. 27, daily minimums have read like this:

Jan. 27	Jan. 31	Feb. 1	Feb. 2	Feb. 3
—6	—15	—7	—21	—14

High Tuesday afternoon was 3 above, the same as today's noon reading.

MOSTLY FAIR and continued cold tonight is the forecast with a predicted low of 10-18 below. Mostly fair and not so cold is the prediction for Thursday with an afternoon high of 10-15 above. Little change is the outlook for Friday.

There also was good news in the extended forecast for the next five days. It predicted temperatures for this area nearer daytime normals of 21-

27 and nighttime lows of 2 below to 7 above. The forecast saw warming trends Thursday and Friday and additional rising temperatures over the weekend.

Little or no precipitation was included in the forecast with the exception of some light snow about Friday and again early next week.

A YEAR AGO today the Winona high was 33 and the low 21 with only a trace of snow on the ground. All-time high for Feb. 3 was 51 in 1928 and the low —23 in 1886. Mean temperature for the past 24 hours was —4. Normal for this time of the year is 17 above.

Although the cold continued in Minnesota overnight, nowhere were temperatures as low as Tuesday morning. International Falls posted a —20 reading for the state's low. Bemidji had —17, Rochester, Duluth and St. Cloud —15.

At La Crosse the morning low was —17, coldest in Wisconsin, after a high of 2 above Tuesday. Fargo, N.D., had a low

of —20 but in Canada, Edmonton hit the bottom of the thermometer with a reading of —34. Light snow was recorded at Alexandria, International Falls and Redwood Falls in Minnesota and at Minot, N.D.

Other WISCONSIN lows during the night included: Eau Claire 16 below, Wausau 15 below, Green Bay 14 below, Milwaukee airport and Madison 13 below, Racine 12 below, Lone Rock and the Beloit-Rockford area 11 below.

The temperature pushed above zero, temporarily of course, at several state weather stations at mid-day Tuesday. The state high was 4 above at Racine. Lone Rock had 3 above, La Crosse 2, Madison 1, Milwaukee airport and Park Falls zero. The others didn't make it.

Here's how the other half lived: 83 at Miami International Airport and 82 at West Palm Beach, Florida, 71 at Tucson, Arizona, 69 at El Paso, Texas, and 64 at Los Angeles, Calif. Coldest spot in the nation overnight was Aberdeen, South Dakota, where it was 24 below.

Last Deer Return To Latsch Park

An alert police patrol early today captured the last of the deer which were permitted to escape from Latsch Prairie Island deer park Jan. 19.

The entire herd — a buck and eight does — was feeding this morning on the corn and hay provided by Winona Chapter, Izaak Walton League, operators of the deer park — that is, the entire herd with the exception of the doe that was slaughtered.

The deer have been recaptured by baiting the entrance and leaving the gate open. As the deer returned they were put in

a temporary fenced off section and the main gate left open. The committee set up a watch to close the gate when the deer ventured inside it for food.

Early today police, who patrol the park regularly during the night, saw the three last escapees within the entrance gate and quickly shut the gate.

"All remaining nine deer are now back," LeRoy Backus, a member of the deer committee, said, "and we want to thank the police patrol for assistance. The policemen have been very helpful in the recovery of the deer and in our investigations."

Fillmore Board OKs Contracts, Gets Bridge Plea

PRESTON, Minn. (Special)—The Fillmore County Board of Commissioners Tuesday accepted the bids of eight companies for furnishing some 40,000 cubic yards of crushed rock requirements and made arrangements for painting the wood trim on the exterior of the courthouse and the interior.

The board set Feb. 24 at 1:30 p.m. for the sale of 1957 tax forfeited lands.

A PRESTON delegation again asked the board to rebuild South Bridge over the Root River in the village. It is on the south side of town and leads off the square to South Ridge, the swimming pool and hilltop park. Villagers feel a sharp turn to the left from the bridge should be eliminated.

The citizens committee also discussed blacktopping the square around the courthouse in the center of town.

Successful bidders on crushed rock in stock piles or at the crushing plant were: Hadland & Vreeman Construction Co., Spring Valley, \$1.45 per cubic yard; Hector Construction Co., Caledonia, \$1.42; Kappers Construction, Spring Valley, \$1.40; Pederson Bros., Harmony, yellow, \$1.30, and blue, \$1.40; Quarve & Anderson, Rochester, \$1.30; Roverud Construction Co., Spring Grove, \$1.42; Floyd Seegmiller, Decorah, Iowa, \$1.25, and Patterson Quarries, St. Charles, \$1.20.

Eugene Hovelson, Preston, was hired to supervise the courthouse painting job at \$2 an hour, but not to exceed \$100.

Hearing Held on Town of Arcadia Assessment Plan

ARCADIA, Wis. — A hearing was conducted in Arcadia Town Hall Monday afternoon on the petition of Harold Lund and other property owners for a reassessment of all property in the town.

Werner W. Doering, director of the state Department of Taxation, conducted the 1½-hour hearing and will notify Clerk Emil Pierzina when a decision has been made.

Lund was spokesman for the group feeling there are inequalities in assessments. Two or three spoke against reassessment.

Harley Turk, Sparta, district supervisor of assessments, was present. Ralph Weisenberger has been assessor about 15 years. Town residents were informed that real estate in the town is being assessed at 54 percent of the value, which is \$7,271,520. This is the largest municipality in Trempealeau County.

Mother and 6 Children Burn

MAGNOLIA, Miss. (AP) — A mother and her six children burned to death when fire today destroyed their home 15 miles east of here.

The father, Walter Smith, 34, discovered the fire when he arrived home after working the night shift in a factory at nearby McComb.

The children ranged in age from 10 years to 6 months.

The Lewis and Clark Trail winds from the explorers' 1803 camp at Wood River, 15 miles north of St. Louis, northwestward along the Missouri River and across plains and mountains to a fort they built near present-day Astoria, Ore.

It Happened Last Night Knighthood Would Make Liz a Lady

By EARL WILSON

NEW YORK — The gossips in London are conjecturing that Richard Burton will eventually get a knighthood, thus becoming "Sir Richard the Lion-Hearted," making Elizabeth Taylor "Her Ladyship," or "The Lady That's Known as Liz." Lady Liz and Princess Grace could, if they set their minds to it, give European royalty some zip.

The Beatles, invading the U. S. in August, will appear in N. Y. at Shea Stadium. (T h e y couldn't find any place big?)

Jimmy Durante, Eddie Jackson, Sonny King and Jack Roth — and two clever girls — Diane Hall and Annita Ray — opened at the Copacabana in the greatest show there in months. Jimmy played a lot of his show toward his best audience, Peter Lawford, who kept saying from the ringside, "I love the guy, I love him." Jimmy still plays money with the chorus girls, saying, "I want you to open a charge account at Klein's," and telling his oldies such as "I put a lead dollar in the slot machine and whattayuh tink come out — THE MANAGUH!" Such exquisite use is made of the exquisitely beautiful chorus girls that this is perhaps the best Durante show we'll ever see.

FACT IS, a lot of beautiful customers were there, like gorgeous blond German model-actress Louise Meyer, who's trying to write a play, and will do so just as soon as she can find where to get one of those poetic licenses that very playwright seems to use.

The B.W. and I went to Miami Beach to see Frank Sinatra and Joe E. Lewis open at the Eden Roc. Toots Shor sent them a wire, "You're the greatest team since Haig & Haig." During Frank's NY visit,

he ate a couple of times at Al Green's, 56th & 6th, which boasts, "Every morsel a little bite of Heaven."

BILL HOLDEN, without his lovely Capucine, joined his pal Bob Strauss banging the bongo drums and singing at the African Room, while Bill's date, Betty Furness, applauded. Holden told friends he's got "complications." Judy Garland rented a town house here. Lee Remick's a candidate to do "Who's Afraid of Virginia Woolf?" The Bostella, the crazy dance where everybody falls down on top of everybody, gets launched officially by "Killer Joe" Piro, Luci Baines Johnson's dancing tutor, at Basin St. E. tonight. We're having a "prettiest hatchick contest" — our first nominee is lovely brunette Vicky Howard of the Americana Royal Box, who's from the Bronx.

The Disc Au-Go-Go, newest discotheque, a duplex operated by Norma Mathews and Pat Paterno, has a 2d floor glass cage with gals in black fringed bikinis twisting while guys ogle them from the first floor below. As it did in Hollywood, this gaze-up-at-the-gals gimmick should panic the town.

TODAY'S BEST LAUGH: A fellow noted that his two sons have grown up: "The Cub Scout became a Boy Scout, and the Boy Scout became a girl scout."

WISH I'D SAID THAT: There's a local teen-age delinquent who's a failure at everything. For instance, he steals hubcaps off Edsels.

REMEMBERED QUOTE: "The use of a university is to make young gentlemen as unlike their fathers as possible." — Woodrow Wilson.

EARL'S PEARLS: Jack Minster, director of "Boeing, Boeing," says too many talented people want to get into the theater. "Many of them wouldn't even make a good audience."

"LBJ's throat ailment had many people worried," reports Ray Rieves. "In fact, I haven't seen so much concern since Ringo had his tonsils removed." ... That's earl, brother.

Fishing Good
White woodsmoke curling out of the pipe of nearly every fishing shack on Spring Lake, Buffalo City, Wis., over the weekend testified that winter fishermen were catching good strings of panfish. Nearly every fishing shack on the slough was occupied despite the near 20 below temperature.

"The cold part," one fisherman, with his coat off, seated in his shirt sleeves, told us, "is when you first come before you get the fire going. After that it's just as comfortable as at home in your living room."

"When the fish bite you soon forget the cold," another comfortable fisherman told us. He had a fine catch of bluegills lying on the floor of his house. The woodstove had a red glow.

Shack fishing has been remarkably good this winter. Stanley Apel, Buffalo County warden, who was checking fishermen on Spring Lake Sunday said, "Nearly everyone has fish today. Fishing has stood up since the beginning of ice fishing this winter. It usually slumps off when it gets cold."

There are 30 inches of ice now on most sloughs and cars are being driven everywhere. There is a good foot of snow gener-

ally, and where it has blown there are a lot of deep drifts. It is tough going for deer. There are lots of deer tracks in the new snow along the shorelines and on the islands.

The deer tracks in the above picture through an undergrowth of conifer show the depth of the snow in the woods. It is tough going for all wildlife. There is little natural food showing above the foot or more deep snow.

Early Birds
Two early spring or late winter bird migrants visited the battery of bird feeders around Stanley Apel's home in Buffalo City during the present cold spell, he reports.

"A horned lark and a mourning dove came in for some corn Monday morning. This is the earliest I have seen those two birds," he said. Normally 12 species visit the feeders regularly, under present weather conditions. There is a lot of good cover for wintering birds in Buffalo City. Extensive feeding is carried on by the residents there.

Weed Talks
Dr. O. Hale Fletcher, professor of field crops, University of Missouri, one of the top authorities on pesticides in the control of weeds, will give two talks at Winona State College Feb. 8

By Jimmie Hatlo

I'd like to suggest that being an expert these days is almost a must. And there's a good chance that you're on the way towards being one, unless of course you already are.

For example, shoveling dirt seems simple enough for anyone of normal ability to master. Yet, I was surprised to learn that an expert at the task can throw more dirt than the amateur. Seems some men were doing just that — throwing dirt, and one fellow was considerably better at it than the rest.

No, he didn't work faster. He just eliminated one complete, time-consuming action, and in the over-all effort, he worked less and accomplished more. The next time you are shoveling dirt, grain, or what have you, watch yourself. You will probably put in the shovel, lift it up, settle the load by a little up and down motion, and then throw the load. It's that little up and down motion to supposedly settle the load that makes the difference. It's not necessary, and if eliminated, in a matter of time, you will move more of whatever you're shoveling and conserve energy at the same time. My point is, that whatever your task, there is very likely a better way to do it.

THE EXPERT is one that is very skillful, having much training and knowledge in some special field. Training you have. When one works eight to ten hours a day, he's getting practice or training, if you please. But that isn't enough. To be an expert, one needs knowledge. This can sometimes be hard through schooling, but I wager the average man or woman could learn more on his own than what he already knows about his task in life. I think right here is where many a person has settled for the norm. As long as no one complains, he figures he puts in his time and draws his pay, so what's to learn.

I guess the thing to learn is not to be so easily contented with yourself. I once read of a door-to-door soap salesman that ended up owning the factory. Now you can be sure he asked himself some questions about his task in life and learned some answers. That made the difference between door-to-door selling and being the man in the head office.

I CAN'T imagine working at something I didn't like doing. It seems that would be almost as repulsive as trying to eat something that didn't taste good. Yet, often people express unhappiness as they speak of their daily labor.

Being an expert at a task calls for time and effort. Many an unpleasant task can be made pleasant by mastering it — by doing it better — by knowing more about its purpose, what part it plays in an over-all effort. So, what to do?

Ask yourself some searching questions. Talk with people who know more than you about the task. Read all you can find on it. In essence, say to yourself, "If I'm going to practice anything eight hours a day, I'm going to master it. I'll be an expert." And remember, experts are in demand.

Nuclear Ship To Visit Japan

TOKYO (AP) — The U.S. nuclear ship Savannah is expected to visit Japan sometime in May during a cruise of Southeast Asia, the newspaper Tokyo Shimbun said today.

Another U.S. nuclear ship, the submarine Searadon, is currently in Sasebo, southern Japan. Left-wing groups there have staged protest demonstrations.

Go-Slow Sign On Banking System Probe

WASHINGTON (AP) — Chairman A. Lilius Robertson hoisted a go-slow signal today on a proposed broad-scale investigation of the national banking system by his Senate Banking Committee.

The Virginia Democrat said in an interview he intends to wait on reports from the Federal Deposit Insurance Corporation and the comptroller of the currency on the failure of the San Francisco National Bank before acting further.

He said he had received reports of "irregularities" and "we want to know the facts."

Sen. Frank J. Lausche, D-Ohio, proposed in the Senate Tuesday a sweeping inquiry into banking practices as a result of the closing of the San Francisco bank.

Sen. Wallace Bennett, R-Utah, followed this with a statement predicting that the banking committee will call Comptroller of the Currency James J. Saxon as a witness.

"We should take a careful look at charges being made in some quarters that bank charters throughout the country

lately have been handed out as Democratic administration favors," he said.

But Bennett said any investigation ought to be delayed "to give federal regulatory agencies and the Justice Department time to complete their looks at the bank failures."

"This also will give time for the dust to settle and to insure that the committee's efforts will not shake public confidence in banks."

Private Pensions Big Business

WASHINGTON (AP)—Private pension plans have become big business, a presidential committee said here and they cost the federal government about a billion dollars a year in special tax concessions.

But the committee, headed by Secretary of Labor W. Willard Wirtz, recommended continued government encouragement of private retirement plans because "they represent a major element in the economic security of millions of American workers and their families."

Thus, they have an important role in public policy, the committee said.

The report said total investments in private retirement funds increased from \$12 billion in 1950 to more than \$75 billion now and are expected to soar to \$225 billion by 1980.

The report, the first of its kind on pension plans and their relationship to public policy, said private retirement plans now cover about 25 million workers and pay out about \$2.75 billion a year to nearly 2.5 million beneficiaries.

While recommending continued tax concessions that give a special break to private pension plans, the committee recommended a tightening of the law to prevent abuses and assure financial responsibility.

Other recommendations of the committee included one to assure that a worker will not lose his benefits if he leaves his place of employment. This could be done by refunding pension contributions in cash or leaving them in the fund for retirement benefits later.

Another recommendation was for a study of "portable" pensions, under which a worker transferring to another job could bring his accrued pension benefits with him without any loss.

In its recommendations aimed at insuring financial soundness of pension plans, the committee said uninsured pension funds now invest half their new money in common stocks. It recommended a ceiling of around 10 per cent on the amount of pension funds that could be invested in the stock of the employer company or its affiliates.

The committee also recommended a change in tax laws that now treat lump sum payment of retirement benefits as long-term capital gains. One method would be "an appropriate averaging device which takes into account the individual's future income status," the committee said.

Ford, Winner Of 4 Oscars, Seeks Another

By BOB THOMAS

HOLLYWOOD (AP) — John Ford only film director to win four Oscars, marked his 70th birthday in his usual style — gruff but sentimental.

The creator of movie classics spent Monday as he has most of his 50 years in films — hard at work. The only interruption was a luncheon tendered him by executives at MGM, where he is preparing his next film.

"Tendered" is the proper word; they were so concerned that he would object to the luncheon that they planned no cake and no speeches. But Ford, a Navy admiral who runs a taut set, was pleased by the observance.

"It has been a delightful day," he said afterward. "The lunch was charming, and I have had phone calls or telegrams from nearly everyone I know."

Ford also displayed his vigor at 70 by taking a swim in his Bel Air pool.

"I can still lick anyone around," he blustered. He is back up to 175 pounds after dropping to 140 in a double pneumonia attack that made

him abandon direction of "Young Cassidy," the story of Sean O'Casey's early years which he was filming in Ireland last year.

He is eager to get started on his next film, "Seven Women." It is a tale of China before the Communist takeover and stars Patricia Neal, Margaret Leighton, Sue Lyon, Flora Robson, Betty Field, Mildred Dunnock and Anna Lee, with Eddie Albert in a brief role.

"People have been asking me what the hell I'm doing directing a bunch of women when I'm supposed to be a man's director," Ford said. "Well, I like to switch around. They say I'm a director of Westerns, and yet the best ones — or at least the award winners — haven't been Westerns at all."

He referred to his Oscar winners: "The Informer," 1935; "The Grapes of Wrath," 1940; "How Green Was My Valley," 1941; "The Quiet Man," 1952.

Buffalo Valley Meeting Slated For Next Monday

COCHRANE, Wis. — The annual meeting of Buffalo Valley, Inc., will be held at the Cochrane Grade School Annex here Monday at 8 p.m., according to O. J. Sohrweide, secretary. Officers will be elected. All members of this nonprofit group working on the Buffalo Valley recreation project and others interested were invited.

Want a special first course for a small company dinner? Serve tiny buckwheat pancakes filled with sour cream and topped with red caviar.

High Profits Good News For All Who Hold Jobs

THE FIGURES ARE in, and it seems that American corporations earned a record profit of \$32 billion last year. This is good news for everyone, whether he knows it or not.

It is good news for stockholders, who received dividends of \$22 billion. It is good news for the Treasury, which taxed the profits and which taxed them again as dividends.

It is good news for those who hold jobs in business, because profits make jobs more secure. Anyone whose security is tied to insurance, private pension funds and such can feel good, because a large part of the dividends paid went into such institutions.

BUSINESS invested ten billion of their earnings rather than paying them out to stockholders. The results of this will be many. New plants and stores will spring up around the land, offering new job opportunities and more pleasant working conditions. New products will be offered, making life easier, more rewarding or more healthful.

This high level of re-investment indicates business confidence in the economy, and it also assures business activity as the money is spent on construction and other job-producing activity.

Ten billion dollars seems like a lot of money, but it wasn't nearly enough to finance all the expansion business planned to do. So additional billions in depreciation write-offs were re-invested. And corporations borrowed from banks, insurance companies and other sources to pay for even more growth.

THE CONTINUATION of high profits and business confidence are necessary elements in our future economic growth, and offer the greatest promise for reducing our remaining backlog of unemployment.

No Quick or Easy Solution in Sight

ENROLLMENTS AT St. Cloud State College now have reached 5,242 for the current winter quarter, which is an all-time peak. Ten years ago — back in 1954 — the college had 1,964 on-campus students.

Five years hence, the St. Cloud State College will have 8,000, according to conservative estimates. It already is the third largest educational institution in Minnesota. And as our population continues to grow with more and more young people seeking educations, from kindergarten through college, the need increases apace for adequate facilities, both in buildings and in faculties.

These needs cost important money, and indeed the demands of education at all levels reflect the size of the budget which the legislature now is forced to consider. Schools presently comprise the largest single spending item in the state.

TOO MANY young folks? We can hardly take that view since every child, in the accepted American tradition, is entitled to educational opportunity. We now provide that without question for youngsters from kindergartens through high school. We have been striving to accept them into our colleges — state and private — as well. The biggest pinch presently is at the college level where booming enrollments have created a real problem.

Some colleges, to help solve the problem, have raised standards of admission to eliminate students of doubtful college caliber. Some others have raised their tuition costs, a less desirable step from many points of view. A third alternative, and one we hope will not have to come, is simply to accept a maximum enrollment, and then close the doors to all others. That would be the ultimate in both hardship and shortsightedness.

ADD TO ACUTE needs for additional building space the also imperative need adequately to reward our faculties so that they are not drained away to competing institutions in other states, and the whole situation is put into sharp perspective, with dollar signs all over the place.

No quick nor easy solution is in sight, but one will have to come. — St. Cloud Daily Times.

Thieves stole 27 cases of Beatles records from a Seattle warehouse. In some quarters there's talk of giving them a medal if they'll come forward.

Be strong and courageous, be not afraid nor dismayed . . . for there be more with us than with him. — II. Chron. 32:7.

State Budgets At New Highs

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—Record state budgets are front page news almost every day in one section or another of the nation. Often they are linked to plans to raise state taxes.

Taxpayers using lower rates in computing their federal income tax just now may find any savings quickly drained away at the state and local levels.

The total of revenues to be raised through various taxes by the 50 states in 1965 appears headed for a rise of \$3 billion or more in 1965. This would bring it above \$27 billion. It has been growing at an average rate of 8 percent a year since the early 1950s. But in 1964 it rose 20 percent to \$24.2 billion.

AND THIS YEAR some of the states already have presented spending programs up by 35 to 60 percent.

Higher tax rates or new taxes are only one revenue source. For most states much of the year's increased total take will come from prosperity itself. In 1964 economic expansion accounted for about half of the gain in collections.

As consumers spend more this means more sales tax revenues. Incomes of individuals and corporations are up, and those states taxing incomes are benefitting. Property values are rising in many places — and bringing in more for the tax collector.

ALSO THE STATE and local governments increasingly profit from Uncle Sam. Total federal grants at the end of World War II ran around a billion dollars annually. In 1965 they are expected to be about \$10 billion.

The Tax Foundation, a privately financed watchdog of the tax system, says that much of this year's expected record jump in state budgets is due to increases by the largest states.

It says California's proposal will give it a \$4-billion budget, to top all the other states. New York, with a gain of \$500 million, will go to \$3.5 billion. Others the foundation lists include Wisconsin, up 37 percent; New Hampshire, up 52 percent; Wyoming, up 56 percent; and Idaho, with its education spending budget up 60 percent.

The big increases this year are largely concentrated in educational needs, the foundation reports. And it sees this as the likely pattern over the next few years.

IN YEARS GONE BY

Ten Years Ago . . . 1955

Grand opening of a new automobile agency will be held Feb. 11 and 12. The firm, Kropp-Clawson Motors, Inc., is located on 2nd Street. Robert Kropp is president and general manager and Del Clawson is vice president and sales manager.

William S. L. Christensen was elected to his second one-year term as president of the Winona Contracting Construction Employers Association.

Twenty-Five Years Ago . . . 1940

A total of 4,934 stations are now served by the local branch of the Tri-State Telephone & Telegraph Co., the largest in the history of the city.

"Modern Pioneers" dinner was held in Minneapolis in honor of outstanding inventors and research scientists in this area.

Fifty Years Ago . . . 1915

Julius and E. W. Stanke have arranged to go to the Panama Exposition.

Less wood is being brought on the market at present by farmers than there was before the heavy snowfall, as the roads are bad.

Seventy-Five Years Ago . . . 1890

A letter was received by W. H. Yale from the supervising architect of the Treasury enclosing a view of the new government building here.

C. W. Merritt, chairman of the board of trustees of Homer, is in town talking to local men regarding a new wagon road across the lowland at the east end of the city, thus reducing the distance to that city from here.

Frank Rheinberger has returned home from a month's visit at Nauvoo, Ill., and Chicago.

One Hundred Years Ago . . . 1865

It has been a marked characteristic of the present Winona & St. Peter Railroad Co., since its advent here, that it has done all its work and carried on all improvements in a very quiet and unostentatious manner.

Try and Stop Me

By BENNETT CERF

In Pinsk, and ambitious young man called upon a marriage broker and allowed as how he would take unto himself a bride — if the dowry was big enough. "I've got just the girl for you," enthused the broker. "Her name is Olga, and she has a dowry of twenty-five thousand rubles. Unfortunately, she has only one leg." "No," said the young man.

"Aha," smiled the broker. "How about Natalie? A fifty-thousand-ruble dowry, but she can't see or hear." "No," said the young man. "Maybe you'll have Petrushka," urged the broker. "A hundred thousand rubles is her dowry — but I'm sorry to say she's insane." "Absolutely not," said the young man — but then, wistfully, he inquired, "Have you a client, maybe, who has only one leg, can't see or hear, and is insane all at one time?"

The marriage broker nodded sagely, and folded up his list of prospects. "I can't do business with you," he admitted. "You're too much of a dreamer."

At bustling Austin College in Sherman, Texas, I was solemnly informed by a fun-loving senior that the moon is inhabited by a strange-looking race of Furries, and that the leader of said Furries is distinguished by a giant headpiece that looks like an enlarged hypodermic needle. Is it necessary to add that he is known as the Furry with the syringe on top?

'... Then We'll Get Them To Rebuild It Our Way!'

THE WASHINGTON MERRY-GO-ROUND

Pro-Kennedy Attorney General Takes Over

By DREW PEARSON

WASHINGTON — The man chiefly responsible for the appointment of Nicholas Katzenbach as attorney general was Abe Fortas, self-effacing, close friend of President Johnson, who first of all turned down the job himself, later recommended Katzenbach.

Inside fact is that the President moved heaven and earth to persuade Fortas to take the job. Lyndon is one of the great persuaders of all time, and he worked hard on Fortas over a period of weeks.

Fortas, however, argued that if he became attorney general he would be doing double duty — running the Justice Department, also handling all the matters LBJ puts on his shoulders already. It would be back-breaking.

"Besides," he told the President, referring to his wife, "Carol is absolutely opposed. She won't think of my taking on any extra work."

"Well, if Carol says no," replied the President, "I won't try to put myself ahead of her."

Fortas then recommended Nicholas Katzenbach, who has made a competent, workmanlike job as acting attorney general.

WHAT THE public doesn't realize is that the Justice Department has now become the No. 1 political arm of every administration. No longer is the Post Office Department, now largely under civil service, a political office. The political power has veered to the Justice Department, which can decide to prosecute or not to prosecute for income tax evasion; whether to pardon or not to pardon; and whom to appoint as judges, U.S. attorneys, U.S. marshals.

This is why Harry Truman appointed Howard McGrath, chairman of the Democratic National Committee, as attorney general; why Eisenhower appointed Herbert Brownell, former Republican national chairman, as AG; why Kennedy appointed his campaign manager, Brother Bobby, to the same post.

By appointing Katzenbach, however, Johnson has either taken the Justice Department out of politics, or, if it remains in politics, the politics could be pro-Kennedy. For Katzenbach and most of the executives under him are Bobby's men. It's no secret that, for a

long time, Bobby Kennedy had no love for then Vice President Johnson. And, while they are now friends, a poorly concealed, cut-throat campaign is taking place in New York, Wisconsin, and California by Kennedy cohorts to build up political machines which will support either Teddy or Bobby Kennedy, not Hubert Humphrey, for president in 1968 or 1972.

IN WISCONSIN, for instance, an investigator for Ex-Governor John Reynolds, a strong Kennedy supporter, has even been probing the campaign expenses of Vice President Humphrey when he ran against John F. Kennedy in the 1960 primary showdown. This is reaching a long way back to ensnare the vice president, but pro-Kennedy forces are doing it.

In New York, new Sen. Bobby Kennedy has thrown the Democratic organization into turmoil by backing a faction which is undercutting liberal Mayor Robert Wagner. The Democrats, thanks to Johnson's sweeping victory in New York, now control the New York legislature for the first time in 30 years. However, the bitter intra-party battle between Kennedy and Wagner forces has made it almost certain that the Republicans will be back in power at the next election.

In California, the Democratic party is also torn by factional fighting, with Speaker Jesse Unruh, a Kennedy man, undercutting Gov. Pat Brown, now a strong Johnson-Humphrey supporter.

The California Democratic infighting has been so bad that Nixon, now a citizen of New York, belatedly wishes he'd stayed in California. Republican pastures there look greener than New York's.

THE KENNEDY'S are long-range planners. The patriarch of the family, Joseph P. Kennedy, was maneuvering for one of his boys to be the first Catholic president long before politicians-in-the-know, let alone the public, had any idea of it. The Kennedy boys are long-range planners again, right now.

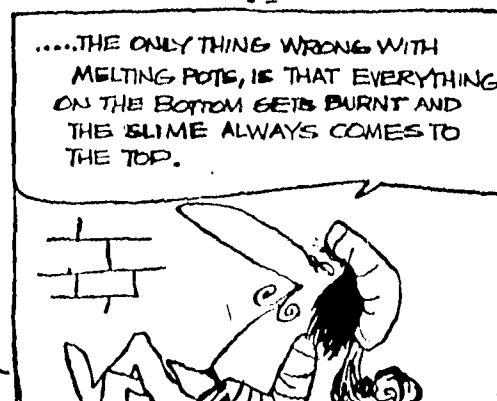

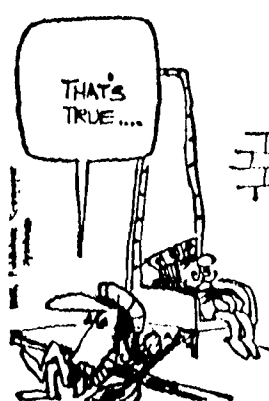

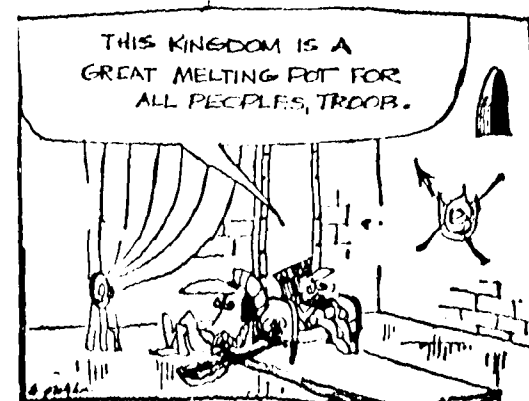

That's why the politicians are scrutinizing the Katzenbach appointment. They know that, as acting attorney general, Katzenbach carefully followed the Bobby Kennedy line. He has continued Bobby's feud with Jimmy Hoffa, even peppering newspapers with lengthy government-paid telegrams to oppose news stories which Justice disagreed. He also followed Bobby's line on I. G. Farben, and on refusal to deport war criminal Andre Artukovic and onetime Nazi friend Nicolae Malaxa.

Letters TO THE EDITOR

(Editor's Note: Letters must be temperate, of reasonable length and signed by the writer. Bona fide names of all letter-writers will be published. No religious, medical or personal controversies are acceptable.)

Are We To Get More Snooepervision?

To the Editor:

Winonans take notice. Three county board members would like to slap you again with the personal property tax on household goods. You got rid of this nuisance tax once before, but a bunch of county squires would like you city slickers to have a little more snooepervision.

So, Winonans, have yourselves a dash of taxation without representation. Somebody's great, great, granddaddies got a mite perturbed about this sort of thing around Bunker Hill, and that's when old King George got himself the first large batch of redistricting.

Fred Leicht
627 Market St.

Sales Tax Fairest To All Involved

To the Editor:

I have just heard Frank Theis' opinion of Governor Rolvaag's proposed budget and would like to state my opinion.

Mr. Theis said that by using the governors' proposed budget the \$4,000 - \$7,000 income group would actually save money, as this way they would only pay an additional \$17 in taxes per year, (for a couple with 2 children) whereas they would pay \$90 out for a sales tax. If this is true, then imagine what those with a larger income (and with a higher ability to pay) could contribute! Then perhaps we wouldn't have to have these tax increases every year. Also our visitors to Minnesota would help pay our taxes as we do theirs.

I have lived where there was a sales tax and before experiencing it, it seemed rather gruesome to me, but after experiencing it, it seems more fair all around. The man that has a new car every year will pay a sales tax on it, if he can't afford the sales tax he couldn't afford the car anyhow. It's much easier to lay out a few pennies here and there day by day than to send in your savings at the end of the year. In time your mind automatically adds the sales tax to the price of things.

Also, I would like to know why the \$4,000 - \$7,000 income group must take the largest increase in income tax. I was always under the impression that we lived in a democracy, where everyone had a voice in the government, but now we see "money talking."

People in the \$4,000 - \$7,000 income group can't afford to play politics, so we have stuffed down our throats a budget the "money man" has set up so he can make more and keep it even after taxes!

If our state is so bad off financially, why did our public-minded legislators DOUBLE their wages? It would be nice if we could do that with ours, then we wouldn't have to take the big tax increase either! It's time they're finding ways to cut expenses instead of adding more. There has to be an end! If these increases keep on, naturally welfare costs will go up, we'll all be on it!

Mrs. Wesley Pierce
Lewiston, Minn.

Says "Right-to-Work" Laws Ineffective

To the Editor:

There is much feeling being generated over so-called "Right-to-work" legislation and the repeal of section 14 B of the Taft Hartley Act. It is a catchy title, used only to hide the real motives of the sponsors of the "Right to Work."

With his letter in the Jan. 31 Daily News Roy E. Voelker of Oskaloosa, Iowa attacks President Johnson's legislative program and the repeal of the "Right to Work." His letter spells

TNT for Labor Unions and farm organizations. The "Right to Work" is punitive, class legislation aimed at the working man and woman. It is a misnomer because it actually denies what it pretends to give, namely, the right to work. It is reactionary because it nullifies all that has been accomplished in our states through the organized labor movement for the mutual benefit of working classes and the stability of industry.

The "Right to Work" is insincere because, while it pretends to guarantee the right to work, it actually frustrates that right, in effect exposing labor to loose security, a decent standard of living and humane working conditions.

It makes a mockery of the constitutional right to organize for the common good and Welfare.

The union shop, in agreement with employers, is the application of the principal that those who enjoy the benefits and advantages resulting from an agreement shall also equally bear the moral and financial responsibilities involved.

To Your Good Health

Coffee Won't Hurt Kidneys

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Can the daily drinking of too much coffee create a kidney ailment? —MRS. A. R.

I thought I answered this question a little while ago, but maybe I didn't make it clear. (And this won't be the first time that somebody has gone back to the doctor and said, "I thought I understood what you said, but I'm not sure.")

Anyway, coffee will not damage the kidneys. Coffee may, in some amounts and for some people, have other unwanted effects, but it won't harm kidneys.

Coffee will, however, act as a diuretic, meaning that it speeds up the removal of fluid from the body; the kidneys act offener.

Naturally the caffeine, which is a stimulant, can cause sleeplessness, or rapid heart beat, or a sensation of nervous tension if you get more of it than conforms to your physical or nervous system. There are perfectly good reasons for not consuming more caffeine than you can handle.

Dear Dr. Molner: I take medicine for high blood pressure. But I have so much dizziness, and have had a couple of falls. I am 70. What can I do about this dizziness? — MRS. G. C.

Some of the medications for reducing blood pressure can cause dizziness, especially if the pressure is reduced too much.

Many older persons actually need a pressure higher than "normal" to meet their physiological needs, and to be comfortable. Hence a regulation of your daily dosage may correct the annoyance of these dizzy spells. There may also be other causes for your dizziness. You should mention this symptom to your doctor.

BEAUTY SALON WEEK . . . Mayor R. K. Ellings makes it official in Winona, when he signs the proclamation for National Beauty Salon Week, Feb. 14-20, as Miss Diana Timson, chairman of the week, looks on. She is a member of the Winona Affiliate of the National Hairdressers and Cosmetologists Association, local sponsors of the week, for which special observances are planned. (Daily News photo)

THE ENGAGEMENT OF MISS Barbara Olson, Faribault, Minn., to Roger Dettle, 476 Lafayette St., son of Mrs. Joseph Dettle, is announced by her parents, Mr. and Mrs. Oscar Olson, Cottonwood, Minn. Miss Olson is a graduate of Cottonwood High School and Augsburg College, Minneapolis, and is a supervisor of elementary music in the Faribault Public Schools. Mr. Dettle was graduated from Cotter High School and St. Mary's College and is on the staff at St. Mary's.

CADETTE GIRL SCOUTS
OSSEO, Wis. (Special) — Cadette Girl Scout Troop 293 met Saturday afternoon at the City Hall. The girls completed several requirements for the hikers badge. They learned to tie several knots and whip the ends of ropes, and trail signs. They assembled first aid kits and discussed simple first aid. A toboggan party is planned for the group for Saturday.

ST. MARTIN'S CIRCLE M
Circle M of St. Martin's Lutheran Church will meet at 7:30 p.m. today at the home of Mrs. Donald Bender, 66 E. Mark St.

SHOWER FOR MISS JACKSON
WHITEHALL, Wis. (Special) — A pre-nuptial shower honoring Miss Priscilla Jackson will be held at Our Saviour's Lutheran Church, Whitehall, Friday at 8 p.m. The public is invited.

MISS PATRICIA POTTRATZ'S engagement to John Nystuen, son of Mr. and Mrs. Arthur Nystuen, Northfield, Minn., is announced by her parents, Mr. and Mrs. George Pottratz, Eitzen, Minn. The wedding will be Aug. 21. Miss Pottratz is a graduate of Winona State College, where she was a member of Delta Zeta sorority. She is a teacher at Hawthorne Elementary School, Madison. Her fiancé is a senior at WSC, majoring in business administration.

KNOWLES

(Continued From Page 1)

ism," said Knowles. "They contrast what it would be 'nice' to do with what it would be wise to do; they separate 'wants' from 'needs.' They manifest my concern that a dollar's worth of service be obtained from a dollar expended."

The governor recommended pay increases of five percent the first year and seven percent the second for all university faculty members. And he said he expected 20 percent of the \$6.5 million recommended for instructional improvements at the universities to be recovered through student fee increases.

There was no pay increase recommended for general state employees, but the governor endorsed a new retirement program for state workers and teachers as a "reasonable" substitute.

The retirement program would cost an additional \$13.5 million in the biennium but the expenditure was not placed in the budget. Instead, Knowles made it part of a separate package totaling \$33.5 million and said if the Legislature approved it, taxes would have to be raised accordingly.

Other proposals on the added spending list would allocate \$9.7 million to the reduction of personal property taxes on farm livestock and merchants' inventories, and \$10.3 million to general property tax relief.

The personal property tax reduction would be the first phase of a 10-year program to completely eliminate the levy. The general property tax relief funds would replace the money drawn off by the 1963 Legislature to finance additional tax cuts for the aged.

Knowles suggested that tax relief now granted public utilities be eliminated to finance \$8.2 million of the \$10.3 million requested for general property tax relief. The procedure would drop the price tag on the special package to \$25.3 million and set the need for new taxes at \$137 million if the Legislature approved it as well as the entire budget.

Albert Lea Student Convicted of Assault

ALBERT LEA, Minn. (AP) — A junior high school student, convicted of assault in the stabbing of a teacher, today awaited the result of a presentence investigation ordered by District Judge A. C. Richardson.

Charles S. Getzin, 17, was convicted Tuesday of first degree aggravated assault in the Nov. 16 stabbing of his ninth grade teacher, Orville Filbrandt, 26. The teacher was hospitalized but has returned to duties at Central Junior High School in Albert Lea.

The jury deliberated 3½ hours before returning the verdict. Police said the youth told them after his arrest he hoped he would be sent to Red Wing Training School, where a friend had earlier been committed.

Army Private Faces Passport Charge

CHICAGO (AP) — A former Army private has been charged with delivering 15 United States passports to Soviet agents in East Berlin.

Paul Carl Meyer, 25, was arrested Tuesday by federal marshals in the \$95-a-month apartment he and his wife Yolanda had rented Monday.

A federal grand jury indictment charged him with four counts of violating the federal passport law.

If convicted, Meyer could be imprisoned a maximum of 20 years and fined \$8,000. Meyer, employed by a news distributing company, was jailed on \$2,500 bond. No date was set for his arraignment.

BAND MOTHERS MEET

RUSHFORD, Minn. (Special)

The Rushford Band Mothers will meet in the Activities Room, Senior High School, Thursday at 3 p.m.

THE ENGAGEMENT OF Miss Joan Lynne Thompson, Rochester, to Dale Charles Elide, Rochester, has been announced by her parents, Mr. and Mrs. Floyd Thompson, Spring Grove, Minn. A July wedding is planned. Both young persons are employed in Rochester.

MISS JUDY ROSE SCHWEITZER'S engagement to Charles Bernard White, son of Mr. and Mrs. Charles White, New Lisbon, Wis., is announced by her parents, Mr. and Mrs. Harvey A. Schweitzer, Alma, Wis. A June wedding is being planned. Miss Schweitzer, a 1961 graduate of Alma High School, is a senior at Wisconsin State University, Eau Claire. Her fiancé is a 1960 graduate of New Lisbon High School. He attended WSU at Eau Claire, where he was affiliated with Sigma Tau Gamma fraternity. He is the music instructor for the Goodridge School system at Goodrich, Minn.

Couple Dead in Minneapolis Fire

MINNEAPOLIS (AP) — The burned bodies of Gilbert Lind, about 60, and his wife, Catherine, 58, were found early today by firemen called to the couple's burning home near the Minneapolis business district.

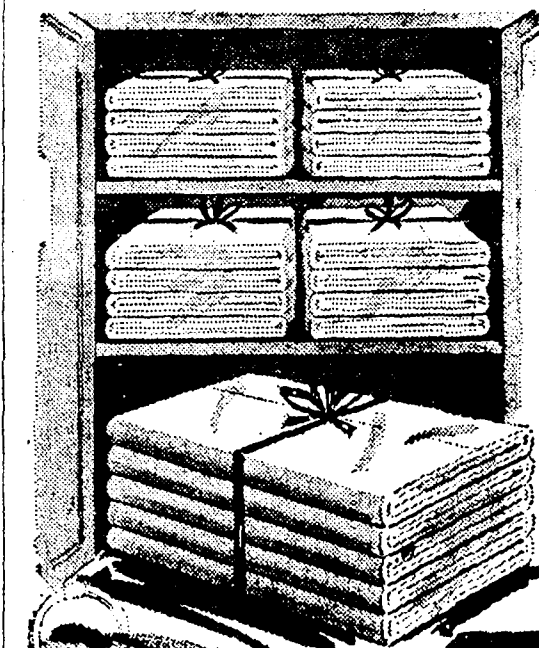

Fire officials said the blaze apparently started from a space heater.

Two men occupying the second floor of the house escaped without injury.

Tuesday night firemen rescued three persons from an

apartment house fire. They used ladders to reach Mr. and Mrs. Ray Hovde and Mrs. Hovde's mother - in - law on the third floor.

Three County Road Contracts Get Approval

Contracts for three county highway projects were awarded Tuesday afternoon to the low bidders determined after that morning's letting.

The Winona County Board of Commissioners voted to award contracts for two surfacing projects to N. A. Roverud Co., Winona, and to grant the contract for erection of a bridge to H. S. Dresser & Son, Winona.

The contracts were awarded after Gordon M. Fay, county highway engineer, checked the bids, which had been opened at 10 a.m. that day.

ROVERUD'S price was \$84,567.92 for surfacing County State Aid Highway 18 between Utica and Lewiston, and \$47,888.69 for surfacing CSAH 5 south of New Hartford.

Dresser's price for construction of the bridge, which will carry CSAH 37 over the White-water River northeast of St. Charles, is \$37,928.

The board voted to advertise for bids for grading and crushed rock surfacing of County Road 103 from the south county line to CSAH 11 southeast of Ridgeway.

In other action related to county highway projects, the board adopted a resolution awarding \$400 to Western Union Telegraph Co. for land taken for right of way for improvement of CSAH 15. The firm had not reached an agreement with the county in negotiations with other affected property owners last October.

OTHER BUSINESS by the board included:

- Establishing a planning and zoning fund, which is to contain money contributed by townships and matched by the county, and authorizing payment of \$8 a meeting to members, ex officio members and the legal adviser of the planning and zoning committee.

- Awarding a contract for hospital and medical insurance for county employees to Blue Shield, whose representative, Frank R. Bennis, Winona, had appeared before the board earlier in the day. Also present to solicit the contract was R. F. Boerboon, Faribault, representing Minnesota Blue Cross and Minnesota Indemnity, Inc.

Last year, Blue Shield had the medical contract, and Blue Cross had the hospital contract. The county will pay a premium of \$52 an employee this year.

- Accepting a contract and bond from St. Charles Press, one of the newspapers to be awarded a printing and publishing contract by the county last month.

- Approving monthly bills.

Wabasha Board Detaches Land

WABASHA, Minn. (Special)—The Wabasha County Board of Commissioners Tuesday granted the petition of Reuben Gary for detachment from Common School District 2393, Hyde Park, and attachment to Hammond District 2374.

Commissioners dismissed a petition from Hyde Park District for dissolution because the majority of the 26 freeholders in the district hadn't signed. The petition carried signatures of 13 freeholders.

The board approved the annual road and bridge report of H. J. Pinsonneault, county engineer. It opened culvert bids from Romac, Rochester, and Elk River Concrete Co.; bridge material bids from Wheeler Lumber & Bridge & Supply, St. Louis Park, and equipment rental bids from Bennett & Son, Plainview; G. E. Rietmann, Oronoco; Funk Construction Co., Thiefman, and Patterson Quarries, St. Charles.

Plainview Man Fined \$50 on Check Count

WABASHA, Minn. (Special)—Before Municipal Judge Kenneth Kallbrenner Tuesday, Ed Miller, 26, Plainview, pleaded guilty to writing a check on the People's State Bank, Plainview, without sufficient funds. The check was for \$35.70.

He was sentenced to pay a \$50 fine, \$25 of which was suspended, and was ordered to make restitution.

Accident at Kellogg

WABASHA, Minn. (Special)—Werner Ziehe, 51, Minneapolis, was unharmed when his car went out of control on an icy stretch of Highway 61 at Kellogg Monday morning. It knocked off six guard rails and caused an estimated \$100 damage to the left rear and right front fenders and the right front door, officers said. He was going north. No citation was issued.

Man Killed When Tractor Overturns

RAPID CITY, S.D. (AP)—Dwight Gard, about 50, was injured fatally Tuesday when the heavy duty tractor he was driving slid on an icy farm road, turned over and pinned him underneath near his home in Red Valley, about six miles from Rapid City.

OSSEO CHIMNEY FIRE

OSSEO, Wis. (Special)—The Osseo fire department was called to a chimney fire at the Howard Ives home, Rt. 1, Monday at 6 p.m.

Rochester to Get New Post Office Building

ROCHESTER, Minn.—A new post office building will be built in Rochester, with construction likely to begin in the spring of 1966, it was announced in Washington.

The structure—with no cost, design or site determined yet—will be financed by a private contractor and leased back to the federal government for 30 years after its completion, according to an announcement by the office of Sen. Eugene J.

McCarthy, D-Minn.

Selection of a site by a real estate officer from the Minneapolis Region of the Post Office Department is expected to begin "within several weeks," according to Adrian Winkel, regional director of that office.

Officials said the site selection would take from one to three months. Recent trend is for post offices to be built on the edge of downtown areas, although Winkel said this "may not be the case in Rochester."

Specifications call for a structure with about half again as much floor space, four times more platform area and three times more parking and vehicle maneuver space than at the present Post Office, which was completed in 1934 at a cost of \$178,000.

Man Admits Getting Liquor For Teen-agers

ELK RIVER, Minn. (AP)—Steven Daniels, 21, Big Lake, pleaded guilty Tuesday to a charge of illegal procurement of liquor in connection with the death of a teenage Anoka youth last November.

Judge William T. Johnson sentenced Daniels to 60 days in jail.

District Judge William T. Johnson stayed Daniels' sentence of 60 days and placed him on probation for an indeterminate time.

Daniels was accused of procuring liquor for two teenage

youths. The youths fell asleep in a car. One, Darwin Christian, 17, Anoka, died of carbon monoxide poisoning.

LAKE CITY CRASH PATIENT

LAKE CITY, Minn. (Special)—Paul Wiebusch, 36, Goodhue, Rt. 3, is a patient at Lake City Municipal Hospital following a car accident Sunday. He was traveling on Goodhue County Road 2 when he lost control, went off the highway and hit a tree. He received a back fracture, head lacerations, and severe cuts on the right hand and left elbow. It is expected he will be incapacitated for some time but is reported in satisfactory condition. He was brought to the hospital by an ambulance from Zumbrota.

Arkansaw Farm Home Destroyed

ARKANSAW, Wis. (Special)—The home and contents of a 60-year-old area couple were destroyed in one of two fires to which Durand volunteer firemen were called Tuesday.

Mrs. Glen Fleishauer, living in the Porcupine area, first noticed smoke. She didn't have a telephone but a neighbor put in the alarm about 3 p.m. The fire had a good start when firemen arrived and nothing could be saved. Her husband was in Arkansaw when the fire broke out. Insurance was carried on the

two-story frame building, a member of the family said. Origin of the fire wasn't determined. The place is about 16 miles northwest of Durand and 12 miles from Arkansaw.

In another fire, Mrs. Dennis Longsdorf, rural Arkansaw, called the Durand department at 8 a.m. when she noticed a chimney fire, but called back three minutes later and said it was out. Firemen were ready to leave.

The east corner of Islam's holiest shrines, the Kaaba, preserves the Black Stone, a meteoric rock that Arabs considered sacred long before Mohammed founded Islam. The stone has been worn smooth by the kisses of millions of reverent pilgrims.

Postal Savings May Be Dropped

WASHINGTON (AP) — Postmaster General John A. Gronouski said today he will ask Congress to take the postmen out of the banking business. He is convinced it is a losing proposition after 54 years.

Since its peak year in 1947, Gronouski said in an interview, the number of depositors who save through their post offices has plunged from 4.2 million to just over 1 million.

Total deposits have dwindled from nearly \$3.4 billion to \$416 million. The average individual account has dropped from \$808 to \$387. The interest rate is 2 per cent, compared to the 3 or 4 per cent offered by commercial, federally insured banks.

"If I didn't think there were good reasons to eliminate the Postal Savings System," Gronouski said, "I'd feel obliged to ask Congress for a higher interest rate. I think 2 per cent is intolerably small, and we're doing people a disservice when they can go across the street to a bank and earn more."

But the postmaster general feels he has "two good reasons for eliminating the system: The decline in the use of the service and President Johnson's order to trim out the dead wood. And this fits the definition of dead wood — important in the past, but of little use today."

The Postal Savings System was born in 1911, when waves of immigrants were coming to the

United States. They were accustomed to saving at their post offices in Europe — a practice that flourishes today in many countries.

The United States had no widespread banking network. Financial panics of 1892 and 1907 had shaken public confidence in the banking system.

"So Congress instituted postal savings," Gronouski said. "These people were attracted by the fact that their deposits were backed by the U.S. government in perpetuity."

Republican Group Is Changing Name

WASHINGTON (AP) — The Committee to Support Moderate Republicans, established during the 1964 campaign, is changing its name to Republicans for Progress and is opening a Washington office this week.

The group said in a statement today that it "is establishing itself in the capital in order to

assist creative and constructive Republicanism strengthen not just the party's 'image' with the American people, but its record of achievement."

Former Mayor Charles P. Taft of Cincinnati is chairman of the group.

Tourist Tax Being Studied

WASHINGTON (AP) — Secretary of the Treasury Douglas Dillon was asked Tuesday by Sen. Edward V. Long, D-Mo., about reports the administration is considering taxing U.S. tourists who go abroad \$50 or \$100.

He replied that all aspects of the U.S. balance of payments deficit are being studied but that no decision has been made on possible remedies.

The matter came up during a Senate Banking Committee hearing on an administration

bill to remove the 25 per cent gold backing on Federal Reserve bank deposits. Long was seeking assurance that passage of the measure would make unnecessary any tourist tax.

Dillon said tourism is an important factor in the payments problem because it accounts for a \$1.75-billion annual deficit.

Advertising Industry Praised by Humphrey

WASHINGTON (AP) — Vice President Hubert H. Humphrey said Tuesday that the advertising industry brings "to democracy the freedom of choice — and without freedom of choice there is no democracy."

Speaking to members of the Advertising Federation of America and the Advertising Association of the West, Humphrey called advertising the "essential link between manufacturer and consumer."

U.S. Trend Toward Fewer Farms

By OVID A. MARTIN
Associated Press Farm Writer
WASHINGTON (AP) — President Johnson has said boldly something about agriculture that most politicians have recognized but have been reluctant to discuss publicly.
In his budget message to Congress, the president said that farming alone cannot be expected to provide a decent living in the future for more than about one million farm families, even with continued federal assistance. This is slightly less than a third of the families now trying to make all or most of their living from agriculture.
Johnson's statement came as a shock to many farm leaders, particularly those whose organizations have been pressing for greater federal aid to maintain number of farm units has declined about 60 per cent since the mid-thirties despite the outlay of more than \$30 billions on various farm programs.
This Johnson message said bluntly that many now trying to support themselves in agriculture must find other ways of earning a living. Some, he said, may continue farming but only if they find non-farm sources of income to supplement meager farm earnings.
But it has been apparent for many years that technological advances in agriculture have been driving many out of agriculture because they could not match the required new techniques. Many have sold their land to neighbors who were more efficient producers. The

Snow and Cold Cuts Skating

Snow and extremely cold weather took its toll at Winona's five skating rinks in January, the park-recreation department reported today.
Total attendance at the rinks was 16,864, compared with 21,965 in December. Lake Winona had 9,103 skaters in January; Athletic Park had 4,654; East Center, 2,537; Thurley (estimated), 400; and Glen View (estimated), 238.
The number of hockey players was estimated at 2,447, with Lake Winona rink having 920; Athletic Park, 712; East Center, 659; and Thurley, 150. A total of 2,033 hockey players were counted during December. Twenty-two youths are registered in figure skating classes, the department said. Lessons are to be given at Lake Winona rink on odd-numbered days in February, with the exception of Saturdays and Sundays. Youths may join by reporting to the classes at 4 p.m.

U.S. Airman At Frankfurt Has Meningitis

FRANKFURT, Germany (AP) — An American airman at Frankfurt's giant Rhein-Main Air Force Base has contracted infectious meningitis, U.S. Air Force officials announced Tuesday.
Immediate measures were taken to prevent spread of the disease and treat persons who had been in contact with the airman, identified as Airman 1.C. Norman Spence.
The Air Force said Spence had just returned from a flight to bases at Chateauroux, France; Sigonella, Italy; and Wheelus, Libya.
The Armed Forces Radio Net-

Stockholm Village Buys Old School

STOCKHOLM, Wis. — The old school in Stockholm has been purchased by the village for \$1. It will be used as a meeting place and community center.
The brick structure was built in 1905 and used until 1933. After the Stockholm school district consolidated with Pepin, the building was used as a classroom until the Pepin school was enlarged. The village will pay all recording and legal fees of the transaction.
work broadcast an appeal for all persons who visited the Rhein-Main noncommissioned officers' club during the week-end to report to their medical officers. About 1,500 responded and were given treatment, the Air Force said.
Meningitis is an inflammation of the membranes enclosing the brain and spinal cord and often is fatal if not treated promptly.

NASON ON EDUCATION Understanding Is Key to Knowledge

By LESLIE J. NASON, Ed. D.
University of California
A student's first task is to grasp meanings. He must understand what he reads and he must recognize important points as they are made by his teachers.
To do this, he must do more than just sit and read or listen. He must search for the kernel of knowledge.
Having read a section in a textbook, he should be able to state in a couple of short sentences the important knowledge gained. If he is unable to do this, either he did not search with sufficient vigor as he read, or no points were made that

start of your discussions of each question and follow these statements with illustrations, examples and additional discussion."
THROUGH THIS interview, Bill learned what all students should realize — that it is not enough to know the answers, one must be able to communicate them to the instructor successfully.
Bill compared his answers with his class notes and recognized his failure to profit by the instructor's carefully thought-out wordings. In preparing for and writing the next examinations, Bill kept this in mind and was rewarded with "A" grades.
Improvement of scholarship comes about through conscious effort. The area in which most students need to be more persistent is in the grasping and communicating of ideas.
For a company buffet: garnish potato salad (made with an oil and vinegar dressing) with cooked frozen artichoke hearts and canned pimiento.

Osseo Lutheran Church Board Elects Leadholm

OSSEO, Wis. (Special) — John Leadholm was elected president of Osseo Lutheran Church board.
Other officers elected: Donald Rogness, vice president; Dr. George Markgren, secretary, and Allen Anderson, treasurer.
Four committees were organized. The committee on evangelism and worship elected Allen Anderson chairman and Lester Vold secretary. Edwin Anderson and Alvin Pederson complete the committee.
The committee of stewardship elected Dale Amundson chairman and Melvin Krienke secretary. Ralph Oteadahl and Leland Chase are on the committee.
The Christian education committee elected James Julson chairman and Carl Foss secretary. Donald Rogness is a member.
The committee of property

One-House Redistricting Plan Offered

ST. PAUL (AP) — A resolution calling upon Congress to submit an amendment to the states to permit apportionment of one house of state legislatures "on factors other than population" was approved Tuesday by the Senate Elections Committee.
The resolution was sponsored by three senators from rural areas — J.A. Johnson of Minnesota and Stanley Holmquist of Grove City, Conservatives, and C.J. Benson of Ortonville, a Liberal.
No one appeared to oppose the proposal. Spokesmen for the

Minnesota Employers Association and the Citizens Legislative League spoke in support of it at an earlier meeting.
It was brought out during the discussion preceding committee approval that even if three-fourths of the states approve the amendment, it becomes a part of the federal Constitution, the Minnesota Constitution would have to be changed.
The state Constitution now requires apportionment of both houses on a population basis.
Sen. Nicholas Coleman, St. Paul liberal, recalled that the voters of the state had rejected such an amendment in 1960. He added that "we will save our speeches" for the campaign against an amendment to the state Constitution if it ever comes up again.
You might like to keep a jar of tarragon-flavored mustard on hand to add to olive oil and wine vinegar dressing for salad.

The Casual Observer

By GRETCHEN L. LAMBERTON

AFTER four months of hospitalization, a lovely and blessed thing happened to me. A friend, Mrs. Sanford Tyler, who lives near this hospice, is a great bird lover and bands birds as a hobby. She sets up a delicate Japanese nylon net, the birds fly into it, she carefully bands them and releases them. In this way bird banders (who must be licensed) keep bird statistics all over the country.

Mrs. Tyler phoned me that at her back yard feeder she had just netted and banded two beautiful purple finches and she wanted to bring them right over to show me. When she arrived a few minutes later I was in the therapy room working with seven-pound sandbags attached to my ankle. She brought the birds in a container like a black hat box veiled with net, and they sat quietly.

The classic description of purple finches is "sparrow dipped in raspberry juice." The size of a sparrow, their feathers are an exquisite rose shade with iridescent lights, and they have the large finch bill for cracking seeds. She took out a finch and cradled the little bird in her hand. It sat quietly, looking around and occasionally nipping her finger, but not violently.

I stroked the lovely little creature and let it nip my finger. Then I laid my fingers over its rose-colored breast feathers and thought I felt its little heart flutter. My own heart leaped into my throat, and for the first time in months of hospital confinement, I felt free.

It brought a rush of beautiful memories — a flock of wild purple finches sitting in my old apple tree silhouetted against a rosy rising sun and singing their soft sweet psalm of greeting to the new day. I remembered my tame chickadees darting down out of a tree to sit on my hand and nip up a sunflower seed. The feeling of a small, wild creature sitting so trustingly on one's hand fills one with exquisite joy.

I remembered, too, the pugnacious cardinal that baffled me last year. A brilliant male cardinal had gotten himself trapped on my screened back porch and was thrashing around against the screens. So I went out with a dish towel, caught him in it and tried to release him out of the door. But he seized my index finger with his thick horny beak and hung on. The harder I tried to pry him loose the tighter he gripped my finger, and it began to hurt like everything.

I shook my hand and the cardinal flapped with it. So I went in the kitchen and sat down, with the cardinal still clamped like grim death to my hand.

"How silly! Must I go through life with this bird fastened to my finger?" I thought. Then with a final effort I pulled and pried the powerful beak open, loosed the bird and out of the door he flew chattering indignantly. It's one of my sillier memories — My index finger had a large blood blister for two weeks.

More on Minnesota birds: My sister and brother-in-law, who live on Cedar Lake, Minneapolis, feed hundreds of ducks along the shore and the birds come right up into the yard to eat. Since the ducks have left for the south, a number of pheasants have taken their places as steady boarders. Every morning and evening one can see a dozen or so gorgeous male pheasants eating corn and grain in the yard, and each pheasant seems to have staked out a favorite little spot as his private dining room in the yard.

About dawn the other morning my sister watched them from the window and saw six handsome cock pheasants in a strange performance. Gathered in the middle of the yard they

kept running at each other as though jousting in a tournament. At first she thought, "They must be showing off for a female pheasant. I guess spring and the court-ing season are here."

But there was no hen pheasant in sight, so she decided they were just playing at war games to amuse themselves. Then the next morning she saw one lone gorgeous male pheasant rushing at a spot in the yard, flapping his wings wildly and pecking with his bill. Then she saw a fat gray squirrel sitting placidly in one spot and eating the birds' corn — in what was undoubtedly the pheasants' own private dining spot. This went on until the pheasant finally scared the squirrel away.

More about birds — and how the other half lives:

In a Palm Beach newspaper I read that preparations are being made for an elaborate ball to be called "The Flamingo Ball" with tickets at \$100 apiece. Said the article, "Decorations will include many pink flamingoes from the Hialeah race track at Miami. The president of the race track will have the birds shipped here in special padded trucks. During the ball the birds will be in individual white cages around the ballroom."

Another ball to be given in Palm Beach this month will be called "The Snow Ball." The paper quotes the ball's chairman as saying, "A snow ball will be divine for Palm Beach. A leading New York decorator will create a fairy winter wonderland in the club. The entire ballroom will be white and silver. We're even going to blanket the entire entranceway with snow which we will have made at a local ice house."

Well, that's life. Winter balls in Minnesota usually have a spring or summer theme, with flowers and greenery. While balls in tropical Florida have a snow theme. The grass (or snow) on the other side of the fence is always a prettier color.

LIBRARY AT TAYLOR

TAYLOR, Wis. (Special) — Attendants at the Taylor public library this month will be Mrs. Russell Larson, Saturday; Mrs. Lee Casper, Feb. 13; Mrs. Alvin Nelson, Feb. 20, and Mrs. William Berg, Feb. 27. Fifty new books arrived this week from the traveling library at

Madison of which 25 are for children. Library hours are 2:30 to 4 p.m. every Saturday.

WHITEHALL CHAMBER

WHITEHALL, Wis. (Special) — The regular monthly meeting of the Chamber of Commerce will be held at the City Cafe from 6 to 8 p.m.

Bill Regulating Street Cars May Be Discarded

By ADOLPH JOHNSON
Associated Press Writer

One of Minnesota's most famous laws seems likely to come to an unceremonious end during this session of the Legislature.

Among a host of suggested changes in a revisor's bill — a proposal to do away with quantities of obsolete and unneeded provisions in our statutes — is a repealer for the Brooks-Coleman Act.

The law was enacted in 1921 and provided for regulation of streetcar fares by the state Railroad and Warehouse Commission.

Before that fares were set by city councils and streetcar firms and their operations were a political issue in every local campaign.

Even after its passage, controversy continued to an extent, with attempts to repeal the law made at a number of sessions.

Repeal is due now because streetcars are a thing of the past and the bus companies that now provide public transportation are regulated under other laws.

Minnesota legislators and liquor dealers are watching with considerable interest developments in New York in connection with that state's fair trade liquor law.

There a large liquor retailer is defying the fair trade law and is offering periodic specials at prices considerably below those set by the manufacturer.

Under the Minnesota law, enacted in 1951, prices are set by the wholesaler.

The reason for the close watch is that any weakening of a fair trade law in one state tends to have an effect on laws in other states, even though they may be dissimilar.

While there has been considerable talk on occasion, up to this time there has never been introduced a bill to repeal Minnesota's law.

Instead, there have been periodic efforts to strengthen the liquor laws. One such bill, in again this session after failing before, would ban importation of liquor by individuals.

Under present law a person can bring in one bottle without payment of tax.

Supporters of the bill, which include the office of the liquor control commissioner, believe that enactment of the law would act as a deterrent, even though it would be difficult if not impossible to enforce.

Department spokesmen acknowledge that they can't search cars indiscriminately to make sure they are not carrying untaxed liquor.

Friends of Cyrus Magnusson, state insurance commissioner whose term has just expired, are pretty confident that he will be reappointed.

They recall that it was Gov. Karl Rolvaag, then lieutenant governor, who persuaded Magnusson to accept a state job in the first place.

He served as former Gov. Orville Freeman's executive secretary from 1955 to 1959 before Freeman named him insurance commissioner.

Last year when the National

Wilson Fears Nuclear War Is Inevitable

LONDON (AP) — Prime Minister Harold Wilson says world nuclear war is inevitable if the Western allies don't protect nuclear nations against the threat of Red China's A-bomb.

Answering questions Monday night on a television program marking his first 100 days in office, Wilson explained why he had decided to keep British bombers east of the Suez Canal when his election platform pledged Britain would abandon independent nuclear power.

"This country's strength is going to depend on our world role and not being corralled in Europe," he said.

"We now have the situation of the Chinese nuclear weapon."

"We have non-nuclear countries, including India, who want some safeguards against that, otherwise we are going to find India, Pakistan and all countries in Asia, and perhaps Indonesia before long, and the Middle East, becoming nuclear powers."

"Once this happens, world nuclear war is inevitable," Wilson declared.

The prime minister did not propose any working solution to the situation beyond saying "we attach the greatest priority this year to working out with our allies some kind of force to protect non-nuclear powers against the threat of the Chinese bomb."

Area Canoe Trail Program Planned

A canoe trails program for junior high school boys, sponsored by the YMCA, will be broadened next summer to include more and longer periods.

Called We-No-Nah Canoe Trails, the program provides small group camping activities for boys 12 and older. Groups will take downstream trips on either the Root or Chippewa River, as they choose, said Larry Schiller, YMCA youth director.

Four periods are scheduled, beginning June 20. All periods begin Sunday afternoon and end Friday afternoon following. Boys start at a base camp, where they remain for one or two days. The time will be devoted to canoe instruction, camping skills, orientation and recreation.

Depending on each group's skill and choice of locale, the actual trip will take three or four days. Although the Root is a highly scenic river and wider than the Chippewa, Schiller said, it is difficult to travel unless water levels are adequate.

Groups will be limited to seven boys. Dean Snowberg, Minneapolis, will be senior guide. Snowberg, who is preparing for professional YMCA work, led the program which was introduced experimentally last year.

Both YMCA members and non-members may participate, Schiller said.

Osseo High Debaters Prepare for Sectional

OSSEO, Wis. ((Special)) — Osseo High School debaters are planning for the sectional eliminations at Chippewa Falls Monday Feb. 13.

Should they earn four wins there, they would be eligible for the state tournament in Madison in March.

Debating for Osseo are: "A" division — affirmative, Linda Kershner and Carolyn Klatt, and negative, Lon Herrick and Tim Briggs; "B" division — affirmative, Merrie Sieg and Nancy Myhre, and negative, Gerald Otto, Dale Benner and Ralph Gunderson.

Topic is "Nuclear Weapons Should Be Controlled by an International Organization."

This season Osseo debaters entered tournaments at Chippewa Falls, Menomonie, and Wisconsin State University, Eau Claire.

CHURCH COUNCIL

NELSON, Wis. ((Special)) — The council of Grace Lutheran Church will meet Thursday at 8:30 p.m. at the church. The Ladies Aid met this afternoon with Mrs. Alfred Christopherson as hostess.

Wants Highways In Vivid Colors

MIAMI BEACH, Fla. (AP) — A researcher in road development says paving the nation's highways with "dashing, vivid colors" can help reduce accidents.

"Colors alert drivers and an alert driver is a safe driver," John P. Walaschek told a National Bituminous Concrete Association meeting Tuesday.

Walaschek, of the market development division of the Neville Chemical Co., Pittsburgh, said a \$190,000 expressway ramp was declared a "death trap" after six fatal accidents in 1962. The ramp was painted yellow, he said, and there has been no major accident on it since then.

FIRE AT GALESVILLE

GALESVILLE, Wis. ((Special)) — Firemen were called to the Gerald Rall home Monday at 8:13 a.m. to check a chimney fire.

Winona Deaths

Milton Buchholz, 56, native of Winona, died at his Milwaukee home Tuesday.

The son of the late Mr. and Mrs. Earl Buchholz, he had been a resident of Milwaukee about 20 years. He was a book-keeper for a tile firm.
Survivors are: His wife; two sisters, Mrs. Edward (Myrtle) Wendick and Mrs. Howard (Dorothy) Wetzel, both of Milwaukee, and two step-brothers, Herman Wondrow, Rochester, and Bernard Wondrow, Winona.
Funeral services will be at 10 a.m. Friday in St. Paul's Cathedral, Milwaukee.

Otto Buttenhoff

Otto Buttenhoff, 72, Waseca, Minn., native of Winona, died there after a short illness.

He was born here Aug. 18, 1892, to Julius and Bertha Kleist Buttenhoff and married Bertha Schueller May 20, 1926.
He started with the Chicago and North Western Railway here when he was 16 and was a boilermaker at the Tracy, Minn., roundhouse until his retirement Aug. 1, 1957. He was a veteran of World War I, a past commander of the Waseca VFW Post, a member of the Eastern Star, the Tracy Masonic lodge, the Winona Consistory and the Boilermakers Union.

Survivors include two children, Capt. Orville Buttenhoff, Newport News, Va., and M. F. Schueller, Anaheim, Calif., and two grandchildren. Mrs. Buttenhoff died in September 1963.
Funeral services were held Jan. 27 at Waseca. He died Jan. 24.

Edward C. Tarras

Funeral services for Edward C. Tarras, 420 E. 3rd St., will be Thursday at 8:30 a.m. at Watkowski Funeral Home and at 9 at St. Stanislaus, the Rt. Rev. Msgr. N. F. Grulkowski officiating. Burial will be in St. Mary's Cemetery. Friends may call after 2 p.m. today. The Rosary will be said at 7:30 by Msgr. Grulkowski and the Holy Name Society.

Henry F. Lockwood

Henry F. Lockwood, 51, 525 Dakota St., died of a heart attack about 8 a.m. today at his home.

He was a mechanic and truck driver for N. A. Roverud Co. Born Aug. 19, 1913, at Den-nison, Iowa, to John and Arvilla (Todd) Lockwood, he had been a resident of the city about 50 years. He was married Sept. 2, 1933.

He was a member of St. Martin's Lutheran Church and the Teamsters Union.

Survivors are: His wife, Margaret; five sons, Norven, Winona; Robert, Quincy, Ill.; Dar-win, Winona; Donald, U. S. Army, Germany; and Melvin, at home; three daughters, Mrs. Walter (Maurine) Holzworth, Mrs. Lowell (Doris) Goss and Mrs. Harold (Janet) Pflughoeft, Winona; 15 grandchildren, and one sister, Mrs. Mark (Lou) Hama, Whitney, Tex. His parents have died.

Fawcett Funeral Home is completing arrangements.

Municipal Court

WINONA
Philip J. Gernes, 21, 473 E. Broadway, pleaded guilty to a charge of driving after suspension of his driver's license on U.S. 61 — 14 Saturday at 1:40 a.m. He paid the \$35 fine imposed by John D. McGill as the alternative to 12 days in jail. Police said Gernes has five previous driving violations on his record, including one in June 1964.

David Volkman, 19, Rushford, pleaded guilty to a charge of careless driving on West Broadway Tuesday at 1 p.m. He was making arrangements to pay the \$30 fine, as the alternative to 10 days in jail.

Forfeitures (all on charges of parking in a snow removal zone):
Conrad Black, 363 E. 2nd St., \$10, Tuesday at 1:15 a.m. at 73 Washington St.
R. G. Dybevik, 24, Minnesota City, \$10, Monday at 11:15 p.m. on 4th Street.

William Brown, 118 W. Wabasha St., \$10, Jan. 25 at 11:47 p.m. on 3rd Street between Johnson and Washington streets. Brown's car was towed away.

FIRE CALLS

Monday
12:57 p.m. — 330 E. 3rd St., Valley Wholesalers Inc., no fire, sprinkler system had frozen, expanding ice forced sprinkler heads to release water.

Tuesday
5:58 p.m. — 854 E. 5th St., Leo DeWilde residence, waste basket too close to kitchen stove, kitchen walls charred, smoke damage throughout house, put out with booster hose and 1 1/2-inch hose line.

South America's northernmost nations, Colombia and Venezuela, are planning joint projects to help the peoples who live a threadbare existence in remote mountains, deserts, plains and jungles along the 1,400-mile border.

WEDNESDAY
FEBRUARY 3, 1965

Two-State Deaths

George Kells

GALESVILLE, Wis. — George Kells, 80, died Monday afternoon at a Whitehall hospital.

He was born Feb. 18, 1884, in Waukesha, Wis., to Mr. and Mrs. Frank Kells. He married Mayme Hammond Jan. 26, 1906. She died in 1963.

He was a member of the Masonic lodge here and was a carpenter.

Survivors are: One son, Clarence, Minneapolis; three daughters, Mrs. Robert (Gladys) Dickey, Durango, Colo.; Mrs. Orris (Dorothy) Monson, West Salem, and Mrs. Ray (Florence) McKeeth, Billings, Mont.; four grandchildren, and five great-grandchildren.

Funeral services will be conducted at 2 p.m. Thursday at Smith Mortuary here, the Rev. Robert M. C. Ward of First Presbyterian Church officiating. Burial will be in Pine Cliff Cemetery here.

Friends may call at the funeral home from 7 until 9 p.m. today and after 9 a.m. Thursday.

Robert A. Schuchard

ELGIN, Minn. (Special) — Robert A. Schuchard, 75, died Tuesday afternoon at his home here after suffering a cerebral hemorrhage.

He was born at nearby Bremen March 9, 1889, to John and Anna Schuchard. He married Bertha Brehmer Oct. 11, 1910, at Potsdam. They moved to Elgin in 1929 where he owned the Elgin Oil Co. She died in 1945.

Survivors include three sons, Arleigh, Elgin; Virgil, Milwaukee, and Robert E., Denver, Colo.; nine grandchildren; eight great-grandchildren; and one sister, Mrs. John (Hulda) Martin, Elgin. One daughter, four brothers and three sisters have died.

Funeral services are being completed by Johnson and Schriver Funeral Home, Plainview.

Mrs. Michael Schaeffer

ARCADIA, Wis. (Special) — Mrs. Michael Schaeffer, 55, died at 4:45 a.m. today at St. Joseph's Hospital here, where she had been a patient several weeks.

The former Frances Palkowski, she was born May 18, 1909, in Fairchild, Wis.
She was married Nov. 25, 1941, in Our Lady of Perpetual Help Catholic Church here. The couple moved to Waumandee after their marriage, and had lived there since.

She was a member of the St. Cecilia Altar Society of St. Boniface Catholic Church, Waumandee.

Survivors are: Her husband; two brothers, John, Milwaukee, and Valentine, California, and three sisters, Mrs. Stanley (Carolyn) Gabriel, Appleton, Wis., and Mrs. Leo (Elizabeth) George and Mrs. Ignatius (Pat) Sonsalla, both of Arcadia. Besides her parents, one sister has died.

Funeral services will be conducted at 10:30 a.m. Saturday at St. Boniface Church, the Rev. James Coke officiating. Burial will be in the church cemetery. Friends may call at Killian Funeral Home after 7 p.m. Thursday. Rosary will be said at 8:15 p.m. and 9:15 p.m.; the latter led by Father Coke. Rosaries Friday will be said at 8 and 8:30 p.m.

August J. Sell

ELGIN, Minn. (Special) — August J. Sell, 64, died Tuesday night in his rural home here after a short illness.

He was born near Stockton, April 6, 1900, to Emil and Augusta (Hanson) Sell. He farmed in this area almost all his life. He never married. He was a member of Trinity Lutheran Church here.

Survivors are: One brother, Emil, Elgin; three sisters, Mrs. Alvin (Ida) Hoenk and Miss Emma, both of Elgin, and Mrs. John (Bertha) Todd, Greenwood, Mass., and several nieces and nephews. One sister has died.

Funeral services will be at 2 p.m. Friday at Trinity Lutheran Church, the Rev. O. H. Dorn officiating. Burial will be in Elgin Cemetery.
Friends may call at Johnson & Schriver Funeral Home, Plainview, from noon Thursday until noon Friday and after 1 p.m. Friday at the church.
Pallbearers, all nephews, will be Richard Bolton, Ralph Tiedemann, John Sell and Kenneth, Robert and David Hoenk.

Fred H. Wilson

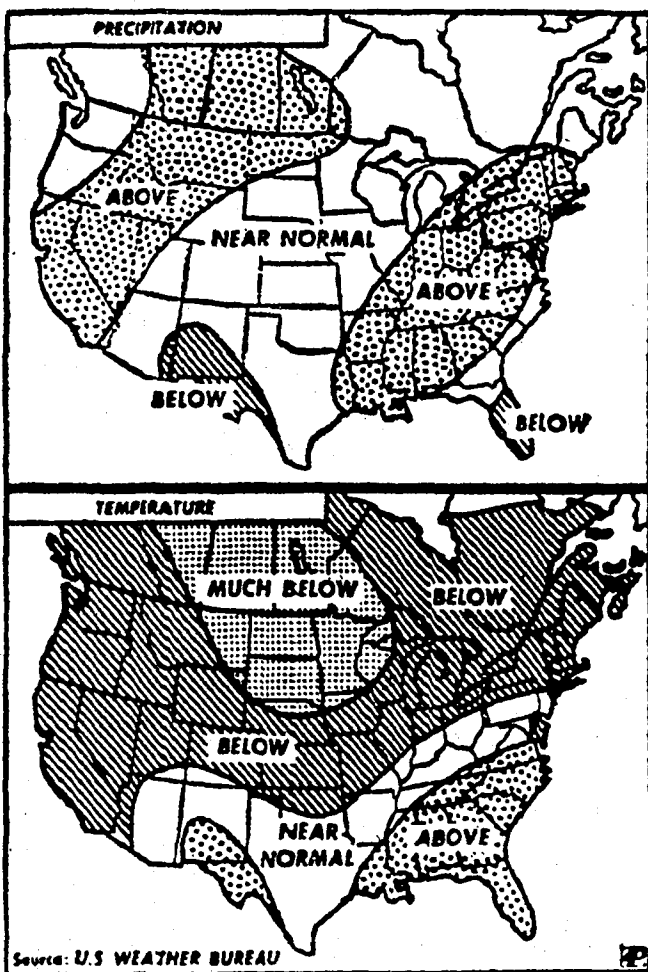

ST. CHARLES, Minn. (Special) — Fred H. Wilson, 85, former St. Charles garage man, died Tuesday night at Olmsted Community Hospital, Rochester.

Arrangements are in charge of Seltner Funeral Home here.

Town Can Count

On 2,606 Voters

CLOVIS, N.M. (AP) — Four candidates competed for two vacancies on the Clovis School Board in 1963, and 2,606 votes were cast.
Voters balloted again Tuesday, with four candidates seeking two vacancies on the board, and 2,606 votes were cast.

MAPS BASED ON those prepared by the U. S. Weather Bureau predict precipitation in most of the Upper Midwest for the next 30 days to be near normal, while temperatures should be much below average.

Cross-examination Expected to Begin

(Continued From Page 3)

Arnold Hatfield either. At one point he asked Bohr to refer to exhibits by their assigned numbers rather than the separate numbering system Bohr used in his notes.

(Bohr had been referring to applicator No. 7; that's plaintiff's exhibit No. 13, for example.)
The heating problem in the courtroom appeared to have been solved. The jurors pronounced themselves comfortable in response to Judge Hatfield's question early in the morning.

Defendant's attorney William E. Crowder might begin this afternoon what promised to be a lengthy cross-examination.

A FOUR-HOUR detailed summary of deteriorated or damaged fertilizer equipment was given Tuesday afternoon by Bohr.

Bohr referred to pictures and some of the actual machinery which had been introduced in evidence. He detailed damages to six fertilizer applicators and to 19 liquid fertilizer tank trailers.

The former Lewiston man said that all the bolts, times, knives and hoses are missing off one applicator. The machine is inoperable, he testified. "It's in such bad condition, I don't know where to start," Bohr said of another applicator.

(A fertilizer applicator includes a tank for the fertilizer, a pump with hoses and long "knives" which cut four to eight inches into the earth. The pump forces liquid fertilizer through metal tubes at the back of the knives and into the ground.)

BOHR similarly described crude repairs, parts missing or off machinery and general rust, particularly in the valves, of the other applicators.

A touch of humor lightened the courtroom as Attorney Lindquist slid several pictures across Judge Hatfield's desk. One of the pictures slipped through a crack in the desk top and could not be retrieved.

Testimony continued with Bohr telling the jury about the state in which he found 19 fertilizer tank trailers after the expiration of King Gas's lease. He frequently referred to notes in detailing the damages.

Every one of the 19 trailers needed to be sandblasted and repainted, Bohr maintained. This was both because of deep rusting and because King Gas had painted its name in large letters on the sides of the tanks. The trailers are about 14 feet long and 5 feet high, Bohr said.

NEARLY EVERY trailer's filler valve was rusted and unusable, Bohr testified. Tires on some of the trailers were flat and on others were replaced by six-ply models. Bohr said the trailers were turned over to King Gas with eight-ply tires on all wheels.

Three trailers had bent tow-poles, one had a bent axle, Bohr said. Two wheels had studs broken off, making them unusable in their present condition, he added.

The compressors with gasoline engines, part of each trailer rig, also were, in many cases, rusted, according to Bohr. He said that only six of the 19 trailers had compressor covers when they were returned by King Gas. He leased all 19 with covers, Bohr testified.

GAS LINES were missing on two of the compressor engines, and two of the engines had cheap pulleys substituted for the clutch-type pulleys with which Bohr leased the engines.

None of the conditions he detailed above were present when he leased the fertilizer equipment, Bohr testified as Tuesday afternoon testimony drew to a close.

Marina Operator Pays Wabasha \$3,255 for Year

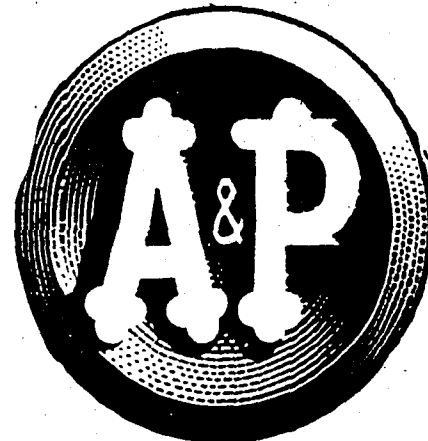

WABASHA, Minn. (Special)—The Wabasha City Council Tuesday night received a check for \$3,255.00 from the Minnesota Boat Works as its share of operational proceeds of the municipal boat harbor. This was a 7 1/2 percent increase over the previous year.

Richard Gosse, 28, was hired as relief patrolman and also will work part time with the utilities commission. He will receive \$350 a month for full-time work. He replaces August Tietz, who retired in October. Roger Berger and Charles Gilbert are the full-time policemen.

Ray Young, publisher of the Wabasha Herald, appeared before the council to recommend an airport for the city for the convenience of tourists and recreation seekers who fly in and have to land at some distant field. It was referred to the seven-member planning commission, of which Harry Schmitt is president.

Redmen '6' Frolics Past Gusties 16-1

They had so much fun at Terrace Heights Tuesday night that a goalie wound up playing forward and scoring and a forward lost a shutout while playing goalie.

The unique situation came about after Dennis Cooney had packed a hat trick into the first six minutes of the first period and St. Mary's was well on its way to a 16-1 victory over Gustavus in an MIAC ice battle.

WITH COONEY, 150-pound sophomore from St. Paul, scoring St. Mary's first three goals, the Redmen opened a 7-0 lead at the end of the first period and pushed it to 11-0 at the end of two.

It was then that a muffled suggestion floated out of the sub-zero temperatures and reached the ears of Coach Keith Hanzel. The result was that Jerry Archambeau, sophomore goalkeeper from St. Paul, was chipped from his spot at the end of the rink and inserted at Bob Magnuson's wing position on the second line. Magnuson took his turn shivering in the nets.

When the third period was over, Archambeau had been credited with an assist and a goal, but Magnuson had let Linerooth out-fox him on a one-

on-one break and lost the shutout.

BUT WHILE the third period completed the "laughter," there was some serious hockey played in the first two stanzas.

Cooney counted from Andre Beaulieu at 4:54 of the first, again from Beaulieu and Brian Desbiens at 5:02 and from Beaulieu at 6:22 for what must be one of the fastest hat tricks on record. He wound it up by scoring five goals and being credited with an assist.

Captain Andre, the scourge of the MIAC a year ago, was the supreme helper Tuesday, firing in a pair of goals and leading out seven assists to teammates.

Freshman Jean Cardin also produced a "hat trick" and added two assists and Desbiens

scored twice and came up with a pair of assists.

THE VICTORY ran St. Mary's league-leading record to 9-1 and made the defending league champions 9-4 on the season. Gustavus is 0-8 in the conference and 1-8 overall.

St. Mary's travels to St. Paul to meet Concordia in Aldrich Arena Friday and then returns home to host Augsburg at 2 p.m. Saturday at Terrace Heights.

CANTON CRUSHES CALEDONIA

Grovers Get Share Of 1st, Win 69-60

ROOT RIVER		W	L
Rushford	6	2	Caledonia
Spring Grove	6	2	Canton
Peterson	5	4	Mabel
Houston	4	5	

TUESDAY'S RESULTS
Spring Grove 69, Houston 60.
Canton 69, Caledonia 60.
Mabel 79, Peterson 80.

Spring Grove gained a share of first place Tuesday night, pulling into a tie with Rushford with a 69-60 victory over Houston. Both clubs, Rushford and the Grovers, now own 6-2 records.

In other league action Tuesday, Canton blasted Caledonia 69-60 and Peterson squeezed past Mabel 80-79.

SPRING GROVE 69 HOUSTON 60

Spring Grove overcame a five-point Houston lead with just better than three minutes left in the game, and took a 69-60 decision over the Hurricanes.

The Hurricanes were leading 58-53 with 3:30 showing on the clock, but a Grover press made

them relinquish the ball and fall behind.

Mel Homuth neared the coveted 400-point mark for the year, and edged nearer the all-time Spring Grove school scoring record by potting 23 points. Homuth now has 398 in 12 games this season.

Lowell Trehus hit for 21 and Wayne Gulbranson 15 for other Grover top scorers. Doug Poppe had 16, Bruce Carrier 13 and Terry Hendall ten for Houston. Spring Grove won the "B."

EMBARRASSED IS WORD FOR THESE 2

SEAFORD, Del. (AP)—A day late and both somewhat embarrassed, the Middletown and Seaford high school basketball teams finally meet here tonight.

The game was scheduled for Tuesday, but because of a scheduling error, Middletown's team traveled to Seaford and — you guessed it — Seaford showed up at Middletown.

The towns are about 60 miles apart.

game 37-36 in two overtimes.

PETERSON 80 MABEL 79

Peterson almost blew a huge early-game lead in the final minutes Tuesday, but escaped with an 80-79 victory over Mabel.

The Petes surged ahead 30-18 at the end of the first period, 53-38 at the half and 72-60 at the end of three before the Wildcats outlaced the Tigers in the final period.

With less than 35 seconds remaining and Peterson up by one point, the Wildcats missed three free throws which cost them the game.

Murt Boyum was hot again Tuesday, finishing with 39 points. Wayne Haslelet had 19 and Don Gudmundson 15 for the Petes.

Robert Rommes matched Boyum's 39-point performance for Mabel and Rick Reuhman totaled 16.

Mabel won the "B" game.

CANTON 83 CALEDONIA 69

Canton led all the way in upsetting Caledonia 83-69.

The Raiders were ahead 26-16, 52-38 and 63-47 at the quarter breaks.

Norm Gillund returned to the Raider lineup and pitched in 33 points. Dean Jones had 17, Darwin Halverson 16 and Don Fay 12.

For Caledonia, Jack Hauser hit 22, Jon Ask 16 and Burl Haar 12.

The Warriors captured the "B" game 32-23.

Torrid Pistons Defeat Lakers In Overtime Go

By THE ASSOCIATED PRESS

No wonder Detroit has the hottest club in the National Basketball Association today. The Pistons are using mirrors.

So it appeared Tuesday night as the Pistons nipped Los Angeles 121-118 in overtime for their sixth victory in seven starts.

The Lakers led 108-102 with 12 seconds to play in regulation time. But Detroit's Terry Dischinger reeled off six straight points in those 12 seconds and six more in succession as the Pistons pulled away in the five-minute extra session.

The victory lifted Detroit to within four games of third-place Baltimore in the race for the final Western Division playoff berth.

In a doubleheader at New York, the Knicks topped San Francisco 113-102 after Philadelphia raced past St. Louis 119-105.

Dischinger hit two field goals in the closing seconds and was fouled at the buzzer. He dropped both free throws, forcing a 108-108 deadlock, and canned 10 of Detroit's 13 overtime points for a total of 33.

Elgin Baylor scored 47 points for the Lakers, whose other star, Jerry West, was sidelined with a fever.

Their sixth victory in seven starts.

A NEW FACE
NEW YORK (AP) — The new-look New York Yankees have added another new face to their line-up, hiring pro football star Andy Robustelli to install a physical conditioning program for the baseball players during spring training.

Gophers Poor, Northwestern Poorer; Cats Fall 70-66

BIG TEN				
	W	L	W	
Michigan	5	0	Northwestern	2
Minnesota	4	1	Ohio State	1
Iowa	4	1	Purdue	1
Illinois	3	1	Wisconsin	1
Indiana	3	2	Michigan State	0

MINNEAPOLIS (AP) — Minnesota's Gophers are tied for second place in the Big Ten basketball race today, thanks to some nifty timing Tuesday night.

The Gophers edged Northwestern 70-65 in Williams Arena to up their conference record to 4-1, the same as Iowa and one game behind Michigan, which is 5-0.

It was purely a case of the Gophers picking the right place — their home court — and the right opponent to suffer through one of their worst nights of the season.

They shot poorly (36 per cent from the field, 67 per cent from the free throw line), they were whipped on the backboards at crucial times, and they seldom got their offense working the way Coach John Kundla wants it run.

Against any one of four or five other Big Ten foes, the Gophers might have been swept off the court — certainly Michigan would have taken advantage of the Minnesota troubles.

As it was, Northwestern — a team not likely to finish in the first division of the Big Ten — had the Gophers gasping until Archie Clark and Dennis Dvoracek broke it open in the final 2 1/2 minutes.

Minnesota led 32-26 at half-time, and built 10-point margins at 50-40 and 53-43 midway through the second half. The Wildcats wiped out those leads, however, and tied the score three times — the last at 64-64 with 3:40 to go.

Clark was fouled and hit the second of two free throws to break the tie. Clark then came up with a loose ball as Northwestern worked for a shot, and Dvoracek was fouled with 27 seconds remaining.

The lean junior forward sank both charities for a 67-64 lead. Northwestern's Jim Burns countered with a field goal with 15 seconds to go. However, the Wildcats were forced to press and Clark took a court-length pass and dropped in an easy field goal for a 69-66 advantage.

Clark then stole an in-bounds pass, was fouled and bagged another charity for the final margin.

Clark and Mel Northway each notched 18 points, while Lou Hudson and Dvoracek added 13 each for Minnesota. Burns had 18 and Ron Kozlicki 17 for Northwestern, now 2-3 in the Big Ten.

Northway grabbed 18 rebounds to lead the Gophers to a 44-40 edge in rebounding.

The Gophers play Saturday at Michigan State.

The Big Ten race becomes dormant until Saturday while Indiana takes on Loyola of Chicago Thursday night. In other action Saturday, Purdue is at Illinois, Northwestern at Iowa, and Ohio State at Wisconsin.

NOW OWNS FIRST IN BOTH DEPARTMENTS

Esther Pozanc Smashes 619 Set

By GARY EVANS
Daily News Sports Editor

By her own admission, Esther Pozanc is going through one of those bowling streaks when everything goes right.

Everything, in fact, went so perfectly Tuesday night that she now owns the No. 1 series in the city after breaking the women's national honor count silence.

Bowling for Pozanc Trucking in the Hal-Rod Ladies City League, she smashed a 619 series to lead the team to 902 — 2,625. She pitched lines of 195, 203 and 221 — the lone blow came in the third frame of her second game when she missed a five pin.

"IT WAS A VERY, very good night," she said. "Just for a change I didn't goof up after two good games. I'm really tickled because it's the highest series I've ever had."

So now that she smashed the 619 to overtake the 617 hit by Helen Nelson in the Women's 600 Club bowling tournament, she made it 100 percent representation in individual honors.

Esther holds first place in single game with 262 hit in the Ladies City League last Oct. 13.

"I'LL NEVER FORGET that one," she said. "Last Saturday I rolled a 256 my first game in the State 600 tournament. I guess I'm just in one of those

hot streaks. Except for my singles and doubles in the tournament, that is."

Going into Tuesday night's round of action, she held a 167 average.

Elsewhere in the circuit, Olivia McWeeny wiped out 559, Shirley Squires 528-524, Betty Schoonover 514, Betty Thrune 506-512, Ellie Hanson 503, Leona Lubinski 200-503 and Elsie Dorsch 502.

While Esther was bursting to the national honor count, the men were picking up four 600s.

LEADING THE way was Jim Weimerskirch for Ed Buck's Camera in the Winona Athletic Club Classic League. He pounded 605 while Robert Bell was

leading Emil's Menswear to 2,952 with his 225 and Hot Fish Shop was topping 1,079.

Carroll Colbenson was on target for 170-218-215 — 603 to lead Midland to 2,816 in the Hiawatha circuit at Westgate. Rich Moham slapped 200-202-200 — 602 to press House of Heileman's to 997.

Bill Vogel collected 600 errorless for Grain Belt in the Westgate American circuit, while Fran Hengel was leading Westgate Insurance to 1,053 with his 236. Lincoln Insurance spilled 2,898 and Joe Drakowski tipped 570 Errorless for Choates.

LEONA LUBINSKI came up with a top effort while subbing for Pin Pals in the Wenonah

Onalaska Romps Past Rocket '5'

Onalaska Luther romped past Immanuel Luther and then cased to a 70-47 victory.

Five men finished in double figures for Lima, with Al Weiss leading the way with 15. Dave Bauer added 13, Ron Sinz 11 and Bob Sinz and Bill Brunner ten each.

Gieve was the only Luther player in twin figures with 13. The visitors copped the "B" game however, 33-28.

Refer Resolution To County Board

MILWAUKEE (AP)—A resolution calling for a damage suit against the Milwaukee Braves for alleged violation of federal anti-trust laws in their planned move to Atlanta was referred by the County Board Tuesday to its parks and recreation committee.

The resolution introduced by Supervisor Thomas J. Duffey, an attorney, urged that the county corporation counsel be authorized to initiate the suit "to recover damages which may have been sustained by Milwaukee County" when the National League approved the Braves' move in 1966.

WOMEN'S BONSPIEL
WAUSAU (AP) — The Badger Women's State Bonspiel will begin here Thursday with 32 rinks entered from 18 Wisconsin cities.

LUTHER 86 HOLY TRINITY 79
Onalaska Luther allowed Rollingsstone Holy Trinity to catch up at the half, but then roared away in the third period to latch onto an 86-79 win.

Luther held a 19-14 first-period lead before the Rockets tied it at 36-36 at the half. Luther then opened a 13-point gap in the third quarter, leading 63-50.

For Luther, Dennis Lemke scored 23, Rich Schultz 14, Don Larson 19 and Ken Stratman ten.

Ken Peshon counted 20, Dave Arnold 19 and Chuck Rinn 14 for Coach Jack Rader's outfit. In the "B" game, Luther took a 54-29 decision.

LIMA 70 EAU CLAIRE 47
Lima Sacred Heart opened up

District Three Pairing Set

District Three teams go to the post March 1 to begin eliminations that will send one of the clubs into the Region One tournament at Rochester's Mayo Civic Auditorium March 16, 17 and 19.

The East and West Sub-District tournaments get under way March 1 with the District Three tournament semi-finals scheduled for the Mayo Auditorium March 9 and the finals March 12.

AS HAS been the case in past years, Winona and Rochester — the District's two largest schools — will battle in the District Semifinals March 9 at 9 p.m., following the match of East and West Sub-District champions at 7:30.

The winners of the two games meet March 12 at 8 p.m. to decide who will enter the Region One tourney.

Rochester John Marshall is the defending District Three and Region One champion. The 1964 Rockets were state tournament runners-up under Kerwin Engelhart.

The East Sub-District tournament will be played at Plainview. St. Charles and the host school meet in an 8 p.m. game March 1 with the winner moving into a 7:30 p.m. game with Elgin. St. Charles or Plainview at the Mayo auditorium March 4.

MARCH 2, Lewiston plays Wabasha at 7:30 and Lake City meets Dover-Eyota at 9 p.m. The two winners play at 9 p.m. March 4 for the right to meet either Elgin, St. Charles or Plainview at the Mayo auditorium March 5 at 7:30 p.m.

HORNETS SET TWO CONTESTS

The Winona Hornets will journey to Rochester Thursday for a 7:30 p.m. hockey match with the Mayo City club.

The next home action for the Hornets will come Feb. 14 when St. Paul comes to the Athletic Park rink for a 2 p.m. contest.

Hamline Eyes Golden Chance For Victories

By THE ASSOCIATED PRESS

Hamline University, suffering through its worst season in Coach Joe Hutton's long and brilliant career at the Piper helm, has a golden opportunity to pick off its first Minnesota Intercollegiate Conference victory of the season this week.

The Pipers, winless in eight MIAC games and victors of only two of 16 games this year, host St. Thomas (3-5) tonight and St. John's (1-7) Saturday night.

Hutton entered this season — his last as Hamline coach — with 508 collegiate victories. He was shooting for the magical 600 mark — attained by only a handful of coaches nationally.

In the lone game Tuesday night, Carleton edged St. Olaf 72-70 in the Northfield warring. Rick Chap hit a basket in overtime to win it.

Dave Heise of Winona counted 25 for the losers.

Sectional Glove Tournament Opens Tonight

Four, and possibly a few more Winonans will be in the annual sectional Golden Gloves boxing tournament, opening this evening in Rochester's Mayo Civic Auditorium.

Of the four, two are rated as high favorites in their respective divisions. The two are Jim Donlinger, a heavyweight, and Tom Van Hoof, a middleweight veteran of many Golden Gloves wars.

Donlinger, from Millville

and attending Winona State College, just may fight an exhibition heavyweight match this evening, as he is seeded into the semifinals slated for next Wednesday night at the same site.

Should Donlinger be thrown into the ring in an exhibition tonight, his opponent would probably be light-heavyweight Rusty Clark of the Rochester Freeman. Clark is also seeded into the finals.

Tonight's bouts get under

way at 8:30 p.m.

The other top Winona contender, Van Hoof, won the sectional welterweight crown in 1964, but has been edged a bit this year to middleweight status. Van Hoof may fight in competition tonight or he may be slated for exhibition.

Most of the first-round tournament action will center around the lightweight division. No favorite has been established in this class, although Winona's Mike Riv-

ers, who is one of the "questionables" for tonight's travel, according to local glove trainer Jim Mullen, may rank as a high contender.

The other Winonan Mullen mentioned as a possibility of competing is Walt Maeser, a 20-year-old light-heavyweight from Barrington, N.J., who is attending Winona State also.

Cities that will be represented in the Rochester section besides the host city

and Winona are La Crosse, Elba, Chatfield, Austin, Preston and Caledonia.

Bob Borovick of Caledonia is favored to defend successfully the flyweight crown he won in 1964. Arnold Henke of Preston is his main worry.

In the bantamweight division, Dennis Irish of Chatfield looms as the favorite, while in the welterweight competition, Pat McGuire of Austin and Wayne Ulling of Chatfield are the logical choices.

This Week's Basketball

Friday

LOCAL SCHOOLS—
Northfield at Winona High, 8 p.m.

Pine Island at Dover-Eyota.
Hayfield at Dodge Center.
West Concord at Claremont.
New Richmond at Durand.

Amazing Warrior Grapplers Romp

WAVERLY, Iowa — Winona State's fantastic wrestling team, continued its winning ways here Tuesday night with a 25-10 crushing of Wartburg College.

The surprising Warriors, with nearly the same personnel as the team had a year ago when they had a losing season, pushed their unbeaten win string to 8-0-1 on the year. The tie came last Friday at Superior (Wis.) State.

A FORFEIT at the 123-pound division due to the lack of a man making weight to fill in for the injured Larry Marchionda, the team's captain, cost the Warriors five points. Wartburg scored its other five when Dan Scrabek was pinned by Jim Brandau at 6:38 at the 167-pound class.

Two Warriors continued unbeaten streaks. Larry Wedemeyer, younger brother of former Warrior wrestling great Jerry, slimmed down to the 191 weight and took a fall over Terry Tellefson at 1:59 to make it nine in a row. He previously had been competing at the heavyweight class, but John Zwolinski, former national YMCA champ and a transfer from Canisius University, moved into that spot Tuesday. He started a win streak with a 5-0 decision over Al Anderson.

THE OTHER Warrior with a streak is 137-pounder Perry King, who never had been on a wrestling mat until he entered Winona State.

The versatile King, a halfback on the Winona State grid team, too, stretched his string to eight in a row with a 6-1 decision over Bob Bye. King is from wrestling-rich Owatonna.

Tom Caron at 177 got his eighth pin of the year against Dan Graham at 7:23. He has an 8-1 record.

The Warriors host Bemidji State at 3 p.m. Saturday at Memorial Hall in the second half of a double header. In the first meet, Winona High meets St. Charles.

WINONA STATE 25, WARTBURG 10
123—Steve Baird (W) won by forfeit
137—Perry King (W) dec. Bob Bye (W) 6-1; 147—Marty Soveren (W) dec. Mike Tower (W) 6-31
157—Leo Simon (W) dec. Dave Long (W) 7-2; 167—Jim Brandau (W) p. Dan Scrabek (W) 6-38; 177—Tom Caron (W) p. Dan Graham (W) 7-23; 191—Larry Wedemeyer (W) p. Terry Tellefson (W) 1-59; Hwt.—John Zwolinski (W) dec. Al Anderson (W) 5-0.

Winona FFA Tops Wabasha

Winona's FFA basketball squad scored a 53-49 win over the Wabasha FFA team Tuesday.

Winona was ahead 26-16 at the half.

For Winona, Dave Belter scored 23 and Lee Herold 15. Louis Liddy led Wabasha with 16. Gary Geim had 13 and Bob Bruegger 10.

Wabasha, Cards, Redmen Triumph

A pair of Mississippi Valley Conference teams were wiped out in Tuesday night non-league action, while one Dairyland member was winning and another losing.

The Mississippi loop squads, Arcadia and Durand, lost 77-46 to Eleva-Strum of the Dairyland, and Gale-Etrick of the Coulee, respectively.

Alma Center Lincoln of the Dairyland lost 84-80 to Neillsville.

ville and Wabasha downed Pepin 75-54.

**ELEVA-STRUM 77
ARCADIA 46**

Eleva-Strum swept to an easy 77-46 victory over Arcadia Tuesday.

The Cardinals led 17-9, 38-23 and 58-36 at the quarter marks. Greg Finstad paced three Eleva-Strum double-figure men with 20. Jerry Vetterkind had 16 and Rog Tollefson 15. Pat Maloney and Bud Benusa each scored 13 for Arcadia, while Tom Kostner had ten.

In the "B" game, the Cardinals won 38-34.

**GALE-ETRICK 72
DURAND 62**

John Nichols' 24 points paced Gale-Etrick to a 72-62 win over Durand. The victory avenged a double-overtime loss to the Panthers Jan. 5.

Gale-Etrick, which Friday had to go five overtimes just to lose 72-70 to West Salem, led by 14 points at the half, 40-26.

Aiding Nichols in the scoring column were Steve Daffinson with 16, Steve Johnson with 14 and Bill Sacka 12.

Dale Harschlip had 21 and Wayne Kraleski 19 for the Panthers.

The Redmen are now 7-6 on the year. Durand won the "B" game 54-31.

**NEILLSVILLE 84
ALMA CENTER 80**

With 23 seconds left in the Alma Center-Neillsville game, and Neillsville leading 82-80, the Hornets had a chance to score twice, but lost the ball both times and hit 34-80.

The Hornets, now 9-4 on the season, trailed the entire ball game.

Gary Cummings led the Lincoln attack with 25 points while Dave Mayer had 17. Butch Sequin 12 and Lee Artz 11.

Jim Sinek pitched in 29 for Neillsville.

The Hornets also dropped the junior varsity contest 36-35.

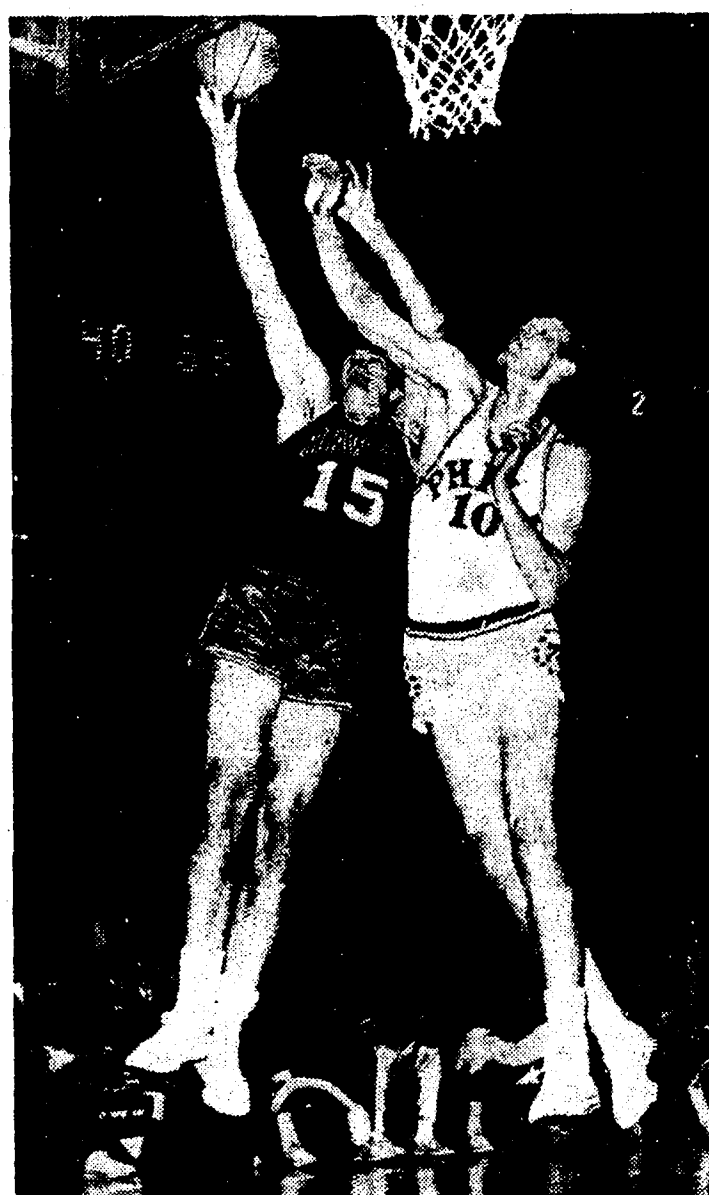

**WABASHA 75
PEPIN 54**

Wabasha led all the way in posting a 75-54 win over Pepin in non-league action.

Pete Ekstrand paced Coach Chuck Karger's Indians with 20 points. Dennis Iverson contributed 17. Jack Kane 11 and John Reinhardt ten.

John Lawson had 16. Dale Bochsell 12 and Joe Murray 11 for the Lakers.

Pepin copped the "B" game 41-35.

SHOT-STOPPER . . . John Kerr (10) of the Philadelphia 76ers shoves an arm and a shoulder in front of Richie Guerin (15) of the St. Louis Hawks to break up his shot at the basket in the second quarter of Tuesday night's game in New York. Kerr was charged with a foul on the play. Philadelphia won the game 119-105. It was the first half of a National Basketball Association doubleheader at Madison Square Garden. (AP Photofax)

Syracuse Begins Journey Back

By THE ASSOCIATED PRESS

Syracuse, regarded as the flop of the college basketball season only a few weeks ago, is on the way back.

The Orange were regarded as a national power in pre-season calculations, but six straight defeats to Penn State, Cornell, Kentucky, Eastern Kentucky, Louisville and Princeton after an opening season victory over American U. revised estimates.

The picture is different today with the Orange on the rebound. They won their fifth straight

Tuesday night with an 83-76 conquest of Niagara as Dave Bing registered his career high of 37 points.

The victory upped Syracuse's record to 7-8 and the Orange-men are aiming to sweep their remaining games against Manhattan, Georgetown, West Virginia, Colgate, Penn State, Canisius, St. John's and Niagara.

Davidson's Wildcats, fifth-ranked in The Associated Press poll, extended their winning streak to 16 by defeating Virginia Military 84-78 and Minnesota edged Northwestern 70-66 to tie Iowa for second place in the Big Ten Conference.

In other games, Miami of Florida whipped Miami of Ohio, 110-85, in what was called the Parentheses Bowl at Miami, Fla.

Bing handed out four assists and grabbed 17 rebounds, in addition to his 37 points for Syracuse's home-court triumph. Davidson, now 17-1, got its usual stiff opposition from VMI on the Keydets' home court at Lexington, Va. The Keydets stayed close until Charlie Marcon twice converted both ends of one-and-one free-throw situations to put Davidson ahead 82-74.

Rick Barry, the nation's leading scorer, was outscored by Charley Coles for Miami of Ohio, 41 points to 29, but the Miami, Fla., star grabbed 19 rebounds to help the Hurricanes hand the Redskins their second straight defeat. Barry's total put him over 2,000 points for his career.

Spring Valley Trips LeRoy

SPRING VALLEY, Minn. — After trailing the entire first half, Spring Valley had hot third and fourth quarters and took a 59-54 win over LeRoy.

The Wolves trailed 21-19 and 32-29 at the end of the first two periods, but led 44-38 at the end of the third.

Steve Turbenson led Spring Valley with 22 points. Bob Olson had 11 and Steve McGhie 10. Arden Payne hit 14 for LeRoy.

In the "B" game, the Wolves took a 37-31 decision.

Cotter Frosh Trip Lourdes

Cotter's freshman team scored a 51-45 victory over the Rochester Lourdes freshmen Tuesday.

Mike Schneider and Jack Lipinski provided most of the scoring punch for the Junior Ramblers, scoring 18 and 13 points respectively.

Cotter trailed 16-14 at the end of the first quarter, but held a 28-24 halftime lead and 42-35 at the end of the third.

Manahan pitched in 15 points for Lourdes.

Badgers Learn Stelter Out With Knee Injury

MADISON (A) — Wisconsin's hopes of following its basketball upset of Notre Dame with a victory over Ohio State received a jolt today with word that 6-foot-8 sophomore Keith Stelter will be sidelined indefinitely with a knee injury.

Stelter, who scored 14 points in helping the Badgers rally from a 10-point deficit to a 98-90 victory at Notre Dame Monday night, apparently suffered torn cartilage when he twisted his knee in moving out to guard a player with 13½ minutes to play.

New Life for Boxing Game

NEW YORK (AP) — The fight racket, buried in Potter's Field when Sonny Liston quit in his corner at Miami Beach, has come back to life with the rebirth of Floyd Patterson and the belated discovery of George Chuvalo.

As the health of boxing always is directly related to the status of the heavyweight champion, another look at the title situation is in order. It is just a little complicated.

Cassius Clay is the champion with two reservations — (1) his name is now Muhammad Ali and (2) he isn't recognized by the World Boxing Association.

To fill the void, created by its own action in stripping Clay of the crown, the WBA is sanctioning a title bout between Ernie Terrell and Eddie Machen at Chicago, March 5. Of course, Machen was beaten by Patterson July 5 in a lopsided match in Sweden.

Clay, forced to postpone his rematch with Liston due to a hernia operation, is due in Boston Monday to be examined by the Massachusetts commission doctors and officials. He plans to go to Miami for light workouts to be sure of his physical capabilities before a new date is set.

The promoters of the Boston fight are talking about a Monday date in late May, probably May 24.

Liston, recently acquitted of drunken driving charges in Denver, is back at work getting ready for a chance to win back the title.

In the meantime, the hottest fighters are Patterson and Chuvalo, who battled 12 tough rounds Monday night at Madison Square Garden before a sellout crowd of 19,100. Patterson won the unanimous decision but, as he said himself, "Chuvalo gained as much in defeat as I did in victory."

Garden officials are working on a Patterson-Chuvalo rematch with a target date of March 30. However, an early May date may be more realistic because Patterson reported he had fought with an injured left hand.

Patterson said his doctor informed him that the bone separation on the back of his left hand should be cleared up in a month. He said he should be ready by late March but that doesn't mean that he plans to fight Chuvalo again in March.

"I want to wait a week or so before I make any definite plans," said Patterson.

AUCTION
Having reached retirement age I am going to sell the following personal property and real estate on 2nd Street in the City of Wabasha, Minn. Entire sale to be conducted under cover in the Wabasha Transfer Building next door to my place of business located on second street downtown Wabasha, Minn.

Saturday, February 6
Sale Starts 11:30 A.M.

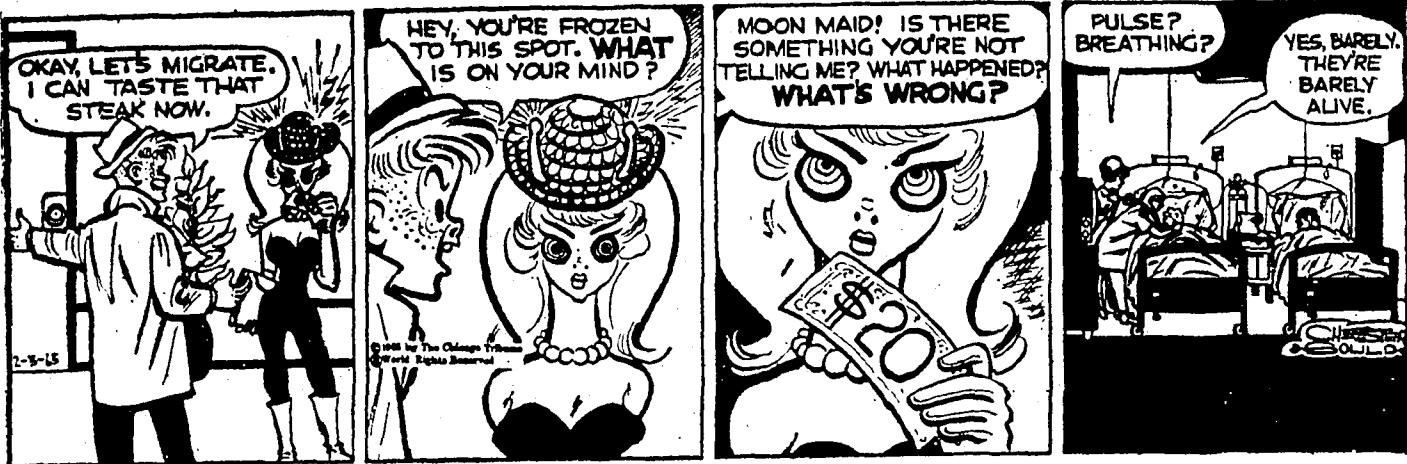

Doors open for inspection of equipment at 10:00 A.M.
BUILDING FOR SALE — This 30x70 ft. building of cement block construction is situated on a lot 30 by 150 feet in size. Featuring radiant heating in the floor for draftless working conditions, an 18x18 foot office space and showroom, front and rear overhead doors, floor pit, upstairs storage and rest room facilities. An oil fired furnace and new roof make this a desirable piece of real estate. The present owner is willing to give excellent terms of one-fourth down and the remainder at 5%.

We are inviting inspection of the building immediately
and if not sold by time of auction will be offered at auction sale.

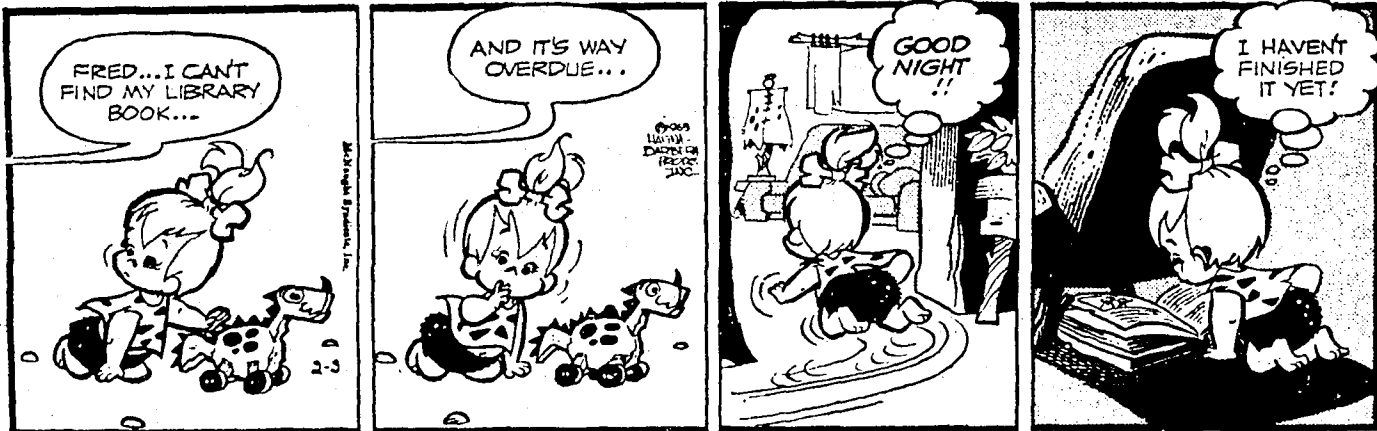

TOOLS AND EQUIPMENT — Tire changing tools; 1 mechanical body jack; 2 four-ton hydraulic jacks; 1 two-ton hydraulic jack; headlight aligning gauges; Champion ignition scope; battery booster with polarity protector; spark plug cleaner and tester; 3/8 inch cable, 200 feet, new; 1/2 inch cable, 300 feet, new; cylinder ridge remover; 4 snatch blocks; parts cleaner; time clock; 1/4 inch electric drill; Lincoln air operated grease gun; acetylene generator with cart; large file type cash register; Storm cylinder boring bar; Lenox brand drill lathe; HEAVY DUTY WRECKER and 1 1/2 TON TOW TRUCK. 300 AMP PORTABLE WELDER on 3/4 TON PICKUP.

TERMS MAY BE ARRANGED DAY OF SALE.
