Rookie Cop Saves Statue of Liberty

NEW YORK (AP) — Raymond Wood, 31-year-old Negro who 10 months ago was just a rookie cop, plunged coolly into a cloak-and-dagger role to unmask a quartet allegedly bent on blowing up the Statue of Liberty, the Washington Monument and the Liberty Bell.

Three American Negroes, described as pro-Castro and pro-Chinese racial fanatics, and a striking Canadian blonde, were seized Tuesday in a lightning roundup by police and the FBI.

Wood was hustled to a police station along with one of the alleged plotters as he was helping transfer 20 sticks of dynamite from a lot to an auto in a

Bomb Exploded In Vatican Wall

VATICAN CITY (AP) — A pound of dynamite exploded early today against a wooden door in the Vatican wall only 100 yards from the apartment where Pope Paul VI was sleeping.

Police sought to determine whether the explosion was linked with Communist protests against the banning of the controversial play "The Deputy."

Vatican sources said the blast undoubtedly awakened the Pope. It destroyed part of the door in the wall, caused damage in the Swiss Guard barracks just inside the wall and shattered windows within a hundred-yard radius.

A night watchman, Vittorio Rivi, told police he saw two men approach the gate, then hurry away in a high-powered car just before the explosion. He said the men were short, youthful in appearance and well dressed. He said one was bearded.

Police said the bomb was a crude device consisting of a pound of dynamite packed into a carton. It was wedged against a corner of the seldom-opened Porta Angelica — Angeli Door.

The door is alongside the gate of St. Anna, the only entry into the walled Vatican City from the Via de Porta Angelica, which runs from the southeastern corner of Vatican City to the great colonnades around St. Peter's Square.

It was the first bombing at the 104-acre Vatican City-state since 1962, when two fire bombs were found in St. Peter's Basilica three weeks before the first session of the Vatican Ecumenical Council. Two months before a time bomb had exploded in the basilica but caused only slight damage.

The Vatican radio and newspaper had strongly protested the attempt last weekend of a small company of actors to stage private performances of "The Deputy," a play by West German author Rolf Hochhuth questioning whether Pope Pius XII did all he could to protect Jews from Nazi extermination.

Peking Reds Behind Albania U.N. Demands

UNITED NATIONS, N.Y. (AP) — U.N. delegates believe Peking was the mastermind behind Albania's demand Tuesday for a formal vote that would force the U.S.-Soviet showdown in the United Nations which the General Assembly has been striving to avoid.

Most diplomats refused to speak on the record, but they said privately it was obvious Red China was behind the sudden move by chief Albanian delegate Halim Budo, which caught other assembly members completely off guard.

"It looks as if some people want to wreck the United Nations," U.S. chief delegate Adlai E. Stevenson told reporters.

Asked if he thought Peking had a hand in it, Stevenson said he had no clues, then added, "I suppose so."

Cameras Set To Catch Sea Of Tranquility

CAPE KENNEDY, Fla. (AP) — Spacecraft Ranger 8 was rocketed toward the moon today to snap 4,000 photos of the dusty, crater-pocked lunar surface and continue the exploration started by Ranger 7.

An Atlas-Agena rocket thundered into the sky at 12:05 p.m. to start the bug-like craft on a planned quarter-million-mile journey intended to probe mysteries which must be solved before American astronauts tread the lunar surface in 1969.

The powerful rocket, 104 feet tall and weighing 133 tons, poured a fountain of flame from its three booster engines as it vaulted from its launching pad and sped into space.

The flight plan called for the camera-toting 803-pound spacecraft to execute several intricate maneuvers and crash-land on the moon about 5 a.m. Saturday after a 234,300-mile space trip. The special photographic target is a wide plain called the Sea of Tranquility.

A key midcourse maneuver was planned about 16 hours after launching. At that time a ground station planned to send a radio signal to fire a small payload steering motor to jockey the craft onto a collision course with the moon.

In the final 13 minutes and 40 seconds, Ranger 8's six cameras are to flash to earth more than 4,000 pictures at altitudes ranging from 1,180 miles down to about half a mile.

The Sea of Tranquility is nearer to the moon's shadow line than the region photographed by Ranger 7. The pictures thus should have better definition of detail because of longer shadows cast by rocks, mountain peaks and other features.

The 4,312 pictures transmitted by Ranger 7 were about 2,000 times better than any obtained by land-based telescopic cameras. In the final shots, craters only 18 inches across were visible.

Space agency officials said the pictures indicate the lunar surface is covered with extremely fine rubble. Experts disagree on the depth. Ranger 8 may shed light on the controversy.

The launching will climax a major space doubleheader at Cape Kennedy.

A Saturn I rocket successfully hurled a giant space bird named Pegasus into orbit Tuesday to study the threat that meteoroids pose to manned space flight.

Wood served four years in the U.S. Air Force in Germany with an investigative unit. He attended Fordham University for six months. Before that he had been a cost accountant.

A patrolman for seven months, Wood undertook his dangerous mission when he became an undercover agent for the police Bureau of Special Services.

He made his initial contact in a bar last December. From then on, it was a cat-and-mouse game as he attended meetings, walked picket lines until he was recognized as one of "them," and listened stolidly as he was told about the dynamite plots.

Those arrested were Robert S. Collier, 28, Boston-born, married with one child; Walter A. Bowe, 32, Philadelphia-born, married with one child; Khaleel S. Sayyed, 22, Brooklyn-born and single; and Michelle Duclos, 28, of Montreal, television commentator and member of a political party that advocates separation of French-speaking Quebec citizens from the rest of Canada.

Collier, who received an other-than-honorable discharge from military service after slaying a man during a fight in England in 1956, was said originally to have broached plans for three-man teams to destroy U.S. installations.

On Jan. 19, Commissioner Murphy said, it was Bowe who espoused the idea of blowing up the Statue of Liberty, which he called "the damn old bitch."

President Makes Church Pledge

WASHINGTON (AP) — President Johnson invited his pastor to lunch at the White House Tuesday and made his annual contribution to the church. How much?

"That's between the President and the pastor," said presidential press secretary George E. Reedy.

"I really don't know," Reedy replied when asked whether the President tithes.

The pastor is Dr. George R. Davis of National City Christian Church in downtown Washington. The President's wife and daughters are Episcopalians and the family attends both the Christian church and St. Mark's Protestant Episcopal church.

New Attack On Crime Under Study

WASHINGTON (AP) — A thick package of new crime laws aimed both at fighting organized crime and salvaging the young criminal is under study by the Johnson administration.

Administration sources said today the crime package probably will place special stress on laws granting immunity to witnesses in certain categories of organized-crime investigations.

While it is expected to propose major new laws in the fields of narcotics, arson, firearms and wiretapping, it will seek also to put federal money into the fight against juvenile delinquency.

One source stressed that the crime bills are a long way from completion and may not be ready for Congress until spring.

In Viet Nam to Keep the Peace, Truman Declares

INDEPENDENCE, Mo. (AP) — "Our presence in South Viet Nam and in other places on the globe has but one purpose," said Harry S. Truman, "and that is to help keep the peace—to keep ambitious aggressors from helping themselves to the easy prey of certain newly formed, independent nations."

"If we abandon these to the new marauders, we are again headed for deep trouble."

The former president made the comment in a statement he issued Tuesday expressing confidence in President Johnson's handling of the Viet Nam crisis.

Battle Raging Near Saigon

SAIGON, South Viet Nam (AP) — A large military operation began today with the discovery of a battalion of Viet Cong in an area 32 miles southwest of Saigon.

Vietnamese troops were rushed into the area in early afternoon. No detailed reports were available from the scene.

Military spokesmen also reported that fighter-bombers attacked and sank a large, apparently metal-hulled Viet Cong vessel in a cove in Vung Ro Bay about 235 miles northeast of Saigon.

Heavy fire from the Communist vessel drove off a Vietnamese navy junk and observation planes before the assault by air force planes.

The well-camouflaged ship was spotted by an American helicopter pilot, Lt. J. S. Bowers of Lyndonville, Vt. A junk sent to the bay drew heavy fire as it did an observation plane flown by Lt. Cmdr. Harvey P. Rodgers of Smithtown, N.Y.

"Everything that went near the place received heavy fire," said Rodgers. He said the area is a well-known Viet Cong region.

Military spokesmen in Saigon reported heavy casualties among American and Vietnamese military forces during the Feb. 7-13 period.

They listed 35 Americans killed in action, 196 wounded and one missing. Most of those casualties were in Viet Cong terrorist bombings of servicemen's billets.

The attack Feb. 10 on an enlisted men's hotel at Qui Nhon resulted in 21 deaths and injuries to 20 other Americans. Eight Americans were killed and more than 100 wounded at Pleiku Feb. 7 in a Viet Cong mortar attack.

Vietnamese losses for the week were 290 killed, 655 wounded and 610 missing.

Lending Money

Lending money to someone doesn't mean you'll lose him as a friend — it's trying to get it back that'll do it . . . Poem, from Arnold Glasgow: "Installation buying's here to stay but not all the things you buy that way" . . . Isn't it about time, sighs the cynic, that TV producers began scraping the top of the barrel? A weary motorist says, "Here I am, with a tiger in my tank, and a tiger in my back seat."

Formosa Fears Nuclear Bomb In Red China

TAIPEI, Formosa (AP) — Nationalist China urged today that "positive measures should be taken without delay to prevent the Chinese Communists from acquiring a nuclear capability."

A statement issued by a Foreign Office spokesman, Patrick Pichl Sun, was in effect an appeal for destruction of the atomic installations through which Mao-tung's Red regime exploded a nuclear device last Oct. 16.

Other World Problems Touched Upon

WASHINGTON (AP) — President Johnson had a surprise conference today with former President Dwight D. Eisenhower, seeking Eisenhower's advice on Viet Nam policy.

The White House said Viet Nam was one of a broad range of world problems touched on in the lengthy, informal talk between the President and the 74-year-old general who left the presidency four years ago.

Johnson's press secretary, George E. Reedy, was asked whether Johnson had asked Eisenhower for advice on Viet Nam policy.

"Yes, of course, he asked the general's advice," Reedy replied.

He said Johnson and Eisenhower also talked about "general world problems" and discussions Eisenhower had with some leaders while in London for the funeral of Sir Winston Churchill.

Eisenhower was in Washington for a medical checkup at Walter Reed Army Medical Center. Reedy said Johnson learned of this and "asked him to come by the White House and visit with him."

Eisenhower looked ruddy and fit.

The first word that Eisenhower, who has been spending his winter vacation at Palm Springs, Calif., was at the White House came when photographers and newsmen were called into Johnson's office. The President was sitting in his rocking chair with Eisenhower at his side on a sofa.

The Republican former chief executive grinned and exchanged greetings with newsmen and photographers he knew from old times.

He looked at the big telephone console on a coffee table and commented: "My goodness! That's a fancy looking telephone. Do you use all those buttons?"

Johnson assured him he does at times.

The two men got to comparing notes on heart attacks. Johnson and Eisenhower both had serious attacks in 1955, Johnson in July and Eisenhower in September. Each was out of action for months.

Eisenhower was accompanied by his aide, Brig. Gen. Robert L. Schulz.

Russ Boast Of Nuclear Armed Forces

MOSCOW (AP) — The Soviet Union is armed with intercontinental and global rockets whose nuclear warheads are equal to 100 million tons of TNT, Marshal Vasily Sokolovsky said today.

He also claimed Soviet supersonic planes are equipped with long-range rockets carrying nuclear warheads.

Sokolovsky spoke at a news conference held in connection with the 47th anniversary of the Red Army. He was chief of the general staff for the army and air force from 1955 to 1960 and is now retired to a Defense Ministry inspector's post.

The Red Army anniversary is celebrated on Feb. 23.

"We have more than enough nuclear means to rout any aggressor," Sokolovsky said.

He said strategic rocket troops now form the backbone of the Soviet armed forces.

The effectiveness of the Soviet air force, he continued, has been sharply increased by supersonic planes equipped with nuclear-tipped, long-range rockets.

He said the Soviet navy is now built around atomic submarines of virtually unlimited range that are equipped with powerful missiles.

New Soviet antiaircraft defenses are capable of reaching targets flying at any speeds at any altitudes, he declared.

Soviet ground forces are equipped with tactical nuclear weapons and tactical rockets, he said.

Voice of the Outdoors

Tourist Promotion
An invitation from John H. Reed, governor of Maine, to a luncheon given by the state of Maine during the Sportsmen's Show at McCormick Place, Chicago, and the above picture showing members of the Ortonville (Minn.) Chamber of Commerce giving a walleye to Gov. Warren G. Hearnes of Missouri in the Ortonville booth at the Kansas City outdoor show, are reminders that outdoor show-time is here. To the outdoor fan, a sportsman's show is just like a seed catalog to the gardener.

The Minnesota Department of Business Development will expand its tourist-travel promotion at sport and travel shows this spring, according to Commissioner William B. Farrell. For the first time the department will take part in a sport and travel show in Canada in response to research information showing an increase in vacation traffic from neighboring Canadian provinces. The Minnesota display will be seen at a sports show in Winnipeg, Manitoba, from April 14 through April 17.

The Department also will be in Cincinnati for the first time as part of a Northern Great Lakes Area Council exhibit. G. F. (Bud) Kratoska, Grand Marais, NORGLAC president and executive secretary of the Cook County Civic Association, will staff the Cincinnati exhibit for Minnesota Feb. 24-26, with Mrs. Kratoska. NORGLAC is a regional tourist promotion organization representing Minnesota, Wisconsin, Michigan and Ontario.

With Winnipeg and Cincinnati, Minnesota will participate in a total of nine sport and travel shows this year. From Jan. 28 through Feb. 7, Minnesota exhibits will be in Kansas City, Mo.; in the Chicago Amphitheater from Feb. 12 through the 21; in St. Louis from Feb. 19 through the 28; the Chicago Boat show, in McCormick place, from March 6 through March 14; in Dallas from March 7 through the 14; from March 23

through March 28, in Des Moines, and in Minneapolis from April 2 through April 11.

The Minnesota sports show exhibits consists of four panels, 8 by 4 feet, depicting typical Minnesota scenes. A fifth panel is an animated map of the state's elaborate network of airports. The aviation panel is intended to encourage more flying vacations in Minnesota.

Here and There
After two years of playing politics, the Minnesota Land Exchange Commission has approved the creation of the National Wildlife Refuge in Sherburne County. This refuge consists of 31,000 acres of top waterfowl area which the Wildlife Service has or is acquiring. The purchase has been approved by the county board, but was held up by the exchange commission because, as Stafford King, a member of the commission, put it, "We are emphasizing the rights of ducks and are selling the right of a duck higher than the right of a homeowner."

Houston County's registration for the 1965 Minnesota youth firearms safety training course will be held in county public and parochial schools grades 6 through 9 during the week of Feb. 23-26. Seventy bald and golden

eagles were found dead or injured along the river in the last few months by Wildlife Refuge personnel. Half of them had been shot. Killing an eagle is a federal offense carrying a fine of \$500 or six months in prison.

Wardens are checking on litterbugging around fishing shacks on the ice. The area must be cleaned up before the river zone deadline.

Henry Hein, La Crescent, Minn., and Jimmy Moeller, Chatfield, Minn., placed on Jimmy Robinson's Minnesota's first team of trapshooters for 1964.

Hjalmar Swenson, Minnesota's supervisor of fisheries, reports that in excess of a million fish have been rescued so far this winter from 160 shallow, oxygen-depleted lakes.

"Fight Dirty Water" is the slogan for 1965 National Wildlife Week opening March 14.

A card from Darby Reed from Hawaii pictured a nearly undressed Hawaiian maiden, showing that all his thoughts are not of hunting and fishing. Art Rackow, retired Winona barber, writes of the sunshine and heat along the Texas Gulf Coast, "warmer than Florida" and of the excellent fishing he is enjoying.

Syria Ousts U.S. Attache

DAMASCUS, Syria (AP) — The Syrian government has ordered the second secretary of the U.S. Embassy, Walter S. Snowden, out of the country. The newspaper Al Ba'ath, spokesman of the ruling Ba'ath Socialist party, accused him of heading a spy ring.

The American Embassy said the Syrian Foreign Ministry demanded Snowden's recall Tuesday but gave no reason. The embassy said Snowden, 46, his wife and two children were preparing to leave the country.

Shell Oil Co. Founder Dead

CHICAGO (AP) — J. C. Van Eck, 84, founder of Shell Oil Co., died Tuesday in Santa Barbara, Calif. Van Eck, born in Holland, worked as a banker before joining the Royal Dutch Shell group of companies. He came to the United States in 1911 and a year later in Seattle, Wash., he started the American Gasoline Co., forerunner of the present Shell Oil Co.

Hotel Burns At Waukegan

WAUKEGAN, Ill. (AP) — A flash fire raced through the 100-year-old Commercial Hotel today, killing one person. Hotel authorities said one person may be missing.

Mrs. Mildred Humphrey, 60, night clerk, said 38 of the 39 patrons were accounted for.

Police Lt. Pat Quilly said the fire started in the boiler room and spread quickly through the stairwells.

"Evidently there was some sort of an explosion," Quilly said.

Eyewitnesses reported seeing flames shooting more than 50 feet into the early morning sky.

The dead man was identified as William Rentola, 41, of Waukegan.

RESTONIC ORTHOTONIC
TRIPLE CUSHION MATTRESS
79.50
mattress or box spring

why will it pay you to spend \$79.50 for a mattress?
spend but 3 minutes reading time, learn to get the most for your mattress money

The mattress and box spring combination illustrated is the best that can be made. The manufacturer deliberately started out to make the best, regardless of cost. When he finished, he added up his expenses and the price came out \$79.50. If you pay more you're simply wasting your money... if you pay less, you can't get the best. The mattress has 312 coils... balanced, with the correct number of connected rows running both directions... and each rests on a matching box spring coil. The central third of the mattress (where most of your weight goes) is reinforced with a Permalator—a network of horizontal wires that shelters the vertical coils. Cushioning is of California Imperial Valley cotton, greatly prized for its unique resiliency. The cotton is in the form of quilted felt pads made up of

46 layers with the fibres of each layer cross-angled to the next. The cotton is sanitized by germicidal lamp, and pre-compressed to make a firm but resilient cushion. Each felt pad is covered by another 46-layer pre-compressed quilted pad, then a third pad is added to the vital center of the mattress. Upholstery is topped with 1/4-inch of foam quilted to an imported Belgian damask cover, and a special method of construction locks cover and upholstery in place at the center third of the mattress. It can't shift. This mattress and box spring combination is the best that can be made. It gives correct, firm support to your spine and a cloud-soft sleeping surface. Mattress and spring are guaranteed for 15 years. If purchased separately, 20 years if purchased as a unit. It will pay you years of healthful sleep to spend \$79.50 for a mattress.

Traffic Safety Topic For Four Workshops

By TERRY BORMANN
Daily News Staff Writer

Four traffic safety workshops held Tuesday night at Central Junior High school left four groups of from 35 to 40 South-eastern Minnesotans agreeing that they had gained some solid information on traffic safety.

The workshops were part of a series being held state-wide this month under the sponsorship of the state Highway Safety Association and local safety councils.

The Winona workshop drew interested people from Lake City, Wabasha, Rushford, Mabel, Preston, Lewiston, St. Charles and Winona itself.

Ninety attended a pre-workshop banquet and program at the Senior High cafeteria, and about 150 attended the four workshops.

THE YOUTH workshop placed an accent on youth's consciousness of its own responsibility, of its own opportunity to promote safety-mindedness. Groups from the FFA, 4-H and

Senior High student council participated, while an audience of both teen-agers and their parents looked on.

Winona County Juvenile Court Referee James Heinlen conducted a mock traffic hearing for a youth accused of "careless driving." Heinlen explained that such hearings are informal compared to adult courts but he insisted that juvenile courts are actually tougher on the offender.

Heinlen maintained that the juvenile court approach of trying to educate and reform the young offender, as well as dish-ing out a stiff sentence to drive the point home, is more suited to the immature personality of youth. The average sentence for offenses such as speeding or careless driving is a 30-day license suspension, Heinlen pointed out.

Fillmore County Juvenile Judge Samuel Murray. Preston, told the group that Heinlen's approach to the juvenile offender is largely the one his own experience has dictated.

Judge Murray emphasized the necessity of treating everyone alike, of allowing no exceptions, in order not to abuse the secrecy of juvenile court proceedings. He said that his court follows a "schedule" of sentences, which is followed "religiously" for all traffic offenders.

BOTH HEINLEN and Judge Murray pointed out that the unreformable young driver — the repeater — is referred to adult courts and faces adult procedures. Such cases are rare, they said.

An emergency drivers workshop was thickly populated with local police officers, sheriff's deputies, highway patrolmen, members of the Rushford fire department, and ambulance, tow truck and school bus drivers.

Phil Hodapp, Albert Lea, a highway patrolman, conducted the workshop. Its purpose, he said, was to familiarize emergency drivers with various techniques in protecting an accident scene and with the proper use of siren and lights on legal emergency equipment.

A session for community and women discussed driver improvement and common safety problems for the ordinary driver. Municipal Judge John D. McGill moderated.

Winona AAA driver education instructor Robert Wolf conducted a discussion on proposed legislation during the fourth workshop on driver instruction. Principal bill discussed was one which would establish a uniform age in Minnesota for obtaining driving privileges.

Part of the youth workshop was conducted exclusively by county young people. Frank Stanton, of the State Highway Department, moderated. A meeting to discuss farm vehicle safety was conducted by the Winona chapter of the FFA.

THE YOUTHS' efforts to sell or distribute reflectorized, triangular warning standards for the rear of tractors; to distribute "stop and yield" signs for farm driveways; and to promote their "kernel of corn" safety reminders were discussed at the mock meeting.

Stanton told the young people of something they could do personally to promote safety-mindedness. He said that groups of teen-agers organized by their student councils could go downtown on a Friday night with buckets and sponges and clean every dirty windshield and tail-light in sight, leaving printed cards to explain what was done, who did it and why.

A Lewiston representative of the county 4-H told of his group's efforts to promote understanding of auto mechanics, safety and driving do's and don'ts. A 4-H film detailing a driver education program conducted in Paducah, Ky., was shown.

The community and women workshop heard a panel discussion on "the scooter problem." Panel members gave outlines of the problems in licensing (vehicles and drivers), financial responsibility, injury types that arise and enforcement of the regulations peculiar to scooters.

The driver instructor workshop laid great stress on the desirability of having a uniform driver age throughout the state with universal driver education in our high schools.

The present law establishes an age of 16 for city youths and 15 for rural youths who want driver's licenses. However, city teen-agers may drive motor scooters, of a specified horsepower, at the age of 15, which has given rise to new problems.

Wolf told the group that driver education instructors throughout the state want a uniform age limit for driver's licenses of 18, with 17 the minimum for youths who have completed driver's education. No exceptions would be made for drivers according to where they lived, he said.

County Retail Sales Show 25% Increase

Winona County's 424 retail establishments had \$56.8 million in sales in 1963, an increase of 25 percent from 1958 sales, the U. S. Bureau of the Census has just reported after tabulating data from all firms in the 1963 census of business.

The last previous business census conducted by the census bureau, an agency of the U. S. Department of Commerce, was in 1958.

Retail trade in the county meant jobs (exclusive of pro-

prietors) for 1,889 men and women and a yearly payroll of \$6.1 million.

In volume of business, the county's food stores had sales of \$18.7 million, an increase of 71 percent from the 1958 total. In other retail business, the county's eating and drinking places had sales of \$4.4 million, and gasoline service stations had sales of \$2.7 million. Auto dealers and related retail trade establishments had sales of \$8.5 million; general merchandise group stores had sales of \$4.1 million, and lumber, building materials, hardware and farm equipment dealers had sales of \$6.5 million.

For the state as a whole, the census bureau reported 32,467 retail establishments with sales of \$4,541.3 million, up 14 percent from the 1958 figure.

Census reports to be issued during the next few months will give state and county figures on wholesale and service trades, manufacturing and mineral industries.

Figures on number of establishments and sales volume for major kinds of retail establishments in each county are provided in the printed report, "1963 Census of Business, Retail Trade, Minnesota." Available from the Superintendent of Documents, Washington, D. C. 20402, and at Department of Commerce field offices.

Housing Unit Sets Budget For Year

Approval of a budget for the next fiscal year, beginning April 1, was voted Tuesday night by directors of the Winona Housing and Redevelopment Authority.

According to Arthur Gallien, executive director, the anticipated income from the authority's operation will be about \$128,580. Most of this will be rentals from the Arthur C. Thurley Homes low-income housing units and the Schaffner Homes elderly housing complex.

Total estimated operating costs are \$115,773, Gallien reported. These include such items as \$19,250 for extraordinary maintenance and improvements. Under this heading are estimated costs of replacing housing unit steps which have been settling at some points.

Total routine expenditures are expected to be \$96,523. Under this heading are \$41,420 for utilities, \$27,727 in ordinary maintenance and a payment of \$8,450 to the city of Winona in lieu of taxes.

THE \$12,807 difference between estimated income and outgo will be applied to reduction of the federal government's contribution for interest and bond retirement. The original bonded amount, advanced by the government, was \$1,655,000.

At the suggestion of Dr. W. O. Finkelburg, chairman, individual board members will be given project assignments. They will report periodically to the entire board on their specialties.

J. A. Krier was appointed to investigate possibilities for a high-rise elderly housing project in or near the downtown area. Because of the present backlog of applicants for Schaffner Homes residences — an estimated 60 — such a development appears needed, the chairman observed. Such a building might even incorporate centralized food and housekeeping services, Dr. Finkelburg said.

GALLIEN SAID thought has been given to addition of 40 units at the Schaffner Homes site because most occupants seem to prefer living away from downtown areas. If urban renewal becomes a reality, he added, it will be the authority's job to provide living quarters for at least some persons who may be displaced from downtown apartments.

Steve Morgan, newest member of the board, will be the board's urban renewal specialist.

Dakota Civil Rights Worker Jailed in South

Joseph Morse, Dakota, who has been a civil rights volunteer in the South since last summer, is in a Meridian, Miss., jail again today.

He was arrested Tuesday, along with four Negroes and 10 other whites, and charged with "obstructing a sidewalk." The group is being held in jail while Congress of Racial Equality officials try to raise \$50 bond for each person. CORE representatives said they hoped to raise the money within a few days.

No trial date has been set.

A WORKER in Morse's office in Meridian called the Dakota youth's parents, Mr. and Mrs. Marius Morse, Tuesday and said their son's group was arrested when it picketed the Lamar Hotel, where an FBI agent was giving a speech. Negroes had been turned away from the speech, the caller said, and the group was protesting this.

The civil rights workers held that the speech was being given at a public meeting. Meridian police, however, argued that it was a private meeting of the city's Exchange Club, and that admission was by invitation only.

THE SPEAKER was Joseph Sullivan, an FBI supervisor from the bureau's Jackson, Miss., office. His subject was crime prevention.

Morse has been arrested in the past for traffic violations and for receiving stolen goods. He has denied being guilty of these offenses, and has charged police harassment of his organization's civil rights activity.

Renewal Contracts Executed

Contracts for drafting a general downtown renewal plan and a marketability study have been executed by all parties, the Winona Housing and Redevelopment Authority board was told Tuesday night.

The board also voted to hold evening meetings, beginning next month. The meetings will be at the Arthur C. Thurley Homes Community Room, 1690 Kraemer Dr.

James Kleinschmidt, assistant executive director for urban renewal, said the suggested renewal plan will be finished about Nov. 15. It will be prepared by Nason, Law, Wehrman & Knight, Minneapolis planning and consulting firm. The fee will be \$39,400, paid from funds made available to the city under a \$77,600 planning grant by the federal government.

A MARKETABILITY study, to be made by Larry Smith & Co., San Francisco, Calif., will be completed by July 15, Kleinschmidt said. The \$6,200 fee for this study also will be paid from the federal allotment. The contracts have been approved by the Urban Renewal Administration.

Selection of the firms was made at a brief reconvened meeting Jan. 14, called by the board chairman. The meeting was held at a conference room in the Winona National & Savings Bank. In prior meetings the proposals of firms competing for the assignments were reviewed by board members.

The final selection process was challenged in a letter by Martin A. Beatty who said he did so as a citizen and taxpayer. Beatty's letter charged the meeting was held without advance notice to the public, that he had asked to be notified of all meetings of the authority and that this had not been done. Beatty also contended that meetings held in the afternoon at a "private" institution tended to have a private rather than public character.

In an opinion given to the board Tuesday night, C. Stanley McMahon, legal counsel to the authority, said the meeting was a valid one and that the bank room had been the official meeting place since 1959 by resolution of the board. The resolution also had specified afternoon meetings, which are normally scheduled for the third Tuesday of each month, beginning at 1:15 p.m. The public may attend, said McMahon, but may not, in his opinion, participate in the meetings.

SOME BOARD members said they preferred evening meetings because of inability to take time for sessions in regular business hours. J. A. Krier, board member, said the reason for daytime meetings was that in most instances business was light, requiring but a few minutes. The centralized location was convenient for most members, he said.

Krier disputed the idea that meetings at the bank room were private in nature. A bank is a quasi-public institution, he said, and freely accessible during regular hours to the public, therefore no person had been prevented from attending. The dispute, he charged, was the result of efforts by "one individual in town trying to put us on the spot."

Arthur Gallien, executive director, said that no public interest ever had been shown in any meetings, regardless of

Displays Exhibited at WSC Commerce Day

Fourteen booths were set up today in the Smog and Room 200 of Winona State College's Somsen Hall for the second annual Society for the Advancement of Management Commerce Day.

Displays were put up by thirteen businesses and industries, as well as by the SAM itself, a national group for business students.

Purpose of the day's program, according to Barry White, Levittown, Pa., chairman, is to give Winona State students a chance to talk with representatives of business and industry and, in turn, to give the businessmen an opportunity to get acquainted with the college and its students.

A number of firms will interview students in a job-placement program on campus Thursday, White said. The exhibits were open to students and the public from 9 a.m. until 3 p.m. today.

PARTICIPATING businesses included International Business Machines, Inc.; Merchants National Bank; Warner & Swasey Co., Badger Division; Northern States Power Co.; Winona National & Savings Bank; Winona Daily News; Bub's Brewery;

where they were held, despite the fact that none were barred to the public. The authority has held some of its meetings at the housing project community room. Under the resolution governing meetings it was required to meet there when bid openings were held.

Dr. W. O. Finkelburg, chairman, noting that urban renewal may become a reality later, said public turnouts will probably grow. Therefore, he said, meetings should be in evening hours at the community room or, in the event large audiences are expected, at City Hall. He asked for a motion to change time and place of meetings.

On a motion by Krier and passed unanimously, the board designated the community room as official meeting place and ordered regular meetings the third Tuesday of each month, beginning at 7 p.m.

\$1,250 Loss In 2 Crashes, One Hit-Runner

Two collisions, one a hit-run, caused \$1,250 damage and a minor injury Tuesday in Winona.

Rodger L. Seavey, 835 40th Ave., complained of pain following a two-car collision at 5th and Huff streets at 1:52 p.m. He was driving east on 5th Street, and S. G. Morken, 617 Terry Lane, was driving north on Huff Street when the collision occurred.

MORKEN TOLD investigating patrolman Willis H. Wogan that he did not notice the red light opposing him as he drove into the intersection. He forfeited \$10 on a charge of driving through the red light today in municipal court.

Damage was \$800 to the right side of the Seavey car and \$400 to the front of the Morken vehicle. There was \$50 damage to the left side of a parked car in a hit-run incident reported about 7:30 p.m.

CHARLES MULLANE, La Crosse, told police that his car was parked at the west curb of Grand Street, facing south about 100 feet south of King Street, when he discovered that a hit-run driver had struck the vehicle's left side.

Patrolmen Lyle E. Lattman and James L. Bronk investigated.

Police Have Lost Ring

Police Chief James C. McCabe today reported a valuable ring turned in as lost Tuesday night.

He said that the ring was found on Center Street, between 2nd and 3rd Streets, and is described as "valuable." Chief McCabe said the owner could have the ring returned if he would come to the police department and describe it.

Marshall Message Delivered at Dinner

Tuesday night's traffic safety workshops were kicked off by a banquet and dinner program at Winona Senior High School.

Highway Commissioner James Marshall had been scheduled to attend but sent a message by a representative instead. Charles Burrill, Rochester, district highway engineer, read Marshall's message.

Mark Markson, St. Paul, state chief of safety promotion followed Burrill with a run-down of traffic safety legislation before the 1965 legislature. Mayor R. K. Ellings gave Winona's official welcome to the visiting officials and citizens interested in safety.

Mayor Ellings displayed a "Golden Wheel" traffic safety award he recently received. It represents five years of accident-free driving, the mayor said; and he is proud of it.

BURRILL COMMUNICATED Commissioner Marshall's distress that people aren't more concerned with the alarming accident statistics than they are with the comparatively unimportant sport statistics that occupy so much attention.

Marshall said that Interstate highways completed so far have saved an estimated 3,000 lives, 60,000 injuries and 90,000 accidents. He noted that \$40 million in new highway construction was planned for 1965 in southeastern Minnesota, including 28 miles of Interstate highway to add to the 79 miles already completed. Planned mileage is 212.

Markson said that proposed legislation on minimum drivers' license ages aims at mak-

ing the law uniform throughout the state.

Presently, he said, rural teens can get their license at 15, city teens at 16. But city teen-agers have found that they can drive motor scooters at 15, which has given rise to a host of problems.

Proposed legislation would set an 18 minimum age state-wide, with 16-year-olds eligible when they complete driver education. Exemptions for tractor-driving children of 8, 9 and 10 years old would also be eliminated, Markson said.

ANOTHER BILL would require vision and knowledge of road signs tests every time a license is renewed, Markson noted. Yet another would require yearly vehicle checks. Pennsylvania found that 40 percent of its vehicles failed the test when it instituted such a program. The cost would be about \$3 per driver, Markson said.

COACH SPEAKS.

MABEL, Minn. (Special) — Guest speaker at the annual Boy Scout banquet at Mabel First Lutheran Church Monday night, sponsored by the Lions Club, was Armin Pippo, instructor and coach at Luther College, Decorah, Iowa. His topic was "The Characteristics of a Champion." A crowd of 125 also heard a mixed ensemble from the high school sing. Activities during the last year were reviewed by Scoutmaster Roy Butler. A charter was presented to Dean Kalash, Lions Club president. Dinner was served by the American Lutheran Church Women.

Naturalized Citizen Considers Blessings of Living in the U.S.

They may throw rocks at U. S. buildings and scream at Americans "but they would kiss you on each cheek if you just would give them a pass to come here," and live, a naturalized citizen told the American Legion Tuesday evening.

Dr. Leo Ochymowicz, chairman of the department of languages at St. Mary's College, was the speaker. Just 10 years ago he had been in the same hall attending a Legion-sponsored welcoming dinner for new citizens of the United States.

It was, as he recalled for Legionnaires, a great day when he joined "your brotherhood." Previously he had been a citizen of four other countries, but for the first time he had applied for citizenship in a country.

He listed some of the reasons for his having done this, some of them of substance, some of the spirit.

AMONG THE material things, he listed first "room, you have room to grow and work."

"In the United States," he noted, "there is enough unused land in the corners of fields to make a small country." This, too, he continued, is one of the few countries where personal possessions are guaranteed. Having lost all his twice, he appreciates this.

He's appreciative, too, that

this is a "college-educated democracy," the only one of its kind. In other countries there are scholars but learning does not permeate through the population. Here, too, said Dr. Ochymowicz, every boy has a chance to be educated if this is his choice. As for himself he said he probably could make twice as much money if he were a "good carpenter," but he chose to be educated and he has his sons. Indeed, he said, the United States provides many opportunities for enjoyment of life.

AS FOR THE things of the spirit, the U. S. Constitution guarantees many wonderful things, such as that all men are created equal. Here government, he continued, is of, by and for the people; in the Soviet Union the constitution may say that it is a "dictatorship of the people, but it is a dictatorship over the people."

Dr. Ochymowicz, a native of the Ukraine, also contrasted the U. S. brand of patriotism with that of the Russians, which he said is militaristic and based on hatred. Although 60 percent of the population in the Soviet Union are non-Russians, the Russians dominate the country. "They want to be bosses, little bosses," said the Ukrainian refugee.

Finally, said the professor, he became a U. S. citizen because he wanted to "offer my loyalty to a country which would appreciate it."

"We are a peaceful people," he concluded, "but we know how to fight." He would be privileged to die in the defense of the Constitution.

The speaker was introduced by Commander Lyle Haney, who is a former German student of the professor's.

AT THE LEGION business meeting the post voted to endorse the proposed bonding program of the Board of Education for construction of a new senior high school and a vocational-technical school.

Commander Haney announced the appointment of Donald V. Gray as adjutant to succeed Al Carpenter, who is leaving the city.

Funds were authorized to support the post's bid for the state Junior Legion baseball tourney. The state committee will meet in St. Paul March 13.

Norman Indall, post and district oratorical contest chairman, announced that the district contest will be in the YMCA this Saturday at 2 p.m.

Ron Hammond, vice commander in charge of activities, said that a Mardi Gras party will be held Feb. 27. Jim Ca-

Lace Bikinis Too Daring

By EARL WILSON

NEW YORK — Are you girls ready for black lace bikinis — with nude colored linings? I know we boys are.

Darryl Zanuck's daughter, Mrs. Darryl Pineda, is giving the world one of its first "lace bikinis" — the lace is usually black and "widely separated" (for blondes, anyway) — with so many peep-holes through that Broadway wit Irving Hoffman has christened them "the Swiss cheese bikinis."

"As long as girls are practically naked anyway, they may as well look it," says Darryl, who has a retail shop at the Acapulco, Mexico, Hilton Hotel. "In my bikini, when you look at a girl, she looks like a bunch of beautiful naked skin."

Mrs. Pineda — she's the wife of a big chicken and egg man in Mexico — feared her holes-within-holes bikinis were too daring for New York.

"I have to be careful because a girl got arrested for wearing one of my hip-hugger outfits in California," Darryl said. "She had it cut down a lot lower ... and after I had already cut it too low."

Darryl says her own brother, Richard Zanuck, now a Hollywood film tycoon, doesn't permit his wife to wear bikinis so designed. "Me?" she says. "Yeah. I wear 'em when my husband's busy with his chickens and eggs!"

JOHN WAYNE'S 5 weeks of filming seems to have improved his condition. He moves into Mexico City next week for two more weeks, and will be joined by Roosevelt Zanders, his favorite chauffeur ... Pat Suzuki, opening at the Copa with wonderful Frank Gorshin, wore silver sequin pants, very, very chic snowflakes. Ann Miller, Jane Morgan and my B.W., sitting at adjoining tables, didn't hate each other, though they could have. All three wore black beaded dresses. "We've all been to Hong Kong," my B.W. said.

"When you're married to a Catholic as I am, you do things to please them," he said. "For example, I had to go to Viet Nam to eat meat on Friday." Hope says "I clear all my jokes with Dolores. And I wouldn't want to offend any of her group — you know, I fly a lot."

Crippled Child, Easter Seal Groups Separate

Another attempt to clarify the distinction between the Minnesota Society for Crippled Children and Adults, Inc., and the Minnesota Easter Seal Society has been made by the former group.

Dennis Dunne, president of MSCCA, has contended that current efforts of the Easter Seal group to recruit volunteers for a March campaign have created confusion in the minds of the public.

MSCCA, Dunne asserted, although formerly affiliated with Easter Seals, "is now in no way connected with the Easter Seal Organization."

MSCCA is now affiliated with more than 350 United Fund and Community Chest drives in Minnesota, he said. It no longer conducts an Easter Seal campaign in Minnesota, and it raises funds independently only where it is not included in a united fund drive.

MSCCA was dropped from the national Easter Seal organization when it joined United Fund and Community Chest programs. A storm of controversy arose last year when many communities refused the Easter Seal group permission to conduct its drives, contending that its work was being done by MSCCA.

MSCCA, which operates Camp Courage, spends all its money in Minnesota. It maintains that it saves collection costs by being affiliated with united drives.

The Winona City Council refused to permit an Easter Seal drive here, and the group threatened a lawsuit. The suit was dropped after the City Council passed an ordinance giving any organization that meets state standards the right to conduct a fund drive here.

THE EASTER Seal group, which is registered with the secretary of state, meets these standards and is legally qualified to solicit funds in the Minnesota. Thus, it would be permitted to conduct a drive in Winona.

MSCCA, meanwhile, is reminding Minnesotans that its rehabilitation centers, as well as Camp Courage and its other programs, will not benefit from money collected during the Easter Seal campaign here.

Dunne is a former Winonan.

Stillwater Rejects School Bond Issue

Ex-Arcadian's Pupils Build Theater Replica

ARCADIA, Wis. — The students of an Arcadia native have come to understand the Elizabethan period of English much better since they have built a replica of the Globe theater.

The seniors at Three Lakes, Wis., High School, have done the work under supervision of Gerald J. Davis, son of Mr. and Mrs. Harry Davis, lifelong residents of Arcadia. They were especially interested in the project because of Shakespeare's association with the Globe. Davis has taught English and dramatics at Three Lakes the last five years.

WSC Speech Festival Set For Thursday

The Winter Speech Festival in oral interpretation of prose will provide opportunities for seven women and six men to read from manuscript selections of their own choosing Thursday afternoon beginning at 3:30 p.m. in the auditorium of Pasteur Hall on the campus of Winona State College. Open to all citizens of Winona, the speech festival will be judged by Dr. Charles Haas and Miss Sharon Tracy, both faculty members of the department of speech at Wisconsin State University in La Crosse.

The prose readings are part of the 1964-1965 all-campus Round Table Speech Program under the chairmanship of Dr. Lyman Judson. The student coordinator of the oral interpretation program is Thomas Leuchtenberger, Rushford, a junior and a major in speech at Winona State College.

Most of the students who will participate in the speech festival have been members of oral interpretation classes taught by Prof. Dorothy Magnus at WSC. They include:

MEN: Steven R. Andersen, Winona; Vic Borgeson, St. Paul; Robert Carr, Wabasha; John Hess, Tomah, Wis.; Michael D. Sheimo, Reedsburg, Wis.; and William Spurbeck, Faribault. WOMEN: Frankie France, Gilbert; Judee Fuglestad, Winona; Nancy Kopperud, Rushford; Jill Miller Kranz, Minneapolis; Jeanne Morrison, Winona; Pat Patterson, Winona; and Dianne Thaldorf, Winona. Awards of trophies and gold, silver and bronze medals respectively, will be made to the winners of the first four places in the men's and women's divisions.

Things got better as they went along in Sister Mary Donald's piano recital at Winona State College Tuesday night.

The Rochester Franciscan, piano instructor at her order's Assisi Hall, played Mendelssohn's "Variations Serieuses" with graceful strength, while her performance of the final selection, Kabalevsky's "Sonata No. 3, Op. 54," was perhaps the high point of the program.

Lake City Essay Winners Selected; Highway Is Topic

LAKE CITY, Minn.—Winners in a Highway 61 essay contest sponsored by the Lake City Chamber of Commerce were Wesley Moechnig and Rodney Kirtz. Each received \$15.

Topics were why and how No. 61 should be routed through the Lake City business district, and why and how it should bypass Lake City. Eight entries were received in the contest, six in favor of routing the highway through town and two for bypassing.

Wesley is the son of Mr. and Mrs. Wesley Moechnig and Rodney's parents are Mr. and Mrs. Frank Kirtz. Both are seniors at Lincoln High School and live in the city.

Junior division winners were Richard Bremer, son of Mr. and Mrs. Harold Bremer, Lake City, student at St. John's Lutheran Church, and John E. McKenzie, son of Mr. and Mrs. John McKenzie, Jr., student at Mary E. McCall Institute.

The Chamber of Commerce is in favor of routing expanded U.S. 61 through Lake City and widening the highway to Wabasha.

Gigantic U.S. Counterfeit Plot Charged

MILWAUKEE (U.P.)—A scheme to exchange \$3 million in counterfeit money for \$1.5 million in genuine currency in Italy was outlined in U.S. District Court Tuesday by a former Illinois police chief who has pleaded guilty to passing bogus bills in Wisconsin.

John G. Johnson, 34, former Stone Park, Ill., chief of police, also told of hitting "every little gas station, tavern and restaurant" on a phony bill passing spree in Wisconsin last September.

Johnson, who is awaiting sentence, testified in the trial of Dr. Giulio Bruni, 44, of River Forest, Ill. Bruni and Johnson were indicted on charges of passing 58 counterfeit \$20 bills along a 60-mile route from Wisconsin Dells to Lowell last Sept. 13. Bruni has pleaded innocent.

Bruni, his brother, Alfred, 42, and Fulvio Smaidone, 38, Melrose Park, Ill., have been indicted by a federal grand jury in Chicago in connection with the \$3 million scheme. Johnson was named a co-conspirator but not a defendant.

Johnson said the \$3 million was to be placed in an auto and shipped to Rome, Italy, where Bruni allegedly had a friend who was a bank president. The

banker was to give Bruni \$1.5 million for the phony bills, Johnson said.

The legal money was to be used to buy a steamship for a freight business, Johnson testified.

Annual Gould Bonus Banquet Scheduled

LAKE CITY, Minn. (Special)—The employees of Gould National Batteries, Engine Parts Division, will have their annual bonus banquet at the Terrace Supper Club Saturday night.

This will be a climax to open house at the plant Saturday from 10 a.m. to 3 p.m.

A new employee of the plant is Carl M. Kelley, native of Minneapolis, who is supervisor in the inspection division. A World War II veteran with eight years in the Navy, he came here with a background of experience in Minneapolis and California plants. He will move his wife and son to Lake City soon.

Peace Officers Elect Area Men

DURAND, Wis. — Pepin and Buffalo County law officers are vice presidents of the Northwest Peace Officers Association which had its annual meeting recently at Independence.

Sheriff Roger Britton, Durand, and Carol Swain, Mondovi policeman, were elected to the posts. Lester Sweeney, Durand police chief, was succeeded by James Cardinal, Chippewa County, as secretary-treasurer. Victor Selene, who retired as Pepin County sheriff Jan. 1, and William Weaverstad, Galesville, retiring policeman, were given life memberships in the organization.

George Wheeler, Elmwood, outgoing president, suggested efforts should be made to improve pay scales of law officers in smaller communities. He said the average hourly pay in some places was as low as 58 cents, less than a grave digger could make.

Juveniles Should Lose Publicity Shield

A BILL THAT would open to public scrutiny all juvenile court records and police files on juveniles charged with serious offenses will be introduced in the Minnesota Legislature this week.

The bill's author, Sen. Edward G. Novak, Liberal-St. Paul, said the law would cancel out a Minnesota statute that now makes it a misdemeanor for police officials and court officers to divulge details about juvenile offenders to the public or press.

The Daily News has been suggesting such legislation for the last couple of years.

The Novak proposal would permit public access to files on juveniles charged with what would be felonies or gross misdemeanors were they adults.

"It's time we showed as much concern for the victims—and the potential victims—of crime as we have been showing for the offenders," Novak said.

"It's also time to remove the protective cloak we have put around youthful offenders who commit serious acts against society," he said.

Novak, an attorney, former FBI agent and father of three, said under present state law parents are often prevented from knowing the identities of serious juvenile offenders in their communities.

"If parents don't know who the serious juvenile offenders are, how can they be sure their children are not associating with a teen-age rapist, car thief or burglar?" Novak asked.

The Novak bill is one of a number that have already been introduced, are now being drafted, or are receiving serious attention from state lawmakers concerned about youth and adult crime.

FIGURES RELEASED by the state crime bureau show Minnesota has had an increase in major crimes of nearly 150 percent in ten years, while the population during the last decade increased only about 15 percent.

The bureau's annual report shows major crimes in the state last year increased 19 percent over the previous all-time record set in 1963.

Rep. John Tracy Anderson, Conservative-St. Paul, is one of many legislators who say they are alarmed about the state's crime problem.

"All the legislators I talk with are disturbed about Minnesota's shocking increases in crime," Anderson said.

"Most of them feel something must be done to give the public protection.

"**THE METHODS** we have been using are not giving the taxpayer the protection he has every right to expect."

Anderson said he is "very interested" in the controversial open court procedures used by Judge Lester H. Loble of Helena, Mont., whose experimental programs in youth crime control have been widely discussed in Minnesota and other states. (We have referred to Judge Loble frequently in this column.)

"I think legislators will continue to be interested in Judge Loble's ideas until our department of corrections people can make some progress — any kind of progress — with the theories they seem sold on.

Sen. Mel Hansen, Conservative-Minneapolis, said he has written Judge Loble to "secure background information" on a bill adopted by Montana's 1961 Legislature which provides that juveniles who are charged with what would be felonies if they were adults can be tried in open juvenile court.

LOBLE CAME to Minnesota's attention several years ago when he addressed the Minnesota Sheriffs' Association convention. He claimed that by using open juvenile courts he had made reductions in the number of juvenile court cases in his district. He has since received national attention.

U.S. Deals From Strong Position

By DAVID LAWRENCE

WASHINGTON — There isn't going to be any major war in Southeast Asia. The United States isn't going to start one, and Red China has more to lose than to gain by "escalating" the present conflict.

The ultimate result will be an agreement to let North and South Viet Nam remain apart. This objective would be accomplished through negotiation by the major powers, which would provide guarantees to each side against intervention by the other or by forces from outside their borders.

The foregoing survey of the situation is based upon a military analysis which takes into account the strategic facts that exist today in Southeast Asia.

In the first place, Red China is vulnerable. The moment the Peiping government starts a major conflict in the Viet Nam area, the Nationalist Chinese on Formosa — with an excellent air force — assisted by air contingents of the United States, could in a few weeks destroy most of Red China's large industrial installations. This would be a devastating blow, and it could be done without dropping any nuclear bombs. For the targets on mainland China are all within range of attack by planes carrying conventional bombs.

SO THE MOST important factor at the moment is a recognition by Red China that, unless it stops its aggressions against South Viet Nam, there is a likelihood of a major confrontation with American forces from bases on Formosa, Okinawa and Korea as well as the Philippines. Also, the United States Navy's aircraft carriers can approach the Chinese coast and launch bombing planes.

Developments until the last few weeks had raised questions in Peiping as to whether the United States is in earnest, but the raids and counterattacks of recent days may by now have convinced the Red Chinese that the next step may be "escalation" into air attacks on Red China itself if its forces should in any organized way penetrate from North Viet Nam into South Viet Nam.

The paramount fact right now, however, is that the United States is moving toward possible peace parleys from a position of strength instead of weakness.

There is reason to believe that the Red Chinese are not likely to do anything to precipitate a major war and that the Russians would be just as pleased if they didn't.

MEANWHILE, the barrages of words on the propaganda front are in themselves an indication that both Moscow and Peiping may have decided to turn away from military steps which could aggravate the situation. The propaganda demonstrations by the Communists thus far have had little effect. The procedures are all too familiar. Simultaneously throughout the world demonstrations are made against American embassies and legations in what is obviously a concerted movement to gain headlines and make it appear that what the United States is doing is opposed by world opinion.

Most surprising in some respects are the efforts inside the United States to stir up such demonstrations. It is apparent that the Communists are behind most of them.

The Communist party in the United States has been issuing press releases condemning the American course in Viet Nam, and various college groups are acting in conformity with Communist aims. Some of them, on the other hand, have no Communist connection and are related to pacifist organizations. A high official of the government here puts it this way:

"One should not assume that the United States foreign policy is under attack from the Communist party alone. Other subversive groups are attempting to show their dedication to the world Communist movement in similar ways.

"**DEMONSTRATIONS,** telegram and letter campaigns can be expected as long as the United States remains as the principal deterrent to the advancement of world communism. The people should be aware of this and carefully consider each protest with a look behind the scenes. It may well be that a Communist will be directing the program."

THE WASHINGTON MERRY-GO-ROUND

American Envoys Meet To Assess War Threats

By DREW PEARSON

WASHINGTON — American ambassadors from all over the Pacific, ranging from Australia to Japan, are meeting in Baguio, the mountain resort of the Philippines, this week, to assess the danger of war in Southeast Asia.

They will chiefly consider two all-important questions:

1. Will the Chinese prove themselves a paper tiger or will they fight?
2. Have American raids on North Viet Nam welded together the two bitter factions of the communist world, the Russians and the Chinese?

On the first and most important point, the question of whether the Chinese have a paper tiger or real ethyl in their tank may boil down to one of bluff. In the past both sides have been bluffing blatantly, and the stakes, unlike poker, are peace or war.

Last week, the Peking radio warned: "The 650 million Chinese people will definitely not stand by, and are well prepared in this respect."

Was this a bluff?

Fourteen years before, after the United States moved into North Korea in June, 1950, Radio Peking warned in almost the same language: "The Chinese people cannot stand idly by."

THIS LATTER was not a bluff. The Chinese followed up their announcement by sending wave after wave of hum a sacrifice hurling against American lines, thereby forcing the United States to sign a stalemate. The Korean peace was no victory.

Since then, the Chinese have appeared to be bluffing regarding North Viet Nam. But so have we. No modern nation has issued more vainglorious, conflicting, and deceptive statements about its intentions in Indo-China than the United States.

The bluffing began with John Foster Dulles's famous speech before the American Legion, Sept. 2, 1953, in which he laid down this flat warning:

"Communist China has been and now is training, equipping, and supplying Communist forces in Indo-China. There is the risk, as in Korea, Red China might

send its own army into Indo-China. The Chinese regime should realize that such aggression could not occur without grave consequences which could not be confined to Indo-China."

If the Chinese took this seriously they didn't show it. And their apparent conviction that this was bluff was reinforced by the statement of President Eisenhower, Feb. 10, 1954, that "no one could be more bitterly opposed to getting the United States involved in a hot war in the region than I am."

JOHN FOSTER Dulles, however, continued the bluff. Ten days after his chief in the White House discouraged war, Secretary Dulles stated that the United States would retaliate instantly if Communist China were to enter the Indo-Chinese war.

That same day, a man who later was to become president, Sen. John F. Kennedy, said on the Senate floor: "It is necessary that the Senate and the American people demonstrate their endorsement of Mr. Dulles's objectives. If necessary, the United States will take the ultimate step . . . it is war."

At that time — 1954 — this was pure bluff. Shortly after this, March

13, Vice President Nixon let out a rip-snorter of an ultimatum to the Chinese in answer to a cautioning speech by Adlai Stevenson.

"We found that militarily their plan apparently was to destroy us by drawing us into little wars all over the world with their satellites."

"We decided we could not fall into these traps. And so we adopted a new principle. That principle summed up is this:

"**RATHER THAN** let the Communists nibble us to death all over the world in little wars, we would rely in the future primarily on massive, mobile retaliatory power."

This time the Red Chinese got immediate proof the United States was bluffing. For on April 16, at an American Society of Newspaper Editors meeting, Nixon said that we would send ground troops into Indo-China — in direct contrast to his earlier threat of massive atomic retaliation.

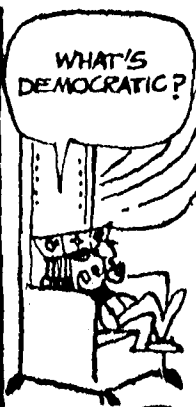

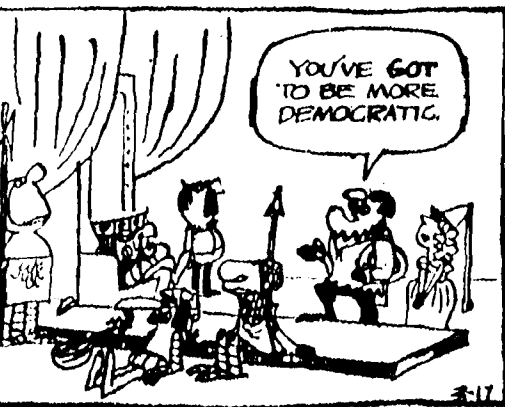

Then, on April 29, President Eisenhower cut the ground out from under his vice president by stating in a press conference:

"The most you can work out is a practical way of getting along" . . . something, he said, that would stop the blood-letting.

Interprets Constitution In Own Manner

To the Editor:

Ernest M. Maland of Rushford in his letter of Feb. 15 quoted the Constitution in an attempt to establish legal reasons for his adversity to "union shop" agreements.

Restaurant owner Lester Maddox of Atlanta, Ga., known worldwide for his flagrant violation of the Civil Rights Act, always quoted the Bible in an attempt to establish religious reasons for refusing to serve Negroes.

I suspect no clergyman will support the views of Maddox and on the other hand I doubt that any justice of the United States Supreme Court will agree with Maland.

Conceding these assumptions to be true, it becomes quite clear that both men are prone to interpret in their own manner two of the greatest documents known to mankind in an effort to strengthen and further individual prejudices. This is, of course, contrary to the intent and/or spirit of either the Bible or the Constitution.

Winona Would Be Ghost Town Without Agriculture

To the Editor:

About a month ago the Winona County Township Officers met with the county commissioners and asked them to reinstate the household tax. The township officers felt this \$70,000 to \$90,000 that was lost had to be paid by real estate and personal property tax.

At the next commissioners meeting the commercial boat people were there. The mayor talked and it sounded as if Winona got more income from boats than from any other source. These were not the boat owners. They were the people that make a living from boat owners. They had a nice round figure of \$4,000 which was the tax collected from boats the last year they were taxed. It should have been nearer to \$5,000. They did not mention the fact that there are 10 times as many boats as there were then — ten times \$4,000 — \$40,000. They said boats pay a license the same as an auto. Compare a license on a \$5,000 boat with a \$5,000 car, please. They should be ashamed to mention license on boats. If the county could collect this boat tax it would help pay the large cost of river patrol which wasn't needed at that time. These people could well afford to pay their own way.

A short time after this meeting the Winona Chamber of Commerce had its annual meeting. It went on record as being opposed to a household tax and favoring a sales tax. We cannot blame these men for this. They are all from the higher income group. When the county lost this income the difference must be made up from real estate and personal property tax. Do you pay real estate or personal property tax?

When the commercial boat group were at this commissioners meeting one of them said that farmers get a tax break anyway. A year ago I saw figures gathered from over 100 farms in Minnesota by the University Experiment Station. The largest group or in other words the average farm was like this: \$52,000 invested, \$20,000 expense and \$4,300 net income. No interest on investment and a 70-hour work week. Try farming some time.

Now this is how the farmers get their tax break. If the school tax is 100 mills multiply 100 mills x \$45,000 gives you the tax for school for an average farm family. Multiply 100 mills x \$10,000 gives you the amount paid by an average city family or one fifth the amount paid by the aver-

age farm family. Every-time I see big headlines in our paper saying agriculture receives blank million dollars in aid it surely irks me, because we never see how much our airlines, our newspapers, our railroads, etc. are subsidized.

Do you know that soil and water receive 10 percent of the money allotted to agriculture and this benefits city people more than farmers, .07 percent miscellaneous, 25 percent to foreign trade and assistance? This is a national expense charged to agriculture. Eleven percent is used for investments such as state parks, national forests, etc. This is a loss to landowners because the land that is left must pay for all the roads and schools, etc. Ten percent is used for marketing and consumer service. This is to protect the housewife from unfair market practice. The balance or 37 percent is actually for agriculture but all administrative expenses come out of this 37 percent. The American consumer pays a smaller amount of his wages for food than any people on earth. Twenty percent as compared with 70 percent in Russia. I believe the commercial group had better think more favorably of agriculture because Winona would be a ghost town without agriculture business.

Jobs Available For Swift Employees

To the Editor:

It is through no fault of the Swift employees that the plant closed down. Many of these men have found jobs on their own initiative and by standing on their own two feet and being a little independent and for those who are in earnest for a job that is what the unemployment service is for.

There are a few categories of people: Those who are offered a job and refuse because it doesn't meet up to their standards, or afraid of soiling their hands. Then there are those who take the attitude of sitting down and drawing their unemployment pay as long as they can.

I'm sure there are jobs of some kind for those who are sincere and if they use a little effort.

A Winona man was found guilty today in municipal court of going through a red light Feb. 2 at 9:25 p.m. after a trial in which his testimony conflicted with the arresting officers'.
Judge John D. McGill fined Peter F. Logan, 21, 877 E. King St., \$10 with the alternative of three days in jail. The fine was satisfied from Logan's posted bail.

Logan testified in his own behalf and without counsel. He told Judge McGill that he entered the intersection at 3rd and Main streets at less than 5 m.p.h. while the semaphores was on green.
Logan said that he was behind a car that paused for a car going the opposite direction which turned. When the two cars were able to proceed, the light had turned red, Logan testified.

However, Patrolmen Richard D. Peterson and George M. Liebsch both testified that Logan's car had entered the intersection while the semaphores registered red. They answered questions put by City Prosecutor James W. Soderberg.

Logan was arraigned at 10 a.m. Thursday at St. Paul's Episcopal Church, the Rev. George H. Goodred officiating.
Burial will be in Woodlawn Cemetery.
Burke's Funeral Home is in charge of arrangements. There will be no visitation.

11-Man Jury Gives Verdict To Arizonan

A \$5,000 verdict for plaintiff V. A. Bohr, Scottsdale, Ariz., was returned by an 11-man jury Tuesday afternoon in District Court after nearly four hours of deliberation.

Jurors called for an adding machine to help them in examining business records and equipment lists supplied by both sides in the breach of warranty suit.

CLERK OF COURT Joseph C. Page said that the nine-day trial is the longest in his memory in Winona County District Court. The Bohr-King Gas and Fertilizer Co. trial began Feb. 1 and continued, with two interruptions, through Tuesday at 5 p.m.

Bohr alleged that King Gas had failed to properly maintain fertilizer equipment leased to the company in 1959. He brought suit even before the expiration of the lease, Dec. 31, 1964. He had asked \$8,800 in damages.

Judge Arnold Hatfield granted a 30-day stay of execution of the verdict, to allow King Gas to consider an appeal. At the end of that time, Bohr may petition that a judgment of execution be entered, Page said.

BOHR CAN not only recover the \$5,000 damages, he is also entitled to be reimbursed by King Gas for his expenses — other than lawyer fees — in preparing the case, according to Page.

Jurors were: Max Burn, foreman, Robert Engel, Mrs. Ronald Dreas, Melvin Gies, Mrs. Oliver Durely, Rollo C. Merrill, Mrs. Kenneth Anderson, Miss Rita Rompa, Mrs. Manvel Olness, Arnold Wendt and Lloyd Stehn.

Juror Arthur Hohensee was excused during the course of the trial due to illness.

STUDENTS HONORED

MABEL, Minn. (Special) — Mary Redwing was chosen student of the month at Mabel High School this month. She is president of the F.H.A. chapter, assisting Karen Anderson, state F.H.A. president; she is student council president; secretary of the Luther League; co-editor of the school paper; sings in school and church choirs, and is a member of the "90" and pep clubs and high school band.

Council Fetes County's Top Senior Citizen

Honored at the Winona Council of Social Agencies meeting Tuesday night was Mrs. M. L. Spencer, Winona County's "outstanding senior citizen."

Mrs. Spencer, 649 Clark's Lane, was selected for the honor by a committee last month. She will represent the county when Minnesota's outstanding senior citizen is named by Gov. Karl F. Roivaag at the governor's conference on aging, Feb. 25 and 26 in Minneapolis.

The state winner will then be presented with a Minnesota-shaped plaque, while all county winners have received a certificate from the governor.

MRS. SPENCER, a former teacher and drama coach, has been active in social, health and civic organizations for many years. She is currently president of the Winona County public health nursing board; secretary and treasurer of the council of social agencies, which she helped organize; a member of the board of directors of St. Anne Hospice and parliamentarian and chairman of its finance committee, and a member of the board of directors of the Winona Community Chest.

She is an active member in many other organizations, and is secretary of the Winona County Committee on Aging. Also honored at Tuesday night's meetings were the runners-up for the outstanding senior citizen honor. They are Clinton W. Dabelstein, Winona Rt. 3; A. F. Shira, Homer Road; Peter F. Loughrey, 415 W. Sanborn St., and C. D. Tearse, 373 Main St.

Dabelstein was cited for his work in soil conservation groups, farming organizations and such associations as the Winona County Historical Society and the Old Settlers. He also was praised for his work in township and school district activities and for his service on urban renewal committees.

SHIRA WAS cited for his work in horticultural and biological studies and organizations, as well as for his Daily News column, "Let's Get Growing." His conservation work was also mentioned.

Loughrey, oldest of the nominees, was cited for his continued activities as a Boy Scout leader at Central Lutheran Church and for his past work promoting safety and serving as a member of the city Board of Fire and Police Commissioners.

Tearse's service to his church and to such organizations as the Winona Community Chest, Red Cross, Winona County Club and Rotary Club was mentioned in his nomination form. His continued activity in many of these groups — as well as his work at Merchants National Bank, where he is a director — was cited.

Demonstration on Meat Cutting Given Mrs. Jaycees by Larry Hart

The business meeting of the Mrs. Jaycees was held Tuesday evening at the home of Mrs. Albert Hennrich with Mrs. Kurt Reinhard presiding. After the meeting Mrs. Jaycees members went to the Piggly Wiggly store

to hear their guest speaker, Larry Hart, manager of the meat department, talk on cutting meats.

HIGHLIGHTS of the business meeting were formations of the various committees to plan the annual May Breakfast, and a report by Mrs. Donald Schneider, chairman of the civil defense project, Operation Identification which starts Sunday.

Mrs. Schneider reported that the letters to parents and order blanks for the identification bracelets would be mailed to Winona families Saturday. All persons in the state of Minnesota are urged by the civil defense department to wear these bracelets to help authorities in times of injury, national disaster, or lost children.

Mrs. Bernie Wagnild gave a report on the DSA convention she and Mrs. Kurt Reinhard attended last weekend at Moorhead, Minn.

MRS. NICK SCHNEIDER presented Mrs. Dennis Jackson, and Mrs. Richard Cole with corsages. They are new members. Door prizes were won by Mrs. David McClung and Mrs. Dennis Jackson.

Mr. Hart in his talk explained the basic cuttings of various meats, including pork, beef and fowl. He gave the reasons for the wide difference in the price paid to farmers and that charged by butchers, such as high labor costs, waste parts, packaging, etc.

The Mrs. Jaycees were told of the best ways to cook many of the meats and it was pointed out that lean meat has less flavor and is drier than cuts with more fat.

TO CLOSE the demonstration Mr. Hart showed what steps were taken from the time the meat was cut and trimmed to the time it was put in the display case.

Lunch was served by co-hostesses Mrs. Larry Hart and Mrs. James Hansen, after which Mr. Hart awarded prizes of steaks to the Mmes. George Joyce; Schneider; Herbert Hakes; O. J. Fawcett; James Goetz; Wagnild; Kurt Reinhard; and Earl Flatness.

Carol Jean Blattner To be April Bride

ELGIN, Minn. (Special) — Mr. and Mrs. Francis Blattner, Elgin, announce the engagement of their daughter, Miss Carol Jean Blattner, to Kenneth James Gowlland, son of Mr. and Mrs. Munson Gowlland, Dover, Minn. The wedding is planned for April 24.

Miss Blattner is a 1963 graduate of Elgin High School. She was graduated from the Minneapolis Business College and is employed at Northwestern National Bank, Rochester. Her fiancé is a 1961 graduate of Plainview (Minn.) High School and is engaged in farming.

Mr. and Mrs. Glasrud

Edwin Glasruds Honored on 50th Anniversary

SPRING GROVE, Minn. (Special) — Mr. and Mrs. Edwin Glasrud were honored Sunday afternoon, when their five sons and their families gave an open house for them at Trinity Lutheran Church parlors. About 350 friends and relatives attended the golden wedding celebration.

Guests were present from St. Paul, Minneapolis, Rochester, Byron, Caledonia, Eitzen, Whalan and Houston, Minn., and La Crosse. Hostess was Mrs. Clarence Ike and the Deborah Circle was in charge of the kitchen. Others assisting were the Mmes. Milton Luedahl, Don Stenehjem, William Schutte-meier, Maurice Knutson, Archie Gilbertson and Iver Gulbranson. Mr. Glasrud and the former Miss Gunhild Gulbranson of Spring Grove were married at Spring Grove Feb. 17, 1915. They farmed in this area until their retirement several years ago, when they moved into Spring Grove.

Their five sons are William and Paul, Spring Grove; Raymond and Leslie, Rochester, and Peter, Byron, Minn. There are 15 grandchildren.

Science Program Slated for PTA At Lewiston

LEWISTON, Minn. (Special) — Peter Rolf Ohnstad, head of the science department at Winona Senior High School, will present a science fair program at the Thursday evening meeting of Lewiston PTA. The parents will meet in the high school auditorium at 8 p.m.

On the lunch committee are the Mmes. Elmer Simon, Lewis Mundt, Clifford Thompson, Simons Pierce, E. A. Wilde, Anthony Patzner and Richard Rinn. The scholarship committee, appointed at a recent executive board meeting, has decided to award two \$100 scholarships. Mr. and Mrs. Raymond Dorn, Mr. and Mrs. Leo Rowkamp and Mr. and Mrs. Kermit Gatzlaff were named to the nominating committee. The 1965 election will be in April. The Rev. Walter Meyer will attend a legislative PTA workshop later in February in St. Paul.

TREMPEALEAU, Wis. (Special) — The valentine party, sponsored by the Towner-Little Bear Post 1915, Veterans of Foreign Wars and Auxiliary Saturday evening was attended by a fairly large crowd.

During the evening, the quartermaster, Howard Coyle, announced that the VFW Post has acquired two wheelchairs, two pairs of crutches, two hospital beds, a bed table and a walker, for use of the public. He said that anyone needing any of the sick room equipment should notify Andrew Olson, commander, or other members of the post.

Announcement was made that as soon as weather permits, Robert Delaney has contracted to put in new tile flooring in the kitchen and hall of the VFW Clubhouse. Plans are to purchase 50 new folding chairs.

Legion Auxiliary Protests Closing Of VA Facilities

HOUSTON, Minn. (Special) — There was a discussion of the closing of VA hospitals and other veterans facilities at the February meeting of the American Legion Auxiliary. Members were asked to write their congressmen and the Veterans Affairs Committee in protest.

It was announced that various articles were needed at the hospitals in Minneapolis, St. Cloud and the Minnesota Soldiers Home at Fort Snelling. The unit's sewing committee agreed to make as many of the necessary items as possible.

The coming bazaar and rummage sale were discussed and the members voted to sew Monday at the home of Mrs. Adolph Olson, with Mrs. Olaf Mollerstad and Mrs. Erma Forsyth, members of the sewing committee, assisting.

Mrs. S. L. Johnson, Girls State chairman, announced she will contact the school about the choice of a girl.

Mrs. Olson reported that the Junior Auxiliary had sent 20 Valentines to the VA Hospital in Minneapolis and 100 Valentines to the children's wards in the La Crosse hospitals.

Refreshments were served during a social hour by the Mmes. L. M. Anderson, Bertha and Henry McCune and Norman Norris.

Go Abroad With Open Mind, Students Advise

The Misses Karen VanAuken and Kathy Lindsay, Winona State College students and Norwegian exchange students, spoke at the February meeting of Kappa Delta Pi, honor society in education. The meeting was held in Watkins Hall Tuesday evening.

Miss Lindsay stated that she felt one of the most important preparations for anyone planning to travel or study in a foreign country is a psychological one.

"We must realize," she said, "that Americans aren't loved all over the world." She said, "The people in Norway are not anti-American, but are pro-Norway." She said that she and Miss VanAuken were introduced in Norway, not by their own names, but as "our two American friends." In other words, they were ambassadors—walking pictures of Americans.

Miss Lindsay stated also that it is well to go to a foreign country with an open mind and not to constantly compare that country with our own. She said that there seemed to be a closeness of family life in Norway which is not felt so keenly in America.

Miss VanAuken said that one of the prime factors necessary in preparation for any foreign travel is a knowledge of the language of the country. Europeans resent the fact that many Americans attempt to learn the language of the country they are visiting.

Another point mentioned by Miss VanAuken was that if possible it is best to live in a private home, as a much better knowledge of life in a country can be secured in this way. She also stated that a visitor should be in good physical condition if he expects to take part in the activities of the Norwegians, such as walking, hiking, and skiing.

The young women showed beautiful slides of Norwegian landscapes, the school they attended, and other activities in which they participated.

A question period followed during the coffee hour.

A short business meeting, conducted by the president Miss Sandra Corey, preceded the program. Final plans were made for the sale of candy March 1 and 10 to raise money for the scholarship fund.

MISS MARGARET LOUISE FRIEDRICH'S engagement to Wallace Edward Fromm, son of Mrs. Esther Fromm, Mequon, Wis., and the late Martin Fromm, is announced by her parents, the Rev. and Mrs. Edwin Friedrich, Goodhue, Minn., former Rushford, Minn., residents. A June wedding is being planned. Miss Friedrich is a senior at Concordia Teachers College, Seward, Neb., and is a student teacher in Wichita, Kan. Her fiancé is employed at Lincoln (Neb.) State Hospital as an orderly. Both young persons plan to be graduated from CTC next year.

THE ENGAGEMENT of Miss Gayleen Theresa Truman to Mark Tibbets, son of Mr. and Mrs. Raymond Tibbets, Wadena, Minn., is announced by her parents, Mr. and Mrs. Ivan Truman, Canton, Minn. The wedding will be June 26 at the Assumption Catholic Church, Canton. Both Miss Truman and Mr. Tibbets attended the University of Minnesota. She is teaching at Jackson, Mich., and he is serving in the Air Force, stationed at Columbus, Ohio.

Wide Scope of Subjects at UCW Meeting Reported Here

Mrs. Irwin Bittner, newly elected state fellowship fund chairman of the Minnesota United Church Women, reported on the state meeting which she attended Feb. 8-9 at the Monday afternoon meeting of Winona Church Women at the YMCA.

THE THEME of the two-day event, at Gloria Dei Lutheran Church, St. Paul, was "Faith in Mission," Mrs. Bittner told the local group.

Mrs. Kyle Haselson, Evanston, Ill., wife of the editor of the Christian Century and UCW national Christian social relations chairman was the main speaker. Mrs. Bittner reported on a film at the conference, "The Captive," on problems of poverty. She also related the comments made by foreign students from the University of Minnesota who talked.

She mentioned the conference discussion on Minnesota migrant workers, which was of interest to the Winona women, since they contribute donations from the annual May Fellowship Day offering to help migrants.

MRS. CLETUS MOORE, newly installed president of Winona UCW, conducted the business meeting. Devotions were in charge of Mrs. Clayton Fosburgh. An invitation to the Ecumenical Assembly at the Cathedral of the Sacred Heart Sunday evening, sponsored by the

Cathedral Council of Catholic Women, was read.

Mrs. Moore appointed the March 5 World Day of Prayer committee. They are Mrs. Arthur Milbrandt, chairman, and the Mmes. Harold Reed, Sherman Mitchell and Lewis Schoening.

Other committee chairmen appointed were: Mrs. Milbrandt, Christian world missions; Mrs. Wesley Larson, Christian social relations; Mrs. Elmo Andersen, Christian world relations; Mrs. Bittner, leadership education; and Mrs. Schoening, public relations.

Galesville Woman Has Antique Glass, China Collection

GALESVILLE, Wis. (Special) — In the grocery business with her husband, Joe Luba, for 10 years, Mrs. Luba felt the need of an outside interest.

Three years ago she began collecting antique glass and china. Since then she has collected 17 rose bowls, most of them rare; satin, cranberry and carnival glass; a Tiffany vase; Mary Gregory pitcher; Bristol china; plate racks filled with antiques in her dining room; a shining chandelier with hanging prisms, etc.

"It is a most satisfying hobby," Mrs. Luba said. "I haven't a thing I would part with."

Past Pocahontases Have Valentine Party, Supper

The Past Pocahontas Association held its annual valentine and potluck party Tuesday at the Red Men's Wigwam. A red and white topiary tree, created by Mrs. Frank Johnstone, centered the table decorations. It was flanked by tall white tapers and enhanced by three-dimensional displays of the valentine and the queen of hearts.

Prizes donated by the Mmes. Louis Brugger, Albert Thiele and Johnstone were won by the Mmes. Norton Cocker, Robert Evans, Howard Fegre, Arthur Kern, Walter Kram, Friebert Laak, Mae McGill, Robert Nelson, Albert Peterman, B. R. Wandsnider, Walter Williams and Roy Wildgrube.

Mrs. Johnstone, chairman, was assisted by the Mmes. Nettie Haase, Kern, Harry Smith and Williams.

DEAR ABBY:

Tell Your Mother Now

By ABIGAIL VAN BUREN

DEAR ABBY: Blank and I are very much in love and we have been planning to get married since this summer. Now we are going to have to get married as soon as possible. How should I tell my mother? JUMPED THE GUN

DEAR JUMPED: Tell her in English — and fast.

DEAR ABBY: I have a problem. It's not new. I am sure you get hundreds of such letters every day. In my case, I thought I was the last person in the world this would happen to. After 18 years of what my husband has always told me was an "ideal" marriage for him (and it was for me, too), I learned that he has a par-mour. This woman is older than he and she became interested in him after her husband died suddenly.

Abbey, how can a man love two women? He maintains he doesn't love me any less than he always has, but that he is capable of loving two women at the same time. Is this possible? I am desperate. My husband is a professional man and I dare not give you my name, but I want to know what I should do.

HUSBAND LOVES TWO

DEAR WIFE: Yes, a man can be in love honestly (if not honorably) with two women at the same time. But his relationship with you has been tested in fair weather and foul, and has survived. "She" is something new, perhaps flatterer and exciting, but likely to fade. He wants both the steady and the heady benefits of love. Don't let him lead you astray. Ask him to choose. And I'll bet on you. If I am wrong, keep those legal ties. He'll come out of orbit and back to the hearth. It's worth the gamble.

DEAR ABBY: I hope you can put some sense into my son's head. I give up. He is 25 and fell in love with a widow who is 35. She has five children, but I must say she is very pretty and she doesn't look her age. He's known her for two years and has gone with her for one. He earns a good living and this woman has a steady income whether she marries him or not. I begged her to give up my son and find an older man, but she said she "loves" him and couldn't do it. They all go to church together on Sunday and people stare at them because he doesn't look old enough to be the father of those five children. He says he is proud to be by her side. His father and I warned him to find a younger woman because divorce isn't permitted in our church. What will he do in a few years when he realizes he made a mistake?

HIS MOTHER

DEAR MOTHER: If it is proven that your son goofed in marrying a "pretty" widowed mother of five children whom he loves and enjoys, it will be his problem. YOUR problem is to refrain from poisoning a relationship that appears inevitable.

CONFIDENTIAL TO JULIANA: A real friend is one who helps us to think our noblest thoughts, put forth our best efforts and to be our best selves. Is she yours?

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

7-Day Work Week Averts Coin Crisis

WASHINGTON (AP) — A House investigating subcommittee looking into the U.S. coin shortage got a report with a silver lining today.

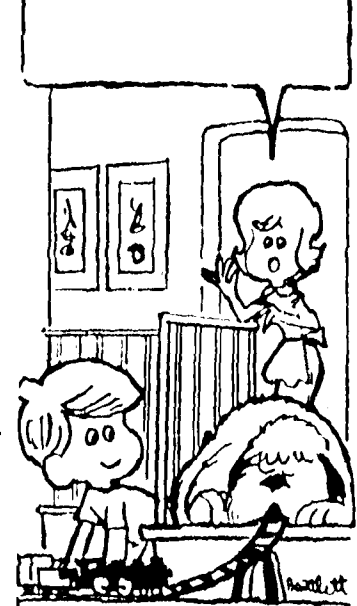

Robert A. Wallace, assistant secretary of the Treasury, announced that "thanks to a crash program" and round-the-clock, seven-day weeks at the mints "we were able to avert a coin crisis last fall."

Reports from the Federal Reserve System, Wallace said in testimony prepared for the government operations subcommittee, indicate "the penny situation is apparently under control and the entire coin situation has greatly improved."

He acknowledged, however, that "coins other than pennies remain somewhat tight."

Castro to Lift Root Rationing

MIAMI, Fla. (AP) — Fidel Castro has promised Cubans a New Year's present next year — no more rationing of root vegetables.

Government-controlled Havana radio said in a Miami-monitored broadcast Monday that the prime minister pledged that "vicious" as Cubans call these roots, will be removed through "extraordinary efforts," from rationing cards. Virtually all food articles and many others are tightly rationed.

Observer

By GRETCHEN L. LAMBERTON

I can't think when I've been as relieved as I was to hear my son Jim's buoyant "Hi Mom!" over the phone several nights ago.

"Where are you?" I asked.

"I just got back home to New York. Left Mississippi this morning."

It was wonderful news. For Jim is one of the young New York lawyers who went down to Mississippi in the Civil Rights movement to help the four recently elected Mississippi congressmen who, they claim, were elected illegally because Negroes were denied their constitutional right to vote. Civil Rights leaders working on the case had been threatened.

The work of these lawyers consisted mainly of taking depositions from Negro citizens, who through intimidation or other means, had been denied the right to vote, then presenting this challenge or complaint and allowing the challenged congressmen to reply. The matter is finally decided by the House Committee on Rules in Washington.

Jim was assigned to Hattiesburg, a town of 40,000, where he started work. Said a clipping from the Hattiesburg American: "Former Gov. J. P. Coleman was chief counsel against four congressmen. Attorneys for the Freedom Democratic Party, headed by James V. Lammie, who is one of eight young Civil Rights workers who went into Mississippi to help with the fight against the segregationists. Recently four of these eight were threatened and attacked. As soon as word got out to the outside world there came a flood of wires and letters of protest ranging from the Vice President of the United States to prominent churchmen. The young workers had no more trouble. Publicity is a tremendous force. Jim and Phyllis had dinner together, had a good visit both about Winona and the Civil Rights cause."

The distinction of being invited to what may be the most exciting and important conference in world history has come to one Winona man, Msgr. D. D. Tierney, chaplain of St. Anne Hospice and editor of "The Courier." He left this morning for New York for the convocation of leaders from every country in the world to discuss Pope John's great encyclical "Peace on Earth" and to strive to end the arms race.

The meeting will be held in the United Nations General Assembly Hall, and the meeting will be opened by Vice President Humphrey, Ambassador Adlai Stevenson and U. Thant, Secretary General of the United Nations. Later speakers at the three-day conference will include Sen. Fulbright, historian Arnold Toynbee, Robert Maynard Hutchins, Nobel Prize winner, and eminent officials of the Soviet Union, Africa and about every country in the world.

The great significance of Pope John's encyclical is that for the first time in history it was addressed not only to Catholics but to all men of good will all over the earth. In Pope John's earnest cry for "Peace on Earth" he stressed the dignity of individual man and religious freedom as the basis of peace. The result of this great man's appeal to all men of good will of all denominations and all nations is this convocation on "Peace on Earth" or "Peace on Earth."

Asked to comment, Father Tierney said disarmingly, "I don't know why I rated an invitation. I accepted immediately for fear a mistake had been made."

He added that he hopes that all people of all faiths will pray and pray again that these world leaders will come to an understanding for world peace.

Bill Merrill's Something to Live By

Almost synonymous with the term juvenile delinquency is the reflection of adult delinquency, and we have it all wrapped up in a poem found on a hook in a newspaper office.

A Wisconsin newspaper called the "LaFarge Enterprise" published a poem Jan. 3, 1963 with this note of mystery: "We don't know where this came from. We found it on a hook in the office, typewritten on a plain piece of paper. Thought it would make good reading this week." Signed, the Editor.

It did — make good reading, so I'm passing it on to you for what it is worth. In my way of thinking it's got some real food for thought. It's entitled, "Don't Blame the Children."

We read in the paper and hear on the air

Of killing and stealing and crime everywhere—

We sigh and say as we notice the trend

"This young generation . . . where will it end?"

BUT can we be sure that it's their fault alone,

That maybe a part of it isn't our own?

Are we less guilty who place in their way

Too many things that lead them astray?

Too much money to spend—too much idle time;

Too many movies of passion and crime;

Too many books not fit to be read;

Too much evil in what they hear said.

Too many children encourag-

ed to roam
By too many parents who won't stay home.
Kids don't make the movies, they don't write the books
That paint gay pictures of gangsters and crooks.
They don't make the "likker," they don't run the bars,
They don't make the laws and they don't buy the cars.
They don't peddle drugs that addle the brain,
That's all done by older folks greedy for gain.

DELINQUENT TEENAGERS!
Oh how we condemn

The sins of the nation and blame it on them.

By the laws of the blameless the Saviour made known

Who is there among US to cast the first stone?

For in so many cases — it's sad, but it's true

The Title "DELINQUENT" fits older folks too!

HOW ABOUT THAT? Funny thing about exhortations to parents about their delinquency.

You can throw it out in the form of a poem or in a number of different ways and hope

that some parents guilty of giving the kids too much idle time, or setting for their young followers a poor example, will

take a sharp look at themselves

and do something about it. But there's no way to be sure you have effected a cure by your effort. It's up to the individuals.

Have you ever thought about it? Being a parent is a privilege; being a child a duty. We must give them something to live up to. The problem is, we can only give them something to live up to if we have first accomplished a worthwhile standard ourselves. Let's take a good look at ourselves before we condemn the children we mold.

Welsh Colony Holding Out In Argentina

TREVELIN, Argentina (AP) — Here on Argentina's south-west frontier you expect any minute a crowd of horsemen will ride through the dusty main street crying, "They went thataway."

But wait, what are those English types doing in there, some in baggy pants, sneakers and berets?

That's just Trevelin, the last outpost Welsh immigrants es-

tablished to Argentina in 19th century bid to found a colony devoted exclusively to the preservation of the Celtic tongue, customs and traditions. The mission failed in its ultimate objective. Little of what they brought with them remains. But the Welsh will use what remains in July when they celebrate the centenary of a pilgrimage to the new southern world.

Many of Trevelin's 2,000 inhabitants are descended from the original Welsh colonizers. That accounts for the English characteristics of the population.

Argentines describe this part of their country as "Far West," using the American term. Cow-

How To Hold FALSE TEETH

More Firmly In Place

Do your false teeth annoy and embarrass you by slipping, dropping or wobbling when you eat, laugh or talk?

Just sprinkle a little PASTERIN on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, sticky, pasty taste or feeling. Does not sour. Check "plate odor" (feature break). Get PASTERIN today at your drug counter.

NASON ON EDUCATION

Be Specific in Helping Pupils

By Leslie J. Nason, Ed. D.
University of Southern Calif.

Finding means of getting an underachieving high school student to change his ways has baffled parents and educators for years.

Parents realize that their son or daughter is not even trying to work up to capacity, and teachers are in hearty agreement. Tests of ability, say the counselor, back up these opinions.

The only one disagreeing is the student himself. He feels

NOTICE

NOTICE IS HEREBY GIVEN that the City Council of the City of Winona, Minnesota, will meet on March 15, 1965, at seven-thirty (7:30) o'clock P.M., at the Council Chambers in the City Building located on the corner of Fourth and Lafayette Streets in the City of Winona, Minnesota, for the purpose of finally determining the question of the taking of certain private property for public use.

All persons interested may appear before the Council and make such objections as they may desire to make to the carrying out of the contemplated project.

The private property proposed to be taken is described as follows, to-wit:

Parcel 1: All that part of Lot sixty-six (66), Second Plat of the Subdivision of Section Twenty-one (21), Town of Winona, bounded and described by lines as follows, to-wit: Beginning at a point on the south line of Fifth Street Seventy-five (75) feet Easterly from the point where the said South line of said Fifth Street intersects the Northerly line of Junction Street, thence Westerly for a distance of Seventy-five (75) feet to said intersection of the South line of Fifth Street and the Northerly line of Junction Street, thence in a Southeasterly direction along said Northerly line of Junction Street for a distance of Fifty-five (55) feet to a point Fifty (50) feet, more or less, Southwesterly of the point of beginning, thence Northeasterly Fifty (50) feet, more or less, to the point of beginning, and being located upon and forming a part of the Northwest quarter of the Southwest quarter (NW 1/4 of SW 1/4) of Section Twenty-one (21), Township One Hundred Seven (107) North of Range Seven (7) West of the Fifth Principal Meridian.

Parcel 2: Beginning at the intersection of the North line of Fifth Street with the East line of Section Twenty (20), Township One Hundred Seven (107) North of Range Seven (7) West of the Fifth Principal Meridian, thence Northeasterly along the North line of Fifth Street for a distance of Seventy-five (75) feet, thence Easterly to a point on the East line of said Section Twenty (20) which is Fifteen (15) feet North of the place of beginning, thence South along said East line of said Section Twenty (20) for a distance of Fifteen (15) feet to the place of beginning, and

The above described private property is specifically designated on a plat thereof prepared by the City Engineer and filed with the City Recorder and approved by the City Council.

The improvement or purpose for which said private property is to be taken is to enlarge the intersection of Junction Street and Fifth Street and also to widen Fifth Street in the vicinity of its intersection with Junction Street.

The said plat of the private property proposed to be taken is on file with the City Recorder and open to public inspection.

Dated at Winona, Minnesota, February 16, 1965.

made willing to strive for a higher standard of accomplishment, his feelings regarding himself must be corrected. He must see the possibility of greater success in all related areas at the same time. It hardly seems worthwhile to him to try to make a change in, say homework in algebra, when class work and test grades are so much a part of the problem. And why work on algebra when grades in English and history would still remain so low as to keep him in hot water with his parents and counselors?

FOR EXAMPLE, Mike's incorrect approach to reading carried over into many phases of his high school work. He failed to study as he read. Consequently, he learned little even after reading an assignment two or three times.

Before Mike could be interested in changing his approach to reading, it was necessary to discuss with him the possibilities of a better approach to

many of his school subjects. Mike responded when he realized that he could study as he read; that he could train himself to recite back at the end of each section of material and accomplish more in less time than he had been using.

Furthermore, he learned that he could relate the events of history to locations on maps; that he could bring up mental pictures to help him understand and remember the facts of biology. It made sense to him that in reading his math book

he should learn to identify and recognize problems. He could see that this would give him a distinct advantage when taking tests.

WHEN MIKE realized that a more efficient approach to reading was specifically related to a large number of elements in his school work, he was sold on the idea of trying for better scholarship.

The organization of high schools makes the improvement of achievement difficult. Sever-

al teachers and a counselor might have to work simultaneously to produce sufficient change in a student's thinking to make it possible for him to attempt operation at a higher level. But this can be done by a single individual — not by general admonitions about the worthwhileness of higher grades for college and future jobs but by specific suggestions.

I recommend from my own

experience that the person taking this responsibility make an offer of continued help along with the very first discussions. The help would be contingent on the effort of the student.

Stocks Show Some Gains in Active Trade

NEW YORK (AP) — An irregular recovery pushed the stock market somewhat higher in moderately active trading early this afternoon.

A number of issues which backtracked Monday and Tuesday made fairly sharp comebacks. But there were many soft spots throughout the list.

The aerospace defense stocks continued mostly higher as uncertainty continued regarding developments in the Southeast Asian military situation.

Airlines also were mostly higher, with the notable exception of Eastern, which slumped about 2 points in continued profit taking on its recent strength.

The Associated Press average of 60 stocks at noon was up 7 at 331.4 with industrials up 1.0, rails unchanged and utilities up .6.

The Dow Jones industrial average at noon was up 2.68 at 884.03.

A 2-point recovery by Du Pont (ex dividend) helped firm up the averages.

Also helpful in that respect were gains of a point or so by Texaco and Sears Roebuck.

IBM was off a point. Among other higher-prices issues, U.S. Smelting rose 2; Polaroid and Xerox 1 each.

Prices were generally higher on the American Stock Exchange.

Corporate and U.S. government bonds were mostly unchanged to slightly higher.

Gateway Firm's Earnings Higher

LA CROSSE, Wis. (AP)—Gate-
way Transportation Co., a com-
mon motor carrier serving 10
Midwest states, reported Tues-
day a 133 percent increase in
earnings on 14 percent more
business in the year ending Dec.
31, 1964.

Gateway President John A.
Murphy said operating revenues
were a record \$41,510,860 in 1964
compared with \$36,562,765 in
1963. Net income after taxes
was \$1,893,087 or \$3.01 a share
compared with \$803,964 or \$1.28
a share in 1963.

"The great difference between
the increase in revenues and the
increase in earnings is due to

the success of a cost control
program which has allowed us
to carry more freight without
a proportionate increase in
costs," Murphy said.

Gopher Shooting Display Wilts Badgers

MADISON (AP) — It's too bad that the Big Ten doesn't award a booby prize. Wisconsin's basketball Badgers would be a top contender.

The Badgers staged another of their "game" struggles before wilting once again and dropping a 101-91 decision to powerful Minnesota Tuesday night before a crowd of 7,933 at the UW Fieldhouse.

The Badgers, who have trouble putting together 40 minutes of good play, appeared bent on springing

an upset when they took the floor against Minnesota. However, the Gophers withstood the initial shock and went on to a convincing triumph.

Employing a zone press at the outset, the Badgers set the early pace, but were unable to pull ahead by more than five points. The Gophers finally moved in front to stay after 13 minutes as Lou Hudson hit on a jump shot to make the score 31-30.

Minnesota broke the press with some fancy shooting

and fast breaks, taking a 49-41 halftime lead as they hit on 22 of 33 field goal attempts, a fabulous marksmanship of 66.7 per cent. Minnesota gradually built its advantage after the intermission and led by as much as 17 points before Wisconsin rallied to make the final count more respectable.

The Gophers finished with a shooting mark of 55.7 per cent compared with the fieldhouse record of 56.3 per cent set by Ohio State last year. Minnesota connected

on 39 of 70 floor attempts, while Wisconsin hit on 37 of 89 for respectable 41.5 per cent.

Hudson, a 6-foot-5 junior, captured scoring honors with 34 points as Minnesota boosted its Big Ten record to 7-1, one game behind front-running Michigan.

The Gophers have two games to play with Michigan as they strive for their first conference title since 1937.

Mel Northway, a 6-foot-8 key in Minnesota's 15-3 over-all record, scored 20

points and grabbed 21 rebounds. Archie Clark contributed 15 points and Dennis Dvoracek and Dan Yates 10 each. The Gophers controlled the boards by a 57-46 margin in rebounds. Ken Gustafson enjoyed one of his hot nights and topped Wisconsin with 23 points. Mark Zubor hit for 20, Dennis Sweeney 17, Ken Barnes 15 and Jim Bohlen 10.

The defeat left the Badgers with a 7-11 over-all record, including 1-7 in the Big Ten with high scoring

Indiana scheduled Saturday. Wisconsin is ninth in the conference race, leading only winless Michigan State.

CLOSE SEASON WITH 14-4 MARK

Paradise Scores, Redmen Win

ST. PETER, Minn. — Skating without captain Andre Beaulieu, now a member of the Rochester Mustangs, St. Mary's scored a 10-2 MIAC victory over Gustavus here Tuesday to

finish its league season with a 13-1 record. The victory marked St. Mary's seventh straight and served as a personal triumph for junior defenseman Bob Paradise.

Coach Keith Hanzel credited Paradise with one of his finest games. As far as scoring went, the former St. Paul Cretin flash was unstoppable, counting four times and also coming up with an assist.

St. Mary's made the trip with nothing to lose, the MIAC title already locked up for the second consecutive year.

With the win, St. Mary's closed its season with a 14-4 record. It marked Hanzel's final game with the Hilltoppers. He will be off to law school in St. Paul this summer.

The first period was slow as St. Mary's led 1-0 at its end behind a goal from Paradise at 3:21 on an assist from Don Berrigan.

The Redmen opened the gap to 5-0 in the second period as Paradise, Dennis Cooney, Mark Hoffman and Paradise scored in that order to ice it.

The final tabulation showed Cooney with two goals, Jean Cardin, Brian Desbiens, Bob Magnuson and Mark Hoffman each with one.

Gary Moorhead scored the two third-period Gusta-

vus goals after the Redmen had opened a safe 8-0 lead. Gustavus has two league games remaining.

Kreuzer Paces 11th Victory

By GARY EVANS
Daily News Sports Editor

LA CROSSE, Wis. — Winona High's Winhawks threw reverse English at La Crosse Central at the Mary E. Sawyer Auditorium here Tuesday night, avenged an earlier defeat and waltzed home with a 53-44 win over the Red Raiders in the tuneup for the Rochester clash Friday.

Why reverse English? It is a known fact that Central's zone press is keyed to force the opposition into mistakes. John Kenney's forces, thwarting the press with the verve of major league baseballers, forced the Raiders into 25 mechanical errors.

Therein lies the key to the win that kept the annual series running on an even keel. In Kenney's eight years at Winona, a split has been the order of business. Another satisfying aspect of the victory was the fact that the victory came at the Mary E., something that has happened only twice in eight years.

Credit Tony Kreuzer, an early-season starter at forward, with a stellar effort. Thrust into the opening lineup because of disciplinary action to guard Don Hazelton and reserves John Ahrens and Denis Duran, Kreuzer befuddled the Central zone from long range and wound up the leading scorer with 14 points.

"He was the difference," Kenney agreed. "This was a big one for us and Tony came through." Still, the second-half rebounding effort by Winona was a contributing factor to success. Held off the offensive boards in the first 16 minutes, the Hawks turned tenacious behind Gary Addington, John Brandt and Larry Larson in the second.

IT WAS NIP-and-tuck through the early going, neither team leading by more than four at any time in the first half. It was 24-24 at intermission after Winona was on top 12-10 at the first break.

Winona pushed to an immediate 29-24 lead in the third quarter as Addington slapped home a long jumper and Larson added three points on a free throw and a stolen ball drive. Central came back to lead at 31-30 and 33-32 before Winona captured a 37-33 quarter edge on Brandt's jumper and Addington's three-point play off a rebound shot.

Central was never in command the rest of the way. The Hawks opened a seven-point 43-36 lead with 5:58 to play and controlled the margin behind Central mistakes the rest of the way.

"There's no question this was a big one for us, one we had to have," said Kenney. "Now we need the one Friday."

THE FRIDAY game, which will come at the Winona Senior High auditorium, is against the unbeaten Big Nine Rockets, who topped the Hawks 67-58 earlier. In Tuesday's game, Addington and Squires finished behind Kreuzer with 11 points. Larson hit nine and Brandt eight. They were the only men to score.

La Crosse got 13 from Craig Weber and 12 from Harry Dahl. Winona's record now stands at 11-4, Central's at 11-5.

Dragons, Huskies Cop Crucial Wins

By THE ASSOCIATED PRESS

Moorhead State and St. Cloud State, co-leaders in the Northern Intercollegiate Conference, took on the "middle division" teams in league action Tuesday night. Both won on the road, but in widely divergent ways.

Moorhead riddled Bemidji State 92-74, while St. Cloud edged Mankato State 56-54. That left the leaders with 7-1 conference records, while Mankato is 4-3 and Bemidji 4-4.

Bemidji led Moorhead, now 18-2 and a participant in the NCAA college division playoffs, by 32-31 late in the first half. But the Dragons blitzed the Beavers 16-2 in the minutes un-

til halftime to take a 47-34 lead and it was over. Wally Halbakken led Moorhead with 26 points, while Jerry Wilmut got 21 for Bemidji.

St. Cloud broke a 54-all tie on John Daggett's two free throws with 54 seconds left, then sweated it out while Mankato missed three shots in the final 30 seconds. Daggett topped St. Cloud with 14 points and Jon Hagen led Mankato with 21.

In the only other game, Minnesota-Morris' Roger Schnaser poured in 51 points to lead the Cougars to a 96-74 victory over Ellendale, N.D., Teachers.

No games are scheduled to-

night. No games are scheduled to-

Gilmanton, Arkansaw Cop, Whitehall, Luther Also

Gilmanton and Arkansaw of the West Central Conference posted victories in Tuesday night non-conference action.

The Panthers of John Ewing slipped past Plum City 61-57 and Arkansaw blitzed past Eau Claire Immanuel Lutheran 83-43.

In game involving other Badgerland schools, Onalaska Luther improved on its record with an 80-59 win over Mindoro and Whitehall earned a 66-52 victory over Arcadia. Both games were non-conference.

GILMANTON 61 PLUM CITY 57

Gilmanton led all the way in notching a 61-57 win over Plum City.

Dave Denzer's 24 points led

the Gilmanton attack, while Wayne Loomis flipped in 14 and Jerry Dieckman 13.

For Plum City, R. Auth had 19, D. Fedie 12 and Watkins 10.

Gilmanton led 16-13, 34-30 and 49-44 at the quarter margins.

The Panthers also took the junior varsity game 35-34.

ARKANSAW 83 LUTHERAN 43

No contest is the phrase that best describes the Arkansaw Travelers' 83-43 win over Immanuel Lutheran of Eau Claire.

The Travelers sped to a 22-8 first-period lead, upped that to 42-11 at the half. The tally at the end of three periods read 68-26 for Arkansaw.

Bill Luther's 18 markers led the way for Arkansaw. Bill Vingst totaled 15 and Randy Hoffman 14.

L. Grobe scored 10 for Lutheran. The Travelers also won the "B" game.

WHITEHALL 66 ARCADIA 52

A balanced scoring attack led Ken Stelplflug's Whitehall

Norsemen to a 66-52 verdict over Arcadia of the Mississippi Valley Conference.

John Everson and Roy Aane-rud paced the Norse scoring with 15 points apiece. Keith Johnson and Barry Johnson added 13 and 12 respectively.

Pat Maloney's 16 led the way for Arcadia. Bud Benusa and Mike Lien each tallied 12.

Whitehall led 14-6, 30-26 and 49-37 at the quarters, and also won the "B" game 42-28.

ONALASKA LUTHER 80 MINDORO 59

Mindoro's Mike Sullivan walked off with game scoring honors with 23 points, but it didn't help his fellow Tiger teammates as Onalaska Luther took an easy 80-59 victory.

Luther led 17-7, 38-21 and 58-33 at the quarter breaks.

Don Larson had 19, Rich Schultz and Ron Drecktreh 17 each and Dennis Lemke 10 for Luther. Dick Kastenschmidt scored 19 for Mindoro, in addition to Sullivan's 23.

Luther also won the "B" game 51-47.

TUESDAY'S RESULT

Elgin 83, Randolph 57.

ELGIN, Minn. — Elgin High School's Watchmen moved into a second-place tie with Goodhue in the Centennial Conference here Tuesday with an 83-57 victory over Randolph.

The Watchmen, after leading by a slim 20-19 margin at the end of the first quarter, upped the lead to 48-32 at the half and 63-45 at the end of three periods.

Tommy Tucker, who is an all-state football player, proved he had cage abilities too, finishing with 40 points for the night, high for his prep cage career.

Kenny Evans and Gary Scheumeman each contributed 12 and Merle Wright 11.

For Randolph, Mike Popp connected for 21 and Don Pressnell 14.

Randolph won the "B" game.

Howie Pollet can live at home when the Houston Colt .45s play in their new domed stadium next season. The team's new pitching coach lives in Houston.

Vanderbilt Grabs Cage Headlines

By THE ASSOCIATED PRESS
Minnesota and Vanderbilt took the headlines away from Davidson. Providence, Cornell, St. Joseph's and Connecticut in college basketball Tuesday night.

Minnesota whipped Wisconsin 101-91 on the road to keep alive the Gophers' hopes for their first Big Ten title in 28 years. Vanderbilt, playing at home, edged Kentucky 91-80 to tie Tennessee for the lead in the Southeastern Conference.

Davidson beat Wofford 117-72 for its 21st straight, Providence downed Rhode Island 88-72 for its 19th straight, Cornell made it 14 in a row by defeating Columbia 89-80, St. Joseph's Hawks won their 12th straight by clouting Bucknell 94-57 and Connecticut won its 10th straight by tripping Boston U. 89-78. Davidson, Providence and Connecticut won at home, St. Joseph's and Cornell on the road.

Vanderbilt, knocked out of the AP Top Ten by losing to Ten-

nessee last Saturday, came from 14 points back to beat Kentucky and tie Tennessee for the SEC lead.

Two free throws by John Ed Miller with 10 seconds left won the game after 33 points by Clyde Lee, 24 in the second half, pulled the Commodores from behind. Miller finished with 30 points to help eliminate Kentucky, last year's champ, from the SEC race.

Fred Hetzel's 33 points sparked the fifth-ranked Davidson Wildcats over Wofford. Jim Benedict and Jim Walker each tossed in 20 points to pace third-ranked Providence over Rhode Island. Tom Duff's 20 points led the fourth-ranked St. Joseph's Hawks in their rout of Bucknell. The other teams in the AP Top Ten, Michigan, UCLA, Duke, Indiana, Tennessee and Wichita, did not play.

Rick Barry, the nation's leading scorer, was held to 19 points as his Miami, Fla., Hurricanes defeated Stetson 94-84.

PLAINVIEW, Minn. — Plainview's Gophers, capped their sixth Hiawatha Valley Conference win here Tuesday night, a free-scoring 80-69 triumph over St. Charles.

The Saints are now 2-9 in the conference, while the Gophers rank 6-5.

Gary Friedman, tallied 29 points for Plainview, while Gary Johnson was high for the Saints.

AT SPRING GROVE

Homuth No. 1 Cage Scorer

A pair of Maple Leaf Conference entries split in non-conference action Tuesday night. Chatfield, currently in a second-

place tie in the circuit with a 5-3 mark, routed Lewiston 76-43, while Spring Valley was dropping an 82-57 decision to Spring Grove.

In the Spring Valley contest, Spring Grove's Mel Homuth, who is rumored bound for Winona State next year, shattered the all-time Spring Grove scoring record by dumping in 22 points for a four-year total of 1,168, breaking the old mark previously held by Gary Rovrud.

SPRING GROVE 82 SPRING VALLEY 57

Mel Homuth became Spring Grove's top high school scorer Tuesday night when he scored 29 points in a 82-57 winning cause over Spring Valley in a non-league game.

Homuth, a 6-3 center who rates as one of the top players in the area, now has a four year total of 1,168 points, good for first place in the scoring annals at the Grover school. On the season, Homuth has 501 in 15 games.

Tuesday, the Grovers jumped off to a 25-13 lead, then increased it to 37-29 and 56-40 at the other quarter breaks. Lowell Trehus scored 19 and Ken Halverson 12 to aid the Grover cause.

Steve McGhie was high for the Wolves, hitting 18, and Bob Olson scored ten.

The Wolves salvaged the junior varsity contest 46-44.

CHATFIELD:76 LEWISTON 43

Chatfield broke a 12-12 first quarter tie to race to a 76-43 victory over Lewiston.

The Cardinals fell behind 30-22 at the half and 53-34 at the end of three quarters.

Don Scott's 18 points paced Chatfield, while Doug Rowland pitched in 17 and Ed Tuohy 14. Ron Kessler had nine for the Cardinals.

In the "B" game Chatfield took a 67-25 decision.
