WRECKAGE OF JETLINER . . . This is a general view of the wreckage of a Boeing 720B of the Pakistan International Airlines that crashed about 18 miles from the Cairo airport this morning. The plane was on a flight from Karachi to London. (AP Photo-fax by radio from Cairo)

Jet Crashes in Egypt, 120 of 126 Aboard Die

CAIRO (AP)—A Pakistani jetliner inaugurating Karachi-to-London service crashed in desolate desert sands near Cairo Airport today, killed 120 of the 126 persons aboard.

It was the fifth worst air crash in aviation history.

Airline officials said one or more Americans perished in the flaming crash. Identification was not immediately available.

The airline said that of the 115

passengers, 93 were listed as Pakistanis, 12 Chinese and 10 other foreigners, whose nationalities were listed as U.S., Canadian, Lebanese and Egyptian.

The American-built jetliner's 11 crewmen died in the crash.

All six survivors were Pakistanis. Two were employees of the Pakistan International Airline and another was a Pakistani tourist official. Three of the men

were reported in critical condition.

The flight was scheduled to pick up 52 additional passengers, all guests of the airline, at Cairo for the remainder of the flight to Geneva and London.

Capt. Akhtar Aly Khan, pilot of the four engine jet, reported engine trouble and a fire in the landing gear minutes before the crash.

The plane, a Boeing 720B, was

inaugurating the airline's new Karachi-to-London route.

Among the passengers were 62 newsmen, airline officials and other invited guests. The same plane had made three preinaugural flights over the route.

The big jet ploughed into a sand hill in a heavy ground fog as it prepared to make its final approach to the Cairo Airport. It crashed at 2:50 a.m. A West

German airliner first sighted the wreckage, and Egyptian air force helicopters landed at the wreckage at dawn to pick up the six survivors.

Nearly impassable terrain delayed the arrival of other rescuers until six hours after the crash.

"There were no more survivors except for two baboons still alive beneath the wreckage," one person at the scene reported.

"It all happened so fast I didn't know what was going on," said one of the survivors, Galal Alkarimi, an employee of the airline.

"One minute I was sitting inside the plane with a safety belt fastened around my waist. The next thing I remember was hearing an explosion. When I came to, I found myself lying outside the wreckage."

"It was a horrible sight," said one of the rescue party, "an area of two square kilometers littered with what was left of the plane's wreckage, mutilated bodies, passenger bags, cameras and cigarette cases."

Airline officials said one of the Pakistan stewardesses who was killed had been planning to get married next week in Karachi.

Officials said the passenger list included 26 Pakistani newsmen. Only one of them survived, Aman Allah, police reporter of the Karachi Leader.

The wreckage was still burning when rescuers reached the scene. The desert sands in the immediate vicinity were blackened.

Some 4,000 pounds (\$11,200) was recovered from the scene.

Rochester Ruling May Loosen Rural Hold on County Board

The state law limiting second, third or fourth class cities to two commissioner districts is unconstitutional, an Olmsted County District judge has ruled in a case involving that county.

The same law is applied to numerous other cities, including Winona. The decision undoubtedly will be appealed to the Supreme Court.

In his decision District Judge

O. Russell Olson directed the Olmsted County board to prepare a redistricting plan by June 1, 1966. The county commissioners are directed to come up with a plan for five commissioner districts, each of "nearly equal" population.

If redistricting is not completed by about 90 days before the September 1966 primary election, said Olson, the five com-

missioners must run at large.

Judge Olson's ruling, in a citizens' suit filed by three Rochester residents, is based on the "one man, one vote" concept upheld last fall by a three-man panel of federal judges to force reapportionment of the state legislature.

THE SAME "principles of equal representation and equal protection" apply both to the state legislature and to Olmsted County, an arm of the state government, said the ruling.

Olson's decision, believed to be only the fourth of its type in the nation, follows a two-year legal battle which started with the filing of the suit in Olmsted District Court.

The dispute was based on 1960 census figures, which showed Rochester with 40,663 residents, or 62 percent of the county population total. The rest of the county had a population of 24,869, on the basis of that census.

Under the state law which Olson declared unconstitutional, Rochester is limited to but two commissioners, despite its population, with the rest of the county having a three-man majority.

THIS DISPARITY, said the judge, "results in an unconstitutional debasement and dilution of the vote" held by Rochester citizens.

The county's smallest commissioner district, the 5th, in Farmington, Haverhill, Oronoco, New Haven and Kalmar townships, has 6,931 residents, or 10 percent of the county population.

The largest district, the 2nd, comprising the 4th, 5th and 6th wards in Rochester, has 21,481 residents, or 32 percent of the county population. This means that both the 5th and 2nd-Districts (Continued on Page 14, Col. 1.)

Boy Dead in Load of Hay

PEWAUKEE, Wis. (AP) — An eight-year-old boy suffocated in a wagon load of hay Wednesday night.

The boy of the child, John O. Thomas, was found beneath six inches of hay after he had been jumping on the mound in a wagon on his father's farm near Pewaukee.

Marine Killed In Viet Attack

NINH AN, Viet Nam (AP) — A brief Viet Cong mortar barrage killed one U.S. Marine and wounded two on patrol today in brush-covered foothills 15 miles southwest of the Da Nang air base.

The Marines, replying with their own mortars, 3.5-inch rockets and small arms, believed they killed at least two Viet Cong.

23 Hurt When Roof Collapses

NEW YORK (AP) — "All of a sudden, it was like a bomb fell down," says the meat-section manager who was serving customers when the roof of a Brooklyn supermarket collapsed and rained tons of concrete slabs and plaster debris onto customers and clerks.

The manager, Sam Kinker, 61, and his four women customers fled through one of the broken windows.

Twenty-three persons — most-

ly women shoppers — were injured. Most of them were treated at hospitals. Four were admitted.

Police, firemen and residents of the neighborhood pulled several victims out from under chunks of concrete.

"It's a miracle no one was killed," Fire Commissioner Martin Scott said after inspecting the ruins of the Food Queen Supermarket in the Bensonhurst section Wednesday.

Mary Rossi, a shopkeeper on the other side of the street, said: "My God, it was awful. I was standing in front of my store when the roof seemed to blow up right in front of me."

"The windows blew into the street and women and children ran out."

Other witnesses told of seeing hysterical women and children running from the store.

About 50 customers — mostly women and children — and 13 employees were in the store when the roof collapsed.

Although police and fire officials thought no one was buried under the rubble, scores of men searched through the night with the aid of flood lights.

Two firemen working in the wreckage suffered minor injuries when hit by a falling girder. Harold Birns, city commissioner of buildings, sent inspectors to investigate. Dist. Atty. Aaron Koota promised an investigation.

A disaster may have been averted by the fact that the building had two stories, and the force of the falling concrete and other debris was cushioned by the ceiling of the store. The roof was being waterproofed by workmen at the time. A small piece of the roof where the men were working did not collapse. They were not injured.

The building had been converted from a movie theater 12 years ago. The second floor housed offices.

Doubt Rolvaag Will Kill Bill on Redistricting

ST. PAUL (AP) — There was some speculation today that Gov. Karl Rolvaag will not veto the reapportionment bill passed by the Minnesota Legislature but will either sign it or let it become law without his signature.

Theorists said this would free Rolvaag from the blame for forcing a special session on the remap question and leave it a matter solely between the lawmakers and the federal court.

The plan passed by the House, 78-52, and by the Senate, 44-20, Wednesday would shift 15 seats from rural to urban areas.

In each House, the Conservative majority defeated the Liberal minority's attempts to have the bill rejected and a new conference committee put to work on remap.

Liberals in both houses termed the reapportionment plan a "direct and deliberate design" to force Liberal incumbents into election contests while putting Conservatives in "safe districts."

They said they would urge Rolvaag to veto the bill.

The Liberals in both houses filed a "protest and dissent" in which they charged that the plan violates the equal protection clause of the U.S. Constitution and the state constitution.

Rep. Robert Lutz of Minneapolis said he cannot "see how this will stand up when it is challenged in federal court."

The proposal keeps the present size of both chambers — 135 in the House and 67 in the Senate.

But Hennepin County would get nine new legislative seats, Ramsey County would get 3, and Anoka and Dakota counties 1½ each. Rural representation would be cut by 15 seats.

Of the present membership, 15 Liberals and 13 Conservatives in outstate districts would be thrown into election contests if they seek terms from districts outlined under the bill.

Highway Bond Issue Suffers Senate Setback

ST. PAUL (AP) — A proposal for a \$60 million bond issue to speed emergency road projects, like improvement of Highway 61, has suffered a setback.

A motion in the Senate Finance Committee to recommend the measure for passage Tuesday was defeated 10-7. Another motion, to re-refer the bill to the Tax Committee, also failed. The proposal was approved last week by the Senate Highway Committee.

A \$40 million bond bill has been introduced in the House by Rep. August Mueller, chairman of the House Highway Committee. He also submitted a bill levying a 5 per cent surtax on vehicle license fees to pay interest on the bonds.

The \$60 million proposal was the outgrowth of several bills each proposing a smaller issue for a specific project. In addition to Highway 61, for which \$20 million was asked, these included a bill asking a \$10 million bond issue to improve highways on the Iron Range.

Sen. P. J. Holand of Austin, a leader in the move for a highway bond bill, said he had not given up hope for action. He said that if the House acts on the proposal pending there, further steps may be taken in the Senate.

Conferees Agree on Two Bills

ST. PAUL (AP) — Conference committees on two major bills — the education appropriations and unemployment compensation proposals — were reported today to have reached agreements.

Income, Sales Tax Before Legislators

ST. PAUL (AP) — Income taxes and sales taxes moved to the forefront today for consideration in both houses of the Minnesota Legislature.

The Senate approved by a 54-12 vote Wednesday and sent to the House a bill that would raise an additional \$15.5 million through income tax increases.

The bill would help balance the budget for the next two

years, but carries no provision for relief or reform of existing taxes.

Needed in the House is concurrence with some Senate amendments.

The Senate Tax Committee voted out the 3½ per cent sales tax bill, but the committee's report was debated for more than an hour before it was accepted, 40-25, putting the sales tax pro-

posal on the Senate floor.

Liberal Leader Sen. Paul Thuet of South St. Paul argued that the bill was brought out only so that Conservatives could make political hay because Gov. Karl Rolvaag would veto it. He asked that the Senate reject the tax committee's report.

Chairman Donald Wright of the committee, in a desk pounding debate, said the bill was brought up only in the event added revenue is needed as the budget is balanced in the last hours of the legislative session.

Wright said earlier the Senate "should be ready" with a sales tax despite the governor's statement last week that he would veto any sales tax bill.

The income tax bill would raise individual income tax rates from .5 of one per cent to 11.5 per cent and eliminate present surtaxes. This would yield \$30 million more from individuals in the next two years.

It would mean a tax increase of \$17.09 a year for a family of four with an income of \$5,000, and a boost of \$36.31 a year for a family in the \$10,000 bracket.

The same bill would bring in \$21.5 million during the next two years by a speedup in corporate income tax collections. This would be in the form of a one-shot "windfall" not collectible in later years.

On final passage, 35 Conservatives and 19 Liberals voted for the income tax increase. Nine Conservatives and 19 Liberals voted for the income tax increase. Nine Conservatives and three Liberals voted against it.

Committee Approves Doyle as Judge

WASHINGTON (AP) — The Senate Judiciary Committee today approved President Johnson's nomination of James E. Doyle to be a U.S. district judge for Western Wisconsin.

Rep. Ford Sees Changes in GOP

WASHINGTON (AP) — Rep. Gerald R. Ford, the quiet-spoken former football player who runs the Republican party in the House, says he's making some headway in changing the picture of his party in the public mind.

"I hope I'm not too naive and idealistic, but I think if you do what is right the stature of the party in the long haul will be sound," Ford said in an interview.

"I don't think the party can sit back and just be consistently in opposition and wait for some catastrophe to come along and then try to pick up the pieces," he added. "You have to go along on the basis of doing what is right and earn the respect of the citizens of the country."

As examples, he mentioned Republican support of the voting-rights bill and backing President Johnson's actions in Viet Nam and the Dominican Republic. On foreign policy, he said, "we're supporting him because he's right."

Ford told of an emergency meeting at the White House in the early days of the Dominican crisis. He said the President

greeted him and said jokingly, "You and Ev Dirksen (the Senate Republican leader) are supporting me on foreign policy so you may wind up with a Republican Congress." The President has been reported upset and disturbed by criticism of his policies by some Democrats in Congress.

Ford said he replied, "Mr. President, that isn't why we're supporting you, but if that's a fringe benefit we'll accept it."

Alma Center Man Indicted In New York

ALMA CENTER, Wis. — An Alma Center strawberry and mink raiser was indicted Tuesday in a meat scandal involving alleged sale of tainted food to schools, hospitals and prisons.

A federal grand jury indicted Orland (Buster) Lea, Alma Center, a meat inspector, two New York businessmen and a Massachusetts man.

The jury charged Lea and Charles Anselmo, 39, Dobbs Ferry, N. Y., meat broker, with conspiracy to transport a 40,000-pound load of uninspected meat from Wisconsin to Merkel, Inc., in May 1964. Merkel, major New York area processor of meat into frankfurters, salami and other products, went bankrupt earlier this year after thousands of pounds of meat containing horsemeat were discovered in its New York plant.

Authorities later alleged that illegally adulterated meat had been sold at retail for use in school lunch programs, hospitals and other institutions.

Lea is secretary-treasurer of Lea Brothers Corp., Lea Brothers Fur Food, Inc., Alma Center, and La Crosse Rendering Co. He is also listed in the La Crosse County directory as a partner in Bly Rendering Works, Onalaska, Wis.

Lea testified before the grand jury earlier this month and told newsmen afterward he was innocent of any wrongdoing.

If convicted Lea could receive a maximum sentence of four years and a maximum fine of \$20,000.

Proxmire Asks Funds for Flood Study

WASHINGTON (AP) — Sen. William Proxmire, D-Wis., urged today that the Senate appropriate funds for a flood control study of the Mississippi River at La Crosse.

In testimony prepared for the Public Works subcommittee, Proxmire said that 10 percent of La Crosse's land area, vital for city expansion, is not usable because of annual flooding.

An effective flood control project would open 1,000 acres of land for city expansion, he added, and quoted the Army Corps of Engineers as estimating that the study would cost \$30,000 over a two-year period.

Computers Called Threat To Religion

COLUMBUS, Ohio (AP) — The nation's biggest Presbyterian body convened today with a warning that computers may be a bigger threat to religion than the devil.

"Continuous concern with persons is the only thing that will preserve technological society from manipulating people and overriding personality," declared the Rev. John Coventry Smith of New York City. "Our lives of faith demonstrate a truth which extends beyond the areas where science speaks with authority." Smith said at the 177th General Assembly of the United Presbyterian Church U.S.A. opened here.

Dr. Edler Hawkins, the first Negro ever elected moderator, gave the opening sermon as 2,000 of the church's leaders assembled.

Election of a new moderator to replace Dr. Hawkins headed the order of business for the week-long session.

In two days of preassembly meetings, speakers hammered at what they viewed as accompanying evils of modern society, signaling a prelude to challenges the church faces in both doctrine and development.

A key issue before 835 voting delegates of the three-million-member denomination is modification of centuries-old doctrinal teachings. The changes: Salvation is not predestined and the Bible does not have to be interpreted literally.

The Presbyterians will also consider urging removal of legal barriers to interracial marriage.

Here are some thoughts on this wonderful adventure called life, and the element of hope that gives rise to the idea of being alive all your life.

Every life has its highs and lows. Even a child will have times when he feels oh, so depressed or blue because something didn't turn out as he had hoped. Yet, that same child will quickly rise to a new high in spirit at the appearing of a friend.

Why? Because with the coming of a friend is hope — hope that they will have fun. Most people can recall a time when during their lives, sacrifices have been made to gain a goal. Many have lived through two World Wars, during which the most intelligent of the human race was spending its energies in blowing itself to bits and crawling into damp, cold trenches, or lying in the heat of the sun waiting to see the while of the eyes of their enemies, and then to cut loose with another burst of fire. During those years, emotion was on a rollercoaster. When the boys were home, it was ecstasy, and during departures, it was sorrow. As an underlying factor, hope seemed to be a great antidote to fear and despair.

PEOPLE HAVE a way of planning and dreaming of what they will do when things get better, and this is good. Today it's not actual war, and the climate of the masses as a whole is the biggest concern, though we seem to be sitting on a powder keg, so to speak. It's the individual with a host of problems that stand to effect our way of life.

Wisconsin Fliers Airlift Men, Supplies To Santo Domingo

MILWAUKEE (AP) — The Air Force Reserve's 440th Troop Carrier Wing, based at Gen. Mitchell Field here, has been airlifting men, equipment and supplies to the Dominican Republic.

Brig. Gen. Joseph J. Lingle, wing commander, said today that C-119 Flying Boxcars of the 440th have flown three missions to the Dominican Republic since Saturday. The third plane to fly there returned to Mitchell Field Tuesday night.

The missions were part of an emergency air lift operation called "Power Pack," in which reserve forces have been supplying regular air forces since April 29.

climb, leaving a great number of children without the security of loving homes united in purposeful living. It's death on the highways that alter homes so often in a needless way. It's tragedy on holidays, often caused by a reckless attempt to have fun. Yet, we keep driving cars; we keep taking holidays, and we keep thinking it'll not happen to us. In a sense, this is hope. But hope is at its best when circumstances lend themselves to genuine hope.

IF COUPLES will base their marriages on a solid structure made up of plans and foresight, as well as romance, more homes will be what these couples had hoped for. If we drive with caution, and not let frustration or inattention become a part of our make-up — or anything, for that matter that is contrary to safety, we can have good cause to hold out hope that ours will not be a sudden death on the road.

Hope is a related word. To throw caution to the winds and trust to luck is to press hope a little too far. At the same time, if by course of events one experiences difficulty in life, but endeavors to achieve a given goal in spite of that difficulty, hoping for better things to come, the chances are that hope will manifest itself. When one loses hope, he has a way of queering his own chances of achieving better things. So, never let hope die. Where there is hope, there is life. In this sense, by maintaining hope, one can be alive all his life.

We do well to note that all worthwhile men have good thoughts, good ideas, and good intentions, but precious few of them are ever translated into action.

Episcopal, Methodist Merger Eyed

LONDON (AP) — The bishops and clergy of the Church of England voted overwhelmingly Wednesday in favor of continued negotiations to form one church with the Methodists.

A two-stage program is envisaged: first, separate churches which would recognize each other's clergy and take communion together; then later the two churches would become organically one.

Now the next move is up to the Methodists, who hold their annual conference in July. The Methodists, who broke away from the state-established church 200 years ago, have indicated they are now willing to accept Episcopal ordination for their ministers.

But the debate in the synod showed there were still differences about the project inside the Church of England.

Most differences centered on the proposed service of reconciliation which it is hoped to hold by 1970. This would make the two ministries — Anglican and Methodist — effectively one.

Methodists in Britain number about 710,000. The Church of England claims about 2 million active communicants.

Showers Expected Tonight and Friday

Showers and thunderstorms late tonight and Friday is the weather forecast for Winona and vicinity.

The temperature will dip to the mid-50s tonight, said the weatherman, and rise to around 75 Friday. A little cooler and no precipitation is the outlook for Saturday.

Patrol Eats And Eats

The statistics were awesome, but it all added up to a good time for about 270 Winona boys and girls who attended the annual school safety patrol picnic Wednesday at Farmers Community Park.

Under the supervision of police and park-recreation personnel, five hundreds of kids descended on the park — and also on 1,200 ice cream bars, 88 cases of soft drinks, 95 pounds of hot dogs and 63 prizes awarded to winners in the games.

POLICEMEN and their wives kept the uproar within certain bounds—it was heard in Winona as a sort of far-away thunder.

Vern Smelser of the Park-Recreation Board supervised the games and races and distributed prizes ranging from fishing tackle, baseball bats and basketballs for the boys to pins, scrapbooks and beach towels for the girls.

Prizes and refreshments were paid out of the police-supervised school patrol fund. The annual Policeman's Ball raises money for the fund.

Sgt. Sylvan A. Duellman and Joseph F. Kryzer and Patrolmen Richard D. Braithwaite and Byron Hock attended the picnic.

Policewoman Carol A. Altobelli and Secretary Francine A. Rivers, with patrolmen's wives Mrs. Lyle E. Latman, Mrs. John A. Erickson, Mrs. Braithwaite and Mrs. Roy J. Nelson, helped with the girls.

Watkins Home Drive Mapped

Southeast Minnesota Methodist pastors and wives were briefed on a fall financial campaign for the Paul Watkins Memorial Methodist Home at a meeting here Wednesday.

Discussing the drive was Albert V. Hooke, Evanston, Ill., current director of finance for the Minnesota Methodist Conference, who has been appointed to the Methodist Church general board of lay activities in the field of stewardship and finance.

The home facilities were discussed by the Rev. Eugene K. Meyers, home administrator. While pastors were meeting, the auxiliary also was in session, entertaining wives. A tea followed. Mrs. Harry Hanson and Mrs. Byron White were in charge.

Scouts Camp At Whitewater This Weekend

Gamehaven Council, Boy Scouts will hold its 22nd annual Whitewater Camporee this weekend.

The camporee will begin Friday after school and end Sunday afternoon following the parade on the Whitewater golf course. The five districts in the council will participate.

Nineteen Scout troops from Sugar Loaf District will participate including troops from Elberta, Elba, Dakota, Dover, Elgin, Lewiston, Minnesota City, Pickwick, Plainville, Rollingstone, Stockton and St. Charles. Troops will set up camp do their own cooking, police their areas and take part in the camporee program.

The program will offer a "Skill-O-Rama," demonstration of outdoor and scouting skills, in which Scouts will be observers and demonstrators. Other activities will include nature demonstrations, cooking fires, physical fitness course, and a fishing. Friendship campfires will be held Saturday night.

Catholic and Protestant services will be held Sunday at 8 a.m. and the parade at 1:45 p.m. Sunday. All times are DST.

John Duell is Sugar Loaf District camporee chief assisted by

John Hughes, Walter Kram, Kenneth Sebold, Ray Arnoldy and Warren Moe.

About 2,000 Scouts and leaders are expected. Parents and friends of scouting are invited. Troop picnics including families and friends of Scouts will be held at 11:30 a.m. Sunday just before the parade. Mayors from all towns in the council have been invited to be in the reviewing stand.

April Debits Stay High Despite Flood Handicap

Winona's April bank debit total was essentially the same as that for the same month last year, the Federal Reserve Bank of Minneapolis announced today.

In dollars, the debit volume last month was \$28,561,000. It was \$28,490,000 in April 1967, and the difference was too small for the bank to compute the percentage of increase.

April, however, was the month during which the flood interrupted normal business activities here. Many industries closed or curtailed their operations, and retail business fell below its normal rate.

DURING THE first four months of 1968, Winona's bank debits totaled \$116,122,000 — an increase of 2 percent from the \$114,214,000 total recorded for January-April of 1967.

Bank debits, for the most part, are checks against depositors' accounts in local banks. They represent payments for goods, services and debts, as well as fund transfers that have no particular business significance of themselves.

1st Burlington Train Slated Again Sunday

Burlington Railroad's major repair project near here, now more than a week ahead of schedule, is being finished in record time, road officials said today.

Original plans called for washouts to be repaired by some time between May 20 and 25, they said.

INSTEAD, the first train ran over the newly repaired track at 7:45 p.m. Sunday, and engineers now estimate that final work should be completed in about three days.

"We really beat our own estimate," one official said.

When flood waters receded along the Wisconsin shore across from and south of Winona, the Burlington was faced with large washouts near Winona Junction, near East Winona and just north of Trempealeau.

The road attacked the repair project from both ends, working from Winona Junction to East Winona — using fill hauled by truck to the junction and by railcar across the bridge to East Winona — and from the south, using fill from Trempealeau Mountain.

Repairs have been completed between East Winona and Winona Junction, officials said today, and final work on two washouts between Trempealeau and East Winona is now in progress.

The Burlington's right of way has been brought up to grade, and the road hauled some fill into place for the GREEN BAY & WESTERN. The latter road will be working on its tracks at East Winona during the next few days.

A single track has been laid between a point just north of Trempealeau and Winona Junction. It replaces two tracks that had existed there before the flood.

Officials explained that the new tracks will be operated under a centralized traffic control system, which will allow it to be used by the same amount of traffic that used the two tracks before.

Cost of the total project in this area has been estimated at between \$2 million and \$3 million — the bulk of the \$4 million Burlington has estimated that it must spend for flood-damage repairs along the Mississippi River.

Galesville Priest To Be Speaker At Arcadia High

ARCADIA, Wis. (Special) — The Rev. William Wrightman, S. M., Maryknoll, Galesville, will deliver the baccalaureate address at Arcadia High School auditorium Sunday at 8 p.m.

The high school band will play and the mixed chorus will sing under the direction of Gerald Gleason and Miss Suzanne Sheehy. The Rev. Howard Benson, American Lutheran Church, Arcadia, will give invocation and benediction.

Rev. Wrightman will speak on "I Believe."

John Hughes, Walter Kram, Kenneth Sebold, Ray Arnoldy and Warren Moe.

About 2,000 Scouts and leaders are expected. Parents and friends of scouting are invited. Troop picnics including families and friends of Scouts will be held at 11:30 a.m. Sunday just before the parade. Mayors from all towns in the council have been invited to be in the reviewing stand.

2 Insurance Firms Join In Settlement

Both of the two opposing insurance companies contributed to an out-of-court settlement reached Wednesday afternoon in District Court in the Holliday-Johnson-General Accident Co. trial. Judge Arnold Hatfield told jurors.

The judge told the jurors that they had a right to have their curiosity satisfied to some degree after listening to testimony at the trial Tuesday afternoon and Wednesday morning. Testimony had several times been delayed while conferences were held in Judge Hatfield's chambers.

JUDGE HATFIELD explained that the problem in the suit was that there were two insurance policies involved in the accident.

A cash insurance company wanted the other to bear all the liability for the damages suffered by the plaintiff in the suit, according to Judge Hatfield.

The settlement had both companies contributing to compensate the plaintiff, Miss Phyllis C. Holliday, St. Paul, for her injuries.

(**MISS HOLLIDAY** was taking an automobile tour of the East with a friend, the present Mrs. Bert Johnson, St. Paul, when an accident occurred July 30, 1963, near Lexington, Ky., while Mrs. Johnson was driving.)

Mrs. Johnson carried insurance which covered her, but Miss Holliday also had an insurance policy covering her, which she carried. Chief dispute was whether Miss Holliday's company, General Accident, Fire and Life Insurance Co., Philadelphia, Pa., or Mrs. Johnson's company should pay damages.

(The accident injured Mrs. Johnson slightly, but Miss Holliday was thrown through the windshield of her car and received permanent facial scars. She asked \$80,000 compensation.)

(Miss Holliday's insurance policy was up for renewal July 10, 1963 — 20 days before the accident — but she received no notification of the expiration date, made no premium pay-

DISPUTE arose over whether the policy actually had lapsed in view of the alleged promise made shortly before the accident of Bernard J. McGuire, 1159 W. 4th St., to "bind coverage" for Miss Holliday until she paid her yearly premium.

Judge Hatfield observed to the jury that the testimony of Mr. Harold S. Streeter, 275 Wilson St., that McGuire had told her he would "bind coverage" and McGuire's denial of this, under oath, did not mean that someone was trying to cover up the facts.

The judge pointed out that two years had passed since the accident and that interpretations placed on the same facts can vary.

Judge Hatfield noted wryly that a letter written by Mrs. Streeter and introduced in evidence seemed to corroborate McGuire's story, while a letter written by McGuire and put in evidence seemed to corroborate Mrs. Streeter.

It was a complicated case, the judge said.

AMOUNT OF settlement and percentages contributed by the two insurance companies are not to be revealed, Judge Hatfield said. He dismissed the jurors till June 1 at 9:30 a.m. when trial of civil cases will resume.

Attorneys were Roger P. Broshnan for Miss Holliday, Joseph N. Noonan for Mrs. Johnson and William M. Hull for the insurance company.

Jurors in the case were: Mrs. Joseph A. Bergman, Mrs. John Brand, Fred Kieckhefer, Roy Nottze, Fred Stender, Roger Church, Mrs. Leo Resdorf, Mrs. Richmond McCluer, Mrs. Alton Mathison, Mrs. L. Vern Stinson, Willis Tulare and Mrs. Elmer Obitz.

2 Miracle Mall Stores Open; Others Soon

Tempo and Montgomery Ward & Co., the two major stores in the new Miracle Mall shopping center, will have their grand openings Wednesday, their managers said this morning.

Stan Meyer of Tempo and Russell Price of Ward's said, however, that the two stores are open for business now and will remain open through the grand opening.

Meyer added that it was possible that some of the other stores in the center might be ready to open by Wednesday, although it was difficult to pinpoint a date now.

The two large stores had originally scheduled their grand openings for today, but rain slowed some of the construction work, particularly completion of the parking lot.

Fishing Supplies Stolen at Troy

Four fishing poles with reels have been stolen from Ed Dahl, rural Troy, according to Sheriff George L. Fort.

The sheriff said that a friend of Dahl's reported the theft Wednesday at 10 p.m. Dahl then told Deputy John Schneider that he was missing the four poles and reels.

Dahl said that he had two five-foot poles with No. 21 Zebco reels, a black five-foot pole with No. 55 Zebco reel and a Shakespeare fly rod with Shakespeare reel taken from him.

Toasts 'n Tidings

BY
Your Minnesota Hostess

With warm weather arriving quickly now, I'm keeping plenty of beer in the refrigerator. Nothing tastes nicer after a session outside in the garden! You can also combine beer with other ingredients for cool Summer drinks. Dissolve 4 Tbsp. sugar in 4 Tbsp. fresh lime or lemon juice, add one bottle chilled beer with 3 cups soda water, and ice. Float thin citrus slices on top. It's delicious!

Beer Behind the Iron Curtain
In Poland you can purchase a zesty mug of beer at a street stall, but you can't have stronger beverages unless you order a meal. In Moscow, however, citizens recently couldn't find any beer at all. Thrifty reporters from the newspaper "Pravda" unearthed 4.4 million gallons of beer on hand at the breweries. The city catering services had, according to "Pravda," simply failed to pick it up and deliver it to restaurants.

Beef Steak Strangers
2 lbs. round steak
3 medium-sized onions
1 Tbsp. salt
1 Tbsp. pepper
1 Tbsp. Worcestershire sauce
1 cup beer
1 Tbsp. flour
1 cup sour cream
small cans mushrooms
butter

Cut steak into 6-8 pieces one inch thick; brown in butter in heavy skillet. Add onions, salt and pepper. Cook 10 minutes. Add beer and Worcestershire sauce. Cover; cook slowly 1 1/2 hours till tender. Remove meat. Combine flour with enough water for a smooth paste; add to pan gravy. Stir till thickened. Add cream and mushrooms. Serve with whipped potatoes. And send for my free cookbook! Write "Minnesota Hostess," 333 WCCO Bldg., Minneapolis 55402.

IT'S A FACT: RECENTLY A PORTRAIT BY REMBRANDT WAS AUCTIONED AT \$2,340,000... A NEW WORLD RECORD FOR THE FEDERAL TAXES PAID BY THE U.S. BREWING INDUSTRY IN 1963. OVER \$870,000,000... COULD HAVE PURCHASED 390 SUCH REMBRANDTS. THE INDUSTRY ALSO PAID OVER \$500,000,000 IN STATE TAXES... A WHOPPING TOTAL OF OVER \$1.3 BILLION DOLLARS!!

Big-Foot Beauties

Eye Tina Louise

By EARL WILSON

NEW YORK — We columnists get some crazy mail . . . a mother writes plaintively that her teen-age daughter's worried about her big feet . . . and is it true that certain glamour girls have large feet . . . and would I please say so in the paper?

Yes, dear lady, it's true. It's chic to admit you're "over 9."

Jackie Kennedy steps chically, delicately into a size 10. Lauren Bacall into 9½. Candy Jones, the model-authoress, remembers that her feet expanded two sizes, from 8 to 10, when she entertained troops (probably from wearing combat boots).

Tina Louise of "Gilligan's Island," who's a big girl all over, wears size 10 on her left foot, and 10½ on her right.

With 20th Century-Fox riding high again, I asked Darryl Zanuck in that corner table at 21 how much stock he owns. "Not even 50 percent," he said. "However, my family has a lot."

"Eighty percent?" "No, 80, but that doesn't give me control. . . because I can't control my own family."

GLAMOUR GAL Samantha Eggar, who's expecting, flew off to London with her husband Tom Stern who said to me, "I will be the father of the only child that's gone around the

world before it was born. It will probably be born air sick."

Irving Berlin, who was 77 May 11, thanked co-producer Leland Hayward for birthday greetings and added, "It's good to be 77 again. I was much older during 'Mr. President.'"

Buddy Hackett's big benefit for the Ft. Lee (N.J.) Jewish Community Center — starring Sammy Davis, Phil Foster, Steve Lawrence and Eydie Gorme, Jan Murray and Wm. B. Williams — jammed Lincoln Center.

Buddy recalled the night Jack Warner visited his home, and Jan Murray pretended he thought the producer was an imposter. He flicked ashes on Warner's suit and said, "See? If you were REALLY Jack Warner, would I dare do that?"

TODAY'S BEST LAUGH: The owner of a midtown cafe complained about business: "Things have become so bad that I've stopped watching the bartender."

WISH I'D SAID THAT: At Sid Allen's they mentioned a tight-fisted Broadwayite: "It took him six months to discover he'd lost his Diners Club card."

REMEMBERED QUOTE: "Experience is the cheapest thing a person can buy — if he's smart enough to get it second-hand." — Pic Larmer.

EARL'S PEARLS: The entertaining DuPont show at the Fair mentions nylon: "A product that changed the lives of all of us — and the legs of half of us."

Jack Carter, TV-taping a show with Rosemary Clooney at the Rainbow Rm., pointed to a huge glittering chandelier and cracked: "See that Sophie Tucker's earring!" . . . That's earl, brother.

Mabel School

Concert Slated

MABEL, Minn. (Special) — The band and the home economics and industrial arts departments will be involved in Mabel High School's annual "pops concert" at 8 p.m. Tuesday in the auditorium.

The band will play while girls in the home economics classes will model apparel that they made during the last year. Projects constructed by industrial arts students will be on display in the hall and the agriculture room.

Melvin Ruehmann is the band director.

WHITEHALL PUPIL RATED

WHITEHALL, Wis. (Special) — A Whitehall High School senior is among Wisconsin's top 25 percent high school mathematics students as the result of a statewide contest. Ronald Anderson, son of Mr. and Mrs. Karl Anderson, Whitehall, was in the top 25 percent among the 22,000 students from 360 high schools participating in the preliminary test Feb. 11 and among the 1,100 students from 220 schools in the finals March 27.

Principal Named

At Cochrane-FC High School

COCHRANE-FC, Wis. — A new high school principal has been engaged for Cochrane-Fountain City High School succeeding Ralph Leahy, resigned, Supt. Richard D. Peterson announced.

Gavin M. Strand, now high school principal and athletic director at Edgerton, will assume the position after additional graduate work during the first session at the University of Minnesota summer school. He began graduate work last summer.

HIS WIFE, Constance, will be elementary art adviser.

Strand attended grade school at Whitehall; received his bachelor of arts degree — in business administration and bachelor of science in social studies at Winona State College, a n d his master of arts in administration - curriculum and supervision at Colorado State.

Mrs. Strand, graduate of Plainville High School, earned a bachelor of science with a double major in mathematics and art at Winona State and her master of arts in art at Colorado State. She was elementary art supervisor at St. Charles.

Strand was teacher and coach three years and two as assistant high school principal at Hayfield Consolidated High School and moved to Edgerton last year. Mrs. Strand was high school art and mathematics teacher at both places.

Both are members of the MEA and NEA. Strand has membership in the state and national associations of secondary school principals, National Council for Social Studies, and Pi Delta appa. Mrs. Strand is a member of the AAUW.

ENROLLMENT in a summer developmental remedial and enriching reading program for elementary students at Cochrane-Fountain City schools is 186 to date.

Six teachers have been engaged for the 11 classes that will run in double sessions from June 21 through July 30. Engaged so far for the Fountain City School are Mrs. Joyce Ganz, Mrs. Arda Guenzler and Mrs. Evangeline Baertsch, and for Cochrane, Mrs. Eileen Miller and Hilbert Schultz.

Mabel Cemetery

To Reorganize

MABEL, Minn. (Special) — George Froger, Harmony, advised the Mabel Cemetery Association at the American Legion Hall Monday night to reorganize under new by-laws.

Five new board members, James Nichols, Mrs. Julia Hagen, Olean Arndahl, Clarence Lee and Mrs. Vivan Hoyer were elected. A committee — C. M. White, D. A. Tollefson, Bruce Williams and Mrs. Fannie Shernburne — will meet with Froger to draw up new articles of incorporation similar to articles now used by other cemetery associations.

Following the meeting the board elected Mrs. Hagen, president; Arndahl, vice president; Nichols, secretary, and Mrs. Hoyer, treasurer.

INDEPENDENCE GIVES

INDEPENDENCE, Wis. (Special) — Independence people gave \$228.45 to the Cancer Crusade this year compared with \$170.10 last year, according to Mrs. Ernest Sobotta, chairman. She was assisted by 22 solicitors.

The Winner

One of the side attractions of the Flin Flon, Manitoba, trout festival which is held during the July 4th holidays each year, is the packing contest, popular with guides. The guide in the picture walked away with 600 pounds — the winner gets all the flour he can carry as the top prize.

The \$1,000 winning trout in 1964 weighed 40 pounds, three ounces. The trout contest runs from June 19 to sunset July 3. The celebration dates are July 1 through July 4, covering a Canadian holiday and our Fourth of July.

The event publicity man says "Flin Flon, on the Manitoba-Saskatchewan border, is only a fast 500-mile drive from the North Dakota border on Highway 10 which joins U.S. Highway 3." It would make a different Fourth of July trip.

Wisconsin Deer

A deer season similar to that of 1964 was recommended for the Mississippi River counties by the Wisconsin Conservation Congress to the Conservation Commission at its annual meeting in Madison this week. The recommendation was a two-day any deer, followed by a seven-day buck only season.

A statewide nine-day buck season from Nov. 20-28 with more liberal schedules in the eastern and southern agricultural and river counties was recommended.

Delegates from 61 counties voted for the proposed deer season with Adams County the lone dissenter. The congress also recommended the use of the variable quota in northern and central management units.

The congress, an advisory organization to the Wisconsin Conservation Department, approved the following exceptions to the basic nine-day season: A three-day, all deer season in the southern agricultural zone including Crawford, Grant and Dodge counties.

A three-day, all deer season followed by a six-day, buck season in Door, Kewaunee, Manitowoc, Calumet, Sheboygan, Ozaucsee, Washington, Fond du Lac counties and Winnebago County south of Highway 21. A nine-day, all deer season for Menominee County.

A limited, all deer season at Camp McCoy under a military permit until 660 deer are harvested.

The congress delegates

also favored a quota that would hold Wisconsin's deer herd at its present level, about 600,000.

Quality Bakers Inspect Machine At Federal Plant

Nineteen officials from bakeries throughout the United States and Canada were here Wednesday to inspect a sweet-goods-making operation at Federal Bakery.

The group came here Tuesday night after attending a two-day Quality Bakers of America meeting in Minneapolis. Its purpose was to inspect a specially designed machine which automatically makes sweet goods, including apple strudel, a product in which the visitors were especially interested.

"IT'S QUITE an honor for Federal Bakery," said Wendell Fish, the firm's manager.

Fish explained that the machine was ordered from a Duluth firm after he and Donald Hless, Federal's production manager, inspected several strudel-making operations on the West Coast.

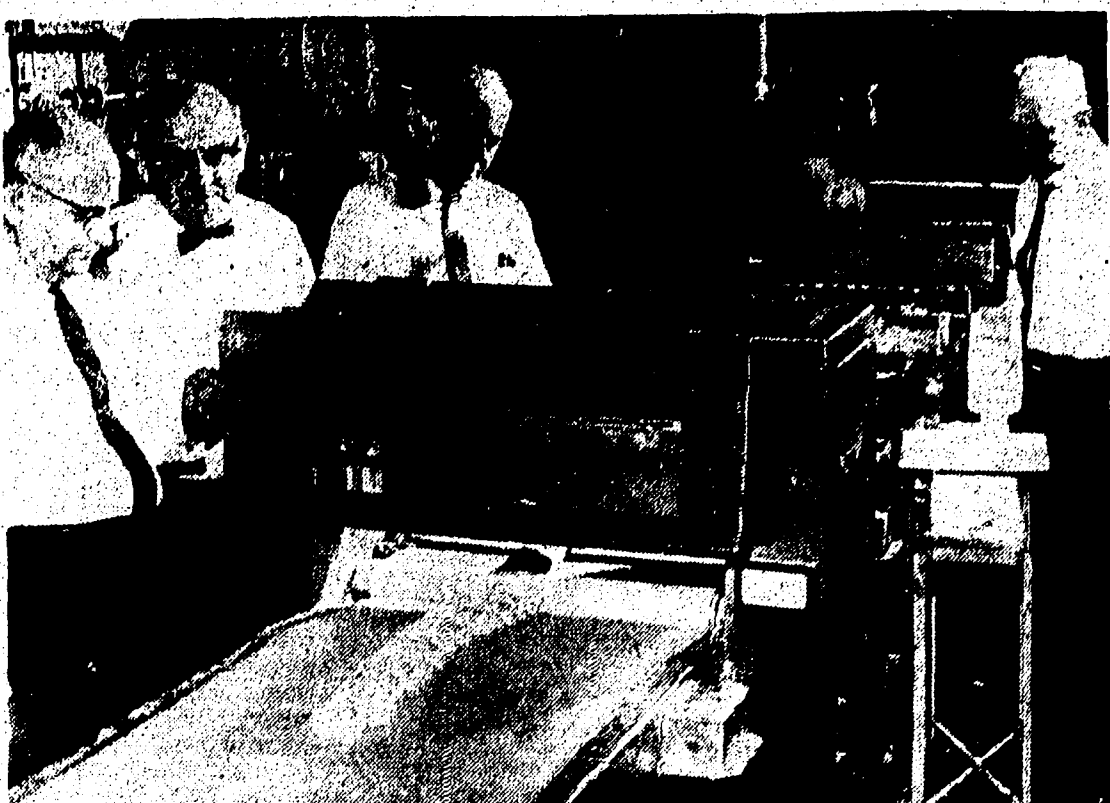

Hless helped the Duluth company, Moline, Inc., design the machine to Federal's specifications, Fish said.

The machine rolls out a continuous strip of dough, automatically drops filling on it, turns the strip into a long roll and cuts the roll into pan-sized pieces, ready for baking.

It has been in use here a little more than a year, Fish said.

PRESENT at Wednesday's meeting were:

Carlton Curuso, advertising manager, and W. R. Deaton, cake superintendent,

Meter Reading Post Changed At La Crescent

LA CRESCENT, Minn. (Special)—The La Crescent Village Council has voted to return the position of water meter reader to the maintenance department.

Nathan Randall was appointed as reader, with Harold Velsch in charge of operation as department superintendent.

A committee of Mayor William Mishler and councilmen Roger Ulrich and Martin Miller will study reports to be made by Randall and report to the council in September on the amount of Randall's salary to be charged to the water account.

The change was made at a meeting Monday held to read applications for part-time meter reader. There were no applicants.

The council discussed full-time police protection. The petition of E. L. Sheehan asking for it was re-read. Sheehan was present to estimate costs.

All council members favored full-time police protection but questioned financing. Mishler, pointing out the inability of the part-time system to do an adequate job, said several other communities in the county now having full-time protection also have revenue from municipal liquor stores, sale of electric power from utilities they own, or income from hospitals. La Crescent, with none such revenue, would have to draw from its general account, which now is at its peak income of 30 mills.

Clerk Robert Kies and Ulrich will obtain cost of starting full-time police protection. Mishler, Senn and Miller will obtain costs from nearby communities. The two committee will meet June 7 at 6 p.m. DST to coordinate their reports and present their findings at the regular council meeting at 5 p.m.

Meanwhile, the council will meet with its attorney to discuss financing.

General opinion of persons attending the meeting favored full-time protection.

Incumbents Renamed In Brownsville Voting

BROWNSVILLE, Wis. (Special)—Incumbents Harold Harer and Leo Boesan were re-elected to three-year terms as trustees of Independence District 201, Brownsville, Tuesday. They received all the 38 votes cast.

Clerk Robert Blair reported \$15,911 in the general fund, \$658, sinking fund, and a certificate of deposit for \$5,489, all in La Crescent State Bank.

Valley-wide Flood Control Program Urged

NEED OF A TRULY valley-wide flood control program in the Upper Mississippi River Valley was urged by James R. Smith, vice president of the Mississippi Valley Association, in recent testimony before the subcommittees on public works of the House and Senate committees on appropriations in Washington.

Having just gone through the most devastating flood in the history of our community, most everyone will be interested in Mr. Smith's testimony. Said he:

"As the Mississippi River flood crest rolled past St. Louis a few days ago there ended the most tragic month of flooding the Upper Mississippi Valley has ever suffered. Sixteen persons were dead, 40,000 were homeless at one time or another and property damage topped \$200 million. No one will ever be able to affix a dollar value on the human suffering. Nowhere on the American continent has there ever been a more graphic demonstration that the price of flood protection can never be as high as the price of property damage when a major flood strikes. The American people will pay for flood protection whether they get it or not. Much of the damage could have been prevented had the Upper Mississippi Valley had a truly valley-wide flood control program.

"THE DAMAGE OF the 1965 flood in the Upper Mississippi Valley must not be permitted to happen again. As the platform of the Mississippi Valley Association puts it, 'the catastrophic loss of life and property due to floods is an unnecessary drain upon the resources of this nation.' Congress should undertake immediately, an accelerated program of study to work out a real flood protection program for that region. Such piecemeal protection as already exists or is authorized by Congress is confined to levees and individual community protection projects. Completed projects helped reduce damages but not enough. For example, existing projects in Minnesota prevented \$17 million in damages and authorized projects not constructed would have saved another \$17 million. Comparable examples exist in Wisconsin, Iowa, Illinois and Missouri. But the region is a long way from having a comprehensive flood control program such as already exists in the Missouri and several other major river basins."

"Study plans on water resource control needs in the Upper Mississippi Valley must be vastly accelerated. A comprehensive 'framework' study of that region is presently under way but it will recommend no specific projects and will not even be completed until 1969 under present scheduling. While it will provide a long range analysis of the water needs of the area, it will not, of itself, do anything to prevent a repetition of the 1965 disaster. Another example of the time schedule under the present scheme of things is the study of the Minnesota River, commenced this fiscal year. It will take five years to complete. Only then will reservoir storage sites and other facilities, which would prevent a repetition of the 1965 disaster which struck that valley, be suggested. This is too long to wait. Without additional congressional attention, it will be the mid 1970s before a comprehensive flood protection program for the Upper Mississippi Valley can be devised and placed under construction."

"THEREFORE, THE Mississippi Valley Association strongly urges this committee to approve at least \$1 million to accelerate the investigations presently under way. While taking cognizance of other water resource needs of the region, primary emphasis should be on flood control. The study should not be a piecemeal listing of additional disconnected levee and floodwall projects. It should include such reservoir storage as can be logically built. It should include full consideration of the problems of cities on tributary streams as well as the ability of those tributaries to reduce flows on the main stem of the Mississippi. Such a study should determine whether the existence of a valley-wide flood control program would reduce the cost of local flood protection projects not yet constructed. It should include land treatment measures and small detention reservoirs as constructed by the U. S. Soil Conservation Service. While the figure of \$1 million is admittedly an estimate of the amount which could effectively be spent in fiscal 1966 by the Corps of Engineers and other responsible agencies, it would at least provide a start on the solution to one of the major flood protection problems facing this nation."

"It will be of interest to the committee to know that on June 23, 1965, the Mississippi Valley Association has called a conference in Burlington, Iowa. At that time, civic, governmental and business leaders from cities in the flood-torn Upper Mississippi Valley will meet to devise an action program to encourage a flood protection plan which will prevent a repetition of the devastating 1965 floods. It is expected that out of that meeting will come a strong request that the Congress take immediate action to accelerate a study of the flood control needs of the Upper Mississippi Valley so that construction can be initiated as rapidly as possible."

"WE CALL THIS MATTER to your attention now in hopes that by the time June 23 rolls around, you will be able to report to the citizens of this area that the first steps have been taken and that everything within the power of this great nation will be done to prevent a repetition of the 1965 Upper Mississippi River Valley floods."

It's spring, and the voice of the dove is heard in the land. Just in time, too: The hawks were beginning to get the upper hand in Washington.

He that saith he is in the light, and hateth his brother, is in darkness even until now.—1. John 2:9.

TODAY IN WORLD AFFAIRS

Crises Differ In Caribbean

By DAVID LAWRENCE

WASHINGTON — Comparisons of the manner in which three presidents — Eisenhower, Kennedy and Johnson — have handled situations in the Caribbean are being made nowadays. For instance, former Sen. Kenneth Keating of New York, Republican, said a few days ago:

"If we would have dealt with Cuba the way we are acting in the Dominican Republic, then the Cuban situation would never have gotten out of hand."

What John F. Kennedy might have done in the Dominican crisis is a matter of conjecture, but his brother, Sen. Robert Kennedy, said the other day that he felt President Johnson was wrong in not consulting the Organization of American States before sending Marines to the Dominican Republic. He admitted that the OAS had not been consulted by President Kennedy before the attempted invasion at the Bay of Pigs in 1961. Sen. Kennedy said that he doesn't think "we handled the Bay of Pigs very well," and that his brother had shared that view.

NOW FORMER President Eisenhower has expressed himself on both the Dominican Republic and Cuba. He told a news conference that he thinks President Johnson was "absolutely right" in what he did to protect American property and to allow a legitimate government to be organized in Santo Domingo. Mr. Eisenhower rejected the suggestion that he himself should have taken similar action when Castro came into power in Cuba, and pointed out that the situation then "was by no means similar."

The former President said that the Cuban Rebellion, which started about 1957, was applauded in this country and had the support of some of our greatest newspapers. He mentioned that a staff writer of one of these newspapers, who had visited Cuba at the time, "almost single-handedly made Castro a national hero." Mr. Eisenhower added:

"Also, the then Sen. John F. Kennedy said that Castro was following in the footsteps of Bolivar, the great liberator of South America. Castro was then talking in 1959 about free elections. It wasn't until December 1961 that that man confessed that he was a Marxist and always had been."

"I THINK the United States would have been called 'interventionist' and 'imperialist' of the worst degree if we had moved quickly in that situation."

Mr. Eisenhower argued that there is no analogy between the present situation and the revolt in Hungary in 1956. He declared that any action by the United States in Hungary would have meant that the United States would have had to send its military forces through other countries, for which it probably could not have gotten permission, and that the only effective military way would have been to "go directly to Russia with our bombs" — something that would have brought on a major war.

THE WASHINGTON MERRY-GO-ROUND

Scholarly Comsat Director Is Letting Johnson Down

By DREW PEARSON

WASHINGTON — Last year, President Johnson went to great pains to pick three highly qualified men to represent the public as directors of the Communications Satellite Corporation — George Meany of the AFL-CIO, representing labor; Dr. Clark Kerr, president of the University of California, representing the scholastic world; and Frederic G. Donner, chairman of General Motors, representing the business world. The President had been told that he couldn't get Donner to serve, and it took some of the famous Lyndon persuasion to get him. However, the GM chairman finally agreed.

Since then, the attendance record of the three directors picked by Johnson to represent the public has been interesting.

Donner has attended every meeting. Meany has attended almost all, having been absent while in Europe.

Clark Kerr of the University of California has attended no meetings.

IT WILL probably be denied, but gaudy, gray Speaker John McCormack of Massachusetts has made a secret deal with Mississippi congressmen to help them remain in Congress. Without his help they would probably be ousted.

McCormack's secret promise to the Mississippians is one of the strange paradoxes of Congress. Publicly McCormack is for an amendment to the voting rights bill banning poll taxes. Furthermore he comes from a city whose uncompromising abolitionists damned and blasted the South in such a way as to help precipitate the Civil War.

Yet, privately, the congressman from Boston has been working hand in glove with the Mississippi segregationists and has promised to save them from losing their seats.

John will probably admit his bosom and issue an indignant denial calling Drew Pearson a liar. After this is published, nevertheless, here are his very important backstage moves.

BACKSTAGE move No. 1 dates back to last January

when the issue of seating the Mississippi congressmen first arose.

The Constitution clearly states that if states' inhabitants over 21 are prohibited from voting "the basis of representation therein shall be reduced in the proportion" to the number prevented from voting. It was quite clear that last November most of Mississippi's Negroes were prevented from voting. Furthermore, the law of 1870, by which Mississippi was readmitted to the Union after the Civil War, requires that every citizen be given the right to vote.

When a group of northern congressmen moved to prevent the Mississippi congressmen from taking their seats as Congress convened Jan. 2, Speaker McCormack led the move to seat them.

"The speaker has asked me to introduce a motion to seat the Mississippi delegation," Rep. Carl Albert, D-Okla., told Rep. William Fitz Ryan, D-N.Y., "and as majority leader I am going to do it."

BACKSTAGE move No. 2 came after the Democratic caucus stripped Rep. John Bell Williams, Miss., and Rep. Albert Watson, S.C., of their seniority as Demo-

crats because they had voted for Goldwater. Despite this official vote by the Democratic party, McCormack, a leading Democrat, gave Williams full seniority in assigning office space. As a result, the congressman from Mississippi got one of the choicest offices in the deluxe Sam Rayburn building.

Backstage move No. 3 is McCormack's recent secret promise to help prevent the unseating of the Mississippi congressmen.

This came about after hundreds of affidavits were collected in Mississippi attesting under oath that Negroes were disenfranchised last year. Though this was known in the past, no one ever took the trouble to produce sworn affidavits proving the disenfranchisement. Furthermore, Congress for the first time since New Deal days is dominated by northern liberals.

IN ADDITION, some southerners, such as the respected Phil Landrum, D-Ga., once the darling of the conservatives, are moving over to the liberal side. Finally, the Democratic study group has developed an effective, vote-rallying whip system which has surprised and often overwhelmed the conservatives.

Operation Suggested For Boy, 16

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: My 16-year-old son has a hernia which annoys and hinders him in sports. He wants to be operated on, thinking he would then be able to run and exercise more strenuously.

I imagine that he would be cautioned to exercise only within reason, and therefore I prefer a truss to surgery. He rarely will use his truss. Who is right? —MRS. F. S.

I think he is, for these reasons:

First, at his age, excellent healing and scar formation takes place, and he should expect complete relief.

Naturally he would be restricted for a few months in vigorous sports, but eventually he will be able to participate in any way he wishes.

Second, let's take the longer view (not just the question of school sports). A hernia, or rupture, does not tend to get better as time passes. It can only get worse. This boy of yours, evidently a healthy lad otherwise, surely isn't going to go through life with a hernia. Better to have it repaired now and be done with the problem.

FURTHER, EVEN the small as well as the larger hernias can incarcerate (that is, a portion of the bowel is forced through and becomes trapped) and this means an immediate, emergency operation.

Trusses have their place in controlling hernias — a temporary protection besides making the patient more comfortable — but they do nothing to repair the condition. They may, therefore, be a stopgap if an operation is being postponed for a time. In the case of older people who, for one reason or another, may not be good candidates for surgery, again a truss has its uses.

But for a young fellow of 16, depending on a truss is merely a matter of putting off what can best be done now.

Dear Dr. Molner: Is there any danger in too much Vitamin A? I am taking a capsule of 50,000 units a day. —MISS J. W.

Vitamin A is not eliminated as rapidly as some others. Hence it is stored in the body.

I certainly don't want you to be afraid of such a useful vitamin, but the answer is yes, it can be harmful if taken too long in excessive quantities.

The maximum daily dose is 50,000 units, which you are taking. This should be continued only under your doctor's supervision. (I presume that he prescribed this dose for a particular purpose, and you are not taking any such amount of your own accord.)

Individuals vary in their ability to handle large doses of Vitamin A over long periods. Symptoms from overdose may take some time to develop. These are weakness, loss of appetite, possibly some fever, changes in the hair, bone tenderness, and enlargement of liver.

The symptoms subside when the overdose is reduced or stopped.

I decidedly do not imply that Vitamin A in reasonable amounts is dangerous. It isn't. And it is often very useful in large amounts short of the dangerous level. Since it builds up gradually, one must keep in mind that the length of time over which large amounts are taken is an important factor.

Dear Sir: Is there such a thing as hereditary nerve deafness? What are the symptoms and cause? —E.J.

Yes. It means that you have inherited some sort of defect or fault in the auditory nerves—you don't hear as acutely as you otherwise would.

Whitewater Sportsman's Club Sets Record Straight To the Editor:

We, the members of the Whitewater Valley Sportsman's Club of Elba, Minn., would like to register a hearty complaint and set the record straight on a few unfounded statements concerning fishing for trout in the Whitewater area.

We would like to emphasize: No. 1. Russell Hanson, supervisor of this district and superintendent of the state hatchery at Lanesboro, said and we quote from the Winona Sunday News of April 25, 1965, "The number of fish carried over in the streams is very low. All fall plantings are gone—killed or taken to the big river when the spring flood came early carrying the ice of most of the small tributaries including trout streams."

Fact — After contacting numerous veteran and novice trout fishermen in the Whitewater area, we find that this year has been among the best years for survival of fall planted brown trout.

Conclusion — Mr. Hanson neglected to make a thorough survey of the fishing situation and the results have been discouraging to avoid trout fishermen and also hurts his chances for better fishing in the future through fall planting. It would appear that Mr. Hanson has gone out of his way to discourage fall planting.

No. 2. Mr. Hanson said in the Minneapolis Tribune of Sunday, April 18, 1965, that "I looked over six streams yesterday and the larger part of our fall-stocked trout have disappeared. Some of the trout which have gone down into larger rivers may return but many are gone for good."

Fact — Dick Gjerding, a veteran trout fisherman of the Whitewater River, spent one full day looking and checking less than half of the North Branch of the Whitewater River. On the opening day, this same fisherman caught his limit of which eight were fall planted browns and two were spring plants.

Conclusion — It appears that Mr. Hanson checked his six streams with the aid of airplanes, helicopters or just misleading guesswork.

No. 3. Again we quote Mr. Hanson from the Winona Sunday News of April 4, 1965, when he said, "I would say that only 20 percent of the trout that were in the creeks last fall remain today."

Fact — There were more fall planted trout caught this year throughout the Whitewater River than in previous years. This statement can be verified by local bait dealers and weigh-in contests.

Conclusion — Again in the opinion of the Whitewater Valley Sportsman's Club of Elba, it looks like Mr. Hanson is using generalizations and guesswork to discourage the fall planting of trout. This fall planted trout which Mr. Hanson is trying to discourage is lost mainly by the flood of fishermen in their creeks rather than the floods of nature!

Galesville Trust Distributes Money To Organizations

GALESVILLE, Wis. (Special) —Money was allocated to various organizations at the meeting of the John F. Cance Memorial Trust Fund directors Monday.

The Sportsmen's Club was allocated \$250 for culvert tubing from the second trout rearing pond at Arctic Springs Park on the edge of the golf course. This will eliminate a stagnant pool; the area can be grassed.

Another \$300 will promote youth curling. The adult Curling Club will get funds for roof repair. The bridges on the golf course will be repaired. Scholarships will be provided for high school students. The school library will receive money for periodicals, and money for books will be given both school and public libraries.

A fund was set aside to purchase fireworks for the annual 4th of July display. The sum of \$200 will help the Garden of Eden Club bridge project across Beaver Creek to High Cliff Park. The bridge will be turned over to the city on completion.

Part of the salary of the employee who will help the Trempealeau County Historical Society

Y Boys Secretary Says Program Reaches Many

The Winona YMCA program reaches about a third of the boys in the city, Larry Schiller, boys secretary of the local Y, told the Rotary Club at Hotel Winona Wednesday noon. There are 1,600 local members.

Programs for boys go down to the 6-year-old level. A senior citizen program may be established.

Rotary sponsors a part of the summer camping program.

ty with cataloging artifacts will be paid from the fund. The federal government also will pay part of the salary.

Miss Sherri Spittler, daughter of Mr. and Mrs. Jay Spittler, will be paid to conduct a youth recreation program for children from kindergarten to the age participating in the city program. Miss Spittler will graduate from Gustavus Adolphus College next year, where she is majoring in physical education.

Filling the urns around town with flowers will be completed prior to Memorial Day in memory of the banker who left a bequest to the city.

Trust directors are Ralph Myhre, chairman; Clark Nixon of La Crosse, Miss Evelyn Larson, Donald Haug and the Rev. Robert M. C. Ward.

Winonan Heads Tyrian Council

Maurice A. Miller, 890 40th Ave. Goodview, was elected illustrious master of Tyrian Council 4, Royal and Select Masters, at the annual meeting of the Masonic body at Red Wing Monday night.

Louis Nordby, Red Wing, was elected deputy master, and William Cole, Winona, principal conductor of the work. William Dick, Red Wing, was named treasurer and Carl Stromme, Red Wing, remained as secretary.

The organization has its head-

quarters in Red Wing and holds conclaves alternately at Red Wing, Winona and Rochester.

Previous masters from Winona were A. Grant Burleigh, Arthur McDonald and Dr. William E. Green.

Mabel Telephone Cable Work Beginning Soon

MABEL, Minn. (Special) — A telephone cable pre-construction conference was held Wednesday at Mabel Village Council rooms. John Packer, owner of the Midwest Utility Construction Co., Prior Lake, met with rep-

resentatives of REA, Peterson Engineering Co. and Mabel Co-op Telephone Co. Midwest has the contract for outside plant work. Deliveries of cable are expected soon. Installation of telephone sets and protectors has been sublet by the Midwest Utility to the Irvin Rhinehart Co., Tama, Iowa.

Telephone instruments will be delivered about mid-June and installation will begin. The central office dial equipment is expected to arrive in late June or the first of July for both the Mabel and Burr Oak exchanges.

Construction has begun on the exchange building at Burr Oak. Paving in of the 300 some miles of underground cable should begin not later than July 1. The Mabel exchange building is near-

SBA Business Loans Range Up to \$20,000

The Small Business Administration is almost ready to close its branch office here, Harold Lerum, SBA representative from Minneapolis, said Wednesday.

Organized to help Winona businessmen and homeowners apply for flood rehabilitation loans, the SBA office was situated in the Winona Chamber of Commerce building, 163 Johnson St.

THE OFFICE here is "past the stage" of interviewing new loan applicants, Lerum said. Most activity here lately has been processing completed application forms that are returned by persons who were interviewed earlier.

For "the next couple of weeks," he said, the office here will be open on Wednesdays only. Anyone wishing to see him on a Wednesday, Lerum said, may make an appointment with Mrs. Henry Marsh, chamber office secretary, or by writing the SBA office in Minneapolis.

Another activity on Wednesdays will be the inspection of property involved in loan applications, Lerum said.

Fifteen loan applications were received from Winona and the area, Lerum said. About half came from homeowners, and

the other half were for repair of damage to business places, he explained.

LOANS TO homeowners went as high as \$12,000, Lerum said, and those to businessmen ranged between \$2,000 and about \$20,000.

No totals or exact figures will be available until all loan applications have been completely processed, he pointed out.

Loans handled through the SBA's temporary office in WABASHA totaled about \$50,000, he said. There were 11 or 12 applicants there.

The SBA operation in Wabasha has now ended, Lerum said.

Social Agencies Council to Meet

The Winona Council of Social Agencies will elect officers and directors at 7:30 p.m. Tuesday at the YMCA.

Theme of the program will be "Homemakers' Service," and the speaker will be Mrs. Mary Pettie, homemaker consultant for the Minnesota Department of Public Welfare.

A discussion and social hour will follow the business meeting and program.

Wisconsin Couple Killed in Ohio

TOLEDO, Ohio (AP)—A former long-time chairman of the speech department at the University of Wisconsin and his wife died Wednesday when their car struck the abutment of an overpass on the Ohio Turnpike near Toledo.

Highway patrolmen said the victims, Andrew T. Weaver, 74, and his wife, Cornelia, 72, both of Madison, Wis., were en route to visit their son, a vice president of Ohio State University.

Patrolmen said they did not know what caused the car to leave the turnpike. The accident happened five miles west of the Maumee exchange.

Dr. Weaver, a native of Waukesha, Wis., had attended Carroll College where he roomed with actor Alfred Lunt. They became life-long friends.

Survivors, in addition to the son, John C., include two grandsons, Andrew and Thomas.

Car Wash Slated

Sigma Tau Gamma fraternity will hold a car wash Saturday at Winona State College. It will be on Washington Street between King and Sanborn from 8 a.m. to 5 p.m. Free pickup and delivery will be provided, according to fraternity spokesman Jerry Wilharm, Waterloo, Iowa.

Three Arrested In State-City Safety Check

A safety check on 135 vehicles Wednesday night in Winona turned up 111 defective vehicles and resulted in three arrests, Police Chief James W. McCabe reported today.

The check was run cooperatively between the Minnesota Highway Patrol and Winona police.

ALL CARS driving on 5th Street between Main and Johnson streets Wednesday between 8:30 and 11 p.m. were stopped, Highway Patrolman Al Heister said today.

Of the 135 vehicles stopped, 111 had defects ranging from faulty brakes to non-working headlights. Three arrests were made on charges of driving with faulty equipment, driving with an expired driver's license and minor with beer in possession.

Paul L. Johnson, 21, 452 Main St., appeared today in municipal court to plead guilty to the charge of driving with unsafe equipment. He was arrested at 8:33 p.m.

Judge John D. McGill fined Johnson \$15 with the alternative of five days in jail. Johnson paid the fine. The youth explained to Judge McGill that he drives a 1929 Ford Model A.

HERE ARE the defects detected with number of defects in parentheses: Illegal brakes (11), license obscured or unlit (29), no windshield wiper (1), no horn (2), exhaust not muffled (5), rear lamp out (7).

Head lamp out (11), insufficient light (1), lamps out of adjustment (97), vision obscured (5), directional signals (6), signals not working (6) and stop lamps (15).

The total defects (195) represent more than one defect on some of the 111 cars found defective.

Ten patrolmen of the Highway Patrol and city police department participated in the check.

Mrs. Voss has put a notice of reward on the high school bulletin, she said today. She said that she could not estimate the money value of the diamond ring, which had belonged to her mother.

The class ring worn by Miss Voss belonged to Mrs. Voss and has the initials S.H.S. on it.

A student in the art class following the one attended by Miss Voss reported that he had seen the two rings on the sink as late as 2:30 p.m.

CHIEF McCabe also reported the theft of a transistor radio from the car of Wes Whetstone while it was parked in front of his home at 49½ Chalfield St. Tuesday night.

The radio, in a black-leather case, is valued at \$15.

Diamond Ring Stolen at WHS

A diamond ring with "sentimental value" was reported lost at Winona Senior High School, Police Chief James W. McCabe said today.

The ring, along with a class ring, was lost Monday afternoon; but police were not notified until Tuesday.

MRS. FLOYD VOSS, Glen Mary, told police that her daughter, Barbara, 16, a sophomore at Senior High, had taken the rings off to wash her hands after working in clay at an art class.

She forgot to put the rings back on as she hurried to her next class at about 1:30 p.m.; when she returned to the art room about 2:30 p.m., the rings were missing from the sink where she had put them down.

West Point Upheld In Dismissal Case
WASHINGTON (AP) — The U.S. Court of Appeals ruled today that the U.S. Military Academy acted properly in dismissing a cadet for a violation of the honor code. The dismissal was less than a month before graduation.

The court upheld the district court action in refusing to require that former Cadet John H. Dunmar of Anaheim, Calif., be granted his degree and commission in the Army.

Dunmar had been found guilty by the academy of deceiving an officer and other cadets in order to get credit for serving confinement in his quarters in February 1964.

The victims were Edmund B. Kotlarz, 36, Arcadia, employed at construction in the Hayward area by General Telephone Co. of Wisconsin, and Margaret Mike, 35, Hayward.

"SHE HAD AN unlit cigarette in her left hand," said Dr. Harold Kidd, Sawyer County coroner. "He looked as if he was just getting out the cigarette lighter. I don't know what happened."

Dr. Kidd, who released the names and fixed cause of death, said authorities were checking the possibility of a faulty muffler.

Dr. Kidd said papers found on the body of Kotlarz listed both Downing and Arcadia addresses.

Blair MNC Club Honors Golden Agers at Party

BLAIR, Wis. (Special) — Special entertainment, favors and refreshments highlighted the Blair Music, Needlecraft and Culture Club's Golden Age party Friday in Zion Lutheran Church.

For the 39th consecutive year, the club ended its season with a special party for Blair women who have reached the age of 70 and over.

MRS. DONALD Stanford, president, welcomed the group. Mrs. Donald Erickson introduced the program which was in charge of Mrs. Philip Thome, elementary music supervisor or in the Blair school.

Pupils in the sixth grade sang three songs and fifth grade pupils presented a Stephen Foster play. Mrs. Jacobson gave several readings.

Each of the 31 guests was presented with a spring favor. Mrs. Alfred Pederson spoke in behalf of the guests. The oldest guests were Mrs. Emma Roseth, who will observe her 92nd birthday in July, and Miss Daisy Immell, 90.

A BUSINESS meeting followed. Plans were made to have potted plants placed in the brackets on the light standards in the business district.

The club has donated \$15 to the Blair Public Library; \$10 to the Girl Scout drive; \$25 to Tri-County Memorial Hospital, Whitehall; \$5 to the Federated Nurses' Scholarship fund; \$50 to a permanent scholarship fund, and a \$50 scholarship to Marie Engbretson, graduating senior. She was chosen by several faculty and MNC Club members.

Supt. Lily Reich Receives Soil Conservation Citation

INDEPENDENCE, Wis. (Special) — A citation for distinguished achievement in the field of soil conservation has been presented to Mrs. Lily Reich, Trempealeau County superintendent of schools.

She was one of six women honored today at the morning session of the 68th annual convention of the Wisconsin Federation of Women's Clubs in Eau Claire, Wis.

MRS. REICH was selected by an award committee consisting of representatives from the J. S. Forest Service, the Wisconsin Conservation Department, the University of Wisconsin College of Agriculture, the University Extension Division and Trees for Tomorrow, Inc.

These awards were initiated by WFWC in 1958 as a means of inspiring Wisconsin women to recognize the need for continued effort in the wise use of natural resources.

The award given to Mrs. Reich, the nominee of Mrs. Eileen M. Layton, Galesville, Wis., grew out of her activities in soil conservation during the past 25 years. She has set up the conservation curriculum and planned conservation tours for her school and has cooperated with state and county special resource agents to teach conservation.

Mrs. Reich is a member of the Wisconsin Council for Conservation Education. She organized the first conservation round table for the Northwest Teachers' Association in 1963-1964 and served as a member of the team which evaluated the Bruce School conservation program, a pilot project for the entire state.

She received the Goodyear Award for accomplishments in soil and water conservation in 1964 and has served as secretary to the county's soil and water conservation committee for the past five years.

SO HELP Me by Fran

GRADUATION — that wonderful time in one's life! Whether it is from High School or College, it is an experience one never forgets — Why not help your friend or relative to enjoy it more by remembering them with some little gift — if it is a boy or a girl, we at BROWN DRUG can give you some suggestions for gifts that are always just a bit different — and remember we will gift wrap free for you.

We now have the type dark glasses in the store that you have been asking for — yes, those big round and I do mean round and big! — and with the dark frames — just as you see in Glamour and Vogue — When the new Vogue comes on the rack this week, be sure to see the full color page showing the new Sea and Ski glasses — the goggle type — the see through part is polarized — provides a ribbon of vision — the lens runs from ear to ear — people outside can't see you — you can see them — When the sun goes down, push the goggles up for a headband — dark lens with frames of pink, orchid, gold, blue or black.

It's the season for the Bon Voyage gift — the gift now must be one for the person who has to be very careful of the amount and weight of luggage — no company has as many and as fine gift suggestions for the traveler as the CELEBRITY company — at Brown's you will find a travel section with gifts from one dollar — travel cases, envelopes of detergent for laundering — envelopes of something called "MR. SHINE," wonderful little towellettes saturated with a solution for shining any color of shoe — More foil envelopes of spot remover, and they really work — Still another envelope of cleansing towellettes for the face and hands — They come holding a folding toothbrush, small tube of toothpaste, and a plastic bottle for mouth wash — Small folding sewing kit with needles, thread, thimble and even a small pair of scissors — Cold cream in a small tube — Folding shower cap in tiny plastic case — Small plastic hangers — Extra plastic bottles of four sizes — Small plastic jars and many, many other suggestions.

One more reminder for the Bonne Bell Ten-O-Six Lotion Special — just the month of May — the five dollar bottle for three plastic-five plus the gallon special with the new pump dispenser — just a call to 4932 will hold one for you. For the finest in Cosmetics visit BROWN DRUG.

Briesath Attends Meeting With Congressmen

Attending a conference today in St. Paul for visiting congressmen and mayors of flooded cities was City Council President Harold Briesath.

Briesath substituted for Mayor R. K. Ellings, who was in Battle Creek, Mich. Mayor Ellings delivered the city's application for federal disaster funds to the Battle Creek regional Office of Emergency Planning headquarters. As soon as the regional office approves the application, the mayor will deliver it to the OEP in Washington, D.C.

Leading the delegation of U.S. representatives was Cong. John Blatnik, D-Minn. Other federal officials at the conference were: Gen. Roy T. Dodge, north central division engineer, Army Corps of Engineers, Lt. Col. Leslie Harding, St. Paul district engineer, and representatives of the Bureau of Public Roads, Small Business Administration, Department of Agriculture, Department of the Interior and OEP.

Brems Opening Souvenir Shop

Minnesota-crafted articles are featured at a Goodview gift and souvenir shop which will hold its grand opening Friday through Sunday.

Owned and operated by Mr. and Mrs. Glen O. Brems, the We-No-Nah Souvenir Shop is located at 34th Avenue and Highway 61, near the Goodview water tower. Guests at the shop Saturday will include the Winona Steamboat queen, Miss Helen Stoa, a representative of the state department of business development, and Miss Red Wing.

Brems said the Indian novelties are genuine and are made in the state. The shop has exclusive dealerships for the Minnetonka Moccasin Co., and for Nemadji Pottery, a line of hand-crafted Indian pieces.

Also featured will be a local product, agate jewelry, produced by Mill's Rock Shop, 1831 W. 5th St.

Other exclusives include a line of Black Hills copper jewelry and a new variety of hand-crafted aluminum ware.

Brems also has moved his sign and display business to the new location. It was formerly at Junction and Broadway.

The new shop will be open Sundays from 1 to 8 p.m. and other days from 8 a.m. to 8 p.m.

Burglar Takes Coins From Machines in La Crescent Station

LA CRESCENT, Minn. — A burglary of Mattie's Service Station at La Crescent sometime Tuesday night is being investigated by Sheriff Byron Whitehouse.

The break-in was discovered Wednesday morning. About \$2.50 was missing from the pop machine, \$10 from the cigarette machine, 50 pennies from the cash register, and one tire. Entry was made by breaking a window on the east side of the station, the sheriff said.

ROCHESTER

(Continued From Page 1)

trial commissioners have an equal vote in county proceedings, despite the fact that the 2nd District contains more than three times as many people as the 5th.

Today's 16-page decision calls for a redistricting plan based on nearly equal population and is to be drawn "without regard" to the state law limiting cities of the second, third and fourth class to representation in only two districts. (Rochester is a city of the second class.)

JUDGE OLSON said the state law violates the equal protection clause of the 14th Amendment to the U.S. Constitution, as well as the Minnesota State Constitution, because it relegates citizens of the second, third and fourth class cities into unjust-

ly inferior status without rational or legal basis." But in handing down his ruling, Judge Olson advised rural residents not to view the decision "through the urban-rural conflict spectacles."

Rural loss of legislative power, he said, would be limited to that illegally granted, while the "one man, one vote" concept assures rural residents of future protection against possible encroachment of their legislative power by city residents.

The decision is the first in Minnesota and only about the fourth in the nation upholding the "one man, one vote" theory at the county level. Other cases of this type were upheld by higher courts in Michigan, Wisconsin and Maryland.

EXCEPT FOR token redistricting in 1960 and 1963 Olm-

sted County's commissioner districts have not been redrawn since 1933. The change that year also involved a State Supreme Court decision.

Litigants in the current action suit were the three Rochester residents, who filed suit: Dr. David G. Hanlon, a member of City Council, and Rex Gregor and William H. Coats. They were represented by O'Brien, Ehrick and Wolf of Rochester. R. V. Ehrick, who is also Rochester city attorney, tried the case.

Named as defendants were the county commissioners, the county and the county auditor. The three rural commissioners, who contested the suit, were represented by Wabasha attorney Daniel F. Foley.

The case, involving occasional verbal clashes between Foley

and Ehrick, was delayed for a year while Foley served as commander of the American Legion.

FOLEY WAS out of town today and unavailable for comment, although he had earlier said he would appeal the decision if it called for redistricting.

Ehrick called today's decision in line with recent U.S. Supreme Court cases where the "one man, one vote" rule was instituted, and said it is "correct not only from the legal and constitutional standpoint, but from the moral and equitable view as well."

Rochester Mayor Alex P. Smekta said the decision will give Rochester the "representation we feel we're entitled to." He added that "we think a great deal of our rural representation," but that the decision is a matter of law.

Rural commissioners were not immediately available for comment. The decision to formally

appeal rests with the County Board, which is not scheduled to meet until next Tuesday.

FOLEY HAD argued that when last November's elections went off unchallenged in the face of the board's 1963 redistricting, some three months after the suit was filed, the matter became a dead issue. He also argued that the State Supreme Court, in ruling on a redistricting suit in Olmsted County in 1933, upheld the state law limiting cities of the second

class to representation in only two districts.

This was well before the U.S. Supreme Court's recent string of reapportionment rulings, however. In his decision, Judge Olson noted that the court has ruled that the equal protection clause of the 14th Amendment to the U.S. Constitution applies to state citizens.

IT WOULD BE a "strange anomaly," said Judge Olson, if the citizen's right to representation in electing state legislators

did not extend to electing county commissioners, since the county is a creation of the state.

In calling for five commissioner districts of nearly equal population, it would mean districts of about 13,000 persons each, based on 1960 population figures. A special mid-decade census earlier this year, however, boosted Rochester's population by about 7,000 persons over 1960, or the equivalent of another half a commissioner district.

DEAR ABBY:

Society Owes Us Nothing

By ABIGAIL VAN BUREN

DEAR ABBY: Something is wrong with the laws in our town. My 18-year-old boy was picked up again for "loitering." He and some friends of his were just standing on a street corner minding their own business when this cop came along and started asking them a lot of questions. Since when is it against the law for a person to stand on a street corner?

The reason those kids were standing around doing nothing is because there isn't anything for the kids to do in this town. Don't you think society is committing a crime against our children instead of our children committing a crime against society? Doesn't society owe its young people anything?

TAXPAYER

DEAR TAXPAYER: "Society" owes us nothing. But we owe society our cooperation, energy, talent and time. Too many parents expect "society" to provide their children with "something to do." Moral lessons are learned at home. Give your child a healthy, happy, busy home life, introduce him to church at an early age, and you won't have to worry about what he's doing when he has nothing to do.

DEAR ABBY: Would you please give me your definition of a "house guest"? A relative of mine has a 24-year-old fellow staying at her home. She introduces him as her "house guest." This relative is crowding 50 and is living it up on the insurance money left to her by her late 76-year-old husband. Since his death two years ago, she has been taking one cruise after another, collecting these young characters. Anyone with half an eye can see that this young man is taking her for all he can get. But she is so flattered that a young man would pay any attention to her she doesn't even notice. It is disgusting! How can we stop her from making a fool of herself and disgracing the family name? We are a very proud six-generation American family.

DISGRACED RELATIVES

DEAR DISGRACED: A house guest is simply a guest in one's home. There is no age limit, nor is there a time limit. Your relative doesn't need the approval of her family to keep a house guest. And don't worry about her "disgracing" the family name. One disgraces only oneself.

DEAR ABBY: Please write something on jealousy some time. My husbands sets little stones on the back door when he leaves to see if it has been opened. If a man passes our house he pushes me toward the door and says, "Why don't you go to him? He's looking for you." If I lift my hand to my hair in the evening, he says I am signaling the man next door. He is always seeing "tracks" or someone running from house to house. This is all in his imagination. I stay behind four walls trying to keep peace. I don't even speak to the neighbors. But it doesn't help. He keeps accusing me and imagining things. He reads your column, Abby, and he believes what you say. Maybe he'll listen to you. PRISONER

DEAR PRISONER: Your husband is a sick man. You must do everything in your power to help him. Living with a disturbed person can destroy your health, too. I urge you to see your doctor and tell him everything.

CONFIDENTIAL TO "IN A QUANDARY": I see no future for you and "S." The reason being that you won't accept him when he's drunk, and he won't ask you when he's sober.

Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Probation Given In Arson Case

A Winona man was given probation in District Court after his guilty plea to an arson charge, it has been learned.

Judge Arnold Hatfield granted a stay of execution of the three-year penitentiary term imposed on Leonard J. Rich, 51, formerly of 254 1/2 E. 4th St., last Feb. 5.

RICH, then an employee of Swift & Co., was also granted permission by the court to move to Iowa when the Swift plant here closed Feb. 17.

Terms of Rich's probation obligated him to drink no alcoholic beverage of any kind, to frequent no bar or tavern and never to be in the company of young girls alone.

The last obligation was imposed by Judge Hatfield because of two instances when Rich, under emotional stress, slapped young girls.

In addition, Rich had told Judge Hatfield when he pleaded guilty Jan. 14 that he has long had a drinking problem. He had been drinking the night he set a fire at the rear of the house whose upper floor he rented from Mrs. Bertha Denzer, Rich admitted.

Judy Garland Gets Divorce

SANTA MONICA, Calif. (AP) — It took only four minutes of testimony by Judy Garland, plus that of supporting witnesses, to win the singer a divorce from producer Sid Luft.

The decree ended a 13-year marriage marked by legal battles and numerous separations. "He struck me many times. He did a lot of drinking," Miss Garland, 42, told Superior Court Judge Edward R. Brand Wednesday.

caused \$200 damage to the back wall of the house. The building's value was estimated at about \$5,000.

Judge Hatfield told Rich that his three-year sentence would be running while he is on probation. He warned the defendant that any violation of the terms of probation would land him in Stillwater prison where he would have no opportunity to choose or not choose to take a drink.

Assistant County Attorney Richard H. Darby represented the state in the Rich case; Attorney Roger P. Brosnahan represented Rich.

Disposition of the case was made last February, but knowledge of it came to light only this week.

Hokah Man, 21, Asks Hearing

CALEDONIA, Minn. — A 21-year-old Hokah man, Everett Allen Johnson, asked for a preliminary hearing when he was charged with aggravated robbery and auto theft before Justice R. W. Klinski here Wednesday.

The hearing was scheduled for next Wednesday before Klinski. Bond was fixed at \$10,000. Unable to furnish it, Johnson was returned to the Houston County jail where he has been confined since last Thursday morning.

He was represented by William Von Arx, Caledonia.

Johnson allegedly stole money from Oscar Winter, 65, La Crosse, after choking him. Win-

College GOP Club Asks 'Firm' Stand Against Communism

Support for a "firm stand against communism in Viet Nam" has been expressed in a resolution passed by the Young Republican Association of the College of Saint Teresa and St. Mary's College.

Association officers said a copy of their resolution has been sent to 1st District Cong. Albert Quie. They said such a policy "is the only means to secure a lasting peace in the Far East."

Stephen Nekola, St. Mary's, is chairman and Miss Marlene Pinzka, Saint Teresa, is chairwoman of the association.

Spencer Fires 1-Hitter, Finds Economy Pays Big Dividends

Cotter Thrashes Loretto 10-1 to Gain Regional Playoff

—RAMBLERS—

Styba Fires Two Hitter, Nett Unloads

By DAVE HARRIS
Daily News Sports Writer

A top-sided 10-1 thrashing of Caledonia Loretto Thursday at Gabrych Park boosted Winona Cotter one step closer to the Catholic state baseball tourney.

With the victory, gained behind the two-hit pitching of Steve Styba, Cotter earned the Region Six championship and the right to face the Region Five champion.

COTTER COACH Jim Mullen said the next game might be Friday, Monday or Tuesday. The opponent will be Austin Paccelli, Faribault Bethlehem Academy or Owatonna Marian.

A game at La Crosse Aquinas tentatively re-scheduled for Friday after an earlier postponement was canceled.

Winner of the Region Five and Region Six clash goes to the state tourney next week.

If Cotter can get past the Region Five champ and reach the state tourney, Mullen has two good pitchers, he said.

"Tom Angst pitched very well yesterday," Mullen said of the redheaded three-hit victory against Aquinas Tuesday, "surprisingly well for a sophomore."

STYBA, WHO pitched six no-hit innings against Rollingstone Saturday, yielded only two singles to Loretto, both in the sixth inning.

Caledonia shortstop Joe Gaspard barely beat out a grounder to shortstop Mike Banicki to ruin Styba's no-hitter. Mike Mulvenna then singled sharply between third baseman Mike Hoeppner and the foul line.

A strike-out and a walk filled the bases and set the stage for what could almost have been a triple play.

Loretto's Jim Klug smashed a hard liner to Hoeppner, who juggled the ball briefly before beating Gaspard back to third for the unassisted double-play.

Hoeppner then fired to second baseman Steve Loshek in a try to pick off Mulvenna — unnecessarily. The ball went into right field. Mulvenna was nearly to third already and first base runner John Ernster was almost at second. Mulvenna and Ernster could have been caught off the base for a triple or quadruple play.

The visitors got their lone run off a walk to Tom Roerkohl, a wild pitch and Gaspard's ground-out in the third.

COTTER'S HEAVY batting attack pleased Mullen. John Nett Jr. pounded a three-run homer in the second, a run-scoring double and a single in four at-bats, driving in four runs. Catcher Bob Allaire smashed two doubles and drove in three runs. Chuck Kulas went 2-for-3.

Nett's 340-foot blast over the left field fence was his first of the season.

Styba knocked in Nett in the first with a single.

TWINS BREAK IT UP... Sandy Valdespino slides under the Angels' Bob Rodgers with Minnesota's clinching run in the 12th inning at Los Angeles Wednesday night, making the score 3-1 in favor of the Twins. He and Zoilo Versalles scored on Tony Oliva's hit. (AP Photofax)

Torre, Carty, Jones Lead Braves' Drive

MILWAUKEE (AP) — Joe Torre and Rice Carty, with unexpected help from Mack Jones and Sandy Alomar, are leading the Milwaukee Braves in a drive toward the top in the National League race.

Torre, Carty and Jones contributed three hits each and Alomar drove in three runs with a pair of singles as the Braves defeated the New York Mets 7-5 Wednesday night before another small crowd of 2,355 at County Stadium.

The victory was the Braves' third straight and boosted them past San Francisco into third place in the pennant chase.

Torre cracked his ninth homer, a 400-foot drive to left center, and added a double and a single while scoring three runs. He raised his average to a lofty .383.

Carty, still bothered by an ailing back, hiked his average to .375 with three singles, while Jones shot to .257 with his three singles. Alomar, filling in for injured shortstop Denny Menke, raised his batting mark from .167 to .206.

The three runs batted in represented three times Alomar's previous total for the season.

The Braves' 15-hit attack, including at least one safety in each inning except the eighth, helped Bob Sadowski to his third victory in four decisions.

MUTUAL ASSISTANCE... Sandy Alomar of the Milwaukee Braves doesn't look it but he's trying to help Ed Kranepool of the New York Mets at County Stadium Wednesday night. After beating out a drive to Chuck Hiller, Alomar and first baseman Kranepool collided and this action resulted as Alomar tried to keep Kranepool from falling. The Braves beat the Mets 7-5. —HAWKS—

Winona Rolls Past Indians By 2-0 Count

KELLOGG, Minn. (Special to the Daily News) — Ed Spencer has a theory for his pitchers surrounding higher mathematics — and it works.

"Get below 100 pitches and you'll win," he lectures the mound corps.

Wednesday was the first time it was put into practice. The results were favorable.

WITH SPENCER'S son Todd blazing a fastball and breaking off a sharp curve, and allowing just one hit Mizeppa became the second Winhawk District Three conquest here.

The Hawks copped a 2-0 victory for successful step No. 2 in the big week. Next up is Big Nine foe, Austin, at Austin Friday. The game will be played at Marcusen Park beginning at 5:15 p.m. D.S.T.

"Todd threw only 92 pitches," said Spencer of the victory. "That's what we want. If I could get them down between 80 and 90 we wouldn't have any trouble at all."

WINONA had its troubles with "flutterballing" sophomore Clayton Copple before settling into the groove with an economy run in the third and another in the fifth.

"I was a little disappointed with the hitting (three singles and a double for Winona)," mused Spencer. "But after thinking about the way he (Copple) threw the knuckler, maybe it wasn't too bad after all."

If Copple was tough, Spencer was tougher. He struck out 13 and walked three. The only hit was a single by Liffing.

MEANWHILE, Winona scored in the third when Dave Bauer singled, took second on a bobble by the left fielder, stole third and went home on an overthrow by the catcher. In the fifth, Gary Curran was safe at second on an error, sacrificed to third by Bob Urness and bunted home by R. D. Beschulte.

Winona was in trouble in only two innings. The most severe challenge by the Indians came in the seventh when an error, a hit batsman and a missed play on a sacrifice loaded the bases with no one out.

"I think Todd got a little mad then," chuckled Spencer. "He really started firing the ball. He struck out the next two and the third man popped up."

THE ONLY other uprising came in the second when Spencer walked three men to load the bases with two out.

THERE'S A LOT TO BE PROVED

Spahn: 'No World Series, But ...'

MILWAUKEE (AP) — Warren Spahn, baseball's ageless wonder now wearing No. 21 for the New York Mets, returns to the scene of some of his greatest triumphs tonight when he faces his old Braves teammates for the first time in Milwaukee County Stadium.

Sold to the Mets last fall after winning 357 National League games with the Braves in Boston and Milwaukee, Spahn considers his initial test against his former club "a major challenge."

"I realize we aren't in any World Series, but I want to do my best and look good in the city where I spent 12 wonderful years," the 44-year-old left-hander said.

"However, I may feel a little bit strange for a few seconds. It marks the first time in my life I've faced a former bunch of teammates."

Rated washed up by the Milwaukee management after a 6-13 record in 1964, Spahn has taken on a new lease of life as a player-coach with the Mets.

"If I had to leave Milwaukee, I couldn't have gone to a better club," he said. "I'm pitching 100 per cent better than last year and everything is wonderful. I'm really happy to be with Manager Casey Stengel. He's a grand old guy and has renewed my confidence."

In seven starts, Spahn has won three of six decisions and posted a 3.54 earned-run average. The winningest southpaw in baseball history, he will be shooting for victory No. 361 against the Braves. A triumph will boost him into a sixth-place tie with Kid Nichols among all-time winners.

Spahn's appearance is expected to attract the largest Milwaukee crowd since nearly 34,000 turned out opening day. A crowd of more than 10,000 is anticipated as fans temporarily relax an unorganized boycott of the Braves, who are headed for Atlanta after this season.

Ironically, Spahn will be opposed on the mound by 21-year-old Wade Blasingame, a left-hander who says old No. 21 was his idol. Spahn took charge of Blasingame in the youngster's rookie season last year and they became roommates on road trips.

TWINS SWEET DOUBLEHEADER

You'd Think the Pitchers Heard Cal Talking Trade

By THE ASSOCIATED PRESS

The Minnesota Twins are talking trade, apparently in an effort to bolster their relief pitching.

The Los Angeles Angels would like to know why.

The Angels saw what Minnesota relievers Wednesday night but not too many of their pitches, collecting only two hits in 7 2/3 innings as the Twins swept a doubleheader 3-1 in 12 innings and 3-1.

Before the twin bill, Twins' President Cal Griffith revealed that he had been discussing a trade with Kansas City.

The Twins, naturally, would like to get a top reliever of the caliber of Kansas City's John Wyatt, but that four-man relief party they threw at the Angels in the opener got the job done about as effectively as it can be.

Dave Boswell, the Twins starter, allowed only two hits and then Jerry Fosnow, Al Worthington, Bill Pleis and Dick Stigman went him one better by holding the Angels to one hit over the final six innings.

Then, in the nightcap, Jim Grant needed help, so Worthington came on again and allowed just one hit over the last 1 2/3 innings.

It was a pitcher's night all around the American League with Cleveland's Sam McDowell checking Baltimore 2-0 on three hits, Detroit's Denny McLain stopping Washington 4-0 on four hits, Boston's Jim Lonborg at lowing only four in a 3-0 victory over the New York Yankees and Kansas City's John O'Donoghue snapping the Chicago White Sox nine-game winning streak with a four-hit, 7-3 triumph.

The Twins won the opener in the 12th when Zoilo Versalles and Sandy Valdespino singled, moved up on a long fly by Rich Hollins and scored on Tony Oliva's single. Albie Pearson's

homer accounted for the Angels' run.

In the nightcap, Jerry Kindall.

While McDowell, now 3-2, was handcuffing the Orioles, the Indians nicked Steve Barber for four singles and both their runs in the fifth and sixth innings.

Max Alvis' infield hit, a sacrifice and Chuck Hinton's single got the first run across before Alvis singled across the other in the sixth after Leon Wagner collected a hit and advanced to second on a walk.

McLain, now 1-2, got the only runs he needed to beat the Senators when the Tigers jumped on Bennie Daniels for two runs in the fifth inning.

A walk and singles by George Thomas and Don Wert — the first hits off Daniels — produced the first run before McLain delivered a run-scoring single.

Two Washington errors helped Detroit to two more runs in the seventh.

Lonborg, now 2-2, beat the Yankees for the second straight time with the aid of rookie teammate Rico Petrocelli, who stroked two key doubles, drove in one run and scored another.

Chuck Schilling led an 11-hit Boston attack with three hits while Petrocelli, Tony Cagliaro and Felix Mantilla stroked two each.

Fairly: Clean-up Hitter by Default

By THE ASSOCIATED PRESS
Ron Fairly, a clean-up hitter by default, is beginning to look like a natural for the role.

The young Los Angeles Dodgers veteran, who inherited the No. 4 spot in a lightweight batting order when Tommy Davis fractured an ankle three weeks ago, broke up a 14-inning duel at Houston Wednesday night with

his fourth hit, a two-run homer that gave the National League leaders a 4-2 victory over the Astros.

Fairly drove in the first Dodger run with a single and scored the tying run in the eighth while lifting his batting average 37 points to .289 and taking the club RBI lead with 18.

The 26-year-old outfielder-first baseman, a semi-regular at Los Angeles for five full seasons, followed Willie Davis' two-out single in the 14th with a shot into the Astrodome's right-field seats off reliever Ken MacKenzie.

Don Drysdale then made his first relief appearance of the year to end a Houston threat in the bottom of the inning and keep the Dodgers 3½ games up on Cincinnati in the young National League race.

The Reds beat Pittsburgh 3-1 on eighth-inning homers by Deron Johnson and Don Pavletich; Milwaukee downed the New York Mets 7-5 behind a 15-hit attack led by Joe Torre and St. Louis rallied for two runs in the ninth to nip Philadelphia 7-6 in NL night action.

Ernie Banks' two-run single carried the Chicago Cubs and right-hander Bob Buhl to a 2-1 nod over San Francisco in the only afternoon game.

Fairly, who had ended Astro pitcher Ken Johnson's no-hit bid the previous night with a seventh-inning double, capped Wednesday night's Los Angeles comeback with his fifth home run. He had doubled in the eighth and scored the tying run on Lou Johnson's single, which kayoed Astro starter Dave Guss.

Banks delivered the decisive hit against the Giants after Ron Santo was walked intentionally, loading the bases with one out. The hit was Banks' first in 11 at-bats.

Gretchen Koehler Leads Twilight

Gretchen Koehler spilled 199-362 two-game set as action in the Hal-Rod Twilight League ended Wednesday. She rolls for Gutter Gals.

State Formula: Win and Pray!

By GARY EVANS
Daily News Sports Editor

Win and pray.
That is the weekend formula for Winona State College's baseball team as it prepares to entertain Bemidji in a three-game series Friday and Saturday.

The Warriors, rained out of a doubleheader at Mankato last Saturday, find themselves squarely behind the eight ball. The playoff gong has sounded and no matter how many Winona wins, it will still need help from Mankato.

League-leading St. Cloud is 7-2, Winona 5-2. The district NAIA playoff with MIAC titlist St. Thomas is Monday. Therefore, if the Warriors want to advance there is no alternative but to sweep three from Bemidji and hope St. Cloud is beaten. The team with the best won-lost percentage will make the trip.

Coach L. A. McCown is certain of only one pitching assignment. Jack Benedict, who won against Mankato last Friday, will start the 3 p.m. game Friday. Hurlers for Saturday's 12 noon doubleheader will be decided Saturday.

The only starting change may come in the outfield where slumping Dean Bailey may get a rest.

"Although even while he hasn't been hitting, he has been getting on base," the coach pointed out.

The major worry right now concerns Bemidji's perennial formula of starting slowly before coming strong.

"St. Cloud beat them three times, but it was the first weekend," said McCown. "They are always tough later in the year. With the cold weather up there, they always get a late start."

A year ago, Winona took two of three from the Beavers. The same club later matured, taking two of three from St. Cloud's champions.

WESTFIELD SETS CLEANUP DAY

Saturday is cleanup day at Westfield Golf Club. Members are asked to turn out to help clear the litter from the course.

Starting time will be 8 a.m. Free refreshments will be served.

Nicklaus Gets Nightmares From Memphis Course

MEMPHIS, Tenn. (AP) — There is little Jack Nicklaus has not done in his four years as a professional golfer, but he's finally run into a course that gives him nightmares.

"I hope I'm getting all this out of my system today," Nicklaus said as he shot a miserable round in the pro-am of the \$60,000 Memphis Open Wednesday.

In Kansas City, A's General Manager Hank Peters said one of the Twins' proposals had been rejected, but that the Athletics were still talking. He said the A's will trade with anybody who can help them.

"If we make a trade with Minnesota it will be a major

"There is just no reason for this," he said after he missed one of many two-foot putts. "I've seen beginners play better than this."

Despite the round and the fact that he's never played well on the short, par 70 Colonial Country Club course, Nicklaus was installed the favorite to take the \$6,000 first-place money.

In the pro-am, Nicklaus shot a 41 on the par 34 front nine but was two-under par with a 34 on the par 36 backside.

A field of 144 was set to tee off today in the Memphis Open.

The 6,466-yard course has whipped Nicklaus both times he's played in the Memphis Open. He finished 11th in 1963 and tied for 12th in 1964.

Also attracting a lot of attention Wednesday was defending champion Mike Souchak and young Bill Martindale, who finished in a tie for second Sunday in the \$100,000 New Orleans Open.

Another man who will bear watching is the New Orleans winner, Dick Mayer, who at 41 has started a sensational comeback after sitting on the sidelines for seven years.

A's Taking Cautious Look At Twins Deal

S.T. PAUL (AP) — Minnesota Twins' President Calvin Griffith said Wednesday night that he is "as close as I've been to any deal all year" with Kansas City. But the Athletics were taking a cautious look at Griffith's proposals.

Neither club would name any players involved in discussions and would confirm only that they had talked several times Wednesday by telephone and that several players were involved in the talks.

"We offered Kansas City a concrete deal," Griffith said. "I have to wait to see what they are going to do. I thought it was a real good, honest deal for both parties."

In Kansas City, A's General Manager Hank Peters said one of the Twins' proposals had been rejected, but that the Athletics were still talking. He said the A's will trade with anybody who can help them.

"If we make a trade with Minnesota it will be a major

Barton Wins Ferndale Outing

LA CRESCENT, Minn. (Special) — Dr. H. L. Barton was winner with low score in the first outing of the La Crescent Men's Golf Club held Sunday at the Ferndale Country Club, Rushford.

Other winners were Gary Gartner, Winston Reider, William Dawes, William Miers, Wayne Lottes and Robert Kies. The next outing will be held in June. All La Crescent male golfers may join the club and attend the outings.

MORE TENDERS

IOWA CITY, Iowa (AP) — The Big Ten's spring business meeting opened here today with athletic directors studying a demand by football coaches for an increase in football tenders, one. "Peters said, 'We need more left-handed pitching and our attack needs an RBI man we can put in the No. 4 spot and forget about him.'"

Griffith has made no secret of his desire to land A's ace relief pitcher John Wyatt. The Twins also have expressed interest in Kansas City infielders Ed Charles and Wayne Causey. Kansas City reportedly wants Twins' left-hander Dick Stigman and an outfielder — presumably either Bob Allison or Jimmie Hall.

Max Kulas, who designated himself temporary fill-in for Jim Sovereign, is probably seriously considering a National League softball pitching career.

Kulas followed two consecutive five-hit performances with a three-hit 3-2 victory over defending champion Sunshine Wednesday night.

That turned Hamernik's beam on championship line. The team is 3-0 and in first place.

IN OTHER games, Bell's defeated Louie's 6-2 on a Pete Jerowski two-hitter and Ed Jerowski struck out ten as Man-

kato Bar beat Sportsman's Tap 7-5.

Once again the Hamernik's formula was solid fielding. Kulas struck out two and walked one. Loser Jim Langowski kayoed five and walked one.

All the scoring was packed into the late innings. Hamernik's pushed over two in the sixth and the winning run in the last of the seventh after Sunshine had tied it.

JON KOSIDOWSKI singled and doubled for Hamernik's. Bob Larson, Jim Buswell and Cliff Kutz singled for Sunshine.

Pete Jerowski fanned nine and walked six. Jerry Dureske, who took the loss, struck out 14 and walked seven. Bob Tropp led Bell's with two hits. Larry Wiczorek and Dureske got the only hits off Jerowski.

Bruce Stanton led the Mankato attack with a triple and double. Tom Blaisdell homered and singled and Gene Garrison and

B. Weatherly had two hits each. Tom Wenzel singled and doubled for Sportsman's.

Butch Jerowski struck out ten and walked three in taking the win.
