## 12 Bills Vetoed

# Rolvaag Completes Action on Measures

ST. PAUL (AP) — Gov. Karl Rolvaag completed hours before the midnight deadline Thursday his work on the bills left by the 1965 Minnesota Legislature.

Among major bills Rolvaag signed into law was the income tax increase bill. Those vetoed included a bill revising the workmen's compensation law. He vetoed 12 bills. Among them was one that called for the reorganization of the Conservation Department and bills to continue the payment of bounties on predatory animals beyond June 30.

Rolvaag did not sign the Conservation Department bill because the copy he got Monday was not the version adopted as a Senate-House compromise. He received a corrected copy Wednesday, but he said this was not within the time allowed by the Minnesota Constitution.

This situation was similar to one in 1955 when then Gov. Or-

ville Freeman signed an incorrect copy of a state government reorganization plan. The law later was thrown out by the Minnesota Supreme Court.

The governor completed action on the last bill at 6:35 p.m. The income tax boost will relieve taxpayers of \$30 million in the next two years and also bring in a \$21 million "wind-fall" from a corporation tax speedup.

The new withholding rates in the income tax boost will be effective July 1 and for the last half of the year taxpayers will be paying at a double rate because the increases of .5 to 1.5 per cent are retroactive to Jan. 1, 1965.

The workmen's compensation bill Rolvaag vetoed would have provided a scale of benefits to injured workers, based on the number of dependents in the workers' family. The payments would range from \$47 to \$62 a

week, compared to the present \$45.

The governor said in vetoing the bill it would depart from previous policy and that only about 4 per cent of the injured persons would collect the top rate.

Rolvaag also: —Signed the semi-state activities spending bill, with bounty funds stricken.

—Signed the \$84 million state departments bill, which also provides for \$130,000 to remodel and upkeep of the new governor's mansion, pay raises for state employees and a change in the makeup of the Minnesota Municipal Commission.

—Vetoed a bill to change appointment of seven at-large members of the state judicial

## 899 Bills Signed

ST. PAUL (AP) — Gov. Karl Rolvaag, before the deadline last midnight, signed into law 899 bills that had been passed by the 1965 Minnesota Legislature, and allowed four others to become law without his signature.

In 1963, there were 888 bills that became law. The four bills the governor allowed to become law without his signature called for a repeal of the local option liquor law, would authorize liquor license for two resorts, and amend the law with regard to powers of the State Board of Electricity.

council from the governor to the chief justice of the supreme court. The commission is charged with a "continuous study" of the state's court system.

—Signed bills raising pay of state legislators from \$2,400 to \$4,800 a year and providing a pension for 10-year legislative veterans who retire at 65.

—Vetoed an automobile title law providing that the county where a vehicle was first registered would be its "situs" for mortgage and title purposes.

—Signed the \$170 million welfare spending bill and the \$54 million state building bond program.

—Signed billboard control bills for interstate and trunk highways.

—Vetoed a bill which would have permitted parents to enroll children in the Braille and Sight-Saving School at Fairbault without consent of state officials.

—Signed a bill to provide a court test of the constitutionality of spending public funds for transporting parochial school pupils. The bill, passed in the warning hours of the session, allows two common school districts near Cold Spring to make such expenditures.

Other new laws on the books with the governor's signature will increase the maximum award in wrongful death cases from \$25,000 to \$35,000, authorize a statewide public defender system for indigent defendants, set up a uniform commercial code, create a Minnesota-Wisconsin Boundary Area Commission to study interstate problems, repeal the 4 per cent limit on bank interest rates on deposits and authorize the state to take over bonds of the Baudette bridge.

## Two Copters Collide, 9 Americans Die

SAIGON, South Viet Nam (AP) — Two U.S. Army helicopters collided in the air and crashed in flames today at the Bien Hoa Air Base. Nine Americans were killed and two seriously injured.

A 10th American, a Marine, was killed when Viet Cong guerrillas and U.S. Marines fought a grenade battle before dawn six miles west of the Chu Lai beachhead 52 miles south of Da Nang. It was the first serious attack on the Marine defenses at Chu Lai, where U.S. Navy Seabees are building a jet airstrip.

Ten Marines were wounded two of them seriously. Six Viet Cong bodies were found and a wounded guerrilla was captured.

The two helicopters collided about 50 to 100 feet up and crashed in an open patch of ground 200 yards from the helicopter area of the Bien Hoa base 15 miles north of Saigon. Both were troop-carrying craft attached to the 118th U.S. Army Helicopter Company.

Eight of the occupants were killed outright and the ninth died three hours later in the base hospital.

Aviators from the company rushed to the scene and pulled the three injured men from the wreckage. Wreckage was strewn over a large area.

## Re-enlistment Bonuses for Some Veterans

WASHINGTON (AP) — The Pentagon is proposing a special bonus to lure men with critical skills into re-enlisting in the armed services.

The bonus system, recommended to Congress in a little-noticed section of a pay-increase bill, could give some corporals and specialists as much as \$6,300, depending on the importance of their skills.

Two years ago, Congress ignored a similar Defense Department proposal.

However, top officials hope the Senate and House will be more receptive this time because of the increasing difficulty in holding trained men.

The plight of the Navy was pointed up several weeks ago when Secretary Paul H. Nitze appealed to officers and men whose active-duty tours were running out to extend their service three or six months. Navy officials said it is too early to measure the response to Nitze's plea.

Defense Department studies have listed inadequate pay as a major factor in the inability to keep men trained in electronics and other important skills.

The Defense Department already has a re-enlistment bonus system in effect. The new special system aimed at the highly skilled would be superimposed on it.

## Space Flight Delay Likely

CAPE KENNEDY, Fla. (AP) — A bad battery cell today forced postponement of a practice flight for next week's orbital mission by astronauts James McDivitt and Edward White. Officials said there was a possibility the trouble could delay the June 3 launch.

Mission director Christopher C. Kraft Jr., said a decision whether to postpone the astronauts' trip would be made late Saturday or Sunday after the battery had been changed and several evaluation tests had been made.

The battery problem turned up today shortly after McDivitt and White began running through a rehearsal for their four-day orbital trip.

## Intervention Saved Dominican Lives

SANTO DOMINGO, Dominican Republic (AP) — If U.S. Marines had not landed here Communist police might now be patrolling the narrow streets of this historic Caribbean capital and Communist rulers might sit in the National Palace. Or perhaps not.

But the United States did intervene in this battered capital a month ago today and there are still about 20,000 American troops on hand.

They and more than 1,000 Latin-American troops, forming an unprecedented Inter-American Force, hold a buffer zone separating rival junta and rebel factions while diplomats and politicians seek a way to settle the interrupted revolution peacefully.

The United States this week began trimming its forces by withdrawing the first Marines to land. Their places were taken by Latin American contingents from Honduras, Nicaragua, Costa Rica and Brazil. A Brazilian contingent of about 1,200 men is still arriving.

From President Johnson on down, U.S. officials are still convinced that in the first days of revolutionary violence that broke over Santo Domingo April 24, there was considerably more than a 50 per cent chance that Communist leaders would seize power.

But still the question of what would have happened if the United States had not sent troops is highly controversial.

No one has accused the rebel leader, Col. Francisco Caamaño Deno, of being a Communist. President Johnson's charge in a speech May 2 was that "Communist conspirators" had gotten control of politicians. Historians will debate the issue for years.

That many more people would have been killed without U.S.

intervention is, however, much less debatable. For following the Saturday on which the junta government of President Donald Reid Cabral was overthrown, many army officers and troops defected from government forces to join the uprising. Arsenals were opened and arms flowed to the civilians in the rebel-controlled streets.

## Fears Other Efforts by Freedom Foes

WACO, Tex. (AP) — President Johnson announced today he is issuing orders to withdraw 1,700 American military men from the Dominican Republic.

But he warned at the same time that in the hemisphere "we can expect more efforts at triumph by terror and conquest through chaos." And he called for "new international machinery geared to meet fast-moving events."

In an address prepared for commencement exercises at Baylor University — once headed by his great grandfather George Washington Baines — Johnson said, "When forces of freedom move slowly — whether on political, economic or military fronts — the forces of slavery and subversion move rapidly and decisively."

The president said that one of the lessons learned during the past four weeks in the Dominican Republic is that "it is clear that we need new international machinery geared to meet fast-moving events."

"When hours can decide the fate of generations, the moment of decision must become the moment of action," he added.

The 1,700 troops the President said are being withdrawn are in addition to 1,600 he said have been withdrawn over the past two days.

And Johnson said he instructed Lt. Gen. Bruce Palmer, commander of U.S. forces in the Dominican Republic, "to discuss possible further withdrawals" with Gen. Hugo Panasco Alvim of Brazil, commander of the Organization of American States forces in the revolt-torn Caribbean country.

Johnson said the necessity for quick action is one of "the new realities" made apparent by the Dominican situation.

The President has been criticized in some quarters for not advising other hemisphere nations before announcing his decision April 28 to send military forces to the Dominican Republic.

Today, in discussing the Communist threat within the hemisphere, Johnson said:

"We know that when a Communist group seeks to exploit misery, the entire free inter-American system is put in deadly danger. We also know that these dangers can be found today in many of our lands. There is no trouble anywhere these evil forces will not try to turn to their advantage. We can expect more efforts at triumph by terror and conquest through chaos."

The President, speaking of U.S. goals, said, "We want for the peoples of this hemisphere only what they want for themselves — liberty, justice, dignity, a better life."

Johnson said that more than a few agitators were needed "to bring on the tragic and cruel bloodshed in the Dominican Republic."

He said they had "additional help and a deeper cause."

The President associated the "deeper cause" with areas where the poor and the oppressed find difficulty entering the gates of opportunity.

In this situation, he said, the United States must try to "narrow the gap between the rich nations and the poor — and between the right people and the poor within each nation."

Johnson called this "the heart of the purpose of the United States."

## Air Troops Get Viet Baptism

By HORST FAAS

VUNG TAU, South Viet Nam (AP) — Girls in bikinis were sunning and surfing as the three companies of paratroopers flew over this seaside resort. Artillery and bombs sounded sharply 15 miles away, softening up the landing zone.

The 173rd Airborne Brigade had landed in Viet Nam early this month. On Wednesday helicopters carried the 503rd Regiment's 1st Battalion into its first action against the Viet Cong. It was a frustrating experience with an elusive human enemy and relentless natural foes.

Sniper fire greeted the helicopters as they landed, then the guerrillas faded away. The men moved off in storming tropical heat, two companies clambering up and over huge boulders toward the hills, the third moving through the valleys.

One man sprained an ankle. "Sure, I can go on. I'm airborne," he told his commander and hobbled off.

Throughout the afternoon the troops fought clinging jungle vines and thorns. Mosquitoes attacked in swarms. Faces, hands and arms were streaked with blood from bites and the snags of thorns and vines. But at times the vines came in handy as the heavily loaded troops pulled themselves up sheer rocks and cliffs.

A heavy tropical rain set in at dark, making things cooler but making the bush and the rocks slippery. The paratroopers still wore smooth-soled jump boots though they hope to be issued cleated jungle boots soon.

They found an abandoned Viet Cong lookout with an excellent view of the airfield at Vung Tau and the highway leading from the town. They blew up the post and moved on up into the hills, struggling over the rain-slick rocks with their 50 caliber machine guns, bazookas, mortars and ammunition.

They headed down for the

night in a downpour. The day's pouring sweat turned into shivering cold. No fires or smoking were permitted. A helicopter hovered over a hacked out clearing and dropped C rations and jerry cans of water.

During the night the Americans could hear Vietnamese artillery firing near by and one firefight between Vietnamese and Viet Cong.

## Hiawatha Trail Dedication Set

NEW ULM, Minn. (AP) — Car caravans from towns along the Hiawatha Pioneer Trail will converge on New Ulm Saturday for ceremonies dedicating the newly authorized tourist route.

The trail runs from Jackson and Pipestone in the southwest through the Minnesota and Mississippi River valleys. It is a promotion effort of the American Petroleum Institute, with official marking signs to be erected by the Minnesota Highway Department.

Gov. Karl Rolvaag will take part in dedication ceremonies Saturday afternoon.

A "Hiawatha" and a "pioneer" will be selected as official representatives of trail cities.

# NASON ON EDUCATION

## Choosing College For Slow Student

By LESLIE J. NASON, Ed. D.  
University of S. Calif.

Dear Dr. Nason:

My son will be graduating from high school this June. On his college board examinations, he received a low score in a verbal test and slightly above average in the math test. We have not yet made any application to colleges because, as his parents, we feel he is not academically prepared for college.

Should we send him to a prep school which crams for college boards only, or give him post-graduate high school work?

Mrs. K. N. A.,  
Silver Spring, Md.

Answer:

Although you did not mention them, I assume his grades have not been outstanding.

Choose the school that will give him the best opportunity to develop more efficient learning techniques. It will avail him little if he gains entrance solely on improved college board scores.

His ability to succeed once he is in college should receive first consideration.

Dear Dr. Nason:

I came from Europe where I finished the fourth grade. In this country, I finished seventh and eighth grades, then left school to work so that my two younger brothers could complete their education. They have finished college and have good jobs and are now ready to help me financially so that I may go back to school.

I am 43 years old. Would it be worthwhile for me to go back?

J. N.,  
New Brunswick, N.J.

Answer:

It certainly can be worthwhile. Others have found it so. Don't take too many subjects

# Let's Get Growing

By A. F. SHIRA

Preparing Peonies and Irises for Show

BEFORE taking up suggestions for cutting and readying peonies and irises for showing, let us talk a little about the present season as compared with some others in past years.

Last year the show was held on June 6, and for several weeks prior to the event the weather had been unfavorable, with hot drying winds that forced some of the finest exhibition hand more peonies were forced into bloom earlier than would otherwise have been the case had the temperatures been cooler.

In 1963, the show was held on June 1, and while some of the earlier irises were past their prime, many of them were at their peak of bloom, and some very fine specimens were exhibited. There had been no storms to damage them and the relatively dry weather had been in their favor. The peony specimens were quite few in numbers as compared to the irises, and this was to be expected owing to the lateness of most of the peonies.

The show was held June 1, in 1962, and again unfavorable weather had prevailed beforehand. Here, again, the irises dominated the show, since it was a little too early for the peonies. It is, of course, difficult, or impossible, to time a peony and iris show in order to strike the blooming period of each, even in normal weather, but unusually so under unfavorable conditions.

THIS YEAR, the lateness of the season puts both the peonies and irises at a disadvantage. The irises may come through in fair numbers, but the peonies will be lacking a good representation. If the days become warmer, the situation may be altered some and there may be a fair number of the earlier peonies suitable for exhibition.

And now, a few words about cutting and conditioning. It is usually a good plan to take a pail of water to the garden when cutting them. A slanting cut should be made with a sharp knife and the stem placed in the water at once. Some writers advise that the water should be warm as the intake in the cut stem will be greater. Others advise putting them in cold water. We have tried both methods and have found no noticeable difference.

PEONIES should be cut with a stem length of about 18 inches and the stem end split up for about two inches before being placed in the water. All leaves that will be submerged in the water should be removed, but the top pair of leaves should be retained. They can then be left over night in a cool place and the stem ends recut a couple of inches before exhibition.

Irises can be gathered the night before the show with a stem length in pleasing proportion to the flower head and consistent with the variety. If possible, they should be cut when the first bud is ready to unfold. It is well to cut more specimens of both peonies and irises than you will need. If you have them, so that you can select the best bloom, or blooms, for entry on the morning of the show.

WITH THE possibility that there will be fewer specimen blooms available for exhibition than usual, it is hoped that more entries will be made in the arrangement classes in order to augment the show. Those gardeners who may be disappointed in not having suitable specimen blooms for exhibit can devote their artistic talents to the making of pleasing compositions under the various arrangement classes. Blooms that are not of specimen caliber can be used to advantage in arrangements.

There are only two classes under arrangements that require the use of peonies and irises. The other seven classes have no restrictions as to the types of flowers. So, get a show schedule from the Merchants National Bank and begin to prepare for your entries now.

The program, of which Bernie Lusk, sports announcer on Channel 10, will be master of ceremonies, will begin with music by the Chatfield High School band, Cy Morley, vice mayor of Chatfield, will extend a welcome. Gordon Yeager, sports writer on the Rochester Post-Bulletin, will talk on the sport of canoeing and tourism. The invocation will be by the Rev. Glenn L. Quam.

As the band plays between 40 and 50 canoes will be started down the Root at 9:20. First overnight stop will be at Lanesboro; second at Rushford, and the trip will end at Houston Monday afternoon.

# Direct Sellers Meeting Attracts German Group

Organized door-to-door selling is not purely an American phenomenon, a recent survey by a Winona-based association has shown.

Repplies to questionnaires prepared by the National Association of Direct Selling Companies indicate that this sort of merchandising exists in at least 38 other countries.

The NADSC, whose annual convention will be in Chicago June 13-16, has offices here. President is L. E. Deilke, J. M. George, for many years president and general counsel, is listed as association past president. James W. Soderberg is counsel.

A newly organized branch in West Germany will send a 20-member delegation to the convention, Deilke said this week.

Watkins Products, Inc., and McConnon & Co., Winona firms, also will be represented at the convention.

Most of us make three great decisions in life worthy of our most careful consideration. Religion, marriage and occupation are three most pressing and important decisions each of us make. We may make them carefully or carelessly, but we make them, nevertheless.

Religion is often taken for granted, as one has a tendency to go along with his rearing on the matter, and for this same reason it often means little to the individual. In such cases, he has not given much thought to what he believes until something happens and calls for some conviction on the matter. On the other hand, he who truly lives by conviction, fortified by study, can find great strength in the knowledge of the Godhead.

It has been said that by the time one reaches college, he finds himself either trying to save his religion, or his religion saves him. It's important what you believe, so as the good Book says, "Study to show thyself approved."

MARRIAGE HAS a way of sneaking up on folks, and the decision is made based on the emotion of the daters, but often with little thought on the weightier matters. Some never marry, and while they don't sit down and say after careful consideration, "I have decided not to marry," by the course of events, that's how it turns out, and in essence they have decided not to marry.

Now if the first decision on religion was carefully made, it will follow that those who do decide to marry will probably reflect that first decision in this important decision.

Occupation is the third decision. Here is where many take a job because it's a job — not because they have decided it's the kind of job they have always wanted. In time, it becomes humdrum, and it holds little or no satisfaction.

NOW SEE HOW life can soon become shallow and unhappy? If faith was never earnestly stepped into the make-up of a person; if marriage has been based on "Let's give it a whirl" basis, and the job holds nothing more than the fact that it's a means of income, life soon proves that it lacks fulfillment. Contrasted is a life with a depth of conviction that dictates the course to be followed, linked with a marriage of meaningful understanding, steeped in lasting love, while occupation is a thing both man and wife can be proud of. Develop these qualities and life can be beautiful.

How's it with you, friend? Are you among those that have

yet to decide on these issues of life, or are you a victim of thoughtless effort in this regard? In either case, it doesn't need to be too late. But this time, do first things first. Ask yourself, what are my convictions, and then seek to develop a well-grounded concept of the Godhead. Write down all the good things about your mate — thus your marriage, and build on them, and train yourself, if need be, to qualify for a different job. But, do that which develops pride as well as income. In other words, your present situation can change for the better if you make the effort.

## Thern Fire Damage May Top \$100,000

"We're just at a standstill, that's all we can report now," an employee of Thern Machine Co., 3760 4th St., Goodview, said today, commenting on the aftermath of the Sunday fire which destroyed 90 percent of the plant.

No damage estimate has yet been made, the employee said. Work on a temporary roof to make the plant usable while a new building is constructed was begun Tuesday. But clean-up operations were halted Wednesday to allow a renewed investigation into damages and cause of the fire.

No official cause for the fire has yet been determined. However, it is known that solvents and rags were kept near the place — at the back of the Thern plant — where the fire got its start.

Fire department officials think that the eventual damage figure will top \$100,000.

## Wabasha Jury Hearing Dispute Over Crop Shares

WABASHA, Minn. (Special)—A dispute over sharecropping soybeans opened in Wabasha County District Court Thursday morning with drawing of a jury.

Testimony continued through the day and recessed until 1 p.m. today because Judge Donald T. Franke had to be in court at Rochester this morning.

Involved in both cases are John R. Ring, plaintiff, against Leonard Krier and Farmers Union Grain Terminal Association, Bellevue Division. Witnesses have been Mr. and Mrs. Ring of the Zumbro Falls area and Howard Schaefer, manager of the Bellevue Farmers Union, and wife.

Drawn on the jury were: Mrs. Frank Angelbeck and Alfred Evers, Theilman; Mrs. E. D. Ercy and Norman Hadler, Mazepa; Harry Duden, Martin Dunbar, Edward Gohl and Elmer R. Johnson, Lake City; Mrs. Donald Kurth, Elgin; Mrs. Donald Roemer and John Schuth, Wabasha; and Mrs. Herman Theil, Millville.

## Miss Winona Entries Asked

Plans are progressing for the annual Miss Winona contest, which will be part of the Steamboat Days festivities July 8 through 11, coronation chairman Bob Warren said today.

The contest is open to single girls between the ages of 18 and 28, who have been residents of Winona for at least the last six months. An exception to the residency rule is made for girls who are currently enrolled at colleges in the city.

The girl selected will represent Winona at many functions throughout the year. She will be entered in the Miss Minnesota contest the first part of 1966.

The new queen will succeed the currently-reigning Miss Winona, Helen Sloan, who was chosen for the title during the Steamboat Days weekend last year.

Miss Winona is selected by a panel of judges on the basis of poise, personality, talent and charm of face and figure. A variety of activities is planned for the contestants prior to the contest July 9. These activities will give the judges an opportunity to get to know each contestant and to judge her.

Girls interested in becoming contestants may pick up entry blanks at the RWNO radio station, 216 Center St., from Monday on. All girls will be sponsored by a Winona business firm. Girls who wish to enter but do not have a sponsor will be provided with one by the committee, Warren said.

Blair Yearbook Staff

BLAIR, Wis. (Special)—The staff for next year's Cardinal, Blair High School yearbook, will include Jacqueline Thompson and Mary Shay, co-editors; Jean McAuliffe, associate editor; and Sheldon Legreid, business manager. These students also will help the present staff prepare the spring supplement.

Commencement week activities at Cotter High School will begin Sunday with a baccalaureate Mass at St. Casimir's Church for the 154 members of this year's graduating class.

The Rev. Donald Connelly, assistant pastor at Cathedral of the Sacred Heart, will deliver the baccalaureate sermon and the Rev. James McAuley, principal of Cotter, will be celebrant of the Mass.

Commencement will be June 4 at 8 p.m. at the Cotter physical education building. The speaker will be the Rt. Rev. Msgr. William T. McGee, Immaculate Heart of Mary Seminary.

## Cotter to Begin Graduation Events

Two awards programs are scheduled for next week.

The first will be at 2 p.m. Monday when ceremonies will be conducted for induction of members of the National Honor Society. Cotter students will be taking tests during the morning hours Monday.

At 9:30 a.m. Friday there will be the annual awards program at which students will be recognized for scholastic achievement and participation in various school activities.

Both the National Honor Society and awards programs will be in the physical education building.

# Tech School Sites Discussed: Downtown Renewal Pondered

The City Planning Commission said Thursday night it will make further studies after discussing a half-dozen possible area vocational school sites with school district officials.

Although a downtown location has been suggested, said Supt. A. L. Nelson, this may not be possible because the school has immediate and future space needs totaling 20 acres. The new high school site west of Lake Winona is not large enough, he said, because both schools will have extensive parking area needs.

A SITE choice still is wide open, said Lawrence Santelman, board president. He added that the board would welcome the commission's suggestions.

Some sites have been tentatively considered, said Santelman. These are: East Bellevue Street, between Carmona and Mankato Avenue, Winona Hotel property near the Hot Fish Shop, land west of Siebrecht Floral Co. nursery, and a parcel just outside city limits west of St. Mary's College.

Later discussions also introduced such potential sites as East Broadway, a tract just north of Community Memorial Hospital and land west of Pelzer Street at Highway 61.

B. B. CHAPMAN, representing the firm now drawing a downtown improvement plan, suggested a general area near Franklin and 3rd streets be considered. Ten acres — about five blocks — might be available at reasonable prices, he estimated. Land costs of about \$125 per square foot could be expected, he said, adding that such a development would help "revitalize" the downtown business district.

Should urban renewal be adopted, Chapman explained, the city, through the Housing and Redevelopment Authority, could conceivably buy land in the area for \$1.25 per square foot. The school district might purchase the cleared land for 25 cents per foot. The federal government and the city would share in the net remaining cost of land, with urban renewal funds providing three-fourths, or 75 cents per foot.

Thus, the city's share of acquisition would be 25 cents, plus the 25-cent resale, or about 50 cents a foot, Chapman estimated.

At 80,000 square feet in a city block, this would make the cost of acquiring five cleared blocks about \$225,000 for the taxpayers.

WARNINGS against hemmed-in sites were voiced by Thomas Raine, area vocational-technical school director. Enrollment may well reach 2,000 students within 25 years, he predicted, thereby creating a variety of problems in traffic, parking and expansion space needs.

Most of the school's students will be commuters, since the classes are made up of residents of a wide area, he said. If a site is too small, it may have to be abandoned in a few years and a far more expensive one obtained to meet the school's requirements, Raine observed.

Complicating the situation is the time factor, Santelman pointed out. The board expects to complete plans by the end of this year, begin construction in 1966 and occupy the building in September 1967, he said.

Steve Morgan, housing authority board member, answered Nelson's question about renewal timetables. Renewal's status is uncertain, he said, since an advisory election is to be held in February 1966.

Though its results do not bind the City Council, its outcome nevertheless would undoubtedly influence the council's decision, Morgan said.

RAINE ASKED what might be the community's reaction to the acquisition and idling of five to 10 blocks, some of it for 15 years or more. Not all the area would be needed at once, he said.

Chapman said such development could be accomplished through a series of projects laid out by a general renewal plan. The commitment would, however, be a moral one only and therefore not necessarily enforceable, he said.

Lending further urgency is the relative scarcity of available land, said Daniel Sadowski, school board member. Housing developers are active in several areas, raising the possibility that some prospective sites will be occupied soon and therefore taken off the list, he pointed out.

E. J. Sievers, chairman, said estimates and feasibility reports will be sought for several of the prospective locations in form the basis for future discussions.

## Garbage Pickup Delayed One Day

The city landfill will be closed Monday and no garbage collections will be made that day, a health department official said today.

As a result, garbage collection next week will be one day late, the official said. Suspension of activities Monday is in observance of Memorial Day.

## 2 City Cars Set For Pioneer Trail Opener Saturday

At least two cars from Winona will take part in a caravan that will go to New Ulm Saturday for the official dedication of the Hiawatha Pioneer Trail.

Drivers will be James Sweazey, chairman of the Winona Chamber of Commerce tourist committee, and Donald Stone, chamber manager.

Any other interested drivers are welcome to join the caravan. Signs will be available for participating cars, he added.

The Winona delegation will leave the Westgate Shopping Center parking lot at 8 a.m.

Official dedication ceremonies in New Ulm, mid-point of the Minnesota portion of the trail, will begin at 1 p.m. Included in the program will be an address by Gov. Karl F. Roelvaag.

The ceremonies are likely to attract a great deal of attention, according to the Minnesota State Department of Business Development. The American Petroleum Institute, which has said it will make a \$100,000 color motion picture of the trail, will cover the New Ulm program, and representatives of Midwest news media will be present.

Area communities that will send cars to the dedication include KELLLOGG and WABASHA.

Eugene Demins and Odell Arens will represent Kellogg, while the Wabasha delegation will include Mayor and Mrs. Ray Young, Mr. and Mrs. James Giesler, Donald Larson and Dean Plank.

## Youth Jailed For Thievery

A Winona youth pleaded guilty Thursday in Goodview justice court to a petty larceny charge and is serving a 15-day jail term today in county jail, Sheriff George L. Fort reported.

Donald R. Savoy, 20, 1100 E. 5th St., admitted taking gasoline and some old plumbing fittings from the Henry Kramer home, Homer Valley, Sunday. Justice Lewis E. Albert sentenced Savoy to pay a \$25 fine and \$5 costs or serve 15 days in jail.

Savoy was arrested Thursday at 4:30 p.m., arraigned shortly after and placed in jail Thursday evening when he could not pay his fine.

Kramer reported Tuesday that he was missing a tank of gas and eight gallons of gasoline, apparently taken Sunday between 2 and 4 p.m. while he was away from home.

## FROST POSSIBLE AGAIN

# Weather to Improve For Holiday Weekend

With a heavy cloud cover protecting Winona and vicinity from predicted frost, some improvement in weather conditions was predicted for the Memorial Day holiday weekend.

Fair tonight and Saturday is the forecast for the immediate future with a low of 30-35 tonight and a high of 58-64 Saturday. The overnight temperature could dip to 28 in some places the forecast said.

TEMPERATURES near normal and no precipitation is the outlook for Sunday.

Although temperatures for the next five days will be 5 to 9 degrees below normal daytime

highs of 70-75 and nighttime lows of 50-55, little rain is expected to occur until Tuesday or Wednesday when nearly an inch is expected in Southeastern Minnesota and Western Wisconsin.

Winona shivered under low temperatures Thursday with the thermometer getting no higher than 49. This morning the low for the area was 36. At noon it was 46.

A year ago today the high was 69 and the low 43. All-time high for May 28 was 95 in 1874 and the low for the day 32 in 1947. Mean for the past 24 hours was 42 in contrast with a normal for this time of the year 64.

The clouds moved out at mid-morning and the sun broke through on the heels of a light shower. Rainfall by noon measured .02 of an inch.

FROST HIT northern Minnesota today with below freezing temperatures at several points. International Falls had a low of 30 and Bemidji and Alexandria 31. It was only 33 at Duluth. Snow was falling at Duluth.

Rochester posted a low of 35 after a high of 45 Thursday while La Crosse had figures of 35 and 51 for the same time.

Minot, N. D., had a morning low of 29.

Little change is expected in stages of the Mississippi River here in the next several days. The stage was 9.7 today, unchanged from Thursday and slated to be 9.6 Saturday and Sunday and 9.7 again Monday and Tuesday.

Spring suffered a setback in WISCONSIN today on the eve of the Memorial Day weekend. Snow and frost were reported as temperatures dropped into the 30s.

Light snow was falling this morning at Rhinelander, Superior and in the Hurley-Ironwood region. In most sections the snow melted almost as soon as it touched the ground, with the exception of Hurley where one to two inches remained on the ground.

Park Falls and Hurley reached a freezing 32 degrees during the night.

Highest reading Thursday was 55 at Madison.

Precipitation amounts in the 24-hour period ending at 7 a.m. today were: Superior and Park Falls .07 of an inch, Racine .02 and Burlington .02.

DEVILS LAKE, N. D. had the national low of 26 degrees early today, compared with the high of 102 Thursday at Presidio, Texas.

## Cattle Buying Station Denied

Two variance appeals were granted and one declined Thursday night by the Board of Zoning Appeals, which met at City Hall.

A request by Lloyd Ozmun to build a cattle buying station in an east side M-1 district was denied. Ozmun sought to build a structure to house cattle in connection with a proposed Swift & Co. buying station. Proposed location was southwest of the Krause Implement Co., near Highway 61.

Since cattle buying is permissible only in M-2 districts, Ozmun had applied for the variance.

Several neighboring residents lodged objections with the board. Represented by attorneys Richard Darby and Dennis Challen, they held that such use would create noise, odors and possible health hazards. The proposed site is within 1,000 feet of some nearby residential sites.

A request for permission to build a small front lawn sign by Breilow Funeral Home, Inc., was granted. The variance was necessary since such signs are prohibited in residential districts. The funeral home is situated in an R-3 zone.

Richard Raine was given permission to make front and rear additions to his house at 509-511 Wilson St., nearer to side lot lines than the prescribed five feet. The additions would conform to existing clearances between house and lines of three feet.

## Chatfield Asking U.S. Flood Aid

CHATFIELD, Minn. — An application has been made by Chatfield to the federal government for between \$4,000 and \$5,000 for damages to roads and bridges in recent floods, according to Mayor Lloyd J. Kivell.

Reporting from his room at St. Mary's Hospital, Rochester, where he is recuperating from a broken ankle, Kivell said the request for funds from the Office of Emergency Planning has been forwarded to the Fillmore County engineer's office for a firm estimate.

A bridge abutment on the structure spanning old Minnesota 30 going west from Chatfield and some street surfaces in Chatfield were damaged.

## SPRING GROVE VO-AG

SPRING GROVE, Minn. (Special) — A meeting to discuss results of the 1964 vo-ag record analysis program will be held at Spring Grove High School lunch room Monday at 8:30 p.m. It will be of special interest to persons participating and those who may enroll. Everyone interested in learning more about the program is invited.

## Police Checking Theft, Vandalism

An 88 theft and car-aerial vandalism were reported to Winona police Thursday, Chief James W. McCabe said today.

Henry Benke, a janitor at Community Memorial Hospital, reported 150 feet of one-eighth-inch copper tubing missing from the hospital construction site Thursday morning. Value of the tubing is about \$8, according to police.

Leo Frie, 4160 W. 5th St., told police that the radio aerial was broken off his car Wednesday night while the vehicle was parked near Mark and Center streets.

HARMONY, Minn. (Special) — Harmony's fire department was called twice this week.

It answered a call to the M & D store at Granger where fire burned a hole in the roof.

During the electrical storm Tuesday night it is thought lightning struck wires at Tollefson's jewelry store. When Tollefson and wife returned home, they found their upstairs apartment and store filled with smoke.

## Parking Lot Land Purchase Urged

City purchase of additional downtown parking space, financed by meter revenue, was recommended Thursday night by the City Planning Commission.

The commission acted after a conference with members of the Chamber of Commerce retail division.

THE PROPOSED area is now owned by H. Choate & Co. It includes an existing parking lot and the site of the Center Street building recently vacated by Gambles. Acquisition price would be about \$80,000, the commission was told.

Most of the existing parking lot was purchased from the city by H. Choate & Co. about six years ago. It is the site of the old central fire station.

By reducing the paralleling alley between Lafayette and Center streets to a 10-foot width, 50 diagonal parking lots could be provided in the enlarged lot, said James Schain, commission member. Total cost of purchase, clearance, surfacing and metering probably would approach \$100,000, he said. Because of its location and heavy use potential, the project would liquidate itself, he said.

DONALD GRAY, Choate manager, said owners of all adjacent buildings have agreed to refinish rear entrances facing the lot, thus providing a general upgrading of the area.

Recalling submission last year of an extensive parking plan by the Chamber, Norman Indall, commission member, asked whether this proposal would meet increased demand for off-street parking. Schain said it is not sufficient but it is a start. Its use potential by women is high, he said, since many female drivers avoid parallel parking space when possible.

Twenty years or more might be required to amortize the cost, observed E. J. Sievers, commission chairman. He based the estimate on \$100 a year average revenue for a 5-cent meter. Rates likely will go up in coming years, said Ray Crowley, another member, and blind meters would increase revenues further. Such meters do not show the time remaining when a coin is inserted.

COMMISSION member James Foster suggested a ramp on the present 2nd Street lot might be a more economical land use. It would mean less land taken off tax rolls, he pointed out. Ramp costs figure out to about \$200 per space, said Steve Morgan, member of the housing authority board. This is equivalent to the estimated costs of the 50-year surface lot proposed, he said.

A parking ramp cannot be sold for any other use, added James Klein, commission secretary, while a level lot can be used for other purposes.

In moving to recommend the purchase, Schain suggested revenue figures be assembled both for five-cent and 10-cent meters.

## Minnesota City Vote on School Bonds July 7

MINNESOTA CITY, Minn. — Electors of Minnesota City Common School District 2565 and two other common districts joining it, July 1, will go to the polls July 7 to vote on a building program estimated at \$195,000.

Residents of Felsch District 2629 and most of Stockton Valley District 2567 also will vote at the election in the Minnesota City Elementary School between 2 and 8 p.m.

Robert Dunn, chairman, said the board of education decided Monday night to ask voter approval of the building program. Eckert & Carlson, Winona architects, have given the board preliminary plans.

Dunn said the pressing educational needs of the district are apparent to the majority of its residents. Several proposals have been considered for some time by the board, which now feels it has plans that will satisfy school needs as soundly and economically as possible.

## Legion to Visit Nine Cemeteries

## Area Wisconsin Parks Ready in Limited Way

The two Wisconsin state parks in this area, Perrot at Trempealeau and Merrick at Fountain City, are being readied for Memorial Day and the first holiday weekend of the summer. The Mississippi River flood limited facilities somewhat.

Irvin Stazewski, superintendent at PERROT PARK, said the flood put his work about 60 days behind. He said all river parks will be more crowded than ever because of the limitations imposed by the flood, so campers should have alternate spots in mind if they don't find room in their usual spot.

The beach at Perrot won't open. Because of continued high water, it has been impossible to get a safe water report from the State Board of Health. However, two new 5-unit changing stalls are being built.

Two new toilets are being built in the picnic area, which is open, and drilling a new well is in progress at the boat landing.

Fourteen boys paid by the Job Corps are clearing and cleaning the park. They were on 20-hour weeks during the school term at Trempealeau but now are on full time. Two limited time men also have been hired, and four regular employees are at work.

Trail repair has started and Brady's Bluff trail is being resurfaced with crushed rock.

Last year 131,250 persons visited the Perrot Park and 10,346 camped there. The park will be increased to 1,355 acres with acquisition of 300 more acres over the next 10 years.

A temporary camping area for 36 units has been set up at MERRICK PARK, where Ellisworth Korte is superintendent.

This is near the entrance to the park and along Fountain City Bay. The regular camping area near the south end of the park was covered by floodwater. It's muddy, wet and soggy, and holes washed out will have to be filled. Two toilets were tipped.

The picnic area is ready and in use, three groups being there today. The concession building won't be ready for Memorial Day.

Korte said the beach won't be open for the weekend because it's still flooded, lines are down, and it's too early to check for contamination.

Twenty boys and girls, with two retired adults as supervisors, arrived at the park Thursday morning, hired by the Job Corps to help in the cleanup. They'll work until June 24.

### St. Charles Pastor To Speak at Peterson

PETERSON, Minn. (Special) — The Rev. Neil Christoperson of Faith Lutheran Church, St. Charles, will speak at the Memorial Day program at Peterson Sunday at 2 p.m. following the parade.

The parade will consist of the high school band, Boy Scout Troop 52 and members of Gilbertson-Rude American Legion Post 256.

Bonnie Johns will recite "In Flanders Field." Pastor James Asp will give invocation and benediction. The program will be held outside unless it rains, then it will be transferred to the high school auditorium. Beginning at 11:30 a.m. dinner will be served by the Legion Auxiliary at the auditorium.

## Plainview School Enrolls 250 in Summer Courses

PLAINVIEW, Minn. — Some 250 have enrolled in six-week summer courses at Plainview Community School June 14 to July 23.

A total of 34 academic courses is offered in both elementary and high school, plus driver education, music and recreation. Tuition will be free to residents. The fee to nonresidents will be \$30 for two-hour courses.

Four-hour junior high one-credit courses in English, science, mathematics and social studies will run from 8 a.m. to noon. Two-hour enrichment courses for junior high will run in two sessions, 8 to 10 a.m. and 10 to noon. Available will be industrial arts for girls; crafts and projects for boys; art; speech and drama; personal typing; science, nature study, and developmental and remedial reading.

ELEMENTARY courses offered include for grades 2 to 6, remedial reading, adventures in reading and remedial mathematics; for grades 3 to 6, instrumental and vocal music and art, and for grades 4 to 6, science.

Special instruction will be offered on an individual basis for students who have a definite speech defect and need additional instruction.

The Senior high academic program offers one-credit courses four hours daily 8 a.m. to noon in woodworking, mechanical drawing, higher algebra, remedial English, bookkeeping and American history.

Half-credit courses running two hours daily from 8 to 10 a.m. and 10 to noon will be offered in field biology, art, office machines and personal typing.

Enrichment courses running two hours daily, with no credit, are speech and dramatics, crafts and projects for boys, composition, industrial arts for girls, developmental reading and advanced science (biochemistry).

THE SUMMER recreation program for boys and girls, elementary and secondary, conducted by Jerry Eckstein, will include: Pee Wee baseball, 12 and under; midjet baseball, 12-15; Legion baseball; tennis; swimming and Red Cross swimming; softball; golf; games, and hiking.

The music program will last 10 weeks, directed by Dale Kallman.

For the driver education program, a driver's permit is required. Six one-hour lessons will be given in a 10-week period as arranged by Verne Herman, teacher. Adults will be charged \$3 per lesson.

A student must sign up for at least two courses in addition to driver training, music and recreation under the foundation aid support of the summer program.

#### KELLOGG PATIENTS

KELLOGG, Minn. (Special) — Miss Susan Schouweiler and Theodore F. Griffith are patients at St. Elizabeth's Hospital, Wabasha.

#### PATIENT FROM NELSON

NELSON, Wis., (Special) — Joe Busch, who had a stroke a few weeks ago, still is at St. Elizabeth's Hospital, Wabasha. Mrs. Tena Hess was admitted there Monday.

DEAR ABBY:

## It Ain't Proper To Protest Seating

By ABIGAIL VAN BUREN

DEAR ABBY: My husband and I recently attended a very lovely dinner party at the home of a friend who always does things just so. Dinner was announced and we all went to the table to find our places. The hostess had place cards. When one lady discovered she was seated next to her own husband, she said loudly, "I don't have to go to a party to sit next to HIM." The hostess immediately switched a few place cards so that the couple was split up. What do you think of such a performance on the part of a guest? And aren't married couples supposed to sit next to each other at dinner parties?

DEAR MILANDER: There is no set rule about seating married couples at an at-home dinner party. But guests should sit where the hostess seats them. And those who complain about the seating arrangement could find themselves sitting home.

DEAR ABBY: Our nine-year-old son is ruining our vacation plans. We have four other children and he is the only one who has ever given us any trouble. We planned to take a house on the beach for the last two weeks in July, but Danny refuses to go. We can't go without him, and we can't leave him home alone. He says he will "do something" and get sent to a reformatory, or run away to an orphanage, but he will not go with the family to the beach. We can't use physical force to get him in the car and we can't strap him in and lock him up so he won't run away. Can you help us?

ABBY

WORRIED MOTHER

DEAR WORRIED: If you are actually "worried" about the threats of a nine-year-old to "do something" for which he will be sent to a reformatory, or "run away," you have something to worry about. Your son has you where he wants you. His behavior is a symptom of a deeper emotional problem. Take him to a child psychologist and find out why this child rebels against authority. And learn how to cope with it.

DEAR ABBY: Will you please tell me how to express myself so as not to insult a doctor when I bring up the subject of money? I have run into so many situations where they avoid telling you until after the third or fourth visit. I once asked a doctor on my first visit how much he was going to charge me and he said, "If you think I am going to hold you up, you can go to someone else." If you buy merchandise you want to know how much it's going to cost. Why do professional men take this attitude about their services?

DEAR INTERESTED: Every ethical doctor is willing to discuss money with the patients. All the patients need do is ask, "How much do you charge for an office visit? Or a treatment? Or for that kind of operation if surgery is required?" The doctor cannot always give you the exact amount because he, himself, doesn't know how many treatments or visits you will need. But if a doctor refuses to discuss money — go elsewhere.

CONFIDENTIAL TO "DISTURBED": In these days when people can stand by and watch a knife, a beating or any other evidence of man's inhumanity to man, it might be timely to quote the poem, "DEVOTIONS" by John Donne: "Any man's death diminishes me, because I am involved in Mankind; And therefore Never send to know for whom the bell tolls; it tolls for thee."

## WSC to Offer Sociology Major

Winona State College will offer a sociology major leading to a bachelor of arts degree beginning next fall, according to Dr. Daniel B. Hoyt, chairman of the division of social science.

The major of 40 to 44 credits and will consist of existing courses. Those interested should contact either Dr. Hoyt or Larry D. Connell.

Since some upper division courses will be offered only in alternate years, students interested in the major should contact one of these men, said Dr. Hoyt.

Teaching sociology courses will be Connell and Mrs. Marguerita Rittman as well as a new staff member who will join the faculty in September.

The new major will not affect the sociology minor, which has been offered several years.

## Sales Taxes Spread To 39 States; Rates Going Up

SALES TAXES ARE now effective in 39 states, the rate trend is definitely up and it's a cinch if Gov. Elmer L. Andersen had won the recount instead of Karl Rolvaag, Minnesota would have a sales tax today, tax reform and reapportionment ... but that's politics.

With New York and Idaho enacting a sales tax this year, 39 states and the District of Columbia now tax sales. New York has enacted a broad-based, statewide 2 percent sales and use tax covering personal property, services, utilities, hotel occupancies, restaurant meals and admissions effective Aug. 1.

Then, all present authorization for local sales and use taxes expires. Subsequent to this date, cities, counties and certain school districts are authorized to levy a state-collected sales and use tax up to but not exceeding 3 percent so that the combined state-local sales tax rate does not exceed 5 percent.

The Empire State's enactment will require New York City to lower its present sales and use tax from 4 cents to 3 cents per dollar purchase of items in the nation's largest city, but the net effect will be a boost to a nickel because of the new state law.

IDAHO'S NEW 3 percent sales and use tax becomes effective July 1. Rate increases for existing sales taxes also figure in state legislative action.

Kansas passed a sales and use tax increase from 2½ percent to 3 percent beginning May 1. South Dakota has hiked its sales tax from 2 percent to 3 percent, and broadened its base to cover specified services, effective July 1. Also going from 2 percent to 3 percent on June 1 is the Colorado sales tax rate.

Rhode Island's sales tax rate increases from 3½ percent to 4 percent upon the signature of the governor who sought the hike, while Washington's omnibus tax law includes a sales tax increase from 4 percent to 4.2 percent—both beginning June 1.

Utah and West Virginia have permanently fixed their sales tax rates at 3 percent, effective July 1. Wyoming has increased its sales tax from 2 percent to 2½ percent, authorized a ½ of 1 percent local levy and broadened the sales tax base to include rental receipts from hotel and motel occupancy. North Dakota's legislature has increased its sales tax from 2½ percent to 3 percent, effective July 1, and broadened the base to include a variety of services.

THERE MAY BE A special session of the Minnesota Legislature soon to again consider tax reform which certainly would have to include a sales tax. This is what state Sen. P. J. Holand of Austin, representing Dodge and Mower counties, has to say about the subject:

A sales tax protects the low income family, reduces real estate taxes on all home owners, as well as provides considerable tax reduction for senior citizens living in their own homes and are caught in the spiraling cost-squeeze of inflation. It will also provide more money for school aids, public welfare, mental hospitals and public services of all kinds.

It will provide encouragement for all industry production and expansion — large and small — which is long overdue, thus providing more jobs all over the state in small communities and metropolitan areas, creating a broad tax base.

Taxes at all levels are confiscatory in townships, school districts, villages, cities, counties and state. They go in only one direction — up. A sales tax will halt and even lower all real estate and income taxes.

A 3½ PERCENT sales tax will provide 214 million dollars of badly needed revenue of which out-of-state residents will pay 30 million dollars during the next biennium.

The proposed uses of the 214 million dollars are as follows:

36 million refund or credit for replacement towards income taxes of low income and large families.

36 million appropriated to the state treasurer for tax relief to senior citizens.

80 million to eliminate all personal property taxes on livestock, machinery, feed, fertilizer, business inventory and production machines.

30 million for reducing all real estate taxes on all homes by 20 percent.

30 million for assistance to all local units of government, townships, villages, cities and counties.

LET US CITE a common example of a family of four with \$6,000 a year income. They will end up paying \$17 per year on the sales tax plan. They will pay out \$105 a year in a sales tax. However, they will obtain \$48 in real estate relief on their home plus a \$40 deduction, which is \$10 per person, on their state income tax. The savings to the family of four is \$88 per year because of the sales tax.

We must realize that a sales tax will pick up 30 million dollars during the biennium from out-of-state tourists, visitors and business people. Anyone who leaves Minnesota pays a sales tax in 39 other states in the nation and has no objection to help other states meet their tax revenue measures for their needed local and state governmental services.

THE SMALL business man and low income large families will be helped most by a sales tax. They are at the foot of the ladder. When you help the little person regain their self respect you automatically help all segments of our people. A sales tax will bring untold prosperity to Minnesota at all levels.

## TODAY IN NATIONAL AFFAIRS

### Dictatorship on Voting Feared

By DAVID LAWRENCE  
WASHINGTON — On the day the voting rights bill becomes law, a federal dictatorship will begin. Some states will, for all practical purposes, be driven out of the union. They will not be able — as is the privilege of all other states — to enact and enforce certain laws unless the attorney general of the United States, or perhaps, subsequently a federal court, declares that such state laws may be permitted to operate.

On provision of the pending bill specifies that certain states shall not be allowed to prescribe the qualifications for their own voters if the U.S. attorney general determines that "test or device" has been used during the five preceding years for purposes of discrimination in individual cases.

The phrase "test or device" is defined as any requirement that as a prerequisite for voting or registration for voting, a person must demonstrate the ability to read, write, understand, or interpret any matter, demonstrate any education achievement or his knowledge of any particular subject, possess good moral character, or prove his qualifications by the voucher of registered voters or members of any other class.

THE FEDERAL government, therefore, becomes the judge of whether certain state laws—although duplicating statutes existing in several other states of the union — shall be permitted to operate at all in what might be called "suspicious states."

While there is a provision for court review, the whole issue turns on the circumstance that what is lawful in one state of the union could be adjudged unlawful in some other state — based wholly on suspicion of alleged abuse or misuse of power.

Hitherto, whenever the Constitution has been violated, the courts have been in a position to punish the guilty individuals, including state officials. But this is the first time that a whole state is to be deprived of its constitutional right to set voter qualifications, even though these may be identical with state laws in other parts of the country which are being left untouched. The phrase "equal protection of the law" becomes a mockery so far as the federal government is concerned.

"WHAT IS happening today is reminiscent of the 'tragic era' of 100 years ago, when Congress disregarded the doctrine of Abraham Lincoln about an 'indivisible union,' and actually expelled from the union certain of the southern states. The whole theory of the Lincoln administration was that there was no right of secession and that the southern states were a part of the union, though in rebellion.

## Supreme Court Mail Ruling To Help N.Y. Congressmen

By DREW PEARSON

WASHINGTON — There is more than meets the eye in the unanimous Supreme Court decision slapping down Glenn Cunningham, the rabble-rousing congressman from Omaha, and his attempt to restrict Communist literature from the U. S. mails.

No. 1 — The decision will have repercussions on the election of the next mayor of New York.

No. 2 — It should give more backbone to politicians in both the Republican and Democratic parties when it comes to standing up against witch-hunting.

Up in New York City where the Republican party is grooming a new hopeful, John Lindsay, for mayor, later for President, the Supreme Court decision will strengthen his prestige. For only two congressmen, John Lindsay and William Fitz Ryan, Democrat, had the courage to vote against the Cunningham amendment.

THE congressman from Omaha had made it appear that anyone was pro-Communist who voted against his requirement that those who wanted Communist mail delivered to them must notify the post office. As a result of his forensics every member of the House chickened on the constitutional right for freedom to read except Lindsay and Ryan.

Last January, Ryan, a Democrat, had the courage to stand up on the House floor and challenge the right of Mississippi congressmen to take their seats because of Mississippi's denial of Negro voting rights. No one expected him to get more than a handful of votes, but he rolled up so many that sentiment has now swung in his direction and the Mississippi congressmen may well be unseated.

To get the full significance of the Supreme Court's decision you have to go back to 1961, which was six years after Senate censure of the late Joe McCarthy brought an end to witch-hunting. Supposedly McCarthyism was dead. However, GOP Cong. Cunningham, darling of the John Birchites, Rev. Billy James Hargis and the Texas oil tycoons, seized on the Communist mail issue and fanned it. Since the United States wants its literature sent through the mails of Communist countries, it does not object to having Communist literature sent through our mails. In addition, as the Supreme

Court has now held, the Constitution provides that any citizen shall have the right to read what he wants.

REP. Cunningham, who opposes this right, tacked his amendment on to the postal rate increase bill in September 1961.

Since the Kennedy administration wanted to raise postal rates more than it wanted to protect civil liberties, it didn't object. Only one man in the Post Office Department, Tyler Abell of the legal division, did his best to block the amendment. It finally passed the House in January 1962 after Rep. Ryan tried his best to defeat it. Only his Republican colleague Lindsay voted with him.

In the Senate hearings, Cunningham made an impassioned plea for adoption, deliberately twisting the facts. But the Kennedy administration sent word to get the postal-rate increase adopted no matter what; to pass the question of constitutionality on to the Supreme Court. This was what finally happened.

The late Edward R. Murrow, already seriously ill, dragged himself down to the Senate post-office hearings to make a dramatic plea in opposition to the Cunningham amendment. He told how the U. S. Information Agency had worked to get U. S. propaganda distributed in foreign countries and how this was sure to

undo all our efforts.

His plea fell on frightened ears. The Senate post-office committee voted the easy course. And on the Senate floor the only senator with the courage to stand up and fight was Joe Clark, the ex-mayor of Philadelphia, who, working with post office attorney Tyler Abell, drafted three amendments.

THE FIRST. To kill the Cunningham amendment altogether, got nowhere. Most senators agreed that the Communist mail restriction was unconstitutional but they were scared out of their wits by the Billy Hargises and the Birchites. They passed the buck to the Supreme Court.

On Clark's second amendment, a milder version, he won over 23 senators. But he still lost. His third amendment passed the buck to the President by giving him the power to restrict Communist mail "if in the national interest." Sen. Mike Mansfield, D-Mont., the majority leader, supported this.

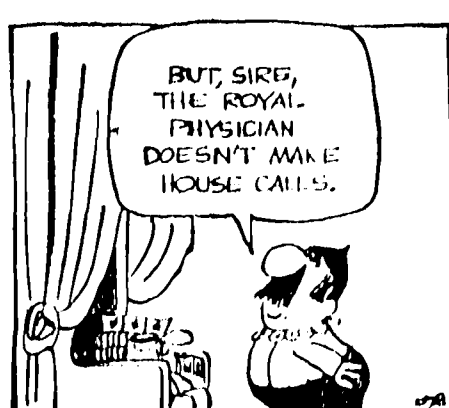

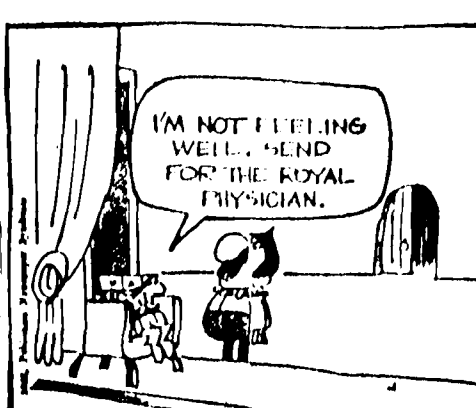

"Does the senator speak for the administration when he makes this recommendation?" asked Sen. Tom Kuchel.

"I speak for the senator from Montana," replied Mansfield, hastily making it clear that President Kennedy was taking no part in the controversy.

## WASHINGTON CALLING

### Is U.S. Press Telling Secrets?

By MARQUIS CHILDS

NEW YORK — Whatever else one may say about the newspaper business, self-examination is one of its virtues. Searching questions about right conduct or wrong conduct are put whenever workers in the journalistic vineyard gather together.

This continuing dialogue has a bearing on the growing feeling in Washington that somehow "our" press again and again gives away "our" side. Since the beginning of the cold war the smoldering resentment, so close to the surface today, has been directed at a free press allegedly giving aid and comfort to the propaganda of the enemy.

ALTHOUGH APPLIED to domestic reporting, this same searching self-examination was the theme of the Joseph Pulitzer Memorial Lecture delivered at Columbia University here the other day by Wallace Carroll, editor and publisher of the Winston-Salem, N.C., Journal and Sentinel. Carroll contended that far too often newspaper reporting gives the shadow and not the substance, an angle and not the essence, of important news events.

Americans wrestling with the Dominican crisis cite as a cardinal example correspondents' reports from Santo Domingo stating that American forces on the island joined the military junta in repressing the rebels. They say that never at any time were Americans authorized to help Brig. Gen. Antonio Imbert Barreras impose his will on the rebel army of Col. Francisco Caamaño Deno.

FOR AMBASSADOR Adlai Stevenson, caught in the crossfire between the Organization of American States and the United Nations Security Council, news reports of Marines and paratroopers firing alongside Imbert's men were most embarrassing. They flatly contradicted official reports by way of the State Department as Stevenson was doing his best to establish the credibility of America's effort to form a compromise government. One news report said that American helicopters were acting as spotters for the fire of the Imbert forces.

Granted the chaotic condition prevailing and the certainty that if Americans were fired upon by the rebels they would fire back, this is nevertheless a serious accusation. It says, in effect, that Americans fighting alongside the junta conveyed an inaccurate if not a false picture of what was happening in those critical days.

FOR THE outsider from this distance any judgment on the dispute is impossible. Even though the situation in Santo Domingo seems at last to be moving toward a minimum of order, it would seem that a responsible press, and not merely individual newspapers, has a duty to look at the facts in this controversy.

But the resentment toward the press in Washington goes deeper than a single controversy or a particular set of facts. In very high quarters indeed the resentment at any criticism, whether implied in the news columns and in commentaries or directly in editorials, goes so far as to equate this with disloyalty. A conspicuous target for the White House is The New York Times. Critical editorials on Viet Nam and the Dominican intervention and in-depth reporting from Saigon and Santo Domingo have irritated both the Kennedy and the Johnson administrations.

THE RESENTMENT of any criticism — indignation it often is — suggests that the press should be an aid to government, a billboard for official policy. Without putting it in so many words these officials seem to be saying that having to suffer the press of the Communist world with its incessant attacks on American policy, it is too much to take it from our own press as well. From that attitude it is only one short step to controlled offi-

### To Your Good Health

## Tetanus Shots for All Urged

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: It is said that one can get lockjaw from an injury from a rusty implement. Where I live the water often comes through rusty, due to old pipes. I suppose, could one get lockjaw if there was a small wound in the mouth or digestive system?—R.M.

Rust has nothing to do with tetanus—lockjaw. Tetanus comes solely from a germ which breeds only in airless places.

The rusty nail idea probably developed because, first, a rusty nail probably has been lying around somewhere in dirty surroundings, and hence may have picked up the germ; second, because a nail or similar object makes a puncture wound. The germs can be trapped deep inside, and begin to multiply once the wound closes over and excludes air. A cut, on the other hand, usually bleeds freely (washing out germs) and is more likely to remain open so air can enter.

SO STOP worrying about getting lockjaw from rusty water.

Nevertheless, let's be up-to-date about things, and take a couple of precautions.

First, the water probably indicates that the pipes need attention. The rust itself won't hurt you. But if a pipe rusts through, making even a small leak, it becomes a place through which some other form of contamination could enter.

Second, the lockjaw germ can lurk anywhere — barnyards, city streets, dirty basements, rubbish heaps or dumps.

IF YOU WERE hurt in a bad accident of some kind, it would be a routine precaution for doctors to give you an anti-tetanus injection.

But what if you pick up the germ from what seems to be a minor injury? A splinter, since it makes a puncture-type wound, can be dangerous.

Your protection against that is to have a tetanus inoculation with a simple booster every five years.

If I had my way, everybody would be protected from infancy throughout life.

Remember, tetanus was virtually unheard of among our troops in World War II despite all the dreadful wounds and the dirty battlefields. Vaccination is the sure way to prevent lockjaw.

cial reporting and the commentary that simply parrots the official line.

What this shows is a lack of any understanding of the role of a free and responsible press.

## Radcliffe Asking

Repeal of Tax

On Livestock

STURM, Wis. — Bills which would repeal the personal property tax on farm livestock and require used cars previously used for police work to have notice to that effect stamped on the title are being supported by Jackson-Trempealeau County Assemblyman John Radcliffe, Sturm.

Radcliffe also is co-sponsoring a bill which would provide technical training scholarships for needy Indians. Lack of proper schooling has put many Indians in this constituency on relief because they can't get jobs in factories, he said.

Radcliffe said, "With farm income at a low level, I feel the state should be willing to help ease the high tax burden farmers now are paying. It takes years of output before a farmer can begin earning a profit from his livestock. To make him pay taxes during this period on property that is not producing income isn't reasonable."

Radcliffe said, "We have received many complaints from constituents who have purchased used cars from dealers which were beat to pieces from police work. They were completely worn out within a few weeks." Radcliffe is co-sponsoring the bill that would inform the buyer he is getting a used police car.

## Chatfield Pool

Work to Start

CHATFIELD, Minn. — Work on a community swimming pool is due to begin here Tuesday or within seven days of that date, according to a contract with the Minnesota Pool Co., Hopkins.

Directors of the swimming pool board announced this week the pool fund is \$26,023 - \$73 over the base contract. Construction of deck, fence and bathhouse, costing an additional \$13,000, will be contracted to early.

Alma to Conduct  
Memorial Day  
Rites Saturday

ALMA, Wis. (Special) — Memorial services will be conducted at Alma Saturday.

The parade will assemble at the American Legion rooms at 1 p.m. and start for Alma Cemetery at 1:30, where Pastor Jerry Kuehn of St. John's Lutheran Church will deliver the address.

Following 30 seconds of silent tribute to the war dead, a salute will be fired. T. C. Jensen and Kenneth Jackelen will sound "Taps." The high school band will play. Walter Kalmes, American Legion commander, will be in charge. Roger Hartman, post chaplain, will give the prayers. Graves will be decorated by Boy and Girl Scouts, Cubs and Brownies.

At 4 p.m. two firing squads will fire salutes and conduct services at area cemeteries. One will be at Herald Cemetery at 4:15, Cream Lutheran Cemetery, 4:40, and Town of Lincoln Cemetery, Praag, at 5. The other squad will be at Tell Church Cemetery at 4:15, Lyster at Modena, 4:40, and Nelson Church Cemetery, 5.

Alma's 96-year-old Gold Star Mother, Mrs. Anna Gobar, will keep her record of never missing a Memorial Day parade and service by attending. Her son, Ralph, died in World War I.

Mrs. Elizabeth Mueller, another Gold Star Mother here, died Sunday at 93.

Jerome Baeker, Archie Brovold and Herbert Stohr are in charge of the memorial services.

## WHS Librarians

Conduct Program

Members of the Winona Senior High School Library Club and their sponsor, Miss Janet Newcomb, entertained 30 guests at a "Biblio Collection" — or librarians' gathering — at the high school library Wednesday evening.

The program included introduction of members, presentation of awards by Miss Newcomb and characterizations of famous characters in literature during which guests were asked to identify the characters. A reading was given by William Green and accordion music was furnished by Edward Babler. Refreshments were served.

On Saturday the Senior High Library Club will go to Minneapolis for a tour of the University of Minnesota library, Walker Art Center, Como Park and sightseeing in Minneapolis. Two food sales conducted by the club during the past year will finance the trip.

## Whitehall Summer

Schedule Announced

WHITEHALL, Wis. (Special) — Summer sessions in reading improvement will begin at Whitehall High School Tuesday at 8:30 a.m.

Two buses will be operated, according to Abner Thompson, who has the bus contract with the district. Route 1 bus will start at the Theodore Von Uhl residence at 7:30 a.m. and stop at Pleasantville, 7:40; Lorentz Mattison's, 7:50; Fuller Coulee, 8:10; and Fly Creek, 8:20. Route 2 bus, starting at Lloyd Olson's, Northfield, at 7:30 a.m., will be at Pigeon Falls at 7:45; Coral City, 8, and Harry Kulig's, 8:15.

## Man Killed While

Launching New Boat

ST. PAUL, Minn. — Albert Zachman, 27, was injured fatally Wednesday while launching a new boat in the Mississippi river here.

Zachman and his father, Arnold A. Zachman, St. Paul florist, had backed the boat and trailer to the water's edge of the Harriet Island ramp then eased them into the water with a cable.

Police said the car brakes apparently failed and it rolled down the ramp, pinning young Zachman between the car and boat. The elder Zachman, who was in the boat, held his son's head above water until rescuers arrived. Zachman died in a St. Paul hospital about two hours later. He suffered internal injuries.

Indoor Program  
Planned at  
Harmony Monday

HARMONY, Minn. (Special) — The Memorial Day program here will be held at the high school auditorium Monday at 10:30 a.m., preceded by a parade from the Harmony Hotel.

American Legion color guard, firing squad, members, service men, auxiliary, senior and junior band, Gold Star Mothers, Boy, Cub and Girl Scouts and Brownies band will form the line of march at 10.

The Rev. Thomas McHugh will give the address and prayers. Mrs. Viola Anderson, president of the auxiliary, will give the tribute to Gold Star Mothers. Eugene Goede will direct the bands in selections. The color guard will advance and retire the colors. Boy Scout Troop 74 will lead in the pledge to the flag.

Representing the Wisconsin Hotel, Motel and Resort Association, Lore opposed a bill introduced by Assemblyman Louis Cecil, R-Milwaukee. Lore said members of his association would be forced to lay off employees and curtail services if the measure passed.

"Mark my words — these people will not thank you for boosting their wages," he warned. "They will blame you for losing their jobs."

Lore argued that the "real cause of low pay is low productivity," and the solution was to find ways of increasing productivity, not to pass laws increasing wages.

The bill would set the \$1.50 minimum wage rate for persons working 25 hours or more a week. It would not include farm laborers, full time students working less than 40 hours a week, salesmen working on a commission basis and certain telephone operators.

## Minnesota on

New Ulm Street

Project Killed

By THE ASSOCIATED PRESS  
Raymond Barlund, 43, Fertile, Minn., employed by Arcon Construction Co., Mora, Minn., was killed while at work on a street construction project at New Ulm, Minn., Thursday night.

Police said Barlund was covering newly poured concrete curb when he was struck by a car driven by 16-year-old Fred Miller of New Ulm. The street, although marked as a construction project, had been in use by traffic.

Killed early Thursday when the car he was riding in smashed into a bridge abutment in south Minneapolis was Dennis W. Farias, 21, Minneapolis. Authorities said the vehicle went out of control at the turnoff point of a cloverleaf interchange being built at Interstate 35W and County Highway 62.

The driver, Steven P. Schaefer, 20, Hopkins, was treated for minor injuries at a hospital and released.

The deaths raised Minnesota's 1965 traffic fatality toll to 215, or 77 behind the pace one year ago.

They were presented Bibles by Mrs. Ardell Matson, Sunday School superintendent.

Vacation Bible School teachers were installed. Mrs. Donald Erickson will be music director and Mrs. Ardell Matson, devotional leader. School will start Tuesday and continue through June 11.

## LAKE CITY BURNING

LAKE CITY, Minn. (Special) — Three former pastors and friends attended the church mortgage burning ceremony Sunday at Assembly of God Church here. They included the Rev. L. D. Peterson and the Revs. Larson and Jacobson. Also attending was the Rev. Kenneth Freiheit, secretary and treasurer of the Minnesota District Council. He is the son of Mr. and Mrs. Albert Freiheit, rural Lake City. Mrs. Thor Rosen, one of the charter members, read the history of the church and Kenneth Swagger discussed important events.

BLAIR CLOSED MONDAY BLAIR, Wis. (Special) — Most Blair merchants will be closed for the observance of the Memorial Day holiday Monday, according to the retail trade committee of the Blair Chamber of Commerce.

## Spring Grove Man To Be Ordained

SPRING GROVE, Minn. — Norman G. Omodt, son of Mr. and Mrs. Melvin Omodt, Spring Grove, will be ordained into the ministry of The American Lutheran Church on June 6 at 2 p.m. The ordination will be held in his home church, Faith Lutheran of Spring Grove.

The Rev. Dr. Janis Rozentals, professor of New Testament at Luther Theological Seminary, St. Paul, will be the ordinator and preach the ordination address. The Rev. C. Richard Johnson, Eau Claire, Wis., will be the liturgist.

Other participants will be the Rev. Obit Rust, Albert Omodt

Lea; Layne Haugen of Decorah, Iowa; Rolf Stortie, Houston, and Henry Haugland and Melvin Omodt, Spring Grove.

Omodt was born at Caledonia. Following high school, he farmed with his father two years. He enrolled at Luther College, Decorah, Iowa, in 1958, receiving his bachelor of arts degree in 1961. The same year he enrolled at Luther Theological Seminary and will graduate Sunday.

He married Anita Haugen of Forest City, Iowa, in 1962. He has accepted the call to serve as a missionary-pastor in Colombia, South America, and will leave for a year of language study at Costa Rica in August.

BLAIR CLOSED MONDAY BLAIR, Wis. (Special) — Most Blair merchants will be closed for the observance of the Memorial Day holiday Monday, according to the retail trade committee of the Blair Chamber of Commerce.

## Galesville Youth Throws Bottle, Girl's Face Cut

GALESVILLE, Wis. (Special) — What sounded to some citizens of Galesville like an assault with a deadly weapon was not quite that, but serious enough.

One of five high school boys driving to school threw a pop bottle out of the car to scare girls on the sidewalk. The bottle exploded against the curb. Flying glass hit Mary Faye Johnson, daughter of Mr. and Mrs. Donald Johnson, inflicting a gash in her left leg which required eight stitches.

Chief of Police Gary Redsten rounded up the boys. They will pay damages, and were ordered to apologize to Mary Faye and her mother.

Mayor Ralph Myhre has ordered apprehension of persons littering the streets and throwing bottles from moving or standing vehicles.

## Lake City VFW Installs Petrich

LAKE CITY, Minn. (Special) — Sig Petrich was installed as new commander of Bernard Flesche VFW Post 8729 at the clubhouse near Lake City Monday night.

Vernon Willers, past commander, also installed Jake Krismier and Bernie Roosen, senior and junior vice commanders; Floyd Johnson, quartermaster; Richard Meincke, advocate; Ralph Adolph, chaplain; Donald Nibbe, sergeant; and Cliff Sogla, adjutant. W. V. Wilde is retiring commander.

## 4,700 Acres Peas, Durand and Mondovi Beans Planted for

DURAND, Wis. (Special) — Approximately 4,700 acres of peas and beans are being planted for the Durand and Mondovi canning plants, both now owned by the Durand firm.

It is expected pea canning will begin the first week of July, about 10 days later than usual because of the late spring. Bean planting began the week of May 10 and the canning seasons will be about normal: July 12 at Mondovi and July 16 at Durand.

Additional equipment the Durand plant added last year makes it possible to can both crops at the same time, with different crews for each.

About 30 people are employed at the two plants now. At the height of the season the number will increase to about 600, said John Mayer, manager here.

## Caledonia Service Scheduled for Gym

CALEDONIA, Minn. — Caledonia Public High School baccalaureate services will be at the school gymnasium Sunday, not the municipal auditorium as reported earlier.

## Blair Council OKs Home Construction

BLAIR, Wis. (Special) — Blair Common Council, in a special session Monday night, voted unanimously to construct a nursing home, ending some three years of sifting and examining by private groups, local and area churches, and finally the entire city.

By acclamation the council voted to engage Springsted, Inc., St. Paul, as consultant and fiscal agent to assist the city in planning, financing and constructing the home.

In a third step councilmen voted to adopt Ordinance 34 granting it the power to construct, equip and supply the home without submitting it for bids. Section 42.15 of Wisconsin Statutes allows council to waive the bid requirement otherwise applying to contracts exceeding \$1,000.

Circumventing the bidding requirement allows the city to buy an architect-builder in a package deal.

A special meeting has been scheduled at which council will meet with a representative offering the package. If it isn't approved, the council still could call for open bidding since the ordinance only gives it the right to waive that feature; it doesn't insist on it.

In other action the council approved an agreement with Peterson, Hegge & Johnson as counsel in issuing municipal waterworks mortgage revenue bonds through Farmers Home Administration. Waterworks improvement approved by voters in November calls for an additional well and system renovations at a cost of \$135,000.

The council adopted a non-discrimination agreement now required when the federal government is involved in a project, as it will be in the waterworks project and in granting aid for upcoming sewer plant improvements.

## Two Sacred Heart Pupils Nominated For Citizenship Award

MONDOVI, Wis. (Special) — Steven Olbert and Cheri Weber have been chosen as the outstanding boy and girl in eighth grade at Sacred Heart School and are eligible for citizenship awards sponsored annually by the Mondovi American Legion.

## CCA Members May Attend Nearby Towns' Concerts

Winona and area people who are buying season tickets this week for the coming Community Concert Association's series of three concerts, will be pleased to know that there is a reciprocity arrangement with La Crosse and Decorah, Iowa.

A LIMITED number of holders of Winona tickets will be able to attend CCA concerts in those neighboring cities.

The two leading attractions in La Crosse next season will be the Goldofsky Grand Opera and the Minneapolis Symphony Orchestra.

Roger Busdicker, president of the Winona Association, and Mrs. Amy Wilcox, New York

field representative of CCA, who is here this week during the membership drive, announce that the reciprocity tickets will be available at Hal Leonard Music Inc. store.

As is explained in letters that go out in the mail with the membership cards, Winona members must present their membership cards at the music store five days before each reciprocity concert to get special passes. Only a limited number will be available each time and these will be issued on a first-come, first-serve basis. No telephone reservations will be accepted.

**MRS. WILCOX** and Mr. Busdicker remind all workers and prospective members that Saturday is the deadline for the drive. After that no membership tickets will be sold and as usual no single-concert tickets will be available at concert times.

Headquarters for the drive is in the lobby of Hotel Winona, where Mrs. Milton Davenport is in charge with Mrs. Wilcox. A special telephone line has been installed at the headquarters, for those who wish to call in their ticket orders.

# Insulated 'Woolies' Plus Unearned Runs Equal Tourney Win

By GARY EVANS

Daily News Sports Editor

It was a late May afternoon when insulated "woolies" outside ice cream sticks and unearned runs meant more than the honest type earned through base hits.

And because of it, Winona High School's baseball team earned an almost too easy 12-2 five and one-half inning victory that flipped the Hawks into the District

Three tournament championship game.

Although the temperatures astounded spring-renovated thermometers (49 was the Thursday high), the Winona team headed for Rochester and the Big Nine title game today with the messy stench of a 2-1 loss to Albert Lea Tuesday evening.

Ed Spencer was to send his son Todd to the mound for the game that could mean a championship share to Winona. The Rockets are

6-1. Winona 5-2 and Austin 6-2.

It was the booming bat of Todd Spencer that did the majority of damage to St. Charles and pitcher Gary Johnson.

After the Saints had kicked the ball for three first-inning errors, Spencer leveled a one-strike pitch off the left field screen on one bounce for a two-run homer that made the score 3-0.

Then in the fourth he singled for another run and

climaxed his five RBI afternoon with a two-run left field triple in the fifth that made the score 12-2 and put the ten-run rule in vogue.

Spencer, the coach, gave St. Charles its sixth-inning bats and John Ahrens mixed two walks with three strikeouts to take his sixth consecutive victory without defeat.

The win shaved Winona's record to 9-6 on the season and spelled the Hawks' sec-

ond consecutive trip to the district finale, which they won a year ago before placing second to state champion Austin in the Region One tournament.

The championship game, against Kasson, at Mantorville, a 4-3 winner over Lake City last Wednesday, has been set for Wednesday at 4 p.m. at St. Charles.

Unearned runs have proved most troublesome to Winona throughout the season, but the Hawks made up for

some of the damage by scoring eight of the 12 that way Thursday.

St. Charles' ten-single attack, in fact, was three hits better than Winona's. The Saints bunched four consecutive "bingoes" by Brad Henry, Bob Eckles, Johnson and the damaging one by Bob Pederson into both its runs in the third.

But while hit hard, Ahrens remained the master with eight strikeouts and two walks.

Winona's four earned runs came in the fourth inning and featured hits by Jim Doyle, who had two for the day, Spencer and pinch-hitter Gary Curran, who later went to right field.

"We had a lot of help," smiled Spencer, "but we were hitting the ball. And anytime you're putting the ball on the ground, the more chance you have of them booting it."

"John's arm was a little sore, but it was a tough

day. He was warm, but then we had two three-run innings in a row. You just couldn't stay warm through them on a day like Thursday."

While one of the important games is today and the tournament game scheduled for Wednesday, don't be surprised if Spencer smiles if it rains early next week. He would love a completely rested mound staff for the continuation of play-offs.

## NEW YORK AT CHICAGO

# It's Fact, Twins Are Pulling for Yankees

WASHINGTON (AP) — The Minnesota Twins pulling for the Yankees?

At this particular spot early in the American League schedule, that's the way it shapes up.

The New Yorkers are at Chicago tonight, where Yankee resurgence could help the Twins back into first place if the Twins do their part.

Dave Boswell and Dick Stigman were the scheduled pitchers as the Twins opened a four-game series at Washington with a two-night doubleheader.

Going into tonight's game, the Twins trailed the first place White Sox by 10 percentage points and half a game, following a 2-0 loss at Boston Thursday.

The thundering bats of the Twins were silenced on three hits allowed by Dave Morehead and Dick Radatz, follow-

ing eight homers in the two previous games at Boston.

A costly error by third baseman Frank Kostro let in the first Boston run in the seventh inning to unlock the duel between Morehead and Jim Kaat. A sacrifice fly brought in the other.

Radatz, who has had his troubles this spring, was his old "Monster" self when Morehead walked the bases full with one out in the Twins ninth.

Raring back and firing in most fearsome style, Radatz snuffed out the threat by striking out pinchhitters Don Mincher and Sandy Valdespino.

Two singles by Tony Oliva and Kostro's double were the only hits allowed by Morehead, although he walked six.

Kaat ran into trouble when Carl Yastrzemski and Felix Mantilla dribbled singles through

the infield and Tony Congiari beat out a bunt. Kostro booted Ed Bressoud's chopper one out later to let in the run.

CROWD REACTION... Although pro golfer Tony Lema struggled to a four over par 75 during the opening round of play in the "500" Open golf tournament, he didn't lose his sense of humor. This was Lema's reaction to a gallery remark following an out-of-bounds drive. (AP Photofax)

## THAT'S INDY'S HUB-TO-HUB NO. 1 ALIGNMENT

# Gentleman Farmer, Distinguished Dropout

INDIANAPOLIS (AP) — Mr. James Clark Jr., O.B.E., a gentleman farmer of Duns, Scotland, and A. J. Foyt Jr., one of America's most distinguished high school dropouts, will start hub-to-hub in the 49th 500-mile Memorial Day auto race Monday.

It will be a head-on clash of

the top men in two fields — Clark, 29, of the world road racing circuit, Foyt, 30, of the U.S. Auto Club, closed courses.

Clark made the Order of the British Empire on the queen's last birthday honors list. All Foyt made was a quarter million dollars last year.

Beside them in the first row, earned by posting best speeds in two weekends of record-cracking time trials, will be handsome Dan Gurney, 34, international competitor from Costa Mesa, Calif.

Gurney not only is a strong contender but also is godfather of the three British-American

# Warriors Placed Behind Eight-Ball In NAIA Tourney

STORM LAKE, Iowa (Special to the Daily News) — The Winona State College baseball team today felt the ominous task of having to fight the odds for the Region Four berth in the National Association of Intercollegiate Athletics tournament.

Things were stacked squarely against Winona and its weary pitching staff. The Warriors were to meet Wisconsin state representative at 12:30. The winner had to face host Buena Vista College in a late-afternoon doubleheader to win the double-elimination tournament.

Here's what happened Thursday: Whitewater lost the tourney opener to Buena Vista 1-0 on a home run by catcher Tom Selim in the 13th inning; Winona defeated William Jewell of Missouri 8-6 and then lost to Buena Vista 10-8 in 11 innings; Whitewater came back to oust William Jewell by the score of 4-2.

While things appeared bleak, assistant coach Gary Grob wasn't ready to go along with the consensus: "Sure, we're in a tough spot," was his telephone relay. "We'll have our troubles with Whitewater, but if we get past them, Buena Vista has only one good pitcher and he should be about done."

## Changed Lineup Solves Worries

LOS ANGELES (AP) — In recent years, the Los Angeles Dodgers have been so unsteady defensively that their pitchers held their breaths every time a rival batter hit the ball. But no

trade for a hitter, but I couldn't find one," said Bacasi. "By improving our defense, I have cut down on the number of runs we'll allow. It has the same effect of adding that many runs to our side of the ledger."

Podres, 3-0, survived three walks and eight hits to pitch the victory that lifted the Dodgers two games ahead of second-place Cincinnati.

The National League leaders performed flawlessly afield and clicked off three double plays Thursday night to give left-hander Johnny Podres a 3-2 victory over Milwaukee.

The Dodgers were eighth in the league in fielding in 1964, sixth in 1963 and ninth in 1962.

However, this year's revamped Dodge defense has committed only 33 errors in 41 games this spring and has allowed only eight unearned runs. The Dodgers haven't given up an unearned run in the last eight games only one in the last 13 and two in the last 22.

The improvement is the result of personnel changes at five positions — the installation of Wes Parker at first base, rookie Jim Lefebvre at second, John Kennedy at third, Ron Fairly in right and Lou Johnson in left.

The results bear out what Dodge General Manager Buzzie Bavasi contended last winter when he was criticized for trading slugger Frank Howard to Washington for a starting pitcher, Claude Osteen, and a defensive specialist, third baseman Kennedy.

# Area Athletes Eye State Track Meets

RIPON (A)—Athletes from 192 schools will converge upon Ripon Saturday in the Class B and C track championships of the Wisconsin Interscholastic Athletic Association.

Wisconsin Dells will send 11 individuals and two relay teams into the Class B competition, while Platteville qualified nine youths and both relays. Oregon, however, posted the best sectional performances in the mile and half-mile relays, the mile run and the 880.

There are no defending champions among the 12 individual events from a year ago. The top returnees are Vince Tomasello of Milwaukee Juneau (runner-up in 880) and Ron Messman of Kewaunee (third in both sprints) and Leroy Lorenz of Chilton (third in the 880).

Best sectional efforts: Ron Peterson of Grafton with 10:14 in the 100 (Tom Zeka of Greendale also had a 10-flat during the year); Randy Boushley of Mosinee with 21.7 in the 220; Roger Hake of Jefferson with 51.9 in the 440 (Charles Thorp of Sun Prairie has a 50.4 this year); Dave Pisci of Oregon with 2:00.2 in the 880 (teammate Jim Ellis was next with 2:00.3 and Leon Hansen of Sun Prairie has done the two-lapper in 1:59.8 this year); George Williams of Oregon with 4:29.1 in the mile; Tom Alby of Waterford with 14.9 in the high hurdles and 20.5 in the low hurdles.

Oregon with 3:36.4 in the mile relay and 1:34.7 in the 880 relay; Steve Voeltz of Wittenberg with 6 feet in the high jump; Ken Peterson of Grafton with 22 feet 6 1/2 inches in the broad jump; Tom Lenhard of Cedarburg with 12 feet 4 inches in the pole vault; Andrew Glick of Milwaukee Juneau with 52 feet 10 1/2 inches in the shot and George Risberg of Hartland with 149 feet in the discus.

Class C  
There are no defending champions back from a year ago in any of the individual events but there are two boys who won championships in other events. In 1964, Bill Kinziger of Lena won the 880 a year ago and is competing in the 220 and 440 this year while Dick Haertel of Juneau won the 220 last year and is in the hurdles this year. The top returnees are: DAVE EMMONS of Gale-Etrick (runner-up in 880).

## Harmony Wins Over Canton

HARMONY, Minn. — Harmony won a spot in the District One baseball semifinals here Thursday by defeating Canton 5-0 behind an all-around effort by Bill Barrett.

Barrett struck out nine and walked three in tossing a three-hitter and also wielded the meanest bat with 2-for-4 and three runs batted in.

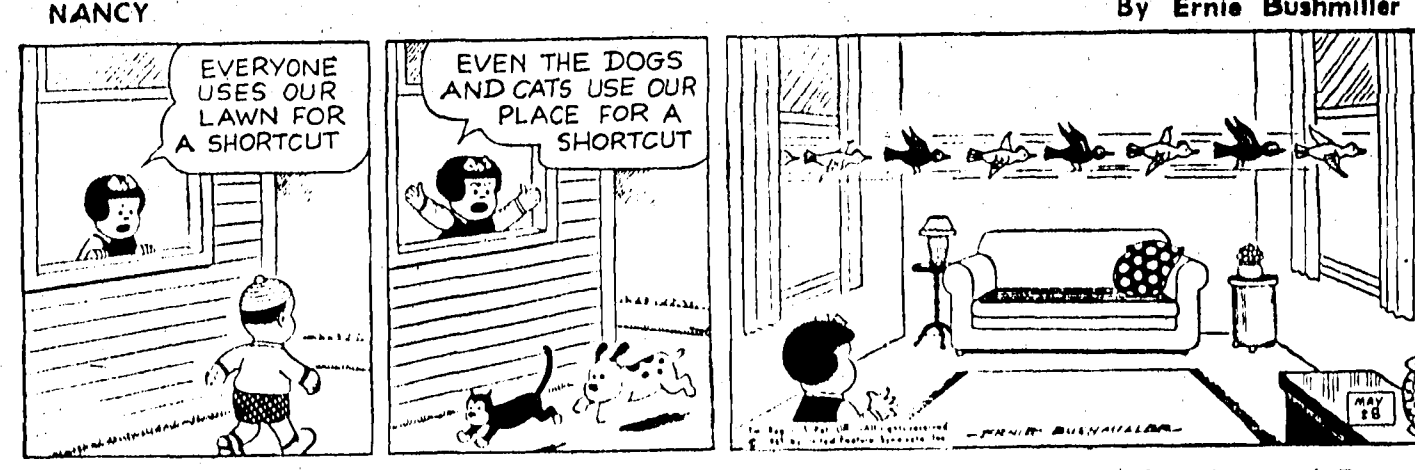

Norm Gillund chucked the five-hit loss. Harmony now is scheduled for semifinal action while the three other quarter-final games were called Thursday and are to be played today.

## Registration For New School At La Crescent

LA CRESCENT, Minn. (Special) — Jerome Thompson, principal of the new La Crescent High School, asked students intended to register now.

Students may call his office at the public elementary school for appointment or stop there Monday through Friday next week.

Scheduling of classes will be

# Winona State Baccalaureate Monday Evening

"Another Person" is the title of the address to be given at Winona State College's baccalaureate service Monday at 8 p.m. in Somsen Hall auditorium.

It will be given by the Rev. Martin G. Olsen, chaplain of the Catholic Newman Center on the campus.

Father Olsen, a former assistant principal of Cotter High School, also is a theology instructor at St. Mary's College.

He received his bachelor of arts in philosophy from St. Mary's and his master's degree in education counseling from Winona State. He is assistant chancellor of the Winona Diocese.

Dr. Nels Minne, college president, will preside. Organist will be Miss Agnes Bard of the WSC music department. The Winona State concert choir, directed by Richmond McCluer, will sing. Commencement exercises will be June 4.

# WSC Teacher To Get Doctorate

Glen Fuglsby, industrial arts teacher at WSC, will receive his doctor of philosophy degree in education at the commencement exercises at Iowa State University, Ames, Iowa, Saturday.

His thesis work was "Occupational Patterns in Four Northwest Iowa Counties." This was a pilot study

which attempted to do for a small area what the Bureau of Labor Statistics does for the United States. However, instead of sampling the population, the entire industrial population in this Fuglsby area was interviewed. The occupational patterns were determined and predictions made on this data.

Fuglsby received his bachelor of science degree from South Dakota State University, Brookings, S.D., in 1949 and his master's degree from the University of Minnesota in 1950.

He is married and has two daughters, Susan Lee, 16, and Paula, 12. The family lives at 1775 W. Mark St.

Fuglsby is currently the president of the congregation at Central Lutheran Church, Winona, and belongs to Epsilon Pi Tau, American Industrial Arts Association (lifetime member), National Education Association (lifetime member), Minnesota Education Association and Minnesota Industrial Arts Association.

He was co-author of "General Mechanical Drawing" in 1959. In 1963 Fuglsby enlarged this book himself. He has had articles published in two professional journals, "Industrial Arts and Vocational Education" and "School Shop."

# St. Paul Resident To Be Speaker At Lanesboro High

LANESBORO, Minn. (Special) — "The Prime Mover" will be the subject of James V. Sheehan, St. Paul, at Lanesboro High School commencement exercises in Community Hall Wednesday at 8 p.m.

A graduate of St. Thomas College, St. Paul, he is affiliated with Lincoln National Life Insurance Co.

Ferdine Olson, school board chairman, will award diplomas to 47 seniors.

The Rev. Donald A. Zenk, St. Patrick's Church, will deliver the sermon at baccalaureate services Sunday at 8 p.m. at the hall.

# Houston Students Get Holiday on Monday

HOUSTON, Minn. (Special) — The State Department of Education will acknowledge that weather conditions this year have caused hardships and will permit Houston Public Schools to complete the term within 169 days of classes without loss of state aid. Therefore the school, as business places, will be closed Monday in observance of Memorial Day.

gin June 5; those who have registered by then will receive first consideration. Registration forms may be obtained from the school office. Early registration will enable Thompson to set up classes, order equipment and make sure an adequate staff is hired.

Any student who will be a senior this fall who hasn't ordered a class ring should call the office for the next filling date.

# 17 Peterson High Seniors to Hear College President

PETERSON, Minn. (Special) — Dr. Joseph Knutson, president of Concordia College, Moorhead, will speak to the 17 graduating seniors at Peterson High School Monday at 8:15 p.m. The students will receive their diplomas from Lyle Bremmer, school board president.

Of the class, five are honor students: Elisabeth Olness, completing high school with a 95 average; Ann Hangerholt, 94; Patricia Agrimson, 92; Douglas Stevens, 91, and LaVerne Paulson, 90. The other graduates are:

Morton Boyum, Donald Gudmundson, Donald and James Halliwell, Barbara John, Joel and Karen Johnson, Lynn Lindgren, Sheryl Lindgren, Larry Olson, LaVonne Paulson and Jean Stevens.

The class selected Douglas to extend the welcome at commencement, Donald to present the speaker, and LaVerne to give the farewell. Elmer Knutson, American Legion commander, will present the post award. The high school band will play processional and selections.

The class motto is "Knowledge is Power," the flower, chrysanthemum, and colors, mint green and white.

# Two Canton High Graduates on Program Tuesday

Dean

CANTON, Minn. (Special) — Two of the speakers at Canton High School commencement Tuesday at 8 p.m. in the school auditorium will be the top honor students, Dean Jones, valedictorian, and Lynne Sorum, salutatorian.

They will appear on the program with Dr. Lyman Julison, Winona State College, who will give the address. He will be introduced by Supt. O. E. Johnson.

Dean, completing high school with an average of 94.5, will major in agriculture at the University of Minnesota, where he received a scholarship. Lynne, completing high school with a 93.5 average, will seek to take registered nurses' training at Luther Deaconess Training School, Minneapolis.

# Blair Mayor Buys Club at Fifield

BLAIR, Wis. (Special) — Blair Mayor Amos Kolve, car dealer here, has purchased Northwood Lanes and Supper Club at Fifield at the junction of Highways 13 and 70, Price County. He opened for business this month.

The operation has a dining room for 120, cocktail lounge, and six-lane bowling alley currently being reconditioned. It was closed about a year prior to Kolve's purchase. The property includes two residences.

# Stocks Move Ahead in Moderate Trend

NEW YORK (AP) — The stock market made a recovery in moderate trading early this afternoon.

Gains of fractions to about a point prevailed among many key stocks but there was also a liberal assortment of losers.

The list was mixed in early trading and began to move ahead cautiously later in the morning.

Caution prevailed because of the Memorial Day weekend. The market will be closed Monday.

Autos, unchanged at the start, were ahead on balance. Steels, airlines, oils, electrical equipments, building materials and office equipments were mostly higher.

The business news background was regarded as mixed. It included word of another loss in U.S. gold holdings and a decline in business loans at major New York City banks. A rise in construction awards and in consumer prices also was reported.

The Associated Press average of 60 stocks at noon was up 6 at 334.9 with industrials up 1.2, rails up .1 and utilities up .2.

The averages were braked, however, by DuPont's 1-point loss.

Pfizer lost 1/2 at 56 on a block of 29,500 shares.

Prices were higher in moderate trading on the American Stock Exchange.

Corporate and U.S. Treasury bonds were mostly unchanged.

**Tangy topper** with a flavor  
that's fresh from the home of quality!

Folks who enjoy gourmet foods really appreciate the rare good  
taste of Quality Chekd Sour Cream. So light, so delicately  
tangy. Perfect for toppings, dips, soups, canapes... entrees, too!

# A Memorial Day Salute

On Memorial Day we pause to honor the dead of all the wars in which this country fought. It's also a day of relaxation, however you prefer it... driving, boating, golfing, puttering in the garden or yard. When mealtime comes, bring the whole family to McDonald's for a treat. You'll find McDonald's means goodness in food and lots of it. The service is fast and the prices will please you.

## Archy Says:

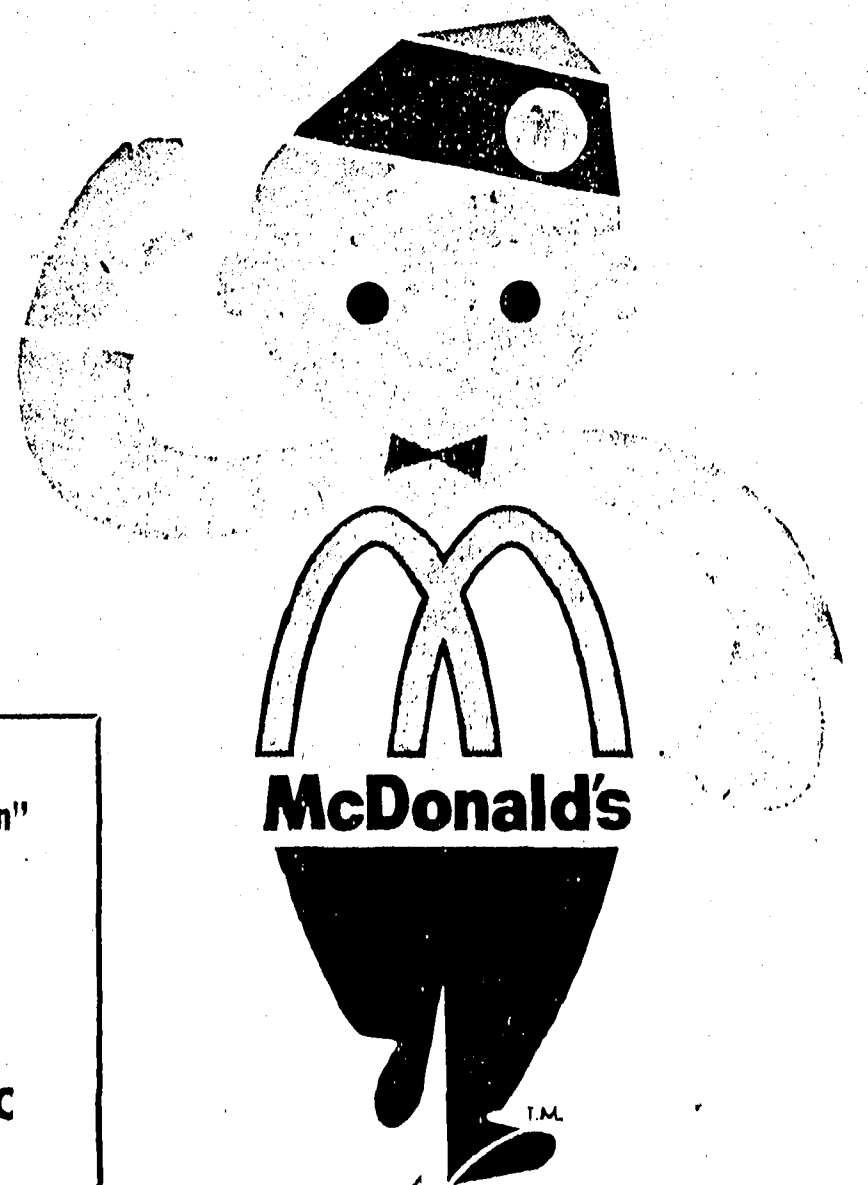

"Drive carefully during the  
Holiday Weekend... we  
want to see you back again!"
