78-Hour Truce Ordered For Viet Nam New Year

U.S. Pulling Some Soldiers Out of Berlin

BERLIN (AP) — The U. S. Army today began withdrawing the infantry reinforcement unit first ordered to Berlin by President John F. Kennedy in 1961 after the Berlin Wall went up.

The first motor convoy of 40 trucks and about 100 men cleared the Soviet autobahn checkpoint without a hitch.

The Army announced last Nov. 23 that the Unit reinforcing the Berlin brigade since the Communists built the Berlin Wall would be withdrawn. Informal sources said a lessening of East-West tension in Berlin influenced the decision.

Some 600 men of the 1st Battalion, 21st Infantry, 24th Division are being moved to duty stations in West Germany by road and train. Removal of the reinforcements reduces the U.S. brigade in Berlin to about 6,000 men.

Gov. Rolvaag Asks Quick, Short 'No-Nonsense' Session

MINNEAPOLIS (AP) — Gov. Karl Rolvaag says when lawmakers meet to hash out the re-apportionment issue, he expects a "no-nonsense session, quick and short."

Rolvaag spoke Saturday night at a Democratic-Farmer-Labor fund-raising dinner which attracted some 1,000 persons to the \$25-a-plate affair.

But the governor advised Liberal legislators not to take extended vacations, adding: "I'd say it wouldn't hurt to take a vacation for a couple of weeks, anyway."

On Friday, a three-judge federal court panel decided not to intervene in the legislative re-apportionment issue. It said the governor and legislators have sufficient time to get the job done.

Rolvaag has declined to call a special session until there is some type of prior agreement with Conservatives, who control the legislature. He vetoed the re-apportionment measure passed last year, contending it gerrymandered in favor of the Conservatives.

Rep. D. D. Wozniak of St. Paul, who is retiring after 16 years, was presented with a plaque by his fellow-Liberals. He is in training in Washington for a foreign service position in the State Department.

Americans to Fire Only in Self-Defense

SAIGON, South Viet Nam (AP) — The commander of U.S. forces in Viet Nam, Gen. William C. Westmoreland, today ordered all American troops to cease firing for 78 hours starting at noon Thursday in observance of the Vietnamese lunar New Year holiday, Tet.

Westmoreland's order seconded the decision of the South Vietnamese government to halt fighting during the national celebration. Similar instructions went to South Korean, Australian and New Zealand troops fighting alongside the Vietnamese and Americans.

The truce more than doubles the 30-hour cease-fire observed by Allied forces during the Christmas holiday. But it falls 18 hours short of the Tet truce proclaimed by the Viet Cong. They have promised not to attack from 11 p.m. Wednesday to 11 p.m. Sunday, a total of four days.

Westmoreland ordered a cease-fire from noon Thursday to 6 p.m. Sunday. It was assumed the Allies agreed on different hours to avoid giving the impression they were simply reacting to the Communist proposal.

Westmoreland's order said: "All U.S. forces in the republic will not fire at or on the enemy except in self defense."

There was no sign in the Saigon sector of any letup in fighting before the holiday, although elsewhere in the country military activities continued at a slow pace.

In a lightning stroke, a Viet Cong company attacked a government infantry and armor school at Thu Duc 10 miles north of Saigon at 1 a.m. While one part of the guerrilla force fired two mortar shells as a diversion, another hit part of the compound with automatic weapons.

The guerrillas pierced the barbed wire of the officers' candidate school and raked the billets, killing five wives and three children of Vietnamese officer candidates in their beds. Three other children were wounded.

Armored troops fought back and killed 10 of the Viet Cong, a government spokesman said. These bodies were left behind, but the fleeing Viet Cong were seen to be carrying other dead or wounded.

One Viet Cong was captured. Twenty-six civilians were killed and four were wounded when a busload of civilians hit a Viet Cong mine on the road from Moc Hoa to Cai Lay, near Kien Tuong, 35 miles south of the capital.

Northwest of Saigon, a Viet Cong attack on a U.S. troop convoy backfired. Supported by planes roaring in over the treetops, the Americans turned the bitter fight 20 miles northwest of Saigon into a drubbing for the guerrillas.

The Communists heated up the ebbing 11-day U.S. sweep on the edge of their Iron Triangle by spraying the convoy with automatic weapons as it rolled to Trung Lap carrying the 2nd Battalion of the U.S. 1st Infantry Division's 28th Regiment back to brigade headquarters.

The infantrymen shot back as the vehicles slowly rolled on toward their destination. Overhead the planes pinpointed their fire at the Communist positions. The barrage came within 150 feet of the convoy.

When the fighting quieted down after 2 1/2 hours, a U.S. spokesman reported 10 Viet Cong bodies counted and many more possible Communist dead against very light American casualties. Five guerrillas were captured, including one who was taken with a flying tackle by Sgt. Dwight O. Baldwin of Oakland, Calif.

Terrorists tossed a grenade at a jeepload of American soldiers in Saigon this morning. The Americans jumped from the vehicle before it exploded.

Arctic Blast Hits Midwest

By THE ASSOCIATED PRESS

A huge mass of Arctic air hit the country's midsection today and spread bitter cold temperatures from the Rockies to New England and deep into the South.

The Pacific coast region, southern portions of Texas and

Florida and a thin band along the Gulf Coast were about the only areas with temperatures above freezing.

The sharpest chill was in the northern Plains, where it was 27 below zero at Bismarck, N.D., and -19 at Huron, S.D. But the far - ranging cold snap also pushed the mercury down to 6 above zero at Richmond, Va., and 18 at Asheville, N.C.

Southern California was still experiencing strong winds after Sunday's buffeting of up to 80 miles an hour. Some \$250,000 in damage was reportedly inflicted on boats at Avalon Harbor on Catalina Island, some 20 miles off Los Angeles.

One man was missing and presumed drowned in the aftermath of 65-mile-an-hour winds and 16-to-20-foot waves that struck Avalon Harbor. Six persons were injured as 14 pleasure boats were smashed.

Meanwhile, from 2 to 9 inches of snow covered much of central and southwest Virginia, with some highways hazardous with ice. Temperatures dropped to below freezing over the entire state.

Update New York had temperatures near zero and bitter cold in New England was intensified by strong winds.

Fire Destroys Supermarket At Green Bay

GREEN BAY, Wis. (AP) — The Sureway Supermarket and warehouse on Green Bay's northeast side was destroyed by a \$175,000 fire Sunday as firemen fought for eight hours in subzero weather trying to quell the blaze.

A policeman discovered the fire at 3:30 a.m. When firemen arrived the 50x190 brick structure was burning out of control.

The treasurer of the supermarket firm, Max Johnson, estimated the loss of contents at \$100,000 and damage to the building at \$75,000. The warehouse was located in the rear portion.

No one was injured. Firemen said the fire started near the center of the building but the cause was not determined. Firemen from three companies fought the flames and kept them from spreading to adjacent buildings.

Some Recovery In N.Y. Strike

NEW YORK (AP) — The Commerce and Industry Association estimates that the 12-day subway and bus strike cost New Yorkers a billion dollars and that "less than 25 per cent will be recovered."

The major business group urged that the 15-cent transit fare be increased to help pay for the contract settlement that ended the transit tieup last Thursday.

The cost of new two-year contracts between the city Transit Authority and the striking Transport Workers Union and Amalgamated Transit Union, both AFL-CIO, has been estimated variously between \$52 million and \$70 million.

The association's position was outlined by Executive Vice President Ralph C. Gross Sunday on the WCBS-TV "News-makers" program and in a later interview.

Gen. Hodges Dead of Heart Attack at 79

SAN ANTONIO, Tex. (AP) — Gen. Courtney H. Hodges understood GI problems because he had been a GI himself.

"I love the American soldier — I really feel a very strong sentiment about him," Hodges once said. "He is my work. And I don't think he has any equal."

Hodges rose from the ranks to command the U.S. 1st Army which liberated Paris in a victorious drive through France and Germany in World War II.

The four-star general died Sunday at Brooke Army Medical Center of a heart attack. He was 79. He had lived here since his retirement in 1949.

Hodges dropped out of West Point after one year because of trouble with geometry. He got a job in a Georgia grocery store but quit in 1906 and enlisted in the regular army at Ft. McPherson, Ga. He was commissioned in 1909.

As an officer, he enjoyed democratic relations with his troops. "We are a democracy and we have a democratic Army. That is one of our great strong points," he said.

His Army career spanned more than 43 years, including action during the Mexican expedition of Gen. John J. Pershing, World War I, World War II, and postwar service as commanding general of the 1st Army area at Governor's Island, N.Y.

Hodges took command of the 1st Army Aug. 1, 1944, from Gen. Omar N. Bradley. The 1st Army was the first to reach Paris, and the first to enter Germany in World War II, Sept. 11, 1944, after liberating Liege, Belgium, Sept. 2. It was the first to cross the Rhine and the first to make contact with elements of the Soviet army in Germany.

The 1st Army also captured Aachen, Germany, took part in the bloody battle of Huertgen Forest in November 1944, and after two weeks of furious fighting, broke through in the Battle of the Bulge. The 1st Army crossed the Rhine at Cologne March 7, 1945.

15 Injured in Kansas Train Derailment

MINNEOLA, Kan. (AP) — Fifteen persons were injured, none seriously, when six cars of the Rock Island Golden State Limited No. 3 derailed as the train sped through this southwestern Kansas town early Sunday.

Bound for Los Angeles from Chicago, the train carried 143 passengers and was traveling 70 miles an hour when the last six cars — three sleepers, a chair car, a diner and a club car — left the tracks but remained upright.

Three passengers and two crew members were admitted to a hospital for observation. Ten others were treated and released.

School buses took the passengers about 60 miles to Liberal, Kan., where they boarded another train.

Court Bars Segregation In Macon, Ga.

WASHINGTON (AP) — The Supreme Court today barred racial segregation in a Macon, Ga., park which was willed in 1911 for the use of whites only. The tribunal found the city "entwined" in the park's operation.

Justice William O. Douglas, speaking for the court majority in a 6-3 decision, said that if a municipality, despite appointment of private trustees, "remains entwined in the management or control of the park, it remains subject to the restraints of the 14th Amendment" of the U.S. Constitution.

Counsel for the National Association for the Advancement of Colored people argued before the high court that the park is so much a part of the community life that exclusion of Negroes would violate the equal protection clause of the Constitution's 14th Amendment.

Douglas said that if the maker of a will wanted to leave a school or a center for use of one race only and in no way implicated the state in its supervision, control or management, the Supreme Court could assume for purposes of argument that no constitutional difficulty would be encountered.

Answer to LBJ Speech

Dirksen Will Outline GOP Position Tonight

WASHINGTON (AP) — Congress gets another "State of the Union" message tonight — this time from the Republicans.

Senate GOP Leader Everett M. Dirksen and House GOP Leader Gerald R. Ford will deliver their party's answer to President Johnson's message of last week.

The two leaders are expected to call for close scrutiny, and perhaps cutbacks, in domestic spending.

A tip-off to the Republican "guns-or-butter" position was

given by Ford in the current issue of the Republican congressional committee's weekly newsletter.

"If we are going to halt inflation and prevent tax increases and give our men in Viet Nam what they need to win, and still meet even legitimate domestic needs," Ford said, "Congress is going to have to cut deeply into the administration's so-called Great Society budget."

Here's the outlook for the week on Capitol Hill:

The Senate and House will mark time as far as major floor action is concerned. But committees may take up some controversial measures.

The Senate's legislative docket includes consideration today of a bill to preserve the natural beauty of five Western rivers, followed by a bill to authorize a \$9.5-million inter-American cultural and trade center (Interama) in Miami. The river bill has not passed the House. The cultural center measure cleared the House last year but ran into Senate opposition.

There is no business for the House floor this week.

No timetable has been set for delivery of a series of presidential messages spelling out details of proposed legislation outlined in the State of the Union message. Some messages may be sent to Congress this week.

One of the first messages is expected to request an estimated \$12 billion or more for emergency financing of the Vietnamese conflict. The House Appropriations Committee will act quickly on the measure, which may be the first major bill to reach the House floor this year.

The U.S. Coast Guard said the 73-foot Charles Singleton ran aground off northwest Cuba Sunday and her two sister boats Penny Singleton and Mark E. Singleton — were directed to a Cuban port by the Cuban Coast Guard.

"We have been in squally weather and blown off course," the fleet manager of the company in Tampa quoted one captain as saying in a radio message.

All three vessels, each carrying a captain and two crewmen, were en route from Tampa to Nicaragua. The boats were built in the last year or so and bought by the Singleton Shrimp Co. in Tampa for \$250,000.

The Coast Guard Search and Rescue Center in Miami said it could not take part in any rescue mission because the mishap occurred within Cuban waters.

The State Department in Washington said it had received reports on the incident and was awaiting further information to determine whether to seek their release through the Swiss Embassy in Havana.

The United States broke diplomatic relations with Cuba several years ago and handles all such negotiations through the Swiss Embassy.

Those aboard the boats were identified as Vance Jones, Fabian Bothwell, his brother Harold Bothwell, Kinzer Moore, David Rogers, Albert Costello, William Burkhalter, Lewis White and Monroe Gray.

Weaver Given Senate Approval

WASHINGTON (AP) — The Senate confirmed today President Johnson's nomination of Robert C. Weaver, New York Negro, to join the Cabinet as secretary of Housing and Urban Development.

Confirmation came by voice vote soon after the Banking Committee had voted 14-0 to approve the nomination. Weaver will be the first Negro ever to serve in the Cabinet.

The Senate waived its rules to act so quickly.

SPECIAL LIMITED ENROLLMENT! EXPIRES MIDNIGHT, FEBRUARY 20, 1966

Now...for people over 40 only—

A board of doctors has created a remarkable new health plan just for you!

This valuable protection for the "danger years" ahead pays extra cash direct to you when you are hospitalized and—for the very first time—here is a Plan that actually pays money to help keep you well!

If you are over 40, you can qualify for the new 40-PLUS BENEFIT PLAN, if you mail your Enrollment no later than Midnight, February 20, 1966—and you get your first month for only \$1.00!

This, surely, is among the greatest values, as well as the most unusual health insurance program, ever offered to men and women over 40! Think of it. Simply by the stroke of your pen, you can now get the valuable "extra" health protection you've wanted at the very time when you are most apt to need it...all at a cost substantially less than you might expect!

How the 40-PLUS BENEFIT PLAN Differs from Ordinary Health Insurance

The 40-PLUS Benefit Plan has been created by an insurance company run by doctors, the Physicians Mutual Insurance Company, which has specialized in health and accident protection for physicians, surgeons and dentists exclusively for more than 63 years. Now this fine old "doctors company" offers a wonderful new health plan to men and women over 40! And you may enroll during this Limited Enrollment Period—without having to see a company representative or without any red tape whatsoever!

In short, if you are 40 or over, you can now qualify for 40-PLUS. No other qualifications are required—provided you apply during this Limited Enrollment Period.

How 40-PLUS Helps Your Doctor Keep You Well

As you know, and as your doctor will tell you, people who have regular physical examinations have a better chance to stay well and live longer. For example, doctors know that if cancer is discovered in its early stages there is a much better chance of curing it. To encourage you to see your doctor regularly, 40-PLUS will pay up to \$10 to help pay the cost of an annual routine physical check-up. You see your own doctor any time within 60 days after you receive your notice—but only if you want to.

The doctors at Physicians Mutual also realize that you could be struck down by an accident or a sudden illness no matter how often you see your doctor or how careful you are. During the dangerous "after 40" years, particularly, you may require hospitalization at any time. That's why the program also includes valuable cash benefits.

How the Plan "Pays Off" in Time of Need

Here's how this valuable protection "pays off" in your time of need: \$100 a week (\$14.28 a day) will be paid directly to you from the very first day of hospital confinement, for as long as 52 weeks, each time you are hospitalized for a new sickness or accident! You get paid for every day you are hospitalized, even if you are in the hospital for only a single day—up to as much as \$5200 for a full year! And even if you are hospitalized for a full year and have received your full \$5200 in benefits, if you should be so unfortunate as to be hospitalized again—you are still entitled to all benefits all over again, as long as you have been out of the hospital for at least six months between hospital confinements.

Important: Here is a real "plus" for you if you have been told you are uninsurable. Even if you have suffered from chronic ailments in the past, the kinds of conditions that come back again and again or are likely to recur, 40-PLUS will cover you for these pre-existing conditions after your policy has been in force for two years.

Whether or not you have had a chronic ailment, 40-PLUS will cover you for any new accident or sickness. As soon as your policy is in force, accidents are covered immediately. After your policy is 30 days old, you are covered for sicknesses which begin thereafter. There are only a few usual exceptions: war, military service, mental disorder or alcoholism, or if something happens "on the job" and is covered by Workmen's Compensation or Employers Liability Laws. You are free to go to any hospital of your own choice that makes a charge for room and board service, with these exceptions only: nursing homes, convalescent or self-care units of hospitals, Federal hospitals, or any hospital primarily for treatment of tuberculosis, alcoholism, drug addiction or mental disorder.

40-PLUS and the "Danger Years"

Of course, like most people over 40, you probably have some hospital insurance. But, as everyone knows, even the most complete hospital insurance simply doesn't cover everything. The fact is, you need more protection.

But now that you're over 40, now that you've entered the "danger years," it may be difficult to obtain the extra protection you need at a price you can afford—or, because

of the condition of your health, you may not be able to obtain it at any price!

That's why the new 40-PLUS Benefit Plan is so important to you—it brings you the hard-to-obtain "over 40" protection you need, at remarkably low rates. For only pennies a day, 40-PLUS will give you cash to help fill the "financial gap" probably not covered by your present health insurance.

And remember this—even if your basic hospital expenses are covered by your present insurance—you'll still need help with all your regular household expenses!

Think for a moment—if you're a husband, father and breadwinner, and you're suddenly hospitalized, what happens? Your income stops. Your expenses go up. Even if you have some kind of "salary insurance," it probably won't come close to replacing your full-time pay. It's quite likely that you and your family will never fully recover the tremendous financial loss!

If you're a wife, mother and homemaker, and are suddenly hospitalized, what happens? Who will look after your family, see that the children get hot meals, are properly clothed? Who will do the laundry, the marketing, the cleaning? Your husband may lose time from his job...friends and relatives may have to help out temporarily...you may even have to hire full-time domestic help! Everything will be upset. Debts may be incurred, savings may be lost—worse still, peace of mind may be shattered, and even recovery can be seriously delayed!

But with the exclusive two-way protection 40-PLUS offers, you can now stop worrying.

Actually, important as all of these benefits are, they are far from the only advantages you can now enjoy...if you act before the enrollment deadline.

For example:

Benefits Tax-Free—Can't Be Reduced

For as long as you live and continue to pay your premiums, we will never cancel or refuse to renew your policy for health reasons—and we guarantee that we will never cancel, modify or terminate your policy unless we decline renewal on all policies of this type in your entire state. Furthermore, your benefits will never be reduced—and all your benefits are tax-free!

Carry Any Other Insurance You Want

Yes, the 40-PLUS Benefit Plan pays you in addition to any other health insurance you carry, whether individual or group—even Medicare!

Surprisingly Low Cost

With these wonderful "keep well" and "get better" benefits, you might expect 40-PLUS to cost much more than other health plans—but, in fact, it costs considerably less than you might expect! Only \$3.95 a month from age 40 through age 64—only \$6.95 a month when you are 65 or over—no additional premiums can ever be assessed—and, regardless of your age, your first month is only \$1.00!

A Respected Company

Equally important as the exceptional value, the low cost, the ease of enrollment and the high benefits offered by the 40-PLUS BENEFIT PLAN...is this vital fact: Your policy is backed by the resources, integrity and reputation of the Physicians Mutual Insurance Company, "the doctors company," specializing in health and accident protection for physicians, surgeons and dentists all across America, for more than 63 years. Doctors right in your own community know about us and may actually be insured by Physicians Mutual. (If this is the first you have heard of Physicians Mutual, it's probably because this is one of the very few offerings it has made to the general public.) Serving policyholders throughout the United States direct by mail, Physicians Mutual has its headquarters in Omaha, Nebraska, and is licensed and incorporated in that state. Its Board of Directors is composed entirely of respected members of the medical, dental and insurance professions.

How Can We Do It?

At this point, you may be asking yourself, "How can they offer so much for so little?" The question is a sensible one;

but the answer makes good sense, too: By encouraging our members to see their doctors for routine check-ups each year...we hope to prevent the need for hospitalization in the case of a number of policyholders. This, naturally, should effect substantial savings—savings we share with you in the form of lower premiums.

In addition, we have lower sales costs. 40-PLUS is a mass enrollment plan. And all business is conducted directly between you and the company by mail. No salesmen are used. There are no costly investigations or any extra fees for you to pay. It all adds up to real savings we share with you by giving you top protection at lower cost.

Easy to Enroll—No Red Tape—No Salesman Will Call!

Simply fill out the short Enrollment below and mail it with \$1.00 for your first month's coverage! We will issue your 40-PLUS Benefit Policy (Form P302 series) immediately—the same day your Enrollment is received. This automatically puts the policy in force. Along with your policy, you will receive a simple, easy-to-use Claim Form. Should you at any time need your benefits, you can be sure that your claim will be given "top priority" treatment. In addition, we'll see to it that you receive special forms yearly to take to your doctor for your physical examination.

When you receive your policy, you'll see that it is direct, honest, easy-to-understand. But—and please note this carefully—if for any reason you decide you don't want your policy, you may return it in 10 days and we will promptly refund your dollar!

Don't Wait Until the Deadline to Enroll!

Remember, the sooner we receive your Enrollment, the sooner 40-PLUS will cover you! So it's best you fill out and return your Enrollment now, before the deadline date arrives. (Two Enrollments are provided below so that husbands and wives may both enroll. In that case, be sure to enclose \$1.00 for each Enrollment.)

So, won't you take the necessary minute or two—today—and return your Enrollment together with the dollar required to put it into effect? Your Enrollment must be postmarked before midnight of February 20, 1966, or it cannot be accepted. Better mail your Enrollment today.

17 Important Questions Answered

ABOUT THE NEW 40-PLUS BENEFIT PLAN

The New Plan That Pays You Cash When You Are Hospitalized—Plus "Extra" Benefits To Help Keep You Well

1. What is the 40-PLUS BENEFIT PLAN?
It is a new health insurance plan for people over 40 only—that pays an extra income direct to you when you are hospitalized and, in addition, provides a physical examination benefit each year to help your doctor keep you well.
2. Why do I need the 40-PLUS BENEFIT PLAN in addition to my regular health insurance?
Probably your present hospital insurance won't cover all your hospital expenses. But even if it does, you will still need help to pay all your regular household expenses while you are hospitalized.
3. Can I collect even though I carry other health insurance?
Yes. 40-PLUS pays you in addition to any health insurance you carry, whether group or individual—even Medicare!
4. Is there a lot of red tape to qualify?
No. The only qualification is that you must be over 40—even senior citizens over 65 are welcome.
5. If I become hospitalized, when do my benefits begin?
\$100 a week (\$14.28 a day) will be paid directly to you from the very first day of hospital confinement.
6. How long will I be paid?
For as long as 52 weeks (as much as \$5200.00) while you are hospitalized for each new sickness or accident. If the full 52 weeks has been used, and the same condition recurs, a new 52-week period will be provided if there has been an interval of 6 months between hospital confinements.
7. When does my policy go into force?
It becomes effective on the date your Enrollment is received. Accidents are covered on that date. After your policy has been in force for 30 days, you are covered for sicknesses which begin thereafter.
8. What if I have had a health problem that may occur again?
Pre-existing conditions are covered after your policy has been in force for two years.
9. What conditions aren't covered?
Only the usual exceptions: war, military service, mental disorder or alcoholism, or any condition covered by Workmen's Compensation or Employers Liability Laws.
10. Does 40-PLUS pay in any hospital?
You will be covered in any hospital anywhere in the world that makes a charge for room and board service, except nursing homes, convalescent or self-care units of hospitals, Federal hospitals, or any hospital primarily for treatment of tuberculosis, alcoholism, drug addiction or mental disorder.
11. Can I drop out any time? Can you drop me?
No matter how many claims you make or how much you collect, we will never cancel or refuse to renew your policy for health reasons—for as long as you live. We guarantee that we will never cancel, modify or terminate your policy unless we decline renewal on all policies of this type in your entire state. You, of course, can drop your policy on any renewal date.
12. Will my claims be handled promptly?
Yes. With your policy, you will receive a simple, easy-to-use Claim Form. Your claims will be processed quickly and your checks will be sent directly to you.
13. How do I get my "physical" each year?
40-PLUS actually pays your own doctor up to \$10 annually toward your routine physical examination (but only if you want it). You receive special forms yearly to take to your doctor, so that he can give you your check-up within 60 days.
14. Why are the premiums so low?
Because this is a mass enrollment plan—and no salesmen are used—our volume is higher and our sales cost are lower.
15. How much does my first month cost?
Only \$1.00, regardless of age. After your first month, you pay only \$3.95 a month until age 65; only \$6.95 a month from age 65 and over.
16. Why is there a "deadline" date?
In order to offer the Plan to people over 40 without any qualifications and still maintain our low rate, we can only make the Plan available on this basis during a limited enrollment period. The deadline date is firm—we cannot accept your Enrollment unless postmarked on or before that date.
17. Why should I enroll right now?
Because an unexpected sickness or accident could strike without warning—and you will not be covered until your policy is in force. Remember, if for any reason you change your mind, you may return your policy within 10 days and your \$1.00 will be refunded immediately.

Fill out and mail Enrollment with \$1.00 to Physicians Mutual Insurance Company, 115 South 42nd Street, Omaha, Nebraska 68131. BE SURE TO ENCLOSE \$1 FOR EACH ENROLLMENT.

Very Cold Week Seen; Might Be -15 Tonight

Another cold blast hit Winona and vicinity today, sending the thermometer to 9 below, for the ninth below zero day of the month. It was still below zero at noon, -3.

Up to this date last winter, there had been 16 below zero days, one in November, 6 in December and 9 in January.

AND, IF the weather forecast for the area is on the nose, it won't get any warmer tonight. Occasional cloudiness and continued cold with occasional light snow is the forecast for tonight. A low of 5 to 15 below is forecast. It will be a little warmer Tuesday, says the weatherman, with a high of 5 to 10 above.

Partly cloudy and warmer is the outlook for Wednesday. Even the extended forecast for the next five days holds little promise of much better weather. Average temperatures for the area through Saturday are predicted to be 5 to 15 degrees below normal daily highs of 20-25 and nighttime lows of 2 below to 7 above.

A slight moderation is seen for early in the period but a turn to colder again after mid-week is expected. Precipitation in the five days is expected to

average 1 to 2 of an inch (melted) occurring as light snow near the end of the period.

WINONA'S low reading of -9 today was the coldest since Jan. 9 when a -17 was recorded. A year ago today the high was 19 and the low -11. All-time high for Jan. 17 was 56 in 1894 and the low for the day -30 in 1873. Mean for the past 24 hours was 3. Normal for this time of the year is 15.

Low here Sunday morning was 2 after a Saturday afternoon high of 20. Sunday afternoon the thermometer got no higher than 14.

Below zero readings appeared on every Minnesota community weather report today with Alexandria having a low of -14. It was -9 at International Falls. Rochester posted a low of -13 as the cold wave swept across Southern Minnesota.

THE ROCHESTER high Sunday was 11 above. At La Crosse the thermometer dipped to a surprising -15 this morning after a high of 19 above Sunday. Minnesota and Wisconsin highways were reported generally clear of snow and ice to provide good winter traveling con-

ditions, the highway departments of both states reported.

The thermometer fluctuated wildly in Southeastern Minnesota and Western Wisconsin. At St. Charles readings as low as -20 were reported.

All of WISCONSIN was subjected to numbing cold with some areas having their most frigid weather of the season.

The mercury was below zero throughout the state. Lone Rock and Eau Claire dropped to -12, Madison and Wausau -10, Park Falls -9, Superior -8, Milwaukee, Racine and Burlington -7, Beloit -6 and Green Bay -5.

Milwaukee's 7 below was the lowest so far this winter.

Maximum readings Sunday were generally below normal for the season. Racine hit the peak of 22, while Eau Claire had a high of only 3.

Some light snow developed in the Superior region during the night but new amounts on the ground were only a trace.

HOMESTEAD Air Force Base and Fort Lauderdale, both in Florida, set the national high of 77 degrees. Bismarck, N.D., reached the national low of 28 below early today.

Thefts, School Vandalism Get Police Attention

Two petty thefts and more grade school vandalism were discovered by police over the weekend, Police Chief James W. McCabe reported.

Philip D. Abrahamsen, 323 W. King St., reported a half-inch electric drill taken from his truck sometime between Jan. 5 and 15. It probably was taken while the truck was parked in front of his home, Abrahamsen told police. He valued the drill at \$67.

Kenneth L. Harstad, 211 W. Broadway, reported to police that someone took the battery from his car Friday night while the vehicle was parked in the alley behind his home. He did not estimate the battery's value.

A police patrol discovered several windows broken at the Madison school, 515 W. Wabasha St., Saturday night, according to Chief McCabe. A rear door of the school also was found partially open.

Wisconsin Has Four Dead in Road Mishaps

By THE ASSOCIATED PRESS

Four deaths were reported in weekend traffic accidents as Wisconsin's driving toll continued to lag behind the 1965 fatality pace in a welcome slowdown.

The 1966 toll stood today at 32, compared with 51 one year ago.

Mrs. Viola Larson, 42, of rural Dousman, died in an Elkhorn hospital Sunday after a two-car collision on Highway 67 at Elkhorn.

A three-year-old Horicon boy, Dean Seboe, died Saturday when a car driven by his father, Dallas, skidded into a ditch along Highway 33 near Horicon.

Robert Kluterman, 36, of Watertown, was killed Saturday in a truck-train crash at a Morrisonville crossing in Dane County. Eugene Lindell, 18, Stone Lake, died Saturday when his car struck a bridge at Stone Lake in Washburn County.

Burglars Enter River Cottages

At least two cabins on Winnebago Island below the Winona Dam were broken into over the weekend, a Winona man told Sheriff George L. Fort Sunday.

Steve Slagge, 100 E. Wabasha St., reported Sunday at 6:45 p.m. that he had visited his cottage on the island earlier that day and found that someone had broken a large window in his cottage to gain entry and had stolen a small quantity of liquor.

Slagge also found a broken door on the Robert Werra cottage. He told Sheriff Fort that two sets of footprints led from the Prairie Island Road to his place and on to Werra's cottage. Slagge told the sheriff he believed all the cottages on the island had been entered.

Sheriff Fort said that he would investigate the incident this afternoon to determine the extent of the break-ins and gain clues regarding the identity of the thieves.

Slagge told the sheriff he believes the break-ins took place Saturday. He said that he found two empty liquor bottles and two glasses with a Coleman lantern underneath Werra's non-ton boat.

THREE PRINCESSES . . . Miss Sharon Kranz, 18, center, brunette daughter of Mr. and Mrs. G. T. Kranz, Hastings, was crowned Miss Snowflake of 1966 at the Winona Winter Carnival coronation dinner and ball at the Oaks Saturday evening, attended by about 400. Miss Linda French, 18, left, blonde daughter of Mr. and Mrs. Fred J. French, Prescott, Wis., received the title of Princess

of the Gopher Realm, and Miss Jacqueline Jo Spence, 19, right, black-haired daughter of Mrs. John J. Spence, Minneapolis, Princess of the Badger Realm. Miss Snowflake's sponsor is Randall Super Valu; Miss French's, J. C. Penney Co., Inc., and Miss Spence's, Rainbow Jewelers. All three girls are Winona State College students. (Daily News photo)

\$100 Waiting Treasure Hunt

Get set and ready to go for the 1966 Winona Daily News Winter Carnival treasure hunt! This year, as in past years, you will be looking for a treasure certificate which is redeemable for a \$100 check at the Daily News accounting office.

The treasure certificate will not be put in its hiding place until just before the last clue is announced on the 6 o'clock news broadcast Saturday on KWN, so there is no point in looking for it before then.

The first five clues will be published on this page. The final clue will be broadcast rather than published to provide all treasure hunters with the vital path to the treasure at the same time.

You won't have to leave your home until the final clue has been announced to solve this contest. You probably will find that a good dictionary and the map in your telephone book will be helpful.

The treasure certificate will be located on property accessible to the public, but not necessarily publicly owned property. You'll find that the clues are reasonably easy, and everyone has an equal chance to win. Today's clue describes a location in Winona and each subsequent clue will lead you to a different location—all within the city limits. Good hunting!

CLUE NO. 1

Two huge boxes rise where a tower was once. That's where to start, so don't be a dunce. Just follow the clues right here every day—If you're the winner, "Whoopie!" you'll say.

Fillmore Co. Legion To Meet Thursday For Viet Nam Report

FOUNTAIN, Minn. — The Fillmore County Council of the American Legion and Auxiliary will hold a joint meeting at Fountain Thursday at 8:30 p.m. Gene Goetz, TV cameraman from KROC, recently returned from Viet Nam, will show films and speak on his trip. Robert Bacon, county commander, requested every post to be represented. Lunch will be served by the Fountain unit.

Girl Escapes Death In Riding Accident

ATLANTA, Ga. (AP)—A 10-year-old girl whose saddle horse bolted down a railroad track escaped death when the animal caught its leg between two crosses on a trestle and hung suspended 25 feet above a creek. Margaret Bobo said she climbed up the horse's body Sunday and out of danger. She apparently was uninjured. Police shot the pet horse, named "Star," after halting a freight train 300 yards from the trestle where the animal was hanging.

Roasting several ribs of beef? At carving time, leave plenty of meat on the ribs. Spread the reserved ribs with prepared mustard, sprinkle with fine dry bread crumbs and broil until hot and brown. Served with a salad, the ribs will make a fine "second" meal the day after the beef is served.

Raw Material (Snow) Available For Sculpturing

Plenty of raw material is available for amateur sculptors entering the Winter Carnival family snow modeling contest this week.

The contest is open to any family in the city. The entry should be constructed in the front yard of their home and registered by noon Friday with the park-recreation office in City Hall.

Choice of subject matter is up to contestants. Models will be judged on eye appeal, use of materials and ingenuity of design. Contest rules permit some use of colored crepe paper to add tints to the models. Judging for winners of cup awards will begin Friday at 2 p.m. Contest judges will be Mrs. Arthur Kern, 228 E. Sanborn St., and Mrs. Charles Trubel, 170 W. 5th St.

Three Youths Charged For Releasing Brakes On Parked Automobile

WABASHA, Minn. (Special)—Three 19-year-old Hammond youths will appear in court for having released the brakes on the Floyd Fellows car near his home three miles south of Hammond Friday morning.

The car, parked on a hill, rolled down the hill, crossed the road and was stopped short of a house by a hedge. Fellows called the sheriff's office at 12:10 a.m. Sheriff Ed Lager investigated, following the tracks in the snow. Deputy Everett Lorenz interrogated the youths. Two Plainview juveniles, each 14, have been petitioned into juvenile court for taking \$50.45 from the feed store at Plainview Co-op Creamery Wednesday. They took the money when the store was open, according to the sheriff's department. Of the amount taken, \$40 has been recovered. Glen Haase is creamery manager.

New State Safety Director Chosen

ST. PAUL (AP)—Chester M. O'Toole, 58, a highway patrolman since 1933 and now a sergeant at Mankato, was named Friday as the new state safety director.

He succeeds Earl M. Larimer, 60, who is retiring. Highway Commissioner John Jamieson, who announced the appointment, said O'Toole will reach retirement age in 1967 and the safety office probably will be reorganized.

Three Men Sought In Grocery Robbery

Three men in their mid-20s used strong-arm methods to rob Rudolph P. Wronski Jr. of \$230 at his Mankato Avenue store early Saturday night, police said.

The youths waited until Wronski's back was turned, then jumped him and made off with his billfold and the money from the till, according to Police Chief James W. McCabe.

POLICE HAVE several suspects, according to Chief McCabe; and Wronski is being shown photographs of them in an attempt to make identification.

The three robbers were described by Wronski in this way: One, a medium-built man, 5-foot-7 to 5-foot-10, with curly

blond or light red hair and wearing a brown corduroy car coat.

Two, also a medium-built man, 5-foot-6 to 5-foot-8, with short, black hair and wearing a short black jacket. Three, of the same height and build of "two" and wearing a short dark coat.

Wronski, 66, 517 Mankato Ave., told police that one of the men jumped on his back and held him face down on the floor behind the counter, threatening, "If you don't keep quiet, I'll kill ya," in Wronski's words.

THIS MAN took his billfold while one of the others rifled the cash drawer, Wronski said.

Then all three fled, apparently on foot.

Wronski called police to report the theft at 7:07 p.m.

The three young robbers entered Wronski's Twilight Grocery, 513 Mankato Ave., about 10 minutes before 7 o'clock and over to a soft drink machine first, according to the police report. Wronski's last previous customer had left the store about 6:45 p.m.

The first-described young man came over to Wronski at the counter to ask for change for 50 cents. Wronski told the youth to take a bottle of pop from the cooler and pay him at the counter, police said.

This first-described youth did so and asked for several slices of ham as well. Wronski sliced the ham and also sold the second-described youth a bag of potato chips. These two began to eat and drink what they had purchased.

AT THIS point, just a few minutes after 7 p.m., Wronski bent down, behind the counter, to get something; and one of the youths jumped on his back, forcing him to the floor.

This youth sat on Wronski's back and took his billfold. Wronski could hear one of the others going through the cash register. He didn't cry out because of the threat made by the youth on top of him, he said.

According to the police report, Wronski was dazed from being knocked to the floor and did not get up immediately after the youths fled.

When he did get to his feet and look outside, Wronski saw no trace of the youths. He then called police. The storekeeper told police that, if the youths were driving, they had not parked their car in sight of the store's front.

CHIEF McCabe noted that the youths, while eating the food they had purchased, discussed taking a trip to Milwaukee "tomorrow" (that is, Sunday). The chief said that Wronski had not made any positive identifications from photographs shown him this weekend. Wronski estimated his loss in the robbery at a few cents short of \$230. He also lost some papers with his billfold.

Trial Slated on License Charge

A not guilty plea and a guilty plea to separate traffic charges were entered today in municipal court by two defendants.

Edwin F. Wichelman, 46, 502½ E. 3rd St., pleaded not guilty to a charge of driving after suspension of his driver's license (second offense) today at 4:05 a.m. at 3rd and Walnut streets.

Judge John D. McGill set Wichelman's trial for Jan. 27 at 9:30 a.m. and ordered the defendant to post \$75 bond in the meantime. Wichelman had not posted bond by noon today.

Wichelman complained to the judge that he had not been allowed to contact a friend to raise bail for him after his arrest early today. The one telephone call he was allowed had raised a busy signal on the other end, Wichelman claimed.

Judge McGill said that anyone arrested has the right to make as many calls as he wants in order to secure aid.

Richard E. Urbick, 21, Minnesota City Rt. 1, pleaded guilty to a charge of going through a stop sign at 5th and Hilbert streets Sunday at 1:20 a.m. He paid a \$10 fine levied by Judge McGill as the alternative to three days in jail.

Winona SWCD Banquet Thursday

The Winona Soil and Water Conservation District will hold its banquet Thursday at 7:30 p.m. at St. Aloysius Church hall, Elba.

William Sillman, Winona County SCS unit conservationist, will lead a discussion on the work and progress of soil conservation in the district. Entertainment will follow.

Tickets can be purchased at the door or from Charles Taylor, Utica; Roland Mueller, Lewiston; Jerome Majerus, Altura; Robert Wessel, Garvin Heights; or Alvin Gensner, Lewiston.

Student Charged After Reporting His Car Stolen

A Winona State College student will be charged Thursday in municipal court with leaving the scene of an accident after he reported his car stolen Friday in an attempt to cover up the hit-run incident, Police Chief James W. McCabe said today.

Chief McCabe added that a charge of falsely reporting the car theft might also be lodged against Jon Ludwig, a WSC student from Stillwater, Minn.

ACCORDING to the police report, Ludwig reported his stolen car Saturday at 1:10 a.m. He said that it had been taken sometime Friday night.

Meanwhile, off-duty Patrolman Robert Theis had discovered a parked car damaged on Sanborn Street just west of Harriet Street. Parts from a hit-run vehicle were found near the accident scene. Damage to the left rear of the parked car, owned by John Wood, 777 Clark Lane, was estimated at \$125.

After Ludwig's stolen car report early Saturday, Patrolman Paul G. Michalowski discovered Ludwig's car parked in the lot of a new dormitory at Winona State College. Michalowski noticed that the Ludwig car had been damaged.

Further investigation showed that the parts from the hit-run vehicle had come from Ludwig's car. Ludwig, brought in for questioning, allegedly admitted the hoax to police.

CHIEF McCABE said that Ludwig told police he had hit a snowbank while driving on Sanborn Street, been temporarily blinded and saw the Wood car too late to avoid a collision. Damage to the right front of Ludwig's car was estimated at \$300.

Ludwig has been charged with failure to identify himself at the scene of the accident and will be arraigned on the charge Thursday, Chief McCabe said.

Other possible charges against the student are to be discussed with City Prosecutor James W. Soderberg, the chief said.

Payrolls Here Continue Far Ahead of 1964

Continuing to set records, Winona's employment closed the year at the highest figure ever recorded for December, according to the Minnesota Department of Employment Security.

Payrolls at mid-December showed 11,243 people employed. Although the figure is slightly below the 11,318 recorded for November, it is 463 higher than for December 1964, when 10,780 were on payrolls.

SEASONAL dropoffs in manufacturing and the first winter decline in construction activities occurred last month. But retail trade showed a substantial holiday climb.

Employer forecasts indicate somewhat lower payroll levels during the coming mid-winter months. A worker supply that was tight for six months past, showed signs of easing.

Contract completions and seasonal slowdowns, said Ray H.

Brown, employment service manager, brought layoffs in manufacturing. Metal working declined in foundry and auto parts divisions. Textiles employed fewer persons because of year-end cutbacks and concrete products were lower because of cold weather shutdowns. Paper and allied industries employment declined because of crew reductions at some plants.

Strongest gains in retail trade were in general and department stores. Addition of extra help for the holiday season was mainly responsible for the climb. The industry has settled back to normal worker levels after passage of the holidays, according to Brown.

CONSTRUCTION employment in the Winona area had its first employee decline of the year in December. This industry, which usually shows a sharp drop dur-

ing December, continued with one of the best year-end levels on record. Although down 75 from the November figure, the December total was 146 higher than for December 1964, Brown said.

Labor supply at the end of December continued to grow. Approximately 1,000 applicants were registered at the employment office. Of this total about half were on temporary layoffs awaiting recall. About 225 students and other individuals were seeking part-time work.

Two Cars Hit Hole in Ice In Lake Pepin

LAKE CITY, Minn. — A hole in the Lake Pepin ice nearly took the lives of three Lake City men late Sunday afternoon. They're Stanley Hassig, Bert Gunton and David Dunham.

Hassig, and his passenger, Gunton, were returning from Stockholm, Wis., to Lake City over the ice when the vehicle approached the hole.

It was dark, and Hassig said he couldn't stop in time. He and Gunton got out of the car, which sank in seconds.

BEN SIMONS, coming from Lake City, saw what happened and parked his car across the "road" as a block. The road is a trail many use all winter as a shortcut between Minneapolis and Wisconsin.

The third man, Dunham, approached from Lake City but drove around the Simons car, and went into the hole.

"He was kind of stunned," Hassig said, and didn't jump from his sinking vehicle.

"I had a heck of a time getting the door open and had to brace my foot against the car to pull it. I was about to let go because I thought, 'Gosh, I can't go down with him,' when it came loose."

Simons said a crack forms in the lake every winter from pressure of the ice. It runs from the Boy Scout camp, Hok-Si-La, to about half a mile below Stockholm. The hole was a widening of the crack.

THE WINTER hasn't been cold enough yet to freeze the ice hard, there's been snow on it to keep it soft. In addition, the U.S. Army Engineers have let the water down about two feet, Simons said. The ice was 10 inches thick.

The car went in about a mile diagonally downriver from Lake City and about three-fourths mile upriver and diagonally from Stockholm.

The accident occurred at about 5:30 p.m. when the fishermen were going home. Simons said. Simons is harbor-master at Lake City.

Fillmore County Young Republicans Hear Sen. Larson

LANESBORO, Minn. (Special)—Charles Ruen, Lanesboro, was re-elected chairman of Fillmore County Young Republican League Thursday at the annual meeting at Fountain. Sen. Lew Larson, Mabel, was speaker.

Other officers: Philip Abrahamson, vice president, and Merwood Storchoff, secretary, both of Lanesboro, and Lowell Tollefson, Preston, treasurer. Membership chairman is Charles Larson, Lanesboro.

Sen. Larson discussed reapportionment.

Boy, 6, Killed By Skidding Car, Driver Falls Dead

HEPPENBACH, Belgium (AP)—A car skidded on a snow-covered road here just as a 6-year-old boy ran out of a school entrance. The boy was killed.

The driver, a 67-year-old doctor, got out of his car and collapsed with a heart attack. He also died.

Outbreak of Mumps Tough on Officials

JACKSON, Calif. (AP)—An outbreak of mumps has given officials their lumps in Amador County.

Myron Questo, chairman of the County Board of Supervisors, is the latest on a list which includes a city councilman, a California highway patrolman, two sheriff's deputies and the courthouse caretaker.

The epidemic also is affecting non-officials, reported Miss Diane Smith Saturday.

"It's rough," she said. Diane has the mumps, too.

Judge Considers Austin Firing Case

AUSTIN, Minn. (AP) — District Judge John Cahill of Waseca on Friday took under advisement the Austin School Board's third court attempt to fire teacher Edith Morey.
The Minnesota Supreme Court twice has ruled that the board had not substantiated charges of harmful teaching methods, disruptive relations with other teachers, a mental health problem and insubordination.
During oral arguments Friday, school board attorneys reiterated their belief that any of the four charges or combination of them was sufficient for dismissal.

Dropout Wants To Wed Teacher

By ABIGAIL VAN BUREN
DEAR ABBY: I met a girl eight months ago, and five minutes after I met her I confided to a friend, "There is the future Mrs. K." I mention this just to emphasize what a great impression she made on me. I am a high school dropout, through no fault of my own, but a dropout nonetheless. She is a high school teacher with a B.A. degree, going for her M.A. I am 29 and she is 26. I sell for a living and do very well. Here's the problem:
She is trying to remake me. I don't mind criticism because I really want to improve myself, but I can't even turn around without her correcting me. "Don't talk so fast!" "Don't rattle your keys in your pocket!" "Stand up straight!" "Quit cracking your knuckles!" "Clean your glasses!" She even criticizes my driving. There is something wrong with everything I do. I can't even drink a cup of coffee without her telling me that I'm making too much noise. Yet I still want to marry her. WHY?

DEAR PICKED: Beats me. There must be something very special in this girl's favor that you have failed to mention.

DEAR ABBY: We have a child in our neighborhood (I'll call him Dickie), who has just turned five. Dickie has been the cause of many "accidents" involving the neighborhood children. For instance, my baby was sitting in her stroller outside when Dickie took her for a "walk" (run) into the back fence, and knocked her out. I have forbidden him to go near the baby again.
Then he took my three-year-old boy for a "ride" on his trike, and my boy "fell off", cutting his forehead so badly he had to have eight stitches in it. Now my five-year-old just came home with a bump on his head the size of an egg. Dickie hurled an inner tube at him, knocking his head against a tree.

These are only a few incidents involving my own children. Dickie has been responsible for many other "accidents" involving other neighborhood children. I once complained to his mother, and she just laughed and said he was "all boy." This is fine, but I would like to see my children grow to adulthood despite this child. Am I an overprotective mother? What now?

DEAR UPSET: You and your husband and the parents of the other children who have been victimized by Dickie's "all boy" behavior should call on Dickie's parents. Urge them to take this child to a specialist in child behavior. Their boy could be disturbed and in need of professional help. The child is all but sending up flares for help. In the meantime, keep your own children safely out of Dickie's reach.

DEAR ABBY: Last month our son joined the armed forces. The night before he left, many of his friends and relatives honored him with gifts of money. In a few weeks he got an honorable discharge because of an injury. Please, Abby, advise us if it is proper for him to return the money to those who gave it to him. He doesn't want to offend anyone, but he doesn't feel right keeping it. W. VIRGINIA

DEAR W. VIRGINIA: Your son should attempt to return the money. The givers will probably insist that he keep it, but feeling as he does, he should make the gesture.

CONFIDENTIAL TO "TRYING HARD" IN SAN MATEO: Don't assume that all marriages are "worth saving" just because there are children involved. Unless the reason for the breach is recognized and set right, the reconciliation won't last long.

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Children's Carnival Scavenger Hunt Begins

The first of six requirements for children entering the Winter Carnival Scavenger - Treasure Hunt was announced today by the Winona Activity Group and the park-recreation department.
Open to all youngsters 12 or under in Winona and its trade area, the contest ends Saturday. The winner will receive a \$25 savings bond. All entrants must register at the park-recreation office in City Hall, either in person or by telephone. Registrations must be made before Saturday morning, officials said.
As the first Scavenger-Treasure Hunt requirement, each contestant must secure a clean empty milk carton or other container. Awards also will be given Saturday for the best decorated container although such decorations are not required. The carton will be used by the contestant to hold the other items which must be found, and it must be kept throughout the contest.
All Scavenger - Treasure Hunt Headquarters, Huff and West 5th streets.
She will show slides and describe her recent tour through schools and institutions for the retarded in Norway and Germany. Mrs. Wedul and her family recently returned from a four-month stay in Europe. The public is invited.

ANOTHER REDUCTION IN LONG DISTANCE COSTS FOR MINNESOTANS

Beginning January 16, nighttime rates on station-to-station calls within Minnesota start at 8 p.m. (that's one hour earlier) and are in effect all day on Sunday.

The latest change in Long Distance calling periods means new savings on many of your calls within Minnesota. Starting January 16th, lowest rates on intrastate calls start at 8 p.m. weekdays and are in effect all day on Sunday. In addition, you will enjoy somewhat smaller savings on such calls between 6 and 8 p.m. daily and all day on Saturday.
In other words, reduced-rate calling periods on calls within Minnesota will be the same as those which have been in effect for interstate calls since the rate reductions last February 1. Whether you call within Minnesota or to another state, rates are lower between 6 and 8 p.m. every weekday and all day Saturday. Rates are lowest of all every night after 8 and all day Sunday.

Judge Organization Upon Its Merits

By JAMES B. GOETZ

(Editor's Note: The following guest editorial by Mr. Goetz is written in connection with National Jaycee Week Jan. 16-22. Mr. Goetz, a member of the Winona Junior Chamber of Commerce, was voted the city's Outstanding Young Man of 1965.)

IN THIS AGE OF organization upon organization, we all have heard reference to the over-organization of our society today. I, perhaps, am a firm believer in that philosophy. I make some exceptions, however, and I think every organization must be judged upon its merits. Many are formed for various purposes but I believe few are formed for such a noble and important cause as are the Jaycees.

Winona's, and indeed America's, greatest natural resource is its young men and women. The very preservation of our society is based upon the future. Both political parties talk about the future, the space program is talking, not about the accomplishments of today, but the hopes of tomorrow. Certainly the hopes of tomorrow rest with the young people of today. This is displayed by all people through the great concern for education of our young people.

The training of these young people to meet the challenges of the future is particularly important. We see great evidence of it here in Winona. Few communities of our size can boast of their contribution to the education of young people, like Winonans should, can and do. But there is another step, beyond education, that is equally important.

We have all heard of the time in life when we're too old to be considered a student and too young to be considered a community leader. This is a critical time in the growth of a young person. The young person at this time is bursting with ideas and energy, and all too often this young person finds acceptance difficult. But not so in the Jaycees. The Jaycees are dedicated to the building of young men — community leaders. They serve as the bridge between student and leader. Since the forming of the Winona Jaycees the mortality rate of our young people, trying to make that jump from student to community leader, has been cut to a minimum.

YOU CAN'T JUST belong to the Jaycees, you work in the Jaycees. The Jaycees are not a paper organization. They have more life, sparkly enthusiasm and ideas than most of us can imagine. Their projects, ideas and work have assisted Winona far beyond credit given to them. Their importance to Winona hinges on a single fact . . . this is the one organization in Winona dedicated to preserving, assisting and advancing our most important resource, our young people.

Eau Claire Discusses 2,500-Seat Auditorium

(Eau Claire Leader)

PROPOSAL THAT the County Board of Supervisors and citizens of the community cooperate with Wisconsin State University Eau Claire in construction of 2,500-seat auditorium, contains a worthy challenge for all residents of the area. The \$1,500,000 concert hall would be erected in connection with the new \$2,800,000 Fine Arts building scheduled to be built for the University on the south side of Water Street.

It would be an integral part of the Fine Arts building but would be partly owned by the county and would be available to the county and city for stage shows, concerts, conventions and large public gatherings.

At an informal luncheon meeting of representatives of the state university, including Regent William D. McIntyre, and members of the County Board of Supervisors it was explained that while the state legislature has appropriated funds for a Fine Arts building, state funds will not be available for a concert hall auditorium.

Such an auditorium is a distinct need for the university in advancing its program, and giving maximum service to a constantly increasing number of students. It is also a facility that could be a great asset to the city and county.

EAU CLAIRE ALREADY has a reputation as a fine convention city throughout this section of the country as well as in the state of Wisconsin. With a large auditorium that could handle even the largest conventions, the city would be in a position to attract many more organizations.

Eau Claire and its state university are also gaining in popularity as a cultural center with outstanding concerts, nationally-known speakers, an art center, dramatic productions, choruses, bands and other events. A fine, new concert hall would add much to the city's stature as a central attraction for all northwest Wisconsin.

Of course, there is the question of cost to be considered. The County Board is expected to be asked at its February session to provide some \$800,000 for the concert hall auditorium. A successful fund raising drive for upward of \$400,000 would also be needed to assure construction. It is expected student fees or other funds would be available for the balance.

THERE MAY BE some misgivings as to whether such a project can succeed, but the plan rates a thorough study from all aspects — financial and otherwise. Certainly it should not be shrugged off as impractical or rejected without thorough consideration. This community should accept the challenge.

Abhor that which is evil; cleave to that which is good.—Romans 12:9b.

More About U.S. Financial Affairs

By DAVID LAWRENCE

WASHINGTON — What President Johnson told the American people in his address to Congress on Wednesday night was only part of the story that affects their pocketbooks and their future.

The omissions on some very important subjects can be enumerated as follows:

1. The President didn't tell why he wants to open up trade between the United States and eastern Europe as well as the Soviet Union notwithstanding the fact that the Moscow government is supplying arms and ammunition to help kill American boys in Viet Nam.

2. The President didn't mention that the current budget, ending June 30 of this year, will show a deficit of \$6.4 billion, but said that the deficit in the budget which begins July 1, 1966, and ends June 30, 1967, is expected to be what he describes as "one of the lowest in many years," or "only \$1.8 billion." He didn't point out that these figures are, of course, based on estimates now as to what taxes will be collected. Mr. Johnson in January 1965 predicted a deficit of \$5.3 billion in the budget for the current fiscal year, ending June 30, 1966, but it now is official that the deficit will be \$6.4 billion.

3. THE PRESIDENT didn't tell the people what he meant when he said that "on a cash basis" the federal budget next year "will actually show a surplus." He didn't explain that all the money received from Social Security—including a substantial increase in such taxes this year — should really be kept apart as a trust fund to pay benefits due taxpayers when they retire. But under the method of bookkeeping "on a cash basis" praised by the President in his message, a "surplus" will be constructed out of Social Security receipts. If the Social Security money were not applied in this way, of course, there would not be a surplus in the "cash budget" but a deficit of approximately a billion dollars.

4. The President didn't explain how it happens that the after-tax earnings of corporations for the past five years "have been up 65 percent, and last year alone they had a rise of 20 percent." He didn't mention that the total number of corporations in the United States increases with the population and that a numerical accumulation of profits does not tell the whole story. The significant fact happens to be that the rate of return on money invested is not up to what it was 15 years ago. It is the rate of return on money that really counts in measuring economic or financial progress.

5. THE PRESIDENT didn't give the American people an explanation of what the effect will be of his proposal to make changes in the withholding system "so that Americans can more realistically pay-as-they-go." What it means is that a larger amount will be withheld from an employee's earnings and paid currently to the government, so that the take-home pay will be less for many individuals. Instead of the 14 percent flat withholding rate now in effect, the new withholding rates are expected to range from 14 to 30 percent.

THE WASHINGTON MERRY-GO-ROUND

Wall Street Fears Probes By New Finance Chairman

By JACK ANDERSON

(Editor's Note: The column today is written by Drew Pearson's associate, Jack Anderson.)

WASHINGTON — Louisiana's boyishly affable Sen. Russell Long, who in Harry Byrd's place as Senate finance chairman has sent a shiver up Wall Street, is determined to use his formidable new powers to help the "little fellow."

Long has confided to intimates that he will battle to bring down interest rates, drug prices and inequitable taxes, which hit lower-income families in the pocketbook.

He has already sent an investigator over to the National Institutes of Health to find out how big drug companies manage to get the patent rights on drug discoveries financed by the taxpayers.

The investigator found that NIH employees who have developed new drugs in government laboratories have taken out private patents on their discoveries and sold the manufacturing rights to private companies.

One company which has got hold of patents on NIH discoveries is Merck & Co., whose former president, John T. Connor, is now Secretary of Commerce. If Long digs too deeply into this, it could embarrass the Johnson administration which he is supposed to uphold at Senate Democratic whip.

THE SENATOR from Louisiana will also strive to simplify tax forms and wipe out tax inequities. The sheer complexity of the forms, he contends, costs taxpayers money.

Instead of rescinding the tax on telephone calls, as President Johnson has requested, Long would rather increase the tax on tobacco. He believes that any product which has been declared a health hazard, as cigarettes have, should be heavily taxed.

He would also like to increase the tax on alcohol and earmark the proceeds for the treatment of alcoholics.

Long is also embracing for a battle with the powerful banking lobby over interest rates. If backstage approaches to the Federal

Reserve Board fail, he is ready to push through a bill compelling the board to rescind its recent rate increase.

Russ Long is not a person to be taken lightly. As finance chairman and Democratic whip, he could develop into the most powerful man in the Senate this year.

WHEN SARGENT Shriver took command of the war on poverty, he didn't expect to come under fire himself. He has been shot at from all sides, including some direct hits in the back from his former deputy, Jack Conway.

The next salvo will come from Rep. Adam Clayton Powell, who, though up to his pockets in the poverty scandal in his own New York Harlem, has sent investigators to look for scandals in Los Angeles.

They have found a disgruntled ex-employee who has systematically collected evidence on the strange way in which contracts have been awarded. It adds up to another story of mismanagement and incompetence. Meanwhile, the Republicans have been gathering

information on the reluctance of Democratic mayors to let representatives of the poor have a voice in controlling the allocation of antipoverty funds.

The Republicans are also happily taking notes on the strife inside the Job Corps Camps and the political exploitation of the neighborhood Youth Corps.

THE MOST objective investigation of the poverty program, however, is planned by Sen. Ed Muskie, D-Me. Already on his desk is a thorough evaluation of the program.

Note: Shriver's troubles began after he lost his tough and talented Inspector General, William Haddad, who had been his lightning rod. Haddad and his deputy, Robert Clappitt, had an uncanny ability to sense trouble before it started.

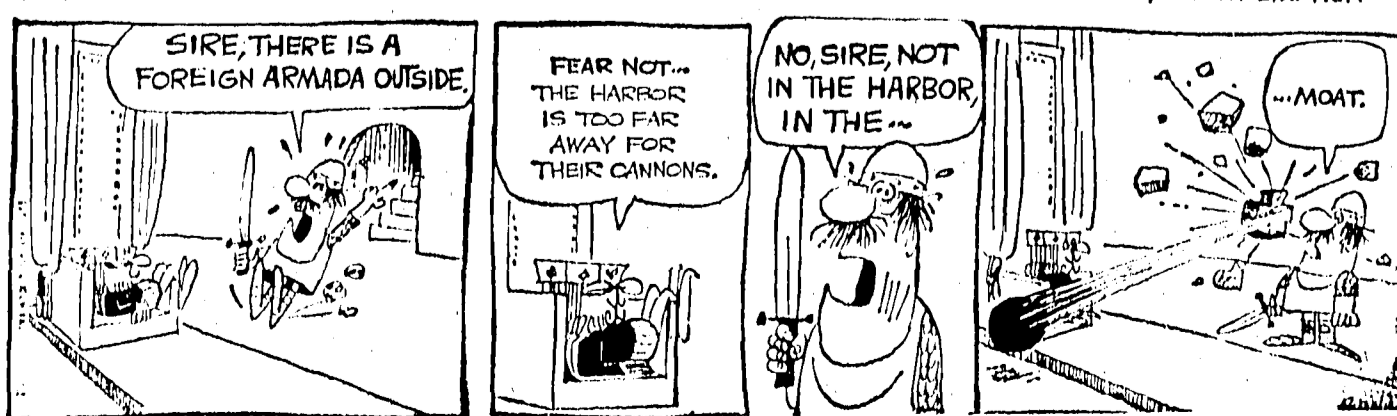

Cantankerous Congress? — On Capitol Hill the returning solons have been shaking hands, slapping backs and shouting greetings like old college grads at an alumni reunion.

Democrats May Lose Some Seats

By WILLIAM S. WHITE

WASHINGTON — The reassembled Congress offers opportunity and danger to the minority Republicans in about equal proportions.

They begin with an undoubtedly strong chance for picking up a good many seats from the Democrats in next November's Congressional elections.

They set off, too, with the plain possibility of seeing a substantial cutback in the welfare programs of the Johnson administration.

Given the best of circumstances in the best of all possible worlds, the Democrats could not in any event hope to score so vastly in Senate and House races this year as they scored in 1964 in the unexampled landslide victory of President Johnson.

History itself establishes that a party in power at the White House tends to lose some ground in off-year elections. There is, moreover, the important added circumstances that some 30 to 40 Democratic House seats and perhaps two or three in the Senate would have been highly vulnerable this year wholly apart from the factor of historical reality.

FOR, TO PUT the matter with unkind blindness, some of the Democratic fellows who came to Washington in 1964 on the Johnsonian coattails not only did nothing significant to get here but have done nothing significant since. There are the casualties, the accidents of fate and timing who were carried by willy and by nilly to brief and minor glory not altogether through the pulling power of President Johnson but even more through the essentially disastrous nature of the Republican Presidential campaign of Barry Goldwater. This was and is a decent and honorable man. But his unlimited defense of political extremism by necessity sank many a Republican Congressional candidate who was far more moderate.

As to the Great Society, it will surely be put upon a thinner diet. And for this the GOP will receive credit from voting conservatives even though it will come about almost solely because of the monetary demands of the war in Viet Nam. The art of politics does not read the fine print; unearned credit is credit all the same as is unearned blame.

IN A WORD, as this session of Congress opens, the GOP is in relatively the soundest position it has known since the onset of the Johnson Administration. All the same, there are rocky paths ahead, as well as shady lanes of hope. The greatest problem for the party — and a problem full recognized by such responsible leaders as Sen. Everett McKinley Dirksen of Illinois — is to avoid mere political opportunism, to avoid any policies for its own sake in the months ahead.

In domestic matters there is no objective evidence that the country generally now regrets the adoption of last year's welfare measures. To the contrary, respectable polls suggest a people appreciative of that session's achievements and more inclined to go forward here than to look back in second thoughts.

AS TO VIET NAM, the understandable Republican temptation to hit at President Johnson's war policies as too little could get the GOP into great trouble. For the only real criticism of these policies to date has been issuing in great shrillness from a Democratic left-wing fringe, with great vocal power and little else.

The Republicans will not be wise to climb out on the other tip of this wavering limb. For that way could easily lead to their self-labeling as a wild "war party" interested only in widening a nasty and heart-breaking — though absolutely necessary — contest.

The net of it all is this: The indicated policy for the GOP in this session is a policy of easy does it.

To Your Good Health

Nap After Lunch All Right

By J. G. MOLNER, M.D.

Dear Dr. Molner: Is it all right to take a nap after a hearty meal? I eat a light breakfast but I have a good lunch, then not much supper. After my lunch I always fall asleep as soon as I lie down, even when I am listening to a good radio program. I have been told I shouldn't lie down after a hearty meal. I am 78 years old. — MRS. B. H.

When you've lived to the happy age of 78 by doing what comes naturally, I would not put too much stock in theories that other people try to foist off.

A nap, in fact, is very likely to be good for you, and it certainly won't be harmful. The human body is so constructed as to let it divert part of the bloodstream to areas where it is needed. You know how circulation speeds up with exercise. This nourishes the muscles. After you eat, the same sort of process concentrates extra circulation in the digestive organs, instead.

THAT IS the reason for the wise rule of not going swimming until an hour or two after eating. Swimming soon afterward confronts the body with a triple task: Furnishing circulation for digestion, for the muscles, and for keeping the body warm. In such a case the muscles sometimes are "short-changed" for blood, and cramps result.

But if you take a nap after a full meal, the body is under no added stresses, and can easily provide circulation to the digestive organs.

So go ahead and enjoy your naps.

Dear Dr. Molner: I am past 80 and take many medicines. Could you explain what potassium triplex is for? — L. S.

I'd guess that you have some edema (swelling, caused by fluid accumulating in the tissues) and take a diuretic medication to get rid of this excess fluid and thus reduce swelling.

Such medications remove not only water but also potassium. If you lose too much potassium, extreme weakness results. The answer is to replace the lost potassium. Hence there is a solution containing three types of potassium (which explains the term "triplex") which is given in cases requiring it.

(Potassium triplex is used also in other conditions in which the patient would suffer from loss of potassium.)

Mrs. Dora Sontag Celebrates 94th Birthday at Her Home

One of Winona's most attractive elderly women, Mrs. Dora Cook Sontag, 106 E. King St., celebrated her 94th birthday Friday at her home, when members of her family and friends dropped in to wish her well.

SURROUNDED by her many

blossoming house plants in her comfortable arm chair, Mrs. Sontag had her picture taken. In spite of her advanced age and a broken hip she suffered four years ago which necessitates use of a cane, Mrs. Sontag is active and lively. She has as hobbies embroidery and crocheting.

She was born Dora Cook in Holstein, Germany, Jan. 14, 1872 and came to the United States with her parents at the age of 1½ years. She spent her childhood in Fountain City, Wis. On Feb. 14, 1893, at Centerville, Wis., she was married to John J. Sontag, former Winona contractor. The couple celebrated their 61st wedding anniversary, before Mr. Sontag died on Feb. 5, 1955.

MRS. SONTAG has four children: Oscar, Tucson, Ariz.; Mrs. Donald Curtis, Winona; Mrs. Joseph Strigel, St. Paul, and Mrs. Jack Walz, Winona. There are 10 grandchildren and 18 great-grandchildren. Mrs. Sontag also has a sister, Mrs. Andrew Haeussinger, Fountain City, Wis.

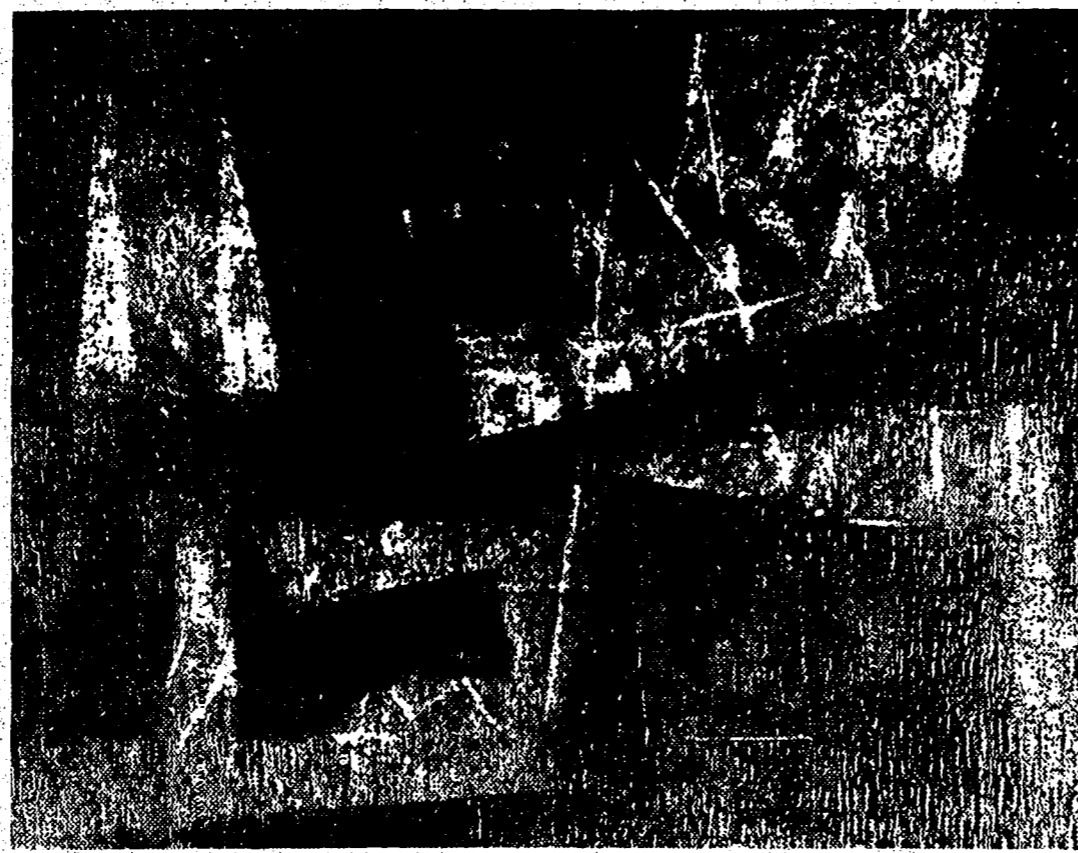

Garden Club Dinner Reservations Asked

Members of the Winona Flower and Garden Club are reminding that reservations for the club's annual birthday dinner, Feb. 3 are to be made with Mrs. Martin Peterson before Jan. 31.

Mrs. Peterson and Mrs. James Schneider are in charge of arrangements for the roast-beef dinner to be held at Krzyz Commons, Winona State College, starting at 7 p.m.

REGINALD SANDERS' ABSTRACT, "TWO PART INVENTION"

Subtle Dynamism Characterizes Sanders' Show at College Gallery

By FLORETTA M. MURRAY

Subtle dynamism is a characteristic element of "Interior Landscape", inventive one-man show by Reginald Sanders. Twenty-three miniature-type paintings in mixed media — pastel, glaze, enamel and pencil as well as collage — comprise the exhibition which opened Sunday afternoon at The Gallery of the College of Saint Teresa.

Full-range use of pencil as a medium appears in "Portrait of a Dancer" with an interplay of values giving fluid grace to the figural form.

Mrs. Robert Kramer Elected President Of Catholic Nurses

Winona Chapter of Catholic Nurses met for a potluck supper Wednesday at St. Mary's College faculty dining room. Mrs. William Laak and Miss Olivia McWeeny of the college infirmary were hostesses.

The group elected two new officers: Mrs. Robert Kramer, president; and Mrs. Weldon Van Horn, treasurer. Other officers are Miss McWeeny, vice president and Mrs. Dale Welch, secretary.

A taped speech by a University of Minnesota gynecologist on the rhythm method of birth control comprised the evening's program.

Mrs. Kramer and Mrs. Welch assisted the hostesses.

MISS BONITA K. PETERSON'S engagement to Robert M. Roth, son of Mr. and Mrs. Nick Roth, Wabasha, Minn., is announced by her parents, Mr. and Mrs. Raymond Perron, Northfield, Minn. A June wedding is being planned. Miss Perron is a graduate of Northfield High School and St. Mary's School of Practical Nursing, Rochester. The groom is a graduate of St. Felix High School, Wabasha, and is an employee of the Milwaukee Railroad.

at Blair First Lutheran Church. Both young persons are 1964 graduates of Blair High School. Miss Nyen is employed in the office of the Trane Co., La Crosse.

ANOTHER pencil composition, "Excursion," develops color in an expressive upward movement, which belies the ovoid form beneath and yet accentuates this dominant form.

A number of sensitively developed color compositions use surface texturing overlaid as a translucent veil to the color beneath. Among the compositions exploring this technique is "Dilated Pupils" with pitted surface beneath which flows a warm soft tone.

Again a magic flow of color vibrates beneath the textured surface in "Decidedly Blighted," a composition in mixed media.

RED DOMINANT curvilinear forms with upward surging movement of brilliant green are counterbalanced by yellow vertical lines sweeping in repetitive pattern in the dynamic "Red Landscape." This composition is one of the excellent examples of Mr. Sanders' inventive use of mixed media and structural dynamism of composition.

The triptych appears in two units of work. One entitled in three parts as "What's That?", "That's That?", and "That's What?" — in pencil and enamel uses subtle grayed tonalities.

This quality again appears in the second triptych which includes "So", "Oh So", and "So So" with pale grayed interlocking forms of ben-day texture and tape translucent areas.

REMINISCENT of the rich broken surface of batik is the composition, "Good Enough to Keep," done in gypsy glaze with rich, dark warm tones.

Although the small format is the consistent pattern of the exhibition, the work itself has monumental qualities in the highly sensitive variation which Mr. Sanders creates in his visual expression of art forms.

Mr. Sanders is a graduate of the Minneapolis School of Art and has attended the University of Minnesota, where he studied with Walter Quirt, Malcolm Meyers and others. He is on the staff of the Kilbride-Bradley Gallery, Minneapolis.

A RECEPTION and tea was held in honor of the artist at the gallery Sunday afternoon. The show will continue through Feb. 11. The gallery is open every day from 1 to 5 p.m.

A.G. Bush, 3-M Chairman, Dies In Florida at 78

ST. PAUL (AP) — Archibald G. Bush, who helped build Minnesota Mining and Manufacturing Co. from a small sandpaper firm into the state's largest manufacturing industry, has died at the age of 78.

Bush's rise was as meteoric as that of 3M. From a job in 1909 as assistant bookkeeper at \$1.55 a week, he became a multi-millionaire chairman of the executive committee and gave large sums to charity.

He had been in poor health about a year and died Sunday at a hospital in Winter Park, Fla., where he had winter home.

Funeral services will be held at 11 a.m. Wednesday in Hamline Methodist Church, St. Paul, with interment at Oakland Cemetery.

Bush, born at Granite Falls, Minn., took a business course at the Duluth Business University and joined 3M in 1909, when its only product was sandpaper, and it had sales of \$192,000. He became chairman of the executive committee in 1949 and served in that capacity until his death.

His wealth was estimated at one time as \$300 million. With a philosophy that "wealth should be used for the benefit of all humanity," Bush gave millions of dollars to charity. A \$800,000 contribution built the Student Center at Hamline University in St. Paul.

He married Edith Bassler, an actress and dancer, in 1919. She gave up her career and later returned to the stage in St. Paul as actress, playwright and producer.

In addition to his widow, survivors include two sisters, Mrs. Margaret Hollenstetter of St. Paul and Miss Minnie Bush of New York City.

Two-State Deaths

Mrs. William E. Spencer ST. CHARLES, Minn. (Special) — Mrs. William E. Spencer, 83, Bismarck, N.D., died Saturday afternoon following an illness of several months.

The former Mae Forestell, she was born April 20, 1882, in Beardsley, Minn. She came to St. Charles with her parents at the age of 2. She graduated from St. Charles High School and Winona State College, then taught school in St. Charles until she was married here June 17, 1907. She helped organize the St. Charles Public Library and served on its board of directors. She and her husband moved to Rochester in 1940 and to Bismarck in 1951 to live with their son.

Survivors are: Her husband; one son, Edmund, Bismarck, and one grandchild. One sister and one brother have died.

Funeral services will be Wednesday at 10:30 a.m. at St. Charles Catholic Church, the Rev. James Fasnacht officiating. Burial will be in Calvary Cemetery.

Friends may call at Sellner Funeral Home Tuesday at 2 p.m. Rosary will be said at 8 p.m.

Irvine Wagner

TREMPEALEAU, Wis. — Irvine Wagner, 77, died Saturday at 7:50 a.m. in the Veterans Administration Hospital, Minneapolis, Minn. He was a retired farmer.

Mr. Wagner was born Sept. 22, 1888, in the Town of Caledonia to Mr. and Mrs. Charles Wagner. He served overseas in World War II with the Army. In 1920 he married Sarah Cisewski and the couple farmed for many years in this vicinity. He was a member of the Veterans of Foreign Wars.

Survivors are: His wife; two brothers, George, La Crosse, and Carl, St. Paul, and one sister, Mrs. Birdella Norris, Griffith, Ind.

Funeral services will be Wednesday at 11 a.m. at Smith Mortuary, Galesville, the Rev. Edward J. Sobczyk, St. Bartholomew's Church, Trempealeau, officiating. Burial will be in Holy Cross Cemetery, Trempealeau, with graveside military rites by a VFW detail from Trempealeau.

Friends may call at the funeral home Tuesday from 7 to 9 p.m. Rosary will be said at 8:15 p.m.

Kaiser Heir To Be Married At La Crosse

LA CROSSE, Wis. (AP) — A Lawrence University coed will marry a member of the industrial empire-building Kaiser family, a fellow student whom she met on the second day of school four years ago.

The engagement of Miss Margaret Jane (Peggy) Fuller of La Crosse to Henry Mead Kaiser was announced by her parents Saturday.

The prospective bridegroom is the son of the president of Kaiser Industries Corp. and the grandson of industrialist Henry J. Kaiser, board chairman of the family firm.

Kaiser and Miss Fuller, each 21, are seniors studying psychology at Lawrence.

They will be wed at the Congregational Church in La Crosse. No date for the wedding was set. Each plans to complete his college studies and Kaiser said he would do post-graduate work.

The couple has dated steadily since they met as freshmen.

The engagement was announced by the coed's parents, Mr. and Mrs. Lewis F. Fuller, at a party in their home.

Mr. and Mrs. Edgar F. Kaiser of Lafayette, Calif., parents of the prospective groom, flew to Appleton by private family jet Friday night to pick up the couple and attend the engagement party.

Edgar Kaiser is chairman of the board of Kaiser Aluminum as well as of other Kaiser subsidiary firms in steel, jeeps and cement.

HARRIS SURVEY

Democrats Hold Edge But May Change by Fall

By LOUIS HARRIS

The Democrats presently hold a 57 to 43 percent lead over the Republicans among American voters in the contest for control of Congress in 1966.

But, since many of those who voted for a Democrat president in 1964 are not necessarily committed to voting for a Democrat congressman this year, this margin could narrow between now and next November.

For one thing, the public is split on the question of whether the session of Congress which began Monday should continue its 1965 legislative pace or should slow down. For another, the impact on voting of the Viet Nam War remains to be seen.

A cross section of the nation's voters was asked:

"If you had to decide right now, as far as this district is concerned, for Congress in 1966, do you think you would vote Republican or Democrat?"

This line-up indicates clearly that Democrats will have to rely heavily on traditional sources of votes if they are to repeat their 1964 landslide victory.

The South and the big cities of the North emerge as the central pivots of the Democrat congressional majority. This, of course, is the old-time coalition that has allowed the Democrats to dominate national politics since 1932. Yet the margin of difference between slim and decisive control of the next Congress is not likely to come from these traditional sources, but rather from the suburbs of the growing West and from the Republicans and Independents who voted for Mr. Johnson and the Democrats in 1964.

Voters were asked: "Now in 1966, Republican Senator Dirksen says that Congress should slow down and let the country absorb what it passed in 1965. President Johnson and the Democrats think there is still much more legislation to be passed. Do you think in 1966 Congress should go slower than in 1965 or try to keep up the same pace it did in 1965?"

CHICAGO (AP) — A man who said he was a former mental patient admitted today that he strangled Barbara Jean Dixon and left her half-nude body in a desert area near Boise, Idaho, police said.

"I didn't mean to kill her," police quoted William H. Butler, 22, of Jersey City, N.J., as saying. "I don't know why I did it."

Sheriff Paul Bright of Idaho's Ada County said he would fly to Chicago today with a warrant charging Butler with first-degree murder. Police here said Butler told them he would not fight extradition.

Chemical in Newsprint Routs Insects

WASHINGTON (AP) — A Harvard zoologist says newsprint contains a mysterious chemical which is bad news for insects.

Dr. Carroll M. Williams said its presence was discovered by having certain immature bugs "walk on Walter Lippmann's column" after it had been immersed in a laboratory fluid.

Williams said in an interview that the insects turned into "tremendous giants," then died before reaching maturity.

Williams said attempts to isolate the chemical from newsprint have failed so far.

He noted the chemical appears to be present only in American newsprint, much of which is derived from the balsam fir trees.

He theorized that the balsam once might have been bedeviled by some type of insect pest and developed the chemical in self-defense.

Nigerian Army Leader Top Figure in Coup

LAGOS, Nigeria (AP) — Nigeria's Army commander emerged as the dominant figure in Africa's most populous nation today following an unsuccessful coup attempt by mutinous elements in the armed forces.

Maj. Gen. Aguiyi Ironsi declared himself temporary head of the federal government and chief of all armed forces Sunday night and suspended key provisions of the Nigerian constitution.

He also suspended the nation's top civilian officials, including Prime Minister Sir Abubakar Tafawa Balewa, President Azikiwe Nnamdi, the heads of Nigeria's four regions and the federal and regional parliaments.

Balewa was kidnapped during the coup attempt with his finance minister, Chief Festus Okotie Ebon. The rebels are believed holding them hostage. Ironsi's troops were reported searching for them.

Troops loyal to Ironsi guarded government buildings and other key points in Lagos and manned five roadblocks between the airport and the capital.

Remnants of the rebel force appeared to be on the run. One report said Kaduna, the chief northern city, was the only main center in rebel hands.

Ironsi said military governors would take over in the four regions and would be responsible to his military regime for keeping order.

The federation of Nigeria is composed of the four regions plus the federal territory of Lagos. The federal government handles such matters as foreign affairs, trade, communications, railways and defense.

Ironsi called on civil servants and police to continue in their posts.

House of the Week

A Glamorous Split Level for Family

By ANDY LANG

The beautiful split level featured this week is not a home for the timid. It is meant for those families who love contemporary and are not afraid to show it. It is, in short, boldly modern.

Design G-19 has all the inherent glamor associated with split levels, including the advantage of elevated bedrooms. It has none of its disadvantages, for architect Samuel Paul has incorporated into it all the conveniences associated with fine ranch houses.

PRIME example of this is the location of all the service facilities on the same level and within a few steps of the kitchen. In this location are the service entrance, laundry room, a lavatory, storage closets and the garage. There is also an extra room which can be used as a study or den.

From the spaciousness of the interior, it isn't hard to tell that this House of the Week is for a large family. There are four bedrooms on the upper floor, with their two full baths and abundant closet space.

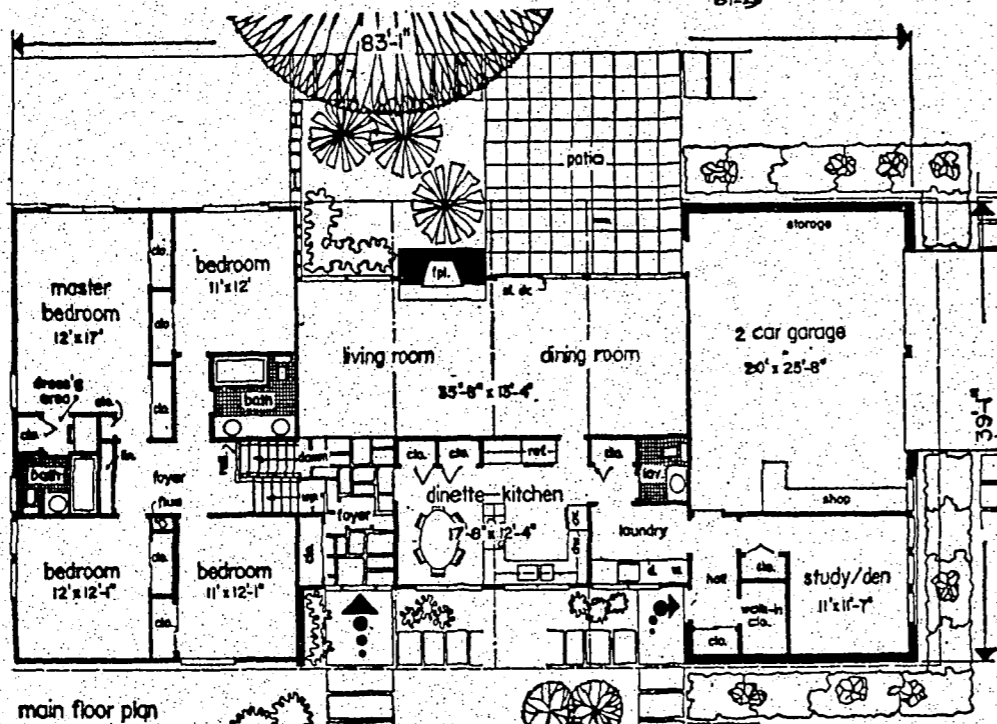

There is also provided an optional plan for the ground floor which can add a fifth bedroom and third full bath to the home if needed or desired. And note roomy circulation foyer in the bedroom wing, the large linen closet and the dramatic, sloping, cathedral ceilings throughout the house, including the master bedroom and one other bedroom.

THE LIVING room and the dining room share a sweeping cathedral ceiling which reaches up to a height of more than 16'. The kitchen and dinette likewise share such a ceiling (although lower); even the entrance foyer and that extra room near the service entrance

DISTINCTIVE SPLIT LEVEL... Everything about this split level, including the attractive exterior, with its fixed windows

above the regular windows, is a bit different, making it a house for a family with a liking for bold design.

FLOOR PLANS... A large family can find a lot of living in this spacious home. There are nearly 36' of open space in the combined living and dining rooms; nearly 18' in the combined dinette-kitchen; and an immense recreation room on the ground floor.

How to Build, Buy Or Sell Your Home

Full study plan information on this architect-designed House of the Week is included in a 50-cent baby blueprint. With it in hand you can obtain a contractor's estimate.

You can order also, for \$1, a booklet called "YOUR HOME—How to Build, Buy or Sell It." Included in it are small reproductions of 16 of the most popular House of the Week issues.

Send this coupon to the Daily News or you may purchase the plans or the booklet at the information counter at the Daily News.

have sloping ceilings.

One of the advantages of these high ceilings is the continuous band of large fixed glass windows above the regular-height windows and extending up to the underside of the roof. Aside from the exterior attraction of these windows, they serve to bathe the interior with an abundance of daylight.

Very wide overhangs have been incorporated into the de-

sign to eliminate the heat and glare of direct sunlight.

THE FORMAL entertainment area of the house, the combination living and dining room, encompasses an area of almost 36' across the rear. It is surrounded by that continuous cathedral ceiling, features a lovely stone fireplace, a parquet wood floor, and sliding glass doors which lead to the rear patio.

For informal entertaining (and children's entertainment), there is a large recreation room on the ground floor, with its own sliding glass doors to the rear. Even if the option were elected to add the fifth bedroom and extra bath, there still would be enough room for a recreation area.

The kitchen aside from its convenient location, is attractive and efficient. There is also an informal dinette alongside. Both have large expanses of windows.

STORAGE has not been neglected either. There is a large storage and heater room located on the ground floor adjacent to the recreation room. In addition, the two-car garage provides plenty of space at both sides for storage, tools, workshop, garden equipment, etc.

For the family willing to try something different, without sacrificing warmth and convenience, this house could be the answer.

G-19 Statistics

Design G-19 has a combined living room-dining room, a combined kitchen-dinette, four bedrooms, a laundry, lavatory, study and two-car garage on the main floor with a habitable area of 1,981 square feet.

Counting the recreation room on the ground floor, the total living area moves up to 2,872 square feet. The overall dimensions are 83 feet 1 inch by 38 feet 9 inches. The full plans include a provision for a fifth bedroom and an extra bath on the ground floor if desired.

Second Mailing On Medicare

WASHINGTON (AP) — A second mailing is under way to those medicare-eligible individuals who have either rejected the additional voluntary coverage or have failed to reply to the first notice.

Persons who were 65 or over by Jan. 1 must enroll for the insurance by March 31 or wait until October 1967 and pay a higher fee.

Through last Thursday, the Social Security Administration had tabulated 12 million responses from people over 65 who were reached through the first mailing of application forms to beneficiaries on Social Security and railroad retirement benefit rolls or who went to district offices.

At that time, 9.8 million had signed up for the medical care and 1.1 million had rejected it. Another 800,000 replies were not clear as to the intent, and 300,000 had not been completely processed.

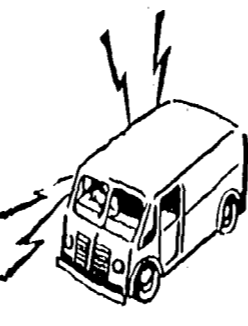

An upsurge in applications which began after Christmas continued this week, with receipt of an estimated 352,000 responses. This compared with 350,000 last week and 120,000 in the week before Christmas.

Better Postal Service OK'ed

WASHINGTON (AP) — President Johnson approved Saturday a proposal by Postmaster General Lawrence F. O'Brien to restore six-day-a-week parcel post delivery service and to increase hours of window service in the nation's post offices.

The improved service will go into effect as soon as Congress provides the necessary funds. The cost was estimated by the White House at \$15 million a year.

In approving O'Brien's recommendation, Johnson told him he wants the postmaster general "to provide this country with the finest mail service it has ever known, while managing the Post Office Department efficiently and prudently."

Post office window hours and parcel post delivery service were cut back as an economy measure in May 1964.

Under O'Brien's proposal, six-day-a-week parcel post delivery would be restored in 6,091 cities with a population of 3,000 or more which have received such service on a five-day-a-week basis since the curtailment of service. In those cities, one day has been skipped each week except on routes where postmen made deliveries from motor vehicles instead of on foot.

Also under the proposal post office window service on Saturdays, and in some cases Sundays, would be authorized on an as needed basis in nearly 15,000 post offices. Late hour service, where needed, also would be resumed on week nights.

Postmasters would be authorized to resume selling money orders on Saturdays as part of the window service restoration in cities where money order sales have been curtailed.

Body Found in Sand Returned for Burial

ROSEMOUNT, Minn. (AP)—Funeral services were held Saturday for Army Air Corps Staff Sgt. Arthur J. Daly, who died in World War II.

Daly, then 19, was reported missing in action May 28, 1944, near Dunkirk, France. His remains were found only recently by French children playing in sand on a Dunkirk beach.

Jaycee Week Off To a Bad Start

RENSSELAER, Ind. (AP) — Mayor Emmet Eger proclaimed this as Junior Chamber of Commerce Week in Rensselaer.

He urged citizens to recognize the Jaycees for their civic contributions. The project got off to a bad start. Someone broke into the Jaycee office over the weekend and took all the money they could find.

Some Notes On Garden Flowers

HAVING talked about the All-America award winning garden flowers for 1966 in two of our previous articles, it seems desirable to discuss the value of annuals at further length.

As most of our readers have observed, the flowers that have been honored as award winners are annuals with the exception of an occasional biennial as the pansy. Much has been written about the necessity of having good numbers of the versatile annuals in the garden for their splashy colors and their ability to transform any drab area into one of beauty quickly and easily.

In their variety of forms, brilliant colors, sizes and ease of culture, the annuals for many years have been the mainstay of many gardens both large and small. For the beginners in gardening and the owners of new homes who want to beautify their surroundings quickly, annuals will answer the purpose better than any other kinds.

Annuals have all of the colors that are dear to the heart of the gardener from pure white to the darkest purple. Beautiful effects can be obtained by the massing of colors in strategic spots, or an all-white, or any other color, that may please the fancy of the color harmonizer. The experienced gardener will learn from observation which colors are harmonious, as well as the types of annuals best suited to the preferred color arrangements.

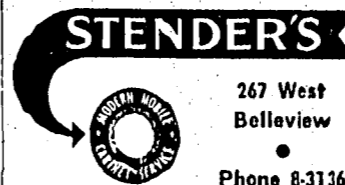

ONE NOTED flower enthusiast has stated that any flower colors used together will harmonize, if sufficient white, or green, is mixed in with them. Even antagonistic, or fighting, colors can become harmonious, if sufficient green foliage intervenes, since green is a most excellent blender.

One important point to be taken into consideration is the fact that the stronger a color is, the less it will be congenial with other nearby colors. Tints and shades will be more compatible. The closer that two colors are placed together, the more noticeable will be their harmony, or discord. As stated above, strong aggressive colors can be subdued by plenty of green foliage.

The All-America award winners should be considered when selecting varieties of annuals. They have chosen primarily for home garden use, for superior quality of performance, uniformity, disease resistance and weather tolerance. They are considered the best of their kinds to the date of introduction. Current winners may surpass the previous selections, although the past winners still retain their award status.

YET, THERE are other varieties that may not have been entered in All-America competition, or did not receive awards, that may compare favorably with the winners in every respect under home garden conditions. The same is true with roses, glads and other flowers in competition. One has only to page through a flower catalog to note the many beautiful varieties without any award designation. This is especially apparent with the four leading annuals, petunia, zinnia, marigold and snapdragon, which have been so greatly improved by the art of the hybridizers.

However, if the gardener can get the type and color in annuals that are desired, the choice when possible should be the award winning varieties. So, get them when you can, but remember that there are many other varieties that may perform equally well in your garden.

St. Paul Campus Figures in Plans For U Expansion

MINNEAPOLIS (AP)—The University of Minnesota's St. Paul campus will play a key role in the expansion of the university's Twin Cities enrollment from the present 35,000 to 61,000 by 1975, President O. Meredith Wilson said Friday.

The St. Paul campus will develop far beyond its present use, devoted mainly to agriculture and related fields, Wilson told the Board of Regents.

"It appears that some type of expansion of reasonably complete lower-division offerings for various four-year curricula will be at the heart of the St. Paul expansion," said the report of a 26-member committee advising Wilson.

The committee also recommended four-year programs at St. Paul for education and "some major fields" in the College of Liberal Arts.

Tentative plans call for connection of the St. Paul campus and the Minneapolis East and West Bank campuses through some means of transportation, perhaps bus.

Official Proceedings

Of the Annual Meeting of the Board of County Commissioners, Winona County, Minnesota, January 4th, 1966.

The Board of County Commissioners of Winona County, Minnesota, met in their room in the Court House in the City of Winona, Minnesota, on January 4th, 1966, at 1:30 o'clock P.M., with the following members being present: Len J. Merchewitz, District No. 1; Leo R. Borkowski, District No. 2; Adolph Spitzer, District No. 3; Carl O. Peterson, District No. 4; and James Papenfuss, District No. 5.

The Board was officially sworn into office by Rolfe D. Tust, Register of Deeds.

The meeting was called to order by County Auditor Richard Schoonover, acting as Chairman.

Commissioners Carl O. Peterson and Adolph Spitzer were nominated for the position of Chairman of the Board for the year 1966.

Ballots were cast and Commissioner Carl O. Peterson was chosen Chairman of the Board for the year 1966.

Commissioner Adolph Spitzer was unanimously chosen as Vice-Chairman of the Board for the year 1966.

The minutes of the extra session held on December 6, 1965, were read and approved.

On motion, the following Interim Order Dissolving School District No. 2008 was approved:

NOTICE IS HEREBY GIVEN, That the following Interim Order Dissolving Common School District No. 2008, was adopted by the Board of County Commissioners of Winona County, Minnesota, on the 4th day of January, 1966:

In the Matter of the Dissolution of Common School District No. 2008.

The above entitled matter came on to be heard by the County Board of Winona County, Minnesota, at the Court House in the City of Winona, Minnesota, on the 4th day of January, 1966, at 1:30 o'clock P.M.

Notice duly given as provided by law and the order of said Board; and the Board having heard all persons interested in said matter with and against, finds as follows:

First—That said proceedings were instituted by:

A resolution adopted by the electors of said district at a legal meeting and certified by the Clerk of said district to the County Auditor.

Second—That said district has been established since the date of said hearing and the Board being of the opinion, from the facts adduced at said hearing, that it is expedient to dissolve said territory to have said school district dissolved.

NOW THEREFORE IT IS ORDERED, That said Common School District No. 2008 be and is hereby dissolved and that the territory thereof be attached to other existing school districts or unorganized territory as follows, to-wit:

All the land and property of Common School District No. 2008 to be attached to and made a part of Common School District No. 2585.

IT IS FURTHER ORDERED, That the assets and liabilities of Common School District No. 2008, be distributed as follows, to-wit:

All the assets and liabilities of what ever nature and kind, of said Common School District No. 2008.

The outstanding bonded debt of said Common School District No. 2008 is hereby fixed as the last day of July, 1966.

Dated this 4th day of January, 1966.
CARL O. PETERSON, Chairman.
Board of County Commissioners.

Richard Schoonover, County Auditor.

West Makes Surrender

LOS ANGELES (AP) — It's elementary in football that the less you give up the ball the more chance a team has to win. When you surrender the ball 10 times, well—

"That's the whole story of the game."

Author of this was Coach Vince Lombardi of the Green Bay Packers, whose favored West team was drubbed 36-7 by

the East in Sunday's National Football League Pro Bowl game.

Two fumbles and eight interceptions by the alert East certainly contributed to the downfall of Lombardi's warriors.

There were other factors, notably the East's on-target quarterback, Frank Ryan of the Cleveland Browns; his team-

mate, fullback Jim Brown, and the St. Louis Cardinals' kicking specialist, Jim Bakken.

Jim Brown—there were six fellows named Brown in the game—scored three touchdowns to equal a pro bowl record.

True, his combined yardage for the scores was five. But he banged out a total of 64 and was named for the third time as

Back of the Game.

Ryan completed 10 of 21 passes for 182 yards, a 51-yard throw setting up one touchdown on the West's two.

Bakken's contributions were three field goals of 41, 36 and 42 yards.

But for some 60,124 fans in Memorial Coliseum, perhaps the main show finally centered

on the West's No. 1 quarterback, John Brodie of the San Francisco 49ers.

Brodie set a Pro Bowl record, too—for the number of intercepted passes he threw. The number was six.

It broke by one Otto Graham's mark in the 1953 game.

KEN WILTGEN
Ponders Situation

Redmen Will Battle Loras In Non-Loop

By BOB JUNGHANS
Daily News Sports Writer

Ken Wiltgen sounded like a man who got caught in a re-

volving door.

"I'm just as amazed as anyone," said the bewildered St. Mary's basketball coach. "Losing those two kids at the semester turned a potentially good basketball team into a...? And then maybe we weren't that good."

WILTGEN was pondering the Redmen's last loss, a 60-57 upset at the hands of the University of Minnesota-Duluth branch that dropped St. Mary's to 1-4 in the MIAC and 6-6 for the year.

"If ever there was a game that neither team should have won, that was it!" declared Wiltgen. "We couldn't hit and neither could they. (Jerry) Sauter hit only four of 16 and (Roger) Pytlewski hit zero of eight. Buffo shot 54 percent, but we set him up for a 12-footer with four seconds to play that would have won it for us, and it rolled around the rim and out."

"We're definitely out of the race now. We'll just try to play spoiler the rest of the way if we can get anything together."

ST. MARY'S gets a chance to regroup its forces on the non-conference front tonight when Loras invades for an 8 p.m. clash on Terrace Heights.

Wiltgen plans to use a different starting lineup again. The front line will feature Jim Murphy, George Hoder and Pytlewski, with Buffo and Dennis Luden in the back court.

"It will be another experimental night," said Wiltgen. "But we don't have much to experiment with. We just don't have the manpower. We've got only seven guys and Hoder isn't

Expansion Big Topic For AFL

HOUSTON, Tex. (AP) — Expansion was the No. 1 topic at the American Football League meetings today after a long weekend of house-cleaning in which nine players, including San Diego's mammoth Ernie Ladd and Earl Faison, were shipped to new locations.

The kickoff was the Ladd-Faison trade, with the two all-league defensive standouts sent to Houston in a five-player deal considered the biggest in AFL history and accompanied by one of the league's biggest fusses.

In addition to Ladd and Faison, San Diego Coach Sid Gillman gave the Oilers a piece of his mind for "tampering" while accepting three players in exchange—linebacker Johnny Baker, defensive end Gary Cutsinger and cornerback Pete Jaquess.

The multi-player trade was announced Saturday during the second period of the AFL All-Stars' 30-19 victory over Buffalo while Ladd and Faison still were playing. Then on Sunday,

BUT CHANGE IS JUST FINE

Paraboloid Not Effective Tool

By THE ASSOCIATED PRESS

Adolph Rupp took the transition out of Kentucky's stratified, transitional, hyperbolic paraboloid and the sting out of Vanderbilt's attack.

As a result, second-ranked Kentucky defeated third-ranked Vanderbilt 96-83 Saturday and extended its unbeaten basketball victory string to 12.

The loss, only the Commodores' second in 16 games, came after Vanderbilt built a 13-6 lead in the first five minutes. It was during that time that the Wildcats employed a 1-3-1 zone defense—or as Rupp likes to call it, a stratified, transitional, hyperbolic paraboloid.

But when he saw it wasn't working, Rupp had his players change tactics. They made the transition to the man-to-man defense and slowed the Commodores the rest of the way.

The 64-year-old Rupp, the winningest active coach in college basketball, devised his 3-3-1 defense two years ago. But

since he always abhorred the term zone defense, Rupp denied that it was a zone.

"We never have used the zone at Kentucky and never intend to," he said, his tongue firmly planted in his cheek. "That was no zone. It was simply a stratified, transitional, hyperbolic paraboloid."

Zone or paraboloid, the Wildcats will have the next week to work on it. They, like most of the Top Ten, are idle this week. Others that don't play until the close of final examinations are Duke, No. 1; Vanderbilt, Providence, No. 6; Texas Western, No. 8; and UCLA, No. 9.

Duke extended its winning streak to 12, crushing Wake Forest 101-81 behind the 36-point performance of Jack Marin. The Blue Devils now are 14-1.

UCLA wasn't so fortunate. Stanford defeated the Bruins 74-69, handing the defending NCAA

champions their first Pacific Athletic Conference loss after 36 straight victories. Art Harris led the host Indians with 24 points.

Brigham Young, No. 7, also was a loser among the Top Ten, dropping a 107-101 decision at Wyoming.

Providence and 10th-ranked Kansas, meanwhile, barely escaped with triumphs. Providence edged Boston College 79-77 on Jim Walker's two free throws with four seconds left, while Kansas nipped Iowa State 49-47 as Bob Wilson tossed in a 15-foot jump shot at the final buzzer.

Texas Western was idle. Fifth-ranked Bradley whipped Louisville 79-62 and fourth-ranked St. Joseph's edged Villanova 71-69 in a Sunday game on a field goal by Steve Donches at the buzzer.

Wilt Chamberlain got sick. Bill Russell got hurt and the Cincinnati Royals got scared. All in all it was a typical day in the National Basketball Association's tension-packed Eastern Division.

Chamberlain, who was stricken with food poisoning after eating Saturday night, watched from the bench, and Russell bruised a shoulder but not before making his presence felt as Boston beat Philadelphia 137-122 Sunday afternoon.

The Royals came from behind

and then had Detroit almost turn the table on them before edging the Pistons 108-106 for their 11th victory in their last 12 starts.

After the smoke cleared, Boston still led the East by one-half game over Cincinnati while Philadelphia was four games back of the Celtics.

St. Louis beat Baltimore 126-128 in another afternoon game. Second-year man Lucious Jackson took over for Chamberlain against Russell, and scored only 11 points while Russell scored 19, got 14 rebounds and blocked several shots before going out late in the third period with the bruised shoulder.

Stout, which marched unbeaten to the Wisconsin State University Conference football title last fall, will reach the halfway point this week in its efforts to duplicate the feat in basketball.

The Blue Devils, winners of seven straight WSUC tests, resume play after the semester break with a road game to Nearby River Falls Saturday.

Oshkosh, closest challenger to Stout in what is becoming a two-team race, will try to improve its 6-1 mark against winless Whitewater the same night.

Eau Claire meets defending champion La Crosse to try to unscramble the jumble in the middle of the standings in the only other WSUC game this week.

Stout blasted La Crosse and Oshkosh disposed of Platteville in the only games last week. Superior's scheduled game at Eau Claire last Saturday was postponed because of the semester examinations.

MANKATO COPS THIRD IN LEAGUE

St. Cloud, Gustavus Score Wins

By THE ASSOCIATED PRESS

St. Cloud State won the big one Saturday night, but Mankato State has the Northern Intercollegiate Conference basketball

lead and isn't letting the Huskies' credentials intimidate it.

St. Cloud had home court control nearly all the way in downing Bemidji State 82-75 in the

Huskies' conference opener.

Mankato, meanwhile, ran its NIC record to 3-0 with a 66-51 victory over Michigan Tech.

In the league's third Saturday game, Moorhead State dropped Winona, 66-61, to knock the Warriors out of a tie for the lead with Mankato.

Over in the Minnesota Intercollegiate Conference cage chase, leading St. Thomas didn't play and St. John's, which had won two straight in overtime to momentarily rank as the Tommies' chief threat, faded back with the pack.

Gustavus Adolphus dumped the Johnnies, 74-59, to give ev-

erybody except St. Thomas at least two losses in the MIAC. In other MIAC games, Macalester ripped Hamline 84-61, while Duluth nipped St. Mary's, 60-57.

St. Cloud built a 12-point lead in the first half, watched Bemidji trim the margin to three points in the second half and then spurred away again. Izzy Schminning counted 31 points for St. Cloud and Jerry Wilmot had 20 for Bemidji.

Mankato led only 26-21 at the half, but pulled away for a 15-point win over Michigan Tech. Richard Wanzek got 16 and Jim Veschusio 15 for the Indians.

Chicago's Golden Hawk is feathering his nest while Detroit's Red Wings, led by hot-shot Norm Ullman, are homing in on first place in the three-team National Hockey League pennant scramble.

Bobby Hull stepped up his drive for an NHL goal-scoring record Sunday night with a four-goal flurry against New York but his slumping Black Hawks dropped a 6-5 verdict to the Rangers. The loss, second for the Hawks in two nights, dropped them into a tie for the league lead with the Montreal Canadiens, who whipped Boston 3-1.

The Red Wings, meanwhile, rode Ullman's hot trick and the goaltending of Roger Crozier to a 4-0 triumph over Toronto that lifted them within one point of the leaders. Detroit, unbeaten in its last six starts, has lost only four times in 20 home games this season.

Ullman, an 11-year veteran who led the circuit with 42 goals last season, is the Wings' home-ice ringleader. His second hat-

track of the campaign gave him a total of 22 goals and 18 of them have been scored at Detroit.

It took two goalies, starter Cesare Maniago and masked

Don Simmonds, to hold off a one-

man comeback by Hull, who fired three goals in the final period for a career total of 300.

With 36 in the Hawks' 37 games this season, he needs 15 more to crack the single-season record he shares with ex-Montreal stars Maurice Richard and Boom Boom Geordien.

Simmonds came on after Hull's fourth goal and stopped Chicago over the last 11 minutes, protecting New York's one-goal edge. The Rangers led 6-3 before Hull completed his fourth hat trick of the season and then banged in No. 4 for the fourth time in his career. The 27-year-old dynamo lead the league scoring race with 59 points.

Alan Simpson, a 25-year-old clerk, was an overwhelming choice for the John F. Kennedy Memorial Award as the meet's outstanding performer Saturday night after he set a K of C record of 8:41.6 in winning his first attempt at two miles indoors.

John Whetton, a 24-year-old school teacher, posted his 23rd victory in 25 indoor mile starts with a finishing kick that caught him in 4:06.6, and countryman John Cooper surprised himself in capturing the 600 in 1:11.2.

The crowd of 9,021 cheered the performances in a comparatively dull meet which launched the major indoor season in the East.

Hudson's Handicap Just Not Great Enough—For Hoosiers, That Is

MINNEAPOLIS (AP) — Minnesota's Big Ten opponents may wish Gopher basketball star Lou Hudson was carrying a bigger handicap.

Hudson's current handicap is a two-pound cast on his right hand, stretching from the fingers to the elbow. The cast is there to protect a bone at the base of the right thumb which Hudson broke Dec. 18 against Creighton. It'll remain at least four more weeks.

He returned to action after missing seven games Saturday night and — as Minnesota's "one-armed bandit" — wrecked Indiana's hopes for an upset of the Gophers.

Twisting and squirming through the Hoosier defense for close-in shots, helping lead the charge on fast breaks and maneuvering expertly for rebound position, Hudson scored 20 points. He also grabbed 10 rebounds while playing about 60

per cent of the game, won by Minnesota 91-82.

He hit eight of 16 shots from the field, but had to shoot his free throws left-handed and made only four of 10. Coach John Kundla may remedy that situation before Saturday's game at Michigan; however, having Hudson shoot the old under-hand, scoop way.

Hudson's performance was amazing, considering the fact he cannot shoot with his right

hand, which is normal for him, he cannot dribble except with his left hand and he must make all but very short passes with his left hand.

"There's no question that he's the greatest one-handed player in the country," Kundla enthused. "He was just great."

"I was worried he'd be pressing, but once he hit his first basket there was no stopping him. I was hoping he'd get in there and forget about the cast, and that's

exactly what he did."

Indiana Coach Lou Watson was a little awed by what he saw.

"I don't know whether there is another player in the country who could have done what I saw Hudson do," Watson said. "I don't think Michigan has anybody who can take Hudson and stop him, one-handed or not."

Hudson was happy about his showing in his first return to duty since the injury. But he

didn't surprise himself.

"I wasn't surprised, really," the 6-foot-5 North Carolina native said. "I knew I could shoot a left-handed lay-up. And I was just there to get the rebounds."

What Hudson did to compensate for the fact that he cannot shoot from any distance was to maneuver into a one-on-one situation with his defender, then use his great moves and mobility to get past him for a close

shot — left-handed, of course. He even shot lay-ups from the right side with his left hand.

"I can shoot a hook and short jump shot with my right hand," he said, "and I can catch the ball, but that's about all I can do with my right hand."

"But it feels a lot better now," he smiled.

The Gophers led only 43-41 at halftime and Indiana was in front 54-52 with less than 15 minutes remaining. Minnesota

spurred at that point, however, to outscore the Hoosiers 19-8 in the next five minutes and take command at 71-60.

Archie Clark got 22 points for the Gophers and Dennis Dvoracek notched 20 and added 17 rebounds in his finest night for Minnesota, which evened its Big Ten record at 1-1.

Max Walker counted 18, Bill Russell 16 and Dick Schrupf 15 for Indiana, now 0-3 in the Big Ten.

EXPANSION

(Continued from Page 12)

San Diego lost tight end Dave Kocourke, a second team All-AFL selection.

Kocourke, Buffalo fullback Billy Joe, quarterback Eddie Wilson of Boston and New York linebacker Wahoo McDaniels were selected by the Miami Dolphins as the first of 32 veteran players they will receive under the AFL stocking formula.

With the first of the expected player shifts made, attention focused on the league owners, who had expansion listed as the main item on the official agenda. Preliminary discussions were started with an eye toward expansion to a 10th team for the 1967 season.

Heading the list of franchise applicants were Chicago, Los Angeles and Anaheim, Calif.; Washington, D.C.; Milwaukee, Portland, Ore., and Phoenix, Ariz. It was expected that if a decision could not be reached the list would at least be pared.

having a good year. We're capable of playing better basketball, but right now I'm just groping around trying to find something."

Tonight's hardcourt session had its hockey counterpart this afternoon at Terrace Heights with the Redmen skaters, faced with a win-or-else situation, entertaining Gustavus in a 5 p.m. clash.

GUSTAVUS defeated the MIAC defending champion Redmen 1-0 last Wednesday. St. Mary's scored 4-2 going into today's afternoon game. Another loss could cost the Redmen their third straight title.

These two contests on Terrace Heights kick off a week of moderate action on the local sports front.

Tuesday night, Winona State squads are in action. Bob Campbell's eagles try to get back on the winning track at Bethel. The Warrior freshmen meet Bethel's yearlings in a preliminary. And the Winona State wrestling team guns for its 10th straight triumph at Luther.

Thursday, St. Mary's hockey team is at St. Cloud, while there is a surprisingly light, but not unimportant, round of action Friday night.

WINONA HIGH entertains Austin in a basketball encounter that will probably decide the Big Nine championship. Game time is 8 p.m. The Winhawk wrestling team is at Austin, gunning for its fifth consecutive victory.

A heavy round of local action is slated Saturday with four basketball games, on home courts plus a hockey tilt and swimming meet.

'Twasn't the Night To Be Cage Favorite

Saturday night just wasn't the night for the favorites in area high school basketball action.

Two teams picked as easy winners fell by the wayside, while a third, undefeated Kenyon, had to scramble in the last quarter to down West Concord 76-59.

Wabasha St. Felix pulled the biggest upset of the night by trimming Owatonna Marian 59-53, while Dodge Center made it two in a row over favored Kas-

son-Mantorville 63-53 and in the process snapped a five-game losing streak.

WABASHA ST. FELIX 59 OWATONNA MARIAN 53 Wabasha St. Felix finally put everything together for an entire 32 minutes Saturday night as the Yellowjackets outscrambled Owatonna Marian 59-53.

Giving away height at every position, St. Felix used its agility to be at the right place at the right time as Bill Hanson and John Arens led a rebounding attack that fought the towering Marians to a standstill.

St. Felix jumped to a 16-9 lead, but saw the margin shaved to 40-39 going into the final period. Owatonna pulled ahead 49-47 with 4:44 to play, but St. Felix coach Duke Loretz called a time out. He mixed his defense and St. Felix scored six straight points to take the lead for good.

John Bill led the attack with 23 points. Terry Stroet tossed in 11 and Hanson 10. For Marian, Mark Bina meshed 20 and John Kaul tallied 10.

KENYON 76 WEST CONCORD 69

Tom Lair and Rick Gates led a revamped rebounding attack to pace Kenyon to a come-from-behind 76-69 victory over West Concord Saturday night. It was the second straight near-miss upset for West Concord which fell to Wanamingo 82-80 Friday night.

The Cardinals jumped to a 17-15 first period lead and stretched it to 37-30 by intermission. Going into the final quarter, they still led 52-48 before Lair and Gates started sweeping the boards and little Steve Strandemo started pumping in points. Kenyon outscored the Cards 28-17 in the last quarter to pull out its 10th straight triumph.

Strandemo fired in 32 points to lead the conquest, while Jim Kindseth added 12 and Gates and Jeff Albright 10 each. For West Concord, Pat Smith had 19, Steve Bjerkie added 14 and Wynn Frederick and Dan Hutton had 10 each.

DODGE CENTER 63 KASSON-MANTORVILLE 53 Dodge Center knocked off Kasson-Mantorville in the first game of the season and the Dodgers did it again Saturday night by a 63-53 count.

Following that opening game triumph, Dodge Center had posted a 3-5 record, losing its last five in a row. Meanwhile K-M had run off seven straight victories before losing to Ken-

yon last week and Cannon Falls Friday night.

Dodge Center led 31-30 at the half, but steadily pulled away in the second half as they held KoMet ace Tom O'Brien to four points.

O'Brien finished with 14 for K-M, while Dan Buegler had 13 and Rich Palmer 10. For the Dodgers, Roger Kraemer meshed 30, mostly on driving layups, Mac Baird had 12 and Fred Kreager 10.

Wolves, Spartans In First-Place Tie

CHICAGO (AP) — Defending champion Michigan and upstart Michigan State are threatening to make the Big Ten basketball race a two-team affair.

Both Michigan and Michigan State were victorious Saturday, and climbed into a first place tie for the conference lead with 3-0 records as Illinois fell before Purdue, 93-87.

Michigan rallied in the second half to dispose of Northwestern's threat, 93-85, and Michigan State had little difficulty in downing Ohio State, 80-64.

Minnesota, with Lou Hudson back in the lineup, dropped Indiana, 91-82, to return to contention in the conference race.

All-America Cazzie Russell whipped in 39 points to lift Michigan from a 52-41 halftime deficit to victory over Northwestern while sophomore John Bailey scored 24 points to lead Michigan State to its triumph over Ohio State.

Dave Schellhase, always a threat, scored 38 points and helped Purdue topple Illinois from the Big Ten lead as the Illini suffered their first loss in four conference games.

Iowa and Wisconsin were idle Saturday, but the Hawkeyes will get a first class chance to battle back into contention this week.

Sioux Squelch Tech Runaway

By THE ASSOCIATED PRESS
It looks like there is going to be a race in the Western Collegiate Hockey Association after all.

North Dakota isn't likely to be one of the contenders for the regular season championship, but the Sioux put the damper on Michigan Tech's hopes for a runaway victory by dumping Huskies once over the weekend. UND downed Tech 5-4 Friday

night, but the Huskies came back to pin a 4-1 defeat on the Sioux Saturday night.

Michigan emerged as Tech's chief rival when the Wolverines bounced Colorado College twice, including 10-4 Saturday night.

Tech still leads the WCHA with a 7-1 record, while Michigan is 5-1. The Wolverines' status will be a lot clearer after they play at North Dakota this weekend.

In other games Saturday night, Minnesota completed a sweep over Michigan State with a 5-1 victory at East Lansing, while Denver wrapped up a sweep over Duluth with a 4-2 triumph at Denver.

North Dakota is third at 6-4, while Denver and Colorado College are tied for fourth with 4-4 marks and Minnesota is a half step back in sixth with 4-5.

Tech took an early 2-0 lead, saw it trimmed to 2-1 on Dennis Hextall's goal for North Dakota but shoved in two insurance goals in the third period.

Hawk Bees Down Rapids

Winona High School's "B" team got off to a shaky start, but righted itself in the middle quarters to whip the Coon Rapids "B" squad 55-32 Saturday night.

Winona trailed 10-8 in the first period, but when the Hawks tightened their defense and allowed Coon Rapids to score only nine points in the next two quarters. By that time Winona had built a 37-19 lead.

This enabled Coach Bob Lee, whose charges are now 6-2 for the year, to clear his bench. Eleven Hawks hit the scoring column, led by Joe Helsing with 11 points.

St. Paul Three Sweeps In Handball Tourney

Following a double surprise in the third round, Paul Schulz of St. Paul's Midway YMCA wound up with the championship in the Second Annual Winona Invitational handball tournament.

Schulz Sunday defeated St. Paul's Terry Muck 21-14, 21-16 at the YMCA to capture the prize won a year ago by Billy Yambrik.

Yambrik was unable to attend this year's tournament because of knee surgery.

THE BIGGEST surprise came in Sunday's semifinal round played at the YMCA when both seeded players, Gary Rohrer and Ken McQueen, were bumped from championship contention.

Rohrer, from Winona but playing out of Midway at St. Paul, was defeated by Muck 21-16, 15-21 and 21-17 and Schulz won over McQueen 21-5, 21-16. Rohrer then went on to defeat McQueen 21-15, 16-21, 21-17 for third place, giving Midway a one-two sweep in the tournament.

The consolation prize went to Orley Brown of La Crosse. He defeated Joe Bunkant of Milwaukee 21-16, 17-21, 21-20.

WINONANS Hank Maly and McQueen, of course, won in the first round. Maly was knocked off in the second round by Muck 21-2 and 21-7.

Tournament officials christened the '66 meet as more successful than the first event held

a year ago and immediately began preparing for next year.

Said Maly, YMCA physical director: "We plan to make it bigger next year. We should have players from Cedar Rapids and Des Moines in Iowa."

RE ALSO stated that the second-round match won by McQueen over Loretz (21-16, 15-21 and 21-18) was the tournament's most exciting, and witnessed by a packed gallery.

First-round matches were split between St. Mary's and YMCA courts.

FIRST ROUND

AT ST. MARY'S
Gary Rohrer (Milwaukee) 21-16, 21-17; John Bunkant (La Crosse) def. Rick Roth (Milwaukee) 21-18, 17-21, 21-20; Hank Maly (Winona) def. Gil Bunkant (Milwaukee) 21-5, 17-21, 21-16; Terry Muck (St. Paul) def. Bob Boyle (Winona) 21-7, 21-17.

AT YMCA
Ernie Ortiz (Milwaukee) def. Mike Petersen (Winona) 21-7, 21-9; Paul Schulz (St. Paul) def. Don Peljoh (Winona) 21-13, 21-16; John Loretz (St. Paul) def. Orley Brown (La Crosse) 21-10, 17-21; Ken McQueen (Winona) won by forfeit over Bob Wolcott (Bau Claire).

SECOND ROUND

Van Hoof Cops TKO Verdict

WADENA, Minn. — Tom Van Hoof, moving up one division to the heavyweight class, scored a third-round technical knockout over Wadena's Ray Busher in a Golden Gloves card here Saturday night.

The victory, which came at 1:10 of the third round, was Van Hoof's 14th in his last 15 fights over a two-year span. His next bout will be Jan. 26 at Rochester. Van Hoof will again fight in the heavyweight division.

In bouts of other interest to local fans Saturday night, Rochester's Rusty Clark scored a unanimous decision over Ron Messonson of Hastings in a light heavyweight match. And in a featherweight scrap, Pat O'Connor of Rochester also gained a unanimous decision over Don Stewart of Wadena.

Annex Rallies Past Main '5'

CITY LEAGUE
W. L. W. L.
Williams Ann's 8 0 Mont. Ward 2 3
Watkins 2 2 Lewiston 2 3
First Nat'l 1 3 Main Tavern 1 4

Upset-minded Main Tavern gave Williams Annex its toughest battle of the season Sunday, but a 40-point second half told the tale as Annex came away with its fifth straight victory, 66-57.

Watkins moved into undisputed second place two games behind Williams Annex by topping First National Bank 54-45. Lewiston won its second game of the season and moved into the log jam in third place

with a 46-43 decision over Montgomery Ward.

Bob Hazellon and Tom Stallings led the second-half Williams Annex comeback. Hazellon finished with 19 and Stallings 18. Williams trailed 28-26 at the intermission. For Main Tavern, Fred Beck hit 20 and Terry Beck 16.

Jack Benedict and Tom Von Feldt each meshed 13 in Watkins' balanced attack. Chuck Goerisch scored 21 for First National. Don Glover rifled in 22 points to pace Lewiston's close triumph. John Enger had 17 for Wards.

Preston Will Test Hayfield In Feature

Preston and Hayfield, the second- and fifth-ranked teams in the Winona Daily News area, clash Tuesday night to headline a moderately heavy round of mid-week high school basketball.

Preston, 10-0 for the year and the runaway leader in the Maple Leaf Conference, plays host to Hayfield's Vikings which have run up eight straight victories. Game time is 8 p.m.

Preston has been led by everything Mike Knies who is averaging over 20 points-per-game, plus the balance of Bill Hall, Jerry Himli, Jerry Rislove and Steve Trendle. All are averaging in or near double figures. Hayfield's top gun is 6-5 Dan Proeschel who is also firing them at in nearly 20 points a game. Mark Fredrickson and Larry Edlund have been the other two big Hayfield scorers.

Three conferences are in action, but none of them have a full slate of games. Zumbrota is at surging Lake City in the only Hiawatha Valley loop contest, while Coulee Conference leader Bangor entertains Arcadia in the lone tilt in that circuit.

Three games are on tap in the Root River with the Houston (-6-0) at Caledonia (5-1) game taking the spotlight.

Harp Leaving Cornell for Duke Position

DURHAM, N.C. (AP) — Tom Harp is leaving Cornell to accept the prestigious job of head football coach at Duke University.

"to fulfill personal desires to participate in major college football."

Duke officials announced Sunday that Harp, head football coach at Cornell the last five years, will succeed Bill Murray as head coach at Duke. The terms of Harp's contract with Duke were not made public.

Harp said he was "delighted to join the Duke family" and make the switch from the Ivy League to the Atlantic Coast Conference.

Day Was Chilly For Fish, Too

It was a rather chilly day for Winona's youthful fishermen Sunday. Evidently it was too cold for the fish also.

In fact, only two people were lucky enough to land fish in the 1966 Winter Carnival children's fishing contest supervised by the Park & Recreation department and United Commercial Travelers.

David Kuklinski, 69 St. Charles St., and Daniel Beranek, 529 Lafayette St., were lucky enough to land perch. David won the first fish caught prize and also one for the heaviest fish. Daniel's fish took the prize for the second heaviest fish caught.

The youngest boy fisherman award went to Allan Moore, 373 E. Wabasha St., and the youngest girl fisherman award to Ann Tomashek, 717 Harriet St. Both are three. Kevin Samsalla, 1462 Park Lane, won the attendance prize.

St. Matthew's In First Loss

Caledonia handed St. Matthew's its first loss of the season Saturday, taking a 28-26 decision to gain first place in the Mississippi Valley Lutheran Grade School basketball conference.

The victory boosted Caledonia's record to 4-1, compared to St. Matthew's 3-1.

Caledonia jumped to a 6-0 lead and was never headed although its lead never reached more than five points. Don Halworth bagged 11 and John Dierion 10 to pace the triumph. Steve Gilbertson had 11 for St. Matthew's.

Joe Louis Hired By Cassius Clay

NEW YORK (AP) — Heavyweight champion Cassius Clay, unbeaten in his 22 pro fights, has hired Joe Louis to work with him "because it's time Joe was with a winner."

The former heavyweight king will have plenty of chances to be with a winner said Clay in announcing that he hopes to have four title fights this year. He said No. 1 may be announced by Tuesday.

Smith Retiring to Take Arkansas Job

ST. PAUL - MINNEAPOLIS (AP) — Gordie Smith, five-year veteran of the Minnesota Vikings, Saturday announced his retirement as a player to accept a position as assistant football coach at the University of Arkansas.

Smith, always dependable as a pass receiver for the Vikings, had started a half-dozen games in the 1965 season at tight end when regular Hal Bedsole nursed injuries.

Motors, Steels And Aerospace Issues Advance

NEW YORK — Motors, aerospace issues, steels and airlines advanced as the stock market pushed further into record high ground early this afternoon. Trading was heavy.

Many moderate-size transactions combined with a variety of big blocks to pile up volume. The Dow Jones industrial average at noon was up 3.90 at 991.20.

General Motors gave blue chips leadership as it spurred a couple of points following a statement by GM President James M. Roche that auto sales in 1966 will be equal to or better than the record results of 1965.

Rails, tobacco, electronics and nonferrous metals also showed a generally higher trend. Drugs were lower. Little change was shown by farm implements, mail order-retails and building materials.

The Associated Press average of 60 stocks at noon was up 1.5 at 369.7 with industrials up 1.8, rails up 1.5 and utilities up 2. Both the Dow industrials and the AP average were pushing ahead of the historic closing highs they made Friday.

Expectations of the fifth good auto year in a row were widespread. At the same time, demand for steel from the auto industry was unexpectedly strong.

The increase protected or defense spending gave the aerospace defense, electronics and other defense-related groups reason for continued strength, even while some profits were taken.

Prices were generally higher in heavy trading on the American Stock Exchange. Corporate bonds were mostly unchanged. U.S. Treasury bonds declined.
