### 2 Feet of Snow at Buffalo

## Storm Lashes East Seaboard

By THE ASSOCIATED PRESS  
Snow and freezing rain whipped by gale-force winds battered Eastern sections of the nation during the weekend while bitter-cold temperatures stung the midcontinent.  
At least 12 persons died of heart attacks, attributed to shoveling snow or pushing stalled cars in the Eastern storm.  
With an overnight freeze,

### \$300,000 Fire Destroys 17 St. Paul Floats

MINNEAPOLIS, Minn. (AP) — Seventeen colorful floats intended for the St. Paul Winter Carnival parade this Saturday went up in flames Sunday morning.  
However, the biggest loss, estimated at between \$150,000 and \$300,000, was in the building and equipment at the warehouse of Gordon Displays Inc., where the floats were stored.  
The loss was estimated at \$250,000 to \$300,000 by Gordon W. Shumaker, president of the firm, who said the building and equipment were insured but the completed floats were not insurable.  
Minneapolis arson squad investigators put damages between \$150,000 and \$200,000.  
St. Paul annual Winter Carnival of 10 days gets its sendoff with a daylight parade. Officials said the march would be held and that some new floats would be built in the exhibition hall of the Municipal Auditorium.

### Court Denies Watts Appeal

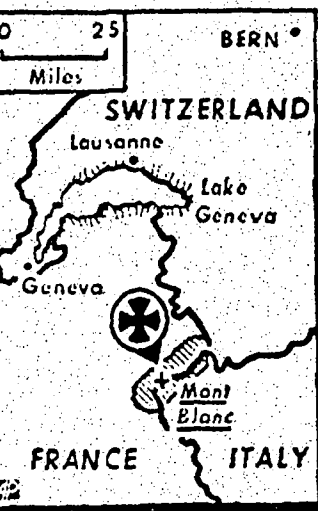

WASHINGTON (AP) — The Supreme Court rejected today an appeal that contended hundreds of persons arrested after rioting last August in the Watts area of Los Angeles were not provided adequate counsel.  
The appeal was filed by the legal defense fund of the National Association for the Advancement of Colored People.

Where Plane Crashed

### 707 Carrying 117 Rams Into Mont Blanc

CHAMONIX, France (AP) — An Air India jetliner with 117 persons reported aboard crashed into snow-covered Mont-Blanc today and the French police said no survivors could be found.  
The gendarmerie headquarters here at the foot of Western Europe's highest mountain said a helicopter landed at the crash scene but no one was found alive.  
The plane, on a flight from India to New York, crashed at a point called "La Tournette," about 1,600 feet below the peak on the Chamonix side. It was preparing to land at Geneva.  
The French police said it would be impossible to send a land party up the 15,781-foot mountain at this season. The bodies were to be brought down by helicopter.  
Air India said the Boeing 707 jet carried 106 passengers — eight of them bound for New York — and a crew of 11.  
The airline said one of the passengers was the chairman of India's Atomic Energy Commission, Dr. Homi J. Bhabha, 57, who was en route to Vienna for a meeting of the International Atomic Energy Agency.  
The airline said 20 of the passengers were to get off in Geneva, 54 were going to Paris and 24 to London.

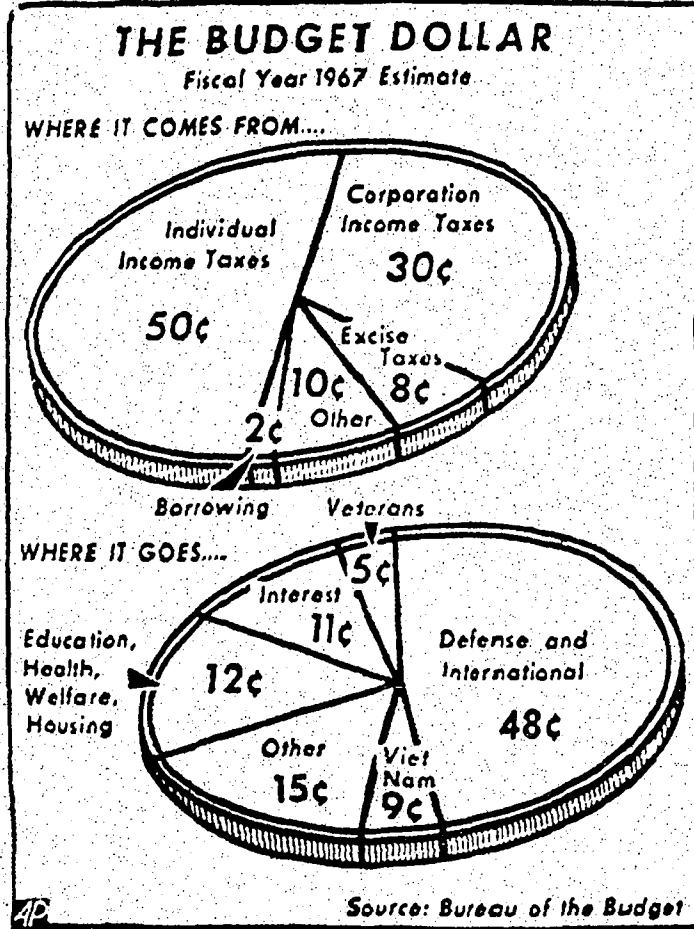

### Congress Has Reservations About Budget

By JACK BELL  
WASHINGTON (AP) — Congress received President Johnson's \$112.8-billion budget today with reservations about the effect on domestic programs of any large-scale expansion of the Viet Nam war.  
Both Democrats and Republicans predicted the President's \$7.15-billion defense budget will go virtually unassailed, but that his promise to come back for more money and new taxes if the conflict gets hotter will ignite a drive to curtail spending at home.

Senate Democratic Leader Mike Mansfield forecast that, "Barring a flareup in the situation in Viet Nam, the overall budget total is likely to be cut somewhat."  
Mansfield said Johnson will get anything he needs to fight the war. Sen. George D. Aiken of Vermont, dean of Republican senators, agreed and said, "Events in Viet Nam will determine what Congress finally does about the budget."

Sen. Spessard L. Holland, D-Fla., said he was "pleased that the President has come face-to-face with the financial aspects of the Viet Nam war. The \$12.7-billion supplemental request and the \$60-billion new defense budget begin to show the people the tremendous costs of this undeclared war."

"These costs will go higher and people should begin to think about and understand them," Spessard said.  
Sen. Henry M. Jackson, D-Wash., said, "As of now, it would seem obvious that the funds requested for the Viet Nam conflict are minimal and would have to be increased." Jackson is a member of the Joint Committee on Atomic Energy and the Senate Armed Services and Appropriation panels.  
Sen. Strom Thurmond, R-S.C., said the budget "appears to be designed for deception and the levels of spending which it proposes in non-defense areas constitute fiscal irresponsibility."

### Red Camp Hit In Mekong Delta

SAIGON, South Viet Nam (AP) — U. S. and South Viet-

namese forces set out with renewed vigor to search out the Communists in several major operations today after a lunar New Year truce that brought scant peace to Viet Nam.

As the 3 1/2-day Allied truce expired at 6 o'clock Sunday night, U. S. Air Force planes went into action and struck a Viet Cong main force. A forward air controller estimated 190 Communists killed, a U. S. spokesman said.

The ground thrusts brought no immediate significant contact with the guerrillas, but the

NEW YORK (AP) — The New York Times reported today that Communist Chinese jets have been spotted in North Viet Nam.  
In a dispatch from Hong Kong by Seymour Topping, the Times said U. S. planes had observed the jets on airfields north and west of Hanoi. Some also have been seen in the air but have made no move to fight, the report said.

The story said the Chinese planes are Soviet-designed MIG-21s. They are the fighters used by the Soviet air force and "a match for most U. S. aircraft," the Times said.  
It added there appeared to be about 25 MIG-21s on duty in North Viet Nam.

### What's TV?

Television is a device that changes a child from an irresistible force to an immovable object . . . A sense of humor is what makes you laugh at something that would make you mad if it happened to you . . . In this age of installment buying we never had it so good — or parted with it so fast . . . ### President Asks Quick Passage Of Tax Hike

#### Budget in Brief

	1966	1967
Spending	106.4	112.8
Income	100.0	111.0
Deficit	6.4	1.8
Debt at year end	320.0	321.7

WASHINGTON (AP) — President Johnson sent to Congress today a \$112.8-billion budget, by far the biggest in history, with a notice that he may come back for more money and new taxes if the war in Viet Nam gets hotter.

He warned also that the military buildup, on top of an expected 7 percent upsurge in national output, will "raise the threat of price instability" as the booming economy nears full employment.

This inflationary risk makes necessary "some moderate restraint through tax policy," Johnson said. He asked quick approval of the \$4.8-billion step-up of income, corporate and excise taxes already sent to Congress.

These revenues, plus the tax collections generated by an un-

precedented sixth straight year of economic growth, Johnson said, will provide \$111 billion of receipts in fiscal 1967 and bring the budget within \$1.8 billion of a balance.

That would be the smallest deficit in seven years — and it can be achieved, Johnson said, even with a net increase of \$2.1 billion in spending for his "Great Society" programs of education, health, housing and manpower development.

"Inflation need not be the price of social progress; nor should it be a cost of defending freedom," Johnson told Congress.

His blueprint for taxing and

2 Men Killed In Crash of Stunting Plane

FERGUS FALLS, Minn. (AP) — A light plane, which witnesses said had been doing acrobatics shortly before, crashed onto the frozen surface of Ten Mile Lake Saturday, killing two men.

The Otter Tail County sheriff's office identified them as:

Nels O. Roman, 54, Wheaton, believed to have been the pilot, who was dead at the scene;

Gary Streho, 24, Bloomington, who was dead on arrival at a hospital here.

Streho, a salesman, lived at 8504 Zenith Road.

His father, Helmut Streho, said Gary was qualified as a pilot and that he was a part owner of the aircraft. He also said Roman was a flight instructor.

Sheriff Russell Broberg said witnesses reported the plane had landed on the lake, located 10 miles southeast of Fergus Falls, prior to the crash. The pilot had also done some acrobatic flying, officers were told, and the plane stalled a few hundred feet up before spinning down. The plane took off from Fergus Falls.

It slammed onto the ice only 30 feet from a fishhouse which was not occupied.

### Bruise on Back Of Mott's Head, Father Is Told

SHEFFIELD, Mass. (AP) — The father of Newcomb Mott said today he was told an autopsy showed his son had slashes on his throat, wrists and abdomen and bruises on his body inflicted after death.

Howard Mott said he was notified by telephone by William T. Shinn Jr., a consular officer at the U.S. Embassy in Moscow.

Mott said he was given no other details, except that one of the bruises was on the back of the head.

"They must have done something quite dreadful to him," the elder Mott said in an interview with the Associated Press.

The father said his wife, who has done some nursing, is more convinced than ever that their son was a victim of "physical murder," because of the "post-mortem bruises."

Mott had said earlier he believed his son either was murdered or subjected to psychological pressures that forced him to suicide.

The report to Mott's parents came after a U.S. Embassy doctor and a consulate officer met with Soviet officials for three hours today inquiring into Mott's death. He was an American tourist being held prisoner by the Russians.

Man Killed When Car Falls Off Jack

EAU CLAIRE, Wis. (AP) — II. Allen Hanson, 36, was crushed to death when his car fell off a jack as he was working beneath it, attempting to change the motor oil at his home west of Eau Claire Saturday.

SPECIAL LIMITED ENROLLMENT! EXPIRES MIDNIGHT, FEBRUARY 20, 1966

# Now...for people over 40 only—

A board of doctors has created a remarkable new health plan just for you!

This valuable protection for the "danger years" ahead pays extra cash direct to you when you are hospitalized and—for the very first time—here is a Plan that actually pays money to help keep you well!

If you are over 40, you can qualify for the new 40-PLUS BENEFIT PLAN, if you mail your Enrollment no later than Midnight, February 20, 1966—and you get your first month for only \$1.00!

This, surely, is among the greatest values, as well as the most unusual health insurance program, ever offered to men and women over 40! Think of it. Simply by the stroke of your pen, you can now get the valuable "extra" health protection you've wanted at the very time when you are most apt to need it...all at a cost substantially less than you might expect!

#### How the 40-PLUS BENEFIT PLAN Differs from Ordinary Health Insurance

The 40-PLUS Benefit Plan has been created by an insurance company run by doctors, the Physicians Mutual Insurance Company, which has specialized in health and accident protection for physicians, surgeons and dentists exclusively for more than 63 years. Now this fine old "doctors company" offers a wonderful new health plan to men and women over 40! And you may enroll during this limited Enrollment Period—without having to see a company representative or without any red tape whatsoever!

In short, if you are 40 or over, you can now qualify for 40-PLUS. No other qualifications are required—provided you apply during this limited Enrollment Period.

#### How 40-PLUS Helps Your Doctor Keep You Well

As you know, and as your doctor will tell you, people who have regular physical examinations have a better chance to stay well and live longer. For example, doctors know that if cancer is discovered in its early stages there is a much better chance of curing it. To encourage you to see your doctor regularly, 40-PLUS will pay up to \$10 to help pay the cost of an annual routine physical check-up. You see your own doctor any time within 60 days after you receive your notice—but only if you want to.

The doctors at Physicians Mutual also realize that you could be struck down by an accident or a sudden illness no matter how often you see your doctor or how careful you are. During the dangerous "after 40" years, particularly, you may require hospitalization at any time. That's why the program also includes valuable cash benefits.

#### How the Plan "Pays Off" in Time of Need

Here's how this valuable protection "pays off" in your time of need: \$100 a week (\$124.28 a day) will be paid directly to you from the very first day of hospital confinement, for as long as 52 weeks, each time you are hospitalized for a new sickness or accident! You get paid for every day you are hospitalized, even if you are in the hospital for only a single day—up to as much as \$5200 for a full year! And even if you are hospitalized for a full year and have received your full \$5200 in benefits, if you should be so unfortunate as to be hospitalized again—you are still entitled to all benefits all over again, as long as you have been out of the hospital for at least six months between hospital confinements.

Important: Here is a real "plus" for you if you have been told you are uninsurable. Even if you have suffered from chronic ailments in the past, the kinds of conditions that come back again and again or are likely to recur, 40-PLUS will cover you for these pre-existing conditions after your policy has been in force for two years.

Whether or not you have had a chronic ailment, 40-PLUS will cover you for any new accident or sickness. As soon as your policy is in force, accidents are covered immediately. After your policy is 30 days old, you are covered for sicknesses which begin thereafter. There are only a few usual exceptions: war, military service, mental disorder or alcoholism, or if something happens "on the job" and is covered by Workmen's Compensation or Employers Liability Laws. You are free to go to any hospital of your own choice that makes a charge for room and board service, with these exceptions only: nursing homes, convalescent or self-care units of hospitals, Federal hospitals, or any hospital primarily for treatment of tuberculosis, alcoholism, drug addiction or mental disorder.

#### 40-PLUS and the "Danger Years"

Of course, like most people over 40, you probably have some hospital insurance. But, as everyone knows, even the most complete hospital insurance simply doesn't cover everything. The fact is, you need more protection.

But now that you're over 40, now that you've entered the "danger years," it may be difficult to obtain the extra protection you need at a price you can afford—or, because

of the condition of your health, you may not be able to obtain it at any price!

That's why the new 40-PLUS Benefit Plan is so important to you—it brings you the hard-to-obtain "over 40" protection you need, at remarkably low rates. For only pennies a day, 40-PLUS will give you cash to help fill the "financial gap" probably not covered by your present health insurance.

And remember this—even if your basic hospital expenses are covered by your present insurance—you'll still need help with all your regular household expenses!

Think for a moment—if you're a husband, father and breadwinner, and you're suddenly hospitalized, what happens? Your income stops. Your expenses go up. Even if you have some kind of "salary insurance," it probably won't come close to replacing your full-time pay. It's quite likely that you and your family will never fully recover the tremendous financial loss!

If you're a wife, mother and homemaker, and are suddenly hospitalized, what happens? Who will look after your family, see that the children get hot meals, are properly clothed? Who will do the laundry, the marketing, the cleaning? Your husband may lose time from his job...friends and relatives may have to help out temporarily...you may even have to hire full-time domestic help! Everything will be upset. Debts may be incurred, savings may be lost—worse still, peace of mind may be shattered, and even recovery can be seriously delayed!

But with the exclusive two-way protection 40-PLUS offers, you can now stop worrying.

Actually, important as all of these benefits are, they are far from the only advantages you can now enjoy...if you act before the enrollment deadline.

For example:

#### Benefits Tax-Free—Can't Be Reduced

For as long as you live and continue to pay your premiums, you will never cancel or refuse to renew your policy for health reasons—and we guarantee that we will never cancel, modify or terminate your policy unless we decline renewal on all policies of this type in your entire state. Furthermore, your benefits will never be reduced—and all your benefits are tax-free!

#### Carry Any Other Insurance You Want

Yes, the 40-PLUS Benefit Plan pays you in addition to any other health insurance you carry, whether individual or group—even Medicare!

#### Surprisingly Low Cost

With these wonderful "keep well" and "get better" benefits, you might expect 40-PLUS to cost much more than other health plans—but, in fact, it costs considerably less than you might expect! Only \$3.95 a month from age 40 through age 64—only \$6.95 a month when you are 65 or over—no additional premiums can ever be assessed—and, regardless of your age, your first month is only \$1.00!

#### A Respected Company

Equally important as the exceptional value, the low cost, the ease of enrollment and the high benefits offered by the 40-PLUS BENEFIT PLAN...is this vital fact: Your policy is backed by the resources, integrity and reputation of the Physicians Mutual Insurance Company, "the doctors company," specializing in health and accident protection for physicians, surgeons and dentists all across America, for more than 63 years. Doctors right in your own community know about us and may actually be insured by Physicians Mutual. (If this is the first you have heard of Physicians Mutual, it's probably because this is one of the very few offerings it has made to the general public.) Serving policyholders throughout the United States direct by mail, Physicians Mutual has its headquarters in Omaha, Nebraska, and is licensed and incorporated in that state. Its Board of Directors is composed entirely of respected members of the medical, dental and insurance professions.

#### How Can We Do It?

At this point, you may be asking yourself, "How can they offer so much for so little?" The question is a sensible one;

but the answer makes good sense, too: By encouraging our members to see their doctors for routine check-ups each year...we hope to prevent the need for hospitalization in the case of a number of policyholders. This, naturally, should effect substantial savings—savings we share with you in the form of lower premiums.

In addition, we have lower sales costs. 40-PLUS is a mass enrollment plan. And all business is conducted directly between you and the company by mail. No salesmen are used. There are no costly investigations or any extra fees for you to pay. It all adds up to real savings we share with you by giving you top protection at lower cost.

#### Easy to Enroll—No Red Tape—No Salesman Will Call!

Simply fill out the short Enrollment below and mail it with \$1.00 for your first month's coverage! We will issue your 40-PLUS Benefit Policy (Form P302 series) immediately—the same day your Enrollment is received. This automatically puts the policy in force. Along with your policy, you will receive a simple, easy-to-use Claim Form. Should you at any time need your benefits, you can be sure that your claim will be given "top priority" treatment. In addition, we'll see to it that you receive special forms yearly to take to your doctor for your physical examination.

When you receive your policy, you'll see that it is direct, honest, easy-to-understand. But—and please note this carefully—if for any reason you decide you don't want your policy, you may return it in 10 days and we will promptly refund your dollar!

#### Don't Wait Until the Deadline to Enroll!

Remember, the sooner we receive your Enrollment, the sooner 40-PLUS will cover you! So it's best you fill out and return your Enrollment now, before the deadline date arrives. (Two Enrollments are provided below so that husbands and wives may both enroll. In that case, be sure to enclose \$1.00 for each Enrollment.)

So, won't you take the necessary minute or two—today—and return your Enrollment together with the dollar required to put it into effect? Your Enrollment must be postmarked before midnight of February 20, 1966, or it cannot be accepted. Better mail your Enrollment today.

Fill out and mail Enrollment with \$1.00 to Physicians Mutual Insurance Company, 115 South 42nd Street, Omaha, Nebraska 68131. BE SURE TO ENCLOSE \$1 FOR EACH ENROLLMENT.

## 17 Important Questions Answered

### ABOUT THE NEW 40-PLUS BENEFIT PLAN

The New Plan That Pays You Cash When You Are Hospitalized—Plus "Extra" Benefits To Help Keep You Well

- 1. What is the 40-PLUS BENEFIT PLAN?**  
It is a new health insurance plan for people over 40 only—that pays an extra income direct to you when you are hospitalized and, in addition, provides a physical examination benefit each year to help your doctor keep you well.
- 2. Why do I need the 40-PLUS BENEFIT PLAN in addition to my regular health insurance?**  
Probably your present hospital insurance won't cover all your hospital expenses. But even if it does, you will still need help to pay all your regular household expenses while you are hospitalized.
- 3. Can I collect even though I carry other health insurance?**  
Yes. 40-PLUS pays you in addition to any health insurance you carry, whether group or individual—even Medicare.
- 4. Is there a lot of red tape to qualify?**  
No. The only qualification is that you must be over 40—even senior citizens over 65 are welcome.
- 5. If I become hospitalized, when do my benefits begin?**  
\$100 a week (\$124.28 a day) will be paid directly to you from the very first day of hospital confinement.
- 6. How long will I be paid?**  
For as long as 52 weeks (as much as \$5200.00) while you are hospitalized for each new sickness or accident. If the full 52 weeks has been used, and the same condition recurs, a new 52-week period will be provided if there has been an interval of 6 months between hospital confinements.
- 7. When does my policy go into force?**  
It becomes effective on the date your Enrollment is received. Accidents are covered on that date. After your policy has been in force for 30 days, you are covered for sicknesses which begin thereafter.
- 8. What if I have had a health problem that may recur again?**  
Pre-existing conditions are covered after your policy has been in force for two years.
- 9. What conditions aren't covered?**  
Only the usual exceptions: war, military service, mental disorder or alcoholism, or any condition covered by Workmen's Compensation or Employers Liability Laws.
- 10. Does 40-PLUS pay in any hospital?**  
You will be covered in any hospital anywhere in the world that makes a charge for room and board service, except nursing homes, convalescent or self-care units of hospitals, Federal hospitals, or any hospital primarily for treatment of tuberculosis, alcoholism, drug addiction or mental disorder.
- 11. Can I drop out any time? Can you drop me?**  
No matter how many claims you make or how much you collect, we will never cancel or refuse to renew your policy for health reasons—for as long as you live. We guarantee that we will never cancel, modify or terminate your policy unless we decline renewal on all policies of this type in your entire state. You, of course, can drop your policy on any renewal date.
- 12. Will my claims be handled promptly?**  
Yes. With your policy, you will receive a simple, easy-to-use Claim Form. Your claims will be processed quickly and your checks will be sent directly to you.
- 13. How do I get my "physical" each year?**  
40-PLUS actually pays your own doctor up to \$10 annually toward your routine physical examination (but only if you want it). You receive special forms yearly to take to your doctor, so that he can give you your check-up within 60 days.
- 14. Why are the premiums so low?**  
Because this is a mass enrollment plan—and no salesmen are used—our volume is higher and our sales cost are lower.
- 15. How much does my first month cost?**  
Only \$1.00, regardless of age. After your first month, you pay only \$3.95 a month until age 65; only \$6.95 a month from age 65 and over.
- 16. Why is there a "deadline" date?**  
In order to offer the Plan to people over 40 without any qualifications and still maintain our low rate, we can only make the Plan available on this basis during a limited enrollment period. The deadline date is firm—we cannot accept your Enrollment unless postmarked on or before that date.
- 17. Why should I enroll right now?**  
Because an unexpected sickness or accident could strike without warning—and you will not be covered until your policy is in force. Remember, if for any reason you change your mind, you may return your policy within 10 days and your \$1.00 will be refunded immediately.

PHYSICIANS MUTUAL  
INSURANCE COMPANY

Licensed by the State of Minnesota

## Appointment Made to City Charter Unit

One of two vacancies on the City Charter Commission has been filled by the appointment of David A. Peplinski, 415 Hawthorne Blvd., District Judge Arnold W. Hatfield said today.

Peplinski succeeds James Foster who resigned effective Jan. 5 for what he described as personal reasons.

Still open on the commission is the position vacated recently by Joseph T. Burke. A conflict with Army Reserves commitments forced his withdrawal, Burke told Judge Hatfield.

Peplinski, 31, is a native of Winona, the son of Mr. and Mrs. Martin Peplinski, 110 E. Mark St. He is a graduate of Cotter High School and served in the Army from 1956 to 1958. He was a member of the 419th Military Affairs Company here for six years and won a "best soldier" citation for the state of Minnesota.

He was employed for 10 years by WMC, Inc., and has been with the P. Earl Schwab Co. for three years. He is a construction superintendent. He is a member of St. Mary's Catholic Church, the Holy Name Society, Winona Athletic Club, Carpenters Local 307 and the Junior Chamber of Commerce. He is current external vice president of the Jaycee chapter.

He and his wife, the former Donna Brown, have a son, 6, and a daughter, 5.

## Wisconsin Road Toll Increases

MADISON, Wis. — With more than 1 1/2 billion miles of vehicle traveled in Wisconsin in November, there were 85 fatalities on the highways, an increase of seven from the previous November.

Pepin, Eau Claire and La Crosse counties each had one fatality in November.

From January through November 1965, Buffalo County had three fatal accidents compared with seven during the same period of 1964; Jackson County five through November compared with 11 through November of 1964; Pepin County, eight traffic deaths compared with two through November 1964, and Trempealeau County, five traffic deaths through November compared with 11 the first 11 months of the previous year.

Eau Claire County had 10 fatalities through November 1965, compared with nine in the same period of 1964, and La Crosse County had 13 in 1965 and 17 the first 11 months of 1964.

In Pepin County in November, a driver was killed on Highway 10 when he made a left turn into the path of an oncoming vehicle.

## Annual Chamber Banquet Tonight

Robert C. Olson will be master of ceremonies when the Chamber of Commerce holds its annual banquet at 6:30 p.m. today at the Oaks.

Speaker will be Dr. G. Herbert True, South Bend, Ind., who has lectured at 42 colleges and universities and has given more than 2,400 management, creative behavior, and sales motivation presentations.

The retiring president, William F. Lang, will report and the new president, Wayne Himrich, will give a brief acceptance speech. New board members will be introduced.

## Lake City Senior Wins Scholarship

LAKE CITY, Minn. (Special) — Thomas Dunwell, senior at Lincoln High School, won the \$30 Masonic lodge scholarship on his essay, "How Public Schools Serve America."

Eight essays were entered. The contest was sponsored by Carnerian Lodge.

Tom's essay now is entered in state competition for two \$500 or two \$250 scholarships. Essays were limited to 500 words.

Tom is in chorus and band and plays football and golf. He is president of the Methodist Youth Fellowship; is treasurer for the Southeast District Council of the fellowship, and is active in the church choir. An honor student, he plans to study toward an architectural engineer career after graduation.

Following school hours and during vacations Tom works at Lake City Municipal Hospital.

## It'll Be Cold All This Week

A widespread cold wave clung to Winona and vicinity today, sending the temperature down to 17 below at 7 a.m. and threatening 10-20-below weather for tonight.

Fair to partly cloudy and continued cold is the forecast for the area tonight and Tuesday with a high of zero to 5 below Tuesday afternoon. Little change is the outlook for Wednesday.

THE EXTENDED forecast through Saturday indicates that Winona and vicinity is in for a cold week. Temperatures for the next five days are slated to average 16-22 degrees below normal daily highs of 19-25 and nighttime lows of 2 below to 6 above. Very little daily change

## New Trial Asked In Case Over Water Softener

A La Crosse water softener dealer made a motion for new trial today in District Court in an action to collect on two notes made by Winona County farmers.

Robert N. Melbo, doing business as Lindsay Perfectomatic Soft Water Service, lost the first trial of the matter last month when Judge Arnold Hatfield granted a motion by attorneys for the two farmers for a summary judgment in their favor.

THAT MOTION alleged that Melbo, in effect, had made a loan to the farmers at an usurious rate of interest. Judge Hatfield agreed that Melbo's own testimony showed usury and granted the motion.

Attorney C. Stanley McMahon, representing Melbo, argued today that the issue of usury had not been brought up in pre-trial pleadings. Thus, he had had no opportunity to prepare a defense against the motion for dismissal, he said.

Second, he argued that new evidence has come to light which would justify a second trial of the matter.

ATTORNEY Alton E. Bergh, St. Charles, representing Ralph Shank, St. Charles Rt. 2, called the grounds for McMahon's motion ridiculous.

If anyone should be surprised that usury would become an issue in the case, it would be the defendants, not Melbo, who was charging the usurious rate, Bergh said. The defendants did not, in fact, realize that usury was involved until they had heard Melbo's testimony at the trial, Bergh added.

As to new evidence, Bergh argued, it was brought up by McMahon and Melbo just 30 minutes after the trial had ended. If they had it at that time, then Melbo was lying when he testified otherwise, Bergh maintained.

"He made his bed at the trial, and he should sleep in it," Bergh concluded.

ATTORNEY Dennis A. Challen, representing Mr. and Mrs. Richard Rinn, Lewiston Rt. 1, also argued that Melbo is now trying to change his testimony given at the trial.

Judge Hatfield took the motion under advisement.

(He explained, for the benefit of banks who had feared that notes they had bought under terms of conditional sales contracts were usurious, that it is permissible to charge more than 6 percent on the time sale of a product. It is only loans of money that have a 6 percent interest rate ceiling under law, the judge said.)

is seen throughout the five days. Precipitation is expected to average less than .1 of an inch (melted) occurring as scattered light snow at the beginning of the period and again toward the end of the week.

The -17 reading this morning equaled the low for the winter. It was also -17 on Jan. 8. Today's below zero reading was the 15th of the winter. Last winter the temperature had dropped below zero on 23 days by Jan. 24. Lowest by this time then was -21.

THE thermometer dropped to -16 Sunday morning after a high of 11 Saturday afternoon. High on Sunday was 3. At noon today the reading was -4.

A year ago today the high was 21 and the low 6 with six and a half inches of snow on the ground. All-time high for Jan. 24 was 52 in 1947 and the low for the day -26 in 1904 and 1936. The mean for the past 24 hours was -7. Normal for this day is 16 above.

At Rochester the morning low was -15 after a Sunday high of -17. La Crosse posted figures of -17 and 6 above for the same times.

The cold wave drove the mercury to 44 below at BEMIDJI, Minn., lowest reported to the Weather Bureau. Thief River Falls, Minn., reported -43.

The Weather Bureau said cloudiness and light snowfall in South Dakota and southwestern Minnesota tended to fend off the cold somewhat, although minimum temperatures in those areas ranged from 5 to 15 below. The Twin Cities posted a minimum of 16 below.

A minimum of 38 below was recorded at International Falls, Minn., on the Canadian lake. Devils Lake, N.D., reported -35, Fargo had -32 and Grand Forks and Minot, N.D., -31.

BRainerd, Minn., had 29 low, Jamestown, N.D., -28. Duluth had -24. St. Cloud, Minn., had -23 and Lemmon, in north central South Dakota, had -21.

The Weather Bureau said there will be periods of light snow over the southwestern half of the Dakotas - Minnesota - Wisconsin - Iowa region through Tuesday, while the northeastern part of the region will be mostly fair. But it added that temperatures will continue much below seasonal normals.

The mercury was holding its minus side of zero in much of WISCONSIN today.

A low of 24 below zero was recorded early today at Eau Claire and Superior. All other points in the state had readings below zero.

Indications were that the frigid air mass would remain at least two or three days.

La Crosse, Park Falls and Wausau reached a low of 17 below zero, Green Bay 12 below, Madison and Racine 11 below, Lone Rock 10 below, Beloit 9 below and Milwaukee Burlington 8 below.

## Farm Analysis Meetings Slated

A series of farm and home analysis meetings will be held at the new Ridgeway School beginning Thursday at 8:15 p.m.

This program will enable families in the Ridgeway area to participate in the farm management phase of analyzing their farm business.

The program is sponsored by Winona Area Vocational-Technical School with John Januschka, adult agriculture instructor, in charge. Forty families are enrolled in the analysis program in Winona and Rollingstone.

All interested families were invited to attend.

## Highway 52 Blocked for Wreck Removal

PRESTON, Minn. (Special) — Highway 52 a half-mile east of Preston was to be closed for about 10 to 12 hours today while a crane was separating two freight cars from a mass of wreckage at the Milwaukee Railroad branch line crossing.

A semitrailer hit the freight train Saturday at 1:30 p.m.

IT WAS the second time within 46 days that a truck had smashed into the freight that runs over the track infrequently. It makes three trips to Caledonia a week, and doesn't run on Saturday except during a busy season.

On Saturday the freight was bringing powdered milk from Minneapolis to the Preston Marketing Association which is packaging the product for the U.S. government. It had picked up the milk and other freight from the main line at Isomours and was traveling west with Preston as the terminal. Earlier Saturday the train had left Preston for Isomours to pick up its load.

The Albert Lea Transfer Co. semi, driven by Burton Erickson, Norwood, Iowa, was proceeding north down the gradual grade on TH 52, leading to the crossing.

It smashed into the train three cars back of the diesel and carried two railroad cars with it as it went heading toward the left or west ditch.

ERICKSON and Dan O'Hara, Albert Lea, the relief driver, who was sleeping, were injured. Following examination by the local physician they were taken to St. Mary's Hospital, Rochester. Erickson received a fractured jaw. O'Hara received facial lacerations, was treated and released.

Neither was thrown from the wrecked cab, which was piled up with the semi and three railroad cars this morning.

The semi pushed one freight car onto its side, another stood at a 45-degree angle, and a third car was derailed and is standing off the track against the highway and all were partly on the track.

The undamaged locomotive and one car came on into Preston, the depot agent said. The rest of the 11-car train, intact on the right or east of the highway, was taken back to Isomours.

Each of two of the freight cars torn off the track by the semi carried 714, 100-pound bags of powdered milk. The agent said only five bags were broken. The car on its side hadn't been opened this morning so damage to its cargo wasn't known.

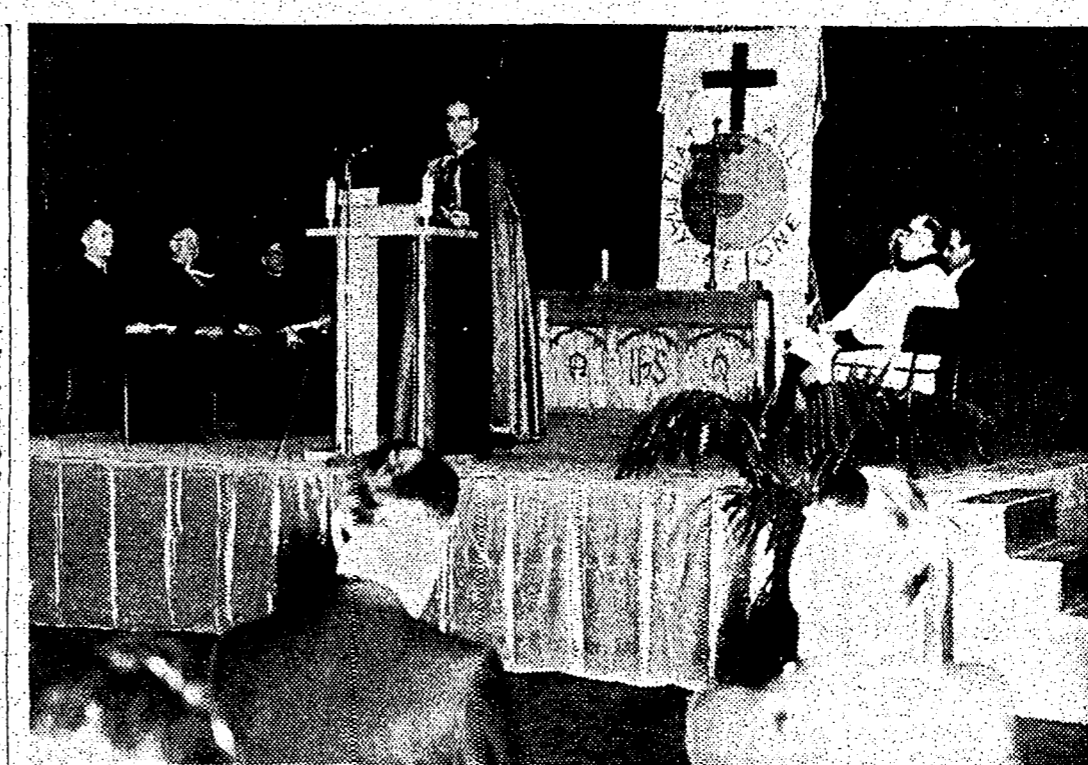

A HOLE was ripped into one side of the semi to remove its cargo of bone meal, apparently it was bound for Albert Lea. An estimated 20 percent of its load was lost. Another truck was dispatched to pick up the intact bags. The semi and tractor were described as total losses.

A semi crashed into a train going across the track at this same point Dec. 7 with less damage, the sheriff's office said. It was at the scene with the Highway Patrol. Removal work was to begin at 10 a.m.

Isomours is 3 1/2 miles north of Preston, between Fountain and Lanesboro.

## COURSE AT DURAND

DURAND, Wis. (Special) — A three-credit course in natural science will open tonight at Durand High School, sponsored by the University of Wisconsin extension division. A professor from Eau Claire State University will be the instructor. It is open to teachers and others interested.

INTERFAITH SERVICE . . . The Most Rev. Edward A. Fitzgerald, bishop of Winona, is delivering the homily to the 1,400 persons who attended the first interfaith prayer service Sunday afternoon in the fieldhouse of St. Mary's College, sponsored by the joint ecumenical committee of the Winona County Ministerial Association and the Catholic Diocese of Winona. Seated at the left, from the front, are the Rev. William T. King, pastor of Grace Presbyterian Church and president of the ministerium; Dr. E.

Clayton Burgess, pastor of Central Methodist Church, and the Rt. Rev. Msgr. D. D. Tierney, editor of the Courier, vice president of the Ministerium, and chaplain of St. Anne Hospice. Seated at the right, from the front, are the Very Rev. Msgr. Emmett F. Tighe, chancellor of the Winona Catholic Diocese; Brother Gregory, president of St. Mary's College and host to the service, and the Rev. Orville Andersen, Faith Evangelical Lutheran Church. The theme was "That All May Be One."

## Cooking School Planned for Dairy Festival

A free cooking school, "The Gourmet Touch to Everyday Cooking," featuring fresh sour cream and fresh butter, will highlight the two-day Dairy Foods Festival here Feb. 10-11.

It is sponsored by the Winona Chamber of Commerce Agriculture committee.

The school will be Feb. 10 in the Senior High School auditorium from 2 to 3:30 p.m. Mrs. Kay Goergen, Northern States Power Co. economist, will conduct the school.

She will be assisted by Princess Kay of the Milky Way, Mary Ann Tirrud, Clarissa, Minn., and Mrs. Virginia Hohmann, Winona County extension home economist, and Mrs. Yvonne Lindquist, Station KAGE.

Final plans for the cooking school were made at a meeting this morning of local dairy and agriculture representatives of Commerce at Chamber offices.

Princess Kay's appearances at local supermarkets, banks, and other businesses during the Dairy Foods Festival Feb. 10-11 will be scheduled to reach the housewife — the purchasing power of the household.

Her two-day tour will be arranged to visit supermarkets during peak buying periods during noon hours and from 4 to 6 p.m., when the working woman is on her way home or mothers are transporting school children. Princess Kay will appear at other locations during mornings and mid-afternoons.

Representatives of firms met today with Wallace Mostrum, chairman of the festival, and Don Groen, Chamber assistant manager.

## Trial Slated in Illegitimacy Case

Vernon A. Brand, 824 E. Bellevue St., denied today in District Court a claim that he is a father of an illegitimate child. Judge Arnold Hatfield heard the denial and ordered that the case be scheduled for trial during this term of court. Plaintiff in the case is the state. Attorney Dennis A. Challen represents Brand.

## 1,400 Attend First Joint Faith Meeting

An estimated 1,400 from Winona County attended the first Celebration of Prayer for promoting the unity of Christians, jointly sponsored by the Winona Ministerial Association and the Catholic Diocese of Winona, in the fieldhouse at St. Mary's College Sunday.

The more than 50 clergy of the area in attendance agreed that the attendance was about evenly divided between Protestants and Catholics.

THE CLERGY processed in led by a cross bearer and two acolytes, and were seated in a special reserved section in front of the platform.

Participants were led by the Rev. William T. King, pastor of Grace Presbyterian Church, carrying the Scriptures and accompanied by two acolytes. They processed to the platform and he enthroned the Scriptures on the lectern. The other participants were seated on the platform on either side of the altar, furnished by Central Methodist Church.

As the clergy were processing in, the congregation sang the refrain to the entrance chant, Psalm 26. Brother Gregory, president of St. Mary's College and host, read the introductory prayer, after which all prayed in silence. He then recited a prayer for the unity of Christians.

REV. KING, president of the Winona County Ministerial Association, gave the first reading from Scripture, I Chronicles 29: 10-18. Following this the congregation sang "Now Thank We All Our God."

The second Scripture reading, from Romans 15: 1-6, was read by the Rev. Orville M. Anderson, pastor of Faith English Lutheran Church, Winona. In response, the choir intoned the triple alleluia. To each verse the congregation replied with the triple alleluia.

The third Scripture reading, from Matthew 5: 1-12, was by Dr. E. Clayton Burgess, pastor of Central Methodist Church, Winona. Following this, was the homily by the Most Rev. Edward A. Fitzgerald, Winona. The Rt. Rev. Msgr. D. D. Tierney, chairman of the Ministerium's committee for Ecumenism, then led the assembly in the recitation of a litany for Christian unity.

THIS FOLLOWING is part of the homily given by Bishop Fitzgerald:

"Behold how good and how pleasant it is for brothers to dwell together in unity."

"On Dec. 4 in Rome, Pope Paul VI presided at a prayer service in St. Paul's Basilica at which 65 non-Catholic delegates represented 38 Christian churches at the Second Vatican Council, and approximately 1,000 cardinals, patriarchs and bishops of the Catholic Church assembled to pray for Christian unity. In his message or homily on that occasion he said: 'A great stretch of road remains to be brought behind us, but we have begun to love one another and to speak to each other.'"

"It was at this same church that Pope John XXIII, whom ministers call the Protestant Pope, of blessed and happy memory, first announced plans to convene the council to bring the church up to date, to re-examine positions, to renew our Christian spirit, and to pray for the unity of the world for which Christ had prayed at the Last Supper the night before He died for the redemption of all mankind."

"It is most important that we love one another, that we seek to understand one another, that we listen to one another, that we be saddened by disunity, that we ardently desire unity. Let us not conceive of this unity in any particular pat-

## 4 Area Flood Projects in LBJ Message

Four area flood control projects are included in appropriations requests by President Johnson to Congress for the fiscal year beginning in July.

The president asked for a \$1,100,000 to finance an Army Corps of Engineers contract for Phase I of the Winona city flood control system. This project, now under construction, includes levees from Dam 5-A to the foot of Huff street, as well as ponding, pumping and interior drainage facilities.

Also requested is a \$30,000 study for a section of the Mississippi River at Winona. This, local officials believe, is the outcome of a hearing here last fall at which Corps engineers were urged to expand protection on the city's east side. No official word has been had here concerning the requests to date.

An appropriation totaling \$370,000 was requested for RUSHFORD flood control construction in the Root River lowlands. The budget request also included a \$25,000 item to cover costs of a survey at WABASHA.

## Husband Granted Default Divorce

Divorce was granted today in District Court to Robert L. Johnson, 25, St. Paul, in a default case charging cruel and inhuman treatment by his wife, Helen M. 22, Winona.

Johnson testified that he married his wife June 24, 1960, at Winona. They have no children, he said. His wife left their home nearly a year ago, he said, and has not returned.

Mrs. Lambert Bell, 467 Mantato Ave., Johnson's half-sister, testified in corroboration of the plaintiff's testimony. Mrs. Johnson did not appear and was not represented in court.

Attorney George M. Robertson Jr. represented Johnson.

## OSSEO REASSESSMENT

OSSEO, Wis. (Special) — The new assessment roll for the city of Osseo was opened for public inspection at 10 a.m. today at the city clerk's office. A board of review will convene Wednesday at 10 a.m. Reassessment of the city, started last summer, has been completed.

The congregation alternating with the choir in the singing of the Cantic Magnificat, Luke 1:46-55.

Notables in attendance were the Rev. Alton M. Motter, executive director of the Minnesota Council of Churches, Minneapolis, and the Rev. Willis J. Merriam, Minneapolis, an associate director of the same organization.

Music was directed by the Rt. Rev. Msgr. Joseph R. McGinnis, rector of Immaculate Heart of Mary Seminary. The choir was composed of Scholastic Brothers and seminarians. The Very Rev. Msgr. Emmet F. Tighe, vice chancellor of the Diocese of Winona, and pastor of St. Mary's parish, Minneapolis, was master of ceremonies.

## 800 See Final Carnival Show

Cash prizes were awarded to the four top winners in the Winona Winter Carnival's talent show at Winona Senior High School Sunday evening. It was attended by about 800.

The dancing Belkers, Rochester, won the top prize of \$50; the Fax, La Crosse, rock and roll group, \$25; Nylene Chase, Rochester, baton twirler, \$15, and Dennis Anse, Winona State College, who played "Exodus" on the piano, \$10.

Other participants were Gail Berg, Winona, dancer; the Six of Us, Winona, rock and roll group; the Futuras, Winona; Faye Froehlich, Winona State

## NEW DRESBACH LIGHTS

DRESBACH, Minn. (Special) — New mercury vapor street lights have been installed in Dresbach.

College, who sang "The End of the World," accompanied by Dennis Anse; Steve Arnold, Winona State College, who sang "Once Upon a Time," accompanied by Dennis Anse, and the Exotics, Owatonna, all girl rock and roll band.

Judges were Wayne Valentine and Sandy Smith, both of Winona.

The Sunday afternoon country western jamboree was well attended. Junior Ferguson and the Rhythm Rangers were the host group for the Willis Brothers, stars of the Grand Ole Opry, and other area country western bands.

Winona Winter Carnival royalty, who made an appearance at the evening performance, included: Miss Sharon Kranz, Miss Snowflake of 1966; Miss Linda French, Princess of the Gopher Realm; Miss Jacqueline Jo Spence, Princess of the Badger Realm; William Peterson, Jack Frost XVI; Dr. Cleve Gruler, Prince of the Badger Realm, and Jerry Fakler, Prince of the Gopher Realm.

Ferguson, president of the Winona Activity Group and general chairman of the Winona Winter Carnival, was master of ceremonies for both events.

DANCING BETKERS . . . Winning the approval of the large audience and of the judges in the Winona Winter Carnival's talent show Sunday evening at the Winona Senior High School, were the Belkers. From left, Edward, 12; Frances, 13, and John 9, children of Mrs. George A. Belker, Rochester, former Winonan. (Daily News photo)

## Your Income Tax

# Few Changes In '66 Forms

(Editor's Note: There have been no major changes in the federal income tax requirements, but basic things must be kept in mind as always. Here, in the first of five special articles, is a discussion of some principal points.)

By JAMES MARLOW

WASHINGTON (AP) — Your 1965 income tax return must be in on or before April 15. There have been a few changes but none basic.

The tax on 1965 income is a little lower than the previous year's which, in turn was lower than the year before. The reason is a tax cut spread over two years. No further cut is in sight.

There's a \$5 penalty for failing to list your Social Security number. Enclose all employee's copies of W2 withholding statements you get for tax withheld from you in 1965.

Report only taxable income. Some income, like Social Security payments, is not taxable. If too much tax was withheld from you, you can get a refund but only if you file a return. Who must file one?

Anyone under 65, including children, who had \$600 or more taxable income—\$1,200 if you were 65 or older. You were considered 65 for all of 1965 if your birthday was as late as Jan. 1, 1966.

A self-employed person, in addition to paying a 5.4 per cent Social Security tax on income up to \$4,800, must file a return if his self-employment income was \$400 or more even though gross income was less than \$600.

A person under or over 65, even though receiving nontaxable Social Security payments, must pay a Social Security tax on any taxable earned income he had. There's a limit on how much of it he can have and still draw Social Security payments. If in doubt, consult the nearest Social Security office.

Be sure to read the instruction sheet sent taxpayers by the Internal Revenue Service. It has information, plus tax tables and tax schedules you'll need in working out your tax.

For 50 cents you'll get far more detailed information by buying from your nearest IRS office its 160-page booklet, "Your Federal Income Tax."

Everyone under 65 filing a return gets a \$600 exemption for himself—\$1,200 if you're 65—

plus \$600 for each dependent under or over 65. You also get a \$600 exemption for your wife—\$1,200 if she's 65—provided she meets certain conditions to be explained in No. 3 in this series.

A person filing a return gets an extra \$600 exemption if he is blind, the same for his wife, but no extra exemption for a blind dependent.

Everyone filing a return is allowed a deduction for certain personal expenses. Without listing them, you can take the standard deduction. If your expenses were greater than the standard amount, claim them in full, but then you'll have to itemize. For details see stories Nos. 2 and 5.

You can find your tax either in a tax table or by figuring it. Only under-\$5,000 people can use the table, and only some of them can. Anyone with \$5,000 or more income must figure his tax using the tax rate schedules.

There are two main forms for making a return: 1040 and 1040A which, being a punchcard, is simpler. Anyone can use 1040. Anyone with \$10,000 or more income, or who itemizes deductions, must use it.

Only those under-\$10,000 people who fit certain conditions can use 1040A. How to choose between the forms, and how to use them, are explained in story No. 2.

For most people using 1040, its two pages will be sufficient. Some, with special kinds of income or problems, will need additional sections of 1040 called schedules B, D, C, F or G.

They cover areas such as income from rents, pensions, royalties; retirement income credit; profit or loss from business or profession; business deductions; expense accounts; self-employment, and farm income.

Member of the armed forces who served in the Viet Nam combat zone get a break. An enlisted man is tax free for any month—part of a month is considered a month—served there and each month he was hospitalized as a result of such service. Commissioned officers may exclude up to \$200 of compensation per month for service in the combat zone.

Those who must pay tax in quarterly installments, starting April 15, because no tax or not enough is withheld from them during the year, will use for this form 1040ES.

Some taxable kinds of income: wages, salaries, bonuses, commissions, fees, tips, dividends, interest on savings accounts and U.S. savings bonds, profits from business, rents, royalties, prizes and awards when you did something to win them.

Some nontaxable income: gifts, inheritances, bequests, life insurance payments on death, dividends on veterans insurance, disability retirement payment and other benefits paid by the Veterans Administration, workmen's compensation, insurance, damages and so on for injury or death, Railroad Retirement Act benefits.

Next: Which form to use.

## Hall for Firemen's Ball Is Destroyed

CARVER, Minn. (AP) — The Annual fireman's ball at Carver was burned out Saturday night. Fire chief Ronald Riesgraf said he arrived at the Riverside Ballroom shortly after 9 p.m. to start getting ready for the dance. He found the ballroom's furnace room full of flames.

Firemen from Carver and four nearby communities fought the blaze and confined it mainly to the furnace room.

The dance has been rescheduled for Feb. 5.

# Big Bull Fighter Is in Washington

By EARL WILSON

NEW YORK — The famous bullfighter El Cordobes, recently injured in Ecuador, declined an invitation to appear on the Johnny Carson TV show — because on Sat. Jan. 29 he's to be guest of honor at a big Washington party to be given by Senator Bobby and Ethel Kennedy and children. The great toreador will be en route to Houston to be one of the judges at the Astrodome bullfights. . . . This all reminds me that the B.W. and I have to add reportage on bullfights to our schedule. . . . Also, I believe this is the first time in history in Washington that a bull session will be held under its honest name.

Ross Hunter explains why he hopes to get Greta Garbo back to films for his picture, "The Heaven Train." "She doesn't want to come back as a glamorous character. . . . O.K. I have a role for her, with great humor, in which she would play a Mother Superior. . . . I know a lot of people around her and I am asking them to help. They all think it is not right that this great talent should expire."

NBC TV is going into business with the Jean and Julian Aberbach music group that runs Hill and Range, in a deal that will stagger the industry. (They found out it's no anti-trust problem and are waiting to sign the papers). . . . Linda Christian admits in Rome that she might be marrying American actor Wayne Preston, who's tall, blond and handsome. . . . Marlon Brando was about two days late arriving in London to start emceeing under Charles Chaplin who didn't appreciate the compliment. But then MB had to take along a gal whose ticket he purchased at the airport.

"It's the Year of the Horse" in the Chinese New Year — and Dong Kingman assumes that means everybody'll be out at the race track. . . . Frank Sinatra is deciding to open at Ben Novak's Fontainebleau at Miami Beach on Feb. 24 (for 2 weeks) picked Ben's birthday. He'll appear with Count Basie & Group.

Madeleine Gottlieb, girl friend of Cy Coleman, composer of "Sweet Charity," almost died of peritonitis in Detroit while the show was doing previews there; o.k. now, though. . . . Jack Cassidy, the handsome singer, was dancing with pretty brunette Madelyn Rhue at the Spindletop's Winner's Circle. A photographer desiring to get a better pose of Cassidy said, "Cheer!" Cassidy retorted: "What do you think I'm doing?"

TODAY'S BEST LAUGH: A man knows he's getting old when he can no longer beat the women he used to beat, to subway seats.

WISH I'D SAID THAT: The trouble with being virtuous is that you can't talk about it afterward.

REMEMBERED QUOTE: "Advice is something that makes the giver feel better than the receiver."—Otto Van Isch.

EARL'S PEARLS: The Catholic Digest suggests a name for a subway to the Bronx: "The Bronchial Tube."

Rex Harrison, who portrayed Caesar in "Cleopatra" and a Pope in "Agony and Ecstasy," says: "The only other important Roman left for me to play is Carlo Ponti." . . . That's earl, brother.

Sun helmets worn by United States naval officers in the Pacific's Palau Island became status symbols after the Americans left. The chiefs forbade storekeepers to sell them to commoners.

By Jimmie Hatlo

## Age-Mate Best for Boy, Expert Says

OMAHA, Neb. (AP) — "Would you say that a boy's mother is his best friend?"

If you do, you're wrong, says Dr. Harry F. Harlow.

He's the director of the Wisconsin Regional Primate Center and the primate laboratory at the University of Wisconsin at Madison.

Dr. Harlow told the Nebraska Psychiatric Institute mother is No. 2, no better.

Since 1930, Harlow has subjected primates to practically every mother-infant and age-mate situation he could think of, and he said Thursday his conclusion is:

The most important aspect of a youngster's personality development and social adjustment is early and continued relationship with his own age group.

"A mother's most important rule is to facilitate this age-mate socialization. But a mother is the best possible substitute, if an age-mate associate is impossible," Harlow said.

The best socialization mechanism?

Among monkeys or among humans, it's development of love among age-mates, the researcher says.

## Come in and take on our newest tiger. The new Overhead Cam 6 is here.

Here and eager to go. A lithe, lean tiger of a six. A 230-cubic inch six like no six you ever saw, with performance like nothing this side of a V-8. Its camshaft is up over the valves, like a European road machine's, to give you more power out of the inch, higher rpm's and a feel that will have you out counting those cylinders again. In fact, when you take our tiger on, forget everything you ever knew about sixes. Except the money you save

on gas. A 165-hp version is standard with the Tempest, Tempest Custom and LeMans. Or you can order up our Sprint edition with 207 horsepower, chromed air cleaner, floorshifter, tightened suspension and a set of tigerish stripes on its flanks. They're here now—where are you?

## Odd Fellows, Rebekahs Install

Joint installation of officers was held Saturday night for Humboldt Lodge 24, IOOF, and Rebekah Lodge 7, Winona.

New Odd Fellows officers were installed by J. M. Rostvold, Harmony, district deputy grand master, and a staff. Rebekahs officers were installed by Mrs. Howard Appen, Harmony, district deputy, and assisting team.

Installed as Odd Fellows officers:

Merle Sparrow, noble grand; Milton Knutson, past noble grand; Arnold Stenehjelm, conductor; Robert Engel, outside guardian; Milton Reed, inside guardian; John Brang, chaplain; Richard Knaak, right supporter of the noble grand; Milton Knutson, left supporter of the noble grand; Morris Bergs-rud, right scene supporter; Robert Hanson, left scene supporter; William Donaldson, vice grand; Rudy Sparrow, right supporter to the vice grand; Charles Flanagan Jr., left supporter to the vice grand;

Bruce Reed, recording secretary, and J. L. F. Deilke, treasurer.

**Rebekahs officers:**

Mrs. John Wanek, noble grand; Mrs. Dorothy Wheeler, vice grand; Miss Ruth Miller, past noble grand; Mrs. Paul Griesel Jr., recording secretary; Mrs. Milton Reed, treasurer; Rudy Sparrow, warden; Mrs. Herbert Nichols, conductor; Mrs. B. E. Wandsnider, chaplain; Mrs. Roy Searight, right supporter of the noble grand; Mrs. Anna Nissen, left supporter of the noble grand; Milton Knutson, right supporter of the vice grand; Milton Reed, left supporter of the vice grand; Mrs. Francis Koutsky, inside guardian; Mrs. Helen Brewer, outside guardian.

## Blair Firemen Out For Chimney Fire

BLAIR, Wis. (Special)—Blair-Preston firemen were called at 3:50 p.m. Friday to the farm of Mrs. Tena Koxlien, in Vosse Coulee to check a chimney fire. The chimney, which is built outside the house, became so overheated it charred the walls at the bottom. Little damage was reported.

Mrs. Koxlien returned Saturday from Tri-County Memorial Hospital, Whitehall, where she had been treated several days for an injury to her left arm, received in a clothes wringer. It pulled her arm in to the elbow. A son, Tilman, lives with her on the farm.

## COMPLETES ART COURSE

## Officials Meet On Federal Aid

Winona city officials were to meet representatives of the Office of Emergency Planning today in St. Paul to discuss reimbursement of flood costs.

Mayor R. K. Ellings, who headed the city delegation, said the city hopes to reinstate some items that were previously deleted from the list of authorized reimbursements by OEP. The determination hopefully will be made before the city files its second and final supplementary request for funds. OEP funds were made available under a presidential order last spring classifying this as a disaster area following spring floods.

A major issue was to be the \$55,000 claim against the city by the Chicago & North Western Railway Co. The railroad put this price on damage inflicted on trackage and right of way incident to emergency dike construction. OEP has told the city it will not reimburse this claim. The amount already has been paid by the city, using funds from previous OEP allotments.

Costs of several private dikes also were declined by OEP. Builders had billed the city on grounds that their levees contributed to the overall protective effort. The delegation expected to discuss these cases today.

Accompanying the Winona group was Mayor Stan Holty, Houston, who was to confer about allotments requested for his village but not yet received.

Others in the Winona delegation were Council President Harold Briesath, City Engineer James Baird and City Attorney George M. Robertson Jr.

## Pigeon Falls Co-op To Elect Three at Meeting Thursday

PIGEON FALLS, Wis. (Special)—Three directors will be elected at the Pigeon Falls Co-operative Creamery annual meeting Wednesday at 1 p.m. at Pigeon Falls Lutheran Church.

A dinner will be served at 11:30 a.m. at the church. Directors to be replaced are Milo Rongstad, Ervin Giese, Alma Center, and Myron Nestigen, Blair. Joseph Staff, Blair, president, will preside.

Neilus Larson, Tri-State Breeders Co-op, Westby, will be main speaker.

Holdover directors are Joseph Staff; Myron Berg, Blair; Orval, Eid, Whitehall; Arden Skadahl, Osseo, and Arnold Hanson, Osseo.

## CAMPAIGN AT ETTRICK

ETTRICK, Wis. (Special)—The 1966 Heart Fund collection in Ettrick will be conducted under the direction of Mrs. Kenneth Willgrube beginning Feb. 1.

**DISTINGUISHED WABASHA GUESTS . . .** Among those attending the Wabasha Jaycees banquet, from left, Ed Orbeck, Fairbanks, Alaska, guest speaker at the Jaycees banquet; George Gillmore, outstanding citizen, and Anthony Wallerich, outstanding young farmer. (Joyce Lund photo)

## Wallerich, Gillmore Get Wabasha Awards

WABASHA, Minn. (Special)—About 275 persons at the fourth annual Jaycees awards banquet and Chamber of Commerce farmers night program at St. Felix dining room Saturday night saw the outstanding young farmer award go to Anthony Wallerich and outstanding citizen award to George Gillmore.

Guest speaker was Ed Orbeck, Fairbanks, representative in the Alaska state legislature. Dale Ellis, president of the Minnesota Jaycees, brought a message from the state organization.

County Agent Matt Metz presented the award to Wallerich, who has a 160-acre farm in Pepin Township. He uses the latest methods in crop production, his corn running over 100 bushels an acre. He has 24 dairy cows and 100 hogs, practices conservation and cooperates with the ASC, is township clerk, and is former president of the Wabasha County rural youth organization.

Gillmore, 47, is a former member of the park board here. He introduced hundreds of Wabasha boys to baseball as manager of American Legion baseball teams.

Orbeck, formerly of Wabasha and graduate of St. Felix High School, called Alaska the "land of the future." He showed pictures of the earthquake two years ago and said recovery from it now is complete.

James Giesler, Jaycees president, was master of ceremonies and presented the Gillmore award. Jeanne Marie Ruth, Miss Minnesota, entertained with a dance.

Donald Larson, senior chamber president, extended the welcome. The Rt. Rev. Msgr. John P. Gengler of St. Felix gave the benediction and the Rev. A. J. Ward of Lake City, pastor of Wabasha United Church of Christ, gave the benediction.

## Watkins Names Region Manager

A native of Winona has been named western regional manager for Watkins Products, Inc. He is John Barrett, 730 W. Wabasha St., who has been

district manager for the Illinois and Wisconsin district during the past five years. He assumed his new post at Oakland, Calif., Jan. 1.

Barrett, a graduate of Winona Senior High School Barrett and Winona State College, started with Watkins 10½ years ago as a sales administrative trainee at Kansas City. He went to Memphis, Tenn., as a trainee, became assistant manager in Texas in 1956 and was named sales manager of the South Texas district in January 1957.

He returned to Winona in 1960 as assistant recruiting manager

## Stockton Church Names Officers

STOCKTON, Minn. — Grace Lutheran Church elected at its annual congregational meeting Sunday afternoon.

George Ressie was elected trustee, for a two-year term; Ralph Benicke, elder, two-year, and Theodore Benicke, finance committee member, three-year.

Named to one-year terms were Claude Kratz, chairman; Donald Borck, vice chairman; Leonard Burfeind, treasurer; Roger Connaughty, secretary; Walter Rehse, head usher; Alvin Burfeind, board of education; Roger Connaughty, Sunday School superintendent; James Connaughty, board of education member; Alvin Burfeind, Lutheran Laymen League's representative, and Ralph Benicke, church extension fund key man.

Holdovers are Martin Rehse, elder; Ray Ledebuhr, trustee, and Arthur Wacholz and Paul Gehres, finance committee.

## Fillmore County Appeal Started

LANESBORO, Minn. (Special)—The Fillmore County Crippled Children's Appeal began Sunday, according to Mrs. Raymond Benson of Lanesboro, who is chairman of the east half of the county.

Township chairmen are: Norman Storhoff, Amherst; Mrs. Conrad Hatlevig, Arendahl; Mrs. Howard Coyle, Canton; Mrs. Arthur Olson, Carleton; Mrs. Trygve Dybing, Holt; Mrs. Alvin Swenson, Newburg; Mrs. Obert Halvorsen, Norway; Mrs. Vern Vogen, Pilot Mound; and Mrs. Earl Stennes, Preble. Village chairmen are Mrs. Bess Gilling, Canton; Miss Odella Olson, Peterson; Lawrence Sorum, Rushford and Mrs. Arden Gullickson, Whalen.

## Big Year Ahead For Presidential Travel

THIS LOOKS like a big year for presidential travel — to all parts of the country and, perhaps, to points overseas.

President Johnson set a record in the 1964 campaign year for travel by a chief executive. But his wanderings slumped sharply in 1965 because of his Oct. 8 surgery and because, earlier, he felt compelled to stick close to Washington at a time when Congress faced a heavy work load and he was confronted by hard choices on Viet Nam.

Viet Nam and the Dominican Republic crisis also put an end to presidential hopes of visiting Europe, Latin America and — had things worked out better — the Soviet Union.

Johnson didn't even get to attend the London funeral of Sir Winston Churchill, though he badly wanted to go. An "executive flu" bug put him in bed for nearly a week.

BUT THIS IS a new year — and another important election year. Johnson and his White House aides again are beginning to canvass travel possibilities for the months ahead.

The President feels that, especially after his surgery, he needs to visit the voters in widely scattered parts of the country.

Presumably an influencing factor in his own popularity rating is measured by public opinion polls. The year-end polls showed he had slumped a bit in popular estimation, though his approval rating still topped 60 percent. Johnson attributed this to his enforced inactivity after surgery.

IN CONSIDERING future travel, however, Johnson is not concerned solely with his personal popularity. There are several compelling reasons to undertake a new meet-the-voters effort:

- Congress will be dealing with a new basketful of Johnson programs, some of which the President would like to promote at the grass roots.

- Money must be raised for Democratic campaigns this fall, and Johnson is the party's biggest drawing card at \$100-a-plate dinners.

- The President knows that, with rare exceptions, the party in power loses ground in off-year congressional elections. He doesn't want that to happen in November if personal campaigning might help tip the balance.

LAST YEAR JOHNSON had hoped to finish strong in the travel department. When he got word in September that gall bladder surgery was needed, he and his staff were deeply involved in planning autumn appearances in all parts of the country — as far west as Hawaii.

All these plans had to be scrapped. And many of those who had hoped to lure Johnson to their precincts last fall now are pressing to claim rain checks in 1966. This is especially true of party fund-raisers who had to cancel out ambitious dinner plans.

It is doubtful, however, that most presidential trips in early 1966 will have a direct political aura. As in the first months of 1964, Johnson seems much more likely to seek out nonpolitical invitations — to dedicate worthy projects or address influential nonpartisan audiences.

The straightaway politicking will come later.

VERY MUCH UP in the air at this point are possible journeys abroad. Johnson would like to visit Western Europe, perhaps in the spring, but no decisions have been made. He wants to get to Latin America when a good opportunity arises.

## TODAY IN NATIONAL AFFAIRS

### 4 Years Might Be Too Long

By DAVID LAWRENCE

WASHINGTON — President Johnson, in a formal message to Congress, has recommended a basic change in the Constitution. But it is a step in the wrong direction — away from the fundamentals of democracy and toward the doctrines of autocracy in government. There's nothing wrong with that part of his proposal for a constitutional amendment which would permit four-year terms for members of the House of Representatives, but it's the elimination of any congressional election in the interim which is dangerous. For this would deprive the American people of their most important check against an arbitrary or misguided set of policies adopted either by Congress or by a president who has managed to get control of the legislative body and make it a rubber-stamp machine.

Again and again, attempts have been made to do away with the American system of checks and balances. Back in 1913, the Democratic party in Congress sought to carry out its platform pledge of a six-year term for presidents. But Woodrow Wilson, then president-elect — and perhaps the most progressive of the Democratic presidents of this century — objected. In a letter to the Democratic leader, Rep. A. Mitchell Palmer, he made the same point that can be made now against a four-year term for members of the House. Mr. Wilson wrote:

"FOUR YEARS IS TOO long a term for a president who is not the true spokesman of the people, who is imposed upon and does not lead. It is too short a term for a president who is doing, or attempting a great work of reform, and who has not had time to finish it."

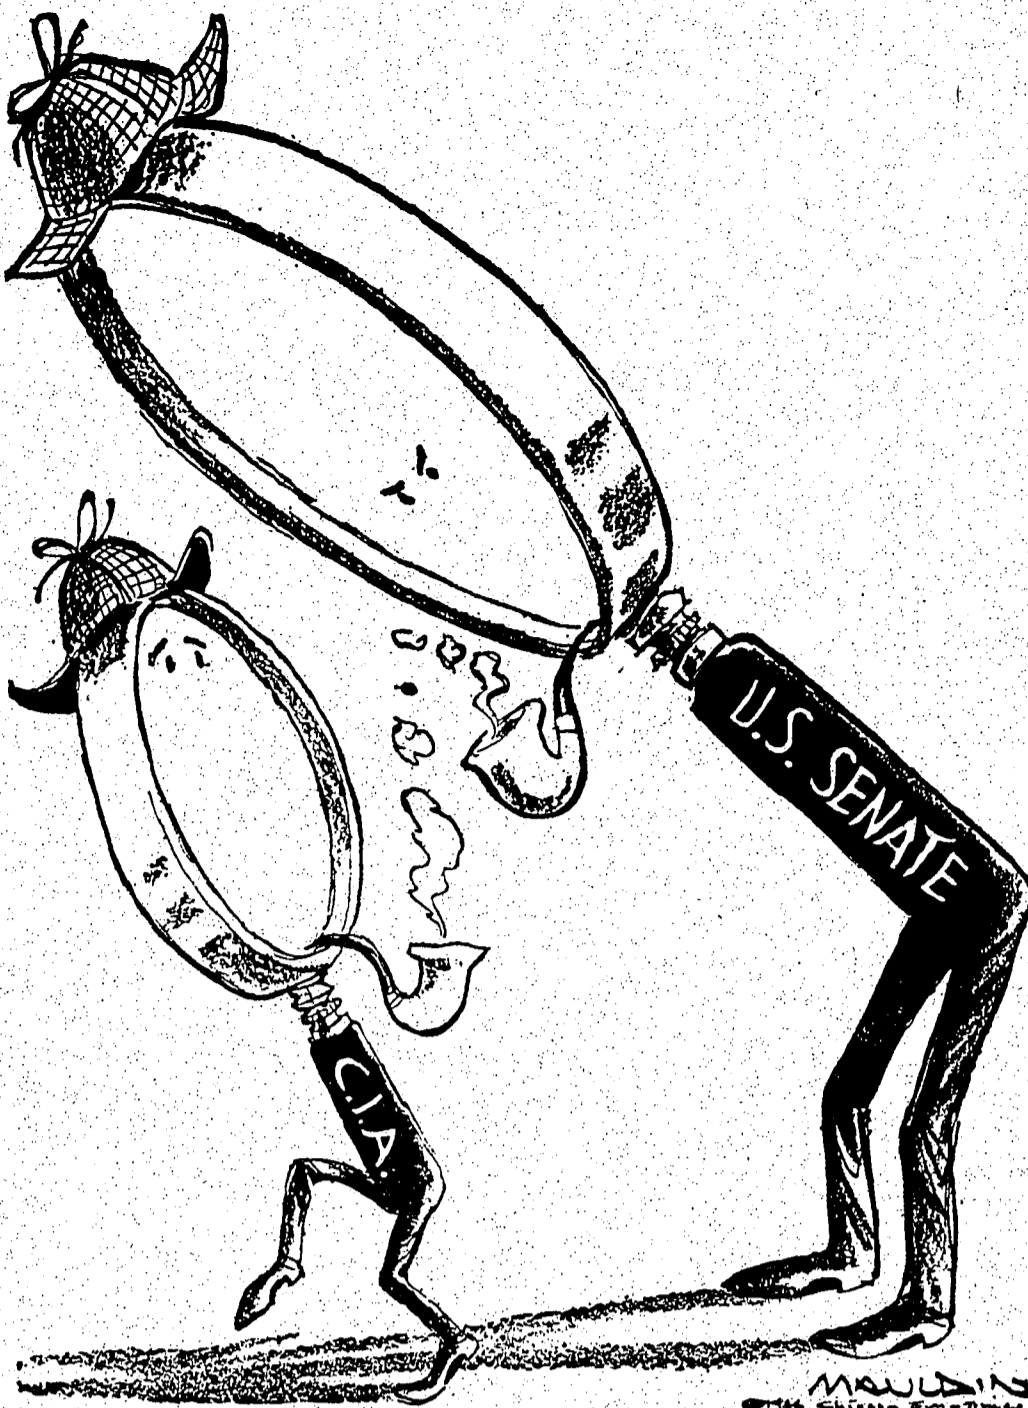

"Sooner or later, it would seem, he must be made answerable to opinion in a somewhat more informal and intimate fashion — answerable, it may be, to the houses whom he seeks to lead, either personally or through a cabinet, as well as to the people for whom they speak. But that is a matter to be worked out — as it inevitably will be — in some natural American way which we cannot yet even predict."

Mr. Wilson was arguing, of course, in favor of the parliamentary system which has long been in effect in Great Britain and Canada and other free countries. Elections of members of Parliament often are deferred for as much as five years, but at any time within this interval members of the majority party have been subject, along with the cabinet and the prime minister, to an instant ouster by the people.

THE ARGUMENT made by Mr. Johnson that Congress deals with "increasingly complex problems that generate this flood of legislation, requiring members to be familiar with an immense range of fact and opinion" or that there are increased costs in campaigning is a superficial one. National legislation has always been "complex." As for the time spent by those members who frequently go back to their districts to appear before their constituents, this is not as relevant today as it used to be. The airplane makes it possible for members of Congress to spend week ends in their own districts and yet not miss any sessions in Washington.

Nor is it persuasive to belittle, as Mr. Johnson seeks to do, the value of "off-year elections" just because they sometimes attract "as much as 15 per cent fewer voters than presidential elections." It might be noted that in presidential-election years the ballots are so confusing that the actual number of votes cast for members of Congress is usually below what the totals are for presidential and vice-presidential nominees. In 1964, for example, 6.5 per cent of those who voted for a presidential candidate didn't vote for members of the House of Representatives.

PRESIDENT JOHNSON overlooks the most important influence of "off-year elections." The fact that a majority in both houses of Congress can be elected from the opposite party during a presidential term is a constant reminder to every chief executive that he cannot assume dictatorial powers for long and ignore the true wishes of the people.

## THE WASHINGTON MERRY-GO-ROUND

### Curious Bond Between Senator, German Agent

By JACK ANDERSON

WASHINGTON — This column has uncovered secret correspondence between Sen. Tom Dodd, D-Conn., the Nuremberg prosecutor, and Julius Klein, the West German agent, showing how Dodd has worked behind the scenes to promote West German interests.

He has delivered laudatory Senate speeches about West Germany, signed letters that Klein drafted for him, and entertained German visitors on Klein's expense account.

When the Senate Foreign Relations Committee investigated Klein's operations as a foreign agent, Dodd used his membership on the committee to soften the impact. He even made a special trip to Germany in 1964 to help Klein hang on to his clients.

In return, Dodd has accepted expensive gifts from the West German agent (a Persian rug for the Dodd home, for example). The senator has also used Klein's fashionable New York apartment almost as his own, partaking generously of the liquor.

IN HIS letters to the senator, Klein has stressed that "friendship is a two-way street," thus implying he has proved his friendship in a positive way and expects Dodd to reciprocate. Klein denied to this column that he had ever sent gifts to Dodd or that the senator had ever stayed in his apartment, except possibly for brief social calls. This column has documentary evidence proving otherwise.

Klein admitted the records would show, however, that he had purchased a \$1,000 table at a testimonial dinner for Sen. Dodd in Connecticut.

The secret correspondence reveals a curious friendship, silver-haired senator with the sculptured profile, who got his political start prosecuting Nazi war criminals, and the balding, owlish past commander of the Jewish war veterans, who has made a fortune lobbying for West German industrialists.

AS EARLY as 1959, for example, Klein was supplying speeches for Dodd. He aimed a speech on September 4, 1959, for Dodd to deliver on the Senate floor.

"As I told you on the telephone," Klein explained in the accompanying letter, "I am enclosing here with an address which Harry Blake, or my staff, prepared for you . . . the 15th of September will be Chancellor Adenauer's tenth anniversary. You, as a former prosecutor of the war crimes of the Nuremberg trials, are the most qualified man in the Senate to remind us of the valued friendship of this staunch old man."

"As soon as you have edited the copy, please deliver it not only to the American press, but also to the German correspondents accredited to the national press corps, and send a copy over to the press attaché of the German Embassy, including minister Krapf."

Again on Aug. 29, 1961, Klein wrote a letter, marked "personal, please," asking Dodd to deliver another speech giving "Chancellor Adenauer the recognition he deserves."

"I SUGGEST," wrote Klein, "that your speech

writer review this material with a view to paraphrasing it as coming from you."

When Klein needed to impress a visiting client, Dodd was usually available. Klein wrote the senator from Germany on Feb. 24, 1961, about an expected visitor:

"Dr. Wolfgang Pohle, chief executive of the Flick Syndicate, will be in Washington the first week in March," Klein advised. "I hope you will meet him. Pohle is one of the top executives in the Flick syndicate and my client."

"When Dr. Pohle visited the U.S. the last time in 1956, you were the host in the speaker's dining room, tendering Dr. Pohle's luncheon."

In the same letter, Klein brought up the question of a Mercedes auto dealership sought by one of Dodd's friends.

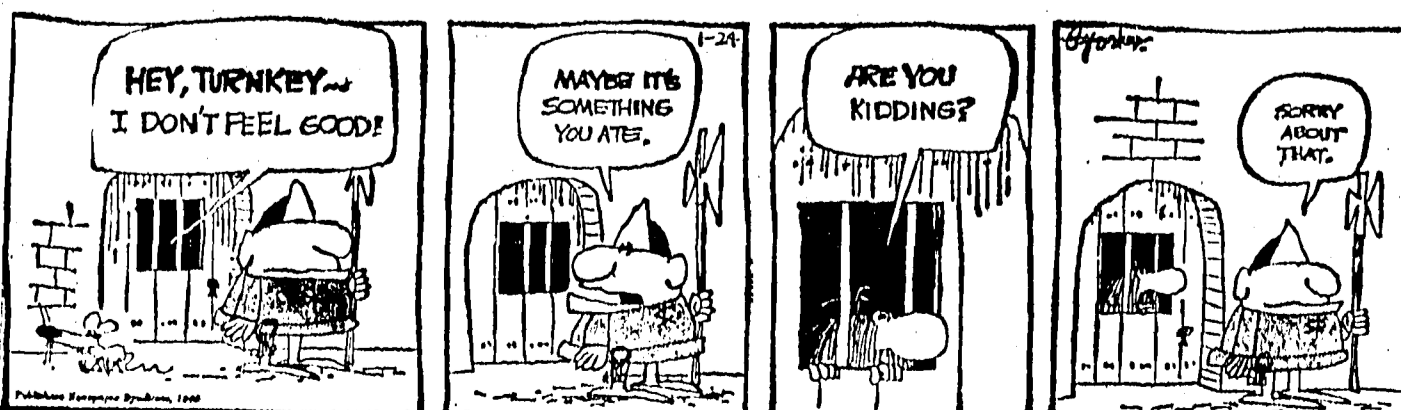

"Dr. Pohle told me," wrote Klein, "that your friend, Von Papen, asked him to assist one of your friends with the Mercedes people. Mercedes is part of the Flick combine."

## The Girls

"Oh, dear, now they're starting not to wear anything on the poetry ones."

## THE WIZARD OF ID

## WASHINGTON CALLING

### Pressure on The President

By MARQUIS CHILDS

WASHINGTON — The ordeal that Lyndon Johnson is now enduring is unique in his experience. He finds himself caught in a situation in which all his extraordinary skill in maneuver and manipulation is of little avail. If the public man breaks out in irritation the reason is plain enough.

He is trying to find a way out of Viet Nam that will not mean an enlarged war and the political consequences of committing much greater numbers of Americans on the ground in Viet Nam. The score to date is certainly a big E for effort. But he labors under handicaps that could bring all this effort to naught.

Increasingly during the past year it has become evident that the decisions rest to an ever-larger degree with the military. Inspired reports coming out of Saigon apparently from high-ranking officers cast doubt on the President's peace offensive and hint at the need to resume bombing in the North. In today's war if there were a general of the stature and dramatic flair of the late Douglas MacArthur, President Johnson might find himself confronted as a result of his restraints in the cause of peace with the kind of challenge that Harry S. Truman faced up to in the Korean War.

CIVILIAN officials in the Pentagon, sharing with Secretary of Defense Robert S. McNamara doubts about the effectiveness of a large commitment of land forces, have watched with growing concern the way in which military dominance seems inevitable in Viet Nam decisions. They trace this back to a step taken a year ago. That was when President Johnson ordered a battalion of Hawk missiles into South Viet Nam.

Events since then have followed a classic military pattern. If you hold Position A then you must also hold Position B in order to protect Position A. And having moved up to Position B you require greatly increased logistical support and eventually, to be entirely secure, you must advance to Position C. In the thousands of words clattering back and forth across 8,000 miles of the Pacific by teletype between headquarters in Saigon and the Pentagon this is a major theme.

THE HAWKS were introduced following one of the most-shocking episodes of the Viet Nam conflict. At the end of the truce of the lunar New Year a year ago up to 50 Viet Cong guerrillas infiltrated Camp Holloway air base near Pleiku. With mortar fire they killed eight Americans, wounded 128 others, destroyed nine helicopters and a transport plane and severely damaged 17 other planes. Three days later Viet Cong terrorists blew up an American military barracks at Quinhon, killing at least 22 of the 40 Americans in the building.

This upcoming bloody anniversary underscores how critical is the present moment in the balance between a possible peace and a larger war. The Viet Cong marked the beginning of the current New Year truce with a barbarous attack on men, women and children in a refugee camp. If they should end the truce as they did last year — and this may have happened even before these words are in print — with something like the Pleiku attack President Johnson would find it hard to continue the present pause in the bombing of North Viet Nam. While it is correct that the White House put no date on that pause, plainly the end of the truce was to be a turning point when the Communists could signal a desire to de-escalate.

THE HAWKS, which the President ordered installed at the same time he authorized bombing in the North, are extraordinarily complex weapons capable of firing on the average one surface-to-air missile every five seconds. The Marine 1st Light Anti-Aircraft Battalion at Danang, 380 miles

## To Your Good Health

### Answers To Your Questions

Dear Dr. Molner: Are widowers more likely to have prostate trouble than married men? That is, does lack of sexual activity tend to cause the trouble? — WORRIED.

It depends on what you mean by trouble. Lack of sexual activity can at times lead to congestion and discomfort. However, such activity does not prevent enlargement of the prostate gland, or cancer. Therefore the answer to both your questions is no.

Dear Dr. Molner: Is garlic beneficial to health or in creating or preventing certain diseases? — MRS. Y.

No. That's a popular theory but there is no dependable evidence to support it.

NOTE TO MRS. B.B.: The staphylococcus germ is usually the one which causes boils. Yes, the germ can pass from one person to another. A boil should be treated for what it is: A local infection. Boils should be kept bandaged to prevent the germs from spreading.

northeast of Saigon, is equipped with six missile launchers each mounting three missiles, five complete radar units, three electronic vans and seven generators with battery supply units. Meant to protect the big jet base at Danang from air attack, so far as is known they have not yet fired on an enemy plane.

This complex, put down in a primitive country where guerrilla fighters carry their weapons on their backs, points up the case made by the American military for more and more. To protect such a vulnerable complex obviously the perimeter surrounding it must be pushed back to insure against infiltration and mortar fire. Supplying and maintaining such a complex in the hot, humid climate of Viet Nam is in itself no small task. The unit's large radar screen covers a 17-mile area and the missile launcher locks onto a target in three seconds.

FOR A man of his temperamental intensity the President has shown remarkable patience. And those who work with him from day to day say that he has never let up on his determination to keep the important decisions in his own hands. Nevertheless, the very scale of the American commitment, as it grows from week to week and month to month, limits his choices.

## More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, sticky, pasty taste or feeling. It's a genuine (non-acid). Does not sour. Checks "plate odor breath". Get FASTEETH today at drug counters everywhere.

## Try and Stop Me

By BENNETT CERF

Jan Murray tells of a constantly battling husband and wife who finally decided that the only hope for their domestic future lay in the advice of a marriage counselor. So, regardless of the expense, they sought out one of the most famous experts in that line in all the country. Their faith in him was not enhanced, however, when, as the pretty secretary was ushering them into his luxurious study, they heard him hollering over the phone, "Look, Stupid, how often have I told you not to phone me at my office?"

A new heart also will I give you, and a new spirit will I put within you: And I will take away the stony heart out of your flesh, and I will give you a heart of flesh. — Ezekiel 36:26.

## Teresan Session On Evaluation of Schools Planned

The College of Saint Teresa department of education will offer a workshop in the "Criteria for Evaluation of Catholic Elementary Schools" June 14-17.

Director of the workshop will be Sister Mary Nora, SSND, PhD, associate secretary of the National Catholic Education Association, elementary school department, Washington, D.C.

Coordinators of the workshop will be the Very Rev. James D. Habiger, MA, superintendent of schools in the Diocese of Winona; Sister M. Romana, OSF, PhD, chairman of the college department of education; Sister Joseph Marie, SSND, MA, elementary education supervisor, School Sisters of Notre Dame, Mankato, Minn. and Sister M. Fidelis, OSF, MA, elementary education supervisor, Sisters of the Third Order Regular of Saint Francis of the Congregation of Our Lady of Lourdes, Rochester.

"The Criteria for Evaluation of Catholic Elementary Schools" were formulated by the elementary school department of the Catholic Educational Association.

Diocesan school systems and religious communities throughout the United States have welcomed these criteria as a means for improving Catholic elementary education, a college spokesman said.

The Winona workshop is designed to help Catholic school superintendents, Catholic elementary school supervisors, elementary school principals and teachers in the use of the new criteria.

Priests, superintendents, principals and personnel of elementary schools in the dioceses of Winona, New Ulm, the archdiocese of St. Paul and the diocese of La Crosse, Wis., have been invited.

All inquiries should be directed to Sister M. Romana, OSF, College of Saint Teresa. Registrations will be closed after March 1.

An area nearly the size of Africa would be added to man's domain if he could work freely on the continental shelves. The shelves hold known reserves of oil, tin and diamonds. To exploit these riches, however, divers would have to conquer the ocean to a depth of 600 feet.

DEAR ABBY:

## Yule Greeting Tax Exemption

By ABIGAIL VAN BUREN

DEAR ABBY: Last Christmas I received a Christmas card from a friend. On it was printed the following:

"THIS CHRISTMAS WISH REPRESENTS A GIFT TO THE PRESBYTERIAN-INTERCOMMUNITY HOSPITAL IN WHITTIER, CALIFORNIA."

It gave me the feeling that they sent me a greeting so they could claim me as a tax deduction. I, too, make donations to worthy causes, but I also send Christmas gifts. And I certainly don't use my Christmas cards to tell my friends about the charities I support. I think this is in the worst possible taste. Please comment. FROM WHITTIER

DEAR FROM: I think one of the more civilized practices of recent years is donating to charity instead of giving extravagant gifts to people who already have more than they need. Knowing that some less fortunate person in a war-torn country had received a CARE package in my name, for example, would be gift enough for me.

DEAR ABBY: A man who works with my husband comes to our home occasionally. He has never brought his wife, and the first few times he spoke of her, he referred to her as "MY OLD LADY." At first I thought he meant his elderly mother, so I asked him if he meant his mother, and he said, "No, MY OLD LADY is the woman I'm married to!"

Abby, don't you think this is terribly disrespectful? These people are not old. They are in their middle forties. Wouldn't you think a wife who reared nine children for a man deserves to be referred to as his "wife"?

ABBY

DEAR OFFENDED: I would — but some husbands get brave when they're away from home. I'll bet he doesn't call her "THE OLD LADY" to her face. And you don't know what SHE calls him behind his back, either.

DEAR ABBY: Recently my best girl friend broke up with Ron, the kid she had been going steady with for three months. She gave him his pin back and now she's wearing another boy's. Another girl told me that Ron likes me, and I felt real good about it because I like Ron, too. My best girl friend and I were talking, and she said she heard something about Ron liking me, and then she said, "But HANDS OFF until I am sure I don't want him any more."

I didn't say anything but, Abby, do you think she is being fair? She gave Ron his pin back and took somebody else's. Shouldn't I have the right to like Ron and try to make him like me?

FAIR LADY

DEAR FAIR: You don't need your girl friend's permission to "like" Ron. As I see it, it's open season, so happy hunting. But if you bag him, be prepared to lose a girl friend. That's usually the way those things work out.

DEAR ABBY: We professional photographers thank you for publishing the sad tale of a bride who did not have one picture of her wedding because she relied on a friend, who was an amateur photographer, to take the pictures, and something went wrong with his film. We have heard that story many times. Brides will bring in snapshots that are practically worthless, and beg us to do something with them. By the time we have finished trying to make something out of nothing, they have spent more money than if they had hired us in the first place. SCHENECTADY PRO

## British Scientist Hails U.S. Mastery

CHESTER, Pa. (AP) — Sir Charles Percy Snow, British scientist, author and philosopher, says America is "sitting pretty" with its mastery of modern technology.

But Lord Snow — better known as C. P. Snow — found a few holes in the fabric of modern technological society.

There is, for instance, a lack of "humane education" fitted to the needs of a technically advanced culture, he said. Snow said that engineers, the class upon which such a culture is built, "tend to be somewhat obtuse in these things."

Snow had this word of warning: "You cannot maintain a rich American in the center of a famine-ridden world. We cannot live on a cloud when people are starving at our door."

## Communications Discussed at Cochrane Meeting

COCHRANE, Wis. — The use and control of all communications during flood periods or other disasters was discussed at a meeting at Cochrane last week.

Development of better communications at the local level re-

ceived strong endorsement, according to Howard Mohrk, civil defense director for Buffalo and Trempealeau counties. Most municipal governments feel their development is being hampered by lack of what is needed at the county level. The federal government is ready to help finance systems for the municipalities but favorable county action must come too, Mohrk said. Mohrk said "municipal endorsement of outgoing information to newspapers and public radio is needed to avoid greater confusion among the public." Record keeping at the municipal level was emphasized. Municipal members were given survey forms to list all equipment within their communities which could be available if another predicted flood arrives.

A Feb. 12 wedding is planned. Miss Passee, a 1964 graduate of St. Felix High School, is employed at St. Mary's Hospital, Rochester. Her fiancé is a 1961 graduate of Worthington High School and attended Worthington Junior College one year. He served in the Navy three and a half years and is now manager of the Deep Rock Gas station, Rochester.

### Cyril Rices Note Silver Anniversary

CANTON, Minn. — Mr. and Mrs. Cyril Rice were honored at an open house in observance of their 25th wedding anniversary Jan. 16. It was held at the Presbyterian Church, with 150 relatives and friends in attendance.

Hostesses were the honored couple's daughters, Mrs. Henry Lawston, St. Paul, and Mrs. Cleon Wilbur, La Crescent, Minn.

The couple received gifts and money. Mrs. Lyle Wilbur and Mrs. Francis Steen poured. Others who assisted were the Mrs. Vernon Kyseth, Evelyn Kiehne, Richard and Gerald Johnson and Henry Christianson.

Mr. and Mrs. Rice were married Jan. 15, 1941, at Decorah, Iowa.

### Spring Grove PTA Holds Meeting

SPRING GROVE, Minn. (Special) — Mrs. Merlin Scheevel was presented her past president's pin by Hans Tweenen when the PTA met Wednesday evening.

Mrs. Evelyn Kimball spoke on college tests, aptitude and guidance programs in the school. It was announced that parents may have conferences with any teacher in the junior and senior high school upon request. Plans are to have these at the next PTA meeting.

A social hour followed in the cafeteria.

### POST-AUXILIARY

RUSHFORD, Minn. (Special) — Murphy-Johnson Post 94 and Auxiliary will meet at the American Legion Hall today at 8 p.m. Any unpaid memberships are asked to be paid now.

### BACKACHE & TENSION

After 21 common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent urinating or itching urination both day and night. Frequently, you may lose sleep and suffer from backache, backache and feel tired, tired, depressed. In such situation, CYSTEX usually brings fast, relaxing comfort by curing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugstore, feel better fast.

### Student Recital At Winona State Includes Bagpipes

Bagpipe solos and a baritone have been added to the student recital tonight at Winona State College.

The recital will be at 8 p.m. in Somsen Auditorium.

Playing the bagpipes will be Clark Dobbs, Mapleton, Minn. Also added to the program is baritone Jay Johnson, Hastings, Minn.

Other vocalists, a pianist, a trumpet and drum duo and a trumpeter also will be presented.

The public is invited; there is no admission charge.

### CHILD IN HOSPITAL

BLAIR, Wis. (Special) — Marie, 8, daughter of Mr. and Mrs. Myron Westing, has been at St. Francis Hospital, La Crosse, for the removal of tonsils and adenoids.

### WINONA COIN CLUB

**AT HOME AT 1072½ W. BROADWAY** are Mr. and Mrs. Calmer L. Wood Jr., following their Jan. 8 wedding at St. Paul's Episcopal Church. The Rev. George Goodred officiated. Mrs. James Goodred was matriarch of honor and Douglas Blanchard, St. Paul, best man. The bride is the former Miss Maureen Rose Seebold, daughter of Mr. and Mrs. Earl Seebold, 426 E. 4th St. She is a graduate of Winona Cotter High School, attended Winona State College and is employed by Winona National and Savings Bank. The groom is the son of Mr. and Mrs. C. Lewis Wood Sr., 923 W. Howard St. He is a graduate of Winona Senior High School, is attending Winona State College and is employed by the Angst Motor Co.

## La Crosse Group Wins Carnival Music Contest

The Crescendos, La Crosse, a clever rock and roll group, won the \$100 prize in the Winona Winter Carnival's rock and roll battle of bands at the Winona Senior High School auditorium Saturday evening.

Their musical selections were interspersed with dance steps and slow-motion pantomime acts. Their rendition of "Kansas City" brought shouts of approval from the several hundred rock and roll lovers who attended.

Winners of the second prize of \$50 were the Ferraris, Winona. The third prize of \$25 was awarded to the Crowd, comprised of students from St. Mary's and Winona State colleges.

Other participating groups were the TB's, Lanesboro, and Dawn and the Knights, comprised of St. Mary's College students.

Junior Ferguson, president of the Winona Activity Group and general chairman of the Winona Winter Carnival, was master of ceremonies. He was appointed to the royal court by William Peterson, Jack Frost XVI, receiving the title of supreme director of fun and frolic. Other members of the royal court were present.

As Jack Frost was congratulating the winning groups, he remarked, "I wish I could wiggle my mouth like these musicians can wiggle their bodies. I don't know why they should have to take calisthenics. They are just marvelous. The music they played sounds quite different from the 'Missouri Waltz.' I must say."

Judges were Jack Woods, Minneapolis, and Lindy Shannon, La Crosse.

## Stockton WSCS Meets Thursday

STOCKTON, Minn. — The Woman's Society of Christian Service of the Stockton Methodist Church will meet Thursday at 2 p.m. at the church.

Hostesses will be the Mrs. Harvey Wiskow, Miss Della Heublein and Mrs. Arthur Ziebell. Group 1 and 2 are to bring articles for the bake and produce sale. Friends are welcome.

**BATTLE OF THE BEAT WINNERS** . . . evening. Musicians from left are Richard William Peterson, Jack Frost XVI, of the 1966 Winona Winter Carnival, is congratulating the Crescendos, La Crosse, winners of the rock and roll battle of bands at the Winona Senior High School auditorium Saturday

## Burglary at Durand

DURAND, Wis. — The theft of four or five packages of cigarettes was discovered by Robert Schlosser when he entered his motor company here this morning. Sheriff Roger Britton said entry was made by smashing the window in a side door. The thief then unlatched the door and let himself in. The cigarettes were missing from a carton which Schlosser had left on his desk. The theft is thought to have occurred after 3 or 4 a.m. after night police went off duty.

## GOPHER STATE CLUB

LA CRESCENT, Minn. — The Gopher State Sportsmen's Club will hold its annual meeting Thursday at 8 p.m. in the American Legion Clubrooms here. Officers will be elected. The upcoming venison stew will be discussed. It will be held Feb. 5 at the Commodore. Lunch will be served. The first in a series of big game hunting movies taken in the United States and Canada will be shown.

## Man Slain in Beloit Tavern

BELOIT, Wis. (AP) — A Rockford, Ill., man was shot to death Saturday night in an argument outside a Beloit tavern. Police said Claude A. Holliman, 29, was struck by two bullets fired in the quarrel which had started earlier inside the tavern. Charles Collins, 32, Beloit, was jailed in the slaying. Magnolia McAllister, 29, Beloit, was wounded in the shooting but was released after hospital treatment.

## Boy Killed in Power Takeoff

BELOIT, Wis. (AP) — A 10-year-old boy died of a broken neck when the left sleeve of his jacket became entangled in the power takeoff of a tractor and he was dragged into the machinery. The boy, Richard Perry, and an older brother were planning to clean a silo when the accident happened on the farm of their parents, Mr. and Mrs. Clarence Perry, six miles north of Beloit Saturday.

## 2 High Schools Enter La Crosse Debate Tourney

Debate squads from Cotter High School and Winona Senior High School were among those competing in the annual La Crosse State University Invitational High School Debate Tournament at La Crosse Saturday. Cotter debaters, coached by Sister M. Janice, participated in three divisions and Robert Neujahr's Senior High squad in two.

**THE COTTER B team** of Steven Speltz and Marty Wernz posted three wins and one loss in the B division, while the Senior High novice team of Susan Elliott and James Henry, affirmative, and Nancy Willis and Scott Turner, negative, went 6-2 in competition with first-year debaters.

The novice division was won by Durand (Wis.) High School with La Crosse Aquinas second and Rhinelander, Wis., third.

Eau Claire Memorial won the B division and La Crosse Aquinas the A division championships.

hams and Gloria Husser, negative.

Cotter's A division entry was Cherie Harkenrider, Mary Lou Landman, Robert Suchomel and William Schuh.

Among those debating in the B division were Patricia Schneider, Jerome Gallas and Mike Schulz.

Representing Cotter in the C division were Marcia Hassinger, Jean Conway, Linda King and Mary Jean Raciti.

## 12 Men Slated For Draft Call

Twelve registrants were to have left Winona this afternoon as Winona County's Selective Service quota for January.

The group went to Minneapolis by bus at 3:50 p.m. Mrs. Gladys Duxbury, clerk of the county Selective Service board, said that the original call was for 17 registrants in January but this number was reduced by enlistments, postponements and other factors.

Groups of registrants left last Tuesday and Wednesday for pre-induction examinations.

## WHALAN PATIENT

WHALAN, Minn. (Special) — Lori, 5, daughter of Mr. and Mrs. Stanley Chiglo, is a medical patient at St. Francis Hospital, La Crosse.

## Girls Judo Class Starts At YMCA

A class in self-defense judo for high school girls is being offered at the Young Men's Christian Association, announces Henry Maly, physical director.

The class will meet Wednesday evenings from 8 to 9 p.m., with the exception of the first class, which will be held this Thursday from 8 to 9 p.m.

All high-school-aged girls who wish to participate are asked to telephone or go in and see Mr. Maly at the YM.

## University Doctor Talks to Parents At Lake City

LAKE CITY, Minn. (Special) — Dr. Wayne J. Anderson of the University of Minnesota was guest speaker at the Thursday evening meeting of Lake City PTA. The group met at Jefferson School.

"Partners in Sex Education" was the topic of Dr. Anderson's address. His professional career has been devoted to the area of family living, so that the audience was receptive to his remarks, a member of the PTA said.

During a business session, it was decided to give two \$100 scholarships this year, instead of one as in the past.

## Yvonne Mary Roth Becomes Bride of Michael McDonald

WABASHA, Minn. — Miss Yvonne Mary Roth, daughter of Mr. and Mrs. Nick J. Roth, and Michael David McDonald, son of Mr. and Mrs. Harold V. McDonald, St. Paul, were married Nov. 27 at St. Felix Catholic Church.

The Rev. Leroy Eikens officiated and attendants included Miss Bonita Perron, Rochester, and Gary Lanches.

A reception was held at American Legion Hall.

After a wedding trip to Colorado and Wyoming, the newlyweds are at home at 1008 Beech St., St. Paul, where the groom is employed in the offices of Great Northern Railway. He is a graduate of Harding High School, St. Paul. Mrs. McDonald, a graduate of St. Felix High School, works for St. Paul Insurance Companies.

## Lake City PTA Plans Sliding Party

LAKE CITY, Minn. (Special) — PTA of St. John's Lutheran School decided to sponsor a sliding party for the children. Instead of the Halloween party not held in October, LeRoy Leverson, principal, will set the date.

The Rev. Norman Sauer led a discussion on Christian education.

Lunch was served by Messrs. and Mmes. G. H. Bunkowske, Walter Danckwart, Leland Lortschner and Arnold Tomforde.

## Past Officers Honored by Lake City OES

LAKE CITY, Minn. (Special) — Past worthy matrons and patrons and other officers of former years were honored by the Order of Eastern Star Jan. 17.

A memorial service was conducted for the late Mrs. Vera Dreisbach, who served the chapter as marshal four years, assistant conductress and conductress, six years.

Miss Edna Parrott, secretary since 1929, gave a talk on "Reminiscences," which was followed by remarks from all past officers. Worthy Patron Charles Hickman gave a talk and a musical program was presented by students. Janet Friemuth and Sheryl Wolters played piano solos and Gloria Wolters sang, accompanied by Nancy Carlson.

Lunch was served after the meeting.

## Views at 55 More Acceptable

By HAL BOYLE

NEW YORK (AP) — No, it couldn't happen to a younger fellow.

I am about to be 55 years old. Actually my birthday isn't until next month, but since anticipation is better than realization, I am celebrating it now.

To some, this milestone may not loom as a very important event. But I feel like climbing atop a sunny mountain and shouting through a megaphone: "Hello, world! Guess who's 55 years old. Me! Most of the billions of people who have inhabited earth never reached that age. But I have! Exult! Enjoy!"

To some people another birthday is like another millstone around their neck.

I don't feel that way. I think that total despair is plumbred on one's 40th birthday, and every birthday after that is a great victory. Right now, if I had the money, I'd erect a great bronze statue of myself in Central Park — with one hand thumbing my nose at time, and the other out-thrust full of bird seed and nuts for pigeons and squirrels.

There are pessimists who may question what is the possible pleasure of being 55. As a matter of fact, it is a rather comfortable age. You are too young to be a dirty old man, and too elderly to be called "a promising talent."

You are beyond the tyranny of desire but still available to the challenge of the mind. The pursuit of wisdom is a joy. You can burn your draft card without fear, if you want to. But you don't want to. You desperately wish to serve your country in any manner — except, possibly, by the payment of more taxes.

To be 55 in 1966 is something of an achievement and commands respect.

At 55 a fellow probably survived chicken pox, measles, the mumps and a tonsillectomy. He has weathered a couple of depressions and several wars, learned to recognize his wife across a breakfast table, maybe raised a kid or two or three, and almost paid up a mortgage.

At 55 one is content to coach the office baseball team rather than knock the necessary home run. But you still aren't a dodger. In a pinch you can still beat an old lady to a bus seat.

At 55 a new sharpness comes to the eye. Commonplace things have a fresh wonder: The flight of gulls, the sound of a child's laughter, the sight of an opening leaf in spring — these are edged with a fresh wonder.

You know so much about people that no one you meet is really quite a total stranger. The only total stranger left is death.

Personally, I don't want to meet him until the hour of sunrise on New Year's Day in the year of 2,000. Every human heart probably has as a goal the seeing of the dawn of a new century.

## Questionnaire Replies Needed From Pensioners

Veterans and widows on the Veterans Administration's non-service-connected pension rolls who fail to return income questionnaires by Jan. 31 will not receive pension checks beyond that date.

They may even have to pay back money received in 1965, according to Veterans' Service Officer Philip R. Kaczorowski. He pointed out that the questionnaires were mailed Nov. 30, 1965, and the Veterans' Administration mailed the necessary income information forms with the Nov. 30 pension checks. This should have allowed ample time to return the questionnaires, he said.

Since these benefits are paid only to those veteran's widows whose incomes are below certain limits, the VA is required by law to receive a yearly income report in order to support the payments.

## NASON ON EDUCATION

## Schools Need Outside Help

By LESLIE J. NASON, ED. D.  
University of Southern Calif.

Complete local control of schools cannot be expected to produce the best results.

For example, an economically poor community, which has had to be satisfied for years with inferior schools, can scarcely envision the expanded educational programs needed to produce drastic changes. The responsibility for suggesting effective programs rests with larger political divisions, such as the states.

On the other hand programs brought into a community from the outside in a complete package often fail to meet the specific needs of the community and may even meet with resistance. For, even though a community needs help in solving its problems, it must take a major part in the program.

TRUE, THE money for buildings, for teachers, nurses and all of the necessary personnel to establish a well-rounded effort must come from outside the immediate district itself. But the program requires the support not only of parents but of the business community and all of those groups organized for social welfare.

Congress, through Title III of the Elementary and Secondary Act of 1965, has opened enormous opportunities to local communities to upgrade their schools.

School officials are instructed by the act to enlist the appropriate talents of the lay community in formulating and operating their programs. Thus, citizens at the community level are not simply invited to participate; their involvement is an essential condition for the approval of all grant applications.

SUCH A PROGRAM organized within a community has a snowball effect. In the City of Long Beach, Calif. civic groups organized for the purpose sur-

veyed the needs of the various sections of the city. Through the local schools, a program was devised which includes additional temporary classrooms and teachers in areas where children need compensatory education.

It also provides for teacher assistants and additional clerical help where necessary. An outgrowth of this citywide interest has been the formation of localized citizens' committees for the improvement of living conditions in previously neglected and rundown areas.

Residents of these areas are banding together to clean up, fix up, repair and paint. They are forming their own mutual aid groups.

Thus, the principle of citizen involvement at the local level is proving its value.

## Fabian to Wed Katie Regan

HOLLYWOOD (AP) — Rock 'n' roll singer and actor Fabian is planning to marry model Katie Regan. No date has been set for the wedding.

They met five years ago, went steady for a year or so, broke off, then resumed last year. It will be the first marriage for both.

## Western Air Lines Asks New Service

WASHINGTON (AP) — Western Air Lines has asked the Civil Aeronautics Board for authority to provide nonstop service between Minneapolis - St. Paul and Los Angeles and San Francisco. The airline now is required to make intermediate stops on both routes.

The English phrase "64/64ths" means full ownership of a boat. It applies equally to a rowboat or liner the size of the Queen Elizabeth.

## Seek to Upgrade University Area

MINNEAPOLIS (AP) — A University Community Development Corp. is being formed in an effort to upgrade neighborhoods around the University of

Minnesota and nearby institutions.

The private corporation is being formed by the university, Augsburg College, St. Mary's Hospital and Junior College and Fairview Hospital. A founding dinner is scheduled for next Thursday.

## New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss ... and grow more hair.

For years "they said it couldn't be done." But now a firm of laboratory consultants has developed a treatment that is not only stopping hair loss ... but is really growing hair!

They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to help everyone.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pat-

tern baldness and cannot be helped.

But, if you are not already slick bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Many conditions can cause hair loss. No matter which one is causing your hair loss, if you wait until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have any hair on top of your head, and would like to stop your hair loss and grow more hair ... now is the time to do something about it before it's too late.

Loesch Laboratory Consultants, Inc., will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information listed below. All inquiries are answered confidentially, by mail and without obligation. Adv.

NO OBLIGATION COUPON

## Showdown on Dominican Order Today

SANTO DOMINGO, Dominican Republic (AP) — The Dominican high command meets today to deliberate whether to obey a presidential order that would send three top military leaders abroad.

Commodore Francisco J. Rivera Caminero, the armed forces minister and one of the three involved, declined to speculate whether or when the military chiefs would obey provisional President Hector Garcia-Go-doy's order.

Rivera Caminero, the three chiefs of staff and three sub-chiefs will weigh a Jan. 6 presidential edict shaking up the military leadership and assigning 34 officers from both sides of the April revolution to foreign posts.

All 10 of the top rebels listed in the order have left the country. Their leader, Col. Francisco Caamano Deno, arrived in London over the weekend and warned of trouble if the regular army leaders refuse to obey the order.

"If Rivera does not want to leave, I think the people of the republic will do something big to get him out," Caamano Deno told newsmen.

"There is a crisis in the country because of the insubordination of the head of the armed forces."

Caamano Deno, assigned as military attaché at the Dominican Embassy in London, left Santo Domingo Saturday with the three remaining rebels on the list. They were heavily guarded by troops of the Inter-American Peace Force.

On the plane with Caamano Deno was his one-time army chief, Col. Manuel Ramon Montes Arache, who has been named military attaché in Ottawa, Canada.

The military chiefs issued a communique saying that five "top grade" officers would leave the country Tuesday. Apparently, however, none are members of the high command.

## Checks of 900 Held Up on Machine Error

PHILADELPHIA (AP) — Philadelphia School District authorities are holding up the pay checks of about 900 employees because of a computer error.

The authorities say an accounting computer was placing the decimal point one place too far to the right. When officials discovered the machine writing checks for \$1,500 instead of \$150 they quickly turned it off.

## Big Republican Dinner Tuesday

ST. PAUL (AP) — Minnesota Republicans start their fund-raising in earnest Tuesday when their \$100-a-plate dinner at which Robert A. Taft Jr. will be the main speaker.

Taft, son of the late Sen. Robert A. Taft, has announced he will run for a Cincinnati congressional seat this year. He will speak on the Republican challenge for 1966. The dinner will be held in the St. Paul Auditorium.

Reps. Al Quie, Clark MacGregor, Ancher Nelson and Odlin Langen, State Treasurer Val Bjornson and State Auditor Stafford King will receive plaques

in recognition of their party service.

## Eugenie Says Europe Wants U.S. Contacts

MINNEAPOLIS (AP) — Former U.S. Minister to Bulgaria Eugenie Anderson said Friday that the people of Eastern Europe "want cultural and economic contact with us" and the United States should continue non-strategic exchanges with them.

Mrs. Anderson, Red Wing, now U.S. ambassador to the United Nations Trusteeship Council, said Bulgaria already imports most of its hybrid seed corn and other feed products from the United States. She spoke at a Rotary Club meeting.

Former Winona  
Priest Dies

Father Hurnyowicz

The Rev. Father John P. Hurnyowicz, 76, pastor of St. Casimir's Church here from August 1953 to February 1958, died today of a heart attack at his home in Battle Creek, Mich. He had retired in 1958.

He was born in Poland in 1889. He attended St. Cyril and Methodius Seminary, Orchard Lake, Mich., and was ordained in Winona June 24, 1920.

He also had served in the Winona diocese as an assistant at St. Stanislaus Church here from 1930-1936 and as pastor in Owatonna, Wells, East Chatham, Minnesota Lake, Minnesota (1945-1946), New Richmond and St. Elizabeth's Hospital, Wabasha. Funeral services will be Thursday at St. Adelbert's Church, Grand Rapids, Mich., his former home.

Winona Funerals

**Dr. George J. McGill**  
Funeral services for Dr. George J. McGill, Monet Acres, Lake Park, Fla., a former resident here and at La Crescent, who died of a heart attack Friday at his home, will be held at St. Joseph the Workman Cathedral, La Crosse, Thursday at 9 a.m. Burial will be in the church cemetery.

Friends may call at the Blaschke Funeral Home, La Crosse, Wednesday from 7 to 9 p.m. Rosary will be said at 8 p.m. He was born Sept. 19, 1898, to Mr. and Mrs. Edward McGill. He was a graduate of Winona Senior High School and La Crosse State Teachers College. He received a degree in dentistry at Marquette University, Milwaukee, where he was a member of the football team. He played professional football for the team which is now known as the Green Bay Packers.

He married Ellen Fox, St. Charles, in Winona. She formerly was a night supervisor at the Winona General Hospital.

He practiced dentistry in La Crosse about 40 years, retiring about three years ago. He had resided with his family at Shore Acres, La Crescent, and had spent winters in Lake Park, Fla., the last 10 years.

Survivors are: His wife; one daughter, Mrs. Kenneth (Patricia) Miller, Shore Acres, La Crescent; two grandchildren; one brother, A. J. McGill Sr., Winona; two sisters, Miss Agnes McGill, Winona, and Mrs. Teresa Visk, Cleveland, Ohio. Two brothers, Gerhardt and Richard, and one sister, Veronica, have died.

**Anthony Hengel**  
ROLLINGSTONE, Minn. (Special) — A former Rollingstone man, Anthony Hengel, 51, died at Gilmore Lane Convalescent Home, Oroville, Calif., Sunday afternoon, nearly three years after a stone from a quarry pierced the helmet of his skull and damaged his brain.

He had been hospitalized ever since. His condition was described as comatose but not responsive. He was paralyzed and unable to speak.

Hengel was employed on construction of the Feather River Dam at Oroville when the stone, flying some distance, struck him down. The family here was notified May 30, 1963.

He was born Jan. 26, 1914, at Rollingstone to Henry and Agnes Hengel. He lived here until entering World War II, serving in Alaska most of the time. While he was in service he married Mrs. Lucille Baker, a widow whose home was in California. After the war he settled there.

Survivors are: His wife; two sons, Randall and Michael; two stepsons; six brothers, Nicholas, Michael, Lawrence, Edward and Alois, Rollingstone, and Peter, Winona, and five sisters, Mary, Rose, Mrs. Arthur (Margaret) Weis, Mrs. Nicholas (Josephine) Kohner, all of Rollingstone.

Burial will be in a Catholic cemetery near his home.

A memorial Mass will be conducted by the Rev. S. N. Major at Holy Trinity Church, Rollingstone, Thursday at 8:05 a.m.

Ashland Daily  
Press Burns

ASHLAND, Wis. (U) — A pre-dawn fire destroyed the Ashland Daily Press building in subzero weather Sunday with damage estimated at up to \$250,000, but the presses were rolling again today.

"We'll put out a paper," promised managing editor Norris Simpson.

The Press was being printed overnight at Superior and copies were being trucked the 45 miles back to this northern Wisconsin community so subscribers would not miss an issue.

Last fall entered the University of Minnesota, where she was majoring in occupational therapy. She was a member of the senior choir of the United Church of Christ, was an active member of the Senior Girl Scout Troop 279, and this past summer had been an assistant counselor at Camp Edith Mayo, near Rochester.

Survivors are: Her parents; two sisters, Jan Louise and Mary Ann, both at home, and her maternal grandfather, John De Grool, Winona.

Funeral services will be at 2 p.m. Tuesday at the United Church of Christ, Wabasha, the Rev. A. J. Ward officiating. Burial will be in Riverview Cemetery.

Palbearers will be Howard and Theodore Zabel, Robert Mack and Arvid Johnson, Plainview, and Henry Krefsky and Kenneth Boots, Wabasha.

Friends may call at Buckman-Schleiers Funeral Home today and until time of service Tuesday.

**Miss Laura Mrachek**  
WABASHA, Minn. (Special) — Miss Laura Mrachek, 18, died Saturday evening at St. Mary's Hospital, Rochester, where she had been in a coma since Jan. 1. Her condition was diagnosed as encephalitis.

She was born in Plainview Sept. 22, 1947, to Frank and Janet Mrachek. She attended school in Plainview, where her father operates a photograph studio. In May 1962, the family moved to a river home on Sand Prairie, south of Wabasha. She was graduated from Wabasha Senior High School in 1965 and

Durand Youth Killed  
Under Rolling Tractor

DURAND, Wis. (Special) — An 18-year-old rural Durand youth was killed shortly after 3 p.m. Saturday when a caterpillar-type tractor he was driving from his home to nearby Thompson Lake to clear it for skating tipped over and then rolled over the youth.

Ronald Wayne, son of Mr. and Mrs. Earl Wayne, was pronounced dead by Dr. R. J. Bryant, Pepin County coroner.

HIS BROTHER, Steven, 16, who was following down the steep bank on another tractor, called Sheriff Roger Britton at 3:25 p.m. and asked him to send an ambulance. The boys were home alone. Their parents had just left on a shopping trip.

The Wayne home is about three miles north of Durand on Highway 25. Wayne operates a sawmill across Highway 25 a short distance from the house.

Ronald got the "cat" from the lumber mill and started down a narrow, slanting logging road about a block north-east of the house.

He was about two-thirds down the steep and snow-covered hill when the flat metal track of the "cat" slipped over the bank of the road to the left, tipped and rolled over Ronald.

Air Force  
Sergeant Slain  
In Madison

MADISON, Wis. (U) — A University of Wisconsin employee was being held today in the slaying of an Air Force Sergeant on a Madison residential street early Sunday.

The body of S. Sgt. William Dale Mitchell, 35, Belleville, Ill., was found in the middle of the street at about 5 a.m. after what police described as an all-night drinking party.

Harry Williams, 30, Madison, identified as a housekeeper at UW, was jailed. His brother, Ollie, 24, was also being held, but was not charged in Mitchell's death.

Detectives said Mitchell apparently was slain in an argument as about 15 people were leaving a private party at a southside home.

It's about four blocks from the top of the hill to the swamp area to which they were headed via the logging road, Britton said, and they were almost to the bottom. The swamp area is north of Thompson Lake, where they planned to clear a rink.

Planes Crash  
Near Beloit,  
5 Persons Dead

ROCKTON, Ill. (U) — Five persons were killed Sunday as two private planes collided over a cornfield near Rockton, about five miles south of Beloit, Wis. Among the victims was a former Appleton, Wis., woman, her husband and their daughter. Their son was critically injured.

A witness said one plane suddenly banked left and collided with the other aircraft.

Killed were James Badner, 30, owner of a photography studio at Aurora, Ill.; his 29-year-old wife, the former Gail Samson of Appleton; their 3-year-old daughter, Janice; Harry H. Toigo, 30, an Aurora businessman, and Francis Perrault, 28, Chicago, Ill.

Perrault was a student pilot, police said.

The Badners' 6-year-old son, Carey, was listed in very critical condition today at Beloit Memorial Hospital.

Mrs. Gandhi  
Becomes India's  
3rd Premier

NEW DELHI, India (AP) — Indira Gandhi became India's third prime minister today, taking office with a Cabinet made up largely of holdovers from the regimes of her father, Jawaharlal Nehru, and his successor, the late Lal Bahadur Shastri.

Like her father, the 48-year-old woman chose to "solemnly affirm" the twin oaths of office and of secrecy, administered to her by President Sarvepalli Radhakrishnan.

Oath takers in India may either swear before God or give a solemn affirmation.

Taking the oaths with Mrs. Gandhi were the Cabinet ministers whose appointments she announced earlier today. The key positions were left in the hands of men appointed by Nehru or Shastri.

The middle-of-the-road balance shown in Mrs. Gandhi's selections was seen as evidence that she intends to continue India's course of nonalignment in foreign affairs and pragmatic socialism at home.

Judge Sets Aside  
Default Judgment

Defendant won an order reopening a civil case and setting aside a default judgment won two weeks ago after a hearing today in District Court.

Attorney Robert G. Hull represented defendant Nicholas Meisch, rural Rollingstone, and asked that the \$769.35 default judgment against his client be set aside.

Attorney William A. Lindquist, representing plaintiff Pierce P. Wittenberg, 400 Junction St., did not offer any objection to the motion; and Judge Hatfield granted it.

The judge also agreed to add the case to the calendar for trial during the January term of court now in progress.

Stocks Higher,  
Trading Heavy  
On Budget News

NEW YORK (AP) — The stock market rallied as President Johnson's record budget was sent to Congress today. Trading was heavy early this afternoon.

Aerospace issues took a new lease on life. Electronics, some office equipment and photographic issues, airlines, motors and steels were among the gainers.

The advance was not very broad. Oils, tobacco and a number of nonferrous metals showed scarcely any change. Utilities were mixed. Rails edged higher on balance.

Weakness appeared in some sections of the list. At the same time there was considerable activity in lower-priced issues.

The Associated Press average of 60 stocks at noon was up 3 at 367.3 with industrials up .5, rails up .1 and utilities up .1.

The Dow Jones industrial average at noon was up 4.67 at 982.81.

Zenith and IBM gained 2 each but Control Data was subjected to heavy selling pressure due to its drop in earnings. The stock opened late on a block of 22,500 shares and showed a 2-point loss as the session wore on.

Xerox lost about 1½ despite its big gain in profits.

Prices advanced in heavy trading on the American Stock Exchange.

Corporate bonds were unchanged to mixed. U.S. Treasury bonds declined generally.

## HOUSE OF THE WEEK

## An Imposing Ranch for Large Family

By ANDY LANG

A house with five bedrooms on a single level is not very common — especially when all five bedrooms are incorporated into a one-story or ranch design.

When architect Herman H. York found at two successive housing conferences that there was demand for such a house, he decided to create one specifically for the House of the Week series.

HOW WELL he succeeded in turning out a one-story home to serve the needs of a family with several children, you can judge for yourself.

A plan which works well should be so designed as to place formal living areas toward the front, near the entrance foyer, with the informal part toward the rear, readily accessible to private lounging and play areas.

Another prerequisite for good layout is that of proper relationship between the garage, service areas and kitchen. It should be possible to "drive into the house," so that passengers and packages can be unloaded on the inside.

Note the service section behind the garage. The washer, dryer and laundry tub are not in a closet but in an actual laundry room. There is space for an ironing board and a window for natural lighting.

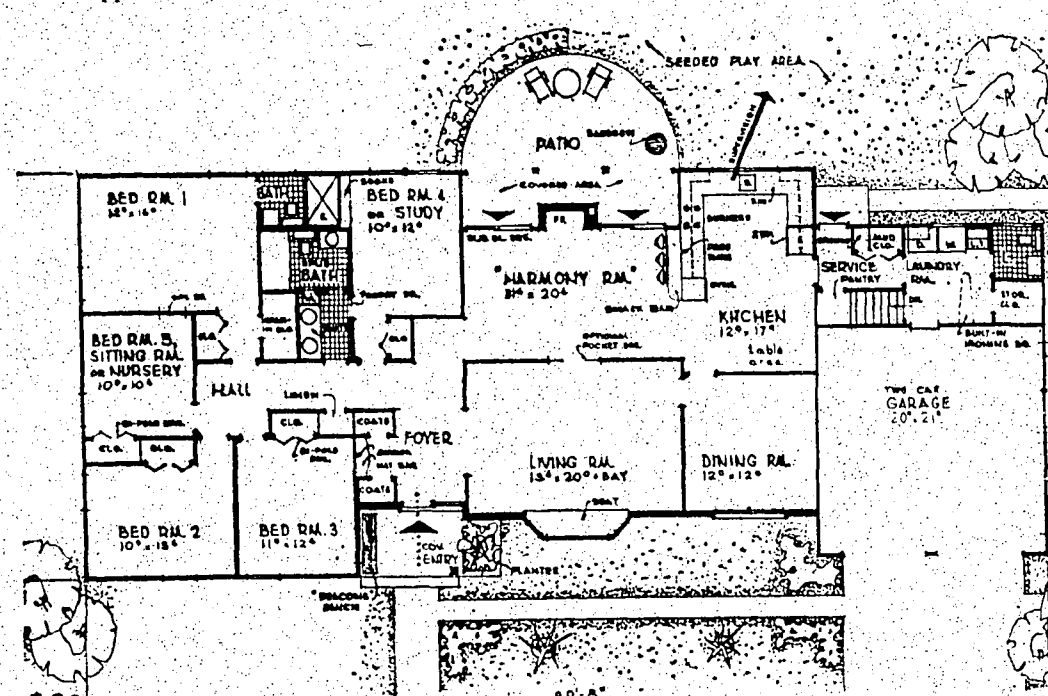

IN ADDITION to the usual mud closet, a larger one for storage is next to the laundry room, plus a broom closet and a large pantry which uses some of the usual "lost space" over the cellar stairs. Perhaps most important of all is the toilet, wash-up room.

In this plan, as in many York houses, the kitchen is the hub of the family living complex. The kitchen is laid out in an efficient U-shape, with its work triangle centered about the sink and dishwasher. A pass-through to the snack counter makes for easy snacking at breakfast time.

The family room, next to the

**FIVE-BEDROOM RANCH** . . . This long, sleek, one-story house has an imposing exterior appearance, matched by the spacious interior, with five bedrooms, 2½ baths and all the ingredients necessary for comfortable living by a large family.

**FLOOR PLANS** . . . Informal living is made easy at the rear of this ranch, with a harmony or family room separated partly from the kitchen by a snackbar, and to the right of the kitchen, an unusually large laundry room and service area.

kitchen, has been dubbed the "harmony room," perhaps in the wishful hope that, in a family needing five bedrooms, the achievement of peace is a desirable goal.

**THIS ROOM** is well located, hidden from the direct view of the entrance foyer, for family rooms, harmonious or otherwise, are often untidy. It is the living room, formal and tidy, that is exposed to the quick view of guests entering the foyer.

The separate dining room, with an entrance to the kitchen, is convenient for formal dinner parties or buffet entertaining. There is no cross traffic through this room. Note that one can be served in the living room from the kitchen in an almost direct line.

There are two bathrooms in the bedroom wing, with a special door arrangement making three lavatories available at the same time. The architect has provided an optional door plan for the owners' bedroom, making it possible to use bedroom number 5 as a nursery or a sitting room if desired.

**THIS HOUSE** requires a rather long plot, since the overall length is 89 ft. 8 inches, but if the fortunate owners have another 30 ft. or so available, the garage doors can be placed at the side rather than the front.

A combination of brick and wood shingles is shown, but here again the owners can make a change if they wish. Stone or siding would be just as attractive, provided the stone is in scale with the house.

The large family that wants all rooms on one floor can hardly do better.

## How to Build, Buy Or Sell Your Home

Full study plan information on this architect-designed House of the Week is included in a 50-cent baby blueprint. With it in hand you can obtain a contractor's estimate.

You can order also, for \$1, a booklet called "YOUR HOME—How to Build, Buy or Sell It." Included in it are small reproductions of 16 of the most popular House of the Week plans.

Send this coupon to the Daily News or you may purchase the plans or the booklet at the information counter at the Daily News.

Enclosed is 50 cents for baby blueprints on Design G-20

Enclosed is \$1 for "YOUR HOME" booklet

St. Ruth Bergaus, 475 W. Sarnin St.; Warren Marley, West Burns Valley, and Valley Distributing Co., 105 Johnson St.

## Only Two New Building Permits Taken

The January pace of new building activity in Winona remained sluggish last week when two permits were issued at the city engineer's office.

The estimated cost of the two jobs amounted to \$4,300 and left the January total at \$16,800, most of this reflected in the one new house permit taken this month.

At the same date a year ago the total was \$509,820. There had been no new house permits written.

Last week's permits went to Melvin Wedul, 418 Grand St., for a \$3,500 remodeling project by Bruce McNally, and John J. Przybylski, 226 High Forest St., \$800 for construction of a 20-by-24-foot garage and some interior remodeling.

Permits for GAS-FIRED installations were taken by Quality Sheet Metal Works, for Winona Auto Sales, 267 W. 3rd St., and Ed Senski, 207 Chatfield St. Kramer & Toye Plumbing & Heating Co., for Bell Oil Co., 201 W. 2nd St.; Sauer Memorial Home, 1635 Service Dr.; Sunnyside Manor Apartments, 651 W. Sarnin St. (two installations); Donald Hess, 423 Grand

## BUDGET

(Continued from Page 1)

spending in the government year starting next July 1 had these further highlights:

## DEFENSE

Outlays for over-all defense-related spending will soar to \$60.5 billion, up more than \$10 billion from last year and nearly \$4 billion from this year. Besides building muscle for Viet Nam, the Pentagon will start a second \$400-million nuclear-powered aircraft carrier and begin procurement of the Minuteman III, an advanced intercontinental missile.

## POVERTY

The second full year of the war on poverty will bring outlays of \$1.6 billion compared to \$1.2 billion this year.

## Space

The first downturn in space outlays is budgeted — \$3.3 billion in fiscal 1967 as against \$5.6 billion this year. But this will "sustain our progress in space exploration" and not alter the major goal, a man on the moon in this decade.

## TAXES

A small but unexpected further tax boost was proposed — a rise from 5 to 6 per cent in the excise levy on airplane passenger tickets.

## EDUCATION

Federal outlays for education were estimated at \$2.8 billion, a 23 per cent increase from this year as the new programs passed by Congress in 1965 hit full stride.

## LABOR

Johnson called for an increase — size unspecified — in the \$1.25-hourly federal minimum wage; urged improvement in unemployment compensation; and renewed his demand for repeal of section 14B of the Taft-Hartley Act, which permits states to outlaw the union shop.

The "Great Society" programs actually are being stepped up by more than \$3 billion, Johnson said, but in several cases — chiefly in housing and education programs — private lending is being substituted for direct federal support.

Moreover, a number of "Great Society" programs have been trimmed below the maximum spending rates authorized by Congress, Johnson reported.

If peace is achieved in Viet Nam these domestic programs can rapidly be increased, he said.

"If, on the other hand, events in Southeast Asia so develop that additional funds are required, I will not hesitate to request the necessary sums, Johnson said.

"And should that contingency arise, or should unforeseen inflationary pressures develop, I will propose such fiscal actions as are appropriate to maintain economic stability."

The President thus left the door ajar for a possible later request for a general tax increase.

The present spending estimates, he said, merely "reflect the best judgment which can be made at this point in time," the ultimate budget figures "could be either higher or lower than the amounts I am now requesting."

"The budget for 1967 bears the strong imprint of the troubled world we live in," he said. "If our efforts to secure an honorable peace bear fruit, these funds need not be spent."

"Yet it would be folly to present a budget which inadequately provided for the military and economic costs sustaining our forces in Viet Nam. And those costs are substantial."

For Congress members, there was little shock impact left in today's budgetary bundle. Most of the towering totals had been let out in dribbles by Johnson or by his aides in recent weeks.

But the full cost of Viet Nam did become visible, clearly and officially. It comes to \$15.2 billion in the two years covered by the message — \$4.7 billion in fiscal 1966, which ends next

June 30, and \$10.5 billion in fiscal 1967.

It became clear too that the current fiscal year's budget — estimated at \$99.7 billion by Johnson a year ago — would have pushed up past the \$100-billion spending mark regardless of Viet Nam.

Outlays for 1966 now are estimated at \$106.4 billion. Revenues are now reckoned at \$100 billion, or \$5.5 billion more than anticipated. That will leave a red-ink gap of \$6.4 billion when the government year ends next June 30.

For 1967 the spending and income estimates — \$112.8 billion and \$111 billion respectively — leave a surprisingly low deficit of \$1.8 billion in prospect.

But that forecast is based on the assumption that the business boom, which will pass its fifth birthday in a few weeks, will continue to roll up record income, profits and tax collections for another year.

Johnson predicted total national output of \$722 billion in 1966, up more than \$46.8 billion from last year. Personal income will rise more than \$36 billion to a record \$567 billion, he forecast.

He predicted corporation profits will rise from \$74.6 billion last year to \$80 billion — with the government tax collector taking nearly half of every billion.

The President reminded Congress of his forecast of two years ago that the 1964 tax cut would lead to a balanced budget in a prosperous economy.

"Barring the then unforeseen costs we are incurring in Southeast Asia, the forecast remains a correct one," he said.

The government's cash budget — which shows the income and outgo of the Social Security System and other government-held trust funds — actually will show a surplus of about \$500 million in fiscal 1967.

That means cash outlays of the government, at \$145 billion, will be \$500 million less than the government takes from the public. Over-all government operations, in other words, will be slightly anti-inflationary in total impact.

Johnson said that budget-chopping had eliminated or curtailed many lower-priority programs. But only three of the major categories of spending showed cuts — space, agriculture and transportation.

Agriculture dropped \$900 million to \$3.4 billion — a figure which does not include the \$1.5-billion Food for Peace program and some other programs in the department's custody. Commerce and transportation were down \$500 million to \$2.7 billion.

Increases in other areas of government activity ranged from about \$100 million up and produced these totals: International affairs and finance, \$4.2 billion; natural resources, \$3.1 billion; housing and community development, \$100 million; health, labor and welfare, \$10 billion; education, \$2.8 billion; general government, \$2.6 billion, and contingencies, \$4.0 billion.

Johnson asked a \$35-million appropriation to launch the rent subsidy program which Congress approved in 1965 but did not finance.

Only \$3 million of that sum actually would be spent in 1967, Johnson said, because of the time lag in launching the system of rent supplements for low-income families in housing owned by nonprofit organizations.

Among other housing programs the largest increase was for urban renewal; outlays were expected to total \$413 million, up \$51 million from 1966.

In the "war on poverty," Johnson said, programs to promote self-help will be stressed. More than a million children from poorer families will be aided in the several youth programs, and about 250,000 adults will receive job training or other help.

For foreign aid, outlays of \$3.4 billion were proposed, about the same as this year. Johnson asked Congress to give a five-year authorization for the programs administered by the Agency for International Development.

That agency would have \$2.2 billion for 1967, up about \$100 million from this year. Military aid, at \$1.2 billion, would be about \$100 million lower.

The President said he will propose a joint government-industry program to build the prototype of a "safe and commercially profitable" supersonic civilian transport plane.

Largely because of research and development spending for that craft, outlays for the Federal Aviation Agency will rise from \$800 million this year to \$840 million in 1967.

## Let's Get Growing

By A. F. SHIRA

## Chrysanthemums In The Garden

HAVING talked about some of the other flowers in previous articles, suppose we take up the hardy chrysanthemums today, the flowers that are generally known as the garden mums. They have been grown for hundreds of years, yet through the work of the plant breeders, the present-day flowers in size, shape and color range bear little resemblance to the original varieties from which they have been progressively developed.

The Japanese called the mum the queen of autumn flowers and its right to this designation has never been disputed. Most of the improvement in these beautiful fall flowers has taken place during the past fifty years.

The wide diversity of types and sizes of blooms that we know today have been made possible by the hybridizers through selective crossing and breeding that has resulted in many hundreds of varieties. Colors range widely from pure white through yellow, lavender, red and purple, including blends and bicolors. They cover the entire field of fall colors and hues, glorious companions to the gorgeous foliage of autumn.

Mums normally bloom when the days become shorter toward the fall season. However, many varieties start to bloom earlier in August. They are easy to grow, hardy, healthy and generally vigorous. They remain colorful through rains and frosts until cut down by severe freezing weather.

THE GARDEN mums as such generally are classified as two types: the cushion varieties and the larger decorative types. The cushion mums are low-growing bushy plants usually up to about 18 inches in height with a wide mounded spread. They are very free blooming and at times make solid mounds of color. The flowers are in sprays with rather short stems and the sprays, rather than individual blooms, are used as cut flowers. Owing to this, they are not as popular as a rule for indoor bouquets and arrangements as the taller kinds.

The blooms may vary in size from one to three inches across, and may be small, button-like, quilled, or pom-pom in form. These cushion mums are early blooming, low-growing and for solid color display are very effective in the border.

THE DECORATIVE types have been developed over the years with the hybridizers striving for hardiness, earliness and size of bloom. They reach a height of more than two feet with long stemmed flowers up to five inches across. Some varieties start blooming in September and continue with masses of colors until freezing weather. We have picked blooms from late varieties with a covering of snow on the ground. Even partially opened buds will develop freely in the house and will last for several weeks.

No perennial border has a satisfactory completeness unless it contains some hardy mums. Or, they can be grouped by themselves as a background for other flowers, or used in front of the shrub border.

AS CUT flowers they are exceptionally long-lasting and are the most satisfactory of all garden blooms for attractive displays. The foliage of the mums has a pleasing fragrance all its own that is very delightful when the cut flowers are in the house. In the late fall the

foliage takes on tints of crimson that furnish additional beauty.

The nursery catalogs now arriving in the mail offer many varieties from which to choose. In purchasing plants, buy young potting ones, if possible, as they will give better results than old root stalks. So, let's plant plenty of mums for generous fall colors.

## New Blair Building

BLAIR, Wis. (Special) — A building, 30 by 64 feet, has been completed by Olson's LP Gas just east of the old Green Bay & Western depot here.

It will be used for fertilizer storage. Wendel Olson is the manager.

## The World News In Pictures

**EASTER SEAL CHILD . . .** Alan Nagao, 4, of Honolulu, Hawaii, smiles happily through his orchid lei after being named 1966 National Easter Seal Child of the National Society for Crippled Children and Adults. Alan, who was born with his right leg ending at mid-thigh, has been walking with an artificial leg since he was two and he returns regularly to an Easter Seal center for therapy and checking on his gait. He will visit President Johnson at the White House in company with Easter Seal Chairman Jimmy Durante to launch the annual campaign, March 1 to April 10.

**PROBLEMS OF A DEFENSE SECRETARY . . .** This study of Secretary of Defense Robert McNamara was made as he appeared before Senate committees on financing the conflict in Viet Nam. He urged the Foreign Relations Committee and the Defense Appropriations Subcommittee to approve an additional \$12.76 billion for carrying on the war in Southeast Asia. (AP Photofax)

**AERIAL INTRUDER . . .** The James B. Manuel home in south Seattle got this unexpected addition when the single-engine plane flown by student pilot Leo J. Heinz, 34, on his first solo flight, crashed into the roof and a bedroom. Heinz was seriously hurt, but Rosalie Fernandez, 10, a visitor from the Philippines, who was watching TV in another room escaped without injury. Witnesses indicated Heinz was practicing touch-and-go landing at Boeing Field when the plane's engine stalled.

**CAUGHT IN A WAR . . .** Vietnamese peasants stand in paddy outside their village in Ving Binh province in the Mekong Delta about 70 miles southwest of Saigon as Vietnamese soldiers conducted search for Viet Cong guerrillas holed up there in operation early this week. Government forces were with the 8th Division. Fourteen guerrillas were captured and 48 killed in the attack. Civilians later returned to their partially destroyed village. (AP Photofax)

# Teacher Tony Receives Don's Vote

PEBBLE BEACH, Calif. (AP) —Champagne Tony Lema will get a bubbly recommendation from the winner of the \$104,500 Bing Crosby Tournament if he ever decides to quit the pro golf tour and start teaching the game.

Lema, who ran into trouble with his own game in Sunday's final round, was in a threesome with Don Massengale of Jacksboro, Tex., and when the Texan moved ahead of the pack, Tony supplied the counsel which helped stand off Arnold Palmer's famed charge.

"Tony was extremely helpful as the pressure built up," the 26-year-old Massengale said at

the finish. "He helped calm me down, and, a couple of times told me 'you have everything under control...let them chase you.'"

So while Lema soared to a 79 and 293, Massengale beat off the Palmer challenge and defeated the all-time money - winning champion by one stroke with a 70-283.

Palmer shot a 71 on his final round and the double bogey he took at the first hole of the Pebble Beach course eventually proved his downfall.

Lema collected \$1,200 for his effort but hopes to earn more this week playing in the Lucky International Open at San Fran-

cisco near his hometown of San Leandro.

Massengale and Palmer will be there for the \$50,000 Lucky Tournament starting Thursday over the Harding Park Municipal course.

Palmer already has won \$19,100 in the two tournaments he has played this year — the \$11,000 winning purse at Los Angeles, \$6,200 for finishing second to Massengale in the Crosby duel and \$1,900 for a third-place finish in the pro-amateur division of the crooner's silver anniversary clam bake. He teamed with his business manager, Mark McCormack.

Chuck Courtney and Dr. John

Moler a dentist, won the pro-am in a playoff against Bill Martinale and San Francisco businessman Bob Roos. Each team finished 72 holes with best-ball totals of 255.

As the pros had problems with errant shots, Dr. Moler carded a bogey which with his handicap stroke gave his team the victory and Courtney \$4,000. The dentist received a silver dish.

Massengale pocketed \$11,000 for beating the monster Pebble Beach course. There also were other benefits for a fellow who never before had won a major Professional Golfers' Association tournament.

He'll get a \$1,000 guarantee for the Tournament of Champions in Las Vegas and a \$600 guarantee plus a trip to England for the Carling World Tournament. And Massengale will be paired with other tournament champions in future PGA events.

Jack Nicklaus, the 1965 money-winning champion who was playing his first tournament of 1966, hit two tee shots into the ocean on the 18th, took a nine on the hole, a 76 for the round and a 295 total.

At 287 came Doug Sanders with a final-round 71 and Randy Glover with a 70.

**VICTORY WAVE . . .**  
Texan Don Massengale waves his cap in victory after winning the \$104,500 Bing Crosby National Pro-Am Sunday at Pebble Beach. He had birdied the 18th for a 72-hole total of 283. (AP Photofax)

## ALBERT LEA IS WINNER

Albert Lea defeated Northfield 75-61 in a Big Nine basketball game Friday night. It was incorrectly reported as a 75-61 victory for Northfield in the Sunday News. Dan Daly hit 30 points and grabbed 19 rebounds for the winners.

# Pappy's Is Leading in 'A' Division

By GARY EVANS  
Daily News Sports Editor

Members of the Pappy's and Winona Industries bowling teams must shudder through one more shift. It is then that their fate will be decided.

The two teams are the divisional leaders and their totals, to be good enough for the championship, must stand up through a 16-team event at 6:30 p.m. this evening.

SOME 124 OF the 140 entered teams have competed and Winona Industries right now appears to hold a firm grip on the Class "B" title.

The Industries team, which posted 2,719 during the 6:30 p.m. shift Saturday, must now survive the challenge of four teams to cop the prize.

By the same token, the 2,696, which gives Pappy's a 14-pin lead over present runnerup Watkowski's, probably will be challenged more severely.

All eight teams from the Westgate Pin Topplers League

—one of the city's best — will bowl tonight.

Runnerup in the Class "B" division at present is a tie between Tempo and Culligan's with 2,648. Tempo shot its total during the 4 p.m. shift Saturday. Culligan's competed at 3 p.m. Sunday.

**PAPPY'S GOT** a display of consistency from its members to move into the chief position. Diane Huff clipped 473, Shirley Lockwood 478, Joanne O'Reilly 461, Beverly Schmitz 449 and Dorothy Walsh 427. The group carried 408 handicap pins.

Watkowski's total was built around the tournament's best individual effort thus far. Irene Pozanc parlayed games of 225, 155 and 190 into a 570. Dolly Watembach razed 457, Marian Fort 421, Juanita Serwa 412 and Bernadine Revor 409. Watkowski's carried 414 pins of handicap.

Rounding out the top ten in

## TOP TEN

Class "A" Teams	
Pappy's - Westgate	2,696
Watkowski - Westgate	2,682
DeLuxe Beauty Shop - Westgate	2,647
Dolls - Westgate	2,645
Cozy Corner - Hal-Rod	2,641
Mohan Siding - Westgate	2,635
Goltz Pharmacy - Westgate	2,633
Winona Typewriter - Westgate	2,632
Teamsters - Hal-Rod	2,597
Mankato Bar - Westgate	2,527

Class "B" Teams	
Winona Industries - Ath. Club	2,719
Tempo - Athletic Club	2,648
Culligan's - Westgate	2,648
Sunbeam Sweets - Westgate	2,636
E.B.'s Corner - Athletic Club	2,608
Ken's Hardware - Westgate	2,605
Sam's Direct Service - Westgate	2,595
The Queens - Westgate	2,587
Jon Lee - Westgate	2,585
Merchants Nat'l B'n - Westgate	2,583

Class "A" are: DeLuxe Beauty Shop, 2,647; Dolls, 2,645; Cozy Corner, 2,641; Mohan Siding and Window, 2,635; Goltz Pharmacy, 2,635; Winona Typewriter, 2,633; Teamsters, 2,597; and Mankato Bar, 2,527.

**CULLIGAN'S** got the second-place tie behind 545 from Kathryn Lester, 450 from Dorothy Palubicki, 406 from Charlotte Muras, 381 from Florence Rivers and 345 from Mabel Smith. The team had 612 handicap pins.

Sunbeam Sweets is fourth in Class "B" with 2,636. The top ten is rounded out by: E.B.'s Corner, 2,608; Ken's Hardware, 2,605; Sam's Direct Service, 2,595; The Queens, 2,587; Jon Lee, 2,585, and Merchants National Bank, 2,583.

In addition to Irene Pozanc's 570, Barba Pozanc shot 546, Palma Stanislawski 545, Alice Lynch 525, Audrey Sieracki 522, Lois Schacht 519, Phyllis Thurley 516, Irene Gostomski 516, Mary Monahan 513 and Bev Schmidt 509.

**BETTY THRONE** hit 209 and Dawn Brandes 207. Lenore Klage converted the 4-7-9.

While the team event finishes with the 6:30 p.m. shift today, Irene Trimmer, WWBA secretary has asked doubles and singles contestants, who are scheduled to bowl at 9 p.m., to report early.

"The team shifts are getting over sooner than we anticipated," she explained.

### Wisconsin Unbeatens

NINE - Weyerhaeuser.  
SEVEN - Onalaska Lutheran.

# Duke to Settle Old Grudge?

By THE ASSOCIATED PRESS

Duke's Blue Devils will have an old score to settle and their No. 1 national ranking to protect when they clash with North Carolina State this weekend.

"We knew we would have a pretty good ball club," Duke basketball Coach Vic Bubas said recently, "but to think that we would be 14-1 at this stage of the season, well, that was asking too much."

It was a little bit too much last season, too, when North

Carolina State pulled one of the major upsets of the year, beating Duke in the finals of the Atlantic Coast Conference tournament and knocking them out of the NCAA tourney and a shot at the national championship.

Nearly 11 months after that upset, the teams meet at Duke Saturday in the first of two regular season games.

The Blue Devils lead the ACC with a 6-1 record while State is second at 4-2. Both have been idle — because of final exami-

nations—since Jan. 15 although State plays Tennessee Wednesday night.

While the ACC crown won't be at stake when the teams clash Saturday, Duke's No. 1 ranking will be.

Second-ranked Kentucky, one of two undefeated teams in the country, resumes play after a week's break with games against Louisiana State tonight and Auburn Saturday. The Wildcats are 12-0.

Texas Western, the other un-

beaten, also gets back into action this week, meeting Arizona State Wednesday and West Texas State Saturday. The eighth-ranked Miners, 12-0, haven't played since Jan. 6.

Only two members of the Top Ten played Saturday night. Third-ranked St. Joseph's recovered from a loss to St. John's, N.Y., for a 79-69 triumph over Penn. and Kansas, No. 6, also came back after a loss at Nebraska for a 69-61 victory over Kansas State.

Cincinnati continued its comeback in the Missouri Valley Conference, edging Louisville 67-65. Dean Foster dribbled the length of the court and flipped in a 10-foot hook shot in the last second, giving the Bearcats a 13-2 record over-all and second place in the conference.

Nebraska, the Big Eight Conference leader, assured itself of a winning season for the first time in 16 years by crushing Oklahoma 86-78. The Cornhuskers now are 13-2.

**FRIENDLY FIVE . . .** Starters on the Kentucky basketball team are in animated conversation as they stroll across the university campus. Coach Adolph Rupp says one reason for the success of the team of (left to right) guards Tom Kron

and Louie Riley, center Thad Jaracz and forwards Pat Riley and Larry Conley is their unselfish play. The undefeated and second-ranked Wildcats meet LSU tonight. (AP Photofax)

# Wiltgen Proves Defensive Point

By BOB JUNGHANS  
Daily News Sports Writer

St. Mary's will have the mid-week spotlight all to itself on the local sports front this week as most of the athletic activity is bunched into Friday and Saturday.

But Tuesday, both the Redmen hockey and basketball teams are at home and with both of them back on the winning path, it could be the start of another successful week on the local scene.

Tim McNeill's hockey team, with a pair of one-goal, non-conference triumphs under its belt, gets back into MIAC action in a 3 p.m. contest at Terrace Heights against arch-rival Macalester. Then Tuesday night the Redmen cagers are at home in a non-conference fray against Wisconsin State University Con-

ference leader Stout.

Coach Ken Wiltgen's squad will be going into the game fresh from a 57-38 rout of Macalester — only St. Mary's second victory in six games.

"We saw the movies of the Loras game last week and pointed out the many, many mistakes we had been making defensively over the past weeks," said Wiltgen. "And then we go out and hold a team to 38 points. I think we proved our point."

"I thought we did an excellent job on defense. I'll be the first to admit that they (Macalester) aren't a good team, but I'd like to think we made them look bad."

Stout defeated St. Mary's last year and the entire Blue Devil team has returned intact this year, led by 6-1 guard Willie White.

# Sandy Couldn't Control This!!

ROCHESTER, N.Y. (AP) — Sandy Koufax of the Los Angeles Dodgers has found something beyond his control — snow.

The Dodger dandy, who has chalked up numerous pitching records, may have established a record for sheer frustration Sunday as he tried to get to Rochester to accept the S. Rae Hickok Professional Athlete of the Year Award for 1965.

Koufax left San Francisco, where he had been playing in the Bing Crosby Golf Tournament, at 1 a.m., Sunday, caught a flight for Chicago and arrived in the Midwest at 6 a.m. He left Chicago for Cleveland at 3:30, reached Ohio at 5 p.m. — and at 5:45 was on the way back to the West Coast.

A private jet had been waiting to take Koufax the final miles from Cleveland to Rochester, but the airport in the upstate New York city was snow-bound because of the storm that hit the Eastern part of the country during the weekend.

"Wild horses couldn't have kept me away," Koufax said by telephone from Cleveland, "but

icy runways and impossible weather are things beyond anyone's control."

Koufax went on to discuss winning the award for a record second time while expressing confidence in the condition of his arthritic left arm.

"Winning the award once was great," he said. "Twice is unbelievable. The arm feels fine. I haven't thrown any but I don't expect any problems. I just hope I have as good a year this season as I had last year."

Last year Koufax wrapped up pitching's triple crown with a 26-8 record for the top won-lost percentage, a 2.04 earned run average and a record 382 strikeouts.

His post-season awards include the Cy Young Award as the baseball's outstanding pitcher and The Associated Press' Male Athlete of the Year Award.

The 36-year-old southpaw won the Hickok award for a record second time with the most first-place votes ever and the biggest margin since the competition for the \$10,000 diamond-studded belt was started in 1950.

# Cotter Bees Run Record To Good 9-1

Cotter High School's B squad ran its season record to 9-1 Saturday night by trouncing St. Paul Hill's B squad 63-45.

The Little Ramblers' triumph was actually easier than the final score indicated as they jumped to a 17-6 first period lead and led by a whopping 42-10 at the half. Hill came on to make a fairly respectable game of it in the final quarter, outscoring the Cotter reserves 21-6.

Pat Wiltgen had 15 and Bob Greden 14 to pace Cotter.

NEW ORLEANS, La. (AP) — Green Bay Packers fullback Jim Taylor was honored Saturday night as Louisiana's outstanding pro athlete of 1965.

# Mankato, Tommies Retain Loop Leads

By THE ASSOCIATED PRESS

Mankato State, St. Thomas and Carleton remained the Big Three of Minnesota college basketball today.

Mankato, perhaps peering warily over its shoulder at potential-looking St. Cloud State, ran its Northern Intercollegiate Conference record to 4-0 by upending Winona State 67-58 Saturday night.

St. Cloud, 1-0 in the NIC and 11-4 for the season, was idle. Bemidji State still is very much in the NIC running with a 2-1 league record after bouncing Michigan Tech, 85-71.

St. Thomas took time out for semester exams and remains atop the Minnesota Intercollegiate Conference at 6-0 in the loop and 13-3 for the year.

Gustavus Adolphus beat Duluth 64-62 in a three-overtime marathon to gain a tie for second with idle St. John's, both with 5-2 MIAC records.

In second-division matches, St. Mary's downed Macalester 57-38 and Concordia tripped

Hamline 64-62.

Carleton charged into the Midwest Conference lead with an 87-85 overtime triumph over Beloit. The Carls are 8-1 in the league to Monmouth's 6-1. Coe beat St. Olaf 72-62 in overtime.

In a non-conference game, Minnesota-Morris nipped Bethel College 84-82 to give the Cougars a 9-4 record, one of the state's best. Morris has won seven in a row.

Bemidji, with Mark Carlin nabbing 26 points, led Tech 48-37 at the half.

Gary Johnson's two free throws with four seconds left in the third overtime finally won for Gustavus over UMD. Bill Laumann had 24 points for Gustavus and Bob Carey got 24 for Duluth.

Bob Laney led Concordia to victory with 22 points, while Roger Pytlewski had 14 to top St. Mary's.

**Steve's**  
COCKTAIL LOUNGE  
107 W. 3rd St.

stop Zoilo Versalles and pitcher Jim Grant could become holdouts in signing their 1966 Minnesota Twins baseball contracts.

But the manager of the American League champions doesn't want to be drawn into any evaluation of whether the two stars are worth the \$50,000 salaries they both are seeking.

"Sure I'm worried about Grant and Versalles holding out; what manager wouldn't be?" Melo said Sunday after arriving in town for tonight's mid-winter banquet of the baseball writers

at the Leamington Hotel honoring the championship Twins.

But Melo's concern is strictly a training matter with him. He's not about to make either President Calvin Griffith or the players mad by butting into the negotiations.

"A player can't help but hamper his conditioning program if he starts to work late in spring training," Melo said.

Both Grant and Versalles will appear at tonight's dinner, as will Griffith. Grant has said,

however, that he has no plans to talk contract with Griffith at this time. And Versalles lives in suburban Bloomington and can drop in to see Griffith any time.

A number of other Twins here for the banquet likely will talk money terms with Griffith, including pitcher Camilo Pascual, first baseman Don Mincher, outfielder Tony Oliva and possibly third baseman Harmon Killebrew.

Pascual, who had a 9-3 record last year when muscle surgery took him out of action for nearly

two months, is fighting a pay cut from his estimated \$46,000 salary of 1965.

Mincher has been offered a \$4,000 raise to about \$20,000 and is seeking a \$12,000 raise.

Oliva also wants a bigger raise than he's been offered—to about \$35,000.

Killebrew has been offered a salary close to \$60,000 and likely will eventually sign for that. But he never signs until a few days before spring training opens and Griffith expects

the big slugger to delay again this year.

Both Pascual and Killebrew, who was out six weeks with an elbow dislocation, said their injuries had healed to their satisfaction and both hope for big years.

Melo said he foresees no danger of complacency among the Twins in 1966 because, "I won't let it happen."

"It meant a lot these fellows being the World Series," Melo added, "and they're going to work for it again. We'll work

harder in spring training than we did last year. We'll work more to eliminate mental errors, better and we'll strive to perfect the hit-and-run."

One factor Melo views as encouraging for the Twins "is the competition for positions, especially at second base and in the outfield."

Melo, his coaching staff and 18 of the Twins will appear at the dinner — along with new baseball commissioner William Eckert, Al Kaline of the Detroit

Tigers and broadcaster Joe Garagiola. A sell-out throng of nearly 1,400 will attend.

## Luther Wins, Blossoms Cop 59-57 Verdict

Onalaska Luther struggled past a strong Dr. Martin Luther team from New Ulm 78-75, and scrappy Blooming Prairie downed Dodge Center 69-57 in late Saturday high school basketball action.

### ONALASKA LUTHER 78 DMLHS 75

Undefeated Onalaska Luther ran its unbeaten string to eight games Saturday thanks to a trio of free throws in the final three seconds as the Knights downed Dr. Martin Luther High School of New Ulm 78-75.

New Ulm appeared to have an upset in the making when it held a 73-69 going into the last minute of the game. But a pair of charity shots by Ken Stratman tied the game at 73-all, and then Ron Drecktrah hit two more with three seconds showing on the clock to make it 77-75. Don Larson was fouled at the final buzzer and added another one-pointer to bring the score to its final count.

Luther led most of the way by narrow margins behind Drecktrah's 23 points, 20 from Ken Stratman and 18 from Dave Wilder. DMLHS was paced by Bruce Heckmann with 24 and Gary Schoeneck with 19.

Luther also won the B game 41-38.

### BLOOMING PRAIRIE 69 DODGE CENTER 57

Out-sized Blooming Prairie outscraped Dodge Center on the boards and came away with a 69-57 nonconference verdict Saturday night.

The Blossoms held a 41-27 edge on the backboards with a majority of that margin coming on the offensive boards as they fashioned an 82-52 margin in shots from the field. Dodge Center fell behind 18-11 at the end of the first period and the deficit steadily grew to 13 points by the end of three quarters.

Pete Doty hit 20 for the Dodgers, followed by Fred Kraeger with 13 and Roger Kraemer with 10. Steve Fritz led all five Blooming Prairie starters into double figures with 17.

Happy New Year!  
It's been nothing but joy and good cheer for the Detroit Red Wings who seem determined not to lose in 1966.

Detroit's three-week National Hockey League unbeaten streak stretched to nine games Sunday night with a 5-1 victory over New York. The hot string, which has netted Detroit eight victories and one tie in the new year, has rocketed the Wings to the top of the NHL.

Sunday's victory completed a weekend sweep for the Wings and gave Detroit a four-point bulge on slumping Chicago and Montreal who played to a 3-3 tie. Elsewhere, the suddenly revitalized Boston Bruins made it three in a row with a 2-1 victory over Toronto.

Saturday, it was Boston 5-3 over New York, Toronto 4, Chicago 0, and Detroit 3, Montreal 0.

Alex Delvecchio spearheaded Detroit's drive against the Rangers with a pair of third-period goals after the Wings had broken a scoreless tie with three second-period goals.

Bobby Hull's 30th goal of the season tied the Canadiens for Chicago after Montreal had stormed from two goals back to take the lead.

The tie stretched Chicago's winless string to six games. Montreal hasn't won in its last three starts.

### Winona Dog First In Hunter's Special

ROCHESTER, Minn.—Midge, a golden retriever owned and handled by Winona's Phil Conway, placed first in a hunter's special division at a dog trial here Sunday.

Two city dogs received judge's awards of merit in the puppy division. They were Red, a golden owned and handled by Don Lund, and Pepper, a black Labrador owned and handled by Kurt Reinhard.

# Changeup—It's Spahn's Best

MILWAUKEE (AP)—Warren Spahn, master of changeups, isn't through throwing them. "It looks like I'll be out of baseball," he said Saturday night.

"I'm not retiring," he said Sunday night. Spahn, who has won more games than any other southpaw in major league history, did admit he was having trouble finding a club which wanted him. The lanky Oklahoman will reach 45 in April.

In an interview Saturday he said, "Maybe this is the time to make the break." He said he had been invited to spring training by the San Francisco Giants, but was warned, "We've got some lefthanders on the club how that you might not be able to beat out."

He added that he would make up his mind about business opportunities outside baseball before spring training, but said Sunday night at a sportswriters' dinner here, "The way it looks right now I'll be at spring training with the San Francisco ball club."

Other clubs had turned him down, Spahn said. The hard-throwing lefty spent 20 seasons with the Boston and Milwaukee Braves before compiling a 7-16 record last year with the New York Mets and the Giants. He won 20 or more games in 13 seasons, the last one in 1963 when he had a 23-7 record.

Spahn's lifetime won-lost record is 363-245. He is only 10 victories short of matching the National League high for a pitcher, right or lefthanded, but only seven losses shy of equaling the league's modern mark for most defeats.

"I think I can still pitch," he said, "but other people don't seem to agree with me."

## Stout Rallies Past Falcons, Holds 1st Spot

By THE ASSOCIATED PRESS

Stout, Oshkosh and La Crosse remained 1-2-3 in the Wisconsin State University Conference basketball derby as only victors of the weekend.

Stout reached the halfway mark in the race with a perfect 8-0 mark by nipping River Falls 74-72 Saturday night. Oshkosh whacked Whitewater 90-77. La Crosse broke a three-way tie for third by humbling Eau Claire 88-69.

Stout trailed 36-33 at halftime, but broke away from a 44-44 tie by outscoring the Falcons 11-2 in a quick surge led by Mike Thompson. Thompson, who paced Stout with 20 points, iced the game with a brace of free throws with 42 seconds to go.

Gene Englund and John Lallensack of Oshkosh outscored Whitewater by themselves in the first half. The pair teamed for 40 points as the Titans opened a 56-48 lead by halftime. Englund finished with 34 points and Lallensack with 30.

La Crosse threw a stingy

box zone at Eau Claire to hold the Blugolds' top scorer, Stan Johnson, to what was a meager 14 points for him. With Johnson harnessed, La Crosse raced to a 41-29 halftime lead and no little trouble the rest of the way.

Stout will tangle with Eau Claire in one of four WSUC games this Saturday while Oshkosh, only a step back of the Blue Devils with a 7-1 mark, travels to Stevens Point. The Pointers play Platteville in the only conference game Tuesday night.

	Conf.	All Games
Stout	8-0	11-2
Oshkosh	7-1	10-3
La Crosse	5-3	7-5
Platteville	4-3	8-4

By THE ASSOCIATED PRESS

Things were really up in the air as far as the Boston Celtics were concerned.

The Celtics got to within 31,000 feet of Boston Sunday afternoon, but it was straight up. Their plane was diverted to Newark, N.J., because of heavy snow, forcing postponement of their National Basketball Association game with San Francisco.

It was the second postponement of the weekend. The Philadelphia 76ers couldn't play Cincinnati Saturday because they got snowed in at Cleveland, Ohio.

In the only game Sunday, the 76ers got 26 points from Wilt Chamberlain and outscored the Hawks 8-2 in the last 2½ minutes for a 104-98 victory at St. Louis.

Saturday, the Baltimore Bullets scored a rousing 132-107 home-court victory over the Celtics, and the Hawks defeated the New York Knicks 119-111, also at home.

one overtime session Saturday night before finally taking a 63-59 double overtime decision from Canton in a Root River Conference basketball contest.

Rushford took an 18-16 first-period lead but fell behind midway through the second period. Canton pushed its lead to as many as 10 points in the third period, but Glen Kopperud's bucket from the top of the key with six seconds left to play earned Rushford a 52-52 tie at the end of regulation.

Canton again took the lead, but this time a pair of charity tosses tied it at 56-56 at the end of the first extra session. This time, however, the Trojans jumped out in front and stayed there to chalk up victory No. 6 in eight loop starts.

Dick Hungerholt led the Rushford scoring with 15, followed by Scott Johnson with 13, Kopperud and Mike Woll with 11 and Jim Woll with 10.

For Canton Don Fay had 19, Curt Johannsen 14 and Greg Turner 12.

## Sacred Heart Turns Tiger

	W	L	Pct.	W L
Onalaska Luth.	3	0	1.000	1-5
Rollingstone	3	1	.750	1-5
Wabasha SF	2	2	.500	1-5

Lima Sacred Heart has suddenly turned tiger in the Bi-State Conference as the Redmen chalked up their second loop victory in three days, downing Caledonia Loretto 57-53 Sunday afternoon.

The victory, forged by a 20-point final period, pushed Lima's record to 2-5 and dropped Loretto into the league basement at 1-3.

The two-teams fought to a 22-22 deadlock in the first half, but Loretto took a 41-37 lead into the last period. Lima, with Bill Brunner getting 24 points and Herb Poeschel 20, turned in one of its finest offensive displays in the last period to turn the tide.

Gary Conway paced Loretto with 14 points.

# Rebounding — Key To Gopher's Loss

ANN ARBOR, Mich. (AP)—Cazzie Russell is one of the top stars on the college basketball scene, but the Michigan Wolverines are proving it takes a little more than Russell to hold the Big Ten lead.

The Wolverines took on Minnesota Saturday and came off with a 97-85 victory to take sole possession of the conference lead as Michigan State stumbled at Iowa, 90-76.

Coach Dave Strack gave his Wolverines a game plan and they followed it right to the boards — backboards, that is — to turn back the Minnesota threat.

"We felt we had to hit them at their strong point, rebounding, if we were to win," Strack said.

Hit the Gophers, they did. Michigan picked off 64 rebounds to 36 for Minnesota, with Jim Myers claiming 24 rebounds.

Even with a powerful rebound game, the Wolverines couldn't do without Cazzie, however. The senior All-American poured in 40 points to help keep the Wolverines undefeated in four Big Ten games.

Oliver Darden added 16 points. John Clausen 15 and Myers 12 for the Wolverines.

Minnesota's Archie Clark scored 30 points in the Gophers' losing effort, but simply could not cope with Russell's strength and height in trying to guard the Michigan star.

Injured Lou Hudson spelled Clark for a time, but he too had trouble clamping a lid on Russell. And Hudson managed only 12 points, compared to 20 a week before against Indiana, because the big, strong Wolverines denied him the middle and Hudson could not shoot over the defense with his right arm still encased in a cast to protect a broken thumb bone.

"We missed too many easy shots," Gopher Coach John Kundla said.

Dennis Dvoracek got 14 points and Tom Kondla 13 for Minnesota. The Gophers, who play at Purdue next Saturday afternoon, trailed 40-41 at halftime, stayed in contention as late as 81-76, and then withered. Minnesota now is 1-2 in the Big Ten and 8-5 over-all.

**LUCKY STRIKE** filters

I said,  
"Show me a filter cigarette that really delivers taste and I'll eat my hat!"
