255 Casualties in Savage Battle

Guzzling Youth Throw Empties In Lake Geneva

LAKE GENEVA, Wis. (AP) — Thousands of rampaging youths hurled beer bottles and fireworks at police Sunday in a second night of violence in this southern Wisconsin resort city.

Windows were broken, parking meters ripped loose, and police stoned in the three-hour uprising.

Lake Geneva police refused to say how many youths had been arrested, but estimates from other authorities placed the figure above 100 for the two nights.

Lake Geneva Mayor Emil Johnjack estimated 30 to 40 youths were jailed Sunday night. He said 71 persons were arrested the night before.

National Guardsmen were alerted at the county seat of Elkhorn and mobilized at an armory but did not enter Lake Geneva.

Three times police pushed the milling crowd of youths back into a lakeside park in efforts to shield downtown businesses before bringing the outbreak under control early today.

Police began shutting down bars about two hours in advance of the normal closing time and imposed a 1 a.m. emergency curfew on the city.

"We sure took a beating," said Lake Geneva Sgt. Donald Fry. "We're going to get it again tonight, too."

Lake Geneva, 75 miles northwest of Chicago, has been a Fourth of July mecca for restless youths who have exploded in holiday disturbances for five straight years.

"We go through this every year up here. And every year it gets a little worse," said Deputy Sheriff James Van Beek. "It was quite a violent mob Sunday night."

Estimates of the crowd ranged from 3,000 by one policeman to 9,000 by Van Beek. Most of the suds-guzzling youths were in their teens and early 20s.

Lake Geneva has a population of 5,000. It is a lakeside city of hotels, resorts and bars.

Four Killed In Minnesota Over Weekend

By THE ASSOCIATED PRESS

Four persons died and one was injured critically Sunday in an automobile collision, and four persons were killed in separate accidents in Minnesota. The deaths pushed the state's highway toll for the Fourth of July holiday weekend to eight.

Mrs. Stella Nemmers of Estherville, Iowa, died in an Olivia hospital today of injuries suffered in a collision Sunday which claimed three other lives.

Killed in the crash at the intersection of two Renville County roads were Mrs. Nemmers' husband, Milo M., 48; Michael J. Strandjord, 30, Minneapolis, and Strandjord's son, Stephen, 2.

Mrs. Strandjord, about 23, was hospitalized in critical condition at Olivia. The Strandjords were in one car and the Nemmers in the second.

The accident happened six miles south of Bird Island, Minn., which is about 80 miles west of the Twin Cities.

Mrs. Orville W. Killian, 67, St. Paul, died in a collision Sunday at a St. Paul intersection. Her husband, 78, was hospitalized in good condition. The Killians were on their way to church.

Mrs. Harvey Johnson, 54, Minneapolis, died Sunday of injuries suffered Saturday night when she and her husband were struck by a car while crossing a south Minneapolis street. Johnson, 58, was reported in critical condition. Police identified the driver as James F. Swift, 32, of Minneapolis.

Another pedestrian, Lillian Fischer, 51, Ball Club, Minn., was injured fatally when struck by a car as she walked on Highway 2 at Ball Club Saturday night.

Daryl J. Krahling, 44, Grove City, Minn., died in a Minneapolis hospital Saturday evening of burns suffered earlier in the day when his car caught fire after a collision with another vehicle near Madison, Minn.

Also added to the toll was the death of Merwin Snyder, 52, Detroit Lakes, in a hospital there June 12. Snyder was injured June 9 when his car left Highway 59 seven miles north of Detroit Lakes and rolled over. It first was believed a heart condition may have figured in Snyder's death, but an autopsy report showed today that death resulted from internal injuries suffered in the crash.

Marine Units Suffer Losses South of DMZ

By GEORGE MCARTHUR

SAIGON (AP) — U.S. Marines halted an infiltrating force of some 3,000 North Vietnamese regulars Sunday in a savage battle that cost 255 American casualties—81 dead, 34 missing and 170 wounded.

The Marines said they counted 65 Communist bodies and that planes, artillery and naval guns probably killed many more.

The battle took place in the long-threatened 1st Corps area just below the demilitarized zone. The Communists kept up heavy pressure today with thunderous, big gun barrages and an ambush that raked a 100-truck South Vietnamese convoy.

The war mounted in intensity on the ground and in the air above North Vietnam with these major developments:

1. The Marines stopped the elite North Vietnamese 90th Regiment moving south for an attack on the Marine outpost at Con Thien.
2. South Vietnamese headquarters said that about noon today a Communist force jumped a 100-truck supply convoy moving from Da Nang to Phu Bai with an escort of armored vehicles and two companies of troops.
3. The vital Marine airfield at Dong Ha was put out of use for five hours by Communist gunfire, and considerable damage was caused to the Air Force radar installations there which kept watch over the demilitarized zone just to the north. At least four Air Force men were wounded. The Red gunners fired 120 rounds at the installation.
4. The Air Force said three U.S. jets were lost in raids over North Vietnam Sunday. One pilot of a Navy Skyhawk jet was listed as missing in action. The pilots of two Air Force Thunderchief jets were picked up in daring helicopter rescues. One pilot hid overnight, and 32 aircraft participated in his rescue.
5. Troops of the U.S. 1st Cavalry, Airborne Division battled a guerrilla force Sunday of perhaps 250 men holding a con-

U.N. Assembly Nearing Vote

By WILLIAM N. QATIS

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly neared a vote today on the Middle East crisis as sponsors of two rival resolutions vied for the two-thirds majority necessary for approval.

The 122-nation assembly, in emergency session by Soviet request since June 17, had agreed to hear explanations of both resolutions and start voting this morning. But the 17 non-aligned countries sponsoring one of the resolutions sought to delay the voting while they dickered with 14 French-speaking African countries for possibly decisive votes.

Meanwhile, 23 Latin-American and Caribbean countries, already committed to vote for the competing resolution sponsored by 19 of their number, caucused to decide whether they all should vote against the non-aligned proposal or whether some of them might abstain.

The maneuvering for votes was crucial, because neither resolution has been sure of getting the majority needed for adoption.

Both resolutions call for Israel to withdraw its troops from the areas of Egypt, Jordan and Syria occupied in the war June 5-10. They differ over whether other Middle Eastern problems should be tackled at the same time as the withdrawal, as the Israeli's insist, or left until later, as the Arabs demand.

It's War in Other Places, But Fireworks at Home

PHILADELPHIA (AP) — The nation is prepared to commemorate its birth in Philadelphia 181 years ago Tuesday with fireworks and parades but the war in far-off Vietnam and the soldiers who have died there strike a somber note.

Philadelphia, where the Declaration of Independence was announced July 1776, is in the midst of a week of celebrations which will reach a climax Tuesday. Fireworks displays, special sporting events, concerts and parades are planned.

Activities center on the small group of buildings where the Continental Congress met in 1776, now part of the Independence National Historic Park. They will include reading parts

of the Declaration of Independence, and a parade by 3rd Infantry Old Guard units in colonial dress.

Services are planned by veterans groups in Philadelphia as a memorial to Americans who have lost their lives in Vietnam and other wars.

President Johnson and his wife are enjoying a holiday stay at their ranch in Texas. Their oldest daughter, Lynda Bird, relaxed with the young set at Rehoboth Beach, Del., an Atlantic shore resort.

Like the First Family, many others across the country used the five-day holiday for relaxation and fun, be it at a lake or shore resort, in the country, or before a backyard barbecue.

A 50-gun salute—one for each state—will highlight Atlanta's Fourth of July. Its "Salute to America" parade, sponsored by WSB-TV, is expected to attract 200,000 spectators. Fireworks displays, picnics, and Southern-style barbecues are also planned.

More than 600 of the nation's war dead will be honored with flags, many of which draped their caskets before burial, on 12 "Avenues of Flags" in cities in Jefferson County, Alabama. The idea was conceived in 1962 by H. C. Rush of Bessemer, Ala., and is sponsored by the Veterans of Foreign Wars chapters.

In Milwaukee, more than a half million persons were expected for the sixth annual circus parade, featuring 54 authentic antique circus wagons from the Circus World Museum at Baraboo. More than 500,000 persons lined the route last year to watch the parade, which climaxes the week-long annual "Old Milwaukee Days" observance.

Bell ringing, recalling the tolling of the Liberty Bell in Philadelphia at the first public reading on the Declaration of Independence in 1776, was to be led by the bell from St. John's church in Richmond, Va., where Patrick Henry once proclaimed, "Give me liberty or give me death."

Delaware Gov. Luther Terry asked that all bells in his state be rung at 2 p.m. Tuesday.

Fighting Continues Around Suez

By THE ASSOCIATED PRESS

Egyptian and Israeli troops clashed at the Suez Canal for the third day today as the United Nations prepared to vote on demands for the withdrawal of Israeli troops and Israel said thousands of Arab refugees could return home.

The Israeli army said Egyptian troops on the canal's west bank fired for 20 minutes at Israeli soldiers on the east bank near El Qantara, about 25 miles from the canal's northern entrance.

The Israelis said the Egyptians fired across the canal a second time two hours later, but the Israeli troops returned the fire and the Egyptians quit shooting.

Israel, which captured nearly all of Egypt east of the canal in the June 5-10 war, reported three such machine gun and mortar attacks Sunday on its positions near El Qantara. The Israelis said they silenced the Egyptian gunners each time.

Radio Cairo said Egyptian forces in position on the eastern bank turned back an Israeli attack and destroyed six tanks and nine armored cars in two days of fighting.

The two sides clashed Saturday night on the east bank. Egypt claimed its men had been there all along. Israel said

about 100 Egyptians had crossed the canal and penetrated about nine miles into the Sinai Peninsula before being driven back across the waterway.

Each side protested to U.N. Secretary-General U Thant that the other had broken the June 10 cease-fire.

Israeli army spokesmen reported seven Israelis wounded Saturday night and one Israeli officer seriously wounded and

"several" men slightly hurt Sunday.

Egypt made no mention of losses or casualties.

At the time of the cease-fire, Egypt had a force in Port Fuad, on the east bank across from Port Said at the canal's northern entrance. Radio Cairo claimed the Israeli were trying to move on Port Fuad.

Israeli military men interpreted the new outbreak as an attempt by Egyptian President Gamal Abdel Nasser to rally his shattered army against the threat of an Israeli invasion. The Israeli newspaper Maariv quoted political informants in Jerusalem as saying the Egyptians might be trying to influence the U.N. General Assembly to vote for the withdrawal of Israeli forces from lands they captured in Egypt, Syria and Jordan.

Two rival resolutions are before the assembly, neither assured of gaining the two-thirds vote needed for adoption. Both call for Israeli withdrawal.

Tight Security Around Queen For Expo Tour

MONTREAL (AP) — Queen Elizabeth began a seven-hour tour of Expo 67 today behind some of the most stringent security measures ever seen in this area. Her subjects were kept away from her by water, guards and rope barriers.

A slight rain was falling as the queen and Prince Philip, her husband, stepped down the gangplank from the royal yacht Britannia, which brought them here after a visit to Ottawa. The queen was carrying an umbrella.

Police again took security measures that some Canadians considered overzealous and unnecessary.

But officials recalled the queen's 1964 visit to French-speaking Quebec, when she was subjected to insults and noisy demonstrations by anti-British groups.

Both demonstrators and placards are barred from the Expo grounds. The Mounted Police refused to announce the size of its force guarding the queen, but hundreds of Montreal and provincial officers were known to have been brought to the fair grounds.

They were assigned to keep all visitors off one Expo Island in the St. Lawrence River while the royal yacht was docking.

Tourists then were to be gradually admitted to partitioned-off areas of the island on which the British and Quebec pavilions are located. But the police planned not to let them within 100 feet of the queen.

LBJ Happy With Polls

By FRANK CORMIER

SAN ANTONIO, Tex. (AP) — President Johnson, rising in the polls and armed with a new statement of support from Democratic governors, is described as thoroughly enjoying his holiday stay at the LBJ Ranch.

Johnson spent a quiet Sunday in his native central Texas hill country, driving to church, helping daughter Luci celebrate her 20th birthday and boating on Lake Lyndon B. Johnson.

This leisurely pace contracted with a flying trip to St. Louis Saturday to meet with Democratic governors and thank them for statements of support that he later told a news conference were "music to my ears."

The governors, with two from the Deep South abstaining, adopted a "statement of accord" that praised Johnson's efforts at home and abroad and declared: "No political leader

in the world is giving more inspired meaning to the words 'freedom for all people' than is President Lyndon B. Johnson."

Even as Johnson was meeting with the governors, the Harris Poll, copyright by the Washington Post Co., was reporting an 11-point jump in the President's popularity following his meeting

with Soviet Premier Alexei N. Kosygin and his handling of the Middle East crisis.

"I think when the governors support you and are behind you, you always improve," Johnson said.

Making no effort to hide his partisanship, he told the St. Louis news conference: "We belong to a party where we can speak our minds, and we spoke it well in 1964 and we're going to speak it again in 1968."

The President also said, "I think, generally, that the worst Democrat is better for the country than the best Republican."

Johnson and wife Lady Bird are expected to remain at their ranch, some 75 miles northwest of San Antonio, through July 4. It's felt they may linger through next weekend.

While meeting with the governors, Johnson signed into law a bill authorizing \$43 million of spending over two years for programs to benefit the elderly.

HARRIS SURVEY

LBJ Rating Up After Crisis, Summit Talks

By LOUIS HARRIS

In the wake of the Middle East crisis and of his summit meetings with Premier Alexei Kosygin, President Johnson's standing with the American people has jumped 11 points. He now holds a decisive 56-44 percent lead over both Gov. George Romney and Richard Nixon.

Mr. Johnson has reversed his 47-53 percent negative job rating of May, and the American people now give him a 58-42 percent positive rating on the job he is doing in the White House. This is his sharpest rise in so short a period since he has been in office and is a bigger increase than John F. Kennedy ever recorded.

The hopes for easing tensions emanating from the Kosygin talks and the President's handling of the Middle East crisis are the central reasons behind the Johnson comeback, overcoming continuing low ratings on Vietnam.

THE LATEST gains by the President have come mainly at the expense of Gov. Romney. Romney has slipped from a 53-47 percent lead over Mr. Johnson in February to a 50-50 standoff in May. Now he is trailing well behind by 44-56 percent. Nixon, who has consistently trailed the President in recent months, had dropped another notch in this survey. Mr. Johnson runs far ahead of New York Gov. Nelson Rockefeller by 59-41 percent.

The Johnson surge has taken place chiefly in the East and among normally Republican voters. His popularity has soared among those Republicans and independent voters who cast their ballots for him in 1964 — from 41 to 58 percent of their combined vote when pitted against Romney.

Against Nixon, Mr. Johnson has moved from a 52-48 percent lead to a heavy 65-35 percent lead among these same independents and Republicans. By his actions in the foreign policy field in the past three weeks, the President has recovered much of the swing group which bolted from Barry Goldwater in the 1964 election.

The Harris Survey has been asking a national cross section of the public over the past several months, and again last week:

"How would you rate the job President Johnson is doing as President — excellent, pretty good, only fair or poor?"

L.B.J. JOB RATING TREND

June 1967	58
May	47
March	42
January	43
November 1966	54
October	46
September	50

March	62

Mr. Johnson has come back to a rating close to the high period from which he began to slump early in 1966. He rallied momentarily at the time of the Manila conference last November, then declined again until this survey.

The trend in the Johnson-Romney pairings has shown steady attrition from the Michigan Republican since he first jumped into a lead over the President following Romney's spectacular re-election victory last November:

Grant to Help Rural Teachers Improve Methods

LA CROSSE, Wis. — State Cooperative Educational Service Agency 11 at La Crosse has been awarded a \$25,000 grant from the state Office of Education to assist teachers in rural schools plan and develop methods leading to improved instructional practices in classrooms.

The one private and five public school selected by Agency 11 to participate in the planning activities for audiovisual materials, equipment and their selection are the public schools at Blair, Cochrane-Fountain City, Holmen, West Salem and Desoto and St. Peter & Paul's School, Independence.

Richard D. Peterson, supervisor of federally aided projects for Agency 11, will direct the project. It is funded under Title III of the Elementary and Secondary Education Act of 1965. The grant period is from June 15 this year to Jan. 15, 1968.

Five administrators and teachers have been selected from each participating school to be members of a central planning group that will receive assistance from Mr. Peterson and two men from La Crosse State University: V.G. Rasmussen, director of the audiovisual center, and Dr. Donald Nicholas, associate professor.

Activities will consist of surveying media materials and facilities at each of the participating schools, a one-week workshop at La Crosse State University, Aug. 14-18, half-day planning workshops at each of the participating schools for the total faculties in September, October and November, and two full-day planning sessions by the central planning group in December.

The culminating activity of this program will be the writing and submission of a two-year operational grant involving all the schools in Agency 11.

How to Gain More Skill in Word Usage

(Editor's Note: This is another article in Prof. Nason's series telling parents how they can give their children at home a running start on getting ready for school.)

By L. J. NASON, Ed. D.
U. of Southern California

You are not a fair judge of your child's speaking ability, since you have trained yourself to understand him.

Try this test. Listen carefully when an adult from outside the home carries on a simple conversation with your child. Does the child understand the adult easily? Can the visitor understand your child?

This is a good test of skill in word usage. In the classroom the teacher must be able to understand a youngster and he must understand what is being said not only by the teacher but by the other children as well.

How many words does he understand and use?

THERE is a temptation to talk to a child in his own language. Unfortunately, speech patterns which may be charming in a small child lose their charm and become speech problems as the child grows older.

While serious speech problems need the attention of experts, most simple matters of articulation can be overcome by the child with help from his parents.

A child learns to speak by hearing others imitate him, as well as by imitating others. If he makes a funny error and adults repeat it, the child may think the error is correct. A large percentage of speech problems in all children are merely carry-overs of "cute" lisp and other baby-talk. Sometimes without thinking, parents and other adults encourage this.

Parents can help their children substitute correct sounds. Parents should make sure that their pre-school children learn the meaning of up and down, right and left, over and under, and other words that describe the location of objects. They should be able to recognize and name the colors.

When your child has difficulty understanding a word either in conversation or as you read a story, stop and discuss the word. Make sure he can picture its meaning and also pronounce the word correctly. Use this word several times soon. Ask the child to tell you about some object or incident which would normally require the use of the word. This will develop a habit of not being satisfied with less than complete understanding of word meaning.

CHILDREN who do not learn to read adequately have not acquired the habit of retaining word meanings. They may learn a word from a word card and fail to recognize that same word on a printed page a few minutes later.

When a child learns to hear a word correctly, get a clear mental picture of its meaning, and has used it himself, he has

made it a part of his permanent, usable vocabulary.

It is important that a pre-school child develop a good vocabulary through conversation with parents and other adults.

It is just as important that he is not careless in the understanding and use of words. He depends on his parents for this training, which takes day by day attention over a period of years.

North Mankatoan Killed in Vietnam

NORTH MANKATO, Minn. (AP) — Marine Lance Cpl. Alan R. Hoffman, 24, has been killed in action in Vietnam, his parents here were informed. In his last letter home, Hoffman said he expected to be boarding a ship for the U.S. on July 7. He was hit by shrapnel from a mine.

Hoffman's wife, Joan, lives in New Ulm, where he was employed by the 3M Company before being drafted. He was a 1960 graduate of Mankato High.

Speedy Trial Seen As Essential for Continuing Charge

WASHINGTON (AP) — Prosecutors who can't provide criminal defendants with their constitutional right to a speedy trial should drop charges against them, a law panel says.

The recommendation came from an American Bar Association study group headed by Justice Walter V. Schaefer of the Illinois Supreme Court.

The group said completely dropping the charge is the only effective remedy for denying a person a speedy trial.

The right to speedy trial was specified for federal cases in the

Constitution and last March the Supreme Court ruled this provision applied to state courts as well.

Mankato Chief Dies

MANKATO, Minn. (AP) — Funeral services were to be held today for Benedict Bangarter, 79, Mankato fire chief from 1919 until he retired in 1959. He died Saturday at St. Joseph's Hospital.

Bangarter, who is survived by his widow and a daughter, was Mankato's first salaried fire chief and was instrumental in changing from horse-drawn wagons to fire engines. He was elected the first president of the Minnesota Fire Chiefs Association in 1937.

City Bells To Ring On Fourth

Winonans, as well as residents in communities throughout the United States, will hear bells ringing at 1 p.m. Tuesday, July 4th. They will continue to resound for four minutes.

The "Bells of America Ringing for Freedom" program is sponsored by the American Legion Leon J. Wetzel Post 9, with Roy Peterson, commander.

Mayor R. K. Ellings signed a proclamation which reads in part:

"Whereas the anniversary of the signing of the Declaration of Independence should be observed as a patriotic festival instead of a summer holiday and should be marked with shows, games, sports, ringing of bells and parades, I call upon every patriotic citizen to participate in ringing the bells to let the world know that patriotism lives within the heart of every citizen of the city of Winona."

The late President Kennedy established this program of bell ringing on July 4th, just as they rang on that first 4th, to announce the signing of the Declaration of Independence in 1776.

Weight 6,500 to 8,500 — Edwin Glasted, Wanamingo, Minn.; Ralph Hart, Elgin, and Donald Trapp, Kenyon, Minn.

Weight 8,500 to 11,500 — Clarence Luckey, Pine Island; LeRoy Korpak, Arcadia, Wis., and John Tantis, Elgin.

In the 11,500 to 14,500 weight there was only one entry, Reginald Hart, Elgin, who took first place.

Chairman and moderator was Paul Flies, president of the club, assisted by Harold Winters. Both are of Kellogg. Judges were John Lamey and Milton Blattner, Kellogg, and Donald Ratz, Minneka. Thomas Comstock, Zumbrota, Minn., a director of the state tractor pulling association, was present.

The celebration continues today and Tuesday, with races, contests, ball games, music, a dance Tuesday night to music by the Country Playboys, and fireworks in charge of Harold Winters and Harold Kranz, Kellogg.

Mr. and Mrs. Donld Peters and Mr. and Mrs. Arthur Vogt are serving the barbecued chicken. The auxiliary to the sportsmen's club is in charge of a refreshment stand. Mrs. Andrew Peterson, Kellogg, is president; Mrs. Donald Ratz, Minneka, secretary, and Mrs. Gilmore Olson, Weaver, treasurer.

Lake City Buys New Fire Truck

LAKE CITY, Minn. — The Lake City Council let contracts last week on a new fire truck and equipment to serve the rural areas, with which the city fire department has contracts.

The bids totaled \$13,710.79. Only one bid was received for each item. Contracts were let to General Safety Equipment Corp., North Branch, Minn., \$5,850 for a 1,250-gallon tanker and equipment; Hein Ford Trucks, Lake City, \$6,966 for a truck chassis and cab, and Dave's Electronics, Faribault, \$874.79 for radio.

Mrs. Edith Baker, city clerk, said the council has received no requests for a vote on Sunday liquor sales in eating places here. The Terrace Supper Club, open weekends is within the city limits. Lake City has no municipal liquor store but licenses on- and off-sale liquor establishments.

90 Acres Added To Forest Tract

About 90 acres of land in Mt. Vernon Township has recently been conveyed to the State of Minnesota for \$3,500, according to heirs of the late J. P. Speltz, whose farm contained the parcel.

The parcel is southwest of Minneka, in the vicinity of

STEAMBOAT DAYS STAR . . . Minneapolis television stars Casey Jones and Roundhouse Rodney will appear in the Steamboat Days Kiddie Parade at 1:30 p.m. Friday and will also present a special kiddie show the same afternoon at 3:15 on the Levee Park stage at the foot of Main Street.

10-Day Count at Lake Beach 15,390

Attendance at Lake Winona Beach totaled 15,390 persons for the first 10 days of operations, according to the Park-Recreation Department's initial body count of the season.

The beach opened June 10 and is operating daily from 9 a.m. to dusk. Eight guards are on

duty during swimming hours. Other parts of the department's summer recreation program also are getting increased response as the leisure season approaches midsummer peaks.

Reservations were made in the month of June for park shelters as follows: Holzinger Lodge, 30 groups totaling 953 people; Lake Park Lodge, 62 groups, 1,888 people; Prairie Island picnic shelters, 34 groups, 2,086 people.

PICNIC KITS were issued to 27 groups, representing 1,440 people, according to department records. The kits contain a variety of outdoor recreational and games equipment and are available on loan to organized picnic groups.

Registration at 10 supervised playgrounds totaled more than 1,200 children in the first week. The playgrounds opened June 12. Youth Day Camp, which opened the same day, is expected to attract more than 135 children during its 7-week program. Sessions are at Holzinger Lodge.

Free youth golf play and instruction have drawn 170 boys and girls registrants at Westfield Golf Course. Sessions are Monday, Wednesday and Friday mornings, through August 31.

SWIM INSTRUCTION classes are fully enrolled with more than 325 children, from 6 to 14, registered. Classes meet mornings for 2-week series of lessons and youngsters who pass the tests get Red Cross certificates.

Tennis play and lessons at Lake Park courts have attracted 108 boys and girls. The program continues through August 6.

Bird Club Plans Annual Meeting

The annual meeting of the Hiawatha Valley Bird Club of Winona will be held Wednesday at Holzinger Lodge, Lake Boulevard, beginning at 6:15 p.m. Following the club's usual practice a bring-your-own picnic supper will precede the business meeting and election of club officers.

A tape recording of "Sounds and Calls of Toads and Frogs," made by club vice president, Kenneth Krumm, for the U.S. Fish & Wildlife Service, will be presented.

Following the meeting a field trip will be made to Gilmore Valley to hear and possibly see whip-poor-wills reported to be in that area currently.

3 Traffic Accidents on City Streets

Three accidents investigated by police — one each on Saturday, Sunday and this morning — resulted in \$1,360 total property damage to vehicles but no personal injuries.

At 9:06 a.m. today, vehicles driven by Donald A. Gierok, Winona Rt. 1, and Dr. Donald T. Burt, Glen Mary, both driving north on Mankato Avenue, collided at the intersection of East Sanborn Street.

DAMAGE TO Gierok's 1960 model sedan was estimated at \$200 to the right rear and the Burt vehicle, a 1961 model, received \$400 damage to the left front.

Vehicles driven by Michael H. Galewski, 18, 155 W. 4th St., and Joan R. Klein, 17, Fountain City, Wis., collided at West 5th and Winona streets at 6:45 p.m. Sunday.

Galewski was driving west on 5th and the Klein vehicle north on Winona Street at the time of the accident. Damage was estimated at \$160 to the left side of Galewski's 1965 model sedan and \$350 to the right front of the Klein auto, a 1961 model.

AT 11:30 A.M. Saturday, vehicles driven by Chester S. Lukaszewski, 319 Carimona St., and Arne Odegard, 840 44th Ave., Goodview, both traveling west on West Broadway, collided at the Franklin Street intersection.

Police estimated damage at \$100 to the rear of Lukaszewski's 1964 model sedan and \$150 to the front of Odegard's 1966 model truck.

'Head Start' Programs Set In Wabasha Co.

WABASHA, Minn. — Five Wabasha County communities are among 11 in the Goodhue-Rice-Wabasha Citizens Action Council operating summer Head Start programs, according to Kenneth Tri, president.

The Zumbrota-centered council is sponsoring eight-week schools for pre-schoolers, 3 to 6 years old, at Conception, Hammond, Mazeppa, Millville and Wabasha, Wabasha County, and at Faribault, Lonsdale, Morris, Northfield, Warsaw and Zumbrota.

Working with the approximately 300 children and their parents in the program are 85 persons on the staffs, paid in such positions as teachers, teacher aides, two co-directors, a social director, case aides, cook aides, custodians, nurses, doctors, and a psychologist, plus 40 volunteers wherever needed and possible.

Preliminary plans have been laid for employing 35 in the Neighborhood Youth Corps this summer in the three-county area. Eligible are youth from 16 to 21 who have not graduated from high school. Enrollees will gain work training experience and counseling in school and office jobs, custodial, outdoor and librarian aides and community beautification.

The program gives enrollees an opportunity to earn money as they do something useful. They will be trained at Wabasha and seven other cities in the council.

SWIMMING AT WABASHA. WABASHA, Minn. — The VFW and American Legion Post 50 will sponsor two weeks of swimming transportation for children on the Wabasha rural route. Swimming will start July 10. Children are asked to be at their mailboxes in time to get to Wabasha by 1:30 p.m. There will be two bus routes, run by Meyer Transfer and Wabasha Transfer.

Steamboat Days Queen Entry List Completed

The field of 18 candidates for this year's Steamboat Days queen title was filled today with the announcement of three more hopefuls.

The new queen will be crowned at ceremonies Saturday evening at Levee Park. Judges for the contest will be Yvonne Lindquist of KAGE and Wayne Valentine, KWNO radio.

The candidates announced today are:

Barbara Ann Speltz

Carolyn Taggart

Barbara Ann Speltz, 18, is the daughter of Mr. and Mrs. J. Francis Speltz, Rollingstone, Minn. She is a 1966 graduate of Rollingstone High School and will be a sophomore at the College of Saint Teresa. Miss Speltz is 5 foot 8, weighs 123 pounds and has brown hair and blue eyes. She was 4-H Style Revue Queen and a runner-up in the Winona County Dairy Princess Contest. She plays the piano and enjoys cooking and sewing. She is a former Girl's Stater. Her sponsor is H. Choate & Co.

Carolyn Taggart, 17, is the daughter of Mr. and Mrs. A. R. Taggart, 1717 Gilmore Ave. She is a 1967 graduate of Winona Senior High School where she was senior class treasurer, member of the All-State Choir and Queen's attendant. Her hobby is sewing and she plans to attend Iowa State University and major in home economics. Miss Taggart is 5 foot 4, weighs 115 pounds and has blonde hair and green eyes. She is sponsored by Rush Products.

Connie Lee Winslow, 20, 211 W. Broadway, is the daughter of Mr. and Mrs. F. P. Winslow. She is a 1964 graduate of Wykoff High School and will be a senior at Winona State College.

Missionary Killed in Elevator Mishap

ELEVA, Wis. — A 19-year-old Mormon missionary from Salt Lake City, Utah, was killed Saturday at 4:20 p.m. when tractor wheels ran over the length of his body.

Richard Lenroot was visiting at the Leland Christianson farm, Rt. 1, Eleva, when the accident occurred. He had accompanied Elder Hart of California and two other missionaries to the Christianson place. The boys had been doing missionary work in Eau Claire and Menominee, and Hart, who had completed his tour, was at the Christianson place to say goodbye, because they had become acquainted.

The missionaries asked to take the tractor out to take a picture of it. Three of them, joined by Leland Christianson Jr., 6, took a short ride on the tractor. As they returned to the yard, the tractor apparently went out of control and struck Lenroot, who was dismounting from a horse. The machine then passed over his body.

The victim was pronounced dead at Luther Hospital, Eau Claire, at 5:20 p.m., where he was taken by ambulance. The Eau Claire County sheriff's office investigated.

Surplus Commodity Distribution Set At Alma July 11

ALMA, Wis. (Special) — The monthly distribution of surplus commodities to eligible Buffalo County residents will begin July 11 at the old courthouse in Alma. Persons from the City of Alma and towns of Alma, Lincoln, Maxville and Nelson may secure their commodities there from 10 a.m. to noon and 1 to 3:30 p.m.

Distribution will be made at the same place and hours to eligibles in Cochrane, Buffalo City, Fountain City, and towns of Belvidere, Buffalo, Cross, Glencoe, Milton, Modena, Montana and Waumandee.

The KP hall in Mondovi will be the distribution point the next two days between 10 a.m. and noon and 1 and 3 p.m. Persons living in the towns of Canton, Dover, Gilmanston, Naples and Mondovi may call July 13 and City of Mondovi people on July 14.

Trappist Monastery Blessed by Bishop

The Most Rev. Edward A. Fitzgerald, bishop of the Diocese of Winona, asked everyone to cooperate in the current Year of Faith during the consecrated, outdoor Mass for Peace Sunday afternoon at the open house at Queen of Peace "Berrybrook" Monastery, Stockton Hill, sponsored by four Trappist monks.

Bishop Fitzgerald referred to the monastery as a "house of prayer" when giving it his blessing. He contended that the house will increase the faith of the people throughout the diocese by constant prayer and worship.

HOSTS TO 250 during the open house were the Rev. Gabriel Meehan, the Rev. Bartholomew Maxwell, Brother Martin Luehrs and Brother Dennis Rattenbury.

The Queen of Peace, a new adaptation of monastic life, was founded in June, 1966. The monks are still in the process of construction.

The monks follow the rule of Saint Benedict, but the system of government is democratic. They hope to become involved in adult education. After spending one year at the monastery, the recruits are sent elsewhere to study.

Student Driver Has Perfect Score

LAKE CITY, Minn. (Special) — Among 70 young people taking road tests here Friday, one driver had a perfect score, according to William Kieffer, one of the instructors. This was the first perfect score attained in 11 years. Eighty were enrolled in the course but 10 were too young to take the road test.

The second session of driver training began today and will close July 28. Road tests will be given July 31. Eighty also have enrolled for this session. Joseph Denzer, Roy Vail and David McCormick are other instructors. Herron Chevrolet, Lake City, is providing the cars for training.

WAC Reunion Set At Galesville

GALESVILLE, Wis. — The X-Elgin (Ill.) World War II WACS Veterans will have their annual reunion at Galesville Friday and Saturday.

Mrs. Frank Dahlgren, Galesville, one of the veterans, is making arrangements. Many will gather at Trempealeau, Friday, spending the day at Perrot Park.

The Saturday schedule will be breakfast at Jensen's Cafe at 8:30; meeting at the Bank of Galesville; noon picnic at High Cliff Park to give time for those who wish to attend the Steamboat Days parade at Winona, and banquet at Wason's Supper Club here Saturday at 6:30 p.m.

Members are expected from Florida, New York, Texas and other states, Chicago, Ill., Milwaukee and Reedsburg, Wis., and members of the National WAC Veterans chapter in Minneapolis — St. Paul, Minn. Mrs. Dahlgren is a member of the national organization but all the some 500 WACS who passed through Elgin Field during World War II haven't joined the larger organization, preferring to remain in their own group.

BREAKS LEG

KELLOGG, Minn. (Special) — Jean, 8-year-old daughter of Mr. and Mrs. Donald Schouweiller, received a fracture of the right leg when she fell off the bicycle she was riding Tuesday. Her leg is in a cast and she is convalescing at home. Michael, 3-year-old son of Mr. and Mrs. William Tantis, has returned home from St. Elizabeth Hospital, Wabasha, Minn., where he was a patient last week with bronchial pneumonia.

Osseo to Elect School Directors

OSSEO, Wis. — A nominating committee has been appointed by the Osseo Community School Board to nominate candidates to succeed J. Reidar Oftedal and Ralph Sieg, whose three-year terms will expire this month.

Ernest Myhre was appointed chairman and Marvin Hong, Kendall Olson, LaVerne Johnson and Mrs. Geraldine Koester, members to secure two candidates for each vacancy.

However, anyone in the district may file independently. All filings must be made with the clerk 20 days prior to the annual school meeting July 24. Since Tuesday is a holiday, the filing deadline will be Wednesday.

Nominations also may be made from the floor at the meeting.

The two candidates receiving the largest number of votes at the annual meeting will be elected. If more than a total of six candidates is nominated, a ballot will be cast and the number reduced to six.

New Dentist Joins Office in Strum

STRUM, Wis. — Dr. Kurt Herbert has joined Dr. L. S. Svoma in the latter's dental office of Strum as an associate.

He is a graduate of Arcadia, Wis. High School, attended Rochester, Minn., Junior College, and received a doctor's degree in dentistry at Marquette University, Milwaukee, Wis., this year. He is a member of Alpha Sigma Delta fraternity.

Dr. Herbert and his wife, the former Ramona Molte of Rochester, have a six-month-old daughter. They reside on Highway 12 south of Osseo.

TIGHT SCHEDULE

INDEPENDENCE, Wis. — Mr. and Mrs. John Lucente and son, Independence, all are attending summer school at Winona State College, driving from here daily for 7:30 a.m. classes and completing classes so they are back home by noon. Lucente is completing graduate work in school counseling and will receive his master's degree July 15.

Cool, Dry Weather For Holiday

Area residents will have little trouble keeping cool during the upcoming July 4 holiday, according to Weather Bureau forecasts. Skies will be generally sunny, says the bureau.

Fair skies and cool temperatures are in prospect for tonight with a slight warmup predicted for Tuesday. Tonight's low is expected to dip to the 42-48 range and Tuesday's high will be from 68 to 74.

Fishing, boating and water sport enthusiasts will find river stages dropping from recent rain-swollen high levels. Today's reading of 9.4 feet at Winona was down .2 of a foot from that of Sunday.

Minor precipitation was recorded Sunday (.08 of an inch) and this morning (.13 of an inch) for the preceding 24-hour periods.

Sunday morning temperature readings showed a previous 24-hour high of 79 degrees and a low of 55. This morning the highest recorded figure was 70 with a low of 53.

Thunderstorms marred weekend activities Sunday in WISCONSIN. A funnel cloud was sighted near Brillion in Calumet County and was tracked by sheriff's deputies into Brown County. Hail was reported at Janesville, Oshkosh, Green Bay, Beloit and the Kenosha area.

Skies cleared during the night, however.

Milwaukee and Racine had the highest temperature of the day Sunday with 76 degrees. Others ranged down to 62 at Wausau.

Madison's 48 degree temperature was the lowest ever recorded on a July 3. The previous record was 49, set in 1945.

Motorcycle Slips Into Ditch; Driver Injured

Victor Vaughn, 22, Rollingstone, remains in the intensive care unit at Community Memorial Hospital with chest injuries resulting from a motorcycle accident which occurred at 5:25 p.m. Thursday.

According to the Highway Patrol, the accident was investigated this morning as it had not been reported.

Vaughn was reported to have been riding a 1941 model motorcycle from Minnesota City to Rollingstone with his brother, Jack, 14, riding as a passenger. Just east of the bridge leading into Rollingstone, Vaughn lost control of the vehicle and it overturned in the ditch.

A passerby notified the Vaughn family who brought both brothers to the hospital. Jack was treated for minor injuries and released Thursday evening. No information is available as to the damage to the vehicle.

Lake City Plans Summer Art Course

LAKE CITY, Minn. (Special) — A summer art course for students in grades 3-7 will be available on a tuition basis beginning July 10. Robert Bennett, who will teach art at Lincoln High School next fall, will be the instructor.

Classes will meet for one hour and 15 minutes a day beginning at 1:30 and 2:45 p.m., five days a week. Size of the classes will be limited to 15. The classes will run five weeks, through Aug. 11. No bus transportation will be provided. Registration should be made with Wallace O. Sellseth, Lincoln High School principal.

Hoist Stolen From Foundry

Joseph S. Trochta, 850 41st Ave., Goodview, superintendent of Badger Foundry, 62 Washington St., told police today that someone had stolen an electric hoist from the rear of the foundry sometime between Saturday and this morning. The hoist is 1,000 pounds, capacity. There was no value given for the loss.

Mrs. Glensy Nelson, 1608 Kraemer Drive, reported the theft of a rotary lawn mower from the rear of her home during the past week. She valued the loss at \$15.

SWIMMING LESSONS. LAKE CITY, Minn. (Special) — Swimming lessons for Lake City children from 7 and up began at the Lake City beach Wednesday morning. Miss Judy Knutson is instructor. Lifeguards are Cathy Cliff, Paul Guest and Mary Beth McKenzie.

It Happened Last Night Hamilton Helps Open Drugstore

By EARL WILSON

BARCELONA — Could there be anything more chic than crossing the Atlantic by jet to cover the opening of a drug store? Before you say, "Yes, there could, buddy!" allow me to state that this drug store opening was attended by George Hamilton, the well-known friend, and Salvador Dali and his moustache, and many titled people.

El Drugstore is considered quite marvelous here, being similar to Paris' American Le Drugstore. It has 200 employees, sells football lottery tickets, caviar, whiskey, records and paper dresses, has a bar, men's and women's shops, a super-delicatessen, telegraph counter, an enormous out-of-the-country newsstand, and an information center where senioritas answer questions in several languages.

Oscar Molinari, 26, a nephew of wealthy Venezuelan Renaldo Herrera, well-known in N.Y. society, operates the store, and got George Hamilton to attend because of their long friendship.

"When we were kids and I was broke in Palm Beach," Hamilton said, "Oscar sent me a ticket to come to Caracas and live with him."

"WE MADE a kids' pact that we would help each other if the other ever needed it," Molinari said.

"I got a movie offer and asked Oscar whether I should take it. I was 18," Hamilton said. "He told me, 'You'd better,

because you're not a very good bullfighter."

The drugstore will stay open until 4 or 5 in the morning. Molinari sees it as a challenge to the youth of the country.

I went to some of the old-time drugstores here. They can forget it. You know what these drugstores sell?

Fulbright Set For Another Vietnam Test

WASHINGTON (AP) — The administration appears headed for another defense of its Vietnam policies in Congress, with the Senate Foreign Relations Committee providing a familiar battleground.

The committee—whose members include some of the most persistent congressional critics of President Johnson's war policies—has set the stage for renewed debate on Vietnam by roughly handling the administration's foreign aid bill.

The panel voted to force the President to get congressional approval before adding countries to the foreign aid list. And members have indicated they also may vote to deny Johnson's request for two-year authorizations.

Behind opposition to the \$3.1 billion foreign aid package the President has asked for the next 12 months is Vietnam.

Chairman J. W. Fulbright, D-Ark., has said he may not back the measure because of his opposition to the war. And another committee member, Sen. Wayne Morse, D-Ore., has pledged to oppose the bill so long as the United States continues bombing North Vietnam.

Fulbright has said the committee actions are subject to change after it has heard from administration officials, probably soon after Congress ends its 10-day July 4th recess on July 10.

France Explodes Atomic Device

PARIS (AP) — France, working toward explosion of its first hydrogen bomb next year, detonated a "low-yield" atomic device Sunday at its Pacific test center at Mururoa, the Defense Ministry reported.

The ministry said the explosion was the last in France's 1967 atomic test series.

France now has an atomic strike force of more than 60 supersonic Mirage bombers, a major factor in President Charles de Gaulle's foreign policy. It hopes to have ground-to-ground missiles, to be located in southeast France, operational by 1969, and nuclear missile submarines operational after 1970.

Regional Employment Office Head Named

WASHINGTON (AP) — D. Donald Glover, Labor Department manpower expert, has been appointed administrator of the Bureau of Employment Security for Region 6 comprising Minnesota, Wisconsin, Illinois and Indiana. Glover has been serving in the federal manpower program since September 1963, most recently as minority group

specialist with the department's Bureau of Work Programs.

Grant for Minneapolis

WASHINGTON (AP) — The Department of Housing and Urban Development has announced approval of an \$858,139 grant increase for the Seward East urban renewal project in Minneapolis which brings the total of government funds to about \$3.6 million for the project.

2 Minnesotans Drowning Victims In Wisconsin

By THE ASSOCIATED PRESS

Two Minnesotans drowned in separate weekend accidents in Wisconsin waters.

A St. Paul teen-ager drowned in the Apple River near Hudson, Wis., Sunday, and four others found at the scene were charged with under-age possession of beer. A man identified as Cecil C. Wadena, 29, St. Paul, was charged with furnishing beer to minors.

The drowning victim was identified as Ronald Jefferson, 17, son of Mrs. Doris Jefferson of St. Paul. The drowning apparently occurred about 1 a.m., about 15 miles north of Still

water, Minn., just above where the Apple River flows into the St. Croix River.

Sheriff Charles Grant of St. Croix County said officers investigating a beer party along the river were told one youth was missing. Jefferson's body was recovered several hours later.

The body of a St. Paul man was recovered Sunday from Staples Lake in northwestern Wisconsin.

The Barron County sheriff's office said William Schiske, 60, who had a cabin on the lake about 20 miles west of Rice Lake, Wis., drowned after falling from a boat while fishing Friday night.

In 1967, the Northern Hemisphere spun into spring at 2:37 a.m. Eastern Standard Time on March 21. Winter officially ends when the sun crosses the equator and day and night are equal the world over.

Safe Boating Week
Governor Warren P. Knowles of Wisconsin has proclaimed July 2 through July 8 Safe Boating Week. He states that with good weather between 500,000 and 750,000 smallcraft will be on the waters of Wisconsin. There will be as many on the thousands of lakes and streams of Minnesota.

Of course, the Upper Mississippi will, despite the present high water conditions, get very heavy boat traffic. Many boaters have made it a long weekend, Friday through Tuesday. Many more will be out in local waters tomorrow on one day fishing outings, sandbar picnics, and water skiing. There will be a lot of boats on the river.

River regulations require Coast Guard approved life pre-

servers for each person; no overloading of boats; obedience of river rules of the road. Wisconsin had 170 boating accidents last season, 80 percent of which were collisions. Forty-eight persons drowned in these collisions.

There will be law enforcement of the river during the holiday. All Wisconsin river wardens will be on patrol, as well as Minnesota sheriffs' patrols. La Crosse also has a river patrol. Don't celebrate too much on the water.

Minnesota Pheasants
The figures from the annual May census to determine the size of Minnesota's pheasant population may not be too reliable this year, the Conservation Department reports. Game officials said cold April weather retarded growth of early nesting cover and a dry May provided

insufficient moisture for normal plant growth.

Abnormally cool weather together with high winds kept birds off the roadsides where they could be readily seen. This factor may account for part of the 15 to 20 percent decline observed in the spring breeding population compared with last year.

Most of the declines noted were in the west central and central portions of the state where winter weather was most severe. Game managers in the west central regions observed storm mortality at a number of locations last winter for the third consecutive season.

To the extent that census figures this spring are reliable, it indicates that winter weather again had a significant impact on the state's pheasant population. Where winter conditions were less severe in the south central, southeast and east central counties, the census shows an increase of 10 to 20 percent over last year's population.

The number of birds available for the fall hunting season will not be known until after completion of another census taken in August. Weather conditions in June were not favorable for hatching success. Abnormally heavy rainfall may have drowned out many pheasant nests, although many of these birds will undoubtedly re-nest and successfully bring off a hatch of young birds.

Congolese Ask Extradition of Past Premier

KINSHASA, the Congo (AP) — The Congo government has asked Algeria to extradite former Premier Moise Tshombe to Kinshasa so it can execute him on charges of treason and plotting to overthrow President Joseph Mobutu.

Since most African nationalist leaders consider Tshombe a puppet of the colonialists, it was assumed that Algeria's anti-Western regime would turn him over to the Congo government.

Tshombe is being held in Algiers after the apparent hijacking Saturday of the British charter plane in which he was traveling from Palma de Mallorca to the nearby Mediterranean island of Ibiza, in the Spanish Balearics.

Algerian officials said several mercenary soldiers and Belgian citizens were on the plane with Tshombe, along with three British subjects, the pilot, co-pilot and hostess. Reports to Paris from Algiers said Tshombe's arrival was a surprise to the government of President Touari Boumedienne. Algerian officials denied arranging the landing at Boufarik military air field west of Algiers.

Algeria and the Congo broke diplomatic relations in 1964 under Tshombe's regime and have not formally resumed them. But a Congolese Embassy spokesman in Paris said his government has assigned representatives to open extradition talks with Algeria.

The 49-year-old Congolese leader has been in European exile for 19 months, living recently in Madrid, since Mobutu took power in a bloodless coup. Tshombe's political party has been banned in the Congo, his property confiscated and his supporters thrown out of their positions.

Tshombe was sentenced to death in absentia by a Congolese military tribunal last March after it found him guilty of treason and subversion. Most of the charges grew out of the secession of his copper-rich Katanga Province from the rest of the Congo in 1960. In 1963 a U.N. force put down the secession, driving Tshombe into exile.

Sir Francis Sails To Get Knighthood

PLYMOUTH, England (AP) — Sir Francis Chichester, 65-year-old round-the-world mariner, set off Sunday in his yacht Gipsy Moth IV for London, where he will be knighted Friday by Queen Elizabeth II.

Chichester had been under treatment at the Royal Naval Hospital for an ulcer since June 6—eight days after sailing into Plymouth at the end of his solo 28,500-mile journey to Australia and back around Cape Horn.

The 350-mile sail to London will take the Gipsy Moth through the English Channel, the Strait of Dover and up the Thames.

Walking Meredith Nears His Goal

PICKENS, Miss. (AP) — James H. Meredith approached the last stop on his "march against fear" today with only 20 miles farther to Canton.

The 34-year-old Negro leader, plagued by an aching eelion in his ankle, walked about 16 miles Sunday before calling it quits for the day near Pickens.

He said he would end the journey at Canton, 25 miles short of the 175-mile hike to Jackson he originally had planned.

Last year at Canton, Meredith rejoined the first march he started. On that walk, he had

gotten only a few miles into north Mississippi when he was wounded by an ambush shotgun blast near Hernando. He started marching this year from Hernando, 10 days ago.

About 30 persons walked Sunday with Meredith, part of the time through a steady rain. Authorities disclosed that they had arrested six persons who claimed to be affiliated with the American Nazi party, and four of them said they had planned to try to prevent the Meredith group from marching.

Glass bottles and jars are largely made from a porous, opaque substance but are themselves nonporous and transparent.

No Ethics Code Expected at Current Session

WASHINGTON (AP) — The Senate likely will end its current session without a new code of ethics, says the vice chairman of the panel charged with drafting proposed standards of conduct.

Sen. Wallace F. Bennett, R-Utah, said Sunday he doubts members of the Senate Ethics Committee will find much time to work on proposals when the Senate returns from a 10-day July 4 recess to face a sizable backlog of work.

Dear Abby:

Mother Has Sweet Tooth for Booze

By ABIGAIL VAN BUREN

DEAR ABBY: Our daughter will be christened in our church soon, and it is customary to have guests at home afterward for food and drinks.

The problem is my mother-in-law. She has a drinking problem. No matter what the occasion, if there is liquor around, she uses it as an excuse to get very, very drunk.

For that reason, the last christening we had, I served no alcoholic beverages, and several of my husband's relatives remarked that they felt "cheated." What should I do this time? I don't want anyone to feel "cheated" in my home, but I can't bear seeing my mother-in-law in that condition.

Don't say, "Watch her." She just helps herself and it would take physical force to stop her.

PUZZLED HOSTESS

DEAR PUZZLED: Give a "dry party." It would be easier than giving a wet one and worrying about your mother-in-law. It's a kindness to keep temptation out of her way. And as for your husband's relatives, they can surely forego their drinks following a religious ceremony in which a child has been officially named and identified with a church.

Abby

DEAR ABBY: I am a nice looking girl (so I've been told), and recently my boy friend bought me a "fall" (wig). When I wear it, it seems to attract a lot of attention. Here is my complaint.

Almost every time I've got my fall on, some jealous girl will say in front of a lot of people, "Is that a wig you have on, or is that your own hair?"

This makes me feel real bad, and I never know what to say. I hate to say it's not my own hair because that is why I wear it, so people will think it is. I hate to say it's my own hair because if they ask, they must know it isn't. So what should I say when I'm asked this question?

DISGUSTED

DEAR DISGUSTED: If you have the courage, say, "If you'll forgive me for not answering, I'll forgive you for asking." Or, "Yet, it's mine. Bought and paid for."

DEAR ABBY: Three years ago my husband and I took a vacation trip with another couple who live out of state. We had a fairly good time, but this other couple said they never had so much fun in all their lives.

The next summer they wrote and asked us what our vacation plans were as they wanted very much to have another foursome-type vacation trip. We really weren't so keen on the idea, but not knowing how to get out of it, we went anyway. We didn't have a good time at all, but they seemed to.

This year we got another letter asking us where we should "all" go for our vacation. We do not want to get roped again, but we don't know how to get out of it without hurting their feelings. We own our own business, so they know we can get away any time we want to. Please help us. Sign this . . .

JOHN AND MARY

DEAR JOHN AND MARY: Write to your friends and tell them your vacation plans are indefinite, and to go ahead and make theirs without you. Don't invent any phony excuses, or they might "wait" for you. (P.S. You should feel gratified that you're such good company.)

CONFIDENTIAL TO "DIAMONDS IN THE FAMILY": Regardless of how long the jewelry has been in your family, once it is given to a member of your family, it is hers to do with as she pleases.

How has the world been treating you? Unload your problems on Dear Abby, Box 60700, Los Angeles, Calif., 90060. For a personal, unpublished reply, enclose a self-addressed, stamped envelope.

'I Pledge Allegiance To My Flag . . .'

"I PLEDGE allegiance to my flag and (to) the republic for which it stands — one nation indivisible — with liberty and justice for all."

Wrong? No, that is the way its composer wrote it, in 1892. He was Francis Bellamy, a former minister and an editor of Youth's Companion magazine, for which he devised the pledge.

He and a colleague, James Upham, felt that patriotism and national feeling were at a low ebb at that time, and the magazine set out to promote a flag on every schoolhouse in the nation. For the first great flag raising ceremonies they chose the 400th anniversary of the discovery of America. Thus the schoolhouse flag tradition, Columbus Day and the Pledge of Allegiance all had the same origin.

The two men disapproved an older form of salute that went, "I give my heart and my hand to my country — one country, one language, one flag," and set out to write their own. Bellamy, by his own account, struggled over every word and "the discarded experiments at phrasing overflowed the scrapbasket."

TO MAKE IT very personal, he chose "I" instead of "we" and "my flag" instead of "the flag." He decided "pledge" was a "better school word" than "vow" or "swear." He concluded that "one nation indivisible" most compactly stated the essence of American history. The final phrase "for all" was meant to add the spirit of equality to those of liberty and justice.

In the 1920s an American Legion flag conference formally adopted Bellamy's optional "to the republic," which does improve the meter. It also changed "my flag" to "the flag of the United States of America" on the theory that the schools then had many foreign pupils and the salute should spell out which flag was meant. Bellamy tolerated this while regretting that it "injured the rhythmic balance" of the original.

The form of salute did not become official, enacted by Congress in the federal flag code, until 1942. And in 1954 Congress insisted on adding a religious note, inserting "Under God" between "one nation" and "indivisible," although this destroyed the meter.

THUS EVOLVED the salute that will be on millions of lips on this 191st Independence Day.

July 4 Notable For Other Reasons

JULY 4 IS justly celebrated as the date the Declaration of Independence was approved by the Continental Congress, even though the day on which the final separation was officially voted was July 2 and the final signature was not affixed until 1777.

However, July 4 is notable for other reasons. To wit:

The U.S. Military Academy was formally opened in 1802.

Nathaniel Hawthorne, novelist and short-story writer, was born in North Salem, Mass., in 1804.

Stephen Foster, America's first great composer of music, was born at Lawrenceville, Mass., in 1826.

John Adams and Thomas Jefferson, second and third Presidents of the U.S., both died on this date, 50 years after the signing of the Declaration of Independence.

The song "America" was first publicly sung by the children of Boston at a Fourth of July celebration in 1832.

Poet Walt Whitman published in Brooklyn, N.Y., the first edition of "Leaves of Grass" in 1855.

Calvin Coolidge, 30th President of the U.S., was born in Plymouth, Vt., in 1872.

George M. Cohan, American composer, actor, and theatrical producer, was born in 1878.

GEN. JOHN J. Pershing placed a wreath on the grave of the Marquis de Lafayette in Paris in 1917, saying, "Lafayette, we are here."

Israel is going to exact a price for peace. Sometimes non-aggression pays off pretty well—if it's aggressive enough.

And ye shall serve the Lord your God — Exodus 23:25.

TODAY IN WORLD AFFAIRS

Annexation — A Wise Move?

By DAVID LAWRENCE

WASHINGTON — Was the annexation of the city of Jerusalem by the Israeli government an error in tactics or a shrewd move designed to give the Israelis a better bargaining position when peace negotiations are eventually begun?

The answer to that question depends on what is meant by a "cease-fire." There were no hostilities involved in rearranging the governmental structure of the city of Jerusalem by transferring it from military to civilian rule. Certainly there was no violation of the "cease-fire" resolution, which itself did not provide for any withdrawal from territory seized in the war.

IT IS SIGNIFICANT that, since the fighting was stopped, the Soviet Union has sent more arms to Egypt. This is called a "face-saving gesture," intended to appease Arab opinion. Some 150 MIG fighters have arrived in Egypt in the last two weeks, and Moscow is reported as planning to give Nasser additional weapons to replace what he has lost.

The making of peace in the Middle East will take a long time, and Israel naturally isn't going to wait for treaties before starting to supervise and govern the areas taken by its troops, especially if Moscow's military buildup of Egypt indicates a threat of possible resumption of warfare.

Under such circumstances, it is logical for the Israeli government to argue that it must exercise its authority over the territory it has taken from the Arabs until permanent changes are agreed upon. It is not unusual for a victorious army to set up effective administration and protection of areas acquired in battle so that no sudden resumption of the war can take away what has been gained.

President Johnson, of course, was obliged to state publicly that there should be "appropriate consultation" between religious groups before a final decision is made on the status of the historic city.

Both the United States and the Soviet Union are bound to play an influential role when peace negotiations do start between the Arabs and the Israeli government. While the two adversaries ultimately will be talking to each other and trying to reach a settlement, Moscow and Washington will be giving advice that is not likely to be rejected.

The chances are that economic factors will play an important part finally in influencing the settlement on territorial questions. At the moment there is a disposition here to emphasize the importance of giving priority to measures of relief for the persons displaced in the war. It is recognized also that steps must be taken to clarify the legal status of both the Gulf of Aqaba and the Suez Canal. This is a subject that will require lots of study. There will have to be agreement by the major powers of the world before either the Arab or Israeli governments will be asked to concur.

Little by little information is emerging as to what happened in the two conferences between Soviet Premier Kosygin and President Johnson. Dispatches from London and Moscow as well as from Havana reveal that President Johnson was told about Mr. Kosygin's prospective trip to Cuba long before the news was made public. The United States is deeply concerned about the activities of Fidel Castro in Latin America, and so is the Soviet government.

PREMIER KOSYGIN was instructed by the Kremlin to tell Castro not to complicate matters by stirring up more trouble. The Soviets are not abandoning their strategy of meddling in the political affairs of countries in Central and South America, but they don't want Castro to run the show and perhaps aggravate the situation at the very time when settlement of the Middle East war demands a friendly understanding between Moscow and Washington.

The Kosygin-Johnson conference was conducted on an amicable basis and conceivably could bring constructive results. But the Kosygin trip to Cuba is a reminder that the Communist infiltration in this hemisphere and the consequences of the Israeli victory in the Middle East have not yet been fully appraised, nor a method agreed upon to solve the new problems that have arisen.

'HAPPY BIRTHDAY TO YOU, TOO — NEIGHBOR!'

THE WASHINGTON MERRY-GO-ROUND

LBJ Raised 10 Points At Glassboro Parley

By DREW PEARSON
and JACK ANDERSON

WASHINGTON — More details are gradually leaking out regarding the all-important summit meeting.

It's now known that President Johnson did not want to hold talks with Kosygin unless they came to grips with the chief problems worrying the two countries. Namely the Near East, Vietnam and the control of nuclear weapons. When it was suggested that Kosygin and Johnson meet for a pleasant get-together without discussing major problems, Johnson said no.

Avrell Harriman, former ambassador to Moscow, had warned the President before talks opened that the Russian technique was to be pleasant and conciliatory at first, then toughen up as the discussion progressed. Probably this accounted for the fact that Kosygin was more affable after Friday's session than after the Sunday meeting.

DESPITE THEIR inability to reach any major conclusions, Johnson came away from Glassboro impressed with Kosygin as a man. He described him as a dedicated patriot, an administrative type, not a shoe pounder. Kosygin has an excellent mind and handles himself well. He made a long toast after the luncheon without notes, which impressed the American guests.

It can be reported that President Johnson put forward ten points as a plan for peace in the Near East. They were:

1. Withdrawal of Israeli troops from Arab territory.
2. Recognition of Israel by the Arab countries. This is something which they have adamantly refused for the 18 years that Israel has existed.
3. Elimination of the rights of belligerency. These have been maintained by Israel's Arab neighbors ever since 1948.
4. The reaffirmation of the non-use of force in the Near East. This would eliminate the threat of raids by Syrians around the Sea of Galilee and the former Egyptian raids from the Gaza Strip. Johnson argued that Israel had the right to live in peace with its neighbors.
5. The right of innocent passage through the Strait of Tiran to the Gulf of Aqaba which Nasser cut off, thereby precipitating the war.
6. The intensification of social and economic development of all the countries, especially the Arab countries.

THE WIZARD OF ID

Here Johnson emphasized to Kosygin the importance of joint, not competitive, international aid.

7. The dampening of the arms race. Here the President emphasized the danger of dumping a lot of weapons into either the Arab nations or Israel. He pointed out that when an Arab state received 50 Russian tanks the temptation was to use them. He proposed the registration of all arms sent by any nation into the Near East.

8. A definite commitment by both the United States and Russia to face up to the refugee problem and solve it.

9. Creation of an effective U.N. police force in the Near East entrusted with enforcing the peace treaty.

10. Creation of mediation procedure for handling future incidents.

PRESIDENT Johnson emphasized that he was not demanding that all of these be accepted, but he wanted a start made and urged that some of them be accepted. Premier Kosygin, however, stuck to the well-known Russian line that none of these could be adopted until after Israel had pulled back its troops and surrendered the Arab territory it now occupies.

Kosygin was polite but firm. He was willing to make no compromise whatsoever.

In discussing Vietnam President Johnson emphasized that the United States was ready to discuss a mutual de-escalation of the war at any time.

He also emphasized that he was willing to have the elections in South Vietnam supervised by almost anyone; that he wanted the elections held in a peaceful atmosphere. He said that he was willing to accept the outcome of the elections no matter which way they went.

This was in direct contrast to the public statements of Premier Ky in South Vietnam, who has said that if a Communist or a neutral was elected premier he, Ky, would see to it that he did not hold office.

Here again, however, Premier Kosygin was negative. His response was the United States must stop bombing the North and get out of Vietnam.

REGARDING THE nuclear nonproliferation pact, the President urged that the two countries place a draft of the treaty presented before the Geneva disarmament conference immediately.

WASHINGTON CALLING

Hussein Capable Of Facing Reality

By MARQUIS CHILDS

NEW YORK — For sheer survival value the short, young man with the athletic build who talks with restrained nervous energy in his suite in the Waldorf Towers rates very high. Out of the wreckage of the Arab world King Hussein of Jordan seems alone capable of facing the realities.

What he said in his United Nations speech was what he had to say. It was the common denominator of Arab vocabulary in the wake of a tragedy that was the inevitable result of fantastic and tragic illusions persisted in over the years.

Hussein is going back to his beleaguered country confident that the Arab summit meeting he has been helping to plan at the U.N. will shortly take place. What, above all, that summit must do, as the King sees it, is face the realities of the present moment and act accordingly. If this fails, then rapid deterioration of the whole Arab position in chaos, disease and violence approaching anarchy is all the future holds. Israel lives in the middle of this world and that anarchy and violence cannot help but spill over.

IF IT IS ONLY for his pride he does not speak of the request he put up to President Johnson at their meeting in Washington. But the appalling needs of a country cut in two and flooded with refugees carrying only what they could bring away with them are evident enough.

Hussein puts the number of refugees from the West Bank of the Jordan at 150,000, which must be a guess since the flood tide across the shattered Allenby Bridge continues. There were 2,000 tents for this number. The King speaks quietly, almost matter-of-factly, without obvious bitterness. But the scope of the disaster, the threat of famine, disease, breakdown of law and order, cannot be concealed.

Where does the blame lie? As does every Arab, Hussein speaks of how over the years Israel pushed out its boundaries to the loss of Arab neighbors. On what triggered the latest Arab-Israeli War and sent Hussein flying to Cairo to embrace President Gamal Abdel Nasser he is more reticent.

The facts, however, seem to be as follows. Over the years Nasser has directed violent and vituperative broadcasts at Jordan aimed at Hussein's overthrow. This attack reached a climax as Nasser called for the annihilation of Israel. Arab fanaticism everywhere, including Jordan, was at fever pitch. If he had tried to stand aloof Hussein would in all probability have been destroyed and his regime that has sought an accommodation with the West swept aside. So he took what appeared the only course. His country suffered the heaviest losses, with the West Bank of the Jordan gone and with it much valuable agricultural land and the source of tourist revenue in the West Bank and the half of Jerusalem under Jordanian rule prior to the war.

HUSSEIN dismisses as without foundation Nasser's charge that American and British planes took part in the attack along with Israeli planes. There was a distortion on the radar screen that made it appear that aircraft carriers had launched planes at a range much closer than was the fact. The Israelis followed the shrewd tactic of sending their planes out a considerable distance over the sea before they turned inland to strike at Arab airfields.

Returning home by way of London, Paris and Rome, where he hopes to discuss the future of Jerusalem with Pope Paul VI, Hussein faces his most critical test. It is not only whether he can survive but whether his country can survive.

His grandfather, King Abdullah, was assassinated by an Arab fanatic in the Mosque of Omar in the Old City of Jerusalem in 1951. His cousin, King Faisal, was torn to pieces by a mob in Iraq in 1958. His trusted friend and Prime Minister, Hazza Majali, was killed by a bomb in 1960. In 1957 wild anti-Hussein mobs raged in three West Bank cities and army units in rebellion headed toward the capital of Amman. The King went out to meet them and order them back to their barracks, with the challenge of his loyalty as against their loyalty. It worked.

Didn't Like Picture
Of Dean Martin

To the Editor:
What confused thoughts the photo of entertainer Dean Martin (Winona Daily News, June 30) must have posed in the minds of young readers!

There he is, glass in hand, the oft-publicized and well-heeled consumer of alcohol — ALCOHOL which doctors now claim to be the nation's No. 1 health enemy. Yet Martin is set forth by the press photo as a great success, with a \$5 million annual income.

It is any wonder the values of some of our youth are mixed up?

Granted that occasional items are going to slip by your telephoto selector, may I respectfully suggest that "news" of the above type can be a detrimental influence on the young and that careful professional discrimination be used in pictorial choices especially?

We must repeat: Freedom of press entails responsibilities, too.

National Work Draft

NEW DELHI (AP) — The central government is considering inaugurating some form of national service for students.

The plan, as drawn up by representatives of the defense, education and home ministries, would provide a variety of nation-building activities, including construction work, for students during holidays and leisure hours.

A conference of university officials is expected to discuss the scheme. India does not have compulsory military training.

racks, with the challenge of his loyalty as against their loyalty. It worked.

THE LITTLE king — he is 32 years old — is an easy target for ridicule. A relic of the feudal past, that is the line of Communist propaganda directed against him over the years. His personal dilemma is in a sense the dilemma of the Arab world. It is still in large part a feudal world haggard by a past that has seen greatness and grandeur and in recent centuries squalor and decay.

Hussein with his background of education and training in England and his successful survival for more than a decade as the head of an Arab state is a bridge figure between past and present. While it may seem improbable in the wreckage of the Middle East with his own nation's survival in question, he could be a bridge figure in a larger context. That is at least a rail hope.

Mrs. Terry D. Baier

Nuptials Unite Sandra Mullane, Terry D. Baier

LA CROSSE, Wis.—The First Lutheran Church was the scene of the marriage of Miss Sandra Carol Mullane, former Winona, and Terry D. Baier, Saturday.

The Rev. Fritz H. Miller officiated at the ceremony which united the daughter of Mr. and Mrs. Charles Mullane, now of La Crosse, and the son of Mr. and Mrs. Harvey H. Baier, La Crosse. Mrs. Huntz Zabel was organist and Lester Raabe, soloist.

Given in marriage by her father, the bride wore a gown fashioned with hand-clipped chantilly lace bodice, an organza bouffant skirt and detachable chapel-length train. Her veil of silk illusion was held by an organza obi bow with petalo crystals. She carried a Cathedral bouquet of happiness roses, stephanotis and red tea roses.

CANDY CONAUGHTY, Winona, was maid of honor. Bridesmaids were Karen Mullane and Judy Mason, La Crosse. They were attired in turquoise blue floor-length dresses with chiffon trains. They had pillbox hats with short veils and carried pastel daisies.

Mark Baier was ring bearer. Randy Baier was best man and Donald Nass and Ronald Wermerer, La Crosse, groomsmen.

Miss Weber, Kenneth Broker Repeat Vows

Marilynne Weber, Howard Lake, and Kenneth Broker, Winona, were married June 11, during a Vespers service at St. James Lutheran Church, Howard Lake, Minn. The Rev. Gerhard Michael was the officiant and liturgist.

Marilyn Broker, Winona, sister of the groom, was maid of honor, and Shirley Walter, Jefferson City, Mo., Roxanne Scheer and Mary Weber, Howard Lake, were the bridesmaids.

PETER Diebenow, New York City, was preacher and best man, and Ronald Weber, Howard Lake; David and Rodney Broker, Winona, were the groomsmen. The bride's parents, Mr. and Mrs. George Weber, Howard Lake, held a reception following the service. A rehearsal dinner was hosted by the groom's parents, Mr. and Mrs. F. H. Broker, 369 Kansas St., Winona.

Dale Wagner and Douglas Rosow seated the guests.

A reception was held in the church basement. After a wedding trip to Canada, the couple will be at home in La Crosse.

The bride is a graduate of Winona Senior High School. The groom is employed by Trane Co., La Crosse.

Jefferson Band To Begin Field Rehearsals

The high school marching band will be rehearsing at Jefferson Field at 8 p.m. Wednesdays and Fridays. All members of the band are asked to report to Jefferson Field with their instruments and a music lyre. A special bus will leave the high school at 7:45 p.m. to transport members to and from the field. The sophomores have been rehearsing at Jefferson the past four weeks.

JUNIOR GOLF

Winners in the Junior Golf contest at the Winona Country Club last week were Barbara Woodworth and Darel Anderson on a blind hole, low putt event. Prizes were also given for the highest score. Terry Lemke and Jean Woodworth tied for the girls. Mark Vondrashek won the boys' prize. Mrs. Robert Griesel is junior chairman.

Susan Burg Weds George Reed At Alma Service

ALMA, Wis. — Susan Katherine Burg, daughter of Mr. and Mrs. John S. Burg, Alma, and George Henry Reed, son of Mr. and Mrs. C. F. Reed, Daleville, Ind., were married June 24, at St. Paul and St. Luke United Church of Christ here.

The Rev. E. S. Antrim, pastor of Salem Evangelical United Brethren Church, Alma, officiated. Mrs. Darrell Breitung, Alma, was organist. John S. Burg Sr., gave his daughter in marriage.

The bride wore a gown and veil designed and made by Mrs. Ophelia Rotering, La Crosse, a friend of the bride. Dress was a French lace cage dress over a fitted peau de sole slip. Her lace trimmed Spanish mantilla veil formed a train. She carried a bouquet of stephanotis centered with a white orchid.

MRS. JOHN S. Burg Jr. was matron of honor. Miss Judy Melke, New Richland, Wis., was bridesmaid. They wore light blue, floor-length dresses fashioned with long sleeves and empire waistlines, and light blue net headpieces. They carried colonial bouquets of stephanotis.

The bride's mother wore a medium blue, lace trimmed crepe street-length dress. The groom's mother wore navy blue.

Larry Reed, Lancaster, Pa., was best man. Thomas Reed, West Lafayette, Ind., was groomsman. Both are brothers of the groom, Richard Burg, Alma, ushered. He is a brother of the bride.

A RECEPTION in the church fellowship rooms followed the ceremony.

The couple will make their home in Madison where the bride is a medical technologist and the groom is a graduate student at the University of Wisconsin. The bride is a graduate of Alma High School and the University of Wisconsin. The groom graduated from Daleville, Ind., high school and Purdue University.

A rehearsal dinner was hosted by the groom's parents at the Anchor Inn, Wabasha.

Mr. and Mrs. Donald Kukowski (Haefer Studio)

Mr. and Mrs. Ronald G. Dietrich (Haefer Studio)

Jane Griesel, Ronald Dietrich Repeat Vows

Miss Jane Louise Griesel, daughter of Mr. and Mrs. Paul Griesel Jr., 414 1/2 Center St., and Ronald Gary Dietrich, son of Mr. and Mrs. R. E. Dietrich, Homer, Minn., exchanged marriage vows at Grace Presbyterian Church Saturday.

The Rev. Jerry Benjamin officiated at the evening ceremony. Jane Hilke and William Koutsky sang. Jerry Johnson was organist.

Miss Connie Johnson, Winona, was maid of honor. Randolph Dietrich, Homer, was best man. Tom Griesel, the bride's brother, LeRoy Jasnoch and Dick Ebert, all of Winona, seated the guests. Bambi Jasnoch, daughter of Mr. and Mrs. LeRoy Jasnoch, Winona, and Scott Bauer, son of Mr. and Mrs. Tom Bauer, Homer, were flower girl and ring bearer.

THE BRIDE, given in marriage by her father, wore a floor-length gown of white linen with heart shaped top and vented lace sleeves. A detachable train fell from the shoulders and her waist-length veil of silk illusion was held by a linen bow outlined with seed pearls. She carried a single pink rose.

Miss Johnson's floor-length gown was of pink organza over taffeta accented with darker pink rosebuds and moss green leaves. She wore a white organza bow in her hair and carried a white rose.

The flower girl's dress was a miniature of the bride's. The bride's mother wore a pink sheath with a lace overcoat and the groom's mother was attired in aqua.

A reception followed the ceremony in the church parlors. After a short wedding trip to Wisconsin, the couple will be at home at 251 1/2 E. King St.

THE BRIDE is a graduate of Winona Senior High School and attended Winona State College and Winona Area Technical School. She is a secretary at Winona Senior High School. Her

husband is a graduate of Winona Senior High School and is attending Winona Area Technical School. He is employed at Lake Center Switch Co.

The bride's grandparents, Mr. and Mrs. Larry Doble, Homer, and great-grandmother, Mrs. Nora Rummion, were host and hostesses at a bridal dinner at the Doble home Friday.

Pre-nuptial parties were given by Mrs. Roy Kulas at her home; the Mmes. Robert Rummion, LaVern Johnson and Lambert Mrozek at the home of the bride's grandparents; the Mmes. Jasnoch, Bauer, Robert Wagner and Carol Dietrich at Jack's Place, and the United Presbyterian Women at Grace Presbyterian Church.

N.Y. Officials Quarrel Over Park Weddings

NEW YORK (AP) Chief City Clerk Herman Katz, still fuming over the Parks Department's multiple marriage ceremonies conducted in Brooklyn's Prospect Park, has sworn to throw a few roadblocks in front of any repeat performance.

"Marriage," said Katz, "is not a recreation. The Parks Department has completely stepped out of bounds."

Katz, who performs most of the civil marriage ceremonies in the city and who, as chief clerk, has power over all such matrimonial matchmaking, referred to Saturday's mass wedding as an "offensive spectacle which should never have taken place."

He said he intended to use his power to try to see it never does again.

Nine couples were married in the park by Criminal Court Judge Amos Basil while about 1,000 persons ringed a grassy plateau watching.

205 at Party For Grandmother

ONEKAMA, Mich. (AP) — Rosella Gauthier, 91, was given a party Sunday, attended by most of her 13 children, 47 grandchildren, 141 great-grandchildren, and four great-great grandchildren.

The affair had to be held at the county fair grounds and, as one relative put it, "There still wasn't room enough for friends of the family."

Marsha Butlin Becomes Bride of Mr. Kukowski

Marsha Louise Butlin, daughter of Mr. and Mrs. Peter F. Butlin, 358 E. Sarala St., became the bride of Donald R. Kukowski, son of George L. Kukowski, 706 E. Mark St., and the late Mrs. Kukowski, Saturday at St. Stanislaus Catholic Church.

The bride was attired in a gown of white silk organza over linen trimmed with white hand-embroidered daisies accented with pearls. The dress was fashioned with an organza train and her headpiece was a pillbox hat made of organza with velvet streamers fastened by an embroidered daisy. She carried white roses and daisies.

Lucretia E. Seitz, Winona, was honor attendant and Mrs. James Rockers, Miss Mary Schultz and Miss Mary Margaret Butlin were bridesmaids. Miss Butlin and Mrs. Rockers are the bride's sisters.

THEY WORE yellow floor-length gowns fashioned with A-line skirts and trimmed with small white daisies with yellow centers. Their headresses were yellow bows fashioned with white voile and accented with daisies.

Groom's attendants were Ignatius Rogacki, Winona, best man, and Norbert Bathke, Loren Benz, Paul Kukowski, brother of the groom, groomsmen. Ushers at the wedding were Steven Loshek and Ronald Zeise, both of Winona.

Flower girl and ring bearer were Mary Kay Skeels, daughter of Mr. and Mrs. Paul Skeels and John Stolz, son of Mr. and Mrs. Francis Stolz. The flower girl's gown was fashioned like that of the bride.

Mother of the bride wore a mint green crepe dress and lace jacket. A reception and dinner were held at the Winona PVW Club. After a trip to Niswaga, Minn., the couple will reside at 165 Huff St.

THE BRIDE is a graduate of Cotter High School and works as a telephone operator at Northwestern Bell Telephone Co.

The groom is a graduate of Cotter High School and attends the University of Minnesota. He is employed at the Archer Daniels Midland Co., Winona. Bridal dinner was hosted by the father of the groom and Richard Kukowski, brother of the groom, at the father's home.

Shopper's City May Not Test Law After All

MINNEAPOLIS (AP) — Shopper's City, which operates three discount stores in the Twin Cities area and another in Duluth, apparently will not test Minnesota new Sunday closing law which went into effect Sunday.

The firm had previously indicated it would seek a court test of the law passed by the 1967 Legislature which bans the sale of numerous items on the Sabbath.

The Shopper's City store in suburban St. Louis Park was open for business as usual Sunday, but numerous displays were marked off limits or were covered by plastic sheets.

Sid Toberman, acting store manager, said "no comment" when asked about the store's compliance with the new law. However, Eliot Kaplan, store attorney, said, "I think it's fairly obvious that we intend to abide by the law."

Glassboro Group Asks Aid for Visit to Moscow

GLASSBORO, N.J. (AP) — A group of residents of this community, where President Johnson and Soviet Premier Alexei N. Kosygin met two days last month, have asked the President to help finance a trip to Russia for 100 townspeople.

In a telegram to Johnson Sunday, the Glassboro Citizens Committee asked for "immediate assistance" to obtain \$60,000 to finance a three-week trip as part of an exchange program with the Soviet Union.

The committee of 17 residents said in its telegram that funds are available to the President under the Mutual Educational and Cultural Exchange Act of 1961.

Last Thursday, Dean Leonard Zion of Brandeis University, active in the Citizens Exchange Corps, suggested the trip during a talk with Dr. Thomas Robinson, president of Glassboro State College.

Under the proposal, the 100 Glassboro residents would make the trip with a group of 130 the corps is sending to Russia on July 14.

Several communities, mostly in the twin cities area, have voted for Sunday liquor. No major cities have voted on the question so far.

Crowds Arrive for Mansfield's Burial

PEN ARGYL, Pa. (AP) — Crowds of curiosity seekers are arriving in this small, quiet hamlet to see the burial site of actress Jayne Mansfield.

But the family of the 34-year-old Miss Mansfield, who became a famous Hollywood sex sym-

bol, reiterated its intention to keep the final rites today simple and private.

And there has been little for the curious to see: A tarpaulin over a newly opened grave near the entrance to Fairview Cemetery, a neat white house where Miss Mansfield lived as a child.

The actress was killed Thursday along with her attorney and chauffeur in a car-truck crash in Louisiana.

Meeting Sunday night at the home of Miss Mansfield's aunt, Mrs. Bert Milheim, relatives, and Hungarian-born strongman Mickey Hargitay, the actress' second husband, made final plans for services.

Accustomed to and welcoming the glare of publicity while alive, the actress was to be buried in relative privacy, Richard Milheim, a cousin, stressed. Milheim said the family wanted a quiet, dignified burial "and we have 300 policemen" to insure it.

Services were set for 1 p.m. CDT.

Born in Bryn Mawr, Pa., on the Philadelphia Main Line, Miss Mansfield moved here with her mother, now Mrs. Harry Peers of Dallas, Tex., after her father, Herbert Palmer, died when she was 2 years old.

She had lived in this small mining town for several years with the Milheims and with her grandparents, Mr. and Mrs. Elmer Palmer, who lived nearby. Her grave is near her grandparents' and not far from her father's.

Liquor now is served on Sundays—and will continue to be served—in bottle clubs, where each member keeps his own bottle and setups are provided.

"Club" licenses permit liquor by the drink sales Monday through Saturday to club members; providing that officers and employees do not reap profits from the sales.

Such clubs must have been in existence for 20 years, or in the case of congressionally-chartered veterans organizations, since 1951.

The attorney general's ruling excludes these clubs from the 1967 law, which permits communities to hold elections on Sunday liquor sales.

After a favorable vote, the Sunday licenses may be issued for drinking from noon to midnight in hotel or restaurant dining rooms, provided that the place must seat at least 50 persons in Minneapolis, St. Paul or Duluth and at least 30 elsewhere.

Several communities, mostly in the twin cities area, have voted for Sunday liquor. No major cities have voted on the question so far.

New Freedom Of Information Law in Effect

WASHINGTON (AP) — Federal agencies begin working Tuesday under a new Freedom of Information Act but few of them expect important changes in the way they disclose public records.

Despite this consensus among administrators, congressional supporters of the law say they will make sure it is observed.

The man who sponsored the measure in the House—Rep. John Moss, D-Calif.—says the final verdict on the law's effectiveness will be handed down by John Q. Public.

Sen. Edward V. Long, D-Mo., Senate sponsor of the bill, said he is "sure that there are bureaucrats who are going to hang on to their secrecy until the bitter end."

But, Long added, "we've worked far too long and hard on this law to see it mangled by federal red tape."

One agency official, questioned in an Associated Press survey to see how the new law will change procedures, replied: "I don't see three cents worth of difference."

Several other administrators said they think the law is confusing and open to different interpretations. Atty. Gen. Ramsey Clark said "definitive answers may have to await court rulings."

The law provides that any citizen may see any government document in the files—but lists nine categories of materials which are exempt from this stipulation. These range from defense secrets to inter-agency memos to files which, if made public, would invade an individual's privacy.

Communist Ballot Wins in East Germany Election

BERLIN (AP) — The ballot's only state—the Communist-picked candidates—won East Germany's parliamentary elections Sunday with less than one per cent of the voters rejecting them, the official news agency ADN reported.

ADN said 98.82 per cent of the 12.2 million eligible voters cast ballots for the national Chamber of Deputies and state parliaments, and 99.93 per cent of those who voted chose the candidates endorsed by the Communists.

Guide to Camps For Handicapped Now Available

CHICAGO, Ill. — A comprehensive guide to summer camps for handicapped children and adults was issued last week by the Easter Seal Society (National Society for Crippled Children and Adults).

The "Directory of Camps for the Handicapped" prepared in cooperation with the American Camping Association, gives detailed and up-to-date information about 250 camps which provide therapeutic recreation and training for the disabled.

Summer camping for handicapped persons has gained an important role in rehabilitation. It has proven ideal in helping them gain self-confidence while learning to overcome their crippling conditions.

Only camps which have specific programs for persons with physical, mental, social or emotional handicaps are listed in the guide. The listing does not include camps that accept children or adults with mild handicaps in their regular programs, but covers those camping facilities primarily designed for the disabled.

Facts about each camp, such as impairments accepted, fee, dates and addresses for inquiry, as listed for 176 residential camps and 74 day camps.

Two-Story Economy Goes Modern

By ANDY LANG

Two-story houses declined somewhat in popularity about 20 years ago, but never lost it with people intent on getting the most for a building dollar.

When it is necessary to obtain a maximum amount of living space within a specified area, the two-story house fills the bill.

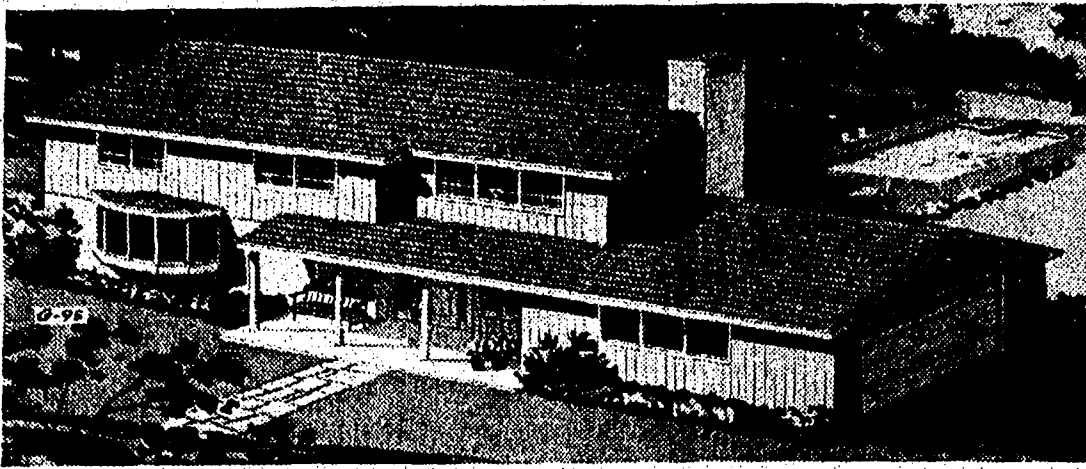

WHILE two-stories once had a reputation that certain moderns would label "square," the newer versions are anything but old-fashioned.

Architects are designing two-story homes to fit every taste, so that the number of floors no longer affects the styling. Here is a two-story that is modern in every respect, with enough space downstairs and upstairs to accommodate a large family. On the first floor are five rooms, a laundry, a lavatory, an entrance hall, four closets and a two-car garage.

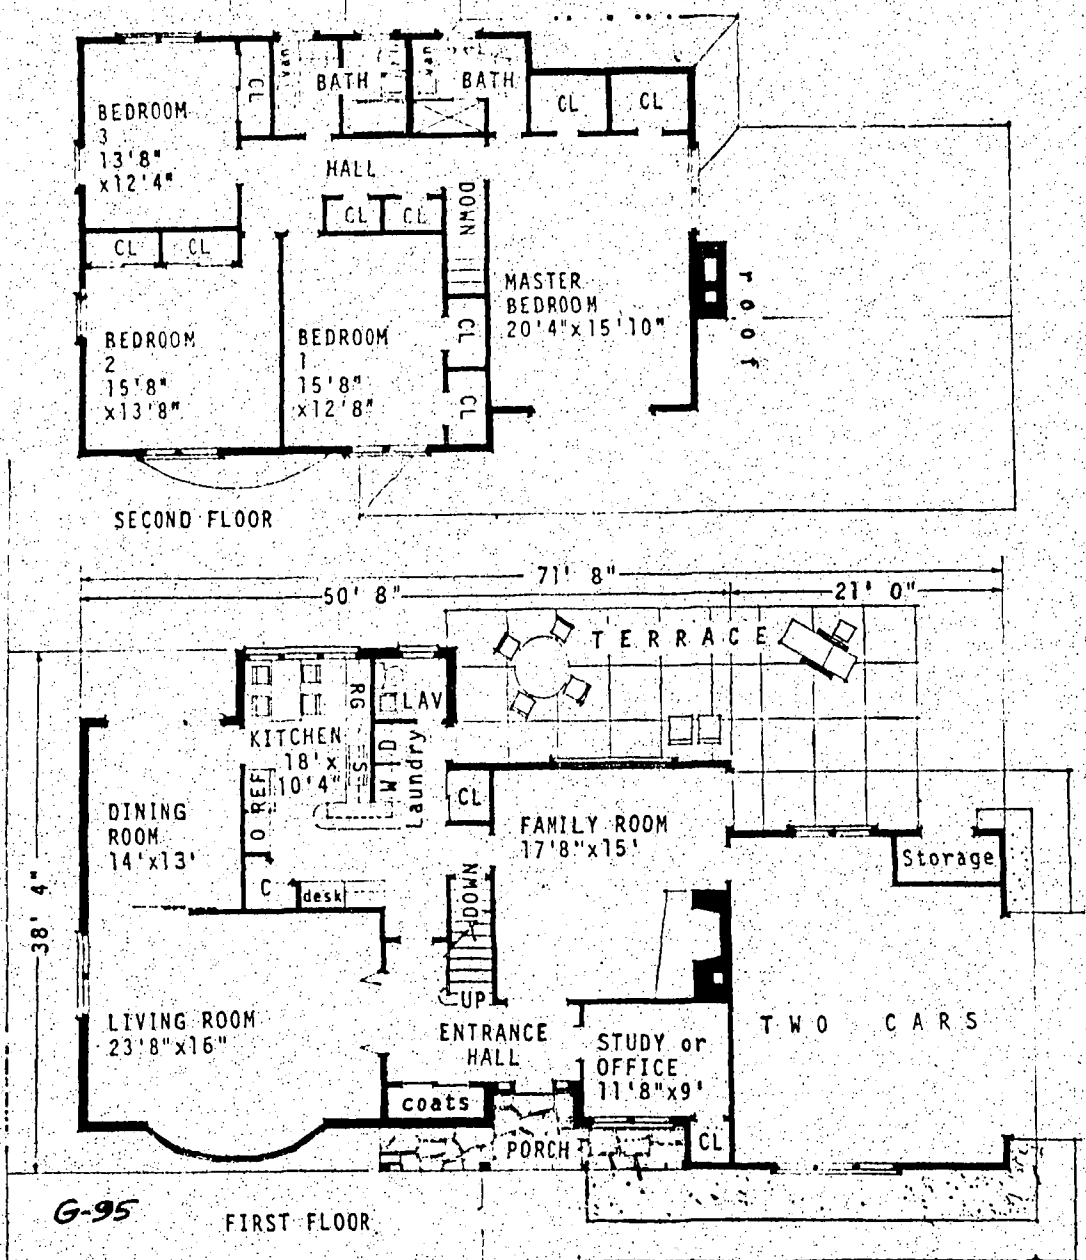

There are four bedrooms, two baths and nine closets on the second floor. The dimensions of the basic house are 50' 8" by 38' 4", with 21' of frontage added for the garage.

A glance at the artist's rendering of the exterior tells its own story of the difference between the old-fashioned two-story house and one that has been given a creative character, such as architect Caleb Horn, has supplied to Design G-95. Note the sleek roof layout, the distinctive styling of the bay window, the inviting front porch and the over-all appearance of modernity.

TO THE left of the entrance hall is the living room. In conjunction with the adjacent dining room, it forms an L which combines to 23' 8" across the front and 30' along the side. Sliding partitions are indicated to set off the two rooms when dinner is being served, but the flow of available space is excellent when they are used together. The bay window, so interesting from the outside, is

MODERN TWO-STORY . . . Hardly fitting into the old-fashioned concept of a two-story house, this four-bedroom home has an inviting look for modern families, with its sleek lines avoiding a too-upright appearance. Note unusual bay window.

FLOOR PLANS . . . Living room-dining room combination, with sliding partitions to divide the two areas when desired, provides large formal section; family room handles informal gatherings. Downstairs study can be made into fifth bedroom if needed.

equally dramatic from the inside.

The kitchen is 18' long, but conceived so that its size is a plus instead of a burden to the housewife. It can be reached directly from the front hall or via the laundry entry from the rear terrace.

Featured in the kitchen are the corner pantry closet, an island counter that services the kitchen and extends around to the laundry room, and a planing desk away from the mid-kitchen activity but still within the area. The windows at

the rear are in the breakfast area.

THE FAMILY room, just off the entrance hall, has a corner fireplace and triple-windows looking out on the terrace. The room also is accessible from the kitchen, the terrace and the garage. Obviously, it's a room that will see a lot of use.

Outdoor dining, partying or lounging are all possible on the spacious terrace, not alone because of its size but because it can be entered from the family room or from the kitchen-laundry area.

An extra on this floor is a front room which would make an ideal den or study. Also, because it is to the side of the front entry hall and can be en-

tered without going across any other room, it would make an excellent home office for a professional man or for the housewife who might want to run a small business of her own. Then again, it could be a fifth bedroom.

UPSTAIRS are the four regular bedrooms, with plenty of closets and two bathrooms. The master bedroom is especially impressive, being more than 20' long and with its own private bath and "his" and "hers" closets.

For the family that needs a two-story house but doesn't like the old-time layout of this type of structure, this is a refreshing departure.

G-59 Statistics

Design G-55 has a living room, dining room, kitchen, family room, study, laundry and lavatory on the first floor, with a total of 1,600 square feet.

There are four bedrooms and two baths upstairs (totaling 1,300 square feet). Both floors have ample closet space. There is a rear terrace and a two-car garage. Overall dimensions, including the garage, are 71 feet 4 inches by 38 feet 4 inches.

Issue Permits For Four New Houses

Residential building in Winona was given a boost last week by the issuance of building permits for four new houses by the city engineer's office.

Royce and Sather Construction Co., Winona Box 181, will build three houses with attached garages at 505 Deborah Ave. (\$17,000), 1751 Edgewood Road (\$20,000), and 1752 Edgewood Road (\$19,000).

Ray S. Christensen, 114 E. 3rd St., received a permit to build a house and garage at 528 Glenview Court at a cost of \$20,000.

In the commercial building area, Western Land Corp., Minneapolis, received a permit to construct a building at Miracle Mall shopping center to house a laundromat. The cost is listed at \$4,700.

OTHER PERMITS:

Lester Dienger, 670 W. 4th St., \$2,000, siding on house and remodel porch.

Bruno Marcolini, 668 E. Broadway, \$200, enclose front porch.

Herman Sense, 1732 W. 5th St., \$4,500, construct garage.

Harold Gerlicher, 629 W. King St., \$300, enlarge garage.

Richard Lewinski, 916 E. Broadway, \$200, picture window and side window.

Lawrence Pomeroy, 602 Walnut St., \$400, build garage.

Total dollar valuation for permits issued so far this year is \$1,321,116 as compared with \$1,671,006 on the same date a year ago.

Sixteen permits for new houses have been issued so far this year as compared to 12 for the same period in 1966.

VACATION GARDENING
Many gardeners hesitate to leave their gardens for a vacation during summer. Here are a few tips which might be helpful in preserving the garden while you are away.

Before leaving, weed the garden and apply a summer mulch. The mulch may be commercial peat, sphagnum moss, buckwheat hulls or decomposed compost. The layer should be 2 to 3 inches deep.

Give the lawn or garden a thorough watering. Be sure the water has soaked in a depth of 8 inches. If you plan to be gone over an extended period, leave the soaker hose in the flower border. It will simplify a gardener's job in helping to water while you are gone. Remember that a lawn requires about 1 inch of water or normal rainfall per week.

Pick all the flowers that are in full bloom. Dead flowers in the garden can soon give a garden an abandoned look.

Place plastic bags loosely over your house plants after giving them a thorough watering. The bags will help to conserve the moisture. If you are closing your draperies, find a window with some sun where you can group your plants.

Invite a neighbor or friend to inspect your plantings in case a serious problem should develop. Leave the name and phone number of your landscape nurseryman and arrange for treatment if necessary.

Spray, Roller Or Brush?

The do-it-yourselfer has a choice of painting tools to help simplify and speed up his job. Besides the wide range of brushes available, he may choose from various roller models or from the handy sprays.

The following tips from the National Paint, Varnish and Lacquer Association will help in selecting the right brush, roller, or spray equipment for your next painting project:

BRUSHES: Regardless of the type or size, quality brushes will last longer, hold more paint, and give a smoother coat than cheaper ones.

Select the size and style brush according to the surface and type paint which you will be working. When applying water-based paint to a large surface, use a calomine brush with very long, tough and elastic gray hog bristles. For applying oil-base paints and lacquers, you should use enamel and varnish brushes — flat or chisel shaped. Brush sizes range in width and thickness from large wall brushes to fine artist's brushes.

ROLLERS: Although rollers are available for use in corners, on fences, and for irregular surfaces, they are especially helpful in cutting down on time spent painting large, flat areas (walls, ceilings, floors, etc.). Rollers are available in various sizes and with handles of different lengths. An extension on the roller handle may eliminate the need for a ladder when you paint a ceiling — or let you avoid stooping to paint the floor. The best size roller for walls

and ceilings is the 7- or 9-inch model, while the 3-inch model is best for finishing woodwork, doors and trim. The fabric on the roller cover should conform with the type of paint to be applied. Check the label of the roller cover. Lambswool rollers are excellent with oil-based paints, but they should not be used with water-thinned latex paints. Mohair rollers can be used with any type interior flat paint but are recommended especially for applying enamel and wherever a smooth finish is desired.

Rollers made from synthetic fibers can be used with all types of flat paint, inside and out. A handy rule to remember is the smoother the surface you are painting, the shorter the roller's nap should be; the rougher the surface, the longer the nap.

SPRAYS: Spray paint equipment ranges from the large pressure types — fed by air compressors to the attachments available with most vacuum cleaners... to the small aerosol cans. The small spray cans are the quickest, handiest method of all for coating small items. Aerosol sprays when used correctly leave no lap marks or signs of streaking — and they cut clean-up time to a minimum. Another advantage of spray-painting is that these applicators make it easy to coat hard-to-reach places and to apply a uniform finish on rattan furniture or intricately carved wood.

For most larger household painting projects, the suction feed spray equipment on your vacuum cleaner is satisfactory.

The Sink Changes

Like Gertrude Stein's poetic rose, a sink is a sink is a sink — right?

No, the Plumbing - Heating - Cooling Information Bureau points out. Time was when a kitchen sink was a plain "bowl" with drainboards and storage space beneath. Now it comes equipped with all the accessories that a true food preparation and cleanup center should have. Here's what's available:

1. Two or three-bowl sinks to multiply convenience tenfold.
2. Electric food waste disposers connected to the drain and installed beneath the sink. They operate at the flick of a wall switch and handle virtually all food waste but large knuckle bones.
3. Electric dishwashers that have great loading flexibility and are many-cycled to handle all types of cooking equipment and dishes, including delicate china and stemware.
4. Integral lighting.
5. Faucets that are single-handle, push-pull or dial. For those who prefer separate faucets for hot and cold water, the new models are very high-style and efficient. Faucets come equipped with aerators that reduce splashing and also the amount of water needed because millions of air bubbles are introduced into the stream.
6. Sprays with flexible metal hose.
7. Hot water dispensers for instant drinks.
8. Ice makers.
9. Plumbed-in coffee makers.
10. Dispensers for liquid soap, detergent or hand lotion.

Aluminum Coating On Roof May Help Reduce Heat in Home

Tests have shown that interior temperatures can be reduced as much as 15-25 degrees by applying aluminum coating to a roof, according to the National Paint, Varnish and Lacquer Association.

Or, if your home is equipped with air conditioning, substantial savings may be realized. In addition, the aluminum shield will help hold heat in during the winter.

There are several types of aluminum roof coatings, each with particular properties for use on various surfaces. "Asphalt Fiberglass Aluminum Roof Coatings" come as a liquid suitable for brush, roller, or roofer mop application. The fibers of asbestos or other minerals impart added durability and sag resistance. "Asphalt Non-Fiberglass Aluminum Roof Coatings" are somewhat thinner in viscosity and are primarily used as finish coats over a primer. They can be applied by either brush or spray. "Colored Aluminum Roof Coatings" can be brushed or sprayed onto the surface.

Flat House Without Projecting Eave — How About Trellis?

Many of the houses built in the late '40s and early '50s were designed with flat roofs and no projecting roof eaves.

In some cases, the house looks like its lid and overall proportions don't seem quite right. An inexpensive remedy is to build a trellis at the roof line where it substitutes for eaves. An open pattern like eggcrate works well and can be created with fir or cedar lumber.

Supporting posts can be attractive, too, if handled as a sort of border for a path around the house or for a deep foundation planting.

12 Motorists Killed On Wisconsin Roads

By THE ASSOCIATED PRESS Highway accidents on Wisconsin highways during the extended Fourth of July holiday weekend reached 12 today and the 1967 traffic toll in the state mounted to 452. On this date last year 462 deaths had been recorded.

A car went through a guard rail at 2:30 a.m. today near Stockbridge in Calumet County and plunged 50 feet into Lake Winnebago, killing a passenger, Robert Seidel, 43, of Brillion.

AUTHORITIES said the driver, George Streubing, 25, Brillion, and Seidel were both thrown from the car. Streubing crawled up an embankment and made his way to a nearby tavern to get help. Fifteen-year-old Nancy Schoen, daughter of the tavern owner, dove into the lake and pulled Seidel from the water before officers arrived and pronounced him dead.

Wayne Peterson, 32, Deer Park Rt. 1, was killed at 10:15 p.m. Sunday when his car left the road and struck a tree. The accident occurred one mile south of Amery on Highway 46 in Polk County. Peterson's wife, Joyce, 31, his mother, Mrs. Mabel Peterson, his four children and two nieces were hospitalized.

Miss Joannette R. Tamaloff, 18, Racine, was killed Sunday

Fillmore Co. Girls Win Camperships

PRESTON, Minn. — Three Preston Girl Scouts were awarded camperships by the Root River Neighborhood to an established 2-week camp in River Trails Girl Scout Council this summer.

A campership is \$12 toward camp expenses. Susie Dorenkemper, Peggy Jertson and Ramona Rain were selected by a committee of adult scouters. Lori Overland, Lanesboro, also won a campership.

VIETNAM

(Continued From Page One) cealed underground fortress in the foothills of coastal Bong Son Province. In a nine-hour fight the cavalrymen killed 75 Communist troops but had 19 dead and 33 wounded.

The sharp increase in action led to speculation that the Communists wished to show their muscle on the eve of America's July 4th day celebrations.

The determined stab through the demilitarized zone by the North Vietnamese 90th Regiment strengthened the belief of U.S. commanders that another Red offensive in the 1st Corps area is possible at any time, possibly along with a Communist offensive in the central highlands, where fresh North Vietnamese troops are also available.

Although the heavy fighting below the demilitarized zone began just before daybreak Sunday, many details remained unclear today.

AP correspondent Steve Stibbens reported from the area that two companies of Marines, acting on intelligence information, moved into a blocking position above Con Thien, which lies about a mile below the demilitarized zone.

In the first seven hours of fighting, the Marines called in blistering supporting firepower from jet warplanes, artillery guns and two U.S. destroyers lobbing shells in from the coast. The Communists supported their attack with about 700 rounds of artillery, mortar and rocket fire and fired at least 1,000 rounds Sunday and today in the main battle and in attacks on Ding Ha and the Marine-South Vietnamese camp at Gio Linh. Some were big 140mm, probably fired from North Vietnam.

A few miles above the demilitarized zone in the jungled area of the Mu Gia Pass, a rescue helicopter got in Monday to pick up an Air Force Thunderchief pilot shot down the day before.

With enemy troops all around him, the pilot, Capt. Dale M. Pichard, 27, of Llano, Tex., evaded the Reds for 15 hours and was picked up under fire by Capt. Gregory Etzel of Albany, Ga., who a month ago made the first nonstop helicopter crossing of the Atlantic. It was Etzel's first rescue mission in North Vietnam.

On Sunday another Thunderchief pilot had been picked up unconscious by a Navy rescue man on his last combat mission in Vietnam.

All three planes lost Sunday were shot down in raids on North Vietnam's southern supply lines, for heavy weather had closed in over the Hanoi-Haiphong area. Their downing raised the number of U.S. combat planes reported lost over North Vietnam to 595.

BID OPENING WHITEHALL, Wis. — The Trempealeau County Highway committee will open bids July 12 at 2 p.m. for furnishing six new truck chassis in the 25,000-pound class. Six used trucks will be traded.

Four Uninjured In Plane Crash In Dakota Co.

ST. PAUL (AP) — Four persons were injured, none seriously, in the crash of a light plane shortly after midnight in the Mendota Heights area in Dakota County.

Admitted to a St. Paul hospital was Pamela Odden, 19, Clear Lake, Iowa, who suffered hip and facial injuries.

Treated and released were Laurence Lunden Jr., 24, son of a University of Minnesota vice-president; Michael Lynne, 24, Minneapolis; and Karen Butler, 24, Hector, Minn. Young Lunden suffered head injuries.

Details of the crash were not available immediately.

Dakota County authorities said the plane, apparently with en-

gine trouble, came down in a field near Pilot Knob Road in Egan Township about 12:18 a.m. A deputy said the plane brushed over some trees, apparently cushioning the impact, in an adjoining field about 100 yards from a home.

Agreement Reached On Mankato Contract

MANKATO, Minn. (AP) — Agreement has been reached on a new three-year contract for 114 workers at Hubbard Milling Co. of Mankato. The contract of Local 62, Grain Millers Federation, expired at midnight Friday.

Union officials declined to reveal terms of the new contract but said it calls for improvement in wages, hospitalization and welfare.

TITLE GAME TONIGHT

LeJetz, Dundee Post Triumphs

By CARL PETERSON
Daily News Sports Writer

It will be the Winona LeJetz against Dundee, Ill., in tonight's Invitational Legion Tournament championship game at Gabrych Park.

Both teams won first round games Sunday night. The LeJetz edged Minneapolis North Side 3-1 behind Ron Fuglestad, while Dundee defeated Minneapolis Fallidin 7-5 in eight innings.

The LeJetz victory was accomplished with only three hits as the Winona team was aided by seven walks and three hit batsmen. The LeJetz scored in the first and third innings but left a total of 11 men on base, at least one every inning.

FUGLESTAD allowed North Side only two hits and retired 13 batters in a row at one point. The LeJetz right-hander struck out 13 and walked only one in upping his record for the season to 3-2.

So strong was Fuglestad's performance that after North Side pushed across a run in the first, the Minneapolis team had only one more baserunner the rest of the game.

Although Fuglestad finished strong, his beginning was a little shaky. He walked the leadoff batter, Caesar Sudduth, to open the game and the next batter, Fred Tyler, hit a sharp ground ball over third which left fielder Loren Benz couldn't handle. Sudduth, who had stolen second, scored easily and Tyler ended up on third base. That was to be all for North Side, however, as Tyler was called out because of interference on the batter on an attempted pickoff play. Fuglestad fanned Robbie Umberger and Steve Booth to end the inning.

The next and last time North Side had a baserunner was with two out in the fifth when Alfred Burrell singled. The next batter flew to right to end the inning. Fuglestad fanned the side in the sixth and seventh frames to wrap it up.

THE LEJETZ also scored in the first. Steve Gerlach walked to open the inning and went to second when an attempted pickoff play went awry. Jerry Urness singled, sending Gerlach to third. Loren Benz drew a walk to load the bases. North Side pitcher Bubba Fontaine then struck out Ron Quamen before Fuglestad's squeeze bunt scored Gerlach to knot the contest at 1-1.

In the third inning the LeJetz produced two more runs as Benz reached on an error and Quamen walked before Fontaine retired Fuglestad and Hoepner on fly balls. With two down, the North Side hurler walked Browne to load the bases. Steve Holubar then drilled a hit to right field scoring Benz and Quamen.

That ended the scoring for the game, although the LeJetz did have a two on-two out threat in the fifth.

IN TONIGHT'S game Pat Willgen will face a Dundee team which also got only three hits in winning 7-5 over Fallidin. Scheduled Dundee pitcher is right-hander Randy Blanken.

Dundee came from behind to defeat Fallidin in the eighth inning of its rain-delayed game.

With the score tied 5-5 in the top of the eighth and Bob Capra on the mound for Fallidin, Dundee pushed across two runs on a leadoff walk to winning pitcher Jon Krueger, a sacrifice bunt by Jim Rayburn, a sacrifice fly by Dave Senger and then an error which scored Krueger. A walk followed and another run scored on a single by Rick Waters to make the score 7-5.

After issuing a leadoff walk, Krueger then struck out two of the next three Fallidin batters to win the game.

Fallidin got off to a fast start against Dundee starter Glenn Guss. The first two batters, Jim Wojcik and Steve Hanzlik walked before Guss settled down to get the next two batters. Rich Johnson followed with a single to score Wojcik, and Charley Reed then doubled to bring in two more.

DUNDEE TIED the game in the third as Fallidin starter Paul Fjelstad ran into difficulty after setting the Illinois team down

in order the first two innings. Fjelstad fanned the first man up but Clayt Behm reached base on an error and Guss doubled him home for Dundee's first run. Guss then scored on an infield out by Dick Szilasi. Fjelstad issued another walk to Roger McKenzie who scored on an error to tie it up 3-3.

In the fourth with Dave Holmes on the mound in relief of Fjelstad, Dundee pushed across two more runs.

Pete Gliesman led off with a single, and scored on a passed ball and an error by Holmes. Behm, who reached base on the error, then scored on another error by Holmes.

Fallidin came back in the sixth to tie the game at 5-5. After striking out the first batter, Guss tired and walked the next

two. Dundee Coach Charley Williams replaced him with Krueger, who had been playing third base. Krueger walked the first man to face him to load the bases. He struck out the next batter for the out but then allowed a two run single to Jim Banderek before getting the third out.

FALLIDIN had two runners on in the seventh but couldn't get them home, forcing the game into extra innings.

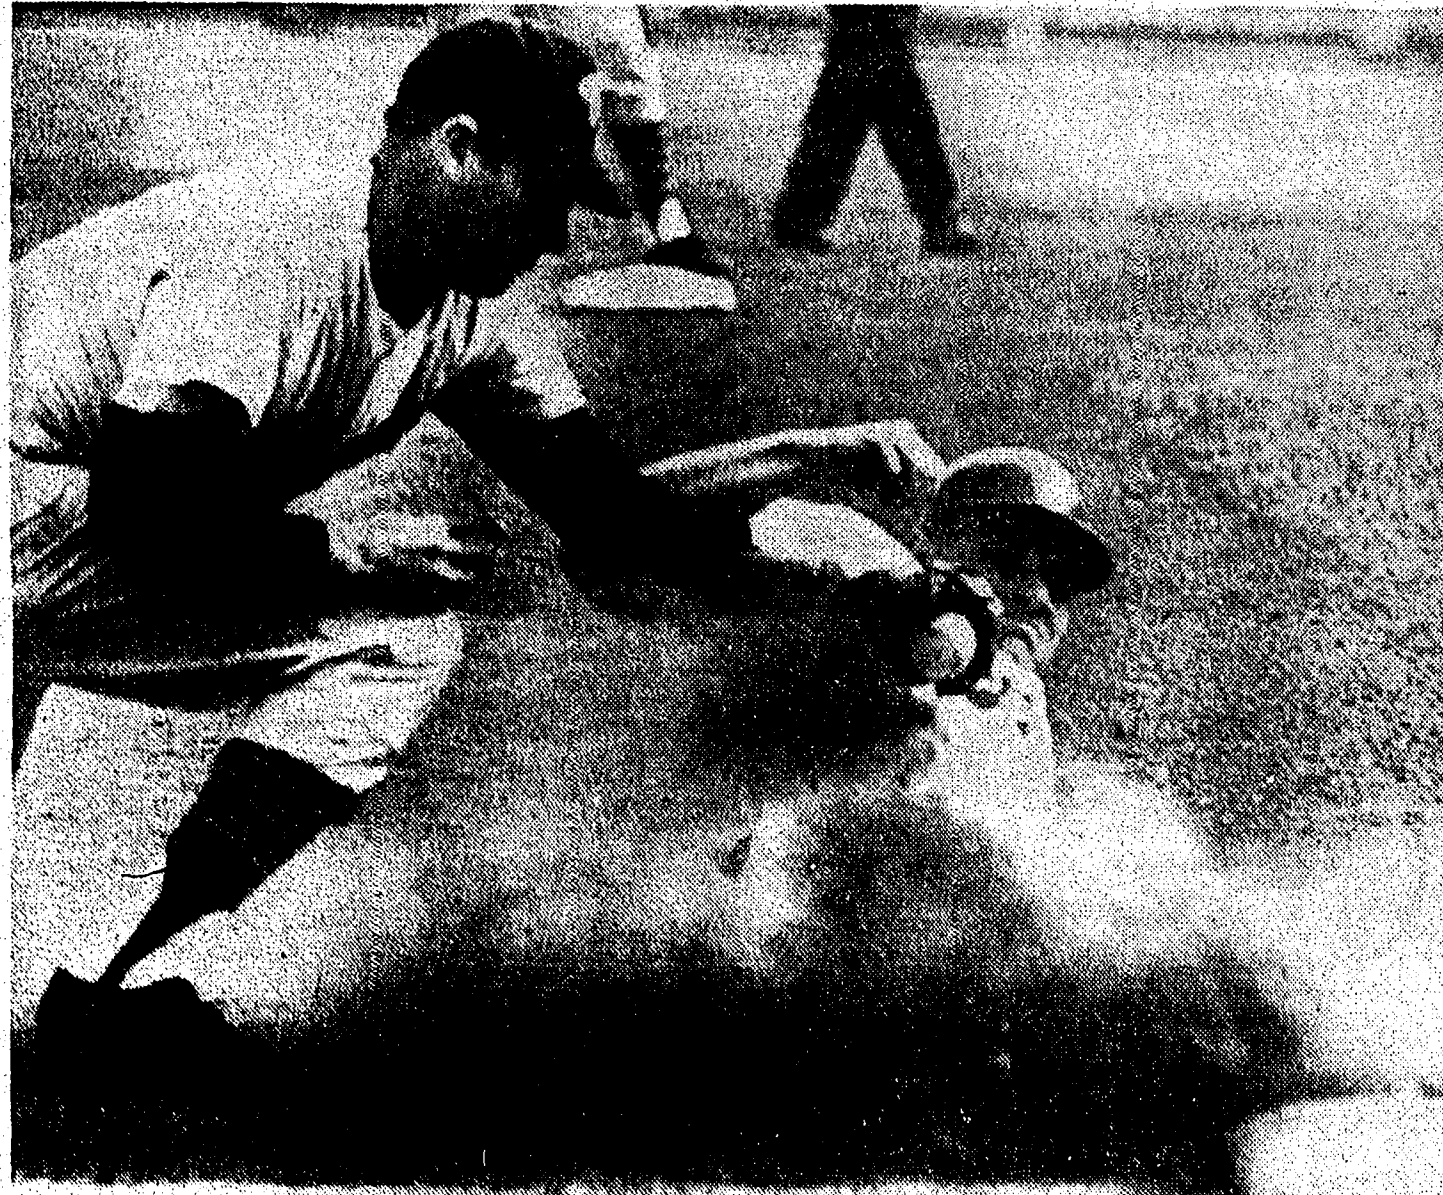

The five Fallidin errors cost the Minneapolis team dearly as they figured prominently in every Dundee run. Dundee's four errors were relatively harmless.

Tonight's activities are scheduled to begin at 6 p.m. with the consolation contest between Fallidin and North Side.

FOR LEO DUROCHER

16 Years Between Miracles

By HAL ROCK
Associated Press Sports Writer

It's been 16 years between miracles for dapper Leo Durocher, but he's got a dandy going right now.

Durocher, who piloted the New York Giants to the 1951 pennant with a storybook finish, has his trusty volume out again and what's more, he's got all Chicago believing it.

Some 40,464 frantic fans packed Wrigley Field Sunday and watched the Cubs, who finished 10th last season, grab a share of first place with a 4-1 victory over Cincinnati on Ferguson Jenkins' three-hitter.

From last to first in half a

season. Now how's that for a miracle?

In fact, for a few glorious hours, the Cubs, who haven't finished in the first division since finishing third in 1946, were actually in first place all by themselves. That was after the New York Mets nipped St. Louis 5-4 in the first game of a doubleheader.

But the Cardinals rebounded with a 3-1 victory in the nightcap that earned them a piece of the top spot. In other National League games Sunday, Philadelphia rallied for an 8-7 victory over San Francisco and Houston nipped Los Angeles 5-4. Atlanta's game at Pittsburgh was rained out.

In the American League, California shut out New York 6-4, Detroit snubbed Kansas City 3-0, Boston nipped Kansas City 2-1, Minnesota swept a doubleheader from Washington 4-1 and 6-1 and Baltimore blanked Cleveland 1-0 in a game ended by rain after six innings.

The Chicago fans have a severe if premature case of pennant fever brought on by six straight victories and 13 triumphs in 14 starts. They gathered outside the clubhouse after Sunday's game and chanted, "We want Leo. We want Leo."

But Durocher wasn't having any. "They're not going to get me out there," he said. "The only

time I've seen it like this was when Bobby Thomson hit the homer to win the pennant for the Giants in 1951."

The fans roared everytime the scoreboard posted a Mets' run against St. Louis and when the 5-4 first game final went up, they cheered so loud and long that the Cubs game was delayed.

Jenkins, who won his 11th game, slammed a pair of hits and drove in a run. His reaction to the commotion?

"This winning becomes fun," he said. "The way we're going, we might even win the pennant."

The Mets cooperated beautifully in the first game, pushing across the winning run in the bottom of the ninth inning. Bud Harrelson carried it across when he singled, stole second and went to third on catcher John Romano's throwing error and scooted home on reliever Nelson Briles' mild pitch.

Ken Boyer doubled home one run and tied the game with an eighth inning homer for New York.

Steve Carlton hurled a six-hitter in the nightcap as the Cardinals climbed back to tie for the top spot. St. Louis bunched four extra base hits for all their runs in the second inning with Orlando Cepeda, Dave Ricketts and Carlton smashing doubles and

Julian Javier whacking a triple. Johnny Callison capped a Philadelphia comeback with a two-out double that chased across the tying and winning runs in the bottom of the ninth against San Francisco.

Callison drove in three runs with three hits and scored twice as Philadelphia wiped out a 7-2 Giant bulge with six runs in the last two innings.

Jim Hart drove in three runs with three hits as five Philadelphia errors led to five unearned runs for the Giants.

Ron Davis squeezed Jimmy Wynn across with the winning run with two out and the bases loaded in the bottom of the ninth inning as Houston nipped the Dodgers.

But the Twins clubbed Wash-

ington starter Joe Coleman and three relievers for 11 hits to enable Merritt to post his sixth win without a loss.

Nixon's single tied the game in the second inning and Merritt followed with a tie-breaking single.

Minnesota chased Coleman, 4-6, with three runs in the fourth. Uhlender doubled home Nixon, who had singled, then stole third and scored on Cesar Tovar's sacrifice fly. Tony Oliva singled home a run, following a single and walk, to make it 5-1.

Harmon Killebrew's double and Allison's single completed the scoring in the seventh.

The Twins open a four-game series tonight against the New York Yankees, with Dave Boswell, 5-5, pitching against southpaw Fritz Peterson, 0-7, for the Yankees.

The teams play a day-night doubleheader on Tuesday—the Fourth of July.

LE MANS, France (AP) — Denis Hulme of New Zealand finished second to Jack Brabham of Australia in the Grand Prix of France Sunday, but retained the lead for the world driving championship for 1967 from Formula One autos.

The six points Hulme picked up prior his second place gave him a total of 22 to date. Brabham now has 15.

punched across three runs in the fifth to go in front.

An error, a walk and a fielder's choice loaded the bases with one out in the fifth. The tying run came across on an infield out, and Bob Kosidowski unloaded a two-run double.

But the lead was short-lived. Lewiston got to Winona starter Fred Beck in the sixth for a pair of unearned runs that knotted the score. And when Bernie Kennedy led off the seventh with a single, and Steve Drange followed with a home run to put Lewiston in front 6-4, Beck gave way to Spencer. Lewiston got to the Winona reliever for three runs to wrap it up in the eighth.

Two walks, two wild pitches, an error, a passed ball, a stolen base and singles by winning pitcher Rev. Curtis Fox and Tim Webb gave Lewiston its runs.

Cochrane-Fountain City moved into second place by percentage points over Lewiston thanks to its victory over last place Gale-Etrick. The game was stopped twice by rain and was shortened to seven innings by agreement of the managers.

A TWO-OUT drag hunt that scored two runs in the fourth inning gave Cochrane-Fountain City its winning margin. Winning pitcher Jack Benedict laid down the perfect bunt and then held off Gale-Etrick, which got single runs in both the fifth and sixth.

Brian Espe and Benedict each had two singles and John Kannel added a double for the winners. Steve Johnson had a double for Gale-Etrick.

Rushford won its third straight and Dakota broke its losing streak by identical methods — a winning run in the bottom of the ninth inning.

John Kosidowski's three-run homer in the seventh had put Rollingstone ahead 6-4, but Rushford tied it with a pair in the bottom of the inning and then scored the winning run in the ninth when Gary Grob singled. Butch Grob doubled and Dan Hungerholt singled off reliever Ray Hibbs.

Butch Grob finished with a pair of singles and a double, while Gary Grob and Hungerholt each had a single and a double. Kosidowski added a double to his hit out-pitch, while Jack and Steve Rader both had two singles. Winning pitcher Marv Berg fanned nine and walked seven.

Dakota poured across four runs in the fourth inning, but still had to rally for its victory. After Trempealeau scored twice in the fifth to go back in front 6-5, Dakota tied it with a run in the sixth. Terry Beach's bases loaded single in the ninth provided the winning run.

Bruce Linander had three singles, Sam Shea two doubles and a single and Jim Nissakke a single and double for Dakota. For Trempealeau, which had its losing streak extended to five games, Gordon Wallin had a

In the American League, California shut out New York 6-4, Detroit snubbed Kansas City 3-0, Boston nipped Kansas City 2-1, Minnesota swept a doubleheader from Washington 4-1 and 6-1 and Baltimore blanked Cleveland 1-0 in a game ended by rain after six innings.

The Chicago fans have a severe if premature case of pennant fever brought on by six straight victories and 13 triumphs in 14 starts. They gathered outside the clubhouse after Sunday's game and chanted, "We want Leo. We want Leo."

But Durocher wasn't having any. "They're not going to get me out there," he said. "The only

266 Horses in Local Show

Three horses owned by Keith Moon of Rochester received the Grand Champion award and Linda Gilbert of South St. Paul was adjudged high point youth activity rider at the annual All-Western Horse show held at Athletic Park Sunday.

Bob Tino, one of Moon's horses, won the Grand Champion Stallion award; Spinster I, another Moon owned horse, was awarded the Grand Champion Mare prize and a third Moon horse, Oklahoma Trigger, won the Grand Champion Gelding trophy.

King Man's Marby, owned by Harry Gilbert of South St. Paul,

carried Gilbert and Linda Gilbert to five individual riding class firsts.

Gayle Przybylski of Winona and her horse Oky Poky took first in the Open Pleasure Class while Earl Duncanson of Lewiston and his horse Dittum Wat- ton finished first in the barrel racing event. They were the only area winners although several other area riders finished high in the standings.

Sonny's Choice, owned by Allen Goetzman, finished second in a gelding class. Sue Boland and her horse Yaller High Life finished second in the Youth Trail Class and Kathy Carlblom

and her horse RMB Miss Hill finished second in Open Horse- manship and second in the Trail Class.

Over 266 entries from five states were accepted for the show which was approved by the American Quarterhorse Association, the Minnesota Quarterhorse Association, the Western Saddle Association and the Tri-State's Horseman Association.

French Amateur Wins U.S. Women's Open

HOT SPRINGS, Va. (AP) — "I don't know why I won," said the new U.S. Women's Open golf champion, resplendent in aqua skirt and blue jacket with be- manded lapels. "I think they helped me win."

"They" were the chastened professional golfers, and they knew just what raven-haired Catherine Lacoste of Paris meant in her modest little speech outside the clubhouse of the Cascades Course late Sunday afternoon.

In this 22nd U.S. Women's Open, the 22-year-old French mademoiselle had become not only the first amateur ever to win, but the first foreigner and the youngest player, as well. She won with a strong 294 — 10 over par for a tough, taxing course.

But she had help from even the best of a corps of proud professionals who many times in the Open's last two days had opportunities to win — and could not grasp them.

Beth Stone of Muskege, Okla., and Susie Maxwell of Oklahoma City came closest with 296s for the 72-hole grind. Each picked up five strokes in Sunday's final round with three-over-par 74s while Miss Lacoste was soaring to a 79.

Miss Stone and Miss Maxwell each collected \$3,600 as the top-finishing pros.

Three pros who shot 297s — Muriel Lindstrom of Ft. Wayne,

Ind., with a final round 75; two-time champion Louise Suggs of Delray Beach, Fla., 73, and Sandra Haynie of Ft. Worth, Tex., 71 — each took home \$1,033 for sharing fourth place.

The sturdy-built, exuberant Miss Lacoste, who had previous rounds of 71-70-74, was three over par on the front nine Sunday, then bogeyed the first five holes of the back nine and found herself in peril.

After the 14th, she was only one stroke ahead of Miss Suggs; after the 16th, one in front of Miss Stone.

Miss Suggs, however, demolished her own cause by double-bogeying the lake-fronted 16th. And, after bogeying the 16th, Miss Lacoste took care of Miss Stone's bid by rolling in a 10-

foot putt for a birdie at the 17th.

Seconds after she strode from the 18th green, victory finally secured, Miss Lacoste hurried back to her motel room and telephoned her parents in St. Jean De Luz, France — one-time Davis Cup tennis great, Rene Lacoste, and his wife, Simone, herself a fine golfer.

"It was 11 o'clock and I waked them up," she said with a grin. "My father said, 'Bravo.' He sounded sleepy."

"But this was his 63rd birthday, you know, and the last thing he said to me before I left home was, 'You know what you can do for my birthday?' I said, 'Yes, win the open.' So, you see I did."

Mets Ink Hastings Ace Hurler; Carey

HASTINGS, Minn. (AP) — The New York Mets have signed Hastings baseball star Dan Carey to a pro baseball contract for a reported \$20,000 bonus and college education expenses.

Carey, who will report July 6 to Marion, Va., in the Appalachian Rookie League, had a 26-0 record for Hastings High School as a left-handed pitcher the past two years, with 237 strikeouts in 107 innings his senior year. His brother, Dave, plays for the University of Minnesota.

World Horseshoe Tournament Set

star teams in the Twin Cities and will go to St. Cloud July 15 to meet the professional St. Cloud Rox of the Northern League. It may also play a game at Mankato against that city's Mets on July 14. But the latter game is not definite.

The basketball team has begun practicing under Coach Hal Fischer of Armed Forces Special Services, with assistance from Minnesota's John Kundla. Professional signings and injuries have cut into the cage squad picked after a trials tournament held in early April.

Boxing eliminations will be held Thursday and Friday at the St. Paul Armory. Among entrants are Rochester's Pat O'Connor and Rolland (Boom-

Room) Miller, veteran Golden Gloves fighter with the Wahpeton, N.D., team.

Gymnastics trials are Saturday at Hamline University, St. Paul.

Competition in the other sports — including the high-interest attractions of track and field and swimming — will be later.

The men and women track meets are set for July 15-16 at Memorial Stadium at the university. The swimming will be July 19 at the suburban Edina pool.

The men's track squad is due to arrive July 12 and the swimmers July 14.

In all, training and eliminations in 13 sports are being conducted here.

FORCES PLAYOFF

Casper Surges in Canadian

MONTREAL (AP) — Billy Casper is the invisible man of golf. He was subjected to coast-to-coast television coverage in two nations — and no one noticed him until the last five minutes. But suddenly he was there, center stage in the high drama on his knees and his arms raised in exultation — a birdie putt in the cup and the pressure on Art Wall, the greying, suddenly shaken veteran, who

stumbled to a bogey. And when Wall's five-foot putt curled two inches from the hole, the \$200,000 Canadian Open Golf championship was tied and its \$30,000 first prize still up for grabs.

"I had two things going for me on 18," said Casper, the two-time U.S. Open champ with the exotic diet. "I knew that if I made that putt I was in second all alone. And I knew that if Art missed it — and the pressure would be on him — a playoff was there."

That's the way it worked out: the two tied at 279 with an 18-hole playoff today. Casper shot a 69 Sunday and Wall a 72.

The playoff starts at 2:15 p.m. EDT, and will be televised nationally in two countries, CBS-TV from 5-6 p.m. in the United States and CBC-TV from 4:30-6 p.m. in Canada.

Casper and Wall were one

stroke ahead of Steve Reid, 71, Jack Nicklaus, 69, and Julius Boros, 68, all at 280. PGA champ Al Geiberger was alone at 281 after a 71. Grouped at 282 were Arnold Palmer, 70, Tommy Aaron, 70, and Gene Littler, 71.

Wall, a 44-year-old former Masters and Canadian Open champ who led the second and third rounds, had a two-stroke lead going into the rain-inter- rupted final round Sunday on the 6,600 yard, par 71 Montreal municipal course.

He was implacable and un- perturbed as first Nicklaus, the chubby U.S. Open champ, and then Reid, a 30-year-old part- timer on the pro tour, made runs at him.

"I was five strokes back going to the 12th," said Casper. "Most players would have quit there. But I'm not made that way. I kept playing the best I could."

Casper was completely ob- scured in the Nicklaus-Reid charges.

"Pressure doesn't bother me," said the one-time fat man, who lost 50 pounds on a diet of buffalo and bear steaks and blueberries. "In fact, I thrive on it."

Billy, probably one of the best golfers in the world but missing the publicity of Nicklaus and Palmer because of his lack of color, made up two of those five strokes on No. 12.

But still, the attention was centered on Nicklaus and Reid, who were just finishing.

Casper and Wall each reached the green of the par five 18th in three. Billy with a 10-foot putt and Wall with a 20-footer. Art missed his, going five feet past the cup. Casper studied his, then stepped back and studied it again, before running it in. Wall missed his coming back.

Fix Crashes Two Homers; Buddies Win

CANNON FALLS, Minn. — A pair of four-run innings enabled the Winona VFW Buddies to win their third straight league game Saturday, downing Cannon Falls 8-5.

Mark Patterson allowed only three hits in gaining his third triumph, but he issued 12 walks to keep himself in continual trouble.

Winona started the scoring quickly when leadoff hitter Steve Fix blasted a shot over the left-field fence. Then singles by Jim Runnenberg, Patterson, Steve Wilgert and Steve Gilbertson, plus a sacrifice fly and a walk gave the Buddies three more runs in the inning.

Cannon Falls came back to take the lead. They scored four runs in the first two innings on seven walks, three errors and a wild pitch, and then went ahead with a run in the fifth on a single, a walk and four wild pitches.

But the Buddies exploded for four more in the fourth to win it. A walk, Sam Czaplowski's single, another walk and a passed ball tied the score at 5-5, and then Fix unloaded his second home run, blasting this one to centerfield, to win the contest.

Hamernik's Cops Two In Austin Softball Meet

Winona softball teams won two of four games in the Austin Midwest softball tournament Saturday.

Hamernik's Bar posted the two victories, topping Sheffield, Iowa, 5-2 in the first round and Nashua, Iowa, 3-0 in the second. Jim Langowski hurled a two-hitter in the second triumph and also slashed a home run, while Earl Buswell contributed a triple.

Hamernik's lost out in the quarterfinals, however, tumbling to Albert Lea 2-1.

Federated Insurance, the first half champion in the Winona City Softball League and the only other local entry in the tournament, fell in its first round game to Stranahan's of Waterloo, Iowa, 2-1.

Twins Place 4 on All-Stars

MINNEAPOLIS (AP) — The Minnesota Twins and Boston Red Sox, currently battling with Detroit for second place, will have the strongest representation on the American League All-Star team for the July 11 game at Anaheim, Calif.

With the naming of pitchers Saturday by Baltimore Manager Hank Bauer, both the Twins and Red Sox will have four men on the A.L. team.

Pitcher Dean Chance was named to the pitching staff, along with Boston's Jim Lon- borg.

Minnesota will have three starters — first baseman Harmon Killebrew, second base- man Rod Carew and outfielder Tony Oliva.

Oliva moved up to a starting position when Detroit's Al Kaline broke his hand, which will force him to miss the game.

Besides Lonborg, Boston will have shortstop Rico Petrocelli

and outfielder Carl Yastrzemski starting, with outfielder Tony Conigliaro a reserve selected by Bauer.

Chicago, Baltimore and California each will have three players on the team, New York, Detroit and Cleveland two each and Kansas City and Washington one each.

It will be Killebrew's seventh All-Star game. In his previous six appearances, he has hit 429 with two home runs and four RBI.

Oliva will be playing in his fourth game. He has only one hit — a double in 1965 — to his credit in 10 times at bat.

Chance, if he pitches, will be making his second All-Star appearance. He pitched three scoreless innings, giving up two hits and striking out two, in the 1964 game in New York.

Carew, the 21-year-old rookie, will be playing his first All-Star game.

MIDGETS PLAY CALIFORNIA TEAM TUESDAY

Players chosen from the four teams of the Park Rec Midget National League will form a team to compete against a baseball team from Arcadia, Calif., Tuesday at 7:30 p.m. at Gabrych Park.

All four teams in the Midget National loop, for 12-year-olds, will be represented: Skelgas, Watkins, Koehler Auto Body and Randall's. The Arcadia team is made up of boys 11 to 13 years old from the Christian Boys League which is touring the country this summer.

TWO RECORDS SET

SANTA BARBARA, Calif. (AP) — Barbara Ferrell of Los Angeles equaled the world record for the women's 100-meter dash as she won the National Women's AAU championship in 11.1 seconds. Charlotte Cook of Washington, cut eight-tenths of a second off her own American record for the 40-meter dash a victory in 52.5.

Twin Cities to Host Over 600 Athletes for Pan Am Trials

MINNEAPOLIS (AP) — The biggest all-sports extravaganza ever staged in Minnesota kicked off over the weekend when the vanguard of an influx of over 600 of the nation's top athletes arrived to begin training for the Pan-American Games in Winnipeg late this month.

Between July 19 and 22, the teams and individuals who will represent the United States in the Games will depart for Winnipeg.

Within the next two weeks they will flood over the Twin Cities area and to Mankato and St. Cloud for training and eliminations to decide who goes to Winnipeg.

The baseball, men's basket-

ball, boxing, gymnastics, wrestling and volleyball squads reported over the weekend.

Wrestling eliminations began today at the University of Minnesota. Sixty-five entrants will decide in head-to-head competition who will make the eight-man U.S. team for the Games.

Quarter and semifinals will be Friday night at St. Cloud State and finals Saturday night at Mankato State.

The 30-man baseball team began a week of practice leading up to five exhibition games which will decide the 18 players Coach Marty Karow of Ohio State University will take to Winnipeg.

The basketball team plays four exhibitions against college all-

star teams in the Twin Cities and will go to St. Cloud July 15 to meet the professional St. Cloud Rox of the Northern League. It may also play a game at Mankato against that city's Mets on July 14. But the latter game is not definite.

The basketball team has begun practicing under Coach Hal Fischer of Armed Forces Special Services, with assistance from Minnesota's John Kundla. Professional signings and injuries have cut into the cage squad picked after a trials tournament held in early April.

Boxing eliminations will be held Thursday and Friday at the St. Paul Armory. Among entrants are Rochester's Pat O'Connor and Rolland (Boom-

Room) Miller, veteran Golden Gloves fighter with the Wahpeton, N.D., team.

Gymnastics trials are Saturday at Hamline University, St. Paul.

Competition in the other sports — including the high-interest attractions of track and field and swimming — will be later.
