Governor's Program Looks Sound

DURING THE two years Gov. Harold LeVander has held office, he has consistently advocated increasing the state's tax revenues to alleviate the economic impact of the Vietnam War.

The governor noted that the federal government in the coming fiscal year expects to have a surplus of $16 billion; that surplus will be used to fight for the state's needs.

Governor LeVander noted that he would not expect that the state government would be able to balance its budget without some form of federal tax increase. He noted that the state's budget is about $233 million short of balanced revenue, and that the state would not expect to have the same surplus as the federal government.

TWO MILLION VOTES

The governor noted that the state government had already raised $2.5 billion in tax revenues through the state lottery, and that he was expecting to raise another $500 million through the sales tax.

The governor's Program looks sound.

Governor LeVander's proposals do not ask for the same increases in state taxes as he did in his first term, but he did say that the state would need to increase its tax revenues by $2.5 billion to $500 million to balance the budget.

Mr. Mayes, who is the state's chief executive officer, was quoted as saying that the state would need to raise its tax revenues by $2.5 billion to $500 million to balance the budget.

Heads must be turned in the direction of increased taxation, he said. The state would need to raise its tax revenues to help finance the federal government's increased military spending.

Dear Abby:

Planning Ahead May Be Answer

BY ARTHUR VAN Buren

DEAR ARTHUR: I am 85, born and raised in Wisconsin. I have spent two years in Florida, but have always lived in the North. Recently I have been thinking of making a move, however, to warmer climes. My health is good, in fact I am taking courses at the university and work full time. I have a small inheritance and have been thinking of moving to a small town in the South. I have been looking at places in Florida, but I have not decided yet. Do you have any advice? 

DEAR DON: Two minutes. And if she's still standing, taking, sit down. It's no. 

DEAR ABBY: I have a 27-year-old son who is engaged to be married. He is a very good boy, but I am very concerned about his choice of a wife. He is planning to get married in six months. His fiancée is a very nice girl, but I feel that she is not suitable for my son. She is very independent and does not want to be dependent on anyone. I have tried to talk to him about my concerns, but he is not listening. What should I do? 

DEAR ABBY: My husband and I have been married for 25 years. We have three children and we are both very happy. However, I have been noticing that my husband is being unfaithful. He has been spending a lot of time with a woman who is not his wife. I have confronted him about it, but he denied it. What should I do? 

DEAR ABBY: I work as a nurse in a hospital. I have noticed that some patients are not getting the care they need. They are not being taken to the correct rooms, and they are not being given the proper medicine. I have tried to talk to my boss about it, but she is not listening. What should I do? 

DEAR ABBY: I am a 25-year-old woman who is pregnant. I have been thinking about having an abortion. I have already seen a doctor, but I am not sure what to do. I am not ready to have a baby. What should I do?

SOURCE OF VALUES

We can get them from The Old Book — values a plenty to make the New Year really new. Of course there are many. Of course the months, the weeks, the hours are much like the old ones.

We should carry all the good things of last year into the New Year, and then add more.

Just how will your New Year be New?

We and others, like ourselves, will make the difference. Be more kind and patient in the home circle — then it will be a new house this year. Exhibit a better spirit as you do the old task — and the office, or shop, or kitchen will be a new place for the New Year. Worship more sincerely and work more in His program of service — then you will have a new church for the New Year.

Only a new Parish will make it a New Year.

Is WSC Bonfide Contender?

I can’t even remember having as much fun as this year,” contended Waconia State basketball coach Don Nilsen. “Just the feeling that the kids are physically and mentally ready to play and I also feel that we’ve got a pretty good team.

Jeroen’s unorthodox statements were somewhat
consistent with the idea that the Warriors are going to be a surprise team in the state, particularly against some of the more traditional powers.

Nilsen, who has been coaching in St. Louis Park for the past three years, said he was very pleased with the way his team performed against St. Michael.

“Jeroen is 5-10, but he’s a very quick player,” Nilsen said. “He’s also very strong and a good shooter.”

**YOU GET WELL...**

**WE'LL WORRY ABOUT THE BILLS**

One good reason for staying healthy three days in the high pressure of getting sick. And, to boot, you have four persons in disability every day. Others personally or directly. But if you are protected by the Ohio National Accident and Sickening Insurance, you know you don't have to go through being sick. You can be covered and in a short time, you don't have to worry about your sick days. Then, you can forget about the bills and spend your time on the things that really count.
