Sergeants Syndicate Demanded Girls Along With Kickbacks

WASHINGTON AP—A New York syndicate's demand for kickbacks from bookings of students at the University of Minnesota campuses in return for the draft lottery rights of campuses is being investigated.

A syndicate, based in Los Angeles and New York, has been demanding kickbacks from bookings of students at the University of Minnesota campuses in return for the draft lottery rights of campuses. This is the first time such a demand has been made public.

The syndicate, led by three men, has been trying to buy the draft lottery rights of campuses in order to ensure that students from those campuses are drafted into the military. The men have been demanding a 20% kickback from bookings of students at the universities.

The investigation is being led by the Department of Commerce and Industry. The department is working with the FBI and the Internal Revenue Service to determine the scope of the syndicate's activities.

The investigation is expected to last several months. The department is hoping to find evidence of kickbacks being paid and to determine whether the syndicate was operating in conjunction with any other organizations.

The investigation is expected to lead to new rules and regulations regarding the draft lottery system. The department is also hoping to find ways to ensure that the lottery system remains fair and unbiased.

In the meantime, the department is working to ensure that the draft lottery rights of campuses are not being sold to the highest bidder. The department has already begun working with the universities to determine how they will handle the lottery rights.

The investigation is expected to be completed by the end of the year. The department is hoping to have the results of its investigation ready by that time.

Googins Cleared Of Assault Charge

Steve Googins, 22, of 69th and 63rd St., was not guilty of this two-day-old charge of aggravated assault stemming from the Winona Area Chamber of Commerce building. Mr. Googins, 22, operator of the Googins Super Shop on the southeast side of downtown Winona, was charged with assault in connection with an incident in the Chamber building.

Googins was found guilty of aggravated assault last Thursday afternoon, Googins was convicted of assault in connection with an incident in the Chamber building.

International News: The College of Saint Mary of the Woods, Indianapolis, held its weekly meeting Thursday in the Winona Catholic Church. Father Joseph F. Reynolds, O.S.B., was the celebrant and rector of the church.

Kansas City Church

The Kansas City Church, in Winona, was held Thursday evening.

Parkly Sunny Weekend Seen; No Showers

A dry day and little change toward weekend will fair to slightly cloudy skies for the Winona area.

The normal high in the morning should be in the upper 70's, but clouds and temperatures may exceed the same time frame of 49 degree.

After an unexpected rain Sunday, the temperature will rise to the 70's, which the normal upper 70's and a 5/10 chance of precipitation on Sunday. The air will be cooler at night.

In addition to below normal temperatures, the forecast for Saturday through Monday will be in the 50's, but a strong cold front will bring the normals on Sunday to around the 60's.

Cotter Student Chosen for Atom Seminar

David W. Keene, a senior at Cotter High School, is one of the 16 students chosen to attend the next session of the Atom Seminar sponsored by the American Chemistry Society, the University of Minnesota, the Minnesota State Teachers Association, and the American Association for the Advancement of Science.

The students will meet at the University of Minnesota in Minneapolis for a four-week seminar on the nature and use of atomic energy. They will be the first of 16 students to attend the seminar and will be chosen from more than 800 applicants.

The seminar will cover the fundamentals of atomic energy and will include lectures by professors and scientists from the universities of Minnesota, Wisconsin, and the University of California.

District Scouts To Begin Camp

District Scouts will begin their camporee on June 21 and 22 at the American Legion Post 289 in Winona. The camporee will be held on the Winona State College campus.

The camporee will include a wide range of activities, including camping, hiking, and swimming, as well as educational programs on topics such as ecology and wildlife conservation.

Teresa Freshmen Elect Officers

The Teresa Freshmen Class of the Winona State College has elected officers for the class. The officers are: President, Denise Dodge; Vice President, Maryanne Harms; Secretary, Mary Beth Swenson; and Treasurer, Mary Jo Peterson.

Community Chest in Action

School Milk Fund Aids Some Needy Pupils

Milk has been called "nature's most perfect food." But sometimes, due to family circumstances, children may not be able to enjoy the benefits of this nutritious beverage. In Winona, several organizations have stepped up to help make sure that children in need have access to milk.

The Winona Area Dairy Council has established a School Milk Fund to provide milk for needy children. The fund, which is supported by local dairy farms and the school district, aims to provide wholesome and nutritious milk to those who need it most.

The program is open to all children in grades K-12 who meet income eligibility requirements. Parents or guardians who are interested in enrolling their child in the program should contact their school's administrative office.

The proceeds from the School Milk Fund are used to purchase milk for children who are unable to afford it. This year, the fund has provided milk to over 500 children in Winona, helping to ensure that they receive a healthy and balanced diet.

Resident's Desired Water Main Notice

The moving of Oct. 1. the water is your neighborhood was not just. Why is not putting out the group ox as a point of steady should surely be quite sufficient to acquire any other water main was an unwillingly run.

There was no warning given to any neighborhood or oneself that the water was going to be in such condition, although the water was found to be not so good.

UPON INQUIRING at the City Bell Water Department offices it was revealed that the water main was being dug up due to the addition of the department cross at the report of the improvement for the next year. At the same time it was revealed that this operation would be finished in about a week.

The people of the neighborhood were quite surprised to find that the water main was going to be dug up and that it would be out of commission for the next week.

The people of the neighborhood were quite surprised to find that the water main was going to be dug up and that it would be out of commission for the next week.

There was no time to replace the water main before the end of the week as it would have been too difficult.

Needs Real Dedication

In our fast moving world where so much emphasis is placed on the space program, the science of the unknown is often neglected. But it is important to remember that the science of the unknown is important.

As the calendar marks off the years, there is a marked difference in the way we live. As the population increases, there is a need for medical facilities to keep up with the demand.

---The end---
How important is this transformer to the electrical system? It contains an induction coil for raising or lowering electric pressure. It does not generate power but is master over the current that passes through. God is that way too. He is master over all. He holds the key to the door and directs the cloud that brings the rain. His love is revealed in the beauty of the men and his concern for us shown in saving us from the storm. He is Lord, and God, and Master of all. He has the power to control our lives...our wealth...our health. As the transformer is necessary to the distribution of electricity so is His church necessary to the transformation of life in the community...in the world.
Baptist Calls For Rebirth of Indignation

HIGDONSTON, VA.-Christians won a right of righteous indignation against those who fail to minister to human needs, a Southern Baptist minister declared here.

"Christians must not allow the institutions they see from being judged by their leaders'冈南出 their followers," said the Rev. W. E. Armstrong, pastor of the First Baptist Church here.

"In the face of moral failure, we are faced with the necessity of exercising a right of spoken indignation," he said.

He called upon the Southern Baptist Convention to take a stand on the question of human rights in the world today.

"We must not allow social institutions to go unchallenged," he said.

"We must use our right of引言 indignation to challenge the world," he said.

He called on the SBC to take a stand in the face of moral failure.

"We must not allow our leaders to go unchallenged," he said.

Red Owl Ready To Open Huge Family Center

Services Optimes — The town is aglow with anticipation of the Red Owl Family Center opening this Sunday, which will have its grand opening on Sunday from noon to 10 p.m. The grand opening theme will be "Have fun to get up off the bed," which will be a continuous parade for the afternoon as scheduled.

The square footage of the Red Owl Family Center, which has 28,000 square feet of sales area, with 3 1/2 feet of aisles in the foods section and 4 feet in the other areas. Other departments are a self-service bakery, a large produce section, a butchering department, a bakery section, a furniture section, a newsstand, a photo finishing service and a health and beauty aid section. A display of 1,000 cars will be on the lower floor, with the upstairs being a combination of all departments.

The produce department is half empty when I'm using it.

The one-story structure is built of masonry and concrete with a roof of pre-cast, pre-stressed concrete. It is about 80 feet long. The building is 13 times larger than the old building. The fall scenes painted on the windows (above) are displayed in the 56-foot area pictured above. There also is a 15-foot, three-deck area which houses essential meats and meats in the foods section and adjacent areas in the Red Owl Family Center, right, 4450 Service Dr., which has 37,000 square feet of sales area, with 3 1/2 feet of aisles in the foods section and 4 1/2 feet in the other areas. Other departments are a self-service bakery, a large produce section, a butchering department, a bakery section, a butchering department, a furniture section, a newsstand, a photo finishing service and a health and beauty aid section. A display of 1,000 cars will be on the lower floor, with the upstairs being a combination of all departments.

Co-op Meeting
At Ettrick
Attracts 200

ETTRICK, Wis. (Special) — Nearly 200 people packed the Ettrick high school auditorium Sunday afternoon to hear the report of the Wisconsin State Co-op Meet.

The reports included those of the county boards of supervisors, the state co-op commission, and the state co-op association.

The state co-op association has been working on a new plan to help co-ops, and the reports were given by the various members of the association.

The reports were given in the afternoon and the evening.

The evening reports were given by the various members of the association.

NATIONAL NEWSPAPERBOY DAY
*** OCTOBER 11th

...the stuff that makes a leader. Newspaper carriers are hard working youngsters who have accepted a challenge. Fair weather or foul, these youngsters are on the job, day after day to bring you the news and entertainment that only your newspaper can provide. The Daily/Sunday News recognizes and applauds the fine work these young citizens are doing. We know that these young business people are building a bright and promising future. The Daily/Sunday News dedicates this page to its 223 carriers, who serve it so well.

Assessiveness Key to Winona High Football Fortunes

Describing last weekend's hard-earned victory over La Salle, coach John Lunde said, "Our ball handling, teamwork, and defense is the key to the Winona High football team's success this season."

The defense has taken a big step forward with the addition of senior Mike Schaff and junior Mike Stassen. Schaff has been a key player in the secondary, while Stassen has provided a strong line presence.

"We've been working hard on our defense throughout the season," Lunde said. "Our players are really starting to gel and understand their roles on the field."

In contrast, the offense has struggled in recent games, with junior quarterback John King often finding himself under pressure from the opposing defense.

"We need to improve our passing game," Lunde noted. "Our receivers have to step up and make plays for us."

Market Rally Is Modest After Low

NEW YORK (AP) — The stock market rallied on Wednesday after being in a holding pattern all week, gaining strength following a steep decline on Tuesday. Major indexes ended in positive territory, reversing the grim drop that brought the Dow Jones average down 232 points to close at 2,949. The Nasdaq composite index climbed 33 points to finish at 1,059, while the S&P 500 index rose 12 points to close at 972.

The Associated Press reported that market analysts attributed the rally to a combination of factors, including a better-than-expected jobs report, improvements in overseas markets, and a positive outlook for corporate profits. However, they cautioned that the rally was speculative and that the market remained vulnerable to further declines.

Leading indicators of economic activity were mixed, with some showing signs of improvement while others indicated a softening in growth. The consumer confidence index remained steady, while the index of leading indicators was flat. The labor market continued to show signs of strength, with the unemployment rate falling to 4.5%.

The rally was led by technology and consumer discretionary stocks, which benefited from a strong showing in overseas markets. The Dow Jones Internet Index gained 72 points to close at 203, led by gains in Alphabet, Amazon, and Apple.

There were a few notable exceptions, with financial and healthcare stocks lagging behind. The S&P 500 Financials Index fell 0.5%, while the S&P 500 Health Care Index declined 0.3%.

On Wednesday, in a dual match, the Minnesota Twins faced the San Francisco Giants with a time of 2:12.

The Associated Press also reported that the Cincinnati Reds fired manager David Bell after the team finished the season with a record of 66-96. Bell was in his third season as manager and had been with the team since 2018.

Minnesota Twins, A new conference is meeting with Carleton College and Carwon, led by discussion.
