Wayne special 'just didn't work very well'

By CYNTHIA LOUHEY

Tonight (AP) - Big John Wayne movie "The Quiet Man" Began Monday night, starring Maureen O'Hara and Victor McLaglen in a story of the Irishman who returned from America to his native land. It was a screen delight, with its combination of humor, action, and pathos. The film was directed by John Ford.

"The Quiet Man" is a classic example of the way in which director John Ford captured the spirit of the Irish people. The film was shot on location in Ireland, and the actors were able to capture the mood and atmosphere of the country. The story of the returning Irishman was told with great skill and sensitivity, and the audience was transported to Ireland by the film.

"The Quiet Man" was a box office hit, and it remains a beloved classic of Irish cinema. It is a story of love, loss, and redemption, and it remains a powerful testament to the enduring spirit of the Irish people.

Washington — The甘肃 attack on the U.S. embassies in the Islamic Republic of Iran on November 2, 1979, left 52 Americans, including the U.S. ambassador, hostages in the embassy. The attack was a surprise, and the reasons for it were not immediately clear.

The hostages were seized by the Islamic Republic of Iran government, which claimed they were agents of the U.S. government. The U.S. government denied the allegations, and the situation quickly escalated into a diplomatic crisis.

The crisis continued for over a year, with the hostages being held for 444 days. During this time, the U.S. government worked to negotiate the release of the hostages, but negotiations were unsuccessful.

The crisis led to increased tensions between the U.S. and Iran, and it ultimately resulted in the U.S. cutting off all diplomatic relations with Iran.

Dear Abby:

He willed waitress service tips

BY ANNAH W. JENKINS

Dear Abby: Something happened in the lunch room which I think should be brought to your attention. A little boy who is very small, and has a mental handicap, was eating a piece of bread when he dropped it. The boy was very upset, and every time he looked up at the table he was met with derision and ridicule. I was appalled at the reaction of the other children. The boy, with tears running down his cheeks, went through the cafeteria line. As he passed our table, I asked the boy if he wanted some chocolate milk on his bread, and he said yes. When he returned to our table, I asked him if he would like the rest of my meal, and he said no. He was very happy with the chocolate milk I gave him.

I am writing to you to say that we should all take a moment out of our busy schedules to think about others, and to show kindness and compassion to those who may be in need. We should all strive to make the world a better place for everyone. Thank you for your time and attention.

Sincerely,
[Signature]

Dear Abby:

Your column brought tears to my eyes. The situation you described is all too common. It is heartbreaking to see children being bullied in this way. We should all be aware of the impact our actions have on others, and strive to be kind and understanding.

Sincerely,

Dear Abby:

I am writing to you to ask for your help. I have been working at a restaurant for several years, and I have noticed that many customers do not tip enough. In fact, some customers do not tip at all. I believe that waitstaff deserve to be tipped for their hard work, and that we should all make an effort to tip generously. I have been trying to spread this message to my co-workers, but I feel like I am alone in this. I would greatly appreciate your help in spreading this message.

Sincerely,

Will EVERY Winona child have a happy Christmas this year?

Each pre-Christmas season since 1910 the Winona Goodfellows have asked for contributions in the columns of this newspaper to see that EVERY Winona child has a Christmas.

The Goodfellows volunteer workers buy underprivileged youngsters the things they need most as Christmas gifts. Goodfellows gifts are items like snowsuits, underwear, overshoes, warm caps and mittens — all the things the children must have to keep warm and dry during the cold winter months. No Goodfellows money is spent for toys, but when toys are received they are distributed.

Without Goodfellows help, several hundred Winona children — through no fault of their own will face the winter dressed in inadequate clothing. They will go without the essential clothes which most of us take for granted. With YOUR Goodfellows help, all will be properly dressed.

Public and parochial school teachers, who see the condition of children’s clothing every day, draw up lists of children they believe to be needy. Names of pre-school children are obtained from city and county welfare departments and from letters received by the Goodfellows.

All names submitted are put on file with the Christmas Bureau of the Council of Social Agencies, which provides a screening opportunity and serves to prevent duplication of giving by another agency.

Needy children are taken from the schools to Goodfellows headquarters downtown where they are fitted with clothing items according to individual needs. Goodfellows volunteer workers stock up on “good buys” at Winona stores before the children come, and if possible, they are fitted at the headquarters to save time. If a proper fit cannot be made there, however, the children are taken into the stores, which provide discounts on all Goodfellows merchandise.

If you intend to make a Goodfellows contribution, the volunteer workers would appreciate it if you would do it as soon as possible. If contributions come in early, it makes it a good deal easier for the workers to project the average amount that may be spent for each child, and in cases where a child needs many items, they may buy them for him at the time. Because of the work pressure between now and Christmas, there is no chance to call back a child a second time if it appears later that more money is available.

Send contributions to The Goodfellows, in care of the Daily News. Each contribution will be listed in the Goodfellows column. Contributions are deductible for income tax purposes.

Don’t let the tragedy of an empty Christmas happen to any Winona child this year. Give generously, won’t you?
Search for pilot who stole airplane

JACKSONVILLE, Fla. (AP) — The FBI is searching for a pilot who displayed a flight plan and took off Thursday from a Jacksonville airport, just days before he was to be released from prison on work release.

Thomas Elam, 57, of Jaxsonville, is a convicted bank robber who has been in prison since November 1989 on charges of stealing more than $1 million from banks in the Southeast.

Elam is believed to be in the area of the airport, which was closed to commercial flights early Thursday morning.

According to the FBI, Elam was released on work release earlier this year, but he was arrested again in December after he stole a car and led police on a high-speed chase.

The FBI said Elam has a history of violent crime and is considered armed and dangerous.

Elam's case is being handled by the FBI's Jacksonville office, which did not return calls seeking comment Thursday.

Elam's last known whereabouts were in the area of the airport, according to the federal agency.

If you're one of those who love to watch sports, then this is the story for you. USC defeated UCLA 53-7 in the first game of the Los Angeles Regional. The Trojans' defense has been dominating the opposition for the past few weeks, and their offense has been equally impressive. USC's quarterback, John Elway, completed 18 of 20 passes for 280 yards and four touchdowns in the win.

In other sports, the Minnesota Vikings defeated the New York Giants 38-0 in the NFL's divisional round. The Giants' offense was nonexistent, while the Vikings' defense was dominant. The game was played in frigid New York, where temperatures dropped to 10 degrees below zero.

The Milwaukee Brewers defeated the Los Angeles Dodgers 4-0 in the MLB's National League Championship Series. The Brewers' starting pitcher, Ben Sheets, allowed just two hits in seven innings, and their offense scored four runs on five hits. The Brewers will face either the St. Louis Cardinals or the Atlanta Braves in the World Series.

In other news, the University of Notre Dame basketball team won its first game of the season with a 107-80 victory over the University of Houston. The Irish, led by senior guard Steve Lavin, scored 27 points on 11-of-17 shooting from the field. The game was played in South Bend, Indiana, in front of a crowd of 10,000 fans.
