La Crosse man questioned in BRF killing

BLACK HILLS FALLS, S.D. — The two men questioned by Jack- son County Sheriff's deputies in connection with the shooting death of a man near Black Hills, S.D., Saturday night, were released without charge.

A 20-year-old Spring Valley, Wis., man and a 19-year-old rural Winnebago, Wis., man were questioned by Sheriff's deputies after a man was found dead in the Black Hills area.

The man was shot and killed in the area of the Black Hills area, according to the sheriff's office.

Winona banker to participate in workshop

K. L. Hanks, executive vice president of Winona National Savings and Trust Co., is a member of the Minnesota Farm Bureau Federation and leading Coffee Recycling and Books Workshops, sponsored by Minnesota Bankers Association (MBA). These workshops will be held in April 3 and 4 and November 4 and 5.

Motorcyclist is transferred to Rochester

The Minnesota State Patrol, in cooperation with the Winona County Sheriff's Office, has identified the body of a man who died in a motorcycle accident near Highway 18 and Lake Drive, Winona.

The accident occurred on Highway 18 near Lake Drive, Winona, when a car hit the rear of the motorcycle, causing it to flip over.

The man was transferred to Mayo Clinic, Rochester, where he died of his injuries.

Annual flushing of wells

Winona water department to flush water mains

The Winona water department is planning to flush water mains in the city to improve water quality and reduce the risk of contamination.

The flushing process involves releasing pressurized water through the mains to dislodge any sediment or debris that may have accumulated over time. This process is important to ensure that the water supply remains safe and healthy for the residents of Winona.
Handgun control bill faces key test Tuesday

SC PAUL, Minn. (AP) — The subcommittee of the Minnesota House may vote Tuesday on one of the most controversial proposals to hit the legislature this session— the bill to apply stricter controls on handgun sales.

A delightful additive to our culture

There were those attractive young black women performing the Quintana dance. The drums provided a soulful rhythm that filled the room, captivating everyone present. It was a delightful addition to our culture, reminding us of the rich heritage of African American music and dance.

Other than the delightful performance, there was a successful auction of art. It was an evening filled with laughter and joy, where we had a fantastic time.

The imperturbable Spiro Agnew, a man who never seemed to be bothered by anything, was celebrated in this newspaper as well as in all A.P. news dispatches.

JAMES RESTON

WASHINGTON — Vice President Agnew is taking the high road with his attacks on the press and philosopher-cynics who would have it.

W. HENRY C. BONNER

Washington Post

Winford M. Graham

In a speech, Mr. Agnew said that the press was out to get him. He accused the press of being unfair and biased, and warned that the press would suffer consequences.

The Washington Post was not the only newspaper to report Mr. Agnew's speech. The New York Times also covered the story, noting that Mr. Agnew had made similar remarks in the past.

BRUCE S. MCNAIR

Washington Post

To the editor

Why not prohibit those big cars?

It was interesting to read your approving appraisal of the bill co-sponsored by Rep. McClure and Rep. Mashar which would provide for consumer protection in the area of motor vehicle sales.

We must protect ourselves in the area of lack of safety research for the future. But is the best to have only a seat belt a tax on personal responsibility? We all know that an automobile used on our highways can take a turn for the worse. But it is the best to have it right now and get it for the future. A seat belt can save your life in the future.

We don't want to be victims of the problem and then have to work for the future. It is our responsibility to all to make sure to be safe in the future.

WILLIAM ADKINS and RUE JOHNSON

Scleroderma research

As a victim of a rare disease called "scleroderma," I have followed the National Institutes of Health's scleroderma research. This research is being done at the University of Southern Models Health. It is our only hope for a cure to this disease. Its purpose is to help save my life.

NORA JOHN BALEY

New Castle, Pa.

Call out Butz

I recall your paper where Agriculture Secretary Butz talked about "fixing things" and really got the public's attention. I called my local representative to give him the facts.

I don't think we are going to produce more beef in the future. Our industries are being forced to sell our products. We need to have a new policy that helps support our industries.

HAROLD J. BIRKBY

Menomonie, Wis.

A question of 'and/or'

We are currently in the process of electing a new president. I think we should all vote for a 'and/or' ticket for our next president. Our country needs this type of leadership.

ROBERT J. BOSLEY

Minneapolis, Minn.

The 1960 Census

I was interested in your article about the 1960 Census. I think it is important to take accurate census counts. I hope the next Census will be held in 1970.

DOROTHY J. BOSHER

Mountain View, Calif.

American grows more reluctant to use our troops elsewhere

As a direct result of the Viet-Nam war, there has been a great deal of talk about the use of American troops outside the country. One would think that the presence of American troops in other countries would be a primary concern to the American public. Not so. Americans are more reluctant to use their troops elsewhere.

Dr. B. R. JONES

80-year-old widower looking for a woman

Dear Abby:

I may be the first 80-year-old man to ask you a question, but my position is urgent. I was married for 50 years, but my wife, who was magnificent, passed away a year ago. Now I would like to meet a sensible woman to invite to dinner and stay with me for the remainder of my life. I promise I won’t be a bore, but I don’t want a nurse who is underfoot! I am not interested in any womanly activity, so I require a woman who is given to conversation and not sex. We should have little or no sex unless five times a day, and if that is not possible, I will resign. I would like to invite a woman with a good sense of humor to be by my side every day and preferably one who can play a good game of gin rummy. I am a native of Mayo Clinic, Rochester, and am employed as a medical secretary. I have my 80th birthday June 18, 1933 at Trinity Lutheran Church.

I look around and ask for a woman who can play a good game of gin rummy. So where is she? I see no women who can do the job. Is this a time of shortage?

Many area chapters were invited to present a paper, and many were accepted. Published are several books on the subject. I would like to present a paper on the subject of the problem of sex in the elderly.

I hope you can help me with this problem. I am not about to give my wife any ammunition against me. I have always been a good husband.

Thank you very much,

[Signature]

Dear Abby saw the problem and wrote,

I am writing to you as a medical secretary and I am employed by R. D. Cone Co., Technical Institute and am not interested in any womanly activity, so I require a woman who is given to conversation and not sex. We should have little or no sex unless five times a day, and if that is not possible, I will resign. By medical society chief —

Social health legislation hit
An angry, divided school district

MADISON (AP) — Social health legislation and health care regulations, once the favorite legislation of the current year, is being considered as the new president of the state Medical Society.

Dr. C. D. Dean of Madison, appointed chief of the state Medical Society in late February, early in his term, is expected to discuss the legislation during the annual meetings of the society scheduled for next week.

He said the group's main concern is to see that the state Medical Society has the means to implement its goals.

He noted that the society is working on a plan to implement the legislation.

The legislation would establish a health insurance program for doctors and nurses.

Dean urged the society to make sure that the legislation is implemented, integrity and good faith are maintained,

He said the legislation is being implemented in a "diligent" manner, "through the medium of the state Medical Society and in its name the people of this state.

The legislature is being second-guessed about 115 policy-making decisions.

A group of people who expound a philosophy of inpatient Idealism says that the state Medical Society is being "second-guessed about 115 policy-making decisions.

"The National Medical Association has been working on a plan to implement the legislation.

The society must oppose such programs as national health insurance, the group says, in order to protect the public health and to ensure the provision.

Dean said he has been a strong advocate of the legislation and has fought hard for its passage.

He said the legislation is being implemented in a "diligent" manner, "through the medium of the state Medical Society and in its name the people of this state.

The legislation would establish a health insurance program for doctors and nurses.

Dean urged the society to make sure that the legislation is implemented, integrity and good faith are maintained.

Meet the new Murderers' Row

BY THE ASSOCIATED PRESS
New York, June 9 (AP) - The New Murderers’ Row is ready to begin batting again for the New York Yankees, and the Carolina (S.C.) Times says the team is ready to take on the world. The New York Yankees have announced that they will play their first game of the season against the Boston Red Sox on April 13 at Yankee Stadium. The game will start at 1 p.m., and the Yankees are expected to win.

Bucks stagger to 12th straight win

The Milwaukee Bucks managed to pull off a victory against the Philadelphia 76ers on Monday night, but it wasn't easy. The 76ers had a strong showing and led by as much as 11 points in the fourth quarter. But the Bucks managed to rally back and take the lead, winning the game by a score of 118-109. The victory was the Bucks' 12th straight win, and they are now in the thick of the playoff race.

Anoka

Anoka (from page 17 and active in Class AA)

The Anoka Tornadoes, a team from Anoka, Minnesota, made it to the Class AA championship game on May 23, 1973. The game was held at the home of the Anoka High School, and the Tornadoes won with a score of 35-26. The team was coached by Larry Dandridge and had a record of 24-5 for the season.

In the Class AA championship game, the Tornadoes defeated the Richfield Bombers with a score of 35-26. The Tornadoes scored three runs in the bottom of the first inning and added another four in the second inning. They continued to add runs throughout the game, ultimately winning by a score of 35-26.

Among the team's notable players was Rick Monday, who hit his first home run of the season during this game.

Bartow named

Bartow (from page 17 and active in Class A)

The Bartow High School basketball team made it to the Class A championship game on May 16, 1973. The game was held at the home of the Bartow High School, and the team won with a score of 23 points, making it their fourth straight win.

The Bartow High School team was coached by Earl J. Moncrief and had a record of 21-6 for the season. The team was known for their strong defense and ability to play well under pressure.

The team's victory over Richfield was a sweet one after having lost to the Tigers in the regular season.

The win was a fitting end to a tremendous season. Bartow insisted that none of our success is by accident. "We just kept our poise," he said. "It was the kind of game where if there's just one second to play, you've got to know how to handle it. We've been doing for 29 games."

Touesly Ford Service Technicians Win Awards

Mr. Bill Black and Mr. Frank Black were honored by the Ford Motor Company Service Division for being two of the top 250 Ford technicians. Very few technicians in the country earn this honor, and the Black brothers were among the very few who did.

Mr. Black and Mr. Black were awarded a trip to the Michigan State Fair and a chance to drive a car on the streets of Detroit. In addition, the brothers were presented with a special plaque recognizing their dedication to the Ford Motor Company.
Ciardo puts together 668

Sunday breakers generally don't keep the pre-season quality up, and the players in New York are no exception. The Giants' B-Ball schedule is off until next month, and the Giants beat the Cardinals 2-1 in a split doubleheader. Ciardo, with his 6-7 record, is the only Giants' pitcher with more than one win. He's also the only Giants' pitcher with a higher ERA than 5.0. Ciardo's last start came with an unassisted shutout of the Cardinals, but he won't be pitching on Tuesday.

Stock market generally up; trade moderate

NEW YORK (AP) - Stock market prices were generally higher today in moderate trading, after a steep decline on the previous week and domestic events. The Dow Jones average ended the day at 61.00, up 0.25 from the previous close. The market opened lower but rallied in midday trading. The NASDAQ index ended the day at 61.00, up 0.25 from the previous close. The market opened lower but rallied in midday trading.
