Support lacking

North Vietnam aid delayed indefinitely

By JENNIFER J. FRIED

WASHINGTOIl (AP) - Aid to North Vietnam for 1973
will be delayed indefinitely, Secretary of State Henry
Kissinger said today.

The decision came after a six-hour
session between Kissinger and a high

"The talks are deadlocked," Kissinger
said. "It will be up to the North Vietnamese to
see what their next step is going to be.

The two sides will meet again in mid-
October to resume the talks.

Kissinger said the United States was ready
to provide aid on a "small scale" to
Vietnam, but he did not specify what
that might mean.

However, a State Department spokes-
man said the United States would not
commit itself to providing aid on a large
scale until after the next meeting.

The spokesman said the United States was
keeping an "open mind" about aid.

The North Vietnamese delegation is
led by Foreign Minister Le Duc
Tho.

Kissinger said the United States had
offered to provide up to 50% of what
North Vietnam had asked for in its
1973 aid request.

"The United States will not commit itself
to provide aid on a large scale until
after the next meeting," Kissinger
said.

But he added that the United States
would not commit itself to providing
aid on a small scale until after the
next meeting.

Kissinger said he had discussed the
question of aid with President Nixon,
who has been pressing for a cease-
fire in Vietnam.

"The President has not made up his
mind about the issue," Kissinger
said. "He is still considering the
question, and he will make a decision
in the next few weeks."
POW's resistance to pain had demoralizing effect on captors

LEGEND REBUTTAL... Approximately 100 people participated in a demonstration Friday at the Veterans Administration Medical Center in West Baltimore to protest the VA's policy of withholding treatment from prisoners of war. The demonstration was one of several nationwide organized by veterans groups and antiwar organizations. The demonstrators chanted: "We want our POW's treated!" and "VA - Don't Play Politics with Our POW's!"

"We could have sustained severe injury if we had not yet been captured," said U.S. Rep. Gerald Ford, R-Mich., a member of the House Armed Services Committee, in a statement to reporters. "I urge the VA to immediately cease its practices of withholding treatment from POW's until such time as a legal ruling has been made." The demonstration was organized by the POW's family member organization, the National Committee forDRV's Reunification. The Committee is led by former POW John H. Stengle, who was captured in Vietnam in 1968 and released in 1974.

"It's not just a matter of physical treatment," Stengle said. "It's a question of psychological well-being. The VA's actions are demoralizing and demoralizing behavior by the captors." Stengle said the VA's actions are demoralizing and demoralizing behavior by the captors.

"It's not just a matter of physical treatment," Stengle said. "It's a question of psychological well-being. The VA's actions are demoralizing and demoralizing behavior by the captors."

Dean refused to attend the conference, saying "I don't want to associate myself with those who are responsible for the mistreatment and torture of POW's." He also said he would not attend any other conferences unless the VA promised to treat all POW's as equals.

"I refuse to participate in any conference that seeks to minimize the suffering of our POW's," Stengle said. "I will continue to fight for the release of all POW's and to ensure that they receive the best possible medical care possible."

Stengle's actions have been met with mixed reactions. Some veterans groups have praised him for standing up for the rights of the POW's. Others have criticized him for not participating in the conference.

"I don't want to associate myself with those who are responsible for the mistreatment and torture of POW's," Stengle said. "I will continue to fight for the release of all POW's and to ensure that they receive the best possible medical care possible."

Weather to remain soggy

Weather summary

Thursday: Cloudy with a 70% chance of showers. Highs in the 50s. Lows in the 30s.

Friday: Mostly cloudy with a 30% chance of showers. Highs in the 40s. Lows in the 20s.

Saturday: Cloudy with a 60% chance of showers. Highs in the 50s. Lows in the 30s.

Sunday: Mostly cloudy with a 40% chance of showers. Highs in the 40s. Lows in the 20s.

CST schedules

Pan American week activities

A week of special events has been arranged for the observance of Pan American Week being held at the College of Education.

The week of activities will be centered around the celebration of the 85th anniversary of Pan American Day. The events will include a series of lectures, a film festival, and a concert featuring traditional music from Latin America.

The highlight of the week will be the Pan American Day celebration, which will feature a parade and a community picnic.

The events are open to the public and will take place on the campus of the College of Education. For more information, please contact the Pan American Week committee at (507) 123-4567.
Wounded Knee confrontation to end officially Saturday

By RENNIE FRIED

Wounded Knee, S.D. — The Indian people face no occasion more important than the one which was the focal point of the Occupation of Wounded Knee. The Indian treaty has six points:

1. The government agrees to the occupation of Wounded Knee.
2. The government agrees to the occupation of the Pine Ridge Reservation.
3. The government agrees to the occupation of the Oglala reservation.
4. The government agrees to the occupation of the Cheyenne River Reservation.
5. The government agrees to the occupation of the Black Hills.
6. The government agrees to the occupation of the Uintah Reservation.

The department will also seek the approval of the United States Supreme Court of the United States. The occupation of Wounded Knee is a violation of the Indian treaty.

If we want to avoid a violent confrontation, we must recognize the occupation of Wounded Knee as a violation of the Indian treaty.

The department will also seek the approval of the United States government to occupy Wounded Knee. The occupation of Wounded Knee is a violation of the Indian treaty.

The department will also seek the approval of the United States government to occupy Wounded Knee. The occupation of Wounded Knee is a violation of the Indian treaty.

**WASHINGTON** — The hotly anticipated Watergate probe came to a close yesterday with the resignation of President Richard M. Nixon, who was charged with obstructing justice and lying to Congress.

Nixon was impeached by the House of Representatives and convicted by the Senate of high crimes and misdemeanors, making him the first president in U.S. history to resign.

The Watergate scandal began in 1972 when Nixon's campaign was accused of illegally wiretapping and burglarizing the Democratic National Committee headquarters in the Watergate complex in Washington, D.C.

Nixon's administration denied any involvement in the break-in, but evidence emerged that top officials of the White House were aware of the break-in and had ordered a cover-up.

The scandal grew as more evidence came to light, including the recording of the White House, which revealed Nixon's knowledge of the cover-up.

Nixon's resignation came after a long and controversial impeachment process, during which he was accused of obstruction of justice, abuse of power, and lying to Congress.

Nixon's resignation was a defining moment in American history, marking the end of an era and setting the stage for much of the political landscape that followed.

**WASHINGTON** — The White House is completing little-known experiments in space travel as part of an effort to determine how it can be used to colonize the moon and Mars.

The experiments, which are being conducted in secret, involve the use of advanced technology to simulate the effects of gravity and microgravity in a controlled environment.

The experiments, which are being conducted by a team of NASA scientists, are designed to help researchers understand how humans will adapt to living in space and how they can survive and thrive in the harsh conditions of the moon and Mars.

The experiments are part of a broader effort by NASA and other space agencies to develop the technology needed to support human missions to the moon and Mars, and eventually to Mars, in the future.
Abortion alternative letter wins praise

"An alternative to an abortion" (April 1) was the best letter I've read in Winona. Who is trying to push this abortion issue? Nonsense. The students who are protesting are the people who are fighting to keep the country free. I'm personally against abortion, but I support the right of people to make their own decisions. The fact that there is an alternative is a step in the right direction.

Student opposes Sugar Loaf wall

This is written in response to the editorial March 31 about the Sugar Loaf wall. I would like to add a few points:

1. The student group should be held responsible to the college president and make its membership open to all interested students.

2. The need for the wall is not due to safety concerns, but rather to provide a barrier for tourists.

The primary purpose of the wall is to provide a scenic view, not a barrier. The wall would also obstruct the view for those on Sugar Loaf, the present path would probably be widened and paved to make it more accessible to tourists. In its present form, Sugar Loaf presents a semi-natural environment which is becoming scarcer in our technological society.

Student Senate at WSC scewed from faculty

Winona State College's Student Senate, which is responsible for making decisions affecting the student body, has been compromised by the faculty. The student group should be held responsible to the college president and make its membership open to all interested students.

Funny columns pose problem

With all the remonstrations bringing the most behavior and their proof, I think that all should be shared in the total destruction of the American humor. Try it, I'm sure you'll love it.

Proximate: prices to continue rise

WASHINGTON (AP) — ‘Holy, you ain’t seen nothing yet,' said Rep. Frank W. Hamer, D-Texas, in a speech on the Senate floor Thursday, predicting that prices would continue to rise.

Hamer said that during the last year, prices have jumped 4.6 per cent. He also said that the proposed price controls would be a "farce" because the administration is providing "no protections for the consumer." He added that the price controls would be a "way of bolstering the political careers of many members of Congress." His statement was met with a lot of applause in the Senate chamber.

Proximate further estimated that the administration for not taking action against price fixers. He said that the administration was "not doing its job." Proximate said that the administration was "interested in the profits of the companies, not the consumer." He added that the administration was "more interested in the profits of the companies than the consumer." He added that the administration was "more interested in the profits of the companies than the consumer."

Bread is vital. "Give us this day our daily bread." The Great Baker stored the world with enough for all, but millions of human beings lie down at night hungry. The knife is held by selfish hands and the slices are very thin. Beware of him that holds oars, the people shall curse him. Who stops his ears at the cry of the poor, he also shall cry himself but shall not be heard, Prov. 21:13. From the pulpit we are offered Heaven's loaves...slices will be ample for our needs.

Each crumb is precious but stone needs the whole loaf. We do not live to eat...we eat to live. We are invited to break the bread of life as Jesus broke the loaves beside the sea. Bread is vital to the soul. As the body is of the earth and must be fed from the earth, so the soul is of Heaven and must be fed from Heaven. This bread of life is found in God. It is in the Bible, it is in the church. If you are hungry, go where bread is found. Take it, eat, and live, thus saith our God. 11:24.

This bread of life is found on the altar and in the hands of the people of God. In the church. Be faithful. Be a Churchman!
Many PWO's sustained themselves by prayer

By GEORGE W. CORDWELL

The WPA's problem of sustenance was solved by the use of PWO's. The PWO's were used for various activities, such as building projects and community services. The PWO's were divided into two main categories: the home PWO's and the community PWO's. The home PWO's were responsible for the maintenance of the household and the community PWO's were responsible for the maintenance of the community. The PWO's were chosen from the local community and were supervised by the local PWO's. The PWO's were paid a small amount of money for their work and were able to sustain themselves during the depression.

The New Birth

In the 3rd chapter of John, Christ told Nicodemus that except a man be born again he could not see the kingdom of God. He said a man needed to be born again of water and the Holy Spirit. Now we have a new religious creed which is not known as "faith only" or anything else. Let's examine what is accepted by this doctrine.

We know that Jesus was crucified for our sins and rose from the dead. He is the only way to salvation. We believe in the forgiveness of sins through faith in the name of Jesus Christ. We believe in the resurrection of the dead and in the life everlasting. We believe in the Holy Trinity, the Father, the Son, and the Holy Ghost. We believe in the inspiration of the Holy Bible and the infallibility of the Catholic Church.

Rev. James M. Nelson, who served as pastor of the Linton Moravian Church, has been appointed by the bishop to the new mission in Nome, Alaska. The mission will be established in Nome and will serve the surrounding area.

Theatrox Group to appear at Lenten service

The theatrical group "Theatrox" will appear at Lenten services in several churches. The group is made up of students from the local high school and is sponsored by the local minister's wife. The group will perform a variety of plays and skits, including a musical based on the life of Jesus. The group will also perform a play about the life of Saint Francis of Assisi.

The director of the group, Mr. John W. Bonner, said that the group is looking for new members. If you are interested in joining the group, please contact Mr. Bonner at 555-1234.

Area church services

The following is a list of church services for the week of April 17:

- First Congregational Church, Alma, will use its new sanctuary on May 1. Members will gather in "the new and lovely sanctuary for two weeks before singing the "Hymn of the New Life." The theme of the week will be "New Life," and the Rev. L. J. Haffner will preach on "New Life, New Hope, New Vision." The service will be at 9:30 a.m.

- Highland Lutheran Church, Albany, will hold a confirmation service at 10:30 a.m. on May 1. The Rev. J. F. Schade will preside at the service and will be assisted by the Rev. L. J. Haffner.

- Saint John's Lutheran Church, Dell Rapids, will hold a confirmation service at 10:30 a.m. on May 1. The Rev. J. F. Schade will preside at the service and will be assisted by the Rev. L. J. Haffner.

- Saint John's Lutheran Church, Dell Rapids, will hold a confirmation service at 10:30 a.m. on May 1. The Rev. J. F. Schade will preside at the service and will be assisted by the Rev. L. J. Haffner.

- Saint John's Lutheran Church, Dell Rapids, will hold a confirmation service at 10:30 a.m. on May 1. The Rev. J. F. Schade will preside at the service and will be assisted by the Rev. L. J. Haffner.

- Saint John's Lutheran Church, Dell Rapids, will hold a confirmation service at 10:30 a.m. on May 1. The Rev. J. F. Schade will preside at the service and will be assisted by the Rev. L. J. Haffner.

- Saint John's Lutheran Church, Dell Rapids, will hold a confirmation service at 10:30 a.m. on May 1. The Rev. J. F. Schade will preside at the service and will be assisted by the Rev. L. J. Haffner.

- Saint John's Lutheran Church, Dell Rapids, will hold a confirmation service at 10:30 a.m. on May 1. The Rev. J. F. Schade will preside at the service and will be assisted by the Rev. L. J. Haffner.

Guides needed for governor’s fishing visit

The governor needs a guide — a fishing guide that is.

More than 100 other wineries and assorted dignitaries will be joining Minnesota Gov. Rudy Perpich for his annual fishing visit to Winona March 4, and he will need fishing partners to cast a line and help him reel in the day. Mr. Perpich himself will be the angling guide. The event, more than 50 area fishermen have been contacted for the event, is scheduled to begin at 2:30 p.m., and will meet in the Elks Club at 7:15 p.m. with any-.

Lake committee moves to become non-profit

In an effort to make all the paperwork easier, the Winona Lake Waterway Committee, with the help of Attorney David L. Johnston, has recently filed articles of incorporation with the state of Minnesota, making the committee a non-profit corporation.

A contract with the Winona County Development Corporation, which makes the city responsible for ongoing maintenance, was signed at Thursday's committee meeting and is being submitted to the state for approval.

The committee will, if the state approves the contract, be able to solicit the 380-acre Lake Winona into the county's jurisdiction.

Bruins lose Esposito

By THE ASSOCIATED PRESS

BOSTON (AP) — The Bruins let go of their leading scorer and one of their longest-tenured players on Monday when they traded winger Derek Sanderson.

Sanderson's departure comes as part of a broader trend of veteran departures in the NHL. The trade also marks the end of an era for the Bruins, who announced earlier this month that Sanderson would retire after the season.

"It's been an honor to have you here with us," the team said in a statement. "Thank you for all your contributions to the Bruins organization, both on and off the ice. We wish you the best in your future endeavors."

Stock market rallies after five-day fall

NEW YORK (AP) — The stock market rallied today, recovering from a five-day slide. Investors attributed the recovery to improved investor confidence and a sharp decline in interest rates. Traders were encouraged by the news that a number of companies were increasing their dividend payments and that earnings reports were generally positive.

The Dow Jones Industrial Average rose 22.5 points, to 6,000.00. The S&P 500 gained 14.5 points, to 720.64. Advances forged a 7-to-4 ratio as rising issues outnumbered declining issues by nearly two to one on the New York Stock Exchange. A total of 1,400 common stocks traded, with 930 up, 430 down, and 20 unchanged.

Analysts linked the market rally to several factors, including the Federal Reserve's decision to lower interest rates and the ongoing economic recovery. They noted that the market had been in a correction mode for the past five days, and that today's rally was a needed rebound. The Dow Jones Transportation Average also rose, gaining 22.5 points, to 60.00.

Miss Valley Rider queen contest set

The Miss Valley Rider Queen contest, sponsored by the local American Legion Post, will be held on Saturday afternoon. Contestants will be judged on their beauty, poise, and related qualities. Prizes will be awarded for the winner.

South Dakota gas blast kills woman

A tragic gas blast in South Dakota killed a woman and seriously injured several others. The blast occurred in a small town with a population of 2,500. A gas leak caused the explosion, which occurred in a home while the family was having dinner. The woman, a mother of three, was pronounced dead on arrival at the hospital.

Transportation

A new bill was introduced in Congress to improve transportation infrastructure. The bill would provide funding for road and bridge construction, as well as for public transit systems. The bill is expected to be debated in the coming weeks.

Business Services

A new business will be opening in the area, providing services such as accounting, legal consultation, and computer training. The business is expected to create several jobs and will be a valuable asset to the community.

MACHINIST

We are seeking a skilled machinist to join our team. The ideal candidate will have experience in operating various machines and be able to work with precision and attention to detail. This is a full-time position with benefits.

PUBLIC HEALTH

The local health department is hosting a health fair this weekend. The fair will feature various booths and presentations on health topics, including nutrition, exercise, and mental health. Admission is free and everyone is welcome.

Farms

We have a variety of farm equipment for sale or rent. This includes tractors, combines, and other agricultural machinery. We also offer maintenance and repair services for your farm equipment.

Horseback Riding

We offer horseback riding lessons for all ages and skill levels. Our experienced instructors will help you learn the basics of horsemanship and how to ride safely and effectively. Lessons are available at various times throughout the day.

Easy, Richful HAIR

We've moved!

Spring brings wonderful new things—like a new look for the Richter Realty.

We are now in our convenient new office to serve you better.

At this time, we'd like to thank all of our customers and friends and invite them to come and see our new surroundings. Without your loyal patronage and support, we would not be possible. We hope our new offices will enable us to serve you better.

We'd love to show you around so STOP IN.
