Kissinger, Le Duc Tho plan May meeting

WASHINGTON (AP) — Dr. Henry A. Kissinger and Le Duc Tho are expected to meet in Paris in mid-May to continue implementation of the January Paris agreements. The meeting would be a follow-up to earlier discussions in Tokyo and Paris.

The French government said that Kissinger would depart for Paris on Monday for the May 10-12 meeting with the Vietnamese deputy premier, Nguyen Van Hieu. The meeting would take place about the same time the Washington Post is expected to publish its series of articles about U.S. relations with North Vietnam.

The new article will be followed by an analysis of the implications of the agreement.

Peace proposals differ radically

PARIS (AP) — South Vietnamese and North Vietnamese negotiators presented radically different proposals for ending the war, and the United States said it was prepared to mediate.

The South Vietnamese proposal, presented on Friday, called for a cease-fire, a prisoner exchange, and an end to the war. The North Vietnamese proposal, presented on Saturday, called for a complete withdrawal of American troops and a return of all South Vietnamese political prisoners.

The United States said it was prepared to mediate between the two sides, but it also said that it would not pressure either side to accept the other's proposal.

To fly planes

U.S. training Cambodians

WASHINGTON (AP) — The United States is training Cambodian pilots for a new air force, the U.S. embassy in Phnom Penh reported.

The embassy said that the training program is being conducted in cooperation with the Royal Thai Air Force and is aimed at preparing Cambodian pilots for an air force that will be used to support the United States' military operations in Vietnam.

East-West contest enters new phase of cooperation

By WILLIAM L. EVAN Special Correspondent

Every Monday morning, when a new cabinet is formed in the Soviet Union, the Kremlin sends a cable to the White House. The cable contains a list of new appointments, their credentials, and their names on a new political map of the world. The cable is known as the "ballet" of the White House.

The ballet is a complex dance of power and influence. It is a way of showing the world that the Kremlin is alive and well, and that it has a plan for the future. The ballet is also a way of showing the world that the Kremlin is not interested in compromise.

Nixon makes no decision on firing

By LAWRENCE L. KNIGHTON Special Correspondent

President Nixon made no decision on firing his top aids, including Attorney General John Mitchell, White House Press Secretary Ron Ziegler, and CIA Director William Colby.

The administration said on Wednesday that Nixon would not fire his top aids, but that he would make a decision on firing them on Thursday.

The administration said on Wednesday that Nixon would not fire his top aids, but that he would make a decision on firing them on Thursday.

MITCHELL LEAVES GRASS JUICE HUNTING

Washington, D.C. (AP) — President Richard M. Nixon left the White House on Wednesday afternoon to visit a hunting lodge in Virginia. He was expected to return late Wednesday night.

The White House said that Nixon was going to a hunting lodge in Virginia to "relax and enjoy some hunting." The lodge is owned by a friend of Nixon's, and it is located on a lake near the White House.

On the inside:

Guns

A metal watchdog(group) entered Spring Prairie, a town in Minnesota, Saturday afternoon.

Two police officers, who were also members of the gun control group, entered the home of a local gun collector and removed more than 100 guns from the home.

Brean

WASHINGTON (AP) — The White House announced that President Nixon will appoint a new assistant to the president for personnel, a position that has been vacant since the resignation of Lee E. White.

The White House said that the new assistant to the president for personnel will be responsible for managing the personnel office and for coordinating personnel issues throughout the government.

Rights

WASHINGTON (AP) — The U.S. Department of Justice announced on Friday that it will conduct a nationwide investigation into reports of police brutality.

The investigation will focus on reports of police brutality that have been received by the Department of Justice from citizens and police departments throughout the country.

Housing

WASHINGTON (AP) — The Department of Housing and Urban Development announced on Monday that it will provide $10 million in grants to help communities develop affordable housing.

The grants will be awarded to communities that have demonstrated a commitment to developing affordable housing, and will be used to help pay for the construction of new housing units.

Abortion

WASHINGTON (AP) — The Supreme Court ruled on Friday that states cannot ban abortion in all circumstances, but that it can ban abortion in some circumstances.

The court ruled that states can ban abortion in cases where a woman's life is in danger, or where the fetus is severely handicapped.

A number of new regulars are on the fall schedule of the MN Minnesota State College in Winona.

The first summer school will meet Monday through Thursday at 8 a.m. and 10 a.m. on a three-week schedule to June 22, according to the dean. The second session will begin July 1 and be completed on July 25.

OCTOBER includes Reading, the study of literature and the arts; American Government, a study of the Constitution and its interpretation; and Sociology, a study of society and its development.

November course: the study of the life sciences, including biology, chemistry, and physics.

December course: the study of the social sciences, including psychology, sociology, and anthropology.

The December course will focus on the study of human behavior and its relationship to society.

The Winona State College offers a variety of courses designed to meet the needs of different students. Whether you are interested in the arts, sciences, or humanities, there is a course for you.
Racetrack is approved use

The senator gave his support in the Senate subcommittee for a proposal to approve the racetrack as a permitted use in an unincorporated area of Winona County. The proposal was introduced by Senator Donald B. Tofel, a Democrat from Winona. The committee had approved the proposal on condition that certain conditions be met.

One of these conditions is that the racetrack must be located at least 1,000 feet from any existing residential area. The committee also recommended that the proposal be reconsidered in one year if the conditions are not met.

The proposal was opposed by a group of citizens who live near the proposed site of the racetrack. They argue that the racetrack would create noise and traffic problems in the area.

However, Senator Tofel believes that the proposed site is suitable for the racetrack and that it will provide an economic boost to the area. He also believes that the proposed conditions will be met.

The proposal will now be considered by the full Senate. If approved, it will go to the governor for his signature.

Approval unneeded

The approval of the racetrack proposal is not needed because the proposal is not a bill and therefore does not require approval by the governor. The approval is needed only if the proposal is a bill that has been passed by both the House and the Senate.

City marina gets OK from council staff

The council staff has approved the plans for the city marina. The marina is expected to be completed in May.

The council staff has recommended that the marina be constructed at a cost of $300,000. The council has agreed to fund the project with a bond issue.

The marina will include 40 slips for boats up to 40 feet in length. The slips will be available on a first-come, first-served basis.

The marina will be located on the west side of the Winona River, near the downtown area. The marina will be accessible by boat and by road.

City council members have approved the plans for the marina. The council will vote on the bond issue at its next meeting.

Seven life for Wabasha School Board positions

The Wabasha School Board has approved the appointment of seven new members to fill two vacancies on the board.

The seven new members are:

- Ronald L. Lien, 216 Central Ave., Winona
- Arlene J. Peterson, 501 State St., Winona
- Donald M. Thomas, 450 E. Wabasha St., Winona
- Carol A. Miller, 501 E. Wabasha St., Winona
- Richard W. Olson, 301 E. Wabasha St., Winona
- William J. Wilcox, 450 E. Wabasha St., Winona
- David A. Thompson, 450 E. Wabasha St., Winona

The new members will serve until the next regular election in 2015.

No one injured in two crashes

No one was injured in two traffic accidents reported in Winona County over the weekend.

The first accident occurred on Friday at 6:30 p.m. on Highway 61 near the intersection with County Road 1. A car collided with a truck, causing both vehicles to skid off the road.

The second accident occurred on Saturday at 2:00 p.m. on Highway 61 near the intersection with County Road 2. A car collided with a semi-truck, causing both vehicles to skid off the road.

Both accidents are under investigation by the Winona County Sheriff's Office. No charges have been filed in either case.

Paving proposes to finish road

A paving contractor has proposed to finish a road in Winona County. The contractor has proposed to finish the road at a cost of $200,000.

The contractor has proposed to use a combination of asphalt and concrete to finish the road. The contractor believes that this combination will provide the best results.

The contractor has proposed to finish the road in phases, with each phase taking 30 days to complete. The contractor expects to begin work on the first phase in June.

The proposed project is expected to be completed by the end of the year.

The proposed project will be financed with a bond issue.

The council staff has recommended that the project be approved.

The council will vote on the bond issue at its next meeting.
Onassis' just happy family

New York — Aristotle Onassis and his husband-Ad have six children — 40c
and they grow up happily. For the four children, their parents are just as close to them as they are to anyone else. They are frequent visitors to their parents' home in the Bahamas, where they spend most of their time.

"Our kids are thrilled to be able to visit our parents and see their beautiful island home," said Aristotle Onassis.

Evelyn, 15, and her mother, 13, were last seen playing in the ocean near the island yesterday.

Brennan gun permit

J. Brennan, the pistol-packing U.S. Attorney in Washington, has refused to say whether he will receive gun permit applications as a matter of course.

"I will not receive any gun permit applications," said Brennan.

New battlefront seen in fight with draft dodgers

MILWAUKEE (AP) — The government's effort to bring draft dodgers has hit a new roadblock, and the legal maneuvers may be opening a new front in the war against deserters.

The Milwaukee County�Judicial Department has decided to stop proceedings against about 90 draft dodgers who have evaded the draft.

The decision, announced by Judge John E. Tiller, marks a change in the county's policy of allowing jury trials for draft dodgers.

The change is part of a broader effort by the county to reduce its backlog of draft cases.

The new policy was adopted after a number of draft dodgers were granted jury trials last year.

The new policy will apply to all draft dodgers who have been charged with desertion.

The county has been trying to reduce its backlog of draft cases for several years, but the new policy is expected to reduce the backlog by about 30 percent.

The new policy will also require draft dodgers to appear in court at least once a month to check on their progress.

The county has about 300 draft cases pending, and the new policy is expected to reduce the backlog by about 30 percent.

The county's effort to reduce its backlog of draft cases is part of a broader effort to streamline its operations.

The laws that save

Richard Brautigan of Los Angeles, a poet and novelist noted for his surreal and often absurdist sense of humor, is reported to have shot himself today. The cause of death is not yet known, although it is speculated that the self-inflicted gunshot wound was to the head. The author was known for his quirky and often unexpected prose, which often included elements of fantasy and reality. His works have been influential in the literary world, and his death is a significant loss for the literary community.

WILLIAM F. BUCKLEY

The reasons for Brautigan's suicide are unclear. Some speculate that personal struggles or creative pressures may have contributed to his decision. Others point to the impact of his work on the literary world, which may have weighed heavily on him. Regardless of the specific reasons, his death is a tragic loss for literature and for those who were influenced by his unique voice.

Women's rights and women's lib

Women have the right to vote for school director. — A.B.

Where will you serve, Rollingstone or St Paul? — A.B.

And if there are no children in the family, what?

The terms "women's rights" and "women's lib" have been used in the press to describe the ongoing struggle for gender equality in the United States. These terms are often used interchangeably, but they have different connotations. "Women's rights" refers to the legal and political rights of women, including the right to vote, the right to own property, and the right to equal pay for equal work. "Women's lib," on the other hand, refers to the cultural and social movements that seek to challenge traditional gender roles and promote women's empowerment.

The movement for women's rights began in the 19th century with the suffrage movement, which fought for women's right to vote. In the 20th century, the women's liberation movement sought to challenge traditional gender roles and promote women's empowerment. Today, there are many organizations and activists working to advance women's rights and to promote gender equality.

We would like to tell you about a government agency that has been formed to do something which has never been done before. This agency is the State Public Welfare, and it has started to do something which has never been done before.

Until now, the many charitable organizations and the county welfare boards have determined how much money to give each month to families in need. These families were given this money to buy food, clothing, and other necessities. But the new State Public Welfare is doing something different. It is doing what Mr. Black and Mr. White are doing in our story.

Mr. Black is a kind, thoughtful man and a careful spender. He has two employees, named Mr. White and Mr. Jones. Each man receives the same salary and has the same responsibilities. Mr. Black is in charge of the financial part of the home, and Mr. White is in charge of the operating part.

Mr. Black sees that the money he spends is the best possible money. He has two employees, named Mr. White and Mr. Jones. Each man receives the same salary and has the same responsibilities. Mr. Black is in charge of the financial part of the home, and Mr. White is in charge of the operating part.

Mr. White sees that the money he spends is the best possible money. He has two employees, named Mr. Black and Mr. Jones. Each man receives the same salary and has the same responsibilities. Mr. Black is in charge of the financial part of the home, and Mr. White is in charge of the operating part.

Mr. Black sees that the money he spends is the best possible money. He has two employees, named Mr. White and Mr. Jones. Each man receives the same salary and has the same responsibilities. Mr. Black is in charge of the financial part of the home, and Mr. White is in charge of the operating part.

HILDAIRSHIRE. Ill. (AP) - Rep. John B. Anderson, D-Ill., plans to introduce a bill to protect the otter from being forced to disclose confidential information or sources if the court rules that the privilege is a part of the grand jury's immunity.

"At the Department of Justice, we couldn't even think of the idea," Anderson said. "But the concept was developed because we were in the power of the law on the way to something new." He said the board would have the power to set up a pollution control program, which it would be allowed to enforce. He pointed out that the board would have the power to set up fees, which would be charged to the counties, and the board would have the power to require companies to stop polluting.

"We're going to get more aggressive, and we're going to get a lot of people to listen to us," he said.

"At the Department of Justice, we couldn't even think of the idea," Anderson said. "But the concept was developed because we were in the power of the law on the way to something new." He said the board would have the power to set up a pollution control program, which it would be allowed to enforce. He pointed out that the board would have the power to set up fees, which would be charged to the counties, and the board would have the power to require companies to stop polluting.

"We're going to get more aggressive, and we're going to get a lot of people to listen to us," he said.

MADESON. Wisc. (AP) - Rep. John B. Anderson, D-Ill., plans to introduce a bill to protect the otter from being forced to disclose confidential information or sources if the court rules that the privilege is a part of the grand jury's immunity.

"At the Department of Justice, we couldn't even think of the idea," Anderson said. "But the concept was developed because we were in the power of the law on the way to something new." He said the board would have the power to set up a pollution control program, which it would be allowed to enforce. He pointed out that the board would have the power to set up fees, which would be charged to the counties, and the board would have the power to require companies to stop polluting.

"We're going to get more aggressive, and we're going to get a lot of people to listen to us," he said.
Trempealeau County housing tour includes self-help home

By J. Heill
Winona Daily News, Winona, Minn.

by the Daily News

Galesville, Wis. — When the Department of Housing and Urban Development announced its new housing program for Trempealeau County, many community leaders and citizens exclaimed, "Ah, now something can be done for the housing needs of Trempealeau County!"

So it is with a bit of pride and satisfaction that Trempealeau County leaders have watched their housing program move forward. And now they are eager to show off their progress to the rest of the state.

The Trempealeau Housing Authority and Trempealeau County Homes, Inc., have joined forces to create a housing authority board which will administer the Trempealeau County Homes, Inc., project.

The board, which includes representatives of the city of Trempealeau, the town of Trempealeau, the village of Trempealeau, the town of Arcadia, the village of Arcadia, and the town of Galesville, will be responsible for seeing that the Trempealeau County Homes, Inc., project is carried out according to plan.

In addition to the Trempealeau Housing Authority and Trempealeau County Homes, Inc., the project will also be administered by the Federal Housing Administration (FHA) and the Department of Housing and Urban Development (HUD).

Last year, U.S. Rep. Vernon Thomson, D-Wis., introduced legislation to provide $200,000 in federal funds for Trempealeau County to help finance the housing project.

Thomson said he was pleased to see the progress that has been made in Trempealeau County since last year's legislation was introduced.

"The Trempealeau Housing Authority and Trempealeau County Homes, Inc., have done a magnificent job in getting the Trempealeau County Homes, Inc., project off the ground," Thomson said.

"I am confident that this project will be successful, and I am looking forward to seeing the results of the Trempealeau County Homes, Inc., project in the near future."
**Eight soldiers die in wake of heavy storms**

By THE ASSOCIATED PRESS

Heavy thunderstorms lingered over the Illinois and Mississippi Valleys today in the wake of widespread rains and floodwaters that continued to fill the basin of the Illinois River in the central United States.

Two army helicopters were missing today, and officials said they were not expected to be found.

The search for the missing choppers was suspended today, but military officials said the search could resume later today.

Earlier in the day, thunderstorms struck parts of the Midwest, causing flash flooding and power outages in several states. At least five people died in the storms, and thousands were forced to evacuate their homes.

A tornado warning was issued for several counties, including LaSalle and Lee in Illinois, as well as parts of Indiana and Ohio.

Tornadoes and severe thunderstorms are common in the region during the spring and summer months, and local officials urged residents to stay vigilant and seek shelter if needed.

**Court thwarts NSP efforts to change elections**

By MINNEAPOLIS, Minn. (AP)

The court today denied a request by the Northern States Power Co. (NSP) to change the method of election for the company's board of directors.

The request was made by the company's CEO, who argued that the current system was outdated and did not reflect the interests of shareholders.

The court ruled that the current system was fair and that there was no evidence to support the claims made by NSP.

The company has said it plans to appeal the decision.

Unions ask GOP to resist Lucey prison closing plan

**MADISON, WIS. (AP) —** Unions are demanding that the state Senate not accept the revision of Gov. Patrick J. Lucey's prison closing plan.

Lucey had recommended the closing of eight state institutions, with the funds expected to be used to increase prison staffing. The governor's proposal would reduce the state's prison population from 16,055 to 12,000.

The unions are calling the plan a "false savings" and are urging the Senate to reject it.

**MILWAUKEE, WIS. (AP) —** Employe union officials have launched an advertising and merchandising drive to raise money to establish a clothes closet.

The clothes closet, for use by employees, is being funded by the Winona Volunteer Services Program. The boards of directors of all four Waukesha industries have approved the plan.

Volunteers

This is a weekly column listing city and area organizations seeking volunteers. For those who would donate a portion of their time to helping others, these are the groups that need your assistance.

**EMERGENCY AID** — Volunteers are needed to work at the day shelter for elderly seniors. The shelter is located at 300 S. 7th St., Milwaukee. Contact the shelter at 626-6600 for more information.

**BACKPACKS** — Workers Volunteer Services has a need for volunteers to help with the backpack program. The program provides backpacks to children in need. Contact Workers Volunteer Services at 847-7700 for more information.

**GREAT WITH MUSHROOMS** — A new favorite among mushroom lovers is the portabello. This mushroom is said to be the perfect substitute for beefsteak. Contact the Wisconsin Mushroom Producers at 847-7700 for more information.

**GREAT WITH CHICKEN** — Wisconsin Volunteer Services has a need for volunteers to help with the chicken program. The program provides chicken to children in need. Contact Wisconsin Volunteer Services at 847-7700 for more information.

In Wisconsin Assembly

Religious confrontation is seen

MADISON, Wis. (AP) — Major religious confrontation could develop in Wisconsin legislation that would limit discrimination against religion in the worksite.

This week, the issue is the state's so-called "right to work" law, which bars employers from requiring workers to pay fees to union shops.

The hearing brought union leaders and religious leaders to the Assembly, with the state's Catholic Conference, a state Catholic group, the National Federation of Catholic charities, and the Knights of Columbus all present.

The opposition has been led by the Knights of Columbus, whose members believe the law violates their religious freedom.

"I think this bill is a violation of religious freedom," said Sister Mary Ann, a Sister of St. Joseph of the Wisconsin Province.

She said the bill would force Catholic employers to pay union fees to non-Catholic workers, which she believes violates their religious beliefs.

The bill has been sponsored by state Rep. Robert Zemke, a Democrat from Milwaukee.

"I think this bill is a violation of religious freedom," said Sister Mary Ann, a Sister of St. Joseph of the Wisconsin Province.

Search for boy's body called off

CARVILLE, La. - Longtime family friend of a 17-year-old boy who disappeared during a hunting trip said today that the missing teenager was called off on his hunting trip. The friend said that the missing teen was last seen at 4 p.m. on Tuesday.

A spokesman for the State Police said that the search for the boy is continuing. He said that searchers had been on the scene since Thursday.

Air and ground searches are continuing.

Users to pay to keep airport quiet

By EMMANuel AYAN

ROUSSEY, France (AP) — France is about to set Europe's most modern airport among a field of beet fields and peaceful villages near Paris.

The 560 union members walked off the job last Thursday in Washington.

"Meeting will be difficult," said Charles Mounts, an Ozark-vice president, "in view of the underlying attitude," Rehnquist noted the day night following 13 months of negotiations. "We feel the same way we changed its position on the subject of negotiation," he said, "in view of the underlying attitude," Rehnquist noted.

"It is important to be reminded of the issue," he said. "But the association has not changed its position on the issue. We feel the same way we changed its position on the subject of negotiation.""We don't want to walk off the job just because we disagree," said U.S. Supreme Court Justice William Rehnquist.

The strike covered several issues involving 13 months of negotiations with the workers. They are seeking a 13-cent pay raise plus 15-cent premiums for medical and dental expenses. The union has more than 1,000 members.

The government imposed the strike late last Thursday, saying it was necessary to keep the airport open.

"It is important to be reminded of the issue," he said. "But the association has not changed its position on the subject of negotiation," he said. "We don't want to walk off the job just because we disagree," said U.S. Supreme Court Justice William Rehnquist.

Dairy farm operations set cash sales record

By DON BENDALL

WASHINGTON (AP) — A look at dairy farm operations in 1971 shows sales of milk and cream reached a record of nearly $1,734 million, compared with the previous high of $1,166 million in 1970. The Agricultural Department said Thursday that the sales included sales of milk and cream for home use, sales of milk and cream to meat packers, sales to dairies for making butter and cheese, and sales to manufacturers of macerated cream for making ice cream.

Farmers, who purchased 91 percent of the milk and cream, sold about $373,100 in perishable milk and cream to creameries, milk plants and dairies in 1972. The remaining 9 percent was sold to consumers directly.

The report also showed that the state's largest property tax, about $91.8 million, was paid in 1972, compared with $91.7 million paid in 1971.

The report also showed that the state's largest property tax, about $91.8 million, was paid in 1972, compared with $91.7 million paid in 1971.

Chicago takes aim at Montreal

**Chicago takes aim at Montreal**

CHICAGO (AP) — The Chicago Black Hawks, looking to improve the team that one year with the New York Rangers in the neutral city, have once again set their sights on the mighty Montreal Canadiens as the target for their next game. This time, the Hawks are determined to strike a blow against the Canadiens and their fans, who have been a thorn in the side of the Black Hawks for too long.

The Black Hawks, led by legendary players like Bobby Hull and Stan Mikita, have been playing well lately, and they are confident they can defeat the Canadiens. Mikita, in particular, has been on a tear, scoring goals left and right.

The Canadiens, on the other hand, have been struggling. They lost their last game against the New York Rangers, and they will be looking to bounce back against the Black Hawks. However, Montreal is not a team to be underestimated, and they will put up a good fight. The game promises to be a thrilling one, with both teams playing to win.

The game will be held at the Montreal Forum, the home of the Canadiens. It is a game not to be missed by any true hockey fan.
WHIS holds off Logan to gain sweet revenge

LA CROSSE, Wis. — When the final out of the 16th inning ended, the Redmen had only one hit to show for their efforts in the Tourney. The Redmen had been down in the game, and only held on by one run. On the last out of the 16th inning, Logan had a chance to win the game, but the Redmen were able to come out on top.

The victory moved Women's over Logan to complete its comeback. The game was a 16-15 decision in favor of the Redmen. Logan's loss dropped the team to 1-2 in the MIAC.

The Redmen were led by Jim Lee, who pitched a complete game. He allowed only one run, and struck out three in the game. Lee also had two hits for the Redmen, including a home run.

The Redmen scored their first run in the third inning, and led 4-0 at one point. However, Logan battled back to take a 5-4 lead in the fifth inning. The Redmen then came back to tie the game in the seventh inning, and took it over in the eighth inning.

In the 16th inning, the Redmen had only one hit, but it was enough to score the winning run and end the game.

The Redmen were led by Jim Lee, who pitched a complete game. He allowed only one run, and struck out three in the game. Lee also had two hits for the Redmen, including a home run.

Security at White House said adequate

WASHINGTON (AP) — the White House said Thursday it remains "adequate" to the threat of assassination, despite claims by critics that the system is flawed.

The White House said in a statement that "the system is in place to protect the President and his family.

The statement noted that the White House has been working with other federal agencies to improve security measures, and that these efforts have helped to "mitigate risks.

The White House also said that it remains committed to maintaining a "high level of security.

Society to hear discussion of rivers, railroads

Dr. Paul Green, curator of history at the University of Minnesota, will speak on the history of the Mississippi River at 7 p.m. Thursday in the library of the University of Minnesota.

Dr. Green will discuss the role of the Mississippi River in the development of the United States, as well as the impact of railroads on the region.

Restaurants, bars, and other eateries will offer special deals.

Houston rally stops Cougars

HOUSTON, Texas — A student activist who has been suspended for organizing a rally to protest the difficulties faced by minority students at the University of Houston said Thursday that the rally was successful.

The rally, which was held in the University Union, brought together students from across campus to discuss the challenges faced by minority students.

The student leader said that the rally was a "positive step toward creating a more inclusive campus environment.

Badgers drop 2 to Huskies

MADISON, Wis. — The Badgers' 12-14 loss to the Huskies on Saturday was their first loss of the season, and it came in a game where they were outplayed in nearly every aspect of the game.

The Huskies, led by 14-year-old star athlete and student body president Derek Johnson, overpowered the Badgers in a game that was never in doubt.

The Huskies dominated on both offense and defense, scoring 28 points and allowing just 8.

Red Man to confer All-American degrees

The Red Man, a noted Native American athlete, will confer All-American degrees to two of his former teammates on Thursday.

The two athletes, who played for the Red Man's team during the 1920s, will be honored for their contributions to the sport of track and field.

The ceremony will take place at 7 p.m. in the university's Athletic Hall.
